HOPE THE ADMIRALTY WILL SEE WAY TO RETAIN ESQUIMALT

British Columbians Averse to Dominion Assuming Control of Naval and Military Base—The Reason Why.

(Special Correspondence of The World) VANCOUVER, Sept. 27.—The wish is father to the expectation here, as well as in Victoria, that the imperial government will not complete the transfer of Esquimalt to the Canadian Government. If reconsecration of the subject has been seriously taken up in London, some plain and simple reason can, no doubt, be given, one as good as that as the Washington authorities offered for sending the United States fleet to the Pacific.

There is a British, as well as an American, Pacific seaboard, and that is reason enough for the maintenance of the admiralty property at Esquimalt. Once the Canadian Government got the place into its keeping it would become a mere curio store, of which there are enough and to spare in the City of Victoria. Esquimalt will cut a figure in whatever international settlement may be effected of the Japanese question.

Upon the day following the anti-Asiatic disturbance here, the opinion was held from more than one quarter that it might hasten a Canadian contribution to the imperial navy. Many were inclined to believe at the time that Japan would insist on the "riot" but when it was realized that the "riot" did not have much more excitement in it than one of the London meetings, the international features of the affair faded out of the popular view completely. The imperial government is likely to think longer about it, and for the present it looks as if the transfer of Esquimalt was in the air. It may be looking a long way ahead for trouble, but if the numbers and influence of the Japanese on the coast cannot be restricted they might one day dominate British Columbia and make the United States more anxious about their status here than when they began to multiply on the Hawaiian Islands. R. L. Borden in his declaration against Japanese domination looked to no other effect of it than the driving of the Canadians back across the mountains.

Interests Europe. It is not hard to see, however, that this question interests not Canada alone, or the people of North America, but Europe as well. Lord Wolesey and those who have studied the probable effects of a cost of the invasion of Europe by these people across Asia. Men who realize how certain is the development of trade and commerce could much more readily understand that a yellow invasion of the Pacific slope would be a more serious matter than any attempt to march across Asia. The three world powers interested in the North Pacific Ocean today are Britain, the United States and Japan. Britain and Japan are united in a treaty that is not a very popular arrangement, by the way. British Columbia is still a popularly the Canadian partnership in that treaty. The trade and bring the people of British Columbia very much in touch with the citizens of the adjoining states of the American Union, it still remains the simple fact that in this province a firm British and Canadian patriotism stamps the community. With our Canadian people here the Japanese treaty is not admired. It supposes that the British and American diplomatic expediency, and that as the conditions which dictated it no longer exist it should be ended. The treaty taken is that the treaty makes a sacrifice of Canada without any return having been received by Canada or any other benefit to be derived from it. The British Columbia may not be good judges of such affairs. They only feel where the pinches themselves. Their feelings on the matter have had no weight at Ottawa, and the friction that may be created between provincial and Dominion will ever rise equal to the occasion of maintaining Esquimalt upon the same principle. British Columbia would prefer to see the imperial authorities hold on as things now are, even to the re-occupation of the station upon the former of a larger scale may not be on the cards.

GOVERNMENT CONTRACTS.

M. J. Whelan Will Erect Standardization Building.

OTTAWA, Oct. 4.—(Special).—The department of public works has just awarded a number of important contracts, some of which are of local and some of national interest. Mr. Maurice J. Whelan of Bessinger-street, Ottawa, has been awarded the contract for the standardization building at the observatory, at a price of \$14,000.

The contract for the Dominion building at Lachute, Que., has been given to O. B. Lafleur & Sons, Limited, of that town, at \$15,000.

Other contracts recently awarded include one for a ferry wharf at Dalhousie, N.B., at \$10,000, to J. and A. Culligan of Jacques River; breakwater at Trancook Island, Lunenburg, N.S., to A. W. Girroir and Sweet & Agnes, Beauce County, Quebec, to A. J. Le Pointe of Agnes, at \$4000, and wharf at Sardpoint, Renfrew County, to J. J. Fallon of Cornwall at \$6000.

AT ART OF BOOMING

Canadians Past Masters, Says Campbell-Bannerman.

LONDON, Oct. 4.—(C.A.P. Cable).—Sir Henry Campbell-Bannerman, speaking at Peebles, referred to the important function which such comparatively small towns discharged in the community by keeping within the enjoyment of fresh air and blue skies, people who work at great industries. He remarked that our kinsmen in Canada, who are pastmasters at the art of booming their own country, give advantages to industrial leaders of different kinds, and actually tempt them, almost drive them, to go into the country districts in order that that mixture of occupations, whereto he referred, might be secured.

TELEGRAPHERS COMPROMISED.

OTTAWA, Oct. 4.—It is reported here that a compromise was effected between the C.P.R. telegraphers and the company, but particulars are not obtainable here.

WILL RE-ENTER CABINET.

ST. JOHN, N.B., Oct. 4.—(Special).—It is now settled that Hon. H. A. McKeown will re-enter the provincial cabinet, either as attorney-general or collector-general.

FIELDING TALKS OF FRENCH TREATY

Canada's Commercial Emancipation, Said Ministers to Board of Trade at Quebec Last Night

QUEBEC, Oct. 4.—(Special).—Messrs. Fielding and Brodeur, who have just arrived from Europe, spoke at considerable length to-night on the French treaty, the occasion being the presentation of an address by the Quebec Board of Trade, congratulating them upon the success of their mission to Paris.

The function commenced shortly before 8 o'clock. Amongst those present were Sir Wilfrid Laurier, Hon. Messrs. Lenioux, Pugsley and Bureau, Premier Gouin, Hon. Messrs. Turgeon and Kaine, Messrs. Power, M. P., LaChance, M. P., Carrier, M. P., Lavergne, M. P., and a number of ladies.

The presentation of addresses took place at the Chateau Frontenac, which was brilliantly illuminated for the occasion, as well as Dufferin-terrace. The attendance was not very large, only members of the board of trade having been invited, though a few clergymen and other prominent citizens also put in an appearance.

PUBLIC OWNERSHIP LOWERS THE FARES

Railways in Europe Show Advantage of Government Control.

The first of a series of public meetings in the interests of public ownership was held in Victoria Hall last night, when an audience evidently in thoro sympathy with the movement listened with close attention to an able address by John Z. White of Chicago. The chair was occupied by Alexander Wright, president of the Public Ownership League, and at the close a resolution of thanks to Mr. White, moved by Rev. D. C. Kosack, was carried with much enthusiasm.

Mr. White, who was frequently applauded, offered some very convincing statistics to prove that public ownership, where tried, had been successful. He instanced the fact that the government-owned waterworks systems in the United States charged per family per year of \$4.13 on the average, whereas privately-owned systems exhibited charges of \$10.23. Mr. White emphasized the cheapness of transportation on the Continent, Europe, due to the government ownership of the railways. In Belgium it was possible for a workman, whose home was fifty-one miles from his work, to travel to and fro for a week, the publicly-owned street railway system enabled a man to travel five miles in the country and return as many times in a year as he wished at a cost of only \$4.50, over 67 per cent. of the railway traffic of Central Europe was from one-third class, at a cost ranging cent a mile, and drew attention to one injustice done the working classes of America in their not being given the option.

GOVERNMENT CONTRACTS.

M. J. Whelan Will Erect Standardization Building.

OTTAWA, Oct. 4.—(Special).—The department of public works has just awarded a number of important contracts, some of which are of local and some of national interest. Mr. Maurice J. WILL RE-ENTER CABINET.

ST. JOHN, N.B., Oct. 4.—(Special).—It is now settled that Hon. H. A. McKeown will re-enter the provincial cabinet, either as attorney-general or collector-general.

HELD UP.

WHO IS THE GENTLEMAN BEHIND THE GUN?

CIGARETS AT A BAZAAR AND A PASTOR PROTESTS

Ottawa's "Four Hundred" Arranging for Big Affair in Armories—Turkish and Egyptian Booths.

OTTAWA, Oct. 4.—(Special).—At a time when the Women's Christian Temperance Union, the International Reform Bureau, five leading railroads, and the schools and other educational institutions are doing all they can to put down the sale of cigars, and especially to stop them being disposed of to the young, I most decidedly and strongly disapprove of the leaders of society selling cigars in this manner at a public entertainment. This might have prejudiced the entente cordiale between England and France, and they preferred to meet the French Government and reason the matter out with them.

