

STANLEY STREET PAVEMENT STILL IS BIG PROBLEM

Will Be Discussed Fully At Special Meeting Monday Night.

"GET AFTER SOLICITOR" Instructions To City Clerk Relative To Collecting Rectory Street Bill.

A general meeting of the city council, at which the Stanley street pavement controversy, and the question of calling for tenders for other city paving will be discussed, is scheduled for Monday evening. As the result of a meeting of No. 1 committee of the city council Wednesday afternoon, Mayor Little made a motion that such a meeting be called, and the committee concurred with him.

The committee was unable to reach a satisfactory decision upon the recommendation of No. 2 committee that the city engineer be instructed to proceed with the paving program, of which Central avenue, and Piccadilly streets, between Richmond and Adelaide streets are the main items. No. 2 committee members favored calling tenders for this work, and the thing being will be thrashed out at the council meeting.

Should Stand Pat. "We should stand pat on our first report," said Ald. Wenig, "by calling for tenders. We have no idea of the reduction in prices. This is the time for a competitive scheme."

"We are paying too much for our pavements," said Ald. Cameron Wilson, who objected to paving Central avenue, Piccadilly street, and Adelaide street between Rattle and Oxford streets, all three jobs having been authorized by the city council. Ald. Wenig cited the Victoria School, and hydro and gas sub-station tenders as examples where contractors bid the estimates.

Stanley street, and its famous pavement which has assumed a foregone conclusion attitude in civic circles, was the next subject of the agenda. Ald. Wenig asked what steps the city solicitor has taken to collect the claim due for the track allowance pavement on Rectory street, and the claim taken by the committee regarding Stanley street. After considerable discussion the latter problem was referred to the city council meeting, at which the city solicitor will be requested to attend and explain what course of action is open. This will be done privately during the meeting, when the council will adjourn for a few moments for the purpose.

City Clerk S. Baker, on the motion of Ald. Watt, was instructed to "get after" the city solicitor to see what steps he has taken to collect the Rectory street claim." When the Stanley street predicament was being discussed Ald. Watt inquired who owned gravel placed on the car tracks.

Most Ungodly Thing. "It is the most ungodly thing I ever saw," he declared. "The man who ordered that must have been insane. As for the Rectory street claim we should put a receiver in, pay the employees and take the rest. If we seize the street railway company, Jakey Harris and Left will be the bidders."

The recommendation of No. 2 committee that Victoria Park be closed to vehicles, was also referred to the council. Mayor Little suggested closing the four corners of the park, but allowing entrance and egress of vehicles by the Wellington and Clarence streets side-roads. Ald. Wilson asserted that two people had been fatally injured by cars in Victoria park, but that the park was a "breathing space" the park be left in safety to pedestrians.

By doing it you might as well lock up the park," said Chairman Watkinson, who opposed the park closing. He declared that a decreased speed limit for autos on city pavements would be a better step toward the safety of pedestrians.

"Well I moved in 1915 that the speed limit be made 10 miles per hour," commented Ald. Watt, "but old Bill Wilson opposed it because his tin Lizzie can't go less than 10 miles per hour. I once heard the auto driven as the most deadly weapon in the hands of a damned fool."

Fire Chief Complaints. Fire Chief John Aitken complained to the committee that taxis parked on Richmond street in the vicinity of the Grand Trunk station constitute a menace to traffic, and predicted "a bad smash in this dangerous place some day." The complaint was referred to the police commission for investigation. Ald. Watt complained about the high price of milk and meat in London, but no action was taken. This matter will likely be discussed by the council along with the refusal of Attorney-General Raney to investigate the local bread situation, which was laid over until Monday evening.

An invitation to the city council to attend the St. Clair County old boys reunion to be held in Port Huron during the week commencing July 3 was read and Mayor Little extended an invitation to the city council and heads of civic departments to take the trip, as his guests. This trip will be arranged on a date suitable to those invited, likely Friday, July 8.

Chief Aitken was deputized to attend the convention of the Dominion Association of Fire Chiefs to be held at Three Rivers, Quebec, August 9-10-11, and City Clerk Baker was authorized to attend the Union of Canadian Municipalities convention to be held in Ottawa for three days commencing July 27.

Transfer of Patients. Aldermen Wenig and Cameron Wilson were named a committee to confer with the Women's Christian Association with a view to arranging the transfer of twelve city patients from Victoria

Hospital to the Home for Incurables. The committee expressed surprise that, despite the fact that the city voted \$50,000 to the latter institution, only seven Londoners are treated there for whom an allowance per diem is paid. The transfer of the twelve patients was authorized.

The committee reaffirmed its former decision regarding the appointment of Dr. C. S. Tamlin as sanitary inspector at an increased salary, and H. Ross as sanitary assistant, by the board of health, maintaining that this body must keep within its estimates, and if such can be done, including the above appointments, no objection will be registered. The members approved of the recommendation of the board of health that bylaws be prepared making it compulsory for grocers to cover cold meat kept for sale and prohibiting carcasses with hides on being placed in butcher shop sales cases.

A communication from the Ursuline Religious asking remission of taxes on premises at 336 Queen's avenue, recently purchased, was read, as there is a provision in the statutes for same. It was pointed out, however, that when the deed is transferred and the Ursuline Religious assessed next year, a remission of taxes can be obtained. City Solicitor Meredith reported to the committee that the council has no power to regulate traffic compelling bicycles to be equipped with lamps and bells.

Fire Alarms City. Chief Aitken reported that within two weeks a fire alarm box will be installed at Chelsea Green near the Richardson-Wilcox factory. He announced that the box cost \$223, while installation complete will cost \$227. "It is a pretty fine machine, and holds up in all kinds of weather," he stated. This box could not be installed previously, as the chief was unable to obtain material for equipping it.

