

A LIVE MAN IS NEW PUBLICITY AGENT

To The Advertiser He Says He Can Boost Industry In London.

COMING MONDAY NEXT

Has Had Much Experience In A Big Way in the Newspaper Advertising Line.

The appointment of Mr. J. Grant Henderson, Hamilton, as commissioner of industries, is creating much favorable comment, and the majority of the citizens are hopeful that London will enter upon another era of industrial prosperity this year that will excel any experience of the past.

There are splendid opportunities here for the right sort of a man, and in Mr. Henderson, Ald. Spittal and the Committee are of the opinion that they have secured the gentleman needed for the position.

If experience counts he should do well. During the Pan-American Exposition in Buffalo he had a responsible position in promoting the Canadian section, and his work was recognized as being of much value.

For some years he was advertising expert with a number of Toronto publications, among them being Gagner, Limited, McLean Publishing Company, and others.

Work in Hamilton.

In July, 1911, he was named industrial commissioner for Hamilton. Mr. Henderson was instrumental in securing thirteen industries in the eight months he was employed at this work, among them being the Gravel Chemical Company, a million dollar concern, the Standard Underground Cable Company, who have already erected a plant costing half a million dollars, and many other large manufacturing establishments. He is a newspaperman of much experience, his specialty being municipal advertising. Mr. Henderson has done a great deal of this work, and has attracted wide-

MR. J. GRANT HENDERSON.

spread attention because of this. He will commence his duties on Monday next. His resignation was accepted by the Hamilton Board of Controllers, to take effect on Saturday. He will arrive here some time Saturday or Sunday, and will report to Mayor Graham Monday.

The Hamilton papers speak well of Mr. Henderson. The Hamilton Herald says: During less than a year Mr. Henderson has succeeded in inducing a number of industries to locate in Hamilton. He followed up the work of his predecessor with energy and earnestness, and although clashing with the controllers on several occasions for various reasons, he has given strict attention to his department, which is run on a progressive policy.

A Talk With The Advertiser. In conversation with The Advertiser over the long distance phone today, Mr. Henderson stated that at 1 o'clock on Monday he would be at the city hall here ready for work.

"I am confident that we can make a success of the department in London," he stated. "I have made a reputation during my ten years at this kind of work, and I am positive that I can add to it, and at the same time do good things for the City of London."

"The prospects are good. You have a fine city, and there is every possibility of doing work that will tell. Your council look like clean-cut business men, who will readily grasp any situation that may arise. They are the cleanest-cut lot of aldermen I have met with in my experience."

"I have not formulated any definite policy as yet. I am working on a number of schemes, but they are not in a sufficient state of development as yet to make public. I will be measured by returns, you know, and we will work for results from the start."

\$100,000 for Industries.

The proposition to raise \$100,000 for industrial purposes appeals to me as particularly good. It will develop, and will produce excellent results. There are details of the proposition to be worked out, and we will get together on them. As soon as I arrive I will meet the city representatives and we will outline work for the season. There are many details, and as I am new to local conditions in London, it will take a little time to get going properly. With the hearty cooperation of all the citizens we will secure excellent results I am sure."

PROF. HUTTON WILL SPEAK ON IRELAND

Canadian Club Will Hold St. Patrick's Luncheon on Saturday Next.

A special "St. Patrick's" luncheon will be held on Saturday evening next by the Canadian Club in the Tecumseh House, at 6:15. Professor Hutton, of Toronto University, will be present and give an address on "Ireland."

THE ADVERTISER THERMOMETER

The Advertiser has just received an absolutely high-grade and thoroughly-tested and accurate thermometer, which has been placed in front of the office. Citizens who are interested in obtaining the correct temperatures may do so by walking up Dundas street and viewing the instrument.

MINE DISPUTANTS BREAK DEADLOCK

Another Conference Under Aegis In Effort to Settle Strike.

WELSH ARE STUBBORN

Much Difficulty Is Found in Getting Them to Modify Their Demands.

[Canadian Press.]

London, March 12.—The disputants in the British coal war, which since the beginning of the month, has involved the throwing out of employment of over two millions of men in England, Scotland and Wales, and has caused the greatest distress among the population, met again today in a round-table conference.

The meeting was a momentous one, as it established the fact that the long-standing deadlock had been broken. It took place at the foreign office at 3 o'clock this afternoon under the presidency of Premier Asquith. The coal owners of the federated district, which comprises the purely English collieries who had already signified the concession in principle of a fixed minimum wage for miners, found no difficulty in accepting the miners' invitation. They had, however, to wrestle strenuously with the Welsh and Scottish coal masters in order to induce them to modify their opposition to the conference with the men, at which the miners had expressed their willingness to accept the principle of a minimum wage.

There are still many difficulties in the way of an immediate settlement of the dispute, but the fact that the two parties have again come together and that negotiations are proceeding has served to brighten the atmosphere and bring about a feeling of hope.

BLOODY FIGHTING AT CANTON CITY

Revolt Under Brigand Chief Trying to Oust the Government.

EUROPEANS ORDERED OUT

Gunboats Off the City Are Cleared For Action—Fighting Has Been Going On For Days.

[Canadian Press.]

Hong Kong, March 12.—The situation at Canton city, where a revolt under a brigand chief, is continuing to oust the local and provincial governments, is regarded by the consular authorities here as most alarming. European missionaries have been ordered to quit the city at once and all available river vessels are being pressed into service to bring the refugees to this city. The Honan yesterday brought 1,700 passengers, and the Russian carried 1,300 more.

Several British vessels are waiting at their piers in Canton today, on account of the danger of sudden trouble, they are keeping up steam, ready to depart on the instant of necessity. The gunboats stationed off Canton are cleared for action, and even the stokers are armed to the teeth.

The fighting at Canton began with an attack by brigands several days ago, and has continued constantly ever since in various parts of the suburb. The attack began to assume serious proportions, when the soldiers in the Bogue forts suddenly mutinied and surrendered the forts to the brigands.

The invaders forthwith equipped themselves from the arsenal, and with modern guns and ammunition took possession of the admiralty building. The number of persons killed or seriously wounded thus far is placed by refugees at between 100 and 350. The followers of Luk are meeting with stubborn resistance, and one of their chiefs has been captured by the loyal troops.

WRECK VICTIM IS IN CRITICAL CONDITION

Robert Wilson, of Fergus, Had Ribs Smashed and Also Sustained Severe Internal Injuries.

[Special to The Advertiser.]

Fergus, March 12.—Mr. Robert Wilson, who was injured in the recent Grand Trunk wreck at Varney, is in a very critical condition at his home here. Mr. Wilson had several ribs fractured, sustained severe injury to his back and internal injuries. He is travelling for a Hamilton grocery firm.

CUT HIS THROAT.

Kingston, March 12.—Henry Watts, of this city, who last Friday cut his throat while on a visit to relatives at Glenora, died this morning. His wife died a couple of years ago, and since then he had been despondent. The deceased was father of H. Watts, a prominent local building contractor.

NEARLY PERISHED IN MIDNIGHT FIRE

Whelehan Block at St. Marys Was Completely Guttled In Destructive Blaze.

THE CAUSE IS UNKNOWN

Mr. and Mrs. Wiley Did Not Awaken Until Flames Were Sweeping Through Whole Building.

[Special to The Advertiser.]

St. Marys, March 12.—Fire, which was discovered shortly after 1 o'clock this morning, completely destroyed the Whelehan Block, and for a time threatened the business district of St. Marys. The brigade made a quick response, but when they arrived found the fire sweeping through the premises occupied by Shaylor's restaurant. The flames had gained great headway, and spread quickly into the stores occupied by Crozier's barber shop and Mrs. McLaren's grocery store.

Mr. and Mrs. Wiley, who conduct a clothes cleaning and dye works above the stores, had a remarkably close call from being burned to death. They did not awaken until the fire had started to lick up the whole structure, and barely had time to get out of their rooms in their night clothes. They lost everything, as the flames spread so rapidly that they did not have time to take any more than part of their clothes.

Mrs. McLaren, whose store was completely wiped out, kept a grocery in the same spot continuously for more than fifty years.

The fire department did splendid work in keeping the fire from spreading to adjoining places. The Whelehan Block, however, is a complete wreck. The loss at present is unknown, and there is comparatively little insurance.

TEA MEETINGS ARE PROHIBITIVE

Owing to the High Cost of Eatables, Churches Can't Put Them on for a Quarter.

BANQUETS ARE SCARCE

Caterers Cannot Provide as Good Meals Now for the Money as They Could in the Past.

The increased cost of common necessities is becoming apparent in a score of places where the average citizen never noticed it before. As a result of the high prices of eggs and butter, many confectioners and manufacturers of various lines of pastry are reducing the size of the cakes and pies that they offer. Apple and other pies that it used to be an easy thing to purchase in the stores for from ten to twelve cents are now sold at from eighteen to twenty cents, and housewives who buy dozens of them are much thinner than the pies of other days.

Societies and other bodies, who are accustomed to provide banquets, claim that they cannot begin to get from caterers anything like the prices that they used to get for the same money. The caterers, they say, state that they simply can't buy the things and provide as they did and make any money.

Tea Meetings Prohibited. It is stated that there have not been anything like the usual number of church banquets and socials this year, and again the high prices are blamed. It is claimed that the ladies found it impossible to give anything like a satisfying meal for 25 cents.

One of the places most affected by the high prices that have prevailed is Victoria Hospital. Superintendent H. J. Tennent said this afternoon that "taking everything into consideration there is an advance in price of 50 per cent. over the figures of five years ago. The recent jump in the prices of potatoes will cost us \$300 more than we usually pay. We will not come out so badly on butter and eggs, although if we hadn't had contract prices for both at flat rates we would have. We get our eggs for 25 cents a dozen, our butter for 25 cents a pound. The grocer who has the contract will, of course, make up what he loses on these prices by getting the same rates in the spring and summer when prices lower, if they ever do."

Just Read This. It seems rather a peculiar fact, but even surplus supplies show an advance of from 25 to 30 per cent. We use about \$7,000 worth of these every year, so it is quite an item. Drugs and medicines are much dearer also than formerly, in fact, everything is up.

DR. J. H. TENNENT MADE INVESTIGATION

A Number of Dogs in the Vicinity of Rabies Scare Ordered To Be Killed.

Dr. J. H. Tennent, veterinary inspector for the Dominion Government, returned yesterday from Middlemarch, where he was investigating the case of rabies that was reported from there a couple of days ago, when a dog from the village was chased into St. Thomas before it was killed. Dr. Tennent ordered a number of other dogs that had been bitten to be killed and several suspected of having been in contact with the rabid animal are under quarantine.

ON THE ROCKS.

