

HAD ENOUGH OF THAT JOB.

Dog Catchers Quit, But Others Have Taken Places.

Good Progress Now Being Made on Barton Street.

Monthly Statement From the Treasurer's Office.

People who read about the dog catchers being bitten yesterday and allowed their dogs out this morning, taking it for granted that the enforcement of the new regulation would be dropped for the time being, were badly fooled. The city was prepared for such an emergency, and new dog catchers were at work today. Jimmie Lindsay and his assistant, Shea, who had charge of the work, after their unpleasant experience yesterday afternoon with two dogs, which tried to catch them, decided that the dog catching business was too strenuous for them and placed their resignations in the hands of Secretary Barr this morning. Shea was badly bitten. Some alarm is felt, in view of the report of the Dominion analyst on two heads sent to Ottawa in any of three weeks ago. These dogs were declared to be suffering from rabies. It is likely that the dog which bit Shea will be killed and the head sent away for examination. One of the dogs captured the other day was so vicious that it had to be killed as soon as it was taken to the pound. The city officials say that the police will shortly be instructed to summon people who allow their dogs to run at large.

City Engineer MacCallum announced this morning that it was not likely that any changes would be made in any of the departments under his control until the fall. This is the busiest time of the year, and he does not think it is advisable to make changes when the departments are buried in work.

A paragraph in a Toronto paper this morning conveys the impression that the Ontario Municipal Board has already decided on the order that is to be passed in connection with the proposed annexation of the Barton township territory. This is a draft order submitted by City Solicitor Waddell, attached to which are the proposed Victoria Avenue School, ten rooms to be built at once and the other ten as soon as the school is torn down, will be the principal business the Board of Education will deal with tonight. The committee has also recommended that the Playgrounds Association be permitted to use the Hess Street School grounds during vacation time to test the scheme of supervised playgrounds.

Although the strike of Italians on the street railway construction threw the work behind a week, rapid progress is (Continued on Page 10.)

MEDAL AND SCHOLARSHIP

Come to Hamilton Students at Toronto University.

Toronto University yesterday handed out the list of medals and scholarship winners; also the names of those securing degrees and the general results in the faculty of education. It is announced that the second year results in arts will be announced to-morrow, and probably the first year also.

Hamilton students have won a very creditable proportion of the honors. In the faculty of arts, Mr. R. Young wins the Royal Astronomical Society of Canada's gold medal.

Miss Mabel C. Jamieson is the winner of the Kirschmann scholarship in philosophy.

Miss V. B. Thomson carries off the Bishop Strachan scholarship in classics.

Miss M. L. Newton receives the degree of master of arts.

Mr. E. H. Freeman is awarded the degree of LL. B.

In the faculty of education the following Hamilton students have passed the general course: N. M. Duncan, M. C. Fleck, G. H. MacHaffie.

Miss M. L. Newton passed the second year, advanced course, and also the specialists' course in moderns and history.

M. C. Fleck took honors in the general course.

In the list published yesterday two Hamilton names were overlooked: Miss M. C. Jamieson secured first class honors in philosophy, third year, ranking third, and Mr. D. A. Warren was successful in all subjects.

IN RELIGION.

Reception Service at St. Joseph's Convent This Morning.

A solemn reception, marking the entry of four young ladies into the religious life, was held in the chapel of St. Joseph's Convent, Park street north, this morning. The chapel was filled with the relatives and friends of the young ladies. Mass was celebrated by Rev. Father Weidner, of Hespeler, and His Lordship the Bishop officiated. The convent choir sang sweet and appropriate music. Those who took the vows were: Miss Agnes Cairns, of Stratford, in religion sister Mary Andrea; Miss Teresa Hughes, of Toronto, in religion sister Mary Emerentia; Miss Rose Runstetter, of Hespeler, in religion sister Mary Emmanuela; Miss Margaret O'Brien, city, in religion sister Mary Carmela.

DR. PRINGLE ON MORALS IN YUKON

The Report of Moral Reform Department Diametrically Opposed to His Statements

At the General Assembly this morning, before resuming the discussion of social and moral reform, the moderator took occasion to read a letter to himself from the Jewish people of the city of Hamilton, expressing their good wishes and congratulations. This kind expression of good feeling was well received by the Assembly.

Dr. Bryce, of Winnipeg, read a reference to the James Robertson memorial recommending the raising of a fund of not less than \$20,000, to be applied to the cause of missions.

Recommendations of the committee on social and moral reform were then presented.

A question was asked of the convenor by the secretary, Rev. W. M. Rochester, as to the social and reform council. A tilt took place in which the moderator and Dr. Patrick and Mr. Rochester were the chief actors.

On Mr. Rochester saying that his questions were for information, he was allowed to proceed.

DR. PRINGLE SPOKE.

The chief feature of the forenoon was the speech of Dr. John Pringle, who described himself as a kind of notorious storm centre. He spoke calmly and said: I came to this Assembly expecting that, if no reference appeared in the report to the evils which are inherent in our political life, I would bring up the subject. These evils exist unless all men are liars, and all the newspapers do not mean what they print. I want to say that I was called down by a Presbyterian minister of high standing. He stated that the Liberal party had given too many sites for churches and manes, and other favors to get up an agitation against it. There is also a libel suit pending which has troubled me very much. If it comes to a fight I shall throw up everything and go to Dawson to meet it. Last Assembly I was not a commissioner, and could not defend myself. The resolution passed a year ago stating that conditions had greatly improved in the Yukon had left me naked to my enemies. What are the facts? One month after that report was given, there was one dissolute woman in that territory for every 30 of its population. And Major Wood, the commissioner, gave the testimony himself.

I am going now to make a bull's-eye. My text is found in a Royal Commissioner's report signed by Walter Pringle Gibson Cassels, known as the investigation into the Department of Marine and Fisheries. It is this: "There seems to be not only a lack of efficiency, but also of conscience. There are several Government officials who seem to be serving new masters, and succeeding with both." Now, who are going to awaken this sleeping conscience? Will the politicians? Not much.

He then went over the political camps of the Dominion, opening very unsavory nooks and corners. One is a specimen. The Government gave nine miles of a valley in the Yukon from mountain to mountain to Joe Boyle. "I was asked to take the stump before the last election. I could have made more money in four addresses in one constituency than I make in my pulpit in a year, but I would not, am not a politician, and wished to be absolutely free to serve the people of Canada with a clear conscience."

Dr. Pringle's speech was listened to in silence, and no one made reply. The moderator ruled that the amendment was not pertinent, but suggested that it be submitted as an addition. Dr. Scott, of Montreal, seconded it, and it was carried. The amendment referred to appears in the report of yesterday's proceedings.

As opposed to the views expressed by Dr. Pringle, following extracts from the report submitted by Rev. Dr. J. G. Shearer, last night, is significant: "To the statement made under 'Sabbath Observance,' in the main report, that 'The Lord's Day Act is now not only in force, but enforced in the Yukon,' must be added a statement based upon letters of date 24th April that the Criminal Code in its bearing upon prostitution, is being rigidly enforced. Major Wood, the Commissioner in command of the Royal Northwest Mounted Police for Yukon Territory, states that the attitude of the Police toward the enforcement of the laws against it is that 'We will prosecute on every occasion when we can secure evidence to warrant a reasonable expectation of securing a conviction.' He states also that certain remarks, widely published, made by Mr. James Dugas, in August last, expressing approval of the policy of 'toleration,' must be understood as expressing the Judge's own opinion, and that they do not represent the attitude of the police, which is one of uniform and rigid enforcement of the law wherever it is possible to secure convicting evidence. He further states that 'There are no women known to be such in Dawson,' and that 'certain women under suspicion, residing on the creeks and in Klondike City, are closely watched, and the citizens are kept advised of the law wherever it is possible to secure convicting evidence. He further appointed Immigration Agents under the Immigration Act, for the purpose of preventing undesirable from entering the Territory," and he adds, "I have no hesitation in saying that these appointments have been most beneficial."

In bidding the Assembly good-bye, it is pleasant to think that the members appear to have thoroughly enjoyed their stay in Hamilton, and the citizens in general have found it a pleasure to do what they could to make things agreeable for them.

Judging by its Police Court reports, Toronto is ripe for another revival.

Sang His First Mass in His Mother Church.

Rev. Father Cornelius Donovan, who was ordained to the priesthood in Chicago last Saturday, sang his first mass in his mother church, St. Patrick's, of this city, at 9:30 this morning, in the presence of a goodly gathering of his old friends, and friends of his late father. There were also present a number of his old St. Michael's College fellow students and friends, and a large number of priests from many parts of the diocese.

Rev. Father P. J. Donovan, of Dunnville, an elder brother, was deacon; Rev. Father Carl, C. S. V., of St. Michael's, sub-deacon; Rev. Mr. Hall, of St. Michael's, Master of Ceremonies, and Rev. Mr. Murphy, of St. Michael's, thurifer. Rev. Father Coty, the rector, preached, delivering a beautiful and impressive sermon on the dignity of the priesthood. He congratulated Mrs. Donovan, who was present, upon being the mother of two sons in the priesthood, and also made reference to the late Mr. Cornelius Donovan, former Separate School Inspector. The choir, under the leadership of Mr. J. F. Morrissey, sang the mass.

At the conclusion Rev. Father Donovan gave his blessing to the congregation.

