VICTORIA, B. C., TUESDAY, APRIL 27, 1909.

33

### ALBERTA MINERS ARE ON STRIKE

#### COLLIERIES AT TABER AND LETHBRIDGE IDLE

#### Operators Refuse to Sign for "Closed Shop" and Men Quit Work.

(Special to the Times.)  
Winnipeg, April 26.—The miners employed at the Canada West Coal Company's collieries at Taber, Alberta, are on strike. The coal operators met a deputation of miners on Saturday to draw up a new agreement. President Sherman, of the district, was present, but as the men demanded a "closed shop" the operators declined to do so. Ashcroft's mine at Lethbridge also closed to-day, the owner refusing to sign for a "closed shop." Dozens of steam plough outfits are held up in Southern Alberta, not being able to procure coal. The city of Lethbridge is also hard pressed for fuel.  
The only mines working are at Fernie and district, being those of the Crown's Nest Pass Coal Company.

### SEEDING DELAYED BY SNOWSTORMS

(Special to the Times.)  
Winnipeg, April 26.—Heavy snowstorms are reported from northwestern Manitoba and northern Saskatchewan to-day. There will be no seeding before May 1st in these two provinces.

(Special to the Times.)  
Ottawa, May 26.—Ontario's chartered Accountants Act has been disallowed.

### ABDUL HAMID'S REIGN IS NOW AT AN END

#### Members of Cabinet Resign and Sultan is Held Prisoner While Assembly of Young Turks Discusses His Fate.

(Times Leased Wire.)  
Constantinople, April 26.—The overthrow of Sultan Abdul Hamid, who is a prisoner in the palace, was assured to-day, when Grand Vizier Tewfik Pasha, tendered to parliament the resignation of himself and the entire cabinet. Ferid Pasha is looked upon as the most probable successor of Tewfik. A poll of parliament upon the resignation of the cabinet showed the almost unanimous sentiment that the deposition of the Sultan was necessary. The poll indicated that Abdul's reign has come to a certain end.  
The Sultan is held in the palace, which is surrounded by a cordon of constitutional troops. European consuls are the only persons allowed access to the palace.  
Four thousand revolutionary soldiers, including hundreds of members of religious orders, have been placed on guard as military prisoners by the sultans.

No attempt to formulate a settled policy will be made for several days. The cabinet decided to grant the request of Ceftek Pasha, who led the Young Turks to victory, that he be allowed a free hand for a time. The administrative power is thus temporarily placed in the hands of the military general staff. The city is calm to-day, although many are indignant because the Sultan is kept prisoner.  
His first stop of any length, after he has crossed the ocean, will be at Winnipeg. From there he will go to San Francisco and work back through the United States, stopping in Cleveland, Washington and New York. Other towns will be included in his itinerary, but concerning these arrangements have yet been made.  
While in America he will do deeply into the matter of the establishment of his contemplated "University for Humanity," the first branches of which are to be located in New York and Chicago, though the headquarters will be in London.  
London, April 26.—A dispatch from Vienna to the Daily Telegraph says that the Sultan was removed from the palace at Constantinople by force late last night and that Mohammed Rechad Effendi was installed in his place.  
Protecting Foreigners.  
New York, April 26.—A cablegram from American Ambassador Leishman at Constantinople to the United Press to-day says all Americans in the city at the time of the invasion departed to-day. Forces in control of the government have planted themselves to protect foreigners.

### GENERAL BOOTH TO VISIT CANADA

#### WILL MAKE TRIP BEFORE NEXT WINTER

#### Head of Salvation Army is Preparing for the Journey.

(Times Leased Wire.)  
London, April 26.—General Booth, of the Salvation Army, is making preparations to-day for a tour of America, which he expects to make before next winter. He will make two five-week trips first through England, the first in the north and the second in the eastern countries. By the time he returns it is expected everything will be in readiness for his trans-Atlantic trip.  
His first stop of any length, after he has crossed the ocean, will be at Winnipeg. From there he will go to San Francisco and work back through the United States, stopping in Cleveland, Washington and New York. Other towns will be included in his itinerary, but concerning these arrangements have yet been made.  
While in America he will do deeply into the matter of the establishment of his contemplated "University for Humanity," the first branches of which are to be located in New York and Chicago, though the headquarters will be in London.

