28TH YEAR

PREMIER DOESN'T MINGE WORDS IN SHARP REPLY TO HIS CHIEF CRITICS

Assails MacKay and I. A. Macdonald for Unfair Attacks on University, Which Have Already Caused It Injury.

MASSEY HALL THROGGED AT GREAT FINAL RALLY

While not such a demonstration as the great gathering in London on Wednesday night, the final rally of the Conservative campaign in Massey Hall last night was a solid and splendid testimony to the esteem in which the Whitney government is held in Toronto.

The speechmaking was admirable, no one except Premier Whitney himself exceeding ten minutes, while most of the speeches were under five, and Mr. Whitney spoke three minutes less than an hour. The result was an animated and interesting evening, in which the salient points of the political situation were clearly brought out.

Mr. Foster's tribute to Mr. Whitney was the man who had resuscitated public life to the province summed up in a sentence the trend of all the argument, and the audience clearly showed that the appeal went home.

Nothing made so great an impression as Premier Whitney's vehement indictment of the Liberal leaders for their attitude towards the university, his explanation of a resignation will be in order from Rev. J. A. Macdonald after the arraignment of Hon. A. G. MacKay's university policy and the Hon. Thomas Crawford was absent, having been detained in the country, where he has been campaigning for weaker brethren.

Next to Premier Whitney, G. H. Gooderham had the warmest reception. John Shaw was also cordially received.

T. R. Whitesides appeared to have the fewest supporters and W. D. McPherson had only a shade better reception. The latter was better received than expected and Mr. Foster met with great applause.

The balcony was fairly filled with ladies and their escorts and the gallery was three parts full. The body of the hall was filled and the platform and boxes were occupied by the party stalwarts.

P. W. Ellis occupied the chair and displayed the great virtue of self-displacement.

Ovation for Whitney. Premier Whitney was received with applause and cheers five times renewed. He had been held secret by which he did not go away encouraged.

He speedily got into fighting trim and assailed the distinguished gentleman who was nominal leader of the opposition in the last legislature, who had addressed himself, not to criticism of the government, but to the more congenial task of defending himself and his colleagues.

Next showed how The Globe had been compelled to abandon its impartial attitude for three years past at the instance of the party leaders, and "burst loose like a flood upon an astonished country." The government record was as "free from fault as the record of mortal men could be."

But this did not avail. Premier Whitney, refrained from enlarging on the "steady stream of ruffianism which percolated thru the Liberal party from one end of the province to the other, happily without much effect. The organ of the largest church in Canada has done that task for us. The Methodist Guardian has shown what decent men think of that sort of thing."

The Case of the University. He felt it his duty to show how unwarranted unjust and unmanly was the attack of Hon. Mr. MacKay upon the university, aided and abetted as he was by The Globe. He recounted the former condition of the university under the Ross government, money doled out to it until the poor condition in which it was allowed to remain became a shame and a disgrace to the province. The plan of the board of governors, advocated and applauded by The Globe had been adopted for the object of giving them a free hand, not to be watched by detectives every day in the year to see what they were

WOMAN IS ARRESTED FOR ACID THROWING STORY OF INFATUATION

Mrs. Elizabeth Ellen Taylor Accused of Taking Terrible Revenge on Edward Chandler for Alleged Wrongs.

Mrs. Elizabeth Ellen Taylor, 29 years of age, who gives her address as 249 Lappin-avenue, was arrested at 5.45 o'clock last night, charged with throwing carbolic acid at Edward Chandler, a young married man, 17, 1/2, of Lee-avenue, Monday night. Chandler, it was first feared, would be blinded.

The woman, who had been separated from her husband for three years, according to Chandler's story, was waiting for him in Lee-avenue at 6 o'clock when he was returning from his work at the J. B. Smith Company works. She accosted him and asked for a few minutes. The woman, who has been infatuated with him for years, according to his story, demanded that he contribute to the support of the youngest of her three children. Chandler made denials of her allegation, and refused to give her money, whereupon she threw the contents of a small bottle of carbolic acid in his face.

Chandler is about the woman's age and lives with his wife and family at the address given. He is an athletic instructor for the St. Charles Athletic Club and also is a dancing teacher. In this capacity and socially he has met Mrs. Taylor at a number of dances throughout the past winter and according to his story he has known her about seven years. She has repeatedly asked him to leave his wife and go away with her.

Mrs. Taylor left her husband, Clifford Taylor, 3 Northcote-avenue, about three years ago, taking her two children with her. They were married about five years ago. Since then their marital troubles have been arduous in the extreme. She has had custody of the two children but has been unable to do so. About two months ago a third child was born.