No Autos

Rome, Ga., June 10.—The little town of Seney, near here, has declared war on automobiles. At a meeting of the town council recently, after a spirited discussion, an ordinance was adopted prohibiting the use of automobiles within the city limits, and the town marshal was authorized to arrest any one passing through Seney with such "engines of destruction." This is said to be the first town on record to declare against the automobile in toto.

THE MAN IN OVERALLS

These are the dog days. Liberal meeting to-night. Come up. Milk for babes—pure milk. And I thought the city had promised to do no more quarring on the mountain.

This is get-away-day at the Assembly. The next order will be to keep your cat on the chain.

How many millions did you say this Hydro-Electric scheme is to cost?

Well, this is fine working weather anyway.

Lansdowne Park will not always be on the market, and it will never be cheaper than it is now.

Have any of you seen the color of the York Loan money yet? I haven't.

My hospital suggestion last evening met with more than one approval. General and Convalescent Hospital on the mountain top and emergency hospital at present hospital. Any objections?

Lady Aberdeen should not be allowed to leave Hamilton when she comes without some recognition by the city authorities for the great benefit she has conferred upon the poor of the city by the institution of that admirable organization, the Victorian Order of Nurses.

Perhaps the neglect to give Mr. Greenwood due credit for his chapter, may have been just one of Mark Twain's jokes.

Go up and see the Art School exhibit, and then say whether the school should be closed or not. I bet you will say no, and say it out quite loud.

In bidding the Assembly good-bye, it is pleasant to think that the members appear to have thoroughly enjoyed their stay in Hamilton, and the citizens in general have found it a pleasure to do what they could to make things agreeable for them.

CRIMINAL CASES BEFORE THE JUDGE.

Birmingham and Austin Get Nine Months—Stabbing Case Also Tried.

John Birmingham and Erle Austin, charged with housebreaking and theft, came up for trial at the General Sessions of the Peace this morning.

His Honor Judge Snider asked the prisoners if they had any one to defend them and they replied that they had no money and didn't expect anyone to do it for nothing. They had no witnesses to bring to their help.

Mrs. Johnson was the first witness called. She swore that she lived just across the road from the Gleason home where the robbery occurred, in West Flamboro. On the morning of May 20 last, Birmingham called at her house for something to eat. Later Mrs. Gleason came over to give the alarm. She went over and recognized Birmingham.

Mrs. Alice Gleason said that on the morning of the robbery she left the house locked. She was away about 20 minutes, on her return saw Austin in one of the bedrooms. The screen on the window had been taken off and the window raised. Austin had Mr. Gleason's pipe in his hand which he dropped on the floor, he also had some sweaters in his hand and had eaten some of her pie. Upon seeing Mrs. Gleason prisoner asked for something to eat. She ran out to give the alarm and Austin went out of the window and Birmingham ran out of the front door. Both attempted to escape. When she went into the house she discovered that her husband's and son's watches were missing. After the prisoners had been apprehended they began to blame each other for breaking into the house.

Mr. Gleason swore he was not at home when the offence was committed, but returned before the prisoners were brought back. He asked the prisoners for his watch, and Birmingham handed out the nickel one, but not the gold one belonging to himself, which he hasn't yet recovered.

Mr. David Simpson swore that he pursued the prisoner Birmingham and brought him back, whereupon he gave up the nickel watch to Mr. Gleason.

William Bolton, county constable, swore that he arrested the men on the morning in question. Neither of the men would say anything, so he took them to the Gleason house, and ordered them to give up what they had stolen. Austin had nothing, and Birmingham handed out the watch belonging to Mr. Gleason's son, but nothing was said about the gold one.

Birmingham was put in the witness box, and said he and Austin were on the track going to Toronto. He had money in his pocket, but there was no place to buy a meal. They went up to the Gleason house, but seeing no one in they turned back. Just then a lady came to the house, and seeing the window open started to scream. They told her they hadn't been in the house, nor had they stolen anything. As the woman continued to scream they thought it was time to go, but were soon apprehended and brought back.

Austin was then called upon to give his side of the case. He said he came from Canton, Ohio; met Birmingham in Buffalo, and came here with him in search of work. Birmingham, he said, had been offered work in Hamilton, but wouldn't accept it, so both started out for Toronto. He denied being in the Gleason house at all.

Crown Attorney Washington asked him if he had ever been in a reformatory in Canton for stealing. He replied that he had spent about 18 months there, his parents having put him in for not staying at home.

After being out a short time the jury returned a verdict of guilty.

His Honor, in passing sentence, said he did not intend to give them a long term, as they had never before been guilty of an offence in Canada. It was his intention to have them deported after they had served their term in prison. He then sentenced them to nine months each, with hard labor, in the Central Prison, and warned them not to return to Canada after being deported.

THE STABBING CASE.

Thos. Simpson, charged with stabbing Roseo Wallace, with intent to do grievous bodily harm, was next on the list.

Dr. Wickens was the first witness, and said he was called to Wallace's rooms on April 18 to attend the wounded man. He did not consider the wound dangerous, although it was in the breast. Had the knife pierced a little lower it would have entered the heart. After he was satisfied that the patient's condition was not serious he telephoned for the ambulance and had him removed to the hospital.

Wallace swore he was a brother-in-law of the prisoner. Mrs. Simpson with her two children came to him on the night of April 17 and said prisoner would not let them in. They stayed with him all night. About 9 o'clock Sunday morning the prisoner came to his rooms and asked if his wife was there. Witness said "No." Prisoner's wife had hidden in another room, fearing to meet her husband, and asked witness to say she was not there. Prisoner then went away, but came back later and found his wife in the room. Simpson then

IS ACCUSED OF THEFT.

Insurance Collector Arrested at Instance of Company.

A Bunch of Toronto Boozers in Police Court.

Robert Horcus Had Forgotten His Name When Called.

John Stout, 33 Simcoe street west, was arrested last night by Detective Coulter and Constables Gibbs and Aikin on a warrant sworn out by the Union Life Assurance Company, charging him with theft. Stout has been in the employ of the complainant for three months and during that time nothing occurred that would lead them to think that he was anything but honest. He was employed as a collector. A few days ago, the company claims to have discovered that he did not turn in certain moneys which he had collected from policyholders. The amount is not large, somewhere between \$11 and \$30. Stout appeared before Magistrate Jelfs at the Police Court this morning, but the case was remanded for a week, at the request of Acting Crown Attorney F. R. Martin, who was not prepared to go on with the case till the company had gone over its books and was able to say what was due to what amount the discrepancies existed. T. H. Cramer appeared for the defendant and asked that bail be set as low as possible. "Four hundred dollars is the smallest I can give," said the Magistrate.

Robert Horcus, a vacuous-faced individual with no address, was charged by P. C. Elliott with absence of grey matter. When the Sergeant called out his name the prisoner had apparently forgotten that it had any connection with him, as he sat in the dock, serenely unconscious of the proceedings, and had to be told to stand up before he paid any attention.

P. C. Elliott said that he was walking around on James, near Burlington street, last night, talking to himself and behaving in a generally peculiar manner. He told the constable that he had just got out of jail in London.

"What is wrong with you?" asked the Magistrate, turning to the prisoner.

"Nothing, do you think there is anything wrong with me?" enquired Horcus, with a pitying aspect.

The Magistrate replied that he did not know, but thought there was generally something wrong with the people who were brought to jail.

Horcus further said that he was a sailor by profession, and to an enquiry of the bench said that as he was not feeling well he imbibed a glass of Scotch and a thimble full of sweet ale last night. The Magistrate did not think that was the responsible cause of his condition, and remanded him to the jail until Monday. He will be examined in the interim by medical men as to his sanity.

William Smith, a Toronto importation, took too many powerful stimulants last night, but worse than that, did not treat the preservers of the peace with proper respect, being so far as to call Sergt. Walsh a very suggestive name. It was not to be tolerated, and William was promptly locked up. He was quite willing to admit that he had imbibed overmuch, but was doubtful about the charge of acting disorderly. The Magistrate fined him \$5, just to teach him respect for the blue-coated fraternity.

William Moffett and William J. Cummings, also from the Queen city, were charged with a similar offence. They also had a convenient memory and recollected nothing about the disorderly portion of the charge. P. C. Clark said they were on King street in front of the post-office last night, pulling one another around. Constable May stepped into the room while the case was on, and unfortunately for the prisoners, recognized them as having been in a fight near a hotel, earlier in the evening. They were fined \$5 each.

When P. C. Cheeseman was walking on his beat on King William street last night he noticed a man zig-zagging along the walk and behaving in an improper manner. He promptly arrested him, and learned that his name was Elliott. The prisoner pleaded not guilty, but admitted that his condition was suspicious. He said he suffered from giddiness, and last night he felt quite silly. "Have you been drinking anything?" queried the bench.

"No, sir, I dare not."

"Where do you live?"

"At the Bethel Mission."

The Magistrate then instructed one of the prisoners to go there and get the proprietor, who upon his arrival corroborated the prisoner, and said that he had been taken with these dizzy spells while in his place.

"You can go," said the Magistrate.

W. Mehan was summoned for not paying Thomas Launder's \$7.25 wages, but the case could not go on as 31 days had elapsed since the work was done. Rather than take the case to the division court the complainant accepted \$4.

Thomas Drake, 49 Earl street, had to pay \$5 for riding his bicycle on the sidewalk.

William Proctor was fined \$2 for being a vagrant. He promised to get right out of town and was treated with leniency.

John Godfrey, Rockwood Park, was arrested by P. C. Cannon, senior, on a charge of non-support. The case was remanded until to-morrow. The defendant is employed as a carrier on Central market.

