FEDERAL EXPRESS PLUNGES INTO VIADUCT THROUGH OPEN SWITCH

Over Score Killed and Many Injured in Terrible Wreck.

ON NEW YORK, NEW HAVEN & HARTFORD

St. Louis Baseball Team Occupied Last Coach and Escaped.

Bridgeport, Conn., July 11—Many lives, probably a score, were crushed out in an instant, and probably three times as many frightfully hurt, when early today the Federal Express, running from Washington, D.C., to Boston, over the New York, New Haven and Hartford railroad, was derailed over a viaduct here by an open switch.

The express left Hart River an hour late and was going at a high speed when the open switch, a mile and a half west of Bridgeport station, was struck. There was one tremendous crash, an instant of intense silence and screams and shrieks of the wounded.

The wreck was almost complete, five cars having gone over and only three being left on the track. The engine, twisted into junk, was 200 feet south of Fairbank street. Behind were the mail and baggage cars, while the Pullmans and coaches were in a mass in the rear.

The day coach was entirely crushed and in it the deaths were many, five bodies being removed at once. The three Pullmans were almost completely crumpled up, but appearances were that the passengers were in a measure protected by the strength of the cars.

Rescuing the Injured. With firemen, policemen and doctors working as fast as possible, the dead and injured were laid out on the lawn of Mrs. B. A. Moran, in Fairfield street. There were announcements made to the hospital. In the wreckage of the engine was found a body, thought to be the engineer who had died at his post. A baby, who was found in a car, was alive and had been another separated from his mother, Mrs. W. Y. Clemons, of New York. In another coach, Mrs. Whelan, Philadelphia, was taken out alive but her child was dead under her. Mrs. L. W. Page, Washington, D.C., who went with her maid and child, escaped with minor hurts.

Baseball Team on Board. Members of the St. Louis National baseball team, on their way to Boston, were in the last Pullman. All escaped injury. Their car stayed on the track but its sudden stop at the moment of the crash, threw everyone of the ball players out of his berth.

Without waiting to dress completely the players hurried from their car, climbed down the viaduct and spent a strenuous two hours helping the railroad men, who were surgeons at their work in the wreckage. As a matter of fact the mistake of the switching crew in the New York yards probably saved the lives of most of the players. When the team boarded the train out of Philadelphia they were in the fourth car from the engine, but when the cars were taken off the ferry after circling Manhattan Island, the switchmen accidentally put their coach at the end of the train. All of the team's baggage, including their uniforms, was lost in the wrecked baggage car.

German Steamer Founders. Hamburg, July 10.—Word has been received here that the German steamer or fishing boat rundered off the island of Jorkum, in the North Sea. Nine persons were drowned.

CANADA'S REVENUES SHOW AN INCREASE.

Ottawa, July 4.—The total revenue collected by the Dominion government for the fiscal year ending June 30, was \$22,237,640, or slightly less than three millions more than for the same period last year. These figures indicate an increase for the current fiscal year over the previous year from twelve to fourteen millions. Expenditures so far accounted for to the department of finance total \$8,928,722, which is \$102,000 in excess of last year. For the month of June alone the receipts were \$10,660,205, or just about one million dollars more than for the same month of 1910. On June 30 the total debt of the Dominion stood at \$322,241,669, a decrease of \$5,729,700 for the month.

GREAT STORM ON JAPANESE COAST

Hundreds of Lives Lost and Enormous Damage to Shipping.

Seattle, Wash. July 10.—Details of the great storm on the Japanese coast, June 20, were brought by the steamer Kinkaku, which arrived today from the Orient. Several hundreds of lives were lost and many ships destroyed. A tidal wave swept the port of Aomori, where the water rose five feet, and the Mitsui Maru was washed ashore at Nagoya, where the water demolished the breakwater, the Kanon Maru, 1200 tons, was thrown upon a pier, and 12 sailing vessels were wrecked or damaged between Yokohama and Nagoya. Along the coast of the Aichi prefecture more than 100 vessels large and small were reported as wrecked or damaged, while many lives were lost. The damage to the agricultural products was estimated at 1,000,000 yen in the Aichi prefecture alone. In the city of Nagoya, 134 buildings collapsed and 270 were damaged. Of Odawara thirty fishing vessels were blown out to sea and more than 100 fishermen perished.

GOLDEN WEDDING CELEBRATION OF MR. AND MRS. LEANDER FULTON OF CLOVER BAR

(From Tuesday's Daily)

How rare an event a golden wedding is may be judged from the fact that of fifty guests attending the celebration of the fiftieth anniversary of the marriage of Leander Fulton and Mrs. Fulton of Clover Bar, Monday, only two had been present before. How rare an event a golden wedding is may be judged from the fact that of fifty guests attending the celebration of the fiftieth anniversary of the marriage of Leander Fulton and Mrs. Fulton of Clover Bar, Monday, only two had been present before.

Address and speeches alike were of a congratulatory nature, expressing the pleasure of the guests in being the witnesses of such a rare festival and their hopes that Mr. and Mrs. Fulton might live on in ripe old age to celebrate their diamond wedding.

MODEL FARM CROPS GROWING SPLENDIDLY

Hon. Duncan Marshall and J. A. Craig are pleased with progress of crops on Dominion experimental farm.

Good progress in work on the Dominion experimental farm of the government throughout the province was reported to the Bulletin this morning by the Hon. Duncan Marshall and Superintendent Craig, who returned to the city from the south last night. Mr. Marshall also announced that approximately 100 bushels of wheat and 100 bushels of barley were reported to be in the field at the Dominion experimental farm.

Judge Noel Returns from 1500 Mile Trip up North

His Honor Held Court at Grouard, Grand Prairie and Fort Vermilion—Three Persons Sentenced—Made Record Trip Down Peace River.

(From Monday's Daily) His Honor Judge Noel and party returned to Edmonton, Sunday from the north, having completed a 1,500 mile trip through the judicial district of Athabasca. A start was made from Edmonton on May 20th. Court was held at Lesser Slave Lake, on June 8th, at Elying St. Lake, Grande Prairie, on June 19th. The members of the party besides His Honor and Judge Noel, were A. J. Waddell, clerk of the court of the Athabasca district; John Semerville, Jr., W. Blondell, of Wettington, New Zealand, and the Wellington block on Jasper ave., and Martin W. Eager, crown prosecutor. A rapid trip was made, the party being at Fort Vermilion two weeks ago and three weeks ago at Fort Smith.

