PATRIOTIC PAGEANT AT GRAND PRE

Splendid Programme Presented By Young Ladies' Circle of W. M. S.

The Young Ladies' Circle of the W M. S. presented a patriotic pageant, entitled "The Spirit of Canada", in the vestry of the Methodist Church, Grand Pre, on Wednesday evening, May 2. The large audience present listened to and viewed with genuine enjoyment.

or more little Mission Band girls in dainty crepe costumes of white, profusedly decorated with maple leaves and other patriotic emblems were radiant little heralds, who in song and verse emphasized the eulogy and the greeting. One of these little saits announced the representatives of the different nationalities, as they appeared from behind the stage, and advanced to the throne of the "Spirit of Canada" to receive their welcome and a small flag, after having in verse, or song, or story proclaimed who in verse, or song, or stery proclaimed who they were and why attracted to our shores. All were dressed in the Native Costume of the countries represented, and each young lady had so entered into the spirit of the pageant and the immensity of the problem and the principle that it represented, that to the audience they almost lost their identity and were indeed the aborgines of the Foothills, the peasants of Central Europe and the dusky, almond eyed daughters of the

The programme was brought to ar end by all the Old and New Canadians singing "The Maple Leaf", "O, Canada" and God Save the King. Mrs. Ayrton Johnson was the very efficient director and it must have well repaid her earnest effort, in aiding with preparation and presentment to have the pageant crowned with such an evening of success. She was ably assisted by Miss Whitman She the accompanist and also by Miss Lang, of Glasgow, Scotland, at present re-siding in Hortonville, who played a the magic of her music transformed the old piano for the time being into a "thing of beauty and a joy"

The proceeds amounted to over \$40.

PRESENTATION TO BEDFORD PASTOR Baptist Congregation Honors Rev F. H. Beals and Mrs. Beals

(From the Morning Chronicle) The members of the Bedford Baptis Church and congregation spent a very enjoyable social evening in the Church on Wednesday, May 2nd. The occasion was in honor of the Rev. F. H. and Mrs Beals, who as pastor and wife have served this Church for the past three years, and who are now removing to their home in Wolfville.

Deacon E. S. Heffler fittingly expr Beals had rendered and expressed also the wide spread feeling of regret which exists at their departure, following which he presented Mr. and Mrs. Beals with a beautiful electric table lamp and a twenty

the church. Mr. Lester Blakeney, President of the Young peoples' Society, also spoke briefly of the help which both Mr. and Mrs. Beals had given to this very important branch of church work, and express the sincere regret of the young people in the loss of Mr. and Mrs. Beals.

Mr. Beals made a short address thank ing the friends present for their kindness, and referring in a pleasing way to all associations of the past three years.

Mrs, Jos. Kimber presented Mrs. Beals

with a beautiful bouquet of carnations on behalf of the Women's Organization of the Church, and made mention of the splendid contribution Mrs. Beals had made to the work of these organi

Mrs. Beals also very gracefully expressed her thanks in a few well chosen remarks, making tender reference to beautiful friendships formed the many in Bedford.

The programme was interspersed with male quartette of the Church. Refreshments were served at the conclusion of the programme, and the singing of "God be with you till we meet again", brought

to a close a very enjoyable evening.

The removal of Mr. and Mrs. Beals from Bedford will be a distinct loss, not only to the Baptist Church, but to the community as a whole. During their short stay they made many friends of whom will follow them to Wolfville.

Mother

There must be trillium now within the wood, And star-flowers, too:
The small, white violets by the pond's deep brim
Are pearled in dew.

And ferns unroll their feathery fronds again
From spaghnum beds,
And rosy twin-flowers in fir-wood nook
Their splendors shed.

I can go back and find each sweet surprise
Of spring time grace,
Just where, last year, and every year behind
I knew each wild-wood place.

But those soft hands I filled with early flowers Wait me no more:
Dark are her windows and grass grown her paths
Grass by the long closed door.