GRANTS MADE BY COUNCIL.

Some Discussion About How the Grant to Soldiers is Used.

Wentworth County fathers considered grants at their meeting yesterday afternoon and made the following:

Dundas High School, \$400.00.

Waterdown High School \$400.00.

South Wentworth Farmers' Institute, \$25.00.

North Wentworth Farmers' Institute, \$25.00.

St. Peter's Home, Barton, \$300.00.

House of Providence, Dundas, \$400.

North Wentworth Woman's Institute, \$25.00.

South Wentworth Woman's Institute, \$25.00.

Ontario Municipal Association \$10.

Hamilton Poultry Association \$25.00.

County horses attending camp in the Hamilton Field Battery, 25c per day.

Salvation Army Rescue Home \$50.00.

Children's Sick Home, Toronto, \$10.00.

A warm argument arose over the usual grant of \$200 for the 77th Regiment of Wentworth. The idea got into some of the councillors' heads that the officers squandered the money in drink and having a good time generally. Councillor Lawson, denied this and said the officers had to keep up the band and had other expenses of the regiment. Sometimes they found it necessary to go down into their own pockets to defray expenses as the grant was not adequate. A motion was brought for a grant of \$150, but Mr. Lawson thinking it would be defeated asked that it be laid over until to-day when more information could be obtained.

There was some fun over the \$10 grant to the Ontario Municipal Association. A motion was made to send the warden and clerk down as delegates. This was declared defeated by Councillor Lawson, who explained that the \$10 was the annual membership fee for the county and not to pay expenses of delegates. After being declared lost the motion was carried.

With respect to the grant for the erection of a monument on the battle ground at Stony Creek, the council decided to lay the question over until it could learn what the Government is going to do or until preparations were well under way for the erection of the monument.

The council adjourned at 11:45.

County Council this morning gave a grant of \$500 to the town of Dundas for the building of the Sydenham road to King street.

A grant of \$200 for the improvement of the Waterdown road, also \$200 to the support of the 77th Regiment while at Niagara.

The engagement is announced of Miss Ida Merner, youngest daughter of Mr. and Mrs. John Merner, of Toronto, to Mr. Carl F. Hopkins, of Toronto, eldest son of Mr. and Mrs. Wm. V. Hopkins, of Burlington.

YORK LOAN.

Dividend of 25 Per Cent. Payable Next November.

This morning S. D. Biggar, K.C., received a letter in regard to the York County Loan & Savings Co. liquidation, from Scott, Scott & MacGregor, solicitors for the company, stating that the official referee had authorized the payment of a dividend of twenty-five per cent. to the shareholders of the company and the liquidators' staff is engaged in the adjustment of claims. There are one hundred and twenty thousand shareholders in the company whose claims have to be audited and adjusted before the dividend can be paid and that, of course, will involve an immense amount of labor, so that it will probably be next November before the dividend can be paid. It is probable that there will be subsequent dividends of about 25 per cent.

Tempting Things. Canteloupes, grape fruit, new carrots, new beets, new potatoes, butter beans, Boston head lettuce, mushrooms, Spy apples, cucumbers, navel oranges, bananas, Bermuda onions, six pounds for twenty-five cents, new cabbage, Grimby tomatoes, choice comb honey, cooked meats. Daily Beach service.—Bain & Adams, 80, 91 King street east.

FEVER AT CAMP. Kingston, Ont., June 10.—A case of typhoid fever has developed at Petewawa camp. The disease could not have been contracted at the camp, however, the man having arrived there only a few days ago.

THE HAMILTON TIMES

THURSDAY, JUNE 10, 1909.

CHURCH UNION.

By a vote of 160 to 42 the General Assembly of the Presbyterian Church has accepted the declaration of the joint committee that a practical basis of union has been arrived at.

There is perfect agreement that a union of the churches which would result in a real blending of interests would give strength and conduce to great economy of effort in the work they are trying to do.

dirty, germ-laden article and filter out the dirt and boil the germs to death and consume it together with the resultant products of the bacteriological process.

We are not driven to that extremity. A few things are necessary to a pure milk supply. They are: Healthy cows. Good food and stabling. Sanitary surroundings. Cleanly handling.

The plan in detail is to have the cows brought to the city and placed under supervision of experts in a municipal stable for inspection. I do not mean that the cows are to be owned by the city.

The nearer the animal is to a consumer the shorter will be the lapse of time between the yielding and the consumption of the milk and the effects will be infinitely better.

EDITORIAL NOTES.

It costs \$3 for a confectioner to violate the Sunday law by selling candy in Kingston. Here the cost is \$20.

HAMILTON MILK SUPPLY.

The question of a pure milk supply is one of the importance of which the public mind is becoming properly aroused.

The Imperial Press conferees seem like so many feathers on the war scare torrent. Only a few of them appear to be able to maintain a calm reasoning attitude.

Serious as was the accident at the Soo canal, its importance is but slight compared with the grave danger to life which was narrowly averted.

Obviously many of the lurid British war scare yarns telegraphed to the Canadian public are just as silly inventions of the news fakir as the story that Canada had ordered a \$25,000,000 navy to be built in Great Britain.

The Association of Baptist Churches deplores the prevalence of intemperance and race-track gambling. Probably, however, a few stiff fines, and a few

exemplary jail sentences would have more effect than any number of deploring resolutions.

The London Free Press, which lives to glorify Adam Beck, now admits that the Hydro scheme "is not without its hazards."

The Toronto Telegram has a queer notion of the functions of the courts. It enquires of the G. T. P. and C. P. R. if these railways "expect to get much sympathy from the Supreme Court at Ottawa or the Judicial Committee of the Privy Council in England."

The Washington authorities are wrestling strenuously with the problem, "What is whiskey?" The Solicitor-General has been called in to settle the matter, and he holds that whiskey, the drug, is identical with whiskey, the beverage.

Interesting, isn't it, to hear the London Free Press, a warm Hydro advocate, warning the municipalities, Hamilton in particular, that the Hydro scheme is an undertaking "enormously great, and is not without its hazards!"

The eminent jurist of the Hamilton Herald reads so much legal romanticism into the decision of Mr. Justice Anglin which "dismissed with costs" the suit of Smith attacking the power contract with the Cataract Company that we really cannot accept without reserve his sweeping allegations as to the contract's invalidity.

Aldrich and his fellow tariff-framers of the United States contend that a protectionist country is a country of highly paid labor; yet, oddly enough, they contend, also, that protectionist Germany must be discriminated against because of the cheapness of her labor.

The people are already discovering how they were misled by the Hydro organ and touters for the scheme. There is no competition provided for. There can be none, unless the ratepayers vote a very large sum of money to build a distribution system.

J. Lookie Wilson, superintendent of agricultural and horticultural societies, is sending out to the directors of agricultural and horticultural societies a suggestion for competitions among the sons and daughters of farmers between the ages of 12 and 18.

It appears to surprise a great many people who voted for the Hydro-Electric power when they are told that a contract with the Commission cannot affect the price of house-lighting or even give the much-talked-of "competition" unless a very large sum is provided to pay for a distributing plant.

WARM DEBATE ON STIPENDS AT THE GENERAL ASSEMBLY.

Missionaries in the West Get Promises, But the Money Is Hard to Collect.

Social Reform and Evangelism Were Topics Discussed at Last Evening's Session.

The gist of the speeches which were given yesterday afternoon and evening at the General Assembly meeting, when sustentation and evangelism were discussed, may be summed up as follows:

We thank Thee, Lord, that Thou dost use such men as we are, in our many infirmities, for the establishment of Thy kingdom in the world.—Rev. John Radford's opening prayer at evening session.

Inform all missionaries at the time of their appointment as to the terms upon which they are engaged.—Overture of Calgary Presbytery.

I understood that the whole church was behind these men. Do I understand that they have not been paid?—Dr. D. McTavish, Toronto.

Are young men afraid of sacrifice?—Dr. D. G. MacQueen, Edmonton.

We must not pass flamboyant resolutions which might require 50 per cent. more money to carry out.—Dr. Bryce, Winnipeg.

There must be a different system.—Principal MacKay, Vancouver.

The overture asks for a very reasonable thing.—Dr. Scott, Montreal.

Has it come to this, that a minister's wife and family have to guarantee his support?—Rev. A. T. McIntosh, B. D. Pipestone, Man.

They did not go to the Pope and say, "We will have to give it up."—Mr. A. L. Fortune, Enderby, B. C.

Is it honest?—Rev. J. W. S. Lowry, Fitzroy Harbor.

What do you take us for? Do you expect full pay for half-time employment?—Lieut.-Col. McCrae.

One thing I have worked for first is to be paid by a worthy man.—Dr. E. D. McLaren.

The H. M. Committee has heard of the legitimate debts of worthy men. But the requests have been smothered.—Rev. J. S. Shortt, M. A. Calgary.

MORAL REFORM AN EVANGELIZATION. We live in the twentieth century of the Christian era, and flagrant wrongs find security in the laws of the land.

Dr. Pigeon, Toronto. We hold the Government responsible for refusing to say that a "bookmaker is not a gambler, if he does it on the hop-skip-and-jump."—Dr. Shearer, Toronto.

That this Assembly deplores and condemns the evils which are in our political life to-day.—Dr. Pringle's amendment.

Evangelism is the swinging out of the basic truth of our faith to the hearts of our people. It is as old as the history of our church.—Dr. C. W. Gordon, Winnipeg.

