

ALLIES WRITE ULTIMATUM TO THE GERMANS

Britain and France Amazed at Small Indemnity Proposition That is Made.

WAR LEADERS ARE CALLED TO MEETING

France Ready to Hurl Her Forces Forward When Foch Says the Word.

London, March 1.—When the German delegates faced the Allies around the table today with the object of coming to a final settlement of the German indemnity, a gulf was revealed even wider than any predictions had foreseen. Germany's counter-proposal fell so far short of the Allied programme drawn up at the Paris that the British prime minister declared: "The German Government appears to have a complete misunderstanding of the realities of the position" and tersely adjourned the conference after Dr. Simons, the German foreign secretary, had presented the document and tried to advocate its reasonableness.

Everything at End
The belief prevails in the Allied camp tonight that the negotiations have ended and that they are on the eve of action. Their reply is expected to be an ultimatum, clear and imperative.

The following bulletin was issued after a brief meeting of the heads of the Allied delegations this afternoon: "It was decided to commit the juridical and military advisors tomorrow, with a view to informing the German delegation on Thursday as to the measures the Allies propose to take."

Something Definite Now
The word "measures" and mention of only the juridical and military advisors are considered significant. Dr. Simons offered what experts estimate would amount to 2,500,000,000 pounds sterling, of which Germany claims 1,000,000,000 pounds sterling has already been paid in money and supplies.

Compared with this offer, the Allies term required the payment of 11,000,000,000 sterling, and the lowest Germany was expected to put forward was something over 7,000,000,000 sterling, while Germany wants 400,000,000 sterling less.

Advance on Germans
An advance into Germany by the Allied armies is in nowise assured, even if the Allies feel obliged to give an ultimatum. Economic pressure may be attempted instead.

No support for the further use of soldiers has developed in Britain, and if an advance movement is undertaken it will be a French and Belgian measure, in which Great Britain will operate only from loyalty to the Allies.

France is Ready
Paris, March 1.—Everything is in readiness along the front of Rhine by the French for a jump forward at a few hours' notice should the occasion arise, official circles intimated tonight. A high official of the war office declared: "Marshal Foch has but to say the word."

The German counter-proposals created nothing short of amazement in French official and diplomatic circles. See Also Page 5

TELLER ADMITS HE TOOK CASH

"I Have Made a Terrible Mistake" Declares Edgar M. Brown in Toronto Case.

Toronto, Mar. 1.—Edgar M. Brown, arrested last night on a charge of theft of \$21,211 from the Bank of Montreal, appeared before Col. Denton in police court this morning, and without pleading or electing was remanded until next Tuesday. He was represented by Fletcher Leav. Brown appeared very haggard and was visibly moved in court. He was removed, following the remand, by Sergeant of Detectives Cronin.

Money Still There
Amplifying his confession of last night Brown told the police today that he never took the money out of the bank and it was not secreted about his body. Brown states he took the three bundles of the money out of Wright's cage and put the legal and cash in his own cash box on Thursday morning to cover up other details and on Thursday night put his money along with the day's amounts in the vault.

"I am glad the suspense is over," said Brown. "I have made a terrible blunder."

BRUCE SENT FOR TRIAL
Montreal, Mar. 1.—Gerald H. Bruce, former junior partner of the brokerage firm of Oswald Brothers, of this city, was this afternoon committed for voluntary statement by Judge Cusson on three counts: theft as a partner; theft by misappropriation of proceeds held under direction; and defrauding by falsifying of books and accounts. Voluntary statement was fixed for March 24th.

Engineer Not To Blame For Railroad Wreck

Took Every Precaution Says Michigan Central Railway Company.

Chicago, Mar. 1.—William F. Long, engineer of the Michigan Central train which was struck by a New York Central train at Porter, Indiana, Sunday night with a loss of 37 lives today was exonerated by officials of the road of all responsibility for the accident, according to word telegraphed here from Niles, Michigan.

A board of inquiry convened by Michigan Central officials at Niles issued a statement that the engineer had not been derelict in his duty, that he had obeyed the signals set for him and could in no way be held accountable for running into the safety block across the path of the New York Central train.

TOO FEW RANGES COMPLAINT MADE BY RIFLE SHOTS

Allege Lands Have Been Sold for Building Lots in Many Instances.

THREE DIRECTORS FROM NEW BRUNSWICK

Lt.-Cols. Wetmore, Anderson and Hill Are Elected at the Annual Meeting at Ottawa.

Ottawa, Mar. 1.—The annual meeting of the Dominion Rifle Association was held in the railway committee room in the House of Commons here this morning. Major General E. W. Wilson, C. M. G., Montreal, was re-elected president. During 1920 the receipts were \$29,553.23 and the expenditures \$26,033.40 as against receipts of \$34,579.25 and an expenditure of \$30,547.83 in 1919, the latest previous year in which a prize meeting was held.

Too Few Ranges
Considerable discussion took place regarding the difficulty of retaining rifle ranges the tendency, it was said, being for local authorities to dispose of the ground for town lots. It was also urged that increased facilities in the matter of expenses must be provided if more candidates are to be secured for the annual shooting competitions.

General J. H. MacBrien appealed to the Members of Parliament present to use their influence in getting an Act passed to secure that money derived from the sale of lots formerly used as ranges should not go to the receiver general as at present, but should be retained for military purposes.

The New Officers
Other officers elected for the year include: Patron, His Excellency, the Governor General; Hon. President, Hon. Hugh Guthrie M. P.; Honorary Vice-President, Major General J. H. MacBrien; Vice-Presidents: Lt. Col. H. Flowers, R. O., Halifax; Major General H. H. McLean, R. L., M. P., St. John, N. B.; Lt. Col. W. P. Frowde, D. S. O., Charlottetown. Members of the Council elected include: Scotia—Lt. Col. H. C. Blair, Lt. Col. R. B. Simmons, Lt. Col. Bent. New Brunswick—Lt. Col. Wetmore, Lt. Col. S. B. Anderson, Lt. Col. S. H. Hill. Prince Edward Island: Lt. Col. D. R. Street and Brig. General A. E. Swift.

Senate Pays Tribute To Its Dead Members

Loan for \$40,000,000 Placed in States to Help the Canadian National.

Ottawa, March 1.—In the Senate tonight, Senator Casgrain was informed that two loans aggregating \$40,000,000 had been placed in the United States during the past twelve months for the purpose of providing equipment and rolling stock for the Canadian National Railways.

Sir James Loughheed and Hon. Senator Bostock paid tributes to the Senators who had died during the recess. These were Senators Dennis, of Halifax; Douglas and Frischoe, of Saskatchewan and Shafto, of British Columbia, and Senator McWeeny, of Montreal.

Champ Clark Dying At Washington Home

Washington, March 1.—Hope for the recovery of Representative Champ Clark virtually was abandoned today by his physicians. Mr. Clark, who is ill with pleurisy and a complication of other diseases, remained in a comatose state most of the morning and apparently was losing ground.

Constitution Spirit Demands Election

Such is the Argument of Mr. A. B. Copp, Westmorland, in the Commons Debate.

