DANFORTH GARDENERS GET SEASON'S PRIZES

Riverdale Horticultural Society Presents Awards to Competitors.

The annual presentation of prizes to the winners in the different competitions of the Riverdale Horticultural Society took place last evening in Frankland school.

A pleasant surprise was given the energetic secretary, C. Morgan, when the president presented him in the name of the society with a seven-piece cut glass water set.

The following are the prizetakers in the garden competitions: Mixed gardens—1. Jas. Milne, 85 Ferrier avenue; 2. Mrs. Watson, 65 Harcourt avenue; 3. J. McCombie, 85 Ferrier avenue; 4. Miss West, Hogarth avenue.

Novice gardens—1. Wm. Ogg, 87 Wroxeter avenue; 2. F. McKerracher, 163 Wrenson road; 3. A. Stubbins, Ferrier avenue; 4. Mr. Millar, 934 Logan avenue.

Lawn—President's prize: 1. A. Granger, 75 Wroxeter avenue; 2. C. Morgan, 26 D'ngwall avenue; 3. R. McKerracher, 163 Wrenson road.

The society had many competitions for cut flowers, vegetables and cooking. Brief addresses were delivered by Dr. E. A. McDonald, Controller Robbins and others, and a musical program was contributed by local artists, and an enjoyable evening was spent.

A well attended meeting of L.O.B.A. Unity No. 80 was held last evening in Playter's Hall, Danforth avenue, Mrs. J. Fisher, deputy Wor. mistress, in the chair.

The coal situation was discussed at some length and it was decided to appoint a deputation to visit other lodges and endeavor by combined action to fight the prevailing high prices.

Three new members were installed and several apartments were assigned to the second degree will be considered at the next meeting on Thursday, October 16.

There was a large attendance.

ETOBICOKE ISLINGTON LEADS

Over 300 children attend school fair of West York and compete in various ways.

Over 300 children attended the annual school fair of West York, held yesterday in the town hall. The town, and adjoining grounds. Eight schools were represented and a large number of parents and friends accompanied the pupils.

Live stock, vegetables, poultry, wood-work, etc., all raised, cultivated or made by the exhibitors created much interest among the adult guests, and a healthy spirit of industry and competition among the scholars from the various schools. Sports and exhibition drills were given during the afternoon.

Islington school was particularly successful, winning first prize for school singing, third in the parade, first in girls' singing contest, second in girls' public speaking, and fourth and fifth in Strathcona drill. Pupils, teachers and parents found the fair profitable and enjoyable and anticipate having an even bigger and better fair next year.

ISLINGTON TO BUILD SCHOOL.

A well attended meeting of the ratepayers of Etobicoke was held in the town hall, Islington, last night, to discuss the advisability of building a new school for the township. The school trustees, who called the meeting, have been for some time keenly alive to the necessity for an addition to the present school accommodation.

At present Islington School is overcrowded. In an attempt to remedy that condition, a consolidated school was suggested some time ago, but was defeated. There are three rooms and three teachers in the local school now.

RUNNYMEDE COMMUNITY CLUB FORMED.

A Community Club, to discuss imperial, municipal, educational, social, political, etc., subjects, has been formed at Runnymede. Prominent men of the district make up the executive and the membership promises to be large. The officers elected were as follows: Hon. president, Major Birch and Rev. P. Sullivan; vice-president, D. Brunton; secretary, Ernest D. Banting; treasurer, Mr. A. Morris.

MARKHAM EARLSCOURT CITADEL CAMPAIGN

Veterans and Salvationists March to Central Methodist Church With Torches Blazing.

Earlscourt was ablaze with torches on Thursday night, when a procession of returned men and local residents interested in the campaign for a new citadel for the Earlscourt branch of the Salvation Army marched along St. Clair avenue to the Earlscourt Methodist Church.

The feature of the afternoon was, of course, the racing, which has never been surpassed in Markham, all the events being keenly contested.

'JOE' THOMPSON AND DR. CODY FOR N.E.

"Hearst and Hesp. Dewart and Deserption," is Conservative Slogan.

"Hearst and Hesp; Dewart and Deserption" is to be the election slogan of Capt. J. E. Thompson, who with Rev. Dr. H. J. Cody was last night adopted as Conservative candidates in the Northeast division of Toronto.

Those nominated in addition to the selected candidates were: Lt.-Col. Dr. H. A. Bruce, Mark Irish, W. H. Scord, ex-Ald. Burgess, Major Alex. Lewis, J. H. Shelton, A. N. Fitzgerald and Miss Constance Boulton.

Miss Boulton said she took her nomination as a compliment to women and a compliment to the premier who had made it possible for women to sit in parliament, and who had recognized the good women had done for the people on some of the legislative boards.

Mark Irish, in taking farewell of the electorate said of his reasons for retiring was that he felt the finest riding in Ontario should not be without a returned soldier to represent them in parliament.

Mr. English said independent candidates were born of cowardice—a man must be either Tory or Liberal.

Advocate of Women. Mrs. G. J. G. was a candidate for the position of secretary, and one day of her speech in another connection—she was a member at Queen's Park.

Special to The Toronto World. London, Ont., Oct. 3.—Sergeant M. Cresswell of this city, who is interested in the formation of a stock company to install a raising plant in the vicinity of London, to be linked up with the other milk trucks in Canada, wired from Cincinnati tonight.

He stated that promoters in Cincinnati and at Baltimore are ready at any time to finance a race track in London. He is leaving for Maryland to interview several prominent racing men.

All horsemen in Kentucky are watching the work of the commissioners racing, and they expressed a hope that racing will be returned in Canada next year.

## THINK OF THE "BURBERRY"

With Its Splendid Warmth-Giving Qualities, Its Good Looking Cloth That is Not Burdensomely Heavy,

Its Practical Good Style and Its Value

Perhaps it's early to be thinking of a winter coat, but it's a matter that requires some deliberation, especially in these days when everyone is after value for every dollar.

Ah! Value---What coat offers more value for every dollar than

the Burberry? A coat that lasts season after season, a coat that is always in good taste. You find them on men in the open places. On the city streets they stand out from all the rest---Somehow you know at a glance that they're Burberry. Motorists wear them, men who want the best wear them---Buy one for yourself. Note the following list of "Burberry" Storm Coats along with other Ulsters of All-wool Blanket Cloths.

At \$70.00 is a "Burberry" Ulster of tweed, in all-wool blanket cloth, in a greyish fawn effect. It's full-fitting, double-breasted, and has half belt at back. Has 2 body flap pockets, and is lined to waist with striped material. Sizes 36 to 44.

At \$42.50 are Big, Full-fitting Storm Ulsters, in double-breasted style, Canadian made, with half belt at back, wide storm collar with convertible lapels, two large side pockets, with cuffs, flaps and storm strap on sleeves. Material consists of all-wool heavy overcoating. Full body lined with Italian twill. Shades consist of brown on light and brown tones. Sizes 36 to 44.

At \$77.50 is a slightly heavier "Burberry" Ulster of all-wool blanket cloth, in grey and dark brown or olive heather mixtures. Has half belt at back, wide storm collar, with convertible lapels, two outside pockets with flaps, storm strap on the outside, and wind cuffs on the inside of sleeves. Sizes 36 to 44.

At \$27.50 is an All-wool Tweed Ulster that offers remarkable value, Canadian made. It's the double-breasted storm type of coat, with shawl collar, regular pockets with flaps, wind straps on sleeves, half belt at back, full Italian twill lining. It's in a rich brown shade, through which runs shepherd's check pattern. Sizes 37 to 46. Price, \$27.50. ---Main Floor, Queen Street.

