Kapuskasing Commission Issues Report on War Veteran Settlement

NEW DEAL ALL ROUND FOR SETTLERS AT KAPUSKASING HAS NOW BEEN RECOMMENDED

Nickle Commission Finds There Was Good Cause for Complaint, and Its Findings Spell Disbanding of Soldiers' Colony in Northern Ontario.

The report is signed by all three commissioners, W. F. Nickle, Col. John I. McLaren and John Sharp.

The most important recommendation is that settlers electing to stay form a school section and that the government pay the salary of a teacher or teachers for at least two years.

In effect the report admits the grievances of the settlers, but discerns merit in the colony scheme.

Tracing the history of the colony from the arrival of the first group of settlers in July, 1917, it is recorded how discontent first developed among the single men, following which complex and varying pay schemes were evolved which worked out badly.

Changes Were Necessary. In justice to the settlers, it is stated that it was most unfortunate that what the settlers regarded as their rights were apparently often adversely affected by changes considered necessary owing to unanticipated conditions, without consultation with or concurrence by those affected.

In the spring of 1919 the department refused to continue the contract system, and the group system was again adopted, to the annoyance of many settlers who had, by their industry, done well and made good wages working by contract.

Attention is directed to the allegation by several settlers that, having been unable to fulfill the requirements of their contracts in 1918, they had been promised a renewal of them for 1919, and that when this was refused, great indignation was felt, particularly by those who, owing to the anticipated renewal, had done work in the winter and at other times along the lines of their contracts.

MUCH BLOODSHED IN KIEL FIGHTING

Copenhagen, March 18.—A telephonic message from Hamburg today said there was violent fighting between troops and students on the one side and workmen on the other, proceeding at Kiel.

The message said the workmen were attacking with bombs, hand-grenades, machine guns and trench mortars, and that many persons had been killed or wounded.

RECLASSIFICATION OF CIVIL SERVICE IS CALLED "FARCE"

Fripp of Ottawa Tells Commons, U. S. Experts Merely Classified Jobs.

Ottawa, March 18.—(By Canadian Press).—Reclassification of the civil service occupied practically the whole attention of the house this afternoon, and, there being no further business ready at 6 o'clock, the house adjourned until tomorrow afternoon.

Mr. Fripp of Ottawa who brought up the question of reclassification, it arose on a motion which was adopted for production of correspondence. Mr. Fripp criticized the methods adopted by Arthur Young & Company, the firm of American experts employed by the Civil Service Commission.

Mr. Fripp appealed to the house to "get rid of these gentlemen." Says Civil Service Upset.

Ninety-five per cent of the civil service was upset, he said. It was "patronage of the worst kind."

Hon. N. W. Rowell, replying for the government, said that the Civil Service Commission in engaging Arthur Young & Co. had secured the most experienced men on the continent, so far as classification work was concerned.

Mistakes were inevitable in such extensive work. But a board of appeals had been constituted where errors could be rectified.

First reading was given to a bill to put into force in Canada the provisions of the international opium convention, signed at The Hague in 1912.

At the opening of the house of commons this afternoon, Sir George Foster moved that the name of Dr. Telford, added to the committee on agriculture, it had been omitted in error. The motion was carried amid laughter.

A motion by Sir Henry Drayton providing that the report of Dr. Rutherford on racing be printed in the "Gazette" was also carried.

VISCOUNT GREY Who will shortly tour the United States, lecturing on the "League of Nations."

GREY TO TOUR STATES

Will Give Lectures on League of Nations in United States.

Montreal, March 18.—A London cable to The Montreal Star says: More details concerning Lord Grey's forthcoming visit to the United States were revealed today in the announcement that the diplomat planned a lecture tour, with the league of nations as his theme.

When he went to Washington as British ambassador it was in his mind to travel over the country to speak in behalf of the league, but while the treaty was in the senate he felt himself constrained to silence.

Mr. Doherty had previously taken a good deal of the edge off this rebuke by his frank acknowledgment of mistaken humor in the allusion to Rev. Dr. Cody the previous day.

Major MacBride of Brandon, nationalist member of the Ontario legislature, whilst expressing satisfaction with the measures introduced by the government in the labor interest, he also was generally in the Liberal and not personally critical of the Conservatives.

FIGHTS THE BATTLES OF RETURNED MEN IN LEGISLATURE

Brigadier-General Ross Tells of the Troubles of Demobilized Men.

THAT REFERENCE TO CODY

The debate in the legislature rose perceptibly in tone yesterday when Brig-General Ross, Kingston, minister without portfolio in the Healey government, delivered an address remarkable in its liberality, both as a political speech and as a contribution to public discussion of present conditions.