The information respecting the identity of the woman was held secret by the police until Thursday, when her arrest Mrs. Taylor has refused to give any statement. She was arrested by Detective Mahoney at the Lappin-avenue house, where she is now being living for a short time.

She is charged with assault inflicting actual bodily harm, the penalty for which is three years' imprisonment.

FOOTING WITH LISTS. One of the gravest offences charged, however, against the present local government machine in this city is the attempt to keep Mr. Bourassa's name out of the official lists in order that they may not be able to get out their cards in time. In spite of the fact that Mr. Bourassa's name had been sent out two or three days ago, the deputy returning officer for St. James East, where he could not get them ready. Yesterday morning, however, Mr. Asselin, accompanied by two members of the Bourassa central committee, went to R. Latulippe's office and told that gentleman that if the lists were not produced instantly then he would be serious trouble there and then. Mr. Asselin declared last evening that the deputy, thinking that discretion was the better part of valor, handed over the lists, which as a matter of fact had been placed at the disposal of the prime minister's friends at large two or three days before.

Henri Bourassa appeared this evening in the role of a British patriot at the Theatre National, his headquarters, where he delivered an English meeting, and paid such a warm eulogy to the freedom that every class of citizen enjoyed under the folds of the Union Jack that the old theatre re-echoed with cheers. The audience was fully two-thirds English-speaking. At the close Mr. Bourassa had no speech to the balcony and make another speech to the thousands who packed the streets outside.

Hon. Lomer Gouin has not accepted Henri Bourassa's challenge for the Champ de Mars meeting to-morrow, but the premier invites Bourassa and his friends to come to the Liberal meeting at the St. James' market.

CARS COLLIDE; 8 KILLED. Many Injured, Some Perhaps Fatally, in a Maryland Wreck.

ANNAPOLIS, Md., June 5.—In a head-on collision between two special cars of the Washington, Baltimore & Annapolis Electric Railway Company, shortly before 8 o'clock to-night, eight passengers were killed outright and a score of others were seriously injured, some of them perishing before the collision was due to a confusion of orders, as the line has been running several extra cars on each way in the commencement of festivities at the naval academy.

EXTRA POLICE FOR QUEBEC. QUEBEC, June 5.—The civic authorities have decided to increase the local police force by eighty men for the tercentenary festivities. These eighty extra constables will be brought from Toronto and Montreal.

BRIBERY GAIOR REPORTED IN QUEBEC

Mysterious Envelopes, With Cash and Lots of Free Whiskey, May Help Some Candidates.

MONTREAL, June 5.—(Special.)—The position of the Gouin administration, irrespective of what the result will really be on Monday evening, is of the gravest apprehension to the warmest of their supporters in this city and district, and this applies especially to the fact that in spite of the fact that Hon. Mr. Devlin signed a paper to the effect that his party in Quebec would not make use of whiskey as an influence in Monday's struggle, that a barrel has already made its appearance in that county addressed to a farmer not far from the county town.

The proof has been forthcoming that the struggle is so close in the County of Berthier that the Conservatives have just been offered the sum of \$25 each for their influence on polling day, which was of course returned and the names of the would-be briber carefully secured for future use.

Free Whiskey is Plenty. Then the word came from Hull yesterday that the Liberals have already established eleven whiskey depots in that county in view of the polling on the first of the week.

All this news, however, is accompanied by the report that this whiskey and money are too late to do any good to the opposition candidates in the constituencies where the work is to be carried on.

An interesting fact is also related by a man in the Town of St. Hyacinthe. A great number of electors have been in receipt of mysterious envelopes, some containing some two, and others five dollars, accompanied by a small note which gave the recipients to understand that Mr. Bourassa's name had been sent the bribe, as they have no money to deal out to the electors.

Consequently, Mr. Bourassa will establish a thru passenger boat service between Charlotte, N. Y., and Port Hope and Cobourg, Ont. This is one of the results of the recent inspection of the Buffalo, Rochester and Pittsburgh properties by Charles M. Hays of the Grand Trunk.

About a week ago these officials, with other executives, made a tour of the entire R.R. & P. district. Several trips were made thru the Pittsburg district and the party also inspected the facilities at Charlotte, which is just outside of Rochester. The two lines have jointly operated a car ferry service between Cobourg and Charlotte for some time. Much coal had been taken into Canada via this arrangement and the passenger feature, it is stated, has been under consideration for some time.

B.R. & P. trains running into Rochester will make connections with the boat trains for Charlotte. It is planned to run three days a week—Monday, Tuesday and Saturday. The city is entering action against the proprietor of the Royal Hotel, charged with reversing the water meter, thus defrauding the city out of a considerable sum.

