WARREN M. RIDEOUT

On June 27 Warren M. Rideout died at his home in Somerville after a lingering illness of heart disease. Three days before his death he was stricken

with paralysis from which he did not regain consciousness. He was the son of the late George Rideout and was sixty-five years old the day he died. He was married twice, first wife being Miss Sophia Shaw who prede-

ceased him eight years ago. He leaves to mourn his wife, one daughter, Mrs. Perry H. Bishop of Coronation, a daughter-in-law, Mrs. Annie Rideout of East Florenceville, one grandchild, Glenna Bishop, three sisters, Mrs. Charles Stevens, Hartland, Mrs. Nelson Day and Mrs. Harry Shaw of Washington, and a number of other relatives. When a young man he joined the United Baptist church and lived a faithful Christian until his death.

The funeral was held from his home Sunday afternoon, the service being conducted by Rev. G. F. Bolster, who took his text from Hebrews 11:10. The music was furnished by the United Baptist choir and the hymns they used were, "I'm Going Home," "Will the Circle Be Unbroken," "When I Get to the End of The Way." The beautiful floral tributes showed the high esteem in which he was held.

Small warehouse along side railway track, also a blacksmith shop to let at Hartland. Apply at Carr's.

UNITED STATES OFFICIAL

A leading patent attorney of Washington, Mr. Edward Holmes, presented the Bridge Box for copyright. He writes: "The Examiner in charge of the trade mark application was very much pleased with the idea of having a pack of cards enclosed in the box

and asked me to ascertain what Moirs charge for the filled box."

He will be astonished when he discovers how low the charge is, cards, chocolates, score sheets and all, and how high the quality of the chocolates is.

That's where the Canadians have stolen a march on the Americans—they know this already.

BIG FIRE AT FLORENCEVILLE

B. F. Smith Loses Warehouse—Loss Estimated at \$4,000

A serious fire broke out Saturday shortly after 12 o'clock at Florenceville Station in the potato warehouse owned by B. F. Smith, after the passing of the south bound freight train. For a time it looked very serious for the destruction of all warehouses. Fortunately the westerly wind saved the situation although cinders and half shingles were blown for a mile across country. The 40 by 60 foot building was quite new, having been constructed eight years ago and was formerly owned by B. C. McIsaac. Fortunately the potato season is over, the building was empty save a number of potato stoves, scales, etc., and a few barrels of vitriol. The property was covered by \$4,000 insurance and will be rebuilt during the summer in time for the potato business in fall. Practically 10 years ago fire destroyed all warehouses owned by B. F. Smith, McCain Produce Co., and Guy Porter, also Florenceville Station, freight shed, 800 tons hay and 10 box cars on track, making a clean sweep.

A SCHOOL RECORD

Has Attended School Twelve and a Half Years Without Missing a Day—Presentation Made Regular Attendance

At the close of the graduation exercises at the Fisher Memorial School, Woodstock, Annette H. Shaw, daughter of Mr. and Mrs. Harry F. Shaw, Upper Woodstock, was presented with a wrist watch by Fred C. Squires which was awarded by a number of her friends, for attending school and graduating from high school after a period of twelve and a half years without missing a day. During her school days she has been ill a few times and been operated on for tonsils and adenoids during holidays.

The watch is of the nurses' type and Miss Shaw expects to start training in September.

BRITTON-BIRMINGHAM

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Guy W. Birmingham, Victoria, at the noon hour, Wednesday, June 20, when their youngest daughter, May Louise, was united in marriage to Lorne Edward Britton, son of Mr. and Mrs. E. A. Britton, Hartland. The bride's dress was of white crepe de chine with silk lace trimmings, conventional veil and orange blossoms. She carried a bouquet of pink and white carnations.

Immediately following the wedding march played by Miss Hazel Birmingham, sister of the bride, "Because" was sung by the bride's uncle, Garrett W. Birmingham. After the wedding dinner was served. The happy couple left for a short trip to St. John and Fredericton.

FORMER HARTLAND NATIVE RECEIVES AN HONOR

On June 18 Colby College conferred 86 bachelor degrees, and honorary degrees on one woman and five men at the 103rd annual commencement exercises.

Honorary degree—William Franklin Watson, '87, Athens, Ga., author and professor, originator of new methods in micro-photography—Doctor of Science.

Friends of Professor Watson will be glad to learn of this new honor which has been conferred upon him.

GREER-MELVILLE

On June 25 a quiet wedding was solemnized at the United Baptist parsonage when Cecil I. Greer, son of Mr. and Mrs. Allan Greer, Mt. Pleasant, who just returned from Detroit, was united in marriage to Minnie Melville, daughter of Mr. and Mrs. Edwin Melville of Lansdowne, the ceremony being performed by Rev. G. F. Bolster. The couple were unattended. They expect to make their home in Detroit.