He spoke out in vindication of the high character of public life and of the political leaders of Canada and of Ontario. He was unqualified in his appreciation of the record of Sir Wilfrid Laurier, Sir John Macdonald, Mowat, Ross and Whitney.

The resolution points out that intensive operation of Canadian coal mines would remedy to a large extent the above stated inconveniences, have the effect of keeping in the country the large sums of money which are being spent for the purchase of coal, and would provide with employment thousands of people at present out of work.

KING OF SYRIA

CANNOT RECOGNIZE KING OF SYRIA

London, March 18.—The British and French governments have notified Prince Faisal, son of the King of the Hedjaz, that they cannot recognize the validity of the decision of the Damascus congress which proclaimed him King of Syria.

Premier Lloyd George made this statement in the house of commons today in answer to a question.

The prince, the premier added, has been invited to come to Europe to state his case.

Many Dutch Deputies Protest Against Extreme Leniency of Treatment.

The Hague, March 18.—The Dutch government was taken severely to task for what was declared to be its leniency towards the former German emperor in a debate in the second chamber of parliament yesterday.

Deputy Schaper, socialist, whose questions brought about announcement of the emperor's release, was dissatisfied with the premier's answer, as a mere slight increase in the guard force, he said, was not enough and his pledge not to mix in politics.

Deputy Von Ravenstein, communist, declared that the government's policy of silence had strengthened the general belief that the former emperor, came to Holland originally with Holland's silent approval.

Other deputies took a similar stand, some wanting to know how long the Hohenzollerns would be allowed to stay in Holland.

BALTIC TROOPS ENRAGED FIRE ON CROWD IN BERLIN BEFORE EVACUATING CITY

Ebert Again in Full Control—Communists and Spartans Fail to Resort to Concerted Violence—Believed to Be Waiting Their Chance—Will Be Military Dictatorship—No Improvement in Economic Situation

Berlin, March 18.—The Ebert government is again in control in Berlin. Vice-Chancellor Schiffer, in whose hands the sudden retirement of Dr. Wolfgang Kapp temporarily placed the administrative power, and Gustav Noske, minister of defence, are engaged in bringing about order in the city and restoring activities to their normal basis.

Regular troops, loyal to the Ebert regime, are guarding the streets, and detachments of them spent the day in tearing down wire entanglements and barricades, which the revolutionary soldiers had erected in Prussia.

In this connection there was an unfortunate accident, where in the firing of a mine to destroy a barracks at Kottbusser, in southeastern Berlin, the explosion killed 12 persons and injured 28.

The Baltic troops, members of the insurgent bands that marched into Berlin Saturday, were ordered to disband on the people, who were ordered to them in Wilhelmstrasse and Unter den Linden.

After the troops had passed Brandenburger gate they fired a parting volley with machine guns, wounding a score or more, and the revolutionaries again rushed to the hotel, the entrance of which were torn down in the ensuing panic.

Dr. Kapp's descent upon Berlin and his subsequent retreat was precipitated by parliamentary chaos, which promised indefinitely to clog the legislative machine and the activities of the national assembly.

The coalition government is expected to construct a new cabinet, which is expected to reveal at least half a dozen new faces.

Amnesty for Rebels? The assembly will not be dissolved immediately, because it must first approve the budget, dispose of further taxation measures and the law decreeing the nationalization of the railways and pass a new election law.

Serious news is coming to Berlin from the provinces today. Bitterfeld, Saxony, is reported to be in the possession of workmen's councils and the whole of the Rhenish Westphalia industrial district to have turned communist.

There were conflicts between troops and a mob yesterday in the Neukolln quarter as a result of attacks by a mob on the military pickets. One of the troops were summoned and dispersed the rioters.

There are conflicting reports concerning amnesty for the late rebels, and this matter promises stormy scenes in the coming meeting of the assembly, as the popular element in Berlin now favors severe punishment for Kapp and his adherents.

The French charge d'affaires called on Vice-Chancellor Schiffer today and complimented them and their government upon the happy and rapid solution of the crisis.

Premiers State That Time is Not Ripe to Declare Policy Regarding Germany.

London, March 18.—Questioned in the house of commons concerning when a statement of policy with regard to the situation in Germany would be made, Premier Lloyd George said today that in a rapidly changing situation, such as that at present in Germany, the British government does not consider any fresh statement of policy possible.

The premier said the matter was under further consideration and the house might rest assured that Great Britain, in common with the other allied governments, intended to see that the peace treaty was observed.

