CANADA'S NAVALPLANS MEAN OUTLAY IN YEAR OF \$2,500,000 Vick Says He Signed Street Railway Award Thru Misunderstanding

gram Urged by Veteran

Head of A. F. of L.

Non-Partisan Policy.

BALLANTYNE MAKES STATEMENT IN HOUSE IN REGARD TO NAVY

Tells Commons There Will Be No Permanent Naval Policy for Canada Until After Next Imperial Conference -Describes British Ships Presented to the Dominion.

Ottawa, June 14.- (By Canadian Press).-Hon. C. C. Ballantyne, minister of naval service, in the house today made his awaited statement on Canadian naval policy. He intimated, in this practically repeating his statement of some weeks ago, that no decision on permanent naval policy would be reached until after the next imperial conference, in 1921. But supought down this session for \$2,200,-0. These, including estimates now expenditure this year to \$2,500,000. He gave details of the cruiser, two destroyers and two submarines which are the gift to Canada of the imperial government, and, in passing, cited an important and hitherto unpublished memorandum presented by expenses. memorandum presented by overseas premiers to the British admiralty.

Cites Special Memorandum.

e memorandum—of which, no
t, much will be heard later—was prepared at a conference of the domin-ion premiers in the Savoy Hotel, Lon-don, in August, 1918. The dominion premiers had previously had under consideration an admiralty memo on consideration an admiralty memo on the naval defence of the empire circulated to the imperial war conference. And in their memorial, presented to the admiralty in reply, the dominion premiers laid stress on these points:

1. The proposals set forth in the admiralty memo for a single navy at all times under a single naval authority, are not practicable.

strategy, the proposals thus put forth for the establishment of a single navy for the empire, under a central naval authority, are strong, but not unanswerable. The experience gained in this war has shown that in time of war a dominion navy (e.g., that of Australia), can operate with the high-est efficiency as part of a united navy

under one direction and command, established after the outbreak of war.

Favor Uniform Construction.

Other articles of the premiers' memorandum recognize the necessity of uniformity in the character of commences. of uniformity in the character of con-struction, armament and equipment, methods and principles of training, and

speakers explaining that a meaning had been read into his words that was not intended. He never for one moment contemplated casting any reflection on the integrity of a single member of the house. The thought of pribary had never had never had not become a single member of the house. bribery had never entered his head. What he did say and wished to be interred and what the conference understood him to mean was that the race-track people had money to send deputations to Ottawa and the Methodist churches had no such funds at their disposal and had to be con-

tent to send letters by post.

Dr. Speer assured The World he had not and never intended to cast the slightest reflection upon anyone at Ottawa and he thought the house would take that view after his ex-

planation of the incident. The words supposed to have been speken by Dr. Speer and to which Sir Robert took exception were: "Letters are of no use in this case, but reoney in the lobby. We hadn't the money. It was a foregone conclusion that these men of the race-track would get all they wanted."

NEW NAVAL SHIPS Ottawa, June 14,-Warships presented to Canada by Great Britain were described by Hon. C. C. Ballantyne today as follows: One modern cruiser, name not yet available, displacement of 4800 tons, speed 251/2 knots, carrying

DETAILS OF CANADA'S

21 guns. Two modern destroyers, Patriot and Patrician, each displacing 1004 tons, having speed of 35 knots, carrying four guns and having

four torpedo tubes. Two large submarines, "H-4" and "H-15," having 364 and 434 tons displacement respectively. Length 150 feet.

SASKATCHEWAN CROP **OUTLOOK EXTRA GOOD**

Regina, Sask, June 14.—What is believed to be the most favorable crop report ever issued by the provincial department of agriculture was given out today. It comprises reports from 57 points representative of the whole of the province, and every reporting point testifies to the healthy state of the crop and the abundance of moisture. Wheat seeding is finished and oats are also probably all in, while seeding of barley and flax is either completed or almost completed. In spite of the number of rumors as to the prevalence of grasshoppers, the crop reports do not show that their presence is common.

Federal Bill Will License Exports "Necessary for Use of Canadian People."

PROVIDES BIG PENALTIES

Ottawa, June 14.—(By Canadian struction, armament and equipment, methods and principles of training and administration, and declare that the dominions would to this end welcome visits of highly-qualified representatives of the admiralty to advise on naval defence, and added that, as naval forces came to be developed, the necessity might have to be considered of the considered of the considered of the constant of the constant

ANARCHY SPREADS IN RUSSIA LIKE WILDFIRE

Plot to Murder Members of Soviet Ministry, on June 21, Said to Have Been Hatched Following Failure of May Day Assas sination Plans.

London, June 14.—An "anarchist conspiracy" against the Soviet government is reported from Moscow, says an Exchange Telegraph despatch from Berlin, dated Sunday. The plan was to murder Premier Lenine and M. Bucharin, president of the third internationale, during the May Day celebration, This plan, however, was a failure, and the date of the murders was set for June 21, according to the account received in Berlin.

Under the second plan, it is declared, Finance Commissary Krestinsky and other of the Bolshevik commissaries, including M. Zinovieff, also were to be killed.

Two members of the staff of the leading anarchist newspaper, Golos Truda, Janitsky and Forsbach, together with Genera: Yeogoroff, former commander of the Green Army at Kursk, have been arrested, the message states. It also quotes the newspaper Golos Rabotchi as declaring that anarchy is spreading like wildfire in Russia, being organized in the "Bakunine" league, which has many hundred thousand members.

British officials are unable to confirm or deny the report of a conspiracy against the Bolshevik government.

Thirty-Three Divisions Are Non-Partisan Political Pro-Said to Have Been' Identified.

ATTACK IN POLESIA

Warsaw, June 14.—The Bolsheviki are pouring into the Kiev region, backed by the greatest number of divisions the Poles have ever faced, according to reports received tonight. The Poles are withdrawing their main

Kiev district from the south thru territory first overrun by the cavalry of General Buddendy. Opposite Kiev the Bolsheviki have encountered difficul
United States to ratify the cov

General Buddendy. Opposite Kiev the Bolsheviki have encountered difficulties in crossing the Dnieper.

Thirty-three divisions have been identified in the concentration thru captured prisoners. It is known also that there are other divisions which have not yet been identified, the computations indicating that the Bolsheviki never before have had such numbers in the fighting line against the Poles. In February there were only seven divisions of soviet troops along the entire front, but beginning with the spring offensive their numbers began to increase.

On various parts of the front recently, German hand grenade throwers have been captured, and also a numbar of the people of the United States to ratify the covenant as "pitiable," Mr. Gompers, speaking the federation, said, "If the question was submitted to the people without any other entangling problems, I am positive that it desires the league of nations.

FOR TIMBER PROPE

Available to Testify at Earlie Moment—Monday's the fear that in the coming political campaigns the league question will be "submerged in the number of questions which must attract the attention of the people of the United States to ratify the covenant as "pitiable," Mr. Gompers, speaking the federation, said, "If the question was submitted to the people without any other entangling problems, I am positive that it desires the league of nations.

The veteran labor chief expressed the fear that in the coming political campaigns the league question will be "submerged in the number of questions which must attract the attention of the people of the United States to ratify the covenant as "pitiable," Mr. Gompers, speaking the federation of the question was submitted to the people without any other entangling problems, I am positive that the people of our country would say by an overwhelming vote that it desires the league of nations.

The veteran labor chief expressed that the league of nations.

and complained bitterly of wrongs he said had been committed against him. The so-called press bureau of the Albanian government has issued a statement affirming "that Essad had no official capacity and that the chief of the Albanian delegation is Mehmed Bey Konitsa."

MURDOCK STRONG FOR REAL FACTS IN GROCER PROBE

Corporation Lawyer Short When Latter Examines on Business Ethics.

AN ABRUPT CLOSE

Commissioner Murdock of the board of commerce closed yesterday after-noon's session of the board abruptly by cutting short A. W. Anglin's examination of his client, H. B. Eckart, wholesale grocer, Esplanade, as to his business ethics and general line of profit and loss.

profit and loss.
"I am not a legal luminary," said "It am not a legal luminary," said Mr. Murdock, "merely a layman, but I want to get behind some facts we have before us here. I have several definite facts before me, and it is with these that we are to deal," he said, touching upon the alleged policy of storage and profiteering on sugar, charged against the firm, of which Mr. H. B. Eckart is a prominent director. "What we want to do is to deal directly with the 42,000 lbs. of excess sugar stored every week for twenty weeks, and then suddenly unloaded, more than a million pounds, when the market had a million pounds, when the market had risen two cents a pound."

"I know more facts about that sugar than you do, sir," ventured Mr.

"I don't want any long-winded argument about generalities of the trade," returned the commissioner. "I want LABOR NOT SUPPLIANT Montreal, June 14.—Organized labor of the United States was appealed to by President Samuel Gompers of the American Federation of Labor here today to give its support to the non-partisan political program of the fed-

SAY THAT GOUIN **SOON TO RETIRE**

Semi-Officially State Leaves Premiership-Report He Joins Big Merger.