HARTLAND CADETS PASS INSPECTION

The Hartland Cadet Corps, No. 978, paraded last Thursday afternoon for their third annual inspection. The inspection was held on the baseball grounds under Lieut.-Colonel Snow, of St. John, accompanied by the instructor, Lieut. G. W. Montgomery. The boys carried out various drill movements under Lieut. Walter M. Morgan, assisted by Cadet Lieutenants Dickinson and Knight. They also gave an exhibition in physical exercise and open formation movements.

Lieut.-Colonel Snow addressed the boys for a few minutes and praised them for the orderly manner in which they had carried on. He also said nothing definite could be done about a Cadet camp this year, but that in all probability there would be none as there was no militia camp, except for officers. The Cadets have the advantage of an efficient drummer, Allan Baker, and whom the Corps are sorry to lose in the coming year as Private Baker has joined the local C. P. R. staff and expects to move to another station.

After the parade the boys enjoyed a treat of ice cream furnished by the instructor and assistant-instructor. Just before dismissal Lieut. Montgomery told the boys that he was obliged to leave the Corps as he has been moved to Bath, N. B., but he recommended Lieut. W. Morgan, a former captain of the Corps, to be appointed instructor for the next year, and he extended his best wishes for the success of the Corps in the future.

C. W. N. A. EDITORS LAND AT BRUSSELS

Brussels, June 23.—The Canadian Weekly Newspaper Editors on tour in Europe arrived here today and were accorded a most enthusiastic welcome by the Belgian people and the press of this city in which many references were made to the part Canada's soldiers had taken in the great war.

After landing at Antwerp where they were officially welcomed the entire party proceeded to Malines where they were greeted by Cardinal Mercier. Here today they were received by King Albert who shook hands with all members of the party and wished them a pleasant journey through his country and a safe return to Canada. His Majesty also expressed the hope that the visit of the Canadian newspapermen would be followed by increased trade between Canada and Belgium and a closer understanding between the people of the two countries.

The party which numbered about 200 is made up of the editors and publishers of weekly newspapers in all the provinces of Canada and their wives. They left Montreal on board the "Melita" and after visiting the Belgian battlefields will go to Paris for a three days stay and will later spend some time in England where they will be received by their Majesties the King and Queen and will visit the Empire Exhibition at Wembley.

SUNDAY SERVICES AT HARTLAND U. B. CHURCH

The usual services will be held in the Hartland United Baptist church on Sunday next. In the morning at 11 o'clock the pastor will give the sixth of his sermons in the series on the Lord's Prayer. The subject will be "The Forgiveness of Our Debts." In preparation for this service let us read what Jesus said about God's forgiveness of us, and our forgiveness of others.

In the evening at 7.30 the pastor will again preach and will take for his subject "A Soul's Awakening." Special music will be provided by the choir at both services.

STOLEN AUTO IS RECOVERED

On Thursday, June 26, Sheriff Foster received a message from Bangor, Me., requesting him to be on the lookout for a large Nash sedan, H-1623 stolen from Edward Kane. The sheriff learned that a large car had been in Hartland during the day with a young man accompanied by a girl. He trailed the pair and found them at Muniac. He stepped into the car and ordered the man to drive to Woodstock, arriving this evening.

The man who is 23 years of age, gave his name as Norris Brooks of Bangor and the girl who is 17, Ethel M. Burnham of Bucksport, Me.

Norris says he met the girl the previous day at the Bangor circus. It is said they admit having stolen the car and are ready to return to Bangor.

Rev. H. V. Bragdon has not moved from Stickney as has been reported.

The most effective beauty treatment known

—is this simple method. Millions now employ it to keep youthful loveliness

You will be amazed, reading this, to discover the perfect simplicity of a beauty secret millions of women use.

Yet it is the most effective known. It will help you, too, in keeping the radiant loveliness of your skin.

Regularly, do this

Cleanse the skin regularly, and, as you say, to keep your complexion lovely, radiant, youthful.

But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather well into the tiny pores. Rinse — and repeat the washing. Then rinse again.

Then—if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

The simple, correct way

You cannot find a more effective beauty treatment. Because Palmolive Soap is blended of rare palm and olive oils—famous for mild but thorough cleansing qualities since the days of Cleopatra. And it is inexpensive.

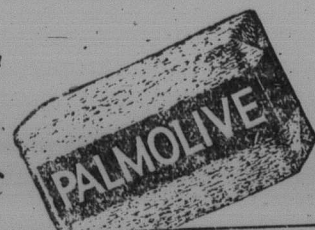

Just be sure it is Palmolive that you get. Note name and wrapper—for Palmolive is never sold unwrapped. All dealers have it. In one week you will see most encouraging results!

FOREST FIRE IN MADAWASKA CO.