I am thankful that at the beginning of my ministry I have had this privilege of a share in the work.—Rev. D. C. MacGregor, Orillia.

It led us into close and vital touch with the men of the church.—Rev. A. G. McKinnon, Basswood, Man.

I never enjoyed such a walk as up Main street behind the "blood and fire flag," helped by the drum.—Prof. Kilpatrick.

When one sees hundreds of young men with nothing between them and their better life save the Sunday evening service and the prayers of others far away, it makes one become intensely urgent and definite in his preaching.—Rev. J. J. Wilson, Vancouver.

WEDNESDAY AFTERNOON. "We, Thy children, thank thee for the light of another day. For all the blessings in the journey of life we give Thee praise. With goodness and mercy, our way has been followed and also the history of our church. Thy past favors come as an assurance of what Thou wilt do in the coming days. Thou art the source of all our strength. To whom then shall we go but unto Thee. We thank Thee for the great privilege of being fellow laborers with Thy Son our Lord. May we have a deeper sense of our responsibility. Help us ever to look onward and upward to Thee, who had gone before us, and hasten that blessed day when the kingdoms of this world shall become the kingdoms of our Lord Jesus Christ. Amen."

Thus Dr. D. G. MacQueen, an old Hamilton boy, and the "morning star" of home missions for many a long and hard year in the district of Edmonton, led in prayer. He has during the Assembly kept silence, but his contribution yesterday in worship and debate was noteworthy.

QUESTION OF SALARIES. The afternoon was spent in a mission which no good man preaches from his own pulpit, or occupies very much of the time of the Assembly. It was the mission of the "loaves and fishes." The truth is that the Assembly had never been so seized of the facts, or got off "its Sunday-go-to-meeting clothes" to do something, however disagreeable it was. There was criticism, but not the so-called higher criticism, yet there never were more myths like ugly ghosts stalking about, the myths of a something that was supposed to be a salary, which proved to be both unhistoric and fictional.

The discussion began over an overture from the Presbytery of Calgary, which reads as follows: "To take into consideration the whole matter of guaranteeing in full the salaries of our missionaries, and to issue the same for the information of the Synod, the results of their deliberations, with reasons set forth for the conclusions reached."

Secondly.—In the meantime to take particular pains to clearly and fully inform all missionaries at the time of their appointment as to the terms upon which they are engaged.

Mr. Shortt wished to avoid retelling for the public the private affairs of many western missionaries, hence his opening address did not contain any details, but simply explained the bill, and wished the Assembly to pass a rule in the church. Mr. Peter Henderson,

appeals to the Home Mission Committee, but they, as far as we know, were only smothered.

After some slight changes, suggested by Dr. E. D. McLaren, the overture was passed.

EVENING SESSION. The audience thronged the church for the evening session. Nothing has surpassed it at this Assembly.

There was both the anger of a righteous God and the grace of a crucified Redeemer proclaimed. Because of the prominent moral and social reform is militant organization, and that of evangelism a work of peace and life.

Professor Pidgeon, late of Toronto, but now appointed a member of the staff in Westminster Hall, Vancouver, presented the report on moral and social reform. He said: "I want to speak about the materialistic basis of many of our statutes. The fish of a fishery and the cattle of a field are heavily protected by law, but the moral character of girls and boys hardly sheltered. To main cattle is punishable with 14 years in prison, but to prostitute a young life has only two years of penalty. The sentiment behind our laws is wrong. The material is safeguarded, but the moral and spiritual life wide open. It is high time that our legislators were given to understand that such an omission is taken by the public to mean either incompetence or partnership with evil."

There is a craze for technicalities. For example, it has been held that the law regarding gambling in a "room, house or office" does not apply where there is no desk or where the operator moves around from place to place in the room. The time is come when people are not going to be held up in the meshes of technicality, and righteousness go unjustified.

Here Dr. R. Campbell raised the point of order that the argument was going "far afield" because judges do not make laws, only interpret them. But Dr. Pidgeon said, "well, I have said all I wanted to speak," and the audience applauded him. "We have," he proceeded to point out, "in our country no political heroes. Our public men are not opposed to moral reform, will only move when public opinion works up such strength that they feel bound to do something. We have no Lincoln, with their deadly earnestness, but many Douglasses who dodge around and never face the question. We aim, therefore, at education and united support. The church is going to be behind the man who fights on the frontier. The business of wrongdoing will be made illegal. The compromise between the law of Canada and evil-doing is to be broken. The corrupter of morals is going to be robbed of his standing in the laws of the land."

DR. SHEARER'S ADDRESS. Dr. J. G. Shearer made a very effective speech. His voice is quite distinct and he always has something to say. He said: "Regarding the enforcement of law, it is aimed to take it away from the local to Provincial authorities. The Mounted Police of the Northwest, with their military discipline and removal from local pressure, are the ideal towards which we are moving. The subject of amusements is now very much alive. Our laws are more loose than those in the United States. It is time that the care of our Government were ringed with righteous indignation, that Canada is exposed to the riff-raff driven over the line. Although I had a year ago in my possession assurances that the law requesting race track gambling would be amended at this session, the reason of that failure is now given to be the strong opposition in certain quarters against it."

MOVED AMENDMENT. Dr. John Pringle then gave notice of the following amendment to the resolutions: "That the Assembly deplores and condemns the evils in our political life of to-day, which are rapidly lowering the moral sense of our people, urges upon its ministers and people the duty of earnestly and courageously combatting these evils by voice and vote wherever they manifest themselves, and proclaiming the truth that righteousness exalteth a nation, and sin is a reproach to any people."

ON EVANGELISM. Dr. C. W. Gordon (Ralph Connor) then introduced the subject of evangelism. This was his first appearance before the House. He is a "great Gordon," though no more like an orator than a bright rivulet resembles a snow-capped mountain. Yet there is a great charm about the man and his message. He said: "No evangelist who knows his business is doing anything if he tries to do his work without the aid of the gospel singer. There must be something to attract the attention of men. God bless the drum if it can do this. When we get the ear we can keep hold and drive the truth home."

Rev. D. C. MacGregor, Orillia, said: "The Chapman-Alexander campaign in our town has many good results. One Men are coming to me whom I have never seen before inquiring about the terms of union with the church."

Rev. A. G. McKinnon, Basswood, Man., said: "Our work in Minnesota Presbytery has quickened the church. We have made a search of the homestead-ent and drink and indifference have been cut off."

Principal Kilpatrick, of Toronto, is a face to look at. He has the breezy style of the west, and the matter-of-fact statement of a strong-headed Scot. He said: "We should not be too conservative, lest it degenerate into woodenness and be called cowardice. The Kootenay campaign went on before it began, and he made a slip equal to an Irishman. The ministers and congregations are to be praised for the preparation. Then the Catholicity of the church was most beautiful. A R. C. priest called upon us and expressed his interest and wished it success, by announcing the meetings from the altar steps. Another R. C. priest said that he had never before had so many at confessionals during the Holy week. He then read a letter endorsing the work, signed by every religious body in the Kootenay, save the R. C. Church. He gave great praise for the help of the Methodist brethren."

During the afternoon Rev. Wm. Rochester, of the Lord's Day Alliance, was nominated as superintendent of Home Missions in Alberta. He is considering the matter.

THE BUSINESS GAME

Business is a game. Those who like to play it win, but no permanent advantage can come from marked cards or loaded dice. During the past thirty five years this shoe business has been played fair, which is one reason why we continue to do such a prosperous business in the face of all opposition.

SOROSIS.—Never before during the past seven years has the demand for "Sorosis Shoes" been so great as at present—not only in Canada, but also throughout the States and Europe. We are sole agents in this city for Sorosis—and also for "Red Cross" and "Cushion Sole" Oxfords for women.

FAMILY SHOE STORE.—This being a family shoe store, where the ninety-nine cent trick is not allowed, it is difficult to mention any particular line, as our stock is complete for the whole family. We make it a rule to mark the price in plain figures on all shoes at a fair price. Therefore you are certain to get your money's worth on every purchase made in this store.

OXFORDS.—Last month we sold more Oxfords than during any May in the past six years. Why? Because we had the goods, and at prices the people were ready to pay. Duplicate orders are now being rushed through for us, so that we will not be caught short during this month in Oxfords for the whole family.

BOATING AND OUTING.—Our stock in these shoes is in good shape. They were made to our order, and the soles are of FIRST QUALITY rubber. When going away be sure and take a pair of these shoes with you; also Shoe Dressing, Laces, Trees and Rubbers. Then go and have a good time.

DR. HALE DEAD. This Distinguished Clergyman Passed Away in the Night. Boston Shocked at News—Life Just Flickered Out.

Boston, June 10.—Rev. Dr. Everett Hale died in his home in Roxbury today. News of the death of the distinguished clergyman and chaplain of the United States Senate shocked Boston to an unusual degree, because comparatively few knew that Dr. Hale was ill.

To the family of the aged man, however, it had been apparent for some time that his health was failing. In fact, for more than a month his children had been anxious. A few days ago heart weakness was noticed, and his condition became alarming. His great age, 87 years, militated against him. Yesterday, however, he was up and about his apartments. In fact, he had not been confined to his bed at any stage of his illness. He rested at the usual time last evening, but his physician had noted evidences that

led him to warn the immediate members of the family that the end was not far off. On this account he was not left alone. As the night passed Dr. Hale constantly became weaker, until the end came about 3 o'clock this morning. Grouped about Dr. Hale's bedside when the last feeble flicker of life was extinguished were Mrs. Hale, his wife; Philip L. Hale, his son, who is an artist; Ellen, his daughter, and the family physician. The end came peacefully and quietly. Dr. Hale was born in this city in April, 1822.

