BLAIR DEFENDS THE I.C.R. Business of Road Steadily Improves and Shows Gains Over Year 1901.

STATE OWNERSHIP SUCCESS PROVED Increase Rates 50 Per Cent, and the Road Would Show Profit of \$2,046,000.

Ottawa, May 28. (Special.)—Hon. A. Blair's defence of the management of the I. C. R., which has come to be an annual affair, began early this afternoon, as the House was about to go into Committee of Supply.

Mr. Blair said the increased earnings for 1902 were \$683,822 on passengers, \$1,788,000 on freight, \$2,614,033 on mail and express, \$244,033 total, \$1,072,235, an increase of \$699,150, or an average of 67 per cent.

Mr. Blair claimed that, on the I. C. R., there is little room for political influence. Sweeping charges against its administration were untrue. He showed the success of government-owned railways in Italy, Germany, France and Australia.

Mr. Blair spoke of his efforts to moderate the road's losses, to improve the cars and improve the roadbed. These improvements meant increased business without corresponding increase in expenditure.

Mr. Blair said that, on the I. C. R., there is little room for political influence. Sweeping charges against its administration were untrue. He showed the success of government-owned railways in Italy, Germany, France and Australia.

TORONTO HOME COMERS' FESTIVAL JULY 1ST TO 4TH 1903

A meeting of the Joint Executive and to attend the Home Comers' banquet on the evening of July 3. An announcement was received with much interest that Dr. W. H. Drummond of Montreal had been invited to deliver a paper on "The Home Comers' Festival."

There were, he thought, three things necessary to the success of the festival. First, the political union of the empire and all its colonies, so that the Home Comers' Festival should be a truly imperial festival.

Then the future demanded some defensive policy. The speaker could not understand what this should be. Some one should do something to give the colonies a sense of their own importance.

On the other hand, the speaker could not understand what this should be. Some one should do something to give the colonies a sense of their own importance.

On the other hand, the speaker could not understand what this should be. Some one should do something to give the colonies a sense of their own importance.

The Toronto Daily Star Will Have a More Complete List

HINT FOR CANADA. Idea for Rural Phone Lines. Syracuse, N.Y., Herald: The Central Home Telephone Company has set the very good example to other telephone companies of arranging to ring up any subscriber at any hour at which he may wish to arise in the morning, and of sending out weather predictions and the exact time of day over their farm line every 24 hours...

COAL TENDERS WERE HIGH

Scavengers After the Board of Control Again for Shorter Work Day.

OPPOSED TO CITY ANNEXATION

At the Board of Control meeting yesterday the question of scavengers' salaries came up once again. Driver Wheat appeared on behalf of the men and asked the board to grant the concession that the men should not have to clean their horses. This would allow the men more time in the morning. He complained that now the men have to be at work early enough to clean their horses, harness up and meet the foreman wherever they have to start work, by 7 o'clock. Another proposition was to give the men Saturday afternoon all year long in the summer as a white week on working men's hands. Street Commissioner Jones will be consulted by the board.

Coal High in Price. A state of affairs rather out of the ordinary, was demonstrated when tenders for the supply of coal were opened. The price per ton ranged from \$6.35 to \$6.50, according to grade. Hardwood was quoted at \$3.40 per cord, and soft coal at \$2.50 to \$3.30 to \$4.00. The controllers thought it wise to have a report from the engineer before awarding contracts.

As Hard Worked. The Council of Revision in referring to the members of the Board of Control, said that the members of the Board of Control were not doing their duty. The Council of Revision said that the members of the Board of Control were not doing their duty. The Council of Revision said that the members of the Board of Control were not doing their duty.

Doesn't Like It. "That's an awful injustice, it's indecent," said Controller Richardson in referring to the new act of the legislature fixing the election of the Board of Control by the city at large and striking off one member of council from each ward. "Yes," said Controller Oliver, "you will have to stand it." Controller Richardson, however, proposed to fight it out in Council when it comes up.

