

Rowing A.R.C. Banquet

Note and Comment

The talk of organizing a new and powerful independent Rugby Club in Toronto next autumn is kept up now in the following news. The late Gail has stated that he would cast in his lot with such an organization, viz., of ex-university players. You are all located here, and hardly yet retired from the game. There are Gail, Newton, Lawton and Poyles, and with this quartet as a nucleus, it would be an easy matter to dig up wings and a scrimmage from "Varsity" men of the past few years.

The Intercollegiate Union will transact routine business at the annual meeting this afternoon in the King Edward Hotel. Minor changes in the rules concerning the Canadian R. U. code may be discussed. The interprovincial have asked that they be given certain dates to avoid a clash. The Big Four want the season of 1911 to begin on Saturday, Oct. 9, and on that date Queens and McGill of the Intercollegiate and Argonauts and Ottawa of the interprovincial to play at home.

Forgetting that C.R.F.U. has acted as an angel to O.R.F.U. clubs at least for two years past, the smaller body is expected to defy the governing power in the matter of playing off the junior semifinals. The affiliated on equal terms with the Big Four and the interprovincial, as members of the Canadian Union, it is no Ontario circuit is not so strong as the other two, and possibly little bigger than as charged in Hamilton, viz., interprovincials. Thus, the smaller body, by an influential official, the Canadian Union may take upon itself the duty to expel the O.R.F.U. on account of recent occurrences, and then in future years there will be no semi-finals, and luscious handouts, like Farquhar's, will be thrown in by Varsity.

The Ottawa Citizen points out that the song, "We're Champions Again" was written by David V. Pheasant, an Ottawa College student in 1893, just after the celebrated victory of College over Queen's in Erockville. The author of the song, who was well known to old college students 20 years ago, became assistant professor of English in the university here after his ordination to the priesthood, returned to Nova Scotia. He was for many years editor of the Antigonish Standard. He died this year, the news of his passing away recalling to many the popularity of the great football game which took place in the history of Ottawa College is regarded as a greater than the famous Brockville battle of 1880, when College won out by a great rally in the dying moments of the big struggle. It was the farewell appearance of College in the Ontario Rugby Union, which championship had been held by the Ottawa institution for five successive years without a defeat—a record that still stands.

Charlie Querrie will attend the banquet of the National in Montreal to-night, when he will present the Solman trophy to the champion. The trophy, which is said to have cost \$1000, is probably the finest ever donated for sport in Canada. It stands nearly three feet high, on a triple mahogany base. The cup, which stands on a handsome pedestal, is of silver, and a remarkably fine piece of work it is.

Toronto may not have the rink accommodation of Ottawa and Montreal, but the players are making the most of it, as if they meant business and looked for a good season. Instead of the bluffing program that is going on by one side or the other in the east.

President McCaffrey and Prospective President Barrow leave to-night for New York to attend the annual meeting of the Eastern Baseball League in Montreal, the former to sign a new team and the latter to go thru the formality of counting the votes.

Clinton Gun Club Tournament Scores On the Final Day

CLINTON, Dec. 9.—The Clinton Gun Club tournament closed to-day with more favorable weather conditions than on the opening day, but still so cold that none but the enthusiastic would face it. The shoot was a success in every way and the visitors were warm in the praise of the club management. The shooting to-day was at targets. The principal event was the club's third annual long distance championship, which was won by the veteran and winner of many hard-fought battles at the traps, H. D. Bates of Ridgeway, with the good score of 10 out of a possible 10. He also won the high average. The scores are:

No. of targets:	20	20	20	20	20	20	20	20	20
E. S. White:	15	16	19	19	17	19	12	17	13
G. M. Dunk:	18	18	15	15	12	13	8	14	15
C. Thompson:	15	15	16	16	20	8	17	11	15
H. Wakefield:	11	16	20	20	14	16	16	17	17
H. D. Bates:	19	16	18	17	22	14	22	11	18
F. Kerr:	16	18	11	16	20	12	18	12	17
E. Hovey:	16	16	17	18	19	11	20	11	17
R. Graham:	13	17	16	18	11	11	10	13	12
O. M. Mitchell:	15	12	17	18	17	13	8	11	17
E. Canton:	14	12	14	20	11	19	11	16	16
H. C. Chapman:	15	14	13	19	11	17	10	14	6
Geo. Robins:	12	14	16	18	11	11	11	11	11
J. Trisler:	15	16	16	19	18	10	11	15	13
D. Hartlieb:	16	13	16	15	10	13	12	16	17
Geo. Robins:	11	15	12	11	7	9	10	10	13

Events 5 and 7, consisting long distance championship. Events 6, 8 and 9, were novelty matches. Events 1, 2, 3, 4, 8, 9, 10 counted for average prizes.

Rochester Yacht Club

ROCHESTER, Dec. 9.—The twenty-first annual meeting of the Rochester Yacht Club took place last evening at the Rochester Hotel Club, in the Fifth street, the election of officers being the chief item of business.

The election resulted as follows: Commodore, W. P. Pembroke; vice-commodore, George R. Newell; fleet captain, Wilson H. Cross; treasurer, W. H. Hubbard; secretary, Clute B. Nixon; measurer, C. J. Pembroke; fleet surgeon, Dr. W. F. Plumley; directors, George P. Argent, A. G. Gosselin, George J. Klock, J. Eastin and George P. Culp; delegates to I.Y.R.A., T. P. Pritchard, W. P. Pembroke and Frank T. Christy; alternates, George P. Culp, Volney E. Lacy and M. T. Daly.

Prospects for two regattas for the coming season, in which the club will probably participate, were discussed. The first is the regatta for the Fish Cup, which will be held at Toronto, and the second is a regatta which will be held under the auspices of the Rochester Club.

ARGOVS' ANNUAL DINNER INTERESTING ADDRESSES

Cap. Wilson Suggests That the Junior Crews Be Given More Races in the Autumn.

The annual dinner of the Argonaut Rowing Club was held last night in the Prince George Hotel, with an attendance which was probably the largest of any similar function in the club's history. Every department of amateur sport had a representative present, and a general feeling of goodwill and goodfellowship was everywhere apparent. The toast that was a lengthy one, the addresses being in the main a resume of the Argonauts' success during the past year, coupled with patriotic sentiments and a desire for the furtherance of British connection.

In responding to the toast of Canada and the Empire, E. E. A. DuVernet, K.C., referred to the brilliant record of the Argonaut Club, not only in Canada, but in the United States and England. In the motherland they had always been good sports, no matter whether they were victorious or vanquished. The good impression that the Canadian oarsmen made in England was, he declared, one of the most potent factors in bringing out an ever-increasing friendliness between England and her premier colony.

Professor Harry Griffith, hon. coach of the Varsity Rugby team, was present, and responded to the toast of "Our Guests." He was introduced by Henry "The Greatest Ever" and received an ovation.

Mayor Geary arrived late in the evening. His worship was delayed, according to a humorous statement by Aid. Maguire, in trying to provide street car seats for the Toronto public.

The toast list was as follows:

"The King," proposed by President G. P. Galt of the Argonaut Rowing Club. "Canada and the Empire," by Henry O'Brien, the founder of the club, and responded to by E. E. A. DuVernet, K.C. "The Club," responded to by John B. Robinson, Controller Church and Mr. Eastmuir.

"Our Guests" and "The Football Team," by Captain Wilson, Mr. Steele of Hamilton, Aid. Maguire and Professor Harry Griffith.

"It doesn't make any difference whether you win a championship or not. Play the game anyhow," said Mr. Griffith, and the good feeling of amateur sport, and that where the enjoyment of amateur sport rests.

"The Old Boys" was the first toast, and every body wanted to say a good word for the men who in past years had done so much to bring the Argonaut Rowing Club to the successful status which occupies to-day.

Among the speakers were: President G. P. Galt, Henry O'Brien, founder of the club, E. E. A. DuVernet, K.C., Mayor Geary, Controller Church, Mr. Eastmuir, Mr. Steele, of Hamilton, Aid. Maguire, "Uncle Boy" McKay and Captain Wilson. Much appreciation was expressed over Captain Wilson's recommendation that the junior crews should have more races in the fall than has been the custom heretofore. Usually the Canadian Henley in the fall is a handicap race, and Captain Wilson believes that several other races might be held afterwards to give the younger boys a chance.

Merely Eastern Hockey Rumors.

MONTREAL, Dec. 9.—Dieky Boon, the veteran hockey player, who has been on hand of trying to sign up the members of the Wanderer team, to-night denies a story that he had signed up the local afternoon papers to the effect that Riley Hern had signed a contract to play this season with the champions. He said none of the players had signed as yet, and he did not think there would be any new developments in the hockey situation for a few days. It was reported to-day that George Kennedy, the wrestling promoter and manager of the Canadian team, had succeeded in forming a combination between the National Hockey Association of the United States and the National Hockey Association of Canada, so that the players of one association could not play in the other association without the consent of the club and association to which they belonged. This would prevent the Canadian players who do not wish to play under the name of limit from playing for clubs across the line.

Hotel Kraussman, King and Church Sts. Ladies and gentlemen, the grill with music, open till 12 p.m. Imported German Beers on draught.

Far Behind Record 8 Teams Grind On Three Leaders Tied

NEW YORK, Dec. 9.—Far behind the record, eight weary teams were still grinding around Madison-square Garden to-night in the six-day bicycle race. The event will come at ten o'clock to-morrow night. At ten to-night the team stood as follows:

Miles. L.	Root-Moran	2190 1
Fogler-Hill	2190 1	
Hehr-Goulet	2190 1	
Mitten-Thomas	2190 0	
Collins-Drobach	2190 0	
Cameron-Halstead	2189 9	
West-Demara	2189 9	
Rutt-Clarke	2189 8	
Butt-Darke	2188 2	

The record for the 18th hour is 238 miles and 5 laps, made by Demara and Hill in 1908.

Every rider is beginning to show the effects of the hard season, and only constant urging on the part of the trainers and a substantial supply of stimulants keep the men on their wheels. Ever since Wednesday the contestants have dropped behind the world's record. Clarke and Rutt are in better condition than the others, and the spectators were calling out their constant y-to-night to sprint.

At midnight the 19th hour, the teams stood as follows:

Miles. L.	Root-Moran	2195 8
Fogler-Hill	2195 8	
Hehr-Goulet	2195 8	
Mitten-Thomas	2195 8	
Collins-Drobach	2195 8	
Cameron-Halstead	2195 4	
West-Demara	2195 4	
Butt-Darke	2195 2	

The record is 224 miles, made by Butt and Stol in 1908.

Peterboro Ice Races.

PETERBORO, Dec. 9.—Peterboro ice races will be held on Jan. 17 and 18. F. J. Hall is secretary.

SPORTS' PROGRAM

SOCCER.
Final Ontario championship—Varsity vs. Broadviews, Scarborough, 2:30 o'clock.
T. and D. Intermediate final—Royal Hearts vs. Pioneers, Sunlight Park, 2:15 o'clock.

RUGBY.
Annual meeting Intercollegiate Union, Kings Edward Hotel, 2 o'clock.

BASKETBALL.
London at West End Y.M.C.A., 8 o'clock.

SWIMMING.
Central Y. M. C. A. at Varsity, 8 o'clock.

Toronto Pool League.

The Toronto Inter-Club Pool and Billiard League reorganized again for the season, with the following officers:

Hon. president, P. J. Mulqueen; hon. vice-president, Chris Kiebert; president, T. H. A. Harman; vice-president, Geo. O'Donohue; secretary-treasurer, H. Short; executive committee, F. Leslie (R.C.B.C.), F. H. Harris, Geo. Castor (Laid), McDonald (St. Mary's), Geo. Castor (Laid), McDonald (St. Patrick's A. C.).

Messrs. Harman and Short were appointed a schedule committee, and will draw up the schedule on Saturday. The opening games in the league will be played next Thursday.

Basketball To-night.

The London boys are looking forward to victory when they meet the West End basketball team on Saturday night, but the local boys have been right up to the job and have no time in practicing for this struggle, as they realize that the London organization are fast and deliver a mighty good brand of basketball. The plan of seats is at the West End building, and from present appearances a large crowd will witness this great game.

The London line-up is: Forwards, Morris, Maudsley; centre, George; guards, Hamilton, Shaw.

The local Y. will be represented by their usual good team. Referee—Jas. Malcolm.

ROBERTSON'S SCOTCH WHISKY

"Private Stock" "J. R. D. Special"

At all high-class Stores and Hotels.

ACTIVITY AMONG CLUBS AND THE HOCKEY PLAYERS

Argonauts Will Have Intermediate O. H. A. Team—News and Gossip.

An intermediate O.H.A. section will undoubtedly be formed in Toronto. The Broadview hockey team, winners of both senior city championships last year, as well as the Markham tournament, will this year be playing under Argo colors. F. S. Buck, who has managed the Broadviews for the past two years, has turned out a championship team each year, who, during the past two seasons, have not suffered defeat. Collingwood critics claim the Broadviews made the best showing of any Toronto team who visited Collingwood last year, as they were defeated by only one goal in extra time, score 5 to 4. Some of the Broadview players, considering the fact that the Broadviews were vanquished in the home of the Intermediate O. H. A. champions, and that they were certainly a clear advantage over other city intermediate teams, as with the acquisition of a couple of players along with those of the champion Broadviews, it would not be surprising to see at least two O.H.A. championships, and we hope, a third, come to Toronto this season. The interests of the intermediate team will be looked after by Alf Smith, F. McNeil and F. E. Buck, together with the Argo executive.

Mansey-Harris Hockey Club.

The Mansey-Harris Company (limited) office staff held a very enthusiastic meeting last night in their office, at which it was decided to form a hockey club for the ensuing winter season. It is expected that some first-class material will be unearthed, and they are, therefore, desirous of entering some fast, aggressive league, where they may be able to do justice to the good names held by the company with which they are connected. After considering several propositions for the club, the following officers were elected:

Patrons: Messrs. Melvin-Jones, Mr. Chester D. Mansey, Mr. Thomas Findley, Mr. John H. Housser, Mr. J. Kerr, Esq., Mr. A. M. Rae, treasurer; Messrs. H. Verity, hon. president, Mr. Wm. E. Greig, Mr. John W. Russell, Mr. Chas. L. Valantine, hon. secretary, Mr. Geo. Valantine, hon. treasurer, Mr. H. H. Stewart, executive, Mr. B. Graham, Mr. J. H. Denison, Mr. R. W. Chisholm; manager and secretary, Mr. F. H. McLean.

Any league having an opening for a team of this calibre will please communicate with the secretaries, addressing all correspondence to Mansey-Harris Company (Limited), city.

Eaton's Engineers Hockey Team.

The engineers' department of the T. Eaton Company, Limited, met last night at 8 o'clock in the Blue Store League, with such men as Travis, Clarke, Gibson, Smith, Bennett, Beattie, Hogg and many others to discuss the organization of that department will set a good pace. In the course of the evening the following officers were elected:

Hon. president, G. W. Thompson; president, W. H. Smith; vice-president, J. A. Thompson; secretary, J. A. Thompson; executive, J. A. Thompson; treasurer, J. A. Thompson; secretary-treasurer, J. R. Ratson.

Hockey Gossip.

