### BRIDGE CO. OFFICIALS BLAME N.Y. ENGINEER FOR QUEBEC DISASTER

Wreck Laid Directly to Change in  
United Stresses Suggested by  
Theodore Cooper, Who Did Not  
Provide for Support of Increased  
Span.

PLACED WHOLE CONSTRUCTION  
BEYOND PAST EXPERIENCE

PHILADELPHIA, Pa., Nov. 20.—(Special.)—The collapse of the great cantilever bridge over the St. Lawrence River on Aug. 29, with the incident heavy loss of life, was put squarely upon modifications in the original design of the bridge made by the consulting engineer, Theodore Cooper, in the testimony of the principal officers and engineers of the Phoenix Bridge Company, made public here to-day by the Canadian Royal Commission, after four weeks of careful examination of the records and works of the Phoenixville Company.

The officials examined were David Reeves, president of the Phoenix Iron Company and the Phoenix Bridge Company; John Sterling Deans, chief engineer; Peter Szalka, designing engineer; Frank P. Norris, general manager, and Ellsworth L. Edwards, inspector of the Quebec Bridge Company at Phoenixville. In effect, their testimony was unanimous that the fault of the bridge could be directly traced to changes in the original plan made by Mr. Cooper, who, at a short time before actual construction began, changed the length of the principal span from 160 to 186 feet without making adequate changes in the supports to the main span to compensate for the increased length.

Increase Beyond Precedent.  
The fall of the bridge is to be laid directly to the change in the unit stresses as made by Mr. Cooper," said David Reeves, in his sworn testimony, "and," he continued, "he made modifications in the unit stresses to be employed by the various members, which very much increased them beyond precedent, and by so doing placed the whole design in a field outside the benefit of experience. Such high stresses had never before been used and by using them he acted on the authority of the Quebec Bridge Company and the Dominion of Canada, invested in him.

Had Dominion Authority.  
"He (Mr. Cooper) stated to me that he had received an order-in-council from the Dominion of Canada which gave him authority to amend the specifications in the instruction plans as seemed best to his judgment, and that he had discussed these alterations with the designing engineer of the Phoenix Bridge Company, not for the purpose of getting at their views, but for the benefit of the views of Szalka. This expression of his absolute and final authority coincided with our understanding of it with him under the contract."

Mr. Reeves added that he had a conversation with Mr. Cooper on the Saturday following the collapse of the bridge, at which time, Mr. Cooper said, he had not comprehended the immediate danger when the bridge fell, and he could not up to the time of that conversation account for the actual failure.

John Sterling Deans, chief engineer of the Phoenix Bridge Co., testified: "The bridge was designed in its general features by the engineers of the Phoenix Bridge Co. The details of the bridge were worked out in connection with the consulting engineer to agree with the modified specifications which he had prepared, and all plans and details were approved by the consulting engineer, Mr. Cooper." Continuing, in answer to questions of the commission, Mr. Deans explains in detail the collateral authority of Mr. Cooper and the Phoenix Bridge Co. engineers.

The Blame.  
The fall of the bridge is to be laid directly to the change in the unit stresses as made by Mr. Cooper. Such high stresses had never before been used and by using them he acted on the authority of the Quebec Bridge Company and Dominion of Canada invested in him. Mr. Cooper stated to me that he had an order in council from the Dominion of Canada which gave him authority to amend the specifications in the instruction plans as seemed best to his judgment."  
—DAVID REEVES, President Phoenix Iron Co.

### CAN'T RECOLLECT MURKING FIRED FATAL SHOT

Mrs. Bradley Takes the  
Stand in Her Trial for  
Murder of United  
States Ex-Senator.

WASHINGTON, Nov. 20.—That Mrs. Annie M. Bradley did not come to Washington to kill ex-Senator Arthur M. Brown of Utah, and that she did not even remember shooting him, she told the jury in her trial to-day. The statement was not reached until the afternoon session of the court, the morning session being devoted largely to the identification of letters from Mr. Brown to Mrs. Bradley and from her to him. Very few of these were read, however.

The tragedy itself formed the subject of the afternoon session. At that time Judge Powers elicited the statement in his examination. It consumed only a few minutes, and as soon as he had finished District Attorney Baker entered upon his cross-examination. He devoted comparatively little time to the shooting, but went back to the early days of the relationship between Brown and Mrs. Bradley, and sought to show by reading letters and questioning the witness, that she deliberately undertook to break up Brown's home, and she was at enmity with Mrs. Brown as early as 1901.

He also brought out that Mrs. Bradley and Mrs. Brown were originally strong friends, and that this friendship extended even beyond the time of the birth of Mrs. Bradley's first child by Brown.

Mrs. Bradley was more composed to-day than yesterday. There were times, however, when she burst into tears, but these were less frequent than on Tuesday. Her voice was at all times indistinct, and faltering, and she was heard with the greatest difficulty. She made no complaint of fatigue to-day and left the witness stand at 10 o'clock.

### TRIED TO PAD VOTERS' LIST

Alleged Wholesale "Stuffing"  
Attempted by Liber-  
als in Tilbury  
East.

TEN BOYS' NAMES WERE ADDED

Non-Resident Names En-  
tered, and Even a  
Dead Man Was  
Wanted.

CHATHAM, Ont., Nov. 20.—(Special.)—Wholesale fraud in stuffing and attempting to stuff the voters' list in Tilbury East, was proved against W. J. Coultis, worker in the interests of A. B. McColig, M.L.A., Liberal candidate for the Dominion House of Commons in West Kent, at the court of revision held before Judge Bell in Yallica yesterday. These charges were brought against the McColig agent by H. S. Clements, M.P., the Conservative candidate. It was shown conclusively that Coultis, a recognized and prominent Liberal worker in the township, had deliberately added names to the voters' list of boys under age, non-residents of the township and deceased persons.

"It is believed that this kind of wholesale electoral fraud can yet be proved in many other portions of the riding of West Kent. It came out thru the evidence produced yesterday that on the last day that names could be added to the list before the township council passed the assessors' rolls, Coultis appeared before the Tilbury East Council and applied to have 24 names added to the list.

The council accepted the names, adding them to the list for revision before Judge Bell. Of the 24 names added by Coultis, ten were found to be those of boys under the age of 21 years, and four of them were found to be those of people who do not reside in the township. Had it not been for the vigilance of the Conservative workers, these names would have been undoubtedly rushed thru the court of revision and an attempt made to vote them at the next Dominion election.

Mr. McColig Was Present.  
A. B. McColig, the Liberal candidate, and his solicitor, W. E. Gundy, were present at the court, and opposed the action of the Conservative workers in trying to get these names removed from the list. In each case the Liberal candidate and his lawyers put all the obstacles possible in the way of the men who demanded an honest deal. The matter, and forced Messrs. Coultis and Pike to produce evidence in each case.

"It was also brought to light that the assessor of the East is a Liberal, and in all of the ten cases where the young men were under age, he refused to put them on the list when he was making his rounds. Mr. Coultis followed him and applied to the council to add the names of these very young men, whom the assessor would not place on the list because he had reason to believe that they were under age.