San Francisco, Cal., March 12.—The tank steamer Rose Crans, of the Associated Oil Company, which left here on the 10th of March for Honolulu, under the command of Capt. Johnson, is on the rocks at Oatula, near Santa Barbara, Cal., according to a message by the Merchants' Exchange. It is not known whether any lives were lost.

Car Which Rolled Down Hill in G. T. R. Wreck at Varney

This interior view of the Grand Trunk railway coach, which rolled over a fourteen-foot embankment at Varney, when the train was derailed on Friday last by a broken rail, shows something of the trap in which the fifteen or more passengers were hurled about, and seriously injured. The coach, which has been brought to London for repairs at the east end shops, was one of the first-class, with steel framework throughout, and this fact alone saved the entire party from death. The steps and vestibules at either end were knocked off and crushed, and the doors are twisted off, and the solidly-constructed seats thrown about in general confusion. These were piled about with the passengers in the somersaults and crushed racks and skylights in the roof as they were churned through the coach in the wreck. The neck of a flask in one spot, a couple of playing cards in another, the bowl of a pipe, and again the 'War Cry,' are spread about the floor.

SCENES OF HORROR AT PEKIN CITY

[Canadian Press.]

London, March 12.—That a thousand decapitations have taken place at Peking and Tien Tsin in the past week, is officially admitted, says a Peking dispatch to the Daily Telegraph. Only the brush of Gustave Dore could do justice to the hideous picture the streets present. Bodies lie in groups in agonized attitudes, the heads, literally hacked off, lying where they rolled. The very mules and ponies snort and refuse to approach the terrible objects, over which the rabble stands and gloats.

LETTER CARRIERS ARE DISAPPOINTED

Post-Master General Overlooked Them in the Matter of Salary Increases.

NEW MEN ARE APPOINTED

Two Liberals Are Let Out and Six Conservatives Appointed—Beats Revised.

By reason of the revision of the routes of mail clerks, four additional men have been chosen, and are now on their beats. These, of course, are the appointees of Major Thomas Beattie, M. P.

Two temporary carriers, Messrs. Frazell and Freeman, appointed by the Liberal Government, have been relieved and their places have been also filled by Mr. Beattie's appointees. The failure of the postmaster-general, Hon. Mr. Peilester to raise the salaries of the letter-carriers, is creating a great deal of dissatisfaction.

The wages fixed by Hon. Mr. Lemieux some years ago, \$1.75 minimum and \$2.75 maximum, have not been interfered with, although many requests were forwarded to the present Government to grant an increase. All the other employees in the postoffice were granted good increases. The letter-carriers, however, were overlooked, and in consequence are not in good humor. Thirty-eight or forty men here are affected.

"It is simply a case of greasing the fat pig," said one letter-carrier. "The men who need it worst do not get it."

The present administration is being compared with that of Hon. Mr. Lemieux, much to the discredit of the former.

WILL BUDGET CONTAIN BOUNTIES ON STEEL

May Be Introduced, But Not Until After Budget Debate.

Ottawa, March 12.—Will there be steel bounties in the budget? Several people are trying to find the answer to this question, but so far, their efforts have only developed confusion. Some people who should know, say that there will be an announcement of bounties made by the Finance Minister in his budget speech tomorrow. Others, who should know, say that the Government will not be making any announcement until after the budget debate has been disposed of.

The British Columbia members have been pressing for closer interpretation of the tariff against partially dressed lumber, and have served notice on the Government that if they do not get what they want for their big lumber mill they will vote against the bounties.

The Government has seriously considered this, and has decided that it has done enough to irritate the farmers of the West without raising the price of their lumber, and has told the British Columbians that the best it could do would be to refer the tariff schedules on lumber to the supreme court for interpretation. This is not satisfactory to the lumbering interests.

DESPERATE FIGHT WITH CONVICTS

Four On the Way to Kingston Make Sensational Break For Liberty

AT THE TORONTO DEPOT

Police Manage to Club Them Into Submission After a Prolonged Battle.

[Canadian Press.]

Toronto, March 12.—Four daring criminals made a desperate attempt to regain their liberty when the G. T. R. train was about to pull out for Kingston at 9:10 o'clock this morning.

They were long-term convicts, and were heavily handcuffed and shackled. They were being transferred to Kingston Penitentiary from Stony Mountain, Manitoba, where they worried the authorities by their frequent attempts to escape.

"Please send three officers and a patrol wagon to meet the train from South St. Joe, as there are four long-term men aboard bound for Kingston Penitentiary," was a telegram that the police received yesterday afternoon. Inspector Duncan sent down Detectives Sackett and Miller this morning to see that the men left Toronto all right.

Constable Hunt went through the train before the prisoners arrived, and cleared out the passengers who were sitting in the smoking compartment of one of the cars. The four prisoners were then put on the train.

"Do you want a cigarette, Brown?"

asked one of the guards of one of the prisoners.

"Yes," replied the prisoner.

When the guard put his hand in his pocket, the prisoners jumped up as if on a prearranged signal, and struck the guard on the head. The fighting raged, and in face of overwhelming odds put up a battle until they were battered almost into insensibility.

The prisoners are long-term men, and understand imprisonment for violent crimes. Brown is in for ten years for shooting a Winnipeg police officer, and a companion, named Kelly, is doing 17 years for the same offence. The third, named Bonner, is under sentence of 8 years for horse-stealing, and the last of the quartet is the man whose ill-treatment of a Manitoba teacher caused such an uproar several months ago, and earned him a term of 17 years.

Guard Badly Beaten.

By that time one of the guards was badly beaten. His head had been banged several times by the men raising their handkerchiefs and bringing the metal ornaments down with their full weight on his skull. The police rushed in and struck right and left with their batons. The convicts were fighting madly, and in face of overwhelming odds put up a battle until they were battered almost into insensibility.

The prisoners are long-term men, and understand imprisonment for violent crimes. Brown is in for ten years for shooting a Winnipeg police officer, and a companion, named Kelly, is doing 17 years for the same offence. The third, named Bonner, is under sentence of 8 years for horse-stealing, and the last of the quartet is the man whose ill-treatment of a Manitoba teacher caused such an uproar several months ago, and earned him a term of 17 years.

STORY WAS MADE OF WHOLE CLOTH

Nothing in the Yarn That a Mail Carrier at Nipigon Was Eaten By Wolves.

A press dispatch some days ago told of the death of a mail carrier at Nipigon, Ont. The man having been eaten by wolves.

Mr. A. Falcumier, of Sydenham street, whose uncle, Mr. Robert W. Falcumier, is a mail carrier at Nipigon, became alarmed, and he at once wired for particulars to the postmaster at Nipigon.

He is described as being about 5 feet 11 inches in height, 45 years of age, and weighs about 175 pounds. He has a very fresh complexion, large blue eyes, dark brown moustache, tinged with grey, and steel grey hair, which he wears rather long. He walks erect and is possessed of a very genial disposition and is a good talker. He is an expert lawn bowler and curler and an inveterate cigarette smoker and drinks intoxicating liquor to excess. In appearance he is very neat and always dresses up to date.

The doctor is well known in London. For many years he attended the Western Ontario Bowling tournament here. He was located for a time in Stratford, later going to Toronto. On one occasion he came up with the celebrated risk, and many times slipped rinks of his own. He was a crack player and popular with the bowlers. He was excellent company, too, being a good talker, and a genial, witty fellow. Rather striking looking, he was one of the most-talked-of men on the greens.

The local bowlers met him frequently at other tournaments, as he generally took part in the Twin City, the Niagara, the Dominion and Globe Scotch double tournaments.

His first arrest created quite a shock. He never came to London after that, although continuing to be prominent in Toronto bowling circles.

The police do not think he is in London, as he is too well known here.

THE WEATHER.

TOMORROW — FAIR AND COLD.

Toronto, March 12.—a.m. Forecasts.

Today—Northeast winds, with light snowfalls.

Wednesday—Northwest winds; light snow.

TEMPERATURES.

Following are the readings of the thermometer and state of weather for the 24 hours previous to 10 o'clock this morning:

High.	Low.	Weather.
London.....24	11	Snow
Calgary.....30	10	Cloudy
Winnipeg.....26	—	Fair
Port Arthur.....25	4	Clear
Parry Sound.....28	20	Snow
Toronto.....22	24	Snow
Ottawa.....23	18	Fair
Montreal.....26	20	Cloudy
Quebec.....24	10	Cloudy
Father Point.....24	10	Cloudy

WEATHER NOTES.

The weather continues cold throughout the Dominion. The disturbance that was west of the lower Mississippi Valley yesterday, is now moving across the Middle States, and is not unlikely to develop considerable energy near the Atlantic coast. Light snow has fallen in Southern Ontario.

ORANGEMEN WILL DISCUSS NE TEMERE

Lt. Col. Belcher Has Drafted a Resolution to Go Before the Grand Lodge.

BLACK KNIGHTS MEET

Convention of Members of Ontario West Was Opened This Afternoon in the Duffield Block.

The annual convention of the Royal Black Chapter, Black Knights of Ireland opened this afternoon at 2 o'clock in the Duffield Block, with over one hundred delegates in attendance. Practically every preceptory in Western Ontario, from Ottawa to Fort Frances, was represented.

Dr. Hunter, Orangeville, grand master of the Black Knights, presided. He gave a short resume of the work accomplished during the past year. A number of new preceptories had been established, the most noteworthy being Fort Frances. The finances of the organization were reported in good condition, and the membership steadily growing. Dr. Hunter usually referred to conditions in which the Orange order were interested, and stated that they would be considered later.

The report of the grand registrar, Bro. E. A. Fennell, Toronto, was presented. It gave a detail of the membership, the receipts, etc. The brethren expressed their pleasure at so favorable a statement.

The Ne Temere Decree. Lieut.-Col. Belcher, of Toronto, past grand master of the Black Knights, stated that it was his intention to bring a resolution to the attention of the convention relative to a number of important matters of public interest today. One was the Ne Temere decree. The Nationalist movement in Quebec was among the other matters mentioned, and it is expected that other questions of a similar nature will be dealt with.

"I am not at liberty to give out the

resolution I have drafted," said Col. Belcher to The Advertiser. "When it is presented to the grand lodge, it will probably then be given out. In general it deals with subjects of great moment to the Orange body of this province."

Col. Belcher also announced that Hon. J. S. Duff, minister of agriculture, would be present on Wednesday. It was also expected that Hon. Dr. Pyne, minister of education, would be in attendance, but it was impossible for him to be on hand. Hon. Samuel Hughes would be present on Wednesday also. Harry Lovelock, grand master of the Orange Lodge, arrived Monday night, and is preparing the work of the lodge.

The Black Knights are meeting in Duffield Hall and will finish their work on Wednesday morning. The Orange Lodge will immediately afterwards in the Auditorium.

The Drendnought Club.

The "Drendnought Club" of Toronto, a social organization in connection with the Orange Order, brought down a large delegation to one of the Black Knights' convention. Headed by Mr. Continued on Page Nine.