TWO LOCAL CANDIDATES PLACED UNDER ARREST. Drury and Treadler, Socialists, Helped to Block Chestnut St. Others Taken in Too.

Leon Treadler, 22 Draper-street, and Ernest Drury, 31 Geneva-avenue, two of the Socialist candidates in the coming provincial elections, along with Samuel Esser, 122 East Queen-street; Abraham Misneruz, 57 Walton; Joseph Smithman, 42 Anderson-street, and Samuel Shapiro, 256 Chestnut-st., were arrested and lodged in No. 2 station on Agnes-street last night, charged with obstructing Chestnut-street. They started making speeches and a large crowd gathered, blocking the street and sidewalks, and on refusing to move when ordered to do so, the leaders were taken into custody.

Israel Leibitsky, 95 Hayter-street, followed the arrested men down the street and became quite anxious to create trouble, so he was taken along with the other six. Drury was the man who recently hanging a crowd on Melinda-street and was arrested and fined \$5 and costs. He attended a Pyne meeting in Broadview Hall on Tuesday night and began interrupting. After the meeting he was roughly handled.

BULLETS FOR BALLOON. NORTH ADAMS, Mass., June 5.—While a balloon North Adams, number one, carrying N. M. Arnold of this city as pilot, and C. DeAngelis Frus, who is said to be an officer of the Italian army, was passing 500 feet over the Village of Poestenkill, N.Y., to-day, rifle shots were fired at it, according to Pilot Arnold, who returned here to-night.

THE YOUNG MINISTER (who is being "left alone"): It's—ah—very regrettable that she should not be a little more serious-minded.

BOAT SERVICE FOR THE G.T.R.

Will Co-Operate in Passenger Traffic Between Port Hope and Cobourg and Charlotte, N.Y.

BUFFALO, June 5.—(Special.)—It was officially announced here to-day that beginning at once the Buffalo, Rochester and Pittsburgh Railroad will establish a thru passenger boat service between Charlotte, N. Y., and Port Hope and Cobourg, Ont.

This is one of the results of the recent inspection of the Buffalo, Rochester and Pittsburgh properties by Charles M. Hays of the Grand Trunk.

MULCTS UNION \$2000 DAMAGES

Master Plumbers of Winnipeg Get Important Judgment Against Journey-men.

WINNIPEG, June 5.—(Special.)—Judgment was handed down this morning by Judge Mather in important case of Cotter v. Osborne, brought by the Master Plumbers against the plumbers' union as a test case.

In the strike last year the former claimed the men used intimidation and undue influence, persuading non-union men to quit work and paying the wages of some of these out of the union fund.

Public interest was centered on the case at the first hearing by the singular disappearance of the books and minutes of the union under suspicious circumstances.

In giving judgment for plaintiffs for two thousand dollars, together with a perpetual injunction against the union, Judge Mather said that the books were evidently destroyed because they contained incriminating evidence, and the court was bound to take this fact into consideration.

The case is likely to have an important bearing on the status of unionism in this section.

A YOUTH IS DROWNED AT SUNNYSIDE BEACH. John Bates, Aged 20, Loses Life While Bathing From a Canoe 50 Feet From Shore.

John Bates, 20 years, who lived with his father at 921 West Queen-street, was drowned at 3:10 o'clock yesterday afternoon.

Bates and a companion were bathing and using a canoe. When it was about 50 feet off shore his companion swam in. Watchers on the shore told him that Bates was in trouble and he hurried out. He got Bates in five feet of water. The young man was still breathing. Dr. Orr was called, but could not revive him. The body was removed to undertaking rooms.

REPORTS ALL OPTIMISTIC

Dominion Bank Advices from the West Speak of Excellent Crop Prospects.

Highly favorable crop reports are coming into the city from different sources, and among these the semi-monthly report received by the Dominion Bank authorities this week, giving a general estimate of the crop throughout the entire Dominion, is worthy of attention.

C. A. Bogart, the general manager of the Dominion Bank, was questioned regarding their last report yesterday, and made the following statement:

"Particulars regarding the Canadian crops received from all our branch managers are extremely flattering. In the west seeding was never completed under more favorable conditions than it has been this year, and although the crop there has still many things to contend with between this and harvest, everything is regarded as pointing to a record yield. Perhaps the most important feature from the west is the fact that seeding has been completed four or five weeks earlier than last year, and this is almost a guarantee against any late damage. In Ontario and Quebec our reports show excellent prospects for the hay crop, while conditions are highly favorable for dairying and for the marketing of live stock."

Discussing the effect of the crop on commercial conditions Mr. Bogart said that he thought the prospect of such a good crop would be instrumental in promoting a greater confidence in a commercial circle.