BOYS STOLE BIBLE.

Lads Lifted Books Which Were Restored Later From Hiding Place.

Double theft has deprived Mrs. Lillian Masley, 90 Mad street, of her family Bible, a music book and a tablecloth. They were stolen from her front window Thursday night by two schoolboys. The culprits, who admit the theft, are 12-year-old Thos. Coley, 414 Church-street, and Henry Owens of 578 Church-street, who is two years younger.

WARNING WAS FATAL

Engineer, Attracted by Shout, Unwittingly Invited Injury.

Looking out from under his engine-room at the new wing of the Confederation Life Building, William S. McNellis, engineer for the Dominion Co., was struck by a falling scantling yesterday afternoon and had his head split open. He died at midnight. On the ironwork, 30 feet above, an employe of the company was putting in an end. Two scantlings of four feet each were used to hold the corners astride the girder. The man gave the signal to loosen the chain, undoing the planks, which he attempted to hold from falling with his knees. One slipped and he called: "Look out below!" McNellis evidently heard the warning, for he peered out from under his cabin, placed there for any such emergency, and received the stick on his head. McNellis lived at 59 Camden-street. He leaves a wife and two children.

SET SENTENCE ASIDE.

Court of Appeal Decides in Broker Edwards' Favor.

WINNIPEG, Oct. 4.—(Special).—In the court of appeal a unanimous order was made setting aside the sentence of ten years imprisonment passed by Police Magistrate Daly on Sept. 27 upon F. D. Edwards, the Toronto broker, who got into trouble here for selling shares of a stock which did not exist.

ROSS PAID HOTEL BILL AND WILL GO HOME

Young Canadian Gives Erratic Answers to Press Correspondents—Money From Scotch Friend.

(Canadian Associated Press Cable.) LONDON, Oct. 4.—Dugald Ross, interviewed by the Canadian Associated Press, declared his finances were in an excellent condition, and that if no money came to-day he would tomorrow have money to burn, he stated.

He repeated his story of being done by two Americans whom he met at the Waldorf-Astoria, but cut the story short on the Canadian Associated Press telling him that the story was old. He spoke of purchasing a Darracq car, but only a half share, and from the farm in Streetville, saying he had twice there worth \$1000 each.

He then stated his intention to bring home race horses to this country, but in the next breath declared he had done with this country, and would never come back, but would go to Western Canada and buy up a few thousand acres of land.

"I had some intention of selling some shares in a bank in this country, but I guess I'm done for here." Asked if Mr. Ross, manager of the Metropolitan Bank, Streetville, was any relation of his, he replied, "None," and then added, "he might be a distant relation."

He declared his intention of returning to Canada immediately. Ross was astonished to learn his doings had been cabled to "Canada." "Oh," he said, "I told my story to the Toronto newspaper friend this morning, and he cabled it out."

The manager of the Burlington Hotel, Dover, informed the representative of the Canadian Associated Press that Ross left the hotel last night, making his address St. Enoch's Station Hotel, Glasgow. The Canadian Associated Press learns, however, that Ross is in London. The manager of the Burlington Hotel, Pleasantly, to-day received from Ross a cheque for \$32, drawn on the Metropolitan Bank, Streetville, in payment of his bill.

To a representative of the Evening Telegram Dugald Ross says he does not want money. A friend in Scotland, he says, is sending him two hundred pounds.

BOOTBLACK'S REVENGE.

Shoots Man Who Accidentally Stepped on His Toes.

NEW YORK, Oct. 4.—Shot and mortally wounded after he had accidentally trodden on the toes of a fellow-passenger on the Long Island ferry-boat Hudson City, last night, Robert Baire, 49, chief engineer of the Park Rockaway waterworks, is in Bellevue Hospital. His assailant, John Barber, 18, bootblack, of 146 Marlon-st., Long Island City, is locked up in police headquarters.

The shooting caused the wildest excitement among the ferryboat's passengers. Barber's arrest was not accomplished until after two detectives, mistaken for his friends, had had a lively fight with several men who tried to overpower them.

After the arrest it took all the efforts of the detectives to save Barber from the fury of the crowd, which was bent on throwing him off the boat and into the river. A husky young express wagon driver struck the prisoner on the jaw, telling him to grab the revolver from his hand. Three detectives appealed to the calmer passengers to come to their aid.

STRIKE AT NEW ORLEANS.

Shipping Laborers, Numbering 12,000, Vote to Go Out.

NEW ORLEANS, Oct. 4.—The dock and cotton council of New Orleans, whose membership is made up of all classes of laborers employed in connection with the shipping of the port, numbering about 12,000 men, voted this afternoon for a general strike. They demand an increase in wages.

ARRESTED IN QUEBEC.

Alexander Watson, formerly of the King Edward Apartments, Jarvis-street, and manager of the Oliver Typewriting Company's office on Bay-street, was arrested in Quebec yesterday. He is charged with the theft of \$200 from Mr. McGinnis, the present manager of the office. Detective Wallace left for Quebec last night to bring the prisoner back.

THE STORY OF DINEEN'S.

The story of Dineen's is that of a continuous successful attempt to please people by giving the best values in America at the earliest possible dates for styles and the very prices. This story, exemplified by 40 years of satisfaction delivered, should be considered by the Toronto hat purchasers to-day. Dineen's specials are the best to be had. The prices are \$2.50 and \$3.00 for felt hats. At the store, Yonge and Temperance-streets, you can get the hat you want, and it is the best you can get. The store will be open till 10 o'clock to-night, and there are some of sizes in the basement that will be a benefit to the man who know

INSURING THE TRUSTED MAN.

Our guarantee bonds are the strongest form of recommendation a trusted official or clerk can present his employers. We place a money backing behind our word for a man and place insurance upon his integrity. We do not mind the bonding for Canadian institutions and our bonds are sought by both employers and the members of their office staff. London Guarantee & Accident Company Limited, Confederation Life Building, corner Yonge and Richmond-streets. Phone Main 1

\$9000.00 Bedford Rd., detached, nine large rooms, new plumbing and heating, electric light, mahogany and oak finish, lot 60x140. F. J. SMITH & CO. 61 Victoria street.

ONE CENT.

The World's Home Magazine for Women

Edited by LAURA E. McCULLY, B.A.

Home for Working Girls.

Several points of interest concerning the building of the new residence for working women were brought up at a meeting in St. James' Cathedral school house yesterday afternoon. Mrs. Broughall explained the objects of the residence and the work already done to bring about its realization. Mrs. St. George Baldwin and Miss Nancy Jones have been added to the committee. Up to the present time the sum of \$2028 is forthcoming, of which \$127.51 has been collected. The city churches have contributed the following: St. James' Cathedral \$120, All Saints \$50, St. Augustine's \$446, St. Simons \$255.75, Church of the Redeemer \$314.01, Holy Trinity \$115.75, St. Stephens \$386.15. Mrs. H. C. Hammond has contributed \$100. Many other donations have been received and Mrs. Broughall expressed her thanks for the way in which the project had been received. She read encouraging letters from Archbishop Swaminan, from Mr. J. J. Eaton and many others. Mrs. Broughall said that \$30,000 was wanted and she called for volunteer collections. Mrs. F. B. Tolson, Mrs. E. Fepler and Miss Emily Bethune consented to do their best toward raising money. Mrs. Broughall wishes to emphasize the fact that the proposed residence will be open to all denominations.

Methodist Deaconess' School

The annual public opening of the Methodist Deaconess' Training School was held yesterday afternoon. Up to the present time about thirty-five students have enrolled and they hail from all parts of the Dominion, from Nova Scotia to the Yukon. Students are trained here for both deaconess and foreign mission work. The Rev. Dr. Baker presided at the meeting, which was attended by about 500 people. Dr. Baker delivered an inspiring address. The Rev. Dr. Young of St. James' Church, Montreal, spoke of the good work done by the deaconesses connected with his church among the immigrants. Dr. Chown spoke a few words of advice to the classes of '07. Miss Josephine Dowler sang. Miss Dowler is a graduate of the class of '05, and will teach vocal music in the training school this year.