Here Are the Names.  
The following are the names and descriptions of the men with whose names the Liberal worker attempted to stuff the Tilbury voters' list: Robert Smith, 18 years of age; Bruce McQuarrie, son of Rev. Mr. McQuarrie, under age; Mr. McQuarrie, also under age; William Sharp, under age; Carl Grant, under age; Charles Ross, under age; James Ross, 19 years of age; E. B. Stevenson, under age; Bruce Reynolds, under age; John Palmer, under age; James Oullette, non-resident for two years; Paul St. John, non-resident; Joseph Thibodeau of Detroit, Mich.; George Burt, a man who does not live in Tilbury Township; Robert Newbury, deceased.

### For Public Ownership in Fifteen Years.

Toronto Globe editorial, Nov. 20.: Controller Hocken is reported as saying that he is not in favor of the proposal to put the Electric Light Company on the same basis as regards civic regulation and control as was done with the Gas Company. He seems to favor a civic plant. But the very best way to secure a civic plant may be found to be thru civic regulation and control until the expiry of the company's franchise. No one proposes making the Electric Light Company's franchise perpetual. By the time that franchise falls due the Street Railway Company's franchise will also have about expired, and then a proper civic policy as regards both light and power could be framed.

The above is an editorial from yesterday's Globe. We ask any friendly subscriber of The Globe, any Liberal, to say whether he thinks that the paper publishing such an article can be friendly to public ownership, an advocate, as it claims, of public ownership. That at the very moment when the Whitney government has committed itself to a policy of public distribution of electrical energy, when it is ready to undertake the supply and transmission of the energy, (a chance that does not come once in a generation), and only asks the city to do its own distribution work, at a time when the cost of construction is likely to be low, and when the conditions for expropriation are likely to be favorable (and the legislature has practically authorized expropriation)—at this very time The Globe says it back for fifteen years.

Yes, The Globe is for public ownership—fifteen years hence!

### MUSTN'T BE TRICKED AGAIN.

Public ownership of electrical energy means, first of all, cheap light and lots of light for all the people, including the poor people. Every little house can have lots of cheap light, and there is no such clean, reliable and free-from-work light as electric light. And as soon as the provincial distribution plant is built it means cheap light for every farmer in Ontario—a light in every bedroom, in his stables, in his yards, that lights without matches, that you can put out of

commission the second you are thru with it.  
Up to the present—except in those towns like Orillia, where there is public ownership—electric light has been dear light, and for the few.  
The greatest light that God gave to man is the pure white light generated by God's greatest masterpiece—the Niagara Falls. Do not let the middlemen—the Gibsons, the Pellatts, the Jaffrays, the Nichollasses—get between the people and this great blessing and make it dear and limit

its use, so that they may be rich. Let us keep it forever for all the people, and let us put it in the house of every citizen, however humble, at cost price. We want no electric barons here, as we now have the coal barons of Pennsylvania, tolling us and tithing us at \$7 a ton for coal, that public ownership of mines and of railways would give us for \$2.50 a ton, or less.  
We have been let into one trap; let us avoid the other, now spread for us.

### ISN'T ANY RISK TO BE ASSURED

Hon. Adam Beck Issues Statement Emphasizing Reliability of Estimates.

CONTROLLERS WILL CONFER

To Meet Sir Henry MeLatt—  
How The Globe is  
Juggling With  
Figures.

Hon. Adam Beck finds that he was in error when he stated at Grantford that "the province and not the municipalities would be liable should the cost of the power supplied the municipalities exceed the estimated cost of power embodied in the bylaws voted on and carried by the different municipalities in January last," and he handed the following statement to the press yesterday afternoon:

"I made the statement believing that the act as provided, but since making it the act has been examined by the legal adviser of the government and the opinion given that my view of the act was erroneous. I hasten, therefore, to correct the misapprehension my statement has caused.

"I desire, however, to point out and emphasize the fact that THERE IS ABSOLUTELY NO RISK, EITHER TO THE PROVINCE OR THE MUNICIPALITIES, that the actual cost of power will exceed the amounts set forth in the bylaws, as no contract will be entered into by the commission for the supply of power until from the tenders received for the construction of the transmission lines, transformers and other appliances, the commission has ascertained that the estimated cost of the work will not be exceeded."

Mr. Beck added that he was convinced that the terms and conditions of the contract with the Ontario Power Company, as finally settled, would be more advantageous to the municipalities than the terms embodied in the tender on which the offer was accepted. Since the estimates were made the situation has become more favorable, and this would effect a saving of probably half a million dollars in the cost of the transmission lines. The estimates of the commission were based on the minimum amount of power, and the final cost will depend on the number of municipalities that join and the amount of power they take.

The "power minister" stated that there seemed to be an impression that the scheme for Toronto was a partial one, but it was intended not only to supply power to the manufacturers, but to supply light to householders, and power for incandescent and arc street lights. Two and a half million dollars would be more than adequate.

Will Hold Conference.  
A conference, the outcome of which will be awaited with considerable interest, is to take place between the board of control and the Toronto Electric Light Co.'s representatives to-morrow afternoon at 2 o'clock. The board yesterday decided to accede to the company's request for a conference on the power situation. The Globe in this is either disingenuous or misinformed.

The Ottawa rates is quoted by The Globe as at 7 1/2 cents per kilowatt hour for lighting. In Toronto they are 12 cents, but the company now, in dread of a civic plant, offers eight cents, which is tantamount to an admission that the citizens have been paying fifty per cent. over a fair rate.

It compares the present Ottawa rates, as determined under the power commission, with those in Toronto, as offered by the Electric Light Company, and suggests that the city had better close with the Electric Light Company.

But Ottawa would have had a better rate than 7 1/2 cents had the advice of the commission been taken in the first place. Ottawa delayed and bargained with the company there, and

### DANGER LURKS THRU NEGLIGENCE

Builders Do Not Cover  
Over the Floors as  
They Are Con-  
structing.

It came out at last night's inquest respecting the death of Peter Thomas Aughton, who was killed in the collapse of a fire escape at the Confederation Life Building, that the city bylaw requiring floors to be laid successively as building progresses was flagrantly violated in this case, and a jurymen stated that the same thing was being done in many new buildings throughout the city.

The inquest was resumed before Coroner McCallum after the formal medical evidence was taken. Edward Death, a youth, stated that he had seen the inquest on the north wall of the old Confederation Life building, on the fourth floor, making holes in the brick wall for the steel beams. They were standing on a plank, which rested on steel girders. While waiting for iron beams to be brought up for the fifth floor, as they felt cold, they decided to go below, where it was warmer. Tom stepped first on the fire escape, and remarking that it did not feel safe, tried his weight upon it, when it gave way. The fire escape consisted of a floor made of 1 1/4 inch channel iron, with a guard around it. Two sections of this fire escape had been removed the day before. When anyone stood upon it, the flooring dropped out.

### SIGNS OF THE TIMES.

An old trapper in the north country, a close student of the fur-bearing animals, assures The World that according to the signs he has observed we are to have an open winter.

The World would like to hear from those who are to have a better winter.