Six teams worked out at the Mutual street rink yesterday afternoon and evening. Upper Canada and St. Andrew's Colleges had a host of youngsters out in the afternoon, and put in a good hour.

The Varsity squad had the same old practice, and are improving with every practice.

The two canoe clubs were out with a mixed assortment, and all the teams need now is condition.

Bill White and Bill Williams made their first appearance of the season with the Rowing Club, and put up a good exhibition.

Andy Kyle worked out with the Parkdale squad, and looks to have lost nothing.

The practice hours to-day are as follows:

6 to 7—Simcoes.
7 to 8—T. A. A. C.
8 to 9—Argonauts.

There will be a meeting of the Toronto Hockey League on Monday evening, Dec. 12, at 8 o'clock, at Central Y.M.C.A., for the purpose of framing sections, drawing up schedules, etc. This being the oldest city league in existence, there is always great rivalry in the league, in which there are three, viz., juvenile, intermediate and senior. It is important that each club desiring to play in the Toronto Hockey League this winter must have their applications ready with the secretary by the above set date, as the number of teams signifying their intention to enter this season's schedule is considerably in excess of other seasons. Any information may be had by calling the president, Mr. T. H. Maco, Main 5773.

The All Toronto Hockey League will hold their meeting in Central Y.M.C.A. on Tuesday evening, Dec. 13, at 8 o'clock, to consider the question of a championship series of the city, in which all representatives of the different leagues of the city are cordially invited to attend.

WITHROW SCHOOL WINS SOCCER CHAMPIONSHIP

Final in Junior Series of Intermediate League—Games To-day.

There was an important soccer game decided yesterday on Varsity field, when Withrow, after two ties, defeated Varsity by one goal to nil for the championship of the junior series of the Public School Intermediate Public School League. C. Davis scored the goal in the first half after a combination run. The winning goal was scored by Withrow.

Withrow (1); Goal: G. Hallford; backs, J. Willison, C. Howgill; halves, N. McCord, A. Forest, H. Helston; forwards, C. Bailey, W. Ramsden, C. Davis, W. Smith, R. Woodcroft. Referee, Brown.

The line-up for the big soccer football final to-day at Scarborough Beach will be: Varsity: Goal, Stock; full-backs, Scott, White; half-backs, Bille, Brown, Mustard; forwards, Cameron, Lamb, Laidford, Robertson, Godwin.

Broadviews: Goal, Irwin; full-backs, F. Gilding, Roberts; half-backs, Givens, Gibbons, Maddock; forwards, Frank Gilding, George Gilding, Youngs, Chandler, Matthews.

Leader Alf Kay requests all members of the Broadview Rooters' Club to be at the Beach at 2:30 o'clock.

The Pioneer Football Club play the Royal Hearts for the Intermediate League championship to-day at Sunlight Park. The game is called for 2:15 and will be played to a finish. A fast and exciting game is expected, as both teams are out to win. All Pioneer players and supporters are requested to be on hand not later than 2 o'clock. The Pioneer team will be selected from the following players: McCorkery, Gray, Wilding, McLaughlin, Muir, Harris, Campbellton, Handing, Davey, Hutton, Wilding, Ruddick, Mortimer, Laidlow.

British United Notes. To-night a good wrestling bout will be pulled off at the B.U.A.C. rooms, 46 West King street. Waiter Baines, the York-shire boy, who has had an open challenge out to all 115-pound amateurs in America, has undertaken to throw both Scotty Mackay and W. Jacobs in one hour. Both these boys, who are members of the United, are well known to local wrestling fans, and have been in training for the bout for the past three weeks, are in the best of condition and should have no excuses to offer if they are beaten. Baines, however, who is training in private, is certainly unknown in local circles, tho his friends claim he is a whirlwind, which he will certainly need to be, as he is up against a big proposition. However, should he prove all he is claimed to be, he is liable to turn the trick and march home with the bacon. Owing to the large demand for admission to see the bout, the executive of the club has been obliged to confine admission to members only, and any others wishing to witness the three men and a dog will be obliged to be on hand at 7:30 o'clock.

Billy Turley is in hard training for his bout with Christie. He went nine fast rounds on Wednesday night with three men and is in fit condition for the tight fight.

The officers of the club are requested to attend a meeting on Sunday, at 2 p.m., for the discussion of important business.

BELFAST PASTOR FOR LONDON.

LONDON, Ont., Dec. 9.—This morning a wire was received from Rev. James H. Boyd of Belfast, Ireland, who is at the present time in Chicago, accepting the unanimous call of the Adelaide-street Baptist Church, which was tendered him during his visit to this city a few weeks ago.

WHAT'S UP WITH FLETCHER'S OUTLAW BASEBALL LEAGUE?

NEW YORK, Dec. 9.—Promoter D. A. Fletcher has not issued a third league proclamation for more than a week and among the big baseball men there is a rumor that he has hoisted the white flag. Altho Fletcher said two weeks ago that he had signed optional agreements involving 12 members of the club, Johnny Evers says the National League champions will have the services of Tinker, Schifield, Schutte, Archer, Cole, Hofman, Overall, Zimmerman and himself next summer.

The major league agents have kept tabs on Fletcher's movements and, according to their reports, the promoter has lost practically all of the star players who promised to stand by him in the promotion of an outlaw circuit.

For this reason it is said that when the big league convenes here next week no official notice of the Fletcher movement will be taken, the magnates being presumably confident that they have the situation well in hand.

BAY TREE HOTEL.

Grill Room now open. Business Men's Lunch; also ladies' dining room. Open from 8 a.m. till 8 p.m.

A Winning Drive

The "Black Cat" is winning all "matches" in the Virginia Cigarette tournament. With both gallery and players, he is now the undisputed favorite.

Black Cat Cigarettes—10 for 10 Cents

He invites you to join him in a quiet little test of merit. Here are the rules of play:

1. Light up, at the same time, a "Black Cat" and one of any other mellow brand of Virginia cigarettes.
2. Take alternate puffs from each—and notice the difference.
3. Notice the smoothness, the mellow, the fragrant aroma of the "Black Cat."
4. Notice the richness, the stinging, of the other cigarette.

The "Black Cat" plays fair—pure, selected, sun-dried tobacco—matured and mellowed by age—made in a clean, fresh air factory. Don't stay in the gallery—get into the game. Smoke a "Black Cat" today. At all good tobacconists.

THE O'KEEFE BREWERY CO., LIMITED, TORONTO.

O'Keefe's PILSENER LAGER

The Light Beer in the Light Bottle

Canadians laugh at any talk of the superiority of "imported lagers". They know that O'Keefe's "Pilsener"-Lager is a purer, better beer than anything imported into Canada. They know that O'Keefe's "Pilsener" is brewed only of the choicest hops and malt—which cannot be said of any American lager.

Brunswick Bowlers Go to Buffalo.
 A. J. Hartman, proprietor of the Brunswick alleys, is always doing out some new scheme of interest for his patrons. Commencing on Monday the members of the Central League will start to bowl in a competition to send over a contingent to the N.B.A. tournament at Buffalo. The conditions of this competition are that the highest ten averages rolled in practice of the Central League members will be put on record from Monday, Dec. 12, to Feb. 23. The ten high men that will be put on record will be sent over to Buffalo on Canadian Day, Saturday, March 4.

SATURDAY MORNING, DEC. 10, 1910.

HYDRO POWER FOR THE FARM.

There is no limit to the possibilities of the hydro-electric power scheme. The latest announcement by Hon. Adam Beck that the government is prepared to co-operate in extending the benefits of the scheme to the rural population of the province, is one which is even more important than the original proposal to transmit electricity to the municipalities. Not only will it benefit the farmers, but it makes possible for many small municipalities the possession of a power station.

The plan is to distribute to groups of farmers or others dwelling in rural districts, whatever power may be required, making each station a centre for such distribution with a radius of fifteen miles. The power will be sent out at 12,000 volts and stepped down where the need exists to a 200 volt current.

For the farmer this means light and power. He can have light in his barn, in his farmyard, in his stables and cow-houses, wherever he chooses. The hired man even may turn a switch as he turns into bed. At two or three in the winter mornings when he gets up to milk and feed stock, that switch will be worth dollars a month in wages.

For farm operations the power will come into use in innumerable ways. The threshing machine will carry its own motor and hitch up to the farm wire. The pumps will keep going all the time with cheap power, and the house will have a high pressure service, and the stock will be watered without stint. The dairy churn will be operated by the same current that runs the washer and the sewing machine. The giddy life of the farmer's wife will cease to be a Bill Nye joke, for electricity means civilization up-to-date on the farm that is within fifteen miles of a power station.

Incidentally the storage of every vehicle becomes immediately possible when the farm wire is ready to charge the cells. Ten years from now the garden city idea in England will be found reflected in the farms of Ontario, which lie within the zone of electric power, but on a scale so vast that Ontario itself will be the coming garden city.

NO INTERFERENCE.

London people are asking for a fair field and no favor in their encounter with the London Electric Light Co. The London Free Press remarks that "The company may anticipate some action upon the part of the government, which will compel a fairer price for their plant in this city. The government of Sir James Whitney will defeat the very object it might have in view by acting upon any suggestion of this kind. The citizens do not want to be interfered with."

GET THE STREET RAILWAY.

Public opinion is moving fast toward the acquisition of the street railway system in Toronto. "The first step," says The Mail and Empire, "that ought to be taken is the acquiring of the Toronto Railway Company's system, in which are included the lines of the Toronto and York Radial Railway Co. We presume our esteemed contemporaries mean such portions of the lines as lie within the city limits, as it proceeds. "At the same time the lines and rights of the Suburban Railway Co., which operates partly in what was Toronto Junction, should be bought."

Our contemporaries who believe in acquiring the railway do not agree on details, nor as to the best way of operation. But the great thing is to get together on the main issue. The commercial problem will settle itself as all such problems do, along the line of least resistance.

GO NORTH OR WEST.

Young Toronto newspaper men who wish to succeed ought to leave the city. The reports from those who go north or west are dazzling. Here is Arthur Roebuck, who was interviewing a group of men at the city hall a few months ago, nominated for the legislature, and young Aitken who did "hotels and ralls" for The Globe, has made a fortune and raised a moustache in four years in Saskatchewan.

GIVE THE POLICE CONTROL.

Chief Gissett ought to be supported in his request to have the control of the streets given to the police department. Toronto villagers may object, but the rising and already risen generation of Toronto citizens wish to see the city adopting the methods by which the conditions of social life in the great cities of the world keep pace with their growth and development. A policeman in London can practically do more with a wave of his hand than the whole department can accomplish here. This is not to say that he has authority behind him.

charged with having abused the little authority they possess. Their use of the opportunities given them is a guarantee that they would be equally faithful in a larger exercise of trust. Should it prove not to be so, the remedy would be easy. But we believe it would be greatly to the interests of the city as a whole if Chief Gissett's advice be adopted.

Galt is next in line on the hydro-electric power banquet schedule.

A NATIONAL TRIBUTE.

From the complimentary letters reaching the publishers of the Christmas number of the Montreal Standard, it is evident that the issue has made a great hit. The congratulations are not limited in number or in strength. It is very evident that the prominent men of Canada appreciate the fact that the Christmas Standard is a national enterprise that will have a far-reaching influence. The flood of compliments reaching the publishers must be gratifying after undertaking such a huge venture. The last editions are understood to be issued this coming week, but according to the announcement it has been impossible for the publishers to do more than partially fill the wholesale orders.

MILK CASES DISMISSED

Magistrate Advises That the Farmer Producers Be Prosecuted.

In afternoon court yesterday, Magistrate Kingsford dismissed the charges against J. E. Newlove of Islington, accused of selling deteriorated milk. He is satisfied that neither Newlove nor his men "watered" the milk," said the magistrate. "I can't convict him under the act. According to the statutes a man who sells milk of inferior quality is liable under the act only when there is proof that he knew of the deterioration; in other words, 'knowledge' must be proved.

Magistrate Kingsford, after he had dismissed the case, turned to Inspector Wilson and said: "You ought to call the attention of the authorities to the Milk, Cheese and Butter Act. It is almost impossible to get a conviction under it."

Similar charges against Dan McDavitt of Islington and Charles Lurd of Summersville, were also dismissed, the magistrate advising the inspectors to proceed against the farmers from whom they got the milk, namely, Robert Needham, John MacMillan and Usher and Trover of Smithfield.

William Wallace, Dundas-street, was accused of selling cigars to a minor, the boy in the case, Percy Smith, aged 11, cheerfully admitting to having bought the cigars from the man, and that he got the cigars from "another fellow," who will be produced on Tuesday.

The following cases were settled out of court: James Pemberton, neglect to maintain red light, \$1; Isaac Goldstein, ditto, \$1; William Summers, ditto, \$1; Elmore Mercedes, red light, \$1; Norman Wilson, same, \$1; George Harris, worked suffering horse, \$1; A. G. Flint, ran auto at excessive speed, \$20; E. A. Richardson, no number on auto lamp, \$5; John Newham, dog without license tag, \$1; Sarah McCarthy, same, \$1.

Charles Mercer of 41 Delaney Crescent was discharged from the sessions yesterday on a charge of stealing a bunch of keys, some change and a pocket book from Charles Buchanan of 52 Westminster-avenue. The men had been drinking together and Buchanan missed the articles next day.

WELLAND IS GROWING

Advantages Afforded by Town Stamp It a Manufacturing Centre.

Probably no municipality in the Dominion of Canada, not even excepting the new communities in the great west, has made a more remarkable progression of recent years than the Town of Welland.

This is only natural, when the numerous advantages possessed by the town are taken into consideration, for Welland offers these in great numbers. In the matter of transportation, for instance, it is only necessary to point out that no less than seven railroads pass thru, to indicate the remarkable position occupied by the municipality in respect to this matter alone.

But it is not only its railroad facilities which draw attention to Welland. The town, owing to its location on the Welland Canal, has the advantage of water communication such as is enjoyed by few towns in Ontario.

As an industrial centre, the town is rapidly coming to the front. Manufacturers have not been slow to see the advantages afforded, and have seized upon the opportunities when seeking locations in the province. Workmen are congregating there in large numbers, as work is practically assured. All these factors combined have enabled Welland to forge ahead in a manner which has astonished even those who anticipated a rapid growth.

Met Death While at His Work.

MIDLAND, Dec. 9.—Angus Crossen was suffocated by gas while engaged in preventing the clogging of the ore and sand in the cupola at the blast furnace, leaving a widow and three children. An Italian helper was revived in time. A coroner's jury exonerated the Canada Iron Corporation from responsibility.

ROYAL BAKING POWDER Absolutely Pure The only baking powder made from Royal Grape Cream of Tartar No Alum, No Lime Phosphate

TUG CREW'S PRIVATIONS

Battle Twenty-Four Hours in Small Boat for Their Lives.

CHATHAM, Dec. 9.—Captain Tom Bennett and the crew of six of the tug George Thompson, owned by R. P. Thompson of Port Huron, reached Wallaceburg this morning more dead than alive as the result of terrible experiences they had undergone.

The tug Thompson, which left Port Huron Tuesday for Chatham, went down in Lake St. Clair, in twenty feet of water, Wednesday. After twenty-four hours battling with ice, captain and crew escaped in the yawl by rowing and walking over the ice made their way to Mitchell's Bay, six miles distant.