Ottawa, March 1.—At 10.30 o'clock tonight A. B. Copp, Westmorland, suggested moving the adjournment of the debate in the House of Commons after a long day. "It's quite early yet," replied Hon. C. J. Doherty, who was leading the government. The Prime Minister suggested going on a staff 11.30, so Mr. Copp continued. Because Mr. Guthrie led the Liberal party was not an indication that the Liberal party was breaking up. In 1911 Mr. Guthrie had sought to impress on the people of Canada the adoption of reciprocity, but today in challenging the Liberals to state their position on the tariff he had not suggested his policy on the same subject.

People Should Decide
The people, Mr. Copp asserted, should be given an opportunity to express their views.

If the amendment of the leader of the opposition was carried it would mean a general election. According to the spirit of the constitution the government did not have a mandate from the people, and the spirit of the constitution should guide in the present case. It being 11.30 Mr. Copp took the Prime Minister at his word and moved the adjournment of the debate.

Stole \$20,000 In Gold Bullion

Victoria, B. C., Mar. 1.—When the liner Empress of Russia arrived in port today from the Orient, it was reported that \$20,000 in gold bullion had been stolen from the ship's mail. The greatest secrecy prevailed regarding the discovery and no details could be ascertained. It is understood that the liner was carrying a large shipment of gold bullion on this voyage.

WOMAN NOT GUILTY

Springfield Mass, March 1.—A verdict of not guilty was returned by a jury today in the case of Mrs. Genevieve Smith, a church organist and music teacher, who was charged with manslaughter upon her mother-in-law, Mrs. Paula Smith, in their home in West Springfield, October 19, 1919.

BURNS TO DEATH UNDER LOAD OF WOOD AND MOTOR

Horrible Death of John Hatt When Pinned Under Truck Near St. Stephen.

MOTOR UPSET ON ICY BROAD ROAD

Load of Wood and the Auto at Once Took Fire and Burned Chauffeur.

Special to The Standard
St. Stephen, N. B., March 1.—A very sad accident occurred on the board road, about ten miles from this town this afternoon, when a big motor truck loaded with wood belonging to L. Sandler, of Cadix, skidded on the road, which was very icy, turned turtle and pinned one of the occupants, John Hatt, beneath it. The other occupant of the car, Mr. Sandler's son, escaped, but owing to the weight of the car and the load he was unable to get Hatt out. The auto immediately took fire, and before assistance could be reached, Hatt was burned to death. Mr. Hatt was a resident of Cadix, and about sixty years of age and very highly respected. He leaves a wife and one daughter to mourn his loss.

ONE DAUGHTER IS QUEEN OF ITALY

Refused to Accept \$500,000 Annuity in Return for His Abdication.

Antibes, France, Mar. 1.—King Nicholas of Montenegro died here today. The Queen of Italy, daughter of Nicholas, has been advised of the death of her father and she and King Victor Emmanuel are expected to come here for the funeral. The date of the funeral, however, has not yet been fixed.

On Allies' Side
Nicholas I of Montenegro was born in October, 1841. He was proclaimed Prince of Montenegro as successor to his uncle Danilo I in 1860 and assumed the title of King under a resolution passed unanimously by the National Skupshchina in 1910 on the occasion of the fiftieth anniversary of his accession. During the war Montenegro participated on the side of the Allies. When the armistice was signed the Serbians ordered elections for the national assembly and when the assembly met in 1918 it declared itself in favor of the deposition of Nicholas and the reigning dynasty.

Shortly afterwards the assembly voted for the union of Montenegro with the Jugoslav state of the Kingdom of the Serbs, Croats and Slovenes. Nicholas and his cabinet since that time have been in France and final decision as to the status of Montenegro lies with the peace conference.

GERMAN A JOKER

Berlin, March 1.—The Zeitung Am Mittag in its edition today said it had been informed that the London conference was to be opened with religious services conducted by the Archbishop of Canterbury. The text of the archbishop's sermon, the newspaper added, would be found in St. Matthew 5:26. The verse in St. Matthew referred to reads as follows: "Verily I say unto thee, thou shalt by no means come out thence, till thou hast paid the uttermost farthing."

DEAD CAPTAIN LIVED IN FEAR OF FOUL PLAY

Told Neighbor, it is Alleged, of Two Previous Attempts to Take His Life.

HOME LIFE WAS FAR FROM HAPPY

Daughter Said to Have Continued Washing Dishes While Father Lay Outside Dying.

Yarmouth, N. S., March 1.—A man continually haunted by the dread of a violent ending to his life, suffering from an inexplicable prostration that he would be poisoned; a man whose life had been twice menaced in insidious ways by an unknown foe; a man whose domestic life was not ideal, and who carried the glow of happier heart's fire, such a man was Captain George Perry, according to the sensational testimony of a neighbor and friend at the inquest into Perry's murder here tonight.

Two Previous Attempts
The neighbor was Thomas Nickerson, at whose house the murdered man spent his last evening of life, and to whom Captain Perry had often indirectly expressed his fear of foul play, and told of two previous efforts to put him out of the way. Once, he alleged, by poisoned cake, and a second time through tampering with his coffee cups. Nickerson also spoke of the domestic life of the Perrys; of the separation between the children and his wife, and their later reconciliation; of Perry's wistful longing for a home that was happy.

Went On With Work
The testimony of William McNair and Daniel McNamee, next door neighbors to the Perrys, who were summoned by Ross, when he discovered the body, referred to the conduct of the Perry household. From their statements, it would appear that Perry had been in the yard for more than half an hour, in terrible agony, his life blood oozing away, while within the instrument of death, which was washed off the dishes of her supper party, and his wife had stood in the hallway.

Objected to Body
McNair alleged that Ross had claimed that the doctor whom he summoned had ordered him to leave Perry lying in the open, a statement which the doctor had later denied, while McNamee claimed that the next morning Ross had later objected to the presence of the captain's body in the hallway because it interfered with his appetite.

Other testimony went to discredit the theory that robbery was the motive of the crime. The mystery is further heightened by the testimony of Chief of Police Babin that the iron bar, the instrument of death, had been placed in a tub on its return porch between his first examination of the premises when he had not seen it, and Sunday morning.

McGILL TEAM WON THE CHAMPIONSHIP

Rush Oxygen Tanks To Caruso's Bedside

Famous Tenor Operated Upon Earlier in the Day.

New York, Mar. 1.—Three tanks of oxygen were taken tonight to the apartment of Enrico Caruso, world famous tenor, ill with pleurisy, who had been operated on earlier in the day to relieve him of a collection of puss on one side of the pleural cavity.

The significance of the further delivery of oxygen, the first renewal since the tenor suffered his first relapse and was troubled with a weakening of heart action, was not explained. Communication with the Caruso apartment was denied newspapermen although the last official word from his doctors this afternoon said he was resting comfortably.

TRAWLERS QUIT BECAUSE CREWS REFUSED SCALE

Wages Have Been Cut from \$130 to \$45 Per Month by Owners.

FORTY-FIVE SHIPS TIED UP IN BOSTON

Fishermen Claim Reduction in Wage Most Drastic in United States.

Boston, Mar. 1.—Owners of the forty-five steam trawlers operating from Boston and Gloucester, announced today that with the return of the single trawler now on the fishing grounds all would be laid up for an indefinite period. Low prices for fish, high cost of coal and high wages were assigned as reasons.