Social Events.

The Argonaut Rowing Club's fortnightly dance takes place on Monday evening next.

The Victoria Club will give a ball on Thursday evening, Oct. 24.

The Daughters of the Empire in Hamilton will give a ball on Nov. 22.

An "at home" will follow the dis-

tribution of prizes at Upper Canada College at 2:30 p.m. Oct. 11.

Mr. Gustav Lattan of the O'Keefe Brewing Company has returned from his recent tour, and was heartily welcomed by the employees of that company, whom he had remembered handsomely.

Personal.

Mrs. Fredna J. Haywood (nee Miss Agnes Cherry), will receive for the first time since her marriage Tuesday afternoon and evening, Oct. 8, at the home of Mrs. Jas. Haywood, 28 Dunbar-road, and afterwards on the first Friday in the month at 670 Euclid-avenue.

Rev. Dr. and Mrs. Caldwell, who were in the Calsion C.P.R. wreck, have returned to Fisherton. Their injuries were severe.

Mrs. Reginald S. Henderson (nee Shapley) will receive for the first time since her marriage next Thursday afternoon and evening, Oct. 8, at the home of Mrs. Jas. Haywood, 28 Dunbar-road, and afterwards on the first Friday in the month at 670 Euclid-avenue.

Mrs. Charles Frederick Foster (nee McCaffrey) will receive for the first time since her marriage on Oct. 3 at 255 Berkeley-street.

At St. Peter's Cathedral, Peterboro, was solemnized one of the interesting events of the week, in the marriage of Mr. P. J. O'Brien, formerly of Toronto, and now of Cleveland, Ohio, to Miss Lyla Morgan, sister of Mrs. John Duigan, Peterboro. Rev. Dr. O'Brien performed the ceremony, in the presence of a few friends. Miss Pearl Morgan sang a solo in splendid voice. The attendants were Mr. W. J. O'Brien and Miss Mary O'Brien of Toronto. The young couple will take up residence in Cleveland.

The regular monthly meeting of the Loretto Alumnae Association will be held at Loretto Abbey at 4 p.m. on Tuesday, Oct. 9. A good attendance is expected.

A quiet wedding took place at the home of Mr. D. McIver, 359 Layside-street, Winnipeg, recently, when Miss Ethel McLaren, youngest daughter of Mr. Thomas McLaren of Mitchell, Ont., was married to Mr. Alexander McIver, formerly of Goderich. The bride was given away by her brother, Mr. W. McLaren of Souris, Man., and wore cream voile with appliques and chiffon. The Rev. Mr. Hay performed the ceremony in the presence of a few immediate relatives and friends.

At noon on Wednesday, Oct. 2, at the home of Mr. and Mrs. H. R. Perkins of Teeswater, Ont., their daughter, Miss Elsie Mary, was united in

World Pattern Department

2059—Ladies' Tucked Shirt-Waist. PARIS PATTERN NO. 2059.

All Seams Allowed.

This becoming shirt-waist of pale leaf-green taffetas ought to prove a popular style. It has the tucks and cuffs stitched with silk of a deeper tone of green, and is worn with a lace or embroidered linen collar and a velvet bow of the same shade as the stitching. It could also be made of pongee, rajah, or any of the washable silks.

The pattern is in 6 sizes—32 to 42 inches, bust measure. For 36 bust the waist requires 4 1/4 yards 20 inches wide, 3 3/8 yards 27 inches wide, 2 3/8 yards 36 inches wide, or 2 1/8 yards 42 inches wide.

Price of pattern, 10 cents.

PAINLESS TEETHING.

There is no period in baby's life that mothers dread more than teething time. The little gums are tender and inflamed; the child suffers and is sleepless and cross, and the mother is usually worn out caring for the child. The use of Baby's Own Tablets allays the inflammation, softens the tender, swollen gums, and brings the teeth through painlessly. Dr. N. Sauve, St. Rose de Lima, Que., says: "When my baby was cutting his teeth he was feverish, cross and did not take nourishment. After giving him Baby's Own Tablets he cut six teeth without the least trouble. I have never used any medicine for children I prize so highly as the Tablets." Sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

A very quiet wedding took place at St. Augustine's Church on Thursday morning, when Miss Eva Arnold, eldest daughter of Mr. and Mrs. Fenwick

Arnold of Metcalfe-street, was married to Dr. A. W. Hicks of Haliburton, Sask.

The bride wore her traveling suit of purple with cream silk blouse with trimmings of heavy lace, and neat traveling hat to match, and carried a white ivory prayerbook. Her sister, Gertrude, attended her, gowned in cream with large cream hat. Dr. Hicks' brother, Ralph of Mitchell, was best man.

Mr. Flummer performed the ceremony, assisted by Mr. McCausland. After the reception and breakfast at the bride's home, Dr. and Mrs. Hicks left immediately for Haliburton, Sask. Only the immediate relatives were present.

A quiet wedding was solemnized at 8 o'clock on Thursday night at the home of Mr. S. Fader, 32 St. Vincent-street, when Miss Jennie Cooney of Halifax, N.S., was married to Mr. Bernard Korn of Colorado Springs. The ceremony being performed by the Rev. Mr. Matthews. The bride, who was given away by her brother, Mr. L. Cooney, wore gown of white eolienne silk trimmed with lace, and carried a large bouquet of white roses. The little flower girl, Miss Edythe Fader, had on a frock of pink silk, and carried a pretty basket of pink carnations. The bride wore on going away a suit of navy blue with hat to match. Mr. and Mrs. Korn left on the late train for Chicago and other western places.

Among the season's prospective debutantes are: Miss Maud Band, daughter of Mr. and Mrs. Charles Band; Miss Hazel Nicholls, daughter of Mr. and Mrs. Frederick Nicholls; Miss Adele Harman, Miss Olive Buchanan, Miss Lorma Murray and Miss Clara Clyn.

The American McAll Association has recently brought to America Mills D'Aubigny of France, the sister of two years ago. She is to address an open meeting of the Toronto McAll Auxiliary at the residence of Mr. T. W. Flavell, 78 Queen's Park, on Tuesday, Oct. 8, at 3 p.m.

Mrs. John Hammond (nee Musselman of Philadelphia) will receive for the first time since her marriage on Friday afternoon and evening, Oct. 11, at the home of Mrs. Hammond, 201 Blecker-street, and afterwards on the last Friday of every month.

ONE TRIAL OF ACADIA CODFISH

will convince you of its superior flavour, great convenience and economy as a food stuff.

Try a 3-lb. box and be sure that this trade mark

is on the package.

UNIVERSITY SERMONS.

President Falconer Will Deliver First One To-Morrow.

The opening sermon of the sixth college term series will be delivered at 11 o'clock to-morrow morning in Convocation Hall, by Dr. Falconer, the president of the university. The preachers of the other five sermons of the course and the dates are as follows: Prof. J. W. of the Bible Society, Montreal, Oct. 20; Rev. Provost Mackenzie of Queen's College, Nov. 3; Bishop Vincent of the Methodist Church, Indianapolis, Nov. 24; Prof. McFayden, Knox College, Dec. 18; and Bishop Anderson of the Protestant Episcopal Church, Chicago, Dec. 15.

SUIT DISMISSED.

In the divorce suit yesterday Justice Teetzel gave judgment in the suit of Thos. Meredith against Mrs. Jessie Whitten, dismissing the suit with costs to neither party. Meredith sued Mrs. Whitten for specific performance in an agreement to sell him No. 173 East King-street.

CANADA COMPANY'S RIGHTS TO BE TESTED IN COURT

Provincial Government Will Back Tilbury District Farmer in Fight Against Ancient Charter.

CHATHAM, Oct. 4.—(Special).—S. F. Edgar of Toronto, solicitor for the Roth, Barnard, Stearns and Argue Oil Company, large Tilbury operators, has made an appearance in answer to the writ issued ten days ago by Thomas Scullard, solicitor for Alex. Farquharson, owner of a farm in Tilbury East, on which the oil company operate a well without paying him any royalties on the oil produced.

The land is Canada Company property, which concern by an old charter given by the British Government in our grandfathers' days, reserved the mineral rights to all lands sold by the company. The oil company purchased the lease from the concern and, forcibly, began operations on the farm.