The men when they reached Wallaceburg this morning were all badly frozen and almost famished, having been thirty-eight hours without food.

Crew Rescued.

PORT ARTHUR, Ont., Dec. 9.—Capt. Atkinson and twenty-one members of the crew of the Inland Navigation Co. steamer Dundas, which stranded early Wednesday morning on Blake's Point, were brought to Port Arthur by the Canadian Towing and Wrecking Co.'s tug Wiseman. They report the steamer resting easily, with her bow on the rocks, but in an exposed position.

OUGHT DEPUTY MINISTER ACCEPT OUTSIDE BRIEFS?

Hon. Mr. Ayleworth Replies to Opposition Interrogations by Defending Mr. Newcome's Actions.

OTTAWA, Dec. 9.—In the house this afternoon a discussion was initiated by Major Sam Sharpe regarding the right of the deputy minister of justice to take outside legal practice.

Hon. A. B. Ayleworth said he had not made it his business to enquire, but he had noticed only two or three instances since he became minister that Mr. Newcome took outside cases. These were before the supreme court, and had not in the least interfered with his official duties.

Major Sharpe replied Mr. Newcome was frequently called upon to make reports on cases in which the government was concerned. It was obviously improper if the deputy minister had previously acted as counsel for a man who later on had a dispute with the government, that he should be called upon to pass upon the claim for the government.

Mr. Ayleworth was certain, however, that his deputy had so delicate a sense of honor that if there was the remotest chance of a clash with public interests, the private brief would go. Whereupon Major Sharpe pointed out that Mr. Newcome last summer had acted for the Bank of Montreal before the privy council. The Bank of Montreal had large transactions with the government, and might easily have large disputes.

Mr. Ayleworth said this was a dispute between the Bank of Montreal and the liquidators of the Ontario Bank. The government was not concerned.

Hon. Mr. Foster argued that no man could serve two masters. If one deputy could do this, all the deputies would have the same right.

In this connection Sir Frederick Borden was asked if the deputy minister of militia would have the right to accept fees from the Ross rifle people.

"Certainly not," was the reply.

IMMIGRATION INCREASE.

OTTAWA, Dec. 9.—(Special.)—The total immigration into Canada for the first five months of the present fiscal year, April 10 August included, was 180,280, an increase of 71 per cent.

The honorary governors who will visit the Toronto General Hospital next week are Col. G. A. Sweeny and T. Gibson.

Michie & Co., Ltd. Established 76 Years BRANDY

This useful spirit is sometimes spoken of as "Cognac," after the name of the place in France, where a large quantity is made.

Genuine Brandy is distilled from wine, and age only will develop the property which makes it valuable medicinally.

\$1.00 Bottle—Michie's Special Cooking Brandy, from the Southern Vineyards; bottled in France.

\$1.00 Bottle or \$4.50 Gallon—A Sound Brandy for Cooking, imported by us in the wood.

\$1.25 Bottle—An Older Brandy from the Southern Vineyards; superior for cooking and useful for general household purposes.

\$1.40 Bottle—Various makes; bottled in France and imported by Michie & Co.: Hennessy's (1 Star) Martell's (1 Star) Boutelleau's O.B.

\$1.50 Bottle or \$6.50 Gallon—Boutelleau's Fine Old Brandy; imported in wood and bottled by Michie & Co.

\$1.60 Bottle—Boutelleau's V.O.P.; bottled in France.

\$1.75 Bottle—A Little Older Brandy. Hennessy's (3 Star) Martell's (3 Star) Pinet Castillon V.S.O.P. Hinc's, Old.

\$1.90 Bottle—The rising prices are now accounted for by the age of the Brandy. Choose from the following, according to personal preference. Renault's Club Brandy Boutelleau's X.V.O.B., 1831 Hennessy's V.O. Martell's V.O.

\$2.25 Bottle or \$10.00 Gallon—A very fine old Brandy, which we import in the wood from Hennessy & Co., and then keep a long time ourselves.

\$3.00 Bottle—Boutelleau's "1824" Brandy; bottled in France and very old.

\$4.00 Bottle—Hennessy's X.O. Just the same Brandy as Hennessy's 1 Star, but guaranteed to be over forty years old.

OUT-OF-TOWN ORDERS, to ensure delivery, should all be shipped before Christmas week.

Canada TO The Front

The publishers of the Christmas Number of The Standard of Montreal take this opportunity to thank the thousands of Canadians from ocean to ocean who have so generously extended their congratulations. Telegrams and letters are pouring into The Standard Office in a perfect stream. From a vast mass, growing larger every hour, we might cite the following as fair samples of the opinions of the writers:

FROM MR. C. M. HAYS, President and General Manager Grand Trunk Railway.—"I consider the Christmas Number of The Standard a very handsome production; creditable not only to the Standard proprietors, and management, but to Canada as a whole. The workmanship and collection of the illustrations and the general features of the Number are very artistic and the distribution of such an edition cannot fail to attract the favorable attention of the whole world."

FROM C. R. HOSMER, Director Bank of Montreal.—"The Christmas Standard is the greatest national advertisement that Canada has ever had in her history, and the most beautiful."

FROM MR. ROBERT MEIGHEN, President Lake of Woods Milling Co.—"I have examined the Christmas number of The Montreal Standard, and the publishers are certainly to be congratulated upon this excellent issue. The illustrations have evidently been selected with great care, the engravings are exquisitely done, the literary section extremely patriotic and the whole book executed in a highly artistic manner. The panoramic views and the colored supplements are superb. This is the kind of thing which will give the pleasure of Canada known and appreciated abroad.—ROBERT MEIGHEN."

FROM MR. GEORGE L. CAINS, President Montreal Board of Trade.—"The Christmas Number of The Standard is certainly a beauty, and will have a tremendous stimulus to Canada in all lands is inestimable. The publishers are to be congratulated."

FROM SIR THOS. SHAUGHNESSY, President Canadian Pacific Railway.—"A very attractive number and one that will draw attention in an intelligent manner to what the Dominion of Canada has to offer."

FROM MR. E. B. GREENSHIELDS, Director Bank of Montreal.—"I have had very much pleasure in reading your Christmas Number. The illustrations are chosen with taste and the technical workmanship is of a high order. The Canadian scenery shown is very attractive, and the circulation of such a high-class production from Canada must help materially to keep the advantages of this country before the world of readers, and draw many people to it."

CONGRATULATE THE STANDARD on the successful result of all the labor that must have gone to the production of such a fine number."

FROM MR. D. McNICOLL, Vice-President Can. Pac. Ry.—"For Canada and for other countries abroad the Standard is a most creditable production and reflects great credit on the enterprise and management of The Standard, the paper which we are all getting to like."

FROM HON. SENATOR DUNDAS.—"The Christmas Number of The Standard is certainly a wonderful production. The subjects for the engravings have evidently been selected with the utmost care. The letter-press is patriotic and pleasing, and the panoramic views showing forth the wonders of Canada will most certainly be highly appreciated everywhere. The views of the West, especially, will be of use in making known the resources of Canada to the whole civilized world."

FROM MR. W. A. MACKAY, President Colonial Coal Company.—"I must congratulate The Standard on its Christmas Number, copy of which I secured some time ago, but found they were absolutely unobtainable. I think this production is the best for the money I have ever seen, and it is certainly a great credit to the publishers."

FROM MAJOR SEATH, Board of Montreal Harbor Commissioners.—"I must congratulate the publishers of The Standard on their Christmas Number. It is without doubt the finest Christmas souvenir ever produced in this country, and it compares favorably with anything of its kind I have ever examined. It is long and wide, and the many features are the most pleasing. The illustrations in the book are of the utmost importance, and seem to have been selected with great care. They will do much to make Canada known abroad. It is the best Canadian immigration literature ever produced."

FROM ROBERT BICKERDIKE, M.P., St. Lawrence Division, Montreal.—"The Christmas Number of The Standard is certainly a beauty. I cannot imagine how you give such value for the money. The book is most artistically arranged and the colored plates and the panoramic views will give a tremendous stimulus to Canada in the Motherland. It should be a strong advertisement for Canada."

FROM MAJOR G. W. STEPHENS, Chairman Board of Montreal Harbor Commissioners.—"I must congratulate the publishers of The Standard on their magnificent Christmas Number. It is one of the finest issues I have ever had the pleasure of inspecting, and it is sure to be appreciated by all friends of Canada at home and abroad."

FROM PROF. F. D. ADAMS, Dean Faculty Applied Science, McGill University.—"The Christmas number of The Standard is certainly unique among Christmas numbers. The choice of subjects for illustration is most happy. The issue is national in every respect, and will prove a wonderful advertisement for Canada in other lands."—PROF. F. D. ADAMS, Dean of the Faculty of Applied Science, McGill University.

FROM MR. W. A. MACKAY, President Colonial Coal Company.—"I must congratulate The Standard on its Christmas Number, copy of which I secured some time ago, but found they were absolutely unobtainable. The Christmas Number of The Standard is one of the finest annuals we have ever seen—a credit to Canada, and one of which every Canadian can feel justly proud, for it compares favorably with the best English annuals. The magazine is finely illustrated, and printed on the best of paper. The articles and illustrations are mostly Canadian. Two large supplements in full color, suitable for framing are "Miss Canada," and "Our Lady of the Snows." Three other photographic reproductions in black and white, about 4-1/2 feet long, "The Parliament Buildings at Ottawa," "Niagara Falls" are wonderful reproductions. The whole issue makes a specially good annual for sending to the Old Country.—THE T. E. EATON COMPANY.

TROUBLE SOON DISPOSED OF

Magistrate Dismisses Orillia Trespass Cases Against G.T.R. Employees.

ORILLIA, Dec. 9.—About a week ago a good deal of publicity was given to a dispute between the Grand Trunk

Railway and the Town of Orillia, respecting a strip of land in the town; the boundary fence being moved and removed two or three times; the company contending that they moved the fence to the true boundary of the property which they had purchased, their action in this regard being strenuously resisted by the authorities of Orillia, and three employees of the company were finally placed under arrest.

The reports published that warrants were issued for Superintendent Lynch and two other officials, were absolutely without foundation.

The three cases against the trackmen who were arrested, were tried at great length by Magistrate Clark of Orillia, who reserved his decision; Mr. R. Tudhope appearing for the town, and W. A. Boys, K.C., for the company.

The evidence adduced on behalf of the company disclosed that they had purchased in 1871 the land in dispute, although the same had not been acquired by the Town of Orillia in that in any case the title had no jurisdiction. At the conclusion of the hearing the magistrate reserved decision, which he gave this morning.

WHEREBY THE THREE INFORMATIONS were dismissed.

THE SOLICITOR for the company elicited the information from the mayor and chief of police that when the three arrests were made, there was no warrant and even information—the men being arrested while committing no offence and brought up and held in the police station until bail was furnished.

THE AUTHORITIES will probably result in three interesting actions for false arrest. It might be well, if municipalities, before asserting so vigorously their alleged rights, would take the trouble to look in the registry office to ascertain not only their own, but the rights of others.

BEDUINS SLAY CHRISTIANS

One Hundred Victims to Avenge Execution of One Chief.

CONSTANTINOPLE, Dec. 9.—A telegram from Jerusalem to-day states that Bedouins have massacred the Turkish garrison at Kerak, a town in the Turkish vilayet of Syria, and killed more than one hundred Christian inhabitants of the place, in revenge for the execution of a Bedouin chief.

The Bedouins, the dispatch adds, now hold the fortress in the vicinity of which there has been desultory fighting between the tribesmen and the government troops for the past year and a half.

The C. P. R. North Toronto Service to Montreal and Ottawa is the finest, fastest and most popular due to its smooth roadbed, unexcelled equipment and convenient stations. Train leaves North Parkdale 9:15 p.m., West Toronto 9:30 p.m., arrives North Toronto 9:40 p.m., and leaves 10 p.m. (enabling early arrivals to get to bed before departure of train) daily, except Sundays. Arriving Ottawa 4:30 a.m., Montreal 7 a.m. Carries through sleepers (C.P.R. Standard) for both points. Passengers may remain in sleeping cars till 5 a.m. Yonge-street cars run direct to North Toronto station. Tickets, berth reservations, etc., held at West Toronto station, North Toronto station and C. P. R. Toronto City Ticket Office, southeast corner King and Yonge-streets.

WANDERER IDENTIFIED.

MONTREAL, Dec. 9.—The Canadian who was picked up by the London police, wandering on the Thames Embankment a few weeks ago, with his memory a complete blank, has been positively identified as Raymond F. Way of Danforth, Ont. He left home on Feb. 23 last to go to California.

SHOT DEAD BY SMALL BOY.

ST. THOMAS, Dec. 9.—At Beech Lane, Norfolk County, James Pickensgill, aged 18 years, was instantly killed by being shot thru the neck by a child four years of age. He was shot at the home of William Williamson, a friend, when the latter's baby brother took a gun from the corner and pointed it at Pickensgill.

Wrong Men Arrested.

James Malone and William Kelly succeeded in establishing an alibi when arrested in police court yesterday morning charged with assaulting and robbing Frank Griffiths in Toraulay-st. a week ago. They were dismissed, the magistrate saying a mistake had been made.

Dams Flood Land.

A County of Addison deputation saw Hon. Dr. Reaume yesterday to protest against the flooding of their land by the dams of the Niagara River Improvement Company. It was agreed to have an engineer representing the government, one for the company and a third for the complainants, devise a scheme to drain the damaged lands.

Imperial Industries Club Dinner held at d'Kaysor's Royal Hotel, London. ON WEDNESDAY, NOVEMBER 2nd, 1910. DEUTZ & GELDERMANN'S GOLD LACK CHAMPAGNE was specially selected for its fine quality, purity and natural dryness. CAN BE OBTAINED AT LEADING HOTELS, CLUBS, AND WINE MERCHANTS. Lawrence A. Wilson Co., Limited Agents for Canada, Montreal.

B'S FUND FOR MISSIONS FROM METHODIST LAYMEN

Will Raise \$300,000 a Year For Five Years—General Fund Also to Be Increased Annually.

An official report was issued yesterday concerning the proceedings of the meeting of representative laymen of the Methodist Church, held on Thursday, for the purpose of devising plans for raising a special fund for five years, with a view of placing the general mission board of the church in a position to meet the urgent demands of the west, arising from the rapid increase in population which is taking place there, more particularly the large influx of foreigners; and also to provide the plant and equipment considered absolutely necessary to meet the obligations which the church has assumed in the foreign field, especially in West China. In many of its features, the gathering was unique in church history.