CANADA FIRST TO RECEIVE POWER

Surplus of Niagara's Energy for U.S. Consumers, Say Waterway Commissioners, Who Criticize Present Situation.

The Canadian section of the Waterways Commission is arguing that as half the electric power produced at the Falls is to be consumed in Canada, the present requirements should be equally derived from the three Niagara companies, and that jointly or severally they should be compelled to build transmission lines.

The commission evidently contemplates a continuance of private ownership. The logical issue of the Whitney power policy is public ownership. The municipalities, by building their own transmission lines, will have so much less to buy when the final act of expropriation of the electric power plants becomes necessary.

Ontario will eventually be able to use all the power produced at the Falls, and the demand will regulate the terms of supply and bring a solution of the problems that may arise from the supply of power to the United States.

OTTAWA, June 5.—(Special.)—The latest report of the Canadian section of the international waterways commission was tabled in the commons to-day.

The commissioners deal at length with the problem of power distribution, and carefully weigh the problem of equitable distribution of the power, and of Niagara Falls. After citing the Dominion legislation on the subject of power control, the commissioners say:

"It will be unfortunate if, with the same object in view—the promotion of the public interest—the policies adopted at Ottawa and Toronto should work apart. It is not for our commission to say whether private ownership, with government control of municipal ownership, should prevail with respect to the distribution of power from Niagara Falls."

"We say that it is the duty of the companies to distribute at reasonable distances and at reasonable prices, and in equal proportions, so that the control over the export of each must be retained by our government. If, however, the municipalities of Western Ontario elect to assume the responsibility of distributing power, it does seem to us to be a most desirable essential in the working out of that plan. This should be taken not from one company, but proportionately from each, so that the control over the export of each can be maintained."

World Drive Others Away. "It is manifest that if the hydro-electric power companies in the Ontario Power Company, as proposed—they will come into active competition with the Electrical Development Company, the only company which has made a real attempt to supply our market, and they will, at the same time, invest in interests created with, will complicate the situation."

By assuming the responsibility of the distribution, they practically do away with the provision in the agreement by which the companies are required to themselves distribute in Canada. Duplicate lines would be wasteful and undesirable. If the hydro-electric power commission distribute in Canada, the companies cannot be expected to do so in competition.

It follows also that if the hydro-electric power commission take all the power at Niagara Falls from one company, the others must be permitted to export all, or nearly all, their available result must be to make your act with regard to the exportation of power unworkable.

"If a policy be adopted which enforces the obligation at all times of each of the companies to our market, each of the companies will make their American contracts subject to conditions which will enable them to supply, from time to time, the increasing Canadian demand. If, however, any of them is excused from its present obligation to our market, it will be much more difficult later on to enforce its obligation to it. Contracts will have been made in New York State and vested interests created with, will complicate the situation."

Must Insist on Local Supply. "Our commission respectfully submit that EACH OF THE COMPANIES SHOULD BE COMPELLED TO SUPPLY THE CANADIAN DEMAND PROPORTIONATELY, AND NOT BE ALLOWED TO EXPORT ITS SURPLUS. THEIR OBLIGATION IS TO DISTRIBUTE POWER AT REASONABLE DISTANCES AND AT REASONABLE PRICES. If they are relieved of the obligation to so distribute, they should not be relieved of the obligation proportionately to supply the power at Niagara Falls at first price, as the principle of proportionate supply to the Canadian market be maintained, your government cannot control the export of its power at all time and under all circumstances, would not do justice to the companies, and will yet fully conserve the public interest."

OBJECT TO A MONUMENT TO UNITED STATES' DEAD

Wentworth Historical Society Revives Antipathies of 1812—Conference Proceedings.

HAMILTON, June 5.—(Special.)—The police have found difficulty in carrying out the new by-law regarding street traffic, and they have started a crusade against offenders. To-night Constable Hill took out summons charging Dr. Gillette with breaking the by-law by not driving on the right side while crossing the corner of King and James-streets.

The ordination service in connection with the Hamilton Methodist conference was held last evening at the church following were admitted to the ministry: Rev. Arthur A. Forman, Hamilton; Rev. A. E. Marshall, Rev. Arthur N. Cooper, Rev. E. Milton Carter, Albert J. Elson and Frederick Okell. Rev. H. W. Crews thought the church should be the arbiters in industrial disputes.

At this morning's session of the conference there was a hot discussion on the subject of a monument to the memory of the American soldiers who fell at Queenston Heights in the war of 1812. These officers were elected: Rev. George A. Bull, honorary president; Justice A. Griffin, president; S. F. Gosler, K.C., H. H. Robertson, vice-presidents; J. H. Land, secretary-treasurer; Mrs. R. F. Sutherland, corresponding secretary; Next Sunday the members of the soldiers at Stony Creek will be decorated.

