"Only in tongue, I fancy," answered the other. "I am an Irishman,—Maurice Ormond by name. You are, if I mistake not, an American."

Miramichi Advance.

Beginning with the issue of November 6th, 1890, when the ADVANCE entered upon its

Seventeenth Year of Publication! The publisher made an important change in the terms on which the paper is furnished to Subscribers. These include

1st. Strict adherence to the system of cash in advance for all subscriptions.

2nd. The reduction of the price of the paper to

One Dollar a Year

It is to be particularly understood that all outstanding subscription accounts due after November 6th, 1890, are to be settled on the old terms, viz., \$2 per year, the advertised credit rate.

I have made special arrangements with the

WEEKLY TELECRAPH OF ST. JOHN FAMILY HERALD AND WEEKLY STAR of Montreal by which I will furnish either of those papers and the

One Dollar and Sixty Cents a Year!

I have made the foregoing changes in the business of the ADVANCE for two reasons. The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the AD MANCE to those who do pay, that I should no longer continue to furnish the AD MANCE to those non-paying subscribers. The second reason is, that I wish to meet the competition of the city weeklies, which are made up from the type of the dailies and, therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially for it.

Having published the ADVANCE for sixteen years, and endeavored Having published the Advance for sixteen years, and endeavored to make it a creditable representative of Miramichi and North Shore enterprise—a paper which may be taken into any household without fear that it has catered to sensationalism at the sacrifice of that clean iness of matter, which is too often neglected by the press of the day— I have reason to hope the foregoing announcement will meet with general approval and be the means of largely increasing the circulation