N. W. Rowell, K.C., occupied the chair and the laymen present, representing all sections of the Dominion, were: T. H. Preston, Brantford; W. H. Hopper, Cobourg; C. A. Birge, J. J. Greene, Thos. W. Watkins and W. J. Vaughn, Hamilton; J. D. Flavell, Lindsay; John Dunkin and T. B. Escott, London; Hon. E. J. Davis, Newmarket; C. A. Douglass, E. Seybold and Mayor Hopewell, Ottawa; Rev. James Allen, Rev. T. E. Egerton Shore, Rev. A. Carman, D.D., Rev. S. D. Chown, D.D., Rev. J. A. Rankin, D.D., Hon. Thos. Crawford, Hon. Justice J. J. MacLaren, Hon. Geo. A. Cox, N. W. Rowell, H. H. Fudge, E. H. Wood, G. H. Wood, A. W. Austin, E. E. Bull, C. W. Chadwick, D. A. Dunlap, R. W. Eaton, Jas. Fairhead, Edward Gurney, H. McGee, Hedley Shaw, W. G. Trethewey, A. R. Williams, F. W. Winter, Toronto; O. Dawson, W. H. Goodwin, Wm. Han-son, C. C. Holland and G. F. Johnston, Montreal; Lorne C. Webster, Quebec; Rev. W. H. Heartz, D.D., Amherst; H. C. Burchell, Sydney; W. G. Hunt, Calgary; J. A. M. Atkins, Winnipeg; Rev. J. W. Spurling, D.D., Winnipeg, and E. E. O'Flynn, Belleville.

Rev. James Allen, general secretary of the home department, made a statement to the effect that in addition to grants from the current income of the society, there would be required, including support of missionaries, city missions and work among European foreigners, sites, church buildings and parsonages, a total of \$100,000 a year, or \$500,000 covering a period of five years. Rev. T. E. Egerton Shore, general secretary of the foreign department, also presented a statement of the special requirements for mission plant and equipment in West China and Japan totalling \$688,500 for West China, and \$17,500 for Japan, or \$704,000 for the two foreign fields which is necessary for the efficient work of the missionaries now on these fields and those to be sent within five years.

Mr. Rowell read a number of interesting letters from distinguished missionary leaders who have visited China. One of these was from John R. Mott, of which the following is an extract: "One of the greatest opportunities which I am familiar thruout the entire world field is the one which just now confronts the Canadian Methodist Church in the Province of Szechwan, West China. This province of over sixty-eight million people, more than the total population of Germany, is the Chinese province most distant from western civilization. This is not a fault, it is an advantage, because the cause of Christian missions is not handicapped as in the case of the coast provinces of China by the presence and spread of so many forms of the corrupting influence of the Occident. The province is not only of great importance to the world, but also because of the great influence which it is destined to exert upon neighboring provinces of China and upon the spread of Christianity in Tibet and other parts of Central Asia. I do hope that the full program proposed may be carried out in the not distant future.

The laymen present, after full discussion, unanimously decided to raise a sum of \$300,000 annually for a period of five years, for the objects stated, this amount to be collected from those who feel that they are able to give more largely than they are at present doing to the general fund, which latter it is felt, must not only be maintained at its present figure, but increased yearly for some time to come at the rate of \$50,000 per year. It was also stipulated that the contributors so designating the objects comprised in the plans of either the foreign or home mission department to which they desire their special contributions shall be given.

For the carrying out of this big scheme, which involves raising an additional \$1,500,000, spread over five years, an executive committee was formed. The officers of the committee are: Chairman, N. W. Rowell, K.C.; vice-chairman, T. T. Langlois, Vancouver; W. G. Hunt, Calgary; Hon. G. W. Brown, Regina; J. A. M. Atkins, Winnipeg; E. R. Wood, Toronto; G. F. Johnston, Montreal; W. B. Tennant, St. John, Nfld.; G. H. Hunt, St. John's, Nfld.; secretaries, D. A. Dunlap, Toronto; W. G. Hunt, Calgary. The executive committee is composed of: N. W. Rowell, D. A. Dunlap, W. G. Hunt, J. A. M. Atkins, E. R. Wood, H. H. Fudge, G. H. Wood, H. McGee, E. Gurney, T. H. Preston, J. D. Flavell, C. A. Birge, Thos. W. Watkins, G. F. Johnston and W. H. Goodwin.

It is understood that the special campaign will be begun as early after the first of January as possible and other meetings held at important centres. While in the city, the visitors were most hospitably entertained by E. R. Wood and Hon. Geo. A. Cox.

Heavy Fines. In the Farry Sound district, R. Barr, H. Richardson, A. Cotton and R. Standfield were all fined for so doing. Daniel Bottrelle, who killed two deer out of season, was assessed \$40 and costs. Joseph Ellis, who hunted without a license, was fined \$20 and costs. A. W. Dobell was fined \$10 and costs. Edward Taylor \$11 and costs, and W. C. Goffatt of Orillia \$10 and costs, for having mink, beaver and muskrat skins during the close season.

Elm-Street Methodist Church. The pastor of Elm-street Methodist Church will preach to-morrow at 11 a.m. and 7 p.m., and will be assisted at both services by Enoch Bacon, the world-famed singer and reciter. There will be a reception of new members at the evening service and the sacrament of the Lord's Supper will be administered.

THE ROGERS FUR CO. 152 YONGE STREET

One Door South of Richmond Street

Bribed Witness to Stay Away. BRANTFORD, Dec. 9.—(Special.)—Harry Gourlian, an Armenian interpreter, was fined \$20 here to-day by Judge Hardy on the charge of bribing a police court witness to stay away from court. Matthew Jones, contractor, with a traction engine and two horses, went thru the bridge on the Burford-road at Daubigny Creek last night. The horses were badly injured. The friends of Miss Eva C. Moore will be pleased to hear she is recovering at the Victoria Memorial Hospital, Isabella-street.

ADVICE TO MEN! IT'S GOOD FOR WOMEN, TOO.

Don't "quit" whatever you start. If you go into a fight, stay with it, no matter how poor your chances look. The other fellow probably wants to quit, and if you hold your head up he will quit first. The victory is to the brave. It takes nerve and energy to win nowadays. You don't want to be a failure. You were made for better things, but you can't win without courage and energy.

That's the idea behind my Electric Belt, the body battery that pours electric vim into a man's body.

Give me a man with pains in his back, dull pains over the eyes, lack of nerve, a disposition to give up hard tasks, in fact, the fellow who feels "all in" at times, and with my Belt I can make him feel like a two-year-old in a few weeks.

"Say," said one of my patients a few days ago, "I feel so good that if I felt any better I think I would hurt somebody." That's the way you ought to feel, just chock-full of youthful energy. My Belt will make you feel like that.

It builds up broken-down men, restores youth and vigor, and makes you look and feel strong. It will cure every case of Rheumatism, Nervous Debility, Weak Stomach, Kidney and Liver Troubles, Lame Back, Sciatica, and every evidence of weakness in men and women. It will not fail; it cannot fail, as it infuses into the weakened parts the force of life and strength.

Weak—Run Down. Erin, Ont., July 4, 1910. Dr. McLaughlin: Dear Sir,—I have worn one of your Belts since last Easter, and must say that I feel much better and stronger in every way. It has done me a great deal of good, and I can heartily recommend it to anyone who is weak or whose system is run down. Yours very truly, ROBERT ARMSTRONG.

The confidence I have in the wonderful curative power of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and you can PAY WHEN YOU ARE CURED.

What chance has the weak and puny person to combat the struggles of life compared with the person of muscle and nerve? It is hard implies is given to those who will wear DR. McLAUGHLIN'S ELECTRIC BELT

It makes people noble. It causes the nerves to tingle with the joyous exhilaration of youth. It fills the heart with a feeling of gladness, makes everything look bright, and makes the nerves like bars of steel. IT DOES THIS while you sleep, by pouring electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the weakened parts. It will make them strong.

FREE—Send No Money Just put your name and address on this coupon and mail it to me. I'll send you full particulars regarding my Electric Belt, together with my big free book, which explains many things you ought to know about the diseases of men and women. Don't delay another minute. Cut out the coupon right now and send it in. DR. M. & McLAUGHLIN, 112 Yonge Street, Toronto, Can. Dear Sir,—Please forward me one of your Books, as advertised. NAME ADDRESS Office Hours: 9 a.m. to 6 p.m. Wednesday and Saturday until 4:30 p.m. Write plainly.

TERRIBLE NERVOUSNESS AND SICK HEADACHES

DOCTORS TREATED HER FOR YEARS And Pronounced Her Case Incurable

"FRUIT-A-TIVES" RESTORED HER TO PERFECT HEALTH

The human body is the most wonderful machine in the realms of created things. Every part is related to every other part, all bound together by the marvelous Nervous System, which connects every organ to the brain. When anything goes wrong with any part of the body, the nerves carry the message of trouble, and what we call "pain" is the result. Nervousness is not a disease in itself, but is the result of one or more of the really vital organs becoming diseased. It is the vain effort of the nerves, signaling for help, that weakens them and causes the excessive nervous attacks with which so many women suffer.

MRS. FRED GADKE.

What glad news it will be to such women to read Mrs. Gadke's letter and learn that they can cure themselves of the dreadful Nervousness and Sick Headaches.

Lakelse, Ontario, May 12th, 1910.

"Kindly publish this letter of mine if you think it will benefit other women who might be afflicted with the diseases I have had in the past, but am now, thanks to 'Fruit-a-tives,' completely cured of. It is my firm belief that every woman should take 'Fruit-a-tives' if she wants to keep herself in good health.

"Before taking 'Fruit-a-tives,' I was constantly troubled with what is commonly known as 'Nerves,' or severe Nervousness, and this Nervousness brought on the most violent attacks of Sick Headache, for which I was constantly taking doctor's medicines without any permanent relief.

"Constipation was also a source of great trouble to me, and for which the doctors said, 'I would have to take medicine all my life,' but 'Fruit-a-tives' has banished all these troubles and I am now a well woman.

"When I started taking 'Fruit-a-tives,' I took four at a time, but have reduced the dose so that it is only necessary for me to take one in a week, and that one dose every week keeps me well. I am glad to recommend 'Fruit-a-tives' whenever the occasion presents itself and cheerfully authorize the publication of this letter as well as my photo."

MRS. FRED GADKE.

"Fruit-a-tives" is the ideal medicine for women's use. Being made of pure fruit juices, the action is mild and the taste extremely pleasant. "Fruit-a-tives" not only regulates the bowels, tones up the stomach and purifies the blood—but also acts as a splendid tonic for both the nerves and the general system. 50c a box—6 for \$2.50—Lithed, 25c. If your dealer cannot supply you with "Fruit-a-tives," send regular retail price to Fruit-a-tives, Limited, Ottawa.

RAILWAY BOARD ASK FOR FACTS

Continued From Page 7.

personal advantages they might hope to snatch in votes or the applause of the newspapers."

"I am speaking moderately and not using adjectives, but it cannot be denied that the mayor looks like a child playing with dynamite. From the moment the system was inaugurated, the city fathers used every effort, every device that suggested itself, to not only block the company, but to stir up the people against that means, in some cases, irresponsible people, in opposition to the system," charged Mr. Osler.

If people refused to accommodate themselves to the conditions, they could take up their four times the time required in boarding a car. "This is all being multiplied a thousandfold by the action of the mayor and council, because instead of the natural inclination of the people to do what is right, they have been stirred up to refuse to do what they are asked to do in a reasonable way," he declared.

Geary and Dynamite.

"One important matter I must refer to and that is the Massey Hall meeting. The city council jumped to the conclusion that all our experts were wrong and they were right. The action of the mayor looks like a child playing with dynamite. The tenor of his last printed interviews was that he didn't know it was loaded. He is quoted in a paper as saying before the meeting, 'It will be a club over this board.'"

Mayor Geary: "May I relieve my learned friend of the absolutely erroneous impression he has received?" "It said so in the papers," retorted Mr. Osler. "Whether you said it or not, the calling of the meeting was an expression of an attitude all too common: that the rights of property are to be governed by public clamor. It was a mistake that a well known police inspector said, when he heard what was said at the meeting, that he knew there would be trouble.

"We all know that there are tens of thousands of people in Toronto who never can distinguish between the rights the company have under their contract and under the bylaws of the railway board. It would be an unfortunate thing if it gave the people to understand that the right of the company to collect fares is not under the contract. The company does not claim to be absolutely right in all matters. We are willing to adopt details to make the working of the system smooth.

Can Leave by Rear Door.

"As to the difficulty in moving from the rear to the front of a crowded car, the conductors are allowing people to step off at the back when they do not interfere with people getting on. These instructions have been given to the conductors in the past two days.

"As to trailers, it has occurred to the management of the railway to suggest the passing of a bylaw to prevent anyone getting on the front platform of trailers, but to allow passengers to make their exit in this way."

"I didn't know there were to be no longer free meetings of a free people," began Mr. Drayton, caustically. "I don't think it is possible to suggest a more representative, law-abiding people than were at Massey Hall. I cannot understand Mr. Osler, unless he takes the position that in all cases where this kind of question comes up, it is wrong to get an expression of

public opinion on matters affecting the public convenience."

Unanimity of the Press.

As to the charge of politics, he referred to the unity of newspapers in condemning conditions. It was a queer political issue that united capital and labor, which found the board of trade joining hands with the different labor organizations. Even if one could believe in the basest motives that his learned friend could ascribe, it was public policy to please the people, Mr. Osler had admitted the company wasn't infallible, and that there were difficulties. This was something new from the company. But why should the change take place when, because of the cold weather, it meant the greatest inconvenience to the people?

Mr. Letch: "What do you say as to the company's argument that they have the right?" "If they have these rights, they will not be affected by the repeal of the bylaw. The agreement doesn't say that fares must be paid before you enter the car, and you don't enter a car when you are on the platform."

Onus on the Company.

Mr. Letch said the agreement wasn't to be ignored, and Mr. Drayton replied that if the bylaws were annulled, the city was quite prepared to argue as to the contract. As to expert evidence, the railway board never called a witness to give evidence as to the proper kind of car.

Mr. Letch: "The onus is on the company to prove that it is proper cars for the new system." Mr. Osler urged that the company must have a reasonable opportunity of testing. He invited the railroad board's engineer to inspect the cars being turned out to show that the company was making a bona fide effort. Mr. Drayton added that the request showed how utterly unprepared the company was to make the change. He offered to bring an expert from the United States to show the absurdity of the system. Mr. Osler held that such evidence would be biased and of no value.

Mr. Ingram's Attitude.

After several minutes conference, the chairman said Mr. Ingram wanted it made clear whether all double and single truck cars being built could be made as day-as-you-care, and how long it would take. Mr. Osler said he could give the information on two days' notice.

Mr. Ingram said he objected to the advice of experts being questioned by the civic authorities. Personally, he would like to see the P-A-Y-E system adopted. "But we have some right to hear the reason for adopting it. What was the object?" he queried.

Mr. Osler said he hadn't had time to collate statistics from other cities, and Mr. Ingram suggested an adjournment for a few days.

Mr. Ingram: "Speaking for myself, no political meeting or meeting of any kind is going to influence me in the slightest. I want to be governed by the evidence of experts and common sense. That's my duty and it's what I'm going to do."

Mayor Geary Persistent.

The mayor interposed that the meeting was evidence that the ruling of the board was unsatisfactory to citizens. "I repeat that it was extremely improper and injudicious," said Mr. Osler, who suggested a 19 days' adjournment. The chairman consulted with Mr. Ingram and announced their agreement.

The mayor made another effort, asking discontinuance until the Christmas shopping season was over.

"I'm sorry that we don't see eye to eye," said the chairman, and Mr. Ingram shook his head.