At the annual meeting of the Children's Aid Society this afternoon, the following officers were elected: Adam Brown, president; Col. A. H. Moore, W. H. Wardrop, vice-presidents; W. H. Wardrop, vice-presidents; Miss Forbes, secretary; J. M. Burns, treasurer, and William Hunter, inspector. The treasurer's report showed receipts of \$2082, and a surplus of \$1647.

GETTING MARRIED.

The New Responsibilities and Their Relation to Art.

Getting married has many advantages. Sometimes as Liszt realized, it escapes the career of a young woman who threatens to be a musician without a soul. On one occasion in the master's studio, a tall young woman grasped her by the hand when she had finished and said: "My dear, get married." There are thousands of young people who love the famous Rondo but whose attempts to play it are to say the least unhappy. Their fingers have not the facility of the Gouny-Angelus. This marvelous instrument provides a finished technique for every one.

The operator has at his command every possible gradation in tempo and dynamics. By the pressure of one finger he can accomplish wonders. If the player is operated by a person of sensitive musical temperament, the result is fully as good from an artistic viewpoint as the performance of a Hoffman or a Paderewski. This is a large claim, but it is supported by Fritz Kreisler, the eminent violinist, whose opinion on this subject is of the highest authority.

It offers the possibility of obtaining every expression and accentuation in playing and to produce the finest shading of tone and dynamic. A combination of the Angelus as a part of such evening pianos as the Gouny-Angelus is worthy of the attention of every musician. The firm of Gouny, Winter & Loening has accomplished a great feat in the production of the Gouny-Angelus. See it at the Yonge-street warehouses.

OBITUARY

William L. Vair, a young business man of Barrie who had been absent from Canada for four years in the hope of recovering his health in the southern states, died at Barrie, Ont., of his brother-in-law, R. D. Orok, 65 Brunswick-avenue, at 3.30 a.m. yesterday.

Mr. Vair's condition had improved sufficiently to allow him to engage in the millinery business at San Diego, Cal., which place he left a few days ago to visit his people in Barrie. The long ride on the train proved too arduous for him, and he died shortly after his arrival at Barrie of his wife, who left San Diego yesterday. Deceased was a member of the firm of James Vair & Sons, Barrie.

George Glenister died very suddenly at his home on McPherson-avenue yesterday morning in his 61st year. His death was attributed to the cause. Deceased came to Canada 35 years ago from Forfarshire, Scotland, and was well known in Toronto among members of the building fraternity and more particularly among the local bricklayers, which trade he followed. He was a member of the A.O.U.W. and a strong union man. He leaves a widow, two daughters and one son.

At Barrie—Rev. Dr. Allan Findlay, a son, J. G. Findlay, was killed at Muller River, South Africa, and another son, Oliver, was killed at Sudbury two years ago. Other sons are W. A. H. Findlay, circulation manager of the Ottawa Free Press, and Ray, in Colingwood. He was superintendent of New Ontario Missions, was 68 years of age, and had lived in Barrie 30 years. He had just returned Thursday night from the north, and had not complained of illness.

W. TORONTO CANDIDATES REPLY ON PROHIBITION

What They Are Willing to Do Along That Line if Elected to the Legislature.

The Citizens' League, a "political and social club," in the west end, is willing to support Hon. Thos. Crawford (Con.), Dr. John Hunter (Ind. Lab.) and J. B. Hay (Lab) in West Toronto, in view of their replies to the following question:

"In view of the mandate of the people, given on three occasions, will you, if elected, introduce legislation (or vote for and otherwise support such legislation) which will bring into effect the largest measure of prohibition of the liquor traffic in Ontario which it is in the power of the legislature of the province to enact?"

The substance of replies received are given as follows:

J. B. Hay: "I stand for the abolition of the bar on this issue. I place principle before party. If elected, I will vote and work for the largest measure of prohibition it is in the power of the province to enact, and will be prepared to introduce legislation to give effect to these views."

Dr. John Hunter: "Whether elected or not, will, at every opportunity, do all in my power to banish the liquor traffic from Ontario."

G. G. Miles: "Am in favor of majority rule, and would consider it an honor to bring before the house a bill advocating prohibition on the basis of such rule."

W. D. McPherson: "I will, if elected, support the reduction from 60 to 50 per cent. In the matter of local option, if such question comes up in the legislative assembly."

"If it should be hereafter determined that the province has unbounded authority to extend the system of local option, making it applicable to the province as a whole, I will support such legislation."

A. W. Wright: "If elected, I will support any well considered and practical measure which I am convinced will, without involving injustice, promote sobriety and diminish the vice of drunkenness."

