- 46a. Return to an address of the Senate to his excellency the Governor-General, dated 6th February, 1893, for information, accompanied with full explanatory remarks, from the officer in charge of the direction and superintendence of the last Canadian Census of 1891, on the following points: 1. Was the enumeration of the French element of the population, in the taking of the Census of 1891, intended and carried on to convey the same information as was furnished by the previous Census of 1851 and 1861 of the former province of Canada, and the Canadian Census of 1871 and 1881? 2. What was the meaning intended and the interpretation given, in the taking of the Census of 1891, to the words *French-Canadian* and *Canadian-French* as heading of one of the columns of Census Schedule No. 1? 3. What is the precise meaning and what is to be understood by the various words made use of in the Census Bulletin No. 11, signed George Johnson, statistician, namely, the words *Nationalities*, *Nationalités*, French-speaking, English-speaking, *Canadiens-Anglais*, as part of the new nomenclature adopted? 4. Were there people of French nationality, real Frenchmen, excluded from the registration of the French element of the population on account of being born outside of Canada, and were there French people included among the English-

- speaking on account of being able to speak the English language? Is there any connection between such cases and the nomenclature of Bulletin No. 11, and if not, why is it that the simple word French, formerly used as meaning the French element, was abandoned, to be variously replaced by the words French-speaking, French-Canadians, and so forth? 5. What were, in addition to the printed instructions, the practical explanations and directions given to the officers, commissioners and enumerators, as regards the registration of the French element of the population, or persons of French origin or nationality? 6. Was the actual enumeration of the French, in 1891, uniformly carried on throughout, in the various Census districts, subdistricts and divisions? 7. Are there reasons to apprehend, from direct investigation, personal knowledge, or statistical criticism, that the figures given as representing the number of French people, are notably deficient in some or many returns of the enumeration of 1891? 8. Were the returns delivered by the enumerators examined by the commissioners, the officers, and at the central office under the supervision, the responsibility of the superintendent, in view to test their accuracy and to correct apparent errors? 9. Was it noticed by some of the officers or the superintendent, that very serious discrepancies existed in the return of the French between the Census of 1891 and the statistical series of previous censuses, and was thereby trouble taken to investigate the serious question raised by the very striking want of concordance? 10. Is there any rational explanation of the returns of 1891 by which the French appear to have met abnormal losses in their number, especially in Nova Scotia, Ontario and the Territories? 11. Are there local or accidental causes capable of explaining the vast differences in the multiplication of the French which would have taken place, if the figures of the Census of 1891 were correct, between Prince Edward Island, New Brunswick and Nova Scotia, for instance? 12. Was there, at any time, steps taken to ascertain the cause and extent of such extraordinary returns; if not, what was the cause of that omission; if so, what were the proceedings adopted, and what the results? 13. Has the superintendent of the Census of 1891 taken notice of the very determined objection to accept the extraordinary figures of 1891, as representing the actual number of the French in Canada, and has any serious investigation of this important question been undertaken by him; if so, what are the conclusions arrived at, including the statistical criticism involved? 14. And that the said information include all instructions given to the enumerators in the several years, 1881 and 1891, be brought down with the return. Presented 30th March, 1893.—*Hon. Mr. Tassé*. *Not printed.*

EXECUTIVE REGULATIONS.

I have thought it advisable to collect for reference several Orders in Council and letters relating to economy in public expenditure, which are quoted frequently in the following pages.

J. L. McDOUGALL, A.G.

Powers of Attorney.

RULES prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.

1. No officer of the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver-General which is not printed, and of the form to be obtained from the office of the Receiver-General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party, or purport to be irrevocable, or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed and of the special form to be obtained from the office of the Receiver-General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank, or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver-General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

Duplicate Cheques.

Treasury Minute, June 18, 1888.—The Board had under consideration a communication from the Auditor-General suggesting that uniform regulations be prescribed by the Board with reference to the requirements which are to warrant the duplication of lost cheques.

1. The Board, on the advice of the Department of Justice, direct that if a Government cheque, whether on Letter-of-Credit or Receiver-General's account, does not reach the person in whose favour it is drawn, or is lost or destroyed by such person, the bank on which it is drawn be notified first by such person.

2. That a duplicate cheque be issued, on a bond of indemnity of the form annexed being furnished, securing the Government against loss; such bond to be examined by the Department of Justice after execution.

3. That a declaration showing whether the original cheque was endorsed or not, and how it was lost or destroyed, should accompany the bond, in case it is claimed that the cheque was lost or destroyed.

4. That each duplicate cheque should have the word "Duplicate" written in red ink across the face of it.

J. M. COURTNEY, *Secretary.*

Accounts for Advertising.

Order in Council, December 17, 1875.—On a memorandum from the Hon. Mr. Mackenzie, on the subject of Departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate to each department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

Certified.

W. A. HIMSWORTH, *C.P.C.*

Memorandum referred to above.—With a view to similarity of action by the various departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list; and on receipt of the accounts, certify to the same in accordance with these rates, and to transmit the accounts for payment to the departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep, with each paper, accounts of the advertisements directed to be published in it, under the different departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

Order in Council, March 22, 1888.—On a report dated March 21, 1888, from the Secretary of State, submitting that the Act respecting the Department of Public Printing and Stationery prescribes that all charges for advertising in the *Canada Gazette* shall be paid in advance, and that the Queen's Printer reports that in some cases, after such payment, the parties advertising discontinue their notices before all the insertions asked for have been given, and apply for a refund of moneys paid for insertions ordered but not given.

The Minister recommends that the Queen's Printer be instructed that no such return of moneys can be made, as the Government is ready at all times to fulfil the contract entered into with the advertisers in the *Gazette*, and is in no wise responsible for their discontinuance. The Committee submit the above recommendation for your Excellency's approval.

Letter-of-Credit Cheques.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor-General with regard to the signing of letter-of-credit cheques, and submitting a list of the names of persons who sign such cheques for the different departments; and they recommend to Council:

(1.) That, for each department, substitutes be authorized by Order in Council to sign for those in whose favour the letter-of-credit is drawn, and that a copy of the Order in Council be sent to the Bank of Montreal, or other bank on which the credit may be drawn.

(2.) That the departments be instructed not to permit any person to sign except those authorized by Order in Council.

(3.) That no cheques be signed in blank, either in the inside or outside service.

(4.) That all cheques be drawn in the form: "Pay to the order of ———;" and not in either of the forms: "Pay to ——— or bearer," or "Pay to ——— or order."

(5.) That authority be given for the signing of letter-of-credit cheques in the different departments by the following substitutes: (List not printed).

JOHN J. MCGEE, C.P.C.

1. In every department the Deputy Head shall sign all requisitions in accordance with Sec. 7, Chap. 27, of the Revised Statutes, and a clerk, to be named by the Head of the Department shall, under the direction of the Deputy, have charge of all stationery and printing, and shall receive from the Government Stationery and Printing Offices all printing work and articles of stationery ordered and supplied, and grant receipts for the same, superintending also their distribution to the clerks or employees for whose use they have been ordered.

2. The Secretary of State is authorized to prepare a list of all articles to be kept in stock and furnished to the departments upon ordinary requisitions, such list to be subject to the final revision and approval of the Governor in Council.

(Note.—This list was approved by O.C., Nov. 29, 1889.)

3. As soon as such list has been so settled and approved, and printed and distributed to the several Departments, all ordinary requisitions upon the Stationery Office shall be issued for those articles only that are therein enumerated.

4. No articles shall be added to such list thereafter except upon the report of the Secretary of State, approved by the Governor in Council.

5. No plain paper or envelopes, such as are used for ordinary correspondence, shall be asked for by any ordinary requisition or issued upon the same for private use of the employees in any department, except in the case of Deputy Heads.

6. No paper or envelopes for correspondence bearing relief stamp, cameo or embossed work or devices, either lithographed or engraved, shall be kept in stock or supplied, except for the use of Ministers or Deputy Ministers, the Governor General's Secretary, the Speakers and members of the two Houses of Parliament, and the Judges of the Supreme and Exchequer Courts, the Clerk and Law Clerk of the Senate, the Clerk and Law Clerk of the House of Commons, and the Librarians of Parliament.

7. No pocket-knives or pocket-books shall be kept in stock or supplied to any Department except upon special requisitions, stating the names and employment of the persons for whose use they are to be procured.

8. No despatch-boxes or brief-bags shall be issued for the use of members of any Government Commission.

9. All requisitions issued under Rules 6 and 7, or for articles not on the general list (and therefore not procurable upon ordinary requisitions) shall be signed by the Deputy Minister and approved and initialed by the Minister of the Department, or the Clerk and Speaker of each House of Parliament.

10. A return of all articles furnished to each department upon requisition, with the total cost of the supply to such department, shall be made up by the Superintendent of Stationery each six months, as soon as possible after the 30th of June and the 31st of December in each year, in order that it may be submitted to the Governor in Council by the Secretary of State.

11. All former Orders in Council in reference hereto are cancelled.

JOHN J. MCGEE, C.P.C.

Pamphlets and Books.

Order in Council, April 16, 1880.—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by Departments to books, and they recommend:—

(1.) That no advertisements be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any department of the Government causes to be published a pamphlet or book, the Head of such department may cause to be inserted therein such advertisements connected with his own department as he thinks expedient in the public service.

(2.) That as regards subscription to books, no department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the department one which will be useful for reference in the administration of the department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

Certified. J. O. COTÉ, C.P.C.

Order in Council, November 1, 1881.—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O. C., April 16 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

J. O. COTÉ, C.P.C.

Order in Council, July 1, 1889.—The Committee on the recommendation of the Secretary of State advise that the Order in Council of April 16, 1880, be interpreted as not to apply to, or to limit, the number for distribution among departments of publications purchased by the Government for their use under authority of an Order in Council.

JOHN J. MCGEE, C.P.C.

Order in Council December 22, 1888.—The Secretary of State desires to draw the attention of Council to the practice in the past, of the granting of authority by Council for the purchase of books for Library exchanges, and for distribution among the departments, and he recommends that in the future no such authority be granted; but that all books for Library exchanges be procured under the authority of the Joint Library Committee of Parliament, and paid for out of the sums placed at its disposal, and that all purchases of books for the use of any department of the Government be made on the authority of the Minister charged with its administration, as already provided by Order in Council, through a regular Stationery Office requisition, as required by the Act respecting Public Printing and Stationery. The Committee recommend that this Minute, if approved, be communicated to the Library Committee, and to each department of the Public Service.

JOHN J. MCGEE, C.P.C.

Legal Services.

Order in Council, April 12, 1879.—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor-General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the departments of the Government.

Certified.

W. A. HIMSWORTH, C.P.C.

Order in Council, Oct. 9, 1888.—On a memorandum dated 1st October, 1888, from the Minister of Justice, recommending that authority be given for the payment of the Official Reporters of the Debates of the House of Commons, and of other Reporters who may be designated as occasion may require by the Minister of Justice, to be employed to report Exchequer Court cases, or proceedings under Commissions of Inquiry, or upon arbitrations in which the Government is interested; or upon any other matter requiring a short-hand reporter, at the rate of fifteen cents per folio of one hundred words, the Reporter for such remuneration to supply to the Government four copies of the proceedings and evidence in each case.

The Minister further recommends that the sum of \$3.50 per diem over and above the actual moving expenses be allowed to such Reporters on account of travelling expenses while so employed and when absent from their places of residence, the days of leaving and arriving to be counted as full days. Also, that the provisions of this Order shall relate back to the time from which the services of such reporters were first engaged in the capacity mentioned, viz., from November 1, 1887.

The Committee advise that the requisite authority be granted.

JOHN J. MCGEE, C.P.C.

Order in Council, July 3, 1890.—That the rate to be paid to Unofficial Reporters for reporting during the Sitting of Parliament, when the Official Staff is not available, be 25 cents per folio of 100 words, the Reporter for such remuneration to supply the Government with four copies of the proceedings in each case.

That the sum of \$3.00 per diem, in addition to actual moving expenses, be allowed to such Reporters on account of travelling expenses while so employed and when absent from their place of residence, the days of leaving and arriving to be counted as full days.

That the amount hereby fixed for remuneration shall apply to the accounts for reporting done by such Reporters during the last Session of Parliament.

That in all cases when a Reporter (not official) is duly in attendance for reporting for a day, and does not, or is not required to report to such an extent as to make the actual amount of his remuneration reach the amount of \$5 per day, he shall be entitled to receive \$5 a day for each day he has been required to attend and has been properly in attendance ready to work.

That it be declared that whenever hereafter any Reporter, whether official or otherwise, applies for and performs reporter's work during the Recess of Parliament, he shall be considered as having been employed under, and shall be paid according to the rates fixed by the Order in Council above referred to, of October 9, 1888.

JOHN J. MCGEE, C.P.C.

Gratuities.

Order in Council Feb. 1, 1868.—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list, a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the date of his decease.

Order in Council, Dec. 26, 1887.—The Board having had under consideration the matter of the payment of gratuities to the widows or other representatives of officials of the Government not on the permanent list, are of opinion, and recommend to Council, that the terms of the Order in Council of Feb. 1, 1868, be adhered to.

The Board are further of opinion that should Council, in special cases, deem it necessary that the provisions of the above-mentioned Order in Council be extended to include payment of gratuities to the widows or other representatives of officials not on the permanent list, the consent of Parliament should be asked for the payment thereof.

JOHN J. MCGEE, C.P.C.

Salaries.

Order in Council, Feb. 9, 1875.—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers— that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He, therefore, recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Certified.

W. A. HIMSWORTH, C.P.C.

Order in Council, July 29, 1871.—On a report, dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience has arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and that it is desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved.

W. H. LEE, *C.P.C.*

Order in Council, June 29, 1889.—That hereafter officers shall be eligible to receive their statutory increase upon the first day of the official quarter following the expiration of one year from the day on which they reported for service, regardless of the date of appointment; provided always that the time is not computed from a date prior to the Order in Council making the appointment.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Jan. 13, 1887.—The Committee of the Privy Council have had a memorial from the members of the Civil Service laid before them by the Right Honourable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay-list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay-list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay-list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, *C.P.C.*

Order in Council, March 22, 1887.—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay-lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. MCGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word "continuous" in the O.C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council.

J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O.C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honour to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor-General.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Feb. 18, 1889.—That the payment of salaries of temporary employees in the several departments who are not employed under the authority of an Order in Council, be made on the following days: Feb. 18, Mar. 21, April 24, May 27 and June 28, 1889; and thereafter on the last day of the month.

JOHN J. MCGEE, C.P.C.

Order in Council, November 14, 1885.—The attention of the Board was called by the Deputy Minister of Finance to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the Departments had issued pay-cheques in advance of the due date.

The Board recommend that the attention of the several departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, C.P.C.

Order in Council, March 5, 1888.—The Treasury Board have had their attention called to the fact that the terms of the Order in Council of Jan. 13, 1887, governing the issue of the Civil Service monthly pay-cheques have not been strictly adhered to, and that cheques are sometimes issued in advance of the days authorized by the said Order for the issue of the pay-lists. The Board recommend to Council that the several departments be notified that in future the monthly pay-cheques must not be issued in advance of the days authorized by the said Order for the issue of the pay-lists, and that the provisions of the said Order must be strictly adhered to.

JOHN J. MCGEE, C.P.C.

Order in Council, July 1, 1886.—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor-General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after July 1, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several Post Office and Government Saving Banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. MCGEE, C.P.C.

Order in Council, October 16, 1886.—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated June 24, 1886, providing that no payment be made for any Extra Service of any kind whatever, be amended by excluding from the operation thereof "payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the Fishing Bounty, and collection of statistics," for which a vote of Parliament is taken.

JOHN J. MCGEE, C.P.C.

Civil Service Act of 1888, 51 Vic., cap. 12, sec. 12.—Subsections 1 and 2 of section 51, of the Civil Service Act (R.S.C., cap. 17), are hereby repealed, and the following substituted therefor:—

"51. No extra salary or additional remuneration of any kind whatsoever shall be paid to any Deputy Head, officer or employee in the Civil Service of Canada, or to any other person permanently employed in the public service.

FINANCE DEPT., OTTAWA, Oct. 9, 1891.

SIR,—I have the honour to inform you that at a meeting of the Treasury Board, held on the 2nd instant, a Minute was adopted, requiring that accounts for payments to all extra clerks and extra messengers and of all temporary employees should, from and after Sept. 1, 1891, be certified as follows:—

"I hereby certify that the clerk (or messenger) has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked."

It being understood that nothing herein contained shall be construed to authorize payment for Sundays and statutory holidays in cases in which payments for such days have not been made hitherto.

I am, sir, your obedient servant,

The Auditor-General.

J. M. COURTNEY, D.M.F.

Superannuation.

Order in Council, Jan. 7, 1884.—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favourably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst., it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified.

JOHN J. MCGEE, C.P.C.

Order in Council, May 3, 1886.—That the 34th paragraph of the Treasury Minute of the 11th November, 1870, which paragraph is as follows:—" (34.) When any officer has an official residence or other similar perquisite, his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatement;"—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatement from their salaries.

JOHN J. MCGEE, C.P.C.

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR.—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations of Public Servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several departments recommending the postponement of the dates of superannuations as established by Council on the Report of the Treasury Board, and to ask whether, under any circumstances, superannuations, once established by Council, may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honour to acknowledge your letter of the 7th, asking whether, under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein, the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., Cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule, and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., Cap. 13.*)

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Secretary, Treasury Board.

(Circular:)

OTTAWA, July 31, 1891.

SIR,—I have the honour to inform you, for your guidance in future, that the Governor-General in Council, on the 21st instant, approved of the following regulation of the Treasury Board:—

“That no person be hereafter appointed to a position in the Civil Service which would entitle him to the benefit of the Superannuation Act unless at the time of his appointment he produces medical testimony, to the satisfaction of the Treasury Board, showing that he is then in good health.”

I am your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Auditor-General.

Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th subsection of section 7 of 46 Victoria, chap. 7 (C.S. Act), wherein it is stated that “In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary;” and in connection therewith I have to call your attention to the *Hansard* of last Session, page

1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the Service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

J. M. COURTNEY, *Sec., Treasury Board.*

The Deputy Minister of Justice.

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honour to acknowledge the receipt of your communication of the 13th instant, in which you call attention to subsection 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with, on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a Department where there professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with.

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

GEO. W. BURBIDGE, *D.M.J.*

The Deputy Minister of Finance.

Travelling Expenses.

Order in Council, Sept. 8, 1871.—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employés, and they respectfully advise that the recommendations therein submitted be approved and adopted:—

"*Removal Allowances.*—No removal allowances can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the Head of the Department. A removal allowance is not to exceed the actual cost on account rendered."

Order in Council, Nov. 29, 1882, (as amended by O. C. June 28, 1886).—Ordered, that the Order in Council of May 6, 1878, governing travelling expenses, be modified, and that from July 1, 1882, with the exception of the Major-General commanding the Militia, and the judges who are otherwise provided for, there be paid to all officers travelling on public service in the Dominion, except in those parts hereafter specified, over and above the actual moving expenses, a uniform rate of \$3.50 per diem—the days of leaving and arriving to be counted as full days—and to those officers who may be called upon to travel in British Columbia, or out of Canada, the rate of \$5 per diem.

Certified.

JOHN J. MCGEE, *C.P.C.*

NOTE.—The Lieutenant-Governor of the N. W. T. is allowed \$5 a day by O. C. Jan. 12, 1888, and the Registrar of Exchequer Court \$4.50 a day, by O. C., July 5, 1888.

Order in Council, Nov. 10, 1886, (as amended by Order in Council of Dec. 14, 1886.)—The Board having had their attention called by the Auditor-General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The per diem allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Department of Finance a detailed statement of such travelling expenses.

JOHN J. MCGEE, *C.P.C.*

Order in Council, Dec. 17, 1889.—The Board, having had their attention called by the Auditor-General to the subject of the payment of expenses incurred by officers in the employ of the Government, while travelling on Government business, recommend to Council that a certificate be attached to accounts for travelling expenses as follows:—“The whole of the expenditure was incurred on Government business;” said certificate to be signed by the officer who has incurred the expense.

JOHN J. MCGEE, *C.P.C.*

Insurance.

Order in Council July 5, 1881.—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every Department of the Government.

J. O. COTÉ, *C.P.C.*

“Copying.”

Order in Council, April 1, 1886.—That the rate to be paid for all copying done for the several Departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. MCGEE, *C.P.C.*

Appropriation Balances.

Order in Council, June 27, 1888.—The Treasury Board had under consideration a communication from the Auditor-General respecting the interpretation of section 37 of the Audit Act, which provides for the extension of time for closing the Appropriation Accounts.

The Auditor-General states that he understands the section to mean: “That an Appropriation Account can be kept open for any time fixed by the Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken, that is, those rendered before June 30.”

As the present practice of bringing down the balances of appropriations for three months, and thereby lengthening the financial year to fifteen months, has been productive of delay in the preparation of the accounts for Parliament, and with the view of definitely deciding what course should be followed, the matter was referred to the Department of Justice for opinion.

The Deputy Minister of Justice reports: "The question is, whether, upon an Order in Council having been passed as specified in the section, a Department may make additional expenditure and incur increased liabilities upon the strength of the original estimate; or whether the extension referred to in the section is only for the purpose of enabling a Department to pay after June 30 liabilities that have been incurred previously to that date. It would appear that the latter interpretation is the correct one. The section, without the proviso, categorically provides that any balance unexpected on June 30 shall lapse and be written off. The proviso does not either expressly or by implication give a Department power to make a new expenditure, and if that power is not contained in the proviso it is nowhere: it does not exist. The only meaning to be drawn from the proviso is that the extension is made for the purpose of paying after June 30, out of the original appropriations, such accounts as had at that date been incurred."

The Board, after careful consideration of the matter, recommend to Council that for the current fiscal year the present practice be retained, so that no inconvenience may be experienced by the Departments, the Auditor-General having intimated that he is willing that for the present year such course be adopted; but as the law is clearly in accordance with the contention of the Auditor-General, the Board are of opinion that under existing circumstances the practices now followed cannot be continued.

JOHN J. MCGEE, *C.P.C.*

Contracts.

Order in Council, May 23, 1880.—On a joint memorandum dated March 20, 1880, from the Honourable the Minister of Public Works and the Minister of Railways and Canals, recommending that hereafter all public works involving an expenditure of over \$5,000 shall be let by public tender and contract, unless owing to urgency or other cause it be deemed advisable to take different action, and that in all such cases authority be obtained by an Order in Council. That with all tenders submitted, a money guarantee, or approved accepted cheque shall be given, to be open to forfeiture in the event of the tenderer failing to make the necessary five per cent deposit, hereinafter referred to, within eight days after receiving notice of the acceptance of the tender, or of his declining to enter into contract when requested, the amount of such guarantee to be fixed at a sum not less than \$1,000, nor more than \$5,000. That upon acceptance of a tender, and notification by the Department concerned, the intending contractor shall, within eight days, deposit with the government a sum of money equal to five per cent of the amount of his contract. That in all cases where tenders have been called for, the lowest received shall be accepted, unless good and sufficient reasons appear for passing over such tender. The Committee submit the above recommendations for Your Excellency's approval.

Certified, J. O. COTÉ, *C.P.C.*

(Circular.)

FINANCE DEPT., OTTAWA, July 4, 1888.

SIR,—I have the honour to inclose herewith a copy of an Order in Council, passed on the 16th of June, 1888, respecting the mode of treatment of securities deposited by public contractors, from which you will observe that hereafter the proceeds of all cheques and all deposits on account of contractors' securities are to be deposited in the Government Savings Bank.

I have the honour therefore, to request that you will be good enough, immediately a contract is entered into, to send me all the securities for the performance thereof, in order that I may deposit the proceeds of the said securities in the manner prescribed by the Order in Council above referred to.

J. M. COURTNEY, *D.M.F.*

Order in Council, June 16, 1888.—The Board submit for the favourable consideration of Council the annexed memorandum from the Deputy Minister of Finance respecting the mode of treatment of securities deposited by public contractors, to the effect that the proceeds of all cheques and all deposits on account of contractors' securities be deposited in the Government Savings Bank.

JOHN J. MCGEE, *C.P.C.*

Small Balances Due to Estates.

AUDIT OFFICE, June 12, 1888.

SIR,—It frequently happens that there is a small sum due to the estate of a deceased person who has left no will, generally for superannuation or salary, when the whole assets of the estate are so small that the cost of obtaining letters of administration would be a large part of them.

I suppose that in strictness the amounts due by the Government cannot be paid legally to any one but the administrator of the estate. However, the amounts are frequently paid, either on receiving a renunciation from all the other known heirs in favour of one, or on a bond approved by the Department of Justice, indemnifying against loss, should a person who has obtained the legal right to claim the payment make a demand for it.