# LORD ROBERT'S WARNING NOTE.

The Next Twenty Months May be Critical For Britain.

Signs of Times Justify Anxiety Says Mr. A. J. Balfour.

Mr. J. A. Macdonald Sick of the Loyalty Cry.

London, June 9.—(C.A.P.)—Referring to the resolution introduced at the Imperial Press Conference in favor of compulsory national service, the Chronicle says the good sense of the meeting, assisted by the excellent advice of Mr. J. Balfour and the rousing speech of Mr. J. A. Macdonald, declined to put any resolution to a vote.

The Daily News remarks that "you cannot parade even the finest enthusiasm day after day without a certain loss in its quality. If all the speakers at the Press Conference would take the expression of these things as sufficiently uttered, and then proceed with what they really have to say, the speeches would be more valuable."

The Imperial Press Conference resumed the discussion of imperial defence this morning. Mr. Arthur J. Balfour presiding. Lord Roberts and Mr. Haldane were present. A grave note was again evident in the speeches of the home statesmen.

Mr. Balfour, in opening, declared that all local defence necessarily was subordinate to imperial defence, and subordinate from the viewpoint of the particular localities themselves, and not only from the viewpoint of the empire. (Applause.)

Dealing first with the military aspect of the question, he laid down two propositions:

(1) All the forces of overseas states should be under the control of those states.

(2) They should be organized on a common basis.

Respecting the navy, he would not regard as useless any local attempt at naval defence, but anything in the nature of coastal protection should be rigidly subordinate to fleet action. (Hear, hear.) The fate of the empire would be dependent upon fleet superiority.

That superiority must be shown in home waters. "If there was to be an Armageddon, it would take place in the German Ocean, the English Channel, or perhaps the Mediterranean Sea."

Mr. Balfour continued: "Anybody who reads the signs of the times will, I think, agree with the weighty words of Lord Rosebery and Sir Edward Grey and will recognize that no man can now speak of imperial defence without some note of anxiety—not panic. There is no question of panic, but we have to look round at all gathering forces and armaments of possible foes and the strategic import of possible combinations."

Mr. Balfour next humorously remarked that the British nation was fond of saying about itself that it was not a nation, but it wished to be. In this regard, however, he looked forward, not perhaps without anxiety, but with high, cheerful courage, towards the dangers which might menace the empire.

He urged that responsibility lay upon all. (Applause.)

CANADA WILL TAKE HER SHARE.

Mr. J. S. Briery, of Montreal, who followed, assured the conference that Canada was willing to take her share in imperial defence, consistent with the maintenance of her autonomy. These two elements were not inconsistent. (Hear, hear.) He expressed pleasure at the recognition by home statesmen that overseas states must be allowed full control of their own affairs, and in answer to the question asked yesterday, if the Admiralty had ordered Canadian warships to South America, and the Canadian Government refused to send them, what would happen? he said: Well, they would not go. But it was a supposititious question. He could not imagine, if the needs of the empire demanded them, that the ships would not be sent. (Applause.)

Mr. Briery then combated the idea that Canada had been lacking in the matter of imperial defence.

Mr. Haldane, the War Secretary, addressed himself particularly to the necessity of homogeneity in the military forces of the empire, with due regard for the local needs and local control. He said the next twenty years would be critical years in the history of the empire.

SITUATION NEEDED CLOSEST ATTENTION.

Lord Roberts thought the next 20 months, and not 20 years, were the important time for the Empire. The situation demanded the closest attention of all patriotic men. The question is whether we had the spirit and foresight to maintain the Empire. The growth of the overseas States made the objects of envy to other nations. We must be prepared for common effort and common sacrifice. He desired to correct one idea prevalent overseas, namely, that preparation for defence meant the incursion of a spirit of militarism. A long soldier's life had made him a man of peace, but discipline, which made a man a competent defender of his country, equipped him best for rival duties.

Mr. Fink moved and Mr. Cohen seconded a resolution considering it essential in each self-governing dominion that systematic and universal training of the male population should be strenuously advocated.

PROTEST FROM MR. MACDONALD.

Messrs. St. Loé Strachey, of the Spectator, and Leopold Amery, of the Times, proposed an amendment to include Britain in the scope of the resolution, which produced a warm protest from Mr. J. A. Macdonald, of the Toronto Globe. He said it was a subject with which the conference had nothing to do. Let each Dominion decide what was the best for it. For Canadians to advocate what was urged upon them would hurt Imperial interests in Canada. (Hear, hear.) Canada need not say it was loyal. It offended him to hear men ask that. There was enough loyalty in Toronto alone to stock the whole Dominion. (Hear, hear.) Let them urge upon their people the importance of the militia and the importance of the fleet, the navy to be one, and the fleets to be as many as the Empire could provide. There need be no doubt, once it was made plain, that a crisis had arrived. Sir Wilfrid Laurier, French-Canadian and Roman

# TIMES PATTERNS.

A CHARMING OVER BLOUSE.

No. 8481—Ladies' Overblouse. Figured poplin in wistaria shade with trimming of velvet ribbon in darker tones was used for this design. A guimpe of net, lace or silk may be worn with it. Catholic, had declared he would stump Quebec for the defence of the Empire if necessary. In saying that he voiced the sentiment of the Dominion. (Applause.) Mr. Macdonald also hinted that some British journalists might refrain from scares.

Concluding, speaking for himself and the other Canadians, he begged that they should not be asked to vote on the resolution.

Mr. Balfour intimated that the resolution should be withdrawn, which was done with the unanimous assent of the conference.

After further discussion the adjournment was taken.

AT THE MANSION HOUSE.

The Lord Mayor to-day entertained the delegates to the Imperial Press Congress at luncheon at the Mansion House. Among those present were Lord Strathcona and the agents-general of Australia, New Zealand and the Transvaal. The Lord Mayor welcomed the delegates. Stanley Reed, of Bombay, responded on behalf of the guests, and Dr. Engelberg proposed the health of the Lord Mayor and Lady Mayores.

SERIES OF PRIVATE DINNERS.

Montreal, June 9.—A cable to the Star from London says: One of the most important features of the press gathering is the series of private dinners to meet eminent Englishmen. Last night Lord Derby, as the son of a Canadian ex-Governor, gave a banquet in honor of the bachelor delegates at Derby House. Mr. Austen Chamberlain entertained a party to meet Sir Hugh Graham and Lady Graham. Lady St. Helier entertained Mr. and Mrs. D'Hellencourt, of Quebec. Mr. Kennedy Jones, of the Daily Mail, entertained Mr. Macdonald, of Toronto, and Mr. Nichols, of Winnipeg.

HOUSE OF COMMONS LUNCHEON.

At noon yesterday the delegates proceeded to the House of Commons, where the Speaker of the House, Mr. Lowther, presided at a luncheon of literary and journalistic members of the Lords and Commons, including Lords Morley, Rosebery and Milner.

The afternoon was occupied by the Prince and Princess of Wales' garden party at Marlborough House.

PLUNGED INTO WELL.

Thomas Marshall Commits Suicide at St. Andrew's N. B.

St. Andrew's N.B., June 9.—Thos. Marshall leaped out of bed at 2 o'clock this morning, declaring he would drown himself. He ran towards the well in the shed, his wife following him. She tried to restrain him, and there was a struggle. Finding she could not dissuade him, and fearing that she would be dragged into the well, she let him go and he plunged in, head foremost, and was drowned. He had been in poor health, and it is thought his troubles had driven him crazy. A wife and child survive.

TOWN DEVASTATED.

Over Two Hundred Persons Killed in Earthquake.

Padang, Sumatra, June 9.—The town of Koroichi, 185 miles to the southeast of Padang, was devastated by an earthquake on the nights of June 3 and 4. Two hundred and thirty people were killed and many others injured. The shock was accompanied by a tidal wave which swept away the native huts like cockleshells.

Mr. W. B. Stephens, Owen Sound, was elected President of the Ontario local Fire Assurance Association.

# Are Your Children Nervous, Weak?

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are met everywhere. It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to lifelong invalidism. If any member of your family complains of headaches, of poor sleep, of loss of appetite, fear of going into dark places, give them that wonderful tonic, "Ferrozone." Strength of body and mind, hardy nerves, ability to study with comfort, all the attributes of health quickly follow the use of Ferrozone. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue forming materials. It is because we know the enormous good that Ferrozone will do, because we are sure every child and even grown folks will be permanently benefited that we urge you to give it a trial. All dealers sell Ferrozone in 50c. boxes.

# CHURCH UNION.

REV. HUGH PEDLEY'S ADDRESS AT CONGREGATIONAL MEETING.

New Plan is Presented by the Executive—The Union Decides to Apply for Incorporation.