**DEPARTMENT LOCATION CHANGES**

Rugs, Carpets, Linoleums and All Floor Coverings Are Now Located on the Main Floor of the Furniture Building, Corner James and Albert Streets.

The following housefurnishings, formerly on the Fourth Floor, Store, are now located on the Second Floor, Furniture Building: Curtains and Curtain Nets, Window Blinds, Curtain Poles and Brass Rods, Drapery and Upholstery Goods, Window Shades, Fringes, Lamp Shades, Lamp Shade Silks, Fillet Goods, Floor Lamps, Cretones, Flags, Carpet Sweepers, Vacuum Cleaners, Wall Papers, Paints and Pictures.

Some prefer the hard felt because it's always in shape---always in good taste for dress or everyday street wear. Others prefer the good-looking, rather "swaggery" fedora, because it is soft, and easy on the head---and so they vie with one another for favor.

At \$7.50 is a Stiff Hat of fur felt, with a crown of medium height, smartly rolled brim of medium height, and leather sweatband---a thoroughly proportioned hat all around.

At \$5.00 and \$6.50 are Velours in popular crease crown fedora style, with flat brims, having slightly turned edges; are lined with satin-faced material and have leather sweatband. Shades consist of brown, green and black. Sizes 6 3/4 to 7 1/2.

At \$5.50 is a Fedora suitable for the young man or vigorous type of middle-aged man. Has a rolling brim, which is inclined to be a trifle flat; sweatband is of leather. Shades consist of green, grey, brown and black. Sizes 6 3/4 to 7 3/4. Price, \$5.50.

Another Fur Felt Fedora, suitable for the younger man, is in green, grey, brown, black and intermediate shades. Sizes 6 3/4 to 7 1/2. Is priced at \$5.50.

At \$3.00 is a Fawn All-wool Tweed Cap, in the one-piece style, without band at back; lining is of satin-faced material. Sizes 6 3/4 to 7 1/2.

At \$2.00, \$2.50 and \$3.50 are Tweed Hats (the ever-jaunty and-durable), in negligee or crease crown style. Sizes 6 3/4 to 7 1/2.

---Main Floor, James St.

In the Annex, Wolsey, Turnbull and Duofold Brands of Underwear may be obtained in medium and heavy weights, and of all-wool, wool and cotton, and cotton mixture.

"Duofold" Brand has a cotton interlining with a wool and cotton face, giving the warmth and protection accorded by wool and the comfort of cotton. Has French neck, closed crotch, long sleeves and ankle length legs, with ribbed cuffs. In natural shade. Sizes 34 to 46. Suit, \$7.50.

Wolsey Combinations, sizes 34 to 44---\$9.00 a suit. Turnbull's Ceetes Combinations, sizes 34 to 40, suit \$9.50; 42 to 44, \$10.50.

In the Annex There's Also a Most Varied List of Shirts

Emery Shirts are shown in many checked patterns (in a new pattern for fall) in mauve, orange and blue. Materials consist of cambrics, with soft double cuffs and assorted sleeve lengths. Sizes 14 1/2 to 17. Price, \$3.00.

At \$3.50 are English Zephyr Shirts in a large range of double and single striped effects. Have soft double cuffs, and are in blue, black and mauve shades. Sizes 14 1/2 to 17. ---Main Floor.

Neckwear It Too, is in a Wide and Varied Range

At \$3.00 is the Swiss, Italian, English and American Silk Neckwear, in woven patterns, floral designs, all-over spaced and figured scroll effects.

At \$3.75 is knitted Neckwear, offering a most extensive variety to choose from. It is all-silk, full-fashioned and in the "Ascot" wide shape. Heather mixture in tones of blue, purple, gold and green predominate. Alternate stripes, bare and plain shaded effects of black and white form very appealing effects, too.

At \$1.00 are polka dots in four-in-hand and bow-tie shapes. Materials consist of soft towads. ---Main Floor, James St.

U. V. L. DRAWS UP A CONSTITUTION

Flynn Elected President—No Government Employees Allowed on Executive.

Keen approval of the principal clauses in the constitution to be drafted by the United Veterans League, was evinced at a meeting of about 2,500 members held for the purpose in Massey Hall last night.

The clause dealing with the resignation of officers of the association was extremely popular with the members when it was made known that this question would be decided by a majority vote of the members.

Another clause that was unanimously accepted by the members was that no government employee be allowed to hold an executive position on the association, irrespective of the salary he may be receiving from that position.

Electing Unanimously. J. H. Flynn, who has been acting as provisional president of the association, was unanimously elected Dominion president.

G. A. C. OFFICIALS NEVER AT OTTAWA

Hotly Resent Erroneous Story Circulated Concerning Defection to Flynn.

Official denial and hot resentment was expressed by local officials of the G. A. C. to The World yesterday in regard to a Canadian Press despatch appearing in the morning papers to the effect that the G. A. C. delegates to Ottawa had joined the United Veterans' League and depicted themselves in support of President Flynn.

President Brown of the association stated to The World yesterday that the association had not delegated representatives to Ottawa, and declared that the association did not have a branch in Vancouver, where one of the delegates was reported to have come from.

General organizer Montgomery also took strong exception to the publication of such a statement, and intends taking action to have it corrected, he declared that it would do material harm to the association.

SEND BONUS PROBE. SOLDIERS PETITION

Letter From Flynn Contains Protest Signed by Nineteen Hundred.

Canadian Press Despatch. Ottawa, Oct. 3.—Toward the close of today's sessions of the special committee on soldiers' civil re-establishment, when it seemed as tho the committee would adjourn without the daily sensation being sprung, all such predictions were dashed by the reading of a message from J. Harry Flynn, president of the United Veterans' League. Mr. Flynn left the committee room in high spirits on Wednesday, declaring that the committee had treated him unfairly and that he was going to hold public meetings throughout the whole of Canada and have returned soldiers pass resolutions showing what they thought of the committee.

This morning at 11 o'clock, Col. R. C. Cooper received a special delivery letter from Toronto, containing a typewritten statement and signed by over 1,900 names, said to be those of returned soldiers. The message follows: "Colonel Cooper: 'Sir—Why not question the thousands of foreigners who stayed in Canada and made their futures secure?' The attached signatures are those of returned soldiers who go on record protesting against your questioning of J. H. Flynn's nationality. It should be sufficient for you to know that he threw in his lot with Canada for the upholding of right, justice and all humanity."

"We do not expect to hear from you in reference to this matter." Attached were the names with number and rank indicated in the margin. Col. Cooper tonight called the committee's attention to the fact that the message was dated September, while Flynn was only heard by the committee on October 1, also that there was not sufficient time for Flynn to return from Ottawa to Toronto and secure the signatures of over 1,900 returned men to that petition. The committee mail the letter at about 10 o'clock last evening, in order to be delivered in Ottawa this morning.

Cooper Says Almost Forgery. "Therefore," stated Col. Cooper, "I say that this petition is to all intents and purposes a forgery and I wish to have the entire matter investigated." Earlier in the day the evidence had dealt chiefly with the work of the department of soldiers' re-establishment. P. G. Robinson, secretary of the Parkinson denied that there was any necessary duplication in the agricultural training of the D.S.C.E. and soldiers' settlement board and B. S. Kennedy, district vocational officer for Ottawa had complained that there should be more elasticity with regard to length of contracts. Men were turned out from the settlement board unable to hold their jobs. He thought also that more civil service positions should be available for disabled men.