ICEBOATERS MAY BE DROWNED IN LAKE ERIE

Eight Men Have Been Missing From Cleveland, and Were Last Seen at Conneaut.

[Canadian Press.]

Erie, Pa., March 12.—It is feared that two iceboats, each with a crew of four men, have been lost in Lake Erie. They left Cleveland yesterday morning at 11 o'clock in an attempt to make Erie in record-breaking time, and nothing has been heard of them since they passed Conneaut, Ohio. It is thought they raced into one of the open spaces in the ice. Searching parties are being organized here.

A RESIDENCE FOR JAILER JAMES CARTER

Joint Meeting Will Be Held on Friday to Consider the Question.

The question of whether or not a jailer's residence will be erected on the court house property this summer for the use of Governor Carter is to be decided at a joint meeting of the city and county representatives, at the county buildings on Friday evening.

Reeve C. W. Hawkeshaw, of Lagan, is the chairman.

A residence on the Ridgeway in South London was procured for the governor last fall upon recommendation of Dr. Bruce Smith, inspector of prisons, who stated in his Government report that conditions were not satisfactory.

The question of whether Middlesex and London County Councils should contribute to the cost of the residence on the Ridgeway is also being considered.

Mr. George G. McCormick, of the McCormick Manufacturing Company, was removed to Victoria Hospital last evening. It is feared that he may have to undergo an operation for appendicitis. Dr. Wishart is attending him.

QUEEN'S MEASURE INSULT TO JEWS

Says Robert Bickerdike In Opposition to Nationalization of College.

BUT BILL IS REPORTED

The Member For St. Lawrence, Montreal, Says It Involves Provincial Rights.

Ottawa, March 11.—Parliament wrestled at great length today with the alleged anti-Semitic clauses in W. V. Nickle's bill respecting Queen's University, in which it is provided that the university shall remain distinctively Christian.

Mr. Bickerdike (Montreal, St. Lawrence), who on former occasions, appeared as the chief exponent of the rights of the Hebrew race, being supported by A. E. Lancaster (Lincoln) and E. H. Deakin (Wright).

Mr. Bickerdike moved to strike out of clause 29 the words "shortly the profession of Christianity." Shortly before the 6 o'clock recess this was rejected on a vote of 70 to 7, and the bill was reported as amended.

Mr. Nickle explained that as far as his private views were concerned, he did not agree with the ground taken by the promoters of the bill. It would cut Queen's University off from taking advantage of the intellects of Jewish people of science and learning. It might be argued that the Ontario Legislature would be justified in refusing aid to the university on the ground that it was not national, but it was a retrograde step to put on Queen's restrictions not yet there. At the same time it was a private bill, which had the ratification of the Presbyterian Church and the board of Queen's University, and they were legally entitled to get what they asked for.

Invades Provincial Rights.

Mr. Bickerdike claimed that Queen's University, under its new constitution was not a work for the general advantage of Canada. He questioned the jurisdiction of the House, it was an invasion of the rights of the Legislature, to which were assigned educational matters.

He doubted whether the bill had the indorsement of the Presbyterian Church.

Mr. Nickle waxed warm over Mr. Bickerdike's reference to himself: "I say it is unfair," he declared, "for the member for St. Lawrence to brand me as a persecutor of the Jews. Heaven knows we have heard enough of east against west, of Roman Catholic against Protestant. Are we to set Jew against Gentile?"

Dr. Steele (South Perth) declared that no one could doubt that Queen's University was national in scope. It was a small thing to ask that it should remain distinctively Christian.

Dr. Schaffner (Souris) inquired if it was proposed to make Queen's a distinctively state institution.

Legalizing Insult to Jews.

Mr. Bickerdike declared that this was not a fair way to treat a half-million good citizens of Canada. It was not only insulting, but legalizing an insult to the Jewish minority.

Sam Sharp (North Ontario) pointed out that this was private legislation. It was not putting a ban on any class or creed in public legislation. To change its provisions would be a breach of faith with the Presbyterian Church, which was making a gift of the university to the nation.

A. E. Lancaster (Lincoln) saw no difference between public and private legislation in regard to the functions of Parliament.

Hon. Frank Oliver protested against the idea that the Presbyterian Church had any intention of insulting anybody. It had always stood for tolerance.

Mr. Bickerdike claimed that not only the Jews, but the Baptists also objected to the test clause in the bill.

TWO MINERS KILLED

Were Buried Under Fall of Coal in Mines in Nova Scotia.

Halifax, N. S., March 12.—Sebastian Farrell and Bernard Farrell, brothers, and employees at No. 4 colliery of the Nova Scotia Steel and Coal Company, were killed by a fall of coal yesterday in the mines. Sebastian was killed instantly, while his brother lived several hours, and died in the hospital. Both are natives of Newfoundland.

DIED OF PNEUMONIA.

[Special to The Advertiser.]

Springfield, March 11.—Barney Faw, a well-to-do farmer, aged 36 years, died today at his home near here after a week's illness, with pleuro-pneumonia. A widow and three children survive him. Edward Faw, supervising principal of public schools, St. Thomas, is a brother.

A SEVERE COLD

DEVELOPED INTO

PNEUMONIA.

Doctors Said He Would Not Live.

DR. WOOD'S NORWAY PINE SYRUP CURED HIM.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately, or serious results are liable to follow.

There is only one way to prevent pneumonia, and that is, to cure the cold just as soon as it appears.

Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Esterhazy, Sask., writes: "My little boy took a very severe cold, and it developed into pneumonia. The doctor said he would not live. I got some of your Dr. Wood's Norway Pine Syrup, and he began to improve. Now, he is a strong healthy child, and shows no sign of it coming back."

Dr. Wood's Norway Pine Syrup is put in a yellow wrapper; three pine trees on the wrapper. Price 25 cents.

Only by The T. M. S. Co., Toronto, Ont.

BORDEN FAILED TO KEEP PROMISE

Should Have Taken Over Terminal Elevators, Say the Grain Men.

GRAIN ACT DEMORALIZES

Millers and Dealers Send a Deputation of Protest to the Government.

Toronto, March 12.—Declaring emphatically that they would never submit to its unjust impositions, the largest meeting of the grain section of the Toronto Board of Trade held in years unanimously condemned the new grain act of the Dominion Government yesterday afternoon, and decided to send a deputation of the members of the board to Ottawa to wait on a committee of the Senate and make formal protest.

Those in attendance included millers and grain dealers from Toronto, Lindsay, London, Hamilton, St. Marys, and other Ontario points. The criticism of the amendments affecting the storage charges of terminal elevators, the grading of Manitoba barley and the question of frost in sound grain were particularly pungent. Liberals and Conservatives alike denounced the Government for failing to take over the control of all the terminal elevators, according to the promises made by Mr. Borden in the West.

Effect Demoralizing.

One speaker charged that the Minister of Trade and Commerce had utterly failed to grasp the real meaning of the situation. The lowering of the standard of No. 3 Manitoba barley would throw everything out of joint and make that grade unmarketable as merchantable. "If the clause stands, No. 3 barley, which is the best grade the western farmer ships in any large quantity, will be sold on the basis of feed, which means a reduction of several cents per bushel in the price paid to the farmer."

It was explained that Canadian barley which weighs 45½ pounds imperial measure weighs only 44 pounds Winchester measure, so that the Canadian act must call for 45½ pounds if it would be equivalent to the Minneapolis grade of 44 pounds. Winchester, as the framers of the act had intended it to be.

The speakers expressed keen displeasure at what they termed the unjust practices of the terminal elevator companies permitted by the Government. The clause in the act allows the terminal elevators to charge one-thirtieth of a cent per day on all kinds of grain until loaded on cars or boats at Fort William.

At Lake elevators on the Georgian Bay side of the lake the storage is one-eighth of a cent for each fifteen days, and the storage charges cease as soon as shipping bills are received by the elevator while at Fort William and Port Arthur the charges go on each day until cars are supplied by the railways.

A grain exporter said that grain owned by him in December was still lying in the elevator, and he had received a bill for \$3,800, accumulated storage charges, and another for \$1,700, interest charges, making a total excess charge of \$5,500 that he had never figured on when he sold the grain.

CAPT. AMUNDSEN FOND OF SATANIC NAMES

Uses "Devil" In Naming New Found Points in the Antarctic.

[Canadian Press.]

New York, March 12.—A cable to the Tribune from London this morning says:

Further details of the great dash for the South Pole are given by Captain Roald Amundsen. Evidently the statement attributed to him that he gained a height of over 16,000 feet was a cable error, for he mentions now that the greatest elevation was 10,750 feet.

Amundsen says Sir Ernest Shackleton is wrong in thinking that he had given the name "King Haakon VII. Land" to the plateau that the English explorer had named after King Edward VII. It was a different plateau altogether, and in any case, he thinks, he had a right to give what names he liked to the land at the pole.

Amundsen talks of another expedition to explore King Edward Land and the Antarctic continent generally, but he himself has work to do in the Arctic. The nomenclature of the regions discovered by him shows him fond of satanic names, and having called one place Devil's Glacier, he calls another the Devil's Dandling Hill.

Manson's expedition to which he is presenting twenty-one dogs, he considers quite safe. He has a camera with him, and his photographs of the pole should be of great interest.

CALLED TO TORONTO.

[Special to The Advertiser.]

Hesper, March 11.—Rev. J. A. Stewart, of Hesper, Presbyterian Church, has been called to Kew Beach, Toronto. His answer has not yet been given.

FAST FLYING.

Potters, France, March 11.—Maurice Tabuthen, holder of a number of flying records, reached here today from Pau, a distance of about 261 miles, in his monoplane, in 2 hours and 35 minutes. He travelled at the rate of approximately 101½ miles an hour.

BODIES UNCLAIMED.

Chicago, March 11.—The bodies of six victims of the Barnett lodging house fire on Saturday remained unclaimed today by any relatives. It was estimated that 5,000 people have viewed the faces for the purpose of identification. The names of two of the victims still are unknown to the police. The remaining four, all men, of 35 years or over, are: John Collins, John Wilson, Paul Wagner and Thomas Macanahan.

OCEAN STEAMSHIPS.

Philadelphia—Arrived: Manitou, from Antwerp.

Portland—Arrived: Stellan, from Glasgow; Huron, from Middlesboro.

St. John, N. B.—Arrived: Sokoto, from Mexican ports; Manchester, from Manchester.

Two Bordenites Bolt on Bill

Measure Given Its Third Reading and Passed by Eighty-four to Forty-four.

TWO BORDENITES BOLT ON BILL

Messrs Sharpe and Shaffner, Western Conservatives, Desert Their Leader

OVER THE GRAIN BILL

Measure Given Its Third Reading and Passed by Eighty-four to Forty-four.

