will have my everlasting gratitude."

On March 1, 1902, we received the following letter from Mr. Walker, which speaks volumes for Dr. Chase's Ointment as a cure for piles of the most distressing form. He writes:—"According to my promise, I now take pleasure in writing to you.

If you remember, you sent me a box of Dr. Chase's Ointment for bleeding piles some three months ago.

I used it faithfully, and can say that it proved a Godsend, for it entirely cured me of bleeding piles. "I wanted to be able to tell you that it was a permanent cure. This you can use for the benefit of other suffering people. There are several people here who have been cured of very severe cases of protruding piles by using this great ointment."

So far as we know there is no other preparation extant which is so successful in curing piles of the most aggravated kind as Dr. Chase's Clintment. Its soothing, healing powers are marvellous, and its cures therough and permanent. Bixty cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

As everybody knows, our sewerage and water works are yet innonnplete. It would be cowardly for any Alderman or Mayor who has been wholly, or in part, connected with the introduction of that work to quietly retire and leave the board to strangers. I for one will not do so and will see it through. If re-elected as one of the feur sidermen at large I will do my part to have our roads and uncompleted works put into shape. Big work will be in order for a new Council. It behooves the ratepayers to be alert: It behooves the ratepayers to be alert; economy and retrenchment must take the