I would suggest that payment, under the circumstances above set forth, should be made to a person who is not legally empowered to demand it, only when the assets of the estate are under one hundred dollars, and after the execution of a bond as above described, approved by the Department of Justice, with any additional safeguards which, in the opinion of the Department of Justice, the special circumstances of the case call for.

Yours truly,

The Secretary, Treasury Board.

J. L. McDOUGALL, *A.G.*

TREASURY BOARD, June 19, 1888.

SIR,—With reference to your letter of the 12th instant, respecting the payment of small sums to the estate of persons who have died intestate, and the whole assets of whose estate are so small that the cost of obtaining letters of administration would swallow up the greater portion of them, I have the honour to state that the Treasury Board have considered the matter, and they direct that each case be referred to them for decision as to the action to be taken.

Yours truly,

The Auditor-General.

J. M. COURTNEY, *Sec. T.B.*

Franking Privilege at Ottawa.

Order in Council, February 25, 1892.—By an Order in Council, dated February 25, 1892, the following regulations governing the franking privilege were approved:—

2. When envelopes with a printed official address thereon are used, the name of the deputy head may be printed on such envelopes.
3. In addition to the printed stamp or printed signature as above provided, the head of the department and the Private Secretary of the head of the department in the name of his Minister; and the deputy head may frank by a written signature or initials, but no other method of franking except as above enumerated will be permitted.
4. No blank or unaddressed envelope shall in any case be franked.
5. The deputy head of each department shall furnish the Postmaster-General with an impression of the facsimile stamp which it is proposed to use in his Department.

7. 8. From and after the 15th day of March, 1892, no private correspondence whatsoever shall be transmitted from any department of the Government at Ottawa or elsewhere, or any branch thereof under frank, nor shall the postage due thereon be charged against the Government.
9. All private correspondence addressed to any member of the Civil Service at Ottawa, or to the care of any civil servant, shall be liable to the same rates of postage as apply to the public generally.
10. Should any letter addressed to any civil servant at Ottawa upon which postage has been paid on delivery prove when opened to be on public business, the amount so paid may be refunded on the certificate of the deputy head of the department to which the addressee belongs.
11. Any employee offending against any of these regulations shall be liable to suspension or such other punishment as the Governor-General in Council may determine.

JOHN J. MCGEE, C.P.C.

Order in Council, Oct. 26, 1875.—1st. That in view of the difficulties which arise in exacting from the general public conformity to particular forms of official address upon letters intended for the public departments, and of the inconvenience to the public service which might ensue if any want of such conformity were suffered to remain a reason for not forwarding directly to destination any part of said correspondence, postmasters in Canada be directed to forward to Ottawa, free of Canada postage, as correspondence intended for the public departments, all mail matter addressed to the respective Ministers and deputy heads, as well as all mail matter on which the name or designation of one of the said departments, or of its branches at Ottawa, forms part of the address.

2nd. The mail matter sent from the several public departments in Ottawa shall be sent under the regulations approved by the Order in Council of Oct. 10, 1870.

Certified extract, JOHN J. MCGEE, C. P. C.

Certificates on Vouchers.

Revised Statutes of Canada, Cap. 29, Sec. 33.—No payment shall be authorized by the Auditor-General in respect of work performed, or material supplied by any person in connection with any part of the public service of Canada, unless, in addition to any other voucher or certificate which is required in that behalf, the officer, under whose spe-

cial charge such part of the public service is, certifies that such work has been performed, or such materials supplied, as the case may be, and that the price charged is according to contract, or if not covered by a contract, is fair and just.

Note.—The proper officers to make these certificates are those who have personal knowledge of the facts in each case.—J. L. McD.

Employment of Temporary Clerks.

Order in Council, July 27, 1884.—The Committee have had under consideration the annexed extract from the Minutes of a meeting of the Treasury Board, dated 24th July, 1882, having reference to Rules in connection with the Civil Service Act, 1882.

CIVIL SERVICE.

(6.) The Board recommend that after the 1st of October next, the authority of an Order in Council be obtained for the employment of temporary clerks for more than one month; and to carry out the provisions of Section 45 the deputy heads of the several departments to which extra clerks are now attached do render to the heads of the departments reports on the qualifications of said extra clerks, with a view to their retention if necessary, and also with reference to the remuneration to be granted to them.

JOHN J. MCGEE, C.P.C.

Leave of Absence to Temporary Employees.

Order in Council, Oct. 20, 1892.—On a report dated 19th October, 1892, from the Acting President of the Privy Council, stating that he has had under consideration the subject of applications for leave of absence, and for sick leave made from time to time by technical officers, clerks and messengers who are not permanently appointed to the Civil Service, but who are engaged in the inside service in the departments at Ottawa, and recommending the adoption of the following rules:—

(1.) That the head of the department, and in his absence, the deputy-head of the department, may grant to any professional or technical officers and supernumerary or temporary clerks who may be employed under Section 47 of the Civil Service Act, and who have been so employed during twelve months continuously, leave of absence for the purpose of recreation, for a period not exceeding three weeks in each year; such leave to be granted at such time during the year as the head or the deputy-head of the department may determine.

(2.) That employees whose employment is for one month or upwards may, in the discretion of the head of the department be paid for days when they are absent in consequence of actual illness, after leave of absence obtained, on certificates furnished to the satisfaction of the head of the department; or for days during which absence has been occasioned by contagious or infectious disease in the families of the persons so engaged such absence not exceeding one week at any one time and not exceeding two weeks during any year.

This regulation to be retroactive as to cases which have occurred since the 1st of September, 1891, and its future operation to be confined to supernumerary and temporary clerks who are employed under Section 47 of the Civil Service Act, and to persons temporarily employed as messengers and to professional or technical officers.

The Committee submit the same for Your Excellency's approval.

JOHN J. MCGEE, C.P.C.

Medical Certificates.

Order in Council, July 23, 1892.—On a memorandum dated 14th July, 1892, from the Secretary of State recommending that the Order in Council of the 25th April, 1892,

appointing certain gentlemen to be Medical Practitioners under the 3rd subsection of section 51 of "The Civil Service Act" in so far as regards furnishing Medical Certificates in cases of illness of officers and servants of the Department of Marine and Fisheries, be cancelled.

The Minister further recommends that every duly qualified Medical Practitioner whose name is registered in the Medical Register of the Province in which he resides, be appointed as an authorized Medical Practitioner for the purpose of issuing Medical Certificates as required by Subsection 3 of Section 51 of the Civil Service Act.

The Committee submit the foregoing recommendations for Your Excellency's approval, and order that a copy be sent to each department.

JOHN J. MCGEE, C.P.C.

Overdrafts of Appropriations.

Memorandum for the Minister of Finance.—You have frequently had occasion to allude in conversation to the overdrafts of appropriations made by departments under their letters of credit, and to inquire whether a remedy could not be found for the evil.

The irregularity occurs:—

- (1.) Sometimes by overdrawing the credit to the Bank,—but
- (2.) More often while there is a part of the credit unused, the over-expenditure of one appropriation being possible owing to an equal or greater aggregate under-expenditure of other appropriations.

It may be supposed that the remedy for (1) would be to give instructions to the Bank not to cash cheques against an exhausted credit.

When, however, I have been applied to by a bank for instructions with reference to cheques presented for payment against an overdrawn credit, although I could not, as is plain, request the bank to continue cashing the cheques, I have hesitated to ask that the cheques should be dishonoured as it might be hurtful to the credit of a department to have it generally understood that it was doubtful whether its cheques would be accepted.

Besides with (1) as with (2) the responsibility should be laid upon the department. If the Accountant of a department attends to his duties he charges each cheque as it is issued against its appropriation and against the Letter of Credit of the department, and may be expected to be fully informed from time to time as to the balance of the credit and of each of the appropriations.

I therefore beg to recommend that an Order in Council based upon a report of the Treasury Board be passed making it the duty of the accountant of each department to inform the Deputy Minister of the Department whenever a cheque which is about to be issued will overdraw an appropriation or letter of credit, so that such cheque may not issue until Parliamentary, or other authority as provided by the Audit Act, is obtained in the one case, or an additional credit in the other case.

(Sgd.) J. L. McDOUGALL, A.G.

Auditor-General's Office,
OTTAWA, May 28, 1892.

Order in Council, July 7, 1892.—On a report dated July 4, 1892, from the Minister of Finance submitting the annexed memorandum from the Auditor-General with regard to the overdrafts of appropriations made by departments under their letters of credit.

The Minister in accordance therewith recommends that it be the duty of the accountant of each department to inform the deputy minister of the department whenever a cheque, which is about to be issued, will overdraw an appropriation or letter of credit, so that such cheque may not issue until Parliamentary, or other authority as provided by the Audit Act, is obtained in the one case or an additional credit in the other case.

The Committee recommend that a copy of this Minute be sent to the several departments for their guidance in future.

Governor-General's Office Contingencies.

To the Accountant of Contingencies.—Cheque 3619, Masson & Co., 1 pair rubber boots for Sergt. Rogers, \$4; cheque 2936, T. Nolan, 3 rubber coats for orderlies, \$14.25. Are these supplies to sergeants in accordance with Military regulations? If not, the persons for whom they were obtained should be asked to pay for them.

I observe that "staff-sergeants'" tunics and caps are procured from the Militia Department for these orderlies. Is not the rank of a Governor-General's orderly that of "sergeant" only? If so, his uniform should be in keeping with his rank.—J. L. McDougall, Aug. 19, 1892.

To the Accountant of Contingencies.—In reply to your letter of the 27th ultimo, relative to certain observations by the Auditor-General upon some items of the expenditure of this office, I beg to inform you that the articles of clothing in question were not supplied to the orderlies in accordance with Military Regulations. The circumstances which led to the issue of these articles to the Governor-General's orderlies are as follows:—The men referred to are by their duties obliged to carry the mails, frequently during very inclement weather, between the office in town and Government House, and, when the business of the office demands, they find themselves called upon to make several trips in the same day—often at periods when the weather is stormy. In addition, when travelling in attendance upon the Governor-General they are of necessity exposed to vicissitudes of climate which render more than ordinary protection requisite. As an instance, I may point out that when with the Governor-General at the Bay des Chaleurs, during the summer, one of the orderlies has had to carry the mail over a road which is at times very heavy and muddy owing to the severe thunder storms which at that season occur in that part of the country.

I may add that the Governor-General's orderlies rank as staff-sergeants, and are accordingly entitled to be supplied with uniforms corresponding to that rank.—J. St. Aubyn, *Major, Governor-General's Secretary*, Oct. 20, 1892.

Privy Council Office Contingencies.

To the Accountant of Contingencies.—The salary for July (\$10) of J. Stack, messenger, was paid from petty cash. The account, which is not certified, is herewith returned for the certificates called for by the Contingencies Act. Please direct the Department's attention to the fact that payments for extra services should not be made from petty cash. It is an abuse of the petty cash advance system.

The following supplies should have been procured by requisition on the Government Stationery Office:—Shillington & Co., sealing wax, 50c.; J. Durie & Son, Slater's Code, 2 copies, \$5.50, diaries, memo. books, almanacs, \$6.83; S. & H. Borbridge, 1 brief bag, \$5; James Hope & Co., 1 foolscap book, indexed, 75c.

C. A. Christin, 10 lbs. ice daily for 1 $\frac{3}{4}$ months, \$2.65. As ice is supplied daily throughout the Departmental Buildings during the summer months, please ascertain why an extra supply was required by the Privy Council Office.—J. L. McDougall, June 23, 1892.

To the Accountant of Contingencies.—March 31, 1892: Kavanagh Bros., to amount of account rendered, \$67.55. Please furnish a detailed account. In my letters *re* expenditure of 1890-91, dated Dec. 12, 1890, and Sept. 10, 1891, I asked for details of similar accounts which have not been received yet.

In my letter dated Dec. 12, 1890, I pointed out that it was not intended that "petty cash" should be used in payment of accounts so large as this, or of this nature. Please direct the Department's attention to this fact again.—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—June 30, 1892: Kavanagh Bros., to amount to date, \$59.79. Please furnish a detailed account.—J. L. McDougall, Aug. 19, 1892.

To the Accountant of Contingencies.—Jas. Hope & Co., 1 foolscap book, indexed, and ruled, \$1.25, 1 index book, 25c.

These supplies should have been obtained by requisition on the Department of Printing and Stationery.

Bodega Restaurant, May 25, to meals, \$32; June 30, to meals, \$44.

Are these amounts in payment for meals on the days mentioned only? If they cover more than these days the dates should be furnished as well as the amount for each day. I presume these items are in payment for cabinet lunches. If so the account should state the fact. Besides, it should bear the certificate that they were received and that the prices are fair and just.—J. L. McDougall, Aug. 19, 1892.

To the Accountant of Contingencies.—Cheque No. 5394 is in favour of J. H. Tracy of the Privy Council Office, for \$46.50 in payment for his services as extra clerk during the month of May last at the rate of \$1.50 a day. By an Order in Council, dated February 1, 1892, authority was given to pay Mr. Tracy to June 30, at the rate of \$45 a month. Please have the overpayment (\$1.50) refunded.—J. L. McDougall, Sept. 1, 1892.

To the Auditor-General.—No information whatever having been received from the Privy Council Office in regard to the refund requested from Mr. Tracy, I may say that at the time the payment was made it had not the appearance to me of an over payment, the account being for 31 days at \$1.50 per day, and the Order in Council limiting him to \$45 per month not having been furnished to me. In fact the custom of that Department, both previous and subsequent to that six months, has been to pay by the day.—W. H. Hayes, Oct. 26, 1892.

Justice Department Contingencies.

To the Accountant of Contingencies.—Dec. 23, 1891: gratuities to G. N. W. Telegraph messengers, \$3.25; gratuities to C. P. R. Telegraph messengers, \$2.25. Receipts have not been furnished for these payments.—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—Gratuities to G. N. W. and C. P. R. Telegraph messengers. This expenditure is authorized by an Order in Council—R. Sedgewick, Oct. 25, 1892.

To the Auditor-General.—I have pointed out to Mr. Sedgewick that he has mistaken the point in regard to gratuities, that it is receipts that are required, and the legality of the payments is not questioned.—W. H. Hayes, Oct. 26, 1892.

To the Accountant of Contingencies.—N. S. Tarr, 1 mirror, 50c. Please point out that this should have been obtained by requisition on the Public Works Department.—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—Details of the following items in the travel accounts of Mr. Sedgewick and Mr. Stewart have not been furnished. Please obtain them:—

—J. L. McDougall, Aug. 19, 1892.

To the Accountant of Contingencies.—I beg to acknowledge the receipt of your letter of the 27th instant, and to say that I have no vouchers for the six items to which you call my attention.—R. Sedgewick, Sept. 30, 1892.

To the Accountant of Contingencies.—With regard to the Order in Council of Aug. last, authorizing the payment of \$59.85 to Mr. R. Sedgewick for living expenses, &c., at Quebec in October, 1891, will you be good enough to ask Mr. Sedgewick to furnish a detailed statement of the expenses which this payment covered, together with a certificate that the whole of the expenditure was incurred on Government business.—J. L. McDougall, Oct. 31, 1891.

To the Accountant of Contingencies.—I have the honour to acknowledge the receipt of your letter of the 2nd instant, inclosing an extract of one from the Auditor-General to you of October 31, in which he refers to an Order-in-Council of August 2 last, authorizing the payment of \$59.85 to me for living expenses at Quebec in October, 1891, and requests you to ask me to furnish a detailed statement of the expenses which this payment covers, together with a certificate that the whole of the expenditure was incurred on Government business.

Will you be good enough to inform the Auditor-General that the amount referred to was the amount actually disbursed by me "for living expenses" at the time referred to, and will you also ask him to accept the statement which I now make, that the whole of the expenditure mentioned was incurred in Government business, as a compliance with his request in regard to a certificate.

You might further add that I will be glad to discuss personally with the Auditor-General the question as to whether in a case of this kind he has any right to go behind the Order-in-Council which authorizes the payment of a lump sum to me for my disbursements on public business, and ask for further details.—R. Sedgewick, Nov. 3, 1892.

Printing and Stationery Department Contingencies.

To the Accountant of Contingencies.—Cheque 3630: C. P. R. Co.'s Telegraph, telegrams during May, \$1.07. An account in detail has not been furnished.—J. L. McDougall, Aug. 19, 1892.

To the Accountant of Contingencies.—Petty cash account, June: Knight's Fair (no details) 50c. A voucher has not been furnished.—J. L. McDougall, Aug. 19, 1892.

Interior Department Contingencies.

To the Accountant of Contingencies.—Harris & Campbell, 2 mirrors, \$2.50. Please remind this department that office furnishings are obtained by requisition on the Public-Works Department. The department's attention was called to a similar irregular purchase in my letter of Sept. 10, 1891 (see A.G.'s Report, 1891, page B--107).—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—Upon inquiry of the officer in charge of the requisitions for articles of this kind, I understand that he has always been under the impression that "looking-glasses," "soap," "combs," &c., were not regarded as "furnishings" but rather as "toilet furnishings," and such "looking-glasses" as have been obtained by the Department up to the present time have been purchased in this way.

In this relation I beg to say that I have submitted verbally to the Auditor-General a suggestion that as the classification of looking-glasses as either "toilet furnishings" or "office furnishings," as the case may be, would appear to be a pure matter of judgment, it would be well to consider whether the balance of convenience would not be largely in favour of classing them in the first mentioned category; and he promised to give this matter his consideration.—A. M. Burgess, July 30, 1892.

Department of Indian Affairs Contingencies.

To the Accountant of Contingencies.—April, 1892: J. D. McLean, travelling expenses to Barrie and return, \$43.40, less cheque for \$25 from Messrs. Blake, Lash & Cassels for witness fees, \$18.40.

The cheque for witness fees should have been deposited to the credit of the Receiver-General, and the travel account paid in full from Civil Government Contingencies.—J. L. McDougall, July 5, 1892.

To the Auditor-General.—Regarding the cheque received by Mr. J. D. McLean for witness fees, and credited by him to his travelling expenses, I may say that the course followed in this matter was the same as in all similar cases that have come under my notice, but will try and have such transactions in future managed as you suggest.—W. H. Hayes, July 22, 1892.

To the Accountant of Contingencies.—Mrs. M. Lamb, washing towels, 12 months at \$10—\$120. The rate per month is very high. As compared with the rates paid by other departments, five dollars per month should be sufficient.—J. L. McDougall, August 19, 1892.

To the Accountant of Contingencies.—I have the honor to acknowledge receipt of your letter of the 27th ultimo, respecting payments amounting to \$120 made to Mrs. Lamb for washing towels twelve months at \$10. In reply I beg to inform you that Mrs. Lamb's allowance for washing towels is only \$5 a month, and the additional \$5 a month is for damping and wringing cloths (about 160 every morning) for the letter presses.—R. Sinclair, Oct. 28, 1892.

To the Accountant of Contingencies.—Please ask the Department of Indian Affairs to amend Mrs. Lamb's accounts in future, showing the payments for washing towels and damping the letter press sheets as distinct items.—J. L. McDougall, Oct. 31, 1892.

Inland Revenue Department Contingencies.

To the Auditor-General.—Referring to yours of the 22nd ultimo respecting a charge of \$2 for cab-hire, in which you ask me whether I have made up my mind to refund the amount, I beg to say that I believe the charge to be a proper one and cannot admit impropriety by refunding it. When invited to Their Excellencies' State Dinner I am invited as "The Commissioner of Inland Revenue"—not in my private capacity, and, however pleasant a duty, I deem it to be equivalent to a command laid upon me in my official capacity,—hence I have always, on principle, allowed the cab-hire to become a charge on the Department. I still believe my view to be the correct one and, if you do not concur, I would like to have the matter referred to competent authority.—E. Miall, Feb. 10, 1892.

To the Accountant of Contingencies.—Graves Bros., 1 thermometer, 50c. The Stationery Office makes mention of thermometers in its stock list.—J. L. McDougall, July 5, 1892.

Post Office Department Contingencies.

To the Accountant of Contingencies.—In examining the pay-lists of the extra clerks of the Post Office Department I observe that on a pay-list dated March 31.

1892, the Deputy Postmaster-General certified, among other things, that Mr. E. F. Macdonell was absent from 1st to 22nd January, and on August 1, 1892, he certified an application for payment to Mr. Macdonell for those days. This requires some explanation from the Department. Will you be good enough to ask for it? You will observe that on March 31 Mr. Macdonell accepted payment for 9 days' services in January as all the services he performed in that month, and that four months elapsed before he was paid for the remaining 22 days.—J. L. McDougall, Oct. 10, 1892.

To the Accountant of Contingencies.—With reference to the Auditor-General's letter of the 10th instant, transmitted by you to this Department, in which he states that on a pay-list dated March 31, 1892, I certified that Mr. E. F. Macdonell was absent from 1st to 22nd January last, and that on August 1, 1892, I made application for payment to Mr. Macdonell for those days, I beg to inform you that from 1st to 22nd January Mr. Macdonell was employed on special duties by the late Postmaster-General, the Hon. Mr. Haggart, and that the payment for those days was authorized by Order in Council herewith inclosed.—Wm. White, Oct. 14, 1892.

Agriculture Department Contingencies.

To the Accountant of Contingencies.—George Cox, 2 rubber stamps, "1890-91," 50c.; George Ashfield, 1 mirror, 30c. The former should have been obtained through the Department of Printing and Stationery, and the latter through the Public Works Department.—J. L. McDougall, June 3, 1892.

To the Accountant of Contingencies.—The petty items referred to were obtained directly as a matter of convenience and for the purpose of saving time as "petty undefined contingencies," in virtue of Sub sec. h of Sec. 2 of the "Contingencies Act."—J. Lowe, June 20, 1892.

To the Accountant of Contingencies.—Xmas gratuity to exchange operators, Bell Telephone Co., \$1.50. I have seen no authority for this payment. Please supply it.—J. L. McDougall, July 5, 1892.

To the Auditor-General.—As to your request to be supplied with the authority for certain payments as gratuities made from petty cash, I may say that I am not aware of any such authority.—W. H. Hayes, July 22, 1892.

Marine Department Contingencies.

To the Accountant of Contingencies.—Jas. Walker & Co., 3 ornaments and 4 pairs of brass butts, supplied to Harbour Police, Montreal, 75c. Please ask for an explanation of this item. It is an irregular charge against Departmental Contingencies.—J. L. McDougall, June 3, 1892.

To the Accountant of Contingencies.—This account was not received by the Department until after the Harbour Police were abolished; there being no vote, it was paid out of Contingencies.—Wm. Smith, Aug. 15, 1892.

The subscription price of many of these papers when paid in advance is about one-half the "in arrears" price.—J. L. McDougall, June 3, 1892.

To the Auditor-General.—I have requested the departments interested to furnish the explanations required as to delay in paying newspaper accounts, but would say in passing that in only two of the sixteen cases mentioned has there been any advance on the charge usually made, and that very slight. I mention this as you state that the price of many of these papers when paid in advance is about one-half the "in arrears" price.—W. H. Hayes, June 21, 1892.

To the Accountant of Contingencies.—In reply to your communication of the 15th instant, covering an extract from a letter received from the Auditor-General, asking for an explanation of the delay in rendering certain accounts for subscriptions to newspapers for the Customs Department, I beg to state that this department can give no explanation of the matter. The accounts are simply passed over to you as soon as they are received here, and we have no knowledge as to why they were not sent here more promptly.—W. G. Parmelee, Commissioner of Customs, June 20, 1892.

To the Accountant of Contingencies.—"Portage la Prairie Review," 6 years' subscription, \$12. The proprietor of this paper has been ordered to furnish his account in future annually in advance.

"Bathurst Courier," 5 years' subscription, \$5. This was charged at the same rate as if paid in advance, the regular charge being \$1 per annum.—Wm. Smith, Deputy Minister of Marine and Fisheries, Aug. 15, 1892.

To the Accountant of Contingencies.—Referring to your letter of the 17th instant, calling attention to an extract from a letter received by you from the Auditor-General, in which he requests an explanation of the delay in rendering an account for subscription to the "Canadian Churchman," the account as rendered being for three years' subscription, I am directed to say that it appears to have been an oversight on the part of the publishers of the "Canadian Churchman" that their account was not rendered sooner. In any future case of delay in the rendering of a newspaper account the attention of the publisher will be called to the matter.—C. Falconer, for Secretary, Post Office Department, June 24, 1892.

To the Accountant of Contingencies.—In answer to your letter of the 17th instant, inclosing therewith an extract from a letter received by you, * * * I am to inform you that it would appear from the extract quoted that the account for subscription each year was rendered to the department annually, but as the paper was not on the official list the accounts were never certified by the then Secretary, but instead were filed. On Oct. 2, 1891, the then Acting Minister authorized payment of what was due, and that the paper should not be sent to this department. The amount due was paid in October, 1891, and the paper ordered to be discontinued.—T. Trudeau, Deputy Minister of Railways and Canals, June 21, 1892.