Quebec, June 14.—(By Canadian Press.)—The first semi-official announcement of the early withdrawal of Sir Lomer Gouin from the leadership of the government of the province of Quebec after fifteen years in office, was made here today in an editorial published in The Quebec Telegraph, the official English organ of the Gouin government in the city of Quebec. Under the heading, "Sir Lomer's Retirement," The Telegraph says:

"Much as the fact will be deplored by listic parts in both countries, being particularly successful in "Zaza" and "La Passerelle."

In February of this year, Mme. Rejane was awarded the red ribbon of the Legion of Honor. Presentation was made at a luncheon given in her honor in the entry hall of the Theatre Rejane, once owned by the actress. The gathering was attended by President Deschanel and many persons prominent in French political and social life. Mme. Rejane was born at Faris in 1857, and made her debut in 1875.

"Much as the fact will be deplored by il well-wishers of the province, it apears impossible to disbelieve any longer at the persistent rumors of Sir Lomer Jouin's very early retirement from the cadership of the government. It is pleasing to know, if public rumor is to be credited, for The Telegraph is not in the confidence of the premier, so far as his private affairs are concerned—that his future is not expected to be a thing altogether apart from the future welfare of his country. Report has it that he is to form part of the administration of a huge industry of imperial-wide importance, now in course of amalgamation, and may also interest himself in a project destined to still further add to eastern Canada's development and means of transportation."

RUMORED REVISION OF TURKISH TREATY

Early Departure for Paris of Grand Vizier Causes Speculation.

the practice. We only deal with reputable concerns.

Mysteriously Disappears.

When asked if he considered Noel a reputable person, witness replied "yes." and also replied in the affirmative when asked if Noel had mysteriously disappeared a few years ago.

On the investigation proceedings this afternoon the sale of seven millions of logs from the Noel Lumber Company to Shevlin-Clark was gone into. Mr. Cruso, who was bookkeeper for the Noel was last seen by him on the night of October 3, 1916. On October 5 he was seen in Minneapolis and no trace of him has since been found.

A cheque for \$11,600.31 was issued by Shevlin-Clark to Noel and endorsed by George Watts, crown timber agent.

CERMANY RECLIFETS

He stated that the total casualties in the naval department of Canada were to the naval department of Canada were to complete the naval expenditures during 1918 were very large, amounting to \$33,366,453. The net cost to Canada, however, was in the vicinity of \$11,000,000, the ball-ance being for services performed by the Canadian navy for the British and allied governments.

At the time he issued the complete demobilization orders, said the minister, Canada had 484 naval ratings and \$19 civilians in the naval department, A reduction of 782 had now been made. The object in demobilizing the whole service was to have absolute freedom in re-engaging only those who were qualified.

Kitchener, Ont., June 14 .- (Special.) -Kitchener was startled at noon to-day by the pranks of a daring airman who sailed over the town from some where and who vanished to somewhere after giving one of the most daring exhibitions of air stunts ever witnessed in the city. After attracting attention by low flying over the main thorofare of the city, he mounted to a dizzy height, from which he did loops and dives and spirals for the amuse-ment of the noon-day crowds, who paused to watch his antics. After finishing what seemed to be his program, he flew out of town as mysteriously as

PASTEURIZATION VOTE **DELAYED IN BRANTFORD**

Brantford, Ont., June 14.—(Special.)—
The city council tonight decided to postpone for a time the taking of a vote on the question of compulsory pasteurization, with January next as the likely date. In the meantime, there will be no prosecutions for infractions of the bylaw on the civic books. The council also protested against the increase of gas from 45 cents to 85 cents per thousand, but will not fight the move, as the company's agreement with the city, drafted in 1904, gave it the right to increase to that amount. that amount,

interchange of officers if necessary to
maintain efficiency. Except for the
senior officers of the light cruiser, the
vessels would be manned exclusively
by Canadians. Canadians.

by Canadians.

Criticisms by Mackenzie King
Discussion which followed the announcement lasted until the early evening and was then adjourned to enable members to consider the naval situation further. Mr. Mackenzie King, leader of the opposition, complained that Mr. Ballantyne's statement, as compared with his statement of some weeks ago, was contradictory and it was difficult to know what the government had in mind. The country was given to understand that naval expenditure this year was to be confined to \$300,000; now, supplementary estimates were to be brought down increasing it to \$2,500,000. Why, too, Mr. King asked, had the government waited till the last fortnight of the session to make its important announcement?

nouncement?

Hon. Rodolphe Lemieux urged that with present heavy liabilities this was not the time to launch into new ex-

Harding.

Harding.

Washington, June 14. — Senator Harding today found the life of the Republican presidential nominee strenuous, altho he held no important political conferences.

The senator went to his office at the capitol shortly before noon, posed for motion picture men, greeted senate employes, received a few personal friends who called to congratulate him, went over great piles of congratulate. sent to the admiralty. In the memorandum, all the overseas prime ministers concurred except Dr. Lloyd of Newfoundland. The memorandum referred to a previous memorandum from the admiralty. It declared that the proposals set forth in the admiralty memorandum for a single navy at all times under central naval authority were not considered practicable. The experience gained from the war had shown that in time of war a dominion navy could operate with war had shown that in time of war, a dominion navy could operate with the highest efficiency as part of the united navy under one direction and command established after the out-

break of war.

Mr. Ballantyne continued that as a result of the memorandum Admiral Jellicoe paid a visit to the overseas dominions.

MBER PROBE

Mark Time on Naval Policy.

The suggestions of Admiral Jellicoe
the government has been unable to
accept at the moment because of the
heavy financial commitments, because
Great Britain had not yet decided
upon her naval policy, and finally because of the coming imperial conference, at which the whole matter
would be discussed. Orders had consequently been issued for complete
demobilization, but the government
had notified the British government
that it would accept the offer of one
modern light cruiser and two torpedo
boat destroyers.

Mr. Ballantyne reviewed briefly the Mark Time on Naval Policy.

development in Canadian naval af4 fairs since 1910, when the naval service act was placed on the statute books. The minister referred to the valuable work done by the cruizers Niobe and Rainbow during the war. He stated that the total casualties in

GERMANY REQUESTS

THREE MONTHS' DELAY

Berlin, June 14.—Germany has requested the supreme council to grant a further delay of three months for the reduction of the German army to 100,000, says The Tageblatt.

It was recently announced that the reduction of the German army to 200,000 men had been accomplished.

MYSTERIOUS AVIATOR

Shevin-Clark to Noel and endorsed by freedom in re-engaging only those freedom in re-engaging only those freedom in re-engaging only those who were qualified.

Speaking of what he termed a generous gift from the motherland, Mr. Ballantyne said he was sorry he could be available in a few days. She would be a modern cruiser, with a displacement of 4800 tons, 453 feet draught, a speed of twenty-five and a half knots per hour, coal capacity of 1345 tons or 260 tons oil fuel. She would have two sixinch guns, ten four-inch, eight other guns, one 12-pounder and two torpedo tubes. There would be twenty officers and 384 men, or a total complement

Two Modern Destroyers The two modern destroyers wou be the Patriot and Patrician. The would displace 1004 tons, be 271 feet, long, 27½ feet broad, have a draught of 11 feet, a speed of 35 knots, oil capacity of 253 tons, carry three four-inch guns one two-pounder and have four torpedo tubes. There would be six officers and 74 men aboard each vessel.

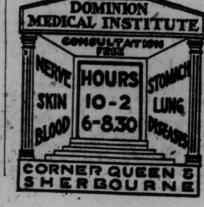

as "H-4" and "H-15," would have 364 and 434 tons displacement respectively, The length would be 150 feet and 3 inches, breadth 15 feet 9 inches, draught 12.4 feet, speed-13 and 11 miles respectively.

respectively.

There would be four torpedo tubes.
Both vessels were built in 1918 and
would have a complement of three
officers and 19 men, or 22 men respectively. The total personnel of all vessels named would be 608.

Added Money for Navy
The main naval estimates, he con-

finued, were placed at \$300,000, but that was because the government was not aware of what was likely to be

done. The supplementary estimates would ask for \$2,200,000. In other words, the total asked for naval defence for the present fiscal year would be \$2,500,000. The vessels would be manned exclusively by Canadians, ex-cept the senior officers among the light cruisers.

cept the senior officers among the light cruisers.

King Says Details Needed.

Mr. Mackenzie King said that the statements made by Mr. Ballantyne differed from his previous announcement. It was difficult to know what the government had in mind.

"Either," said Mr. King, "acceptance of these ships means adoption of some policy which is to be made, or it is a make-believe for the next year or two." At this, of all times, parliament should be given full details of any naval policy, whether temporary or permanent.

