Cots--From the Camp Cot Shown Below at \$1.75 to the Bed Couch Illustrated on the Left at \$8.50

A Couch by Day and a Bed by Night for Camp, Verandah, Sunroom or Any Other Room

Summer time is visiting time, and sometimes the home is taxed to accommodate the guests. A cot or two will, perhaps, answer the problem. Summer time is also camping time and sleeping out time, in which connection cots are very useful, so that these few items should prove of interest to many.

The camp cot illustrated on the right is a convenient one for transporting or storing and is comfortable in use. It is 72 in. long; has wood frame with woven wire top with copper wire side supports. It has folding legs and head rest. Price **1.75**

A compact army cot (folding type) has wood and steel frame and canvas top. Size 30 x 72 inches. Price **2.45**
The bed couch, as illustrated on the left, is a most convenient one, for it can be used as a couch, a single bed or a double bed. It consists of two steel frames with wire springs fitting one inside the other and which can be pulled out to form double bed. The tufted mattress is also double and can be opened up to cover.
Upholstered in green denim with valance, etc. Price, each, complete **8.50**

FERN BOXES, FLOWER STANDS AND VERANDAH TABLES HALF PRICE.
Fern Boxes, oblong shape, in cream and green finish. Half-price **2.45**
Fern and Flower Pot Stands, cream and green finish. Half-price **.95**
Verandah Tables, green and cream finish, square tops. Half-price **1.65**
—Furniture Bldg., Cor. James and Albert St.

The Midsummer Garden Accessories at Low Prices

THE EXORBITANT HEAT that "Old Sol" has delivered these last few weeks has begun to dry things up, and it is especially important to keep continually watering the lawn and garden, and to sprinkle special preparations on those plants, vegetables and flowers affected by injurious insects.

Rubber Hose, Lawn Sprinklers and Spraying Instruments are required and so we call attention to the following good values:

- Reliable, well made Rubber Hose, both plain and ribbed:
 - 3/4-inch at **.15**
 - 1/2-inch at **.18**
- Brass Couplings and Ferrules included without extra charge with orders of fifty feet and over.
- Hose Reels, made of hard wood with iron wheels:
 - 100 feet capacity. Price **1.00**
 - 200 feet capacity. Prices, **\$1.50** and **1.75**
- Brass Nozzles to fit any rubber hose. Each **.40**
- Very good value is offered in a Brass Ring Sprinkler at **.40**
- Crescent Shaped Brass Sprinkler that can be approached without turning off water. Price **.75**
- The Bell Sprinkler with three spraying tips and stand. Price **2.00**
- For spraying trees, plants, shrubs, vegetables, flowers, etc., and for disinfecting garbage cans, chicken houses, etc., are the following devices:
 - The Syringe Spray, illustrated, is priced at **.35**
 - Another Spray with a glass jar container is priced at **.65**
 - A Galvanized Air Tank Spray that can be used also for cleaning windows. Price **5.25**

Ice Boxes for Campers, Cottagers, etc.

Small Galvanized Ice Boxes that somewhat resemble a trunk in size. They have compartment for ice with drain pipe and nickel tap, and roomy space for provisions. The exterior is finished in an oak grain. Price **5.95**
Small Nursery Ice Boxes finished in white enamel. Price **2.25**

SMALL SPADES, 50c.
We have just received a stock of small spades, 24 inches in length, that are very handy to take along on a motor trip to dig ferns, bushes, etc. They are made of steel, with wood D-shaped handle, and are priced at **.50** —Basement.

An Interesting Display of Japanese Goods in the Basement

THE VERY MINIMUM of wages is paid in Japan for labor, and many quaint and beautiful articles are obtainable at surprisingly low prices.

Most of the Japanese display in the basement includes a purchase our buyer made in Japan some months ago, and you'll find the many interesting things there exceptionally low.

One very unusual curio is a strange looking Japanese Clock that is claimed to be 300 years old. It is oddly shaped and has a peculiar dial, with figures that represent living animals—cock is sunset, rat is midnight and horse is noon, etc. All the gears of this clock are hand-cut. Its price is **25.00**
See it in Chinaware Department. Basement.

Some of the Low-Priced Japanese Articles in the Display

The Tea Set in the illustration at the bottom comprises 17 pieces of dainty Japanese China, beautifully decorated in pink and green floral patterns with blue and brown borders. The illustration shows how desirable this set is for afternoon teas, etc. The set consists of 6 tea cups and saucers, 1 tea pot, 1 covered sugar bowl, and cream jug, making 17 pieces in all for **1.25**

There's a Dainty China Sugar and Cream Set that you'll like. It is decorated in pretty pink, blue and yellow floral pattern with green traced border and handles and is very low in price, at per pair **.20**

Those Mysterious Looking Slippers that all the natives of Japan wear are very suitable for the bedroom, smoking-room or for the bathers who walk some distance from the house to the shore. They are in assorted sizes and are priced at, per pair **.15**

Japanese Paper Parasols made in a beautiful mixture of colors with bamboo frame and handle. These are very attractive as well as useful for keeping the sun off while canoeing, sitting on the beach or lawn or while at a picnic.