Three Prisoners Sentenced. Three criminal cases were tried by His Honor Judge Noel, and convictions were made in each case. At Flying St. Grande Prairie, two settlers, Messrs. Traix and Gorman, were sentenced to two months imprisonment in the R. N. W. M. P. barracks at Grouard, for maintaining horses by shooting them. The sentences imposed were light, and in general principle as evidence went to show that the horses were mistaken for wild horses which roam the country in considerable numbers. The third criminal case came up for trial at Fort Vermilion. Here a Beaver Indian was given two years in the Alberta penitentiary for assault.

Record Trip Trip. The St. Charles boat, a small but powerful steam launch, was placed at the disposal of the party by the owner, Mr. J. H. Cross, of Grande Prairie. In this boat the party started on their record trip from Peace River Crossing to Fort Vermilion. The portage from North to Mirror Landing was in very poor shape. It took up six hours to cover 18 miles on this portage.

The Spirit River district is a very fine district, better, perhaps, than the Grande Prairie. Corresponding closely to the Spirit River, the Peace river, we found the road very bad, especially from Peace River Crossing to Grouard. The portage from North to Mirror Landing was in very poor shape. It took up six hours to cover 18 miles on this portage.

Work Horse Parade to be One of the Features

Horses, Used for Various Purposes in Edmonton and Strathcona, Will Parade on the Opening Day of the Fair—Is a Big Feature in Other Cities.

(From Monday's Daily) Plans to make the work horse parade one of the big features of the week of the Edmonton exhibition are being made by the special committee appointed by the directors at their last regular meeting. D. C. Robertson is chairman of the committee. H. Gramm, who conducted the first work horse parade in Seattle, is secretary-manager. W. D. Carscadden, of Strathcona, is the third member of the committee.

In many American cities the parade of work horses has become established as one of the most popular public shows of the year. In New York the parade is witnessed by hundreds of thousands of people who line the route of march. Temporary grand stands are erected along the street to accommodate spectators. An open air

TWELFTH TO BE QUIET IN HULL

Talk of Trouble if Orangemen Hold Parade All Nonsense.

Ottawa, July 11.—Unless the unexpected, the little trouble is likely to attend the Orange parade which takes place in Hull tomorrow (Wednesday). A view expressed by civic as well as police authorities is that everything will pass off quietly, and a section of the Ottawa press whose articles on the subject have been calculated to unnecessarily foment discord, is being generally condemned.

Members of the City Council of Hull place the whole blame on Mayor Archambault. The gentleman is a disciple of Bourassa, and one of the militant French in Hull. He is unwilling to write Dr. Sproule, Grand Master, to have the parade called off, but the reply received was only what might have been expected, namely that the order had a perfect right to parade where it pleased and proposed to do so.

The Ottawa lodges are going to Newington, but the brethren describe the whole thing as a farce. They know that the Orange men in the Ottawa and Pontiac districts are quite able to take care of themselves. The Roman Catholics declare that equally ridiculous is a story that a counter demonstration would be held, if that took place there certainly would be a clash. For the most part the people of Hull are a quiet set, nine-tenths of the men are employed at Edley's, Booth's or the Cement Company and they will be at work on Wednesday. Were they at home it would make little difference, as the ordinary French-Canadian is the non-combative type.

Like a School Fiasco. A couple of years ago all sorts of bloodshed was predicted when the Orangemen visited Buckingham, but in the end the event passed off quietly as a Sunday school picnic. This may or may not occur at Hull, but neither police nor civic authorities look for trouble, and it is understood that the Orangemen will be accompanied by a priest to counsel the faithful to stay at home and pay no attention to the celebration. At this time, there will be no general disorder.

The city commissioners have issued instructions to the health department to enforce the compulsory installation of water and sewer pipes in a by-law which requires that any residential building erected after the 1st of July must make connection with the main and install the services.

A petition on the sidewalk on the east side of First street and for the grading of the street between the Newwood Boulevard and Alberta avenue has been submitted to the commissioners. The petitioners have been made to the commissioners who are considering this work as a local improvement.

GRAIN MAN, INSURED FOR \$500,000, SUICIDES

James Pettit, President of Peavy Grain Company, Speculated With Company's Funds and Firm Goes Out of Business—Insurance Companies to Contest Coroner's Verdict

Chicago, Ill., July 10.—The Peavy Grain company, of which the late J. M. Pettit was president, announced last night that the concern had decided to suspend operations on the 15th of this month. Notes aggregating between \$1,200,000 and \$1,500,000, which Mr. Pettit is declared allotted on the credit of the grain buyers and which money he is reported to have lost in private speculations, were under consideration at the secret conference of Chicago and Evanston bankers yesterday. It is said that the company had promised the bankers that it would make good on all of the paper given by Pettit on the credit of the concern. Another revelation of the day came in the announcement that insurance companies holding policies aggregating approximately \$500,000 on Pettit's life would protest the verdict of "accidental death" returned by the coroner's jury last Sunday following the finding of the grain merchant's body in two feet of water on the shores of Lake Michigan in Highland park, a suburb of Chicago.

SUNDAY CABS IN KINGSTON

Street Railway Management Will Turn Them to Park. Kingston, July 10.—Kingston is to have Sunday cabs during the hot weather. This was decided today by Mr. H. W. Richardson, president of the street railway company, who announced that beginning next Sunday the cars would run to Lake Ontario Park from 1:30 p.m. The cars will be run only one way, as the service is not to be used for the park. Mr. Richardson stated that if the Lord's Day Alliance prosecuted the company for alleged infringement of the Lord's Day Act it would defend itself and has no fear of the result, for the company's charter gives it the right to give a daily service. The president states that the Sunday service is not to make money, but to cater to the workmen and his family. The employees of the road have all signed a document agreeing to work on Sundays. They will not be asked to work unless they desire.

To Have \$10 Harvesters' Excursion Rate From East Extended to Alberta This Year.

Extension to Alberta of the harvesters' excursion from Ontario to points in Manitoba and Saskatchewan is being sought from the railway companies by the Hon. Duncan Marshall, minister of agriculture, who returned to Edmonton Friday from Calgary, where he has been in attendance at the Calgary Exhibition.

"I am taking up with the C.P.R., C.N.R. and G.T.P. the question of rates for harvesters coming to Alberta from Ontario points. I am asking that the through rate of \$10 from the East, which is now given to men coming out to point in Manitoba and Saskatchewan, be allowed those who are coming to Alberta.