Permission was granted the Loyal Orange Association to place streamers on city streets and erect an evergreen on Queen's Park entrance for the 12th of July celebration here, conditional that the city assumes no liability for same. A request for financial assistance for a tennis court forwarded by the Y. W. C. A. was filed, "no funds" being the cause of such action. The committee voted a grant of \$25 to the boys' council for their valuable services during clean-up week here.

EXCESSIVE TAXES HANDICAP BUSINESS

London's Debt Per Capita \$477 According To Citizens' Research Institute.

HALIFAX STILL LOWER

Interesting Bulletin Shows How Heavy Taxation Discourages Industrial Growth.

With the exception of Halifax, London has the least burden of public debt per capita of eleven typical Canadian cities. Her total debt per capita is \$477, according to a table issued in a bulletin of the Citizens' Research Institute of Canada, which deals with the relation of government business and industry, describing the various types of taxation, provincial or municipal may handicap business and industry.

Taxes in the last analysis, it is pointed out, are a charge against production, and consequently inefficient government expenditure is a direct handicap to business and industry, and an indirect handicap thereto by diminishing the savings of the people necessary for the healthy growth of business and industry.

Handicap Business. Through a too high tax rate a government, municipal, provincial or national, may handicap business in the following ways, the bulletin states:

1. It may enter on such a large program of capital expenditures as to leave an amount of savings in the hands of the investors insufficient for the needs of expanding industry and business.

2. It may give artificial advantages to the investor in Government bonds by exempting interest payments, or by paying a rate of interest higher than the market justifies.

3. It may incur such a large debt that the debt charges thereon may require an extravagant percentage of the proceeds of taxation, reducing the portion of the taxes which may be expended on the current Governmental services necessary for the proper conduct of industry and business.

4. It may give too large exemptions to educational, religious and other institutions or organizations, thus thrusting an undue burden of taxation upon industry.

5. It may make grants lavishly or without sufficient preliminary investigation, to organizations over the expenditure of whose funds it has little or no control.

6. Its control of current expenditures may be so loose as to reduce the efficiency of each dollar in taxes or increase the total amount to be raised by taxes.

On the table showing the public debt per capita charged against each of eleven cities in all parts of Canada, Edmonton is highest with a per capita debt of \$523, and Vancouver next at \$477. Hamilton's debt per capita is \$402, and Halifax, the lowest, \$467.

GRANTON MASON. Granton, Ontario, played the part of the "Deserted Village" on Wednesday when practically the whole population attended a picnic held in Springbank park, the auspices of the Granton Masons, Lodge 483. More than 200 people motored from the village to the park in a procession of cars numbering thirty in all.

The day was spent in a long list of sports and games, of which a baseball game played between two picked teams was perhaps the feature. The team captained by J. A. Baynes by a score of 13 to 11, according to figures given out by the official scorer. Although the game was disputed by those who claimed that the defeat was more ignominious, the official maintained his stand without even blinking.

The picnic was planned by a committee composed of the following men: C. Powers, A. J. Clatworthy, P. C. Westman and J. Baynes, and it was chiefly through their efforts that the outing was such an outstanding success.

Following are the winners of the different races:

Boys' 10 years—J. J. Youngson, Dorothy White and Helen Stephens. Boys' 10 years—Clark Shervill, Rose Clatworthy, Heber McRoberts. Boys under 18—William Hill, Cecil Clatworthy, Morrison Foster. Young men's race—Cecil Clatworthy. Girls' 10 years—Cecilia Clatworthy. Married men's race—Harry Stephens, C. Baynes. Married ladies' race—Mrs. S. Jerome.

SPRINGBANK PICNICS

Six Picnic Parties.

Occasional showers failed to dampen the jubilant spirits of many picnickers attending the annual outings of several churches and other organizations in Springbank Park on Wednesday. Practically every available open spot in the great playgrounds was occupied, when six large picnics, including those of two local churches, one local firm, an Aylmer church, a Masonic lodge of Granton and the combined churches of Lambeth were held, in addition to a score of smaller gatherings.

With more than 400 in attendance, St. Andrew's Church of this city celebrated one of the largest and gayest outings of its history. Other than to slightly delay the running of the long lists of sports, the rain had little effect on the scores of children who were so enthusiastic that they could be scarcely kept dry.

Besides all the conventional dashes and races many unique events were introduced into the long program of sports. Many of these freak contests including a feather race, a newspaper race, a driving contest, a bottle contest, a ball-throwing contest and a candy scramble for children of three years and under, created not a little amusement, spread in the pavilion. Then followed a ball game played by the church managers vs. the elders.

Following are the winners in the sports:

Candy scramble, three years and under—Margaret Ross. Girls, five years and under, 25 yards—Jane Fuller, Dorothy Phillips, Margaret Ross.

Extra boys—Bruce Hogarth, Robert Ayder and Campbell Calder.

MASON & RITCH. The employees of the Western Ontario branch of the Mason & Ritch Company, including the stores in this city, Chatham, St. Thomas and Sarnia, held their first combined annual outing on the bank of the river.

It is estimated that 125 were in attendance, with more than 40 from outside of the city. N. H. Cooney, general manager, and H. B. Short, head auditor, both of Toronto, were present. The picnic was directed generally by L. Gray, manager of the local store.

One of the features of the outing was a ball game between the married men and the single men, which the single men won by the score of 8 to 5. The men won by the score of 8 to 5.

Despite the large number present much ice cream and cake was left over. Much was later taken to the children's aid in the shelter of the Children's Aid Society.

In the winners in the various sports events were:

Salesmen's race—R. McParlane, D. F. Smith. Boys, 10 years—A. Arthur, R. McParlane, Junior.