The crews of the trawlers have been receiving \$120 a month with a bonus of \$4 on each 1,000 pounds of fish brought in. The owners recently submitted a scale to become effective today, which would give the men \$45 a month, a ten per cent bonus on all earnings up to \$4500 and five per cent additional on earnings above that amount. The fishermen's Union refused to accept this scale, asserting that it represented the most drastic cut in wages that any trade had been called upon to accept. The owners have been withdrawing the trawlers from service gradually and two weeks ago only 14 were running.

Rescued at Sea
New York, Mar. 1.—The crew of the sloop Mariette, has been picked up 180 miles west of Bermuda by the steamship Dunstan Park, Brazil for New York, said a wireless to the naval communications service here today.

The sloop, according to the message, was bound for the island for Bermuda, but its nationality or fate were not mentioned.

Foster Cabinet Is In Session

Legislative Programme for the Session is Being Prepared for House Meeting.

Special to The Standard
Fredericton, March 1.—The members of the provincial government arrived here this evening and the monthly meeting of the cabinet for March opened soon after their arrival. This evening's session was taken up largely with the routine matters of the schedule; it will be tomorrow before the government gets down to real business. Preparation for the session, the legislative programme and such matters will probably take up most of the time.

BUSY HUNTING REDS; NO TIME FOR FARMERS

Dr. Michael Clark of Red Deer Flays Federal Government for Policy Changes.

GALLERIES CROWDED FOR THE OCCASION

Hon. Hugh Guthrie Replies for Cabinet, Declares Speech Not on Needs of Canada.

Ottawa, March 1.—A speech by Dr. Michael Clark, of Red Deer, Alta., and leading debater of the National Progressive Party, today awakened House discussion on the address to new energy. He held the floor for the major portion of the afternoon and full galleries and a closely attentive House were tribute to his powers. Dr. Clark urged the free trade doctrines of Adam Smith and Richard Cobden, his chiefed the Prime Minister for "pulling the protectionist flag to the mast for life;" but Dr. Clark added—"Mr. Meighen joining in the laughter—"any man who can change his mind three times in six months on the luxury tax is quite capable of changing his mind in regard to the tariff."

Busy Hunting Bolsheviks
Dr. Clark, too, charging the Prime Minister with having been too busy hunting Bolsheviks to study rural de-

velopment. The government, Dr. Clark told an amused house, was given to political infanticide. It started organizations which flourished and faded away. No previous administration in Canada had had to apologize for so many discarded policies. He proposed to support the opposition amendment, but he was not satisfied with it. He did not agree that the government had usurped office and he thought redistribution should precede an election.

Dr. Clark was followed by Hon. Hugh Guthrie, minister of militia, who challenged the free trade position. Academic treatise on British trade policy, said he, "are interesting but not relevant to present conditions in Canada."

The 1919 Liberal fiscal programme was not the policy followed which Liberals were in power, and the Hon. W. L. Mackenzie King was assuming something beyond his rights when he claimed to be leading the "old historic Liberal party." In eight out of nine previous years, Mr. Guthrie explained, "the representatives only a remnant of the Liberal party. In two of them he does not represent a single vote."

If Parliament were dissolved now, Mr. Guthrie argued, the new House would be just as unrepresentative as the present for industrial centres would be deprived of their proper representation.

Debate Almost Collapsed
Late in the evening the debate for another time since the opening of the session almost collapsed. Thomas Vign, of Lethbridge, had sat down and there was none in the new speaker's House to continue. "Is the House ready for the question?" the Deputy Speaker asked. Hastily J. A. Robb, chief Liberal whip, responded with a sharp "No." "Move the adjournment," he remarked to Ernest Casgrain, of Quebec East. At the moment the Hon. C. J. Doherty, minister of justice, was leading the House, and he declined to accept a motion to adjourn. Finally, the adjournment was moved by the appearance of Pius Michaud, of Restigouche-Madawaska, who armed with papers continued the debate. Attendance in the House had dwindled to about thirty.

BUSY HUNTING REDS; NO TIME FOR FARMERS

Dr. Michael Clark of Red Deer Flays Federal Government for Policy Changes.

GALLERIES CROWDED FOR THE OCCASION

Hon. Hugh Guthrie Replies for Cabinet, Declares Speech Not on Needs of Canada.

(Continued from page one.)

Resuming the debate on the address Dr. Michael Clark, Red Deer, congratulated the Prime Minister on his acquisition of his present position, and all the more, and secondarily of the address on his speech. He agreed with the statement in the speech from the Throne that there was less unrest in Canada than in possibly any other European country. He attributed this condition to three causes: The high character of the man sent to the front; efforts made on the part of the employers of labor to keep positions open for returned men in this being supported by the administration; and the fact that in no country in the world had the man who wished better opportunities to live his own life and to work out his own temporal and material prosperity.

The Grain Trouble.

Regarding the demand for an investigation into the grain business of Canada, Dr. Clark asked if the grain business is wrong, who is responsible for it? The government has been in power since 1911, and we have had grain legislation before the House in this time. Sir George Foster, minister of trade and commerce, is absolutely responsible for the grain law that prevails, and there is a grain commission in existence. The proposal is that we should have one government commission to enquire why another government commission is not doing its duty. Are we going to pyramid commissions on commissions, or if we don't know that the first commission is doing its duty, how do we know that the second commission will do its duty?

Views on Tariff.

Questions of finance and trade would be of prime importance at the present session, said the member for Red Deer. The government had frankly stated its views on the tariff in the speech from the Throne. He had no sympathy with the contention that this parliament should not discuss tariff matters, and characterized this contention as "parliamentary non-sense."

This government, said Dr. Clark, was very prone to political infatuation. It was fond of starting organizations which flourished but for a season and then faded away. Not long ago its cry was for increased production. At last the bottom had fallen out of the market because of over production. "Then," said Dr. Clark, "Sir George Foster remarked that what was the matter with this country was that it had produced too much, and hepped off to Geneva."

Daylight Saving.

Another of the government projects which had met with an early death was the daylight saving movement. "The minister of trade and commerce," said the speaker, "denied this morning on his paternal knee, for two shabby seasons. Finally, the Prime Minister smothered it with the pillow behind the speaker's chair late one evening. The board of commerce had also gone into the discard, said Dr. Clark. The former finance minister, said Dr. Clark, had said that the income tax was impracticable, while the present finance minister proposed to raise \$40,000,000 by its means this year. It was right for the government to go to the budget proposals from year to year.

Execution Very Speedy

Parliament had been kept up until seven a.m. to pass the taxation proposals of last session. The finance minister had abolished them in two minutes, arguing that if it was right for the government to enact this taxation it was right for the government to abolish it. This was the same government that talked gibberish of constitutional government. He had told the government that it was impracticable after the business men of the country, harassed with the unreasonable requirements of the sales tax, had told the government to go to the hell with it, and the finance minister had had to admit that his taxes were bad, he knew they were bad when he introduced them.

Quitting the Farms

Continuing, he accused the Prime Minister of "viewing the agricultural problems of Canada from the road." A farmer who judged the value of a farm from such a point of vantage would certainly be condemned even in his own mind. But when the Premier talked last summer of rural depopulation, he practically admitted that he knew nothing about it and that his speeches had been prepared for him, he being too busy with his Bolshevism to consider the problem of rural depopulation at first hand. The Premier had said that land values could not be unduly advanced because the farmers were leaving their farms. It did not occur to Mr. Meighen perhaps, said Dr. Clark, that land speculation might be the reason why farms were being abandoned.