William Nash, iron worker, who saw the accident, said the bolt should have been heavier and should have had a bracket under the easterly end of the fire escape. The broken bolt was old and rusty.

Joseph Moulden and William Umpkauff also gave evidence. The inquest was adjourned until next Tuesday evening to hear the evidence of four men who were employed in placing the iron girder in position.

### LAURIER TO VISIT WEST

Would Offset Effect of  
Borden's Tour Be-  
fore Elections  
Next Year.

OTTAWA, Nov. 20.—(Special.)—As a setoff against the tour of the Northwest by the leader of the opposition, Sir Wilfrid Laurier, accompanied by some of his ministers, will visit the west next summer, on the eve of the federal elections.

A deputation in a quinary visited Sir Wilfrid Laurier to-day—hardly a kindly act on the premier's birthday. The deputation consisted of members of the Ottawa Reform Club, who are in the capital to secure the Liberal nomination for the successorship to Hon. N. A. Belcourt, who goes to the senate. Incidentally, it is this awkward local situation which has delayed the appointments to the senate. The deputation told Sir Wilfrid that Auguste Lemieux, a brother of the postmaster-general, and Emmanuel Tasse, a friend of Mr. Belcourt, were determined to enter the contest. To settle the matter the deputation thought it would be safe to have both these aspirants withdrawn and give the nomination to Thomas Cole, managing editor of La Presse of Montreal, who one time was well known in Ottawa as assistant census commissioner, and who is mentioned as the probable deputy minister of public works.

What do you think, Sir Wilfrid? He would give no indications as to any particular man to suggest, but made it pretty clear to the delegation that they should select one whom they could all vote for and support.

### Hamilton Happenings

#### HAMILTON COMMITTEE CUTS OUT BATH CHARGE

Wants People of Ambitious City to Be Clean—General Round Up of Alleged Crooks.

HAMILTON, Nov. 20.—(Special.)—In the past few days the police have made a general round up of alleged crooks who have been tearing things loose in the city. In all, thirteen arrests have been made. Half the force has distinguished itself. This afternoon Chief Smith himself took a hand and made two arrests. His prisoners are Robert Taylor, Burlington, and John Fletcher, 260 Market-street, a junk dealer. Taylor is accused of stealing brass from the Cataract Power Company, and Fletcher is charged with receiving it, knowing it to be stolen. The chief nabbed them both and made them carry the stuff that got them into trouble to the police station.

#### Accident on Grand Trunk

An accident on the Grand Trunk near the city yards occurred shortly after a clock this morning, when the freight train had a pile-up in the tracks. The train was being pulled by the engine and several cars were derailed. The wreckage being scattered over a considerable area. The freight train was blocked for several hours, and the passengers were sent east over the other line. The accident was caused by the engine slipping on the tracks. The freight train was carrying a large quantity of goods, and the accident caused a considerable loss. The Grand Trunk is now running on the other line, and the freight train is expected to be back on the main line in a few days.

#### Sensational Arrests

The police this morning made an arrest in a sensational manner, when they took into custody Louis Levy, a well-known metal dealer. Mr. Levy was arrested on charges of receiving stolen goods. The police had been following him for some time, and they finally caught him in the act. Mr. Levy was taken to the police station, and he is now being held in custody. The police are hoping to catch more people who are involved in the same scheme.

#### Even Stole Ring

Girl Bought It, But Swain Put It in Pawn.

Edward Phillips was arrested by Acting Detective George Guthrie after an exciting chase up Victoria-street yesterday afternoon. He is charged upon a warrant with theft of a ring from Miss Annie Tremaine. From Miss Tremaine's statement it would appear that Phillips has been continuously on the run of late. The ring was found in the possession of a girl who bought it from Phillips. She pawned it, and the police found it in the pawnshop. Phillips is now being held in custody.

#### Hospital Tent Affire

Live Wire Causes Slight Blaze in Male Nurses' Quarters.

One of the tents for out-of-door patients in the Western Hospital, occupied by the male nurses, was burned at 9 o'clock last night. The blaze started from an electric wire. The contents of the tent, consisting of beds, tables and washstands, were destroyed. The loss was about \$100. It was unoccupied at the time of the fire, which was quickly extinguished by Portland-street division of the fire department.

**HOLD ROYAL BALL BELOW THE GROUND**  
**Subterranean Ballroom of Welbeck Abbey Scene of Fete in Alfonso's Honor.**

LONDON, Nov. 20.—King Alfonso and Queen Victoria of Spain, who are guests of the Duke of Portland, will attend a ball to-night, given in their honor, in the famous underground ball-room at Welbeck Abbey, which was excavated by the fifth Duke of Portland, and which has not been used in years. The whole suite of subterranean chambers and the passages communicating with them will be dazzlingly illuminated with electric lights.

**The King's Daughters.**  
 VICKSBURG, Miss., Nov. 20.—The ninth annual conference of the International Order of King's Daughters has adjourned. Bucyrus, Ohio, was selected as the meeting-place next year. The following officers were elected: Mrs. M. C. Smith, president; Mrs. J. W. Smith, vice-president; Mrs. J. W. Smith, secretary; Mrs. J. W. Smith, treasurer.

**BEAUTY PATTERN CO.**  
 5888-5876—A Smart Walking Costume.  
 This modish, two-piece suit was stylishly developed in dark gray English suiting. The chic cutaway coat is of unusually good style, and will serve as a model for a separate coat of broad cloth or other material, as well as part of a costume. It is semi-fitting and of excellent shaping. The curved seams in front and back aiding in giving shapeliness to the figure. The skirt is a new nine-gored model, laid in the inverted box-pleat at each of the side seams. Close adjustment is given at the top, the lower edge flaring gracefully in accordance with present styles. Serge, cheviot, mohair, broadcloth and the novelty suitings are all suggested for reproduction. For 36-inch bust measure 21-2 yards of 44 inch material will be required for the coat, and 6-3/4 yards for the skirt.  
 Ladies' cutaway coat, No. 5888—Sizes for 22, 24, 26, 28, 30 and 32 inches, waist measure.  
 Ladies' nine-gored skirt, No. 5876—Sizes for 22, 24, 26, 28, 30 and 32 inches, waist measure.  
 This illustration calls for two separate patterns, one for each article, which will be sent to any address on the receipt of 10c in silver.

**Good Time to Buy a Piano.**  
 Heintzman & Co., Limited, 115-117 King-street west, Toronto, are experiencing a great demand for pianos, and are now offering them at a special price. They have no room to keep them up one on top of the other, and for this reason are offering bargains to-day at most ridiculous figures to effect an immediate clearing.

**Knox College Students' Missionary Society.**  
 The 47th public meeting will be held this evening in convocation hall, Rev. D. C. Hosack will preside and the addresses will be given: "Among the Loggers of B. C.," by A. M. Dallas, B.A.; "Home Missions," by Rev. J. G. Shearer, D.D.