(Contributed)

The first forest fire of the season started about nine o'clock Thursday morning, June 12, on lots 22 and 23, tier 3, east of Quibisis River, on timber land of Randolph & Baker. Timely help out witted the fire bug, fire fighters being at the fire sooner than the bug figured on, thereby getting the fire under control burned area not covering as much timber as expected by said bug. The job was intended to be a good one for the fire was set in different places. It is hardly believable that a person would have so little interest in the welfare of the public and himself as to do liberally start a forest fire. If this fire had got a good start, it would have burned miles of timber land without a possible chance of putting it out, causing untold damage, perhaps human lives. The culprit got away by the skin of his teeth, for the fire wardens were hot on his trail following the track of his big shoe pack, up to the cleared land, and there lost it. There is a possible chance of finding out who owned these packs, although there are good many shoe packs in the woods very few are of the size followed from the fire. Big feet indicated persons of advanced age who should know better than to start fires in the forest lands. They cannot plead ignorance. There isn't a Madawaska county (but very few in any county persons between the ages of eight and eighty, that doesn't know that setting fire within one half mile of forest land is forbidden by law. Violators of the fires act willfully ignores and throws about their knowledge, just to satisfy their own personal will, and still they know that the law provides fourteen years imprisonment for any person found guilty.

It is impossible for any fire warden to issue fire permits authorizing any body to burn slashing, stump or root piles or any other material within one half mile of the forest lands. The Department of Lands and Mines has strictly forbidden any burning of

whatever nature. Small smokes are seen to arise towards the sky now and then from different directions. These parties are risking the fine and although they claim that they do no damage they violate the Fire Act, and may be called upon to tell the magistrate that they disregard the law, and have a fine of \$50 to \$200 imposed by presiding judge. Later on when it is decided that burning will not be dangerous the Department of Lands and Mines will authorize the issuing of fire permits giving every one a chance to clear their lands.

Registration certificates are required by law of those travelling in or about forest lands.

JEWETT SIX PROVES ITS POWER ON ROUTE OF 7,205 MILES

With only two gears, a high and reverse, a Jewett Six has been driven 7,205 miles, according to a report received by The Observer from R. G. Stowell, wholesale manager of the Paige-Ohio Company of Toledo.

Stowell said that he first started driving the Jewett with the first and second gears filed off on December 7th, 1923. The transmission was seized by a Toledo newspaperman, according to Stowell and the newspaperman has inspected it weekly to see that it has not been tampered with. The local speedometer service station sealed the speedometer and made affidavit to the effect that it could not be opened or changed in any way without breaking it.

This severe test was made to prove the Jewett's wonderful power. Stowell informed the local Paige and Jewett dealers. "It surely was an acid test to the clutch which is very smooth and free from slippage on a full load. While the car did not plough through the winter snow, and spring mud as readily as it would have with all the gears in the transmission, never once did it get into a place where it could not get out on its own power."

This incident gives some idea of what the car was up against all winter. It happened a few days after the car had been put into operation when I was making the first round of dealers in Northern Ohio. For a number of hours it had been snowing hard and the roads were covered with a deep blanket of snow.

There were two deep tracks down each side of the road and driving over these all traffic was making its way as best it could. No driver tried to pass the man in front of him as no one dared to risk the unbroken banks of snow outside the tracks.

"But I found a tie-up ahead. Drawing up behind the last car of the several stalled in the tracks I learned that they had been held up for some time. One of the party noticing the lettering of the Jewett asked 'Brother, is that true?' 'Hasn't your car got any low gears?'"

"It has not," was the reply. "Then you're going to have some time getting out of this," was the rejoinder.

"I've an appointment in the next town and I must get through. I am going to break a way round you. I was forced to inform him."

"In that car?" exclaimed the stranded motorist. "You are crazy." "Backing the car a short distance I let in the clutch. As the car attained some speed it climbed out of the tracks around the line-up of cars breaking a path for some distance through the deep snow before it stopped. On the third repetition of this performance the Jewett broke its way into the trail ahead."

"The car is know all over northwestern Ohio as 'The Gearless Wonder.' It is being watched by every Jewett dealer and many competitive dealers. They are all wondering when new clutch facings will be needed. The cylinder head and oil base have not been off since test run was started. Today, one or sixty miles an hour are 'duct soup' for 'The Gearless Wonder of Toledo.'"

OUR N. B. FORESTS AND WHY WE SHOULD PROTECT THEM

Our New Brunswick would not be complete without our beautiful forests. The natural scenery of N. B. is wonderful and it is mostly due to the forests.

When the old earth creeps out from beneath her winter cloak, and the sun begins to shine, the trees are the first to put on their robes of beauty. And in the autumn when they prepare for winter, their leaves flutter to the ground leaving us pleasant memories to carry through the long winter months.

The value of our forests is more than we can tell, the hundreds of different ways that they help us is more than we can remember.

Financially the forests of New Brunswick bring us yearly about twenty five million dollars, and make work for thousands of our men. The forests rank next to agriculture, and lumbering is one of our most important industries.

If it were not for the forests we would not have any rain and the springs and streams would all go dry. The forest fires which sweep across our province are usually started in a small way, either by a spark blown to a flame by the breeze from a cigarette or cigar stub, or from a fire started by campers, or picnickers who leave fires smouldering under the ash, only to start up when the next breeze goes by. Also when settlers are burning brush the fire gets beyond control and gets into the forests.