The resolution carried, and the house went into committee on the

house went into committee on the dirst item of the naval estimates, an amount of \$300,000 for the provisions and maintenance of the Royal Canamian Navy. The minister explained that he had no objection to the larger amount of \$2,200,000, which would appear in the supplementary estimates, being taken into consideration at the same time.

ELWELL SLAIN BY JEALOUS HUSBAND?

New York Society Woman Said to Be Implicated in Scandal.

BIG WHIST PLUNGER

One Theory is That Victim of "Wizard's" Skill at Cards

was the most balling they had encountered in years.

Clues point to the woman theory, according to the majority of the detectives working on the case. They claimed this theory was strengthened today when it was learned that Marie Larson, Elwell's housekeeper, had found in the bedroom of his handsome home, when he was shot, a woman's lev's retreat before the Russian B.

found in the bedroom of his handsome, home, when he was shot, a woman's silk undergarment. This garment is reported to belong to a New York society woman, whose name is being withheld, pending her examination. Conviction that the husband of this woman, an ex-army man, killed the whist expert was expressed by some converted to the retreat.

Conviction that the husband of this woman, an ex-army man, killed the whist expert was expressed by some detectives. The size of the fatal bullet and the fact that it had a steel jacket point to the fact that a government automatic pistol was used, they said. A .45 is too large a weapon for popular civilian use, they explained, and the steel jacket indicated that the bullet was fired from an automatic.

On the other hand, the police were teluctant to discard the theory that a gambler, "broke," at whist by Elwell, may have done the shooting that such a gambler had threatened to kill Elwell, and in contiguing today examination of society women, sporting men and prominent figures in New York's financial district, where Elwell occupied a brok-

father from disgrace makes a thrilling photoplay.

"On Manila Bay," a masterpiece of electrical panoramic ingenuity, is a musical comedy with a cast of eightmostly pretty—girls, headed by Teddie McNamara. The latter's antics drew fosth rounds of laughter. Thruout the entire sketch the waves could be seen splashing on the shore, and for a climax the battle of Manila Bay, with Dewey victorious.

Alf Ripon, a Scotch ventriloquist, is one of the best in his line of endeavor. His is a ventriloquial novelty, and, altho he has been in this town many times before, he never fails to please. Moore and Fields, ebony-hued comedians, full of the old-time jazz and pep, go qver strong. Gehan and Gehan, daring equilibrists, are guaranteed to make the hair stand upright on a bald man's head, and many other acts of exceptional merit make up a good hot weather bill. Larry Semon, in a comedy picture, "Solid Concrete," is a scream.

"THOU ADD TIMESTOR TO THE SEMON TO THE SE

"THOU ART THE MAN." Thrilling Story of I.D.B. Features
Robert Warwick in Drama of
South Africa.

The star attraction at the Regent this week is a drama featuring Robert Warwick and dealing with a somewhat unusual theme, namely, diamond smuggling in South Africa. Two very ingenious crooks are carrying on the illegal business of "procuring" diamonds and disposing of them thru channels which would not stand police investigation. Mr. Warwick, as the hero, innocently accepts employment with these Kaffirs, and thereby hangs the whole exciting story.

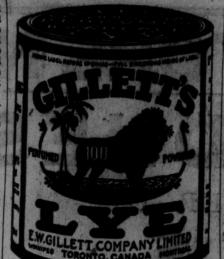

The music is, as usual, beyond reproach or criticism and the comedy

the whole exciting story.

The music is, as usual, beyond reproach or criticism and the comedy and pictorial gazette, which complete the program, belong to the high-class pictures always associated with the

Tom Mix, at Shea's Hippodrome, Demonstrates His Skill as Rough-rider and Arizona Sheriff.

Tom Mix, the irrepressible, again demonstrated the fact that he is no mean roughrider, in his newest release, "Desert Love," the feature photoplay at Shea's Hippodrome this week. Mix plays the part of Buck Marston jr., whose father, one-time sheriff of an Arizona border county, was killed by a gang of marauding gunmen. Buck jr. is left an orphan, and makes a vow to avenge his father's death. On becoming of age he is made sheriff, and then begins his campaign. He kills off the whole gang, with the exception of Wolf Kenyon, the leader, and Kenyon's son, "The Whelp." One-

The play was written for Tom Wise by George Barry McCutcheon and Early Company Figure 2 and the play of the first time on any and the play and the p

and Humor for Any Audience.

Not often is a double bill, either one of which should satisfy for a performance, presented to theatre pattrons, yet this is what the Allen launched yesterday, when it gave its matinee audience "The Paliser Case." Pauline Frederick's latest Goldwyn picture, from the novel of the same name by Edward Saltus, the second being "Jes" Call Me Jim," adapted from the popular novel by J. G. Holland. The first is the story of the murder of a roue who met his death while seated in a box at the opera, the trial and the scenes that follow giving all the thrills and all the exercise of brain matter that anyone need court along detective lines. "Jes" Call Me Jim" is a delightful drama in which pathos is uppermost, but humor is by no means lacking. How faith and love work eut for the saveing of a man who lost his reason and his little son, when he was thrown into a hideous cell in an asylum, at the mercy of a miscreant who had become rich at his expense, is all evolved in a most human way, Will Rogers, who has the part of "Jim," being a wonderful depicter of emotional feeling, and Irene Rich a good support. Harry Hawe gave a fine exhibition of work on the trombone in his solo, "I Fear No Foe."

HIGHLAND INN-ALGONQUIN

Regent.

Many regular visitors to the theatre have characterized "Thou Art the Man" as the best drama the Regent has shown for a very long time. This opinion seems to be justified, for the adventures which befall Miles Calthrope, I.D.B., from the time of his unjust imprisonment to the familiar happy ending, are of a type which meet with the approval of the cinema-going public wherever such an element exists.

"DESERT LOVE"

Just the out-of-the-way-sort-of-place to attract those with fastidious tastes willo like comfort and enjoyable companionship. Accommodates 150 guests, good cuisine, bright airy rooms, boating, bathing, fishing, canceing, tennis, clock golf and bowling green. Algonquin Park is nearly 2000 feet above the level of the sea. Temperature at all times 10 degrees cooler than the cities. Enquire of Grand Trunk agents or write to N. T. Clarke, manager "Highland Inn," Algonquin Park Station, Ont., for illustrated literature and all particulars.

ALL THE LITTLE ODD PHINGS RELIABLE CLEANERS AND DYERS

TAXES!

Manufacturers' Tax Luxury Tax, Sales Tax

THEY are necessary, of course. But what a heap of detail and extra figure work they do impose! And with help never so high-priced!

No need to grouch or grumble

There is an efficient and inexpensive helper which will handle all your figure work by the shortest route from problem to solution.

It is the Dalton Adding and Calculating Machine---with only 10 keys. Anyone can operate it without a moment's hesitation. No column

selection is necessary. It automatically places each figure in the proper column, without thought or effort on the part of the operator.

The Dalton Most of your figure work in Will Do It

connection with the taxes is addition. Do it with the Dalton. Set anybody at it. In Dalton operation there is nothing to learn, nothing to be taught. It

will give you a printed list of the items on a strip or on a sheet, and the totals, which you may be certain are correct. It will list in one column the numbers of the invoices or sales-slips, and in another the amounts, thus providing a perfect checking medium.

With its 10 keys instead of 81 the Dalton has revolutionized the old method of adding and listing, in which the operator looks at the item, then at the keyboard. The Dalton, operated by touch, eliminates this eyestrain and resulting fatigue.

The Dalton calculates. It multiplies as easily as it adds. It subtracts, divides, figures fractions and percentages; computes interest, discounts, cross-foots, tabulates and makes out statements. Invoices can be figured or cheeked in a fraction of the time

The Dalton does all kinds of figure work and furnishes a printed proof of every operation.

It cuts out 80% of the arm and finger movements required with old - style

The figure work of any office requires more than an adding machine. The Dalton has a greater versatility, a greater range of adaptability than any other adding or calculating machine.

If you want to handle your tax returns with the minimum amount of added work, ask us to put a Dalton on the job.

what they had been receiving in Canada. The request was approved with a rider from Dr. Hunter, that the minister of education be interviewed to see if the government would pay the traveling expenses of such applicants. Passing accounts and approving of change on teaching staffs of schools was other business.

held,

Following are two notes left by Schmidt in his room: "If those people are getting killed on account of me every one of them are innocent to my knowledge." The other not said: "I don't know those people that are getting killed, but if they are killed on my account I'll die, because I know they are innocent."

COUNCIL OF WOMEN OPENS IN ST. JOHN'S

SIR THOMAS NOT AVAILABLE.

Returning from a call at Scarboro Beach yesterday afternoon, the lifesaving crew came across three young men in an exhausted condition in a cance, some distance from Scarboro Beach. The crew picked up the men, who gave their names as G. T. Sulli-van, Joe Robertson and F. Anderson.

PREMIER DRURY RETURNS.

and there will be several other highly commendable features. Unfortunately, however, the executive is sadly in need of funds, and business and political men in the city are to be canvassed in the hope of removing this annoying obstacle to the success of the club.