**Robert J. Reed, Wheeling, W. Va., chairman, and Miss Annie Braun, Toronto, member of the advisory board.**

**Graduating Nurses.**  
 The graduating exercises in connection with the Training School of Nurses at the Hospital for Incurable Diseases, took place Tuesday evening. There was first a short but much appreciated program rendered by the inspector, E. Rogers, and members of the staff of the institution. Mr. Rogers, inspector, delivered an able address, and Mrs. Rogers presented the diplomas and pins. This is the first class of nurses to graduate in this training school. Those who graduated were: Miss A. McNamara, Miss A. Eakins, Miss C. Cassidy, Miss S. Hodgson, Miss H. Kildea, Miss J. Millard, Miss S. Weil, Miss L. Stevens, Miss M. Carson, Miss M. Elliott and Miss M. Magee.

**Furs of the Moment.**  
 From The New York American.  
 Muffs have grown and grown. This year it seems they must at last have reached the limit—in size. And they, too, are built on original lines. Some of the look like nothing so much as if the wearer had hastily picked up a small fur rug from the floor and thrown it across her shoulders. In reality it is probably one or two black lynx skins, laid out quite flat and lined with thin satin—no interlining is allowed. The muff proper is of satin, made separate, and with the skins merely tacked to it at the top, the heads and paws hanging down on one side, the tails and paws on the other.  
 Sometimes, in the case of small skins half a dozen are used in this way, laid side by side. This is illustrated in the sketch marked "E." Still another variation of this style of muff is seen in the illustration "F." This is of caracul and is ornamented with a big bow of ribbon, centred with a rhinestone ornament. Very large, nearly square muffs of lynx and fox are seen but always adorned with tails. The stuffing of muffs is reduced to the minimum, for neatness of effect is earnestly sought after.  
 There seems to be hardly anything in the way of laces and colored silk embroideries that cannot find some place on a fur coat. For they are trimmed and trimmed—and yet again trimmed.  
 Little waistcoats of velvet and of softest suede are elaborately embroidered in a tarnished silver and gold thread now so smart. Deep cuts and quite possibly a standing collar inside the fur wrap around one of the arms of the same material, embroidered.

**Crepe.** Mrs. John Kay, pearl chignon with black trimmings. Mrs. J. J. Palmer, white liberty satin. Mrs. Henry Baird, black point d'esprit over white satin. Miss Irene McLeod, net with design of mauve flowers, old-fashioned flower in her hair. Miss McLean, cream voile with deep tucks, her hair prettily arranged with a Dolly Varden curl. Miss Lois Dugan, pale pink crepe empire frock, set-aside ornament in her hair. Mrs. T. R. Taylor, black sequin gown. Mrs. George Gale, in empire frock of pale pink. Mrs. Ireland, white crepe and diamond ornaments. Miss Harriet Ireland, white liberty satin, slightly empire, opalescent trimmings. Miss Dodo Suckling, turquoise blue liberty satin. Miss Maud Band, white net with inlets of Burgundy lace. Miss Mabel Lennox, cherry red chiffon. Miss Gage, spotted chiffon over pink. Miss Janie Wallbridge, white chiffon draped in black. Miss Patti Warren, white liberty satin. Mrs. Alfred Denison, black chiffon over satin, black lace trimmings. Miss Yolanda Morrison, pale pink with rose velvet folds. Mrs. Morrison, white spotted chiffon, duchesse lace. Miss Pauline Foy, graceful frock of pink liberty satin, a large pink rose on the bodice and in her

**Chance to Economize.**  
 While all this sounds very expensive, and luxurious, the woman of slender purse need not despair. Her needs have been most carefully thought of this season.  
 The very fact of other materials being combined with fur assures her out-of-date coat being done up successfully. Then, too, several kinds of fur may be used together and not look all out of the way. Say she herself, a set of sealskin quite out of date, and one of Persian lamb ditto. A clever furrier can use strips of the two, alternating for the muff, and trim it with flat rosettes of platted satin. From this he can depend on the hand the sealskin on silk cords. The neck piece may be a combination of the two furs made into one of the still fashionable four-inch bands. The old furs will look quite as well as the purchased at an expensive furrier's.

**CEMENT IS BLAMED.**  
 A defect in the cement work, allowing water to be crushed and set into the cause advanced by President Chapman of the Ontario Wind Engine & Pump Company for the collapse of the water tank at the Hees Company factory. An expert will investigate for them.

 William Hodgkins Ordered to Produce Express Package Containing Bank Notes for Sterling Bank.

**WELLAND, Ont., Nov. 20.**—(Special)—William Hodgkins, night operator of the G.T.R. at Stevensville, at 11.30 last night unlocked the door in response to a knock. He was confronted by a man with a revolver and ordered to throw up his hands. He was then ordered to produce a package of \$25 bills assigned to the Sterling Bank from the rear office.

**They Are Being Taxed to Meet Reduction to Hotelmen.**  
 The liquor shop dealers are by no means pleased with the latest action of the brewers' association. Said one of them yesterday:  
 "The brewers' association have decided to lower the price of ale to the hotelkeepers on the goods handled by the hotelkeepers, but the goods handled by the shopkeepers are increased. The goods handled principally by the shopkeepers are four-gallon kegs and bottled ale, and on the four-gallon kegs the brewers have put an extra 30 over and above their increase of a few weeks ago, while bottled ale is left at the increase made a few weeks ago."  
 "The lager and ale that is used in large quantities by the hotelkeepers has been reduced. Therefore, they are actually having the storekeepers pay for the reduction on the hotelkeepers' goods."

**Estimates Exceeded.**  
 Over \$40,000 has been received by the provincial treasurer's department from taxes on railways, banks, loan corporations. This was the amount estimated by Col. Matheon, and will be exceeded by sums still to be paid to the treasury.

 The liquor shop dealers are by no means pleased with the latest action of the brewers' association. Said one of them yesterday:  
 "The brewers' association have decided to lower the price of ale to the hotelkeepers on the goods handled by the hotelkeepers, but the goods handled by the shopkeepers are increased. The goods handled principally by the shopkeepers are four-gallon kegs and bottled ale, and on the four-gallon kegs the brewers have put an extra 30 over and above their increase of a few weeks ago, while bottled ale is left at the increase made a few weeks ago."  
 "The lager and ale that is used in large quantities by the hotelkeepers has been reduced. Therefore, they are actually having the storekeepers pay for the reduction on the hotelkeepers' goods."

 Over \$40,000 has been received by the provincial treasurer's department from taxes on railways, banks, loan corporations. This was the amount estimated by Col. Matheon, and will be exceeded by sums still to be paid to the treasury.

## SECOND YEAR SCHOOL WALLOP THE SENIORS

### Ottawa College Refuse to Play Peterboro—Final Rugby Dates.

It was a shame what Second Year School handed out to Senior school yesterday in the semi-finals of the Mulock Cup series at Varsity Field. The score at the interval was 12 to 0, while in the second period they boosted it up to 36 to 0.

The feature of the game was Green for the winners dropping two goals from the field—one from a difficult angle and the second from 40 yards out.

To-day First Year School and Junior Meds meet. The teams:

Second Year School (9)—Back, Green; halves, VanNestran, Ferguson; forwards, quarter, Hartstone; scrum, Bell, Hopkins, Graham; wings, Hay, Bell, Black, Fridd, Davis, Macdonald.

