COUNCIL MEETING ON TUESDAY EVENING

Animated Discussion on Sewerage Matter in Ward One.—Boulevards on Streets

A meeting of the town council was held on Tuesday evening in the Council Chambers, His Worship Mayor Andrew presiding. At the opening of session there was present Councillors Quinn, Patterson, McLean, Goss, Alexander and Evans.

The minutes of the previous meeting were read and confirmed.

A communication was read from John Letourneau asking refund of poll-tax. Referred to Assessment and Appeals Committee.

Communication read from Secretary of the Canadian Municipalities Union giving notice that the annual convention to be held at Victoria, B. C. was postponed, and that a special meeting of the Executive would be held at Niagara, Ont. Letter placed on file.

A petition was received from Alex. J. Arsenau for a one horse trucking license and was referred to the Police and License Committee.

Two deeds were received from F. F. Matheson, Esq., granting land for streets, which were ordered to be approved and recorded.

The following reports of Committees recommending payment of accounts were on motion received and adopted.

Fire Protection	\$8.57
Water and Sewerage	255.13
Electric Light	137.26
Finance	446.88

Councillor Evans from the Police and License Committee presented report recommending that license be granted to John Tennier for three horse livery stable on payment of \$14.00; also that license be granted to L. Gaudreau for pool table on payment of \$20.00. Report was received and adopted.

Councillor Evans brought up the matter of the license fee for the Empress Theatre, explaining that Mr. S. W. Dimock had made application to him as chairman of the License Committee to allow the license fee for the time the Empress Theatre was under reconstruction to go to the credit of the Opera House. He moved accordingly, seconded by Councillor Goss, and the motion was carried.

Councillor Miller then entered the meeting.

Councillor Goss brought before the Council the matter of Water and Sewerage extension on Hillside Street East, and on Arran Street at the Pichette property. Estimates for these works had been prepared by the Town Engineer costing \$640 and \$679.00 respectively, and he moved that the Committee be instructed to proceed with these works either by contract or days labor. This was seconded and carried. With regard to this Councillor Alexander stated that so far only two tenders had been received for this work and he desired to know if the Council wanted the committee to act now or wait for further tenders. It was resolved to put an advertisement in the Graphic calling for tenders for both these jobs.

Councillor McLean then said that he had heard the expression used "the street to the gravel pit", and he now understood that this so called gravel pit was on Arran Street. He called the attention of the Council to the fact that large quantities of gravel had been removed from this thoroughfare and it would cost the town a considerable sum to put the street in a proper graded condition. He considered this matter should receive attention from the proper authorities.

Another point he desired to bring before the Public Property and Streets Committee and that was to have the town adopt a policy of arranging to have borders or boulevards on some of the wider streets. Some of our streets were too wide for all the traffic that was carried over them and a roadway 30 feet wide would be ample as well as less expense to the town for up-keep, leaving a space five or six feet on either side for a grass plot and nine or ten feet for sidewalk. It would be well for the Council to adopt a policy of this kind so that when some other authority was put on the streets, (a voice, "We'll soon all be on the streets") the arrangement so laid down would be continued. The need of this boulevard was only lately shown when the Streets Committee were planting the shade trees, which in many cases had to be placed in the gutters.

Councillor Patterson in reply to Councillor McLean stated that this matter had already received attention and the Town Engineer had been instructed by the Streets Committee to prepare plans along the lines spoken of by Councillor McLean.

Councillor Miller said that this idea had been started some five or six years ago on Roseberry Street, but had not been proceeded with.

Councillor MacLean said he was glad to hear that plans had been prepared and urged the Public Property and Streets Committee to lay a proposition before the Council.

Councillor Patterson stated that a start would be made in a few days on Pleasant Street, and then on Ramsay Street, and if the Council desired they could adopt the plans which he then laid before them.

RECRUITING WORK SLACK THIS WEEK

Sixty Men Now Enrolled for the 55th Battalion by Lieut. O. J. Larzen

Recruiting has fallen off these last two or three days so far this week, only five men being enrolled by Lieut. Larzen. This makes a total of sixty recruited by him, for the 55th Battalion, but this total must not be confused with the grand total of recruits already sent to the 55th and recruited by Lieut. G. A. Wallace. The men enrolled will likely go to Sussex today, their names being

with only a brilliant

After discussion it was agreed to leave the matter in the hands of the Committee to formulate a policy for the making of boulevards on the streets and the planting of trees on them.

The matter of wandering cows and horses roaming about the streets was then touched on, which brought Councillor MacLean to his feet with the question as to what had been done with regard to the stream of water running under the barn of Messrs. Harquail.

Councillor Miller stated that the committee had interviewed Mr. Harquail and the matter had been arranged. The difficulty had been that this nuisance was on private property, but the arrangement made was that the two owners dig the drain and Messrs. Harquail would supply the piping to make the sewer. Since that arrangement had been made however, one of the owners had refused to do any digging so the matter remains as it was.