The effects of these fires are what we should consider, when they get started they not only burn the forests but the homes of innocent people who are unaware of any danger. And these fires are burning the wealth of New Brunswick for last year the total loss through forest fires was over three million and a half, also these fires are spoiling the beauty of N. B. leaving in their trail, black and smouldering ruins.

What about our future, if we do not stop to think about this subject, where will our forests be? The wealth of New Brunswick would not last very long if we lost as much yearly as we did last year.

If the forests of New Brunswick were all burned what would protect the game and the birds? They would most all go to other provinces driven by that awful word, Fire.

We should all study and practice

WOMAN SUFFERED FOR MONTHS

Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs. LOUIS F. ELIAS, 588, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief

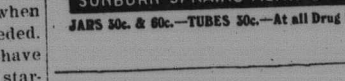

Port Huron, Michigan—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. CHARLES BEILER, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound.

Scent Law Number Eleven and perhaps our forest fires would be less. Let us try in the future and use carelessness as our motto.

KILPATRICK-RITCHIE

An interesting wedding was solemnized at St. Barnabas church, Greenfield, at 11 a.m. on Wednesday, June 18, when Annie Pauline, eldest daughter of Mr. and Mrs. George W. Ritchie, was united in marriage to Mr. Andrew Reuben Kilpatrick, son of Mrs. Martha Kilpatrick. The ceremony was performed by Rev. J. E. Flewelling of Canterbury, assisted by

LOCAL AND PERSONAL ITEMS

On Sunday Rev. Hugh Miller preached his Farewell sermon to this parish in the morning. The church was crowded and the other denominations yielded their appointments in deference and attended the Methodist church. Mr. Miller has been on this circuit for four years and will leave this week for Silver Falls, to which place he has been transferred.

In passing by the Baptist cemetery one cannot help but be struck with the transfiguration that has been wrought in the past ten days. The task, although a Herculean one, was taken in hand by many willing workers, who have certainly performed in a short period an enormous amount of work. The work when completed will be a magnificent piece of property and a tribute to all who bear a part either with money or manual assistance. Mrs. Fred Porter, out of the goodness of her heart, last week gave the secretary one hundred dollars, to be devoted to the building of a fence around the lot. Some fitting method will be used to immortalize this kind lady's contribution. Letters are being sent to those who should be interested in this valley of peace, and from whom a ready response is anticipated.

Mrs. Harold Baldwin and daughter Kathleen, of Douglastown, arrived Friday evening for a visit with Mr. and Mrs. A. C. Gibson.

Miss Addie Irvine arrived from a visit on the North Shore on Friday.

Blake B. Annis, D. C., of Blaine, Me. has opened an office on Main street opposite the post office for the practice of his profession.

Rex Beckwith is finishing his bungalow on Florenceville Road.

Dr. and Mrs. G. J. Burt and children of Fort Fairfield were the guests on Sunday of Mr. and Mrs. S. W. Burt.

Those writing examinations at Florenceville this week include Miss Fay Buchanan, George Niles, Hugh Peppers, Leverett White and Eugene Keirstead.

Joe Kinsella of St. John spent part of last week in town.

Rev. Thomas Parker, B. A., of Nooton. The bride entered the church on the arm of her father and was gowned in a travelling suit of navy blue tulle, with hat to match and wore an Alaska sable choker, the gift of the groom.

The church was beautifully decorated for the occasion by the girl friends of the bride. The music was beautifully rendered by Mrs. Levi Grant of Amosook Jet. The reception was held at the bride's home. Many beautiful gifts attested to the esteem in which the young couple are held. The happy couple left at 5 p.m. by motor for Waterville, Me., and Lowell, Mass. They are followed by the hearty good wishes of their many friends.

BURCH-WILLIAMSON

On Wednesday evening, June 25, at 7 p.m. in the Methodist church at Bloomfield, Thomas Victor Burch was united in marriage to Ruth Vergella

Williamson, both of Bloomfield, by the Rev. Hugh Miller.

A sad accident happened on Tuesday resulting in the death of a young man named Belanger, son of Horpidas Belanger, living on the St. Hubert road and near his home. The young man left home on a bicycle and a little later was found with his head smashed beyond recognition, having apparently been hit by an automobile. The driver of the car has not been apprehended. An inquest will be held on Saturday.

Brown Six-Row Potato Sprayer

BROWN POTATO SPRAYERS have for several years been the favorite with the potato growers on the St. John river for the reason that the clog proof nozzle makes it possible for the operator to spray for hours without stopping to clean the nozzles.

THE DOUBLE CYLINDER DISPLACEMENT PUMP takes its power from wheels by a convenient chain drive direct from axles thus doing away with side motion and drive chain trouble. The pump has brass plunger 2 1/8 inch in diameter, packed with graphite composition, from the outside thus assuring a high pressure at the nozzles. All check valves in pump are brass fitted to brass seats and can be easily ground or replaced. Large air chamber tested under higher pressure that assures a steady pressure at the nozzles.

REVOLVING TWIN PADDLES in tank to assure Bordeaux mixture being well mixed when in operation.