Girls, 10 years—D. Nichol, M. Venner. Married ladies—Mrs. W. E. Arthur, Mrs. B. Gourlay.

GRANTON MASON. Granton, Ontario, played the part of the "Deserted Village" on Wednesday when practically the whole population attended a picnic held in Springbank park, the auspices of the Granton Masons, Lodge 483. More than 200 people motored from the village to the park in a procession of cars numbering thirty in all.

The day was spent in a long list of sports and games, of which a baseball game played between two picked teams was perhaps the feature. The team captained by J. A. Baynes by a score of 13 to 11, according to figures given out by the official scorer. Although the game was disputed by those who claimed that the defeat was more ignominious, the official maintained his stand without even blinking.

The picnic was planned by a committee composed of the following men: C. Powers, A. J. Clatworthy, P. C. Westman and J. Baynes, and it was chiefly through their efforts that the outing was such an outstanding success.

Following are the winners of the different races:

Mrs. C. A. Northworthy. Throwing ball—Mrs. A. J. Clatworthy, Miss Bernice Rankin. The tug-of-war was won by a team composed of George Cooks (captain), M. Ray, W. Rattelle, Wilbert Foster, R. Lindsay and W. Batten.

AYLMER METHODIST CHOR. The choir of St. John's Methodist Church of Aylmer held an enjoyable outing in the eastern portion of the grounds. Nearly fifty members of the choir and their friends motored to the park shortly after noon and a long list of sports was run. Following are the winners:

Peanut race—Madeline Koyle. Clothes pin race—Mrs. C. Howie. Men's three-legged race—C. Corbin and C. Howie.

Chocolate string—C. Bridgeman. Ring contest—Gladys Johnston. Men's 50 yards—C. Corbin. Ladies' 50 yards—Madeline Koyle. Drawing contest—Robertina Koyle.

There was also a tug-of-war between two mixed teams.

By popular vote, Mrs. E. E. Martin was declared the most beautiful woman at the picnic. She was awarded a prize accordingly.

FOUR FROM LAMBETH. Four churches of Lambeth and its vicinity held their annual outings jointly. As Wednesday was a holiday in the village, the picnic took on the proportions of a city celebration. Nearly three hundred members of the North Street Methodist Church, the Temple Presbyterian Church, the Lambeth Methodist and the Brick Street Methodist were in attendance, besides many of the friends.

The day was spent in sports and baseball. Unfortunately no record was kept of the winners of the events. As the picnic was held near the great covered walk near the centre of the grounds, the rain held no terrors for the crowds.

WEST MISSOURIANS. The pupils of School Section Number 11, West Missouri and their parents and friends held the annual picnic at the park. Nearly 60 people were in attendance and all had an enjoyable time.

ST. MATTHEWS CHURCH. Three hundred people attended the annual outing of the St. Matthews Anglican Sunday School. The outing, which was held near the covered walk, was interrupted by the showers, but they were again resumed in the evening.

Luncheon was held under cover. After the luncheon the St. Matthews Tuxis boys played a team from Lambeth. After some mighty good baseball it ended in a tie when each team scored ten runs. A regular league fixture was scheduled with the Aylmer Street Meteors but the game was defaulted.

The races were won by the following: Girls, 6 to 8 years—E. Jones, P. Kebb. Girls, 8 to 10 years—C. Verna Holmes, Eleanor Simpson.

CONSERVATORY OF MUSIC GRADUATES RECEIVE DIPLOMAS

Brilliant Program Presented in Masonic Temple—Banquet Follows At Wong's.

The London Conservatory of Music has graduated another year's quota of promising pupils, the presentation of diplomas, scholarships and medals being made at the Masonic Temple by Dr. C. R. Somerville. In an address preceding the presentation Dr. Somerville declared that he was glad of such splendid exhibits of musical art and study as that held annually by the London Conservatory of Music. "We've had so much of machine music and jazz music during the last few years, that it is a delight to hear the serious students of musical art at work," he said. Many graduates took part in last night's program, which was such as to demonstrate the splendid opportunities afforded by an outstanding school of music. The difficult numbers undertaken were played with an understanding and verve verging upon the point of brilliancy. "Caprice Espagnol" (Mozzowski) rendered by Miss Rosella Hamilton at the close of the evening's program was one of the most delightful numbers, as was Chopin's "Nocturne C Minor" played by Miss Gladys Roeding. Both artists have a splendid future before them. No less gifted is Pemberton Cary, whose rendition of MacDowell's "Etude de Concert" was a delight. Nothing was prettier or more artistic on the program than John Ireland's "Island Spell" and Chopin's "Fantasie Impromptu in C sharp minor" as played by Miss Dorothy Collyer, another exceedingly clever student of the piano. The opening number of all was Liszt's "Rhapsodie No. 11" performed with regard for technique and understanding of the mood of this great musician, by Miss Jean Henderson.

Only Vocal Number.
The only vocal number of the evening was a group of two songs, "Stizzoso Mio Stizzoso" (Perogoles), and "In Summer" (Hugon), sung charmingly by Miss Nettie Jones, who is graduating.

ONLY LIGHT YIELD OF CLOVER AND TIMOTHY

In Many Districts Barley Half a Crop—Will Be Saved.

The following is a summary of reports made by the agricultural representatives to the Ontario Department of Agriculture: Hay is being cut much earlier than in ordinary seasons. The average yield for clover and timothy will be comparatively light, some representatives putting it at about half a crop. Alfalfa and sweet clover have been giving more satisfactory results for the first cuttings. Kent is of opinion that some fields of fall wheat will be ready for harvesting in about a week, and says that there is considerable Hessian fly in a number of the early sown fields. Rye is also coloring for ripening. Oats, barley and other spring grains are likely to be short in straw this year unless timely showers come. Early potatoes are doing well in Lincoln. The representative reports that he has marketed some on June 17. They have been bringing \$3 a bushel in Essex, where the crop has also been unusually early.