After the board had fixed Monday, Dec. 27, at 2:30 p.m., as the date for the further sitting, the mayor said he wanted to press his request again.

Experts and Local Facts.

"Do I understand you intend to ask how it works with other cities and that it is to be continued without such evidence in the City of Toronto?" he asked.

Mr. Letch: "The board is familiar with the situation."

Mr. Drayton suggested that the board might allow the double truck cars alone to continue under the system, but this was refused.

The board then passed the bylaw suggested by the company. Mr. Drayton offered no objection beyond remarking that there were already so many bylaws that they were difficult for the public to remember.

Itching Humors

Itching, burning, bleeding, scaly and crusted eczemas, tetter, rashes and other torturing and disfiguring humors that destroy sleep and make life a nightmare of physical and mental suffering speedily yield to

Cuticura Soap and Ointment

WHY CATHOLICS BELIEVE IN "THE REAL PRESENCE"

Paulist Father Quotes From New Testament in Support—Says Protestants Lack Faith to Believe.

At St. Paul's R.C. Church last night, Father Gillis, in a lecture on "The Real Presence of Christ in the Eucharist," declared that this was the most characteristic doctrine of the Catholic Church and the best-believed subject of any priest who preaches to the people—Catholic or non-Catholic. He continued:

"And it seems to me, my dear non-Catholic friends, that on your part you also ought to be deeply interested in this wondrous doctrine. You come here night after night, and after the sermon you behold what must be to you a very mysterious ceremony—the priest coming before the altar, clad in sacred vestments, approaching the tabernacle with bendings of the knees, with prostrations of the body, with every mark of profound respect. He kneels at the foot of the altar, he rises and genuflects, then moves slowly, solemnly to the altar, opens the tabernacle, draws forth the sacred host, enshrines it in the golden vessel; there he leaves it and goes to the foot of the altar and prostrates his whole body profoundly, giving evidently worship, homage, adoration to that which is enshrined in the sacred monstrance. Then there is prayer, offering of incense and worship; there is singing of prayers and hymns; then again the priest rises, puts about his shoulders another sacred vestment, the veil of the blessed sacrament, he approaches the altar again, and in the midst of deep silence he elevates the sacred monstrance, the people bow profoundly, and to all appearances, and indeed, in every truth, are prostrate in adoration before the blessed sacrament in the hands of the priest.

"If I were in your place, if I were not a Catholic, but just a casual visitor to the Catholic Church, and I saw that ceremony once I should surely ask myself: 'What means that ceremony? How do they explain it? How can they justify it? And I should go out of the door of the church promising myself and my God that I would not rest one moment, that I would give my mind and my soul no peace until I had discovered for myself how the Catholic Church attempts to justify that stupendous doctrine for, let me say the word very plainly, if the sacrament be not the divinest truth, it is— I fear not the tremendous alternative—is nothing but awful idolatry.'

Father Gillis then recited John vi. 48, to the end of the chapter, dwelling with particular emphasis upon the words: "The bread that I will give you is My flesh, for the life of the world. The Jews therefore strove among themselves, saying: 'How can this man give us his flesh to eat?'"

"Notice," said the priest, "that the unbeliever always asks 'How?' But a true Christian will never challenge God to show his works, or to explain his wonders; how He created the world; how a Trinity can exist in one God; how God made the Jews, and the like. The believer is content with the fact. He asks what it means, not demanding to know the how and the why of almost everything he believes in even from the wisest of men. Are there over the statement: 'except you eat the flesh of the Son of man and drink His blood, you shall not have life in you. He that eateth My flesh and drinketh My blood, abideth in Me, My flesh is meat indeed, He that eateth My flesh and drinketh My blood, abideth in Me, I am aware that many men maintain that all these words are only a figure of speech, a metaphor, meaning only that we must believe in Christ. But Christ was speaking to plain men. It was His duty to speak reverently, to speak to them in a way that they would understand. As a matter of fact, the Jews who were present were speaking a metaphor. They took Him at His word. They were scandalized. They showed their hardness of heart, and said: 'This saying is hard, and who can hear it,' and many of His disciples went away and walked no more with Him.

"Because of that teaching of our Saviour which has made men people from the beginning and for over 1800 years, believed in the real Presence. Was the church in the beginning of the apostles and of the martyrs, the whole church to refuse 1600 years, and the myriads of all non-Protestant Christians for the past 400 years, all idolaters?"

"Furthermore, this passage of St. John is not the only mention made in Scripture of the wondrous doctrine. The discourse in St. John was at the last supper, when Jesus took bread, broke it, blessed it and gave it to His disciples, saying, 'Take ye and eat; this is My Body.' And speaking of the chalice, He gave thanks, and gave to them, saying, 'Drink ye all of this for this is My blood, which shall be shed for many unto the remission of sins.' The question comes naturally: Why do not the Protestants believe it, since it is written so plainly in the Bible? When all is said and done, when the arguments are all finished, and one side and the other in the last analysis, the non-Catholic people refuse to believe in the real Presence, as they say, 'It is simply too hard to believe.'

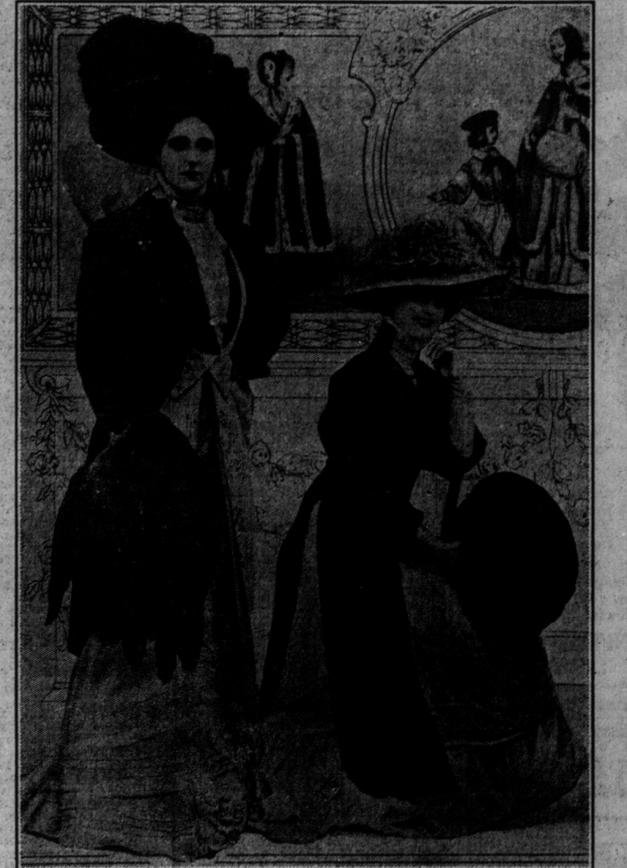

Father Conway answered 61 questions, beginning several minutes before the time announced for the service. The questions, however, cannot all be answered this week, so Father Conway will remain until Monday, when he will give discussion to all questions not answered by Sunday night, and the lecture to-night (Saturday) is on "The Pope."

To-morrow night at the close of the regular service the subject will be "Why I am a Catholic."

Central Y. M. C. A. Dine. Thirty-five hungry souls of the Central Y.M.C.A. track and field team sat down to their annual banquet at Williams' last night. After a tasty banquet, a program of chicken and young turkey to coffee, short speeches were indulged in. Among those seen around the family table were: Fred Smith, J. J. McNeil, physical director; Jimmie Brydon, captain track team, and the following lovers of Canadian favor sport, viz., athletics: George Barber, Bredin Galbraith, C. F. McDonald, Newton Crawford, Harry Tressler, Harold Crowe, Charles Thorley, Jack Near, George Lister, Frank Schofield, Horace Weston, Hermann Duke and others.

"Ensignette" (PATENT)
THE FAMOUS
VEST POCKET CAMERA

The Ensignette camera is altogether a new idea. This cut shows the relative sizes of the Ensignette camera and the picture it makes—post card size. When closed, this little camera slips into a vest pocket, perfectly flat, taking up a minimum of space.

The Secret is the LENS, and the printing box. The lens is an Achromatic Meniscus (in reality three separate powerful lenses together.) This lens gives a wonderfully strong, clear negative, recording every detail.

The printing process is very simple—put the negative (actual size 2 1/2 x 1 1/4) at one end of the printing box and the post card at the other. Your print will be distinct, clear, and strongly defined.

Have you thought of a CAMERA for a Christmas gift? The Ensignette is a gift SURE to please. Come in and let us show you this new Camera—you will understand why it will please.

THE COSGRAVE BREWERY CO. OF TORONTO, LIMITED

DON'T BUY THE REVOLVER

Clerk Who Sold Weapon Exonerates Hattie LeBlanc.

CAMBRIDGE, Mass., Dec. 9.—The LeBlanc murder trial to-day was a long-distance duel by legal methods between the youthful defendant, Hattie LeBlanc, and Mrs. Lillian Glover, the widow of the Waltham laundryman.

Nearly a dozen men and women who knew the Grovers and Hattie more or less intimately, occupied the witness stand to-day. Their testimony tended to show that Glover was persistent in his attentions to women, that his wife

became so angry on many occasions that she was heard to say more than once that she would like to kill him and that she had applied indecent epithets to him.

Thomas J. Coffey, a clerk in a Boston sporting goods house who sold the revolver that was used in the shooting, said that a woman bought it, but when Hattie LeBlanc was led past him, he declared that she was not the woman.

BREWERY WORKERS WANT MORE

It is understood that the Brewery Workers' Local Union are contemplating a demand of a general increase in wages of \$2 per week at the expiration of their present agreement, which expires in March.

York County and Suburbs

NORTH TORONTO.

NORTH TORONTO, Dec. 9.—(Special.)—On Sunday evening Rev. T. E. Bartley will speak in the Eglinton Methodist Church and in the morning Rev. Mr. McGee of British Columbia. Eglinton Lodge, L.O.L. No. 268, held their installation of officers last night. Everybody had a fine time.

The Ven. Dr. Carmichael of King City will occupy the pulpit of Eglinton Presbyterian Church on Sunday morning. Dr. Carmichael, with his 50 years of active ministry, is excelled by few in hard work.

Altho a number of names are suggested largely thru the fertile brains of the editors of the two respective local papers, as time goes on it begins to look less and less as if there would be a real live contest for the position of mayor and councillors. Only one candidate has so far definitely announced his intention to enter the limelight and that is ex-Councillor Frank Grice of Davisville. The rumor has been persistently circulated that Mayor Brown would not seek a third term as chief magistrate, tho on what grounds it is hard to say. Every member of the town council will, with the possible exception of Mr. Pears, seek reelection, and the near approach of the battle, if battle there be, may influence the chairman of fire, water and light to line up for the fray. An election without any candidates would be a tame affair.

The ratepayers will, however, have no lack of material with which to wreathe at the polling booths, as the several bylaws and plebiscites under way will be enough without the distractions of aldermanic candidates.

Of the bylaws the sewerage has evolved a lot of opposition even among the members of the council, and nobody seems to know what the outcome will be. The annexation and hydro-electric bylaws are generally favored around town, and conversation among the citizens reveals little real opposition to either of these projects.

At the Saturday night meeting of the Ratepayers' Association, the subject under discussion will be "The Hydro Electric Plebiscite." All are invited.

UNIONVILLE.

Markham Township Conservatives Will Hold Rally on Friday.

UNIONVILLE, Dec. 9.—(Special.)—The annual meeting of the Markham Township Conservative Association will take place in Victoria Hall in this village on Friday, Dec. 16, at 2 o'clock sharp. Capt. Tom Wallis, M.P., Alex. McCowan, M.L.A., and various other prominent citizens will be present. Herbert Lennox, M.L.A., will be here. Let there be a rousing rally at this meeting and make it a record breaking event. Everybody welcome.

EAST TORONTO.

J. W. Jackson is Definitely in Field for Board of Education.

EAST TORONTO, Dec. 9.—(Special.)—J. W. Jackson, a former member of the York Township Council, and who last year contested unsuccessfully the position of alderman in ward 3, has decided to again be a candidate this time for the board of education. Mr. Jackson polled a splendid vote last year and there every assurance that he will be one of the incoming board of education for 1911. Courteous, painstaking, and with a thorough knowledge of the conditions in the east end of the city, gained by a long residence there, he is admirably adapted for the duties. Ward 1 will make no mistake in electing J. W. Jackson for the board of education.

WEST TORONTO.

WEST TORONTO, Dec. 9.—(Special.)—Humberdale Collegiate Institute held its annual commencement in the auditorium this afternoon and the event was largely attended. Principal Gobeck delivered an address, and the certificates were presented. Principal Maurice Johnston of University College also gave an address.

A large plate glass window in the jewelry store of J. L. Laughton, 1633 Dundas-street, was cracked this morning, due to the action of the frost. The noise was heard two or three blocks away.

Matters municipal are living up and a good fight is expected. C. F. Wright, a former member of the public school board, is generally looked upon as a good man to enter the lists for the board of education, but he is said to be averse to this course.

MARKHAM VILLAGE.

Newly Notes of Interest Picked Up Around the Hub.

MARKHAM VILLAGE, Dec. 9.—(Special.)—Mrs. Watters, wife of Dr. W. R. Watters of East Toronto, has been spending a few days with Rev. and Mrs. J. R. Wilson, the former being for some years pastor of the Hope Methodist Church in East Toronto.

T. H. Hazard lost a fine Clydesdale imported stallion a few days ago from vulgar disease of the heart.

M. C. Seby has sold his house and lot on Main-street, which he bought three years ago, to James White, butcher, of the village, for \$550.

Mr. Gluchrist of Kirkfield has been appointed to the principalship of the Markham School.

The Oddfellows' Lodge are giving a splendid concert in the town hall here to-night, and the building is crowded.

J. O. Herity, the popular editor of The Markham Sun, is closing up the transfer of the business here and will leave for Belleville in the morning. Mr. Herity will edit The Daily Ontario.

Rev. Dr. Langfield of Ashburnham will conduct services at Grace, St. Philip's and St. Paul's on Sunday. Municipal matters are very quiet in town, and nothing startling has so far developed.

J. A. Davidson, ledgerkeeper of the Standard Bank, has been transferred to Newcastle.

COOKSVILLE.

COOKSVILLE, Dec. 9.—(Special.)—The dedication and opening of the new Presbyterian Church at Dixie is to take place on Sunday next, when the Rev. Dr. Kestrick of Knox College is to conduct two services, one at 11 a.m. and another at 7 p.m. On Mon-

MUST GO THRU THE COURTS

Before Aylsworth Can Act in Federenko Case. The local labor committee that has taken up the case of Federenko, has received word from the minister of justice saying that he is powerless to do anything until the case has run thru the whole course of the Manitoba courts. This will cost about \$20,000 and the fund that has been raised amounts to only \$2,000. The local labor men subscribed \$300.