Massy Hall Exemption. The Massy Hall management made an offer to the board to the effect that if given exemption from taxation, they would go on with installing a smaller Electric Hall at a cost of \$85,000. The Assessment Commissioner will report.

Firemen's Clothing. New tenders will be advertised for in regard to firemen's clothing. The suit with the Board Tailoring Company is still on hand, but the kind of suit the firemen want.

Opposed to Annexation. Assessment Commissioner in referring to the new act of the legislature fixing the election of the Board of Control by the city at large and striking off one member of council from each ward. "Yes," said Controller Oliver, "you will have to stand it." Controller Richardson, however, proposed to fight it out in Council when it comes up.

Contracts Awarded. The contract for cutting coal and shovels for the Waterworks Department was awarded to James Findlay. The contract for the new street bridge was awarded to W. F. Grant & Co. for \$9200.

The Warren Bituminous Paving Company has been notified that the Board of Control has decided to purchase a block pavement for the specifications called for in the Board of Control's tender for the new road. This is laid in blocks and is made of a mixture of asphalt and cement. The company's tender was nearly \$500 less than the lowest bid.

Scarlet Fever is Spreading. Provincial Board of Health Sounds Note of Warning. The annual meeting of the Provincial Board of Health was commenced yesterday morning at the Parliament Buildings, and the feature of the day's proceedings was the presentation of reports showing the difficulty experienced by the authorities in dealing with contagious diseases. According to Dr. Bryce, the scarlet fever situation is most dangerous. The outbreak has been widespread and of a very severe nature, and the rate of mortality has been exceptionally high, so much so, that unless drastic measures are resorted to at once, the deaths from this cause alone will total 1000 for the first six months of this year. Toronto Junction had found an effective and diptheritic outbreak there by using a tent as an isolation hospital. At Teeswater, the fever cases numbered 100, owing to non-isolation.

A queer case reported was that of a young man who, having contracted scarlet fever, was sent by a physician to his home at Hentonsburg, Ontario, where the case was reported to the provincial authorities and the patient sent to an Ottawa hospital. Hentonsburg was held responsible by the courts for the cost of caring for the patient. Steps must be taken to protect municipalities in such cases. The doctor who first attended the man is liable to a \$10 fine.

Minden Township reported its inability to effectively cope with the scarlet fever outbreak there and Lindsay has not the wherewithal to erect a hospital.

Who's Doctors Disagree. The Town of Fort Hope, Dr. Bryce alleges, is one of the most serious offenders in breaking the statutory regulations in regard to sending children suffering from scarlet fever out of the house before their case had been thoroughly cured. He pointed out a number of instances where obstinate doctors allowed the children to leave their homes and go to the schools only half cured of the disease.

The scarlet fever regulations passed at last session of the board have been greatly misconstrued by municipal health officers. It was not the wish of the Provincial Board to limit the exercise of the Medical Health Officers' powers by the passing of the act regulating the treatment of scarlet fever patients. It was merely to aid in enforcing more stringent measures in regard to quarantine of patients. Efforts will be made to have all contagious diseased patients taken to isolated hospitals, where they will have more chance of recovery with less chance of spreading the disease.

William Caught at Last. Dawson, May 28.—Cards have been received here announcing the marriage at Paris, Texas, a short time ago, of ex-Governor William Ogilvie and Miss O. P. Richardson. The bride is a charming young woman, twenty years of age, and a sister of Capt. Richardson, formerly commanding United States military post at St. Michael. Their courtship was very romantic. Mr. Ogilvie was saved by Miss Richardson from drowning at Nome.

Greenwood for York. London, May 28.—Tom "Hannar" Greenwood has been endorsed by the Liberals as their candidate in York East. He is a former M.P. and a wealthy landowner in Wales, but is now resident in Boise City, Idaho, having renounced his baronetcy and become an American citizen. He left England in 1876, and himself obtained a divorce in Idaho last March. Greenwood was held responsible by the courts for the cost of caring for the patient. Steps must be taken to protect municipalities in such cases. The doctor who first attended the man is liable to a \$10 fine.