After the Town Engineer had made a statement regarding the facts of the case it was moved by Councillor MacLean, seconded by Councillor Patterson that the Water and Sewerage Committee be empowered to do the work and get the matter settled.

To this resolution Councillor Alexander strenuously objected. The town Council had no right to put in a sewer for a private person. If Messrs. Harquail built a barn it was up to them to provide proper drainage, not the town.

Councillor Patterson felt the same as Alexander, but the trouble was, who was to make the parties do the work. It was only to help out the poor people down there that he was anxious for the town to do the necessary work.

Councillor Alexander said that under the Public Health Act it was the duty of the Board of Health to see that a nuisance was done away with. He had built a barn and had to put in a sewer on his own account, and Messrs. Harquail should do the same.

Councillor Goss felt the same way as Councillor Alexander and considered it was the duty of Messrs. Harquail to look after the matter themselves.

The question was then discussed in all its bearings and in the end Councillor MacLean withdrew his motion in favor of one making the Public Property and Streets Committee and the Water and Sewerage Committee a Special Committee to have the matter attended to, and have the nuisance done away with.

The Public Property and Streets Committee were given authority to

CLOSING EXERCISES AT GRAMMAR SCHOOL

Interesting Program is Gone Through.—Graduates Hold Reception at Night

The closing exercises of the school took place on Wednesday June 30th, in the Assembly Hall, Judge Matheson chairman of the school Trustees presiding. Notwithstanding the inclement weather a good attendance of parents and friends visited the schools and were spectators of the work done in the various class rooms.

The scholars and visitors then gathered in the Assembly Hall, where an interesting program was gone through. Supporting the chairman on the platform were Rev. Hugh Miller, Rev. C. W. Squires, Rev. J. H. Jenner, Rev. J. E. Purdie, Mayor Andrew, Dr. Pinault and others.

The following program was rendered:—

NEW ENGINES ORDERED

The I.C.R. recently placed orders for five new standard switching engines, super-heater with power reverse. The engines are being made in Toronto and two have already arrived, one being placed at work in the Moncton yard while the other is being used in River du Loup. General Master Mechanic W. U. Appleton announced that another engine is on the way, while the other two are expected shortly. The switchers are the last word in engines, having all the latest improvements.

DEATH

On Monday, June 21st, in the quiet little churchyard at Belledune River, there was laid to rest the mortal remains of one who, for many years, had borne her great sufferings with true Christian patience. Loving hands ministered to her up to the very last, and she "lacked nothing." Mrs. Thomas Hodgins died, as she had lived, in good hope of God's mercy through Jesus Christ her Savior. Relatives and friends from Campbellton, Dalhousie, Bel River, Charlo, Point St. Michel, and also from Boston, U. S., were in attendance at the funeral. The service was conducted by Rev. Mr. Matthews of Bathurst, assisted by Rev. Mr. Coleman of Dalhousie. The influence of her godly life may it be strong and abiding.

RETURN THANKS

Mrs. Daniel O'Keefe and family desire to express their appreciation of the sympathy and kindness of the people of Campbellton and vicinity shown them in the loss of their soldier son and brother, who gave his life for his King and country on the battlefields of France.

THE OTHER SIDE
To the Editor of the Graphic,
Dear Sir:
In your last week's issue I noticed an editorial on the question "Is there a Milk Trust?" and I would like a small space in your next issue to say as far as I am concerned there is no trust or combine. It is true that the charge for milk is the same today as I charged in the winter, but whether all the milk dealers are doing the same or not I do not know. My reason for keeping the price up may be briefly summed up in the statement that there are only two months in the year (June and July) that my cows are not hard fed, and it seemed very little use to reduce the price for two months when the winter charge of 8 cents per qt. is not a fair price and does not represent a profit of any kind on the handling of milk. Personally I did not take offence at your editorial, which I consider was written in a fair way basing your contention on the statement, if 8 cents was a fair charge in winter, it was an unfair charge in summer. I admit that, but want to point out that the rate of 8 cents is not a fair charge in winter, and does not give a profit when the cost of feed is as high as it is at the present time. Perhaps if we had a grist mill in our own county we would be able to procure shorts for feeding at a little more reasonable price than \$35 to \$37 a ton f.o.b. Toronto.
Thanking you Mr. Editor for your courtesy.
Yours truly
MILK DEALER.