Third Year School (9)—Back, Marlett; halves, Spence, Chestnut, Hunter; quarter, Strathly, Hartstone, Bruce, Darroch, Charlois; wings, Douglas, Roddick, Marshall, Carroll, Stritt, Cory.

Referee—Herb Clark.

### Teams Look Even Matched.

Companions of Harvey's Club and Hamilton Y.M.C.A. show the teams to be very evenly matched. Hamilton have rolled up a score of about 100 against 10 in three games, while the paddlers have made 111 against 15 in six games. The Y.M.C.A. team, however, have made their points against teams that are new this year in the O. E. F. C., Waterloo and Berlin—while F. C. C. in playing Brockville, St. Michael's and Tammany, were up against old-timers. Brockville, Hamilton were runner-up last year, and now they are making a bid to win the championship. It is felt that the teams are well matched. The game should be a close one.

### Ottawa Refuse to Play.

PETERBORO, Nov. 20.—The local football management were notified by Ottawa College over the telephone with Ottawa College to-night, and the students decided that they would not play at Peterboro Saturday unless the game would decide the Dominion championship. It is felt that Ottawa does not want to meet Montreal in case they should defeat Peterboro. Apparently they are not anxious to play, as they are preparing their amateur standing by meeting the Hamilton team.

The Canadian Union will be communicated with regarding the situation.

### Rugby Gossip.

The game between the Tammany Tigers, the Intermediate B's and the Ontario Varsity, winners of the Intercollegiate series, will probably be played on Varsity Field this Saturday. A number of players are requested to turn out for practice Thursday and Friday evenings.

### Rugby Dates.

At a meeting of the Dominion Rugby Union, dates for the Dominion championships in the senior and intermediate series were allotted as follows:

Ottawa College at Peterboro, Nov. 23. Winner at Montreal, Nov. 30. Intermediate—Nov. 22. Varsity II at Tammany, Nov. 22. Winners v. Hamilton or Dundas, Nov. 20.

### Doing of Eureka Club.

A five-mile city championship roller race will be pulled off Tuesday night, Nov. 26, at the Eureka Roller Rink. A burlesque hockey game will also be played. The ten fittest in costume will be selected to play. General admission tickets can be had from the secretary, Andy Kyle, 37 West Adelaide-street, or any of the club members. All proceeds over and above expenses will go towards the rink's hockey expenses, and all old members, supporters, and friends are asked to take this in.

The Eureka will practice to-night at Bellwoods Park in shape for Saturday's game with the Britons.

### Kerwin Left for Hamilton.

Percy Kerwin left for Hamilton last night, where he was scheduled to-day to start his walk from Hamilton to Toronto, but owing to the heavy rain last night it is likely he will postpone the task.

### British United Athletic Club.

The British United Athletic Club will hold a social, ladies invited, Saturday next. The amusement committee have made a great success of the previous ones and hope to make a bigger success of this. The club will hold their annual smoking concert at the Labor Temple on Monday, Dec. 16. Admission, 25c. A grand program has been arranged and a good time is assured.

### Victoria College Win.

Victoria College defeated Faculty of Education in a semi-final intercollegiate soccer game yesterday by 2 to 1.

### ST. ANDREW'S CROSS COUNTRY.

The annual cross-country run of St. Andrew's College Junior School was held yesterday over a course about two miles and a quarter long. The program was given a two-minute handicap, which enabled one of their number, Cassels III, to gain a good second place, after a remarkable run. The winners were: Silver medal, Sutherland; bronze medal, Cassels III; third, Rolph II; senior preparatory cake; fourth, Goodman (second form cake); seventh, Freeman (first form cake); seventeenth, Home (junior preparatory cake). Time, 18 minutes.

### An Alliance Formed.

NEW YORK, Nov. 20.—The American to-day says an alliance was formed yesterday between the Amateur Athletic Union and the International Skating Union, and the latter body will henceforth control both roller and ice skating. This matter was brought up Monday at the annual meeting of the A. A. U., a committee, headed by Barlow S. Weston, was appointed to look into the matter. The committee made a favorable report yesterday, and the alliance was granted. The International Union is composed of the members of the old association that formerly controlled the racing hereabouts. The A. A. U. handled the ice skating last season, but it is glad to shift the burden to men whose hobby is this sport, particularly the burden of controlling the roller skaters.

It is understood that the new association will rule the roller men with a firm hand.

### Toronto Rowing Club.

The usual fortnightly card party will take place at the club house, 304, Bloor-street, on Friday evening, the 22nd inst. The game will be progressive pedro, for which numerous and handsome prizes will be offered. The last party was a record for attendance, but the house committee are confident that this winter party will be a greater than has been. Members and friends and members of sister clubs are cordially invited.

## NOTE AND COMMENT

### Col. Hanbury Williams has certainly the right idea when he says the two athletic organizations in Canada to-day should bury the hatchet and unite in one big family. It is not to be, however, as the Federation has so much dirty linen to wash that the cloth would be worn out before it reached the C.A. A.U.

### A Hamilton football player has been fined \$50 for kicking another player, which goes to show that Varsity team were let down easy on the kicks they handed out to the officials in Ottawa.

### Chaucer Elliott will receive another bonus if Montreal II win the championship. Chaucer is evidently saving up for his new Canadian baseball league.

### President McCaffery of the Toronto Baseball Club has presented a "J. J. McCaffery" cup to the Toronto Indoor Baseball League. Jeems must be retiring from the presidency.

### Western pluners cleaned up \$100,000 when Rossmore landed at Bennington Tuesday, which makes Hamilton and Windsor look like 30 cents.

### The way Canadian hockey players are migrating to Pittsburgh reminds one of the retreat from Moscow.

### Ottawa College are showing fatherly love when they refuse to meet Peterboro for the Rugby championship.

### The Armenian massacre was nothing to what second-year school did to their elders yesterday.

### Gibbons of Little York used a pedicure in last Saturday's football game, traveling 9-4 miles. With one attached to Fred Waghorne, the eight-day clock guessing contest would be a small affair.

### It didn't take long for those behind the amalgamated Toronto hockey team to find out that too many cooks spoil the broth.

### Smoky City After Players.

BROCKVILLE, Nov. 20.—Pittsburg is making inroads on Brockville hockeyists. Higgins and Muldon of last year's intercollegiate series have agreed to take positions there and play hockey this winter. Albert Kerr, another member of the team, is also negotiating with Pittsburg clubs on the same terms.

### This Man Goes South.

NEW YORK, Nov. 20.—"Dakota Bob," a picturesque western rival of Weston, the pedagogue, started on a walk from New York City Hall to New Orleans yesterday, after getting Mayor McClellan to write his name in his book. He expects to reach New Orleans on Feb. 14.

## Dooley on College Victory

"Well, Hinlsey, I see Ottawa College won the championship."

"Do you tell me that, now, Dooley?"

"Shure an' I do, and they deserve all credit that's comin' 'til them."

"And who did they bate, Dooley?"

"Why, McGill."

"O'ye, tell me the Orlish have been bate agin'?"