Steps must be taken to protect municipalities in such cases. The doctor who first attended the man is liable to a \$10 fine.

London, May 28.—Tom "Hannar" Greenwood has been endorsed by the Liberals as their candidate in York East. He is a former M.P. and a wealthy landowner in Wales, but is now resident in Boise City, Idaho, having renounced his baronetcy and become an American citizen. He left England in 1876, and himself obtained a divorce in Idaho last March. Greenwood was held responsible by the courts for the cost of caring for the patient. Steps must be taken to protect municipalities in such cases. The doctor who first attended the man is liable to a \$10 fine.

Conforming.

Foot soles are curved and soft. Shoe soles are flat and hard! Breaking in new shoes invariably means shaping the foot soles to the shoe soles, till wear moulds the insoles to the curves of the feet.

The RESILIA is the only shoe which conforms to the shape of the foot sole immediately, from the first moment it is borne upon, and without any "breaking in."

It does this through the compressible nature of the resilient, elastic, cushion centre-sole, which is placed between the leather insole and outsole, instead of the usual scrap filling.

Observe foot sole in picture of lower shoe beneath.

117 YONGE ST. 528 QUEEN ST. WEST 89 KING WEST.

No Excuse for bald-headed men any more. Rose's Phosphoric. SUNLIGHT SOAP is made of pure fats and oils and contains no dangerous ingredient. It is pure soap that gives absolute satisfaction.

Hair Grower will make a luxuriant head of hair grow on ninety-nine bald heads in every hundred. This is not hearsay—it has been proved so by experience.

At all drugstores, \$1.00 a bottle. If bottles prepaid to any address for \$5.00.

THE PHOSPHORIC CO., LIMITED, TORONTO.

HERE, THERE AND EVERYWHERE. Berlin.—The German Foreign Office has been informed officially that the United States European squadron will arrive at Kiel on June 25.

Peking.—Yu Ping Fang, former Chinese Minister at Washington, has been appointed member of the Foreign Office. The legations welcome the selection.

Berlin.—It is reported that 10,000 students in Wronosch district, Russia, are threatening violence, and that the governor has asked for a large military force to disperse them.

Buffalo.—Alphonse J. Mayer, former city treasurer and a well-known politician, has not been heard of since Monday, and foul play is feared.

Jackson, Ky.—Bodies of armed men surrounded the jail wherein are kept Jett and White, accused of the slaying of a murder, and the guards opened fire at once. Three volleys were discharged, a terrific storm stopped the encounter. More troops will be asked for trial day, Monday next.

Trial.—A ferryman and eleven children were drowned in the capsizing of a boat near Dembo.

New York.—The United States government must pay for the British steamer Foscolia that was rammed and sunk by the cruiser Columbia in a dense fog off Fire Island in 1888, while the warship was on the lookout for Cervara's fleet.

Christiania, Norway.—The Attenbladot, in a sensational article, accuses the czar for the responsibility for the Russian opposition of Finland, the motive being to secure the ice-free ports of Northern Norway.

Troubles of Their Own. London, May 28.—Lady Margaret Cowell's petition successfully petitioned to day for judicial separation from her husband, Sir Arthur, on the ground of desertion. He is a former M.P. and a wealthy landowner in Wales, but is now resident in Boise City, Idaho, having renounced his baronetcy and become an American citizen. BEAUTIFUL DECORATIONS IN NEW HOTEL ROTUNDA

They Represent Famous Episodes in the Early History of Canada.

Visitors to the King Edward Hotel are at once struck with the beautiful oil paintings which decorate the walls of the main rotunda.

The scenes are all taken from Canadian history. The artist is a Canadian hotel, should have a theme which could be admired by all Canadians.

Over the clerk's desk and office is a very large work, it is nearly 20 ft long. Here is a scene of much earlier period.