Premier Drury and Hon. Manning Doherty, minister of agriculture, have returned from a trip to New Ontario. While away they visited the Soldiers' Settlement at Kapuskaing as well as several of the government's experimental farms in the north.

Every Woman

Be she working in factory, shop, office or at home, is often a sufferer from pains here or there, from worry, despondency, and frequently suffers from backache. Very often the trouble is in the organs essentially feminine. Worry, sleepless nights, headaches, pains, disorders, irregularities and weaknesses of a distinctly feminine character in a short time bring the dull eye. the "crow's feet," the haggard look.

drooping shoulders and the faltering step. To retain the appearance of youth, a woman must retain health. Instead of lotions, powders and paints ask your druggist for Dr. Pierce's Favorite Prescription. This is the woman's temperance tonic and nervine which has had the approval of thousands of women for nearly fifty years. It comes in liquid or tablet form, or send ten one-cent stamps to the Invalids' Hotel, Buffalo, N. Y., for trial package of the tablets. The "Favorite Prescription" is made without alcohol, and will dispel the pains and the weaknesses common to most women in different periods of life. It is prepared in Dr. Pierce's branch Laboratory in Bridgeburg, Ont., and sold by almost every druggist in Canada.

PETERBORO, ONT.-"I am glad indeed to recommend Dr. Pierce's Favorite Prescription for the great benefit I have received from taking it. I had suffered for a long time. I would have backache and it just seemed that I had no strength in my back. I also had pains in my side. I became weak and nervous, could not sleep or eat, and was most miserable when I began taking 'Favorite Prescription.' It soon took away all my pains and aches and cured me of this trouble, and my health was better afterward than it had been for a long time. I feel that I can safely recommend 'Favorite Prescription' to other women who all likewise,"-MRS, CHAS, BROOKS, 228 Perry Street.

On motion of Ald. Burgess, the building bylaw will be amended with the approval of council, to permit the erection of frame private garages covered with metal, 24 by 18 feet. The bylaw at present makes 24 by 16 feet

RAISE DEACONESS' PAY IS DECISION

Move to Permit Erection of Can No More Sweat Than Shop-Workers, Says Rev. R. J. Patterson.

> Methodist deaconesses will have their monthly allowance raised from \$21 to \$50 a month. This was finally decided at the Methodist conference in Elm Street Church yesterday. Expressions of opinion had been heard deploring the underpayment of these workers, when the question was thrown wide open by Rev. Hiram Hull, head of the board, in presenting the annual percent

Hull, head of the board, in presenting the annual report.

"You can no more sweat deaconesses than shopworkers," said Rev. R. J. Patterson. "It kills our spiritual life. The day has passed when we can do mean things in the name of God, and get away with it."

Mr. Hull stated that it was absolutely necessary to place the superannuation fund for these women on a better footing. At the present moment there is \$35,000 on hand, but \$100,000 more was needed, on the advice of an actuary and the pensions department at Ottawa.

actuary and the pensions department at Ottawa.

Rev. J. C. Speers criticized the deaconesses' uniform. 'I am amazed that women should sit on that board and decide that fixture. I believe the deaconesses are good-looking women, and they ought not to be disfigured. They work too hard, sometimes 11 and 12 hours a day. Their hours should be fixed, and they ought not to be allowed to work so hard.'

INQUEST ADJOURNED.

The inquest touching the death of Henry Harrison, fatally injured in a motor car accident at King and Strachan avenue last week, was adjourned last night until Thursday. The hearing was enlarged to enable the police to summons Motorman Forbes, driver of a street car which collided with Harrison's car.

LONDON VIEWS OF WARREN HARDING

In Some Quarters It is Thought Democratic Chances Have Improved.

ELIHU ROOT IS WILY

Ambiguously - Worded' Plank Regarding League of Nations Draws Comment.

London, June 14 .- Warren G. Hardng's personality and record being virtually unknown here, newspaper

"Ambiguously Worded."

Curiosity as to how Mr. Harding interprets Elihu Root's "ambiguously-worded" plank is expected by The Telegraph, which thinks it will not be surprising "if this ambiguity was deliberately cultivated on the principle that the least said the soonest mended, as it will be much easier to abuse Mr. Wilson's failure than to

mended, as it will be much easier to abuse Mr. Wilson's failure than to suggest a satisfactory alternative."

The Times, referring to a statement by its Chicago correspondent that the British must be prepared for a thoro readjustment of their relations with the United States, and his prediction that the process will not be easy, says:

says:
 "That depends, in great measure, upon ourselves. If we have a straight, clear and honest policy in world affairs affirmatively based upon those principles which are common to us and Americans, we may have tire-Montreal, June 14.—The Montreal ment, but there can be no doubt as to the result."

relations with Great Britain will un-doubtedly be part of Mr. Harding's

Back to Peace Basis After the armistice Senator Harding favored getting the United States back to a peace basis as rapidly as possible. On the peace treaty he supported the Lodge reservations whenever he voted. He did not vote on the Lenront reservation, which was of Lenroot reservation, which was of particular interest to Canadians, as it opposed the vote granted to Canada in the league councils. On March 9, when the vote was taken on this rewhen the vote was taken on this re-servation, he was absent and was paired with Senator Underwood. As Senator Underwood, a Democrat, would likely have opposed the Len-root reservation, it is taken that Senator Harding would have favored not well regarded by organized labor, which was also offended by the labor plank in the platform."

Senator Harding's attitude regarding the pulpwood controversy is not known, tho, as a publisher, it is bevote was recorded on the resolution introduced by Senator Underwood on February 27, which called for an investigation with a view of inducing the Canadian provinces to let down the bars on pulpwood, and contained a hint of retaliation should this be refused. Senator Harding's attitude on this resolution was not disclosed as he took no part in the discussion.

What Paris Thinks.

Paris, June 14.—Few newspapers in this city venture to comment on the action of the Republican national convention at Chicago. The loss was discovered after the train had left Alliance. Ohio.

ployers but of society, are for services which labor performs and gives to so-

in that country.

High prices are still the great problem in England, he said, declaring that if "the government will stay the upward tendency of prices and the cost of living and profiteering, advances of wages will not be heard of in the future.

"It is unpleasant for trades union officials to be asking wage increases every few months to keep pace with the cost of living. If the government would use a strong hand and smash prices and profiteering, wages would assume an amount of stability."

Attacks Catholic Unions.

Mr. Ogden appealed for the organ-ized workers of the world to form an ized workers of the world to form an international organization so that "misunderstandings which lead to wars" might be done away with, for it was specially the working classes which suffered in such conflicts.

The Catholic National Unions of Canada were attacked by Mr. McClel-Canada were attacked by Mr. McClelland. He urged the federation to make an investigation of the Catholic unions and take such steps as are necessary to put an end to its organization, which he alleged had brought about "appalling conditions."

An appeal for the endorsement of the league of nations, was made by

of foreign affairs of Canada.

The convention held no afternoon session, as the committees were not ready to report.

HARDING NOT EXTREMIST

Montreal, June 14-Commenting on Montreal, June 14—Commenting on the Republican nomination, The Montreal Gazette says:

Mr. Harding has a good reputation, is not an extremist, has shown business enterprise and is thought to have qualities that will commend him to the voters. His associate is Mr. Coolidge, who won fame in connection with the Boston police strike, and is not well regarded by organized labor.

ROBBED OF JEWELS.

Pittsburg, Pa., June 14.—A robber yesterday secured \$50,000 worth of jewelry from Mrs. Arthur Whitney, wife of a New Jersey state senator who was a passenger on a special train carrying delegates returning from the Republican convention at Chicago. The loss was discovered af-

BOY SCOUT BAND GREETS HARDING

Republican Nominee for Presidency is Welcomed in Washington.

Washington, June 14. - Senator Warren G. Harding of Ohio, Republian presidential nominee, was back at his desk in his office at the capitol today. Accompanied by Mrs. Harding, he arrived here a few minutes after midnight, and went directly to his home on Wyoming avenue. While the Boy Scout Band of Oil City, Pa., sounded a noisy welcome, the senator and his party made their way thru the cheering crowd at the station, pausing just long enough for two flashlight photographs to be taken, an incident that was repeated upon his arrival at

Senator Harding told the Associated Press he would remain in Washington about a week. He expected to be busy about a week. He expected to be busy for a day or two, cleaning up the business he accumulated as senator, but the coming of Will H. Hays, chairman of the Republican national committee, will force him immediately into the part assigned to him by the convention. He will confer with Mr. Hays and his political managers, with the idea of getting his campaign under way at once, altho formal notification of his nomination will not be received by him until he returns to his home. by him until he returns to his home

at Marion, Ohio.