"Say, Hinlsey, yer ignorance is sumthin' awful. Yer head is as thick as a grave cheese. I'm ashamed of air acquaintance. Who said the Orlish got bate? The Orlish won, yer dunny."

"But, pardon me, Dooley, yer a mistellin' me McGill got bate. McGill won, then, it shurmes."

"Well, yer shurmes wrong. McGill lost, Ottawa College won and the Orlish emerged on top. Yer addication has been sadly neglected, Hinlsey."

"That's a point for one side."

"And the rhouge?"

"The droop-goal is good, is it not, Dooley?"

"Shure! It counts a dozen points if yer knock the goal posts down."

"A try, what is that, Dooley?"

"Oh, ho, ho, ho!—Hinlsey, is it whin yer try to score and jist fail, and the crowd says, 'Well tried!'"

"The droop then appears to be the best, don't it?"

"O' course it does, Hinlsey, yer insinuat' rascal, and we'll jist go up to Sam's and have one now."

## BURY THE HATCHET.

MONTEAL, Nov. 20.—The Montreal Star to-day publishes the first interview with Col. Hanbury Williams about his intentions in regard to the Olympic games, and his views on the disorganised athletic fight that is reading Canada's athletes aunder. He insists that all Canadian athletes and the Canadian Federation must come together, bury the hatchet and be of united purpose, and they must at once stop washing their dirty linen before the world, and instead bring them together, as he thinks that is the only way in which we can make a showing in London next year, and the only salvation for Canadian athletics in the future. He says that he has taken of what the American Athletic Union says. "We are working for Canada, not for the United States. This looking after the interests of Canada is too big a job to permit us to look after the interests of any other country. Other countries can look after themselves." He insists that private differences must be buried for the sake of national glory.

### I.A.A. Roster Reorganized.

The roster of the Island Athletic Association has been reorganized and elected the following officers: President, Frank Huckvale; Hon. Secretary, S. Wren; Secretary-Treasurer, H. Scott; Executive Committee, Messrs. Ferrier, Lawson and Kirkpatrick; Manager senior team—W. Quinn; Manager junior team—R. Fleming.

### Project Abandoned.

The project to have a composite senior O. E. A. team in this city has been abandoned. This move is deemed advisable by the executive committee of the teams interested in the proposal.

## ST. MIQUES ORGANIZE DOHENY IS CAPTAIN

### Riverdale High School in Line—Brockville Players Off to Pittsburg.

A very enthusiastic meeting of St. Michael's College Hockey Club was held last evening in the students' club room. The club recognized for the coming season, with the following officers: Hon. patrona, Mr. E. O'Keefe, Mr. Geo. J. Foy, Mr. Geo. Clarke, Mr. J. Power, Mr. J. McCabe, Mr. John Clarke, Mr. L. Cosgrave, Mr. Harris, Mr. J. J. Selts, Mr. T. P. Phelan and Mr. Fred Phelan; hon. president, Rev. N. Roche; hon. vice-president, Mr. John Ryan, Mr. R. Dissette, Mr. J. McConvey, Mr. J. Murphy; president, Rev. H. Carr; first vice-president, Mr. E. Dissette; second vice-president, Rev. V. Murphy; third vice-president, Mr. J. McConvey; manager, C. Donovan; secretary, J. J. Grossman.

Clarence Doheny, the clever little goal-tender of last season, will captain the team. The other last year's players who will be in the game this year are J. Timmins, J. Dissette, J. McCool and J. Hui-gor.

## INDOOR BASEBALL NEWS DOINGS OF THE LEAGUE

### J. J. McCaffery Presents a Cup for Competition—Games Saturday.

The executive committee of the Garrison Indoor Baseball League met in the Body Guard mess room last night, and various items of interest were discussed. The games for tonight are: Stanley Barracks first team v. C. Co. 4th, and B. Co. 2nd Batt., Q.O.R. v. Engineers' second team. The games for Saturday are: C. Co. first team, 1st Batt. Q.O.R. v. G.O.B.G. and G. Co. 4th Batt. Q.O.R. The practice games heretofore scheduled for this night are cancelled, and a sale of tickets will be held at 7 o'clock. The honor of the league trophy will be on hand to pitch the first ball, thus opening the season proper.

President J. J. McCaffery of the Toronto Ball Club has presented a magnificent cup, to be known as the "J. J. McCaffery Trophy," to the players who are interested in the indoor game, and will be an almost constant spectator when the senior section commences its operations. "King" Kelley, who is expected here before an on the invitation of the executive committee at one of the games.

The umpiring staff is now complete, and under the leadership of Bill O'Brien, every umpire is well qualified for the work, which will be unusually strenuous this season. The executive committee are finding difficulty in keeping the number of teams to the limit of four eight-team sections. No hapazard team will be admitted, as a chance in the league this season.

Col. Galloway is greatly interested. His absence is due to a severe sickness, but happily he is now convalescent. "King" Kelley, the general secretary, is always at hand to handle the correspondence, and "Sergeant" Zeno, of the Body Guard, is assisting in the handling of the correspondence. His city of "Wor!" is needless to say, unneeded.

Princeton Wins Cross Country. Princeton won the cross-country run from Oxford and Yale in the intercollegiate series of six and one-half miles to-day by the score of 74 to 71. Whitley of Princeton, who won the race against Yale, did not compete. McGee of Princeton, who ran against Yale, finished first in 32 minutes 27-3 seconds.

# Prairie Oyster Wins Class A Beats Riley B. and Fox Pugh

### Bob McBride Wins With Sir Robert and Nellie M. Beats the Class D Horses.

The Dufferin Driving Club's matinee at the Dufferin track yesterday proved an eventful afternoon's racing. The track was good, but the day was not of the best for the spectators, as a cold, raw wind blew from the southwest, making the occupants of the grand stand feel its presence.

The racing was decidedly good, in spite of the fact that two of the races—Class C and Class D—could not go the limit on account of darkness. The former had to be declared finished with the third heat, when R. J. McBride had two heats to his credit, with Sir Robert, and James Noble's Johnny on the Oyster. The latter were finished in Class D, the newcomer to the matinee game, Nellie M., owned by A. Miller, getting both.

The feature event of the day was the race for Class A, in which the Dufferin Driving Club's Prairie Oyster, owned by R. J. McBride, was the victor. The other original entries, Jimmy McDowell with William C. leaving Arthur Wainwright, Oyster, and Sheppard's Riley B., James Noble's Fox Pugh and Wm. Bailey's Western Boy to contest for the limit.

Prairie Oyster had won in this class last week, but the owners, Riley B. and Fox Pugh were each confident they could take his measure yesterday. In this they misjudged considerably, for it was Prairie Oyster, one-two-three, that formed a combination too hard for the others to beat.

Johnnie had been protected, was sent away fully two lengths back. Montgomerie got Prairie Oyster off bolting, and he went around the track in half-mile heats, as he stepped the final heat yesterday in 1:30, eased up all thru the stretch.

While the race was won in straight heats, it was interesting all thru and kept the spectators in the grand stand until the finish.

Johnnie H. figured the best in Class C, a race in which four trotters contested with three pacers, but the Algonquin gelding, coming out hard for the money, was not in the money.