Those with 26-inch diameter are priced at 20c; 4-foot size, 50c; 6-foot size, \$2.00, and 7 1/2-foot size **3.50**

Quaint Oddly Shaped and Brightly Colored Japanese Lanterns are and will be much in demand now for garden or lawn parties. They are displayed here in a big variety of different shapes and designs and are priced as follows: 6" high, each, 4c; 8" high, each, 6c; 12" high, each, 10c; 16" high, each, 25c; 24" high, each, 55c; 36" high, each **2.00** —Basement.

How to Reduce Your Electric Bill

Not So Very Long Ago gas lighting had the advantage over electric light in that it could be turned to any degree of brightness desired. But now, we have the Dim-a-lite, an attachment for turning the electric light up or down, just like gas. It's a separate attachment that fits into any electric socket and accommodates any bulb up to 40 watt. See it demonstrated in the Electric Fixture Room in the Basement. Price **1.50**

We'll Tune Your Piano for \$2.00

Pianos get out of tune even when they are not in use; different atmospheric conditions sometimes affect a piano more than actual playing. Our prices for tuning are:
Upright and Square Pianos, tuned by our experts, single tuning **2.00**
Three times yearly **5.00**
Player-pianos, single tuning **3.00**
Three times yearly **8.00** —Fifth Floor.

Fancy Baskets as These Are Distinctly Attractive

These Dainty Flower Baskets make very artistic ornaments for any room in the house. They are made of split bamboo, stained in circassian, and are woven in several fancy shapes. The baskets have extra long handles and are lined with tin to hold in place the container of the flowers. Prices are **\$1.00, \$1.25, \$1.50.**

Fern Baskets, stained in mahogany and circassian color and are tin lined. Prices, **45c, 50c** and **.55**
Window Baskets, tin lined, **\$1.00, \$1.25** and **1.50**
Jardinieres of split bamboo, mahogany finish and tin lined. Several sizes, **\$1.25 to 1.75**
Dark Color Waste Paper Baskets, each, **45c, 55c** and **.65**
Baby Toilet Baskets, open and closed sides and have end handles. Very neat designs. Prices are, each, **35c, 45c, 55c, 65c, 75c, 85c, \$1.00** and **1.25** —Basement.

Plants and Cut Flowers

BOSTON FERNS, each at **.30**
Boston Ferns, each **.80**
Palms, 49c and **1.90**
5-inch Fern Fans, each **.23**
6 1/2-in. Fern Fans, each **.33**
CUT FLOWERS.
Carnations, dozen **.30**
Snapdragon, dozen **.25**
Roses, dozen **.50** —Fifth Floor.

Men's Outing and Fancy Shirts, Thursday, 55c

We bought these shirts right. In fact, we bought them at about cost of making, for the factory's problem was to keep their employes busy at a slack time, so they made several big lots for us, practically at our own price. There are also a few EATON-made shirts, the materials of these being ends and balances left over from various fine grade shirting materials. There's almost unlimited variety, single, double or cluster stripe patterns in blue, black, tan or mauve. Some shirts have separate soft collar to match; others have stiff neck bands only; there are stiff or soft cuffs and most are coat style. Also outing shirts in plain white or various stripes, made with attached soft collar and cuffs. Sizes in the lot from 14 to 17, and special arrangement of sizes will be made to help you find your size quickly. Not more than 4 shirts to a customer, and we cannot promise to fill phone or mail orders. Sale price, Thursday, each **.55**

Men's Two-Piece Bathing Suits, a special shipment of the "Penangle" brand, secured away below the ordinary cost. Made of medium weight cotton, have quarter sleeves, low neck and the trunks are loose, knee length with draw string. Black with red trimmings. Sizes 34 to 42. Sale price, Thursday, suit **.69**

Men's Light-Weight 2-Piece Balbriggan Under-Wear, Garment, 25c.

Here's a rare bargain consisting of a notable special purchase added to various balances of lines from regular stock. We cannot repeat any of these lines and we promise that those who get here while they last will secure an undergarment saving extraordinary. Plain weave balbriggan, natural color or white, long sleeve shirts, ankle-length drawers, saten facings and close-ribbed cuffs and ankles. Sizes in the lot from 34 to 42. We cannot promise to fill phone or mail orders and not more than 2 suits to a customer. Sale price, Thursday, each garment **.25**

WATCH FOR Announcement NEXT WEEK Of the Big AUGUST SALE OF FURNITURE AND HOUSEFURNISHINGS, ALSO WOMEN'S WAISTS

HYDRO LINKS WITH NIAGARA CO. TODAY

Adam Beck Declares everything is Satisfactory to Commission. PRICE NOT AFFECTED Government Will Allow Only Surplus Power to Be Exported.

Sir Adam Beck announced yesterday that satisfactory arrangements with the Canadian Niagara Power Company had been completed and that the hydro link up probably today and take over 12,500 horsepower. Speaking at the meeting of the Ontario Power Union yesterday he said, "Our municipalities will be given a good service and a full supply and will be able to compete successfully with the companies."

said, he had written to Sir George Elfray asking him to reduce the export of inland revenue, had seemed sympathetic, but believed the United States had not had sufficient warning.