Ottawa, March 12.—At a quarter to 1 this morning the grain bill got its third reading, and finally passed, the vote being 86 to 44. Five amendments were voted down.

The "bolt" of two western Conservatives, Messrs. Sharpe, of Lisgar, and Schaffner, of Souris, on the third reading of the grain bill in the Commons tonight is significant of how the farmers of the prairies are viewing the mutilation of the legislation they sought for by the Borden Administration.

Hon. Mr. Foster pressed for the final reading of the Government measure, and was met by an amendment from Mr. Cruise, which divided the House. The Dauphin man moved to strike out the clause extending to the grain board wide discretionary powers in respect of distribution. He argued that the Government's proposals would "put the farmer back where he was ten years ago."

It would force him to load through elevator companies, and thereby create congestion at any point, thereby controlling the distribution of cars. He read petitions of protest against the clause from over thirty grain-growers' associations in Manitoba.

Mr. Warnock, in seconding Mr. Cruise's amendment, read a communication from Mr. E. J. Frean, secretary of the United Farmers' Association of Alberta, in which he stated that the Government's proposals were calculated to do nothing more or less than ruin the whole plan of Government ownership.

The Liberals jeered at the Nationalists when they came back into line, supporting the Government on the division.

The following western Conservatives voted against Mr. Cruise's amendment: Messrs. Roche, Staples, McEwen, Bradbury, Bennett and McKay. Hon. Robert Rogers did not come into the chamber for the vote.

The amendment was defeated by a vote of 89 to 47, all the Liberals voting yes.

Music and Drama

Famous Play Tonight.

Miss Ada Meade, who comes to the Grand tonight as a private drama in "Madame Sherry," has appeared in very few plays on tour previous to her present engagement. Miss Meade in recent years appeared with Miss Fritz Schiff and with the late Mr. Frazee & Lederer for the Aborn Opera Company. She is under a three-year contract with her present managers and later is to appear in a new play.

Miss Meade devotes her spare time to study and has an offer to go in grand opera, which she will most likely accept at the termination of her present contract. The "Madame Sherry" has become so famous that the firm of Frazee & Lederer has been besieged by manufacturers for permission to use it. One New York firm proposes to name a new gown "Madame Sherry."

Americans Praised Them.

The Schubert Choir, of Toronto, will visit London for the first time Friday evening at the Grand Opera House. There are 215 trained voices in the organization under the direction of Dr. Herbert M. Fletcher. Last year the choir visited Rochester, N. Y., and the Rochester Express, in its review, said: "It is not saying too much to assert that the Toronto choir is one of the best which will not be forgotten, and will find fruition in some more worthy local achievement. It was a joy to watch these people as well as to listen to them."

These Toronto folk, with their attack with a unanimity that is a tribute alike to their own musical sense, and to the authority of their director. Two eminent soloists will assist the choir at their concert in this city—W. Dalton-Baker, a famous English baritone, and Elsa Kellner, a beautiful, young, and gifted soprano of New York.

"Jumping Jupiter."

The king of musical comedy is the regal title that has recently been bestowed upon Richard Carle, who is announced for an appearance here at the Grand Saturday, matinee and night, in his latest success, "Jumping Jupiter."

Mr. Carle, being a born Yankee, would probably be just as content with the title of "Mirth Provoker to the American Public," a position he certainly has earned by long and valuable service as star comedian. "Jumping Jupiter" is richly described as the merriest musical comedy of the season and it comes with a perfect cast, headed by Edna Wallace Hopper, and many others. There is chorusing in "Jumping Jupiter," but instead of a dozen beautiful and talented girls who have been entrusted with minor roles, Karl Hoschna, the famous composer of "Madame Sherry," has written little songs and stirring ensembles for "Jumping Jupiter." Seats Thursday at 9 a.m.

Kitty Gordon in "The Enchantress."

The famous English prima donna, Kitty Gordon, will have a gala night

A Man With Piles Cannot Work

The depressing, undermining influence of piles seems to affect mind as well as body until the sufferer from the annoying ailment feels miserable and utterly cast down.

The itching, stinging sensations which accompany piles are bad enough. The search for cure and thought of a surgical operation do not tend to cheer one up. Many get discouraged and allow their futures to be ruined by this wretched ailment.

It is so easy to relieve piles by the use of Dr. Chase's Ointment that it seems strange that anyone should neglect to give this treatment a thorough trial. If you could only read some of the letters from grateful ones who had suffered ten, twenty, thirty, years you would no longer doubt the effectiveness of Dr. Chase's Ointment in the relief and cure of piles.

Suffered Greatly With Her Heart.

Became So Weak At Times Could Hardly Walk.

Many people may be unaware of having anything wrong with their heart till some excitement, overwork, or confinement in an overheated or overcrowded room, or public building makes them feel faint and dizzy.

On the first sign of any weakness of the heart or nervous flagging energy or physical breakdown, you should not wait until you case becomes desperate before you avail yourself of a perfect cure by using Milburn's Heart and Nerve Pills.

Mrs. D. McGilvery, Bathurst, N.B., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I suffered greatly with my heart, and became so weak at times I could hardly walk. A friend of mine advised me to try your Pills, which I did, and soon found great relief. They are the best medicine I have ever taken for heart trouble."

Price 50 cents per box, or 3 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Suffered Greatly With Her Heart.

Became So Weak At Times Could Hardly Walk.

Smart Styles in Reefer Coats for Girls

We have just received an early spring shipment of newest style Top Coats for girls, in which the very latest modern effects are featured in both the cut and trimmings, which gives that distinguished appearance which characterizes our ready-to-wear garments for men, women and children. The growth of the ready-to-wear business in Children's Clothing has been so rapid during the past year or two that much larger stocks are necessary, and greater floor space in our Ready-to-Wear Section. The Children's Ready-to-Wear has developed into one of the most important departments on this floor, and judging from the great assortments which are arriving for spring season 1912, will assume still greater proportions. Here are a few of the newcomers:

For Girls From 4 to 14 Years Pretty Styles Are Shown, \$3.50 to \$7.00

of Superior Machine Oil.

WANT RURAL MAIL

At Meeting Held in Exeter It Was Unanimously Favored.

[Special to The Advertiser.]

Denfield, March 11.—A number of farmers from Osborne Township, who are interested in rural mail delivery, met at the Central Hotel in Exeter and discussed the practicability of having the whole township, including the boundaries, served by rural mail delivery. Committees were appointed to canvass the township for subscribers, and if the scheme meets with general approval and enough subscribers secured, a petition will be sent to the Government.

RECORD PRICES.

[Special to The Advertiser.]

Leamington, March 11.—At an auction sale held today, hay sold at \$24 per ton; corn fodder, at \$12 a load, and corn at 51 cents per bushel.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Births, Marriages, Deaths.

DEATHS.
McNEILL.—In this city on March 11, 1912, Anne, dearly beloved wife of John McNeill, aged 70 years.
Funeral from her late residence, 450 Hill street, on Wednesday, March 13, at 8:30 a.m., to St. Mary's Church. Requiem high mass at 9 a.m. Friends and acquaintances please accept this intimation. Interment at St. Peter's Cemetery.
PRING.—Died, at the family residence, 27 Mount Pleasant avenue, on March 12, 1912, Earle, dearly beloved and eldest son of John A. and Mary E. Pring, aged 18 years and 10 months.
Funeral private on Thursday, March 14, at 2:30 p.m. interment at Mount Pleasant Cemetery.
In Memoriam.
PITMAN.—In loving memory of James W. Pitman, who passed away March 12, 1911.
More and more each day we miss him.
Friends may think the wound has healed.
But they little know the sorrow
Lies within our hearts concealed.
Sleep on, dear Jim, and take your rest;
God called you home—He'll wait it best.
One year has passed—
Our hearts still so sore,
As time goes on,
We miss him more.
His Loving Wife, Parents and Sisters.

LONDON, TUESDAY, MARCH 12.

ROOSEVELT DROPS RECIPROCITY

Mr. Roosevelt has boxed the com-
pass on Canadian reciprocity. He
supported the Taff-Fielding agreement
last year, but he is now trimming his
sails to every breeze that may help
to blow him back to the White House,
and there is a stiff anti-reciprocity
gale in the American west. He sees
a politician's opportunity in the anger
of the Dakota and Minnesota grain-
growers at Taff, and their dread of
Canadian competition. On Feb. 13,
1911, as a distinguished private citizen,
Mr. Roosevelt could say to the Republi-
can Club, of New York:

"I want to say how glad I am at
the way in which the members of
the club here tonight responded to
the two appeals made to them to
uphold the hands of the President,
both in his efforts to secure recip-
rocity with Canada, and in his
efforts to secure the fortification of
the Panama Canal. . . . I hail
the reciprocity arrangement because
it represents an effort to bring about
closer and more intimate and more
friendly relationship of mutual ad-
vantage on equal terms between
Canada and the United States."

Having thrown his hat into the
presidential ring, Mr. Roosevelt now
writes to B. V. Collins, editor of
the Northwestern Agriculturist, under
date of Feb. 29, as follows:

"You are welcome to make this
letter public. The reciprocity treaty
is now dead. No useful purpose can
be served by discussing it. In any
further attempt by reciprocity treaty
or otherwise to bring about a re-
arrangement of the tariff, there
must be no discrimination against
the farmer. No effort to make him
pay the entire burden of reduction.
His interests must be considered
with the same care that is given to
the consideration of the interests of
other American citizens."

"This change of front throws an un-
pleasant light on Mr. Roosevelt's
character, and explains why, with all
his popularity, he is distrusted by
many serious Americans."

The offer to Canada of a free Ameri-
can market for farm produce is likely
to be withdrawn in any event. The
next Congress, whether Republican or
Democratic, will throw the tariff into
the melting pot, and with it will go
the reciprocity agreement, if not be-
fore. There may be some reductions
in the duties on agricultural products
to correspond with a cut in the duties
on manufactured goods, to which both
parties are pledged, but there will be
no open door to the Canadian farmer.
The Big Interests and their dupes in
this country slammed the door in the
face of the United States, and it will
not swing open again until Canada
makes a move.

SCOTT AND AMUNDSEN.

Pearry found the North Pole on an open
sea. Amundsen confirms the theory
that the South Pole stands on terra
firma. The North Pole is a spot on
drifting ice-floes and any monument
left there would be inevitably swept
away. The South Pole is on a great
plateau, thousands of feet above the
sea level, and the tent and flag left
there by Amundsen may stand for a
long age, though covered by snow.
Scott may have found them if he
reached there after Amundsen, though
the most accurate instruments may not
precisely fix the geographical pole. If
both men arrived at the spot where
their observations pointed to the end
of the earth's axis, they will equally
share the popular glory, though sci-
entists will give the palm to the one
whose records are the more exhaustive.

