HOME SEWING MACHINE.

THE
HOME SEWING MACHINE

IS PRESENTED TO THE PUBLIC AS THE MOST

Simple, Compact and Durable Shuttle Machine

IN USE.

It is Simple in Construction,
Certain in its Results,
Durable in all its Parts,

And is Adapted to a Greater Range of Work
THAN ANY OTHER MACHINE.

A great many machines have been offered to the public, a few of which possessed sufficient merit to give them a wide-spread reputation. The manufacturers of these machines have been obliged to sell them at exorbitant prices, on account of their complicated mechanical structure. It has been our study to produce a machine

SO SIMPLE AS TO BE READILY UNDERSTOOD,

and at the same time be afforded at a price within the reach of all. We claim that our object has been accomplished, and

THE UNIVERSAL FAVOR

WITH WHICH OUR MACHINE HAS BEEN RECEIVED
IS POSITIVE PROOF ON THIS POINT.

HOME SEWING MACHINE.

The Perfection of Mechanism.

FOR HEMMING, FELLING, BINDING, CORDING,
BRAIDING, SEAMING, QUILTING, TUCKING,
FRINGING, RUFFLING, HEM-STITCH-
ING, AND GATHERING.

This Unequalled Machine

USES A STRAIGHT NEEDLE,

Makes the "Lock Stitch," has a Self-Adjusting
Tension,

AND IS ADAPTED TO

Every Variety of Sewing

FOR FAMILY WEAR,

FROM THE LIGHTEST

MUSLINS TO THE HEAVIEST CLOTHS,

AND

WILL EVEN SEW LEATHER.

It is especially adapted to the wants of Tailors,
Dress-Makers, Seamstresses, Manufacturers
of Clothing, Shirts, Skirts, Corsets,
Ladies' Boots, Umbrellas, &c.

All of the working parts are hardened, or
made of the Best Quality of Steel, as may be most
desirable for the purpose intended.

HOME SEWING MACHINE.

RELYING UPON THE INTRINSIC MERITS

OF THE

HOME SEWING MACHINE.

We do not deem it necessary to insert a long list of testimonials. It is an easy matter to procure recommendations, and very often articles possessing no merit are sold to the public through this instrumentality.

We will deviate from our usual custom so far as to insert the following extract (referring to the invention of our Sewing Machine) from the "Scientific American" of August 12, 1868:—

"This invention relates to a new Shuttle Sewing Machine, and consists in so combining with each other an oscillating shuttle driver, a double cam-feed motion, and a slotted plate for moving the needle up and down, that in one machine the main advantages of many different kinds of sewing machines are contained, whereby a complete and satisfactory operation, as well as great simplicity of construction can be obtained."

It is not necessary for us to endeavor to detract from the merits of any other machine.

WE CLAIM TO SELL

The Best Family Sewing Machine

In the Market, without regard to Price, and we feel confident that whenever persons wishing to buy Sewing Machines

Give the Home Sewing Machine a Fair Trial

In competition with other machines, it will have the preference.

TORONTO, ONT.

HOME SEWING MACHINE.

OUTFIT OF A MACHINE.

Each Machine is furnished with a Hemmer and Feller, Brider, Quilter, Ruffler, extra Throat-Plate, Screw-Driver, Gauge and Screw, Shuttle, Six Bobbins, Twelve Needles, Oil Can, Bottle of Sperm Oil and a Copy of Directions, (English, German, French or Spanish.)

Price List of Attachments, &c.

TUCKERS, Each.....	\$.75
CORDER, ".....	.75
FOLD BINDERS and FOLD HEMMERS, Each.....	1.50
SHUTTLES, Each.....	1.00
BOBBINS, ".....	.05
NEEDLES, (Cloth or Leather), per Doz.....	.50
OIL—LARGE BOTTLES, per Bottle.....	.25
OIL—SMALL BOTTLES, per Bottle.....	.15
CASTERS, per Set.....	1.00

It will be observed that

We Furnish More Attachments, Free of Cost,

Than are furnished with any other machine, while our prices are much less for the same style of Attachments furnished by other Companies.

All styles of Machines are equally well made. The variation in price is solely on account of the difference in finish, extra cost of Tables, Covers, Cabinets, &c.

WARRANTEE.

Every Machine is Warranted perfect, and if a part fails from any imperfection within one year we will supply the part free of Cost.

This Warrantee does not include Needles, Shuttles, or Bobbins.