Toronto, June 10.—The Congregational Union of Canada formally opened its third annual meeting last night in the Western Congregational Church, when the Chairman, Rev. Hugh Pedley, of the Emmanuel Church, Montreal, gave his inaugural address. Mayor Oliver conveyed the welcome of the city to the visiting delegates in a brief address. He approved strongly of the Church union idea, which he hoped would materialize in the near future. Rev. J. W. Pedley, pastor of the Western Church, gave a specific address of welcome on behalf of his church and of the Congregational body of Toronto. The speaker traced the history of the Roman Catholic Church, and showed wherein its claim to universality had not been well-founded, although it was the nearest approach to such a condition yet achieved. "But," he said, "the Catholicism rested on authority; a new one is coming which is based upon freedom. The great difficulty is found in the problem's magnitude. Yet Canada, the United States, and the British Empire, through the Congregationality, with one national consciousness, of which freedom is the measure. The first session of the Union took place in the morning, with Rev. Hugh Pedley in the chair. The report of the immigration department, read by Rev. F. J. Day, Montreal, showed that the Congregational Church does much to lighten the burdens of willing immigrants. Agents are maintained at the ports at Montreal and St. John, N. B., and all newcomers are referred to the Bond Street Church offices, under Rev. Byron H. Stauffer, pastor of that church. The Executive Committee presented a statement of the new missionary policy of the Congregational Church, making the following recommendations:—Firstly, the opening of new churches in Montreal, Toronto, Ottawa and other centres; secondly, to welcome newcomers through the Congregational immigration agencies in Montreal and St. John, N. B., and to maintain the present Swedish work; thirdly, to develop work in the west from the existing centres in Winnipeg and Vancouver, and to secure the appointment of a western superintendent in the near future. The report of the General Mission Fund, presented by Mr. C. R. Black, treasurer of the fund, showed total receipts of \$15,748.15, and a balance on hand of \$2,556.66; Shurtleff Mission Fund, receipts \$3,998.98, balance \$2,033.98; George Robertson Evangelistic Fund, receipts \$1,656.56, balance \$1,563.07. It was decided that the Union, which is the governing body of the Church in Canada, apply for incorporation. A provision, which does not affect individual churches, limits to \$500,000 the amount of property which the Union can hold. The afternoon session took the form of an open conference on Sunday schools and Young People's Societies, and H. J. Pippert, who has just returned to Hamilton from Montreal, was in charge. An informal discussion on topics of interest to schools and societies took place.

THE 'PRENTICE BOYS.

Resolution Regarding the Coronation Oath.

Belleville, June 9.—The thirty-ninth annual meeting of the Grand Lodge, Prentice Boys of Canada, concluded here this evening, after the election of officers. The annual meeting will be held in Kingston next year. To-day a committee was appointed to draft a resolution to be forwarded to the Protestant Federation of England, protesting against any change in the coronation oath. A resolution of condolence was passed to the family of the late Past Grand Chaplain McKay, Toronto. The following officers were elected: Grand Master, H. Mainprize, Toronto, (re-elected); Senior Deputy Grand Master, Harry Sellen, St. John, N. B.; Junior Deputy Grand Master, H. Dempsey, Ameliasburg; Grand Chaplain, Rev. M. Gilbert, Arden; Grand Secretary, C. O. Brickman, Belleville (re-elected); Assistant Grand Secretary, Geo. Filson, St. John; Grand Treasurer, John Quakenbush, Trenton.

SHOT THROUGH AIR.

Voice Heard a Hundred Miles by Wireless Telephone.

Toulon, June 9.—The trials of wireless telephone service between the cruiser Conde and land stations have shown satisfactory progress. The cruiser, although equipped with shorter poles than at the time of the previous experiments, was able to communicate to-day at a distance of more than 100 miles. A few days ago conversation was carried on by the wireless system at a distance of 60 miles.

ON UNION.

Montreal Conference Takes Sympathetic Attitude.

Pembroke, June 9.—The Montreal Conference concluded at noon to-day. Contrary to expectations, Dr. Workman's case did not come before the Conference in any way. The next hearing will probably be the civil action for damages, which has been instituted by Dr. Workman against the Governors of Wesley College for wrongful dismissal. This morning the Conference passed the following resolution on Church union: "That this Conference records its satisfaction with the progress of the negotiations for Church Union, and awaits with sympathetic interest the actions of the General Conference." This was accepted after two or three others had been rejected as "unsatisfactory, either as showing no undue eagerness on the part of the Methodist for the union or else being too vague.

FLUNG INTO TUB OF WATER.

Baby's Miraculous Escape on Philadelphia Railroad Track.

Philadelphia, June 9.—Bordering on the miraculous was the escape of the year-old son of Allan Mulligan of No. 2224 Cumberland street. Struck by a shunting engine at Sedgley avenue and York street, the baby was sent flying over a five-foot board fence, landing unhurt in a tub of water. There was not a mark or bruise on the infant's body. The Russian Douma has accused Dr. Dubrovnik, President of the League of Russian People, of organizing political murders.

# SOO GATES CARRIED OFF.

Four Gates of Sault Ste. Marie Canal Broken.

One Vessel Sunk, Another Ashore and Others Damaged.

Water Rushing Through the Canal—Take Long Time to Fix.

Sault Ste. Marie, Ont., June 9.—This afternoon the Canadian Soo locks were practically put out of commission by one of the worst accidents that ever happened in marine circles in the Soo or vicinity. At present the water from Lake Superior is pouring through in a torrent, and it will probably be a month before the locks are again available for marine trade. Three boats, the Assiniboia, of the C. P. R. line; the Perry G. Walker, of the Glenhurst fleet, and the Crescent City all figured in the accident. The overflow of water threatens to wash out the piers at the foot of the locks. At 2 this afternoon the Assiniboia was in the locks, bound down; she was followed by the Crescent City; all figured in the accident at the upper gate. The Walker was coming up the river, presumably to look through on an up trip. Just as the Crescent was entering the canal, and before the gates could be closed at the upper end, the Walker crashed into the lower gates, breaking them and allowing the Assiniboia and Crescent to rush down with the overflow of water.

CRASHED INTO CRESCENT.

The Assiniboia missed the Walker, barely grazing her side, but the Crescent reached her and received a hole in her side six feet square. The Walker was also considerably damaged. The Crescent and the Assiniboia proceeded to the Michigan side, where both now lie. The Assiniboia seems to have suffered minor injuries, while the Crescent is lying on the bottom. The Walker reached the centre of the river and grounded, and was later towed to the Michigan side by two tugs. Her injuries are not yet known.

THE TOWN EXCITED.

The entire town is excited this evening over the accident, and hundreds have visited the canal to look at the scene. The water is pouring through in torrents, and unless the flow is stopped at once property below the canal will suffer. When the boats came down after the accident they travelled at fifteen miles per hour through the lock, and it is a miracle that they escaped as easily as they did.

PASSENGERS ON ASSINIBOIA.

Passengers on the Assiniboia are not yet aware how closely they came to death. Had the boat turned turtle in the locks not a soul would have escaped. A movable dam at the head of the locks it being placed in position at the present time in an endeavor to have the locks repaired, but since it has not yet been tried there is some doubt as to its effectiveness. The four large gates have been swept away, and there remain only the frail emergency gates, which are not of much use, providing the dam refuses to work.

FACTS ABOUT THE SOO CANAL.

This canal has been constructed through St. Mary's Island, on the north side of the river, and the River St. Mary, and, with that river, gives communication on Canadian territory between Lakes Huron and Superior. Construction commenced, 1888. Opened for traffic, 1893. Length of canal, 3,967 feet. Number of locks, 1. Depth of water on sills (at lowest known water level), 20 feet 3 inches. Total rise or lockage, 18 feet. Breadth of canal at bottom, 141 feet 8 inches. Breadth at surface, 150 feet. In 1908, 5,297 vessels passed through the canal, with a freight tonnage of 12,750,216.

MOLTEN IRON

Carried Six Men to Death at Wheeling, W. Va.

Wheeling, W. Va., June 9.—In a horrible accident here to-night at least six men were burned to a crisp, four fatally injured and ten seriously hurt. Thirty others had narrow escapes. Shortly after 8 o'clock a "slip" occurred in one of the furnaces of the Wheeling Steel & Iron Company. A force of workmen, numbering fifty, were gathered about the furnace making ready to drill in for the 9 o'clock cast. Without a moment's warning there was a terrific roar and great masses of molten iron spurted from the furnace, sweeping down the workmen. Twenty or more were caught in the crush. Six men are known to have been caught by the hot iron, and their bodies burned to a crisp. Fourteen others were badly mutilated. Arms and legs were hurled off, and some were showered from head to foot with white-hot metal. All the men were foreigners. Frederick Zimmerman, manager of the furnace, was seriously burned in attempting to save some of the men from death. As one man was swept past him in the stream of molten iron, he reached forth and grasped the poor fellow's arm, which parted from the body, and the victim sank to a fiery death. What caused the accident has not been definitely decided. The new Provincial loan is being rapidly taken up, the largest individual purchase of bonds to date being \$100,000.

**FLIES LIKE A BIRD.**  
Young French Inventor Has New Airship.  
Paris, June 9.—The interests of French aviators have been focused of late on the doings of the young aeronaut, Herbert Latham, who has been flying at Mourmelon-Le Grand in a monoplane. Following up his performance of three days ago, when he remained in the air for one hour seven minutes and 45 seconds, M. Latham made a series of brilliant flights yesterday evening, in which his machine demonstrated considerable stability in the face of a fifteen-mile breeze. He showed also good general control and facility to change from one altitude to another. His height ranged from 15 to 30 yards. Latham's machine suggests a bird. It has two rigid wings a foot thick in the centre and tapering into flexible fins, designed to give stability. The space between the two layers of canvas is water-tight, and is calculated to insure safety should the machine fall into water.