Helped the Corn.
The hot weather has been just the thing for corn, but like the other field crops it would be the better for more moisture.

Essex reports that outdoor tomatoes were ripening during the week, and have been selling at \$3.75 a basket.

Lincoln reports that peach trees in cultivated orchards are recovering from last year's blight.

Blight and the hot, dry weather have been lessening both the yield and the length of the bearing season of strawberries in nearly every fruit district. Speaking of the former trouble, the Lincoln representative observes: "Expert opinion is divided on the injury caused to strawberry patches. Some contend that it is due to blight, while others contend the injury has resulted from late spring frosts damaging the roots and so arresting the flow of sap."

Banberries are promising a good yield so far. Prices of bacon hogs are holding well around \$12 a cwt., although a representative in Eastern Ontario speaks of a shipment purchased at \$10. Young pigs are scarce and dear. The Port Arthur representative reports sales at the weighing are from \$10 to \$12 each. Brant, however, quotes them as selling at \$12 a pair.

At a Standstill.
Cattle upon the grass are practically at a standstill, as the very warm, and dry weather prevailing has been affecting the pasture. There has been a noticeable falling off in the milk flow, but not so seriously as some feared.

During the week cheese has been selling on local boards at from 15 to 16c to 17c a pound.

The Lambton representative says: "The following incident is typical of the cattle situation as it affects the farmers of this county. One farmer, in relating his experience, says that he purchased \$4,000 worth of stockers last fall, and fed them all winter the crop that grew on 100 acres of land, and sold them about a month ago for \$9,925. This shows how the farmers have to take their losses." The Simcoe representative reports: "At recent sales in this county of purebred live stock, prices showed quite a slump from last year, although as far as the bulls were concerned, in most cases they brought full value, ranging from \$71 to \$120 for ordinary year-olds. The cows, being a little better bred, brought more, but they were really under value in most cases, the highest price being \$292 and the lowest \$65." Lambton states that a number of married men with families have been placed at wages averaging about \$400 a year, with cottage, etc.

Seven of Eight Sox Players in Court--Both Fighters in Secret Workouts, VEHICLES BEAT TECS -- DOWN HURLS NO-HIT, NO-RUN GAME IN MFRS.

FLINT TAKES LAST 5-4 WITH TWO-RUN RALLY

Pinto, Stuck In Ninth With Three Men On and One Out and Single, Scores Two--McDonald Allows But Six Hits.

The "rookies" dream--the 9th inning, three men on bases and three strikes in a row--was Pinto's portion yesterday, all but the last part, when Hunter, the first man he faced, nicked him for a single to centre which scored two of the Flint runners and made the score 5-4. Deloitelle had been left in just long enough in the 9th for two singles, a sacrifice and walk to fill the bag, and Pinto was handed the unenviable task of stemming the threatened cyclone.

Shay's single to centre, Curry's sacrifice and Stutz's free journey to first and play of second made a London rally imminent, but the best Carmen could come across with, with opportunity beating a regular tattoo, was an out to short.

Each Sandy McDonald had the Londoners groping except when they punched six of their seven hits in the 5th, 6th and 7th frames for a four-run total, which they failed to better. The lanky transplanted Scot didn't have much except a mixture and a wide curve which have inspired a few bad boys, but he was a London batter got wise to the fact they might as well have swung anyway.

Old Twenty No Puzzle. Deloitelle wasn't any more puzzle to the Flint swarms yesterday than a primer to Einstein, for they read him like a book. He made up for lackadaisical work in the box by putting the locals even with a two-bagger with two runners on the bags in the 5th. He again did things in the 7th by singling right, stealing second and coming on Stutz's hit to centre. Stutz came with the other one in this brace on Warner's single left, which put London one to the good.

At that Deloitelle's support had an edge on that given McDonald, the hunters placing their hits when they felt it to hit and making the London defence work hard for everything they got.

A walk, a sacrifice and Hunter's double gave Flint their first run in the first walk, a sacrifice and Stutz's single to centre gave them their second counter in the 4th, Crichlow's feature catch of Gray's curving fly, stopping further damage.

A wild rag of Deloitelle's to first in the 7th put McDonald on second, a couple of outs advancing him to third from where he scored on Morgan's single.

Each Stutz and Malmquist negotiated difficult chances in the 8th to hold them back, but in the 9th McDonalds got his third hit to start, McDonald sacrificed, Gray strided to right, and Morgan drew a pass, and this was the condition of things, when Pinto undertook to put his finger on the leak.

DOUBLE KNOCKDOWN. New York, June 29.--Canadian Press. The spectators at the Pioneer Sporting Club last night were treated to a double knockdown in the bout between Jack Ross, of Winnipeg, and Bill Schilling, of Philadelphia. In the first round, after Schilling had been down once for a count of 9, both men stood feinting in the centre of the ring. Suddenly both men threw their punches, found their mark, and for a couple of seconds both men were on the floor. Ross jumped up almost at once, but Schilling again took time. In the second round Ross again beat Schilling to the floor, and this time the Philadelphia stayed down.

HURONS EXTEND A HEARTY WELCOME TO BEAVER RECRUIT

Martin From Indianapolis Didn't Last Frame--Kirley Relieved.