The HUNDRED GALLON TANK is square and of cypress wood, with the top removable in case of any trouble in the tank, whereas with the barrel tank sprayer it is impossible to do this.

THE WHEELS ARE GENUINE SARVIAN WHEELS, 4 feet in diameter, with 3 inch tire, all of good material that will stand for years which is very necessary in a sprayer that is to carry 100 gallons.

THE AXLE is cold roll steel 1 3/4 inch in diameter and we have never yet known one to break.

Hundreds of these sprayers are now in use and have given perfect satisfaction. We have a limited number for the season of 1921 and would advise anyone in need of a sprayer to place his order with us or with our agent nearest to him. The price is \$200 on reasonable terms.

SAUNDERS-BOYER

A very pretty wedding was solemn-
 ized on May 14 in the Fairview Bap-
 tist church, Vancouver, B. C., when
 Beatrice Marjory, second daughter of
 Mr. and Mrs. Fred D. Boyer, of 733-
 13th Avenue West, was united in mar-
 riage to Mr. Gilbert Saunders of this
 city. The ceremony was performed by
 Rev. Dr. A. S. Lewis. The bridal party
 stood beneath a beautiful floral arch.

The bride was given in marriage by
 her father and was attired in ivory
 duchess satin with panel of lace and
 pearl ornaments, her bridal veil being
 held in place by a wreath of orange
 blossoms. She carried a shower bou-
 quet of ophelia roses and lilies of
 the valley. Her maid of honor was
 her sister, Miss Ethel, who was
 gowned in down pink georgette, with
 hat of dove grey mohair, carrying pink
 and white sweet peas. The bridesmaid,
 Miss Rhoda Hewitt, wore a gown of
 apple green tulle with trimmings of
 silver and picture hat to match. Her
 flowers were pink and white carnations.
 The little flower girl, Miss Mar-
 garet Hamby, wore a dainty frock
 of orchid crepe-de-chine and carried
 a basket of mauve and pink sweet
 peas. The groom was supported by
 Mr. Clifford Kelly. Ted Boyer and
 Leigh Waring were the ushers. Dur-
 ing the signing of the register Miss
 Nellie Moore sang "I Love You Truly."
 Miss Ellen McMorris played the wed-
 ding march.

Following the ceremony a reception
 was held at the home of the bride's
 parents. The guests were received by
 Mrs. Boyer assisted by Mrs. Saunders,
 mother of the groom. A dainty lunch-
 con was served, the hostess being as-
 sisted by Mrs. A. S. Lewis, Mrs. Nel-
 son Harkness, Mrs. J. D. Kelly and
 Miss Addie Faulkner. Later Mr. and
 Mrs. Saunders left on a honeymoon
 trip to Portland, the bride travelling
 in a smart sport suit of grey checked
 in tangerine with hat and scarf to
 match. Mr. and Mrs. Saunders will
 reside at 849-19th Avenue West.

SAD DEATH OF LITTLE
INEZ SHERWOOD

A sad event occurred on Thursday,
 June 26, when Inez Elizabeth, the only
 child of Mr. and Mrs. Enoch Sherwood,
 passed away. She was two and a half
 years of age. On Wednesday she was
 taken suddenly ill and although the
 doctor was immediately summoned,
 nothing could be done to relieve her
 and she lived only a few hours. The
 funeral was held on Friday, H. E. Ad-
 ams being in charge. Rev. Earl Gib-
 erson conducted the service and the
 body was taken to Carlisle for burial.

IN MEMORIAM

In loving memory of my mother,
 who passed away on June 29, 1920:
 Some day, sometime our eyes shall see
 Her face we loved so well;
 Sometime our hand shall clasp in hers
 And never bid farewell.
 Grace Mabel Burpee.

Card of Thanks

Mr. and Mrs. Enoch Sherwood wish
 to thank their friends and neighbors

While working in Fife-shire in 1911 I lodged in a little fishing village. Nearly every day the old Scots land-lady would give us fish for dinner. I was heartily sick of the sight and smell of so much fish, and so was my fellow lodger, a Glaswegian.

One day the landlady dropped a fork on the ground. "Ah!" she exclaimed, "there's surely a stranger coming here."

"Aye," retorted the Scot. "It must be a butcher, I'm thinking."

Advertising is Guide For the Consumer

PEOPLE LIKE TO BE TOLD WHAT TO BUY AND WHY THEY SHOULD BUY IT.

(From the New York Journal's Trade News)

Some one has advanced the theory, and we consider it true, that people in general like to be told what to buy and why they should buy it.

Have you ever stared at the menu card in a restaurant and then have the waiter relieve your mind by telling you that the breaded cutlets are very good today? Have you ever looked over a whole rack full of suits without seeing anything that seems to particularly appeal, and then have the clerk pick out one, help you into the coat and decide the question by saying, "That's the suit for you"? Have you ever wondered what to do over the week-end and then accidentally run across an advertisement telling you where to go and what to do?

We have all had these experiences, and as a matter of fact we all like to be told.