Another selection is that over the fireplace. This is more of an allegorical subject. In the centre is a commanding group of Indians, with arms outstretched, protesting against the invasion of their territory by the English and French.

More "Red Spots" on the Map. Tabiti, May 15, via San Francisco, May 28.—Information received on the last authority confirms the rumor that three small islands near Pitcairn were seized by England recently.

WATERFRONT

Whitescap chased across the bay yesterday, and captain reported that for three or four miles from shore it was quite rough.

On Saturday next the Lakeside will commence its summer trips running at 2 and 8 p.m., to St. Catharines.

A freak steamship, according to conventional standards, but one of the most ingenious in the world and perfectly adapted to the purpose for which she is constructed.

French-Canadian Woman Dead Aged 101.—Her husband Reached 104.—Northampton, Mass., May 28.—Mrs. Margaret Marier is dead, aged 101, after an illness of three weeks.

More "Red Spots" on the Map. Tabiti, May 15, via San Francisco, May 28.—Information received on the last authority confirms the rumor that three small islands near Pitcairn were seized by England recently.

Tortured with Pain. Too Weak to Work.

ULCERS, BOILS AND PIMPLES ALL OVER HER BODY

Such was the condition of Mrs. Samuel Deitz, Zurich, Ont. She happily found relief from her terribly suffering by using

Burdock Blood Bitters.

A remedy without a rival for the cure of all diseases and troubles arising from bad blood. A record extending over a quarter of a century and thousands of testimonials will prove this.

UNIONISTS VS. NON-UNIONISTS.

Three Builders' Laborers Appear in Police Court for Intimidation. On a charge of assaulting non-union men, with a view to compelling them to cease work.

Only One Brown

There are lots of "Browns" in the directory, but only one brown Derby Hat, and that's ours — our New York brown.

It's the identical hat they're wearing on Fifth-avenue and in Hyde Park to-day. Why do you not wear one?

Every other fellow has a black Derby Hat—that's the reason you should have one of these.

CONVOCATION AT TRINITY.

Granting Class the Best Ever Sent Out of the College.

There was a very bright array of summer gowns and scarlet hoods at the annual convocation of Trinity University yesterday afternoon. The hall was well filled with friends of the students, chiefly ladies, while the gallery was crowded by the undergraduates, who distributed their favors without discrimination, the girl graduates, however, coming in for tremendous applause.

Provost Macklem, the acting chancellor, occupied the chair, and on the platform were nearly all the members of the faculty and many of the Church of England clergy of the city.

After prayers read by Dean Rigby, Dr. Geikie presented the graduates in

Bretney R. O'Reilly.

medicine to the provost, who conferred the degree of M.D.C.M., and Registrar Jones handed the parchments to the fifty-three students.

Dean Geikie then introduced Dr. Bretney R. O'Reilly, who he said had secured 85 per cent. of the marks obtainable in his examinations, and the provost presented him with the gold medal. Dr. E. C. Beer was then called on to receive the second of the chief honors, and was highly congratulated by the provost.

Certificates of honor were then presented to the seven first students in the final examinations by Dr. Temple, two primary silver medals by Dr. Powell, and five primary certificates of honor presented by Dr. Clark.

Provost Macklem then spoke briefly and announced that the amalgamation of Trinity University and Trinity Medical College had been completed. He called on Dr. Clark, who congratulated the college on the good report presented. Short speeches were also made by Drs. Gingham, Grassett, Sheard and MacLaren, who spoke very highly of the graduating class, saying it was the best ever sent out of the college.

The provost pronounced the benediction, and the gathering dispersed about 6 o'clock.

Collingwood, May 28.—Arrived—Steamer Atlantic, from Pary Sound, passengers and freight; tug Onaping, from Little Current, rati.

Departed—Steamer City of Midland, for Soo, passengers and freight; steamer Atlantic, for Pary Sound, passengers and freight.