ICE FAMINE YESTERDAY HOUSEHOLDERS SUFFER

Trains Leaving Lake Simcoe on Monday Were Late in Arriving.

With the hot weather at its height Toronto suffered yesterday from a shortage of one of the greatest summer necessities, ice. In the morning there was not a sufficient quantity to supply householders and the dealers were anxiously awaiting the arrival of the trains which should have left Lake Simcoe on Monday night. They claim that the trouble is caused by the railway companies, who do not provide a good service.

MORE WAR-SCARRED HEROES RETURNED

Twenty-One Heartily Welcomed on Arrival in Toronto Yesterday.

FIFTEEN FROM CITY

Men Taken to Convalescent Hospital and Royally Entertained.

Another party, containing 21 war-scarred heroes, arrived in Toronto yesterday morning. Of the 21 there were 15 men from Toronto and the remainder from out of town. The men were given a reception at the Convalescent Hospital, where brief addresses of welcome were delivered.

FURTHER DONATION FROM C.P.R. MEN AND OFFICIALS

The Toronto and York County Patriotic Fund Association have received another sum of \$750 from the officers and employees of the Ontario division of the Canadian Pacific Railway Co., thus making a total of \$950 paid to the fund since September, 1915.

ISSUED EXAM RESULTS.

GRIEF OF EMPIRE BUOYED WITH PRIDE

Gratitude and Optimism Tempered With Sadness on August Fourth.

FORTUNE ASCENDANT

Commemorate Second Anniversary of the Declaration of War.

Aug. 4 will be the second anniversary of the declaration of the world's greatest war. It will be an event commemorated with different sentiments the world over, according as sympathy is for or against the participants.

For Canada, as part of the British Empire, and for her brave allies, there will be nothing but gratitude and optimism. Without boasting, it may be said that the fortune of these nations is now in the ascendant, the back of the struggle is broken, the home rush that leads to a victorious goal is now in full sway.

The true that gratitude and optimism will be tempered with sadness, that thousands of homes will weep for the brave who gave their lives, and for other thousands now wounded and suffering, but this grief will be different from any that the people of this generation have before experienced, because it will be buoyed up with pride in those who have done so nobly, whose memory will be kept green in the archives of those who have played the part of saviors to our people.

There will be gatherings of many kinds when people will naturally congratulate one another on the progress made. Bands will play and set up their notes of jubilee, and it is well that it will be so. But it is in quiet cathedral corridors, or 'neath the shade of friendly pillars, that loving heart of mother or wife will find greatest comfort, for there tears may fall unseen and white hands write in petition for the life of the man still fighting, or the peace of the son now dead.

Above all it will be remembered that the boys in the trenches are still in the agonies of the testing time. It is to us that they look for that support which will enable them to make the run on the home stretch the conclusive thing necessary to achieve a lasting peace. The success of the last few weeks, far from suggesting that our energy and assistance should be allowed to abate, is but a signal for renewed effort, for it will yet take the long pull and the strong pull together to win freedom for the nations.

HELP SOLDIERS' HOME.

The sum of \$40 was realized thru the patriotic picnic given by Mrs. W. H. Barker at her summer home, Rouge River, under the auspices of the Lady Ross Chapter, I.O.D.E. The money goes toward the home which the chapter has opened for the purpose of securing a home for returned disabled soldiers.

GOOD YEAR MADE IN CANADA TIRE ACCESSORIES

Easy to get from Good-year Service Station Dealers everywhere—other Goodyear dealers will obtain them for you.

Added Tire Mileage— Lower Tire Expense— Goodyear Tire Savers

We call them *Tire Savers*, these Goodyear Accessories, because that is their function. They are mileage mathematicians, adding to tire life, subtracting from tire cost.

And the Goodyear Service Station Dealer is another tire saver. He advocates Goodyear Accessories because, though there is profit for him, there is greater satisfaction for his customers. For the same reason he advocates Goodyear Tires and Goodyear Tubes—they give longer service.

Let the Goodyear dealer render you the full service that he is equipped and willing to render you. If your tires need inflating, he will inflate them for you, and he will supply at small cost a Goodyear Tire Tester and inflation table, so you can properly regulate inflation in the future.

He will suggest a Goodyear Inside Tire Protector for an old tire, if such can prolong its usefulness. For a few cents he will furnish you with a can of Goodyear Tire Putty to fill small, but dangerous tread cuts.

Before you drive away, ask him to show you the Goodyear Tire-Saver Kit. He will explain why you should have

in your car everything needed to make emergency repairs on the road in case of mishap.

You will see that the Goodyear Tire-Saver Kit is a motorists' "housewife" containing the materials necessary for repairing both tubes and casings when on the road.

At all times and at no cost the Goodyear dealer will give you unbiased and expert advice on the care of your tires—and on the judicious and efficient use of the Goodyear Tire Accessories.

There is probably a Goodyear Service Station Dealer near you.

Will you tell him you have read this advertisement—that you are going to give him a chance to live up to it—and that you will be glad to have him point out the value of Goodyear Tire Savers?