TABACCO?
What might be an answer to a recent resolution passed by a church convention is found in the appeal sent out by the Canadian Red Cross Society. In an official communication from Toronto the society speaks of the needs of the Canadian hospitals and goes on to say:
"While the public is generously answering the appeal for tobacco for the Canadian soldiers at the front, a very large amount is still needed and will be needed continually as the war progresses. Tobacco in this is especially welcome as are cigarettes of all kinds. Tobacco in packages, a large number of which have reached the head office of the Canadian Red Cross Society in Toronto, is not very welcome as it soon becomes dried up and almost unfit for use by the time it arrives at the front.
There can be no doubt of the importance of tobacco in the present crisis. Even those who oppose its use as a matter of principle will admit this. Tobacco has played its part in every war, from Waterloo to the Balkans. It is playing a tremendous part in this, the greatest in history. Tobacco is a solace and has won and lost battles. It is stated that smokers are far more immune than non-smokers to "Occipital Cramps" and other neurotic ailments caused by the terrible ordeal of shell fire.
Strange as it may seem, there is a greater consumption of tobacco by those who have nothing to do with fighting in war. The war throughout the world has stimulated men, who, roused from the humdrum of their regular lives, consume more tobacco

when such an excitement as a great war is on. The consumption is greater now because this war touches more men than any war since history began. Nothing is better than tobacco to relieve the necessary odium of convalescence, when the soldier, too weak as yet for any active physical employment finds the time hang heavy on his hands. Further, no greater act of charity could be performed than the sending of tobacco to prisoners whose life at the best can scarcely be considered one of pleasure. In short those who know anything about men under nervous tension, know that tobacco is even more a necessity than food. It is to be hoped that the public will think generously of this matter."

THE SOUL OF FRANCE.
(Boston Transcript.)
Cameo of war and a man—cameo of soul of France, Lieutenant Chantany, officer of reserves, was killed at Verdun. This letter, found on his body: "I wrote this letter because one never knows what may happen. If you get it it will mean that France has wanted all I could give her. Don't mourn for me, for I shall die happy. The only thing I worry about is the position you will be in with the children. But as for bringing up the girls I am not anxious. You will manage as well as I could have done. Kiss them for me, and tell them that their father has gone on a long journey and did not forget them.
"There will also be another baby whom I shall not know. If it is a boy, I should like him to be a doctor, unless, of course, after this war France should still be in need of officers. Tell him when he is old enough to understand that his father gave his life for his country might be greater and stronger. I think I have told you all the essential things. Promise not to bear any grudge to France if she takes some day. My poor darling, I haven't even had time to think much about our love, great and strong though it be. Good-by, the long good-by. Be brave.—Thy Jean."

ENORMOUS PROFITS
There is absolutely no good reason why the prices of flour and bread should be as high as they are at present and it is cruelly unfair to the masses of our people and especially to the poor that the Government at Ottawa does not intervene to place some check upon a state of things for which there is no justification except the enormous profits which the great milling companies are making out of it. By these, both the wheat growers and the consumers are heavy sufferers, the growers not getting the price they should for their grain in proportion to the selling price of the finished product and the consumers having to pay more for absolute necessities than is justifiable or than they can well afford at such a time as the present. It is useless to pretend that the milling companies are not getting the lion's share or that they are not responsible for the actual situation, when we see some of them acknowledging in their recently published annual statements that their profits of the past year amounted to 33 1-3 per cent. It is only fair that these companies should make a reasonable profit, but not to the enormous extent of 33 1-3 per cent. This can only be done by oppressing the people and grinding the faces of the poor for the exclusive benefit of a few.—Ex.

Although the weather was not very favorable, the amount of \$107.00 was realized, and it is a credit to the people of Sandy Beach, as they always delight in patronising Patriotic affairs.

Lift the lid in Winnipeg. Throw it away so that the anomaly of secrecy in public affairs can never again shield corruption.

POSTPONED
The Garden party at Tide Head, which was billed for today, July 1st, has been postponed till July 9th.

REPORTED ASHORE
Steamer Livonia (Dan.) from Campbellton June 28th, before reported ashore in the River Mersey, was floated last Friday and has arrived here—St. John Telegraph.

GASPE
The Schooner Wanja, Sweden, is at present unloading about six hundred tons of Cadiz salt for Messrs. Robin, Jones & Whitman.

Great operations are taking place at the Government wharf, Sandy Beach, in connection with St. Lawrence Lumber Co. The above company have specially constructed cranes for unloading twenty five hundred tons of coal in twenty four hours; it is incomparable with the usual method of unloading steamers.

The Schooner "Cors A" is now at the Government wharf loading long lumber for the States; all the lumber is transported from Chandler to the wharf by rail.

The Shepherd & Morse Lumber Co., Lanes aux Cousins, have commenced sawing, and are daily employing hundreds of men; when the mill is in full swing, it is considered to be one of the finest in the Dominion. The management of the mill is carried out in first class style, by Messrs. Orlay and Harris Calhoun. The two above named gentlemen are to be congratulated on the great success of the mill, and the district of Lanes aux Cousins is steadily improving; the reason for the improvement is perfectly clear.