HYDRO KNIGHT GETS PROMISE OF PREMIER'S HEARTY SUPPORT

Long-Anticipated Show-Down Proves to Have Happy Ending at Civic Luncheon to Sir Adam Beck.

It was an excellent idea for Mayor Church to bring Sir Adam Beck and Premier Drury face to face at the first opportunity, and the civic luncheon yesterday provided the "show-down" which the people have been looking for. Sir Adam Beck, who has been open and frank with the public, and therein lies his strength. He never speaks till he is ready. He makes good on his word. The people have learned to trust him.

The applause that greeted him yesterday as he made point after point concerning the Hydro policies was capped when Mr. Drury accepted Sir Adam's challenge and declared that on the question of Ontario's rights to the surplus water on the St. Lawrence he would back Sir Adam to the finish.

Mr. Drury asserted that the center of his policies was the preservation and exploitation of the natural wealth and resources of the province for the people, and this was also greeted with a storm of applause.

Sir Adam was quite in his old form and described his interview with the committee of the English Labor party on the subject of electric installation and development in the mother country. He had been made very tempering offers, he said, to become an English farmer.

"That the free treatment period for members of the Canadian expeditionary force be extended for three years.

"That an effort be made to encourage trade within the empire as a means of overcoming the adverse exchange rate.

"That the government be asked to investigate by means of a commission or otherwise the reason for the exodus of Canadians to the United States, and take steps to counteract this movement.

FREE SOLDIER RIOTER.

Winnipeg, March 18.—James Reynolds, a returned soldier, who pleaded guilty to a charge of unlawful assembly growing out of the strike riot in June, was granted his freedom under suspended sentence today by Justice Macdonald.

other junker, Von Seecht, replaces the junker, Von Luettwitz. A state of siege is maintained, and the Prussian government has entrusted the protection of Berlin to the Reichswehr and the security guard, which means that a military dictatorship persists.

"There has been no change in the system, but only a change of persons. The Independents will not accept this situation."

There were fewer disturbances in Berlin last night than any night since the beginning of the revolution. Several detachments of troops were sent away, but the majority were here this morning. Wilhelmstrasse was crowded with them, all carrying hand grenades and flame throwers. When the Baltic troops clear out the work of guarding the city will be undertaken by regular government troops garrisoned in Berlin and the security police.

During the late hours of the night, great excitement prevailed, the many of the population remained indoors. Newsboys with single sheet editions of The Morgen Post and Vossische Zeitung were literally mobbed, so eager was the desire to obtain news which had been so long denied.

Agitators Were Busy. Agitators appeared early in the morning and quickly drew crowds. In Wilhelmstrasse a soldier harangued a group of comrades and civilians with a tirade against foreigners. There was a fresh outbreak of agitation against Jews, many of the street speakers calling upon the people to keep them out of public office.

A strange airplane drew thousands of eyes as it dropped leaflets, signed "League of Professional Soldiers of Germany," stating that it was opposed to a new government and would recognize only the government to which it had sworn allegiance, and await the call of Noske to reorganize. Food prices have continued to soar. There has been a scramble of the people generally to lay in as much as they could place their hands on. The markets were besieged, and all the stalls soon stripped. Attempts at profiteering evoked bitter opposition, leading in several instances to the wrecking of shops. The inability of the poor to pay the big prices demanded for staple foods is bound to cause considerable distress and agitation.

A Military Dictatorship. In consequence of Dr. Kapp's dictatorship, Berlin will be under a military dictatorship until the civic government is re-established. Yesterday afternoon a military conference was held. A long list of automobiles brought the members of Von Luettwitz's staff, who filled the reception hall of the chancellery. The intention appeared to be to adopt a military rule of the most severe order, to prevent the possibility of the radicals attempting a rising.

The fact that the Independents and communists so far have not resorted to the extreme violence characteristic of the revolutionary strikes of 1918 and 1919 is regarded as a hopeful sign. It is they are biding their time until they can perfect their physical organization for a supreme effort to seize the government, and second, lack of military equipment and fear of risking a struggle against the troops now in charge at Berlin, who are believed to be far from sympathetic towards the Reds.

During the Spartacist trouble in January, 1919, 800 were killed in Berlin alone. In March, 1919, the official figures placed the number of dead at 1800 and many of the participants of the fighting were unaccounted for. The property loss through the wrecking of buildings and looting was estimated then at 100,000,000 marks.

Little damage to property thus far has resulted in the clashes incident to this revolution.

Wiped Out Battery. London, March 18.—An artillery battery at Wetter, Westphalia, has been wiped out by Spartacist agents, according to an official Berlin despatch filed Wednesday afternoon. The Spartacists killed all the officers of the battery and nearly all the men, the despatch says.