Criticizes the Premier

Dr. Clark warmly asserted that an excess of imports over exports did not necessarily mean an adverse trade balance. The Prime Minister was

wrong in thinking such could be the case. History showed that European countries with an excess of imports were prosperous. If the Prime Minister realized that people buy out of their prosperity, Great Britain, through free trade, had been able, not through the war, to produce a surplus to be used to assist other countries.

Dr. Clark called the Prime Minister a "millionaire" and "secondarily Dr. Clark must for life." "But anyone," he said, "who could change his mind on the luxury tax three times in six months would change his mind in regard to the tariff."

Imports from States Dr. Clark had heard a great deal about the excess of imports over exports in Canada's trade with the United States. There was no mystery about this. In the first place a great deal of money had been borrowed from the United States when a better way to raise it would have been by direct taxation, and secondly, Dr. Clark insisted that during 1920, municipal and provincial bonds were issued to the extent of \$324,000,000 and that \$225,000,000 were held in the United States.

Turning to the United States Dr. Clark said that government members were asking for the Fordney Bill. He went on to say that the Fordney Bill was not an indication of public opinion in the United States. The United States knew that it must increase both its exports and imports, and that it must use the capital accumulated during the war.

Great Britain, said the speaker, was steeped in poverty, and as the masses were concerned, at the time of her protective period. Experience had shown that the contention that protection could be cleared the seas, was in four months at the opening of the war.

He had very little sympathy with the Fabian movement, moved by J. A. Campbell. "People who try to sit between two stools often find themselves occupying a more lofty position," Dr. Clark said.

Supports King Amendment.

He proposed to support the amendment of the opposition leader, because it was a no-confidence motion. He meant for it to be a motion of confidence, but it was not that. He did not think that the government had usurped its present office. He also believed that redistribution should precede an election if proper representation were to be given to all parts of the country. The member for Red Deer presented a bill of proportional representation at a trial of proportional representation.

Cannot Agree With Liberals

The attitude of the leader of the opposition on the great tariff question, said Dr. Clark, was such that it made it an impossibility for the Progressives and Liberals to agree. There could not, he said, amid applause from the government side, be a single body speaking with two voices on this great question. He also declared that it was impossible for a party to adhere to the principles of Liberalism and to be located at the same time, the medieval superstition of protection.

To the Government, Dr. Clark said

that he could only remind the Prime Minister that if the letter had nailed his colors to the mast, it was to the mast on a sinking ship.

Cheers Too Soon.

The opposition broke into applause and Dr. Clark added hastily that he meant the sinking ship of protection, not of the administration. Because of this, the government could not consistently appeal to the Progressive Party for support. And so the Progressive Party would have to vote for the opposition.

Dr. Clark then harked back to the Toryism he found in the present government party. While he was still supporting the government, he said, he had introduced into a speech on shipbuilding the suggestion that the freer trade would naturally stimulate shipbuilding. Within a few hours he had been compelled to listen to two of the most rabid protectionist speeches that he had ever heard.

Hon. Hugh Guthrie.

Hon. Hugh Guthrie followed. He complimented Mr. Clark on his eloquence and sincerity and the courage with which he had stated his exact opinions to the House. No doubt he found his reasons for voting no confidence in the government, but it was notable that the reasons he had given were not the same in any sense as those given by Hon. Mr. King in introducing his amendment. It was significant that Dr. Clark had admitted frankly that while he would support the amendment, he did not think that the government was usurping office.

Three Basketball Games Last Night

Alerts Won Senior Match; High School Defeated Orioles.

Three basketball games were played at the Y.M.C.A. last night. The first was a Senior game between the Y.M.C.A. and the Alerts the score being 30 to 19 in favor of the Alerts. The line-up was as follows:

Y. M. C. A. Forwards: Christie, Ketchum; Centre: Ryan; Defense: Lemox, Murphy; Spares: Driotto, Myles.

Thorpe was the referee for this game which was a fast one.

High School League.

In the Intermediate League St. Jude's played against German Street tonight, the latter winning 25 to 14. This was a good fast game. St. Jude's showing good form and playing a much better game than in previous matches. Ronald Shaw made a satisfactory referee. School won.

In the High School vs the Orioles

the High School team were victorious the score being 55 to 14. The Orioles put up a good hard fight against a much heavier and superior team. Andrew Malcolm refereed.

Sussex Defeated Fredericton Team

Fredericton, March 1.—In the first Inter-league Hockey game played here this season, the Sussex, champions of the Eastern League, won from the Fredericton team of the New Brunswick League by a score of six to one tonight.

The game was played on a watered ice surface, which became slushy and heavy before the game was finished. The Sussex team started off in the lead in the first period, making three goals in the closing five minutes of that section of the play, and then grabbed another move in the second period and added their first center in the third period when Fredericton got their only goal. Four of the Eastern League's goals were scored by Henry Budeffin, three Fred and Leclair got the other two; Fred McLean got Fredericton's only center in the final period, Finngun in the Sussex net turning every other shift aside.

C. M. Murray, of St. John, was the referee and it was a rather tough game to handle, as the players frequently oversteered the puck and the spectators were inclined to blame him because the locals couldn't get their combination playing working. There were no serious infractions of the rules, the worst being trips, and the penalties totalled 30 minutes, of which Sussex players drew 11 minutes and Fredericton the remaining 19 minutes. The summary follows:

Len Acker Buys Two Fast Ones

Halifax Horseman Has Purchased Trixy Dillon and Peter Venle.

Special to The Standard. Fredericton, March 1.—Len Acker, the Halifax horse magnate, has recently started to build up one of the most formidable harness racing stables in the maritime provinces in recent years. A few days ago he journeyed to Mineola, N. Y., with "Red" Hissala, his new trainer, and there purchased Peter Venle, a four-year-old trotter which made a matinee record of 2:14 last year and was just noted out in a 2:13 1/2 and 2:12 1/2 in a \$1,000 stakes last September. He is a son of Bananale and his dam is a daughter of Peter the Great.

At the same time he purchased Trixy Dillon, a four-year-old trotter by Dillon Arwathy, and her dam is Exoella A., by Monbelle, 2:23 3/4, her grand dam being Expressive III 2:12 1/2, which was one of the champions of the harness turf a few years ago. He also has Bingen Worthy, 2:17 1/4, one of the most consistent trotters of the maritime circuit last year, and Signatures, 2:18 1/4 which Mr. Acker bought last season at a big price.

These complete his stable at the present time," says Mr. Acker in a letter just received here from Halifax. "I am inclined to think there will be a free-for-all in it, and possibly a green pace when I leave for the year, and Signatures, 2:18 1/4 which Mr. Acker bought last season at a big price.

The trail is good and fast time is looked for. It is expected the winner will be back in The Pas before noon tomorrow. The dogs as they lined up appeared fresh and anxious and some unlooked for sport was provided the spectators when McDonald's dogs staged a family quarrel and then took in several of the other teams.

The Pas, March 1.—Reports brought in by Indian runners state that Coyne took the lead from Pranteau at thirty miles covered of the 200 mile cross-country dog derby, and is forcing the pace, with the Indian, much the fresher, keeping right behind. Another report at 5:30 says that Pranteau is seven miles ahead of Coyne, who is cracking under the strain of the forced pace. The balance of the field is within one mile of the American, who is in great distress. A heavy snow storm set in at three o'clock and the racers are now confronted with a blizzard, which is calculated to favor Pranteau.