To the Accountant of Contingencies.—In acknowledging the receipt of your letter of the 17th instant, with annexed extract from a letter from the Auditor-General respecting the "Fredericton Reporter" subscription account of this department, I have the honour to state that this account was only received on September 23, 1891, when it was paid, and is reported as paid in the statement of the Accountant of Contingencies for October, 1891.

As the Auditor-General justly observes, and as I have myself pointed out, with request that it be brought to the notice of the Treasury Board, the payment of newspaper accounts in arrear instead of in advance, in many cases doubles the expenses; but the Act, as it stands at present, "expressly requires" (to quote the words of the Secretary of the Finance Department) "that the certificate should state that the services had been performed." This certificate I am unable to give to the effect that the newspaper proprietors of the Dominion had supplied their papers to this department for a year during which they have not done so, and in the very first week of which, subsequent to my certificate that the paper had been supplied for a year, any of them might cease publication entirely.—C. E. Panet, Deputy Minister of Militia, June 21, 1892.

To the Accountant of Contingencies.—Having reference to your letter of the 17th instant transmitting an extract from the Auditor-General's communication respecting the expenditure for Civil Government Contingencies for the six months ended December 31 last, in which reference is made to the delay in the payment of the account for subscription to "L'Événement," and also to the extra charge made when not paid in advance, I have the honour to state that accounts of the above nature are sent in for payment when they are received from the publishers, and that in this case the price, whether paid in advance or after one or more years, is absolutely the same, viz., \$3 per year.—D. A. Macpherson, Asst. Secy., Public Works Department, June 20, 1892.

To the Accountant of Contingencies.—In your letter of the 15th instant you furnished me with an extract from a letter received by you from the Auditor-General, respecting which an explanation is desired. I have to say in explanation that in trying to settle and close a number of newspaper accounts of the department several were found to be in arrears. That in question is one. In the case referred to the charge is no greater than it would have been if the subscription had been paid in advance.—J. Lowe, Deputy Minister of Agriculture, June 20, 1892.

To the Accountant of Contingencies.—Please ask for an explanation of the delay in rendering the following accounts for subscriptions to newspapers:—

Customs Dept., cheque 2135: Sackville "Post," 6 years to Dec. 31, 1891, at \$1.50.....	\$9 00
Public Works, cheque 2283: Sackville "Post," 6 years to Dec. 31, 1891, at \$1.50.....	9 00
Marine Dept., cheque 1969: Newcastle "Advocate," 5 years to Dec. 31, 1891, at \$1.50.....	7 50
Marine Dept., cheque 2282: Morrisburg "Courier," 6½ years to Oct. 1, 1891, at \$2.....	13 50
Justice Dept., cheque 2938: Toronto "Irish Canadian," 4 years to March 17, 1892, at \$2.....	8 00

The advertised "advance" price of each of these papers is \$1 a year.—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—Having reference to your letter of the 22nd ultimo respecting the delay in rendering the Sackville "Post" subscription account, I have the honour to state that the delay referred to was caused by the publishers in question not sending in their account until January last.—D. A. Macpherson, Asst., Secy, Public Works Department, Aug. 11, 1892.

To the Accountant of Contingencies.—I have the honour to acknowledge the receipt of your letter, dated the 22nd ultimo, regarding delay in rendering accounts of the following newspapers, viz.: The Newcastle "Advocate" and the Morrisburg "Courier," and in reply have to inform you that the former paper has not been received at the department since December, 1891, it having been stopped at that date. Regarding the latter paper the proprietor has been notified to render his account annually at the reduced rate (\$1) when paid in advance.—Wm. Smith, Deputy Minister of Marine and Fisheries, Aug. 1, 1892.

To the Accountant of Contingencies.—With reference to the charge of \$2 per annum for subscription to the "Irish Canadian," I have to say that as the accounts for subscription had not been rendered for four years, the department was called upon to pay the rate charged by the "Irish Canadian" office which its other customers pay.—R. Sedgewick, Deputy Minister of Justice, Oct. 25, 1892.

To the Accountant of Contingencies.—Department of Secretary of State: cheque 3916, "Victoria Times," subscription from Feb. 14, 1885, to July 1, 1892, at \$10 per annum, \$73.73. Please ask for an explanation of the delay in furnishing an account for payment.—J. L. McDougall, Auditor-General, August 19, 1892.

To the Auditor-General.—I have not been able to see my way clear to ask any explanation from the Department of the Secretary of State in connection with the payment of \$73.73 to the "Victoria Times" as the rate charged, \$10 per annum, is the regular rate, and there is no additional expense incurred on account of delay.—W. H. Hayes, Accountant of Contingencies, Oct. 5, 1892.

To the Accountant of Contingencies.—With reference to your reply to my inquiry regarding the delay by the Department of Secretary of State in paying the "Victoria Times" subscription, I beg to state that one of the objects in having newspaper subscriptions brought to account yearly is to guard against the possibility of double payments through changes in office or failure of memory when an account covers a number of years. The certificate which the departments are required to furnish is of greater value if furnished year by year when the transaction is fresh in the mind of the person who certifies.—J. L. McDougall, Auditor-General, Oct. 31, 1892.

To the Auditor-General.—Please allow me to say, in reference to the newspaper subscriptions, that I do not see much chance for double payments on account of "failure of memory," my books would be a pretty efficient check against that, and so also would, or should be, those of the department. In this particular case, the general clearing up of newspaper accounts in the different departments has brought to light a good many cases, some of longer standing than the one in point, but the whole position of such affairs seems to me to be in a very much better condition than for a long time before.—W. H. Hayes, Accountant of Contingencies, Nov. 2, 1892.

Newspapers and Books.

To the Accountant of Contingencies.—The expenditure of the following departments for newspapers and books during the fiscal year ended 30th June last was as follows:—

	Newspapers.	Books.	Total.
Governor General's Office...	\$583 83	\$ 65 85	\$ 649 68
Justice Department.....	379 10	484 06	863 16
Secretary of State.....	734 65	204 30	938 95
Post Office Department.....	594 12	510 75	1,104 87
Agriculture Department.....	437 52	99 75	537 27
Customs Department.....	443 45	116 41	559 86

By an Order in Council dated July 14, 1891, the following was adopted:—That a maximum limit of \$500 be set apart for each ministerial department within which is to be defrayed the cost of the newspapers, books and magazines for the use of such department.

In view of this restricting Order in Council please let me know under what circumstances you passed the applications of these departments for newspapers and books after their expenditure for the same had exceeded the limit of five hundred dollars.—J. L. McDougall, August 19, 1892.

To the Auditor-General.—Concerning the expenditure for newspapers and books, it has probably escaped your notice, although you quote it in connection, that the Order in Council of July 14, 1891, explicitly refers to *ministerial* departments, and therefore the Governor-General's Secretary's Office is exempt. The Department of Justice and the Post Office Department have had special Orders in Council passed exempting them from the provisions of the general order. As to the other departments mentioned in your letter, it will be found that the excess over the \$500 is more than made up by the "arrears" paid, I having interpreted the Order in Council to apply to the expenditure properly belonging to the year and it having seemed necessary in this the first year of the working of the new regulation to allow some latitude in regard to the clearing off the arrearages.—W. H. Hayes, October 5, 1892.

Advances for Travelling Expenses.

To the Accountant of Contingencies.—I find in a few instances that advances on account of travelling expenses made early in the present fiscal year have not yet been accounted for. Be good enough to see that all outstanding advances are brought to account before 1st July.—J. L. McDougall, June 3, 1892.

To the Accountant of Contingencies.—I find by the examination of the accounts that in several cases advances on account of travelling expenses have been made at the beginning of the financial year, the expenses were comparatively small, and the balance was refunded at or after the close of the year. In some cases no expenses were incurred for two or three months after the advance was made. One is justified in assuming, when, under ordinary circumstances, a requisition is made for an advance of this kind that the applicant is to use all the advance in the immediate future on Government account. I beg to suggest that where there is no reason to suppose that all the advance is not to be at once disbursed for public purposes, you take steps before making the advance to satisfy yourself that the money is required.—J. L. McDougall, Aug. 19, 1892.

Travel Advance to Louis H. Taché not accounted for.

To the Accountant of Contingencies.—Department of Secretary of State: cheque 1872 (January), L. H. Taché, advance for travel, \$40. I do not find that this advance has been accounted for to date, although it is over seven months since it was made. Please let me know what efforts you have made to bring it to account.—J. L. McDougall, Aug. 19, 1892.

To the Auditor-General.—The efforts I have made to bring to account the advance for travelling expenses of \$40 to Mr. L. H. Taché may be stated as follows:

"On January 19, having heard casually that Mr. Taché had left the department, I wrote to the Under Secretary of State asking to be supplied with details to cover the advance made on 5th of same month to Mr. Taché by his authority. I received a reply that the matter would receive attention. Hearing nothing further, I wrote again on 25th February, and was informed in reply that "Mr. Taché has been requested to furnish those details, and his attention has been called to the "necessity for an immediate statement of the same." I again wrote on April 16th, but have received no details, nor any further information on the matter.—W. H. Hayes, Oct. 5, 1892.

To the Accountant of Contingencies.—With further reference to the advance of \$40 made to Louis H. Taché on January 5 last, not yet accounted for, will you be good enough to ascertain from the Department of Secretary of State what steps are being taken to recover this money.—J. L. McDougall, Oct. 22, 1892.

To the Accountant of Contingencies.—In reply to the inquiry contained in your letter of the 22nd instant, I have the honour to state that Mr. Taché has been communicated with frequently by this department, and once by the Department of Justice, with respect to his failure to account for the advance of \$40 made to him for travelling expenses on the 5th of January last. I am now writing Mr. Taché informing him that, unless the details in question are forthcoming by the first of next month, legal proceedings will be taken to compel him either to render the required account or to refund the money.—L. A. Catellier, Under Secretary of State, Oct. 25, 1892.

Ministers' Cab-hire Vouchers.

To the Accountant of Contingencies.—I observe that the cab-hire vouchers of some of the Ministers do not bear the Minister's initials. This observation applies more particularly to the Departments of Interior, Customs, Public Works and Railways and Canals. Please direct the attention of these departments to this omission.—J. L. McDougall, July 5, 1892.

To the Accountant of Contingencies.—The practice in the Department of the Interior in regard to the Minister's cab-hire has hitherto been that all accounts and vouchers of this description have been initialled by the Private Secretary under authority to that effect conferred upon him by the Minister. The Minister's Private Secretary at the present time is Mr. Arthur Chisholm, and he occupied the same position during the whole of the last financial year. Any cab-hire of the Minister's charged to this Department would be initialled "E. D. per A. C." I assume that to this practice, thus explained, the Auditor-General would offer no objection. I need scarcely add that Mr. Chisholm in every case assures himself that the expenditure has been actually incurred by the Minister, and that it is properly chargeable to the Department of the Interior.—A. M. Burgess, Acting Deputy Minister of the Interior, July 30, 1892.

Upon further inquiry I find that during the absence of Mr. Chisholm last summer, the tickets were signed by Mr. B. L. York, "for the Minister." A. M. B.

Applications for payments for Extra Services.

To the Accountant of Contingencies.—In many instances when application is made for a cheque in payment for extra services, an account is not furnished from the applicant. An account in the applicant's handwriting should invariably accompany the application, unless where there are a number of extra employees in a department a certified list is furnished.—J. L. McDougall, June 3, 1892.

To the Auditor-General.—As to applications for payments for extra services, the same certificate by the deputy head is given in all cases, whether single or on a list, and I can see no reason why I should exact an account in applicant's handwriting in one case and not in the other.—W. H. Hayes, June 21, 1892.

Board of Civil Service Examiners.

To the Secretary Board Civil Service Examiners.—I beg to direct your attention to the following observations on the expenditure for 1891–92 of the Civil Service Board of Examiners:—

Cheque 88, F. A. Kirby, Ottawa City Directory.....	\$2 50
do 120, Holland Bros., type-writer supplies.....	3 40
do 143, J. Durie & Son, 3 dozen small inks.....	2 50

These items should have been obtained by requisition on the Government Stationery Office.

Ottawa "Citizen" advertising Civil Service examinations.	\$0 50
Toronto "Empire" do do	6 00

The accounts are not certified by the Queen's Printer, as required by Order-in-Council.

J. Thorburn, travelling expenses.	\$79 00
P. LeSueur do	87 50

These accounts do not bear the certificate called for by Order-in-Council, dated Dec. 17, 1889, that "the whole of the expenditure was incurred on Government business."

I find items for stationery charged in sub-examiners' accounts as follows:—

Rev. M. C. Browne, Victoria, B.C.....	\$11 90
D. M. McIntyre, Kingston.....	0 55
E. Rouillard, Quebec.	1 75
Rev. A. H. Tudor, Winnipeg.....	1 50
F. Benoit, Montreal	0 80

I beg to point out that under the provisions of the Public Printing and Stationery Act all articles of stationery for Government use should be purchased and supplied through the Government Stationery Office.—J. L. McDougall, Nov. 8, 1892.

To the Auditor-General.—I beg to acknowledge the receipt of your letter of the 8th instant and to say:—1st. With respect to the first three items amounting to \$8.40, that I was not aware the articles were supplied by the Stationery Office. The directory had been obtained in previous years from the publishers without any objection on your part. 2. Then as to the type-writing supplies and the "small inks" (which serve also as inkstands at a trifling cost) we did inquire for them at the Stationery Office and were told they did not provide them. 3. The advertising was an imperious necessity and had also been practised aforesaid, and we never saw the Order-in-Council requiring it to be certified by the Queen's Printer. The orders you refer to have not been sent to the Board. The same remark will apply to the travelling expenses, but if it is in order now, "I hereby certify that the said expenditure was incurred on Government business," and that it is authorized by the Civil Service Act. 4. The articles charged by the sub-examiners were procured to supplement the supplies sent by the Board, and with the exception of those got at Victoria, B.C., consist principally of inks which cannot be forwarded by post or even by express. On account of the great distance from Ottawa the applications of intending candidates are allowed to be received by the sub-examiner, a fact which precludes the Board from knowing the amount of stationery needed for the examinations, hence it was deemed most prudent to authorize the examiner to procure what he might want, and the account shows he was not by any means extravagant. 5. If you will inform the Board how they may place inks at the 13 outside places, supply stationery when the quantity sent may be found insufficient, without buying it, we will gladly conform, as it is much more comfortable to be guided in contingencies of that kind by specific instructions than to be left to the exercise of one's own judgment.—P. LeSueur, Secretary, Nov. 10, 1892.

Appointments of a Permanent Nature should be made by Order in Council.

AUDIT OFFICE, OTTAWA, March 14, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 10th inst., requesting me to authorize the Bank of Montreal to honour pay-list cheques in favour of Mr. T. J. Bennett to the amount of \$62.50 per month, he having been appointed deputy jailer at Regina at a salary of \$750 per annum.

Before taking the necessary steps in this matter, I should like to be informed on what authority the salary asked for has been granted. It appears to me that appointments of a permanent nature and the salaries attaching to them should be sanctioned by the Governor in Council, except otherwise provided by Statute. I find Mr. Bennett was paid a salary of \$500 per annum as a guard at St. Vincent de Paul.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, March 21, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 14th instant, referring to an application made by me for cheques in favour of T. J. Bennett, who has been appointed by my Minister deputy jailer at Regina.

You asked to be informed upon what authority the salary asked for has been granted, and state that appointments of a permanent nature and the salaries attached to them should be sanctioned by an Order in Council, except otherwise provided for by statute. My present view is that where a parliamentary appropriation has been placed by the Governor in Council at the disposal of a department, that department, in the absence of any statute, or express Order in Council to the contrary, is responsible for its administration, even although a portion of it should go to pay the salary of one who had been appointed at a yearly salary by the Minister of a Department; but this case does not appear to be a fitting one to have the question raised and determined, inasmuch as by an Order in Council of February 7, 1891 (the Order in Council providing for the establishment and administration of the jail in question), the Minister of Justice was given the control of that jail, and was invested with authority from time to time to employ and discharge such officers and servants as might be necessary for its proper management. I may say that it is the intention of this Department in the near future to bring the jails in the North-west under practically the same statutory government as the penitentiaries. The time is not yet fully ripe. In the meantime their government is of a somewhat tentative character, and although you refer to Mr. Bennett as being a permanent officer, I do not so consider him.

I am, sir, your obedient servant,

The Auditor-General.

Payment for Outside Medical Attendance to a Penitentiary Official Irregular.

AUDIT OFFICE, OTTAWA, March 18, 1892.

SIR,—I beg to bring to your notice a payment of \$120 in October last to Dr. Blanchard for medical attendance on the late Warden Bedson, of the Manitoba Penitentiary. I wrote you on the 17th August, 1891, stating my objections to similar payments made to Drs. Lynch and Dunn and have not yet received your reply. (See Auditor-General's Report for 1891, p. B—143.)

Please let me have further explanation as to these payments.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

DEPARTMENT OF JUSTICE, OTTAWA, March 28, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 18th instant, calling attention to a payment of \$120 to Dr. Blanchard, in October last, for medical attendance on the late Warden Benson, of Manitoba Penitentiary. You also made reference to similar payments made to Drs. Lynch and Dunn, and you ask for further explanations in addition to those given in my letter to you, under date 5th August last. In your letter of August 17, you say:—"The only authority for the payment of medical service in a penitentiary appears to be contained in Section 22 of the Act respecting Penitentiaries—'The Governor in Council may appoint * * * * * a surgeon.'"

In the rules and regulations, based upon the Act, and approved by His Excellency in Council, it is ordered that "He (the surgeon), shall attend the officers of the prison free of charge," hence the late Warden Bedson was entitled to medical attendance free of cost to himself. But as the regularly appointed prison physician was himself prostrated with severe and tedious illness, and had leave of absence which was renewed, it became necessary to provide professional aid for the Warden, whose sickness was contracted in the performance of his duty, having been overtaken by a terrible blizzard on the prairie while in pursuit of escaped convicts.

Doctors Lynch and Blanchard were called upon to attend Mr. Bedson when alarming symptoms developed, and they continued their services at intervals until a short time before the patient's death. I may state that neither of them charged the fee for each visit to which time and distance travelled entitled them. Inquiries were made from medical men here and elsewhere as to the charges claimed by the several doctors employed and these were pronounced fair and moderate.

I am, sir, your obedient servant,

ROBT. SEDGEWICK, *D.M.J.*

The Auditor-General.

AUDIT OFFICE, April 4, 1892.

SIR,—I have the honour to acknowledge the receipt of your letter of the 28th ult. in which you state in explanation of the payments made to Doctors Lynch, Blanchard and Dunn for medical attendance on the late Warden Bedson that such expenditure became necessary, because the regular medical attendant was himself prostrated with severe illness at the same time, and that the Penitentiary Rules and Regulations based upon the Act of Parliament and approved by the Governor in Council directed that the prison surgeon should attend free of charge all officers of the Penitentiary. With reference to this explanation I beg to point out that during the whole time of Dr. Sutherland's severe and tedious illness, a substitute surgeon was paid at the maximum salary, and that under the Rules and Regulations to which you refer it was his duty to attend the late Warden free of charge. Beyond such attendance it is plain to my mind that a Penitentiary officer has no more claim on the Government for the payment of his doctors' bills than any member of the Civil Service.

I am, sir, your obedient servant.

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

Deduction from Travelling Allowance should be made when Inspecting Officials use quarters provided at Manitoba Penitentiary.

AUDIT OFFICE, OTTAWA, March 24, 1892.

SIR,—I beg to call your attention to an expenditure of \$232.40 for furniture supplied the Manitoba Penitentiary by W. Hughes & Co. It is plain from the items given in the voucher sent that the furniture in question was for the use of some of the officers,—for instance there is a bedroom suite, \$50; carpet, all wool, 34½ yards, B—60

AUDITOR-GENERAL'S REPORT, 1891-92.

\$51.50; chair upholstered, \$16; Turkish lounge, \$30; chamber set, \$12. It appears to me that perquisites of this nature are not legal under section 8, subsection (a) of the Act of Parliament of 1887 amending the Penitentiary Act which provides as follows:—

“Any officer may, during the will of the Minister of Justice, occupy free of rent any house or quarters with any grounds attached which forms part of the Penitentiary property.”

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPT., OTTAWA, March 28, 1892.

SIR.—In reply to your letter of the 24th inst., regarding the expenditure of \$232.40 for furniture supplied the Manitoba Penitentiary by W. Hughes & Co., I beg to inform you, that this expenditure was authorized by the Department, to furnish a room for the use of the Minister of Justice, Deputy Minister, Inspector of Penitentiaries, or any other officer having occasion to visit officially this institution, as there is no proper accommodation nearer than Winnipeg. The only place where any one connected with the Department of Justice could put up, heretofore, was at the Warden's residence, as his guest. It was considered advisable to discontinue this practice, and hence the outlay necessary to furnish the room referred to.

I am, sir, your obedient servant,

The Auditor-General.

ROBT. SEDGEWICK, D.M.J.

AUDIT OFFICE, OTTAWA, April 4, 1892.

SIR.—I understand from your letter of the 28th instant that the officers of your department when visiting officially at the Manitoba Penitentiary do not need to pay for sleeping apartments, as there has been fitted up at the public expense suitable quarters for that purpose. In view of this provision it appears to me that a deduction should have been made from the daily travelling allowance sanctioned by the Governor in Council from any officer who has so far used these quarters.

It is better that a uniform deduction should be made than that each case should be dealt with as it occurs.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

Explanation for Charging Interest to the Government.

AUDIT OFFICE, OTTAWA, April 25, 1892.

SIR.—I beg to ask for the explanation of a payment of \$54.25 made to Wm. Turner, by the Warden of Dorchester Penitentiary last September, being the interest on \$3,100, for three and a half months at 6 per cent per annum.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, A.G.

JUSTICE DEPT., OTTAWA, April 26, 1892.

SIR.—Replying to your letter of the 25th instant, asking explanations respecting a payment of \$54.25 made to Mr. William Turner, by the Warden of Dorchester Penitentiary, as interest on purchase money for certain lands purchased from Mr. Turner, I have the honour to inform you that payment for the land could not be

made until the amount of the purchase money—\$3,100—was voted by Parliament, and that the Government was in possession of the land for three months and a half prior to the time when the money became available and was paid over. Mr. Turner, on account of this delay, made a claim for interest, and his claim being considered a just one, interest was allowed him for the time mentioned, viz., from 1st June to 15th September, 1891.

I am, sir, your obedient servant,

The Auditor-General.

ROBT. SEDGEWICK, *D.M.J.*

Payment of \$50 to Chief Constable of Toronto Police.

AUDIT OFFICE, OTTAWA, April 27, 1892.

SIR,—I beg to call your attention to a payment of \$50 made by the warden of the Kingston Penitentiary in November last to the chief constable of the Toronto city police. The voucher furnished me states that the amount was given as a donation in recognition of services rendered from time to time. I should like to have further information respecting this payment and the authority under which it was made.

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, April 28, 1892.

SIR,—Replying to your letter of the 27th instant asking further information respecting the payment of \$50 to the chief constable of the Toronto police, I beg to inform you that when a convict escapes from a penitentiary, the chief constable of the neighbouring cities or towns is notified of such escape, and informed that a reward is offered for the capture of the convict. The \$50 paid in the present case was for services rendered by the Toronto police, which led to the capture of a convict who made his escape from Kingston Penitentiary in August last.

Your obedient servant,

The Auditor-General.

ROBT. SEDGEWICK, *D.M.J.*

Provisions for Officers' Mess.

AUDIT OFFICE, OTTAWA, April 29, 1892.

SIR,—I notice in the subdivision made by the warden and accountant of the Kingston Penitentiary of the supplies furnished by Thomas H. Johns, that provisions to the amount of \$399.57 are charged to "officers' mess." I should like your explanation of this charge. Does not the Penitentiary Act as amended by 50 and 51 Vic., cap. 52, sec. 8, render payments of this class illegal?

I am, sir, your obedient servant,

The Deputy Minister of Justice.

J. L. McDOUGALL, *A.G.*

JUSTICE DEPT., OTTAWA, May 4, 1892.

SIR,—I have the honour to inform you in reply to your letter of the 29th ultimo, asking explanations regarding a charge which appears in the Kingston Penitentiary accounts, under the head of "Officers' Mess," amounting to \$399.57, that this amount is for provisions supplied to officers who are directed to remain in the prison dining hall during the dinner hour. When the system of dining the convicts in one general dining hall was adopted, it was thought advisable to have a certain number of

officers on duty, in the hall, during the dinner hour, and for this reason it is necessary to provide such officers with their mid-day meal, hence the charge above referred to.

Under these circumstances, I am of opinion that sec. 8, cap. 52, 50-51 Vic., does not render such payments illegal.

I am, sir, your obedient servant,

ROBT. SEDGEWICK, *D.M.J.*

The Auditor-General.

Stationery and Newspapers for Outside Offices.