"EVERY MAN TO WORK" Proclamation by Ebert Government Urges Cessation of Strike.

Copenhagen, March 18.—A telegram from Stuttgart, evidently emanating from the Ebert government, denies that the imperial president has accepted the resignation of General von Luettwitz. It also denies that the leaders of the majority parties have negotiated with the other parties relative to the holding of elections in June, to the election of an imperial president by the people, and to reorganization of the cabinet.

The telegram says that the leaders of the majority parties are nearly all in Stuttgart, and that the imperial government has all along refused to make any declaration or take any decision under pressure of the military. A despatch received from Stuttgart, dated Wednesday, tells of a proclamation issued by President Ebert and his government on Wednesday. It is signed by Ebert, and is similar to the communication previously sent out by Vice-Premier Schuler. Among other things, the new proclamation says: "The criminal adventure at Berlin is ended. Irrefutable proof has been given the whole world by the struggle of the last few days, that democracy in the German republic is not a deception, and that it alone has power and knows how to make short shrift with even an attempted military dictatorship." "Every man to work," it says. "Traitors to the people who forced you to resort to the general strike will

WESTPHALIA SCENE OF HEAVY FIGHTING

Many Persons Killed and Wounded in Attack on Railway.

Copenhagen, March 18.—A despatch to the Berlingske Tidende from Hamburg reports the situation throughout the districts of Rhenish Westphalia as of a most serious character. During fighting in an attack upon the Nuremberg railroad station twenty persons were killed and many others wounded. The troops remained in possession of the town.

At Leipzig, the message announces, armed workers erected barricades and there has been heavy fighting in the inner city since four o'clock Wednesday afternoon.

A message received here last night from Dortmund, Germany, says: "Heavy fighting occurred here this morning between regular troops, which arrived during the night, aided by members of the citizens' guard and the public security guard and armed workmen. After receiving heavy reinforcements, the workmen overcame the regulars today and disarmed them, as well as the citizens' guard and security guard. Workmen's forces are now in possession of the town. Many have been killed and wounded, but the number of casualties has not been ascertained. There has been no plundering and the town is quiet at present."

Soviet Republics Formed. The Hague, March 18.—Soviet republics have been formed at Dortmund, in Westphalia, and at Gera, 25 miles southwest of Leipzig, according to despatches received here. At the latter place, which was formerly the capital of the principality of Rouschitz, there has been savage fighting. It is said.

In the fighting at Dresden 50 persons have been killed and 495 wounded, reports state, and the city is isolated from the rest of Germany. Sharp fighting has occurred between government troops and communists at Silberfeld, Rhenish Prussia, according to the Dutch press bureau. The communists were defeated and 1,000 of them fled into the occupied region, where they were disarmed by entente troops, the bureau says.

100 PER CENT. ORGANIZED. According to Mr. W. Summers, who was appointed business agent for the elevator constructors, the new union, the Building Trades Council, the organization is now 100 per cent. strong. A proposed agreement for the coming year is in preparation, and he is of the opinion that it will be ratified without demur on the part of the employers when presented to them at an early date.

LONDON MORE OPTIMISTIC London, March 18.—Diplomatic despatches from Germany, filed last night, give a much more optimistic view of the situation, notwithstanding that there have been more reports of Spartacist uprisings. This is a complete reversal of the opinion expressed in several dispatches of the same date, which had intimated that the Spartacist activities were more to be feared than the Kapp government.

It was stated at the foreign office this evening that it could not be expected the Spartacists would cease their agitation immediately the Kapp government collapsed. Official despatches indicate, however, that if the national assembly, led by the men who once before put down a Spartacist attempt, takes a strong stand against the agitators, the Ebert government may be assured of a sound foundation at least for a time.

Consequently officials are anxiously awaiting reports of the first actions of the national assembly, which are not expected before tomorrow. The German legation still maintains that it is receiving no political news from Berlin, but routine messages were continued without interruption even during the Kapp regime. It was declared at the legation that there seemed no reason why the old government should not be again set up in Berlin immediately.

The peace conference had before it today the latest official reports and formally discussed the German situation for the first time since the day Kapp took office. The attitude of the British members that politically it is no affair of the allies, unless the treaty is violated, remains unchanged.

GERMAN ASSEMBLY MEETS IN STUTTGART President Criticizes Upheaval and Urges a Resumption of Work.