However, he was presented with the third, also being found in a heat. Nellie Bay and Sir Robert, each finishing in front of him, Nellie Bay was set back to last place for changing his position in the stretch, an offence which no one but the judges saw, apparently. Sir Robert made a mistake in the stretch, also.

The judges in this case, Judge H. H. Croker, and the many who had backed Nellie Bay for the heat were not slow in expressing their views. Bob McBride had Sir Robert going nicely in each of the two heats, which he won handily, also he was going to win the third heat, several horses being in front of him at the start.

He drew an outside position and was in a bad position starting in each of the heats.

The newcomer, the chestnut mare, Nellie M., by Bourbonnais, owned by A. Miller, made the boys sit up and take notice in Class D, when she won the two heats pulled off. Bob McBride's good little 3-year-old filly, Gussie Hal, led the first heat to within a few yards of the finish, when Nellie M. got up in time to win by a head.

The following are the summary and the officials:

Class A, ch. m., by Malvolto (2:17); Arthur Wales (Montgomery) 1 1 1  
Riley B., blk. c., by James & Sheppard (Watson) 2 2 2  
Fox Pugh, ch. h., by James & Sheppard (Noble) 3 3 3  
Western Boy, br. g., Wm. Bailey (Bailey) 4 4 4  
Time—1:09, 1:09, 1:09.

Class C, ch. m., by Sir John; R. J. McBride (McBride) 1 1 6  
James H., ch. h., by James & Sheppard (Noble) 4 3 1  
Easy Laura, br. m., P. Kenyon (Kenyon) 2 4 2  
Nellie Bay, blk. c., C. Allen (Allen) 3 2 7  
The Lion, br. c., by Kerr (Montgomery) 6 4 4  
Time—1:17, 1:15, 1:15.

Class D, ch. m., by Bourbonnais (A. Miller) (Miller) 1 1  
Gussie Hal, br. f., R. J. McBride (McBride) 2 2  
Major W., br. g., Frank Rogers (Rogers) 3 3  
Big Sandy, br. g., J. Davis (Davis) 4 4  
Lady Wilkes, br. f., P. Roach (Stewart) 5 5  
Black Dick, blk. g., J. Smith (Smith) 6 6  
Time—1:18, 1:18.

Judges—Con. Woods, George Birdsal, J. Curran, Timers—J. Chiknerboom, Geo. May, F. Rogers, Starter—James O'Halloran, Clerk—W. A. McCullough.

### THE WINNERS.

Class A—Prairie Oyster, by Sir Robert.  
Class D—Nellie M.

### NOTES OF THE TRACK.

Prairie Oyster is a shifty pacer. He has no record and will be raced on the ice circuit by Jack Montgomery.

Western Boy paces great guns in spots, but is not a consistent performer.

The Toronto Driving Club will hold a matinee Saturday afternoon.

Riley B. was not at his best. He can do better.

Where did Nellie M. come from? Jimmy O'Halloran was a little off color in his work as starting judge. He has done better.

Fred Dunn was greatly disappointed in the Lion. The big trotter has a lot of speed, but has developed a bad way of going.

The book in operation had the "busy day" sign out.

Jack Moore of Oshawa was an interested spectator. He is still an enthusiastic horseman.

After Nellie M. won the first heat in Class D, it was a stomach to a gang plank she would win the race. After the race many recalled the fact that she had been faster in better than 1:15 in work out.

Where were Rhoda Wilkes and Bourbon Boy? Class D seemed incomplete without them.

Jack Moore has a green trotting gelding that worked a mile over the Oshawa track in 2:30 the second time hitched to a sulky.

Another familiar figure that was conspicuous by his absence from the track was Jimmy McDowell. He was at the track, but did not have a mount—something unusual.

The World's pictures of the matinee horses made a hit with the horsemen.

These short days it would be well to start the first heat at 1:30, then we might see the races finished.

Big Price for Stallion. B. F. Croker has put thru the sale of the bay colt Charcoal, formerly owned by James R. Keene, to A. A. Laurit of Toronto. The price paid was \$10,000.

Hounds Meet To-Day. The hounds will meet (weather permitting) at Tomdornon Hotel, Tomdornon, at 2:30 p.m.

Crocker Changes His Men. DUBLIN, Nov. 20.—Allen, the trainer, has been given control of Richard Croker's stable, replacing MacCabe. The jockeys also have been changed. Hunter has substituted for Bullock. These changes are understood to be due to Croker's dissatisfaction with the management of the Derby winner, especially in the race for the Atlantic Stakes, and the failure of Rhodora in the contest for the Middle Park Plate.

WELCH CONFESSED. Kingman Man Arrested at Boston Tells of Robberies.

BOSTON, Nov. 20.—Samuel A. Welch of Kingston, Ont., who was arrested last week on a charge of breaking and entering, confessed to the police to-day that he had been in a position to-day to eight house robberies in this city, and several more in Somerville and Cambridge. When Welch was arrested he was carrying a loaded revolver, 25 skeleton keys and an amount of jewelry valued at \$1000. He was held for the grand jury.

MAJOR-GENERAL REMEMBERS MEN OF HIS OLD REGIMENT

Major-General Horne of Weymouth, England, who as an officer of the 16th Bedfordshire Regiment, was for a time resident in Toronto in the "good old days," will be enrolled as a member of the Army and Navy Veterans at their next meeting.

In a letter to Captain John Nunn, he says: "It is most interesting to hear from old comrades always, but especially from you, whom I remember so well, seeing in my company and always doing your duty so well. I have heard of you from Sergeant-Major Cox, who has written to me often."

CLERGYMEN'S PRINCELY STIPEND OTTAWA, Nov. 20.—(Special.)—That with only one exception, the clergymen of the Ottawa diocese are now receiving at least \$700 a year stipend, was the encouraging report presented by Rural Dean Bliss at the meeting of the Anglican board of missions, to-day.

THE TRUTH ABOUT THE PANIC

A New York Correspondent Points Out the Causes, the Effect and the Moral.

Editor World: In order to gain a correct understanding of the causes which have brought about the existing financial crisis, one must look at the situation from a sufficient distance in point of time to enable him to detect the various steps by which it has approached.

It is such an attempt to make (and to make it is the duty of everyone who values the possession of correct views of public questions) the following incidents from recent history, when set in the order of their occurrence, would seem to furnish a chain of cause and effect sufficient to account for all that has lately happened:

1. For several years past there has been an ever-growing stringency of money at this season. The facts of the regularity of its occurrence and the increasing severity of it...

2. Several years ago, by a writer, Ida Tarbell, for the first time the public was aroused to the immense power which it is possible for a corporation to wield in the case of an individual's greatest corporation, as to how that power had been and still was being used to oppress the people...

3. Shortly thereafter another writer, Thomas W. Lawson, carried the Tarbell exposures still further, and revealed to a by then thoroughly awakened public the machinery by which it was possible for those wielding this supreme corporate power to loot at will other, smaller, corporations, and, generally, whomever they chose.