The Schooner "Avis" was towed to harbor last week, by the Government steamship "Rouville"; the schooner presented a very curious spectacle, as only a few feet of her hull was visible, the remainder being submerged. She was completely dismantled, but the hull is still in good order, and when the schooner has been refitted she will be quite serviceable.

The tug "Alpha" arrived into port last week for general supplies, and afterwards returned to Anticosti Island.

land. The Schooner "Sir Wilfrid", captained by Emilee Cyr sailed Monday, after laying up in the harbor for three weeks. The reason for her going here, was owing to her being badly damaged off the upper coast; the St. Maurice Lumber Co. having to send their tug to tow her in. The Schooner had to be reinstated with two new masts and one sail, as her deck had been completely cleared by the gale. The crew were very fortunate in being able to save one damaged sail. Before Captain Cyr sailed, he informed us that he had been excellently treated by all the Gaspe people.

The Government steamship "Thirty-Three" arrived here last week, owing to lack of supplies.

The Russian barkentine "Uka", has finished unloading her large cargo of Cadiz salt, shipped to Mr. C. Sutton LeBoutillier. Her cargo amounted to seven hundred tons.

The pulp steamer "Teller" left last week, bound for the States; she loaded the pulp from the St. Maurice Lumber Co's wharf.

A very enjoyable concert was held at Sandy Beach last week, and the total receipts amounted to over one hundred dollars; the concert was well patronised, and proved a great success.

Mr. and Mrs. S. G. Leonard left last week to enjoy a pleasant tour to Belmarboro; Mr. Leonard's position as manager of the Bank of Toronto, was recalled by Mr. Lewis.

All friends of Mr. Alfred La Convee, Sandy Beach, will be pleased to learn, that he has been commissioned by the Government to take command of the steamship "Westport". He is to be congratulated in being so fortunate in securing the above office of Captain.

Misses Loretta LeBoutillier, Amy Gavey and Maud Bartlett, arrived in town last week; Miss LeBoutillier was accompanied home by her sisters and friends, and Misses Gavey and Bartlett left next day for their respective homes in Grand Greve.

The following travellers were in town last week: Messrs. Trudel, (rep. Thibodeau Freres); Helleur, (rep. Helleur, Carney & Broderick); Pruno, (rep. P. W. Ellis & Co.); Barnes, (rep. Acme Glove Works); Harman, (rep. The Thomas Co.); Brochu, (rep. Rock City Tobacco Co.); Belanger, (rep. New York Life Ins. Co.); Rochon, (rep. Ogilvie Flour Mills Co.); Decelles, (rep. DISTURBANCE AT ATHOL ON SUNDAY

Four Men Were Fined for Creat-
ing Breach of the Peace
Sunday Morning

On Sunday afternoon Chief Hughes,
accompanied by Officer Adams paid a
visit to Athol and arrested four men,
who were charged with creating a
breach of the peace. It was stated
that the men were having a drinking
bout and were making themselves a
nuisance to the people of Athol all
day Sunday.

They were taken to town by auto
and lodged in the lock-up. Appearing
before Police Judge Matheson they
pleaded guilty and were fined \$15.00
and costs.

As a sequel to this a boarding house
keeper in town was charged under the
Liquor License Act with supplying one
of the men with three bottles of liq-
uor, for which offence he was fined
\$75.00 and costs.

AT THE POLICE COURT

(From the Gloucester Northern Light)
The preliminary examinations of the
Italians charged with assaulting and
injuring Fred Doucet some time ago
were concluded last week, and Nicola
Montefusco and Michel Ercolino were
sent up for trial, while Luigi Nini and
George Bombarlo were discharged.
The case against Frank Grosso is to
come up after James Chamberlain,
Andrew Couture, Abbie Couture, Jer-
ome Chamberlain, Xavier Doucet,
Henry Legacy and Peter Huard are
tried on charges arising out of the
trouble arising at the time Fred Doucet
was shot and stabbed. The injured
man is now practically recovered.

Inerney, H. O. Schryer, Howard Cox,
E. J. Cronin and Theodore H. Bird.

MOVING PICTURE CASE AT DALHOUSIE

Preliminary Enquiry Held on
Tuesday at Dalhousie in the
Town Versus Dimock

A preliminary enquiry was held at
Dalhousie on Tuesday in the case of
the town of Dalhousie against Mr. S.
W. Dimock. This is a case arising
from the fact of the town passing a
by-law to exact \$300 license fee from
moving picture shows and allow them
to open only three nights a week. Mr.
Dimock objects to this arrangement
and on Tuesday before Magistrate
Gemesau was fined \$10 and costs. Mr.
Dimock gave notice of appeal.