Until late years the South Pole has
been deemed the more difficult prize
because less accessible to a vessel.
Shackleton, in 1909, proved the con-
trary when he came within 112 miles
of it, and found no impediment ex-
cept the lack of supplies. Scott was
determined not to fall from the same
cause, and carried sufficient food and
other supplies to enable him to remain
a much longer time at the pole than
Amundsen spent there. The Norwe-
gian's lightly-equipped expedition was
speedier than the Britisher's, but it
had not the same staying power. It is
a reasonable conjecture that Scott's
strong scientific corps, if it reached
the Pole, would not leave in three days,
as did Amundsen, but would carry on
extensive explorations and investiga-
tions, and yield more permanent and
useful results. This is probably the
explanation of Scott's non-emergence
from the polar regions. His ship, the
Terra Nova, was left nearly 900 miles
from the Pole, or 60 miles further
than Amundsen had to travel to reach
the Fram on his return journey. The
scientific world can well afford to wait
for Scott's reappearance.

Mr. Pellotier says he will not "budge
an inch" from his "position." No,
sir; they could not pull him loose from
it with steam derricks. He had to
wait too long to get it.

Government. Premier Roblin, in re-
fusing the demand, dictated on the
moral qualities of the treating custom
as follows:

"The treating custom is simply
the manifestation of the social and
the intellectual qualities of man as
contrary distinguished from the ordi-
nary brute creation. If you take
away the social qualities or the hos-
pitality and the neighborly or the hos-
pitable side of a man you have
something very little better than a
brute. Here is a declared intention
to curb, restrain, destroy, if possible,
that social side of life."

Mr. Caldwell, the Minister of Edu-
cation, spoke in the same strain.
Treating, he said, was a habit im-
planted in men to be pleasant, agree-
able, kind, and sociable to their fellow
men. "Then you think giving a man
a drink is a kindness?" he was asked
by Mr. Johnson, M. P. To this Mr.
Caldwell replied:

"Yes, I do; and I make no bones
about it."

The mothers, wives, and children of
these benevolent habitues of the bar-
room, or of those who partake of their
bounty, have a different point of view,
but it makes no appeal to the Mani-
toba Government. If temperance sen-
timent is strong in the province,
Messrs. Roblin and Caldwell should find
themselves in an uncomfortable position.
In Ontario it would not be politi-
cally safe for any public man to use
the language of either of the Manitoba
statesmen.

The grain bill has not brought grist
to the Federal Government's mill.

Mr. Bourassa is ill repaying Hon.
Mr. Cochrane's pressing invitation to
Sudbury, Ontario.

Bourassa and Lavergne are only in-
cendiaries, it seems, when they hurl
their firebrands at the Conservative
abode.

The choice of the city hall site is
causing more trouble than the selection
of the capital of confederated Canada.

The Ottawa Government has dropped
the inquiry into the charge that
Hon. Frank Oliver was paid \$69,000 by
a railway company. Another cam-
paign fiction exploded.

As the anti-reciprocity orator put it,
"We want no truck or trade with the
Yankees." The coal strike in Penn-
sylvania, which is looming up, will
therefore be a blessing.

Reciprocity thinks it a popular move
to declare against Canadian reciproc-
ity. The notion that reciprocity
might lead to annexation was limited
to Champ Clark and Canadian chumps.

The Orangemen of Vancouver have
cabled a message to Ulster in which
these words occur:

"Canada taught the priestly machi-
ne-manipulators a lesson last
September, and, if necessary, will
give the hordes of Jesuits another
and a more effective lesson."

Reciprocity was not a religious is-
sue, but the Orangemen as a rule can
always find one when there is a Lib-
eral head to be hit.

TURN ABOUT FAIR PLAY.
[Montreal Herald.]

Turn about is fair play. Casual re-
flection for the benefit of Conservatives
ought to be chuckle as they saw
Messrs. Bourassa and Lavergne ragging
Laurier.

MAY LOOK THROUGH THE
WINDOW.
[Toronto Globe.]

Manitoba sits down to a five-course
dinner at the Hudson Bay Cafe, Ont-
ario is permitted to look through the
window at the favorite of fortune.

WHERE CANADA SQUARES UP.
[Vancouver Province.]

Australia is shipping butter to Can-
ada, but, as we export axle grease to
that country, it is an even break.

THE ENTERPRISING YANKEE.
[New York World.]

The announcement that Australia is
seeking protection for her industries
against "Yankee pauper labor" is by
no means so funny as it sounds.

PELLETIER CLINGS TO PORT-
FOLIO.
[Sacred Heart Review.]

Once, at the height of the Civil
War, two men at a railway station
saw a card of wooden legs depart
for a military hospital.

"Those wooden legs," said the first
man, "are a rather eloquent protest
against war, aren't they?"

"Yes," agreed the other, "they are
what you might call stump speeches."

ENDLESS CHAIN.
[Young's Magazine.]

Generosity, like beauty, is a matter
of individual opinion, according to
Ottie Harlan, now appearing in "Little
Boy Blue."

"My mother's awful generous," said
the New Boy. "She knows I hate to
take my codliver oil, so she gives me
a nickel every time I take it."

"How often do you take it?" queried
the Other Boy.

"Three times a day."
"Gee," sighed the other in hope-
less envy at such wealth. "Fifteen
cents a day! How do you ever spend
it all?"

"I don't. She takes care of it for
me. And when there are enough
nickels to make up a dollar, she—"
"Hands it over to you?"

"No. She buys me another \$1 bot-
tle of codliver oil."

OR WAS LOVE BLIND?

[Judge.]
Mrs. Hoyle—My husband loved me at
first sight.
Mrs. Doyle—I understand you met at
a masquerade ball.

THE CANADIAN WAY.

[Rochester Times.]
Canada has attacked some of its eco-
nomic and social problems in a way
which might teach the United States a
lesson. The Canadian manner of deal-
ing with threatened strikes and lock-
outs is wiser and more effective than
any method in use in this country. This
has been illustrated by the Lawrence

strike. Such a strike would not be ab-
solutely impossible in Canada, but it
would probably be averted. During the
four years the present Canadian method
has been in operation, 36 threatened
strikes have been averted, while 10
were not. Thus the Canadian plan
averts nearly 80 per cent of threatened
labour troubles.

THAT'S THE QUESTION.

[McCall's Magazine.]
[McCall's Magazine.]
Wife—Billy, dear, I stitched up the
hole in your trousers pocket last night
Then you had gone to bed. Now, am
I not a thoughtful little wife?
Husband—H'm! How did you know
there was a hole in my pocket?

COMPENSATION.

[Ella Wheeler Wilcox in the Nautilus.]
Across my window glass
The moving shadows of the people pass.
Sometimes the shadows glide along the
hall;
And neighbors come, to call,
Bringing a word or smile
To cheer my loneliness a little while.
But as I hear them talk
These people who can walk
And go about the great green earth at
will,
I wonder if they know the joy of being
still.

And all alone with thoughts that soar
afar—
High as the highest star,
And oft I feel more free
Than those who travel over land and sea.
For one who is shut in
Away from all the outer strife and din,
With faithful Pain for guide,
Find where great truths abide.

Across my window glass
The moving shadows pass,
But swifter moves my unimpeded
thought—
Speeding from spot to spot
Out and afar—
High as the highest star.

ANTICQUATED ROAD
MAY START LIVELY ROW

Two Companies Claim To Own
Line Along the Ottawa
River.

[Special To The Advertiser.]
Ottawa, March 12.—A twelve-mile
stretch of antiquated railway on the
Ottawa River promises to give the
railway committee of the Commons
the liveliest fight that it has had this
session. The Central Railway Com-
pany, of Canada, claim to have ac-
quired the rights of the Carleton and
Grenville Railway, and claims that
under an agreement with the old Pro-
vince of Canada, made fifty years ago,
to have acquired a million acres of
land grant in what is now the Pro-
vinces of Quebec and Ontario. It de-
veloped this morning that the Cana-
dian Northern has been busy with the
disfranchisement of the Carleton and
Grenville, and now claims the line.

The railway committee has decided
to look into the claims of the two
parties before proceeding to a settle-
ment of their claims.

TEACHERS' SALARIES
WILL BE DISCUSSED

Finance Committee of Board of Edu-
cation Meet This Afternoon.

The finance committee of the board
of education will meet this afternoon
to discuss teachers' salaries.

Applications have been received from
the lady teachers to raise the maxi-
mum from \$750 to \$900, from the male
principals from \$1,000 to \$1,600, and
high school teachers from \$1,700 to
\$1,900.

Some time ago the committee met,
and practically agreed to raise the
women teachers from \$750 to \$800, and
the male teachers from \$1,500 to \$1,600,
but when the request was made for
favors from the Collegiate teachers
it was decided to deal with them alto-
gether.

Considerable objection has been
raised to the suggestion that the sal-
aries be increased, and lively de-
bate is anticipated when the matter
is dealt with this afternoon.

INGERSOLL HOCKEY

East Side Businessmen Won in a Fast
Game With Westerners.

[Special To The Advertiser.]
Ingersoll, March 12.—There were no
dull or monotonous periods during the
one hour that the local western
east and west side businessmen was in
progress at the arena last night, and
which, as in the case of the initial con-
test, was witnessed by several hundred
enthusiastic spectators. The stages of
the contest would have made a three-ring
circus look like a minor attraction. But
while this was true, burlesque features
were not so numerous as in the previous
game, and there were occasional flashes
of genuine hockey.

The easterners were successful in run-
ning up a 6 to 3 score, and it is prob-
able that chest measurements would dis-
cover a considerable expansion since yester-
day. The westerners played the line
game in whirlwind style, and when the
teams were summoned to the dressing-
rooms for the five-minute rest they were
leading by 3 to 1.

Some objection was raised to Geo.
Henderson on the west side, and he was
dropped from the line-up, his place being
taken by M. C. Elliott, who had been
handling the bell. The change proved the
benefit of the westerners. The eastern-
ers were bored in at all times, "piled up"
by George Batcheller, and the team, as well
as their supporters, were naturally jubilant
at the outcome.

How Nerve Cells
Are Broken Down

Every man or woman who works
with the brain uses up daily an enor-
mous amount of nerve force. Millions
of tiny nerve cells are broken down
and must be replaced if mental and
bodily efficiency are to be maintained.
If brain fog, headaches, sleepless-
ness or irritability set in, the evidence
is plain that nature is not rebuilding
as fast as work is breaking down. You
cannot allow this depleting pro-
cess to continue long if nervous pro-
stration or paralysis is to be ward-
ed off.

Dr. Chase's Nerve Food will help
you to get the balance on the other
side of the account, so that each day
will add a little to your stock of
health and vitality. A man whose
work is largely mechanical may keep
going with health below par, but the
brain worker must have a clear head
or fall behind in the race. Restore
the wasted nerve cells with Dr.
Chase's Nerve Food and know the
joys of good health and success.