Hon. Thomas Crawford: "I am very much interested in the temperance question, feel very strongly along the lines of temperance reform. Am willing to do all that it is possible for me to do to drive the liquor traffic from the province. I am a Royal Templar and stand by the principles of the organization."

BRAZIL WILL FIGHT THE GREAT WHITE PLAGUE

South American Republic Aroused and Will Lead World by Expenditure of \$1,250,000.

WASHINGTON, June 5.—As a means of checking tuberculosis in the principal cities of Brazil, the sanitary authorities of that country have instituted a campaign involving the expenditure of \$1,250,000. According to a report from Consul General George E. Anderson, who is stationed in Brazil, the authorities of the republic are preparing a campaign especially in Rio Janeiro as drastic as that against yellow fever.

The Brazilian project includes as its material features: The compulsory report of every case of tuberculosis to the sanitary authorities; the compulsory assumption of charge of all cases of tuberculosis by public authorities; infectious cases being separated from the public and patients supported by the public; the establishment of hospitals, with complete isolation, for tuberculosis-infected invalids, and of hotels and boarding houses, agricultural colonies, sanatoria for those not invalids; the absolute refusal of admission into Brazil of any person or animal having tuberculosis; the inspection of all forms and materials likely to carry bacilli of the disease, with power to destroy anything infected, and the betterment of food, housing and other conditions of life of the large mass of the people in which tuberculosis is raging, for the

ON STRANDED STEAMER.

Excitement When the City of Montreal Grounds in St. Lawrence.

MORRISBURG, June 5.—A party of about twenty Berlin tourists reached Morrisburg to-day after a most thrilling experience and long delay on the St. Lawrence. They were passengers on the steamer City of Montreal, which stranded at noon on Thursday fourteen miles below here, and which is likely to remain there for about a week.

The steamer was carrying over 600 tons of freight, and this heavy cargo is all that prevented her from turning turtle when the steering cable snapped and the boat swung towards the New York shore. The tourists were at dinner when the steamer stranded in the 20-mile-an-hour current, and bumped into the rocks. Tables, chairs and dishes were hurled pell-mell over the floor, and some of the passengers were badly shaken up. The piano turned over, and the freight in the hold slid badly, and pandemonium reigned until the ship struck hard.

They were taken off in a launch. The loss is \$2500.

CHILDHOOD DANGERS.

No symptom that indicates any of the ailments of childhood should be allowed to pass without prompt attention. The little ailment may soon become a serious one, and perhaps a little life passes out. If Baby's Own Tablets are kept in the house, troubles can be promptly cured and serious ailments thus averted. And Tablets can be given with equal safety to the new-born babe or the well-grown child. Mrs. H. Gendron, Martville, Que., says: "I have used Baby's Own Tablets and have found them in every way satisfactory. I always feel safe when I have them at hand. Sold by medicine dealers or by mail at 25c a box from The Dr. Williams Medicine Co., Brockville, Ont."

COVERED 2 FEET DEEP WITH AGREEMENTS NOW

Says Blackstock, K.C., Arguing That the Railway Tracks Can't Be Raised From the Level.

Another day was spent before the Dominion Railway Commission in argument upon the jurisdiction of that board to order the construction of a viaduct.

H. L. Drayton, K.C., took up the problem on behalf of the board of trade. The arguments used by the railway counsel, he said, were not new, but were old tunes that had often been played before, altho on this occasion a full orchestra repeating the same argument the board would have no power to order protection by means of watchmen or gates.

It was a monstrous proposition, said Mr. Blackstock, taking up the argument for the C.P.R., that the board should be asked to run a plow thru and to turn aside all the agreements which had been validated by acts of parliament.

The whole area, he said, was covered two feet deep with agreements. The board, he contended, might raise the level of the railway tracks, but there was nothing in the act giving it power to take the same liberties with the level of the railway tracks.

Hamilton Cassels appeared for certain property owners along the viaduct and argued that the board had not the right to interfere with the legal rights of the property owners.

The argument will be resumed this morning at 10 o'clock.

AN EXAMPLE OF LEASING AT SILVER LEAF MINE. Bears Out Contentions of Mining Engineers on This Way of Working Minerals.

COBALT, June 5.—(From the Man on the Spot)—In view of the discussion now taking place on the advisability of the Cobalt Central, Nipissing, La Rose, Peterson Lake, and other Cobalt corporations with extensive holdings, adopting the leasing system prevalent in the west, it will be interesting to note how well the arrangement which the Silver Leaf made along these lines, has worked out. The sole aim and object of the Silver Leaf was to secure a lease of the property owned by the Cobalt Central, Nipissing, La Rose, Peterson Lake, and other Cobalt corporations with extensive holdings, adopting the leasing system prevalent in the west, it will be interesting to note how well the arrangement which the Silver Leaf made along these lines, has worked out.