Stuttgart, March 18.—The German National Assembly opened at 4.30 o'clock this afternoon in the fine art building. It was presided over by Konstantin Fehrenbach, who issued the call for the present session. There was a large attendance of deputies, especially from the Socialist parties, and also of uniformed Reichswehr officers.

President Fehrenbach said that many Conservative and National Liberal members had not come, while others were not able to appear. He sharply criticized the Berlin upheaval of the "reactionary rebels," and urged the resumption of work throughout the country.

The state president of Wurttemberg welcomed the assembly in the name of Wurttemberg, after which Gustav Bauer, the chancellor, spoke in behalf of the government. The house was closely guarded by Reichswehr troops, and armored automobiles patrolled the streets. The session was without notable incident.

In opening the sitting Herr Fehrenbach expressed the thanks of the government to the troops and officials who had remained loyal and true to the German people, especially in the south and west, who had proved their loyalty to the democratic constitution.

TROOPS WERE MISLED London, March 18.—The Berlin correspondent of The Nieuwe Rotterdamse Courant of Rotterdam is quoted by a London Times despatch from The Hague as saying in a description of the exit of the Kapp government in Berlin that the advantage for the old government was the revolution that took place among its troops, who left

alizing that they had been misled, disarmed some of their officers and rioting took place in the barracks. The bitterness among the men was so great when they saw that their entrance was in danger that they were restrained only with great difficulty from attacking the Baltic troops brought to Berlin by the Kapp government.

In the afternoon it became clear to the people that the rule of the usurper had ended. In the reception hall of the chancellery great excitement

—“And What Oxford for Men, Mr. Boot Buyer, Do You Think Will Be Most Worn This Spring and Summer?”

The "Brogue" \$13.50

“THE BROGUE—

The BROGUE, to be Sure”

He Replies

And His Opinion is Shared by Other Boot Men.

“Why the Brogue?” You Ask

The Answer is

THAT THE Brogue Oxford, this one at \$13.50 in particular, with its typical “Brogue” perforations and scalloped wing tips, is smart and perhaps more generally mannish in design than the majority of Oxfords.

BESIDES, it's of durable mahogany calf, that is substantial to the feel and gives one an impression of quality and long wearing ability.

The soles, too, are substantial, being Goodyear welted and of medium weight.

So you see, in the “Brogue” one gets style, excellent leather, and the benefit of a close pricing—\$13.50.

Widths B, C and D. Sizes 5½ to 11.

Is Priced at \$14.00

It is of chocolate vici kid, in Blucher lace style, with Goodyear welted soles. Same shoe in black vici kid, \$13.00. Widths C, D and E. Sizes 5½ to 10.

THE “ARDMORE”

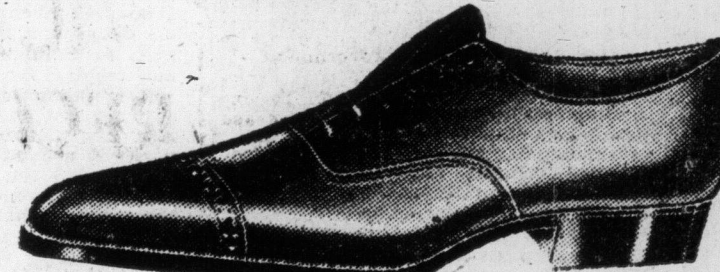

A “Packard” Oxford Is Priced at \$17.00

It is of brown Russian calfskin, in a decided recede shape, with blind eyelets and medium weight Goodyear welted sole. Widths A to D. Sizes 5½ to 10. Price, \$17.00.

THE “LONDON LAST”

Oxford is Priced at \$12.00

It is of chocolate vici kid, in Balmoral lace, semi-recede style, with Goodyear welted, medium weight soles. Widths A to E. Sizes 5½ to 11. The “London Last” Oxford is very popular with men having rather long, narrow feet, or men who favor the more conservative type of shoe.

WILHELM GUARDED LIKE A PRISONER

All Occupants of Motor Cars Leaving the Castle Are Searched by Police.

Amersongen, March 18.—Reinforcement of the Dutch guard at Von Bentinck castle, which since the middle ages has been protected by moats and drawbridges, has made the former German emperor's refuge a veritable prison fortress, capable of defence even in the unexpected event of an attack by raiders desiring to free the exile. The castle is situated in a big square. The four sides are moated, while two of them have additional walls. The latter two sides are on the public road, and on the other two sides, which have no walls, are private paths belonging to the Von Bentincks. Constables and military police patrol the roads with loaded rifles night and day. The guards are not permitted to put down their rifles for a minute. When motor cars occupied by members of the Bentinck family or their employees halted at the gate and searched by police inspectors. The nervousness of former Emperor William continues as he follows the news of the varying fortunes of the Kapp adventure. He sits most of the time in an odd posture on chairs in his apartment, straddling each chair, grasping its back, and rocking it to and fro.