Start of The Derby Dog Classic

Three Thousand People on Banks of Saskatchewan See Fifty-Nine Dogs Start.

The Pas, Man., March 1.—Three thousand people lined the banks of the Saskatchewan River this morning to watch the start of the Derby dog classic. Sharpy at 11 o'clock started Bunting gave the order to "mush" and fifty nine dogs sprang up and away to the crack of whips and the yells of the crowd.

Banscroft's team took the lead, Preau next, McKay third, Stewart fourth, McDonald, Morgan and Goyne trailing. This was the order as the teams appeared round the bend of the river and made off across the swamps.

There were many unexpected withdrawals at the last moment. Beta of Holloway's entries being cancelled as well as those of Revelle and Goulet, leaving but seven contestants in the race. Goyne drove nine dogs, Banscroft eight, Morgan eight, Stewart seven, McKay seven, Pranteau seven and McDonald seven.

The trail is good and fast time is looked for. It is expected the winner will be back in The Pas before noon tomorrow. The dogs as they lined up appeared fresh and anxious and some unlooked for sport was provided the spectators when McDonald's dogs staged a family quarrel and then took in several of the other teams.

DANDERINE

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Dandarine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to stiff and thicken.

Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 35-cent bottle of delightful "Dandarine" freshens your scalp, checks dandruff and falling hair. This stimulating "beauty- tonic" gives to thin, dull, fading hair that youthful brightness and abundant thickness.

Man's glory is his strength

MAN'S ability to perform feats of strength to do things other men could not do has always been his stepping stone to power and position.

Every man wants to be a leader in his own line of work or sphere in life.

Unless a man is a genius or superman he can only attain his objective when he has strength—to have strength he must have health—to have health he must be full blooded, his heart strong and his nerves steady.

Milburn's Heart and Nerve Pills have assisted many a man who was facing a crucial test and was not at the moment just feeling his best.

How about yourself? Are you facing some task requiring all your strength and "Your Nerve"?

Do as hundreds of others have done, have a box of Milburn's Heart and Nerve Pills at hand and take them according to directions.

They have helped other men past the trying or testing time and may enable you to carry on and win and keep the position you so much desire.

Mr. Stephen Crouse, East Clifford, N.S., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting, as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Milburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm and can truthfully say I feel like a different man."

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by

CANADA AND THE UNITED STATES

The American nation is not infrequently regarded as being made up for the most part of very shrewd, hard-headed men, who even if they do make the interests of Number One their chief care, are wise enough awake to appreciate the fact that other peoples have occasionally to be considered.

There has been some talk of Canada seeking her independence. England derives no direct benefit financially from Canada. Canada is rather more intimately associated with the United States than with the mother country.

Whoever the individual was who penned the foregoing—he signs himself "X," which may be intended for "Not"—he knows very little of Canada or Canadian sentiment, otherwise he would scarcely entertain the notion that Canadians, even if approached diplomatically would be willing to merge their identity in that of the United States.

FOR WOMEN AMUSEMENTS

St. John Presbytery Quarterly Meeting

Much Important Work Accomplished at the Session Held Here Yesterday.

Many matters of importance in the work of the Presbytery were discussed and settled at the quarterly meeting of the St. John Presbytery held in St. Andrew's church yesterday morning and afternoon. The churches were well represented, nearly every member of the Presbytery being in his place.

At the morning session, Rev. J. M. MacPherson, acting moderator, presided. The election of officers resulted as follows:—J. F. Mackay, moderator; Rev. Frank Baird, clerk; Peter Campbell, treasurer.

The courtesy of the meeting was extended to Rev. Dr. MacPherson, port chaplain; Rev. V. M. Purdie, of the Girls' Home at Truro, and Rev. W. H. Spencer, who were invited to sit and correspond.

Rev. J. A. MacKegan spoke briefly on the organization of the forward movement, and on the W. A. being asked to be abolished the old forward movement committee and merge its work in that of the general interest committee.

It was reported that Rev. A. M. Gillies had been doing excellent work in the Sunday schools along the Upper St. John, and it was announced that he had turned in a most instructive report, which will be dealt with later.

A commission, consisting of Rev. J. A. Ramsay, Rev. P. S. Dowling, Rev. A. Sutherland, Col. Murray MacLaren and A. F. Bentley, were appointed to deal with problems on the Sussex coast.

Rev. P. S. Dowling read the report of the Home Missions committee. He told of the work that is being done at St. John and moved that \$1,000 be drawn from the Monogony fund, \$1,250 from the general board church and mission building fund, and \$200 from the election session church and mission building fund for the purpose of building a community hall.

Women's Auxiliary Diocesan Board Met

Satisfactory Reports Heard from Various Officers—Discuss Annual Programme.

A well attended meeting of the Women's Auxiliary, Diocesan Board, was held yesterday afternoon at St. Luke's church, Mrs. G. A. Kuhring presiding in the absence of the president, Mrs. Geo. P. Smith. Rev. H. P. McKim welcomed the members of St. Luke's, giving a short inspiring address upon the words, "Come" and "Go," dwelling upon the fact that two of the commands given by Jesus are, "Come Unto Me" and "Go Ye Into All the World."

The programme for the annual meeting, which will be held in April, was discussed and several arrangements made. Reports of a satisfactory nature were heard from various officers.

Mrs. John Hay, Diocesan secretary, spoke of the appeal from the Hamilton Board, and urged members to study and respond to these. The necessity for increasing the contributions to the General Pledge Fund was mentioned, as this year the W. A. is being asked for \$2,200, a larger amount than ever before.

It is also hoped that the Thank Offering, which last year was \$1,000, will this year exceed that sum. In the absence of Mrs. Foster, Mrs. Kuhring read the corresponding secretary's report, stating that the branch at Richmond has been re-organized and a Girls' Branch formed there.

A very interesting letter was read from Miss Shaw, Missionary to Japan. She told of the work done by Miss Hamilton, who, she will be remembered, died at St. John on her way from England to Japan. Miss Shaw paid a high tribute to the work of Miss Hamilton, who was one of the oldest missionaries of the church in Japan.

As a memorial to her friend, Miss Shaw has made herself a life member of the Presbytery Diocesan branch of the Women's Auxiliary.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

It isn't what a woman knows, that bothers a man—but how she found it out.

When a man tells you that you are the only girl he ever loved, he may be right—but don't forget that you are "sneaking something," which it may take a lot of other girls to finish. Somebody has to be the first!

Taking the concept out of a man may be a praiseworthy act, but it's almost as cruel as telling a small boy that there is no Santa Claus.

"An owl," says science, "will swim three thousand miles to find himself a mate"—and then, I suppose, he'll say that the lady-owl "loved" him into matrimony.

A man's idea of a chivalrous exit from a flirtation is to make a girl believe that the reason he wants to stop talking to her is because he "loves her too much."

A woman is always demanding proof of a man's love. In one class of society, she doesn't believe he loves her unless he beats her; and in another, unless he is willing to pay her alimony. The tokens of the tender passion are all a matter of locality.