WAR'S DELAYS NECES- SARY TO SUCCESS

It is within the memory of all that
after the destruction of the United
States battleship Maine in Havana
harbor, public sentiment in the States
was strong, impatient, imperious for
war, yet President McKinley delayed,
waited and prepared before he per-
mitted the declaration. This was due
to the fact that the ammunition aboard
the American fleets and in the arsenals
was not up to the quota required for
battle, and shops spent night and day to
turn out munitions.

This is practically the same situa-
tion which has existed, but on a larger
scale, with Great Britain, who not only
needs huge supplies herself, but is
supplying many of the Allies as well.
With a view to sparing her soldiers,
the campaign will be conducted heav-
ily by artillery—that means shells,
powder, shrapnel in unlimited quantity.
Sagacity, keen intelligence, patient
courage is behind the delay at which
many impetuous citizens fret, but the
war will be prosecuted to final suc-
cess through just this same wise guid-
ance.

Loyal Canadians should all report
every action of the Government, and
should show their loyalty by placing
the Union Jack on every home. It
was with this patriotic thought in
mind that THE GRAPHIC has pro-
vided complete flag outfits for its
readers, as announced on another page
of to-day's issue. These handsome, full
sized, fast-colored bunting Union
Jacks are completely equipped with
brass-ferule jointed pole, ball and
halyard and window socket. Get a
flag today and "boost" for your sol-
diers.

THERIAULT-HAGARTY

In St. Bernard's Church at 8 o'clock
on the 16th inst., Miss Agnes Hagarty,
formerly of Halifax, and Mr. Frank
Theriault, son of Mr. and Mrs. Lagare
Theriault of Pokesaw, now a resident
of Moncton were united in marriage
by Rev. Father Savage, Pastor of the
Church, who celebrated the nuptial
mass.

The bride was becomingly gowned
in cream serge with hat to match.
The bridesmaid was Miss Mary
Magee, who was becomingly gowned in
white voile and lace trimmings, while
the groomsmen was Mr. John Mul-
roney.

After the ceremony the bridal party
repaired to the residence of Mrs. D.
Magee, Albert Street, where a dainty
wedding breakfast was served.

The bride's travelling suit was a
blue serge.

A number of friends were at the
Union Depot to wish the happy couple
bon voyage.

The bride was the recipient of many
costly and beautiful presents, including
cut-glass, silver and china.

Mr. and Mrs. Theriault spent part
of their honeymoon at the home of
Mr. Theriault in Pokesaw, and also
visited Bathurst, leaving for Moncton
on the Limited on Friday. Many fri-
ends throughout the County will wish
Mr. and Mrs. Theriault much happi-
ness in their marital journey.

WEEDS ON VACANT LOTS

What undoubtedly constitutes a
menace to those farmers who are mak-
ing an honest effort to keep their
farms clean is the crop of weeds found
growing on vacant lots and roadsides
in and around our towns and cities.
These vacant lots are often nothing
more or less than nurseries and breed-
ing places for all kinds of weeds. This
is especially true of towns where large
areas adjoining have been subject to
wildcat subdivision and have had
roadways ploughed, forming lodging
places for weeds, which are allowed to
grow unmolested. These produce
countless number of seeds, to be blown
and scattered by the winds over the
farms. So far, bulletins, articles and
advice pertaining to weed control have
been directed at the farmer. A glance
at the conditions found in most of our
cities and towns will prove convincing
that the farmer is not entirely to
blame in the matter of weed seed pro-
duction and distribution.

In the West the weed inspectors are
being trained and instructed along
lines that will enable them to assist
the farmers in weed control, while at
the same time provision by law is
made to prevent any farmer from al-
lowing his farm to become a breeding
place for weeds and a menace to his
neighbours. In most towns there are
by-laws covering the weed problem
but too often they are not enforced.
Those living in towns and cities should
co-operate and do their bit in the war
against weeds. This is an important
matter, and should receive strict at-

tention by every town council. Action
should be taken at once and not defer-
red until the weeds ripen and scatter
their seeds.—F. C. N.

CANADIANS AND THE WAR

Sixteen thousand families are now
receiving help from the Canadian
Patriotic Fund, compelling monthly
distributions of \$300,000. As Canada
sends more soldiers overseas the num-
ber of recipients of Patriotic Fund which as-
sistance must increase. Where is
the money to come from unless there
are generous contributions by those
already contributing, as well as by the
hundreds in every community who
have so far failed to assume any share
of their responsibility in connection
with the war. The man who has his
health and is not able nor willing
to fight should pay, and pay gener-
ously, toward the support of those who
are permitting loved ones to cross the
ocean in the cause of Empire. The
stake in this war is every man's home,
every man's business and every man's
individual liberty. Of what value
would be any liberty or any right now
enjoyed by Canadians or British sub-
jects anywhere if Germany can win
the war? Do the men at home, particu-
larly the young men, realize that
those who are sacrificing blood on the
fields of France are holding Canada
for the Canadians just as surely as if
they repelled an invader from our own
borders?