### ARCHBISHOP MATHESON MAY BE PRIMATE

(Special to the Times.)  
Toronto, April 26.—Indications are that Archbishop Matheson, of Winnipeg, will be elected primate of all Canada to-morrow.

### FEARFUL DEATH ROLL IN ASIATIC TURKEY

#### Number of Slain in Vicinity of Adana Exceeds Twenty-five Thousand People--Starvation Adds to Horrors of Atrocities.

(Times Leased Wire.)  
Beirut, April 26.—Latest estimates of the number of persons killed in the Vilayet of Adana are placed at approximately 2,000 and thousands have been killed in towns of other districts. Throughout Asiatic Turkey the situation to-day is critical. How many thousands have been massacred can only be conjectured, because the disturbances have been so widespread that it is impossible to obtain details of the happenings.  
In many places the inhabitants are facing starvation owing to the existence of a state of siege. Each day brings news of further atrocities.  
Several warships are now in these waters, but the disorders are so far-reaching that the efforts of the powers to restore normal conditions have as yet hardly been felt.  
Conditions Growing Worse.  
Latakiah, Asiatic Turkey, April 26.—Forty thousand persons have been killed in the massacres in Asia Minor within the past few weeks, according to reports received here to-day.  
Interior towns report scenes of horror and each new dispatch adds hundreds to the list of dead. Conditions are growing worse.  
A French cruiser arrived here to-day and landed a force of bluejackets.  
Orders have been given to every foreign vessel in Mediterranean waters to bombard the town unless rioting ceases.

### MANY PERSONS KILLED AT TABRIZ

#### SHAH PERMITS DEFENDERS TO OBTAIN SUPPLIES

#### Gives Consent to Indefinite Prolongation of the Armistice.

(Times Leased Wire.)  
Teheran, April 26.—The Shah has consented to an indefinite prolongation of the armistice at Tabriz and the entrance of unlimited supplies to the city, which for a month has been in a state of siege, defended by 5,000 Nationalists, or Constitutionalists, against 6,000 soldiers of the Shah.  
Many persons have been killed on either side and the inhabitants of the city have been reduced to abject want. The "generosity" of the Shah is ascribed officially to be the result of negotiations with the besieged, but it is believed to have been due to Russian intervention.  
The announcement that a Russian expedition has left Julfa, on the frontier, to restore order at Tabriz, has caused great uneasiness among the inhabitants.

### HUNDRED KILLED BY EARTHQUAKE

#### THOUSANDS RENDERED HOMELESS IN PORTUGAL

#### The King is Personally Directing the Work of Relief.

(Times Leased Wire.)  
Lisbon, April 26.—At least one hundred persons are dead and thousands are homeless as a result of the earthquake which shook the province of Alentejo on Friday, according to messages received here to-day. Terrible suffering has resulted.  
The King is at Salvaterra directing relief work.

### AUSTRALIA AND GIFT OF DREADNOUGHT

#### Ministry Will Resign if Resolution is Passed by House.

(Special to the Times.)  
Melbourne, April 26.—The Melbourne Age states that if the federal parliament carries a resolution in favor of offering a Dreadnought to the imperial government the Commonwealth ministry will resign and ask for a dissolution.

### ACCUSED OF LOOTING RAILWAY FREIGHT CARS

#### Four Men Charged With Stealing Property Valued at Over \$40,000.

(Times Leased Wire.)  
San Francisco, Cal., April 26.—Four men are under arrest to-day accused of looting Southern Pacific freight cars of property valued at between \$40,000 and \$50,000. Paul Gillespie, a veteran employee of the railroad, is charged with being the ring-leader of the gang. His three companions are freight handlers, who are held in detinue and whose names have not been made public.  
Discovery of the loss of the freight was made after a complaint by a consignee at Reno, Nevada, who discovered a shortage in a shipment. Other complaints poured in from all parts of the Pacific coast, and the entire Southern Pacific detective force was put on the case.  
The thefts were traced to San Francisco, and finally part of the loot was found in a pawnshop. It was learned that the goods had been left there by Eddie Leonard, a messenger boy. He was taken into custody and succeeded in convincing the detectives that he had been innocently employed by certain men to handle the goods for them. He is alleged to have implicated Gillespie and his companions.