"In other years the railways have asked a rate of a cent a mile from harvesters, but I am hopeful that this year the low excursion rate will be extended to Alberta.

"We will require more harvesters this year than ever before, as the crop may be double what it was last year. Our agents at Toronto and Winnipeg, Commissioners McCutcheon and Daly, have been instructed to direct as many harvesters as possible to Alberta, and they will give a large share of their attention to this work from now on.

"Winnipeg is the most important point, as it is there that men coming out to work in the harvest, field generally make up their minds where they will go. I saw Mr. Daly on my way up from the East and had a conversation with him about sending harvesters to Alberta.

TO SELECT A PORT ON THE HUDSON BAY

Government Steamer Minto Leaves on a Surveying Expedition of the Bay—Upon Her Report Will Largely Depend Selection of Port.

Heffer, N.S., July 6.—The government steamer Minto, which has been ordered by the Dominion government to proceed on a surveying expedition of Hudson Bay, left this afternoon. Her special duty will be to determine the approaches to Fort Churchill and other proposed terminals of the Hudson Bay railway.

The Minto will be absent till the close of navigation in the bay and on her report will largely depend the selection of the point to be reached by the Hudson Bay railway which will be built under subsidies or guarantees by the Dominion government. Capt. Geo. Bartlett, an experienced Arctic navigator, and uncle of Peary's, goes as pilot.

TRY TO SAVE 500 WOMAN.

Chicago Women Make Fresh Plea on Behalf of Italian Murderess. Chicago, July 11.—Some of the most prominent women of Chicago have taken up the cause of Mrs. Angeline Napoleano, who is under sentence of death for the murder of her husband at Saint Ste Marie, Ont.

The date for the execution is set at August 19 and unless the calculations of the prison physicians are wrong August 12 will fall within two weeks after Mrs. Napoli has become a mother.

The campaign in her behalf takes the form of an appeal to every woman in Chicago, to write a letter to Sir Allen Aylesworth, Canadian Minister of Justice, urging him to grant Mrs. Napoleano a reprieve until a month or six weeks after the child is born.

TREATY RELATING TO SEALS SIGNED

Arrangements are Made for the Apportionment of Seal Herds

Washington, D.C., July 7.—The final signatures were affixed to the treaty for the protection of seal life shortly before noon at the state department and the convention will be submitted immediately to the senate.

JAPANESE CRUISE IS DOOMED TO FAILURE

Enthusiasm of Count Okuma Over Achievement of Lieut. Shirase in Antarctic Expedition is Not Shared by Many

New York, July 6.—Count Okuma is jubilant, without apparently very sufficient cause, over the achievement of Lieutenant Shirase in his Antarctic expedition.

The auxiliary society which is backing up the expedition here has already borrowed 17,000 yen (\$3,500) and forwarded the same to Shirase.

Not all the Japanese newspapers join in Count Okuma's enthusiasm. While at the outset there was a general determination to make Shirase's expedition a popular hero, it is now pointed out by leading journals that from the inception of this much heralded expedition it was doomed to failure because of the paucity of equipment and the equal paucity of experience of those concerned.

It is now admitted by some of those who have contributed to the support of the enterprise that not only is the Kainan Maru unfit for the Arctic seas, but those forming the expedition had practically no equipment for the undertaking save enthusiasm.

In one of his telegrams Lieut. Shirase speaks of the death of most of his dogs "from lack of exercise." Commenting on this, a leading newspaper says: "Lack of exercise does not kill dogs. What has killed them has evidently been terrible suffering and the absence of that care and attention which they might have received from more experienced men in a similar situation."

The woful lack of proper equipment was at the time of the organization of the expedition pointed out by foreigners having knowledge of conditions, but these words of warning were regarded as only unfriendly and were in consequence unheeded by those who insisted upon contributing their mites to the support of what seemed to be a forlorn hope.

Meagre Details of Cruise. Meagre details of the cruise of the Kainan Maru are telegraphed to Japanese papers by their Sydney correspondents, and are singularly deficient in features of human interest.

SOME FALLACIES OF PROTECTION

Manufacturer in Congress Lifts Lid—Cheap Labor is Dearest.

Washington, July 6.—Congressman Redfield, of Brooklyn, delivered a remarkable speech in the House of Representatives a few days ago, in which as a manufacturer himself, he pointed out some of the fallacies of the protective tariff system.

ACCIDENTS MAR AUTO RACE. One Man Fatally Injured, One Car Smashed to Matchwood.

Bakersfield, Cal., July 6.—One man probably fatally hurt, another injured, one car smashed against a tree and another burst, marked the running of the light car event in the Bakersfield road races here today.

WEEKS' BARRAGE CLEARINGS

Return from the Canadian Cities show big increases. Toronto, Ont., July 6.—The following are the clearing figures for the week ending July 6, 1911, as compared with those of the week ending July 6, 1910.

Table with columns for City, 1911, and 1910. Rows include Montreal, Winnipeg, Vancouver, Calgary, Quebec, Regina, Hamilton, Edmonton, London, and Brandon.

WHOLESALE FIRM ASSIGNS. Winnipeg, July 9.—Dunn Brothers, a firm of wholesalers in contractors supplies well known throughout the west, has assigned. The assets and liabilities are not at present known.

FEVER BRINGS MIND BACK. Benjamin Leeds, Who Had Forgotten Past, is Now Recovering.

Atlantic City, N.J., July 11.—The case of Benjamin Leeds may become famous among psychologists. It would seem that of a sudden Leeds' brain, apparently normal, became blank, and he forgot his identity; he forgot his wife and children, of whom he had always taken care; he forgot the past.

Then, after six years, Leeds fell ill in Cleveland and fever stimulated his dormant mind. In his delirium he remembered dimly, and muttered words that gave to the surgeons a clue that will restore him to his family.

Right in your busiest season when you have the least time to spare you need a shoe that is certain to last. Remedy at hand and take a dose of the first appearance of a disease. For Sale by Druggists everywhere.

CASTRO IS NOW A FULL FLEDGED PIRATE

Several Cruisers are on the Lookout For the Former President of Venezuela—Is Dealing With Pirates in the Venezuela.

Castro, the exiled president of Venezuela, announced his intention a short while ago of landing in force in Venezuela and calling upon his countrymen to assist him in overthrowing the government.

HULL ORANGEMEN ARE DETERMINED

They Will Carry Out Their Parade on July 12th Despite Predictions of Trouble—Authorities are Hopeful That No Rowdiness Will Occur.