Oh, hands beloved, fragrant with kindly deeds
Through all life's ways!
Shall I not meet your pitying touch again
Some day of days.

It is a faith that life were poor without (Grace for dark hours) I yet shall find them beckening me amid Eternal flowers.

A PLEASANT GATHERING

Reception to Town Manager Well Attended and Most Successful

The reception given on Monday evenng to inaugurate the town manager system of municipal government Wolfville was a most successful and interesting function. There was a good attendance of citizens although it is a pity that many were not present who authorities very kindly granted the free use of the Memorial Gymnasium which presented a fine appearance and proved an ideal place for such a gathering. The Wolfville Band, which has made such wonderful progress since its organization county and will put forth a strong team.

The Bridgetown eleven is entered as farmangolis county as they are going outside the town for players. Windsor will again be represented by a strong team with most of last season's players and others, and the league will no doubt be a huge success.

A GOOD ANSWER

A farmer who was carrying an express package from a city mail order house, was accosted by a local merchant: "Why didn't you buy that bill of goods from me?" he asked. "I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and build up this locality." With characteristic frankness, the farmer replied: "Why don't you patronize your home paper and advertise? I read it and didn't know you had the goods I have here, nor do I ever see your name in the paper inviting me to come to your store."

HELP MAINTAIN OUR REPUTATION

Although long deferred, spring has finally come, and the time for an annual clean-up in our out-door conditions is at hand. All back yards should receive due attention during the next week pre-paratory to the warm weather which is sure to be upon us soon. The same careful attention which in past seasons has contributed towards the reputation which Wolfville has acquired of being the most beautiful town in western Nova Scotia, is just as necessary as ever if that reputation is to be maintained. Money expended in improving the appearance of lawns and yards is well spent both as regards private and community interests. This year there are many things required to be done in the way of a spring clean-up, which should be made as general as possible both as regards aesthetic and hygienic conditions,

MID-WEEK HALF HOLIDAY

This paper would like to know just how much longer the people will tolerate the Wednesday half holiday? We would also like to know just who this holiday benefits and how much. It certainly does the business community no good and the benefit derived by these for whom it is those for whom it is supposed to have been inaugurated is very doubtful. The time lost is never regained by business and the interruption in the cycle of trade certainly does no good. The short space afforded for recreation for the overworked clerks (if there happens to be any) is so short that in the great majority of cases it is valueless. There is one thing to be always kept in mind—the big department mail order stores lose no time. Just stick a pin here. We do not like the Wednesday half holiday and consider it a nuisance and a business deterrent. and a business deterrent.

OUR MUSICAL OPPORTUNITIES

The music festival which was held on Tuesday, Thursday and Friday evenings of last week was generally acknowledged by those in atterdance as the best event of the kind ever staged in Wolfville. These festivals, which have now become a regular institution, afford opportunities for musical culture such as are not enjoyed by other small towns, and deserve a frore generous patronage than was accorded this year. Last week's program was a more amplitude one corded this year. Last week's program was a more ambitious one than has before been given and was carried out in a manner which reflects much credit upon those in charge. It is said that plans have already been made for still greater things next year, when it is to be hoped our people will show their appreciation to a greater extent of the privilege which they enjoy. As a community we owe more than we realize to the splendid educational institutions located in this town.

A NEWSPAPER'S FUNCTION

There are many varying views as to what a newspaper should and should not be, but everybody will agree that the chief function of a newspaper is to print the news. It would not be a true newspaper if it suppressed legitimate news, or colored news to misrepresent the truth or distorted it in order to injure private persons or

A newspaper, to be worthy of public respect and confidence, must be fair to all, impartial and devoted to the public interest. Necessarily, it must be without fear of intimidation when it publishes the day's news. It cannot take the dictum of anyone who wishes go suppress news, or distort it or misuse it for private advantage.