AILING WOMEN OF MIDDLE AGE

Mrs. Doucette Tells of her Distressing Symptoms During Change of Life and How She Found Relief.

Belleville, Nova Scotia, Can.—“Three years ago I was suffering badly with what the doctors called Change of Life. I was so bad that I had to stay in bed. Some friends told me to take Lydia E. Pinkham's Vegetable Compound and it helped me from the first. It is the only medicine I took that did help me and I recommend it. You don't know how thankful and grateful I am. I give you permission to publish what your good medicine has done for me.” Mrs. SIMON DOUCETTE, Belleville, Yarmouth Co., Nova Scotia, Canada.

Such warning symptoms as sense of suffocation, hot flashes, headaches, back-aches, dizziness, irritability, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly headed by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CANADIENNE.

KEDGWICK
The Public Examinations of the pupils in Grimmer school took place on Monday June 28th. Thirty-two pupils were present. The school trustees and parents who visited the school that day were fully satisfied with the work done during the term. The energetic teacher, Mrs. Joseph Devereaux certainly deserves great credit for the progress made by the pupils and the good discipline established in the school. The children everywhere expressed that after a well earned vacation she will take up the work again.

Was said to have crippled the canary bird industry, as canaries come from the stars now.

Rev. J. Z. Lambert has returned from the occasion of a reunion of his classmates at their Alma Mater in Quebec.

The young people of this vicinity are preparing a play to be given about July 12th.

The ladies of this place attended a quilting at the home of Mrs. P. Barthelemy, where a very pleasant afternoon was enjoyed. This quilt will also be sent to the Red Cross Society.

BLACK CAPE
The Dr. Wardrop and McCurdy Mission Bands held an ice cream social at the home of Mr. and Mrs. J. C. Fair on Wednesday evening, which was well attended. The sum of \$18 was raised which is to go towards some much needed improvements to the Presbyterian manse at New Richmond.

Miss Hilda Gallant, our popular teacher of school No. 1, left on Saturday for her home in New Carlisle, to spend her holidays. On Friday afternoon she gave a picnic for her scholars, much to the delight of the little ones.

Mrs. D. A. McDonald and baby of Montreal are visiting Mrs. McDonald's parents, Mr. and Mrs. Angus Campbell.

Mrs. Angus D. Campbell returned on Monday from Paspébiac, where she has been for a few weeks the guest of Mr. and Mrs. John Clement.

Mr. H. M. Henderson returned on Thursday from a business trip to Mampbellton.

Mr. Herman Powell returned on Thursday from a flying trip to Montreal.

Mr. Gordon Dewar arrived on Saturday's train from Campbellton. Messrs. John and Ambrose West returned on Saturday from Rothesay, N. B., where they have been attending College.

Mr. William Jamieson of Bathurst Village is visiting his wife and family here.

Mr. S. B. Powell returned on Saturday from a trip to Port Daniel.

We regret to learn that Mrs. Abraham Carey is confined to her room through illness and her many friends wish her a speedy recovery.

Miss Ida Fairweather has returned from upper Quebec province, where she has been teaching school.

Mrs. Harris Bazley returned on Saturday from a visit to Campbellton. She was accompanied by Mrs. J. E. Campbell of Chaleurs.

Mr. Weston Robertson of New Richmond spent Sunday evening in Black Cape.

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of ambition.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It makes weakness to strength. It changes them sturdy and strong and active.

NEW RICHMOND

(Held over from last week)

The ladies of St. Andrew's Presbyterian congregation held a supper at the manse on Thursday evening last. Although the evening did not look very favourable it did not prevent a large crowd from coming from far and near. The sum of \$98 was realized which will go towards some much needed improvements to the manse. Much credit is due the ladies for their great undertaking in this worthy cause.

Rev. John Hardwick conducted service here on Sunday morning at 11 o'clock and at Black Cape at 3.15 in the afternoon, and here at 7.30 in the evening. Next Sunday the rev. gentleman will preach his last sermon here, and his many friends will be sorry to hear of his departure from this congregation.

Rev. Thomas Bennett of the Quebec Bible Society is expected to be with us on Sunday, July 18th on his annual visit to this coast.

Mr. Elmer McWhirter is erecting a new residence and no doubt when completed will be one of the most up to date residences in our midst.

Three barges are at present in our harbour loading deal for Montgomery and Sons.

The steamer Vladimir Reits, which arrived in the harbour on Monday morning the 14th, to load deal for the Cascapedia Mfg. & Trading Co., sailed on Wednesday the 16th for Bonaventure to take on the rest of her cargo there.

Mr. James Campbell has been in Bonaventure for the past week in connection with the Edwards & McLean Lumber Co.

Work is progressing rapidly of the building the new bridge over the Little Cascapedia river, and we understand that teams will be able to cross the bridge early in July.