Ottawa, July 9.—Hull Orangemen despite predictions of trouble are determined to demonstrate their rights to parade in that city on July 12.

AMERICA IS INTERESTED. New York, July 7.—The Standard calls attention to the fact that America as well as European countries is interested in the African question.

BUYERS BIG TRACT OF ALBERTA LAND

Winnipeg, July 10.—J. J. McLeod of Spokane today purchased a tract of 14,000 acres of farm land for a quarter million dollars.

Each grate bar has three sides-long wear

When only one side of a grate bar is continually next to the fire all the life of the grate bar is thus naturally just one-third as long as when the wear is distributed on three sides.

That explains why Sunshine grates have three lives. Each of the four grate bars has three sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates is greatly prolonged.

When desired, the heavy bull dog teeth on the grates will seize hold of clinkers, grind them up, and drop the particles into the ash-pan.

Buy the Sunshine—the durable, convenient, economical furnace, guaranteed by largest furnace makers in British Empire.

McClary's Sunshine Furnace.

Sold by WARNER & JENKINSON AND A. LEE & CO.

Stage Line Edson to Grand Prairie Now Running.

Weekly trips are now being made between these two points. For all information as to Homesteads in Grand Prairie and Peace River Districts address Head Office:

Edson and Grand Prairie Transportation Co. 324 Jasper Avenue E., Edmonton.

CASTRO IS NOW A FULL FLEDGED PIRATE

Several Cruisers are on the Lookout For the Former President of Venezuela—Is Dealing With Pirates in the Venezuela.

Castro, the exiled president of Venezuela, announced his intention a short while ago of landing in force in Venezuela and calling upon his countrymen to assist him in overthrowing the government.

HULL ORANGEMEN ARE DETERMINED

They Will Carry Out Their Parade on July 12th Despite Predictions of Trouble—Authorities are Hopeful That No Rowdiness Will Occur.

Ottawa, July 9.—Hull Orangemen despite predictions of trouble are determined to demonstrate their rights to parade in that city on July 12.

AMERICA IS INTERESTED. New York, July 7.—The Standard calls attention to the fact that America as well as European countries is interested in the African question.

BUYERS BIG TRACT OF ALBERTA LAND

Winnipeg, July 10.—J. J. McLeod of Spokane today purchased a tract of 14,000 acres of farm land for a quarter million dollars.

Each grate bar has three sides-long wear

When only one side of a grate bar is continually next to the fire all the life of the grate bar is thus naturally just one-third as long as when the wear is distributed on three sides.

That explains why Sunshine grates have three lives. Each of the four grate bars has three sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates is greatly prolonged.

When desired, the heavy bull dog teeth on the grates will seize hold of clinkers, grind them up, and drop the particles into the ash-pan.

Buy the Sunshine—the durable, convenient, economical furnace, guaranteed by largest furnace makers in British Empire.

McClary's Sunshine Furnace.

Sold by WARNER & JENKINSON AND A. LEE & CO.

ATHABASCA LAKE

The photo of the boat which was intended to be blown up by celebrating here did not meet the committee in charge that took on Sunday evening. The boat was in a bad state. Rain only for several days. The boat was in a bad state. Rain only for several days. The boat was in a bad state. Rain only for several days.

HONOR SHOWN TO CHAMBERLAIN

Birthday of Veteran English Statesman is the Occasion for Many Congratulations—Birmingham University President Pays Tribute.

DEATHS FROM HEAT

Toronto Has a Day of Oppressive Humidity Followed by Terrible Wind Storm.

SHOT MAN; TOOK GIRL AWAY

New York, July 11.—Five young men, believed to have been members of a notorious west side gang, jumped from a taxi cab in Central Park last night, ran through shrubbery to a bench, shot a young man there and carried off the young woman with them.

FEVER BRINGS MIND BACK

Atlantic City, N.J., July 11.—The case of Benjamin Leeds may become famous among psychologists. It would seem that of a sudden Leeds' brain, apparently normal, became blank, and he forgot his identity; he forgot his wife and children, of whom he had always taken care; he forgot the past.

WHOLESALE FIRM ASSIGNS

Winnipeg, July 9.—Dunn Brothers, a firm of wholesalers in contractors supplies well known throughout the west, has assigned. The assets and liabilities are not at present known.

ACCIDENTS MAR AUTO RACE

Bakersfield, Cal., July 6.—One man probably fatally hurt, another injured, one car smashed against a tree and another burst, marked the running of the light car event in the Bakersfield road races here today.

TREATY RELATING TO SEALS SIGNED

Washington, D.C., July 7.—The final signatures were affixed to the treaty for the protection of seal life shortly before noon at the state department and the convention will be submitted immediately to the senate.

JAPANESE CRUISE IS DOOMED TO FAILURE

New York, July 6.—Count Okuma is jubilant, without apparently very sufficient cause, over the achievement of Lieutenant Shirase in his Antarctic expedition.

SOME FALLACIES OF PROTECTION

Washington, July 6.—Congressman Redfield, of Brooklyn, delivered a remarkable speech in the House of Representatives a few days ago, in which as a manufacturer himself, he pointed out some of the fallacies of the protective tariff system.

CASTRO IS NOW A FULL FLEDGED PIRATE

Castro, the exiled president of Venezuela, announced his intention a short while ago of landing in force in Venezuela and calling upon his countrymen to assist him in overthrowing the government.

CAPITAL INVESTMENTS IN CANADA

Record of the Municipal Borrowings in London
An Article by Fred W. Field.