A request to a newspaper to suppress legitimate news is similar to a request to a merchant to quit selling a certain legitimate kind of goods. In order to succeed, a merchant must carry all kinds of goods within the scope of his service to the public. He cannot accept dictation from outsiders, because he must exercise his own judgment or fail. A newspaper, if worthy of the name, caters to the en-tire public, and, therefore, it must carry all the news that is fit to print. It is a department store of news, and it must maintain its fines full and without adulteration.

Whenever a newspaper begins to grind a private axe, the public becomes aware of the imposition. Its only means of existence is the confidence of the public; hence, if managed properly, it refuses to abuse the public confidence by suppressing true news, by distorting it or by misusing it for private advantage. Any other course is fatal

Methods of marketing through inividual competitive firms and a cooperative organization lacking the strength to control distribution having failed, fruit growers and vegetable producers of British Columbia have launched the first co-operative effort ever at-tempted in Canada, based absolutely upon California methods and principles As a matter of fact a wave of co-oper ative zeal has been sweeping over the province since a visit in January of Aaron Sapiro, the master mind of the successful o-operatives of California, the man who has been largely responsible for bringing what appears to be a condition of permanent prosperity to that state. Not only have the fruit and vegetable growers of the interior, 90 per cent. strong, gone into a new and all-embracing co-operative but the growers of small fruits o the lower mainland and Vancouver Island, the tomato growers, onion and potato growers and even the poultry men are forming organizations designed to give them some measure of control in mark ting THE BIG PLAN

But of all the new organizations sp ing ing into existence the big co-operative that will include 90 per cent. of the growers of tree fruits in the Okanagan, Simil-kameen and Fraser River Valleys, as well as the Kootenay country, is the one whose operations will more particularly interest and effect the people of the prairie provinces, whether they reside n the country or in urban centres.

As stated at the outset, faulty methods of marketing, resulting in demoralizing competition that has all but put the fruit farmers out of business, has made it possible for the growers behind the novement during the last half of Febuary to sign up under five-year contracts over 80 per cent. of the tonnage, not including absentee owners. When these have signed and some more of the growers who have been holding back have been induced to come in, fully 90 per cent. of the tonnage will be under

It has been the invariable experie in California that it has never been possible to successfully launch a co-operative movement under long-term con tracts until the growers have been reduced to a condition bordering on poverty. 75 per cent. of the growers of British Columbia are in that condition today. that no co-operative has made good excepting with the long term contract so strongly worded, in the legal sense, that the growers who endeavor to break away from their agreement soon find them selves in a serious predicament. EFFECT OF LOW WHEAT PRICES The absolute need for organi the fruit business of British Columbi along the lines that will give the growe something to live on has developed dur-ing the past two years. For severa years previous to 1921 apple production was insufficient to fully meet the re quirements of the market. For severa seasons it was a sellers' market. Under hese conditions the Okanagan United Growers, the numerous independen packing and selling companies operating the province, as well as shipper growers, all got good prices and did welf. Then came the 1921-22 season, with neavy production all over the North American continent and a big declin n the purchasing power of the prairie people owing to poor crops and a drop in the price of wheat. When it became pparent that the prairie markets were not going to absorb more than 50 per cent. of their average requirements, the Okanagan United Growers practically bandoned that market to the independents and rolled nearly 1,000 cars to New York. There they had to be stored all winter and storage charges ate up nost of the profit, but returns would have been even worse had this fruit een dumped on the prairie markets.

DESTRUCTIVE COMPETITION If things were bad for the grower last ason, it/became quickly evident soon after the opening of the season now coming to a close that matters were going to be infinitely worse. Conditions were not propitious for export and the United Growers, independents and grower shippers without any semblance of con commenced dumping fruit into the prairie towns in unprecedented quantities. A couple of respresentative of the growers, who toured the prairies to study the situation, on their return reported that the worst offenders in price cutting were the grower-shippers who consigned their crops to dealers and in many instances got no returns whatever. Conditions were found to be o absolutely unsatisfactory to every body concerned that there was a universal demand for the creation of a central selling agency that could bring about a proper distribution of fruit and eep its flow towards the market down to the point where it could be comfortably (Continued on Page 3)