### TWO MAY DIE

Los Angeles, Cal., April 26.—Speeding at a mile a minute on a motor cycle at the Coliseum track yesterday, Charles Earhart was thrown from his machine on the upper turn of the "saucer" track and hurled over the fence and into the grand stand. The rider's injuries are trifling, but Howard Piper and Chas. H. Henry were perhaps fatally injured. The skulls of both men were fractured by being struck by Earhart's foot.

SCENE OF TROUBLE IN TURKEY AND ASIA MINOR.

### HON. JAMES BRYCE ON UNIVERSITY SITE

#### He Says it Should Be at the Capital of the Province--Views of the British Ambassador.

Professor Todd favors us with another of his interesting letters on the subject of the location of the University of British Columbia. This letter has an additional interest because in it is embodied one from Ambassador Bryce of Washington, whose views on the subject should have great weight with those entrusted with selecting the site for the University of British Columbia, owing to his scholastic attainments and his identification with seats of learning in the Old Land. The Times is pleased to have the support of Hon. Mr. Bryce and Prof. Todd in its contention for the location of the university in its logical place—the capital of the province—Ed.  
To the Editor:—From time to time during the past few months letters have appeared in British Columbia newspapers which have discussed the relative merits of an urban and a rural site for the university which British Columbia is to build for itself in the near future. The pros and cons of the question have been carefully discussed in these articles, and it seems as though the subject should have been greatly outweighed those of an urban one.  
The following letter, which has just been written by His Excellency the Hon. James Bryce, the British ambassador at Washington, is doubly interesting since it entirely concurs with that opinion.  
"Any reply to the question which you put to me regarding the most desirable site, whether in a large city or in a rural area, in which to place a university, must be made subject to the remark that the professional schools of a university, such as those of clinical medicine, law and engineering, are generally better placed in, or close to, a great city. With a school of agriculture it is otherwise; it ought to have its experimental farm, and be placed in the country.  
"Apart from the question of such schools, the balance of advantage seems to me to lie with a site in the country, but within easy reach—say about an hour's railway ride, or perhaps less—of a considerable city. The conditions for health are generally better in the country, where there is more fresh air and more space for recreation grounds as well as for the erection of buildings with plenty of room round them. It is well for the students to have the opportunity of getting to enjoy Nature, and well also for them not to have their minds too much distracted from their studies by the amusements which a great city offers. The professors can, as a rule, live in a more simple and inexpensive way when they are not expected, or tempted, to emulate the costly habits of a large city. It is, of course, a benefit to the youth of a city to have a university in it; but the benefit is almost equally well secured when it is within easy reach of the city. If possible, that city ought to be the capital of the province, for there are advantages in having the seat of learning not far from the seat of government.  
"I am,  
"Faithfully yours,  
"(Signed) JAMES BRYCE."  
April 9th, 1909.  
British Columbians should realize their responsibility in deciding upon the site of their university; much of the usefulness of that institution to the population of their province will depend upon the suitability of its site. It seems certain that the weight of the opinion of one so competent as the Honorable James Bryce will do much to influence public sentiment so that British Columbia's university will be founded where it may commence its career under the most favorable circumstances for achieving the greatest possible usefulness.  
J. D. TODD.  
PIONEER OF SEATTLE DEAD.  
Seattle, Wash., April 26.—Charles Waters, aged 51, for 49 years a resident of this city and a former business partner of Henry Yesler, one of the founders of Seattle, is dead of heart disease. He left an estate of \$75,000. At one time Waters owned Seattle real estate which is now valued at millions of dollars.

ABDUL HAMID II.

### EIGHT DROWNED WHILE ASLEEP

#### TOWBOAT SINKS IN MISSISSIPPI RIVER

#### Founders After Striking Obstruction—Seven Saved.

(Times Leased Wire.)  
New Orleans, La., April 26.—Striking an obstruction in the Mississippi river, about forty miles north of New Orleans, the towboat Eagle, of the Louisiana Petroleum Company, went down yesterday and eight persons were drowned. Seven were rescued.  
The dead included Captain George Knox and Second Engineer Charles Goodhue. The others were deck hands and firemen. Those drowned were asleep at the time of the accident.