Port Colborne, May 28.—Down—Arrived, Port Arthur to Montreal, wheat, 4:30 a.m.; Jesse Spalding, Toledo to Kingston, wheat, 8:30 a.m.

Up—W. A. Haskell, Ogdenburg to Chicago, general cargo, 2 p.m.; Britta, Kingston to Chicago, light, 8 a.m.; Omaha, Oswego to Chicago, coal, 10:30 a.m.

Wind—Westerly, strong.

Port Dalhousie, May 28.—Passed up—Steamer Ojibway, Toronto to Sault Ste. Marie, general cargo; steamer Merrimac, Kingston to Portage, light; steamer Sirathoua, Deseronto to Cleveland, light.

Down—Steamer Donnacona, Port William to Kingston, wheat; steamer Arabion, Port Arthur to Montreal, wheat.

Wind—Southwest, light.

COW BLOWN THRU FENCE

ONE OF STORM'S FREAKS
Later Reports Indicate Great Damage in Section of Perth County.

Stratford, May 28.—(Special)—Storm seems to be following storm in Perth County. Following the Mornington cyclone of Tuesday, a tremendous wind storm visited this city and vicinity late yesterday afternoon. Large limbs of trees were torn off and hurled long distances. Rain fell in torrents and pedestrians were obliged to seek shelter, their umbrellas being torn from their hands. A large maple tree at the rear of William Richardson's residence, on Ontario-street, was split down the centre by lightning. It stood in the ground. It was some time before assistance was obtained to seek shelter. A chimney was torn off and windows broken.

Damage by Tuesday's storm. But the storm of Wednesday pales before the cyclone of Tuesday, the wide range of which is now being realized. At Kinkora, in the fine storm Catholic Church was badly damaged. A chimney was torn off and windows broken.

The orchards of L. Crowley and others were completely destroyed. The trees, which promised an abundant yield, were torn up by the roots and the scene is one of desolation.

Patrick Stock, the five-year-old son of John Stock, ran to the barn for shelter. Just as he reached the door a terrific blast swept thru the building, carrying a large fanning mill some 15 feet away. The lad was struck on the forehead and the mill pinned him to the ground. It was some time before assistance arrived and he was released. The wound in his head required several stitches and he is badly shaken up.

Mitchell Suffered Greatly. Reports indicate that the storm was particularly violent between Mitchell and the Village of Dublin. South of Dublin, at Sadler's brickyard, a lot of damage was done, and Councillor William White's farm, in Hilbert, east of that, looks as if it had been blown off its feet. Joshua Vivian had four acres of bush. Today he has scarcely a tree left. At James Parsh's, just inside Mitchell, a large pig pen was blown to pieces. At Mitchell's, the next farm east, his large barn was unroofed, and George Larkworthy's barn, near his slaughter house, had the roof taken off, and Mr. Larkworthy's cow was picked up bodily by the wind and blown thru a board fence and was pretty badly bruised.

Mr. Tubb, Mr. Watson, Mr. Elliott and the platform were nearly all the members of the faculty and many of the Church of England clergy of the city.

After prayers read by Dean Rigby, Dr. Geikie presented the graduates in

medicine to the provost, who conferred the degree of M.D.C.M., and Registrar Jones handed the parchments to the fifty-three students.

Dean Geikie then introduced Dr. Bretney R. O'Reilly, who he said had secured 85 per cent. of the marks obtainable in his examinations, and the provost presented him with the gold medal. Dr. E. C. Beer was then called on to receive the second of the chief honors, and was highly congratulated by the provost.

Certificates of honor were then presented to the seven first students in the final examinations by Dr. Temple, two primary silver medals by Dr. Powell, and five primary certificates of honor presented by Dr. Clark.

Provost Macklem then spoke briefly and announced that the amalgamation of Trinity University and Trinity Medical College had been completed. He called on Dr. Clark, who congratulated the college on the good report presented. Short speeches were also made by Drs. Gingham, Grassett, Sheard and MacLaren, who spoke very highly of the graduating class, saying it was the best ever sent out of the college.