The Goodyear Tire & Rubber Company
OF CANADA, LIMITED
Toronto, Ontario

The better Service that is rendered by Goodyear Tires and Goodyear Tubes can be increased by the use of Goodyear Accessories. Goodyear Service Stations carry these accessories, other Goodyear dealers can get them for you.

PARCELS FOR CANADIANS IN IMPERIAL FORCES

Those Containing Dutiable Goods Handled by National Service Committee.

The national service committee under an arrangement with the Canadian

War Contingent Association is accepting parcels for a particular class of Canadians in England.

It is especially to be noticed that this new regulation applies only to parcels containing dutiable goods addressed to Canadians serving in British forces stationed in England. It does not apply to parcels for Canadians in the Canadian forces.

Parcels complying with these conditions and not exceeding 11 pounds

in weight, if marked on the outside special dutiable, with a statement of the contents and value, will be accepted carriage paid at 77 East King street, Toronto, or at 156 Wellington street, Montreal. From these points the goods will be forwarded by freight to England free of charge.

All the parcels for private individuals which do not satisfy the above conditions should not be sent thru the national service committee.

PATRIOTIC NOTES.

The Red Cross Auxiliary of Aurora made \$103 from the sale of tickets for the raffle of a Fleury play, which took place at the Lennox picnic, on Wednesday last. Up to the present the holder of the ticket (No. 1921) has not been discovered. In case of his non-appearance in a reasonable time, the play will again be put up to be raffled.

Twenty-five dollars was raised thru

a garden party given by Miss Violet McKay, at Al-Go-Won, Pleasant Point. This amount was sent to the Red Cross headquarters, Toronto.

J. J. Gibson, treasurer of the Toronto branch of the Red Cross, has received from the treasurer of the Presbyterian Church in Canada, a cheque for \$115, which amount was contributed by Presbyterian missionaries in Korea.

WEDNESDAY MORNING, JULY 26.

Time to Speak Up

Major Gen. Sir Sam Hughes has reached the turning point in his career. His friend Allison has been condemned by the royal commission for preying upon the empire in her hour of direst need; the Ross rifle has been condemned by the British Government and virtually blacklisted as a service arm; recruits borne on furlough have inflamed the public mind against Camp Borden and the militia department. Yet this is the time when the minister of militia sails over sea and a new-fangled official called the parliamentary secretary for the militia department, resigns in his stead. Surely Sir Sam is not running away, for he never turns his back on a friend or a foe. But his silence may be misinterpreted. Sir Sam should speak up.

And should not Sir Robert Borden also speak up? His government has failed to speak for the minister of militia in the latter's absence. Under the British parliamentary system, there can be no such thing as a divided executive. The government of the day is one, and all the members of the cabinet, so long as they remain members, are responsible one for the other to an unlimited extent. The cabinet is a partnership, not a limited liability corporation.

Hence the cabinet thru its prime minister must speak for Hon. Mr. Cochrane; compelled, we regret to note, thru indisposition to remain away indefinitely from the national capital. Does the minister of railways enjoy the confidence of his chief? And does the Borden government propose to follow the Cochrane policy of freely permitting the export of Canadian nickel? Mr. Cochrane was either quite right or he was terribly wrong. The issue is one that cannot be traded. The government must either be for the Cochrane policy or publicly denounce and repudiate it. Time to speak up!

Then we have Conservative members of parliament, fearless defenders of public rights, who should be heard from. Do they endorse the Ross rifle, J. Wesley Allison and the export of Canadian nickel to Germany? We are almost tempted to call the roll and perhaps we should begin with Ontario, but some western papers refer to Mr. R. B. Bennett, M.P. for Calgary, as defending the Cochrane policy and to some extent condoning the unspeakable record of the nickel trust.

Mr. Bennett has been called the "Calgary Callopie," but we prefer like Sir Wilfrid Laurier to think of him as one whose eloquence compares with the crystal torrent of the Bow River as it dashes from the snow-capped peaks of the Rocky Mountains to the city for which he sits in parliament. Mr. Bennett should not appear too often in the role of an apologist. If he has ever visited Copper Cliff he knows how the fumes of the nickel company's furnaces destroy all vegetation for miles around and rob earth, stream and sky of their liveliness.

Let him take note that the fumes of the nickel trust in like manner will destroy the reputations of public men who might otherwise render great service to the commonwealth. He cannot afford to be hypnotized by Wallace Nesbitt, K.C., or remain blunder on the brief of Solicitor General Meighen. He must get out into the open; disentangle himself from the nickel trust and get in line with the public opinion of Ontario. Upon the commanding issues now before the people, every public man must declare himself. Mr. Bennett should speak up.

Social Reform Behind Shell Production

What is being done on the western front by the French and British troops and on the eastern front by the Russian troops would have been impossible, but for the devotion and loyalty of the munition workers, male and fe-

male, of Great Britain. Of course there are other workers than these, and elsewhere than in Britain, but the great responsibility rested upon the munition workers of Britain and they have responded nobly to the call made upon them, with the vast supplies with which Austrian and German artillery have been overwhelmed.