James Conlon Finds His Son in Sandwich Jail.  
Windsor, June 9.—After fourteen years' separation, during which time he had never seen his son, James Conlon, father of Charles Conlon, or Peter Shea, yesterday visited his son in Sandwich jail. News of the trouble in which the son was implicated was broken to him when he reached the city. Conlon says he will do all in his power to free his son, who is held for shooting Harry Norris in front of the Windsor Skating Rink some weeks ago.

**BARGAINING WITH TAFT.**  
Income Tax Advocates Have Made a Proposition.  
Washington, June 9.—After a conference at the White House yesterday between President Taft and Senator Aldrich, it was stated that the Senate Finance Committee would consent to placing a two per cent. tax upon the net earnings of corporations if the supporters of the income tax amendments would accept it and withdraw their proposition. This suggestion, it is declared, came from President Taft, and was designed to prevent a split in the Republican party over the income tax feature.

**BERLIN WOMAN COMMITS SUICIDE.**  
Berlin, Ont., June 9.—Mrs. Peter Lantz, a woman about 50 years old, committed suicide this evening at her home here by cutting her throat with a razor, after having tried to cut an opening into her heart. She had for some time shown signs of insanity. No inquest will be held. She leaves a husband and five children.

CURL LEAF IN PEACHES.

Fruit Prospects Are Good In Spite of It.

The cold and wet spring has undoubtedly provided the right conditions for the appearance and rapid growth of the "curl leaf" on peach trees.

This is very far from being the case, however. Curl leaf is a fungus disease, and spraying remedies for fungus diseases are preventive and not destructive.

In order to get the full benefit of the lime and sulphur spray for curl leaf, it must be applied very early in the season before the buds have unfolded.

WENT ASHORE. Spanish Vessel With Over 500 Passengers on Board. New York, June 10.—A large steamship which ran on the bar a mile west of the Point of Woods life saving station, on Long Island, at 8 o'clock last night, was identified early to-day as the Antonio Lopez, a Spanish steamer from Genoa and Naples, for New York, with 526 passengers and a crew of 135.

Creeps of life-saving stations in the vicinity have not been able to reach the Lopez because of the high sea and the heavy mist, but it was said that the vessel was in no immediate danger.

A wrecking tug from this city reached the steamer early to-day, and passing a line to the Antonio Lopez, endeavored to pull the steamer off the beach. The sea was still running too high to make a transfer of the passengers immediate, unless a vessel near by of sufficient capacity to receive them.

The passengers are being transferred in life boats to the wrecking tugs. The sea is so heavy that no attempt will be made to bring the passengers ashore until the weather moderates.

The Lopez lay on a sand bar about 1,000 feet off shore when the wreck was discovered by Edward Baker, son of Captain Charles Baker, captain of the Point of Woods life saving station. Captain Baker was on duty, but his son took charge, and soon assembled a volunteer corps of fishermen. Several attempts were made to launch the lifeboat, but the surf was running too high on the beach and the vessel lay so far from the shore that the life savers were unable to shoot a line over her to set up the breeches buoy apparatus.

A request was forwarded to New York city for wrecking tugs, and within a few hours two of them reached the scene and passed lines to the stranded steamer. They were unable to move her, and the Lopez then hoisted signals asking that small boats be sent from shore to take off the passengers, who were frightened.

After daybreak Acting Captain Baker and his men got several surf boats launched, and the transfer of the passengers to the wrecking tugs began. Women and children were taken first, and the men followed. The rescue work proceeded rapidly.

The church was filled with delegates from all parts of the Hamilton Conference, and this appeal seemed to ruffle but little the sea of millinery, although a number of hats had been removed earlier in the service in response to several hints.

Men Lift Their Hats on All Occasions—Are Spoiling Women. (Special Despatch to the Times.) Guelph, Ont., June 10.—After comparing the life and trials of the women of China to that of ease and pleasure of the women of Canada, Rev. W. H. Crews, before the Women's Missionary Society convention at Knox Church last evening, expressed the grave fear that there was the danger of Canadian womanhood being spoiled by courtesies from the men, and in return he said when the men asked the women to take off their hats in church they got mad. A man meets a woman on the street and he takes off his hat to her, and she says, "How cold the weather. In a street car he gives his coat to her, no matter how tired he may be. Sometimes he gets thanks; sometimes not. Men take women to the skating rink or the opera and then out to supper. The bill may run high, but they do the right thing by the ladies. She lets him do it, and sometimes boasts of what he has spent on her. This goes on all the time, and when the women are asked to remove their hats in church for the benefit of the men they get mad.

Mr. Crews has been active in the anti-hat campaign in Guelph, and he spoke in all seriousness last night, he said, not only because of the danger of Canadian womanhood being spoiled, but because he had been warned that he was likely to lose what little popularity he might have in the church, should he continue in his views.

Berlin, June 9.—There was a \$100,000 fire this evening when J. Y. Shantz & Co.'s large button factory was totally destroyed. It is supposed the fire started in the drying-room, where a fanning machine was in operation all night. Night Watchman Ziehm sent in an alarm by sounding his whistle, while a passer-by raised several blocks to the nearest fire alarm box.

Mitchell, June 20.—Seaforth won the Fall Cup at the annual tournament held yesterday on the local ground. Two rinks each from Stratford, Mitchell, Seaforth and Clinton contested for the trophy. In the morning Skip Cole, Mitchell, defeated Agnew, of Clinton, 18 to 14. Burritt, Mitchell, defeated Best, Seaforth, 21 to 12. Frame, Stratford, defeated Hoover, Clinton, 22 to 12. R. S. Hays, Seaforth, defeated Dr. Gray, Stratford, 22 to 12. In the final, Hays won from Cole by 19 to 11, and Frame from Burritt, 16 to 15, and in the final, Hays defeated Frame, 18 to 17, in an extra end.

Montreal Beat Torontos Again Yesterday.

Philadelphia, June 10.—Stanley Ketchel earned the right to have the first chance at Jack Johnson, heavyweight champion, by practically stopping Jack O'Brien in the third round at the National A. C. here last night.

O'Brien entered the ring at 10:20 o'clock and received a rousing welcome. Ketchel followed a moment later and was wildly cheered. O'Brien examined the bandages on Stanley's hands and pronounced them all right.

Round 1—Ketchel began boring in with terrific swings. He reached the body with a right and shot a left for the jaw, which O'Brien blocked.

Round 2—Ketchel dashed in with a drive into the stomach. O'Brien danced away and met Ketchel's rush with left-handers in the face.

Round 3—Ketchel rushed like a tiger. He caught O'Brien on the jaw with a left, and Jack reeled into the ropes. Ketchel sailed in like a cyclone, and with punches on the neck and jaw he had the Quaker on the ropes.

Philadelphia, June 10.—Stanley Ketchel, the middleweight champion, last night defeated Jack O'Brien in the third round, thus accomplishing a feat that Jack Johnson, the heavyweight champion, failed to accomplish in six rounds some three weeks ago.

The fight was a whirlwind affair from the start to the finish. Ketchel went after O'Brien from the tap of the gong, and showed that he was determined to catch him and achieve a knockout. He devoted his attention to O'Brien body until he had drawn the latter's guard

down, and then he sent in a crashing right in the second round that scored the first knockdown.

In the second round another terrific right put O'Brien on his back for five seconds.

The third round was a desperate attempt by Ketchel to end the fight quickly. He went after the tired O'Brien in his anxiety to land a knockout.

The men both weighed less than 160 pounds.

WEDDINGS OF EARLY JUNE.

Marriage of Hugh Murray and Miss Grace Treleven To-day.

A charming home wedding was solemnized this afternoon at the residence of Rev. R. J. and Mrs. Treleven, 275 Main street east, when their only daughter, Grace, was united in marriage to Mr. Hugh Murray, a popular insurance man and a former member of the champion Tigers' Football Club. The bride was attired in a becoming empire gown of white satin with yoke and sleeves of point d'esprit and real lace and wore the regulation veil and orange blossoms. The bridesmaids, Misses Emma Price, of Aylmer, and Alice Vetter, of Toronto, were dressed alike in princess frocks of pink and blue. She was given away by her brother, Mr. Freeman F. Treleven, of Toronto. The groom was supported by Mr. Russell Treleven. The ceremony was performed by Mr. Treleven, assisted by Rev. R. Whiting, of Centenary Church, and Miss Mabel Jamieson played the wedding march. During the signing of the register Miss Alma Tallman, singing a delightful solo and music was supplied by Mr. Hewlett and Mr. Oaten. The decorations, which were very artistic, were of snowballs and lilies of the valley. The bride's travelling suit was of pearl grey with grey hat to match. After a wedding trip to New York and Washington, Mr. and Mrs. Murray will reside on Delaware avenue, and have the best wishes of their hosts for happiness.

GALLAGHER-HANNAH.

A quiet wedding took place on Wednesday afternoon of this week at 291 Locke street south, when the Rev. T. MacLachlan, B. A., of St. James' Church, united in marriage Mr. George Gallagher, of Toronto, and Miss Hannah Hannah, of Toronto. The bride was given away by her father, Mr. Roy Gallagher, and the groom was supported by Mr. Roy Gallagher. The ceremony was performed by Rev. T. MacLachlan, and the bride and groom were accompanied by their families.

GEARY-ST. JOHN.