### BURGULARS BURN BUILDING.

Set Fire to Store After Dynamiting the Safe.  
Walla Walla, Wash., April 26.—Burglars entered the general merchandise store of S. J. Cully at Weston, Ore., on Sunday morning, dynamited the safe and escaped after setting fire to the building. The fire was extinguished by citizens. The loss to the building and stock is estimated at \$3,000. The burglars got only \$5.

### WINNIPEG PREPARING FOR 1912 FAIR

#### Committee Appointed to Visit Centres in the West.

(Special to the Times.)  
Winnipeg, April 26.—The name of the 1912 fair to be held here will be the Canadian Exposition and Selkirk Centennial. A committee was appointed on Saturday to visit all western centres and then to go to British Columbia to boost the project. The railways have donated \$25,000 toward preliminary expenses. The Dominion government will be asked for a grant of \$1,500,000.

### DR. MARCUS DODS DIES IN EDINBURGH

(Special to the Times.)  
Edinburgh, April 26.—Dr. Marcus Dods is dead.  
Dr. Marcus Dods was one of the best known and most widely quoted of Scriptural commentators. He was 75 years of age at the time of his death. An Englishman by birth, having first seen the light in Belfort, Northumberland, and being a "son of the Manse," Dr. Dods was educated at Edinburgh University. He had been United Free Theology in Edinburgh since 1889. Dr. Dods was also the author of numerous works on theology, which are generally accepted as standard.

### THE SECRET BALLOT LIKE THE HANDCUFF TRICK

#### How the Contest Magician Skins the Public in Spite of Precautions and Guarantees of Fairplay.

### EXPOSING THE SECRET BALLOT.

(Article No. 10.)

Consider the "Hand-cuff King." Also the various other sleight-of-hand gentlemen who perform mysterious tricks quite beyond the comprehension of the public, as means of livelihood.

The gazing spectator can scarcely believe his eyes when the former escapes from the tangled manacles which a dozen citizens have brought to the theatre to shackle him with.

Looking the Box.  
The magician tugs a stout iron trunk upon the stage and calls for volunteers from the crowd to inspect its solid construction. A committee of awkward spectators mount the platform, where by nodding heads they attest to its tightness and permanent fastenings. The iron box is made like a safe, as rigid, as solid, as impossible to un-

lock. The gentleman in evening dress submits himself to the handling of a committee, who are invited to bind him hand and foot, place him within the box and secure him within it.

Securely fettered the performer is placed in the case, the lid forced down and locked. As an extra safeguard the bulky package is bound and tied with stout ropes to prevent the prisoner from escaping or the box from opening. The perspiring workers finish their task and walk to the side of the stage, wiping their necks where their collars seem to be in the way.

Emerges the Magician.  
A crack of applause brings them face about to behold the smiling magician bowing graceful courtesies to add to the charm of his legend.

The whole effect of the trick is in the elaborateness of the preparation. The more impressive the preliminary, the more impressive the mystification.

Getting Away With the Money.  
It was upon this fundamental principle of the art of deception that I built my famous "Secret Ballot Rules" in the contest on the Tankton Bee, landed the "big money" and got away with it, right under the guns of the enemy.

Note how my rules conformed to the principles of sleight-of-hand, even to the employment of a committee of disinterested citizens. They read:

"1. In order that the contest may be decided in absolute fairness to all concerned, all votes and ballots in this contest have been turned over to a committee of five of the leading citizens of Tankton, who will act as judges, count the votes and examine the ballots cast by the respective contestants, and award the prizes upon the day following the close of the contest. The following well-known citizens have kindly consented to act as judges, and their reputations in this community are a guarantee of fairness in every way." Here I gave the

names of the members of the committee, consisting of the mayor, a well-known minister, and three leading business men.

"2. The ballot box has been sealed by the committee and placed in the Tankton bank, where it is in charge of the cashier, and where all ballots must be deposited from now until the close of the contest.