The feeling against such proceeding is so high in the oil district that the provincial government has taken notice and is backing Mr. Farquharson in his fight. The case will go to court shortly and will mean life or death to the Canada Company prerogatives.

MILKMAN TRESPASSED.

Encroached on Territory of Rival Contary to Agreement.

In the non-jury assizes yesterday Justice Teetzel awarded Edgar L. Craggs, a milk dealer, \$150 damages against Heber Anderson, for violation of contract, and granted an injunction restraining Anderson from selling milk in the plaintiff's territory. His lordship told Anderson that his first business move was a false one. The plaintiff said that he hired Anderson as a driver. Anderson decided to buy the business and paid \$400 on it. Anderson cancelled the agreement and handed the business to Craggs, agreeing not to sell in his territory. In the meantime he visited Craggs' customers and induced them to buy from his brother.

The judge characterized the action of Anderson as anything but straightforward and honest.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were:

Mrs. James C. Gothard, 63 years, arthritis.

Wm. Brown, 59 years, pneumonia.

— Mick, stillborn.

— Fair, one day, premature birth.

Della Hazelton, 42 years, fracture of skull.

Edward Cissell, 68 years, paralysis.

Matilda Ferchard, 20 years, phthisis.

Thomas E. Handy, 2 months, malnutrition.

Isabella Williams, 76 years, heart disease.

— Kehoe, stillborn.

Jonathan Lebey, 82 years, bronchopneumonia.

ENTITLED TO PARTICULARS

One ounce Fluid Extract Dandelion;
One ounce Compound Salutarin;
Four ounces Compound Syrup Sarsaparilla;
Mix, and take a teaspoonful after meals and at bedtime, drinking plenty of water.

The above prescription has been found invaluable in the treatment of kidney, bladder and urinary troubles, and diseases arising therefrom, such as rheumatism, sciatica, lame back and lumbago, and we feel that the public are entitled to particulars concerning it.

A prominent physician states that the excellent results that have been obtained from the use of the mixture are due to its direct action upon the kidneys, assisting them in their work of filtering all poisonous waste matter and acids from the blood and expelling same in the urine, and at the same time restoring the kidneys to a healthy condition.

He further states that anyone suffering from afflictions of this nature will find it to be very beneficial, and suggests that it be given a trial.

MORE LIBRARIES.

An Increase of the Traveling Variety to One Hundred.

Mr. Leavitt, superintendent of libraries, states that in consequence of the enlarged grant made for this purpose by the legislature, during last session, the number of traveling libraries has been increased from 10 to 100.

Each library is divided into two classes: (1) Permanent, which remain unchanged; (2) The shelf libraries, which are changed from time to time in order to meet the needs of the particular localities to which they are sent. For instance in places where manufactures are established books relating to these several industries are included in the shelf libraries, which on the average contain each about 50 volumes.

Previous to the present year these traveling libraries were only loaned to lumber camps in the province, but they are now being supplied to small village libraries, as well as to camps.

These facilities appear to be generally appreciated, and it is hoped that in many instances profitable use will be made of the opportunities for self-improvement thus afforded.

Italian Gets Verdict.

The jury in the assizes yesterday returned a verdict that compensation for damages is coming to Duce Pascal, an Italian, who was injured in an explosion of dynamite, while in the employ of Nicholson and Riley, contractors, at Hamilton. The court will fix the amount.

New Bank.

The Imperial Bank will erect a \$25,000 branch at Sherbourne and King-streets.

Queen Quality

WE want you to see the new "Queen Quality" shoes we are now showing. Never were shoes handsomer. Never were better fitting shoes produced. Never have we seen shoes at their prices to compare with them for real value.

It is logical that "Queen Quality" shoes outsell all other women's shoes in the world. An intelligent public is looking more and more to big trademark names for security. Take "Queen Quality" for instance. The reputation of that name is worth a Million Dollars. Can the makers afford to stamp it on any shoe that would discredit it? Can they afford to sacrifice quality? You know it stands for your protection. You know that every dollar of this is behind your single purchase.

THE ROBERT SIMPSON COMPANY, LIMITED

Men's Clothes for Winter

From the Canadian Magazine.

I WAS accorded the privilege of a long chat with the Head of the House which has come to be regarded as something of a Legislature or Supreme Court in the matter of masculine attire. It makes laws and interprets them. It has carried the city fashions simultaneously to the country towns and villages, and may be said to set the fashions for the whole of Canada.

One cannot get his name on the books of this high-class tailoring house, for they sell for cash. "We cannot afford to let one man pay the losses we might incur thru misplaced confidence, so we do not run the risk," said the Managing Director, as he explained that this was one invariable rule which helped in the early days to attract and hold the very best people in each community.

The Head of the House said: "We have exactly one hundred stores and agencies in Canada, and our system combines the smartness of the American style with the sterling work of the British tailors. We avoid the flimsy fabrics of the one and the lack of good style in the other. Through our agencies we do an enormous business."

The President of the Semi-ready Company, the authority in question, says that men with good clothes which are just a little old, are not giving them away as they did in former years, for there is not this year any sudden or great changes in the fashions.

"Of course there are a few novelties, and some fine soft greens and elephant shades which cannot be duplicated by the ordinary tailor. There are fabrics which have not been imitated and done to death by the second and third-class tailoring establishments. But still, the good dresser does not care for striking novelties. The best dressed men in Canada are those who show character and individuality in their choice. It is only the incompetent dresser who makes a mistake. The present season is one of 'modifying,' one might say, for the changes are only apparent when the coats are placed side by side.

"For the first time in Canada, a tailor's fashion plate has been published by a Canadian house, and the artist's work, photo engraving and color work have all been done in Canada. The fashion plate is now on exhibition in the Semi-ready tailoring store, and it shows the best styles in all the most-worn garments.

"Published in conjunction with the fashion plate then is a booklet, entitled 'As Seen by Him,' and this

shows some of the supplementary styles in new fall and winter overcoats. These booklets are given away free to anyone interested. One of the features of the book is the publication for the first time of the full physique type chart, showing how the Semi-ready system provides for 425 different sizes and figures.

Both book and fashion plate are creditable productions, and prove the skill of the Semi-ready designers. The President of the Semi-ready Company, in a recent review of fashions and fabrics, said:

"Anything decidedly new in woollens is usually brought out in summer, and the chief novelties this fall are the 'Elephant' shades in dark greys which gradually shade into warm tones of brown or olive. They are shown in qualities which are bound to make them popular. They are unlike any patterns we have had, and they are of that soft and refined texture which will appeal to gentlemen of good taste. They make the 'Elephant' fabrics are shown, too, in a dark slate and mouse color, varying into soft green and brownish shades.

"The new overcoatings are of a variety which will appeal to individual tastes, but the well-known plain black and Oxford grey vicunas, chevits and meltons will find the more adherents. In some countries the heavers and meltons are losing ground, but in Canada's wintry winds these cloths make up in their artistic design for the inadequate warmth as compared with the more fleecy flinings and chevits. Perhaps the smartest production of the Semi-ready is the artistic design of the storm duster, which is usually quite clumsy in appearance. The materials used are the thick, soft, cheviot-finished Scotch cloth, which makes one feel warm just to look at them.

"The dress suits are the chef d'oeuvre of the Semi-ready. The manufacturer to men who know. Dress suits are made of finest fabrics, with silk linings as good as a \$50 suit. The frock coats for the fall season vary but slightly from the designs made for the spring and summer season.

"We do not approve of starting in dress, and we always avoid bizarre patterns and fabrics for our desire is to appeal to and secure the better class of well-dressed men who know.

hand it allows in the choice and sequence of productions. Untrammelled by foreign or other direction the responsible manager can study the taste and temper of his audience and provide these illustrative contrasts, and are a continual whet to the appetite, however jaded, or even the most persistent patron.

A large and carefully selected company such as that engaged for the Royal Alexandra affords scope also for that rearrangement of parts which assists so materially in relieving the strain upon the players and in preserving their individuality and freshness of spirit. In "Mrs. Danvers' Defence" the company have made a very favorable impression. It is generally and frankly recognized to be excellent in its balance and to have all the qualities necessary for an artistically complete presentation of even the most exacting roles.