Employment in D. S. C. R. Capt. D. S. C. R. explained the arrangements with the civil service commission, whereby the latter body was informed of all training, etc., which would assist a soldier graduate. So long as a disabled man had passed the qualification he was given preference even over other returned soldiers. The D. S. C. R. could not engage students for their own department as all applications are made thru the civil service commission. The witness said he did not know how many men could not last more than two years, and the would then be thrown on the street.

Request Pay Increase. F. G. Robinson, deputy minister, D. S. C. R., said he had received a petition from the Montreal section of students asking an increase in pay and allowances. This petition he will pass on to the committee. Mr. Robinson was questioned by Mr. MacNeil of the D.S.C.R. Members of the committee interjected at times that only old facts were being brought out. Re-establishment, Mr. MacNeil said, was at present confined to a very small proportion of the disabled soldiers' homes.

Mr. Robinson said that while as many returned men as possible were being employed by the D. S. C. R. two or three thousand were unemployed, would be thrown out of employment over night when the work was completed. There were many who were attempting to release these men so that they could secure good positions.

Old-time Y.M.C.A. activities are again in full swing on a peace-time basis, and things have commenced to hum!

Never was the Y.M.C.A. in Toronto so well equipped. With three fine new and modern Y.M.C.A. buildings, not one of which dates before the war by much more than a year, each conveniently centred in a large residential section, the Toronto "Y's" never had more room for boys and men, never a gladder hand out to welcome them.

7,000 Members Wanted (New and Renewals)

The Toronto Y.M.C.A. Membership Campaign for 1920 begins next Tuesday morning.

Buildings and equipment have a capacity for 11,000 members. In order to realize the fullest usefulness of the Y.M.C.A. the membership must be maintained at its maximum. Several thousands of our present memberships will mature before the first of the New Year.

We want the renewal of every one of those maturing memberships, and if that is not wholly possible, we want a new member to take the place of every member that for any reason may be obliged to drop out, to help keep Y.M.C.A. service at its peak of efficiency.

The welcome of the Y.M.C.A. "at the side of the road" in Toronto is the same warm human welcome it was at the side of the road in France and Belgium, for men and boys who want recreation, exercise, educational help, good company and a general good time.

Come on in!

What the "Y" Offers

Major M. Mowat (Parkdale) explained to the committee his plan for model villages near cities where returned men would be guaranteed good homes and pleasant surroundings. He made a plea for the returned men who wanted to marry and settle down. Canada had lost 60,000 men in the war, said Major Mowat, and needed more children, "and especially the children of the best men Canada has—the men who fought for her." He said that in apartments children were considered a nuisance, and the returned men were thereby made to feel more unsettled.

Dr. W. D. Talbot, chairman of the G. W. V. A. advisory committee to the repatriation committee, who was the next witness, told of some of the plans of G. W. V. A. on behalf of returned soldiers. He said it had been recommended that a general scheme of life insurance for soldiers should be established at cost, and that the men availing themselves of it should be given the opportunity of using their pensions to secure insurance. A system of unemployment insurance had also been recommended.

METHODISTS ACT RE RUTHENIANS

Committee Appointed to Report on Mission Conditions in Austria.

Action with respect to Austria was taken at the Methodist general board of missions yesterday. The matter of sending men to Austria to prepare for work among the Ruthenians in getting into touch with Ruthenian life in Europe, was up for discussion. This proposal has been discussed considerably, but the board was not prepared to take action without further knowledge of the facts, and a committee was appointed to look into the matter and report next year.

The board endorsed the principle of school homes, but left it to a committee which will report to the missionary executive for final action.

A grant of \$1,000 for urgent repairs to Lamont Hospital was recommended.

Moving the new building of the building of an institute at this place to carry on work similar to Y. M. C. A. work. The building will not be very large, only 52 by 28 with a basement, but it will be a beginning.

The Turner Institute, Vancouver, B. C., including a church and parsonage was taken over by the board, the board becoming responsible for the debt of about \$20,000.

In considering the work in Japan probably one of the most interesting items was the proposal to develop the Kwansai Gakuin into a commercial university, which will be affiliated with the proposed Union Christian University.

The proposed Christian university is intended to take its place alongside Japan's great universities, and it will teach literature, religion and philosophy, law and politics.

Japan itself is expected to raise about \$300,000 for the site, and the buildings and endowment will be provided by the United States, Britain and Canada.

A revenue of \$80,000 a year is to be raised by the mission boards, and the Canadian Methodists' share is to be \$5,000. Without hesitation the board decided that Canada would do her share, and more if necessary.

To Japan's Advantage.

In connection with the Central Tabernacle, Tokyo, it was decided to establish a lecture series in which every year some distinguished Christian scholar could deal with philosophical, scientific, literary or sociological subjects. The advantage of such a series to young Japan was very clear and the board voted \$1,000 a year for this purpose.

A second missionary, who is a specialist in religious education, is to be appointed to the Tokyo Tabernacle to take charge of the Bible class work.

On the recommendation of the mission council it was decided to establish a traveling scholarship which would enable some of the young Japanese pastors and graduates to attend some Canadian Methodist Colleges. We have already one such scholarship for Chinese students, and now the Japanese are to share its advantages. Incidentally probably our Canadian students will learn more from the students from the Orient than the latter will from them.

The board also decided to establish an institutional church in East Tokyo, where it is greatly needed, and men have already been secured for this work.

Furloughs are granted Dr. and Mrs. Coates for 1920.

Rev. Patterson Resigns.

The Rev. G. S. Patterson, who left Japan to take active service in the army, has resigned from our work to enter the Y.M.C.A., where he expects to devote himself to work amongst boys.

Rev. Dr. S. D. Chown and Dr. Jas. Endicott, with Mr. W. G. Watson, were reappointed upon the Japan Union Commission and also upon the joint educational commission with Kwansai Gakuin, and Dr. D. R. McKenzie was reappointed secretary-treasurer of the Japan mission.

Rev. B. Surtees and Rev. T. W. Slateman were continued on furlough until the next meeting of the executive.

Wives Also Missionaries.

H. D. Robertson, who has been overseas with the Chinese Labor Battalion, is now with the consent of the board to work with the students' volunteer movement.

Rev. A. J. Elson remains on furlough, and Rev. G. R. Jones and Homer G. Brown return to Canada.

The Chinese missionary council notified the board that it believed that the missionary work would be advanced if the wives of the standing and privileged of missionaries, with the understanding, of course, that this did not affect salaries in any way, were to be given the opportunity to secure insurance, employment insurance had been recommended.

Rev. Dr. Endicott's report showed that the missionary society of the Methodist church in Canada and Newfoundland is somewhat ancient in regard to age, as it is now in its 38th year, and yet it has the satisfaction of reporting that last year was, financially, the best year in all its history, the current income reaching \$99,448.72, which shows an increase over last year of no less than \$168,228.18. Evidently the society has just begun to grow, and there is a wonderful prospect now and the days when deficits were all too common.

Some discussion took place over a proposal to amend the "Canadian" and the "Rank" of the Methodist and Presbyterian Ukrainian papers, but while the advantages of the union were clearly perceived, its disadvantages were not lost sight of, and the matter was finally relegated to a small committee, which will report to the executive and the latter will have power to act. The committee will report on Monday.

OBSERVE JEWISH FEAST.

BRAIN TESTS

5 Minutes To Answer This No. 3

Three boys who found and returned an old lady's wallet, were rewarded with her small change which consisted of six coins and amounted to 88 cents. The eldest boy was content to take for his share a single coin and the remainder of the money was then divided evenly between the other two.

There appears to be little data to figure from, nevertheless there is but one answer to the question: What must have been the coin the eldest boy took?

F. R. EWART AT ELECTRIC CLUB

Details Proceedings of Ottawa Conference on Industrial Relations.