AUDIT OFFICE, OTTAWA, November 11, 1892.

SIR,—I beg to ask for explanation of the payment of \$5 made to John R. Benson, for veterinary surgeon's expenses in connection with the Manitoba Penitentiary. This item is included in an account rendered by him for a horse sold to the penitentiary, but there is no sub-voucher to cover it. Were the expenses incurred by himself, or did he employ a surgeon at the instance of the penitentiary authorities?

I have also to bring to your notice an account rendered by D. Iyall & Co., for wrapping and pattern paper to the amount of \$45.50 supplied the British Columbia Penitentiary, and one by P. Lamont, for stationery for Regina Jail, amounting to \$29.90. With reference to these payments I beg to point out that under 49 Vic., chap. 27, sec. 6, the articles in question should have been procured through the Government Stationery Office at Ottawa.

I notice that newspapers were paid for last year out of the appropriations at all the penitentiaries except Manitoba, and I would call your attention to the omission from the vouchers sent me of any evidence to show that the Minister's authority was specially obtained for such expenditure, as required by an Order in Council of August 20, 1891.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

DETAILS OF EXPENDITURE.

B—117

AUDIT OFFICE, OTTAWA, August 17, 1891.

SIR,—With reference to your two statements of cheques drawn in July against credits, one containing cheques to be charged to 1890-91 and the other those to be charged to 1891-92, I beg to point out that no amounts are chargeable to 1890-91 except those which represent accounts due before the 30th of June, or salaries earned before that time. Amounts provided for the Session by the Act respecting the Senate and House of Commons, do not lapse on the 30th of June and are available until the Speaker's salary and Members' indemnity are paid. The amounts provided by the ordinary Supply Bill do lapse on the 30th of June, whether the amounts are voted for the session or not.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

THE SENATE, OTTAWA, August 19, 1891.

SIR,—Acknowledging receipt of your letter of the 17th inst., I may say I quite agree with the views therein expressed. A few cheques to pages and sessional messengers issued in July, charged to account of 1890-91, have been transferred to 1891-92, although some of them are partly chargeable to 1890-91. Payments made to Messrs Holland Brothers have been charged to 1890-91, because the reporting of Debates being done by contract, the nature of the work is such that it is impossible to fix the amount due to them until after the close of the session. However, cheques issued to them in future will be charged to account of 1891-92. I inclose amended returns.

I am, sir, your obedient servant,

EDOUARD J. LANGEVIN,

Clerk of the Senate.

The Auditor-General.

AUDIT OFFICE, OTTAWA, Dec. 19, 1891.

SIR,—In examining the vouchers of the expenditure of the Senate for the month of October last, I find that the widow of the late James Adamson, assistant clerk of the Senate, has been paid the sum of one thousand dollars.

I find no item in the Supply Bill authorizing this payment and have therefore to draw your attention to the fact that the payment was made without Parliamentary authority, which involves the co-operation of the Crown and both Houses of Parliament.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

AUDIT OFFICE, OTTAWA, Feb., 24, 1892.

SIR,—Would you kindly inform me under what authority Mr. Chas. Young, a permanent employee on the Senate staff, is paid at the rate of \$200 a year for acting as stationery clerk, out of the amount voted for stationery? I notice that Mr. Young does not pay superannuation on the last mentioned sum.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Clerk of the Senate.

AUDIT OFFICE, OTTAWA, Feb. 26, 1892.

SIR,—In examining the vouchers of the expenditure of the Senate for October, 1891, I find a bill of \$89.67 paid to G. E. Griffin, caterer of the Senate, for laundry work performed during the session of 1891. This payment is made on the recom-

mendation of the Select Committee appointed to assist His Honour the Speaker in the management of the restaurant.

Would you kindly let me have the authority for such expenditure. The service is not, it appears to me, one for which the Government should be held liable.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Oct. 28, 1891.

SIR,—Kindly let me have as soon as possible the declarations of the Senators made according to section 31 of chap. II of the Revised Statutes of 1886, for the session of 1892.

I am, sir, your obedient servant,

The Clerk of the Senate.

J. L. McDOUGALL, A.G.

THE SENATE, Oct. 31, 1892.

SIR,—In reply to your communication of the 28th inst., requesting that the Senators' declarations of last session be sent you, I have to inform you that such request cannot be complied with, as it is contrary to the wording of the clause under which the said declarations are made.

Every facility has already been granted to Mr. Bissonnette to audit the Senators' accounts, but I may say that any additional information required, verbal or written, on the subject, will be given on application from your office.

I am, sir, your obedient servant,

The Auditor-General.

EDOUARD J. LANGEVIN,

Clerk of the Senate.

AUDIT OFFICE, OTTAWA, April 8, 1892.

SIR,—Voucher No. 1052, Commons' expenditure, is for a payment of \$168.75 to Messrs. J. Eversleigh & Co., Montreal, for 45 reporters' trunks at \$3.75. The Serjeant-at-Arms certifies that the trunks were for the use of the press gallery. At the moment I do not find the authority for supplying trunks to the reporters. Please point out where it is.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A.G.

HOUSE OF COMMONS, OTTAWA, April 11, 1892.

SIR,—I have the honour to acknowledge your communication of the 8th instant; and in reply have to say that trunks have been furnished duly accredited pressmen for many years back; the last Order of the House that I have at hand can be found in the Journals of 1879, page 373, and concurred in, page 428, (issued by order of Speaker).

I am, sir, your obedient servant,

The Auditor-General.

J. G. BOURINOT.

AUDIT OFFICE, OTTAWA, April 21, 1892.

SIR,—Would you let me know how many bedsteads are kept for the use of members, as I notice accounts for washing of sheets, pillow slips, covers, quilts, shams, &c., or is this washing done for the Speaker's apartments?

DETAILS OF EXPENDITURE.

B—119

The inclosed account paid to A. Valiquette for attendance at Speaker's room gives 100 days from 29th May to 20th August, 1891. There is evidently a mistake in the number of days.

Directories should be applied for to the Stationery Office and not bought directly. Please note the inclosed account paid to J. Durie & Son for an Ottawa directory, \$2.50.

An Order-in-Council of the 3rd July, 1890, fixed the rate to be paid to unofficial reporters for reporting during the sitting of Parliament at 25 cents per folio of 100 words. Mr. J. L. Payne was paid 30 cents for reporting 13,379 folios last session; Mr. W. H. Dickson 30 cents for 943 folios; Mr. Cook 30 cents for 1,099 folios; Mr. F. R. Marceau 30 cts. for 112 folios.

I am, sir, your obedient servant,

The Clerk of the Commons.

J. L. McDOUGALL, A. G.

HOUSE OF COMMONS, OTTAWA, April 25, 1892.

SIR,—Adverting to your letter of the 21st instant, calling my attention to the fact that certain reporters, who reported the evidence taken before committees last session, were paid at the rate of 30 cents per folio of 100 words, and calling attention to the fact that an Order-in-Council of the 3rd July, 1890, fixes the rate at 25 cents per folio; I have to say that the House of Commons has fixed the rate at 30 cents per folio (see Journals of Commons, 1874, pages 201, 265) and the reporters were paid in accordance therewith.

I am, sir, your obedient servant,

The Auditor-General.

J. G. BOURINOT.

AUDIT OFFICE, OTTAWA, Oct. 25, 1892.

SIR,—On the 30th July, 1891, a cheque for the amount of \$1,380 was drawn payable to the order of Robt. Brewer, then Assistant Accountant of the House of Commons.

The proceeds of this cheque went to pay the Sessional Messengers of the House for 15 days at \$2.00 a day, as it appears by the inclosed pay-list. You will notice that there is no receipt for the \$30 apparently earned by T. Joly. Kindly have this receipt produced or the amount refunded by Mr. Brewer as soon as possible.

I am, sir, your obedient servant,

The Clerk House of Commons.

J. L. McDOUGALL, A. G.

Gratuity to Executors of L. Stafford.

AUDIT OFFICE, OTTAWA, April 5, 1892.

SIR,—I return herewith the application for a cheque in favour of the executors of the late Lawrence Stafford for \$283.33, a gratuity equal to two months' salary.

Please have the application amended in accordance with the Order-in-Council, dated February 1, 1868, which makes the gratuity payable to his widow or orphan children, or to such members of his family or household as His Excellency may approve.

Mr. McGee has not yet furnished me with the Order-in-Council referring to the payment of the above gratuity.

Deputy Minister of Agriculture.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

DEPARTMENT OF AGRICULTURE, OTTAWA, April 14, 1892.

SIR,—I have to acknowledge your letter of the 5th inst. in relation to an application for a cheque in favour of the executors of the late Lawrence Stafford for \$283.33, a gratuity equal to two months' salary.

You state that the application should be amended in accordance with the Order-in-Council, dated February 21, 1868, which makes the gratuity payable to his widow or orphan children, or such members of his family or household as His Excellency may approve.

I may point out that the Order-in-Council, dated on the 17th ult., authorized the payment of this gratuity to the executors of the late Mr. Stafford, and I take it that when there are two Orders-in-Council on any given subject, that which is the last in date must be taken.

I may further point out to you that Mr. Lawrence Stafford has left no widow, but that one of the executors, Lawrence Stafford, is his son, the other being Mr. Patrick Doyle, the assistant immigration agent at Quebec.

I will request Mr. McGee to furnish you with a copy of this Order-in-Council, if he has not already done so, and I should feel obliged if, in accordance with its terms, you will kindly send me a cheque as soon as convenient.

I am, sir, your obedient servant,

The Auditor-General.

J. LOWE, D. M. A.

AUDIT OFFICE, OTTAWA, April 22, 1892.

SIR,—I have received a copy of the Order-in-Council relating to the payment of a gratuity equal to two months' salary to the executors of the late Lawrence Stafford.

The gratuity is sanctioned by usage and not by Act of Parliament. Usage is to give the gratuity to the family and not to the estate of the deceased official. Therefore the Order-in-Council should be amended, as was done in the case of E. D'Auteuil, of your department.

I am, sir, your obedient servant,

Deputy Minister of Agriculture.

J. L. McDOUGALL, A. G.

DEPT. OF AGRICULTURE, OTTAWA, April 28, 1892.

SIR,—I have to inform you in reply to your letter of the 22nd instant that an application will be made to Council to amend the Order passed to grant a gratuity of two months' salary to the family of the late Lawrence Stafford, of Quebec, in the particular of making the payment to Lawrence Stafford, son of the deceased, instead of to the executors, in deference to your request.

I have to say that while this action is taken at your request, my opinion still is that the Order-in-Council to which I referred in my letter to you of the 13th instant contained sufficient authorization.

I am, sir, your obedient servant,

The Auditor-General.

J. LOWE, D. M. A.

Unaccounted for Advances to Immigration Agents.

AUDIT OFFICE, OTTAWA, July 16, 1892.

SIR,—Will you please inform me if as yet any account has been given of the following advances in connection with immigration? If not, please see that the details are furnished at as early a date as possible:—

R. H. Mair—April 2, 1891, \$100; April 3, 1891, \$50; May 8, 1891, \$50; May 23, 1891, \$125; June 19, 1891, \$246.22; June 22, 1891, \$25.30. Total, \$599.52.

E. E. Pettit—June 22, 1891, \$100; July 25, 1891, \$50; September 11, 1891, \$124.70; October 9, 1891, \$90; November 17, 1891, \$130.10. A voucher has been received for \$90 for salary for October, 1891, leaving \$410.80 unaccounted for.

H. Chally—July 15, 1891, \$8.75.

Wm. Code—August 28, 1891, \$19.85.

H. J. Smith—January 6, 1892, \$150.

Geo. P. Bliss—March 31, 1891, \$100; January 27, 1892, \$100; April 9, 1892, \$100. Total, \$300.

In Mr. G. H. Campbell's account of his advances, I find that he has credited himself with the following advances to Mr. A. F. Holmes: June 1, 1891, \$54.85; \$50, date not specified, and \$200 April 10, 1891. Mr. Holmes has, however, given no receipt to Mr. Campbell for any of those advances, but acknowledges in his account that he had received \$100 from Mr. Campbell on April 10, 1891. Will you

please inform me if Mr. Campbell has as yet given any satisfactory proof of the disposition of the remainder of this money?

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

Acting Deputy Minister of the Interior.

AUDIT OFFICE, OTTAWA, October 26, 1892.

SIR,—I am informed by the Interior Department that my letter of the 16th July last with reference to certain unaccounted for advances to immigration agents had been referred to your department.

Please let me have an answer to the above letter at your earliest convenience.

I am, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Deputy Minister of Agriculture.

No answer has as yet been received, December 14, 1892. J. L. McI.

Remarks on Immigration Vouchers.

AUDIT OFFICE, OTTAWA, June 3, 1892.

SIR,—I have the following remarks to make on your vouchers for immigration for the eight months ending February 29, 1892:—

Calgary.—The vouchers for the expenditure of this office are in nearly every case made out by the agent, J. Z. C. Miquelon. They should be made out by the person to whom the money is due.

Hamilton.—The October expenses of the agent, John Smith, include the cost of \$7.50 of a visit in September to the Toronto Exhibition. This does not appear a proper charge against the Government and the amount should be refunded.

London.—There are no vouchers for the November expenditure, \$30.41, of the agent, A. G. Smyth.

Montreal.—Voucher 2372, dated July 31, 1891, is for the payment of \$150 to P. M. Galarneau & Cie., for three months' rent of a house on Commissioner Street.

Voucher 2985 is for a payment of \$150 to L. & A. Galarneau for rent from July 1, to October 1, 1891, of the premises on Commissioner Street. Will you please indicate the time covered by voucher 2372? There is no voucher in support of cheque No. 2617 for \$92.60, the August expenditure of the agent, Mr. J. J. Daley.

Ottawa.—Voucher No. 4333 for \$25.75, the December expenses of the agent, Mr. W. J. Wills, has not been received at this office.

Vancouver.—There is no certificate on the two vouchers, each for \$300, for six months' rent of offices belonging to the Canadian Pacific Railway Company. Will you please obtain a certificate from the agent that the price is fair and just?

Winnipeg.—Voucher No. 4340 is for a payment of \$10 by the agent, Thos. Bennett, for his fee as director of the general hospital. Please explain why this is considered a proper charge for immigration purposes.

Stationery to the value of \$26.55 has been bought in Winnipeg by the agent. All stationery should be ordered through the Stationery Office at Ottawa.

With regard to the vouchers for supplies, the usual practice at the immigration offices at Hamilton, Montreal, Port Arthur, Quebec, Vancouver and Winnipeg is to attach the account to a departmental form on which the agent writes his name after the printed certificate. It would be more satisfactory if in all cases the certificate of the agent was written on the original account itself.

The vouchers for services of the travelling agents and of the employees at the various immigration offices are simply receipts for the money, in most cases signed by the person claiming the money, but in many cases made out in your department and not even signed by the person to whom the money is due.

As the cheques drawn against the vote for immigration have not been received from your department, I have not the power to tell by the endorsement on the back the cheque that the money was received by the person entitled to receive it. Please forward the cheques.

Vouchers for services should in all cases be made out by the person entitled to the money. They should specify distinctly the nature of the services performed and should bear the certificate of the agent that the rate is fair and just, and that the employee was in actual attendance at his duties every day for which payment is claimed.

In the July expenses of Mr. G. H. Campbell, general agent, there is a payment of \$30 for the services of a stenographer, and in his December expenses there is a payment of \$20 for the services of a type-writer. Both these payments should be supported by vouchers.

In the July expenses of Mr. Campbell there is a payment of \$5 by W. M. McLeod for railway fares. The particulars should be furnished.

There is no voucher in support of cheque 3972 for a payment of \$20 to W. Cowan for locating immigrants. Please furnish one.

Voucher 4257 is for a payment of \$100 to C. Halifax Hall for services and expenses during the winter of 1892. Please explain the nature of these services and why payment was made in December, 1891, and not at the end of the winter.

Vouchers 4221 and 4592 are for the salary of E. Johannson for the months of December and January. As the voucher gives no further explanation, please explain where Mr. Johannson is employed and the nature of his services.

Voucher 4390 is for \$305, for the services and expenses of Mr. J. H. Metcalfe, from Nov. 2, 1891, to Jan. 2, 1892. Please furnish the details of these expenses.

Voucher 3971 is for the payment of \$30 to Xavier Plaunt for expenses locating immigrants. The details of these expenses should be furnished.

Will you please furnish me with the accounts of the delegates, Thos. Davey and John McQueen, as I find that each has received an advance of \$350 for which no account has been given?

There is no voucher in support of cheque No. 4188 for a payment of \$1,123 to the Canadian American Company for advertising from "August—August, 1891."

There is no certificate by the Queen's Printer on the following accounts for advertising:—

Chicago British American Co., for year ending Dec. 31, 1891.....	\$327 60
St. Paul "Skaffaren" for 6 mos. ending Dec. 24, 1891.....	62 50

Winnipeg "Western World," for 7 mos. ending Jan. 31, 1892.....	140 00

Please obtain his certificate as is required by Order-in-Council, Dec. 17, 1875.

I append a list of extra clerks whose services have been charged to the Vote for Immigration, but on whose accounts there is no certificate that they have been in attendance at their offices for every day for which payment is claimed:

Armstrong, F. S., 6 mos., Sept. 1 to Feb. 29, at \$400 per year.....	\$191 16
Bollard, J. D., 4 mos., Sept. 1 to Dec. 31, at \$1.50 per day.....	181 50

Payne, J. L., 2 mos., Jan. 1 to Feb. 29, at \$3.....	147 00
Thompson, John, January, 1 month.....	48 39

Please forward a certificate as to the required attendance.

There is no certificate by Mr. J. L. Payne on the following vouchers for his travel, that the whole expenditure was incurred on Government business:—

Voucher 3106, travel, Oct. 20-23.....	\$15 00
do 3961 do Dec. 15-19.....	42 45
do 4450 do Jan. 23-Feb. 3.....	65 55

Please obtain the required certificate.

There are two vouchers amounting to \$116.33 for travel by Mr. H. B. Small. This amount is charged to Immigration. Please see that it is transferred to Civil Government Contingencies.

Will you please inform me what the per diem allowances to the different emigration agents in Great Britain and Ireland are supposed to cover, as there seems to be a different treatment of them by the respective agents.

John Dyke, agent at Liverpool, certifies that he has spent the full amount of his allowance of \$4 per day, and gives the details of the expenditure, which details are of the nature of part of the payment of the salary of his clerk, Mr. G. H. Mitchell, expenses visiting fairs and markets, cost of entertaining expectant emigrants and those interested in emigration, and other expenses for newspaper notices.

Thomas Grahame, agent at Glasgow, gives details of travelling expenses very similar each month for each day except Sundays for the full amount of his allowance of \$4 per day.

Thos. Connolly, the agent at Dublin, receives his allowance of \$2 per day for each day, and H. Merrick, the agent at Belfast, receives his allowance of \$4 per day for each day of the month; but neither of them gives any details of the expenditure of this allowance nor any certificates that the expenditure has been made in the interests of immigration.

I wish to call your attention to the almost complete lack of certification that the goods have been received, or that the work has been performed, and that the prices are fair and just in the expenditure at the different emigration offices in Great Britain and Ireland. Thus in the expenses £255 3s. 6d. of John Dyke with reference to the Canadian exhibit at the Doncaster show, there are accounts and receipts for the amount, but no certificates of the above nature with regard to their correctness.

Please see that all accounts are certified to by the agents in the manner required by Sec. 33 of the Audit Act.

In the February expenses of the High Commissioner's office at London, there is a payment of £100 to John Dyke for postage on continental pamphlets. Details should be given showing how this amount was made up. In the February account of John Dyke there is an outlay of £29 18s. 6d. for English and continental postage.

I am, sir, your obedient servant,

Acting Deputy Minister of Interior.

J. L. McDOUGALL, A.G.

DEPT. OF AGRICULTURE, OTTAWA, Sept. 13, 1892.

SIR,—The Deputy Minister of the Interior has transmitted to the department your letter to him dated June 3 last, in which you ask some questions in relation to immigration expenditure, the expenditure in question having been made by this department.

I may explain to you that the replies to your questions have been kept back in order to await answers from agents at distant points in reply to letters requesting explanations.

I will answer your several questions *seriatim* and in the order of subjects as stated in your letter.

Calgary.—The items of this expenditure were for the most part for petty expenses, and it will be seen that receipts are in each case given by the parties to whom money was due.

Hamilton.—Mr. John Smith, the immigration agent, was authorized to make the visit in question, for report for representations in the service of immigration.

London.—The vouchers asked for have since been forwarded.

Montreal.—The period covered by voucher No. 2372 is for the quarter ended June 30, 1891.

Voucher 2617 asked for has been since forwarded to you.

Ottawa.—Voucher 4353 has since been forwarded to you.

Vancouver.—The payment to the Canadian Pacific Railway Company for rent of office at Vancouver was made under lease with the company at the specifically agreed price of \$600 per annum.

Winnipeg.—It was thought advisable for the purpose of obtaining supervision of the charges made against the Government for the care of patients in connection with this hospital in virtue of a general Order-in-Council that the Immigration Agent of the Department should be a member of the Board. Mr. Bennett did not desire to incur the expense from his private means. The Minister, therefore, authorized this expenditure from the Immigration Vote.

Item for Stationery, Winnipeg Office, \$26.55.—It had been remarked in the audit of the Department that this item for stationery had been incurred by the Winnipeg agent. The explanation is: It happened that there was particular urgency and the Winnipeg office is some days' distance from Ottawa by mail and return. The amount incurred was not large, and the circumstances seemed to justify the passing of the item.

Vouchers for Supplies.—The signing of the printed form of certificate which is furnished to the agent, and which is very searching in its terms, is thought to be the most satisfactory mode of receipt. There cannot be any question as to the fact of the certificate referring to the account pasted on it.

Services of travelling agents and employees.—The cheques asked for have since been forwarded to you. They show by the endorsements that in each case the party entitled to the salary paid has received it; and the endorsement on the cheque is exactly similar to the receipt given by all civil servants of the inside service. It is found that additional receipts would be superfluous.

Mr. G. H. Campbell, General Immigration Agent at Winnipeg, has been applied to for explanations in the particulars requested in your letter. No answer has yet been received.

The payment of \$20 to Mr. W. Cowan for locating immigrants in the Upper Ottawa Valley is an allowance for services which has been paid annually for some years.

Mr. C. Halifax Hall's services were authorized by departmental letter directed by the Minister of Agriculture, and the amount of \$100 was an allowance for travelling expenses which he might incur in diffusing information in the country parts of England during the then ensuing winter, having for object to promote immigration to Manitoba and parts of the Canadian North-west. The payment being an allowance for travelling expenses was given to him in advance to be accounted for, in order to enable the movements desired to be made.

E. Johansson.—Mr. Johansson was employed as an assistant in Mr. Campbell's office in Winnipeg by authorization of the Minister.

The services of Mr. Metcalfe were performed under the authorization of a departmental letter directed by the Minister of Agriculture, to the effect that his engagement as an immigration agent of the department would be continued for a period of two months from 2nd November, 1891, at a rate of pay of \$5 per day, such amount to cover all expenses, as understood at an interview with the Minister. He was accordingly paid \$305 for sixty-one days' services and expenses, which he rendered.

Xavier Plaunt.—The payment of \$30 to him is an allowance covering all services and expenses for locating immigrants in his vicinity, under a special arrangement. He is in the Ottawa district.

Delegates accounts.—These accounts have been sent to the Interior, and you will receive them in due course, if you have not already done so.

Canadian American Printing Co.—You state under this head that there is no voucher for the payment by cheque 4188 of an amount of \$1,123. The explanation is as follows:—That the voucher in question was sent to the Canadian American Printing Co., with a cheque for the usual receipt, and has not yet been returned. The details of the account are as follows:—

Advertising twelve months "Dominion Lands," from August 20, 1890.

The advertisement occupied a space of 36 inches, and was inserted fifty-two times. The charge was 75 cents per inch per insertion. This was subsequently reduced to 60 cents. I inclose a voucher for six months, which shows the way in which the account has been made up. I also inclose a copy of the paper. The service has been performed, as authorized by the Minister of Agriculture, and the endorsement on the cheque in point of fact constitutes a receipt.

You state that the Queen's Printer's certificate should be obtained for accounts for advertisements you mention, namely, Chicago British American Company, St. Paul "Skaffaren," Toronto "Empire," Winnipeg "Heimskringla," North-west Publishing Co., "Western World." The advertisements to which you refer were for the most part in foreign publications and on special contracts, having for object the promotion of immigration, and were quite different from the class of advertisements referred to in the Order-in-Council to which you call attention, which directs that the copy should be sent to the Queen's Printer in order to establish rates for the insertions. If, however, you will return the vouchers to which you refer, there will be no objections to ask the Queen's Printer for his certificate as to the reasonableness of the charges, although he had not, and could not have, from the nature of the advertisements and the circumstances in which they were inserted, the means of determining scales of prices in the same way as ordinary departmental advertisements.