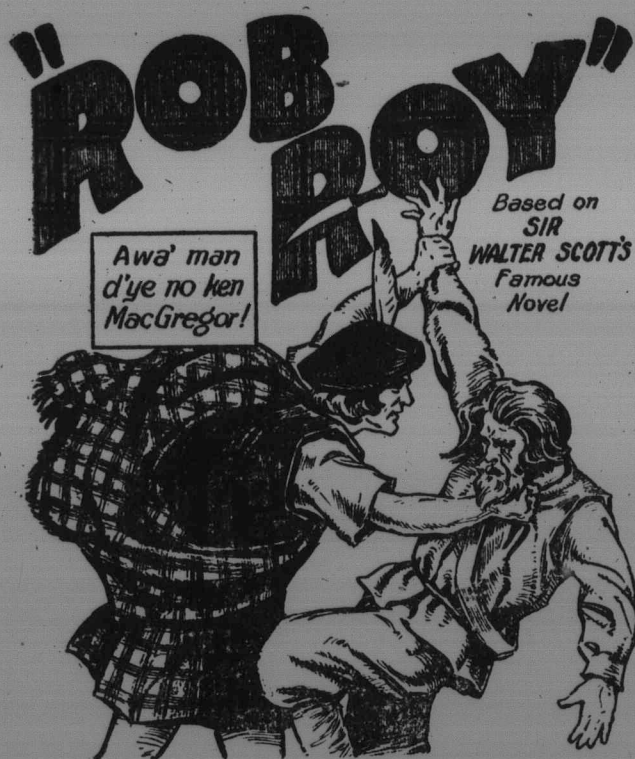

That is one of the functions of advertising—telling people how to spend their money—and they have come to expect to be informed.

Good advertising helps solve many a problem. You want to paint your car, and an advertisement tell you what to use. You need a new furnace, and the advertising pages help you compare the merits of several quickly. You wonder what are the new styles of hat, and find out at a glance.

We can hardly imagine how much time and trouble we are saved because progressive concerns guide our purchases. They tell us what's what, and we like it.

Call the attention of your dealers to the foregoing points so they may see why they should stock your advertised product. Many of them fit your dealer's own individual cases.

HEART THROBBING ROMANCE

—BLOOD FREEZING SPECTACLE

The Greatest Audience Picture of All Time

You will laugh, and shout, and cry, with the Clan MacGregor. "Don't Campbell me. Don't Mister me. Ma foot is on ma native heath and ma name's MacGregor."

A rash man in love, a trusty man in friendship and a lusty man in battle is Rob Roy MacGregor. Love, romance, melodrama, heart throbs and the most thrilling spectacles ever presented in motion pictures, including the rising of the Clans, the conflagration at Inversnaid, the drive into the river, the abduction of Helen Campbell, and the tremendous funeral procession culminating in spectacular rising from the dead.

"Ye manna' miss this wonderful picture."

Ann Cleman was young, rich, beautiful and popular, but so frankly bored with life that even the dazzling delights of a sensational cabaret in the Montmartre district of Paris failed to stir her interest, until a gypsy dancer laughed up at her as he swung his partner through the maze of an Apache dance. She looked disdainfully at her faultlessly correct dinner partners and then smiled back at the gypsy. In a moment she was in his arms, swirled in mad recklessness about the floor. The gypsy's discarded partner grazed at her successor in jealous fury—then drew a dagger.

So began Ann's dip into the whirlpool of life by the banks of the Seine. It's a vivid story adapted from Kate Jordan's "The Spirit of the Road" and now made into Viola Dana's greatest picture, "In Search of a Thrill."

James Nevers Belyea

On June 23 the death occurred at his home in Rockland of James Nevers Belyea, aged 79 years. Mr. Belyea had been ill for some time. He was a man of the Christian character and was a member of the Primitive Baptist church at Bannock. He leaves to mourn his loss one daughter, Mrs. Walter Sisson of Nantucket, Mass., one sister, Mrs. Annie Dewitt of Providence, R. I., and many other relatives.

The funeral was in charge of Delbert Belyea. The service was held at the United Baptist church, Rockland, and was conducted by Rev. H. V. Bragdon, assisted by Lie. O. W. Shaw. The pall bearers were his four cousins, Samuel, Alfred and Henry Belyea and Ralph Estabrooks.

DOES YOUR BABY CRY?

Is it nervous and restless during hot weather? If so—most likely his food is not agreeing with him. If you cannot nurse your baby and it does not gain upon your breast milk give him Borden's Eagle Brand Milk—the food that has successfully reared hundreds of thousands of babies. Easy to prepare—just add boiled water as directed.

In this paper from time to time you will find an advertisement of Borden's Eagle Brand Milk, a food that has raised more healthy babies than all prepared infant foods combined. Cut out the advertisement and mail it to The Borden Company Limited, Montreal, and they will send you, free of charge, instructions for feeding your baby, and a Baby Welfare Book and Baby Record Book. Or, just write the Company, mentioning this paper and they will be sent.