Congratulations upon his nomination continued to reach Senator Harding at his office, while, at his home, Mrs. Harding was the recipiont of numerous enthusiastic messages from their personal friends. Many of the neighbors had remained up to witness the home-coming, and their greeting was like that given by the crowd at the station. Inez McWhorter, the Harding's negro cook, was in the van of those who rushed forward to welcome them. Her extended hand was grasped by both Senator and Mrs. Harding, while an open smile illumined her face.

The senator thanked those who had gathered to welcome them, but nothing in the nature of a statement was made by him either there or at the station.

LEAFS RUSH TO FORE

Found Gill Weakening and Hurried Over Enough Runs to Beat Skeets.

FIVE TO THREE

Jersey City, N.J., June 14.—(Special.)— Hughey Duffy's Maple Leafs flashed an old-time Toronto finish in today's battle with Bill Donovan's clan, and pulled the same out of the fire just when Jersey City considered they had the issue won and were ready to congratulate themselves on another victory. The score was 5 to 3 Today's fine work was accomplished

in the eighth inning, and was brought about thru the unexpected weakening of Pitcher Ed Gill and the quick action of Pitcher Ed Gill and the quick action of Duffy's boys in taking advantage of their good opening. Jersey City got the jump on the visitors with the drop of the flag and by liberal use of the willow against Pitcher Devinney's delivery in the first three rounds, hung up a trio of counts, that gave the Skeeters an advantage the Leafs were unable to overcome in the early frames, and for seven chapters Toronto figured in a stern chase, with little prospect of catching up, from the way Gill was pitching and his associates were supporting him. Until the eighth frame, Toronto was limited to four safe raps, so puzzling were Gill's benders.

The pace had its effect on the local hurler, however, and when he toed the scratch for the semi-final, he got in a hole by issuing a free trip to Anderson, who was sent up to pinch-hit for Pitcher Hartranft and with this opening Duffy got on the line and sent his charges after the victory, which they lost no time in bagging. With Anderson dancing on the initial corner, Frank O'Rourke clouted a grass-cutter along the left foul line for a pair of sacks, putting Anderson or third. Two runs were needed to tie it up and they were in sight and were in quickly, pushed over by old reliable Spencer, with another half-circuit drive to left, enabling Anderson and O'Rourke to register. Whiteman and Onslow tried hard to connect, but missed fire with a pair of strike outs. Riley was on deck, however, with the desired hit, a single to right, which scored Spencer with the winning tally. Riley was caught on his attempt to steal.

The four runs were all that were needed, but Duffy's boys kicked up an extra count in the wind-up as a clincher. Gon-Duffy's boys in taking advantage of their

winning tally. Riley was caught on his attempt to steal.

The four runs were all that were needed, but Duffy's boys kicked up an extracount in the wind-up as a clincher. Gonzales walked, stole second and moved to third on a wild pitch, finishing at home on Sanberg's scratch off the shins of Second-baseman Stark.

Devinney started in the box for Toronto, but made a weak attempt, and after being maltreated for a bunch of six hits and three runs in the first and third frames, he was retired from duty, and succeeded by Hartranft in the middle of the third. The latter proved a capable performer and soon eliminated the Skeeters' hitting and scoring, restricting them to four scattered wallops in the four and two-third innings he was on duty. When he retired at the end of the seventh Pat Shea took up the flinging and carried it thrus successfully, permitting one hit in the two final frames.

Jersey City had the edge in hits, 10 to 8, but the Leafs had it on them in runs, and that counted. President David Fultz has decided the second game played yesterday must remain as finished, with victory for Jersey City. He declars at the second same played of Source.

KNOTTY GETS TWO.

First Round Will Be Played on Saturday - Willys' Protest Dismissed.

NEXT ON THE BILL

The council of the Toronto and District Association met in the Sons of England Hall last night, when they dismissed the protest of Willys-Overland against Ulster in the Brigden Cup final. Willys claimed J. McGuire of Ulster was ineligible under the rule of the D.F.A.

The Aurora F.C. were admitted to the third division of the league, R.C.D. having defaulted. The Telfer team were accepted in the fourth division, which division had a vacancy for another club, thereby bringing the number of clubs in that division to ten clubs, Any club wishing to enter should apply at once to the secretary for the vacancy.

The following transfers have been granted by the O.F.A.: J. Ridway, S. O. E., to Gunns; N. D. Worthington, Street Ry., to Balmy Beach; G. M. Wilkie, Ulster, to Gunns; Scottish and Balmy Beach, and Baracas v. Ulster are the games for Varsity on Saturday.

The games for Saturday are:

Robertson Cup—First Round.

All Scots v. Old County; referee, S. Banks.

Shamrocks v. Sunlight: J. Lamp.

Sanks.
Shamrocks v. Sunlight; J. Lamb.
Baracas v. Ulster; J. Johnston.

REGATTA SATURDAY

AT BALMY BEACH CLUB

REGATTA SATURDAY

AT BALMY BEACH

Bristol, R.I., June 14.—The sloop Resorbute, after considerable overhauling and refitting at the Herreshoff yards, left to night in tow of her tender for Newport, to resume the America's Cup defense elimination series of races with the Vanitie tomorrow. A new hollow wooden topmast, wire bound as a precaution against breakage, was installed, and the mainmast was brought to plumb, which it is thought will improve the yacht's showing in windward work.

TODAY'S ENTRIES

AT DUFFERIN PARK.

Dufferin Park Form Chart

Toronto, June 14.—Fifth day Metro politan Racing Association's spring meeting, Dufferin Park, Weather clear. Track fast, 129 FIRST RACE—About %-mile, purse \$500, for three-year-olds and up, claiming.

Horse. Wt. St. 1/4 Str. Fin. Jockeys. \$2 mutuels paid: Paganini, \$8.70, \$5.70, \$4.80; Emma J., \$7.60, \$5.50; Helma, \$5.60.

Paganini made the turns better to day, and held opposition safe thruout. Emma J. shook off Armant entering the stretch, but was doing her best to outstay Helma. Latter went wide on turns, and finished fast. Miss Sterling in jam and pulled up shortly after. Aerial all but fell at first turn at the start. Winner entered for \$300.

day capacity, and they bet to the limit.

Possibly the fourth, at five furions, had the biggest pool of the meeting—about \$30,000—with General, My Gracie, and Stars and Bars enthusiastically backed, and the other four with a fine following. Jimmy Ryan's totalizer showed \$25,000 wagered three ways, with the late rush, as usual, not posted. General was beaten at the start, and could only come up for the show. My Gracie was off in front, followed by Bars and Stars, and thus they finished.

Nothing could surpass the efferves-cane of the crowd during the running of the closing distance race. Almino won and was the shortest-priced winner up to date. The old fellow was a general tip. He started without blinkers, and was off running, with Will Soon, that showed the way for a mile, and then he won going away, tho by only a head, Dick Witrey third the entire distance.

Paganini made the turns better to day, and held opposition safe thruout. Emma J, shook off Armant entering the stretch, but was doing her best to out-many they doe of the running in jam and pulled up shortly after. Aerial all but fell at first turn at the start. Winner entered for \$300.

SECOND RACE—About %-mile, purse \$500, for three-year-olds and up, claiming, foaled in Canada.

THEFT OF WHISKEY

East Hampton, N.Y., June 14.-Theft of high proof whiskies, rare wines and brandies from the cellar of Enrico Caruso was reported today. Mystery shrouds the robbery, but it is understood to have occurred recently. The police as yet have no clue in the \$500,-

EMPLOYES INCENSED BY BOARD AWARD

(Continued From Page 1). under a misapprehension. I am agreeable to recommend most of the conditions as they prevailed, and which have been recommended. I certainly had no idea that my signature placed me in the position of agreeing with the other two of the board on the rate of

times wages paid equal and exceed in some cases that paid other roads in eastern Canada per hour, but not per day, yet it was shown by the evidence that the wages paid in border cities of a like size exceeded that paid in Toronto both in hourly and daily rates—Cleveland paying 75c per hour. Detroit

75c per hour. Chicago for the control of th 75c per hour, Chicago 65c per hour, and the corporation of the city of Toronto paying their street railway em-ployes from 60c to 66c per hour, with

"The amounts actually paid some motormen and conductors show that these men work a great deal of evertime in order to make amounts sub-

that the present working conditions be continued until the 31st day of August, 1921, which is the expiration the conditions applicable should govern this case.

Plenty of Men Av Very complete evidence

"And also recommend that, in my opinion, the men working for the Toronto Railway Company should receive at least the same wages as paid by the corporation of the city of Toby the corporation of the city of Toronto, where they made an exhaustive investigation by the heads of the departments and the board of control before striking the rates named, namely: 60c per hour for the first three months 63c now have a large and the cost of living dense on wages and the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are control to the cost of living dense or wages are co partments and the board of control before striking the rates named, namely: 60c per hour for the first three months, 63c per hour for the next nine months, and 66c per hour there-

three months, 63c per hour for the next nine months, and 66c per hour thereafter.

"All of which is humbly submitted."