Extra clerks.—You call attention to a number of extra clerks in the department respecting whom the certificate of attendance has not been furnished. I may say that all these persons were in attendance at their offices during the period for which they were paid, as pointed out by you.

With respect to the travelling expenses of J. L. Payne, I may state that the whole expenditure was incurred in Government business, and that this certificate can be attached to each of the vouchers if you desire.

You request that an item of \$116.33 for travelling expenses incurred by Mr. H. B. Small, in the service of immigration, be transferred to Civil Government contingencies. The expenditure incurred by Mr. Small was for travelling with the tenant farmers' delegates (who came to this country), by order of the Minister, for their guidance, and it is simply and properly a charge against the immigration vote. I have before explained to you in substance that travelling expenses have necessarily to be incurred to give effect to several of the votes administered by this department. The vote referring to the item in question is one of those; and the votes for census and statistics and for archives are others. The contingencies of the department were not estimated for such expenses. I understand the provisions of the Contingencies Act to be simply permissive, and I am not aware of any general rule applying to the specifications in my former correspondence with you on this subject. An absolute rule in the sense of your request would simply imply a recasting of estimates.

Per diem allowance immigration agents Great Britain and Ireland.—The question of per diem allowance has been fully discussed with you on various occasions and in Parliament in Committee of Supply. With reference to this question, and that which you have raised with regard to the certification of goods purchased by the High Commissioner, we have referred a copy of this statement in your letter to the High Commissioner. His answer has not yet been received.

I am, sir, your obedient servant,

J. LOWE, D. M. A.

The Auditor-General.

DEPARTMENT OF AGRICULTURE, OTTAWA, October 18, 1892.

SIR,—I inclose to you herewith a copy of a letter of Mr. G. H. Campbell, the general immigration agent at Winnipeg, containing explanations in relation to questions in your letter of June 3 last.

I am, sir, your obedient servant,

The Auditor-General.

J. LOWE, *D. M. A.*

WINNIPEG, September 12, 1892.

DEAR SIR,—I have your favour of the 24th ult. in which you ask for particulars regarding certain items of expenditure in my accounts for July and December, 1891.

Regarding the item for \$30 for the services of a stenographer in July and \$20 for the same in December, you ask for the name of the party receiving the same and the receipt for the money. The person who received the money is not now in the country; but I will endeavour to get a receipt for the same and forward it to you at the earliest possible date.

Respecting the item for \$5 for railway fares in July. This was paid to Mr. McLeod, C.P.R. Ticket Agent, Winnipeg, being the amount allowed for railway fare for Mr. Bjarne Polsson, an old man who came here from Iceland in the early part of the same year and who was physically and mentally unfit for this country. A number of his countrymen subscribed small sums towards his passage home and I obtained a reduced rate from the railway company and paid the \$5 in order to make up the amount required for his ticket.

I have, &c.

Secy. Dept. of Agriculture.

G. H. CAMPBELL, *Gen. Im. Agt.*

DEPARTMENT OF AGRICULTURE, OTTAWA, Oct. 3, 1892.

SIR,—I have to acknowledge your letter of the 29th ult., in reference to an item of \$116.33, being the amount expended by Mr. H. B. Small, of this Department, for travelling expenses with Tenant Farmers' Delegates in the interest of immigration.

You state that in adjusting the accounts of the Interior Department to the end of the financial year an application was made to the Auditor-General to have the item referred to transferred from the immigration vote to Civil Government Contingencies; the travelling expenses of permanent officials being a proper charge to be placed against contingencies.

I assume that the contingencies against which the transfer of this item was asked to be placed were those of this department.

I have to say in relation to this action I agree in the statement in your letter in so far that I have no doubt the item in question was one which might have been properly charged against contingencies, but I have equally no doubt that it was also one which might be and which was properly charged to the vote for immigration.

The charging of the item in question to the immigration vote was a completed action for which the Minister and Department of Agriculture were alone responsible.

I may further say to you it has happened in the administration of this department that travelling expenses have been necessary to give effect to three votes administered by it; and for which estimates were not made in Civil Government Contingencies. This department has had correspondence with the Auditor on the question in issue; but this has not afforded any specific explanation of a contention on his part that travelling expenses, which, by the terms of the Contingencies Act, may be charged to contingencies, must in all cases be so charged.

I am, sir, your obedient servant,

Secy. Department of the Interior.

J. LOWE, *D.M.A.*

Please forward such a certificate.

The accounts of Proudfoot & Son for binding, \$56.20, of McCorquodale & Co. for stationery, \$38.58, and of C. Wright, for making packing cases, \$5.95, bear no certificate that the articles were supplied, and that the prices charged were fair and just. Please forward such a certificate.

A. Gambey has received to September 20, 1891, \$1,143.12 on account of Archives expenditure in France, and has furnished details of expenditure for \$769.97, leaving \$373.15 unaccounted for at the present date. The accounts bear no certificate from him as to their correctness. Please see that such a certificate is furnished and that the details of the remaining advance are furnished at an early date.

Dairying.—The practice with regard to certificates is that Dairy Commissioner Mr. J. W. Robertson, in all cases writes his name on the departmental form to which the voucher is attached under the printed certificate, and in some cases Mr. T. J. Dillon and J. A. Ruddick and other dairy officers also write their name or initials on the account itself. In cases where the supplies are bought directly by these latter officers, please see that they also certify that the goods have been received and that the prices charged are fair and just.

The December expenses of Mr. T. J. Dillon include a payment of \$11 to Mr. Potter for teaming and a payment of \$20 to Albert Raby for one month's work. The January and February expenses of Mr. T. J. Dillon each contain a payment of \$20 for the wages of an assistant and a payment of \$16 for one month's board. All these payments should be supported by vouchers made out by the persons to whom the money is due.

The following vouchers have not been received at this office:—

Please see that these vouchers are furnished.

Voucher 3869 is for \$14.30, for goods purchase from the Montreal Stencil Works, cheque 3869 is for \$27.85. Voucher 4,206 is for \$44.23 for the salary of C. C. Macdonald for Dec., 1891, cheque 4,206 is for \$132.69. Voucher 3862 is for a payment of \$80 to W. Cane & Sons, Newmarket, for 200 butter tubs, cheque 3862 is for \$90. Please explain the difference in these three cases between the vouchers and the cheques.

Voucher 3119 is for a payment of \$38 to Leger Brosseau, Quebec, for printing and posting reports. Please explain why this printing was not ordered through the Queen's Printer and certified to by him.

The Dairy Commissioner, Mr. J. W. Robertson, has received the following advances of which up the present date no account has been given:—

July, \$600; Aug. 27, \$200; Sept. 25, \$200; Oct. 19, \$250; Dec., \$300; Dec. 24, \$100; in December he also received \$112.80 for the balance of Dillon's travelling expenses and \$211.51 for the balance of Latour's travelling expenses.

No account has been given of the following advances:—

T. J. Dillon, Feb. 12, \$360; March 19, \$50; April 15, \$350.

J. A. Ruddick, Feb. 12, \$225; March, \$250; April 14, \$190.

J. C. Chapais, Feb., \$100; March, \$200.

J. W. Hart, April, \$75.

Please see that the accounts of the expenditure of these advances are furnished this office at as early a date as is possible.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

AGRICULTURE DEPT., OTTAWA, Sept. 13, 1892.

SIR,—I have to inform you in reply to your letter of June 21 last, on the subject of vouchers for Experimental Farms, Archives expenditure by High Commissioner and Dairying, that extracts of the statements in your letter have been forwarded to the several officers with a request that the necessary explanations may be afforded. So soon as these are received I will send them to you.

I am, sir, your obedient servant,

J. LOWE, D.M.A.

The Auditor-General.

AGRICULTURE DEPT., OTTAWA, Oct. 18, 1892.

SIR,—I inclose to you herewith a copy of a letter from Mr. William Saunders Director of Experimental Farms, in reply to questions in your letter dated June 21 last on the subject of the accounts of the Farms.

I am, sir, your obedient servant,

J. LOWE, D.M.A.

The Auditor-General.

OTTAWA, Oct. 14, 1892.

DEAR MR. LOWE,—In reply to your communication of September 15, enclosing extracts from a letter of the Auditor-General dated June 21, 1892, I beg to submit the following:—

Voucher 1783 for payment of \$18.85 to Mortimer & Co., was for lithographic work, which is not done at the office of the Queen's Printer. No. 1908, \$2.50 to A. S. Woodburn, was for cards to attach to samples of grain to be sent to exhibitions. These were required at a few hours' notice, and there was not time to order them in the usual way.

With regard to payments for wages, the men were unable to sign their names, and of which you cite a number of examples. I was not aware until I received your letter that the payments in such cases should be witnessed by a third party. Arrangements have now been made to carry this out and it will receive careful attention in future. It would be quite impracticable to have these accounts for last year receipted in this way now, as the workmen on the farm are not stationary and many of these which were then paid are not now in our employ. In all these cases a very close scrutiny has been given to these accounts by myself. I have had opportunity to become familiar with the workmen and their names to a great extent, on all the different farms, and have carefully scrutinized all payments of wages, so that I feel quite confident that the accounts you refer to are all correct. In future all these

will be witnessed by a third party in accordance with the wishes of the Auditor-General.

Voucher 1945 for travelling expenses of S. A. Bedford. The difference in charges for the direct and return trips are thus explained. Mr. Bedford took a ticket from Brandon to Ottawa and was authorized to return by way of Chicago in order that he might visit the Stock Fair being held there, to gain information which would be useful to him on this subject.

Return tickets to the east are not issued by the railways in Manitoba and the North-west excepting on special occasions.

The vouchers for supplies at Indian Head, Nos. 2018, 2019 and 2032, were sent to the department and I presume have been received by the Auditor-General before this. The suggestions contained in the last paragraph of the Auditor-General's letter as to the certifying for vouchers have been acted upon and in future the Superintendent will also certify that the amounts expended are correct, and the prices paid fair and just.

Yours very truly,

WM. SAUNDERS, *Director.*

The Dy. Minister of Agriculture.

AGRICULTURE DEPARTMENT, OTTAWA, Sept. 28, 1892.

SIR,—I inclose to you herewith a copy of a letter of Mr. J. W. Robertson, Agriculturist and Dairy Commissioner, in reply to inquiries from you in relation to his accounts and vouchers.

I am, sir, your obedient servant,

J. LOWE, *D.M.A.*

The Auditor-General.

CENTRAL EXPERIMENTAL FARM, OTTAWA, Aug. 27, 1892.

DEAR MR. LOWE,—Your letter of the 22nd inst. inclosing an extract from the Auditor-General has been received.

I have written to the several persons from whom the vouchers for the amounts of cheques have not been received. As soon as they come to hand I will forward them to your office.

In the matter of voucher No. 3119 for the payment of \$38 to Léger Brosseau, Quebec, for printing and posting reports, these were bills and circulars for meetings held throughout the Province of Quebec by the assistant dairy commissioner, Mr. J. C. Chapais. It was necessary that he should get the printing done from time to time as the programme of meetings was arranged, at some point where he could readily use and correct the proofs. The bills and circulars for as many of Mr. Chapais's meetings as could be obtained through the printing bureau here, were so ordered.

I am, yours very truly,

J. W. ROBERTSON, *Dairy Commissioner.*

The Deputy Minister of Agriculture.

Extra Clerks Charged to Criminal Statistics.

AUDIT OFFICE, OTTAWA, July 25, 1892.

SIR,—Let me call your attention to the following statement showing by months the expenditure of your department on account of your appropriation for Criminal Statistics for the year 1891-92:—

	Clerical Work in Department.	Returns, &c.	Total Expenditure.
	\$ cts.	\$ cts.	\$ cts.

Will you please explain why the expenditure for the clerical work in your department in connection with criminal statistics is confined to the first two and last four months of the year, while the expenditure for the returns of Criminal Statistics from the different portions of the Dominion is confined to five intermediate months.

It would appear that the payment for the work of counting and examining the returns in your department should be coincident with the payment for the returns themselves.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPARTMENT, OTTAWA, Sept. 13, 1892.

SIR,—I have to inform you in reply to the question and statement in your letter of July 25 last, in relation to the expenditure of the appropriation for Criminal Statistics, that:—

The real work in relation to the Criminal Statistics consists in the compilation after the returns have been received from the clerks of courts.

The counting and arranging of the returns as they come in is but a minor work.

I am, sir, your obedient servant,

The Auditor-General.

J. LOWE, D.M.A.

Credit to Marine Department for World's Fair.

AUDIT OFFICE, OTTAWA, October 6, 1892.

SIR,—Let me acknowledge receipt from your department of an application for a credit of \$1,000 in favour of Wm. Smith, Deputy Minister, and F. Goudeau, accountant of the Marine Department, on account of the purchase of a fishery exhibit for the World's Columbian Exposition.

Would it not be as satisfactory if, when the Marine Department made purchases on account of the Exposition, they should ask your department for a cheque in payment which could be issued by you in the usual way? If this were done it would effect a simplification in the accounts which expenditure by too many persons under credits of their own tends to complicate.

I am, sir, your obedient servant,

The Deputy Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPARTMENT, OTTAWA, Oct. 8, 1892.

SIR,—I have to acknowledge your letter of the 6th inst., in relation to an application from this department for a credit of \$1,000 in favour of Mr. William Smith, Deputy Minister, and Mr. Gourdeau, accountant of the Marine Department, on account of the purchase of a fishery exhibit for the World's Columbian Exposition.

In reply I have to say that I quite agree with the statement in your letter as regards the question of principle and matter of form.

It has happened, however, in this particular case that Mr. Saunders, the Executive Commissioner of the World's Columbian Exposition, to be held at Chicago, with the sanction of the Minister, had completed the particular act of administration in question, a request being made to me to make an application to you to have effect given to it.

In the circumstances, and also in view of the fact that the Executive Commissioner is at present absent from the city, I should feel obliged if you would in this particular case have effect given to the application.

I am, sir, your obedient servant,

The Auditor-General.

Cattle Quarantine.—The outlay for cab-hire for the agent at Quebec, Mr. J. A. Couture, is as follows:—

July.—Cab and ferries to quarantine station, 31 trips at \$2.21, to steamship, 75 cents.

August.—Cab and ferries to quarantine station, 32 trips at \$2.21, to steamship, \$1.31.

Please furnish details of voucher 5759 for a payment of \$1,045 to Dr. Wyatt Johnston for balance of services and expenses.

I am, sir, your obedient servant,

The Dy. Minister of Agriculture.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, June 30, 1892.

SIR,—The following explanations are furnished to you as requested in your letter of the 9th instant:—

Grosse Ile Pay-list of Temporary Employees.—You ask for the certificate of Dr. Montizambert to the fact that the men have been in attendance every day for which payment is made. The certificate given by Dr. Montizambert on the pay-lists does mean that the men were at work during the time charged therein. There is no objection, however, to have a special certificate in future.

The prices of the items referred to in your letter are for the most part established by previous contract. Dr. Montizambert has in addition personal knowledge as to the receipt of the articles and the work being done. But there can be no objection to furnishing you with copies of contracts, and if you desire further to have the certificate of the carpenter or engineer in addition, Dr. Montizambert will be asked to request it from them.

The Pay-lists.—You state that the pay lists are not receipted by the parties to whom the several amounts are payable. In respect to this I have to call your attention to the fact that in each case the cheques are made payable to the order of the employee; and, therefore, the best evidence that the money has reached the parties intended is found on the endorsement of the cheques. There is at times difficulty in obtaining the proper vouchers from some of the quarantines owing to the actual presence of contagious disease.

In future to cover the question which you have raised it is proposed, commencing with the next fiscal year, to send you a monthly pay-list made up in this office of all payments to outside employees in the same way as the Civil Government pay-lists of the department which are not discharged by individual receipts. I may add that care will be at the same time taken to obtain the necessary certificate of the officers in charge as to the attendance of the employees.

Halifax Quarantine.—The payment of \$15 to William Devlin, caretaker at the Quarantine at Lawlor's Island, for the use of a horse, is an allowance for a necessary quarantine service. The buildings are situated at a distance from the landing wharf and a facility of this nature is necessary for the service.

In respect to the payment of \$20 for a telephone at the office of Dr. Wickwire, the desired certificate has been obtained.

Albert Head Quarantine.—With regard to the forms of receipts for payment to Mrs. Harriet Bell, the department is in correspondence with Dr. Jones, the medical superintendent on this subject.

The payment of \$10 to Dr. Jones, quarantine office, at Victoria, is an allowance for the use of a room in his own house, allocated as a special office for quarantine service.

Voucher 3940 has been sent to you since the receipt of your letter.

Sydney.—Voucher 3970. You ask for the details of a payment of \$10 to D. J. McIsaac for cleansing and disinfecting. The explanation in this case is that there was a case of small-pox at the Sydney Quarantine hospital and McIsaac was charged with the duty of cleansing and disinfecting after the discharge of the patient. The charge is a reasonable one for the service performed and it could not have been done more cheaply.

Chatham.—Voucher 5841 for \$25 for the service of R. Stapleton for the month of March should read the month of April. There is, therefore, no duplicate payment to him. There has apparently been a clerical error.

Unorganized Ports.—Dr. Gauvreau is quarantine inspector of mail steamers at the Port of Rimouski. For the season of 1891 he was allowed a salary of \$700. He was paid \$58.33 of this sum in September and the balance \$641.67.

Cattle Quarantine, Quebec.—In answer to your question in relation to cab-hire for Mr. J. A. Couture, V. S., Superintendent of the Lévis Quarantine, I have to make the following statement:—

The arrangement under which Mr. Couture charges \$2.21 for each trip from Quebec to the Lévis Quarantine was made by Professor McEachran, the Chief

Veterinary Inspector of the department, some years ago, and sanctioned by the department. The details are as follows :

Cab-hire to ferry and return	\$ 0 50
Ferriage.....	0 06
Toll.....	0 15
Cab from the Lévis ferry to the Quarantine grounds at the Fort and return.....	1 50
	<hr/>
	\$2 21

The distance from the Lévis ferry to the Quarantine is several miles, and the road in places is difficult. Mr. Couture states that each visit takes from two to three hours of time and that it is necessary for him to go daily to the Quarantine for the efficiency of the service and the responsibility of the department as well in relation to the health of animals as the care of the valuable animals under his charge.

You ask if the payments of \$10 for the use of office and \$20 for clerical assistance to Dr. McEachran of Montreal are of the nature of allowances? The items to which you refer are agreed proportions contributed by the department for its use of the office in question.

The vouchers in support of the payments to Dr. Wyatt Johnston were sent to you since the receipt of your letter; also copies of the certificates in connection with cattle slaughtered in Pictou County.

I am, sir, your obedient servant.

The Auditor-General.

Supplementary Estimates needed for Annual Drill.

AUDIT OFFICE, OTTAWA, June 24, 1892.

SIR,—I have your note of this date with reference to my request that \$100,000 should be placed in the supplementary estimates of this year to cover the expenditure to be made before 1st July for annual drill.

From what you and Colonel Panet said to me when you were here, this expenditure is not to be an unusual one, as it will be necessary to disburse about that amount during the month of June in each year for the year's drill. If this amount were now voted it would only require \$175,000 of the \$275,000, which appears in the main estimates of 1892-93, to complete the payments for this summer's drill, and there would then be left, out of the vote of \$275,000, the \$100,000 necessary to make for the drill of next summer the payments corresponding with those which are now to be made before the 30th instant. The estimate for next year would thus cover all the expenditure which should be made out of that appropriation. In the same way the appropriation for each succeeding year would cover all the payments which properly belong to that year. By making this one provision of \$100,000 there would be prevented for the future the irregular payments which have been made in each year in the past. There will be no difficulty in showing to Parliament that this does not indicate an additional expenditure, but a regular way of providing for it, instead of an irregular one.

I am, sir, your obedient servant,

The Minister of Militia and Defence.

J. L. McDOUGALL, A. G.

Overpayments and Irregularities in the Pay-Lists.

AUDIT OFFICE, OTTAWA, April 25, 1892.

SIR,—I wish to call your attention to the following overpayments and other irregularities in your annual drill vouchers for the year 1891:—

Military District No. 1.

Brigade Staff.—Capt. Wadmore during the 15 days he was at drill drew pay as Adjutant of the London Infantry School at 50 cents per day: please see that he refunds \$7.50. Pay was issued to 8 sergeants: the *Canada Gazette* of May 23, 1890, allows only 5 staff non-commissioned officers.

25th Battalion.—Company 4, 2nd Lieut. J. L. Jones was paid as lieutenant overpayment \$3.60.

26th Battalion.—Staff—I cannot find the name Surgeon George Billington on the list.

Co. 3.—There is an overpayment of 50 cents, an error in addition.

30th Battalion.—Co. 3—2nd Lieut. Jas. Beattie paid as lieutenant. Overpayment \$3.60.

Co. 5.—There is a similar overpayment of \$3.60 to J. H. Coyne.

Co. 6.—There is a similar overpayment of \$3.60 to Jonathan Loree.

33rd Battalion.—Staff—Jos. Beck, quartermaster, was overpaid 25 cents ration allowance.

Military District No. 2.

Brigade Staff.—Capt. Mutton during the month of October drew pay for 14 days at annual drill and for 19 days at the Infantry School, Toronto: please see that he refunds \$2 for 2 days' pay at the latter place.

20th Battalion.—Co. 4—Capt. Beattie writes and witnesses 6 marks for signatures: this is contrary to General Orders May 23, 1890, which state that the signature shall be witnessed by a sergeant or person other than the captain or officer commanding the company.

39th Battalion.—Co. 4—I do not see the name of 2nd Lieut. T. H. McCord on the list.

10th Battalion, Royal Grenadiers.—“D.” Co.—Capt. A. C. Gibson has written 9 signatures for receipts of payment “per A. C. G.” This is not at all satisfactory proof of payment to the person intended.

Welland Canal Field Battery.—I cannot find the name of J. G. Harris, Veterinary Surgeon, on the list.

Military District Nos. 3 and 4.

Brigade Staff.—Lt.-Col. J. P. McPherson, a clerk in the Public Works Department drew \$117.18, and Major W. L. Heron, a clerk in the Inland Revenue Department, drew \$127.50 for pay and allowance. As both these officers are permanent employees of the Civil Service it seems that section 51 of the Civil Service Act prevents their receiving this extra pay.

Please explain on what authority Major Drury of “A” Battery acted on the Brigade Staff as Officer Commanding the Artillery. I cannot find in the Regulations for strength of staff of May 23, 1890, any provisions for such office.

Pay has been issued to 13 sergeants each at the rate of \$1 a day, besides a ration allowance of 50 cts. per day. The Regulations allow only 5 staff sergeants receiving, with the exception of the Sergeant Major, 90 cts. per day besides the ration allowance. Please explain the authority for having so many sergeants, and see that a refund is made of the additional pay received.

49th Battalion.—Co. 5.—2nd Lieut. W. Reed drew pay as lieutenant: Overpayment \$3.60.

Co. 6.—Lt. J. W. Arnott drew pay as captain: overpayment \$14.88.

56th Battalion.—Please explain how all the officers and men of this battalion drew the ration allowance of 25 cts. per day for 1½ days. The Regulations provide for ration allowance for the day of arrival.

Co. 5.—Capt. J. Morrison witnesses 6 marks for signatures.

16th Battalion.—Co. 1.—There is an overpayment of 25 cts. for ration allowance.

Durham Field Battery.—I cannot find the name of J. W. Fisher, veterinary surgeon on the list.

C. Sleeman and W. Bradley drew pay for the same period of annual drill both in this battery and also in the Kingston Field Battery. Please explain.

Kingston Field Battery.—2nd Lieut. George Moore drew pay as lieutenant. Overpayment \$3.60.

The signatures in this battery are irregular. The orderly room clerk has written 10 of the signatures himself and witnessed them, “O. R. C.”

42nd Battalion.—Co. 6.—2nd Lieut. R. E. Gibson drew pay as lieutenant. Overpayment \$3.60.

Prince of Wales Dragoon Guards:—Staff—Forage allowance was drawn for 8 horses. Pay was drawn for 6 horses.

“C” Troop.—Private W. J. Doughty is certified on pay-list to be entitled to draw pay for 9 days. He was paid for 12 days.

General Expenditure.—Chas. L. Lascoshinsky puts in a bill for \$2.60 for rent of furniture for brigade hospital. The receipt is for \$5.60. The Bay of Quinté Steamboat Navigation Co. charge \$1.50 per horse from Belleville to Kingston; the St. Lawrence River Steamboat Co. charge \$2.50 for the same service. Please explain the difference in charge.

57th Battalion.—Co. 1.—2nd Lieut. Wm. Hamilton drew pay as lieutenant. Overpayment \$3.60.

The band is 4 men over regulation strength.

15th Battalion.—Co. 1.—Pay has been given to 4 sergeants and to 4 corporals. Overpayment \$4.20.