KITCHENER, June 29.--Martin, a new pitcher recruit from Indianapolis, was given a warm reception at the hands of the Hurons this evening and after four hits and an error had netted four runs he was relieved and Kirley took the mound. The Hurons kept up the batting bee and won by 13 to 0. It was not until the fourth inning that Kirley showed form in the box. Doc Bullard pitched for the Hurons and allowed only four scattered hits. Owing to the injury to Outfielder Shafer, the Beaver's line-up was changed, Grimes, still limping, going to first; Regan to short, and Carlin in left field. The score: Kitchener, A.B.R.H.P.O.A.E. JUST BETWEEN US

Those who were but lukewarm in their interest in the big fight are twiddling their ears more now than the affair is little more than hours away. Dempsey will go into the ring, an overwhelming favorite in the betting if not in actual fact. Those who compare the two physically must lean toward the champion, as he has it on the Frenchman in every measurement, except the neck and calf--even to behind the ears, his detractors say. Ring history has shown, too, that the title holders are always favorites that the cases be ruled out of court.

It would appear that Kearns had rather put one over Descamps when he saw that the articles called for an 18-foot ring instead of the 24-foot space called for by the Queensbury rules. It is surmised that Descamps thought Dempsey was slower than he is when he permitted this to be put over. If Georges makes a running fight of it, as some of the critics profess to believe he will, his movements will be somewhat confined in the smaller ring. It's a good job that the supporters of Carpentier have the memory of Bob Fitzsimmons to buck up their moral, when all this talk of the champs' superiority over Carpentier, physically, is being hammered at each day. And Fitz never had at any stage of anything like the speed or ring generalship possessed by the challenger, though he always gave away weight and height.

THE LONDON AND DISTRICT FOOTBALL SEASON went through without many hitches until the last final spurge, which came with St. Thomas Rovers refusing to play Public Utilities in London for the association title. Government of football, like any other kind of government, isn't any peaceful bed of roses, and that London and district, comprising sixteen teams, should have gone through the season without any more friction than has been noticeable, is a tribute to the good work of the executive. Being human, however, they may pull a boner at times just like the rest of us, and it will take further investigation to show the right and wrong of the St. Thomas club's action.

Sixteen hundred policemen getting into the fight free on Saturday adds a new side to this occupation, not connected this time with "Pies and Cooks We Know."

There was a great deal less fuss made about how George the Fourth was going to visit Belfast than how the fighters are going to enter Jersey City the day of the fight.

THE ANSWER. If anyone asks you "what is so rare as a day in June?" don't hesitate a minute. "Saturday night in Paris if Carpentier wins the fight" is the answer.

Corbett will not announce his pick until today. He's about as good picking winners as W. Jennings Bryan is at picking presidents of the U. S.

Hank Down Pitches No-Hit, No-Run Not One of R. C. R. Players Reached First--Had Nine Strikeouts.

"Hank" Down, star pitcher of the Civil Service team of the Manufacturers' League, pitched a no-hit, no-run game against the R. C. R. aggregation in a league fixture at Queen's Park last evening. Another feature is that not one of the losers' runners reached first base. Nine strikeouts were also credited to him.

His teammates connected for nine hits, and these were responsible for ten runs. Hank also made a pair of base hits, but his weight kept him from reaching home. The Posties have not lost a game in the first series.

THE BOLT AND HOLTER nine will play the Ruggles team this evening at Queen's Park.

Kid Williams of Baltimore gave St. C. R. a 100-000-0 0 2. Down and Armstrong; Cormier and Howard.

The preliminaries were held in a downpour of rain. Danny Kramer of Boston knocked out Johnny Russell of New York in the fifth round.

Joe Benjamin, one of Jack Dempsey's sparring partners, and Harry "Kid" Brown of Philadelphia, boxed eight rounds to a draw.

"NO MORE BALKS," JUDGE IN TRIAL OF BALL PLAYERS

Seven of Eight Former Sox Faced Court Yesterday.

KID FANS IN COURT See Heroes in Role of Criminals--Abe Attell Beats Extradition.

CHICAGO, June 29.--Seven of the eight former Chicago White Sox charged with selling out the 1919 world's series with the Cincinnati Reds, faced an array of prosecutors today, when they went on trial. Four alleged gamblers were also on trial. Baseball fans, many of them "kids," who thought the world all wrong when their heroes were indicted and ruled off the diamond thronged Judge Hugo Friend's court.

Judge Friend announced at the opening of the court that no "balks" from either side would be countenanced. "These trials have been delayed long enough," he said.

The Wolf Pack will be here for the remainder of the week. They took about as many games as any team in the league last year, against London, but in their last series here the jinx appeared to have been lost.

Curry has been working splendidly during the Flint series, and not in hitting alone. He has worked some of the rough edges off his work behind the bat, and shows more confidence in throwing to second than he did.

HESS REJOINS BRANTS. BRANTFORD, June 29.--Frank Hess, a young catcher from Morlin, is back with the Brant ball team, having recuperated fully after his shoulder trouble a few weeks ago. Hess says he is in fine shape, and his services will be greatly appreciated by the team, and he is a pretty fair fence-buster and a good catcher.

Scouts from the American Association speak favorably of Weststrom. Dye, dressing the champion jumped on the scales in his rubbing room and balanced the beam at 192 pounds. He expects to shrink another two pounds off his big frame within the next thirty-six hours.

ST. MARYS KIDS DEFEAT FERGUS LACROSSE TEAM. ST. MARYS, June 29.--St. Marys junior O. L. A. team defeated Fergus here this afternoon by a score of 1 to 7. This was the first junior league game played here this season. Both teams played a good game of lacrosse.

The line-up: St. Marys--Stevens, goal; Yates, point; Richardson, cover point; Moss, slip, first defence; White, second defence; Waddell, centre; Newman, first home; Heuther, second home; Nethercott, inside home; W. Louch, outside home; Riddell, D. Louch, Hobbs, subs. Fergus--Cormack, Gibson, Russell, Gibbons, Atkinson, Howatt, Sargent, Stevenson, Flowering, Graham, Lavelle and Richardson. Referee--Rankin of London.