St. Ann's Church was the scene of a pretty wedding yesterday morning, when Miss Mary St. John, only daughter of James St. John, was united in marriage to Martin Geary, Rev. Father Engert officiated, and the bridesmaid was Miss Maggie Geary, sister of the groom. Thomas St. John, brother of the bride, was best man. The bride wore a white and blue gown, with a white and blue sash, and a white and blue veil. The groom wore a dark suit. The ceremony was performed by Rev. Father Engert, and the bride and groom were accompanied by their families.

BARTH-DORRIES.

The home of Mr. and Mrs. Ferdinand Dorries, of West Ferry street, Buffalo, was the scene of a beautiful wedding at 5 o'clock yesterday afternoon. The happy couple left for Buffalo, where they were married to Mr. Henry John Barth, the Rev. C. G. Haas officiating. Pink peonies and snowballs were used throughout the house, and the fireplace in front of which the ceremony took place, was banked with ferns and smilax. LAW REFORM.

Provisions of the New Act Went Into Force To-day.

The new law known as the Law Reform Act went into force to-day, and there is no great rejoicing among the lawyers. The Act extends the jurisdiction of the County Court very considerably, and now actions for damages for injuries up to \$500 can be tried in that court. In the past \$200 was the limit for the County Court. The feature of the law that will be most pleasing to most litigants is that it is now possible for a client to make a deal with his solicitor as to costs for conducting a case—a flat price. Some of the local law firms will stick to the old custom, however, and work on the fee basis only. In many of the States across the line it has been legal for a solicitor to take a case for a stated sum—or a suit on speculation.

Food Sense.

Bread is the most used of all foods. It is therefore important that only the best be obtained. In order to secure the best bread, you must have the best flour, which is Five Roses. Bread made from it contains more gluten and more nourishment, is more easily digested than that made from ordinary brands. Ask your grocer for Five Roses. If he tries to palm off some other "just as good," ask him for "phone 38" and order a sample bag of Five Roses from Thomas Morris, sole agent, 45 Wellington street north, and you will never regret your action.

BOY WENT TO FALLS.

Walker Hendley, the sixteen-year-old lad who started out from his home, 34 Imperial street, to go fishing on Tuesday night, was heard of last night. He stopped at the house of a farmer named Smith, at Fruitland, on Tuesday night, and when he left in the morning took the road to Niagara Falls. His parents have been very anxious concerning his safety, and for a time feared that he had been drowned. The police have been unable to find him yet.

Mrs. Jawback—Do you know I came near not marrying you? Mr. Jawback—Yes, I know; but who told you about it?—Kausas City Journal.

TEA TABLE GOSSIP.

—Mr. and Mrs. W. Hawkes and Mr. A. S. Dunk will leave this evening for a trip to Europe.

—Rev. Dr. Pringle will conduct preparatory service in St. John Presbyterian Church this evening.

—Mr. W. C. Niblett and wife, and Mr. E. R. Niblett and wife left to-day for England. They will sail from Montreal.

—Mr. John Billings, of this city, has taken up his residence at Rambo Cottage, Burlington, for the summer season.

—Miss Jessie Katharine Macdonald will give a piano recital at the Conservatory of Music on Tuesday, June 15, at 8.15 p. m.

—Rev. Mr. Paulin, of St. Giles' Church, will be the speaker to-morrow (Friday) evening at Erskine Church preparatory service.

—The Cataract Power Co. has a large force of men at work extending their wires in Burlington. Line Superintendent Taylor has charge of the work.

—Mr. W. F. Brownridge, of Burlington, picked some ripe strawberries on Friday. With fine weather berries should be quite plentiful by the first of next week.

—H. Watson, formerly principal of the public school at Burlington, was drowned at Okotoks, Alta., last week. He drove into a creek to water his horses, and the rig overturned.

—Rev. Bro. W. H. Sedgwick will preach the annual sermon to the Masons in connection with the festival of St. John the Baptist, in Central Church, on Sunday, June 20, at 3 o'clock.

—E. D. Farmer, manager of the Canadian Bank of Commerce, Durban, Man., is in the East on a holiday trip, visiting his brother, T. D. J. Farmer, barrister, this city, and relatives in Ancester.

—H. Coates, 117 King street west, reported at No. 1 police station this morning that his bicycle was stolen from in front of Lee, Fraser & Randall's, 37 James street south. It was a Cleveland make.

—St. Giles' Church Men's Guild is to have a banquet to-morrow night. G. Tate Blackstock, K. C., and A. Kelly Evans will be the chief speakers, and Dr. Wickins and Geo. Allan will sing. The banquet will begin at 7.15 and the ladies will be admitted to the gallery at 8.30 to hear the speeches.

—Frank Griffin, an employee of A. A. Lees, was seized with an apoplectic fit while walking on King William street, near Hughson street, this morning, and fell to the sidewalk helpless. Willing hands assisted him to his feet, and first aid measures were used to revive him. The ambulance was called and he was taken to his home, which fortunately was just across the road.

—The steamship African Prince, just arrived in Boston from Colombo, Ceylon, carried 142,623 lbs. of tea consigned to the "Salada" Tea Company, Toronto. This quantity will be barely sufficient to supply the demand for "Salada" for ten days. When it is remembered that a pound of "Salada" will make over 200 cups of tea, and that therefore this immense shipment will yield 30,000,000 cups, it will be realized how popular "Salada" is with those who like fine tea.

OLD MUSICIAN.

Death of a Former Precentor of Knox Church.

John Neilson, an old resident of the city, passed away this morning at St. Peter's Infirmary, where he has made his home for several years past. The deceased, who was about seventy-five years of age, was born in Dumfrieshire, Scotland, and came to Canada as a young man about fifty years ago, settling in Hamilton. Shortly after this he entered the employ of Buntin, Gillies & Co., holding his position until superannuation a few years ago. Although a man of modest and retiring disposition, he was well known and highly respected among the older generation of business people. In his younger days the late Mr. Neilson was musical, and at one time occupied the position of precentor in the Knox Presbyterian Church. The funeral will be held from J. H. Robinson's undertaking rooms, John street north, on Friday, at 4.30.

TO WINNIPEG.

Mr. J. G. Glasco Accepts a Responsible Position There.

A special despatch to the Times from Winnipeg states that Mr. J. G. Glasco, of this city, has accepted the position of electrical engineer of the Winnipeg power plant, and will begin his duties on July 15. The salary is \$2,500 a year. Mr. Glasco had a tempting offer from British Columbia, as well as the Winnipeg offer, and in both it was a case of the position seeking the man.

BOY HURT.

Struck a Cartridge With a Stone With Disastrous Results.

(Special Despatch to the Times.) Kingston, Ont., June 10.—Patrick Melleville, the 19-year-old son of Patrick Melleville, Howe Island, while returning from school yesterday afternoon, found a cartridge loaded with some kind of an explosive. He struck it with a stone, and it exploded, inflicting some terrific injuries on his person. An ugly wound was made in his forehead, the tops of three fingers were blown off, and the palm of his hand was badly torn.

The Court House Committee will meet to-morrow afternoon at 4.30 to consider the report of the Joint Committee on the building of a new registry office.

Building permits were issued to-day to Stewart McPhie for a brick store and house, at the corner of Caroline and York streets, for S. J. Cline, to cost \$4,000, and to S. S. King for an addition to 320 Queen street south, for Charles Fisher, to cost \$300.

The Finance Committee this afternoon will likely reappoint Lieut.-Col. A. H. Moore as a member of the Hospital Board. Colonel Moore is the retiring governor this year.

MASONIC.

J. G. Liddell and W. M. Logan Were Endorsed.

A meeting of the Masonic Past Masters' Association of this city was held in the Masonic Hall last evening to discuss Grand Lodge business. A deputation was present from Brantford. Doric Lodge, of that city, celebrates its semi-centennial this year, and the members think they should have a representative on the Board of General Purposes in honor of the event. They have nominated R. W. Bro. J. G. Liddell, and asked the Hamilton Association to endorse him. This the meeting agreed to do. The candidature of W. Bro. W. M. Logan for the office of District Deputy Grand Master was also unanimously endorsed.

TIE THAT BINDS.

English Tongue the Strongest Imperial Bond.

London, June 10.—The Imperial Press Conference has brought its business sessions to a temporary close and the delegates will spend the next fortnight in sightseeing. They will be present, among other things, at the naval review at Spithead next Saturday, in which 140 warships will take part. The conference will reassemble on June 25th to receive the report of the committee. The closing session this morning was devoted to literature of journalism. John Morley, who presided, turned from the militarism that has marked the previous meetings and put forth the claim that the English tongue was a stronger and more enduring bond of imperial union than anything else, a thousand times stronger than the achievements of soldiers and sailors and the statesmen who had directed them.

GREAT FUNERAL.

Burial of Paris' Wealthiest Department Store Owner.

Paris, June 10.—Not for several years has Paris witnessed such a spectacle of people and magnificence as was seen to-day at the funeral of H. A. Chaucaud, of the Church of the Madeleine. M. Chaucaud was the proprietor of the Magazins du Louvre, the well-known department store, near the Palais Royal, and died June 4th, leaving a vast fortune. Since the death of the merchant prince his various legacies and his funeral have been almost the sole topic of conversation in the French capital. The church was besieged and it is estimated that considerably more than half a million people crowded the streets along which the funeral procession was to take its way.

While some of M. Chaucaud's friends brought about the suppression of the gorgeous Louis XV. cavalcade that was planned by the deceased, the obsequies were carried out on a truly royal scale. The more good a man could get out of going to church the more he'd rather rest of the family went and got it.—New York Press.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-Weekly Times. 50c first insertion; 25c for each subsequent insertion.