Military District No. 5.

Brigade Staff.—Lt.-Col. Houghton should refund \$20.45 for the 15 days of Annual Drill when he was also receiving a Staff allowance at the rate of \$500 per annum.

6th Regiment Hussars.—Staff—T. C. Simpson, veterinary surgeon. Is this name on the list?

Co. 4.—There is no bill for transport, \$89.28.

Shefford Field Battery.—Captain Kay witnesses 13 marks.

Staff-Chaplain Rev. J. H. Dixon was paid for 12 days at \$2.82 per day. Please explain authority for this payment.

11th Battalion, Co. 8.—All the signatures except one are the handwriting of Lieut. Williamson, commanding officer. This, as explained above, is irregular. The pay-lists should be signed by each man entitled to pay, or by his attorney, or by his mark properly witnessed.

50th Battalion, Staff.—There is no bill for transport, \$13.04.

Co. 2.—Private R. C. Charles writes and witnesses 4 signatures.

Co. 3.—2nd Lieut. Oscar Amyrauld drew pay as lieutenant. Overpayment \$3.60.

51st Battalion, Co. 2.—Lieut. W. F. Vanfleet. I cannot find his name on the list.

Co. 8.—Out of 35 signatures in this company, 30 are made by cross, all witnessed by Sergeant N. Picotte.

Military District No. 6.

Brigade Staff.—Pay has been given to 7 Staff Sergeants.

64th Battalion, Staff.—Major Boyer acted as Adjutant receiving \$3.90 per day. Overpayment \$12.96.

Out of 137 signatures in this Battalion 55 are by crosses, none of which are apparently made by the person supposed to receive the pay.

84th Battalion, Staff.—L. Tellier, Paymaster's clerk, has not signed the pay-list.

Out of 159 signatures in this battalion 42 are apparently in the handwriting of L. Tessier, paymaster's clerk; 25 in the handwriting of L. A. Gagnier, quartermaster's clerk; and 3 in the handwriting of Lt.-Col. Alfred Denis. These persons also sign their name in the witness column.

Ration allowance of 25 cents per day was given for 1½ days.

85th Battalion, Staff.—O. Lefebvre, orderly room clerk, has not signed the pay-list.

The band is ten men over strength.

There are 78 crosses for signatures, most of which are improperly made.

Co. 3.—Pay was given to 4 sergeants. Overpayment of \$3.

Co. 6.—There is a similar overpayment of \$3.

86th Battalion.—There are 90 crosses for signatures, most of which are improperly made.

Co. 5.—2nd Lieut. N. Demers was paid as lieutenant. Overpayment \$3.60.
3rd Battalion, Victoria Rifles.—2nd Lieut. M. Pope was paid as lieutenant. Overpayment, \$3.60.

53rd Battalion.—Capt. H. R. Fraser was paid as staff adjutant and also as captain of No. 1 Company. He should refund \$33.84.

65th Battalion.—Staff Asst. Surgeon Geo. Villeneuve. I cannot find this name on the list. The signature on the pay-list is, Geo. Villeneuve per J. T. Ostell.

Co. 1.—Capt. Arthur Roy witnesses 13 crosses.

Co. 2.—Capt. J. M. A. Gravel writes and witnesses 7 marks for signatures.

Co. 3.—Capt. Labelle witnesses 13 crosses for signatures.

Co. 6.—There are 7 signatures by crosses improperly made.

Co. 7.—Capt. C. A. Laframboise witnesses 7 marks for signatures.

Military District No. 7.

Quebec Field Battery.—Out of 78 signatures there are 43 by crosses improperly made, and in each case witnessed by Sergt. Manchetero.

Lévis Garrison Artillery.—No. 1 Battery—There are 8 unsatisfactory signatures.

No. 2 Battery.—Pay has been given to 4 sergeants. Overpayment \$3.

Quebec Garrison Artillery.—No. 1 Battery.—Pay has been given to 4 sergeants. Overpayment \$3. There are 14 unsatisfactory signatures.

No. 2 Battery.—There has been a similar overpayment of \$3 to sergeants.

Capt. T. L. Boulanger has written 2 signatures.

Brigade Staff—Sergt. L. P. Lavoie, during 17 days he was at drill also drew pay at "B" Battery, Quebec. He should refund \$17.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Aug. 26, 1892.

SIR,—With further reference to your letter of the 26th of April last, I beg to send you for your perusal a copy of the Report made by the General Officer Commanding the Militia on the matter referred to.

I am, sir, your obedient servant,

The Auditor General.

EUG. PANET, D. M. M. & D.

OTTAWA, May 2, 1892.

A large number of companies turned out last year below their strength owing to the inconvenient season of the year, but in my opinion they should be paid.

The Regulation is a most pernicious one and I am submitting a report on the subject with a view to obtaining authority for its elimination.

(Sgd.) IVOR HERBERT, *Maj. Gen. Comdg. C. Militia.*

Over-Establishment, Governor General's Foot Guards.

AUDIT OFFICE, OTTAWA, Aug. 30, 1892.

SIR,—Will you please explain how in view of the Militia General Order of August 22, 1891, which states that the establishment of a company of Infantry for

which pay will be drawn is 45 officers, non-commissioned officers and men, pay was issued for the whole of the following establishment of the Governor General's Foot Guards, Ottawa:—

Co. 1, 2 officers and 57 men; Co. 2, 2 officers and 61 men; Co. 3, 3 officers and 63 men; Co. 4, 1 officer and 57 men; Co. 5, 2 officers and 59 men; Co. 6, 1 officer and 57 men. Is there a special order for the Guards?

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 9, 1892.

SIR,—With reference to your letter of 30th ult., I have the honour to state that the pay of the non-commissioned officers and men of the Governor General's Foot Guards drilled for 1891-92, in excess of number detailed by General Orders, was issued on the authority of the Honourable the Minister of Militia and Defence, dated May 4, 1892.

I am, sir, your obedient servant,

The Auditor-General.

EUG. PANET, D. M. M. & D.

AUDIT OFFICE, OTTAWA, Sept. 12, 1892.

SIR,—In answer to your letter of the 9th instant, in which you state that pay was issued to the Governor General's Foot Guards in excess of number detailed by General Orders on the authority of the Minister of Militia and Defence, I would say that as the General Orders mentioned above were approved by the Governor in Council, it is necessary that any payment made contrary to them should not be made except under the Order of the Governor in Council.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Nov. 4, 1892.

SIR,—Adverting to your letters of the 30th August and 12th September last, I have now the honour to inclose a copy of an Order in Council passed on the 29th ultimo, authorizing the payment of the Governor General's Foot Guards at a strength in excess of the establishment of that corps.

I am, sir, your obedient servant,

The Auditor-General.

ORDER IN COUNCIL.

Oct. 29, 1892.

On a report dated 22nd October, 1892, from the Minister of Militia and Defence, stating that the Auditor-General has called attention to the payment of some of the men of the Governor General's Foot Guards in excess of the number authorized by General Orders approved by His Excellency the Governor General in Council and that this irregularity appears to have existed for a number of years.

The Minister having had the last payment made under the above circumstances brought to his notice, recommends that the payment be confirmed.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,

Clerk of the Privy Council.

Irregular Pay-List, Ottawa Field Battery.

AUDIT OFFICE, OTTAWA, July 8, 1892.

SIR,—I return herewith the pay-list of the Ottawa Field Battery for the salute fired on February 25, at the opening of Parliament, in order that proper signatures may be obtained from W. H. Mix, Ed. Faughey, A. Gray, Geo. Walsh and W. Kennedy whose signatures are apparently in the same handwriting, and also from R. W. Stewart, W. Painter and Geo. Thompson, whose signatures have apparently been written by the same person.

I am, sir, your obedient servant,

The Deputy Minister Militia and Defence.

J. L. McDOUGALL, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Aug. 25, 1892.

SIR,—With reference to your letter of the 8th ult., relative to the pay-lists of the Ottawa Field Battery for a salute fired on the 25th February, 1892, I have the honour to state that the value of M. and D. Cheque No. 583 of 26th February, 1892, for \$25.65, issued in payment of the claim, was refunded to credit of the Receiver-General by Captain Bliss, Deposit Receipt No. 201, Ottawa, 17th May, 1892.

Major J. Stewart having subsequently paid the Battery, as per his letter of the 12th Aug., 1892 (copy herewith), now claims repayment of amount paid out by him, viz., \$25.55.

Will you be pleased to forward me a Receiver-General's cheque for the amount to order of Major J. Stewart.

I return, herewith, the revised pay-list of the Battery in support of Major Stewart's claim.

I am, sir, your obedient servant,

The Auditor-General.

EUG. PANET, D. M. M. & D.

AUDIT OFFICE, OTTAWA, Aug. 30, 1892.

SIR,—Let me acknowledge receipt of the revised pay-list of the Ottawa Field Battery for the salute fired on Feb. 25, 1892, and an application for a Receiver-General's cheque in favour of Major J. Stewart for \$25.55.

If your Department is satisfied of the correctness of the pay-list I cannot see any reason for a departure from the usual method of payment under Letter of Credit cheque. It will be necessary, of course, that the payment be charged to your Militia Appropriation for the year 1892-93.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 6, 1892.

SIR,—In reply to your letter of 30th ultimo, I have the honour to state that my reason for applying for a Receiver-General's cheque for \$25.55, to pay the Ottawa Field Battery for duty performed in firing salute on February 25 last, was as follows:—

A pay-list for the payment of the detachment on that occasion was sent in by Captain Bliss, in temporary command of the Battery, Major Stewart being at the time in Toronto. A doubt subsequently arose as to the correctness of the pay-list thus submitted. The Department had meantime issued the usual cheque to Captain Bliss for the payment of his men. The question of the accuracy of his pay-list having arisen, Captain Bliss, instead of paying the men, deposited the amount of the Departmental cheque to the credit of the Receiver-General.

Major Stewart, commanding the Battery, now submits a new pay-list; and it is desired to have a Receiver-General's cheque, to the order of Major Stewart, to enable him to pay the men.

The amount of the deposit made by Captain Bliss was \$25.65. The amount now required to cover Major Stewart's pay-list is \$25.55. The latter is, therefore, the amount of Receiver-General's cheque asked for.

I am, sir, your obedient servant,
The Auditor-General. EUG. PANET, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, Sept. 6, 1892.

SIR,—In answer to your letter of to-day's date I would say that the amount refunded by Captain Bliss has gone to the credit of your Appropriation for Contingencies to which Appropriation it had been charged.

There is, therefore, no necessity to issue a Receiver-General's cheque for the amount of the amended pay-list, but payment may be made by a cheque drawn against your Letter of Credit, as is done in other cases.

I am, sir, your obedient servant,
The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 9, 1892.

SIR,—In the matter of the refund by Captain Bliss of the money formerly destined to pay the men of the Ottawa Field Battery, I have the honour to request that you will be good enough to return the pay-list and inclosures forwarded with my letter of the 25th ult., as cheque in payment of \$25.55 has been issued by this Department.

I am, sir, your obedient servant,
The Auditor-General. EUG. PANET, *D. M. M. & D.*

Lt.-Col. Worsley, D.A.G., and Major Gordon, Actg. D.A.G. M.D. No. 9.

AUDIT OFFICE, OTTAWA, Sept. 7, 1892.

SIR,—I find the following payment in your expenditure for Fredericton Infantry School and Military District No. 9:—

Lt.-Col. Worsley, Deputy Adjutant-General M. D. No. 9, salary, April 14 to August 31, 1891, at \$1,700 per year.

Major W. D. Gordon, Acting Deputy Adjutant-General M. D. No. 9, allowance, April 14, 1891, to June 30, 1892, at \$3.50 per day. Major, Fredericton Infantry School, salary, April 14, 1891, to June 30, 1892, at \$3.50 per day.

It would appear necessary from the above statement that some explanation should be given why Lt.-Col. Worsley drew pay as Deputy Adjutant-General from April 14 to August 31, 1891, when another was acting in that capacity; and also why Major W. D. Gordon drew pay from the Fredericton Infantry School from April 14, 1891, to June 30, 1892, during which time he was on leave from the School, and was residing in Halifax, fulfilling the duties of Deputy Adjutant-General.

I am, sir, your obedient servant,
The Deputy Minister of Militia. J. L. McDOUGALL, *A. G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 12, 1892.

SIR,—With reference to your letter of the 7th inst., I have the honour to state that Lt.-Col. Worsley was paid as Deputy Adjutant-General of Military District No. 9, up to 31st August, 1891, when further issue of his pay was stopped by order of the then Minister of Militia.

Major W. D. Gordon of the Infantry School Corps at Fredericton, was ordered to take over the Command of Military District No. 9, Headquarters at Halifax, N. S., from 14th April, 1891. Being temporarily detached from his Regiment for

that duty, he was paid the personal subsistence or lodging allowance of \$3.50 per day and also his regimental pay of \$3.50 per day as he was still on the strength of the Infantry School Corps.

I am, sir, your obedient servant,

EUG. PANET, *Col., D. M. M. & D.*

The Auditor-General.

AUDIT OFFICE, OTTAWA, Oct. 5, 1892.

SIR,—Let me acknowledge receipt of your letter of the 12th ultimo in answer to mine of the 7th ultimo, with reference to certain payments for Fredericton Infantry School and for Military District No. 9.

The facts to which I wish to call your attention, and concerning which your letter gave no further information than could already be obtained from the vouchers themselves, I will endeavour to point out more clearly.

During the period between April 14 and August 31, 1891, Lt.-Col. Worsley though not performing the duties of Deputy Adjutant-General of Military District No. 9, drew the pay for such duties at the rate of \$1,700 per year; and Major W. D. Gordon drew his pay of \$3.50 per day as a member of the permanent staff of the Fredericton Infantry School, though he was not performing the duties pertaining to that position, but was acting D. A. G. of Military District No. 9, and was drawing a sustenance allowance of \$3.50 per day as being an officer temporarily absent from his regular place of abode, which allowance he was still drawing on June 30, 1892.

I would also call your attention to the fact that the sustenance allowance of \$3.50 per day is intended only for a short absence, and not for an absence of 15 months, during which time an official is supposed to make some permanent arrangements for a cheaper method of living.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 6, 1892.

SIR,—In reply to your further inquiry, of yesterday's date, respecting the pay of Lt.-Col. Worsley between April 14 and August 31, 1891, I have the honour to state that, during such period, Lt.-Col. Worsley, though not performing the duty of Deputy Adjutant-General of Military Districts Nos. 9 and 12, was entitled to his pay. He is not under the Civil Service Act, which now requires the forfeiture of pay while under suspension from duty, but is a Military Officer, governed by the Regulations made under the Militia Act, and under the Regulations of Her Majesty's Army in cases not specially provided for by Militia Regulations, as laid down in the said Act. An Officer is entitled to pay when placed under suspension or arrest, and up to the time of his trial by Court-martial or Court of Inquiry, and his exoneration or final sentence. Therefore, as before intimated, Lt.-Col. Worsley was entitled to the pay which he received.

2. As regards the subsistence allowance drawn by Major Gordon, of the Canadian Regiment of Infantry, while detached to Halifax, I have the honour to state that his term of service at Halifax was, and is still, indefinite, and may end at any moment; and that, while so detached, he is entitled to the subsistence allowance which he has drawn.

I am, sir, your obedient servant,

C. EUG. PANET, *D. M. M. & D.*

The Auditor-General.

AUDIT OFFICE, OTTAWA, Sept. 12, 1892.

SIR,—I find that Major W. R. Gordon drew sustenance allowance at the rate of \$3.50 per day for 31 days during October and 30 days during December, 1891, as

Acting Deputy-Adjutant General, Military District No. 9; and also for 2 days, October 24 and 25, while-at Digby and Annapolis, and for 3 days, December 2 to 4, while on inspection duty at Charlottetown, at the rate of \$3.50 per day.

Please see that Major Gordon refunds \$17.50 for the five days in October and December on which he drew a double sustenance allowance.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Receipts for Pay of Absentees.

AUDIT OFFICE, OTTAWA, May 13, 1892.

SIR,—I wish to call your attention to a practice existing in the Permanent Schools and Batteries, that, where a non-commissioned officer or man is absent with or without leave, or is in the civil prison, or for some other reason does not sign the pay-list, the Major or some other officer signs his own name or initials on the pay-list for the amount due the man, and that in some cases there is no signature at all on the pay-list, but simply a remark concerning the absence of the man. The Paymaster however takes credit in his monthly account for the full amount of the pay-list.

I annex a statement showing the totals of the amounts treated in the way described above for the six months ending Dec. 31st, 1891:—

Battery or School.	Name of Officer.	Number of Signatures.	Total.
			\$ cts.
" A " Battery	Major Drury	49	376 77
" B " do	Major Wilson	85	643 29
" B " do	Captain Farley	10	58 38
" C " do	Major Peters	24	234 35
Quebec Cavalry School.	Lieut.-Col. Turnbull	4	37 50
do	Captain Lessard	1	12 40
Winnipeg Mounted Infantry School.	Captain Heward	57	599 14
Fredericton Infantry School	Major Buchan	20	157 50
do do	Not signed	3	30 50
St. John's do	do	7	84 45
Toronto do	Major Vidal	23	176 07
London do	Not signed	20	131 90
Total		303	2,542 25

You will see that this practice is irregular and should be changed.

The pay-lists in all cases should contain the signature of the person to whom the money is due, or the signature of the man's attorney, in which cases the power of attorney on the prescribed form should be forwarded to this office with the monthly pay-lists.

If it is not possible that a proper signature be obtained in either of these ways, then a receipt should be obtained from the person who is entitled to the money when the amount is paid him. Please have receipts supplied for all amounts referred to in this letter.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 2, 1892.

SIR,—Adverting to my requisition No. 33 of the 19th ult., for Bill of Exchange for \$1,752, in favour of Messrs. Curtiss and Harvey, London, Eng., for powder supplied to the Government Cartridge Factory, Quebec, and to your letter of the 21st ult., I have the honour to point out that although this vote may be overdrawn there will be unexpended balances of the appropriations, and the whole Militia vote will not be exceeded.

As an offset against the deficiency of the vote, may be quoted the annual sale of extra ammunition credited to revenue—about \$4,000 annually.

It is, therefore, requested that the necessary Bill of Exchange for \$1,752, in favour of Messrs. Curtiss & Harvey, London, Eng., may be issued.

I am, sir, your obedient servant,

C. EUG. PANET, D.M.M. & D.

The Auditor-General.

AUDIT OFFICE, OTTAWA, June 3, 1892.

SIR,—Let me acknowledge receipt of your letter of yesterday's date with reference to an over-expenditure to which I had called your attention on your vote for ammunition.

I regret that your contentions that unexpended balances on other appropriations might be utilized for this over-expenditure, or that the annual sale of extra ammunition which is credited to revenue might be considered as an offset against it, seem to be against the provisions of the Audit Act.

Under Section 21 of that Act I am to see that no cheque issues which would cause an excess of any direct Parliamentary Appropriation.

I am unable, therefore, to pass your requisition for the Bill of Exchange.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

AUDIT OFFICE, OTTAWA, June 4, 1892.

SIR,—I wish to call your attention to an overdraft of \$2,361.03 on your appropriation for "A," "B" and "C" Batteries.

The expenditure to May 31 is \$177,361.03. The amount of the appropriation is \$175,000.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, June 13, 1892.

SIR,—In reply to your letter of the 4th inst., saying the appropriation for "A," "B" and "C" Batteries, 1891-92, was overdrawn on the 31st ultimo \$2,361.03, I beg

DETAILS OF EXPENDITURE.

C—61

to state that the estimate for pay and maintenance of the permanent corps, 1891-92, was submitted as one item in the estimate, viz.:—

"A," "B" and "C" Batteries.....	\$175,000 00
Cavalry and Infantry Schools.....	300,000 00
Total.....	\$475,000 00
The expenditure to 31st May, 1892.....	443,907 92
Balance available 1st June, 1892.....	\$ 31,092 08

The amount, however, was inserted in the printed estimates as two votes.

The services for maintenance of the Artillery, Cavalry and Infantry Schools are so interwoven, so far as the supply of clothing, regimental necessaries, &c., are concerned, that it has been considered impracticable to separate them, and the amount required for their maintenance has hitherto been granted by Parliament as one vote.

I am, sir, your obedient servant,

The Auditor-General.

C. EUG. PANET, *D.M.M. & D.*

Pay.—Major W. L. Heron, Inland Revenue Dept.

AUDIT OFFICE, OTTAWA, Aug. 30, 1892.

SIR,—I find that Major W. L. Heron drew pay as a member of the Board of Survey of Militia Properties at Headquarters during the months of May and June, 1892, for 16 days' services at \$2.82 per day.

As Major Heron is a permanent employee of the Civil Service, I cannot see how, under Section 51 of the Civil Service Act, he can receive any additional remuneration for services. I would ask that the amount, \$45.12, be refunded to the credit of the Receiver-General, unless there is some legal ground for the payment with which I am unacquainted.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Sept. 9, 1892.

SIR,—With reference to your letter of the 30th ult., I have the honour to state that Major Heron, being a Militia officer, was paid in accordance with Militia Regulations and Orders, which provide that an officer shall receive a day's pay for a day's service.

If there has been any transgression of the Civil Service Act by Major Heron in receiving the pay referred to, he possibly can give explanations; but this Department only knows Major Heron, when on military duty, as a Militia officer, subject to the Regulations and Orders of the Militia.

I am, sir, your obedient servant,

The Auditor-General.

C. EUG. PANET, *D.M.M. & D.*

AUDIT OFFICE, OTTAWA, Oct. 26, 1892.

SIR,—Let me acknowledge receipt of your 9-9-92, stating that the Militia Dept. knows Major Heron only as a Militia Officer on Military duty, and that the Regulations and Orders provide that an Officer shall receive a day's pay for a day's service.

On reference to my letter of Jan. 13, 1892, concerning a previous similar payment, you will find a notification that Major Heron holds a permanent position in one of the Departments.

I am not at present objecting to payments of Civil Servants for Annual Drill, —although it would be preferable to have an explicit mention of Drill Pay in the Civil Service Act. The objection I am raising is based on a distinction similar to that of Sec. 53 of the R. & O., 1887, for members of the House of Commons, who are allowed to receive pay for drill or active service, but no other salary or emolument as militiamen or officers. In like manner, when the Militia Act and the Civil Service Act conflict, the preponderance might perhaps be given to the Militia Act for an unavoidable duty like Annual Drill; but the Civil Service Act must certainly rule where the work could have been performed by an outsider.

It appears to be Sec. 814 of the R. & O. under which your action was taken: "When an officer of the Militia is employed as a member of a Board of Survey at the place where he resides he shall, if not at the time under pay as an officer, be paid the net pay of his rank for the day or days so employed." Do you consider this as authority for paying Civil Servants, because it does not except them along with "officers under pay?" Please trace the Section up to its origin in Secs. 116-117 of the Militia Act, Cons. Stat., 1886:—"The Governor in Council may make regulations relating to anything necessary to be done for the carrying into effect of this Act; and they shall have the force of law as fully as if they were contained in this Act." This came from the Militia Act of 1883, and did not give power to amend existing Acts of Parliament, of which the Civil Service Act of 1882 was one. The probable reason for omitting Civil Servants from mention in Sec. 814 was that they were already excluded from pay by an Act of Parliament, and further prohibition would have been superfluous.

An additional reason for this view is to be found in the motive for excluding "officers under pay," namely, that their time already belongs to the Government. Similarly, a Civil Servant's whole time is sold to the Government for his regular salary. The three weeks given back to him is explicitly for "purposes of recreation," and he is not at liberty to sell it again to the Government for additional pay.

So far, I have treated the question generally, to include all classes of Civil Servants. But Major Heron's claim is lessened by his belonging to the Inland Revenue Dept., and being regularly employed in the "management of the Revenue." Sec. 20 of the R. & O. therefore exempts him from enrolment and active service; and he is shut out from claiming that the Militia Act should override the Civil Service Act, —since, as a Revenue Officer, he could have evaded any requirements of the Militia Act.

I would like to have further information as follows:—A description of the duties of the Board of Survey of Military Properties; the dates of the 16 days charged by Major Heron in May and June, 1892, and whether any of them were included in his annual leave of absence from his own Department; and the reasons for paying him \$3.90 a day in 1891, and \$2.82 a day in 1892, for services which appear to be of the same nature.

Please obtain a refund from Major Heron of \$45.12, being for 16 days at \$2.82.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 29, 1892.

SIR,—I have the honour to acknowledge the receipt of your further letter, dated 26th instant, respecting the pay drawn by Major Heron for Militia duty.