Ex-Crown Prince Not Guarded. Wieringen, Holland, March 18.—The Dutch torpedo-boat, which arrived here Monday, presumably to guard former Crown Prince Frederick Wilhelm, departed yesterday by order of the Dutch government. Frederick Wilhelm, who is shortly informed of the progress of events in Germany, is greatly interested, but seems not to be perturbed at the fall of fortunes of the Kapp regime. Yesterday he boxed with the son of Bur-

gomasier Peredoom, who was a good match for him, but much younger. No special guards have as yet arrived here, and the former crown prince is quite free to move about the island. He reiterates that he would like to return to Germany sometime, but not under present circumstances.

FRANCE TO CURTAIL NATIONAL EXPENDITURE

Paris, March 18.—A committee on economies, to be a part of the finance ministry, has been formed for the purpose of curtailing the national expenditure. The committee has been instructed to conduct investigations and recommend measures for a reduction in the outlay of public money. The decree under which the committee was formed gives it wide powers in investigating the different governmental departments. The attorney-general of the army will head the committee, assisted by an official from the ministry of the liberated regions.

New Rule Governs Settlement Of Imperial Soldiers in Canada

Ottawa, March 18.—It is announced that no imperial ex-service man who left the British Isles after Feb. 17 is eligible for the benefits of the soldier settlement act, whether he came to Canada direct or thru the United States, unless he is in possession of a certificate issued by the overseas selection committee of the board. Those who left prior to that date may be dealt with if they apply to any office of the board in Canada before April 15 next. No imperial ex-service man who commenced training in Canada on or after Feb. 16, 1920, is eligible for training allowances.

Blacksmith Instantly Killed While Testing Steam Boiler

McLean, aged 39, blacksmith, while testing steam boiler, under water pressure of 400 pounds, at Goldie and McCulloch, north works, was instantly killed when union joint broke and something struck him in the stomach, causing internal injuries which resulted in death within few minutes.

PASSENGERS FROM WEST REPORT ON SNOWSTORM

Winnipeg, March 18.—Passengers on delayed trains reaching the city today from the west had many stories to tell. Inconvenience and discomfort had been suffered in some cases, but no fatalities have so far been reported as a result of the blizzard on Monday and Tuesday. Telegraphic communication was partially established this morning to western points. Canadian Pacific officials report poles gone for a distance of 20 miles between Winnipeg and Baeburn. All railroad traffic is now reported at nearly normal.

Man, Whose Identity is Mystery Instantly Killed by Freight Car

Ottawa, March 18.—A middle-aged man, whose identity is a mystery, was instantly killed at 5.20 this morning on Hotel De Ville street. Hull, by a freight car that was being shunted along the street to the E. B. Eddy Company, Limited, sulphite mills. The remains were so mutilated that identification was impossible.

Navigation Opened Between Harbor of Quebec and Gulf

Quebec, March 18.—Navigation is opened between the harbor of Quebec and the gulf. The steamer Labrador, with passengers, mails and cargo, left port at dawn today for north shore and gulf ports. She carried a heavy list of passengers, among whom was a party of explorers and surveyors, who will travel by boat as far as Bersimis, then inland to the barren and wild regions of Ungava. The Hudson Bay region is their ultimate goal.

BOLIVIA EXPRESSES REGRETS TO PERU

Many Commercial Houses Were Looted During the Disorders at La Paz.

Lima, Peru, March 18.—The alderman-camp of President Guerra of Bolivia called at the Peruvian legation at La Paz yesterday and expressed the Bolivian government's regrets for the attack on the legation last Sunday night, according to official advice received here today. Following the receipt of this information, Foreign Minister Porras forwarded a note to La Paz asking for material reparation for the loss incurred and the arrest of officials involved in the demonstration. Detailed reports of the incident indicate that many Peruvian commercial houses were looted during the disorder at La Paz, and confirmation has been received of the report that the office of the newspaper La Razon was destroyed. A crack Bolivian cavalry regiment which was sent to Guequi, near the frontier, has been withdrawn to La Paz, which city is apparently under martial law. A small crowd attacked the Bolivian mission here this morning, but was driven off by the troops on guard before any damage was done. The prefect of Lima immediately called at the legation and expressed regrets for the incident.