(From Tuesday's Daily.)
The Canadian municipalities have been heavy borrowers, as the following summary of borrowings in London from January, 1905, to April, 1911, shows—

| City | Amount |
|-------------------|-------------|
| Winnipeg, Man. | \$2,827,642 |
| Montreal, Que. | 2,527,642 |
| Vancouver, B.C. | 1,968,900 |
| Edmonton, Alta. | 802,100 |
| Calgary, Alta. | 583,200 |
| Halifax, N.S. | 879,000 |
| Westmount, Que. | 800,000 |
| Toronto, Ont. | 394,100 |
| Victoria, B.C. | 277,300 |
| Hamilton, Ont. | 204,100 |
| Saskatoon, Sask. | 318,000 |
| Port Arthur, Ont. | 407,821 |
| Ottawa, Ont. | 188,600 |
| St. John, N.B. | 215,000 |
| Port Arthur, Ont. | 119,700 |
| Sharnbrook, Que. | 102,000 |
| Moose Jaw, Sask. | 161,800 |

These short-comings which heretofore have not reacted considerably upon Canadian municipal credit, this may not always be so. On the other hand, it is only fair to note that the chartered banks and "bond houses" usually the sponsors of these public capital issues, have invariably acted as a valuable influence to the municipalities to secure the best possible terms for their credit. It is, therefore, not surprising that the municipalities in London have obtained 112,626,362. This is more than 4,000,000 in excess of the provincial government's total loans in the six years' period. Winnipeg and Montreal have been the most frequent visitors to the overseas market and have obtained the largest aggregate sums. Vancouver loans were not far short of 2,000,000, while Edmonton and Mississauga obtained a little less than 1,000,000 each. The loans of Mississauga and Westmount together amount to 314,700, 000 should be added to those of Montreal, as they are now suburbs of that city. This gives Montreal a total of 2,827,642, placing that city at the head of the list. It is interesting to examine these borrowings in the various provinces as in the following table—

| Province | Amount |
|------------------|-----------|
| Quebec | 4,413,121 |
| Manitoba | 2,827,642 |
| British Columbia | 2,246,200 |
| Alberta | 1,385,300 |
| Ontario | 1,030,800 |
| New Brunswick | 608,200 |
| Saskatchewan | 118,000 |

| Province | Amount |
|------------------|-----------|
| Quebec | 4,413,121 |
| Manitoba | 2,827,642 |
| British Columbia | 2,246,200 |
| Alberta | 1,385,300 |
| Ontario | 1,030,800 |
| New Brunswick | 608,200 |
| Saskatchewan | 118,000 |

These short-comings which heretofore have not reacted considerably upon Canadian municipal credit, this may not always be so. On the other hand, it is only fair to note that the chartered banks and "bond houses" usually the sponsors of these public capital issues, have invariably acted as a valuable influence to the municipalities to secure the best possible terms for their credit. It is, therefore, not surprising that the municipalities in London have obtained 112,626,362. This gives Montreal a total of 2,827,642, placing that city at the head of the list. It is interesting to examine these borrowings in the various provinces as in the following table—

Great Britain of municipal securities, demand is large. Banks, insurance companies and numerous other financial institutions are heavy investors in the Dominion's municipalities. The strength of the market is well proved by the fact that despite the recent tendency to see a higher yield on capital, municipal offerings are comparatively small, return and good security have attracted more attention during the latter part of the six years' period than during the former part.

These short-comings which heretofore have not reacted considerably upon Canadian municipal credit, this may not always be so. On the other hand, it is only fair to note that the chartered banks and "bond houses" usually the sponsors of these public capital issues, have invariably acted as a valuable influence to the municipalities to secure the best possible terms for their credit. Strong Syndicate Formed to Develop Suburban Business North of Mount Royal, in Order to Procure Business for New C.N.R. Line.

Montreal, July 11.—It is announced that the Deaton-Shaw syndicate, which recently swooped down on Montreal and which has been buying hundreds of acres of land and expending hundreds of thousands of dollars to the north of Mount Royal...

J. W. GATES MAY DIE BEFORE SON ARRIVES

American Financier Has Kidney and Liver as Well as Throat Troubles; Backed Pearson Crown-vent to See Lord Cowdray About Canadian Schemes in Mexico.

Paris, July 11.—The condition of John W. Gates, the American financier, is extremely serious. He passed yesterday in a comatose condition and it seems likely now that his son, Charles, who is in the hospital at Meurthe, hurrying to snare, will not reach Paris in time to find him alive.

A GREAT CONCLAVE OF MYSTIC SHRINERS

Thousands of This Branch of the Masonic Order Foregather at Rochester—Three Temples Send Camels With Delegates—Bassages From Winnipeg

Rochester, N.Y., July 10.—Thousands of Mystic Shriners from all over this country and Canada are here to attend the sessions of the Imperial circle which open tomorrow. Tonight the streets are brilliantly illuminated in honor of the visitors.

GOVERNMENT SHAMED BY PRESS AND PUBLIC

French Administration Driven on to Tardy and Niggardly Reward of Heroism—Public More Generous Than Government Was Disposed to Be.

Paris, July 11.—The telling of the story of the woman, Mme. Matelot, wife of a lighthouse keeper, who with her two young children kept the lights burning while her husband lay dying and in a room beneath, has shamed the French government to action. The widow is to have a small pension, has received an official gift of \$30, and is to remain keeper of the lighthouse at Belle Isle in place of her husband.

HOUSE MECHANISM. He was unable to explain to his wife, ere he died, how to make the light revolve, and as he lay at the point of death she sent up her two oldest boys to keep the light turning by hand.

SAVED FROM DEATH IN LAKE WINNIPEG STORM

Seven Women and Children Caught in a Squall—Sailing Boat Which Went to Rescue Was Heavily Damaged and Blown Out to Sea.

Gimli, Man., July 10.—Two miles from land and drifting in a rudderless, careless, open boat before one of the worst squalls Lake Winnipeg has experienced this year, seven women and children were espied at noon today by residents and summer visitors, who from house windows and camp doors were watching the storm.

The terrific wind gave the sailing yacht a hard time and the launch and the rowboat reached the derelict and its frantic occupants first. The launch took off the ladies of the party and the rowboat took the children, and both boats made for the shore.

MILLIONAIRE'S SIDE OF CASE

Hotelman Tells of Shooting for Which Young Women are Under Arrest.

New York, July 11.—The testimony of W. E. D. Stokes, the millionaire hotelman, was still unfinished when court convened today for further examination of the charge that an attempt to murder Stokes was made a month ago by Miss Lillian Graham and Miss Ethel Conrad.

NOT BEATEN TO DEATH

Report of a Murder at Arthur Was Much Exaggerated.

Fergus, Ont., July 11.—The story going the rounds that an umbrella man by the name of McCosh was beaten to death by a dog and some of the wags of the village got it from him. This enraged him that a fight ensued in which the umbrella man was beaten. An information was laid and the case was settled out of court.

CHOLERA IN SOUTHERN ITALY

Vienna, July 11.—Vienna correspondents in Rome have notified their home offices that they have been warned that they will be expelled from Italy if they send despatches about the existence of the dread disease.