The provost pronounced the benediction, and the gathering dispersed about 6 o'clock.

Collingwood, May 28.—Arrived—Steamer Atlantic, from Pary Sound, passengers and freight; tug Onaping, from Little Current, rati.

Departed—Steamer City of Midland, for Soo, passengers and freight; steamer Atlantic, for Pary Sound, passengers and freight.

Port Colborne, May 28.—Down—Arrived, Port Arthur to Montreal, wheat, 4:30 a.m.; Jesse Spalding, Toledo to Kingston, wheat, 8:30 a.m.

Up—W. A. Haskell, Ogdenburg to Chicago, general cargo, 2 p.m.; Britta, Kingston to Chicago, light, 8 a.m.; Omaha, Oswego to Chicago, coal, 10:30 a.m.

Wind—Westerly, strong.

Port Dalhousie, May 28.—Passed up—Steamer Ojibway, Toronto to Sault Ste. Marie, general cargo; steamer Merrimac, Kingston to Portage, light; steamer Sirathoua, Deseronto to Cleveland, light.

Down—Steamer Donnacona, Port William to Kingston, wheat; steamer Arabion, Port Arthur to Montreal, wheat.

Wind—Southwest, light.

Fairweather's

Weather Uncertainties
Continual broken weather suggests the wisdom of being provided with a good Raincoat. Men with sufficient forethought for health, comfort and economy will provide themselves with one of our specially tailored Raincoats \$10.00 to \$23.50

MASTER PAINTERS REDUCE WAGES

Beginning Monday Next, Will Pay only 25c an Hour.

There is evidently going to be trouble among the painters again. The master painters last evening decided that, beginning on Monday next, June 1, the rate to employ was to be reduced from 35 cents to 30 cents per hour. The increase of 5 cents was granted unwillingly by the employers. The master painters are not inclined to accept it by any means, and when Monday morning dawned, the knights of the brush will probably be "out" again.

The regular meeting of the Trades and Labor Council last night transacted nothing of importance. A resolution, censuring Immigration Agent Preston for his efforts to direct to Canada a rush of mechanics, was passed; also a resolution of condolence to Robert Gledhill, on the recent death of his daughter.

KILLED BY LIGHTNING.
Chatham, May 28.—By the heavy rain and wind storms last evening, trees were uprooted and barn roofs torn off. From all over the county come reports of the heaviest rain in years. A farmer named Purdy, driving a team, was killed by lightning on Sunday, near the creek and Tilbury, his horses being unhurt.

Will Honor Their Dead.
The veterans of '96 will gather at Riverside Park on Sunday afternoon at 3 o'clock and decorate with flowers the graves of their comrades who fell at Ridgeway on June 2, 1867. The graves are in the Necropolis and in St. James' Cemetery.

Firemen Were Overcome.
Montreal, May 28.—S. E. Lichtenberg's rag warehouse, Common-street, was completely destroyed by fire tonight, loss \$20,000, partially insured. Several firemen were overcome by smoke, and were taken to the hospital.

ONE TIME THE WORLD OVER

Hamilton Scientific Association Asked to Make Recommendation Against the Move.

Hamilton, May 28.—Rev. Dr. Marsh is opposed to the scheme of the Royal Society to have the time fixed so as to be the same minute all over the world. He brought the matter up at the adjourned annual meeting of the Hamilton Scientific Association to-night, when he asked the association to make a recommendation against such a move. He did not like the idea, and he said it was not only unscientific but foolish. The association will consider the question, and at the same time a suggestion may be made to have the dials of watches and clocks made 24 hours, instead of only 12.

These officers of the association were elected: J. M. Dickson, president; Rev. Dr. Marsh and W. A. Robinson, vice-presidents; R. J. Hill, corresponding secretary; G. L. Johnston, recording secretary; E. J. Scrives, treasurer; J. Schuler, librarian and curator; A. H. Baker and J. P. Ballard, auditors; James Gadsby, J. M. Williams, Robert Campbell, George Black and Robert Foley, council.