Here and There

A party of 50 Australian boys will be the guests of the Exhibition at Toronto from August 30th to September 3rd. They are public school boys from all parts of Australia and their visit to Toronto will be made on their way home from the British Empire Exhibition.

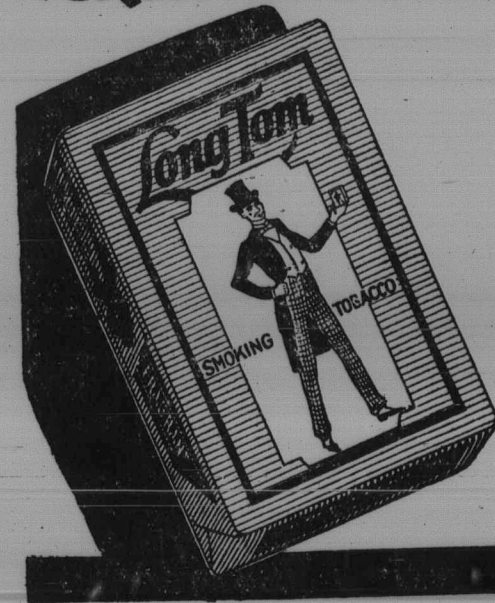

British Columbia is now the third manufacturing province of Canada, with 2,673 manufacturing establishments, over 41,000 employees, invested capital amounting to nearly \$22,000,000 and a value of products of approximately \$260,000,000, according to Government statistics.

New Brunswick in 1923 produced more coal than at any other time in her history. The output for the year exceeded that of 1922 by more than 12,000 tons and amounted to 251,091 long tons. It is estimated that this industry creates a value of over \$1,100,000 annually, most of which goes out in supplies and wages for the benefit of the province.

What will probably be the last big round-up of horses in the West will take place shortly in the range country south-east of Calgary, Alberta, for the purpose of clearing the range of stray horses. The horses will be gathered in one central corral, where owners may claim their animals. It is anticipated that about 10,000 animals will be secured. The Department of Agriculture is supervising the arrangements.

Unstinted praise from prominent citizens and the press of Alberta is given the Canadian Pacific Railway in connection with the Company's recently announced branch line construction program, affecting the southern portion of the province. C. R. Mitchell, member of the Provincial Legislature for Bow Valley, describes the announcement as the most important made in many years.

Jewett families

know the joy of a motor car that's not a toy

WHEN a family buys a Jewett they marvel at the vast difference between the ordinary light, flimsy, under-powered car—a "toy"—and Jewett's husky weight and power.

Any trip they want to make, they make in comfort and on time! No "babbling" of the Jewett—no question about mastering strange roads or hard hills.

Jewett remember, has full fifty horsepower. It weighs 2850 lbs.

—200 to 400 lbs. more than "light" sixes. Has 6-inch-deep frame—all-steel universal joints—Paige-Timken axles front and rear. A ruggedness inviting confidence.

At anywhere near \$1645 Jewett Six has no equal. Never before such power, strength, sheer ability, roominess, convenience. We can prove to you the truth "in all the world no car like this."

BATH BREEZES

Dominion Day, the 57th anniversary of the birth of the Dominion of Canada, was quietly observed. No ball games or other amusements were held, so most of those who could, spent the day at fishing or other out-of-town excursions.

C. E. L. Jarvis of the insurance brokerage firm of C. E. L. Jarvis & Sons, St. John, passed through town by motor on Saturday enroute to Edmundston.

Born to Mr. and Mrs. William Gordon, Church street, on Monday, June 24, a son.

Mr. McCluskey, C. N. R. station agent at Jumper, was a Sunday visitor in town. Mr. Higgins also of Jumper accompanied him.

Dr. Dunham, dentist, and G. W. Montgomery, lawyer, have opened offices in the Simms building, Lower Main Street.

Charles F. Gallagher of the firm of C. F. Gallagher & Co., who was in Boston in connection with a law suit between the Porter-Hatfield-Gallagher Co., Ltd., and the United Fruit Co., which is being fought in the Boston courts, arrived home last week.

On Monday of this week a very pretty wedding was solemnized in St. John's Evangelist church, when Geneva, daughter of Mrs. Ellen Doudy became the bride of Charles F. Gallagher, son of Mr. and Mrs. Wm. Gallagher. The bride was attended by Miss Kathleen Gallagher and the groom was supported by Mr. Daniel McKinnon. After the ceremony the guests repaired to the home of the bride's parents at Moose Mountain where a sumptuous repast was served. In the evening a dance was held at the home of the groom's parents in Jolysville.

C. S. Lartoe spent several days of last week in Boston, returning home on Wednesday. Miss Maine Gallagher who was visiting relatives in Washburn, Me., has returned home. Misses Genevieve and Patricia Bohan accompanied by Chipman Tompkins, motored to Hamilton on Dominion Day.

E. K. Daggett, who for the past year has been principal of the Bath school, left on Tuesday for his home in Albany, P. E. I. motoring as far as Fredericton with Dr. T. Rankin Smith. Several from here left on Tuesday for Florenceville to write the Provincial Normal Entrance examinations. J. H. Chaff, Woodstock, was in town on Tuesday.