THE FINANCIAL AND COMMERCIAL MARKETS

EDMONTON CITY MARKET

Edmonton, July 12.—A local potato famine has developed during the past few days in the city owing to the excruciating state of the roads on top of the widespread scarcity, whereas a week ago, it was next to impossible to give potatoes away, the situation has become such that few in the city have any old potatoes in stock at all.

GRAIN LOCAL MARKET

Winnipeg, July 12.—There was little change in the wheat situation today being of a very mixed character, the Chicago market opened a little weaker than yesterday's close, but strengthened towards the close.

ELEVATOR PRICES FOR WHEAT

No. 1 Northern, bus. 76-77c No. 2 Northern, bus. 74-75c No. 3 Northern, bus. 68-70c

NEED A MILLION DOLLARS

Toronto, July 7.—A million dollars for the missionary and educational work of the church and a minimum stipend of \$1,000 for each minister in the Province of Alberta.

EDMONTON BULLETIN

On the American side Minneapolis July and September gained 7-8 each on the day's trading and December closed 1 1/2 higher. In the Chicago option market the month closed 1-30

BABY'S OWN TABLETS CURE SUMMER COMPLAINT

Baby's Own Tablets should be kept in every home where there are babies or young children. At no time of the year is baby in such danger as in summer. At the first sign of illness the Tablets should be given to the little one for summer complaints come on so quickly that unless prompt aid is at hand baby may be beyond help in a few hours.

CANADIAN SHIPPING GROWING

Ottawa, July 7.—Canadian shipping shows a gradual but steady increase as regards the number, tonnage and value of the ships. At the end of the year the number of vessels in the register books of the Dominion was 11,376, an increase of 136 vessels and 2,376 tons compared with previous years.

NOTICE

I, Archibald Brumfit, of Battenberg, will not be responsible for any debt or debts that my wife transacts after the publishing of this notice.

WANTED

DON'T TAKE OLD-TIME PHYSIC

"Fruit-a-lives" Brings Natural Results in a Natural Way.

"I am a seventy-nine-year-old man and a great believer in, and user of, 'Fruit-a-lives'."

W.M. PARSONS. OTTAWA, ONT., July 8th, 1910.

"Fruit-a-lives" is made of the juices of apples, oranges, figs and prunes. "Fruit-a-lives" acts on the human system like fresh fruit—easily and gently—yet just as effectively as the old-time pill.

"Fruit-a-lives" does not grip or irritate the intestines. It regulates the bowels and cures Constipation because "Fruit-a-lives" acts directly on the liver.

Just try "Fruit-a-lives" when you need a mild, gentle yet effective laxative and liver regulator.

See a box—6 for \$2.50—trial size, 25c. At all dealers, or from Fruit-a-lives Limited, Ottawa.

WESTWARD HO! HAS SUCCESSFUL YEAR

School Has Been Tamed to Its Utmost Capacity and Applications for Next Session Already Exceeds the Accommodation—The List of Prize-winners.

The Westward Ho! College, Edmonton, has just completed what has proved one of its most successful years. The standing of the previous years has been more than maintained.

The management looks forward to another year of success under Mr. Nightingale's supervision. In his work he has been ably assisted by Mr. C. B. Beck, D.A., and Mr. A. S. Goddard, D.A.

During the headmasters' absence in the East, the Mr. Robt. Jefferson of the city will attend to the correspondence of the College. The following is the prize list for the year.

General Proficiency—Presented by E. C. Emery, W. Sutter. Third Form—Presented by H. Hellicell, H. Emery.

management that Grand Trunk regular passenger trains be stopped at the grounds August 15-19, City Passenger Agent J. F. Philip, has agreed to have the Tolsted-Camrose and Mirror train stop at the exhibition station.

The Talbots Celebrate. Lacombe, July 7.—Six brothers including Senator Talbot held a reunion after a separation of twenty years.

MISTOOK SLEUTH FOR A BURGLAR

Tom Hall Hit Detective Harris With a Heavy Hammer.

(From Saturday's Daily.) Mistaking the detective who was watching his house by his own request for a robber, Tom Hall, a resident in Ross' flats, struck him Friday night with a heavy hammer, narrowly escaping the commission of the crime of manslaughter.

Hall appeared in the police court Saturday afternoon and was let off on suspended sentence.

Hall came to the police station early Friday, complaining that he had been broken into several times and that property had been taken. He produced a cash box, the lid of which had been pried open, and declared that money had been taken from it.

Detective Harris was given the task of watching the shack. Having spent several hours in the bush in the neighborhood of the building, which is situated in a secluded spot, he noticed shortly after ten o'clock at night that one of the windows had been opened.

Supposing that Hall was at the hospital and that therefore he could not be in the shack, Detective Harris approached the building and putting his head inside the window struck a match.

"Hall, who despite his statement that he had been in the hospital was a burglar and determined to send him either to the hospital or the jail. He had heard the detective moving on the outside and was standing quietly by the window swinging the heavy hammer.

The appearance of the detective's head on the inside of the window was a mute invitation which set his arm in motion. Fortunately his aim was not good or Detective Harris would catch no more criminals.

The next morning the hammer struck Harris on the jaw and caused no more injury than an angry gash. Needless to say the detective with his eyes closed, did not know that he had not killed the supposed robber, as he intended, made for the door and fled.

Mr. Harris, who is recovering from his injuries, is now in the hospital. He is expected to be discharged in a few days. The police are now looking for the man who struck him.

CROP CONDITIONS WERE NEVER BETTER

Light Showers and Plenty of Warm Weather Has Assured One of the Largest Crops Ever Harvested in the Morden District.

Morden, Man., July 7.—Crop conditions here are the best for many years. The weather has been very favorable than any other year. With light showers and plenty of warm weather one of the largest crops ever harvested in this point should be reaped.

About twenty-five per cent of the crop being harvested by tractors, and a still smaller per cent of damage done to the potato crop by both the potato bug and the black beetle little harm has been done.

WINNIPEG FEARS RAT PLAGUE

Winnipeg, July 7.—This city is threatened by a plague of rats, according to a report received at the provincial department of agriculture.

The report says that the rats are already numerous on the outskirts of the city and are increasing with great rapidity. For several years rats have been coming up from the south and have done much damage between here and the boundary.

DECLARES IMPERIAL UNITY HAS COLLAPSED.

Canadian Associated Press. Berlin, July 11.—The Deutsche Tages Zeitung says that the result of the Imperial Conference is the collapse of the idea of British Imperial unity.