Dr. Gavelier, who resigned as curator, because of extreme age, was elected an honorary member.

Assist Toronto Pressers.
Some time ago Samuel Landers, the provincial organizer of the United Garment Workers of America, received instructions from the Toronto Pressers' Union to assist the Toronto Pressers' Union in their dealings with the contractors there, in their request for an increase of pay and shorter hours. The Toronto union presented their scale and gave the employers until June 1 to decide upon it. Mr. Landers received a wire from the Toronto local to come at once, and he did so. The Toronto union is affiliated with the International Union, with a membership of over 50,000.

Fell in a Fight.
Miss Nellie Connolly, 101 North Wellington-street, fell in a faint as she was crossing the James-street car track opposite the Canada Life Building. She was picked up in an unconscious condition and carried to Mack's drug store. There she was restored and removed to her home. Dr. Wickens attended her.

A Novel Suit.
John B. Eagle, who runs a hotel at Bullock's Corners, has been arrested. Today he issued a writ against Matthew Jackson, charging his with conspiracy, from claiming \$500 damages. It appears that the hotel man's temperance friends have been giving him a hard time. He says they maintain a picket about his hotel, and keep tab on those who call. He states that Jackson is the chief offender.

Church Row Goes on.
Some of the members of the Gore-street Methodist Church are circulating a petition asking the Stationing Committee to declare the pulpits of the church open to all ministers. The petition is signed by the Rev. T. J. Atkins, who threatens a libel suit.

Happenings.
Miss Millie Perovitch has been acting as a deaconess in connection with the Simcoe-street Methodist Church. She has given the work a most successful purpose with a silver tea service.

Frank Wynn, North Catharine-street, is the chief offender in the explosion of a toy cannon.

His Golden Jubilee.
Rev. Prof. MacLaren to Celebrate 50th Anniversary of His Ordination.

The fiftieth anniversary of the ordination of the Rev. William MacLaren, D.D., Professor of Systematic Theology at Knox Church, will be celebrated by a social gathering in the Bloor-street Presbyterian Church this evening.

Rev. Prof. MacLaren.
Ont. where he remained four years. During this period he married Miss Marjory Laing, sister of the late Rev. Dr. Laing of Dundas. He was afterwards pastor of Knox Church, Bloor-street, of the Belleville Presbyterian Church and of Knox Church, Ottawa. In 1872, he was appointed to the chair he now holds in Knox College, which was endowed by his brother, James MacLaren, the well-known lumberman of the Belleville Mission Work, and it was largely thru his influence that the Women's Foreign Missionary Society, now a great power in the church, was first established.

He received the degree of Doctor of Divinity from Queen's College in 1883, and in 1884 he was elected Moderator of the General Assembly of the Presbyterian Church in Canada. He has written many reviews and papers for theological journals.

Dr. MacLaren is still very hearty and vigorous, despite his 75 years. His son David is pastor of the Alexandria Presbyterian Church, and his daughter is the wife of Arthur Mowat, son of the late Lieutenant-Governor. Prof. MacLaren has been out of the city for the past few days attending the funeral of his nephew, John MacLaren of the lumbering firm, but is expected to return this morning.

Special services will be held on Sunday in the Bloor-street Church in commemoration of the event.

ROUTE OF G.T.P. IS CHANGED

Continued From Page 1.
at a later stage, to limit the company's powers in this respect.

When Clause 13, describing the route of the road, was taken into consideration, Mr. Pringle of Cornwall said it was a very important clause, and he asked that it be printed in its amended form. This point was upheld by several others, and the clause was allowed to stand.