I quite agree with you in thinking that the law should be made clearer. It is evident that, in framing the Civil Service Act, there has been an oversight as to the position of Civil Servants who are connected with the force; and it is very desirable that in some cases outside of annual drill, when services of a military character are required, provision should be made for their pay without affecting their salary as Civil Servants. The whole question raised by the present correspondence is now, by direction of the Honourable the Minister of Militia and Defence, about to be brought under the consideration of the Honourable the Minister of Justice, with a

view to relieving this department from the somewhat anomalous position of being called to account for payments which the Militia Act requires it to make to those employed on Militia service.

2. In compliance with your request for further information, I have the honour to reply to the second last paragraph of your letter, as follows:—

(a.) The duties of the Board of Survey are: To examine and count the various articles of clothing, accoutrements, tents and warlike stores in the Militia Store charge and compare the ledgers and the inventory boards; also to report upon their condition, and to set aside such as are obsolete or unserviceable from any cause, and should be condemned and sold for the benefit of the Crown.

(b.) The dates of the 16 days charged by Major Heron in May and June, 1892, were not specified in the account, but the Deputy Adjutant-General certifies the account to be correct.

(c.) This department is not aware whether any of them were included in his annual leave of absence from his own department.

(d.) The reason for paying him \$3.90 a day in 1891 and \$2.82 a day in 1892 for services which appear to be of the same nature, was that in 1891 he erroneously charged for pay at the rate allowed for the rank of Major. It was then overlooked, that his rank as Major is only honorary, and that his proper rate of pay is that of Quartermaster.

He has been called upon to refund the difference of the pay drawn in excess of the \$2.82 to which he is entitled as Quartermaster.

3. In reply to the last paragraph of your letter, requesting that a refund be obtained from Major Heron of \$45.12, being for 16 days at \$2.82, I have the honour to point out that, as the whole question is about to be referred to the Department of Justice, this matter will naturally remain in abeyance in the meantime.

I am, sir, your obedient servant,

The Auditor-General.

C. EUG. PANET, *D. M. M. & D.*

AUDIT OFFICE, OTTAWA, Nov. 7, 1892.

SIR,—Let me acknowledge receipt of your letter of the 29th. ult., suggesting that Major Heron's refund be left in abeyance pending reference of the question to the Minister of Justice.

It will be necessary in any event to obtain the dates of the days charged to bring the account up to the ordinary standard of detail.

Please mention also, whether Major Heron was acting at the time as Brigade Major, one of the three officers Deputy Adjutant-General, Brigade Major and Inspector of Artillery named by Section 816 as composing a Board of Survey.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

Piecework—Quebec Cartridge Factory.

AUDIT OFFICE, OTTAWA, July 28, 1892.

SIR,—I find that for the ten months ended April, 30, 1892, there was paid for piecework at the Quebec Cartridge Factory, \$7,512.50. This expenditure is supported neither by receipts from the persons receiving the money, nor by any calculations showing the number of employees or the work done and how the amount is made up, nor by any statement showing in what manner payment is made. No information is given beyond the fact that credit has been taken for the above amount in the monthly accounts of the Cartridge Factory.

You will see therefore the necessity that some further information should be given of the expenditure of this large amount of money, in order that a proper statement and examination may be made.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, *A.G.*

DEPT. OF MILITIA AND DEFENCE, OTTAWA, August 23, 1892.

SIR,—In reply to your letter of the 28th ultimo, respecting payments made for piecework at the Quebec Cartridge Factory, I regret to be unable to furnish all the details asked for; but I inclose a copy of the report from the Superintendent of the Quebec Cartridge Factory, which specifies all the information that he deems it practicable at this date to give. If the proposed statement will be of service to you, I shall direct its preparations at the earliest possible moment.

I am, sir, your obedient servant,

C. EUG. PANET, *D.M.M. & D.*

The Auditor-General.

QUEBEC, August 11, 1892.

SIR,—I have not succeeded in getting the piece-work pay-lists alluded to in the Auditor-General's letter of the 28th July last made out by the clerk, whose duty is to prepare them. He states there is so much work to do it is impossible for him to furnish these lists regularly. I cannot put any-one else to this work. Books are kept in the office giving names of operatives, amount of work, &c., description thereof and amount of money received by each; from these data, the monthly piece-work pay-lists are compiled. These take a long time to prepare. I would, on present circumstances, propose that lists giving the amounts and names of employees to whom they are paid be prepared without the detail of piece-work. These could be brought to date in about six weeks; with the old form it would take six months. I would advise the abbreviated form of pay-list for the present.

The Deputy Minister Militia and Defence.

OSC. PRÉVOST, *Supt. G.C.F.*

AUDIT OFFICE, OTTAWA, Aug. 30, 1892.

SIR,—Let me acknowledge receipt of your letter of the 23rd instant, inclosing a letter from Major Prévost, Superintendent of the Quebec Cartridge Factory, with reference to the pay-lists for piece-work.

For the present I would be glad to receive a statement of the form proposed. Please see that the complete form of pay-list is proceeded with, showing the amount received by each person and its calculation on the basis of amount and kind of work done, and that it be forwarded to this office as soon as completed.

I am, sir, your obedient servant,

Sergeant-Major Birtles, Royal Military College.

AUDIT OFFICE, OTTAWA, July 29, 1892.

SIR,—In the October expenditure of the Royal Military College, Kingston, I find a voucher for \$150.45, the travelling expenses of Sergeant-Major H. Birtles, who left for England, July 14, 1891, to take a course of instruction at the Royal School of Military Engineering, Chatham, and returned to Kingston the latter part of Sept., 1891. The exact date of returning is not specified on the voucher, I would ask that it be furnished.

Sergeant-Major Birtles drew the following pay during the months of July, August and September, 1891.—

<i>Sergeant-Major.</i>		<i>Fuel, Light and Ration Allowance.</i>	
July, 31 days, at \$1 50....	\$46 50	31 days at 30 cts....	\$ 9 30

It would appear necessary that some explanation should be given why payment was allowed him for these different services during his time of absence.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 13, 1892.

SIR,—Adverting to your letter of the 29th July last, respecting the payments made to Sergeant-Major Birtles of the Royal Military College, during his absence from the College, I have the honour to inclose, for your information, a copy of a report from the Commandant, showing the circumstances, Sergeant-Major Birtles having proceeded to England, under the authority of the Honourable the Minister of Militia and Defence, for instructional purposes.

I am, sir, your obedient servant,

The Auditor-General.

C. EUG. PANET, D.M.M. & D.

KINGSTON, Sept. 2, 1892.

SIR,—In reply to the Auditor-General's inquiries of the 29th July, 1892 (herewith returned) A. G. 42503, of 2nd August, 1892, I have the honour to state as follows :—

1. Sergeant-Major Birtles returned to Kingston on the 15th September, 1892.
2. Pay continues issuable whether during absence on duty or during temporary leave of absence.
3. The consolidated "fuel, light and ration allowance" was drawn during the Sergeant-Major's absence, as his family remained in quarters at the college while he was absent on duty.
4. So-called "Extra Duty Pay" was drawn because it was understood that the application for the grant of this pay to Sergeant-Major Birtles indicated that a permanent increase of the ordinary pay was intended. It was not consolidated with the ordinary pay when granted as it was thought that some, if not all of it, might be charged to militia expenses other than those of the Royal Military College, in view of the instruction of militia officers and men at the college involving much extra duty for the Sergeant-Major.

It appears to me that the time has arrived for dividing this grant permanently and apportioning so much of it as applies to extra duty in connection with the training of militia officers and men to another heading of the public accounts than the Royal Military College, while the remaining portion of the grant should be consolidated with ordinary pay.

5. Pay for superintendence of construction and repairs was drawn for the Sergeant-Major because he was required to provide for the performance of these duties during his absence.

The general authority for Sergeant-Major Birtles to go to England was conveyed in a telegram from the Minister of Militia, dated Ottawa, 14th July, 1891, in reply to my application that leave for him to proceed might be granted without delay.

"I have signed authority for expenditure required for Sergeant-Major Birtles going to England to follow course at Chatham, you can give him leave at once."

A. P. CARON."

The Sergeant-Major's course of instruction at the Royal School of Military Engineering, Chatham, terminated on the 29th August, 1891, and he embarked to return to Canada on the 4th September, 1891.

I have, &c., &c.,

Rebate on Water, Toronto Infantry School.

AUDIT OFFICE, OTTAWA, July 28, 1892.

SIR,—Will you explain why the accounts for water at the Infantry School, Toronto, for the quarter ended June 30, 1891, amounting to \$144.85 and for the quarter ended December 31, 1891, amounting to \$182.23 were only paid on September 8, 1891, and March 15, 1892, respectively and not within one month after the end of the quarter when a discount of 20 per cent would have been allowed, as was done in the accounts for the quarter ended September 30, 1891, amounting to \$172.88 and for the quarter ended March 31, 1892, amounting to \$214.94 which were paid on October 30, 1891, and April 18, 1892, respectively?

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Oct. 20, 1892.

SIR,—In reply to your letter of the 28th July, relative to the account for water at the Infantry School, Toronto, I have the honour to quote the following report made on that subject on the 15th inst., by the Deputy Adjutant-General of Military District No. 2:—

"The account for quarter ending 30th June, 1891, was received by me from the Water Works Department on the 11th July, 1891, and forwarded to District Paymaster on the next day, viz., 12th July. The account for quarter ending 31st December, 1891, reached me on the 17th January, 1892, and was forwarded to the District Paymaster on the 18th January, 1892. The paymaster has been ill for some months and I have been waiting his convalescence to obtain reasons for the delay in transmitting these accounts to headquarters; he cannot recollect why the first named was delayed, but in the case of the second recollects that he mislaid the account and had to obtain duplicates, which statement my own words verify as I find that the same were certified and forwarded to him on the 18th February, 1892."

Rebate on Gas, Belleville Drill Hall.

AUDIT OFFICE, OTTAWA, July 15, 1892.

SIR,—I return herewith the accounts of the Belleville Gas Co. amounting to \$338.25 for gas supplied the Drill Hall from Oct. 1, 1890, to Oct. 1, 1891. These accounts bear no certificate as to their correctness. Please obtain such a certificate, and explain why they were only paid on April 4, 1892, and not within the time in which, according to the bill, a discount of 10 per cent is allowed.

A discount of 10 per cent was allowed on the account for the period Oct. 1, 1891—Jan. 1, 1892, although these accounts were not paid till April 4, 1892.

Transport of Wife of Gunner McHale.

AUDIT OFFICE, OTTAWA, May 13, 1892.

SIR,—I have the following remarks to make on a voucher in the September expenditure of "A" Battery, Kingston, for the expenses of transport [2nd class] from Victoria, B.C., to Quebec, P.Q., in October, 1890, of the wife of Gunner J. McHale, late of "C" Battery, Victoria, after he had received his discharge from "C" Battery on the expiry of his term.

It is a duplicate voucher made out in your Department. All vouchers forwarded to this office should be the originals.

It is for expenses of transport. Please see that the full details of these expenses are given.

There is no certificate that the charge is correct. I return the voucher for a certificate by the officer who has personal knowledge of the facts of the case, as is required by Sec. 33 of the Audit Act.

It is for a service rendered in October, 1890. Some explanation should be given of the cause of the delay in forwarding it for payment.

I can find no provision in the Rules and Regulations governing Permanent Schools and Batteries, allowing payment for transport expenses to the wife of a non-commissioned officer or man. Will you please explain under what authority payment was allowed?

The expenditure is made a charge against "A" Battery, but there appears no evidence that it was for a service in any way affecting that battery.

The receipt is dated at Kingston and is signed "James McHale by R. W. Shannon, his attorney." I have not received the power of attorney. Please see that it is sent.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

Re McHale.

OTTAWA, October 20, 1892.

DEAR SIR,—The District Paymaster at Kingston has forwarded to me your letter to him of the 13th October, concerning a power of attorney in the matter of the payment to Gunner McHale, mentioned in memo. 8949 of 19th May last.

I desire to say that I obtained this power of attorney from the paymaster in order to have a copy of it made for a bank, and I did not return it, having left Kingston shortly afterwards. In the confusion of removing, the document was mislaid, and I have not been able to find it. I drew the document, and am aware that it was sufficient for the purpose of enabling me to act as McHale's attorney with the most ample authority in that behalf.

Yours, &c.,

R. W. SHANNON.

The Deputy Minister of Militia.

AUDIT OFFICE, OTTAWA, Nov. 3, 1892.

SIR,—Let me acknowledge receipt of your letter of yesterday's date inclosing a letter from Mr. R. W. Shannon, with reference to a payment of \$55.50, made to him for Gunner McHale of "C" Battery. As he states that the power of attorney has been mislaid, please obtain a receipt from Gunner McHale for the amount.

The other points in my letter of May 12 last, that the voucher was a duplicate not certified, and that the payment of the transport expenses of the wife of a private is not provided for in the rules and regulations governing the permanent schools, remain unanswered by you.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

Double Payments.

AUDIT OFFICE, OTTAWA, Sept. 28, 1892.

SIR,—Let me call your attention to the following double payments in the expenditure of your Department.

For repairs at Beamsville Drill Shed John H. Beatty was paid \$346, by cheque No. 824, direct from your department, and also was paid \$346, under a voucher dated and reading exactly the same but certified differently, by part of cheque No. 106, June, supplementary, an advance of \$744 in favour of Paymaster Alger, M. D. No. 2.

For drugs bought from E. Giroux & Bro., for "B" Battery, Quebec, an account for \$7.85, January 18, 1892, is repeated under the same date as part of voucher for \$13.60, January 29, 1892.

An unpaid balance of \$6 in an account dated February 4, 1892, for travelling expenses of Lt.-Col. Aylmer, Brigade Major, M. D. No. 1, has been included in his

travelling expenses, voucher under date February 14, and has also been paid as part of cheque No. 567, for \$119.90, a credit in favour of Paymaster Dawson.

I return the vouchers in connection with the above payments.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

Hewgill refunds \$11.20 for 14 days' pay during September at "A" Battery, Kingston; and that Sergeants Bramah and Boutillier each refund \$9.60 for 12 days' pay during September at "A" Battery, Kingston, as they all drew pay for the time mentioned on the Brigade Staff at Belleville Camp.

Payment to L. Cousineau for Cousineau & Valiquette.

AUDIT OFFICE, OTTAWA, Oct. 12, 1892.

SIR,—Let me call your attention to voucher No. 348 under date Nov. 27, 1891, in support of a payment of \$1,523.77 to L. Cousineau for Cousineau & Valiquette, for balance due them on their contract for works performed at the barracks, St. John's, P.Q., during the fall of 1885.

A payment of this magnitude, for work performed so long since, should not be made unless specially authorized by the Governor-in-Council, and the voucher itself should contain full calculations showing the amount already paid, and the amount due, with reasons for the delay in payment.

As the payment is made to L. Cousineau, some explanation should be given of his authority to receive payment for the firm of Cousineau & Valiquette, which ceased to exist about four years ago.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

Old Account for Paints, &c., Wm. Howe, Ottawa.

AUDIT OFFICE, OTTAWA, Oct. 12, 1892.

SIR,—Let me call your attention to the voucher in support of cheque No. 300 for a payment of \$255.67, to Wm. Howe, Ottawa, for painting supplies furnished for the Stores Building and the Drill Hall, Ottawa.

As the voucher includes items purchased between June 12, 1886, and April 10, 1891, some explanation should be given of the delay till Nov. 9, 1891, in rendering the account, and in payment of it.

Where a voucher covers articles purchased within such a long period, the certificate cannot be as satisfactory as when the articles have been purchased within a recent date, when all the particulars will be fresh in the mind of the person who certifies.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Certificate required for Temporary Employees.

AUDIT OFFICE, OTTAWA, July 28, 1892.

SIR,—I wish to call your attention to the Treasury Board Minute of October 9, 1891, re the certificates to be given on the accounts for services of all temporary employees.

You will see from this the necessity that there should be a certificate of attendance for every day for which payment is claimed on the pay-lists for the employees at the Quebec Cartridge Factory; at the Militia Stores, Ottawa; at the different Drill Halls throughout the Dominion, and for all other temporary employees of your Department.

Please obtain such certificates to cover all temporary services since September 1, 1891.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A. G.

DEPT. MILITIA AND DEFENCE, OTTAWA, October 27, 1892.

SIR,—Adverting to your letter of July 28 last, relative to certificates for payment of temporary employees, I have the honour to inclose to you a copy of a report from the Superintendent of the Government Cartridge Factory, dated Quebec, October 17, 1892, in which he suggests some modifications in the wording of said certificate.

I am, sir, your obedient servant,

The Auditor-General.

L. EUG. PANET, D.M.M. & D.

QUEBEC, October 17, 1892.

SIR,—I beg to draw attention to form of certificate lately forwarded to this office, to be added to accounts for services of temporary employees as applicable to this factory.

Of temporary employees at this factory can be recognized only two classes, viz., machinists paid by the day, and piece-work operatives paid at piece-work prices. For the first class of operatives, I can hardly be called upon to furnish a certificate in the form provided, as this would demand a separate pay sheet for each applicant according to the terms of the form supplied, and a clerical work for which I have no staff available whatever.

Moreover the form states "has been in attendance every day, except Sundays and statutory holidays; but men employed by the day absent themselves occasionally, and this cannot be prevented. Our pay-list mentions the number of days and hours claimed by each man, on a basis of ten hours per day, and their pay is calculated on this basis, so the form of certificate which admits absence only on Sundays and statutory holidays cannot apply.

If this certificate is absolutely required in addition to all the details, as to time of presence already furnished by our pay-lists, I would suggest that the form be changed thus, for this factory, viz. :—

"I certify that the above applicants (instead of applicant) have been in attendance at every day, except on Sundays and statutory holidays, or as set forth in pay-list hereabove, during period for which payment is asked." As to piece-work pay-lists, the form of certificate would seem to be entirely inapplicable, as this is piecework paid at piecework prices, and has no reference to time or day.

The Deputy Minister Militia and Defence.

OSC. PREVOST, *Supt. G.C.F.*

AUDIT OFFICE, OTTAWA, October 31, 1892.

SIR,—Let me acknowledge receipt of your letter of the 27th instant containing a certificate of attendance from Major Prévost as adapted to suit the special work

at the Quebec Cartridge Factory. The certificate "I certify that the above applicants have been in attendance at ... every day except "on Sundays and statutory holidays or as set forth in paylist hereabove during "period for which payment is asked" will be considered satisfactory by this office.

I might add that the Treasury Board minute referred to in my letter of July 28 last, provided that payment should not be made for Sundays and statutory holidays in cases where it had not been the custom at that time so to do.

On the pay-lists for piece-work a certificate will be required stating that the work has been done and that the price charged is fair and just, and according to the tariff rates.

Has the pay-list for piece-work mentioned in your letter of August 23 last, yet been prepared by Major Prévost? What progress is being made with the complete form of pay-list for piece-work requested in my letter of August 29 last?

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

Drill of 48th Highlanders, Toronto.

AUDIT OFFICE, OTTAWA Oct. 29, 1892.

SIR,—I find that of the total cost—\$2,827.32, of the drill of the 48th Highlanders, Toronto, only \$374.86 has been charged to the vote of \$5,000 for "Expenses in connection with the formation and drill of a new kilted Battalion in Toronto," and the remainder—\$2,452.46—has been charged against your appropriation for Annual Drill.

From the wording of the former vote, I would consider that it was intended to bear the total cost of the drill. Please let me have the reasons for dividing the charge in the way that it has been done.

I am, sir, your obedient servant,

The Deputy Minister of Militia.

J. L. McDOUGALL, A.G.

DEPT. OF MILITIA AND DEFENCE, OTTAWA, Nov. 3, 1892.

SIR,—In reply to your letter of the 29th ultimo, I have the honour to state that the expenditure for formation and drill of the new kilted Battalion at Toronto, was:—

Clothing allowances, &c., &c., as per M. & D. cheque	
107, 26-6-'92.....	\$4,251 38
Fitting up armouries, M. & D. cheque 130, 30-7-'92.....	373 76
Annual drill, 1891-92, M. & D. cheque 136, 30-7-'92....	2,827 32
	<hr/>
Total.....	\$7,452 46
Special vote.....	5,000 00
	<hr/>
Balance... ..	\$2,452 46
	<hr/>

This balance, being for the drill of the battalion, was charged to vote: Annual Drill of the Militia, 1891-92, as the battalion then formed part of the Active Militia Force of the Dominion.

I am, sir, your obedient servant,

The Auditor-General.

B. SULTE, Acting D.M.M. & D.

AUDIT OFFICE, OTTAWA, Nov. 5, 1892.

SIR,—Let me acknowledge the receipt of your letter of the 3rd inst., showing the expenditure on account of the formation of the new kilted regiment at Toronto.
C-72

In my letter of the 29th ult., I asked the reasons for dividing the expense of drill of this regiment in the way that had been done.

You state in your letter that when the appropriation for the formation of this battalion was exhausted the balance of the expense of drill was charged to the vote for annual drill as the battalion then formed part of the active militia force of the Dominion.

From the wording of the appropriation I still think that the whole expense of this drill should have been covered by it.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Deputy Minister of Militia.

AUDIT OFFICE, OTTAWA, November 27, 1892.

SIR,—Section 40 of the Regulations for the Permanent Corps states that: "Command pay at the rate of \$1.25 per diem will be issued to each commandant of a school for such days as they are present at the headquarters of their corps and discharge the duties for which command pay is allowed."

I find that the following commandants have drawn a sustenance allowance for the times mentioned below as being absent from their headquarters on duties connected with their positions, or have been absent at annual drill. According to the regulations quoted above, command pay should not have been drawn for such periods. Please see that in each case a refund is made of the amounts overdrawn:—

	Sustenance allowance. Number of days drawn.	Absent on drill. Number of days.	Overpayment.
Lt.-Col. Maunsell, Fredericton.	39	12	\$ cts. 63 75
Lt.-Col. d'Orsonnens, St. Johns.	59	15	92 50
Lt.-Col. Otter, Toronto.	69	Already deducted	86 25
Lt.-Col. Smith, London.	55	15	87 50

The sustenance allowances with the exception of 6 days for Lt.-Col. Maunsell, charged to annual drill, have been all charged to your vote for contingencies.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

Railways and Canals Dept.—Extra Clerks.

AUDIT OFFICE, OTTAWA, April 1, 1892.

SIR,—Let me offer the following remarks on your payments for services of temporary employees between July 1, 1891, and February 29, 1892:—

The certificate prescribed by the Treasury minute of October 9, 1891, is: "I hereby certify that the clerk has been in attendance at this office every day, except Sundays and statutory holidays, during the period for which payment is asked." It is evident that no essential amendment to this form can be made by departmental authority.

On your vouchers, the certificate of attendance is made by the accountant with the modification "according to attendance book"; while some officer in charge of a branch signs "certified" or "work performed." I think that the words "in attendance every day" have a wider meaning than the mere signing of the attendance book. They include also the performance of the day's work. The certificate should not be modified by the phrase "according to the attendance book," but should be signed as it stands, and therefore by the officer who is in a position to do so, namely, the officer in charge of the branch in which the temporary clerk works. The accountant's certificate as to the attendance book might be added, if thought desirable.

The Treasury minute fixes September 1, 1891, as the date after which no payments are to be made for days of absence. I shall need certificates of attendance for September, 1891, and for the period between December 24 and December 31.

Mr. C. W. Ross is certified by Mr. Schreiber in September and October as "doing the work of the late Mr. Greenfield, a second-class clerk." This is in the line of my argument, so frequently advanced, that temporary employees are engaged on the same work as the permanent staff, and should be charged to civil government contingencies, instead of to local votes.

Mrs. M. A. S. Cumming, as by her January voucher, worked only on January 2, and was paid in addition for Sundays and statutory holidays, or eight days in all, namely, January 1, 2, 3, 6, 10, 17, 24 and 31, making \$11.61 for one day's work. Sundays and holidays should not be paid unless work was performed on the preceding or succeeding day. Unless some such line as this is drawn, it would be theoretically possible to fill the pay-lists gradually with an unlimited number of pensioners, drawing wages for some sixty days in the year, while performing no work at all.

I have the honour to be, sir, your obedient servant,

J. L. McDOUGALL, A. G.

The Secretary, Railways and Canals Dept.

AUDITOR-GENERAL'S REPORT, 1891-92.

(Circular.)

AUDIT OFFICE, OTTAWA, July 15, 1892.

SIR,—I have the honour to refer you to the provisions of the Civil Service Act and its amendments relating to extra or temporary employees, and to point out that it will be necessary, before any further payment for services can be legally made to any person in the inside service who is not on the permanent Civil Service list or is not a day labourer, that his employment for the period covered by the payment be authorized by an Order-in-Council, and that if his allowance is at a higher rate than \$400 per annum, the certificate of special qualifications as required by the Civil Service Act be furnished.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Aug. 8, 1892.

SIR,—I notice that your cheque list for July, 1892, contains the usual entries for wages of temporary clerks and other officers in your department not charged to civil government.

Please let me have the Orders-in-Council which authorize the employment of these persons. The necessity for such authority was pointed out in my circular of July 15, 1892.