It may be noted that mining engineers of the standing of Benjamin Laurence, H. W. Hardinge and Frank Loring are firm believers in the great benefits to be derived from the leasing system. When the present management of the Leaf Co. took charge of Silver Leaf, these men took hold of a property that had become discredited in the camp by reason of its bad handling from the mining standpoint.

It is interesting to note that the Silver Leaf made along these lines, has worked out. COBALT CENTRAL. The Company's concentrating plant, which has been in operation since the middle of December, is earning an average of about \$2000 per day working on half capacity (50 tons a day) on the low grade ore being out during development and a surplus profit of dividends is being accumulated in the Treasury.

With constantly increasing ore shipments, unearthing of new ore bodies, and extension of operations into new areas, the Cobalt camp is the scene of busy summer work. The unusual situation of the week was the successful launching of the La Rose Consolidated, the new Cobalt leader, a merger under one management of the La Rose Extended, the Princess, the Consolidated, the new Cobalt, the Violet and the Silver Hill, combined with a possible controlling interest in the La Rose Consolidated.

In common with all mining experiences, the year's work has not been without the usual disappointments. Some of the bodies running high in silver, and others showing good copper values, have not yet been developed to the extent of their high silver value with the continuity which was hoped for, but, as will be seen by extracts from Mr. Loring's present report, there is every reason to expect a recurrence of high values at present and lower values hereafter.

On vein No. 1, at surface, ore extending to a depth of about 80 feet and probably extending into lake. The depth and extent of this ore has been reported, but may yield a considerable quantity of high-grade ore.

Development work, especially on veins Nos. 1, 5 and 6, gives a general impression that these veins are strong and will continue to great depth, and there is more reason than there has ever been for continuing the development to far greater depth, with a strong probability that ore bodies high in silver will be encountered.

It should be borne in mind, however, that this work is necessarily expensive, and should be maintained by maintaining large cash reserves, that any possible contingency or delay in the development of the property already followed, and while still refraining from making definite predictions as to the values to be realized, they have every reason to feel the greatest encouragement from results already obtained, and that the prospects are very favorable.

COBALT ORE SHIPMENTS. Following are the weekly shipments from Cobalt camp, and those from Jan. 1 to date: Week end, May 30, Since Jan. 1. Ore in lbs. Ore in tons.

Local Mining Exchanges Get Substance From the Support of Public Investors.

World Office, Friday Evening, June 5. Prices at the local mining exchanges showed a turn for the better to-day, despite the opposition of speculators, who were working for a decline in prices. The strength in prices to-day was due entirely to orders from investors, most of the purchases being for the account of the public, speculators closing Central exchange watched the trend of prices with considerable concern; they were first doubtful of the strength of the market at the close of business to-day, and were exclusively for the public stated that they had numerous orders to-day, and that they had difficulty in filling orders.

JOHN DRYDEN'S SALE.

Sale of Shorthorns Brings an Average of \$216 Per Head.

BROOKLIN, June 5.—(Special.)—John Dryden & Son's sale at Maple Shade Farm here to-day brought out the majority of the shorthorn breeders of Canada, with a very large number of the American breeders.

In all 40 head of females and three head of males were sold, bringing a total of \$8500, sustaining the good average of \$216. One nine-months old heifer calf sold for \$400, while the highest price was paid by D. R. Hanna of Iowa for a two-year-old. The sale was conducted in large tent on the maple-bordered lawn by Col. Bellows of Missouri, assisted by George Jackson of Fort Perry. The animals were in the pink of condition, and the bidding at times was quite spirited. Local men obtained some good ones.

Messrs. J. M. Gardhouse of Weston, John Campbell of Woodville, John McKenzie of Columbus, James I. Davidson of Balsam, A. F. Auld of Eden Mills, John Miller of Ashburn, Thos. Baker of Solina, J. F. Mitchell of Burlington, Moses Doellittle of Columbus, E. Beare of Port Perry, George McMillan of Greenbank, Thos. Dewey, and Chas. Honey of Port Perry, G. Christie of Aberdour were the chief Canadian buyers.

Horse Killed by Car.—At 6.50 Friday evening at the corner of Queen and Close-avenue a chestnut mare, owned by Mr. Norwich of St. Patrick's Market, West Queen-street, had its leg cut off and its body mangled by a Queen-street car. It had to be shot.

COURT FEES IN COUNTY AGAIN UNDER SCRUTINY

Magistrate Henderson is Too Kind Hearted — Magistrate Ellis' Books Show No Wrong Doing.