Extension to Moncton.
To Clause 12 an amendment was moved by William McCarthy, embodying the new feature of the extension from Quebec to Moncton, and some other changes, described as follows:

"From a point at or near the City of Moncton, in the Province of New Brunswick, thence in a southerly direction, passing through the Provinces of Quebec and Ontario, within 50 miles of Lake Abitibi; thence in a northwesterly and westerly direction, passing through the north of Lake Nipigon, in the Province of Ontario, to a point at or near the City of Winnipeg; thence westerly and northwesterly, passing thru or near Battleford, Edmonton, and Dunsmuir, or by such other more feasible route as is hereafter indicated, following in a general direction that herein local, and by way of either the Peace River, Pass or the Pine River Pass, or such other pass in the Rocky Mountains as is found most convenient and practicable, to Port Simpson, Bute Inlet, or such other port on the Pacific Coast between the said points as is considered most expedient and adapted for the purposes of the company. And also a branch line from the main line between a point at or near either North Bay or Nipissing Junction, and branch lines from points on the main line to Port Arthur, Port Williams, Brandon, Regina, Prince Albert and Calgary, respectively; and also a branch line from some point in British Columbia to Dawson, in the Yukon Territory, and the company may for the purpose of constructing its main line of railway, divide it into five sections, to be known as 'Eastern Section' to extend from the eastern terminus to a point at or near the City of Quebec; the second section to extend from a point at or near the City of Quebec to the boundary line between the Provinces of Quebec and Ontario."

The other three sections remain unaltered.

Limit Bonding Powers.
Clause 15 says that the company may issue bonds to the amount of \$30,000 per mile, on the Quebec Section, \$30,000 on the Woodland section, \$20,000 on the Prairie Section, and \$50,000 on the Mountain Section. Dr. Spruille stated that these bonding powers were excessive.

Hon. A. G. Blair said that, if the government were to limit the bonding powers would be limited, and on this understanding, the clause was allowed to pass.

In Clause 24 the company asked power to accept assistance in land or money, and to issue land grant bonds to the extent of two dollars an acre upon any aid granted to the undertaking.

Mr. Blair said concurrence in this clause would be an expression of opinion in favor of the provinces bonusing railways, and to this policy he took strong objection.

Hon. Charles A. Fitzpatrick thought otherwise, and the minister engaged in quite a heated controversy.

Vague Motion.
A rather vague motion was put to the committee, which approved, in clause, as amended, to mean that the powers should apply to "lands owned by the company, other than those for purposes of the undertaking."

Objection was taken to the clause giving the company power to develop water-power and deal in electricity. The clause will be re-drafted.

Provisions enabling the company to undertake irrigation, enter on railways, etc., for the erection of poles, and engage in mining, lumbering, iron and steel manufacturing, were struck out.

Rev. Prof. MacLaren.
Ont. where he remained four years. During this period he married Miss Marjory Laing, sister of the late Rev. Dr. Laing of Dundas. He was afterwards pastor of Knox Church, Bloor-street, of the Belleville Presbyterian Church and of Knox Church, Ottawa. In 1872, he was appointed to the chair he now holds in Knox College, which was endowed by his brother, James MacLaren, the well-known lumberman of the Belleville Mission Work, and it was largely thru his influence that the Women's Foreign Missionary Society, now a great power in the church, was first established.

He received the degree of Doctor of Divinity from Queen's College in 1883, and in 1884 he was elected Moderator of the General Assembly of the Presbyterian Church in Canada. He has written many reviews and papers for theological journals.

Dr. MacLaren is still very hearty and vigorous, despite his 75 years. His son David is pastor of the Alexandria Presbyterian Church, and his daughter is the wife of Arthur Mowat, son of the late Lieutenant-Governor. Prof. MacLaren has been out of the city for the past few days attending the funeral of his nephew, John MacLaren of the lumbering firm, but is expected to return this morning.

THE SIMPSON COMPANY, LIMITED

Directors—J. W. Flavell, A. E. Ames, H. H. Fudger. May 29
This Store Closes Every Day at 5.30—Not 6 P.M.

Men's \$12 Suits for \$8.45
Blue and black worsteds mostly—Sunday or business suits—the kind that are never out of place—that's the men's day leader in the Men's Store.