We are pleased to see that Mr. Narcisse Cyr, agent for the Massey-Harris Co. is able to be about again after his severe illness.

Mr. Mansfield Willett, who has been in Campbellton for some time in the employ of the Frost & Woods Co., has returned to New Richmond and has opened a store in the Robertson building. We hope that good business will be his luck.

NEW CARLISLE

The marriage took place on Tuesday, June 22nd, at St. Andrew's Episcopal Church, New Carlisle, of Rose, third daughter of Mr. and Mrs. Hugh Caldwell, to Mr. Price J. Dickie of Campbellton, N. B. The bride, who was given away by her father, wore a sand color travelling suit and hat, and carried a white prayer book, the gift of the groom. She was attended by her sister, Miss Belle Caldwell, who wore a Belgian blue suit and black hat. The groom was supported by his brother, Mr. Reuben Dickie. The church was prettily decorated with potted plants and apple blossoms and the ceremony was performed by Rev. Mr. Buckland, rector of the parish. Supper was served at the home of the bride's parents, after which Mr. and Mrs. Dickie left for a trip down the coast. The out-of-town guests were Miss Jessie Thompson, Mrs. T. C. LeBreton and Mr. S. Dickie.

Mrs. Sanderson and Mrs. Eweling of the Women's Christian Temperance Union are now with us, and Mrs. Sanderson addressed a Union meeting in the Sunday schools Sunday afternoon in the parish hall. A good number were present. Rev. Mr. Buckland presided and introduced Mrs. Sanderson, and gave some very encouraging remarks expressing his sympathy with the good work. These ladies met with the women Monday afternoon, and also held a public meeting in the evening. The Rev. Mr. Sutherland presided, and the meeting came off well except for a few unruly boys, that seems to be very slack in their home training, which causes them to be almost a nuisance.

Rev. Mr. Muir preached in the Presbyterian church Sunday morning, and his many friends are more than pleased with his service, and all feel sorry that Mr. Muir will be taking the train Thursday, July 1st for New Hampton, and trust he will yield to the request of the congregation to return in about 3 or 4 weeks, and remain permanently.

The Rev. Mr. Lancaster of St. Anne de Bonprie, who is spending his vacation with Mrs. Lancaster, occupied the pulpit in the Anglican church Sunday evening, and preached a very eloquent sermon to a large congregation.

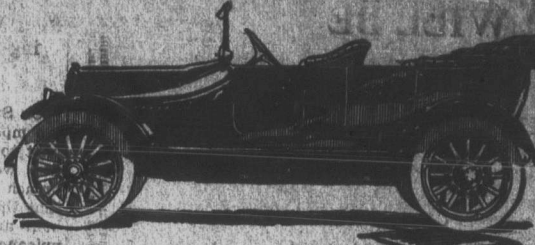

Mr. J. O. Sherar and son W. D. Sherar, with Rev. Mr. Muir on Monday the 21st, motored to Dalhousie to attend the meeting of Presbytery on the 22nd. They intended returning Tuesday afternoon, but on account of the storm and bad roads, they only returned Friday the 25th.

The recent storm brought a schooner loaded with coal to shore and the crew had a narrow escape. The vessel is a total wreck.

Miss Blampin, principal of the Academy, left on Wednesday for her summer holidays in Montreal.

Miss Hall, model school teacher, left Tuesday for different points during the holiday season.

Miss G. Hamilton and Miss Mary

CALEDONIA FROM HALIFAX
WITH TROOPS AT PLYMOUTH
Anchor Liner, With 26th Battalion, the Heavy Battery the Cycle Corps, and Reinforcements From the 40th Nova Scotia Regiment, Arrived Safely

Halifax, N. S., June 24.—The Chronicle prints the following account of the departure of the steamer Caledonia, from Halifax:—
The transport Caledonia of the Anchor line, which sailed from Halifax at nine o'clock Tuesday morning June 15th, with the Canadian Heavy Battery, the 26th Battalion of New Brunswick, No. 1 section Divisional Ammunition Column; the Nova Scotia Division of the Cycle Corps; a detachment of reinforcements from the 40th Nova Scotia Battalion and a draft from the Composite Battalion arrived at Plymouth yesterday.

After embarking at St. John, the 26th Battalion, the Caledonia arrived morning, June 14th. At eleven o'clock the same morning the company of the 40th under command of Captain J. P. Dwyer, arrived at the terminals from Aldershot, and immediately went on board ship. At one o'clock the Canadian Heavy Battery, under command of Col. J. W. O'Dell, marched from the South Barracks, on Sackville St. to the terminals and embarked. They were accompanied by the cycle platoon under command of Captain Starratt.