SENTIMENT. IN JAPAN FOR PRO HIBITION GROWS FAST

By J. H. Larimore That temperance and Prohibition rapidly than Christianity itself, was the assertion of Rev. Warren Hayes, United Brethren missionary to Tokyo made to me the other day. Mr. Hayes has been representing his denomination in the missionary fields in Japan for five years He and Mrs. Hayes have been home on a furlough for a year and are now ready to go back for a period of seven years

Rev. Mr. Hayes has been in close touch with some of the most influential men of Japan and his wife has come in close touch with the women of the country and he has readily noticed the evidences of the development of Democratic tend-encies and the influence of Western ideals in the Island Empire.

Of course, as he points out, Christian missions and temperance sentiment go hand in hand, for many of the best who have religions different from the Christian religion, have come to see in Prohibition great possibilities for the economic, mental, moral and pa riotic development of their country As everybody knows, the Japanese is

the most intensely patriotic of all people Ever since Commodore Perry in 185 Ever since Commodore Perry in 1853 opened the ports of Japan to the world, the people of that country have been adopting modern methods in all lines

According to Rev. Mr. Hayes, the Japanese have come to see that in competition with other countries they mus cast aside everything that hinders while the present tendency seems rather more toward peaceful penetration of other countries than toward military aggregation. It is known that there is a strong military party in Japan and in that sense also the country is awake to the dangers that beset a soldiery that

Japan is Friendly Japan is very friendly to the United States. We are her largest customer. She has seen the United States go dry and she has seen America take the leader ship among the nations. She is realizing that she cannot do less along the line of

sobriety than we have done The present government of Japan is not at all unfriendly to the movemen toward Prohibition. Of course the country is conservative. The Prohibition ideal along with other Democratic ideals must move slowly, but from what Mr. Hayes and others have told, me, I have gathered that there is a strong friendliness many cases toward the abstinence

of the beverage liquor traffic.

It is related by the Hon. Taro Ando, a leader in temperance reform and an official of the National Temperance League of Japan, that even before he became a Christian he become a temperance man. He decided to dispense with all liquor expecpt the Japanese 'Sake" but felt that perhaps occasions might arise when he would need some of that liquor is his home. Accordingly he purchased a number of casks and put them in his cellar and Mrs. Ando who was a Christian and who was praying for h s conversion, emptied the c and let the liquor run out. Instead

her and became a Christian and advocate of Prohibition for more than thirty years. Mr. Ando is one of the vice-presidents of the World League Against Alcoholism and a member of the General Council.-Forward.

HOW TO PICK MAYFLOWERS

(From the Pictou Advocate)

As the Mayflower season is just open-ing, it would be well for those who like to gather this dainty little flower, to take heed of the slogan of the Society for the preservation of Native plants—
a slogan which might well be adopted in
Nova Scotia— "Don't pick wild flowers;
cut 'em." This organization is trying
to educate people in three ideas: not to pick flowers at all, but to cut off the blossoms wanted with a knife or scissors that they may form and leave the seed that will produce next year's crop; to remember that there are certain flower which will not stand carrying away at all. Speaking of the Mayflower the Bostor Globe says: "Trailing arbutus has practically disappeared, as a result of the practice of those who seek for it of pulling up holus-bolus the long trailing strands which run just under the surface of the ground, feeding on the moisture underneath. If the blossoms only were picked the same growth would produce abundantly through the spring. Pulled up away from its source of nourishment, the plant's day is done, and there is so much less arbutus left in existence."

The Dominion Atlantic Railway Co will erect new stations at Paradise and at Clementsport during the coming Both contracts have been awarded to E. S. Langille, of Wolfville, and the work will begin immediately.

A charge of five cents per box on apples will provide interest on the stock and establish a sinking fund for its ultimate redemption. Whe it is redeemed common stock for a simi lar amount will be issued to the grower who will then own the plants.