F. R. Ewart addressed the Electric Club at luncheon yesterday on the proceedings of the recent conference on industrial problems at Ottawa during the week of September 15.

The conference, he said, was largely a debate between two opposing sets of ideas, and the utterances made were consequently very largely the personal views of the speakers, he said.

It arose out of the work of the commission on industrial relations. The commission had made a recommendation that on account of various provincial and federal conditions a get-together meeting would be desirable. There were about eighty representatives of capital and an equal number of labor, and a third group who had been on the labor sub-committee during the war, and from other bodies, including ten or twelve engineers. It was felt that as engineers came closest in contact with industry and saw a great deal from outside, they might function as intermediaries in the discussions.

Labor Unification.

The agenda included unification of labor laws in the several provinces; the eight-hour day; the minimum wage; recognition of the unions; joint industrial council; industrial insurance; proportional representation; application to government industrial activities; and a miscellaneous section.

After discussion the committees were expected to report on the several questions.

It was very evident to Mr. Ewart from early in the proceedings that the eighty gentlemen on the right and the other eighty on the left, while not openly hostile, appeared to be jockeying for position. This disposition disappeared towards the close of the second day.

There appeared to be a desire to cure everything cured by legislation. Mr. Ewart thought that they did not seem to realize that if they could get sufficient employers to agree to legislation the legislation would not be necessary.

A frequent objection to proposals made was that "this was not the truth." A labor delegate retailed that in thirty years' experience he had never heard any proposal made that had not been met with this objection. It was not again brought forward.

Logical Speeches.

Mr. Ewart was impressed with the logical and well-expressed speeches of the labor delegates. They lost no time in preliminaries, but presented well thought out and clear cut ideas. A number of the employers apologized for their lack of time to study and prepare their points.

A lady delegate from Vancouver made one of the best speeches of the conference, and when she was finished

there was very little left to be said. As an example of what women in politics would prove to be her speech is considered impressive.

Great stress was laid by all on the necessity of doing more than a change of hours was expected by the employers to reduce production, while the labor delegates did not agree with this, and both sides agreed that a little progress was to be anticipated.

The actual limitation of work to eight hours a day, and the other position that eight hours was to be fixed and guarded by the employers as merely a wage-raising scheme, was hotly debated. The inapplicability of the eight-hour day to certain industries like farming, lumbering, etc., was dwelt on, and the difficulty usually admitted.

Labor seemed specially anxious for a law making it penal to discharge a man for union activity. Collective bargaining was also warmly espoused. The employers were strongly opposed to the closed shop and resented anything that tended to force their hand in that direction.

The present organization of labor was fighting earnestly and consistently against the radical, I.W.W., Bolshevistic or other similar movements, and labor pleaded for yielding to organized labor the power that would enable them to control this radical element. The employers were doubtful if they could afford to take the chance to give unions the power which might, after all, in spite of labor opposition, come under the radical domination.

Unions Best.

Other organizational methods than the unions were not favored by the labor men, except in the case of the Whitley councils, which were based on the operation of the unions. But Mr. Ewart did not wish to convey the impression that all labor men favored the Whitley scheme.

Mr. Ewart summarized the reports of the various committees. The fact that the conference did not bring about the adoption of some drastic changes was not to be regarded with surprise or regret. The general impression was that time was needed to bring about such great changes. Some employers had the idea that they knew all about trades unions because 25 years before they may have had a clash with a walking delegate, and some trades unionists judged all employers by their experience with one man. It would do great good to have had 200 men sitting together, facing each other, learning each other's ideas and becoming familiar with their personal aims. There should not be on the part of anyone any disposition to neglect questions of this kind because they did not come under their immediate jurisdiction. He commended serious consideration of the work of the conference to members of the Electric Club.

CHATHAM GOLFERS ORGANIZE.

Special to The Toronto World.

Are Steel Strike Leaders Patriots or Bolsheviks?

"We are going to socialize the basic industries of the United States. This is the beginning of the fight. We are going to have representatives on the board of directors of the Steel Corporation," declared John Fitzpatrick, Chairman of the Committee of Twenty-four, representing the twenty-four separate American Federation of Labor unions participating in the steel strike. T. J. Vind, general organizer of the American Federation of Labor in the Chicago district, made even a more defiant cry when he declared that "The strike won't stop until steel-workers become the lawmakers at Washington."

While many editorial writers outside the labor press take these and other statements of the strike leaders as an indication that they aim at nothing less than industrial revolution, The New Majority of Chicago, organ of the Labor party, counters with a charge of "high treason" against Judge Gary of the United States Steel Corporation, because he denied the strikers "their constitutional rights of free speech, press and assemblage," and it affirms, "he has set himself and his steel trust up in defiance of the Government and Constitution of the United States, as superior to them."

Concerning the union demand for increased wages, the labor leaders admit, according to a correspondent of The New York Tribune, that the wages to employes in the steel industry have increased about one hundred per cent. in the last four years, but "even this increase has not sufficed to improve their originally wretched conditions. They tell of human beings living like cattle in miserable shacks and hovels. The answer of the employers to this contention is that with the foreigners in the mills and furnaces the rate of pay has nothing to do with the standard of living, as the purpose of this class of laborers is not to live well, but to live as poorly as possible, in order to save as much money as possible, usually with the intention of returning to Europe when a certain size stake has been attained." The employers support their contention by pointing to a scale of wages ranging from \$3.50 to \$6.00 a day for unskilled help, and from \$7.00 to \$80.00 a day for skilled help.

NEW RESIDENCE FOR MCMMASTER

Wm. Davies Presents University With \$30,000 for Woman's Building.

McMaster University, which held its autumn convocation in Castle Memorial Hall last night, was the unexpected recipient of \$30,000 given by Wm. Davies of the Wm. Davies Company, for the purpose of erecting a woman's residence.

The prizes and scholarships won in the examinations last spring, as well as the matriculation scholarships awarded during this summer, were presented to the winners.

The address of the evening was delivered by Prof. J. G. Brown, the new professor in church history and missions, whose subject was "World Leadership and the Christian University."

The other new members of the staff were introduced, these being H. Michel, lecturer in political economy, and Rev. H. S. Carr, lecturer in Old Testament.

During the evening a portrait of the late Prof. Thomas Trotter was unveiled, this being presented to the university by H. L. Stark on behalf of a number of friends.

The registration at McMaster up to date is the highest for the past eight or ten years, 200 students in arts and theology being already enrolled.

GERMAN POLICE STOP STRIKE DEMONSTRATIONS

Berlin, Oct. 3.—The Berlin police and troops of War Minister Noske's force prevented the thirty Independent Communist demonstrations, which had been planned on behalf of the striking metal workers. Government forces, in accordance with the warning issued Wednesday, policed the halls in which the meetings were to be held, and dispersed crowds gathered about the buildings.

Few workmen outside of those of independent socialist affiliation paid any attention to the attempt to precipitate a general strike of all union labor in aid of the metal workers.

CITY MISSION REPORT.

The monthly meeting of the Toronto City Mission board was held in the Central Y.M.C.A. on Thursday afternoon. The president, Rev. John Neil, D.D., presided. Mr. Hall, missionary superintendent, read one of the most interesting reports ever presented to the board. The work of the five missionaries included visiting 5,038 homes and the distribution of 7,548 gospel tracts. Hundreds of copies of gospels in foreign tongues were eagerly accepted by Yiddish, Polish, Russian, Italian and French when they found them printed in their own mother tongue.

The fresh air work has been especially blessed, 150 mothers and 219 children, a total of 369 persons, received a two weeks' free holiday at the City Mission fresh-air home at Bronte, under the care of Mrs. Hall. The accommodation was taxed to the utmost, but a new building is about to be erected; the contract has been let, and all will be ready for the opening of the season in the coming spring.