YANKEES GET TWO. NEW YORK, June 29.--New York defeated Boston in a double-header today, 8 to 5 and 5 to 3. The second game was won in the tenth inning when Peckinpaugh hit a home run into the right field stand with Fawcett on base. Score: First game--R.H.E. Boston 201 000 002-2 9 1. New York 000 020 008-5 11 3. Pennock, Karr and Ruel; Shawkey and Hoffman. Second game--R.H.E. Boston 101 100 000-2 9 0. New York 100 001 0102-5 9 1. Bush and Walters; Mays and Schang.

FOUR HITS WIN. ST. LOUIS, June 29.--Four successful hits in the tenth inning today gave St. Louis a 4 to 3 victory over Chicago. Williams hit his twelfth home run in the sixth inning. Score: R.H.E. Chicago 000 001 0011-3 13 0. St. Louis 010 001 0002-4 12 0. Faber and Schaik; Davis and Collins.

By C. S. G.

Larry Doyle of the Leafs is still sticking around, so he must be scrutinizing the gang pretty carefully. He was certainly wasn't one of his best days by a long shot, where balls and strikes were concerned.

GEORGES AND JACK COMPLETE TRAINING WITH MUCH SECRECY

Neither Will Do Any Fighting Until the Bout. JACK NOW 192 POUNDS

But Expects To Reduce Two Pounds--Carp. Works Lightly.

MANHASSET, N. Y., June 29.--Georges Carpentier boxed four rounds this afternoon, Francois Descamps, his manager, said tonight. Identity of the four pugilists was not revealed.

It was also declared at the camp that the challenger had not boxed with Tom Gibbons. St. Paul heavyweight, despite widely-circulated reports to that effect. Today's activities were largely shrouded in mystery. Carpentier went out on the road this morning for a light but lengthy workout. When he returned he was sent behind the barn with Trainer Wilson, Charles Ledoux, French bantamweight champion, and Paul Journee. He remained there three-quarters of an hour.

Descamps said Georges had worked lightly and had not sparred. "He has done enough boxing and will not do any more until the bout," he said. JACK WEIGHS 192 POUNDS. ATLANTIC CITY, N. J., June 29.--With a light 15-minute workout that included three rounds of boxing, Jack Dempsey today ended ten weeks of training in preparation for the defence of his world's championship title against Georges Carpentier at Jersey City on Saturday afternoon.

Dempsey's final day of training was exceedingly quiet and tame. After taking a long walk with "Mike" Trant, the Chicago detective-sergeant, over the paved highway leading west from the camp, Dempsey returned for a brisk rubdown and a light breakfast. Before dressing the champion jumped on the scales in his rubbing room and balanced the beam at 192 pounds. He expects to shrink another two pounds off his big frame within the next thirty-six hours.

REFUSES TO RESIGN NOW

REV. T. T. SHIELDS, former London pastor, who will not act on resolution passed by his congregation in Toronto.

PASTOR REFUSES TO RESIGN NOW

Former Londoner Will Not Act Upon Resolution Passed.

TORONTO, June 29.--Rev. T. T. Shields, pastor of Jarvis Street Baptist Church, this city, refused to act upon a resolution which was passed at a meeting of the congregation tonight asking him to resign. The resolution requesting Mr. Shields to resign his pastorate, was carried by a vote of 204 to 176.

Mr. Shields took the ground that the question of his remaining in the pastorate of Jarvis Street Baptist Church was settled at a previous meeting of the congregation by a majority of 85 in his favor, and that the action of the meeting tonight was unparliamentary, and not in accordance with the way in which the business of the church had been conducted.

The meeting ended in a deadlock, and was adjourned until September 21. The press was excluded.

At the previous meeting at which the question of Mr. Shields' pastorate came up, 234 members voted for his retention, and 139 against.

YOUNG CYCLONE HITS RIDGETOWN

Heavy Damage Done by High Wind in West End of Town.

[Special to The Advertiser.] RIDGETOWN, June 29.--The west end of the town was the center of a young cyclone at 4:30 this afternoon. Although the area affected by the windstorm was small, heavy damage resulted.

Starting near the M. C. R. tracks it passed to the south, tearing down some sheds at Hitch's brick yard, taking the roof of a shed belonging to George Gillingham, and passing on to Sid Clark's, where it tore down his bank barn. Fortunately only a team of horses were slightly injured.

Fruit trees in the path of the storm were blown down. At Victoria Park, where a ball game was in progress, the wind caused some damage to several cars, the being entirely blown off Gordon Campbell's car.

Other damage was done to the roof of a shed belonging to George Gillingham, and passing on to Sid Clark's, where it tore down his bank barn. Fortunately only a team of horses were slightly injured.

M'KAY DECLARES HYDRO FIGURES ARE REASONABLE

Per Capita Contribution in
London Is Given As
\$3.38.

TORONTO, June 29.—Robert McKay, counsel for the municipalities in favor of the projected hydro-electric power commission's radial railways, contributing his argument today before the royal commission inquiring into the radial projects contended that the hydro commission's method of estimating the number of people in the city was based on the size of the main terminal population, whereas the experts from the United States reached their conclusions by lumping the suburban and terminal population and considering the average number of rides for the total population.

Estimates Conservative.
Mr. McKay, who claimed that the hydro estimates of the number of people who would patronize the electric cars were conservative. To prove his argument as to the averaging of the number who would have the riding habit he contended that 20,000 people added to the suburban area outside of Toronto would give a radial more traffic than would the same 20,000 people should they be added to the city's population. That 40,000 times a very large percentage of a radial's business would be conducted with the people outside the terminal centres who had business in the city.