IT IS FAR BETTER TO BE AN OLD MAN WHO FEELS YOUNG

THAN A YOUNG MAN WHO FEELS OLD

HERE IS AN OLD YOUNG MAN. Years count for nothing if you have the vitality. You can feel young all your life where there is ample nerve force to back your courage. Let me make you a "HEALTH BELT MAN." Let me supply you with that vim, vigor and manly strength which conquers all obstacles. A man at 60 should be in the prime of life; early decline unfit for the world's work. I have talked with more than 100,000 debilitated men; the lack of vital vigor is responsible for most failures; you can't command the attention and admiration of women or even men if you lack personal vitality. My HEALTH BELT fills you full of vital force; it strengthens weakened parts; it gives you courage to meet squarely any eyes which may look into yours. You become as attractive in your personal influence as the strongest, most full-blooded man you know. Thousands upon thousands have been cured by my HEALTH BELT. Worn night for two or three months, it sends the continuous tonic current of electricity into your system all the time you are sleeping. No privations, no medicines, no restrictions, excepting that all dissipation must cease. Cures weak back in one night; benefits from first hour. It has cured parts. Used by both sexes for rheumatism, kidney, liver, stomach, bladder disorders, etc. John Mulholland, Tyneside, Ont., writes: "Your Health Belt restored me to manly vigor. Use my name as you see my office, otherwise send for the free books which explain all and tell you how, for a few dollars, my Health Belt will give you back your manhood. No charge for advice at office or by mail. Use the coupon if more convenient."

FREE UNTIL CURED

Call or write to me and I will at once arrange to let you have the Belt on trial, not to be paid for until cured. No deposit or advance payment. Send it back if it doesn't do the work. Liberal discount for cash if you prefer to deal that way.

DR. A. B. SANDEN CO., 146 Yonge Street, Toronto, Ont.
Dear Sirs—Please forward me your book as advertised.

and 8:00 o'clock

The Birmingham of Canada

WELLAND has secured more Canadian branches of American industries in the last two years than any other Canadian city. Think this over—it means something.

WELLAND has forty-six passenger, mail, and express trains stopping at the stations of different railways every day.

WELLAND has every trunk (seven in all) passing through the corporation limits of this thriving town.

WELLAND is not the only other manufacturing centre that offers inducements so alluring or commercial advantages so powerful.

WELLAND has its own open rolling mills, and steel plants. These attract all industries in the iron and steel trade.

WELLAND has the cheapest gas in the Dominion, gas being sold at 1.50 per 1000.

WELLAND is the door through which pass the products of the East for the consumer of the West and the products of the West for the markets of the East.

WELLAND

WELLAND has more railroads.

WELLAND has a cheaper power.

WELLAND has cheaper light.

WELLAND has free sites.

WELLAND is on the great

WELLAND CANAL

From the above causes come the following results:

Population

1906, Welland had 17,000
1910, Welland had 25,000

1910, Welland should have 30,000 according to the prophecy of a leading Toronto newspaper.

Factories

1906, Welland had 15
1910, Welland should have 40 as a very reasonable estimate.

Make Your Money GROW

Welland South

This is the name of the subdivision where we are offering a limited number of lots for sale. It is the most desirable available property adjoining the industrial section, where the factories are, and suitable for a high-class residential district. Lots of 25x120 and up.

Terms—\$25 down—balance \$10 per month.

Exchange Offer—Purchasers will be allowed full amount paid in exchange for any unexpired lot within three months.

Enthusiastic Praise

Recommends It to His Brother

Received your shipment of Foso O. K. and will say it is the finest scalp remedy I ever used or heard of. I don't think any one ever had a worse head than I for 10 years and all the hair restoratives and scalp cures I could get did very little good. But in a week after I began to use your Foso my head was clear from dandruff and all itching stopped and my hair began to look different. I used the first shipment and then waited till it got warm weather to use the second. I had very little trouble after using the first shipment but the second seemed to have cleared my scalp perfectly and am still using it to perfect the cure. All the other trucks I had used did not do so much good as one bottle of Foso. I recommend it to all I see. Yours for good luck—A. C. Almy, The Foso Co., Sheridan, Wyo.

P. S.—You might send some of your literature to my brother, who has a good head—C. C. Almy, 159 Penn Ave., Aurora, Ill.

Has Done Everything Claimed

Wants More Right Away

Dear Sir: Regarding the benefits received from the use of the Foso Remedies by myself, can truthfully say they have done everything for me you claim for them. I was losing my hair very fast, but it is getting less every day, and it is growing very thick. This is the only remedy that ever did me any good and I am glad to tell you so. Therefore, I wish you would send me enough and send me another apply as quick as you possibly can for I have only enough for a few days' treatment. Yours truly, Miss Dana, 227-A Gravois Ave., St. Louis, Mo.

Was Losing All Her Hair

Five Weeks Making Big Difference

The Foso Co. received your Foso hair remedies about five weeks ago and I find a great improvement. I was losing all my hair all the time and now it has stopped falling out and is coming back in its natural color. I am so well pleased with your remedy that I am sure it will do for every one. Respectfully yours, (Mrs.) J. P. Mitchell, P. O. Box 23, Fowellsville, N. C.

"It Did the Work"

Answered Ad. and is Glad

Foso Hair Remedy Co. Dear Sir: I read your ad. in the paper some time ago for your hair remedy and sent for a month's treatment and it did the work. It stopped my hair from falling out and at the end of the month my head was covered with a new growth, so I have decided to try it again. Please send me one month's treatment of your hair medicine—Ben Aloor, Dundas, Douglass Co., Kans. R. F. D. 4.

It is the Best Kind

Tells Her Friends About It

The Foso Company, Cincinnati, Ohio. Dear Sir: I am very pleased with the use of your hair treatment. It is the best kind I ever used and I shall not forget to tell my friends about it. My hair is growing nicely and thick and it seems to look pretty every day. I would like to have you send me six bottles of your treatment. I will send the money with this letter. Yours very truly, Sophie Bidstrup, 10 Toronto St., Concord, N. H.

Hopes Every One Will Try It

Such Praise Seems Well Deserved

The Foso Co. I am 61 years of age and have been using the Foso Foam Hair Remedy for about one year. When I first commenced using this remedy I was practically totally bald, but after using this remedy, I wish to say that at the present time I have nearly a full head of hair. I highly recommend this remedy for anyone who is in need of such a remedy.—John H. Lee, Prosser, Washington.

Every Man or Woman May Have a Beautiful Head of Hair by Using the Wonderful Foso Treatment. Let Us Send You Free A \$1.00 Package and Prove It To Your Own Satisfaction.

Saw An Ad— Answered It

Now She Rejoices. Tells About Her Experience

The Foso Co., Cincinnati, Ohio. Gentlemen: I began using your remedies or rather treatment for the hair about one year ago. My hair was coming out so bad I could comb out great combs full of hair. I saw your advertisement and I sent for one month's treatment. I used it according to directions and found it to be just right. I sent for a second treatment and I can truly say it was the finest and the grandest for the hair and scalp that are in use today. All the other so-called hair growers are nothing in comparison. After using it a few days my hair stopped coming out and my hair commenced to grow and so smooth and glossy, and as I am 64 my hair was turning gray and it brought my hair back to its natural color. I was so pleased and I thank you again and again for urging me to use them. Respectfully, Mrs. Maggie Moles, Cove, Ohio.

Could Not Ask Anything Better

Gentlemen: I have used your Foso treatment now for about two years and it has given me entire satisfaction. The hair has stopped falling out and new hair has come out. It has done all I expected it to do, and will and have recommended it to many at Mason City.—John H. Lund, Mason City, Iowa.

About to Give Up Hope

Just A Little Persistence All That Saved Him

Dear Sir: For seven years my hair was falling out and I tried every remedy known without results and also all the doctor's medicine. One day I happened to pick up a magazine and saw your advertisement in it, so I thought I would give it a trial. I sent you for a trial and started in using it. I used two bottles and had about given up hope but you urged me to keep on using it—that I did. I sent for another bottle and by the time it was half gone my hair had grown one inch. I recommended your remedies to any one affected with scalp trouble. I give you right to publish this letter. Thanking you very much for your interest in me. Yours truly, Geo. Blair, 54 Van Dam St., Saratoga Springs, N. Y.

Would Not Be Without FOSO

To the Foso Co., Cincinnati, Ohio. Gentlemen: Please send me this order of hair preparation for the hair. I have been using it all this while and would not do without it. It is the best kind I ever used and I shall not forget to tell my friends about it. My hair is growing nicely and thick and it seems to look pretty every day. I would like to have you send me six bottles of your treatment. I will send the money with this letter. Yours very truly, Sophie Bidstrup, 10 Toronto St., Concord, N. H.

Will Continue

Says Nothing Like FOSO

The Foso Co. Dear Sir: I never used anything like your hair remedy. I intend to continue its use until I get my hair in a good condition. My hair improved so much since I began its use.—Sam Bullis, Bullis, Texas.

Doesn't Want To Run Out

Keeps It Going

The Foso Co. Dear Sir: My hair is getting along nicely. I should say it is the greatest hair remedy put on the market today. Send me soon as possible because I have used my last remedy. Send to Yours truly, Miss Laura Meyer, Milwaukee, Wis.

Nearing 70 Years

Col. Wheelock Says, He Knows

The Foso Co., 522 Main St., Cincinnati, Ohio. My Good Friends: For as such, I certainly regard you as I hope every person does, who has tried your valuable Foso Remedies for the afflictions of the human scalp, and have realized its benefits, as I certainly have, and that too, at my age in life, for I am near the interesting period of seventy years, and regard myself as fully capable of knowing a "good thing." After I had given it a thorough trial, as I have, to Foso, by using it for the past several years, and I know that Foso when rightly used, is a sure and certain remedy for diseased or hairless human scalps. I make this statement of my own free will and simply because of my sincere appreciation of its real worth; having thoroughly tested it at different times with satisfying results. Your grateful friend, Col. A. A. Wheelock, Orting, Pierce Co., Wash.

Bald and Gray

Sends Thanks For Help

Foso Co., Cincinnati, Ohio. Gentis: Before I began using your remedies I was almost bald and what hair I had was entirely gray. Thanks to your help I have a fine growth of hair started, and growing in its original color. Thanking you for the help of your wonderful remedies, I am, yours truly, F. M. Buhler, Box 117, Brownsville, Texas.

Dandruff is Easily Stopped

By using Foso. Sometimes a single treatment will do it if thoroughly applied. All scalp diseases yield to this treatment and it quickly restores gray or faded hair to its natural color. A trial will speedily convince you.

Falling Hair is Sick Hair

Foso cures it, makes hair healthy, starts a new growth and covers bald spots. Natural color restored, dandruff cured, inflammation stopped. All germs hidden under scale or dandruff that are sapping the life out of the hair are destroyed and health and vigor renewed. Try a package today, it will delight you.

No More Gray Hair

Foso Hair and Scalp Remedy brings your hair back to its natural color, gloss and vigor. It is not a dye, but a true hair food that destroys the cause of the trouble and assists nature to supply the pigment or coloring matter. It quickly cures dandruff. Why look old before your time?

Brittle Hair That Splits

Is caused by the hair being too dry and harsh because of lack of oil. Brushing under such conditions does more harm than good. The application of Foso speedily overcomes this difficulty, makes the hair take on new life and growth, and returns to its natural color and glossiness. Hair health is yours for the asking.

Food For Hair

Is as necessary as for the body. Hair, lacking proper nourishment, gets dry, brittle and dull in appearance. Life and gloss disappear when the food elements required are lacking and the scalp is not able to supply the same. Foso invigorates and supplies what nature demands. Good hair is an index to good health.

The Beauty of Hair

Depends upon what care you give it and how well it is fed. Didn't you know that hair gets hungry? Well, it does. When the follicles are unhealthy and cannot perform their functions properly, the hair droops, becomes sickly, has no gloss, becomes gray. Foso feeds the hair, gives it health and restores its natural color. A woman's crowning glory is her hair.

Baldheads Rejoice

When they try Foso. Many who have been bald for years now have a perfect crop of hair grown by the proper use of Foso, which is the best specific known for diseases of the scalp. The hair quickly regains its natural color, too. Good hair is proof of a strong constitution.

Loses Hair After Measles

Dear Sir: Twelve years ago I had the measles and ever since then a very number my hair came out by handfuls. It is a wonder to me that I have any left. But last summer when I got some of your remedies and used it my hair stopped coming out in a very short time, some would come out once in a while, but not many. I have used many different kinds of hair medicine in the last 12 years, but I can say with all my heart that yours has done the most good for me. I have got some new hair on my head now that started after I used your remedies. I will say again that your remedies that I used before, they are too many to name, but nearly all kinds. I think there is nothing as good as yours. My hair is nicer and softer now than it has ever been before. Sincerely yours, Mary Lang, P. E. 14, Ottosen, Iowa.

BADLY DISFIGURED

Physicians Hopeless To Assist Recovery

Foso Co., Cincinnati, Ohio. Gentlemen: When I wrote you the bald spots on my head were all covered with hair. I used your Foso remedies the 20th of Nov., 1909. I had what the doctors called alopecia. My hair came out by handfuls. I had to wear a wig to hide the scalp. My physician diagnosed my case. They couldn't find any disease of the scalp. They said the way that made my hair come out the way it did was so worried about my hair that I thought I would try the Foso remedies. Now I haven't a bald spot on my head and I can begin to do up my hair like other people do. I used the medicine strictly as directed for about five months, then didn't use it so often. I am still using it. I expect to use it as I think I need it right along for I do think it has done much for me. I am 54 years old. My hair growth has been rather slow, but I am very proud of my hair now.—Mrs. Mary Fulton, Ind.

Nothing Could Be More Convincing

A Case Like This One Should Prove Convincing

Foso Co., Cincinnati, Ohio. Dear Sir: In regards to your Foso hair remedy I can say without doubt that it will grow hair on any one's head that is without hair for I was bald and had been for 17 years and today I have a nice head of young hair that covers my head. So I will ask you to send me two more boxes of your tonic by return mail. Yours as ever, J. S. Watts, 5th and Meadow Aves., Charlevoix, Pa.

Has Confidence After Trying

The Foso Co., Cincinnati, Ohio. Gentlemen: I was away from home when your letter arrived, but it was forwarded and reached me a few days ago. I have been and am still using Foso Remedies according to the directions. Am just out of the Tonic. I ordered quite a lot the last time it takes time. Yours truly, E. J. Thompson, 4740 Madison Ave., Chicago, Ill.

Gets Good Results

Even From A Sample Package

Foso Co. Dear Sir: I received the sample of your Foso Tonic Soap and I must say that it has done me more good than all the hair tonics I have ever tried, which is saying a good deal. Yours respectfully, Mrs. Ock Lish, 1105 Sherwood St., Missoula, Mont.

Would Not Change

Entirely Satisfied With Results She Is Getting

The Foso Co. Kind Friends: I am sorry you did not receive my letter, stating how well pleased I am with the remedy. Well, I must say again, I have never used anything to equal the Foso remedy and would not change for anything new or cheap for my hair is again as thick and very much longer. Yours truly, Anna Blair, 1556 Ogden St., Denver, Colo.

QUICK RESULTS

Spasmodic Use For Only Six Weeks Demonstrates Merit

The Foso Co., 548-50 Main St., Cincinnati, Ohio. Gentlemen: I find your remedies excellent, producing quite a noticeable growth in four to six weeks, also restoring the color and vigor of the hair. They give the most pronounced results of any hair remedies I have ever used. My use of them has been rather spasmodic and still the results have been most beneficial, producing new growth better color, and stopping the falling of the hair. Yours very truly, Mrs. E. M. Herr, Cedar Heights, Ore.