I have the honour to be, sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, Dec. 27, 1892.

SIR,—I have an Order-in-Council of the 19th instant, authorizing the employment until the 31st instant of certain employees of your department. There is no indication in the Order-in-Council that the employment conforms to the requirements of the Civil Service Act. Will you therefore send me your recommendation to Council and any other information which may be necessary to show that the employment in each case is legal.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals.

Canadian Pacific Railway—Engine House at Vancouver.

Order in Council October 31, 1891.—On a memorandum dated 13th October, 1891, from the Acting Minister of Railways and Canals, representing that under date September 16, 1891, the chief engineer of Government railways reported with respect to a claim preferred by the Canadian Pacific Railway Company to be paid a certain amount allowed them for the construction of an engine house at Vancouver in place of Port Moody, together with interest thereon.

The Minister observes that the facts, as stated by the chief engineer, are: That at about the time the Pacific terminus of the Canadian Pacific Railway was transferred from Port Moody to Vancouver, the Government had received tenders for the erection of an engine house at the former point, the lowest tender for which was \$26,356. Lord Mount-Stephen, then Mr. Stephen, the president of the Canadian Pacific Railway Company, requested Sir Charles Tupper, then Minister of Railways, not to proceed with the erection of the buildings at Port Moody, but to allow them the amount of the lowest tender, \$26,356 for the erection of an engine house at Vancouver. This the Minister agreed to, and instructions were given accordingly. Subsequently differences arose between the Government and the Canadian Pacific Railway Company as to the construction of the western section of the road built by the Government, and these differences were referred to arbitration; however, no action was

taken towards paying this amount, although the company had constructed the building in Vancouver, but during the progress of the arbitration, the counsel for the Government stated that the Government had always been ready to pay the \$26,356, and were still willing to do so at any time. The company are now asking payment of this amount with interest thereon.

The Minister further observes that from letters received from the counsel for the Government in the arbitration referred to above, dated September 14 and 15 ultimo, it appears that in the course of the arbitration, it was "clearly agreed" that the contract price of this round house should be paid over to the company by the Government, and further that this matter was not to be considered in the arbitration.

That, with regard to the question of interest, it is considered by the chief engineer that interest should not, under the circumstances, be allowed.

The Minister recommends that authority be given for the payment to the company of the said sum of \$26,356, without interest, it being distinctly understood that the matter has been removed from the list of matters dealt with by the arbitrators, the said sum to be paid from the appropriation \$50,000 voted during the Session now past for Canadian Pacific Railway construction.

The committee advise that the authority be granted, as recommended by the Acting Minister of Railways and Canals.

Oxford and New Glasgow Railway:—Rhodes, Curry & Co.

(Continuing the discussion from page C-105 of 1890-91.)

AUDIT OFFICE, Nov. 5, 1891.

SIR,—Notwithstanding the Order-in-Council of March 28, 1891, I have been unable to pass in full your application No. 610 for \$1,002.95 in favour of Rhodes, Curry & Co., for stations on the Oxford and New Glasgow.

After several consultations with Mr. F. J. Lynch of your department, I calculate the effect of the Order-in-Council at \$618.50, as by schedule attached. The other items making up \$1,002.95 appear to have been completed since the estimate was rendered.

This total of \$618.50 is for items not yet done; and I do not see my way to passing them in the meantime.

There may be a difference of opinion about the Pugwash Windmill, which I understand was put up twice, and blown down each time. Please let me have all the information in your possession concerning this.

To save inconvenience to Rhodes, Curry & Co., I have issued an interim certificate for the sum clearly due, namely \$384.45.

I am, sir, your obedient servant,

J. L. McDOUGALL, *A.G.*

AUDIT OFFICE, Nov. 4, 1892.

SIR,—Let me acknowledge receipt of your 65592 of October 28, concerning the balance of \$618.50 claimed by Rhodes, Curry & Co., for building stations on the Oxford and New Glasgow Railway.

Your letter continues the discussion from mine of August 26, 1891, but overlooks mine of November 5, 1891, of which I now forward to you another copy.

My reason for declining to honour the Chief Engineer's certificate for \$618.50 is that the work is not done. The Order-in-Council, under which the chief engineer is allowed in this case to accept incomplete work as complete, is, I think; *ultra vires*. The contractor's argument—that the work, although not up to specification, is as good as they have done for the Intercolonial before—is not one which should count for them.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Railways and Canals.

TREASURY BOARD, OTTAWA, Dec. 21, 1892.

SIR,—I have the honour to inform you that your objection to the payment to Messrs. Rhodes, Curry & Co. of moneys, for which a certificate of the Chief Engineer of Government Railways had issued, being in respect of certain works on the Oxford and New Glasgow Railway, namely, the erection of stations, freight-houses, engine-house, tanks, etc., has been submitted to the Treasury Board for decision.

Will you be good enough to let me have your report thereon.

I am, sir, your obedient servant,

J. M. COURTNEY,

Secretary.

The Auditor-General.

AUDIT OFFICE, OTTAWA, Dec. 29, 1892.

SIR,—Let me acknowledge receipt of your letter of December 21, asking for a report on my reasons for declining to pass a certificate for \$618.50 in favour of Rhodes, Curry & Co., in connection with their contract for station buildings on the Oxford and New Glasgow Railway.

The contractors, having the specifications to work by, did not put up the buildings in accordance therewith. The engineer made deductions from the contract totals, amounting to \$618.50 for work not done.

The contractors now claim \$618.50, claiming that the buildings are as good as those previously erected by them on the Intercolonial Railway.

Had the work been paid for on a schedule of items, there could have been no claim made by the contractors that they were entitled to payment for items not done. A lump-sum tender and contract is only a difference in the mode of reckoning payment, and does not relieve the contractors from the obligation of following the specification.

My reason, therefore, for declining to pass the certificate for \$618.50 is, that the work is not done.

I am, sir, your obedient servant,

J. L. McDOUGALL, A.G.

The Secretary, Treasury Board.

Cornwall Canal:—Inspectors in winter.

AUDIT OFFICE, OTTAWA, April 21, 1892.

SIR,—Let me call your attention to the expenditure between December 1, 1891 and February 29, 1892, for "Salaries and wages of engineer's staff in connection with the enlargement of the Cornwall Canal, sections 2, 3 and 4."

The pay-lists for the three months amount to \$3,440.85, as follows :—

Engineer-in-charge, T. S. Rubidge, 3 months at \$250...	\$750 00
Asst. Engineer, J. L. Weller, 3 months at \$130.....	390 00
do H. S. Greenwood, 3 months at \$125.....	375 00
Inspector of masonry, J. H. Ramsay, 89 days at \$3.50..	311 50
do Hy. Williams, 78 days at \$3.....	234 00
do A. Blair, 78 days at \$3.....	234 00
do Hugh Campbell, 78 days at \$3....	234 00
Inspector of earthwork, A. McAlear, 78 days at \$2.....	156 00
Chainman, W. Pendergast, 89 days at \$1.75.....	155 75
do A. E. Macdonnell, 78 days at \$1.75.....	136 50
do Jas. McPhail, 78 days at \$1.75.....	136 50
Axeman, C. G. Eastman, 78 days at \$1.40.....	109 20
do W. Laurance, 78 days at \$1.40.....	109 20
do H. Kemp, 78 days at \$1.40.....	109 20

For sections 3 and 4 there have been no contractors' estimates presented for work of later date than November 30, 1891. For section 2, the estimate for December and January includes only the delivery of stone on the canal bank, amounting to \$7,050 as follows :—

Dressed stone delivered on section, 700 c. yds. at \$6....	\$4,200 00
Dressed stone at quarry, 400 c. yds. at \$4.50.....	1,800 00
Bringing rough stone from quarry to sections, 700 c. yds. at \$1.50.....	1,050 00

Since the contractors' estimates indicate no work during the winter months except the delivery of stone, it appears as if there could have been very little to occupy the last eleven officers on the pay-list in their designated capacities of inspectors of masonry, inspector of earthwork, chainmen and axemen.

If, as I infer, they have been employed in the office at work of some other nature, the pay-list should describe more accurately their respective actual functions.

Please let me have an explanation of the reasons for paying Messrs. Ramsay and Pendergast at 30 days for each month, while the other officers are paid only for week days.

The bills for horse-hire should give the calculation of each item and the name of the person for whom the service was required.

I am, sir, your obedient servant.

J. L. McDOUGALL, A.G.

Trent River—Dock Built out of Vote for Dam.

AUDIT OFFICE, OTTAWA, Oct. 14, 1892.

SIR,—Inclosed please find an analysis of the charges, amounting to \$921.87, made by your department against the vote of \$1,250 for "completing dam at Bobcaygeon," in the Supply Bill for 1891-92.

I should like to have an explanation of the reasons for using this vote to pay for the construction of a dry dock. The other items appear more properly chargeable to repairs.

Also an explanation is needed of the withholding payment until October, 1891, of Boyd & Co.'s account dated July 2, 1890, and of the pay-list for labour in December, 1890. From what fund were the following wages paid: December 28, 1890, John Millage, \$1.75; January 31, 1891, H. Fausett, \$4?

Welland Canal—Engineer Still Charged to Capital.

AUDIT OFFICE, OTTAWA, MAY 12, 1892.

SIR,—I am passing to-day your application No. 441, for \$150, in favour of Paymaster Dunn, to pay the April salary of E. J. Odium, the assistant engineer of the Welland Canal. The application is marked "chargeable to Welland Canal, capital."

The only construction work performed in 1891-92 was that by Johnson & Lawson, at "Sodding Banks." The final estimate for that work was dated October, 31, 1891, and paid February 1, 1892. Please let me have your reasons for still charging Mr. Odium to "Capital."

I am, sir, your obedient servant,

SIR,—I am passing your application No. 73, of to-day's date, for \$162.55, in favour of Paymaster Dunn, to pay the August wages and expenses of Mr. E. J. Odium, the assistant engineer of the Welland Canal.

Please let me know why this service continues to be charged to "Capital." I do not notice any payments for capital construction since the completion of Johnson & Lawson's contract in February, 1892.

Galops Rapid—Repairs to Chain Tug in 1884-5.

Order in Council, Feb. 29, 1892.—On a report dated February 27, 1892, from the Minister of Railways and Canals, recommending for the reasons given in the annexed memorandum that authority be given for the payment to the Gilbert Blasting and Dredging Company (Gilbert & Sons) of the sum of \$11,034.91 in satisfaction of their claim for having strengthened and repaired the Government chain vessel "Iroquois," the Minister of Justice having given the opinion that as this work was authorized by the late chief engineer of canals on behalf of the Government, the cost should be borne by the Crown.

The committee advise that authority be given as recommended.

JOHN J. MCGEE, C.P.C.

DEPT. OF RAILWAYS AND CANALS, OTTAWA, February, 1892.

MEMORANDUM.—The undersigned has the honour to represent as follows:—On August 5, 1879, a contract was made for the work of deepening and widening the natural channel of the Galops Rapids in the river St. Lawrence. This contract contemplated the conclusion of the work by June 1, 1882, within, that is three years. It was made originally with W. Davis & Sons, but on July 11, 1882, was assigned, with consent, to the Gilbert Blasting and Dredging Company (Gilbert & Sons), who had, as sub-contractors, been the actual parties engaged in its execution.

This work was of a novel character, and being largely a matter of experiment, has brought about difficulties in the way of effecting a final settlement with the contractors which are entirely due to the exceptional features of the case. Amongst these difficulties is that of the use of a certain Government vessel, the "Iroquois," a vessel originally designed to test the practicability of chain towage up the rapids.

For the purposes of excavating the channel, it was necessary that a suitable vessel should be held in such position in the rapids that she could be used as a basis for operations, and it was thought that the "Iroquois" would fulfil the requisite conditions. It was therefore made an express condition of the specification on which tenders were received that she would be rented, and she was accordingly so rented to the contractors for \$250 a month, due provision being made in the contract with respect to her repair and maintenance.

These conditions are printed on pages 5 and 6 of the specification, a copy of which will be found attached to the contract herewith. The following is the special clause covering repairs:—

“The contractor should also bear in mind that all repairs that may be required, as well as any alterations that may be permitted to be made to the vessel, or anything connected with it, together with its full and satisfactory maintenance, must all be done by and at the cost and expense of the contractor, who will in every respect be held liable for their safety and efficiency from the day the contract is signed until the final and full completion of the works and the delivery of the vessel and its equipments in such a place of safety as the Department of Public Works may determine. The vessel to be returned in good condition and state of repair, and in every respect as well equipped and furnished as when handed to the contractor.”

The vessel was duly fitted up for the work and continued to be employed until its conclusion, which, however, was not until the close of 1888.

As before stated it was not, in the contract, contemplated that the time for completion would exceed three years, and on this basis, and in ignorance of the full severity of the strains to which she would be subject, it was doubtless expected that she would be subject, it was doubtless expected that she would require nothing beyond ordinary repair; no provision therefore was made in the contract for the more extensive renewals which, six years after its signature, were found to be imperatively necessary in order to the safety, apart from the effectiveness, of the vessel. In 1885 it was found that besides requiring ordinary repairs, the hull had become “hogged” or bent, and orders were given by the chief engineer of canals to take her to Montreal and make such repairs as were necessary.

She was accordingly dry docked and thoroughly overhauled, and under the supervision and direction of the Government engineers, the contractors caused such structural remedies to be applied as were essential to render her seaworthy.

Subsequently a detailed statement was furnished by the contractors showing the cost of the repairs so made to be \$17,034.30. This was carefully gone over by the engineer in charge of the works, and after eliminating such items as should fairly be charged to the contractors for current repair, it was found that the sum of \$11,034.91 was properly payable to them as representing the value of the works which the Government should have paid as renters of the vessel in order to maintain it in a condition to be rented, and the present chief engineer of canals and deputy head certified accordingly.

To payment of this amount, however, the Auditor-General has raised objections, one of which is whether the “extraordinary repairs” are a Government liability.

It should be observed that a suggestion made by the Auditor-General to the effect that the straining of the vessel was due to the contractors’ dredging machinery, is shown to be erroneous by a sworn declaration made by Mr. Frank Gilbert (file 137882) which has been submitted to the engineer in charge, who states (file 137933) that Mr. Gilbert has correctly represented the facts in respect of such straining.

The Engineer further furnishes a sketch showing the hull of the vessel as she was originally constructed for the Government. From this sketch and the explanations given by the contractors and the Government engineers it will be seen that the dredging machinery was supported by enormous spuds, two feet thick, which rested on the bottom of the river, while the position of the chain which held the vessel against the current, and to which the straining is attributable, is also indicated in this sketch. There is to be noted a feature of weakness in the original construction of the vessel, resulting from the fact that the accommodation for the boilers was afforded by leaving an opening, twenty feet in length in the deck, the frames were therefore not connected by the usual arrangement of beams and knees. The contractors in 1885 put in a massive “hog frame” with all necessary ties, and it is this work for which they ask to be paid.

That the question of liability having been put before the Department of Justice, they advised on the 30th of January ultimo to the effect that if the late chief engineer of canals, Mr. Page, authorized the work for which repayment is claimed, and if it was agreed between the contractors and Mr. Page at the time the work was so authorized that the Crown should pay for it, the Minister of Justice is of opinion that the Government is legally liable to pay the claim. In this connection they suggested, in view of the death of Mr. Page, that a certificate should be obtained from the engineer in charge of the work.

That under date the 12th inst. (file 138292) Mr. T. S. Rubidge, the engineer in charge, has given a certificate to the effect that Mr. Page had informed him the vessel had been sent to Montreal by his (Mr. Page’s) orders, to be docked, thoroughly overhauled and strengthened to fit her for continuing the dredging service in which she was engaged, and further, that he understood from Mr. Page that he had made an arrangement with the contractors whereby the Government would pay for the extraordinary repairs and additions to the structure.

That this certificate is corroborated by a further one given on the same day (file 138293) by Mr. G. Mothersill, the clerk immediately in charge of Mr. Page’s office at Ottawa, Mr. Mothersill states that the senior member of the firm had several interviews with Mr. Page relative to this matter, and adds the following details.

“In order that there might not be any delay experienced in proceeding with the work of deepening the rapid the chief engineer was of opinion that it was absolutely necessary to proceed at once with the construction of a new vessel, one that would be much stronger than the ‘Iroquois’ and therefore be better adapted for service in the rapid. The cost of the vessel was estimated at \$25,000; but before proceeding with her construction Mr. Page asked Mr. Gilbert if it would not be possible to strengthen, renew and repair her (the ‘Iroquois’) so that she would be enabled to continue the work on which she had been engaged. This Mr. Gilbert stated would cost \$15,000.

"In view then of a possible saving of at least \$10,000 (although the actual saving has since been found to be \$14,000) Mr. Page directed Mr. Gilbert to proceed with the work of strengthening and renewing the vessel, the cost of which he said would be borne by the Government: at the same time he told Mr. Gilbert that he should bear in mind that the estimated cost \$15,000 was not exceeded.

"The work was then commenced and satisfactorily completed under the supervision of an officer of the department."

That these certificates have been forwarded to the Department of Justice who now, under date the 19th instant give it as the opinion of the Honourable the Minister of Justice that the sum of \$11,034.91 must be paid by the Crown.

The undersigned would observe that this was one of the items of the contractors' claims which it was proposed to settle by reference to Mr. Page as sole arbitrator, under an Order in Council passed on the 8th of May, 1890.

The undersigned recommends that authority be given for the payment to the contractors of the said sum of \$11,034.91 in satisfaction of the claim above dealt with.

Respectfully submitted,

(Sd.) JOHN HAGGART,

Minister of Railways and Canals.

AUDIT OFFICE, Dec., 31, 1891.

DEAR SIR,—Let me acknowledge receipt of your application, No. 270, of December 24, for \$11,034.91, in favour of E. E. Gilbert & Sons, for repairs to chain tug "Iroquois" during winter of 1884 and spring of 1885.

I have delayed payment for a few days, to make a study of the specifications concerning the hire of this vessel to the contractors; and I am unable to see that the evidence of the repairs being a Government liability is as full and satisfactory as I usually receive from your department.

The fact mentioned by Mr. Rubidge, that Mr. Page concurred in making the repairs, is not conclusive proof that it was not for the Gilberts to pay. Mr. Page's action might be taken, instead, as an instance of the engineer's general control over the contractors' materials and methods. It is a question whether paragraph 3 of page 6 does not cover this case.

Please let me have any further information which may be on record; and ask the Justice Department for an opinion as to the liability of the Government under the contract.

It would be well also to include in the correspondence whatever explanation there may be as to the delay in settling the account from the spring of 1885 up to the winter of 1891. I have had to adopt as a working principle the theory that an old account needs the closest attention: both because of the possibility of a claimant having an end to serve by the delay, and because of salient facts lapsing from the memory of the certifying officer, after he has been engaged for several years on other work.

An Order-in-Council should be obtained for this, like all other long-standing claims; and there should be an affidavit from Messrs. Gilbert's bookkeeper that he has extracted correctly from his books the details of their outlay on the work.

Please mention also whether the machinery put on the tug by Messrs. Gilbert was such as they would have strained a vessel of their own with; and make up a statement of the amount of the revenue received for the hire of the tug between 1879 and 1884 to the time when the repairs were made. A rough preliminary calculation makes it appear about \$10,000.

Another point to consider is whether all the expense of watching the vessel, in winter as well as summer, should not have been paid by the contractors under paragraph 2, page 6, of the specifications:—

"He must, further, at the close of each working season, take the vessel to a place of safety, keep watchmen upon it, and do everything necessary to protect the vessel and its equipments from injury."

I notice in the old reports some entries for wages of caretaker McManus, but I cannot tell from the figures in hand whether the tug was on hire at the same time.

I am, sir, your obedient servant,

The Secretary, Railways and Canals Department.

J. L. McDougall, A.G.

AUDIT OFFICE, OTTAWA, Jan. 2, 1892.

SIR,—I wish to make an addition to my letter of December 31, concerning the claim of Gilbert & Sons for repairs to chain tug "Iroquois."

To provide for the possibility of the Justice Department deciding that the extraordinary repairs (due to the straining of the hull by the heavy dredge machinery) are a Government liability, it would be well to get an explicit certificate from the engineer that he has deducted any items for ordinary repairs, needed to bring the vessel back to her condition in 1879.

I am, sir, your obedient servant,

The Secretary, Railways and Canals Department.

AUDIT OFFICE, OTTAWA, June 28, 1892.

SIR,—I am passing to-day your application No. 517 for \$97,250, in favour of the Shuswap and Okanagan Railway. Concerning the reduction of \$300 for work not done, Mr. Schreiber reports that this is not worth the trouble of another inspection, and I infer that no subsequent claim will be made for this \$300.

It is on this account that I am issuing my certificate.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

J. L. McDOUGALL, A.G.

Order in Council Nov. 22, 1892.—On a memorandum dated March 18, 1892, from the Minister of Railways and Canals, representing that under several Orders in Council payments have from time to time been made to the St. Clair Frontier Tunnel Company, of portions of the subsidy, \$375,000, granted by the Act 52 Vic., chap. 3, in aid of the construction of a tunnel now completed, under the River St. Clair, the last of such orders being that of the 24th December, 1891.

That this subsidy was one out of a number of railway subsidies granted by the same Act. The work being, however, of an exceptional character, and for a short length of railway only, it was necessary to differentiate this case from the ordinary cases where payment is made on completion of sections not less than ten miles in length, and accordingly special provision was made in the Act to admit of payment on monthly progress estimates to the extent of 15 per cent of the value of the work done.

The progress estimates of the chief engineer of Government railways, have been drawn up on this basis, the last payment making the aggregate amount paid \$355,670, out of the total authorized subsidy of \$375,000, leaving a balance of \$19,330, unpaid.

The Minister observes that the amount of subsidy voted by Parliament being \$375,000, and the object of the provision as to payment of 15 per cent of the value of work done being simply to indicate the mode in which this, as differing from other subsidies, could be paid, he (the Minister) recommends that authority be given for the payment of the said balance of \$19,330.

The committee advise that the requisite authority be granted accordingly.

JOHN J. MCGEE, C.P.C.

AUDIT OFFICE, OTTAWA, April 12, 1892.

SIR,—Let me acknowledge receipt of your application No. 405 for \$19,330 in favour of the St. Clair Frontier Tunnel Co., described as "balance of subsidies, as per Order-in-Council of March 22, 1892."

The case of the St. Charles River Bridge appears to be similar to the one under discussion.

53 Vic., Cap. 2.—For a railway bridge over the St. Charles River; a subsidy not to exceed in the whole \$30,000; upon which shall be paid 15 per cent of the value of the work done, on monthly progress estimates.

54-55 Vic., Cap. 8.—For the railway bridge over the St. Charles River, the difference between the amount already paid, and the sum of \$30,000 mentioned as not to be exceeded; a subsidy not exceeding \$5,250.

52 Vic., Cap. 3.—For a tunnel under the St. Clair River, a subsidy not exceeding in the whole \$375,000; in which case there shall be paid 15 per cent of the value of the work done, on monthly progress estimates.

For the St. Charles River subsidy, there was no claim made that the \$30,000 was anything but a limit which the 15 per cent was not to exceed. The 15 per cent amounted to \$24,750; and the department requested another vote before paying the \$5,250.

Since the wording of the Act may be considered ambiguous, it would be well, I think, to adhere to this precedent, and to hold back the balance of \$19,330 until explicit parliamentary authority is obtained in favour of the St. Clair Tunnel Co.

I am, sir, your obedient servant,

The Secretary, Railways and Canals Dept.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, May 9, 1892.

SIR,—With reference to the St. Clair Tunnel balance, I beg to point out that this Office has not declined to pass the certificate for \$19,330.

Our letter of April 12 was a suggestion that it would be more satisfactory to obtain explicit authority from Parliament. In a previous similar instance of uncertain wording, that of the St. Charles River Bridge, this was done by the department of its own accord, before applying for a cheque.

As it appears to be only a question of expediency, I shall not object to pass the payment if there are reasons for not referring again to Parliament.

I am, sir, your obedient servant,

The Secretary, Railways and Canals.

J. L. McDOUGALL, A.G.

RAILWAYS DEPT., OTTAWA, May 19, 1892.

SIR,—With regard to the matter of the unpaid balance—\$19,330—of the subsidy of \$375,000 granted towards the construction of the tunnel under the River St. Clair, now completed, authority for the payment of which balance has been given by the Order-in-Council of March 22 last, I have the honour to say that inasmuch as the Government have, by the said Order, adopted the view that Parliament has already vested in the Governor in Council power to grant the full amount of the subsidy, and have directed that payment of the balance be made accordingly, no further reference of the matter to Parliament is considered necessary, and as it would appear from your letter of the 9th instant, that your objections are thus removed. I have to ask that your certificate may be given without additional delay.

I am, sir, your obedient servant,

The Auditor-General.

T. TRUDEAU, *Actg. Secy.*