Press Censorship in Canada Cost the Country \$24,693

Ottawa, March 18.—(By Canadian Press).—A. R. McMaster Bromie, was informed at question time in the house today that the press censorship in Canada, which ceased to exist at the first of the present year, had cost Canada \$24,693.29 since Nov. 11, 1918. In this total was an item of \$18,010.41 for salaries.

COST CANADA \$924,188 TO RATIFY THE TREATY

Information Given Commons on Cost of Special Session of Parliament.

Ottawa, March 18.—The special session of parliament, called last year for the purpose of ratifying the peace treaty with Germany, cost the country \$924,188.23. This information was tabled in the house of commons today, in answer to a question by Hon. W. S. Fielding. The statement of expenditures, which was brought down by Hon. A. L. Sifton, shows that a total expenditure of \$682,188, and the senate for \$242,000. Indemnities paid to members of the house of commons, totalling \$580,737, account for the great bulk of the expenditure charged to that chamber. The sessional indemnity for senators amounted to \$225,000, and transportation accounted for \$5000 more.

Two Girl Beggars Under Sixteen Arrested by Police in Montreal

Montreal, March 18.—Before the juvenile court yesterday, two girls under 16 were arrested for begging. They had mastered the art of professional beggars who paint themselves to look scarred and infirm, and the charge against one of them was laid by her father. Under cross-examination, the girl out to beg, and his complaint really was that she did not bring enough money home.

ADRIFT ELEVEN DAYS IN AN OPEN BOAT

New York, March 18.—For eleven days Capt. A. Andreassen and eleven members of the crew of the Norwegian bark Sydnaes, were afloat in an open boat in heavy gales, part of the time without water and food. On the morning of March 13, just as the captain was thinking of cutting the throat of the ship's puppy in order to drink its blood, the tanker Vauri noticed the boat's last signal flash and picked up the castaways. A second boat, containing the mate and the rest of the crew, has not been found. The survivors were brought here yesterday by the Vauri. They were very weak and suffering from exposure. The Sydnaes left Montevideo with sand in ballast, and in the storm the sand shifted, making it necessary to abandon the vessel March 2, about 1000 miles off the Virginia Capes.

U. S. LEADING IN WARSHIP BUILDING

Twelve Super-Dreadnoughts and Six Battle Cruisers Are Now Under Construction.

Washington, March 18.—The United States, American naval experts say, is building more warship tonnage than any other nation. Twelve super-dreadnoughts and six great battle cruisers, aggregating 665,400 tons, are under construction in private and navy yards. They will carry a total of 152 sixteen-inch rifles and 24 fourteen-inch rifles and all will have the new electric drive engines. With the completion of this fleet, probably in 1923, the United States will have a battle force of 19 super-dreadnoughts and six battle cruisers in the first line and eight dreadnoughts and a number of smaller battleships in the second line. The cruisers will have a speed of about 28 knots—37 land miles—and each will carry eight sixteen-inch guns. They will be 74 feet long over all, 90 feet wide, will displace 32,500 tons and have 130,000 horsepower. Six of the super-dreadnoughts will each mount in its main battery 12 sixteen-inch rifles. They will be 684 feet long, 105 feet broad and displace 43,200 tons. Their speed will be 23 knots and horsepower 60,000. In addition to these 18 capital ships the navy is building a number of destroyers, submarines and auxiliaries, and while no new construction is likely to be authorized in another year, congress is expected in another year to provide for at least one and perhaps more capital ships as well as for a number of smaller vessels, including flotilla leaders, scout cruisers and submarines.

LABOR DISCUSSES MOTHERS' PENSIONS

Trades Council Favors Inclusion of "Abandoned" in the Act.

Whether or not it should be recommended that the word "abandoned" be included in the mothers' pension act is being discussed by the Trades Council.

The discussion was brought on through a letter from the Women's Labor Council. Several delegates voiced the opinion that to give abandoned mothers aid would mean the abandonment of mothers, to which the report was given that it would be an insult to the working men and the intelligence of their wives.

Ontario Board of Health Report.

The following is the report of the Ontario Board of Health for the year 1919.

Up to the compensation act five years ago it was not unusual for some three-quarters of the men and employees in a factory to be considered as "wage slaves."

The act does not mean that the workman on his own is to be considered as a "wage slave."

The act seeks to protect the workman against the unfair contributions of the act being paid by the workman.

BOARD WILL SELL EAST BLOOR SITE

Reserve Price of \$220,000
 Placed on Property Bought for School.

The finance committee of the board of education last night submitted without recommendation to the offer of W. J. Hambly to purchase the property owned by the board on East Bloor street, on which it was proposed to build a high school, for \$220,000. This property was purchased in 1914 for \$160,000, but, by the figures of W. W. Pearce, inspector of business administration, it has cost the city to date \$216,400, counting city expenses in connection with the property. Its sale has been hanging fire for some time, and the board started out last night with the intention of coming to a decision in the matter.