Do you know that of all the minor
ailments, colds are by far the most
dangerous? It is not the cold itself
that you need to fear, but the serious
diseases that it often leads to. Most
of these are known as germ diseases.
Pneumonia and consumption are
among them. Why not take Chamber-
lain's Remedy and cure your cold while
you can't for sale by all dealers.

A Few Lines of Most Anything

OUR PRECISE ARTIST.

"He was shot at sunrise."

The ideas of March are apt to be-
come bromides in the hands of the
spring poets.

Leap year maidens may be having
many conquests, but will fail to see
any chafing dishes or other symbols
of bachelor blessedness advertised for
sale in the classified columns.

"Good morning, have you been
Glaubitz-ized yet?" Is probably the
greeting exchanged between employees
of the water and electrical depart-
ments these days.

Captain Amundsen and his trifle of
49 degrees below at the pole? "Oh?
don't consider weather like that cold
enough to keep the butter hard in
some parts of the west."

Theodore Roosevelt expected Taff
to play the part of the bass drum
and take all the pounding. Since the
latter has shown that he can bat over
200 with the drumstick, the knight of
the terrible is anxious to chuck
him out of the west.

A London dealer says he is selling
all kinds of rubber stamps to date
Bismarck's eggs. Cannot some poultry
Bismarck produce a hen that will "punch
a time clock" every time she lays, or
imprint an affidavit, as to age and
quality upon each shell?

Some people, so a friend from the
country says, use the rural line so
much that it might as well be given
over to them for the family washing.

"What forced our friend, Scoops,
into bankruptcy?" asked the first
grocer.

"He stocked up with a whole crate
of eggs, and the price dropped Satur-
day," replied the other.

The newspaperman who goes to in-
terview Superintendent. Gilted about
prospects for London usually comes
away with the refrain of "Tell Me The
Old, Old Story" buzzing in his ears.

Odd Want Ads.
Wanted—Furnished room by elderly
lady with electric lights.

"Stay in Ontario!"
And better still:
"Stay in Western Ontario!"

Decidedly.
Dear Few Lines:
You mention those who say "The
west and done it, as not being in-
cluded in the 150,000,000 English-
speaking people of the world. Please
tell me whether the man who says: "I
ain't got no use for him," is a
foreigner.

London in 1985.
Teacher of English Class—Vy is
nineteen hundred twelve noded in der
history of our city, Adolphe Dinkel-
and?

Adolphe—Dot was der year dot Herr
Klowbitz game and took possessions
in der name of der Kaiser and annex-
ed it to Germany.

Rises and shouts:
"Hoeh der Burgaster!"

Yes, supposedly, gentle reader, the
old issue of postage stamps has been
sent to Hamilton.

"You must cultivate good looks,"
reads a leading druggist's advertise-
ment. Do you mean to ask him if there
is anything personal in the statement?
Neither do we.

What Did They Do to Get In?
[Hensall Observer.]
The Temple of Fame is being pre-
pared for a Blyth audience.

Where Family Bliss Ceases.
[Wyoming Enterprise.]
A Wyoming lady is mad at her hus-
band just because he said in company
"that he couldn't tell his rubbers from
hers."

A Warm-Soled Opponent.
[Wyoming Enterprise.]
Rev. E. M. B. of G. of G. is out
hot foot against church union.

Why Worry With Shears So Near?
[Wyoming Enterprise.]
We used to see a couple of shaggy-
looking editors when a hair cut cost
15c. What will they do now that the
price is up?

A Lot More Were Down This Winter.
[Ailsa Craig Banner.]
Tom Craven, Jim and Melvin
Trevelthick were down skating Satur-
day evening at Craig.

A Choice Descriptive Bit.
[Ailsa Craig Banner.]
Messrs. C. Hobbs of Lucan, and C.
Rosser of the village, returned on
Wednesday from Chicago, where they
each purchased a bear to look at
and a speedy to travel horse.

FARMER MEMBERS.
Calgary, Alberta, March 12.—W. J.
Tregillus, president of the United
Farmers of Alberta, today said: "I
believe the next Legislative Assembly
of this province will be made up
largely of farmer representatives. We
will probably have candidates in every
riding, and we can confidently hope to
win in many of them. Farmers will
be sent to the capital by their fellow
agriculturists not only to represent the
farm folk, but the laboring classes."

Do you know that of all the minor
ailments, colds are by far the most
dangerous? It is not the cold itself
that you need to fear, but the serious
diseases that it often leads to. Most
of these are known as germ diseases.
Pneumonia and consumption are
among them. Why not take Chamber-
lain's Remedy and cure your cold while
you can't for sale by all dealers.

FOUR NEW BRIDGES
IN WEST WILLIAMS

County Engineer Talbot Is Now
Calling for Tenders for
the Work.

The county engineer has called for
tenders for four new bridges which
are to be constructed this summer in
the township of West Williams. These
will be accepted until March 31,
and contracts will be awarded at a
meeting of the committee, which is to
be held at Parkhill on Tuesday,
April 2.

The first is a 150-foot span with a
16-foot roadway, which is to be com-
pleted before July 15, 1912, over the
Aux Sable River, opposite lot 25, he
raven concessions 6 and 7, of McMill-
an Township. This structure is of
the latest design, and will cost in the
neighborhood of \$9,000.

The second is to be situated between
lots 10 and 11, of concession 9, of
West Williams, and will have a 50-
foot span, with 16-foot roadway. This
contract will be worth about \$2,200.

A 45-foot span is to be placed oppo-
site lot 15, between concessions 18 and
19, of West Williams, at a cost of
\$1,400.

A new bridge, also of 45-foot span,
will be constructed at lot 5, concession
7, of West Williams, between that
township and Adelaide. The estimated
cost is \$1,500.

Joseph's Hospital, is improving steadily. Mrs. D. Ferguson, wife of Reeve Ferguson, of Orford, who recently underwent an operation at Victoria Hospital, is improving steadily.

Mrs. Jack Carling, of this city, is visiting her sister, Lady Pope, at Ottawa, who recently underwent an operation.

Miss Betty Callandar and Miss Helen Hamilton have returned home after an extended visit with Mr. and Mrs. J. B. Spencer, of Ottawa.

When you have rheumatism in your foot or instep apply Chamberlain's Liniment and you will get quick relief. It costs but a quarter. Why suffer? For sale by all dealers.

CAP'N JONAH--HIS FISH

Here's the Cap'n Again With a Lobster to Show Us This Time—We Almost Said "Another Lobster," But That Wouldn't Be Courteous—Now Read the Lobster's Own Story.

By the Lobster.

You have eaten lobsters, haven't you? If not, I am sorry for you, because I am considered a very fine-tasting sea food.

When a lobster is brought to a dinner table it is a bright red. But when it swims in the ocean, before it is boiled, its shell is very dark, almost black.

Mother Nature furnished me with a hard shell made of lime. This protects me from my enemies. This shell fits me as tightly as your Sunday hat fits you. When my body grows too large for it, I get ready for a new one. I hide myself from everyone. I stop eating and so get thinner. My body shrinks away from my shell. It splits and comes off. Then a new one at once begins to cover me. At first it is very soft, but it soon gets as hard as my other one. The old shell comes off in one piece. If you saw it lying on the sand you would think it was a live lobster.

If one of my limbs is injured, I simply break it off and another comes in its place. But if you lose a leg another will not grow, will it?

Snap! Snap! See my two pinchers! Look out, I might bite you! Snap! Snap!

A PENSION SCHEME FOR THE FIREMEN

One Will Be Worked Out Shortly in This City.

A scheme for pensions for city firemen will be worked out within a short time, Ald. Richter and City Auditor Jewell being engaged on the proposition at the present time.

No set rules have been formulated at the present time. It is expected that firemen will be allowed a retiring allowance in the shape of a lump sum. The amount has not been agreed on, but it is expected that it will be about \$1,000. The other firemen, the younger men, will have to pay into the fund a certain number of years, twenty years it has been suggested, before they can be retired. The amount each will receive will be proportionate to the amount paid in. Allowances to be made for partial or total disability will also be fixed.

"We are working the scheme out," said Fire Chief Altken. "Nothing has been decided upon, but we will arrive at some conclusion in a few days."

MRS. REYNOLDS STILL HAVING HER TROUBLES

Woman Whose Husband Was Sent to Prison, Lost Her Week's Wages.

Misfortunes never come singly, and the old adage has been given some color at least by the troubles that have beset Mrs. Daniel Reynolds, whose husband was recently sentenced to life imprisonment for killing a man in a drunken brawl on the Hamilton Road. Some time ago she was given employment in a local cigar factory, and being a rapid worker, made good wages. Her first pay envelope was handed her on Friday evening last and she was happy.

When she arrived at her home, Mrs. Reynolds looked for her money, but she could not find it. In some manner she had lost it. A diligent search was made for it, but without result. Now Mrs. Reynolds is advertising her loss.

It is hoped that the person who found the money will return it. The police have been notified and the detectives are making every effort to secure the cash for the woman, as she certainly needs it.

PRINCESS AVENUE NEVER WAS CLOSED

Part Taken Up by the Park Is Still a Thoroughfare.

The question of closing Princess avenue for the city hall site has created a discussion at the city hall as to whether or not the street running through Victoria Park has ever been closed.

The impression prevailed that it had, but as some doubt was expressed as to that, the opinion of City Solicitor Meredith was obtained yesterday. He declared that the street had never been closed, but could be opened at any time.

As a result of this information, it is possible that steps may be taken to close the street for all time to come.

DISTRICT OFFICERS MEET

Plans Were Discussed For the Camp Next Summer.

A meeting of the various officers of the city regiments of the district was held in the Armories in London, and plans were discussed for the coming camp. Major Gordon Hall was present, and offered many suggestions in regard to drill work and practical training. He has during the winter made a thorough study of conditions in the district, and is in close touch with the needs of the various regiments. He has made valuable suggestions to make regarding training which will be put into effect when the men go under arms. Colonel Campbell was present at the meeting on behalf of the Seventh Regiment.

HER SKIN SEEMED ON FIRE

Every Other Treatment Failed But "Fruit-a-tives" Cures

Grande Ligne, Que., Jan. 2, 1910.

"My wife was greatly distressed for three years with chronic Eczema on the hands, and the disease was so severe that it almost prevented her from using her hands. The doctor gave her several ointments to use, but none of them did any good. He also advised her to wear rubber gloves, and she wore out three pairs without getting any benefit. As a last resort, I persuaded her to try 'Fruit-a-tives,' and the effect was marvellous. Not only did 'Fruit-a-tives' entirely cure the Eczema, but the Asthma, which she suffered from, was also completely cured.

We both attribute our present good health to 'Fruit-a-tives'.