BABY'S OWN TABLETS OF GREAT HELP

Mothers, if your baby or growing child is sickly; if he does not sleep well at night; if he cries a great deal; is constipated and his little bowels and stomach are not working right, give him Baby's Own Tablets—They have proved a great help to thousands of mothers. Concerning the Tablets Mrs. W. H. Decatur, Corson's Sidings, Ont., says: "I have used Baby's Own Tablets and have found them excellent for the little ones and would not be without them." The Tablets are a mild but thorough laxative and are guaranteed to contain no harmful drug—that is why they always do good and never harm. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brookville, Ont.

ROTARIANS MAKE COMMUNITY GIFT

Fire Protection is Discussed by Members and Suggestions Made.

At a luncheon of the Rotarian Club, held at the King Edward Hotel yesterday, it was decided to collect \$40,000 for the federation for community service, one member starting off with \$1,000. There were over 200 members present and fire protection was the theme of the postprandial talk.

John A. Findlay, who presided, spoke of the necessity of fireproof doors and windows, pointing out that a big step in fire prevention would be confining the fire to the area where it starts.

E. C. Sherman dwelt on the automatic sprinkler stating that it was effective under all conditions and could practically adapt itself to any type of building. He spoke of it as the most effective known agency for extinguishing fire, and the installation of such appliances reduced premiums from 50 to 90 per cent.

"A man is most anxious to keep his valuable papers in a fireproof place, and to see that the building where he works is fireproof, but is quite content to live in a house that isn't fireproof," said M. F. Gibson, who had samples of structural terra cotta to show the Rotarians. "Burnt clay products are the solution of fireproof materials," he stated.

Two new members were elected: Roy W. Gifford, general superintendent Massey-Harris Company, and F. E. Page, assistant manager Hyslop Bros., Limited.

ALGONQUIN PARK

The autumn months are delightful in Algonquin Park. The Highlands are situated on the shores of Cache Lake offers splendid accommodation at reasonable rates. "LIT UP" WITH METHYLATED

Any odd part in a storm is evidently the motto of Martin Purdie, 8 Turner avenue, and Richard Powell, Clarkson, Ont., for when they were caught in a vacant lot off Strachan avenue by Policemen Passingham yesterday, they were found to be imbibing methylated spirits. Even without the aid of a match to touch them off, both men were found to be "lit up" when taken to No. 3 station. You Empty, as the proprietor of the bottle, will face a charge of contravening the Ontario temperance act.

BURNED IN AIRPLANE.

Loraine, O., Oct. 3.—Clarence Brown, of a crew of Ohio, and Anthony Schuller, 20, of this city, were burned to death in the wrecking of an airplane which fell 250 feet last evening at the Ohio Aviation School flying field, three miles east of here. The bodies were buried beyond recognition.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound, "not because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful."

Dufferin's Polite Inimication

With two weeks to go of the provincial election campaign the omens for the government are not particularly propitious. The rejection of the government whip by its own convention in Dufferin is a sign of the times which no amount of explanation can make pleasant to the Queen's Park machine.

The example of the Hydro-Electric system in Ontario indicates that common honesty and common sense can make a complete success of a publicly owned and operated utility. The proposed extension of the principle to radial railways under the direction of the commission of which Sir Adam Beck is head, has raised a perfect frenzy in Montreal against the Hydro-Electric power methods.

There is one definite reason for the support of the Independent Labor party. It has a fully organized platform containing a series of progressive planks that will have to be adopted by all governments within a comparatively few years.

Montreal is taking the approaching public ownership of railways quite seriously. She is beginning to realize that it may become a fact, and that the fat profits formerly gathered into her coffers, may soon be distributed all over the Dominion in service.

A STRAW IN THE WIND

The experience of Great Britain and the United States after having found that the private ownership of railways had run them into bankruptcy is not one, as The Star seems to fancy, that should turn people again public ownership.

There is no reason, whatever, why any publicly owned railway or other public utility should not be operated with similar results, were it not for the bedeviling influence of the agencies which The Star is so anxious to see perpetuated.

Personally we cannot say that we have noticed any great lurch upon the part of the younger element to present their seats to their elders, or even to the infirm.

WINNING BALLOON LANDED IN QUEBEC

Left St. Louis in Championship Race and Covered Approximately 1050 Miles. St. Louis, Oct. 3.—The final outcome of the national championship balloon race awaits word from the pilots of three balloons which took their air in a field of ten contestants here Wednesday night. Of the seven balloons which have reported landing, the Goodyear II, official entry of the Aero Club of Akron, Ohio, and piloted by Ralph H. Upson, is distance winner. The Goodyear II landed at Dunham, Quebec, approximately 1050 miles northeast of St. Louis.

Landed Near Cardinal.

Kansas City, Oct. 3.—George M. Myers, referee of the national championship balloon race, which started at St. Louis, received the following telegram today from Capt. H. E. Hume, A. E. Rudell, I. MacLusby, Waterloo town, Minn. M. L. Weber, Waterloo, Minn. Menno Snyder, E. W. Wesley, T. H. R. Lockney, Waterloo, Minn. and S. E. Koch.

TEMPORARY COUNCIL APPOINTED FOR METZ

Metz, Oct. 3.—Representatives of various associations of merchants, tradesmen and employes have been appointed by the French high commissioner, M. Mirman, to administer the affairs of the city until new elections can be held. This step was necessitated by the resignation of the entire municipal council of the city, owing to a strike of street cleaners. The new commission has nominated a retired merchant as acting mayor.

SURPRISES ARE ORDER IN HIGH SCHOOL RUGBY

Technical Defeated for First Time in Four Years—Opening Scores. The High School Rugby League got under way yesterday. The scores: Senior.—Parkdale.....13 Humberdale.....7 Oakwood.....25 Commerce.....5 Harbord.....11 Technical.....9 Jarvis.....1 Riverdale.....4

Junior.—Parkdale.....13 Humberdale.....5 Oakwood.....8 Commerce.....5 Harbord.....11 Technical.....9 Jarvis.....1 Riverdale.....4

Perhaps the biggest surprise of the day was the defeat of Technical seniors by Harbord. This was Tech's first defeat in four years.

Riverdale put over a nice win when they downed Jarvis seniors, 4 to 1. It was a hard-fought game, and with five minutes to go, the score stood one-all.

Hopkins dropped a pretty field goal to give Riverdale the victory. Hopkins is a junior who was put into the fray after half-time.

Oakwood seniors were too strong for Commerce, and snatched them under. In the junior fixture, Commerce played an open game after half-time and scored a nice win, 21 to 8. It stood 6-all at half-time. Commerce bucked the ball every time they got it in the last half.

Tom Red's Parkdale teams turned in trick plays, that overcame the weight handicap. McVicar did good work booting for the winners.

The first Rugby accident at McGill was recorded Thursday, when Cyril Flanagan was unable to take part in the practice owing to an injured shoulder. Flanagan made a flying attack in the practice against M.A.A. and in doing so tore the ligaments in his left shoulder. This will keep him out of the game for at least a week. He will be ready to play in condition for the game against Queens at Kingston on Oct. 13.

An urgent wire was sent to the governors of the interprovincial Union Thursday night by the Ottawa football team demanding the reinstatement of Martin Kilt for the opening game. They declared that the six-year suspension had been enough punishment for him, and demanded his reinstatement. Ottawa completed arrangements to go to Montreal on Thanksgiving Day to play Sha's McGill machine.