The London Railway.
This was substantiated, Mr. McKay claimed, by the comparative results on the London and Port Stanley line, also on the Grand River Railway in the London district the per capita contribution to the hydro had been \$3.38 in one year, and on the Grand River Railway \$3.47. These figures were for service mostly suburban. On the lines in the United States cited by witnesses at the probe with the terminal population included with the suburban per capita earnings had dropped down under \$2.

"I could show that the hydro estimates are excessively and outlandishly conservative," declared Mr. McKay, after he had given more figures in favor of hydro estimates, as against testimony given by experts from the United States.
Mr. McKay, who began his argument yesterday, had not concluded today, and he will continue tomorrow.

Successful candidates received the diploma of L. M. C., which is a qualification accepted by every province in Canada for license to practice. The following were among the 57 successful candidates:

C. Carruthers, Sarnia; T. Curphey, Hamilton; H. Hart, Shesapeake, Ont.; I. W. Ruskin, Windsor, Ont.; W. Woodhouse, Niagara Falls, Ont.

FRANCE HONORS CANADIANS FOR THEIR SACRIFICE

Magnificent Bust Presented
At Ottawa by Marshal
Foyolle.

OTTAWA, June 29.—(By Canadian Press).—Marshal Foyolle, in the name of France, this afternoon presented to the Canadian people Rodin's bust, La France Reconnaisante (Grateful France). The ceremony took place in the railway committee room of the House of Commons and was graced by the presence of the leaders of the state, church and industry. Right Hon. C. J. Doherty, active prime minister, and Hon. W. L. Mackenzie King, leader of the Opposition, accepted the bust on behalf of Canada.

Regrettable Error.
Unfortunately and as Hon. Mr. Doherty explained, through a most regrettable error, the bust itself had been defined as Quebec and would be forwarded to Ottawa immediately. Instead of the bust, a photograph of it was placed on exhibition. Mr. Doherty voiced the feeling of the Canadian people when he said that the bust would be accepted, although it was not present, with the deepest spirit of gratitude and sincerity. The bust, as can be seen from the photograph, is a truly magnificent example of the sculptor's art, and as Marshal Foyolle said, depicts France victorious. On it are engraved the words: "To Canada, which has poured out the blood of her sons for the liberty of the world, from grateful France."

Largely Attended.
Marshal Foyolle and the members of the mission were escorted to the House of Commons by Hon. Mr. Doherty and members of the Government.

Among those present at the ceremony and in addition to the members of the Government, were representative of the Commons and Senate, the clergy of Ottawa, Sir Robert Borden, Mayor Frank Plant and members of the city council; Major-General J. H. Mc'Brien, chief of the general staff; Major-General Archibald MacDonnell, commander of the Royal Military College; Commander Home, director of naval services; the justices of the supreme court of Canada, and the consuls of the United States, Belgium, China and Japan.

Marshal Foyolle was greeted with three hearty cheers. In forceful and soldierly language he paid a tribute of unstinted appreciation to the co-operation which Canada had lent France during the war.

The object of the French mission, he explained, was to express the gratitude of France for the great part Canada had played in the war.

Signal Service.
It was at Laungmarcke, he continued, Canadians had done the French army signal service. First, disregarding the rules of civilized warfare, the Germans had added to their gunfire most unexpectedly a cloud of poisonous gas. The French soldiers were blinded, intoxicated—their weapons fell from their hands. Luckily, the Canadians were there and by a quick concerted attack they diverted the German forces and, saving a bad situation, thus made a splendid debut.

"Canadians never forget," said Marshal Foyolle. "This the Germans well knew."
France wished peace profoundly, he said. Just as the victory was a common victory, so the peace now won was bound to be shared by all the Allies. France remained deeply attached to her late Allies, even though the alliance might cost her some sacrifice—and none of her allies were dearer to her than was Canada, from whom, said Marshal Foyolle, there was nothing to separate her. On the effigy were engraved the words: "To Canada who shed the blood of her sons for the liberty of the world, in token of the gratitude of France."

Praises French.
Hon. C. J. Doherty, in thanking Marshal Foyolle, the members of the mission and France for the bust, said that the French people helped to lay the foundation of the present Canada, and that the people of Canada were deeply proud of the French forefathers. The messages of gratitude from France touched the depths of the hearts of the Canadian people. Canada's debt to France in art, literature and civilization was one that she could never hope to repay. This great sentiment would enter the hearts of all those who in the future would look on the visible emblem of the feelings of France for Canada.

All Canada was speaking with one voice in welcoming the distinguished guests, and in expressing gratitude for the gift and "our love for France." Everyone in Canada appreciated what the gift meant. The people of Canada knew the tremendous part France had played in the war. Canadians knew that France in the battles for liberty had more than 1,500,000 men in dead, had

RHEUMATIC PEOPLE CAN FIND RELIEF

By Enriching Their Blood
With Dr. Williams'
Pink Pills.

Rheumatism is a disorder of the blood. It attacks people when the blood is overcharged with impurities, thus setting up inflammation of the muscles and joints. Wet weather or cold weather may start the tortures of rheumatism, but it is not the cause. The cause is in the blood. Victims of this malady have ever reason to fear the first dull ache in the limbs and joints, followed by sharp pains through the flesh and muscles; these are the symptoms of poison in the blood which may shortly leave the victim pain-racked and helpless. Rubbing liniments and applying hot applications may give relief, but that is all, and the pains are soon back again. You must treat the trouble through the blood, and the value of Dr. Williams' Pink Pills for Pale People is proved by Mr. Elias Bruce, Upper Clarence, N. S., who says: "Some years ago I had a bad attack of rheumatism which left me helpless. I had to have help to dress and undress myself and could not even leave my bed without help. Of course, the trouble caused me much suffering, and I was in this condition for about ten months. One day a friend who called to see me advised the use of Dr. Williams' Pink Pills. I began taking them and soon found some relief, and a short while after all signs of the rheumatism were gone, and I have not since had any return of the trouble."
You can get Dr. Williams' Pink Pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

many millions wounded and crippled besides having thousands of square miles devastated. France had made tremendous sacrifices for the preservation of civilization.