Judge Winchester, J. W. Mallon, inspector of legal offices, W. H. Pugsley and J. D. Evans are again turning the searchlight of investigation on the fines and fees of the county magistrates.

Magistrate Henderson of Brantford was called yesterday, and his methods of administering justice, or, rather, his kindness of heart, brought some criticism from Judge Winchester. There was one item where a fine was marked down as \$5, less \$1.

"It should have been the other way round," said Mr. Henderson. "I imposed the \$5 fine, but when I heard the story I made it \$1 instead."

In another place the books showed that he had fined a husband \$10 and handed it over to the wife, but when Judge Winchester came to an item for \$5 and found out it was for hiring a place to hold court, he told him that he should not have done that.

"Do you think I am going to make my house a public resort?" asked the witness.

"Well, the magistracy does not sit heavily upon you, you know."

"You can have it back any time you like," retorted the Bracondale magistrate. "I don't need it."

Several fines had not been paid. "Whenever you inflict a fine and time is given to pay it, it is a magistrate's duty to see that it is either paid or the law is satisfied by imprisonment," said Judge Winchester, who intimated that Mr. Henderson was possessed of entirely too much sympathy required to carry out the requirements by law.

An Honest Witness.

County Constable Robert Burns admitted he was not good at figures. He was clerk for Magistrate Ellis for eighteen months, his pay at first being \$50 a year, which was changed later to a fee basis, in which he got \$50 from the costs of the case. There were a few cases in which his expense account did not figure out well, but he was not so very far out, and stated to the judge that he was perfectly willing to make up any deficiency.

In one case the records showed that one Moon, of Highgate Creek, had been arrested by Constable Burns for cruelty to animals, and, on the same day, for vagrancy, by Constable Simpson. Constable Burns said it had been necessary to arrest him or he would have frozen to death. It had also been necessary to have Brother Simpson's assistance, but why there was necessity for the second charge to be laid is yet to be explained.

Magistrate Peter Ellis of West Toronto came up for examination in the afternoon. He and Chief Tidberry of East Toronto are not on very good terms, and in court each one on oath accused the other of getting certain fees, the only thing they could agree on apparently being the fact that the fees were gotten by somebody. A year ago last May Constable Tidberry was placed on a straight salary, and since that time he has turned everything over to the town.

Some Confusion.

There was one case, that of Joe Hewitt, a disorderly, who was tried out there, the costs being \$1.85. Tidberry said he remembered the case perfectly well, and that he got the \$50 and Ellis \$1.

"I never knew you to get less than \$1 out of a case, Tidberry, so I guess you got the \$1.85," remarked the magistrate.

"Oh, but I am on oath," retorted the chief, "and I did not get it."

"So am I on oath, and I know you did," returned Mr. Ellis.

Another case was that of Corrigan, tried over a year ago, when the costs were \$2.50. Tidberry figured out his portion at \$1.75, and Ellis modestly told the judge: "Oh, I guess he got it all; it's marked \$2.50, and he'd get \$1.75." Then the chief remembered that Mr. Clay, J.P., had tried the case.

As to the other county constables, Simpson, Stewart, Brown and Burns, there was one case, "Wades and Foster," where the first three had sent a bill to the county and been paid \$9.99 each. Constable Burns had not got anything apparently until the judge picked out an odd \$10 item, which no one seemed to have accounted for.

"Oh, no, I didn't. If I did I divided up with the other three—\$2.50 each," asserted the constable.

"Well, but they have got their money from the county already," said the judge.

"Well, all I know is that I didn't get the \$10, that's all."

Then Constable Simpson remembered having got some of it, so he was ordered to pay back \$2.50 to the county, and Stewart has to pay Burns \$2.50 to even up matters a little.

Magistrate Henderson, at the end of the investigation Judge Winchester declared that the audit of the books of Police Magistrate Ellis since 1902 had disclosed no single case of intentional wrong. Any errors occurred were chargeable to the system of bookkeeping. In this the board concurred.

Eighth-of-June Program in the Summer Sale

HOW the month marches along. Monday is the eighth. Mid-summer will be here before we know it. It makes us anxious to think about it because our builders will be making a disturbance here before long. And so we are hurrying out the goods—hurrying them out. This is the end and object of the June sale. To hurry out thousands of dollars' worth of goods comprising the summer stock so that we'll have a completely fresh stock for the new store—that's our idea, and it's as good a one from the shopper's point of view as from ours for it spells **LOW PRICES.**

Summer Traveling Goods

Five thousand dollars' worth of up-to-date traveling goods, values from \$1.00 to \$45.00, await your inspection in our traveling goods department. Including