The banks welcome the determination of the growers to get together. They regard the long-term contracts as providing ample security for large advance to cover the cost of marketing and to make initial advances to growers early in the season. They will back the new enterprise to the limit if it succeeds in stabilizing the market. The transportation companies likewise are heartily in support of the co-operative movement, believing that continuance present conditions for another year or two spells disaster for the fruit industry, in which millions of dollars have been

ALL BUT THE HOLE

Auntie had come to stay, and little Mary, with some pride, was showing a sweater she had knitted herself. "And did my little niece make

all by herself?" asked Auntie. "Nearly, Auntie—all but the hole you put your head through, and that was there before I started.'

Get ready to fence up your chickens and thereby preserve neighborliness in your corner of the moral vineyard. An industrious rooster or an active old hen can raise a big ruffle when they are too inquisitive in resurrecting the early garden seeds in a neighbor's flower pot or vegetable area. There are often things said on such occasions that are not always in the every day vacabulary.

No man ought to make the same mistake twice—considering how many people there are to tell him about it.

The Secret of a Beautiful Skin

Cleopatra knew it. That was the secret of her power. Every day her skin was thoroughly cleansed with palm and olive oils. Then as now these oils were famed for their mild, soothing, cleansing qualities.

She too used other cosmetics, but every day these were removed by thorough cleansing. In this way she was able to keep her skin smooth, firm, fresh and youthful.

Today these same oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse creamy and refreshing lather

Powder and rouge will not harm the skin if you wash daily with a mild soap. A thorough cleansing with Palmolive will tone your skin and help it do its own beautifying. Smoothness and a charmingly natural color will result.

Next Sunday, May 13th, will be Mother's Day. This occasion, which has become a well established anniver-sary, deserves general observance. The of the mothers of the land is a posts; custom that should be universal. I mother is living the flower should be colored and if dead pure white.

The young people of St. John's Church School are holding a Pie and Basket Social in the Parish Hall on Tuesday evening next at 8 o'clock. Youn gladies are asked if possible to bring a pie or basket of refreshments and the young men the where-with-all to purchase the pies when they are put up at auction As is customary in such cases the donor of the pie goes with the pie to the highest bidder. A Program of music will be given during the evening.

WOLFVILLE SCOUTS WIN SERIES

The Basket Ball game between the Windsor and Wolfville Scouts, played in the College Gymnasium last Saturday morning, was a cleanly played and in-teresting game. This was the final game of the series and gives Wolfvile the championship, as they won by the score of 20 to 9. After the game both teams enjoyed the privilege of a swim in the tank. The kindness of the College authorities in allowing the use of the Gymnasium for their games is greatly

appreciated.

It is probable that a Baseball league will be played through the summer between these troops.

Minard's Liniment fer Falling Out

(From our Special Correspondent) session of the House of Assembly, Halifax, April 30,1923.—The financial returns tabled by the Government contain much material for serious reflection, particularly with reference to that ever vital question of taxation, which like an insatiable evil spirit, pursues us at every turn in some form of civic, municipal, federal, or provincial taxation.

The local Government in an atter to shirk responsibility for taxation, has the following bungling stupid statement in its report on Industries and Immigration, for 1921, page 10.
"It is the Dominion Government alone

which claims and exercises the right to

But just look over the Provincial Accounts for 1921, and 1922, with an occasional glance at the Provincial taxation statutes and note how the Provincial Government has filled this pressed Province with Provincial Tax Gatherers.

First, there is the Provincial Land Tax, which under the statutes of 1917. has to be collected by the "Municipa Clerk of the Municipality" and paid over to the Provincial Treasurer.

Under this law \$31,553 was collected in 1921 and paid over to the Provincial Treasurer. (See Public Accounts 1921

This was under the law of 1912, which placed the land valuation at One Dollar per acre; but the Act of 1921 Chapter 54, raised the valuation to Two Dollars per acre, thus doubling the tax making it \$64.584 in 1922 (See Public Account 1922, page 327.)

Then follow Game Licenses for which \$8,466 was paid in 1921 and \$36,262 in 1922. (See P. A. 1921 page 322; and 1922 page 348.)