"3. No person connected with the Contest Department, or with the Bee, in any way, to touch the ballot box, or to accept any votes or any subscription from any contestant whomsoever, after this date. All moneys for subscriptions must be placed in sealed envelopes, together with the names of persons to whom subscription are to be issued. The judges will issue all votes for money so deposited.

"4. The officers of the bank have been instructed to permit no one connected with the contest department or with the Bee, in any way, to touch the ballot box, or to accept any votes or any money from any such person, or any money from subscriptions must be placed in sealed envelopes, together with the names of persons to whom subscription are to be issued. The judges will issue all votes for money so deposited.

"5. The ballot box will remain, at all times, in the bank, where it will be opened in any way, to touch the ballot box, or to accept any votes or any money from any such person, or any money from subscriptions must be placed in sealed envelopes, together with the names of persons to whom subscription are to be issued. The judges will issue all votes for money so deposited.

(Continued on page 5.)

### BOMB EXPLOSION IN ST. LOUIS CATHEDRAL

(Times Leased Wire.)  
New Orleans, La., April 26.—An explosion believed to have resulted from a bomb partially wrecked the famous old St. Louis cathedral yesterday. The explosion created wild excitement. One of the altars was wrecked, handsome windows were broken and much plastering dislodged. The damage amounted to about \$2,000.

The police express the belief that dissension among members of a party of Italian workmen engaged in making repairs in the church was responsible for the explosion. Several arrests were made.

The cathedral was built during the Spanish regime in Louisiana.

### FIRE DESTROYS DWELLING.

New Westminster, April 24.—The home of Mr. and Mrs. E. Mason on Eighth avenue, near Twelfth street, was totally destroyed by fire shortly before noon to-day. The fire was caused by one of the children, who accidentally set some paper ablaze in an upstairs room, and before the alarm could be raised the building was burning fiercely. The loss is estimated at about \$4,000, no insurance being carried.

Making Good Makes Friends

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines will exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands.

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, nasty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle-wrapper—no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit.

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for woman's special ailments.

As an invigorating tonic and strengthening nerve it is unequalled. It won't satisfy those who want "booze," for there is not a drop of alcohol in it.

WHY SLOE EYE AND MULEY WERE JAILED

Police Gather in Grafters Because They "Fixed" Things to Get Prizes for Friends-- The Plot Thickens.

HOW THE AWARDS ARE "FRAMED"

(Article No. 8.)

"Courts Take Hold of Crooked Contest" was a two line, seven column head, which occupied nearly one-half of the front page of the Bee the afternoon of the day "Muley" Brighton was arrested.

That story was something of a jar to our "contestants" and all the suspicions of their minds had been aroused and re-aroused until the instinct which acts as a sentinel of self-preservation was jaded and tired to such a degree that one more "exposure" more to buy votes, because they had been led to believe they would win a "prize" of great value.

Extracting Money From the Candidates Aside from the Chinese and negro candidates, each of whom were now putting up regularly under the positive assurance that their candidate was to have the automobile prize, we had three or four other fairly live girls who figured that their chances to win were increased by the fact that some of the contestants were "laying down."

One girl had a barber for "steady," who went out and collected a toll of ... from each barber in the union weekly. He promised each barber who paid into the fund a full day's trip in the automobile, which he was sure his girl would win, because we had given him a "confidential" tip to that effect.

One pretty live one was a school teacher. I was always shy of teachers, because they made more bother than any other class of women and produced less. They were only good when they did not take any interest in the "contest," but kept still and let our expert assistants "help" them.

"Muley" Brighton was brought before the local magistrate upon the formal charge of obtaining money under false pretences that same afternoon. He was represented by a lawyer who, after the charge had been read by the spectacled judge, entered the court of "not guilty."

"Muley" and his counsel held whispered discourse for some time, when the lawyer arose and made a pathetic plea for a reduction of the amount of the bail. He argued that his client was without acquaintances to go upon his bond for any amount, but that he was

so sincerely innocent that he was willing to put into the hands of the court, to buy all the money he had, something like \$700. With all his money deposited in court, his attorney said, he would be unable to leave the city and that therefore, \$700 bail under such conditions was reserving the ends of justice more surely than a thousand dollar bond in ordinary circumstances.