Next week the Toronto public will be given the opportunity to see them in a lighter vein. The play chosen is the successful society comedy "The Other Girl" by Augustus Thomas, author of "Alabama," "Arizona," and others of equal popularity. Bright and amusing, it will be surprising if the verdict given at the Empire Theatre of New York is not confirmed here, particularly as the roles can exactly be filled from the ranks of the Royal Alexandra Players.

A dramatization of Sir Gilbert Parkes' famous novel, "The Right of Way," has been made by Eugene Presbrey, the successful adapter of "Raffles." Mr. Presbrey has retained all the strength and virility of the original conception of the character of Charlie Steele and offers to Guy Standing one of the strongest parts to be played this season. The big scenes will be the fight in the tavern, the burning of the Church of the Holy Cross at Chaudiere. The first production will be made at Montreal next week. There are about 34 speaking parts, including Theodore Roberts and Alice Lomon. "The Right of Way" will be presented at the Princess on

G & PUBLIC 22 AMUSEMENTS

The attraction at the Princess Theatre Monday evening will be Sam Bernard in "The Rich Mr. Hogenheimer." This is a musical farce, the book of which was written by Harry B. Smith and the music by Ludwig Englander. As a laugh-provoker Sam Bernard has no superior to-day. His extremely funny portrayal of "Piggy Hogenheimer" in "The Girl from Kays" is still remembered. In this new play he appears as the same character, but with 20 years added to his age. He comes to New York City to hunt for his son and to prevent him from marrying a young woman, distasteful to the old man, and becomes involved in a number of comical scrapes. It is hard to say whether his amusing actions are an imitation cabdriver, his lovelaking at a lawn party, or the very able way in which he edits a cablegram to his wife, so that it will convey to her all the information she needs and cost him as little as possible, tickles the audience the most. The musical portion of the show is on a par with the excellence of the comedy features. There is a host of pretty girls, a score or more of catchy whistable songs and a variety of dazzling novelties. "The Bagpipe Serenade" is one of the best songs, the "Poker Love" and "Don't You Want a Paper?" run it hard for popularity. Others are: "Little Old America for Me" and "The World is a Great Big Toy Shop." There are in the company Georgia Caine, Marion Carson, Josephine Kirkwood, Elise Moore, David Torrance, Burrell Barberetto, J. C. Fenton, Mortimer H. Weldon, Chas. R. Burrows, Dwight Williams and a big chorus.

One of the most important advantages of a really good permanent dramatic company of players is the free

appeal to individual tastes, but the well-known plain black and Oxford grey vicunas, chevits and meltons will find the more adherents. In some countries the heavers and meltons are losing ground, but in Canada's wintry winds these cloths make up in their artistic design for the inadequate warmth as compared with the more fleecy flinings and chevits. Perhaps the smartest production of the Semi-ready is the artistic design of the storm duster, which is usually quite clumsy in appearance. The materials used are the thick, soft, cheviot-finished Scotch cloth, which makes one feel warm just to look at them.

"The dress suits are the chef d'oeuvre of the Semi-ready. The manufacturer to men who know. Dress suits are made of finest fabrics, with silk linings as good as a \$50 suit. The frock coats for the fall season vary but slightly from the designs made for the spring and summer season.

"We do not approve of starting in dress, and we always avoid bizarre patterns and fabrics for our desire is to appeal to and secure the better class of well-dressed men who know.

Oct. 14. The central figure, Charlie Steele, is a young lawyer, brilliant, gifted, but beset by the vice of intemperance, and unsympathetically married. The entire action of the play is laid in Canada.

Miss Cecil Spooner, who will make her first appearance at the Grand next week in "The Dancer and the King" and "The Girl Raffles," is credited with being one of the most brilliant comedienne on the stage. "The Dancer and the King" is the opening attraction, is a romantic musical comedy drama. The story is beautifully woven about the life of the dancer, Lola Montez, who was the talk of all Europe a number of years ago, and with whom King Louis fell in love and almost caused the overthrow of his throne, the play allowing great scope for gorgeous costumes and novel scenic and mechanical effects.

On Miss Spooner's second tour she is meeting with phenomenal success and crowded houses in this play and her successful comedy drama of last year, "The Girl Raffles," and is greeted with bursts of applause and approval. In her new role of Lola, the dancer, and "The Girl Raffles," she has ingratiated herself deep into the hearts of the audiences and stamped her beautiful personality on everyone who has seen her. In this new play she is given great scope to display her great and splendid talents.

"The Dancer and the King" is said to be a realistic romantic comedy dramatic production which is far in advance of any that has been seen in years.

For novel scenic views, surprises and sensations "The Life of an Actress," which is to be presented at the Majestic next week, is said to be in the first class. Every up-to-date device known to stagecraft is employed to make the scenes and effects as realistic as possible. The plot of the play, too, is out of the ordinary. It recounts experiences that are told and retold all over again in every day's life, villainy and crime make up one of the most interesting narratives ever conceived by any playwright. The situations are not hackneyed or old-fashioned. They are modeled on natural lines and are practical as well as absorbing. The author, Langdon McCormick, has told his story in an entertaining, captivating way, and the various roles in this sterling play are creditably interpreted by a clever company of players.

The Colonial Belles Minstrel Co., the latest and best effort, is the attraction at the Star Theatre for next week. Freshness and novelty in a company has absolutely no equal, and in this season a burlesque show in name only. With a company of 76 people, they will give a show of burlesque as in place on the road a female minstrel show complete in every detail and carrying a minstrel band of 40 pieces, who will dispense music every afternoon and evening in front of the theatre, and will also be seen in the big minstrel misseparade which will take place several times during the week. Clever young women of variety and some, costumed in the latest Parisian style, will do the minstrel first part in the most approved fashion. The company has also a valuable bill of extraordinary capabilities and a burlesque afterpiece entitled "It Happened in Paris," which gives these artists full scope. A pony ballet, which has been pronounced marvels in the dancing world, will also be seen. Scenery and electrical effects are in harmony with the rest of this gigantic production.

It was only Madame Emma Calve's contract with John Cort, entered into nearly two years ago, which prevented this season, that prevented her from signing for the entire season with Oscar Hammerstein manager of the new Manhattan Opera House in New York. This will probably be her last extended tour of this country. She sang ten times in grand opera in the Hammerstein last spring, and set New York Calve-mad once more. It was her first appearance in opera for three years. Madame Calve will sing at the Metropolitan Hall on Monday, Oct. 21, with her own specially selected concert company, which includes Miss. Renee Chemet, a young French violinist and M. Camille Decreux, a pianist of rare skill.

Manager Shea has provided another big bill for next week at the theatre. For the headline he has engaged "Gus Edwards' School Boys and Girls." It is an entertainment that serves to bring back memories of days gone by. The company presenting the sketch is made up of nine of the most versatile juvenile players seen in vaudeville. One had in particular, Herman Timberg by name, not only sings and dances, but is an accomplished musician on the violin. Timberg was a favorite with the celebrated Belgian violinist, Ysaye, who heard the youth play in New York last season. Another charming artist in this company of juvenile players is Maude Earle, a younger sister of the well-known prima donna, Virginia Earle, and of excellent quality that undoubtedly it will not be very long before she will be as popular with theatre-goers as her accomplished sister. The new-comer is Edwin Forsberg, assisted by a clever company of three in Emmett Corrigan's playlet, "The Card Party." Adolf Zink has just been seen in Toronto in some time, and the little man is as big a comedian as ever. He is doing his impressions and keeps his audience laughing while making his changes, showing moving pictures of his dressing-room. The Zanetovs are Japanese jugglers, and they are presenting their act with magnificent Oriental setting, and in an entirely original style. Two men and a beautiful woman are included in this act. Daisy Harcourt is a dainty singing character comedian, and has many admirers here. Countess Olga Rossi and M. Paulo will be seen in a singing act called "During the Performance." The countess possesses a bona fide title. She is a beautiful woman and has three brothers, three La Maze Brothers are comedy acrobats of the best sort, and the bill closes with a full line of new pictures in the kinetograph.