The delay in sailing was caused by the loading of a large quantity of ammunition and also the taking apart of the big guns, made necessary before they could be placed aboard.
The departure of this large body of men representing every one of the old Provinces of Canada was an event of more than ordinary interest even in the military movements in Halifax in this time of war. It was the second time within three weeks that the sons of Canada had passed through the great Atlantic Gateway of the Dominion enroute to the front.

It was an occasion that afforded Nova Scotians an opportunity to do honor to their sister Provinces of New Brunswick and Prince Edward Island, and the send-off which was accorded the great shipment of drafts men as they passed down the harbor in the bright sunlight of that early June morning was a sincere tribute not only to the men but to the Provinces, which had bred them.

In representation, New Brunswick and Prince Edward Island came first with an entire battalion, a representation of which those Provinces might well be proud. Although Halifax had no opportunity to see them except as they were crowded on shipboard, yet the impression given under these unfavorable conditions was such as to convince all who saw them that the men of the 26th Battalion were fit representatives of the Provinces which they had the honor to represent.

Nova Scotia was not only represented by a company of men from the 40th Battalion, a body of picked men from a battalion which in every respect promises to uphold the standard of the Mayflower Province, but also in the Canadian Heavy Battery, the Ammunition Column, the platoon of cyclists and the draft from the Composite Battalion.

Prince Edward Island had the honor of having the largest unit in the Heavy Battery, an aggregation of men which may have equals but no superiors in the Canadian forces. The sixty men from the Garden of the Gulf, the strongest single unit of the battery represented the three Counties of the Island Province for the most part, sons of the farms, but who followed other vocations and a large proportion were members of the Charlottetown Heavy Artillery Battalion of Canadian Militia. Of this contingent no less than three were school teachers, several bank clerks and others who had held good commercial positions, some of these even returning to the Island for the purpose of going with the contingent. Prince Edward Island will have no better representation than was contained in this unit.

The Heavy Battery's strength was made up of units from Coburg, Ontario (with Colonel O'Dell, a Coburg man, in command) Montreal, Lewis, St. John, Charlottetown and Halifax. The departure of the Caledonia from Halifax was attended with the same features as made the sailing of the Saxonia with the 25th Battalion such a memorable event. There

CUTWORMS AND HOW TO FIGHT THEM

Farmers, market gardeners and others who cultivate the soil will be pleased to know that the Entomological Branch of the Dominion Department of Agriculture, has issued a 31 paged bulletin (No. 10) on "Cutworms and their Control", prepared by Mr. Arthur Gibson, Chief Assistant Entomologist. In the introduction it is stated that cutworms as a class rank in importance with such well known pests as the San Jose Scale, the Coaling Moth and the Hessian fly, all of which are among our most destructive insect enemies. There are certainly few insects which, year after year, inflict such widespread damage as the various caterpillars known commonly as cutworms. The annual loss occasioned by these insects in Canada amounts to hundreds of thousands of dollars. In the bulletin the methods of controlling cutworms are discussed fully. Under "Preventive Measures" the value of clean cultivation is referred to as well as the placing of bands of tin or paper around plants which are set out. "Remedial Measures" include descriptions of various poisoned baits to destroy the cutworms, directions for the making of proper furrows or ditches to prevent the advance of armies of cutworms, etc. Fifteen common kinds of cutworms are described in popular detail and much information given on the habits and life-history of the various species. The bulletin is fully illustrated, the figures being clear and well chosen. Altogether there are 20 illustrations of cutworms, cutworm moths, injury plants, etc. Copies of this new publication may be had free of charge on application to the Chief of the Publications Branch, Department of Agriculture, Ottawa. Enquiries regarding these insects or other kinds which are found to be injuring crops, should be addressed to The Entomologist, Department of Agriculture, Ottawa.

A Scottish soldier seriously wounded in a hospital ward with only one other slightly wounded man. The chap was not expected to recover. When told there was no hope for him he expressed a desire to hear the pipes once more before he died, as the kind house-surgeon sent out to find a piper whom he asked to wait up and down the ward playing Scott airs on his national instrument. The next day the house-surgeon asked him nurse how the Scotsman was. "Oh, he's all right now," she replied "but all the other eleven patients dead!"

LOCAL DRUGGIST SAYS:
"TAKE ONLY ONE DOSE"
We want to tell those in Campbell-
ton suffering from stomach or bowel
trouble that we are agents for the sim-
ple mixture of buckthorn bark, glycer-
ine, etc., known as Adol-i-ka, the reme-
dy which has become famous by curing
dysentery. This is the most thor-
ough bowel cleanser known and JUST
ONE DOSE relieves sour stomach, gas
on the stomach and constipation al-
most IMMEDIATELY. You will be
surprised at the QUICK action of
Adol-i-ka. A. McG. McDonald, drug-
gist.

the most desperate fights of the whole
war to date. The official narrative
is a story of desperate fighting and
splendid heroism worthy of the finest
traditions of French valor. We salute
the victors.