Just the Automobile Money Left. I afterwards learned that "Muley" had told the truth. He had a little less than \$800 left of the "contest" money when he was arrested, and what he had above the \$700 bail his lawyer took for his fee. All the money he had after his encounter with the law was what he got for the prize automobile from the Seattle sport.

He collected this upon his release from jail and left Tankton on an evening train. It is hardly necessary to state that he did not return to demand trial.

INSURANCE INQUIRY BECOMING LIVELY Washington Official Says He Obeyed Instructions of Secretary of State.

Olympia, Wash., April 23.—Eur. is likely to fly in the legislative insurance investigation when Secretary of State Sam Nichols takes the stand.

LOSES FORTUNE; STEALS LOAF OF BREAD Woman After Squandering \$75,000 is in Toils of the Law.

New York, April 23.—After losing her fortune of \$75,000 at race tracks and in pool rooms, Mrs. Anna Trafford, widow of John Trafford, a Peruvian mining promoter, is in the toils of the law.

LUMBER RECORD. Vancouver, April 23.—The Fraser River Lumber Company at New Westminster yesterday broke its own and probably the world's record, for cut in a single day. The total amount of lumber handled during the day of ten hours was 418,460 feet.

CHICAGO ELOPEMENT.

Chicago, April 23.—Desiring to avoid the notoriety of a church wedding and its consequent pomp and ceremony, Edmund J. Doering, Jr., son of a prominent physician of this city, and Miss Edna Jeffery, daughter of Edward T. Jeffery, president of the Denver & Rio Grande railway, have eloped to Milwaukee. None of the members of the families of the young couple opposed the match, and considerable surprise was expressed that the wedding plans were conducted with so much secrecy.

SUIT AGAINST RAILWAYS.

San Francisco, April 23.—Suits against the Union Pacific and the Southern Pacific Railway Companies have been entered in the United States circuit court for the northern district of California for the purpose of dissolving the financial relations of the two railways.

ACCUSED OF EMBEZZLEMENT

Washington State Insurance Commissioner Under Arrest.

Spokane, Wash., April 23.—Attorney M. J. Gordon, former chief justice of Washington, who was indicted by the grand jury yesterday on a charge of embezzling \$9,200 from the Great Northern Railroad Company, has been released on bonds of \$20,000.

INSURANCE INQUIRY BECOMING LIVELY Washington Official Says He Obeyed Instructions of Secretary of State.

Olympia, Wash., April 23.—Eur. is likely to fly in the legislative insurance investigation when Secretary of State Sam Nichols takes the stand.

WILL USE ELECTRICITY ON ROAD IN CASCADES

Great Northern Power Plant Near Leavenworth About Completed.

Seattle, April 23.—May 20th is the date now set by the Great Northern railway for changing its motive power from steam to electricity in handling traffic through the Cascade mountains. The four big electric locomotives are all ready for use at the Everett shops, and there remains but a few details in completing the equipment of the plant in the Tumwater near Leavenworth, where the power plant is located and which will furnish 10,000 horse-power.

APPOINTMENTS BY THE GOVERNMENT

Notices in This Week's Gazette—Companies Incorporated.

The Provincial Gazette this week contains notice of the following appointments:

C. Oubett, to be a clerk in the office of the district registrar of titles at Kamloops, from the 4th day of April, 1909. William Allison, of Hazelton, to be official administrator for that portion of the County of Atlin embraced in the Omineca Mining Division, in the place of Frederick W. Vallau, resigned.

RECIPROCITY WITH STATES.

Montreal Board of Trade Will Not Send Delegates to Conference at Detroit.

Montreal, April 23.—The council of the Montreal board of trade has turned down an invitation from the Detroit board of commerce to send a representative to attend a conference in that city on the subject of better trade relations between the United States and Canada, which opens in Detroit to-day and lasts till Saturday. Several of the members pointed out that in the past the United States had turned down representations from Canada looking towards reciprocity. Now the boot was on the other foot, and while there was in the States an increasing desire for open trade relations between the two countries, Canada did not need it, and was quite prepared to keep her foreign relations and her commercial relations with the Empire as they were now.