Even as Canada disavows its old Imperial theory advocated by England during the Canadian customs war against Germany, that the British Empire is an economic entity, the British Government has done with doctrinaire obstinacy to Manchester free trade principles, with the result that old English Liberalism has not come from Jefferson, Oregon, Richard, the eldest, comes from Washington, Peter lives in Lacombe, while Henry and Thomas also live in central Alberta. An enjoyable time was spent at Mr. Day's home despite the heat and many happy reminiscences recounted.

Never Forget This! BUSINESS MEN TO HOLD EXCURSION

Equipment Secured From G.T.P. for Trip Through Central Alberta.

(From Monday's Daily.) Arrangements for an excursion of business men through Central Alberta have been completed by the Edmonton board of trade. Equipment necessary for the trip which will be of five days' duration, starting Monday, July 17th, was promised yesterday by the Grand Trunk Pacific Railway company and scheduled to be drawn up by the secretary of the board of trade.

It is estimated that there will be two sleeping cars and a dining car. There will be accommodation for 60 business men. Quite a few applications for reservations have been made already. None will be received after Wednesday. The cost of the trip is estimated at \$50 per man, exclusive of meals.

Stops of from 10 minutes to two hours will be made at the various points along the route. The purpose of the excursion is to bring Edmonton business men into closer touch with the merchants and business men of Central Alberta. By means of the special train, they will be able to see as much of the country in five days as they could in ten days by the regular train.

The business men's party will pull out of the Flax street station Monday, July 17th and run west to Edmonton during the night. It will leave for the return trip on Tuesday, July 18th, at 10 a.m., and will work east to Tofield during the day. On Monday night a run will be made to Watnigh, which point will be reached at 10 p.m. Tuesday. The train will then run back to Tofield, and then the Calgary branch of the G. T. P. to Camrose, where a stop of two hours will be made.

HOW TO DEAL WITH THE FLY NUISANCE

Dr. Whitlaw Outlines the Methods Which Should be Adopted to Effectively Prosecute Campaign Against House Fly.

(From Monday's Daily.) A vigorous campaign against the house fly will be inaugurated by the city health department in the near future. The importance of dealing with this pest in the interests of the public health was pointed out by Dr. Whitlaw in his monthly report. In order to spread a knowledge of the methods to be adopted in dealing with this pest, the following information and advice is taken in the case of Wm. Carrol, a man of weak mind, under death sentence at Sault Ste. Marie.

On Tuesday night the train will run back to Tofield, and then the Calgary branch of the G. T. P. to Camrose, where a stop of two hours will be made.

The medical health officer tenders the following information and advice to the readers of the Bulletin: House flies are now recognized as most serious carriers of the germs of certain diseases, such as typhoid, tuberculosis, infantile diarrhoea, etc. They infect themselves in filth and decaying substances and by carrying the germs they disseminate and pollute food, especially milk, with the germs of these and other diseases.

No fly is free from germs if it has access to infective material; the best method is to prevent their breeding. House flies breed in filth, in decomposing vegetable or animal matter and excrement. They breed chiefly in stable manure.

In this this should be stored in airy fly-proof chambers or bins and it should be regularly removed within six days in the case of manure. House flies breed in such decaying and fermenting matter as kitchen refuse, garbage and discarded fruit. Garbage receptacles should, therefore, be kept tightly covered.

All such refuse should be burnt or buried within a few days, but at once if possible. No refuse should be left exposed. If exposed and it cannot be disposed of at once, it should be sprinkled with chloride of lime. Flies in Houses. Windows and doors should be protected from the sick room, especially in cases of contagious disease. The faces of babies should be carefully screened with muslin. Their utensils for feeding should be protected from flies and kept absolutely clean.

Flies may be killed by means of a solution of formalin, one tablespoonful to a pint of water, exposed in saucers in the room. The burning of pyrethrum in a room is also effective. Remember that it is of little use to treat flies by means if you are breeding them by millions, and that your carelessness in this matter affects not only yourself but also your neighbors.

House flies indicate the presence of exposed breeding material (garbage, decaying vegetable matter or manure) in the neighborhood of insanitary conditions.

RED DEER'S TAX RATE FIXED AT 1/6 MILLS

Red Deer, Alta., July 8.—At the council meeting held Thursday the commissioners reported and the ratemakers very pleasantly when they presented a report and a bylaw recommending a tax rate for 1911 of 1/6 mills, divided as follows: General, 6 mills; education, 1 mill; school, 4 mills; and 5 per cent. discount for cash, which will make the net rate 1 1/2 mills.

Real estate values have been increased this year, but the assessment on improvements has been reduced 50 per cent. The council have abolished the poll tax, income tax and the assessment

WILLIAMSON-BROWN. (From Tuesday's Daily.)

At the Knox Presbyterian church, on Tuesday, July 4th, by the Rev. D. M. Salant, George H. Williamson, Secretary, M. C. A., Fort William, to Blanche Brown, of Edmonton, eldest daughter of Mr. J. C. Brown, late L. P. S. Peterborough.

THEATRE AT THE LANDING. A moving picture theatre is to be opened at Athabasca, Landing, next week. F. Coates, who will have charge of the theatre for the manager, A. Thompson, of Edmonton, was a passenger for the landing by the stage yesterday. The programme of the new theatre will be changed three times a week.

BUILDING PERMITS. Permits were issued from the building inspector's office as follows: A. Beuker, for foundation under the office of the building inspector, on Jasper, \$200. J. A. Leiby, frame house on Thirtieth street, \$3500. G. Durand, frame house on Kirkes street, \$1750.

GALICIAN'S STRANGE CONDUCT. Apparently under the delusion that he was the owner of the original building of beginning at the top, a Galician, whose name is unknown, was engaged yesterday morning on the roof of the building which is being erected on the site of the old building. He was engaged in this work in the neighbourhood of the Acme Co. building, which is being erected on the site of the old building. He was engaged in this work in the neighbourhood of the Acme Co. building, which is being erected on the site of the old building.

WOULD MAKE PARK OF STREET. The transformation of the brook bed below Grosvenor street, now used as a dumping ground, into an attractive side park and recreation area, is a project which is declared by the head of the city health department. The project is to be carried out by the city health department. The project is to be carried out by the city health department.

A RESEMBLANCE HOBBERY. Nearly a cart-load of the finest grasses grown in the Edmonton district this year were stolen Monday night from the home of a horticulturist at the corner of Peace avenue and a southerly street where they had been stored for the purpose of carrying out a meeting of the board of horticulture by J. L. Fortie, agent for the Central Alberta League of Horticulture. The loss was estimated at \$1000.