The greatest of the youngest pianists of the day is undoubtedly Mark Hambourg, who opens the musical season at Massey Hall on Thursday, Oct. 17. There is no more compelling personality on the modern concert stage than this fiery young Russian, who has arrived at the very front at an early age. His tour in America will be a brief one, ending in December. His Toronto recital will mark his 12th appearance in public since he finished his studies with Leschetzky in 1895. The sale of seats will begin Saturday at Massey Hall.

"Mrs. Wiggs of the Cabbage Patch" is coming to the Princess Theatre soon.

The Autonola

The Wonderful NEW BELL Player-piano

The Cause of This Sale

A Sale of 100 Upright, Square, Grand Pianos At Sensational Prices

If other evidence were wanting, the announcement we now make would surely prove how greatly the BELL PLAYER PIANO, the AUTONOLA, is affecting the musical ideas of people who formerly never dreamed of being able to play for themselves. Through the wonderful popularity of this instrument we are to-day able to announce an unprecedented Sale of Pianos at little more than HALF ACTUAL VALUES.

Beginning Monday, Oct. 7th, and ending Saturday, Oct. 12th (unless previously disposed of), we shall sell nearly ONE HUNDRED fine Upright, Square and Grand Pianos at prices that will amaze buyers. This is a splendid opportunity to secure a fine instrument for city or country home, for the studio, for church, for school or hall.

We shall arrange very easy terms of payment for any of the same.

Recently we have sold a vast number of Bell Autonolas (the wonderful instrument that makes playing possible for everybody) and have taken some practically new Grand and Upright Pianos in part payment. The situation is unique in piano selling. We have actually taken very many first-class pianos that were new but a short time ago (not only our own superb Bell Pianos, but of practically every other representative make as well) and have sold in their places the new form of piano that has become a necessity in many a home. This wonderful movement proves two things:—(1) Owners of practically new instruments are willing to sacrifice them to secure an Autonola because of its demonstrated merit. (2) A splendid opportunity is presented to you to secure a thoroughly good instrument at an unusually low price—at very much less than actual value.

We shall sell nearly ONE HUNDRED fine, slightly-used Grands and Uprights, also some organs, during SIX DAYS. If you need a piano, NOW is the time to purchase. Every instrument in the collection is in first-class condition, having been thoroughly overhauled in our repair department. Each looks and is practically as good as new, and is guaranteed by us.

We will take back any Upright or Grand Piano within a year, or any Square Piano within three years, and allow from the price of any new Bell Grand Piano, Autonola, or Bell Upright Piano in our warerooms at our regular list prices the full amount that may have been paid us.

It is impossible to enumerate all the instruments in this announcement, but we name a number to indicate the unusual character of the saving. We shall gladly mail a complete list of the bargains to anyone on request. The better way, however, is to visit our warerooms as early in the week as possible and see the pianos for yourself.

We shall accept as little as TEN DOLLARS when the Upright Piano of your choice is taken. We can arrange to receive the balance at the rate of from six to ten dollars monthly. Grand Pianos will be sold on relatively easy terms. Price includes stool, delivery into your home and free tuning for twelve months. If you wish a fine piano at a previously-unheard-of low price you can secure it from this collection.

If desired, a piano can be selected now and removed to our storage house for delivery at your convenience later. We greatly need the room that this immense miscellaneous stock takes up.

OUR WAREROOMS ARE OPEN EVENINGS DURING THIS SIX DAYS' SALE

BELL Piano Warerooms

146 Yonge Street.

| PIANOS | |
|--|----------|
| CHICKERING UPT.—Empire style, rich rosewood case, has been used very carefully. One very short time, a rare bargain | \$280.00 |

REV. MR. BRAIN IN CHARGE OF CHURCHLESS PARISH

Will Conduct Service in Wychwood Fire Hall Sunday—School Building to Be Erected.

Rev. W. J. Brain, M.A., assumes full control of his new charge, the churchless parish of Wychwood, on Sunday. He will conduct divine service at the fire hall, near the end of Bathurst-street, at 11 a.m. and 7 p.m. The rev. gentleman has not entirely severed his connection with Trinity, Yonge-street, as he will continue to superintend the Sunday school and aid in the parish work until an accessible church is built.

Mr. Brain told The World yesterday that he hopes to have a school-house erected this fall; this will have to do duty for church, until funds can be secured for the building of a church.

His new parishioners are giving him a hearty welcome, and are appointing as liberally as their means permit to the school-building fund.

The wealthy members of the Anglican community, many of whom support Mr. Brain in his noble mission, work and help him to build a stately edifice in that district.

The majority of the residents are new arrivals from the motherland, and it is only natural they should desire to have the church of their fathers strongly planted in their midst.

The Church Extension Society have presented the new parish with a site for the church and school. Who will lead the fund for the building?

LOCAL OPTION CAMPAIGNS.

89 Are Now in Progress and There May Be More.

There are eighty-nine municipalities in Ontario in which local option campaigns are now advanced. The Ontario Alliance officials are making preparations for a big campaign. There is a big staff of workers in the office, and the services of many prominent speakers have been secured. One feature of this fall's campaigns is the large number of incorporated towns and villages in which a vote is being taken. Of the eighty-nine places in which campaigns are in progress, thirty are incorporated towns or villages. There are at present 100 licenses granted in these eighty-nine municipalities.

In the following table are given the names of the municipalities where campaigns are now on, and also to show the sentiment of these municipalities, figures are given showing how they voted on the question of license prohibition in the referendum. The number of licenses in each municipality is also given. Petitions may be filed with the clerk of the municipality on or before Nov. 1. Here is the list, those marked (*) being incorporated towns or villages.

| Municipality | Yes | No | Licenses |

DR. SANDEN'S KIDNEY PILLS

150 chances to reap local vote here by a simple majority vote there has been only one attempt successful, and that at Steelton.

A DARING ROBBERY.

Thief Rushed Off With Tray of Diamonds.

VANCOUVER, Oct. 3.—One of the most daring robberies on record in Vancouver was committed shortly before 1 o'clock to-day, when a man entered the jewelry store of R. E. Broadhead, corner of Cambie and Hastings-street, coolly opened the windows and lifted a tray of diamond rings and made off. The daring robber was pursued down Cordova-street, and on to the railroad tracks, where he was captured by two civilians and given into the custody of officers.

ADVANCED TO TORONTO.

Mr. Tory Appointed General Supervisor of Agencies.

DETROIT, Oct. 4.—(Special)—John A. Tory, who has been the Michigan State manager for the Sun Life Assurance Co. of Canada since 1898, with headquarters in Detroit, has been promoted to the position of general supervisor of agencies for the western field, with headquarters in Toronto.

He will move to Toronto and begin his new duties Jan. 1.

OCCUPIES VICTIM'S BED.

Burglar Objects to Leaving House Before Daylight.

WILKES-BARRE, Pa., Oct. 4.—When Thomas Croseley, 80 years old, of Fryate Valley, near here, awoke early yesterday morning, he found a man in bed with him, swearing at him for pulling out the bedclothes.

Crosey shouted for help, but was silenced with a threat to kill him. The man then coolly told him he was a burglar, that he had ransacked the house, and that he meant to remain until daylight. He did so.

STILL AFTER THE STANDARD.

NEW YORK, Oct. 4.—That the Galena Signal Oil Company, a subsidiary of the Standard Oil Company, controls 97 per cent. of the lubricating oil business, with the railroads of the United States, and that the price for its products are not uniform with all railroads was written in the record of to-day's hearing of the federal suit against the so-called oil trust.

C. C. Steinbrenner, an accountant for the Galena Company, detailed how contracts were made with the railroads whereby they were guaranteed a maximum cost for the lubrication of the road, based on a mileage basis for engines and cars.

COUNT DID NOT APPEAL.

PARIS, Oct. 4.—The time limit in which Count Boni De Castellane could appeal to the courts of cassation expired to-day and the divorce decreed obtained by Mme. Anna Gould, the former countess, is absolute.

WILL BE NO STRIKE.

LONDON, Oct. 4.—The threatened lockout of between forty and fifty thousand members of the bolshewik society on Oct. 5 has been averted. The men to-day voted to sign what is known as the "Edinburgh agreement."

I GIVE IT FREE

To Men Until Cured.

Not One Penny in Advance or On Deposit.