This is admitted in Budapest, and the German newspapers begin to understand that they are at last definitely on the defensive. Such a result would not have been possible but for the application and assiduity of the British workers. It is almost incredible what exertions have been put forth in the various factories, government and private, since Mr. Lloyd George took over the ministry of munitions. His influence with the workers has been very great, and their willingness to let the artillery run short of shells was undoubtedly due to his influence and the information he gave them.

The foundation of that influence was laid in the social reform legislation of previous years in which the working men of Great Britain had learned to know who was on their side and working for their interests. The Old Age Pension Act has had as much to do with the production of munitions in unprecedented quantities as any other form of concrete patriotism. It makes all the difference whether a country is worth working for and fighting for or not.

ONLY FOUR NAMES IN YESTERDAY'S LIST

Lightest Casualty Report for Many Days—Says Four Were Wounded.

Yesterday's casualty list was the lightest for many a day, containing the names of only four Toronto men, all of whom have been wounded.

Pte. E. H. Edwards, 123 Winchester street, is in No. 1 Convalescent Hospital at Rouleux, recovering from wounds he received in the attack on the trenches at Ypres on July 19, 1915, and was engaged with the Field Engineers. Besides his wife, he has a family of five children, the youngest being born two months after he went overseas.

Sapper James Browning, 723 Gerard street, was wounded on July 19. Word to this effect has been received by his wife. He enlisted in April, 1915, and went to England with the Field Engineers. Besides his wife, he has a family of five children, the youngest being born two months after he went overseas.

Sergt. R. M. Ballantyne has been wounded. He was born at Grassmere 30 years ago. While in Toronto he was engaged by G. McLaughlin of the Toronto Electric Motor Company. A brother is a munition worker.

Sergt. J. W. Turner, whose wife and four children live at 25 Gladstone ave., is suffering from rheumatism and is in a hospital in France. He went overseas with a second contingent battalion.

CARRIED OUT IN LAKE ON A PIECE OF PLANK

Six-Year-Old Clifford Strange Picked Up by Launch in Nick of Time.

Clinging to a piece of plank in the water about a quarter of a mile out from the northern shore of Fishermen's Island, a six-year-old Clifford Strange, 195 Bolton avenue, was picked up yesterday afternoon by Thomas Smith of the island and his daughter, Mrs. W. S. Hopkins, 89 Dingwall ave., who witnessed the youngster's plight, and put out to his rescue in a launch. The boy had been playing with others near the water's edge, and finding the plank floating had clung to it and been carried out into the lake. He was badly frightened when rescued.

POLICE COMMISSIONERS HAD SHORT SESSION

Licenses for Two More Garages Granted and Two Policemen Reinstated.

Ten minutes sufficed for the business of the police commissioners in the city hall yesterday afternoon. Licenses for two garages were granted, and it was decided to reinstate two men on the force. The prices at which the clothing contractors will furnish the clothing for the police force for 1917 were heard and approved.

There will be no meeting of the board for the next week, as the Chief of Police Grasset will be away on his holidays in eastern Canada.

DRUGGISTS TO APPEAR ON SERIOUS CHARGES

Alleged Some Sold Cocaine Without Recording Sales.

Charged with selling cocaine without recording the sales, Thomas Crutten, druggist, pleaded guilty and was fined \$20 and costs or 30 days in jail.

Other druggists are slated to appear for similar offences, the police alleging that the cocaine and morphine habit was on the increase in Toronto.

James Drake, accused of having morphine in his possession, was remanded till July 28.

Completely Restored to Health by "Fruit-a-tives."

322 St. Valler street, Montreal.
 "In 1912 I was taken suddenly ill with Acute Stomach Trouble and dropped in the street. I was treated by several physicians for nearly two years, and my weight dropped from 225 pounds to 160 pounds. Then several of my friends advised me to try 'Fruit-a-tives.' I began to improve almost with the first dose, and by using them, I recovered from the distressing Stomach Trouble—and all pain and Constipation were cured. Now I weigh 208 pounds. I cannot praise 'Fruit-a-tives' enough.—H. WHITMAN."
 50c a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Political Intelligence

Both political parties seem to be suffering from something like distemper. Never have the rank and file of the Conservative party been less inclined to cheer than at present. The politicians found this out in North Perth. The voters had little to say, but failed to respond to the old-time appeals to party loyalty. The poor showing made by the Conservatives in Nova Scotia was largely due to the same silent disaffection. There was no open revolt, but there was unmistakable dissatisfaction.

The Liberals are in little better position. They are winning over no disaffected Conservatives to their column. If they get in at the next election it will not be because the majority of the people want them, but because the people are in a petulant mood and care little what happens. They are in much the same mood as a hard drinker who wakes up with a terrible thirst in a local opinion town and has to choose between gin and beer and sarsaparilla.

You hear grumblings among the Conservatives about the stupidity or worse of the government in dealing with the nickel situation; about the tragedy of the Ross rifle; about the commissions of Allison and the absurd eulogies heaped upon Allison by Sir Sam Hughes. You hear a good many complaints, and they are not all directed at the Ottawa government. A child can see that the Hearst government does not stand where the Whitney government stood less than two years ago. The pell that seems to rest upon the spine of the party is the feeling that the government on Parliament Hill and in Queen's Park alike are drifting and bumping along without sail or rudder.