Even One Month's Use Brings Satisfaction

The Foso Co., Cincinnati, Ohio. Dear Sir: After having used your hair tonic for nearly a month I find it the best I have ever tried. Respt. yours, Harry T. Johnson, 1217 27th St., Sioux City, Iowa.

A Start is All That is Necessary

She Could Not Stop Now

Gentlemen: The "Foso" remedies have proved more good than anything I ever used. My scalp was covered with dandruff and also itchy, but since I used "Foso" my scalp is in a good condition. I would not stop using it for anything or any other cheap remedies. I know it. Truly yours, Miss Anna Blair, 1556 Ogden St., Denver, Colo.

RESULTS WONDERFUL

Now Comes Word "Please Send More"

Dear Sir: Please send me another package of the Foso treatment for the hair. I have used up the first treatment and I think it has done wonders. I was particularly bald and now fine hairs are starting to grow, so I wish to get another package. Respectfully, Mrs. Olson, Spring Valley, Pierce Co., Wis. Box 117.

SEEMS LIKE A MIRACLE

Very Thankful And Writes Of Her Gratitude To Foso Co.

Gentlemen: I have neglected to write you before this, but will take the time to tell you that I am well pleased with your Foso Hair Treatment. My hair is coming in thick and dark and the natural color. It seems like a miracle almost—the old faded gray and dead hairs are all coming out to give place for the new growth. I am very thankful that I have tried your treatment. I never neglected to recommend your treatment, but that I meet that are getting bald headed, or their hair is getting dead or faded. I give you all the credit for it. I am, yours truly, Mrs. Jessie N. Carroll, Kalamazoo, Mich. R. F. D. No. 1.

FEELS A DUTY

To Inform Of Wonderful Results

Gentlemen: I feel it my duty to inform you of the wonderful results that I have obtained by the use of Foso as a hair remedy. About a year ago I was nearly bald. I had tried several hair remedies that I was told would restore my hair, from which I obtained no benefit. I had given up all hope of recovering my hair when Foso was recommended to me, which I used as you are aware and now I have as thick a head of hair as anybody. I do not think that there is any class of people who have not used Foso. I only use the Foso remedies. I cannot find words to express my thanks to you for what your remedy has done for me. Yours very truly, Cora Cheever, 874 Van St., O. Box 66.

Cleans and Restores

Experience Covering Two Years

Gentis: I have been using your Foso Head of Hair Remedy for two years. It cleans the hair and restores the scalp of dandruff that I had for years. I have never seen or tried. L. Williams, O. Box 66.

ASTONISHED

And Delighted. The Conversion Of A Non-Believer

Foso Co. Dear Sir: Yours of the 24th inst. at hand got in reply would say that I received your trial treatment of Foso Tonic, Foso Foam and Foso Soap and used them with results that delighted and astonished me. I was always a non-believer in hair tonics—thought they were no good—my hair was coming out and I was nearly bald, and my head had little sores all over it. I had given up hope. One night I happened to see your ad for Foso treatment. Well, said I to my wife I am going to write and get this stuff. I know it won't do me any good but it can't make my head any worse than it is now and it's free anyway—won't cost anything to try—so I wrote for the free trial you so kindly offered. When I received it, I read all the accompanying literature over several times, and after a few days I prepared the tonic, etc. and with little faith started to use it. Inside of three days I noticed my hair was not coming out—hardly any—so I had nothing but more encouragement and continued the treatment with the result that the free trial has cured me entirely. My hair is now solid. I don't find any on the brush and comb as I used to before using your treatment. I shall be pleased to recommend it to anybody. Thanking you kindly, I am, yours truly, J. S. MacLeod, Occom Ridge, Hanover, N. H.

RAILWAY BOARD'S POWER TO WIELD "BIG STICK"

H. C. Hocken Points Out What Commissioners Could Do to Relieve Toronto If They Wanted to.

H. C. Hocken writes The World expressing regret at the revived agitation for the expropriation of the Toronto Railway Co., which, he believes, is what the company desires, and declaring that the laws already enacted by the provincial legislature provide the means to fully protect the interests of the citizens.

"The public has been brought to the present pitch of exasperation that they might more readily listen to the arguments in favor of expropriation," is his opinion. "It is so greatly in the interests of the company that there can be no doubt whatever that the directors would be glad to enter upon arbitration proceedings. They would have a right to claim the value of the unexpired term of their franchise. They can show net profits last year of \$1,500,000. They will be able to show from their records of the past ten years that there has been a progressive increase in their net revenue. If they establish their contention for a proportionate increase, they would be able to make out a good case for a payment of at least \$20,000,000 for prospective years alone. Add to that the value of their plant as a going concern, which is represented by stocks and bonds to the amount of \$15,000,000, and we have the sum of \$35,000,000 as an inside figure that the city would have to pay at the present time to recover the franchise.

"If the citizens were led into such an expenditure as this it would mean that the capital charges to be met on street railway account would make it impossible for them to secure a reduction in fares for years to come. Are they willing to consent to a contingency as this, especially in view of the fact that the existing statutes of the Province of Ontario, if reasonably applied, provide a simple remedy for the present intolerable situation?"

Powers of Railway Board. To prove my contention that the law provides a sufficient remedy, I refer your readers to Chapter II of the Statutes of Ontario, 1906. This is an act constituting the railway and municipal board. It gives that board power to order as many cars as the traffic of the city demands and to regulate the details of the operation of the whole system in conformity with its agreement with the city. Clause 10 reads: "Where it is alleged by a municipal corporation having jurisdiction over, or maintaining a highway, along which a railway is operated, in whole or in part, under an agreement between such municipality and the company operating the railway, that the company has violated or committed a breach of such agreement, or where it is alleged by such company that such municipality has violated or committed a breach of such agreement, the board shall hear all matters relating to such alleged violation or breach of agreement, and shall make such order as to the same as it may seem, having regard to all the circumstances of the case, reasonable and expedient, and such order may, in its discretion direct the company or the municipality to do such things as are necessary for the proper fulfillment of such agreement, or to refrain from doing such acts as constitute a violation or breach thereof."

"It is clear to every citizen of Toronto, and must be equally apparent to the members of the railway board, and to Sir James Whitney and his government, that the Toronto Railway Company is endeavoring to handle its traffic without a sufficient number of cars. It is reasonable to suppose that the railway board should order the company to provide more cars, and if necessary to their efficient operation, put some of these on routes where there is no congestion of traffic, and thus relieve the congested streets. This clause gives the board the widest power to enforce the terms of the agreement by the Toronto Railway Company in a reasonable way. The act also confers upon the railway board the most complete power to enforce their order.

Can Take Over Railway. To prove this I quote sub-sections No. 2 and 3 of clause 63, which immediately follow: "The board may take such steps and employ such persons as may be necessary for the proper enforcement of such order, and in pursuance thereof they may, if they so otherwise enter upon, seize and take possession of the whole or part of the property of such company, together with its books and officers, and may, until such order has been enforced, assume and take over all or any of the powers, duties, rights and functions of the directors and officers of such company and supervise and direct the management of such company and its railway in all respects, including the employment and dismissal of officers and servants of the company for such time as the board shall continue to direct such management. Upon the board so taking possession of such railway and property, it shall be the duty of every officer and employee of the company to measure up to the point of private corporation. This may be due to the persuasive powers of the representatives of the Toronto Railway Company, or to the inability of the commissioners to fully grasp their responsibility to the public.

"It will be seen, therefore, that Sir James Whitney may play upon the statutes of this province an act which provides for the protection alike of the interests of the citizens and of the company.

Board Has Failed. We are brought to our present condition because of the failure of the railway and municipal board to use its powers for the protection of the public. It is inevitable that an act that confers so much authority upon the railway commissioners, is capable of being used for the oppression either of the company or the public. It is unfortunately the case that in every dispute between the municipality and the Toronto Railway Company, the commissioners seem to have lost sight of their duty to the public and consented to measures which are oppressive, but to measure up to the point of private corporation. This may be due to the persuasive powers of the representatives of the Toronto Railway Company, or to the inability of the commissioners to fully grasp their responsibility to the public.

Grand Trunk Pacific Townsite Lots at Biggar Should Double in Value Within the Next Year

ALL LOTS CLOSE IN

And very desirable, no low, wet or marshy places. The farthest out lot is 9 blocks from School and 5 blocks from Main Street, and there are only a very few lots in this entire townsite over 3 blocks from Main Street.

Biggar Future Important City of Western Canada. Commercial and Railway Centre of Western Saskatchewan.

In the very heart of one of the richest and best agricultural districts of all Western Canada—526 miles west of Winnipeg—267 miles east of Edmonton—300 miles northeast of Calgary—300 miles northwest of Regina, and 50 miles south of Battleford, is the prosperous, growing town of Biggar

DIVISIONAL POINT ON THE MAIN LINE OF THE GRAND TRUNK PACIFIC AND TERMINUS OF ITS BATTLEFORD AND ITS CALGARY LINES

Besides being a divisional point on Canada's National Transcontinental Railway—the Grand Trunk Pacific—Biggar is the terminus of its line to Battleford, also the terminus of its line to Calgary. These two lines are to be hurried to completion. Biggar is also on the Canadian Pacific's Winnipeg-Edmonton line. Situated as it is—surrounded by fertile lands, desirable for grain growing and mixed farming, and favored by such splendid railway facilities for shipping and distributing to and from the markets of the world, Biggar is destined to become an important commercial city and the railway centre of Western Saskatchewan.

BIGGAR IS PAST THE EXPERIMENTAL STAGE

While it is true that Biggar is just starting, and was only incorporated a village in the Spring of 1908 (hardly two years ago there was not a house in Biggar)—Biggar is to-day a busy, prosperous town. It has General stores, Implement houses, Hardware stores, Grocery stores, Butcher shops, Drug stores, Lumber yards and other business houses, all busy and prosperous. Biggar has two Hotels, Confectionery stores, Jeweler and Optician, Office of Dominion Lands sub-agent, Dominion Express Co., Canadian Express Co., Weekly Newspaper, Barber Shop, Tailoring Establishment, Pool and Billiard Room, Dray and Transfer Co., and Livery and Feed Stables. Biggar has just completed its new School Building, at a cost of \$14,000, one of the finest school buildings in Western Saskatchewan. Biggar has just authorized the issuing of \$15,000 worth of Debenture Bonds for Water Works System. And all this within two years. Can there be any question regarding its future?

BIGGAR AS A DISTRIBUTING POINT

Its location and railway facilities are such that Biggar must eventually become a most important distributing point. Manufacturers are quick to recognize such conditions, and will build warehouses in which to store their merchandise, and from which goods will be distributed. Already the Massey-Harris Company has built a warehouse at Biggar, and is distributing machinery throughout the territory surrounding and tributary to Biggar. The Security Elevator Company has erected a large elevator, and is now handling the grain in this locality.

BIGGAR AS A WHEAT MARKET

It is estimated that there were between 100,000 and 150,000 bushels of wheat harvested in the district of Biggar last year, and those in position to know state that there will be several acres of ground cultivated and planted next year to every one that was under cultivation this year. Biggar is the natural market for the wheat and other farm produce raised in this district.

BUSINESS FOR BIGGAR MERCHANTS

The Farmer will find a ready market at Biggar for his grain, vegetables, cattle, hogs and other farm products, and this will be the farmer's trading place. He will purchase his supplies at Biggar, building materials, farming implements, etc. This trade in itself assures the Biggar merchant a prosperous business. It is a divisional point on the Grand Trunk Pacific, whose shops and round house here employ a considerable number of men, who, together with trainmen and their families, will live in Biggar, and will spend their money with Biggar merchants. Employers of factories, mills, and manufacturers, who will have branches at Biggar will make their homes at Biggar, and will contribute to the prosperity and wealth of the community.

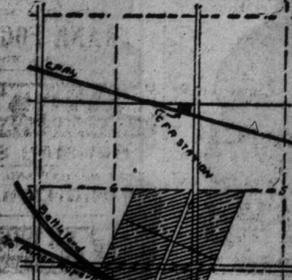

Biggar Lots Will Make Money for You

An investment in Biggar lots is not only one of the best, but one of the safest investments.

Biggar real estate should, and undoubtedly will, double in value within the next year. Practically without any exception investments in town lots at first prices make big money for the investors. You undoubtedly have in mind, or if you stop to think you will recollect many times that you could have purchased lots in this place or that place when it was just starting—just as Biggar is to-day—at prices which, if you had accepted, would have made you independently rich.

Those who purchased lots, not 20 or 30 years ago, but only a few years ago in Calgary, Edmonton, Regina, Moose Jaw, Saskatoon, Lethbridge and other Canadian Western Cities, when they were no larger than Biggar is to-day—and none of these towns at the beginning had any better advantages than Biggar has to-day—have seen their investments double in value many times. For example—lots which sold in Moose Jaw for \$100 are to-day worth from \$1000 to \$2000 each; lots in Lethbridge that sold for from \$500 to \$500 are to-day valued at from \$12,000 to \$15,000. Lot 1 in block 7 in Melville was sold in August, 1908, for \$400. The following December this same lot was sold for \$2500 in cash.

Investments made in towns with the right kind of country and the right kind of resources, and the right kind of people behind them, will surely be big paying investments. This is the kind of a town Biggar is.

TOWNSITE OF BIGGAR

The above map shows Biggar's railway facilities. The present town, and lots now being offered, are located in shaded sections. The open space starting at Grand Trunk Pacific Station and continuing to a point between 5 and 6 on the above sketch is Main Street. There are three rows of blocks laid out on each side of Main Street. The line crossing the Townsite and Main Street about half way between the Grand Trunk Pacific Station and the town limit is Sixth Avenue. The new \$14,000 school is one block east of Main Street, just south of Sixth Avenue. The farthest lot from the school is nine blocks, and the distance from the school-house to the Grand Trunk Pacific Station is five blocks, and to the C.P.R. Station twelve blocks. The lots in this townsite, now being offered, are the most desirable lots in Biggar to-day, and must eventually be the most valuable when Biggar becomes a City.

MR. J. LUCKEY, SECRETARY-TREASURER OF BIGGAR.

Written under date of Nov. 14th, 1910: Biggar's assessment valuation is about \$225,000.00, and many new buildings in course of construction, and others being arranged for nearly every week. The country round Biggar is first class farming land, and is just beginning to develop. Those who have settled here are Canadians, Americans and British. Many have come in this season and worked wonders on the rich prairie land. Land that in the Spring was wild marked with buffalo paths, is now turned over and worked up ready for seed in the Spring. This shows what kind of hunters these settlers are. The Grand Trunk is building a line from Biggar to Battleford, and the line from Biggar to Calgary has been surveyed. In a few years this will be a great railroad town, and in connection with being situated in the heart of a great agricultural country, Biggar will be one of the important cities of Western Canada, and the leading town in the West. We have the goods and can back it up. (Signed) J. LUCKEY, Secretary-Treasurer.

SECRETARY BIGGAR BOARD OF TRADE

Under date of Nov. 21st, writes: "I would like to point out many reasons why Biggar should become a City of considerable size in the near future."