FORMER U. S. SENATOR DEAD.

Washington, D. C., April 23.—Wm. Morris Stewart, former United States Senator from Nevada, died this morning at the Georgetown hospital. He was born at Lyons, N. Y., August 9th, 1827. He was attracted West by the gold discoveries in California. In 1854 he served as attorney-general of California and resided to Virginia City, Nevada, in 1880. He became interested in the famous Comstock mine and amassed a fortune. He served as United States senator from Nevada from 1882 to 1885 and from 1887 to 1905.

KING OF ITALY STIRS OFFICIALS

DISSATISFIED WITH WORK AT MESSINA Epidemic is Feared With Arrival of Warm Weather.

Rome, April 23.—Exceedingly dissatisfied with the conditions found at Messina early in the month, King Victor has been stirring up the officials in charge of the improvement work there so vigorously that more has been accomplished since April 8th than during the entire preceding months from December 2nd, when the city was destroyed.

MURDERED IN TORONTO

Believed to Have Been Slain in Row in His House.

Toronto, April 23.—The body of Vani Simoff, a Macedonian, aged about 65 years, was found in the cellar of his house on Eastern avenue this morning. He had been murdered with a hatchet. The body was hacked to pieces. Simoff was employed in the Grand Trunk roundhouse at night. He left the roundhouse at 7 o'clock this morning, and at 8:30 his body was found by a Macedonian, Felix Stook.

ELDERLY WOMAN FOUND DYING AT HER DOOR

Mrs. Madeline Goupin Expires Before Reaching a Physician.

(From Friday's Daily.) Mrs. Madeline Goupin, an elderly woman, was found lying in front of her store last night about 9:30 o'clock, died from causes at present unknown while being conveyed to the office of Dr. Fraser, Douglas street. Constable Carlow had been called to the scene by a passer-by who had heard the woman's screams and seen her lying on the sidewalk. No cause of death could be assigned. The woman had evidently been in the act of leaving her store to get into the fresh air when she was discovered. Coroner Hart will hold an inquest, but said this morning it would not be until to-morrow.

WEAK CLOSE ON NEW YORK MARKET

Reaction Due to Light Selling—Pressure Carries Prices Downward.

(Times Leased Wire.) New York, April 23.—The Chicago wheat pit with its rapid and wild fluctuations, offering wonderful opportunities for scalping, attracted the majority of the regular stock exchange following to-day, thus leaving the stock market in a rather neglected condition. Stock prices held firm around yesterday's closing figures during the morning portion of the session, but during the early afternoon a reaction due to light selling pressure carried prices down from a fraction to one point in the general list. The close was weak. Reading leading with a net loss of 2 1/2 points, Union Pacific, Southern Pacific and others one point.

HEARTY WELCOME.

Roosevelt and Party Greeted on Way to Hunting Grounds.

Makindu, British East Africa, April 23.—Colonel Roosevelt and party, riding on a special train en route to Nairobi, arrived here this morning from Mombasa and was given a magnificent reception. The American missionaries here participated in the demonstration. After partaking of breakfast the hunting party resumed the journey in the direction of the jungles.

FATHER THINKS SON HAS BEEN SHANGHAIED

Bellingham Man Spirited Away From Construction Camp.

(Times Leased Wire.) Seattle, Wash., April 23.—Dragged from his bed in a cruder's tent near Ballard at midnight by two men representing themselves as officers of the law, handcuffed and led away in the darkness of the night, Martin Olson, 23 years old, cannot be found in either the city or county jail, nor in the jails of neighboring counties. To-day Sheriff Hodge detailed deputies to conduct a search for the missing man, as well as for the alleged officers. Olson came from Bellingham two weeks ago and secured employment in a grading camp near Ballard. He slept in a tent with several other graders. On the night of April 12th two men entered the tent when all were sleeping, and reading an alleged warrant to Olson handcuffed him and led him away. The father of the boy is con- sidered to recruit the crew of some fishing vessel. He has requested United States Marshal C. B. Hopkins to assist in the search, and asks that the revenue cutters be detailed to search fishing craft along the bay in the belief that the boy may be concealed aboard.