TO DISCUSS PICTURE SHOWS. That the question of closing the Sunday schools and motion picture theatres to prevent the spread of scarlet fever will be thoroughly discussed at a meeting of the board of health to be held this week is the statement made by Dr. Whitlaw.

THE MAYOR'S REPLY. "Nothing doing," was the response given by Mayor Armstrong to a communication recently received from a Montreal firm which declared that they were desirous of buying the city utilities, lock, stock, and barrel. The firm is understood to be an organization of Montreal capitalists who intend to buy the franchises in different parts of the city. Mayor Armstrong advised them that the only franchise open to them in this district was the franchise for an inter-urban railway. An answer was given from them yesterday in which they expressed surprise at the refusal of the municipal authorities to sell forth in the mayor's letter and stated that they would send one of their agents to the city in the near future. The firm's name is The Colonial Engineering Co.

COMMITTED SUICIDE. Ernest Swanson, a naturalized American who had been in Canada only three months, committed suicide by cutting his throat near the stopping place at mile 109 on the O. T. P. west of the city on June 27th. Swanson had been drinking heavily.

CLAIMS TO HAVE STRUCK OIL. In digging a well on M. McKinley's farm, south half of section 23, township 54, eleven miles north of Edmonton, E. Kebab, an experienced well digger, claims to have struck oil a depth of 27 feet in a black tenuous substance. In advising the Bulletin of his strike, he says: "It is a known fact that there are large coal deposits underlying this particular farm, and according to the indications I struck I am fully convinced of large oil deposits also. I have full knowledge of the geological structure of this sixteen years of experience in well digging in the United States and Canada."

"MYSTERIOUS" WILLARD. From the indications had from the many requests that Mr. Robert Willard had for seat reservations, the Empire theatre will see one of the largest audiences of the season on Monday evening when mysterious Willard and the "Man of Mystery Co." open their

PERMIT FOR HOTEL. (From Wednesday's Daily.)

A permit has been taken out for the erection of a \$40,000 hotel at the corner of Rice and Namay by the Northern Hotel Co. The building is to be a three-story structure 100x50 feet, of brick and reinforced concrete. Nesbitt and Miller are the contractors and R. W. Lines the architect.

BUILDING PERMITS. Permits were issued from the building inspector's office as follows: A. Beuker, for foundation under the office of the building inspector, on Jasper, \$200. J. A. Leiby, frame house on Thirtieth street, \$3500. G. Durand, frame house on Kirkes street, \$1750.

GALICIAN'S STRANGE CONDUCT. Apparently under the delusion that he was the owner of the original building of beginning at the top, a Galician, whose name is unknown, was engaged yesterday morning on the roof of the building which is being erected on the site of the old building. He was engaged in this work in the neighbourhood of the Acme Co. building, which is being erected on the site of the old building.

WOULD MAKE PARK OF STREET. The transformation of the brook bed below Grosvenor street, now used as a dumping ground, into an attractive side park and recreation area, is a project which is declared by the head of the city health department. The project is to be carried out by the city health department. The project is to be carried out by the city health department.

A RESEMBLANCE HOBBERY. Nearly a cart-load of the finest grasses grown in the Edmonton district this year were stolen Monday night from the home of a horticulturist at the corner of Peace avenue and a southerly street where they had been stored for the purpose of carrying out a meeting of the board of horticulture by J. L. Fortie, agent for the Central Alberta League of Horticulture. The loss was estimated at \$1000.

TO DISCUSS PICTURE SHOWS. That the question of closing the Sunday schools and motion picture theatres to prevent the spread of scarlet fever will be thoroughly discussed at a meeting of the board of health to be held this week is the statement made by Dr. Whitlaw.

THE MAYOR'S REPLY. "Nothing doing," was the response given by Mayor Armstrong to a communication recently received from a Montreal firm which declared that they were desirous of buying the city utilities, lock, stock, and barrel. The firm is understood to be an organization of Montreal capitalists who intend to buy the franchises in different parts of the city. Mayor Armstrong advised them that the only franchise open to them in this district was the franchise for an inter-urban railway. An answer was given from them yesterday in which they expressed surprise at the refusal of the municipal authorities to sell forth in the mayor's letter and stated that they would send one of their agents to the city in the near future. The firm's name is The Colonial Engineering Co.

COMMITTED SUICIDE. Ernest Swanson, a naturalized American who had been in Canada only three months, committed suicide by cutting his throat near the stopping place at mile 109 on the O. T. P. west of the city on June 27th. Swanson had been drinking heavily.

CLAIMS TO HAVE STRUCK OIL. In digging a well on M. McKinley's farm, south half of section 23, township 54, eleven miles north of Edmonton, E. Kebab, an experienced well digger, claims to have struck oil a depth of 27 feet in a black tenuous substance. In advising the Bulletin of his strike, he says: "It is a known fact that there are large coal deposits underlying this particular farm, and according to the indications I struck I am fully convinced of large oil deposits also. I have full knowledge of the geological structure of this sixteen years of experience in well digging in the United States and Canada."

"MYSTERIOUS" WILLARD. From the indications had from the many requests that Mr. Robert Willard had for seat reservations, the Empire theatre will see one of the largest audiences of the season on Monday evening when mysterious Willard and the "Man of Mystery Co." open their

DEBAR CHILDREN FROM SHOWS. (From Tuesday's Daily.)

Orders were issued by the board of health at a meeting held Friday in the terms of the following resolution: Resolved that inasmuch as seventy-five per cent of the cases of scarlet fever during the past month have been under sixteen years of age the board of health orders that all persons under sixteen years of age shall be debarred from attendance at the street pictures and all public gatherings until further notice.

TWO NEW CARS ARRIVE. Two new street cars arrived in the city a few days ago from the Preston Car Company's works at Stratton, Ont. bringing the total number of cars now in service to 55. Four additional cars have been shipped and two cars are under construction at the works. When the new cars arrive there will be no less than thirty cars in service. At the time of the arrival last year there were only fifteen cars in service. It will be seen, therefore, that the number of cars this year to carry the large crowds that will attend the exhibition.

THE MAYOR'S REPLY. "Nothing doing," was the response given by Mayor Armstrong to a communication recently received from a Montreal firm which declared that they were desirous of buying the city utilities, lock, stock, and barrel.