Hon. W. L. Mackenzie King joined with the active prime minister in conveying Canada's gratitude to the people of the French Republic.

RECORD PRICES AT GUELPH FOR SHORTHORNS

One Lot Averaged \$1,020
Each For J. E. Elliott.

[Special to The Advertiser.]

GUELPH, June 29.—At a sale of imported shorthorn cattle from the herds of J. E. Elliott of Guelph, and J. A. and M. Pettitt, Freeman, Ontario, at the Winter Fair Arena here this afternoon, attended by nearly 1,000 cattlemen and buyers from Canada and the United States, 42 animals went under the hammer for \$27,715, an average of \$658.75. The highest price paid was \$1,020, by Gerrie Bros. of Elora, for Butterfly Blossom, a 2-year-old imported female, bred by J. E. Elliott, Kirton, Inverness, Scotland. This young animal was bred to Millhill's Comet, the \$32,000 bull purchased by Mr. Elliott in Scotland in 1920.

Of the animals sold, 18 head were owned by Mr. Elliott, and went for a total of \$16,325, an average of \$1,020, which, according to Prof. G. E. Day, secretary of the Dominion Shorthorn Breeders, and announced by him at the sale, is the highest average of any sale on the North American continent this year. Several of the animals sold went to American buyers, two females going to George Sterne of Albany, N. Y., two going to E. Lugsdon of Indianapolis.

TURNKEY SUSPENDED AT CHATHAM JAIL

Burroughs and Brown, Who
Made Getaway, Still
At Large.

[Special to The Advertiser.]

CHATHAM, June 29.—William Burroughs and James Brown, who escaped from the county jail yesterday, are still at large. A report was current in the city today that the two stole a horse and rig from a Chatham Township farmer late in the night and drove to Wallaceburg, where the horse and rig were abandoned, and the men started towards Walpole Island on foot. As Count Constable Peters has been out of the city all day, on the hunt, the report could not be confirmed.

Turnkey Soffley, who was in charge of the prisoners, has been suspended pending an investigation. The two who made a getaway between midnight Sunday and 6 o'clock Monday morning are also still at large. Governor Davidson of the jail stated today that had Stanley Hallam had a couple of minutes more of a start he would have overtaken Burroughs and Brown. Stanley and William Hallam were taken to Windsor today by Essex officers to give evidence in the trial of Thomas Bulmer.

PANIC REIGNS AS STROMBOLI ERUPTS ROCKS

Inhabitants of Island Terror-
Stricken by Activity of
Volcano.

MESSINA, Italy, June 29.—The volcano Stromboli, on Stromboli Island, off the north coast of Sicily, burst into wild activity last night and terror fills the island. The molten rocks and sulphurous gases pouring from the crater it is feared, may spell impending doom to the panic-stricken inhabitants. The people of the island, stranded by the uncanny behavior of the volcano during the last three days, are congregating on the shores preparing for an attempt at flight, but waiting in the hope that the volcano will subside. There are not sufficient craft to carry away all the inhabitants of the affected district and the Italian Government has dispatched several destroyers from Messina to assist in the evacuation of the island. Arrangements have been made, if conditions on the island become more threatening, to transport the entire population to Messina.

People, who are sending up prayers for the abatement of the fury of the volcano.

IRISH FARMERS FIGHT LIFTING OF EMBARGO

Want to Retain Their Monopoly of British Trade.

LONDON, June 29.—(By the Associated Press).—A regular battery of arguments supported by reams of evidence has been brought by the Canadian Government before the royal commission which is considering the question of the removal of the embargo on the importation of store cattle into the United Kingdom.
Dr. Simon F. Tolmie, Canadian minister of agriculture, who is here with a staff of experts to prove that the Canadian herds are free from disease, spent the whole day on the witness-stand. He declared that testimony that pleuro-pneumonia had been discovered in a shipment of Canadian cattle in 1897, when the embargo was imposed, had been disproved, and he argued that at any rate the Imperial Government should carry out its promise, made in the early days of the war, that the embargo would be removed.

The minister bluntly announced that should the Imperial Government fail to fulfill its promise, Canada must endeavor to secure a market in the United States for her surplus, and that this trade had already resulted in Canadian breeders looking to the United States for pedigreed stock, which here-

fore has been bought in the United Kingdom.
A number of English ranch owners from the Western plains are here to support Dr. Tolmie, who, however, has a hard fight, as the Irish farmers, who now have a monopoly of the store cattle trade with England, and English and Scottish breeders are opposed to the removal of the embargo.
Labor is supporting the Canadians on the ground that the importation of Canadian cattle means cheaper meat.

"Tell My Folks Not To
Worry," Says Young
Londoner.

TORONTO, June 29.—"Tell my folks not to worry. The judge believed that I didn't shoot Sabine. Surely Ottawa will believe it too!"
This message was sent by McFadden to his people in London, Ont., through Fletcher Kerr, McFadden's counsel. Pending the outcome of an appeal to the department of justice at Ottawa for the commutation of McFadden's sentence, the prisoner is said to spend his days in a cheerful spirit.
Both McFadden and Roy Hotrum, who are awaiting execution for the Sabine murder on August 3, are being ministered to by Capt. R. B. Bridges, police court chaplain.