But you must not suppose that the Liberals are entirely satisfied with their situation. A prominent member of the party, whose name is now a household word throughout the province, said to a World reporter that he would not support the Liberal party at the next federal election, but they do not deserve to carry anything. They stand for nothing; they have learned nothing in opposition; they will be kicked into office, only to be kicked out again.

Some uneasy feeling of this kind must have prompted the recent Liberal conference at Ottawa. Some of the party leaders in and out of parliament assembled and thru the dog days at night, in camera, morning, afternoon and night, they evolved many plans for a national platform and groped about for a new leader.

Strangely enough their minds all turned to social uplift. Three hundred thousand young fellows, we hope, will soon be coming back from the war seeking employment; 200,000 munition workers will have to produce something besides munitions. Big problems, social and economic, face the country, and they are going to be solved if the mothers' pensions, old age pensions and national insurance can do it. Mr. Rowell, who is quite an uplifter, has gone to England, but in his absence a new light has arisen. The Ottawa Free Press says that the chief result of the recent conference has been to project a new figure into the national life of Canada.

The new figure is Mr. Joseph E. Atkinson of the Toronto Star. Mr. Atkinson, we are told, is a large employer of labor and has done much in Toronto to uplift the toiling masses and improve their conditions. Whenever he speaks, we are told, the common people hear him gladly. He was appointed chairman of the sub-committee of health and social reform at the recent conference, and when he recommended mothers' pensions and old age pensions and national insurance the Liberal party of Canada at once fashioned his recommendations into plank No. 1 of the new Liberal platform.

Mr. Atkinson is so pious as he is ambitious. He is credited with a desire to own a chain of newspapers in Canada, which will embrace The Toronto Globe and The Ottawa Free Press. Perhaps the Free Press has heard the news, and like the little lily, steps for joy. However that may be, it concludes a fervid eulogy of the new leader with the following paragraph:

"Mr. Atkinson is a most convincing speaker. He does not indulge in flowery speech; but when he handles a subject he views it from every angle, analyzes it from beginning to end and presents his own conclusions in a way that invariably carries conviction to his hearers. We hope that Mr. Atkinson's presence on the Liberal advisory committee is but the precursor of his appearance in parliament, where in a very short time he would undoubtedly become a national figure. Mr. Atkinson is always received with acclaim by Toronto audiences, especially by audiences of working men; and his entry into public life would soon be followed by his promotion to a position of leadership."

NEWFOUNDLAND AND CANADA

Their Association in the Development of the Great Steel Industry.

IRON ORE OF WABANA

Its Extent and Value as a Basis of Nova Scotia Co.'s Development.

The directors of the Nova Scotia Steel and Coal Company last week finished a visit of inspection to their Wabana iron mines on Bell Island, near St. John's, Newfoundland. It has been known by all who take an interest in the mineral industry that the Bell Island deposits rank among the most extensive in the world. Only a few know what was being done to make their wealth available, and how large had been the expenditure to enable the owners to profitably use the raw material of the chief steel and iron industries of Canada. Both the Nova Scotia Company and the Dominion Iron and Steel Company appear to use large quantities of Nova Scotia ore. The size and character of the local deposits would not meet the needs of developing industries of such magnitude. The needed relief was found at Bell Island, in 1912, when the Nova Scotia Company purchased from the Messrs. Butler of Topsail, the property, to which Mr. Thomas Butler has given the name of Wabana, which signifies, aptly enough, "the place where daylight first appears." A part of the property was sold to the Dominion Iron and Steel Company. Both companies have acquired other areas, some deeper water. The holdings of the Nova Scotia Company are estimated to cover thirty-three square miles, partly on Bell Island, partly under the ocean.

The Wabana Works. The conditions of the shore on the Atlantic coast of the province are such that the shipping and receiving of material on the bay side of Bell Island. Here the whole is done by gravity, and the difficulties of getting up the cliffs and upon the ground the great quantities of iron ore and coal are not to be underestimated. The energy and ingenuity of Mr. R. B. Chaney, who has been in charge of the Wabana works since they were first started, have been of great value. Vessels to be loaded or unloaded could be brought to the shore by deep in the water, and the outfit on wharf construction was small. The ore is dumped into the various workings by tram cars operated by an endless chain, one row of the works is done by gravity, and the other from the wharf continuously. Drawn to the loading trestle, material is done by gravity, and the other from the wharf continuously. The labor saving system, and so accessible as the ore on board ship is put as low as \$1.00 a ton. The records show that the work is done by gravity, and the other from the wharf continuously. Drawn to the loading trestle, material is done by gravity, and the other from the wharf continuously. The labor saving system, and so accessible as the ore on board ship is put as low as \$1.00 a ton. The records show that the work is done by gravity, and the other from the wharf continuously.

We guarantee Goodyear Wingfoot Air Heels to outwear any other rubber heels you have ever worn, or any others you can now buy. Should they not meet this guarantee, return them to us at Toronto, or to any Goodyear Branch, and get a new pair free.