Situation Is Serious.

Officials of the Street Railwaymen's Union are chary of expressing any opinions as to the possibility of a strike, altho they are unanimous in declaring that the men will not accept the award as at present read. The men themselves are far more emphatic in their expressed opinion, and if their opinion is carried out to the point of consummation the Toronto public may look for jitney cars for a few days following Tuesday midnight. R. J. Fleming in interviews with the press stated yesterday that he was unable to see how any concession could be granted the men since a deficit would occur on the company's balance sheet this year.

From a letter received from H. O. K. E. Smith and endorsed by the offi-

melit would occur on the company's balance sheet this year.

From a letter received from H. O. K. E. Smith and endorsed by the officials of the union, many of the crews work less than eight hours a day, as for instance, those working during rush hours. Several instances of monthly receipts are recorded in a statement by the union in which crews received per man \$109.63, \$94.50 and \$109.37 respectively, or an equivalent of \$1,253.96 or less.

Ex-Controller Robbins appends the following comment at the bottom of the statement: "There are many crews of the character noted above, and these men could not do any extrawork because they are working the same hours as the extras." Mr. Robbins showed as an exhibit a letter from the private secretary of Sir George Foster to James Byatt, 12 Kintyre avenue, acknowledging the fact that his man, who is on the reestablishment department, has received since May, 1919, wages totaling \$1,228.08, or an average of \$23 a week from the Toronto Railway Company. This, said Mr. Robbins, was a fair sample of the average wages of the street railwaymen on the T. S. R.

Majority Report.

The franchise of the company expires on the 31st of August. 1921, at which date the board was informed by the mayor, the city would take possession of the read.

Final Recommendation.

The toard having carefully considered all evidence and representations and retareson payes for less for less of pay at present in force since the 4th of July, 1919, should be continued until the 31st of August. 1921, at which date the board was informed by the mayor, the city would take possession of the road.

Final Recommendation.

The toard having conditions and retareson the 4th of July, 1919, should be continued until the 31st of August. 1921, at which date the board on the respectively, or an average working the same hours as the extras." Mr. Robbins and the same hours as the extras. Mr. Robbins and the same hours as the extras. Mr. Robbins and the same that this working conditions and represent in force since the 4th of

the definite stand that the men should abide by the findings of the T. S. R. board. However, in the event of a strike, the O. R. B. would undertake to operate the line by arrangement with the majority report rejecting the majority report rejecting the mands of the street railway employes for higher wages and addressed to Hon. G. D. Robertson, minster of labor, is as follows:

Re the industrial disputes investigation act. 1907, and the dispute between the Toronto Railway Company and its employes if a strike occurs, unless the trouble is prolonged. If the company cannot settle the matter, the city may iressed to Hon, G. D. Robertson, minster of labor, is as follows:

Re the industrial disputes investigation act, 1907, and the dispute between the Toronto Railway Company and its motormen, conductors, shedmen, motor and truck repair men, and other employes, members of Division No. 113, Amalgamated Association of Street and Electric Railway Employes of America, and other employes of Same class not connected therewith.

The board of conciliation and investigation appointed here consisting of Mr. William H. Moore, Mr. John T. Vick of the city of Toronto, Ont., and the Hon. Mr. Justice F. S. Maclennan of Montreal, Que, chairman, meting the city hall, in the city of Toronto, on the 9th instant; and the members, having taken the oath of office, proceeded at once with the investigation.

The company was represented by Messrs. R. J. Fleming manager, and the board is simply awaiting developments,

Hubbard, assistant manager, and awaiting developments,

Waiter McRae, master mechanic. The employes were represented by Controller Joseph Gibbons, business agent for the union W. D. Robbins, secretary of the union, and by B. Merson, A. Conn, Joseph Tompkins and James Davis, members of the committee.

Matter in Dispute.

The matter in dispute had reference to working conditions and increased rates of pay for the employes of the company.

The working conditions now in force between the company and its employes were recommended by a board of con-

London, June 14.—Alarming confidential reports of an intended uprising in India in the autumn are reaching the government, according to The Star today, which says that Bolshevik literature is known to be behind the movement. The India office, when questioned with regard to The Star reports, declared that it had received no such information. The Star, however, makes the flat assertion and displays the news sensationally.

"It is considered by the authorities at home," The Star says, "to be more than probable that organization in Turkestan of a red force to attack Persia and Afghanistan is hut part of a big plot by which it is hoped to end our power in India. The opinion is expressed that should the whole Bolshevik plot mature our present forces in India would be insufficient to cope with the rising."

between the company and its employes were recommended by a board of conciliation in a report dated Aug. 2, 1919, and have been in force since July 4, 1919, and they are set out in full in The Labor Gazette of August, 1919, from pages 883 to 887.

Several Demands.

The modifications in these working conditions asked for by the employes shop, for additional pay for training new men, additional conditions as to uniforms, seats for motormen and conductors, Saturday afternoon holiday for trackmen, some modifications of the clauses dealing with discipline, and some modifications with reference to the hours of work, including a payment of overtime after eight hours' work, instead of after eight hours' work, instead of after eight hours' work.

Present Conditions Best.

The board has the company and its employes were recommended by a board of conciliation in a report dated Aug. 2, 1919, and have been in force since July 4, 1919, and they are set out in full in The Labor Gazette of August, 1919, from pages 883 to 887.

Several Demands.

The modifications in these working conditions asked for by the employes were recommended by a board of council space of the Labor Gazette of August, 1919, and have been in force since July 4

tion everything that was said on behalf of the employes and on behalf of the company with reference to the modifications of working conditions asked for, and has come unanimously to the conclusion that no change should be made in the working condi-

The principal demand of the employes was on the question of increased rates of pay. The present pay for motormen and conductors, in operation since July 4, 1919, are: For the first three months, 50c per hour: for the succeeding nine months, 52½c per hour, and thereafter 55c per hour. The demand of the employes is that the wages should be increased to 85c per hour for all employers mentioned in the application of the union.

Rates Elsewhere

Both the representatives of the union and of the company placed before the board very full evidence with reference to rates of pay prvailing on other street railways in different cities in Canada and in the United States. other two of the board on the rate of wages. I contended for an increase, and am going to recommend the same. That while the figures and evidence presented show that at the present times wages paid equal and exceed in

1st year, 46c; 2nd year, 48c; 3rd year, 50c; 4th year, 52c.

Ottawa—1st year, 49c; 2nd year, 51c; 3rd year, 53c; 4th year, 55c.

The only other street railway in Canada, so far as the evidence shows, where motormen and conductors are paid a higher rate is in the city of Vancouver, where the rate is 60c per hour.

In the Toronto Civic Railway, which time in order to make amounts submitted by the company, and without working this overtime the men could not earn the rates paid skilled trades.

"That for the sake of harmony and everybody concerned, I recommend that the present working conditions

Plenty of Men Available

Very complete evidence was put before the board showing the increased cost of living in Canada and in Toronto, which prevails at the present time, compared with conditions the war broke out and each

dence on wages and the cost of living

How Would You Like to Be a Motorman or Conductor?

How often one hears someone in another calling remark: "Well, I guess I'd better quit my job and be a motorman or conductor." There is more truth than jest in the statement.

A few of the advantages of the job are:

Clean, outdoor work at good wages, with the opportunity of making more money by working a little extra time.

Steady work, rain or shine, no lost time, which counts in the year's wages.

If you stay away from work for valid reason, your job is kept open until you

It is the coolest outdoor job in the hot Summer, and the most comfortable outdoor work in Winter; and, by the way, have you ever noticed what a healthy looking body of men are on the job?

We give other examples of what men earn and how they earn it. We could quote thousands of instances, but space will permit of only a few at one time, which are representative of the others.

EXAMPLE D-This man worked 25 week days in May. His daily run is worth 8 hours and 32 minutes straight time at 55 cents per hour, beginning work at 5.58 a.m. and finishing at 2.30 p.m. He worked on one holiday, 8 hours and 46 minutes, straight time at the rate of time and one-half, or 82½ cents per hour. He was off duty on the five Sundays in May. He worked overtime on nineteen days during the month on evening extras, averaging from two to two and a half between 4 and 6.30 p.m. He earned \$124.03 regular time and \$38.20 overtime; a total of \$162.23, equivalent to \$1,946.76 per year.

EXAMPLE E-This man worked 25 week days in May. His daily run is worth 8 hours and 5 minutes straight time at 55 cents per hour, beginning work at 5.56 a.m. and finishing at 2.01 p.m. He worked on one holiday 8 hours and 30 minutes, straight time, at the rate of time and one-half, or 821/2 cents per hour. He was off duty on the five Sundays in May. He worked overtime on eighteen

days during the month on evening extras, averaging one hour and a half, between '4 and 6.30 p.m. He earned \$122.26 regular time and \$16.05 overtime; a total of \$138.31, equivalent to \$1,659.72 per year.