"From a railway point of view it has advantages that are overlooked by many—advantages that are not perhaps in evidence, and are overlooked by the average person, for they only see the advantages of Biggar as a divisional point on the Canadian Transcontinental Railroad, the Grand Trunk Pacific, which secures its future, but to me the fact that we have a line going out from here to Battleford, connecting with a line from the famous and fertile Cut Knife district, and another line from here to Calgary, makes me very optimistic regarding the future of our town."

"Possibly one of the strongest points, and one of the greatest advantages that Biggar has is the return that one gets for labor and capital of land here, advantage that will eventually be recognized by the farmer in the development and future growth of Biggar. The difference between the cost of production and the market price of a crop is scarcely credible to one accustomed to conditions of older and more settled countries. There is profit in growing and raising everything here. The farmer is certainly having his inning now, and it is the profit that is made in growing and raising everything here. The farmer is certainly having his inning now, and it is the profit that is made in growing and raising everything here. The farmer is certainly having his inning now, and it is the profit that is made in growing and raising everything here."

"There is money here for everyone if they only half know their work, and only need a little help to duplicate and surpass the records of our prize towns, such as Saskatoon and Edmonton. It cannot be over-stated that these conditions apply to a large portion of the West, but nowhere to a greater extent than here at Biggar, because of the soil's fertility and its special adaptability for mixed farming." (Signed) S. E. SHAW, Secretary Board of Trade.

RARE OPPORTUNITY

A chance to buy at such low prices, and on such easy terms, choice close in lots in a prosperous growing town that must eventually become an important City and Railway centre. An opportunity to make a safe and extremely profitable investment.

ONLY A FEW LOTS LEFT

74 BUSINESS LOTS

Prices From \$150 to \$400 Each. 30 lots, size 25x140 feet, First Avenue, within two blocks of Main Street, and within two blocks of Depot, fine business property, price \$225 each.

22 lots, size 25x140, on Second Avenue, within two blocks of Main Street, and within three blocks of Station, price \$250 each.

7 lots, size 25x140, on Third Avenue, within two blocks of Main Street, and within four blocks of Station, price \$150 each.

15 corner lots, 25x140, on First, Second and Third Avenues, one to four blocks from Station and one to two blocks from Main Street, prices \$200, \$250, \$300, \$350 and \$400 each.

100 LOTS

Prices \$100 and \$150 Each.

These lots are all within three blocks of Main Street and from two to seven blocks from School, and are all 50x140 feet.

80 inside lots, price \$100 each.

20 corner lots, price \$150 each.

INFORMATION TO PURCHASERS

Owing to the small number of lots available at Biggar, it is apprehended that many applicants will be disappointed; therefore, lots will be allotted in order in which applications are received. That all persons may have an equal opportunity, we authorize the telegraphing of applications at our expense. Messages must state whether inside or corner lots are desired, and we would suggest that a second choice be given. For example, we would suggest that messages be worded in the following order: "Reserve corner lot Biggar, \$150; second choice inside \$100." On receipt of applications by telegraph we will reserve, and answer by telegraph, giving number of lot and block reserved, on receipt of which purchaser should forward remittance by first mail. Lots reserved by telegraph will not be held beyond the time necessary for remittance to reach us. In ordering, send postoffice order or postal note, bank draft or accepted cheque, and these should be made payable to the Land Commissioner, Grand Trunk Pacific.

Address all Telegrams and Requests for Information to— INTERNATIONAL SECURITIES COMPANY, LIMITED Biggar Dept., 644 Somerset Building, Winnipeg, Man. Make all Remittances to— Land Commissioner, - - Grand Trunk Pacific Exclusive Representatives in Toronto for Sale of Grand Trunk Pacific Lots— The Trusts and Guarantee Co., Limited, 43-45 King St. W., Toronto

APPLICATION BLANK FOR PURCHASE OF LOTS LAND COMMISSIONER, GRAND TRUNK PACIFIC RAILWAY COMPANY, Somerset Building, Winnipeg, Man. I hereby make application to purchase ... Lots in Biggar, Saskatchewan, at \$... each. Total \$... and authorize you to select for me the best of the lots remaining un sold at the price. As first payment on the above lots, I hand you herewith remittance of \$... being one-tenth the total purchase price, and agree to pay the remainder in nine equal payments of \$... per month, for nine months. It is understood that no interest will be charged on deferred payments, and that no interest will be charged on my part until the first payment is made. NOTE—A Discount of 5 per cent. allowed for payment in full with application.

created a condition so acute that the public is exasperated to the point of wrecking the company's property. What Whitney Could Do. "While the responsibility rests primarily upon the railway board, Sir James Whitney has it within his power to secure relief for the people of Toronto and under the circumstances I believe he would do so if the matter were properly presented to him. It should not be difficult to convince him that the present situation is intolerable, that it is caused by a distinct violation of the agreement, and that the simple remedy is to compel the company to provide the cars necessary to handle the traffic with some degree of com-

fort. He should not allow the citizens of Toronto to be forced to the drastic step of expropriating a franchise which was granted by an agreement which was deliberately and validated by the legislature of the province. "A man of Sir James' type will have a natural repugnance to doing anything that might be construed as influencing a judicial body. But his own stature, which I have quoted, expressly serves to him the power to protect the public in the event of the board which he appointed failing to do so. In clause 18 it is provided that the board shall, upon the request of the lieutenant-governor-in-council, enquire into, hear and determine any matter or thing which,

under this act it may enquire into, hear and determine upon application or complaint. Enquiry or Dismissal. "So that the provincial government is in a position to order an enquiry into the whole circumstance connected with the operation of the Toronto Railway Company. And, further, if the action of the board is such that it is unsatisfactory to Sir James Whitney and his government, they have the power expressly reserved in the act to appoint a new board." Chicago Engineer to Lecture. The engineering society of the University of Toronto have secured Rich-

ard Randolph, the noted Chicago engineer, to address them on Monday evening in the physics buildings on the construction of the ship and sanitary canal at Chicago. There will be upwards of 200 lantern views. The public is invited. Bold Burglars. ST. THOMAS, Dec. 3.—Safeblowers got \$150 from the safe of McPherson & Co., general merchants, at West Lorne last night. The rear door was forced open and the robbers piled heaps of clothing and bolts of cloth around and on top of the safe to deaden the sound of the explosion.

Epworth League Convention. A successful convention of the Epworth League and Sunday Schools of the Westby district was held at Myrtle, Rev. R. A. Delve, district superintendent, gave an address on "W. Totten spoke on "How to build up an Epworth League," after which the general secretary, Rev. S. R. Part was given by S. Farmer. The following officers were elected: President, Rev. S. T. Tucker, Greenwood; vice-presidents, L. Miss G. Kemp, W. A. E. Davis; J. A. W. Smack, Seagrave; J. W. Totten, Emagot; secretary, Mrs. A. Ridd, Kinross. Resolutions were presented, signed by Farmer, Port Perry. Swindler's Cheerful Admission. "The public like to be done, and done, I like to do them and would be disappointed if I did not do them. With this remark, Joseph Allen Means admitted himself guilty of many cases of obtaining money by fraud in Toronto and elsewhere by bogus cheques and fake donations for magazines. In the month that he had been here he had laid the foundation for little short of 100 cases.

CELLS FOR SHOPLIFTERS.

Shoplifters beware. Hereafter when the case is at all strong, bail will be denied and a night in the cells will inevitably follow arrest. This was the warning issued in police court yesterday morning by Magistrate Denison. Further, he declared that they would likely be held in custody until after the Xmas rush.

REAR DOOR EXIT WAS COSTLY.

For leaving the car by the rear door and mixing it with the conductor, who tried to bar their way, Joseph Darville and Thos. Chaffield, a bricklayer and his assistant, arrested Thursday night, were fined \$5 and costs for disorderly conduct.

Christmas Comfort

Make a note of it this year, and if your house is not thoroughly warm and comfortable before the Christmas season comes around again. Instal a **Sovereign Hot Water Boiler and Radiators**. All the people who live in homes heated by **Sovereign** boilers are going to be more happy this Christmas than those who live in houses where there is no **Sovereign** — they will be more comfortable.

LIBRARY FOR NORTH TORONTO

Will Be Opened in the Course of a Month.

Chief Librarian Locke reported a peculiar situation to the public library board at the meeting yesterday afternoon. The circulation at College-street exceeded that at the central, which had ten times as many books.

Chairman Heustis asked how the problem was to be solved if the College-street circulation continued to increase.

It was thought by Messrs Lee and Banton that the assent of the city council would have to be secured for the removal of any large proportion of the books from the Church-street library, at which the applications for books are almost as large as ever.

The board authorized a lease of the old reference department to the Canadian Pipe and Steel Company at \$900 a year for three years and \$1000 a year for the next two years.

It was decided to lease a store on Yonge-street a few doors above the Deer Park post office, for a branch library, at \$30 a month. It will be opened in the course of a month.

The statistical report showed an increase of 40 per cent in the circulation and use of books. College-street now circulates 2000 more books a month than Church-street.

Riverdale has shown the greatest advance and now ranks third.

Altho 3388 juvenile books were used, the proportion of fiction was small, a total of but 573.

Irish Protestant Benevolent Society.

A most enjoyable meeting of the Irish Protestant Benevolent Society was held in the Temple Building last night, with the president, George B. Sweetnam, presiding, at which W. J. Elliott, John Hurst, A. G. McBride, Wm. McCullough and Edward Meek, K.C., were enrolled as members, and among those who were proposed for membership were the Lord Bishop of Toronto and W. J. G. The report of the charitable committee showed that 46 families had been assisted during the month, at an expenditure of \$111.55.

A large committee, including such well-known workers as T. D. DeLaners, K.C., Samuel Crane, Harry McGee, R. H. Bowes, K.C., Fred Dane, T. A. Lytle, Thomas Kinnear, were appointed to dispense "Christmas Cheer" from Yonge-street Arcade on the afternoon of 23rd and 24th December.

Major John Sloan introduced Col. F. L. Massey, C.O., who held the members spellbound for upwards of an hour with a description of the visit of the Q.O.R. to Aldershot.

The Western Hospital.

This institution began on its present site ten years ago. Since then it has been making rapid advances in new buildings. At the present there is a very handsome building in course of erection that will furnish accommodation for the offices, operating rooms, and 75 patients. Of this accommodation 50 beds will be for the city patients. There is urgent need for additional accommodation. To assist in meeting this need the council is submitting to the voters a bylaw for a grant of \$50,000. The hospital agrees to furnish 50 more beds. The bylaw is a workable one.

Lone Terms for Burglary.

MONTREAL, Dec. 9.—William Wistaff and his son William, found guilty of burglary, were each sentenced to four years in the penitentiary, while two other members of the gang received four and three years. The quartet buried their loot in a cave.

Caught After Two Years.

George Walker, 26 years old, was arrested yesterday by Detective Taylor. He has been wanted in Lindsay for two years, having escaped while awaiting sentence for theft of a watch, by jumping thru the court house window.

The quartet of the Church of the Messiah, Avenue road and Dupont street, will sing Maunders' "Penitence, Pardon and Peace," at the evening service on Sunday.

OFFICE HOLDERS IN ELECTIONS

Customs Minister is Pressed to Give a Definite Ruling.

OTTAWA, Dec. 9.—(Special).—While the estimates of the customs department were under consideration tonight the opposition benches asked Hon. Mr. Paterson to define the policy of his department respecting officers taking a partisan part in elections.

E. N. Rhodes (Con., N.S.) brought up the question with a concrete case, and Mr. Paterson replied that the department at all times had discouraged the participation by government officers in elections, either federal or provincial.

J. W. Maddin (Con., Cape Breton) gave other instances where officials receiving a nominal salary had been forced to withdraw from municipal contests in which their interests were concerned, while others were allowed to hold posts in the gift of the electorate, receiving at the same time sufficient emolument from the government to warrant them giving their whole time to that work.

The minister declined to give a specific ruling until the cases had been presented to him, altho he stated that in every instance, where the matter had been brought to his attention, a circular had been sent to the official.

Mr. Rhodes pressed the minister to consider the question from a broad standpoint, and said it was not enough to restrain a Conservative officeholder while the Liberal appointee was allowed to participate in elections to his heart's content.

The matter will be further discussed at a later session.

WADDINGTON & GRUNDY, 88 King E. Main 6366. ent municipalities, and not by the residue of the estate alone.

Divisional Court. Before Falconbridge, C.J., Briston, J. Manufacturers' Lumber Co. v. Pigeon—R. S. Robertson (Stratford) for defendant. R. T. Harding (Stratford) for plaintiff. An appeal by defendant from the order of Middleton, J., dated Oct. 1910. The order complained of made on appeal from the order of the local judge of Stratford dismissing a motion by the defendant for judgment for a receiver, directed to the appointment of a receiver to demand and receive the fund of \$1360 of defendant, held by the City of Stratford under terms of their contract with the defendant.

Before Mulock, C.J., Clute, J. Pettigrew v. Grand Trunk Railway—D. L. McCullough for plaintiff. D. L. McCullough, K.C., for defendant. An appeal by plaintiff from the order of Nov. 6, 1910, of Meredith, C. J. Miss Alice Gertrude French appeared and was cross-examined upon her affidavit made in support of the appeal from the order. Appeal further argued and concluded. Judgment reserved.

Osler v. Reamsbottom—J. L. McDougall (Halleybury) for defendant. J. G. Smith for plaintiff. An appeal by defendant from the judgment of the district court of Nipissing of Oct. 12, 1910. Plaintiff's action was to recover \$560.91, balance of a loan to defendant against crediting him with proceeds of 1000 shares of stock in Foster Silver Cobalt Co., left with plaintiff as security and sold by plaintiff after demand for amount of call loan to plaintiff. At the trial judgment was awarded plaintiff for \$560.91 claimed and costs. Defendant's appeal argued and allowed with costs.

Supreme Court Judgments. OTTAWA, Dec. 9.—In the supreme court to-day judgments were rendered as follows: Canadian Pacific Lumber Co. v. Patterson, appeal dismissed with costs. Roberts v. Piper, appeal allowed with costs. Id. v. Swift, appeal dismissed with costs. Id. v. J. G. McKinnon v. Vancouver, Victoria & Eastern Ry. Co. v. McDonald, appeal dismissed with costs. The chief justice and Davies, J., appeal dismissed with costs. Baker, appeal dismissed with costs. Limoges v. Scratch, appeal dismissed with costs. Caswell v. Toronto Ry. Co.—J. W. McCullough for plaintiff. D. L. McCullough, K.C., for defendant. An appeal by plaintiff from the order of Nov. 6, 1910, of Meredith, C. J. Miss Alice Gertrude French appeared and was cross-examined upon her affidavit made in support of the appeal from the order. Appeal further argued and concluded. Judgment reserved.

Witness Who Wasn't Called. The divisional court reserved judgment on the application of Mrs. Elizabeth Caswell for a new trial of her damage action against the Toronto Railway Company. All the witnesses produced by the company swore that the car was standing when she got up and went to the door to get off the car, and that there was no jolt. A verdict was given dismissing the action. On the plaintiff's appeal to the divisional court it was alleged that one witness interviewed by the company, but not called at the trial, said that there was a jolt which threw the plan-