The Goodyear Tire & Rubber Co. of Canada, Limited - Toronto, Ont.

60c
 a pair put on, Black or Chocolate, at Shoe Repairers and Shoe Stores.

It is Worth While to Pay More for Goodyear Rubber Heels

It is worth while to pay a little more than the ordinary price to get a heel that's better than ordinary heels.

The ten cents extra which you pay for Goodyear Wingfoot Air Heels will be worth many times more to you in extra wear, extra comfort, extra satisfaction.

We could make a heel to sell as cheaply as other heels. But it would not be the best Goodyear could produce.

Therefore, Wingfoot Air Heels are offered you at the lowest possible price which permits Goodyear standards of excellence to be maintained.

Wingfoot Air Heels are thick, lively, adding a lift to your walk. The air cushions soften the pavement. With Wingfoot exercise becomes a pleasure as well as a duty.

By Mr. Brown, the local manager, Mr. Richardson of the Bank of Nova Scotia spoke of what they had seen, and the enterprise and courage which had carried the company to its present position. He also referred to the history of the enterprise and the men associated with it in its early days, and to the spirit of good-will and co-operation which has prevailed among the executive officers. Others referring to this latter noticeable state of affairs spoke of it as something of value to the company that could not be bought with money, but had to grow out of the conditions established and maintained by those at the head of the enterprise. Colonel Ganley, in reply, made reference to the Nova Scotia Company, and with good results to itself in some cases and with good return to the country and the empire in others.

The party broke up at New Glasgow after a visit to the works at Trenton, where the company was first established, and where the billets produced at Sydney are turned into merchantable material. Here also improvements have been and are being carried on. Bars, angles, plates and other standard articles are produced. Some of the material goes to the nearby works of the subsidiary Eastern Car Company, which are among the newest and best designed in America. Large orders for cars for foreign governments have been filled, and work is now going on in connection with another large order for outside of Canada. The plants are thus the mainstay of three prosperous communities, Bell Island, Sydney Mines and New Glasgow and Trenton. They did much to save Nova Scotia from industrial stagnation when the wooden ship building industry passed away before the advent of steel and they have done much to little to the prosperity of Canada.

They may play their part also in local reviving shipbuilding on modern lines, the latest development of the company's enterprise being the beginning of work on a steel steamship for ocean service.

INTERNATIONAL NICKEL CO. STILL MAKING MONEY

The International Nickel Company reports for the quarter ended June 30, gross of \$2,959,135, net of \$2,023,374, profit of \$3,171,885, or at the rate of 7.58 per cent on the common stock, which is a ratio of 10.82 per cent for the year. This makes a new record, but the next quarter will establish another record, as business is increasing steadily.

For over half a century the O'Keefe Brewery Company has brewed Canada's Best Beers. Only the best Canadian barley malt, choicest hops and filtered water. Put up in Canadian bottles by Canadian workmen. Canadian labels and Crown stoppers.

Today's Entries

AT HAMILTON.

HAMILTON, July 25.—The card for the opening of the second meeting is as follows:
FIRST RACE—Purse \$600, 2-year-olds, allowance, 5 1/2 furlongs:
Blonkin, 113 Atwell, 104
Joanna H., 101 Beat, 104
Langdon, 101 Q. of the Sea, 105
Thoughtful, 104 Pas de Champ, 104
Medling Miss, 104

AT MAISONNEUVE.

MONTREAL, July 25.—Official entries for Maisonneuve tomorrow:
FIRST RACE—Purse \$350, for two-year-olds, five furlongs:
Old Drury, 101 Starter, 104
Mad Tour, 104 Curia, 105
Hearn, 105 Postbank, 108
Eden Park, 112 Abe Martin, 112
No Friend, 112
SECOND RACE—Purse \$250, for three-year-olds and up, selling, 6 1/2 furlongs:
Cousin Agnes, 97 Magophone, 97
Karna, 100 Cyntha, 105
Carissima, 110 Marcol, 110
Rusticana, 110 Margaret G., 110
Easter Boy, 112 D. of Chester, 112
Medford Boy, 112 Beach Sand, 112
THIRD RACE—Purse \$350, for three-year-olds and up, selling, 6 1/2 furlongs:
Smilax, 102 J. D. Suga, 103
McClure, 102 Sordello, 112
Edmond Adams, 112 Cesar Michael, 112
Eddie Mott, 112 Bobok, 95
Molly O., 108 Golden Lassie, 107
Miss Hawkstone, 108 Locheil, 113
Malik, 112 Love Jay, 113
FIFTH RACE—Purse \$250, for three-year-olds and up, selling:
J. D. Suga, 103
Littlet Rebel, 109 Marnita, 109
La Dolores, 109 Paw, 111
M. B. Eubanks, 111 Magic Bear, 111
Johny Wise, 111 Skeets, 111
SIXTH RACE—Purse \$250, for three-year-olds and up, selling, 6 1/2 furlongs:
Dr. Cann, 104 Cartavero, 105
Dromi, 107 Water Lad, 110
Rip Van Winkle, 110 Froxy Face, 102
SEVENTH RACE—Purse \$250, for 2-year-olds and up, selling, 6 1/2 furlongs:
Helo, 108 Miss Jean, 108
Dr. Barnardo, 104 Jessup Burn, 104

MARKET LEADERS HAD DOWNWARD TENDENCY

Trading Continued Dull with Little Public Interest—Dome Lake Higher.