EXAMPLE F-This man worked 24 week days in May. His daily run is worth 8 hours and 3 minutes straight time at 55 cents per hour, beginning work at 4.40 p.m. and finishing at 12.43 a.m. He worked on one holiday 8 hours and 47 minutes straight time, at the rate of time and one-half, or 821/2 cents per hour. He was off duty on the five Sundays in May, also on one other day he only worked one hour and forty minutes. He was training a beginner for two days at twenty-five cents per day extra. He worked overtime on eight days during the month on morning extras, averaging two to two and one-half hours, between 6.30 and 9 o'clock. He'earned \$117.52 regular time and \$16.25 overtime; a total of \$133.77, equivalent to \$1,605.24

In the above cases it will be noted that the men did not work on Sunday.

Here is a list of men, some of whom did little

| Straight | KING Over | DIVISION. Monthly | | nom did little | ORKVIL | LE DIVISI | ON. | |

SEEK ANOTHER RAFFLES

Halifax, June 14.—The local police have made the telegraph wires hot in an effort to find some trace of "D. C. M. Coughdon," a clever diamond thief, who escaped from Halifax last week with a quantity of costly gems and other valuables. The man registered at the Birchdale Hotel, where he gave out that he was an Australian ace, with a fine war record. He was lionized by people socially prominent, and was entertained at Government House.

St. Catharines, June 14.—Between three and four o'clock this morning the grocery store operated by Joe and Tony Meloni at the corner of Welland avenue and Geneva street, was dynamited by unknown parties. Three plate-glass widows were demolished, a door was blown to pieces and a large section of flooring and joists torn to splinters. The proprietors of the place, who were sleeping above the store, escaped without serious injury. Six weeks ago a bakery conducted by foreigners was 'nomined with considerable property loss.

MARKET QUITE DULL FOR MINING SHARES

Silver Declines Heavily, But Was Not an Immediate Influence.

DOME SHARES WANTED

There was little life to the trading on the Standard Exchange yesterday. Buying orders were slim and usually below the market. The one stock which seemed to be in real demand was Dome. Several brokers had buying orders at \$11, but there appeared to be but a small floating supply of the shares, and shorts were too circumspect to make a deal except on a good strong spot. The London price for sliver with a decline of almost 12 cents from Saturday sent a shudder thru the slivers, but the liquidation having been pretty complete, there was no immediate adverse effect. The New York cut was not quite so drastic and at 85c it was still one cent above the previous low.

and at 85c it was still one cent above the previous low.

The total sales were about 50,000 shares, and most of the transactions were in stocks which involved very small amounts of money. The gold issues were scarcely changed from Saturday, but Beaver, Trethewey and Peterson were easier in the silvers.

Oil stocks were firm and Petrol sold up two points. Vacuum sold at 27 up two points. Vacuum sold at 27 and Ajax was not dealt in.

POSITIVE THAT SILVER WILL ADVANCE AGAIN

Coleman & Reitze, New York, make the following remarks on silver: "Explanations by pro-British experts and writers in this country of the collapse in silver prices is not going to help the American business man to undersite and writers in this country of the collapse in silver prices is not going to help the American business man to undersite a situation with which he is vitally a situation with which he is vitally a situation with which he is vitally expensions in higher quotations. Trading after the steady opening was almost steadily downward on professional writers in this countries with the second of the silver reserved to the studen with these countries with these countries with the countries with the second with the second writers will be sufficient to a panic in the far eastern markets or to the sudden with these countries will appen in May, however, was that about wenty million ounces of site with placed on the market thru the explanation of the silver reserve of the National Bank of Erame, and the markets of this country. We say temperature that the prices will again advance, but in the price will again advance, but in the prices will again advance, but in the price will again advance will be advanced by the price will again advance of consumption against yearly output of 175,000,000 ounces of consumption against price will again advance four years to secure the 207,000,000 ounces in the Pittman re-purchase act if the indicated entire total produc-tion of this country was purchased.

FRANCE IS HOPEFUL OF ABUNDANT CROPS

Paris, June 14.—Another month of sood growing weather, with favorable harvesting conditions, will be worth between three billion and four billion francs to France, in the opinion of agricultural experts, "It is impossible to tell what will happen in the next few weeks," said a high official of the ministry of agriculture today, "but if the crops meet with no disaster France will buy but little wheat abroad next year, if conditions continue as favorable as a minimum economy of two and a half belilion francs, which may reach nearly four billion francs."

SLAMS SILVER AGAIN

London took another slam at bar silver yesterday and put the price down below that of last week. When the first big drop was made in London, to 45'1-4d an ounce. New York brokers said this was bottom, and only temporary. Yesterday's drop, however, was to 44'1-4d, a break of 5'7-8d from Saturday's price and a full penny lower than the low of last Tuesday. London is without doubt in control of the open silver market, and taking full advantage of the situation in India, and the east.

east.

Gold is now used as the basic standard and a tolerably free market for the yellow metal will gradually work out its normal relationship to all other commodities, silver included. The New York quotation for bar silver did not recede to the same extent as at London, being quoted at \$5c an ounce.

Results of Republican Nomination Convention Do Not Stir .

EYES UPON DIVIDENDS

New York, June 14.-The course of to-

cially transcontinentals, extended last week's losses. Sales amoutned to 475,000 shares.

Speculative railway bonds, notably convertible issues, eased variably, but Liberty bonds and foreign war flotations held firm. Total sales, par value, \$8,-

NEW YORK CURB.

New York, June 14.—The close on the curb today was heavy. Price movements during the session were mainly irregular and in the afternoon were reactionary. It would seem as if the market was discounting some dissatisfaction over the Republican nominee for president, altho in many quarters Mr. Harding is most favorably regarded. Asphalt closed down 3 points at 72. Candy was fractionally lower, Sweets Company was active around 1%. Texas Pacific Coal registered a new low for the present movement of 165%.

Midwest Refining lost a point at 147. Carib Syndicate closed steady at 18%. Simms gained fractionally at 18. There was a better tone to Sapulps on the report that the company had brought in a new well. Island Oil and Metropolitan Pete were both strong and active. Merrit was easier.

The mining shares were dull.

SMALL TRADING

Speculation Confined to Few Issues on the Toronto Stock Exchange.

BRAZILIAN WEAKER

There was no outstanding feature to the Toronto stock market yesterday, and dealings, even in the papers and sugar, were considerably modified. The older speculative stocks were inclined to easier quotations, Brazilian being especially noticeable in this regard. These shares advanced to 45 on Satur-These shares advanced to 45 on Saturday, and were dealt in well below 44 yesterday. The objection to carrying out the merger on present terms by some directors of Steel Corporation did not seem to have any special influence, and the particular shares concerned were not active. Cement had better support, with a firm bid thruout the day at 65. The award of the Toronto Railway arbitration board was acceptable to the market, and the shares of the company advanced to 44. Speculation entered into the day's business to much less than the usual extent, being confined to two or three of the listed issues. Bank stocks had a fair demand at steady prices. War bonds were unchanged, except in the 1937 issue, which was strong and up to 97%.

U. S. VISIBLE SUPPLY.

Present conditions greatly favor gold mining

The fixed price of gold gives a stability to gold mining enjoyed probably by no other industry at the present time. Furthermore, supporters of the McFadden Bill to bonus gold \$10 an ounce, are confident the measure will pass the U. S. Legislature and become operative this fall. Another condition favoring the gold mines is the decline in commodity prices. The peak of high commodity prices has been reached; the trend is downward. Industrial stocks should find lower price levels, while public attention will be largely diverted to the gold stocks. Gold shares should record substantial price advances. A number of record substantial price advances. A number of the better class gold stocks are now on the bargain counter. This is a most opportune time to pick up selected issues.

Write for our list and analyses of several high-grade gold stocks that should be bought now; also copy of the Mining Digest, containing late news from the gold fields of Northern Ontario. Simply fill in the attached coupon and mail today.

OBJECT TO MERGE ON PRESENT TERMS

Some Steel Corporation Directors Are Out to Oppose the Deal.

Plummer, E. R. Wood. In a circular to the shareholders they say in part: The balance sheets of the two companies, Dominion Steel and Nova Scotia Steel, are published, and are available, but, beyond the information furnished by the balance sheet, they have little knowledge of the affairs of Canada Steamships; certainly not sufficient to enable them to form an obvinion as to the propriety of joining with them in a merger on the terms

As regards the remaining eight com-As regards the remaining eight companies, no information whatever has been given as to their separate assets, liabilities and earnings, it being stated mat in some cases the owners refuse to allow their position to be disclosed to your board. It would appear that they are together to receive the following consideration:

stock 7,550,000 ferred stock 7,257,000 Common stock 11,850,000

Common stock 11,850,000

In order that the proposals might receive proper consideration, your directors have pressed urgently for full information as to each of the Impanies which are to be merged, but so far it has not been furnished. You are, in effect, asked to buy an interest of 51 per cent, in the combined properties, on values not verified by you, or to form a partnership in which you contribute 51 per cent, without being allowed to satisfy yourselves as to the value of what the other partners contribute.

selves as to the value of what the other partners contribute.

