Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

Metropolitan Toronto Library
Canadian History Department

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Metropolitan Toronto Library
Canadian History Department

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE HISTORY OF

CIRCULAR.

The Professors of the Faculty of Medicine of Trinity College present to the friends of the University, and the Medical Profession in Canada, their Circular for the ensuing year.

The course of medical instruction will be comprised in a period of six months; and commence, for the session of 1854-5, on Wednesday, the 18th of October next, and terminate in the last week of April following. The fees for attendance upon the respective classes are the same to all students, whether they are only occasional, (as regards this University) or matriculating—that is to say purpose to proceed to the degree; but it is to be observed, *that occasional students are subjected to no preliminary or matriculating examination, and are required to subscribe to no declaration or test whatever.*

The professors of the different branches are now furnished with extensive, perfect and valuable means, for the illustration of their respective subjects; having dry and wet preparations for the exhibition of tissues and organs, both in a healthy and diseased condition, the plates of Cruveillier, Carswell, Quain, Baillie, Alibert, &c. &c., serving as auxiliaries for the latter; as well as many very beautiful preparations made expressly for the purpose, with the aid of the microscope, by the Professors of Anatomy and Institutes of Medicine, for the former. There are also a cabinet of *materia medica*, and valuable botanical plates and diagrams; an extensive Chemical apparatus, and laboratory for practical chemistry; Obstetrical apparatus and machine.

In addition to these facilities, microscopical demonstrations will be made as often as required for the elucidation of the subject in hand.

There is a library connected with this department of the University, from which books may be procured by students under certain regulations.

The department of practical Anatomy will be under the immediate supervision of the Professor of Anatomy, aided by two assistant demonstrators chosen annually by examination from among the pupils.* With the arrangements entered into, it is confidently hoped that there will be an ample supply of material for this section.

The Lying-in Hospital in Richmond street, with its abundant sources of information for sufficiently advanced pupils, that is to say, for those who have already attended one course of lectures on the subject, cannot be surpassed in Canada. The pupils have the advantage of reference to the Professor of Midwifery in all cases of difficulty, and he will from time to time give practical or clinical lectures on the cases of interest in the house.

The practice of the Toronto General Hospital, obtained by payment of a sessional fee, as well as that of the House of Industry and other charitable institutions in the city, will be made available for instruction to the pupils of Trinity College.

SCHOLARSHIPS.

Two Medical Scholarships, of the annual value of £25 and £30 respectively, have lately been founded in Trinity College. Of these the Medical Faculty Scholarship of £25, will be open for competition in October next.

Candidates for this Scholarship must have passed the matriculation examination.

At the end of the first year he must pass an examination in each of the following subjects:

General Anatomy.

Practical Anatomy, with demonstrations on the body.

General and Organic Chemistry and Materia Medica.

OF DEGREES IN MEDICINE.

The University of Trinity College grants two Degrees in Medicine—that of Bachelor and Doctor. As the degree of

*There will also be a similar annual prize awarded in the class of Chemistry; the successful candidate being the Assistant in the Laboratory, for the ensuing session.

M.B. confers upon its holder the same privileges as those enjoyed by a Master of Arts, giving him a seat in convocation, &c. &c., he is required to have previously taken the oath of allegiance and supremacy, and to have subscribed the following declaration:

“I, A. B. do willingly and heartily declare that I am truly and sincerely a Member of the United Church of England and Ireland.”

No degree whatever is granted by Trinity College under different regulations.

FOR THE DEGREE OF M.B.

Candidates for this degree are required to have been engaged in their professional studies during four years; they must have kept terms in college during one year, and previously to entering, they must have passed—as is also required of Students in the other Faculties—an examination on the following subjects:

DIVINITY—SCRIPTURE HISTORY AND THE GOSPEL OF ST. LUKE, IN GREEK.

CLASSICS—PLATO, APOLOGIA SOCRATIS;—CICERO DE AMICITIA ET DE SENECTUTE;—LATIN PROSE COMPOSITION.

MATHEMATICS—ARITHMETIC.

EUCLID—BOOKS 1 & 2.

ALGEBRA ..	{	FIRST FOUR RULES,
		FRACTIONS,
		GREATEST COMMON MEASURE,
		LEAST COMMON MULTIPLE,
		INVOLUTION AND EVOLUTION,
	}	SIMPLE EQUATIONS.

N. B. Particular attention will be paid to grammatical accuracy. The whole examination will be conducted on paper. While residing in College, during the first year, they must pass the examinations prescribed for Students in Arts, and further, they must attend in the Medical Department the courses of lectures on Chemistry and *Materia Medica*. At the expiration of the fourth year of study, dating from the time of entering to the lectures on Chemistry and *Materia Medica*, provided that they shall then be of the age of 21 years, and shall have passed, to the satisfaction of the Medical Faculty, the two examinations in Medicine, as prescribed below, they shall obtain from the University a license “*ad practicandum* in Medicina,” which shall be exchanged, after the expiration of two years more, for the degree of Bachelor of Medicine, without further examination or expense.

OF THE EXAMINATIONS.

The first examination shall commence on the second Monday in April, and be conducted by printed papers and *viva voce*, on the following subjects :

ANATOMY.
PHYSIOLOGY.
CHEMISTRY.
MATERIA MEDICA AND PHARMACY.
BOTANY.