4. Immediately following upon the foregoing came the insurance exposures, which confirmed the public in its belief that its aroused fears were justified. It having been discovered that the life insurance company (for the sacredness of which so much had been claimed) could be made to do anything, a startled people began to ask if their savings could be safe from the hands of the predatory manipulator in the till of any corporation.

5. Next in order came the Chicago & Alton revelations; when, with another gasp, the people began to inquire if their savings could be safe from the hands of the predatory manipulator in the till of any corporation.

6. By now the foregoing incidents had begun to tell upon the popular temper; how often and thoroughly the interests of stockholders had been regarded or deliberately sacrificed for the personal benefits of those in control of their property...

STATE UNIVERSITIES WANT PENSION FUND But Carnegie Foundation Trustees May Leave It to Legislatures to Provide.

NEW YORK, Nov. 20.—Whether the Carnegie foundation for the advancement of teachers should provide pensions for retired professors of state universities as well as those of other institutions of learning, was considered at a meeting of the board of trustees of the foundation to-day.

Henry S. Pritchett, president of the Massachusetts Institute of Technology, and of the foundation also, contended that the various states should take care of their university professors, saying that if the foundation pensioned them it would establish a dangerous precedent and relieve the states of all responsibility.

DRAWING MONEY

If you have a Deposit Account with the Canada Permanent Mortgage Corporation you can withdraw money by mail just as easily as if you visited the Corporation's office.

Your signature to a blank receipt, which we will send you to fill out, is all the identification necessary. We will send you the Corporation's cheque for the amount you withdraw, or an express or postoffice money order, or, if you prefer, we will send you cash by express or registered mail if of moderate amount.

Interest may be withdrawn any time after it is due on the first days of January, April, July and October. If not the interest is added to the amount and bears INTEREST AT THREE AND ONE-HALF PER CENT.

Thus you receive interest upon interest. No dollar you leave with this Corporation is ever idle. That is the reason savings grow so rapidly.

Bondland to R. R. Bondard: I think the market is going lower and expect further liquidation in bonds and don't feel at all bullish.

NEW YORK: Goldman, Sachs & Co have engaged \$1,500,000 additional gold for Europe for shipment to New York by steamer Cedric, which sailed from Liverpool to-morrow. This makes total engagements to date \$75,000,000.

The directors of the Butte Coalition Co. at their meeting yesterday declared a quarterly dividend of 15 cents, payable Dec. 17. Stocks called from Liverpool to-morrow. This makes total engagements to date \$75,000,000.

LONDON: The securities markets in the main are heavy, with a sagging tendency. Foreign stocks and South African issues are steadier, however.

The directors of Atlantic Coast line took no action on the dividend yesterday on account of present unsettled financial conditions. It was expected the dividend, which, according to custom, is payable Jan. 10 next, will be acted on at a meeting of the directors to be held next month.

U. S. Steel is now operating 65 per cent of its blast furnace capacity and probably will reduce further until about 50 per cent is reached. Other interests are similarly reducing output, but the restriction generally is not as great as rumors have it.

Joseph says: By the end of the week the currency premium will probably fall to follow a feverish and halting opening to-day. Specialties: Average Union Pacific. Buy Amalgamated Copper conservatively. Buy B. R. T.

NEW YORK, Nov. 20.—Until the completion of the liquidation it seems highly probable that the rally tendencies in the market will be

then, with comparatively a small offering. The closing was dull and irregular.

Marshall, Spader & Co., J. G. Healy, Currency premiums continue, and no time money market has yet been established for collateral loans or commercial paper, proposed interest rates being prohibited, and offerings in amount very small.

The actual monetary situation has not yet had the full effect of the gold import movement by over half of the amount engaged, and it will require some little time to avail of the recent treasury plans. Meantime, stock market operations are altogether based upon the necessity of liquidation of loans on the one hand and investment buying on the other.

There is nothing in the very near future to suggest a change on these conditions, and monetary relief will hardly encourage a vanned market. They will undoubtedly continue to liquidate without any panic conditions. The market became weak during the last hour of the session, thru general declines, led by the selling of Louisville & Nashville, St. Paul and the Harriman issues.

Emmie & Stoppard wired to J. L. McNeil: The market to-day developed further liquidation, with a panic panic and considerable short covering. Reports of liquidation in Louisville & Nashville and Atlantic Coast Line was associated with deferring of the dividend on the latter stock, and in connection with the large gross loss of L. & N. for the second week of November.

The weekly reports showing similar losses by other roads. Copper metal prices were fractionally lower. The Coalition dividend was reported. There was some talk of possible passing of the National Lead dividend at the meeting to-morrow. Reports of a trenchment by the Steel corporation are thought to be slightly exaggerated, but the copper curtailment is fully up to current reports. Embarrassment of a large Baltimore clothing manufacturer firm was regarded as significant.

THE DOMINION BANK PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS.

Interest Paid Four times a Year

CALL LOANS ARE BEING REDUCED.

World Office, Wednesday Evening, Nov. 20.

The October statement of the Canadian chartered banks, which was given out to-day, is corroborative evidence of what has been going on in the stock markets.

Call loans in Canada show a decrease of over a million dollars for the month, and a shrinkage of \$10,000,000 in a year.

There was also a decrease of upwards of \$15,000,000 in call and short loans outside of Canada.

At Toronto to-day there was another call from the banks on stock collateral, and to this was ascribed part of the selling of the Mackays and Twin City.

It is rumored that all loans on Canadian General Electric stock are to be called, but notice to this effect has not reached some of the brokers, and the rumor is not given entire credence.

There was another outbreak of liquidation in Canadian securities to-day, which had a discouraging effect upon the market, and caused a depressed feeling at the close.

RAILWAYS IN INDIA PARALYZED BY STRIKE

6000 Passengers Are Stalled—Trouble Began With the Engineers.

CALCUTTA, Nov. 20.—Traffic on the East Indian Railway, 2163 miles long, and the second largest line in India, is rapidly becoming paralyzed by a strike.

The trouble originated with the engineers, who are almost entirely European, and yesterday and to-day great numbers of natives belonging to the traffic staff joined in the movement.

The most important section of the road, from Calcutta to Allahabad, is practically tied up and already 6000 passengers are stranded at Ansaul, Bengal, the junction of the East Indian and Bengal-Nagpur Railway, where the strikers are threatening violence. Reports are constantly coming in of engineers leaving their trains at remote stations, and in some cases driving off with their locomotives and leaving the cars.

The strike is seriously affected by the fact that they have been obliged to stop work in consequence of the shortage of coal, and it is feared that the tie-up will delay long outstanding bound ships. The strikers complain of overwork and poor pay.

The strike at the present time is especially serious, in view of the fact that the Government is daily more widespread, necessitating the speedy transportation of relief supplies.

had to call upon the commission a second time to set matters right. Toronto can do very much better than this, and the city as Mayor Coatsworth appears anxious to do, begins dicker with the Electric Light Company, the result will be the same as at that rate and why good dividends, without considering the working classes, or the people of moderate means.

Not to be Ignored.

The Globe would have the city acquire a 2-cent or a 7 1/2-cent rate from the Pellatt company. The hydro-electric commission has already shown the city how to have 6-cent lighting, and the Globe chooses to ignore this calculation.