In plays and in novels, the hero's "just in time" but, in real life, any man who is less than twenty minutes late for anything, from his dinner to his wedding, considers himself a "hero."

For most women, marriage is a legal contract, to devote three-quarters of their life, and energy to coaxing a man to get up mornings and persuading him to go to bed, evenings.

A girl baby spends two years in learning to talk—and all the rest of her life in trying to learn not to.

Ouch! My Back! Rub Lumbago Pain Away

Rub Backache away with small trial bottle of old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay cramped! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

Excellent Organ Recital Given

Large Audience Delighted at St. David's Church—John Bayard Currie and Others.

A number of the music lovers of the city greatly enjoyed the excellent organ recital given in St. David's church last evening by John Bayard Currie, Organist, assisted by Miss Ernesta Gino, Soprano, Miss Blenda Thomson, Contralto and Rhona Lloyd-Winter, Violinist.

The programme was as follows: Allegro Moderato and Andante, from Concerto (Horatio Parker); Angel's Serenade (Braga)—Miss Gino; Violin Obligato by Rhona Lloyd-Winter.

Offertory in D flat—Salome. Air De Roi Louis XIII—Henry Glys Religious Melody with variations, from Grand Sonata in A major—Geo. B. Whiting.

Largo, from "The New World Symphony"—Dvorak. Cradle Song (St. Anne)—Misses Gino and Thomson.

Triple Fugue (St. Anne) in E flat—Bach. Prelude to the "Deluge" (by request)—St. Saens.

Like As the Heart Desireth (Allison)—Miss Thomson. Toccata in G Major—(Dubois) God Save the King.

WINDSOR CHAPTER.
A meeting of the Windsor Chapter, I.O.D.E. was held last evening at the home of Miss Blith Cameron, Guildford Street, West St. John, the organist, Miss Gertrude Lawson presiding. After transacting some business connected with the affairs of the Chapter, plans were made for an informal dance to be held in March.

Quit Meat If Your Kidneys Act Badly

Take tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissue clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in the wrists, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to flush and stimulate the kidneys to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder discomforts.

Jad Salts is non-toxic and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Regular Meeting Of The W.C.T.U.

Communications Read and Reports Received—Motion of Sympathy.

Mrs. Hanselpecker led the devotions at the regular meeting of the W.C.T.U. held yesterday afternoon, Mrs. David Higginson, presiding. After reading from John's sixth chapter, Mrs. Hanselpecker asked members to offer prayer. She then read "The Song of the Syrian Guest." A collection was taken for missions.

A communication was received from the Provincial president, Mrs. J. S. Perry P. B. I. regarding the proposed securing of an organizer, Mrs. Lawson, Fredericton, Provincial Treasurer wrote regarding funds.

Mrs. Seymour brought out-out garments which will be made up for the Protestant Orphan Home. A report was received regarding the quilt and garments made at Parker meetings which have been distributed through the Associated Charities. Mrs. Hope Thompson told of her visits to the Hospital and was given funds to continue her work of taking fruit and flowers to the patients.

A motion of sympathy was passed to be sent to Mrs. W. C. Good in her bereavement. The President reminded members of the Quarterly Chapter meeting to be held today, and the parlor meeting of March 14th.

A communication was received from W. G. Clark treasurer of the Temperance Alliance acknowledging money received from members whom Mrs. David Higginson had asked to join the Alliance.

condemned by the board as unfit for human habitation. On examination it was found to be without water or sanitary connections and badly out of repair. It was occupied by several tenants, and the landlord's roll was augmented by over a thousand dollars a year from the rentals he collected for his block.

Dr. T. Prod Johnston, slaughter house and dairy inspector, noted the fact that eight head of cattle from the Fredericton Government Experiment Station had been killed at McDonald's slaughter house during February. The animals were given the tuberculin test and reaction set in. After being killed they were examined and it was found that they had slight glandular trouble, but not enough to impair their sale as food.

Miss Brecchia, nurse for the Anti-Tuberculosis Society, reported 200 patients under the care and supervision of the society.

Mrs. Edmund Frewelling, food inspector, reported a brewholding in the scope of her work and an encouraging improvement to be noted in the establishment included in her inspectorate, by Medical Inspection of School.

Dr. Mabel Harrington, medical inspector of schools, gave an itemized account of the admitting to the schools of children who had contracted measles during the recent epidemic. The North End schools were found to have suffered the most, particularly the little Newman street school.

The doctor also read an extensive report of a mental survey of the children in the city schools. Over fifty children require special treatment, she stated.

DAUGHTERS OF ISRAEL.
The Daughters of Israel held their regular meeting last evening at the Y.M.H.A. Mrs. J. Goldman presided. A number of cases were noted that had been given were reported and it was stated that, in several other instances, the Society had been able to contribute towards the work of the Hebrew Emigration Society.

New Secretary Was Welcomed

W. L. Caldwell Replaces W. H. Lugadin of Victorian Order—Reports Received.

The new secretary, W. L. Caldwell was welcomed at last evening's meeting of the Victorian Order Board. Mr. Caldwell replaces W. H. Lugadin who has given valuable service in this capacity and who remains as a member of the Board.

A committee of two, Mrs. George E. Smith and Mrs. Harold Mayes were appointed to meet with the Board of Health to consider Child Welfare Work. In the absence of Miss Morde, Miss Oole read the superintendent's report stating that 1363 visits have been made during the month of which 247 were child welfare. There were 181 new cases included in the total number of visits. The following committee was appointed as a House Finance committee, Mrs. H. A. Powell, E. L. Rising, W. H. Lugadin.

Judge Forbes presided at the meeting which was held at the Victorian Order Home, Carlton Street. The following members of the Board were present: Mrs. Harold Mayes, Mrs.

Children Cry for Fletcher's
CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?
Castoria is a harmless substitute for Castor Oil, Paregoric, Opium and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulence, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Home-made Remedy
Stops Coughs Quickly
The best cough medicine you ever used. A family remedy, really and quickly made. Saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt relief it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good. You're sure to find it in a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly breaks the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "25 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money refunded. The Pinex Co., Toronto, Ont.

Would You Tell?
If you were a girl, and the only girl you could find in the whole city of New York was as a chorus girl—would you tell the boarding house cats that?

Or would you be mysterious and say nothing? Would you face their open contempt and sneers or let them gossip behind your back, while you struggled on and on to make good?

That's the dilemma Penelope Penn faces in this photoplay from the world, human, appealing comedy that ran a whole year on Broadway.

Ship Owners Won't Meet Seamen Now

Association Tells Admiral Benson It Will Not Confer With Union.

The possibility of a strike of organized officers and seamen on all American ships in the spring loomed up yesterday when it became known that the American Steamship Owners Association has advised Rear Admiral Benson, chairman of the United States Shipping Board, that it is adverse to entering into any conference regarding wages and working conditions with union representatives at this time.

The present contract of the officers and seamen runs out on May 1. Andrew Furuseth, president of the International Seamen's Union, says that the union sent a letter to the ship owners three weeks ago offering to meet in a conference to consider their request to put into effect wage reductions, but that the conference has not been held.

S.S. "East Chicago" Swept By Flames

Vessel and Cargo Valued at \$2,750,000 But Loss is Not Yet Estimated.