No candidate will be admitted to this examination, unless he furnish proof by certificates—

1. Of his having completed the third year of his medical study.

2. Of having passed the examinations required of Students in Arts, as already specified, and the "Previous Examination," or of having passed an examination or taken a degree in arts in some other University recognized by Trinity College.

3. Of having attended, either in this University or some other recognized by it, one course of lectures on each of the following subjects :

GENERAL ANATOMY AND PHYSIOLOGY.
DESCRIPTIVE AND SURGICAL ANATOMY.
PATHOLOGICAL ANATOMY.
CHEMISTRY.
PRACTICAL CHEMISTRY.
MATERIA MEDICA AND PHARMACY.
BOTANY.
PRACTICE OF MEDICINE.
SURGERY.
MIDWIFERY.
MEDICAL JURISPRUDENCE.

4. Of having dissected during nine months.

The fee for this examination shall be £3; to be paid to the Dean of the Medical Faculty on the first day of examination. The certificates are to be transmitted to him fourteen days prior to that day.

The second examination shall take place on the first Monday in November, or the second Monday in April. It shall be conducted by printed papers and *viva voce*, at the discretion of the examiners, on the following subjects :

INSTITUTES OF MEDICINE.
SURGERY.
MEDICINE.
MIDWIFERY AND
MEDICAL JURISPRUDENCE.

No candidate shall be admitted to this examination until after the completion of his full Medical course of four years, and unless he presents certificates :

1. Of having passed the first examination.
2. Of having subsequently to that period attended a second course of lectures on each of the subjects named for the first examination, including those on which he has been already examined, as well as those on which he was not so examined.
3. Of having, subsequently to his first examination, dissected during six months.
4. Of having attended the practice of a lying-in Hospital for six months, and conducted several labours, &c.
5. Of having attended the Medical and Surgical practice of a recognized Hospital during eighteen months.
6. Candidates, at their second examination, may be examined in anatomy by demonstration on the body.

The certificates, as in the former case, are to be transmitted to the Dean of the Medical Faculty, fourteen days before the day of examination. An additional fee of £3 is to be paid on the first day of examination.

OF THE DEGREE OF M.D.

The examination for the degree of M.D. shall take place once in each year, and commence on the second Monday in April.

No candidate shall be admitted to this examination, unless he shall have produced certificates to the following effect; viz :

1. Of having taken the degree of M.B. in this University or some other, the degrees of which are recognized by Trinity College; or unless he be a Licentiate of the Royal Colleges of Physicians of England, Scotland or Ireland; or a Licentiate of the Royal Colleges of Surgeons of England, Scotland or Ireland.

3. Of having been engaged in actual practice, or of having attended the practice of an Hospital (Medical and Surgical) for at least two years, subsequently to having taken his first degree.

3. Of moral character, attested by two persons of respectability.

These certificates shall be transmitted to the Dean of the Medical Faculty, as provided in the case of those for the first degree.

The examination shall be by printed papers, and shall comprise the following subjects :

GENERAL PATHOLOGY-
ANIMAL CHEMISTRY.

The candidate shall also furnish a commentary on cases in Medicine, Surgery and Midwifery.

**By virtue of the Royal Charter held by this University, graduates in Medicine are entitled to their Provincial License.

SPECIAL CASES.

There are rules provided for the guidance of those Medical gentleman already in practice, and belonging to the Church of England, who being possessed of degrees from Universities recognized by Trinity College, desire to obtain an *ad eundem* in this University, or having inferior degrees from similar recognized Institutions, desire to obtain the higher grades in Trinity College. All necessary information on these matters can be had on personal application or by letter (post-paid), to the Dean of the Medical Faculty. The necessary documents must also be forwarded either to

JAMES BOVELL, M.D.

Dean of Faculty, St. George's Square; or

FRANCIS BADGLEY, M.D.

Acting Dean, 77 Bay Street, Toronto.

List of Students who attended Lectures during the session 1853.4.

Lucius S. Oille.....	St. Catharines.
Wm. Donnelly.....	Charlotteville.

PRIZE LIST.

At the close of the last session, the following gentlemen were declared prizemen:

Assistant Demonstrators, and Prosectors of Anatomy.....	}	Wm. Hillier, and Wm. Hewat.
Anatomy and Physiology.....		W. L. Herriman.
Institutes of Medicine.....		Senr.—Edwin Goodman. Junr.—John T. Mc Kenzie.
Chemistry.....		Senr.—W. L. Herriman. Junr.—W. Lambert.
Materia Medica.....		Senr.—Isaac Ryall. Junr.—W. Lambert.
Obstetrics.....		Senr.—W. L. Herriman. Junr.—E. Goodman.
Practice of Medicine.....		Senr.—W. L. Herriman. Junr.—G. N. Corbett.
Surgery.....		Senr.—W. L. Herriman. Junr.—John T. McKenzie.

DEGREE OF M.B.

FINAL EXAMINATION:—

Aug. J. Thibodo, B.A.
Wm. R. Gilmer.

FIRST EXAMINATION:—

Edwin Goodman.
Weston L. Herriman.
Isaac Ryall.
Wm. Bettridge, B.A.
Paul R. Lewis,
David E. Burdett.
John Salmon.