The Hamilton Rowing Club will use the following against C.R. & A.A. in Hamilton today: A. Lang, flying wing; Gibb, Stows and Carroll, backs; Beasley, quarter; B. Osborne, O'Hair and Zimmerman, stroke; Kilgour and Wren, inside wings; Smith and P. Caffery, middle; Johnson and Phillips, outside.

Staves for the various positions are: Flannery, flying wing; Hill, Moore and Harbord, O. Osler and Walker, middle; Pringle, Cardwell, James, Costie, Etherington, O. Osler and Walker, middle and inside wings. Art Anglin and Billy Mallett will handle the game.

Tigers' team against Argos today: Burton, rover; McFarland, Leadley and McKeay, half-backs; Conley, Myles and Jewell, scrummers; Reid and Tuck, inside wings; Ireland and Shuart, middle wings; Clements, Jefferson and Webster, outside wings.

The Beaches Intermediate O.R.F. team will practice this afternoon at Kew Gardens at 2:30. Every player must be in uniform. The following please be on hand: Stewart, Haadings, Pennock, Martin, Johnson, Smith, Dibble, Cottle, Eastman, Cooper, Collins, McBride, Nugent, Nichols, Trotter, Ellis, D. Ellis, S. Smith, Croft, Ford, Russell, Pierce, Fenech and Athell. There is still room for a couple of live men. Manager Gieseler will welcome any new players.

It takes a joint of beef to make a bottle of Bovril

Bovril contains the goodness of the beef.

THE vital elements that give beef its special place and value as a food are concentrated and stored in Bovril.

Just as the equivalent light of 32 candles is concentrated in one electric lamp, so the vital elements of beef—of many pounds of beef—are concentrated in a single bottle of Bovril.

But Bovril is not merely a precious food in itself; it possesses the peculiar power of enabling you to extract more nourishment from other foods. This gives Bovril its wonderful body-building power, proved by independent experiment to be from 10 to 20 times the amount taken. Bovril, therefore, in the true sense of the word, is a Great Food Saver.

Always keep Bovril in the house.

amner and advisory expert to the commission at a salary of \$5000 a year. He added that he had not made the promise that a French-speaking commissioner would be appointed. He had said that when the organization of the board was completed it would be found that provision had been made for the inclusion of a French-speaking member of the organization.

The bill to amend the militia act was put thru the committee stage and given third reading. It provides for the salaries of militia officers being fixed by the governor-in-council.

Amalgamate Police. Second reading was then given to the act to amend the Royal Northwest Mounted Police act, and the house went into committee on it. Hon. N. W. Rowell explained the object of the bill, which was to amalgamate the Royal Northwest Mounted Police and the Dominion Police. The headquarters of the united force would without doubt be at Ottawa.

Dr. Alfred Thomson asked which uniform would be used after the amalgamation.

Mr. Rowell replied that the general uniform would be that of the Mounted Police.

Mr. D. D. McKenzie failed to see why the provinces west of the Great Lakes were entitled to a federal police force when the Maritime provinces had none.

Hon. N. W. Rowell replied that the purpose of the mounted police was to deal with the enforcement of federal law in connection with customs and inland revenue collection, etc. It also was useful for preserving order in Indian reserves. The actual strength of the mounted police at present was between 1,600 and 1,700, while the Dominion police was 2,000.

Dr. Cowan asked if the headquarters of the Northwest Mounted Police were to be moved to Ottawa from Regina.

Mr. Rowell replied that merely the

administrative officers would be moved.

Would include Ontario.

Mr. Keefer urged that the jurisdiction of the N.W.M.P. should be extended farther east, so as to include the unsettled portions of western Ontario. He thought further, that something should be done for the British reservists, who left the force at the outbreak of the war to join their old units overseas.

Mr. McKenzie held that the N.W.M.P. were a luxury to the western people. He suggested that the amalgamated force might, for the sake of economy, be placed under the control of the department of immigration and colonization.

Major H. M. Mowat said that the Mounted Police force was valuable, because, by using it in the case of disturbances, the calling out of the militia could be avoided.

Mr. J. A. Campbell asked what jurisdiction the Mounted Police had in the case of a highway robbery in Ontario, for instance, who would be responsible for arresting the criminals?

Highway Robbery.

Mr. Rowell stated that in such a case the responsibility rested primarily on the province. However, in a case where the federal government was directly interested, such as the robbery of his majesty's mail, the Mounted Police could be used in co-operation with the provincial officers. There was no intention to relieve the provinces of any obligation in regard to the maintenance of law. Mr. Rowell stated that if the country had no Mounted Police, it would be necessary to increase the permanent militia.

Progress was reported on the bill.

Canada Sells Wheat.

Replying to a question by Mr. Farnard, Sir George Foster stated that the Canada Wheat Board has sold quantities of Canadian wheat to the British and Greek governments. A considerable portion of this year's surplus, he said, had been disposed of for export, and negotiations were proceeding in connection with the sale of more wheat. The minister stated that it would not be advisable at the present time to make public all particulars as to the exact amount of sales made, the grades and the prices, but intimated that this information would be available at a later date.

LIBERALS NOMINATE COOPER AND CANE

West Toronto Selects Combatants for McPherson and Crawford.

Northwest Toronto Liberals last night nominated Lieut.-Col. H. Cooper, M. C., to oppose Hon. Thomas Crawford in sect. A, and J. G. Cane to contest sect. B, against W. D. McPherson, provincial secretary for the Mr. Cane, who contested the by-election two or three years ago against Mr. McPherson, was reluctant to accept, and twice urged the Liberals to endeavor to get somebody else between now and nomination day. He put forward business reasons for his attitude and also gave the opinion that a better candidate could be secured. The gathering, which numbered about 100, and assembled in St. Julien Hall, however, thought otherwise.

Alderman J. G. Ramsden, who moved the nomination of the candidate for sect. A, said Colonel Cooper enlisted the day after the war broke out. He drafted into the Princess Pats and was afterwards with the 3rd Battalion. He stayed in France long enough to see all those who got their commissions by political pull before leaving this country return to Canada. He had been in the war from the start and had only returned some two weeks ago. Alderman Ramsden suggested that Hon. Mr. Crawford might follow his patriotic speeches during the war by saying something like this to Colonel Cooper: "My young boy, I have borne the brunt for a long time in the political fight. You have borne the fight in the mud of Flanders. I will resign in your favor." Colonel Cooper, said the speaker, had served them in France, couldn't he serve them in good loyal Toronto?

Alderman Ramsden attacked the government for not taking the people into their confidence in not announcing the date of the election at an earlier period. The reason was to give as little time as possible for the consideration of the record of the government for the past ten or twelve years. He declared the attorney-general had on lived his usefulness. Hon. Mr. Lucas had a salary of \$7,500, and as a "figurehead" on the Hydro, draws another \$4,000 a year that might well go to someone else. The Hydro was run by Sir Adam Beck without the assistance of the attorney-general, added the speaker, who also asserted there were men in the cabinet opposed to Sir Adam. One of them he believed, had told the Hydro chairman politics, face that they would have his head yet.

Against O. T. A.

The premier hoped to slide in the temperance question, continued the speaker, and he took exception to this, saying the Conservative government never supported temperance legislation in the province until after the war came. Mr. Gooderham said he was the first to tell the premier the distillers were in favor of temperance. "Well I am glad to see George has come over," was the speaker's comment. The speaker said in the past the liquor men had looked to the Tory party to carry them thru when such a policy as the abolition of the bar was advocated, and he hinted that information could be given to support giving the Conservatives at last election if only certain men were in a position at present to tell what they knew.