Baltimore, Md., March 1.—Fire which broke out on the United States Shipping Board steamship East Chicago today badly damaged the vessel and its general cargo. Vice-president A. J. Townsend of the Baltimore Steamship Company, who operated the steamer, said the cargo was valued at \$2,000,000 and the ship at \$750,000.

Ancient Remains In Swiss Waters

Extraordinary Drought Has Laid Bare Stone-Age Dwellings at Bottom of Lakes.

Geneva, Mar. 1.—The extraordinary drought in Switzerland, which has continued since last September, has lowered the lake waters so much that archaeologists are busily engaged examining some of the interesting old lacustrine or pile dwellings which date back to the Stone Age, and for which the Swiss take great pride.

MANY KILLED IN EXPLOSION

Hong Kong, Mar. 1.—A newly established火柴 factory in Hong Kong, manufacturing fireworks for the American-Hill Company, was the scene of a disastrous explosion today which killed one of the Red Star three Chinese employees, mostly women and children working at the plant were killed.

Corruption in New York

The congestion at New York continues to compel big liners to go to Boston for quick clearance. The latest dispatch from the port of New York is that of the Red Star three Zeeland, which was ordered by wireless to head for Boston and arrived there. The cause of the trouble is due to congestion at Ellis Island, the landing place of European emigrants to St. John.

Effective February 27th, changes affect Valley Railway and other Service...No Sunday trains between St. John and Moncton.

Changes in train service on Canadian National lines effective February 27th do not affect greatly the time of arrival and departure of trains, but there are certain changes in service that the travelling public will do well to note.

No. 14 train leaving at 1:40 p.m. will run only as far as Moncton, where it will be merged with No. 2 Ocean Limited for Halifax. The Boston sleeper will be carried on No. 14, and the Cape Parlor Car, but the parlor berth running to Halifax will be discontinued. The Ocean Limited carries sleeping cars and standard diner.

No. 15 train will leave Moncton at 2:30 p.m. after arrival of No. 1 Ocean Limited from Halifax, and arrive in St. John at 5:35 p.m., carrying the Boston sleeper.

The Sunday trains between St. John and Moncton, Nos. 49 and 50, will be discontinued.

Trains No. 31 and 32 between Moncton and Campbellton are to be discontinued. Therefore there will be no through sleeping car service between St. John and Campbellton on No. 9 and No. 10 trains.

service on the Valley Railway will be daily (except Sunday) between St. John and Fredericton, passenger train leaving Fredericton at 5:00 p.m. on Tuesdays, Thursdays and Saturdays.

The through sleeping car for Quebec via Valley Railway and Transcontinental will be operated on train leaving St. John Tuesday, Thursday and Saturday. Sleeper for St. John will leave Quebec on Monday, Wednesday and Friday.

The time of other trains is not affected and other services remain unchanged. For other information apply at City Ticket Office, 49 King Street.

NOTICE. PUBLIC NOTICE is hereby given that a bill will be presented for enactment at the next session of the Provincial Legislature, the object of which is to empower the Common Council from time to time to make By-Laws for the purpose of regulating Public Restaurants with the City of Saint John and to prohibit the use of stalls in the same.

Dated at the City of Saint John, N. B., 18th February, A. D., 1921. HERBERT E. WARDROPER, Common Clerk.

Sergeant Harris of the Moncton police force arrived in the city at noon yesterday with an elderly man who he was taking to the Provincial Hospital.

ICE RUNNING YESTERDAY.
The harbor was well filled with ice yesterday which had broken up in the river from Monday's wind and rain. River boatmen are looking for an early season on the river this year.

CONDITION IMPROVED.
The many friends of Joseph Allison, who has been seriously ill, will be glad to know that his condition is reported as greatly improved.

NOT MARRIED.
Louis B. Keith of Kennebecasis Island, wishes to inform the public that he is not the party whose marriage was published in the paper a short time ago.

MAYOR RETURNS TODAY.
Mayor Schellert is expected to arrive in St. John today, after his visit to Montreal and Ottawa, where he discussed civic matters. He spent yesterday in Montreal in consultation with the C. P. R. bridge engineer concerning the bridges at the reversible falls here.

A CHALLENGE.
Lee Jones, of Wickham, will run his two-horse team against any horse in Kings or Queens county, hitched to any vehicle, for the sum of \$10 on the ice near Wickham wharf, on March 4, where other races will be run off—a free-for-all trot and pace, a three-minute race and a scrub race. Everybody is invited to enter.

TOURISTS' RATES.
It was stated here last night that special summer holiday rates will be restored by the C. P. R. on June 1, when a reduction of 25 per cent. on regular rates will be granted on occasions. This will be the first year for special inducements to tourists since the special holiday rates ceased on account of the war.

CARNIVAL POSTPONED.
A carnival which was to have been held at Robesay Rink last evening under the auspices of the Community Club had to be postponed on account of the weather. Plans have been made for a minstrel show, for which some excellent talent has been secured and rehearsals will commence shortly.

A RARE FIND.
Early yesterday morning while going home from work two men found a fellow lying helplessly drunk on Mill street, senseless as regards the rain storm, and alongside him were two full square-faces of gin. The drunk and his cargo of liquor were removed to a safe place out of the storm and away from a stray police or prohibition officer who might chance to make his appearance.

OFF ON PLEASANT TRIP.
A happy party of Maritime insurance men left last evening for Tampa, Florida, to attend the outing of the two hundred thousand club of the Manufacturers Life. The party consisted of E. R. Machum, Don W. Machum of St. John; E. H. Clarkson of Fredericton; O. B. Gouche of Middleton, N. S. and E. C. Hall of Bridgetown, N. S. Mr. E. R. Machum was accompanied by Mrs. Machum and family.

WILLIAM HOUSE FOUND DEAD IN BED.
Having been absent from his place of employment and usual haunts since Saturday, the friends of William House, residing at 39 St. Patrick street, reported the mystery to the detective force, and last night forcing an entry to his room the detective found Mr. House dead in his bed. Dr. Kenney viewed the remains and gave permission for removal to the undertaker. The coroner will conduct an inquest today.

The deceased was employed as stable man at the livery of William Donnelly.

Alexander Macaulay Died Early Yesterday

Prominent Business Man of the City Passes Away—Many Mourn Loss.

The news of the death of Alexander Macaulay was received with general regret by the citizens of St. John yesterday, and many in all walks of life will mourn for the passing of a good citizen from the activities of civic life. Mr. Macaulay had been in ailing health for some years, but retained his interest in his business and general affairs until the last.

Mr. Macaulay was in his seventy-fourth year, and had been a life-long resident of the city. Forty-six years ago—that is, in 1874, three years before the great fire—he started in business on Charlotte street, with David J. Brown, as clerk. Two years later, the late Beverly R. his brother, who died nearly two years ago, entered the business and a partnership was formed. In 1878 the firm moved to King st., on the south side, and in 1877 went back to the Charlotte street premises, which meanwhile had been remodelled. Ten years later the firm moved back to King street, occupying the portion of the Ferguson building now held by Waterbury & Rising. Business was now growing rapidly and in 1893 the firm moved into the spacious premises they now occupy, and in which they have successfully conducted business for the last twenty-eight years.

Mr. Macaulay as a business man, as in every other respect, was held in the highest regard and his death will be mourned throughout the province. Mr. Macaulay was an active member of St. Andrew's church and for years was on the Board of Trustees. Of St. Andrew's Society, in which he took a keen interest, he was Past President. He also belonged to the Masonic Order, being a member of Albion Lodge. For many years he was an energetic member of the managing committee of the Exhibition and was treasurer for a long time.