The promoters have, however, submitted a certified consolidated balance sheet, prepared for them by Messrs, Marwick, Mitchell & Company, as it would be if all the companies were merged and if \$25,000,000 new money had been provided for capital expenditure by the sale of preferred stock, which is one of the con-

WAS RIBBLE VEIN **KNOWN TO INDIANS?**

Vein Looks as Tho Hanging Wall Had Been Scooped.

George R. Rogers, president of the Wasapika Consolidated Gold Mine, admitted to The World representative to this shows the conservative character of the report he has given out in regard to the property. It is a fair inference that conditions are much better than indicated on the face of this report. In fact, the Ribble is one of the most remarkable veins in the world. Nothing even approximately equal to the report. In fact, the Ribble is one of the most remarkable veins in the world. Nothing even approximately equal to it is known except the Champion Reef in the Kolar field, southern India. This reef, or vein is payable at intervals for at least four miles, and it carries five large mines. South from the Wasapika, the Ribble vein has been traced three miles, and it is now believed that it extends one mile to the north, even passing beyond the claims brought into the company thru the recent consolidation. The Ribble is still the most spectacular vein in the north, so far as outcrop is concerned, tho glacial or other action has removed the hanging wall on about four-fifths of the whole, leaving only about five feet of the foot wall still in place. At the 200-foot level, the vein is over 27 feet wide.

On the Millar-Adair, the outcrop is also misleading as to the size of this great vein. In one place, however, the work of the glacier, or other agent of removal, seems to have been incomplete, and some quartz has been left in place which indicates that the vein on this property is at least 30 feet wide.

Like the Champion Reef, the Ribble

wide.

Like the Champion Reef, the Ribble vein is lenticular. It swells and pinches and develops ore shoots. But it shows extraordinary persistence in length, tho only slight mineralization between shoots. In the shoots, however, the ore is high grade in all folded veins, including the saddle reefs of Bendigo, Australia.

Brompton, Which is Most Active Issue, Loses More

Than Two Points.

Montreal, June 14.—Trading in listed stocks on the Montreal Stock Exchange today amounted to 14,232 shares, as compared with 12,506 on Saturday, 30,177 on new money had been provided its capital expenditure by the sale of preferred stock, which is one of the conditions named in the proposal. This balance sheet shows the total common stock issued as \$77,000,000, of which the cash payments of \$5,945,000 to be sold to realize \$11,400,000, out which the cash payments of \$5,945,000 to certain companies above mentioned with more or less of a conditions of the merging of the which the costs of the merger, discount on securities, etc.

GOOD BUTCHERS FIRM; **COWS WERE SLOW SALE**

Small Meats Selling Steady in Most Lines.

With around 2500 cattle on sale at the Union Yards yesterday, the exchange market for good butcher cattle and practically all other classes, with the exception of the butcher cows, was fairly steady. Medium cows were off anywhere from 75c to \$1, and some went 50 far as to say a good deal more. Trade opened fairly good, and for some unaccountable reason the cow trade was one of the weakest features in some time.

In the small stuff there were no very outstanding features, prices holding fairly steady.

GENERAL SALES.

Quinn & Hisey sold, among other lots:
Butchers—9, 7350 lbs., at \$12.50; 9, 6860 lbs., at \$11.50; 5, 4120 lbs., at \$12.30; 20, 19,770 lbs., at \$15; 24, 25,650 lbs., at \$14; 9, 700 lbs., at \$16.50; 1, 800 lbs., at \$15.

Cows—4, 4020 lbs., at \$10.50; 1, 1030 lbs., at \$8, 1, 970 lbs., at \$11; 1, 1360 lbs., at \$12.50; 13, 13,270 lbs., at \$11; 1, 1360 lbs., at \$12.50; 13, 13,270 lbs., at \$11; 1, 1360 lbs., at \$12.50; 13, 13,270 lbs., at \$13; 1, 1420 lbs., at \$12.75; 1, 1230 lbs., at \$9.50; 2, 2360 lbs., at \$10.50; 1, 1050 lbs., at \$10.50; 1, 1090 lbs., at \$10.50; 1, 740 lbs., at \$10; 1, 1040 lbs., at \$10.50; 1, 670 lbs., at \$10; 2, 1420 lbs., at \$10.50; 1, 670 lbs., at \$1, 25; 2, 1420 lbs., at \$9; 1, 1000 lbs., at \$11; 1, 920 lbs., at \$12.50.

A. W. Talbot (The William Davies Co.) bought around 225 cattle. Good butchers, \$14.50 to \$12.50; gbod bulls, \$11 to \$12; good cows, \$11 to \$12.50 to \$14; common, \$11.50 to \$12.50; gbod bulls, \$11 to \$12; good cows, \$11 to \$12.50; canners, \$4.50.

Sparkhall & Armstrong sold the following stock yesterday;

Butchers—8, 5080 lbs., at \$14; 1, 1080 lbs., at \$14.50; 11, 9700 lbs., at \$12.50; canners, \$4.50.

Sparkhall & Armstrong sold the following stock yesterday;

Butchers—8, 5080 lbs., at \$14; 1, 1050 lbs., at \$14.50; 11, 9700 lbs., at \$12.50; canners, \$4.50.

Sparkhall & Armstrong sold the following stock yesterday;

Butchers—8, 5080 lbs., at \$14; 1, 1050 lbs., at \$14.50; 11, 9700 lbs., at \$12.50; canners, \$4.50.

Sparkhall & Armstrong sold the following stock yesterday;

Butchers—1, 5300 lbs., at \$14; 1, 1050 lbs., at \$14.50; 11, 1090 lbs., at \$12.50; 11, 1100 lbs., at \$10.50; 1, 1100 lbs., at \$10.50

CORN QUOTATIONS SWING UPWARD

Meagre Receipts and Unfavorable Weather Affect Chicago Market.

Chicago, June 14,-Corn took a swing In the small stuff there were no very outstanding features, prices holding fairly steady.

The hog trade was reported to be steady at around the basis of 18c to the farmer, 18½c f.o.b., and 19½c fed.

The Corbett, Hall, Coughlin Co. sold yesterday two, loads, 40 cattle in all, shipped in by M. H. Fannigan, ex-mayor of London, to A. B. Taibot; for the Wm. Davies Co., at \$15.75, and Mr. Fannigan, as might naturally be supposed, was more than pleased with the sale.

The Corbett, Hall, Coughlin Co. also sold 20 heifers, weighing 1050 hs., to Geo. Rowntree, for the Harris Abattoir, at \$15.65.

Another load by the same firm for James McManus of Watford, went to the Swift Canadian Co, at \$15.60. The latter bunch averaged 950 lbs. aplece.

The C., H. C. Co. sold two steers, weighing 3000 lbs., the two of them, at \$16.10, and one heifer, weighing \$70 lbs., to Fred Bayley, at \$17, and 6 heifers, weighing 1000 lbs., at \$15.40. Several loads sold at from \$15 to \$15.25. These cattle were all sold right off the grass.

The Chilcago Markette.

The Chilcago Markette.

The Chilcago Markette to \$25c advance.

Arrivals of corn here proved to be only about heif as heavy as some optimists had predicted. Moreover, althour and the provisions the outcome ranged from 2½c decline to 25c advance.

Arrivals of corn here proved to be only about heif as heavy as some optimists had predicted. Moreover, althour and predicted more or the summer than pleased with the sale.

The Corbett, Hall, Coughlin Co. also sold 20 heifers, weighing 1050 hs., to Geo. Rowntree, for the Harris Abattoir, at \$15.65.

Another load by the same firm for James McManus of Watford, went to the Swift Canadian Co. at \$15.60. The latter bunch averaged 950 lbs. aplece.

The C., H. C. Co. sold two steers, weighing 3000 lbs., the two of them. at \$16.10, and one heifer, weighing \$70 lbs., to Fred Bayley, at \$17, and 6 heifers, weighing 1000 lbs., at \$15.40. Several loads sold at from \$15 to \$15.25. These cattle were all sold right off the grass. much as had been looked for. The market closed strong, 1%c to 2%c higher, with July \$1,74% to \$1.74% and September \$1.64% to \$1.64%. Oats gained %c to 1c. In provisions the outcome ranged from 2%c decline to 25c advance.

Arrivals of corn here proved to be only about haif as heavy as some optimists had predicted. Moreover, althour dry weather had been interrupted, the rains did not appear sufficiently general to be an important factor. Except during a brief setback in prices at the opening, therefore, bullish sentiment ruled the pit thruout the day with but little opposition. Especially at the last demand was active from commission houses and shorts. There was also an improved call from shippers, a custom said to be due in some degree to failing off in the visible supply total. Closing quotations were the topmost of the session.