I wish you could know for yourself the wonderful effect of the galvanic current, weak and nervous men, I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. I have been curing thousands every year for yourself the wonderful effect of the galvanic current, weak and nervous men, I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. I have been curing thousands every year for yourself the wonderful effect of the galvanic current, weak and nervous men, I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. I have been curing thousands every year for yourself the wonderful effect of the galvanic current, weak and nervous men, I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. I have been curing thousands every year for yourself the wonderful effect of the galvanic current, weak and nervous men, I wish you could realize the health and happiness that will be yours when this wonderful force infuses every nerve and vein of your body as accomplished through my treatment. Management of Mines Criticized by Mining Engineer Roberts of Grand Rapids.

J. H. Roberts of Grand Rapids, Mich., says:

In the exhaustive examination made of the various Cobalt mining properties in the Township of Coleman and Burke I find these conditions:

First, as to the question of the wealth imbedded in the territory mentioned, there is no question in my mind but what this is almost limitless.

I wish that my judgment could as fully endorse the management of these properties as it does the properties themselves; unfortunately, this is not so.

As a matter of fact, with but one or two exceptions, there is no intelligent mining being prosecuted.

On the contrary, it seems to be the aim of the various managers, no doubt actuated by the desire to get the most out of the different companies, to extract ore in quantities, or to market their stocks for the purpose, to make the most of the present market.

Second, this is a conclusion that I arrive at as to the wealth and the proper method to pursue for its reclamation.

While the various mines are rich, the richness in over-capitalization as a general proposition relative to the various mining companies in the district mentioned casts into the shade the natural wealth imbedded in this rock-ribbed country.

There are, at the present time, a number of companies that have mines or holes in the rock from which they are making shipments almost weekly of valuable minerals.

Now, as regards the widespread stock market and curbstone report as to the "pinching out" of the mineral of these districts, I have seen assays of these fields.

Who made the blast. It is only a matter of time before this region will "come to its own" as a wealth-producing area.

Now, as regards the widespread stock market and curbstone report as to the "pinching out" of the mineral of these districts, I have seen assays of these fields.

Who made the blast. It is only a matter of time before this region will "come to its own" as a wealth-producing area.

COBALT CENTRAL LEADS MARKET IN ACTIVITY

But the Transactions Are on the New York Curb—Local Markets Dull.

World Office, Friday Evening, Oct. 4.

Silver Leaf was fairly active to-day, 6000 shares being dealt in at 4 1/4 and 5 1/4.

Central changed hands around 28. Silver brokers are claiming that Cobalt Central is at present easily the market leader for the mining stocks.

White Bear led slightly higher to-day, but no volume of business transpired in the north, prospects suggest quietness for the immediate future.

New York Curb. Charles Head & Co. report the following closing transactions and sales on the New York curb:

Nipissing closed 5 1/2 to 7, high 7 1/4, low 5 1/4; sales, 3000 shares.

Cobalt Central, 25 to 25 1/2; high 26, low 24 1/2; sales, 1000 shares.

Green-Moohan, 3-16 to 3-18; no sales.

Green-Moohan, 3-16 to 3-18; no sales.

Green-Moohan, 3-16 to 3-18; no sales.

THE QUALITY STORE

Canada's Pride

Looking over Canada's list of exports, one cannot but be impressed with the enormous output of fur skins. Look at one item—six hundred thousand mink skins! Mink is the world's most popular fur, and Canadian mink is by far the best. Shouldn't you appreciate the advantage you have in buying here, and more particularly at Dineen's? Never before has our stock of mink been so complete, and it's all

MODERATELY PRICED

for quick selling. You'll find it made into fancy jackets and caps and winter hats, as lining for cloaks and capes and as collars and boas, ruffs and muffs.

There's a sure probability that mink will advance in price. To buy now will be a good investment.

Store Open Saturday Until 10 P. M.

York County and Suburbs

MARKHAM FAIR EASILY MAKES A NEW RECORD

York County Maintains Position as Great Centre for Good Horses

—County News.

MARKHAM, Oct. 4.—(Special).—This, the third and closing day of the East York and Markham Agricultural Societies' fair, has been a memorable one in the history of the town and county.

In the early part of the day the elements were not propitious, and the hopes of the directors were correspondingly depressed, but later, Old Sol asserted himself, and from every part of the fine old county farmer and citizen flocked to participate in Canada's greatest county fair.

The Grand Trunk Railway gave an extra service, two heavy special trains running out from the city, while the railway accommodations from the north were greatly overtaxed.

A moderate estimate places the number present on the grounds this afternoon at 15,000, and no more striking evidence of the thrift and prosperity of the agriculturist could be furnished than shown in to-day's gathering.

Exhibits a Fair Average. In the display of horses the fair left nothing to be desired, but in some of the other departments as much cannot be said.

An objectionable feature, and one which caused considerable adverse criticism, was the presence on the grounds of a small army of fakery, their tents in some cases blocking ingress to the carriage and vegetable show.

Among those on the grounds were Hon. John Dryden, J. W. Curry, Alex. McCowan, M.L.A., Archie Campbell, M.P., Ald. Sam McBride, W. H. Fugley, Dr. Orr, H. J. P. Good, Geo. H. Gooderham, Peter Christie, M. P. Jas. Baird, ex-Ald. Fleming, George Gowanlock, Wm. Graham, Thomas Graham, Charles Burns, T. H. Sheppard, Dr. Young, ex-Mayor Smith (Toronto Junction), T. H. Phelan, Mayor Ross (East Toronto), Dr. Staley, Capt. Tom Wallace, W. B. Hagerman, Reeve T. H. Speight, ex-Warden Slater, Jerry Nelson, John H. Ramsden, W. J. Hill, Sandy Doherty, John Little, John Cox, and a host of others more or less interested in horses and agriculture in general.

Pacing Was Fair. In the speeding ring the track, the heavy, furnished good sport, the events being:

Free-for-all. Lady May, Burns & Sheppard. 1 1 1 Miss Aley, E. A. Donald. 2 2 2 Brian Boru, A. Kerr. 3 3 3 Time—2:30, 2:29, 2:30.

Gold Necklets

WANLESS & CO. 108 Yonge Street.

Running race, half-mile: Glen Lonely, Al. Kemp. 1 1 Clancy, N. C. Brown. 2 2 Time—58, 54.

250 trot or pace: City Boy, W. Blanshard. 1 1 Tom Longboat, Jno. Martin. 2 2 Billy Carlyle, Jno. Palmer. 3 3 Time—2:50, 2:50.

The officers of the course, whose decisions were viewed with favor, were C. W. Syde, starter; Jos. Russell, R. Darling and T. A. Graham, judges; W. J. Stark, timer. In the competition for the valuable silver cup offered by the Sovereign Bank for the best single high-stepping hackney, the entries narrowed down to horses owned by Graham & Renfrew, and H. J. Spenceley, in which the former won. This trophy must be twice won to become winner's trophy. Last year Mr. Spenceley was successful.

Grand Show of Drafts. In the heavy classes there was a show which, in point of excellence, has never been surpassed. Some of the winners were:

Canadian draught class, 2-year-old, the results were: John Lowrey 1, Wm. Cox 2, George Davidson's Sons 3. Canadian draft class, 4-year-old, W. J. Howard 1, A. G. Gormley 2, George Davidson 3.

Imported 4-year-old and over—Graham & Renfrew 1, A. G. Gormley 2, R. and A. Cairns 3.

The feature of the fair was the splendid success which attended the ladies of the Methodist Church in catering to the wants of the visitors, netting them and the Ladies' Aid some \$200.

The officers of the Markham Fair are: Officers of the board—President, W. Malcom; 2nd vice-president, James Malcom; 3rd vice-president, R. Trickett; J. F. Davidson; secretary, A. Ward Milne.

Honorary director—Harold T. Smith. Board of directors—John Isaac, Jas. Armstrong, Y. S. Hugh Boyd, P. H. Rees, W. W. Patterson, J. C. Ormerod, Capt. H. S. Adam, Jonathan Slater, J. W. Cowie, Alex. Russell, Alex. King, R. Ash, M. Hemmingway, J. B. Gould, Thomas Crawford, Wm. Grant, Ed. Kirk, Jas. Torrance, B. Ormerod, T. W. Underwood.