N. JOUBERT.

"Fruit-a-tives" will always cure Eczema or Salt Rheum because 'Fruit-a-tives' purifies the blood, corrects the indigestion and Constipation, and tones up the Nervous System. 'Fruit-a-tives' is the only medicine in the world made of fruit juices and valuable tonic. It is the greatest of all blood-purifying remedies. 50c. a box—6 for \$2.50—or trial size, 25c. At all dealers or from Fruit-a-tives, Limited, Ottawa.

PRINCESS AVENUE SITE WAS KILLED

Council Refused to Ask Legislature to Close the Street.

MAYOR WAS CRITICIZED

Alderman Coles Said His Worship Was Endeavoring to Take Powers Away From Committee.

The possibility of either Victoria Park, or the junction of Princess and Park avenues becoming the site of the new city hall, was given a rude jolt on Monday afternoon at a special meeting of the council to consider the suggestion of Mayor Graham that special legislation be secured to close Princess avenue. The vote was practically unanimous against the idea, and the expectation is that the last of the park site has been heard.

The discussion was inclined to be warm at times, many of the aldermen taking the position that the special city hall committee should have reported on the question before any action was taken.

Mayor Graham explained why he had called the meeting. He thought it wise to suggest that Princess avenue be closed so that the site would be open for discussion when the time for selecting a location for the hall arrived.

Open Anyway.

"It would be open in any event," said Ald. Richter.

"It might be, but not so perfectly as it would be if the street were closed," commented Mayor Graham.

"The municipal act gives the council permission to close any street," continued Ald. Richter.

"There is too much red tape about that," answered the mayor.

"Not much red tape about it," retorted Ald. Richter. "All that is necessary to be done is pass a bylaw."

Mayor Graham declared that Princess avenue, across the park, could be opened at any time, as it was a public thoroughfare.

"It undoubtedly shows on some of the maps as a street," said Ald. Richter. "It was never taken over by the city, however, as a street, and no work was ever done on it."

Some of the members of the council went back in their early days to recall whether or whether a street had been opened across the park. After some debate it was resolved that no thoroughfare had ever been opened there.

Left to Committee.

Coming back to city hall sites, Ald. Ashplant declared that this whole matter should have been left with the special committee. They had been empowered to secure a site.

The whole thing has been taken away from the committee," declared Ald. Coles.

"This phase of the question never came before the committee," answered the council.

"I think the committee is being overstepped in this matter," continued Ald. Coles. "When the time came the site would have been discussed along with other available places. I do not know why this was sprung on us."

"There is no reason to feel a slight," answered the mayor. "None was intended. No person is trying to put anything over. I have no axe to grind. We merely want to know whether the council wants the park site available for the purpose."

"Leave the city hall out altogether," said Ald. Coles. "I have been accused of trying to put the hall at the site proposed because of certain church property there. I want to say now that I will never vote to put the hall there."

Talking Injunction.

"It is not wise to talk like that," retorted his worship. "It is not right to take a prejudiced view of the case. Something might happen shortly that would alter the whole complexion of things."

"What about an injunction if any portion of the park whatever is used for city hall purposes?" asked Ald. Coles.

"Make no mistake—there will be injunctions from the east end, if any attempt is made to put the hall near the park," said Ald. Rose.

"Injunctions would cost as much figure in this matter as they did against the sale of the city hall," declared Mayor Graham. "The Government will give us the authority to take the street over."

"Yes, by a vote of the people," said Ald. Coles.

"If Princess avenue is a street, how did the soldiers' monument in the park come to be placed on it?" asked Ald. Richter.

"By consent of the council," was City Clerk Baker's answer.

Not for a City Hall.

"I have no objection to closing the

street across the park if the city solicitor thinks it necessary," explained Ald. Richter. "I have no objection to this for park purposes. I do object to closing any part of it for city hall purposes. We have no right to prejudge the action of the special committee."

"There was no intention of starting a controversy," declared Mayor Graham. "I merely thought it good business to get the hall site decided."

"I move that no action be taken," said Ald. Johnston.

Ald. Ashplant seconded.

Ald. Richter presented a resolution to the effect that no action be taken regarding a site for the city hall be taken, but that the Legislature be asked to close Princess avenue across the park, if the city solicitor thought it advisable to do so.

There was no second to Ald. Richter's motion, and Ald. Johnston's motion carried almost unanimously.

Hospital Debentures.

The request of the hospital trust to increase the amount of debentures for the east wing of Victoria Hospital from \$15,000 to \$17,500, was presented to the council, and accepted. It was explained that on the first draft of the plans a fire-proof stairway was not considered, and the board thought it should be placed in the plans.

Those present at the meeting were Mayor Graham, Ald. Richter, Bennett, Spittal, Johnston, Wright, Ashplant, Murphy, Rose, Moore, Coleman, Bland, Robinson, and City Clerk Baker.

GREAT COAL OWNER FOR MINIMUM WAGE

Markham Says Every Miner Should Have Two Dollars Per Day.

[Canadian Press.]

London, March 12.—Sir Arthur Markham, the great coal owner, addressing a miners' meeting at Nottingham last night, advocated the adoption of a minimum wage. He declared that no undue burden would be placed upon the coal industry or consumer if a minimum of eight shillings (\$2) daily were paid every collier. He added that the coal owners had raised ridiculous arguments against the minimum wage.

A dispatch from Cardiff to the Daily Telegram says that the South Wales coal owners yesterday decided to accept Premier Asquith's invitation to a joint conference, because they did not wish to do anything to hinder a possible settlement.

BROTHERS MEET AFTER 58 YEARS

Rev. Dr. Milligan, of Toronto, Has Romantic Experience in New Zealand.

A London friend of Rev. Dr. Milligan, of Toronto, has received word from him that his visit to New Zealand has been delightful and has benefited his health. As the summer is ending there he will sail for home on March 15, reaching Vancouver on April 20. He will tour Western Canada before returning to Toronto.

At Westport, New Zealand, Dr. Milligan met his brother, whom he had not seen for 58 years when they were boys together in Caithness-shire, Scotland. He spent much of his time at Auckland and was much pleased with the climate and country.

WIRELESS RECORDER.

Paris, March 12.—A paper read before the Academy of Sciences yesterday disclosed the fact that M. Flapiolet of Lyons has invented a special wireless recorder of great sensitivity, able to register the approach of storms 200 miles distant.

M. Flapiolet asserts that with the apparatus storms can be detected 24 hours before they arrive.

LEGACY FOR ALFONSO.

Paris, March 12.—In October last, Albert Sapene, formerly mayor of a small town near Toulon, bequeathed to King Alfonso \$600,000. The testator's next of

kin expected that his majesty would renounce all claim to the estate, but Alfonso was represented yesterday in an action brought in connection with the will.

HEALTH AND BEAUTY HINTS

BY MRS. MAE MARTYN.

H. N. R.: To whiten and beautify the complexion, you will find nothing better than a simple, inexpensive lotion made by dissolving 4 ounces sulphur in 1/2 pint Witch hazel (or hot water), then adding 2 teaspoonfuls glycerine. This lotion will freshen up and improve any complexion without giving that artificial powdered look. It does not clog the skin pores like powder and lasts much better. It gives to the skin a smooth, velvety tone and takes away that shiny, sallowness. For treating freckles and skin discolorations generally, sulphur lotion is very fine.

D. L.: To quickly get rid of that sallow, pimply look on your face, you should take a good system tonic to remove the impurities from the blood. A tonic made from lack of exercise and eating too much solid food in the winter. A good, old-fashioned tonic can be made by dissolving an ounce of karmine in 1/2 pint alcohol, then adding 1/2 cup sugar and hot water to make a quart. Take a tablespoonful before meals and you will be surprised how quickly the look of perfect health will come into your face and your energy and ambition be restored.

Nadie: To strengthen your weak eyes and rid them of that dull overworked look, put in each eye gently two or three drops of fine, strengthening tonic, made by dissolving an ounce of crystals in 1/2 pint of water. This tonic is very soothing and strengthening, and will make your eyes strong, clear and sparkling. I find it unequalled as a tonic for strengthening weak, indamed, expressionless eyes.

Reader: There is one remedy above all others that I take pleasure in recommending for the reduction of the hairless and so very effective in regaining a shapely figure. Dissolve 4 ounces of karmine in 1/2 pint of water, and take a tablespoonful before meals. This simple remedy will remove your excess fat rapidly without dieting and strenuous exercise, and seems to produce best results in the winter months. Your skin will be firm and free from any flabbiness.

Mrs. T. B.: You will not catch cold from shampooing if you use for your shampoo a teaspoonful of cantharid oil.

Shamrocks — McCabe, goal; McCandless, point; Thomson, cover; B. McCandless, rover; Small, centre; Davis, left; Newton, right.
Referee—J. Habbick.

IN WEST THIS YEAR

Eatons Were Swamped in the Second
Game by the Score of Sixteen
to One

Winnipeg, March 11.—In a match that started off amid the greatest excitement and deteriorated into an utter rout, the Winnipeg Victorias, holders of the Allan Cup, tonight made good their claim to the retention of the silverware by defeating the Eatons, of Toronto, by a score of 16 to 1, and won the round by 24 to 5. The half-time score was 4 to 0, and up to that time Eatons did not have a really good chance to score, while the Vics,

with all the play in their favor, could not get in on Bricker, who was on the ground for the remainder of the second half the visitors made a stand for a few minutes, but once the Vikings regained their stride, it was nothing but rushes and shots, and Bricker's manning was not up to the task.

HAD CONFIDENCE, ANYWAY.

The challengers went into the play with every confidence that they would cut down the four-goal margin established against them in the opening frame, or at least, that they would score more than held their own, but it was a flash in the pan, and it was not very long before the locals were beating a tattoo on the pads worn by Bricker's men. The visitors were in a sorry form, Baker and Bawlf missing over half a dozen chances each before the half ended. The locals were satisfied at half-time with their eight-goal lead on the series, but they could not hold it.

ably saved more goals than he did in half of the games he played in the Ontario series.

THE CROWNING HUMILIATION.

The crowning humiliation of the match was inflicted near the middle of the second half, when "Bos" Baker, in goal, stopped a shot, skated up the ice, passed every opponent, and slid the puck to Dion, who scored. The crowd, jubilant over the retention of the cup, seized on this play, and nearly went wild in its enthusiasm. The

Hyland was the only player outside of the brilliant Bricker who could make any headway against the conquering Vics. Hyland was dangerous and had he shot well might have had several more goals.

Caldwell as referee made a great hit with the crowd. He was the best seen

In the second half Rankin went in to rover and Laflamme went to point but the change made little difference. The teams were banqueted at the Grange after the match. The lineup—Eaton—Goal, Bricker; point, Rankin; cover, Hyland; rover, Laflamme; centre, Meeking; right, Richardson; left, Foyston.