In the next place, the Govern makes Tax Gatherers of every Incor porated Company doing business in the Province: of every chartered bank and savings bank; of every Insurance Company; of every, Loan Compan of every Trust Company; of every tele graph and cable company; of every electric tramway: of every express con pany, of every railway (See Chapter 13 Acts 1919) and also of some two dozen other companies that somehow escaped the previous drag net (See Chapter Acts 1921.)

And here let the people note, an make no mistake about it, that though these corporations are made liable to these taxes in the first instance, just the Municipalities are made liabl the Provincial Highway Tax, yet thes companies sooner or later collect ever enny of these taxes out of the p of this city and Province, and the Com panies are thus mere tax Gatherers the Provincial Government, and in 192 collected \$541,264 and in 1922 als collected for the Provincial Gover \$558,856.

Here is over half a million dollars direct taxes paid and to be paid year by year to the Provincial Treasu And don't forget that these tax ouch everybody's pocket.

For example, the \$1050 paid last by Moirs Limited has to be colle from the people of this city and Pro the high taxes placed on the Fire surance Companies help to swel premium rates to the present b some figures; the \$16,675 paid Metropolitan Life Insurance Co has to be collected largely from the from that company and so on t the whole long, long list of cor that are thus made Tax Gathere grasping and wasteful Provincial Go

For the Incorporation of Con-721 in 1921, and \$17,727 in 1922 the Annual Registration of such panies \$69,427 in 1921 and \$138,307 in 1922; for the registration of partnerthe three making \$95,298 in 1921 and \$166,753 in 1922 (See Public Accounts

1921 pages 324 and 1922 page 350.) The taxes on "Motor Vehicles" which are three times as high in Nova Scotia as in the United States, amounted to \$373,121 in 1921 and \$418,606 in 1922, (See P. A. 1921 page 344 and P. A. 1922

Then there are "Miscellaneous Taxes" amounting to \$4,808 in 1921 and \$5,087 in 1922. And next come "Officials' Fees"

amounting to \$4,334 in 1921 and \$41,932

PROVINCIAL GOVERNMENT TAX in 1922 (See P. A. 1921 page 344 and P. A. 1922 page 372.) These are the fees that have to be collected by every Prothonotary, Clerk of County Court, Sheriff, Judge of Probate, Registrar of Deeds and Registrar of Probate; all of whom are thus made Tax Gatherers for the Provincial Government.

Marriage License Fees amounted to \$12,763 in 1921 (See page 345) and to \$10,666 in 1922 (See page 373).
Succession duties amounted to \$158,-

972 in 1921 (See page 353) and to \$120,-

739 in 1922 (See page 382.)
Theatres and Picture Shows had to pay \$180,036 in 1921 (See page 353) and \$140,530 in 1922 (See page 381); and the theatre goers need not be told that they had to provide this money. The theatres and Picture Houses were Tax Gatherers for the Provincial Government to such amou

Under the Public Highways Act and Sundry related Statutes the twenty four Municipalities were compelled to collect and pay over to the Provincial Treasurer \$329,062 in 1921 and \$354,330 in 1922; the forty Incorporated Towns \$53,041 in 1921, \$53,410 in 1922; and the two Cities \$58,290 in 1921 and \$59,529 in 1922-the three items totalling \$440,587 in 1921 and \$467,229 in 1922, well on to another half million dollars, directly out of the pockets of the people. P. A. 1921 pages 361-362, and P. A. 1922 pages 391-592.)

In addition to the foregoing there were some "Back charges" collected in 1922 and making the grand total for 1922 \$490,157.

The aggregate of all the various Pro vincial Government schemes of direct taxation amounted in 1921 to \$1,892,282 and in 1922 the total was \$2,054,906.

This is certainly quite a spread of direct taxation for a Provincial Government that publicly declares, in one of its official reports, that it does not claim or exercise the right to impose taxes.