Auditors—T. B. Reive, W. A. Robinson.

TORONTO JUNCTION.

Junction Man, Thru Mistake, Has a Close Call.

TORONTO JUNCTION, Oct. 4.—A. McAuley, who keeps a grocery store at 56 East Dundas-street, made a mistake last night which might have cost him his life.

Mr. McAuley got hold of oxalic acid for other purposes. After swallowing using mustard and hot water, and Dr. Clendenan was called and applied the stomach pump. Mr. McAuley is still ill with a badly burned throat, but he expects to be all right again in a few days.

In police court to-day Robt. Padget was fined \$2, without costs, for damaging the new sidewalk by walking on it before it was dry. Padget was told to get off the sidewalk and refused. The contractor intends to prosecute anyone who walks on the new walks, and the citizens are asked to see that the contractor's wishes are adhered to.

The assault case against Geo. Golding of Willowby-avenue was dismissed thru want of evidence. Charles Hayles of the Junction was charged with disorderly conduct. Sentence was deferred. The new organ for Victoria Presbyterian Church will be installed about the beginning of November, and will cost \$4500. The brick arch behind the pulpit requires to be widened to fit the organ, but the alterations will cause the demerment of the interior of the church only during one Sunday.

The offices at the corner of Dundas and Keele-streets, recently vacated by Stanners, the jeweler, will shortly be occupied by the Junction branch of the Sterling Bank of Canada, which is at

present located at 17 East Dundas-st. Mr. Buchanan, the manager, states that the office of T. J. Smyth, adjoining the premises, already acquired, will be used by the bank as soon as Mr. Smyth's lease expires, which will be in May, 1908.

With reference to an item in The World, Mr. Blyth of Humberdale-avenue says he has never been in any trouble except once, when he abused a man for hitting a boy. He minds his own business and is at peace with his neighbors. The World trusts that any wrong impression conveyed by the article will be removed.

Last night the Royce-avenue Baptist Church welcomed home their pastor, the Rev. Robert Garrett, who has been taking a much-needed rest in the country. Talent from the city churches assisted in an enjoyable program, which was followed by the presentation of a purse of money to Mr. Garrett and a bouquet of American beauties to Mrs. Garrett. The presentations were made by the Rev. S. S. Weaver of Parkdale, after which refreshments were served. The church has disposed of the Royce-avenue property and will erect a new building at the corner of Humberdale and Willowby-avenues.

The lacrosse scholars' trips, good for four months' free tuition in the Sterling Business College and given by Mayor Baird, have been awarded to Albert Gilbert, Oliver Davis, Roy Kinsman, Elgin Vernon and Ralph Scott.

The College of Music students will resume practice on Monday evening, Oct. 7, at 8 o'clock. Applications for membership can be made at the offices of the college.

Use Connell's Coal for satisfaction. Egg, stove and nut \$6.50 per ton; pea coal \$5.50. Junction has a large yard, corner of Weston-road and Dundas-street.

WOODBRIDGE.

C. P. R. Line, Weston to Bolton, is being improved.

WOODBRIDGE, Oct. 4.—The C.P.R. are spending a lot of money on the line from Weston to Bolton, taking out curves and grades to make it correspond with the line from Bolton to Sudbury, which, when finished, will be the main line from Toronto to the northwest. Work on this section running thru here is progressing slowly, owing to the heavy cutting, which in places is over 20 feet deep, and very hard blue clay soil.

Mr. T. F. Wallace, president of the trustees by the company, to settle claims for damages for the right of way, has accepted his task, which was not an easy one, as the price that was claimed in a good many cases was unreasonable. However, everybody satisfied, and many more are sorry that the road did not run thru their property. The amount paid for the right of way thru the village is over \$100,000.

One week from next Wednesday and Thursday will be the great Woodbridge Fair. Mr. Wallace, the manager, is expected to bring a large number of entries.

Thru the kindness of the Rev. and Mrs. Mackinnon, Dr. P. D. Mackinnon, Mounsey and D. Mackinnon, a special part of the program was given by the Misses Bessie and Mary Wallace, Misses D. and M. Mackinnon, Miss Burton and Mr. Ross Mackinnon. An excellent lunch was provided by the ladies. The evening closed, everybody joining hands and singing, "We Will Meet Again Another Night for Auld Lang Syne."

Anniversary services will be held in St. Vincent's, Vaughan, one week from next Sunday. The Rev. White-lough of Fairbank will conduct the services. The Rev. Mr. Back of Maple will preside at the church. Credit to the Yvonne Church Sunday morning and evening.

THORNHILL.

THORNHILL, Oct. 4.—John Langstaff of New York is again looking to the Ontario government for a charter for a private company to draw water from Lake Simcoe into the Humber valley for power purposes. This company will offer electric power at \$10 per horsepower per annum, and will also offer to serve Toronto and all high level stations with water at 2 cents per 1000 gallons. An American company has for several years past been looking for the opportunity of investing in this project. The hydro-electric power commission are considering this question and Mr. Langstaff is anxiously waiting to hear from them.

BOLTON FAIR.

BOLTON, Oct. 4.—Everything points to a big fair here on Wednesday next. Entries are coming in fast, and the exhibit of horses promises to be particularly good. The racing purses are: Free-for-all, \$100; 3-minute, \$55. The special train leaves Toronto at 12:30, and many ex-residents of the district are expected on this and the regular trains.

NORTH TORONTO.

NORTH TORONTO, Oct. 4.—At an early hour this morning death removed one of York County's best known men, at the ripe old age of 88, in the person of William Brown. He was born on May 24, 1819, the same day as the late Queen Victoria in the County of Tyrone, Ireland. He emigrated to Canada in 1837 and lived within the boundaries of York Township ever since, having held the position of township assessor for forty years till the incorporation of the Town of North Toronto in 1890, when he received the appointment of assessor for the new municipality, which he held for thirteen years, resigning in 1903. His wife died ten years ago, and he has eleven sons and one daughter, the daughter and five sons died in early youth. Those surviving are: Robert

GLASS EYES

Many a person is wearing an unsightly looking eye. If they would call on us we could fit them with an attractive one of best quality in shell or reform at the right price

THE LATE WM. BROWN.

The deceased was an adherent to the Church of England, and in politics an ardent Conservative. The funeral will take place from the residence of his son, Councillor A. J. Brown, Yonge-street, to Mount Pleasant, on Monday afternoon at 3 o'clock.

A full assortment of the leading and most approved patent medicines at the lowest prices at Twiddy's Drug Store, corner Yonge-street and Eglinton-avenue.

William Smith of the second concession of East York shows potatoes of the Mr. Dooley variety weighing one and one-half pounds apiece. He also has citrons weighing twenty pounds each.

Complaints are being raised, both in Downsview and Eglinton, of the indignities to be offered for sale by the individual discharging of firearms. The annual harvest home services will be held in the Methodist Church, Downsview, on Sunday, Oct. 6. At 11 a.m. Rev. R. J. Follis of College-street Methodist Church will preach. Rev. L. W. Hill, P.A., of Broadway Tabernacle will address the friends and scholars of the school at 3 p.m. In the evening Rev. G. W. Dewey of Downsview Methodist Church will preach at 7 o'clock. The church will be additionally enriched by good singing by the choir. The church will be beautifully decorated for the occasion.

YORK TOWNSHIP.

The general executive of the York Township Local Option Association will meet in Room 82, Confederation Life Building, on Friday, Oct. 11, at 2 p.m. Business of importance will be transacted and a large attendance is expected of representative men.

The Treating Habit

Everybody who is anybody knows that the treating habit is bad, and should be abolished. Now is the time to permanently destroy it and save thousands of drunkards from a drunkard's grave and hell. Local Option is the agent to use to accomplish this much-needed reform. If you believe in fraternity, favor and work for Local Option.

Dunlop FAIR PRICED TIRES

All rubber tires are priced according to the rubber they contain. A cheap price buys less rubber, while a fair price secures a tire of quality, that will stand wear and give lasting satisfaction.

The trade mark of the Dunlop Tire & Rubber Goods Company, Limited, is a guarantee of quality in rubber. In a solid rubber tire it guarantees good honest composition and the correct features of construction.