Lieut.-Col. Cooper, who had a capital reception, said he need not touch on the referendum question, as this was a question they were going to vote on, and whatever they decided on the referendum the party in power would support. Those who knew him before the war knew he did not take a drink then, but in France he had his rum and most of them found very good need of it. He did not think the soldier was getting the fair deal he should get. The fellows who had lost an arm or a leg, or who suffered from other injuries must be helped along. He thought this was a matter that could be dealt with by the province of Ontario. The Liberal party had always been the party of progress and the most democratic party. Anything for the advancement

Your Life is in Hands of Others Every Day

AS never before the need of modern traffic is for a clear head and steady hands. The man at the throttle, the steering wheel or the switch board must know what he is doing, must be ready on the instant for emergency, and must make no mistakes. Beer be-fuddles and unnerves.

IN this new world of machinery and power the "boozier" has no place. In the railway business the confirmed "boozier" can't be trusted with the lives of his fellows. The Railway Brotherhoods don't want him. Beer makes him unsteady.

On the streets and highroads the "joy rider with booze on board" is a menace to traffic, to his own life and to the lives of others. Beer makes motoring dangerous.

Flying-men learned the disastrous results of alcohol taken preparatory to encountering the en-

emy in mid-air. Alcohol was proved by casualties to shake the nerves and destroy control. Beer impairs judgment.

In business and industrial organizations, the drinking man is the "last man hired and first man fired." Beer makes men slow, stupid, and unreliable.

Beer and all other intoxicating beverages have no place in a world run by machinery. The safety of too many others is involved when an unsteady hand and a drink-befuddled brain is left in control of the steering wheel or the engine throttle.

Remember that the Beer of the ballot is intoxicating beer. Mark Your Ballot with an X after each question under the word "No." If you don't mark an X after each question your ballot is spoiled.

INTRODUCING SELINA SWAN

This is undoubtedly an age of humor, and the man or woman who has found his or her way into public print and met with favor has long since learned the value of a laugh. To use a laugh to their tales, to originate a grotesque character that becomes famous, and even beloved, over night—these are the things that masters of fun and humor never cease doing in order to bring a smile to the lips of the most dignified, the most illustrious.

MASONS RECEIVE U. S. VISITORS

St. Patrick Chapter Entertains Ancient Chapter, No. 1, of New York.

Sixty-two delegates from the Ancient Chapter, No. 1, Royal Arch Masons, New York City, and delegates from various other chapters throughout Canada and the United States were formally received yesterday, and a banquet at which there were 500 guests, given in their honor by the members of the St. Patrick Chapter, No. 145, R.A.M. of Toronto.

The delegates arrived at the union station yesterday afternoon at 5 o'clock, and were met by a deputation from St. Patrick Chapter, who escorted them to the Prince George Hotel. There were 23 ladies in the party, and in the evening they were the guests of a committee of ladies of St. Patrick's Chapter at a theatre party at the Royal Alexandra and at supper at the Prince George Hotel.

At 7 o'clock, at the Masonic Temple, Yonge street, St. Patrick Chapter opened, and all the visiting delegates were formally received. The various receptions and ceremonies occupied the evening till nearly 10 o'clock, and were held in private.

Will Not Allow Ivens Use of Sarnia City Hall. Sarnia, Oct. 3.—Mayor Nesbitt tonight announced that he would not allow Rev. William Ivens to use the Sarnia city hall for the night of October 8. Yesterday the mayor announced that he did not think it possible for him to stop Ivens speaking in Sarnia, but since that time a delegation of the Great War Veterans visited him and after conference he made the above announcement.

FUME PROTESTING AGAINST BLOCKADE. Rome, Oct. 3.—The national council of Fiume has sent a message to Foreign Minister Tittoni protesting against the blockade of Fiume, declaring it is bringing about starvation in the city.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds again you may want to know how Canada used the money you loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included \$312,900,000, for paying them, feeding them, bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for relief and reconstruction after the disaster.

Other disbursements were not, strictly speaking, expenditures, but National Re-investments.

To Great Britain for example:

- \$173,500,000 was loaned for the purchase of our wheat and cereals. \$30,000,000 for other Foodstuffs \$2,900,000 for Canadian built ships. \$5,500,000 to pay other British obligations in Canada. \$9,000,000 for our fish.

Making in all, \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were impossible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been, and is still—just as much a war year as 1918. Our main expenditures for war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get ready to buy.

### RANEY, K.C., BROKE NO CONFIDENCES

#### Explains How He Obtained Information Published in Booklet Form.

W. E. Raney, K.C., who is conducting the examination for the racing commission, makes the following statement:

"The newspaper reports of the proceedings at the racing inquiry yesterday make Mr. W. P. Fraser, secretary of the Ontario Jockey Club, accuse me of making use of 'information given on a confidential understanding' in the booklet form. I did not at the time understand that Mr. Fraser was making an accusation against me. I understood the complaint to be against the Ontario government, but doubtless the reporters are right."

"The fact is I have never received any information, either from Mr. Fraser, or from the Ontario Jockey Club or the Canadian Racing Association, confidential or otherwise."

"What really happened was this. At the 1917 session of the Ontario legislature the provincial treasurer was questioned on the floor of the house as to the profits of the Ontario Racing Association. He answered that certain information had been furnished him as to these profits, but that he was not free to make it public. He promised, however, 'within the next few months he would conduct a thorough investigation into the whole race track question in Ontario.' Accordingly, Messrs. Clarkson, Gordon & Dilworth were appointed by the government to visit the various Ontario tracks and make a report as to their financial operations, and this report was in due course presented to the government. This is doubtless the report to which Mr. Fraser referred in his evidence. I was given access to it and made use of it with the knowledge and consent (not of the Ontario Jockey Club) but of the provincial treasurer."

"If the Ontario Jockey Club has any complaint in the matter, it is, of course, against the Ontario government, which will doubtless be able to take care of itself. In the meantime it is interesting to note the apparent assumption on the part of the Ontario Jockey Club that that corporation, created by the Ontario government and professing to exist for the benefit of the public, has the right to give or withhold information to the government and if given, to insist that what it chooses to communicate shall be treated by the government as confidential."

### VARSITY WAR MEMORIAL CAMPAIGN PROGRESSING

Preparations for canvassing the city for the Varsity war memorial fund, which it was today announced will be commenced the third week in October, is now nearing completion, and at a meeting yesterday of the special subscriptions committee, H. B. Scully of the Russell-McCord was elected chairman. A meeting of the campaign committee was also held last night to discuss the policy for the whole Dominion, and next Friday night the county meeting for Kent will be held at Chatham.

The speaking barrage preparatory to launching the big drive is proceeding satisfactorily and at Woodstock last night Prof. De Lury spoke to a large audience on the purposes and objects of the campaign, explaining that a splendid opportunity was being given to every graduate and former student of the University of Toronto to help perpetuate the war record of the men and women who at one time or other studied in the historic building.

Sir Robert Falconer, president of the University of Toronto, has returned from speaking at different cities in central Ontario, and everywhere, he says, unbounded enthusiasm in the project was manifested.

### BISHOP RETURNS.

The Bishop of Toronto has returned from a tour thru the Diocese of Halliburton and is leaving the city for a visitation at the parish of Markham and Unionville. He will consecrate the church at Unionville Sunday morning, hold service of dedication in the afternoon at Stouffville, and a thanksgiving service in the evening at Markham. The bishop leaves next week for a visitation in the eastern part of the diocese.

### SALTS FINE FOR ACHING KIDNEYS

#### We Eat Too Much Meat, Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you for it. This famous salt is made from the acid of grapefruit and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

### BEDRIDDEN WITH RHEUMATISM

#### Felt That He Would Never Walk Again — "Fruit-a-tives" Brought Relief.

MR. LORENZO LEDUC, 3 Ottawa St. Hull, P. Q.