The mining market at the Standard Exchange continued narrow yesterday, with trading small and chiefly professional in character. There were one or two firm spots, but the market leaders, both in the gold and silver issues, trended downwards and closed at losses despite attempts to support them. The price of silver was down fractionally, and this did not help the Cobalt stocks in the present condition of the market.

Dome Lake was a strong feature in the Porcupine, advancing a point and closing at 34. The activity in this stock was attributed more or less to manipulative tactics at the meeting of the company is to be held today to authorize the new issue of stock. Dome Lake opened at \$29 and sold up to \$32.50. Hollinger Consolidated was selling down to \$7.35. Jupiter lost a point at 23 on the close.

McIntyre was more active than for some time, seeming to be under pressure. It rose from 149 to 145, closing a point higher on a small rally. Porcupine Crown displayed a reactionary tendency also, opening at 74 and selling down to 69. There was no reason assigned for the easing off of the issue. Teck-Hughes was steady at 25, and West Dome Con. sold up to \$7, but lost the gain on the close at 36. Newray was quiet at 40 1/2.

The Canadian Northern Railway gross earnings for the week ending July 21 were \$866,900, as against \$147,700 for the corresponding period last year. Gross earnings for July to date are \$2,628,900, as against \$1,236,500 last year, an increase of \$1,392,400.

U.S. STEEL ENJOYS GREAT PROSPERITY

War Profits of Company Exceed Most Sanguine Forecasts.

The enormous earnings of the U. S. Steel Trust for the last quarter have a meaning for the Canadian companies operating on similar lines, and the recent strength of Dominion Steel and Nova Scotia Steel is better understood when read in this connection. The publication of the second quarterly report of the U. S. Steel Corporation in making an initial dividend and yesterday sold up to 55 1/4, against a recent low of 42 1/4. Nova Scotia Steel was firm at 125 1/2, but its stock was fourth coming at this price. The Toronto market was again quiet, but there was no weakness and irregularity of steel coming at this price. The market was devoid of either official or unofficial news, and the unexpected midsummer firmness could only be attributed to buyers who can see beyond the immediate present. A good buoyant market is being predicted within the next few weeks.

CONCERN PAYS EXTRA DIVIDEND OF ONE PER CENT. ON COMMON.

NEW YORK, July 25.—The extraordinary prosperity of the steel and iron industry, chiefly as a result of the European war, was disclosed today by statement of the U. S. Steel Corporation, for 1916. It showed total earnings of \$83,136,048, net income of \$20,232,242 and surplus balance of \$47,903,806, after payment of regular dividends of 1 1/2 and 2 1/2 per cent. on common shares, and an extra dividend of 1 per cent. on the common.

C. P. R. EARNINGS.

The Canadian Pacific Railway reports for the third week of July gross earnings of \$2,641,000, which is \$99,000 more than a week ago, and more than for any previous week in a full month, and is also the third largest total for any seven-day period so far this calendar year. As compared with a year ago, the increase works out at \$971,000, or 58.1 per cent., which is less than a year ago, more than for any period for that since back in April. This prior to that time with 67.4 per cent. ratio of gain compared with the month, for the second week of the month, for all of June, 71.7 per cent. for May, 45.9 per cent. for April, 25. per cent. for March, 30.5 per cent. for February and 40.9 per cent. for January.

PRICE OF SILVER

LONDON, July 25.—Bar silver, 20 1/2-16d per ounce.
NEW YORK, July 25.—Bar silver, 62 1/2c.

TRADING IS QUIET MARKET QUITE FIRM

Steel Stocks Are Higher and U.S. Steel Earnings Are Likely to Have an Influence.

The enormous earnings of the U. S. Steel Trust for the last quarter have a meaning for the Canadian companies operating on similar lines, and the recent strength of Dominion Steel and Nova Scotia Steel is better understood when read in this connection. The publication of the second quarterly report of the U. S. Steel Corporation in making an initial dividend and yesterday sold up to 55 1/4, against a recent low of 42 1/4. Nova Scotia Steel was firm at 125 1/2, but its stock was fourth coming at this price. The Toronto market was again quiet, but there was no weakness and irregularity of steel coming at this price. The market was devoid of either official or unofficial news, and the unexpected midsummer firmness could only be attributed to buyers who can see beyond the immediate present. A good buoyant market is being predicted within the next few weeks.

TENDERS TO BE ASKED FOR ROYAL BANK STOCK

The Royal Bank of Canada is advertising for tenders for the whole or any part of 1640 shares of its stock, this being the unaccepted allotments and unallotted fractions of the new issue of 4400 shares announced in January when shareholders were given the chance to subscribe for one new share for each 27 old, the price being par, compared with a minimum bid of \$21 1/4. As the Bank Act does not allow the issuing of fractional shares, many small shareholders were not able to take advantage of the opportunity to take advantage of the opportunity to take up the new stock.