In curling Mr. Macaulay was an enthusiast. He was a charter member of the Thistle Club and was Past President in 1909 he represented the Thistles on the All-Canadian team which toured Scotland. He was an active member of the club for a great many years and was greatly interested in its welfare at all times. About five years ago he was elected an honorary member and every winter after he had retired from curling he kept closely in touch with the various games, in which the Thistles participated.

Alexander Macaulay and the late R. R. Macaulay married sisters, daughters of the late Henry Russell, the inventor of a railway snowplow which is widely used. Mrs. Macaulay survives her husband as do also three daughters—Mrs. Sewell, wife of Dr. E. R. Sewell, Mrs. H. H. Donnelly of Kingston, Ont., and Miss Dunlop, at home. One son, Douglas, died about four years ago. Marshall Macaulay, a retired member of the local postal service, is a brother; J. E. M. Baxter, K. C., D. C. L., city solicitor, is nephew, as is also Dr. John F. Macaulay of Grand Manan.

Mr. Macaulay resided for many years in Princess street, but recently moved to Westfield, where he had a summer home for several years. The funeral will be held this afternoon at 2.30 o'clock from St. Andrew's church.

The meeting was largely attended, and the president, R. B. Emerson, was in the chair.

Major H. B. Clarke Tells of Siberia

Interesting Lecture on City of Vladivostok, Dress and Customs of the People.

The city of Vladivostok and the surrounding country, the dress and customs of the people, and their political divisions as found by the "Snowball Brigade," the Canadian army sent to Siberia were described in an interesting manner in an evening lecture on the city of Vladivostok, given by Major H. B. Clarke, one of the senior chaplains of that force, and now pastor of Portland Methodist church, at the society's monthly meeting last night.

Major Clarke gave a brief description of the embarkation of the Canadians at Victoria, B. C., on Dec. 26, 1918. He said that the transport Proteus, and that after eighteen days of a stormy passage, during which one of the ship's propellers was lost, a landing was made in Golden Horn Bay, Vladivostok. The bay, so named because of a fancied resemblance to the Golden Horn of Constantinople, was a magnificent harbor, Major Clarke said.

Major Clarke said that Vladivostok is a most modern city, with a magnificent Cathedral of Byzantine architecture, a museum, observatory, commercial school, naval hospital, Oriental institute, an up-to-date theatre and two of the most up-to-date departmental stores he had ever visited. One was run by a German firm, German is the commercial language there. East clashed with west in this city, about 50 per cent. of the population being Oriental. The city was plentifully supplied with markets, the Chinese and Japanese each had one; there was also a thieves market.

Power Boat Club Smoker And Supper

Presentation of Foster Cup and Excellent Musical Programme Last Night.

A smoker given by the St. John Power Boat Club members in their club house, Marble Cove, last evening proved a most delightful event. Commodore Barton presided and as Commodore Chesley occupied a seat on the platform.

The Boy Survey After a musical selection by Harry Johnson, who also told a number of amusing stories, Dr. Spangler, representing the central committee, was called on and gave an interesting address on the boy survey of the city. The speaker gave many sound reasons why the boys should be looked after and stated that all of the different organizations in the city would be asked to assist in making the survey and the master would also be mentioned by each organization in the different churches. The speaker explained that there was about twelve thousand families in St. John, and if one thousand men could be obtained to take up the work it would only mean twelve families for each man, and the survey in this manner could be quickly made.

At his request, Commodore Barton appointed two members to meet with the central committee and give assurance that Power Boat Club members would do all they could to make the survey a success.

One of the pleasing features of the evening was the presentation of the silver cup donated by Premier W. E. Fry to the fastest motor boat in the club. Ex-Commodore Chesley made the presentation, and amid loud applause the trophy was received by Harry Baker, owner of the speed boat Amica.

Smokers and Dances Vice-Commodore George Lake in a brief address said that it was the club's intention to continue social functions every month in the form of dances and smokers, and announced that a washing dance would be held in the Phyllis Castle on Friday night, March 11, when all yachtsmen were asked to wear their yachting togs.

During the evening DeWitt Cairns delighted with solos, Percy Warren gave a couple of readings, Wm. McKenzie gave a violin solo, James Duffy sang and Harry Collins delighted with songs and banjo selections. About 10.30 o'clock the large gathering adjourned to the club's banquet hall, where an efficient committee served supper.

There was a very large attendance and all present voted the affair as most enjoyable.

The HERCULES SLIDING COUCH

ADDS ANOTHER ROOM TO THE HOME

Well with considering when the flat you're going to has one less room than the one you're leaving.

Of course you'll want a couch; no home is complete without a place to "throw yourself down for a few minutes" on a Sunday or early evening so why not get the Hercules Sliding Couch with the famous non-sag, woven steel spring. This will not only ensure comfort but give you another bedroom for the guest. A quick change from an ordinary couch to a double bed.

Always better to see it yourself than to hear about it—hence we invite you to come in and see it here.

Interesting Debate By Baracca Club

Argued Prohibition Law as Now in Force and Absolute Dry Law.

An interesting debate was held by the Baracca Brotherhood of the Central Baptist church, in the Baracca room, last night.

The question debated—Resolved that the present Prohibition Law in effect in the Province of New Brunswick is preferable to an absolute dry province.

The affirmative side of the question was supported by W. C. Funjoy, C. S. O'connor and C. J. Stiles. Robt. Funjoy, W. Edgar Campbell and W. W. Chase argued for the negative side.

The judges were: Gordon C. Allan, L. J. Cowan and F. Brydon, who returned a decision in favor of the supporters of the negative side of the argument. Mr. J. L. Collins, president of the club, presided. After the debate, the following interesting programme was carried out:—

Solo—Mrs. G. K. Biel.
Reading—Miss Feeley.
Saxophone solo—Mr. Jones.
Solo—D. Ladimer.

The meeting adjourned with singing of the National Anthem.

Section Workman Severely Injured

Thomas Stairs, 59 years of age, employed as section hand on the C. P. R. fell from the C. P. R. trestle, at the foot of Acadia street, about five o'clock yesterday afternoon, a distance of thirty feet, receiving a very deep scalp and facial wounds, besides a severe shock to his nervous system.

Dr. Loggie was summoned and the ambulance called, the motor making a record run to the scene of the accident. Mr. Stairs was picked up unconscious and rushed to the General Public Hospital, where surgical attention was given the sufferer by Dr. Addy.

Dr. Addy reported that Mr. Stairs' lower lip had been torn away from the jaw, and that a very deep scalp wound was attended to this morning. On account of the severe shock which Mr. Stairs sustained, Dr. Addy deemed it inadvisable to operate on him last evening. The patient was made comfortable for the night and his wounds will be attended to this morning. From the examination made by Dr. Addy, he is of the opinion Mr. Stairs has suffered no internal injuries.

A number of snap shots taken by Major Clark in Siberia as well as fifty slides belonging to the society were shown during the evening. A hearty vote of thanks moved by William McIntosh and seconded by Gordon Leavitt and unanimously carried, was extended to the speaker by the chairman R. B. Emerson at the close of the meeting.