"Fruit-a-tives" is certainly a wonder. For a year, I suffered with Rheumatism, being forced to stay in bed for five months. I tried all kinds of medicine, but without getting better, and thought I would never be able to walk again.

"One day while lying in bed, I read about 'Fruit-a-tives', the great fruit medicine; and it seemed just what I needed, so I decided to try it.

"The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me. 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism."

pointed national organizer of the Inter-Church Forward Movement, known as the United National Campaign. Dr. Braithwaite is a well-known Canadian. He was born in York county, Ont., and was educated at McGill, Oberlin and Harvard Universities. He received the degrees of M.A. and Ph.D. at Harvard. He resided for four years in the maritime provinces as well as a number of years in the United States. He has just severed his connection with the Western University after five years of service. Dr. Braithwaite was chosen to deliver the baccalaureate address at Columbia University in June of this year. A manifesto explaining the united national campaign will be presented tomorrow in most of the Protestant pulpits of the land.

### MAYOR FAVORS COMMISSION.

"I am in favor of the traffic commission, but I want the people to express themselves at the polls," declared Mayor Church yesterday in commenting on the report of the transportation commission.

"I want the people to vote on the principle and on the act. I do not want to see the city or the city council part with this franchise to any outside commission until 1921. The commission should be formed to study conditions and be in a position to take over the railway in 1921. The civic car lines should be under Commissioner Harris until 1921. The commission should be formed of three strong ratepayers."

"The board of control will meet on Wednesday at 10.30 and will hear the views of any public bodies. I am in favor of one-man management similar to the exhibition, hydro and harbor commission. We want lots of discussion on the subject of the transportation commission."

### VICTORIAN ORDER OF NURSES.

The Victorian Order of Nurses is one of the organizations linked up with the federation for community service and looks to the latter to care for its financial requirements. When the federation for community service appeals for funds the good work of the order is expected to be generously remembered by the public.

### ENGINEER RESIGNS.

H. T. Routley, construction engineer in the provincial roads and highways department, has resigned his position in order to resume his former business as a contractor.

### CITES PROHIBITION AS RACE BENEFIT

#### Brother of Late Premier Whitney Offers Encouragement to Hearst.

"As for prohibition, I was not originally a prohibitionist, but since the law has been in force I have seen that it is a benefit to the human race. I also know from men I meet from all parts of Canada and the United States that prohibition is proving a great advantage to both countries."

Thus writes E. C. Whitney, of Ottawa, brother of the late Sir James Whitney. In the course of a letter to Sir William Hearst, Mr. Whitney is the man upon whom the 'bold enough to be honest and honest enough to be bold' former Ontario premier largely relied for advice and guidance through his career.

Regard for Public Interest. "As far as my knowledge goes," Mr. Whitney adds in offering encouragement to Sir William Hearst, "you are

carrying on the government with the same regard for the public interest and in the honest way that I know my brother did. I was conversant with all the important measures undertaken by him and I knew well all the men he took into his confidence, or I could not make the above statement. It is very important that honest methods of government should be continued and the people's interest closely looked after. So I wish you success in the coming elections and I believe the verdict of the people will be favorable to you."

### Germany to Order Removal Of Monarchical Insignia

Berlin, Oct. 3.—The government will issue shortly a sweeping decree ordering the removal of monarchical insignia, emblems and designations of all kinds from buildings, letter-heads, seals, rubber stamps, brass buttons, or wherever they are affixed.

### STREET RAILWAY RECEIPTS.

Toronto street railway receipts for September were \$611,425.40, compared with \$671,636.95 the same month last year, an increase of \$69,785.45. The city's percentage is \$51,318.19, as against \$45,730.95.

### AUSTRIA ON VERGE OF BANKRUPTCY

#### Only Drastic Reforms and Great Energy Can Prevent It, Says the Chancellor.

Vienna, Oct. 3.—Ratification of the peace treaty between Austria and the allies and the associated powers will be the first business submitted to the Austrian national assembly when it comes together October 14, according to the present understanding.

After that the financial problem will be attacked. In an address to a deputation of peasants who had called to ask assurances that the government would not declare a state of national bankruptcy, Chancellor Renner said that the whole system of state finances was rotten at many points, and that only great energy and drastic reforms would prevent bankruptcy.

"The government's plan for coping with the financial situation is still held secret, but, according to newspapers,

### GIFT FROM BRAZIL FOR D'ANNUNZIO

Rome, Oct. 3.—A despatch to the Giornale d'Italia from Fiume states that d'Annunzio has received a contribution of 500,000 lire from Italians at Sao Paulo, Brazil. A son of former Premier Orlando, a cavalry lieutenant, has arrived at Fiume, bringing to d'Annunzio an offer of 100,000 lire.

### FOG DELAYS TROOPSHIPS.

Montreal, Oct. 3.—Continually foggy weather has delayed the C. P. O. S. steamer Empress of France making her first trip from Liverpool to Canada since leaving war service. The steamer is now reported to be due at Quebec on Saturday night. The Tunisian, also delayed by fog, will reach Quebec Sunday and Montreal Monday.

### ANOTHER BUILDING FOR O.A.C., GUELPH

#### Award Contract for Fine Apiary—To Cost Forty Thousand.

Special to The Toronto World.

Guelph, Oct. 3.—The contract for the erection of another fine building at the O.A.C. was awarded today to the well-known firm of F. S. Secord & Son of Brantford, Toronto, Hamilton and Guelph. The building will be an apiary, and will be built of bricks with stone road from the field husbandry building, and will cost \$40,000. It will be two stories and basement, and modern in every particular. Construction will begin at once.

Secord & Son have also secured the contract for the erection of an addition to the hardware foundry of Taylor-Forbes Company. It will be 1000 feet by 40 feet, one storey high, and built of brick and steel. The cost will be \$15,000. Construction work has already started.

# NELSON DAY CAMPAIGN for \$500,000 October 21-22-23

## "Canadians Must Sail The Seas"

# HY Canada MUST have Canadian Seamen

### CANADA is face to face to-day with a great need—mercantile ships! More than a quarter of the world's shipping was destroyed in the War. We are handicapped in our foreign trade because there are no ships to buy or rent. Hence the Government's shipbuilding programme.

**Aims of the NAVY LEAGUE OF CANADA**

- To emphasize Canada's opportunities and responsibilities on the sea.
- To raise funds for the relief of our merchant seamen, injured in the war, and for dependents of those who were killed.
- To maintain sailors' homes in our ports.
- To train boys and young men for our merchant ships by the organization of Boys' Naval Brigades.

Patron  
H.R.H. THE PRINCE OF WALES  
Dominion President  
COMMODORE EMILIOUS JARVIS

But there remains the more complex problem of manning our ships when built. Seamen cannot be turned out to order. They must be trained. If we are not to be at the mercy of foreign-born seamen, we must have our own Canadian boys ready for this service. This is absolutely imperative, and lies right at the very root of Canada's After-the-War development.

## BEGIN WITH THE BOYS

The problem is purely a personal one—something you and I must assist in solving. Unless we make it possible to train Canadian boys for the sea, we cannot hope to man Canadian ships with Canadian seamen and so supply the missing link between the producing possibilities of the Dominion and the eager world markets.

To conduct the Boys' Naval Brigades and its other work, the Navy League of Canada requires \$500,000. Throw yourself wholeheartedly into this campaign to make it a thorough-going success, for the sake of our boys, for the sake of the whole Dominion—yes, and in your own personal interest. Help by giving liberally.