The facts are that the Government score of years with new tax laws that they have covered the Province with Provincial Tax Gatherers; that they have taxed about everything they could think of; that they have increase nously within the last ten years; that the aggregate burden of taxation is heavy nandicapping every industry and hurt ing every citizen; and worse still, and worst of all, they have wasted the oples money in batches of hundred of housands of dollars as was proved be ond question in the investigation of he Great Provincial Highways Scanda

Six Reasons Why You Should Buy a Studebaker Light-Six

1. Sturdiness—The sturdy construction of the Studebaker Light-Six has been positively proved by more then 500,000,000 miles of service in the hands of 100,000 owners.

2. Economy-The fuel economy of the Light-Six has been conclusively demonstrated by 27 world-wide tests, which established an average of 26.9 miles to the gallon of gasoline. Economy of maintenance is further emphasized by Studebaker's repair parts sales, which in 1922 averaged only \$13 per car in

operation.

3. Performance—In its six-cylinder engine, there is an abundance of the six dance of smooth, overlapping power—instantly responsive to the touch of the throttle. Vibration is practically eliminated at all speeds through machining the crankshaft and connecting rods on all surfaces.

4. Comfort-Light-Six springs are long and flexible. Seat cushions are 10 inches deep and upholstered in genuine leather. The Light-Six touring car is as comfortable as that favorite chair in your sitting room.

5. Refinements—The beautiful body is all steel, even to its framework. There is a one-piece rainproof windshield, with cowl lights set in the base; quick action cowl ventilator, thief-proof transmission lock and a number of other unusual refinements. 6. -Reputation-For seventy-one years, the Studebaker

name has signified sterling craftsmanship and honest value. The Studebaker reputation is your assurance of absolute satis-

PORT WILLIAMS HAPPENINGS

We are glad to report Marguerite Taylor has quite recovered from her attack of pneumonia.

Helen Forsythe is also convalescent

from her attack of diphtheria.
On Monday evening the "Lily of the Valley" Division No. 440, tendered a banquet to one of its members, Mr. H. R. Holding, who is leaving next week for Vancouver. Mr. Holding has been a valued member of this Division for more than three years, and in his going away the Division loses one of its staunch supporters, and also one of its willing

Mrs. A. W. Coulstan entertained the W. M. A. S. at her home on Main street Wednesday afternoon. After the meeting was finished, a very dainty lunche served by the hostess and a social half hour enjoyed by all.

The bus service from Wolfville to Kentville via Port Williams, which has started again this week, is welcomed by many who have already taken advantage of its convenience.

On Wednesday evening, in the vestry of the Baptist Church, a social was held in honor of Mr. H. R. Holding, who is soon leaving for Vancouver. The en-tertainment consisted of vocal, piano of the Baptist Ch and violin solos; readings, and a L dies Quartette. At the close of the program Rev. O. N. Chipman in well chosen words presented Mr. Holding with an address accompanied by an "Autographic Koin behalf of the Sunday School, of which he has been a valued helper during his more than three years stay in the community. His departure will be keenly felt by many, for Mr. Holding was always ready to lend a helping fland to anything that was for the betterment of things in general, and was a splendi example to the young men and boys of Port Williams in his willingness to serve

GRAND PRE WOMEN'S INSTITUTE

On Friday, May 4, the Grand Pre Women's Institute met at the home of Mrs. Louisa Bishop. The business the meeting was devoted chiefly to an interesting discussion of Health and Child Welfare. The program was to be provided by the teachers in the Institute district but owing to the incli the weather the teachers in the outlying communities were unable to attend. Miss MacCrae sang a solo and an encore. Miss Whitman read the opening ode. Miss Whitman's class of girls sang some Spring songs and two little boys whistled the Mocking Bird which was much appre iated.

The June meeting will be at the home of Mrs. James Woodman.

During the past month our Institute

has banked, clear of expenses, one hundred dollars and fifty cents, receipts of the play "Sophronia's Wedding". The proceeds from the Parish Hall presentation went to the Children's Aid . Avonport and Port Williams each received a share of the proceeds taken in the community.