A DRAW AT CLEVELAND.
Cleveland, Ohio, March 12.—(Tourist.) Gavlin, of Cleveland, and Paddy Lavin, of Chicago, boxed twelve fast rounds before a large crowd at the Victor Athletic Club last night. The men fought at 11 pounds.

MUST SPEND MORE MONEY ON ROADS OF COUNTY

Good Work Has Been Done In the Past and More Is Required.

The County of Middlesex, after a five years' campaign under a bylaw passed in 1907, must now face the question of further expenditure on the good roads system, and preparations are being made to estimate the cost of what work is to be undertaken in accordance with a bylaw, which will be brought before the council at its June session.

The county has expended more freely on the roads since 1906, and particularly since the good roads system was adopted, and as a result a total of well over \$200,000 has been laid out on the main highways since 1907 will be exhausted before next fall, as County Engineer Talbot's programme is for new roads and bridges worth \$50,000 or more.

The good roads plan of the Provincial Government has been of the greatest value to the county, and others which have taken advantage of it during the past few years, and it is not until the county has secured the system, upon which the grants may be secured, and thus place Middlesex still further ahead of other municipalities in the matter of roads.

It is the policy of the Provincial Government to have the main highways operated in a satisfactory manner, and that the roads systems be so constructed that the principal arteries of adjacent counties be equally benefited.

In order to bring this about, the county will have to take over a number of the township roads, but to have the benefit of the Provincial Government's grants are thereby received from the Provincial Government when public works are completed.

The work done on roads and bridges in Middlesex in the past few years is really remarkable. In 1907 the annual expenditure was \$21,524.47, which included the purchase price of the Provincial Road, which had formerly been operated in an unsatisfactory manner, with toll gates. Since then the annual expenditure has been \$100,000 or more, and the total of over \$500,000 will be reached.

LONDON AND DISTRICT

Lecture on Birds.

Mr. W. E. Saunders Monday evening delivered a most interesting address on "Birds and Their Habits" before the Young People's Society of New St. James' Presbyterian Church.

"Mr. Bob" Will Be Presented.

The Dramatic Club in connection with the London Conservatory of Music will enter the Earl Grey dramatic contest in April, and will present the comedy, "Mr. Bob." The cast, chosen some time ago, is practicing regularly.

Opening Service.

Rev. Dr. Manning, of Dundas Centre Methodist Church, conducted the opening services at the commencement of the evangelistic campaign in Askia Street Methodist Church last evening, preaching on hunger and thirst after God. The services will continue nightly for the next two weeks.

Evangelistic Services.

Rev. Richard Whiting, pastor of the First Methodist Church, inaugurated a series of evangelistic services last evening, speaking on the subject, "Well-Wishing Is Not Well-Doing." The church choir, under the direction of Mr. A. D. Jordan, supplied an excellent musical programme.

Canadian Ordnance Corps.

Authority has been received by Lieut.-Col. Hodgins, D. O. C., from the militia department to raise a detachment of the Canadian Ordnance Corps, non-permanent, in this city. The corps will consist of one lieutenant, one quartermaster-sergeant, one sergeant, two corporals, two lance-corporals and thirteen privates, a total of twenty. The men will be required to perform their annual training with the divisional camp. Col. Hodgins is anxious to secure a commanding officer, and would be glad to receive applications for the position.

John W. Sickelsmith, Greensboro, Pa., has three children, and like most children, they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by all dealers.

WAGE REDUCTION IS BEING TAKEN QUIETLY

Only Comparatively Few of the Grand Trunk Men at Sarnia Will Be Affected.

[Special to The Advertiser.] Sarnia, March 12.—The Grand Trunk men in Sarnia are taking the proposed reduction of wages quietly. No apparent dissatisfaction appears to exist among the majority of the employees, as the reduction only affects a few of the trainmen. One of the local officials of the union declared that there is no danger whatever of a strike. It is expected that a committee will be sent from here before long to confer with the Grand Trunk officials at headquarters.

CHILDREN'S AID SOCIETY

Over 40 Members Attended the Annual Meeting on Monday.

The regular monthly meeting of the Children's Aid Society was held Monday afternoon in the city hall, and was the largest in some years. Over forty members were present, and it took a keen interest in the proceedings.

Inspector Sanders reported that during the month eight children had been placed in foster homes. He presented another application, and it was accepted. There are 20 children in the home at the present time, waiting for adoption.

The expenditure for the month of February was \$145. It was estimated that an equal sum would be necessary for the month of March.

Lecture by Canon Tucker.

The Imperial Order, Daughters of the Empire, have arranged for a lecture to be given by Canon Tucker, in Crown Hall, on Thursday evening, March 14, his subject being "Immigration in Its Relation to Our National Life." Canon Tucker has travelled over every part of Canada in missionary organization work, has given thorough study to the immigration problem, and is well equipped to deal with this very important and interesting subject. Mayor Graham has consented to take the chair at this meeting.

HON. SAM WILL BE DINED BY THE 7TH

Minister of Militia Will Be the Guest of the Regiment on Wednesday Evening.

FIRST DRILL LAST NIGHT

About 225 Men Were in Uniform—Col. Campbell Well Pleased With the Turnout.

Hon. Samuel Hughes, minister of militia, will be the guest of the officers of the Seventh Regiment at dinner on Wednesday evening. On that date he will be in the city attending the annual meeting of the Orange Lodge for Ontario West and Monday night the officers decided to give a dinner in his honor.

Capt. T. J. Murphy is chairman of the committee on arrangements, and is now looking after the details of the affair. Major Thomas Beattie, M. P., was also invited to attend.

The first drill of the season was held by the Seventh Regiment at the Armouries last night, with about 225 men in uniform. The companies did company drill under the instruction of Q. M. S. Instructor White. There was a large class of recruits, who were given their first lessons by Q. M. S. Instructor Black. The band played on the floor for dismissal.

Col. A. A. Campbell was well pleased with the turnout, and expressed his opinion that it would be one of the best in the history of the regiment.

The commanding officer explained the arrangements for the training camp. He also addressed the sergeants, explaining their duties, etc., to them.

Mr. E. D. McLean, one of the new officers, was present, and Mr. E. B. Wright was accepted as an officer. Lieut. George Watson is taking a course at Wolseley Barracks, and will qualify for the rank of captain.

RURAL DEAN OF ELGIN BURIED AT ST. THOMAS

Rev. George H. Elliott Was a Graduate of Huron College.

[Special to The Advertiser.] Tyngsboro, March 12.—The funeral of Rev. George H. Elliott, rector of St. Peter's Anglican Church here, and rural dean of Elgin, was held today from the family residence to St. Thomas Cemetery. The funeral was very largely attended, and among the mourners were many clergymen from all over the district. The services were of a most impressive nature and were conducted by Bishop Williams, of London.

Rev. Mr. Elliott was a native of Cavan County, Ireland, 55 years of age, and was for some years connected with the Royal Irish Constabulary. He came to Canada in 1887, where he held office with the C. P. R. at Toronto and London. Later, feeling himself called to the Christian ministry, he entered Huron College, from which he graduated and was ordained by Bishop Baldwin in 1892.

His first parish was Comber, in Essex County, and later he was appointed as rector of Glencoe. In 1900 he accepted the appointment to St. Peter's Church, Tyngsboro. He was ever held in very high esteem, and two years ago was appointed as rural dean of Elgin.

In 1893 he was married to Miss M. J. Kennedy, sister of Dr. G. T. Kennedy, of St. Thomas, who survives him, with their four children, Claude, aged 17, an undergraduate of Toronto University; Gladys, aged 14, a student in a St. Thomas Collegiate Institute; William and Stuart, at home; also his sisters, Miss Lizzie Elliott, of New York, and Mrs. T. J. Gibson, of Newport, Rhode Island, and a sister and brother in Ireland. Mr. Elliott was a prominent member of the Masonic and Orange orders.

MISSOURI PACIFIC CHANGE.

St. Louis, Mo., March 12.—St. Louis Republic today says: "A change is to be made in the directorate of the Missouri Pacific at the annual meeting of stockholders today. The name of the man who will retire was not made known because," it was said in the offices of the company, "you never can tell what a meeting of stockholders will do. George J. Gould, it was added, is the only man who can tell anything about the programme, which is to be submitted to the meeting."

This secrecy by those in control of the road caused all sorts of rumors.

WANTED FOR THEFT. [Special to The Advertiser.] Sarnia, March 12.—John Considine is being sought by the police on a charge

FREE PILE REMEDY

Sent to Demonstrate the Merits of Pyramid Pile Remedy.

What It Has Done for Others It Can Do for You.

We have testimonials by the hundreds, showing all stages, kinds and degrees of piles which have been cured by Pyramid Pile Remedy.

If you could read these unsolicited letters you would no doubt go to the nearest drug store and buy a box of Pyramid Pile Remedy at once, price 50 cents.

**Behold—
an
Advertisement!**

I CAME into being as the spoken language came: slowly, gradually, and to meet an urgent need. I have been worked for evil, but mostly I have worked for good. I can still be worked for evil, but each day it grows more difficult so to do.

I am at once a tool and a living force. If you use me wisely, I am a tool in your employ. If you misuse me, my double edge will injure or destroy you. If you do not use me, I am a force that works ever against your accomplishment of the aims and purposes that animate your business.

I speak a thousand tongues and have a million voices.

I am the ambassador of civilization, the handmaiden of science, and the father of invention.

I have peopled the prairie, and with my aid commerce has laid twin trails of gleaming steel in a gridiron across the continent and stretched a network of copper into the far corners of the globe.

I am the friend of humanity—for I have filled the commoner's life with a hundred comforts denied the king of yesterday.

I have brought clean food, healthful warmth, music, convenience, and comfort into a hundred million homes.

I laugh at tariffs and remake laws.

I have scaled the walls of the farmer's isolation and linked him to the world of outer interests.

I build great factories and people them with happy men and women who love the labor I create.

I have made merchant princes out of corner shopkeepers and piled the

wealth of a Monte Cristo into the laps of those who know my power.

I am a bridge that cancels distance and brings the whole world to your doors, ready and eager to buy your wares.

I find new markets and gather the goods of the world into a handful of printed pages.

I fathered the ten-cent magazines and the penny paper.

I am either the friend or the foe to Competition—so he who finds me first is both lucky and wise.

Where it cost cents to hire me yesterday, it costs quarters to-day, and will cost dollars to-morrow. But whoever uses me had best have sense; for I repay ignorance with loss and wisdom with the wealth of Croesus.

I spell service, economy, abundance, and opportunity; for I am the one and only universal alphabet.

I live in every spoken word and printed line—in every thought that moves man to action and every deed that displays character.

I am Advertising.

Advice regarding your advertising problems is available through any good advertising agency or the Secretary of the Canadian Press Association, Room 503, Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write if interested.