Peter Brennan, Edward McSheffery and Patrick Craine formed a fishing party to the Miramichi on Tuesday. Cut worms are reported to be destroying the grain fields in this and other sections of the county. In some sections fields which were sown with oats have had to be reploughed and buckwheat sown instead.

Watson: "Did your watch stop when it dropped on the floor?"
Jotson: "Of course it did. Did you think it would go through it?"

IN LIGHTER VEIN

The doctor's little girl had sung for her mother's guests.

"How well you sing," said one. "I suppose you'll be a soprano when you grow up?"

"No," said the little girl. "I'm going to be a great big bella donna."

"From fifteen to twenty my boys all knew a sight more'n I did," said the old farmer; "at twenty-five they knew as much as their dad; at thirty they'd ask my advice now an' again; but now the eldest of them's forty and they do be thinking that the old man knows a thing or two worth knowin'."

"I suppose, Henry," said the old gentleman to his new son-in-law, "that you are aware the cheque for \$50,000 I put among your wedding presents was merely for effect."

"Oh, yes," responded the cheerful Henry. "And the effect was excellent. The bank cashed it this morning without a word."

"Walter, I would so love that brace let."

"I can't afford to buy it for you, dear."

"If you could you would, wouldn't you, darling?"

"No, sweetheart."

"Oh, why?"

"It isn't good enough for you, dear."

"Oh, you darling!"

A Southern Negro minister who was given to the use of big words and complicated discourse was waited upon by the church committee and told that his style of preaching was not all that could be desired.

"Don't I ravish and spout?" inquired the minister.

"Yes, yo' done ravish and spout," responded a member of the committee, "but yo' don't show wherein."

The well-known music-hall magnate, Mr. Charles Gulliver, is fond of telling the story of a conversation he overheard one day during a rehearsal at one of his theatres.

"The members of the orchestra were having a discussion on speed."

"I'm the fastest man in the world," said the drummer, who had been quietly listening to the arguments of the others.

"How do you make that out?" they inquired.

"Time flies doesn't it?" he said.

"So they say," came the reply.

"Well," went on the drummer, "I beat time."

The teacher in a public school was trying to demonstrate a simple experiment in the generation of steam.

"What have I in my hand?" she asked.

"A tin can," came the answer.

"Very true, is the can an animate or inanimate object?"

"Inanimate."

"Exactly. Now, can any little boy

or girl tell me how, with this can, it is possible to generate a surprising amount of speed and power almost beyond control?"

One little boy raised his head. "You may answer, father."

"Tie it to a dog's tail."

At the little church the negro minister announced that a certain brother had retired to rest the night before without locking the door of his chicken house and on rising in the morning had found that all his fowls had disappeared.

"I don't want to be personal," he added, "but I had my suspicions as to who stole them chickens. If the man who took them will not put any money in the box when it is passed round I shall know if those suspicions are right or not."

Everyone present contributed.

"Now, brethren," announced the minister, "I don't want your dinner spoilt by wonderin' where dat brudder lives who don't lock his chickens up at night. Dat brudder don't exist, mah friends; he was a parable for the purpose of finance."

A city young woman went out to teach a country school. The class in arithmetic was before her. She said: "Now, children, if there are ten sheep on one side of a wall and one jumps over, how many sheep will be left?"

Then up piped a little tow-headed daughter of a farmer:

"No sheep, teacher; no sheep."

"Oh! oh!" cried the city young woman, reproachfully. If there were ten sheep on one side of the wall and one sheep jumped over, nine sheep would be left. Don't you see that?"

"No! no! no!" persisted the child. "If one sheep jumped over all the others would jump after. My father keeps sheep."

Then, seeing the puzzled look in the teacher's face, the little tow-head explained apologetically: "You know mathematics, but I know sheep."

Affable Visitor—"Well, and do you do a good deed every day, Tommy?"

Tommy—"Yes, sir. Yesterday I visited my aunt and she was glad. Today I came back home again, and she was glad again!"

The young couple had just moved into a new house, and they stood surveying the situation.

"I wish," said she, "that this carpet was velvet."

"And I," responded the hubby, "wish it was down."

A continental immigrant, who had just been married, asked the parson what was the fee.

"Well," was the reply, "there is no fixed fee; pay what you think it is worth."

When upon the bridegroom handed him a quarter.

The parson took it, glanced at the bridegroom, and handed back ten cents change.

A clergyman had occasion to preach to the inmates of an insane hospital. During his sermon he noticed that one of the patients paid the closest attention, his eyes riveted upon the preacher's face, his body bent eagerly forward. Such interest was most flattering. After the service, the speaker noticed that the man spoke to the superintendent, so as soon as possible the preacher inquired:

"Didn't that man speak to you about my sermon?"

"Yes."

"Would you mind telling me what he said?"

The superintendent tried to side step, but the preacher insisted.

"Well," he said at last, "what the man said was, 'Just think, he's out and I'm in.'"