The Rev. F. E. Powell thought the site admirably suited for the construction of a large high school while Mr. Dirven declared that Bloor street at the viaduct is much too noisy and the site too expensive.

"We would do well to get rid of this site," said Trustee Boland, "it is nothing but a white elephant to Toronto. We are robbing the city of between \$100,000 and \$150,000 annually in taxes by holding up these properties without building on them."

Mr. Boland moved that the business manager be instructed to sell the Bloor street site for as much as possible, but not less than \$220,000, as soon as a contract is available for a substitute site, subject to the approval of the board. The motion was put to a vote and carried.

The question of whether ability should be the only consideration in the choice of a chief draughtsman for the building department was opened when the property committee referred back to the board the suggestion that D. R. Franklin be appointed to the position at a salary of \$4500 per annum. The matter came up under Finance Report No. 5, but was referred to the property committee.

Dr. Bear asked if a satisfactory Canadian could not be secured, which inquired of Mr. Pearce declared he was unable to answer.

Dr. John Hunter said: "We ought to get away from race hatred. You are hiding behind a smoke screen of racial hate when you object to Americans." Trustee John McLaughlin moved that the chief draughtsman be appointed by the board at a salary of \$4500 per year, and that he should be extensively versed in the meantime. This motion was carried by a majority of 11 to 3.

Rev. F. E. Powell withdrew his objection to the appointment of Mrs. F. F. Sheila Duff to the regular staff of teachers at the new school. The recommendation of the management committee that a supervisor in charge of the new school be appointed, Trustee Mrs. Groves declared that there are too many supervisors now and expressed herself as unfavorable to the uniform style of the school.

On a motion by Trustee McClelland, a committee of three was appointed to handle all questions relative to cadet instruction, both in high and public schools. This committee consists of Trustees Powell, Bell and S. J. Brown. A motion, presented by Mr. Boland, that the board petition the legislature to have only one trustee elected from each ward, and a proportional representative from the separate school board was defeated.

ROYALTY FOUND LIVING IN BOX CAR
 Grand Duchess Olga, sister of the late Czar of Russia, and one of three members of Russia's royal family that have survived the revolution. The grand duchess has been found by Armenian Red Cross workers living in a box car in south Russia, where she had been toiling among fellow refugees from territory recently conquered by the Bolsheviks.

SISTER OF LATE CZAR LIVING IN BOX CAR

Washington, March 18.—Grand Duchess Olga, sister of the late Czar Nicholas of Russia, has been found by American Red Cross workers living in a box car near Novorossiisk, South Russia. It was announced today at the headquarters of the American Red Cross here.

The grand duchess, according to the announcement, is one of three surviving members of the house of Romanoff. She was found toiling among fellow refugees from the territory recently conquered by the Bolsheviks, giving such assistance as she could, although herself clad in rags and grateful for any food and clothing she could find.

SENATE TAKES UP IRELAND'S CAUSE

Inserts Reservation in Sympathy With Self-Government in Peace Treaty.

FINAL VOTE EXPECTED

Washington, March 18.—Preceding under forced draft to reach a final ratification vote on the peace treaty tomorrow, the senate broke from control of the Republican leaders today and unexpectedly swept into the Republican reservation program a declaration of sympathy for self-government in Ireland.

The proposal was put out in committee of the whole by a vote of 38 to 35 after an all-day counting session. On a necessary second vote, this action was confirmed later 45 to 38.

Revival of the Irish question prolonged into the night the task of ratification which it is planned to bring to a vote tomorrow. One after another a long list of miscellaneous reservations were voted down, with the leaders determined to complete their task before adjournment. It was generally predicted tonight that the treaty would fail to receive the necessary two-thirds vote.

After a final attempt to modify the Republican reservation to article 117 had failed the senate late tonight reaffirmed by a vote of 64 to 26 its adoption of the reservation.

Another row over the Irish question was precipitated by the Gerry reservation, which reiterated the senate's declaration of sympathy for Irish independence adopted last summer, and expressed a hope that Irish independence was "at hand." Senator Hitchcock of Nebraska, the administration leader, led the fight for its adoption, asserting that it was in full accord with the provisions of the treaty, and Senator Lodge of Massachusetts, the Republican leader, declared he was in sympathy with the purpose of the reservation, but wanted to strike out a preliminary general assertion of general adherence to the principle of self-determination.

"It is to my mind, purely hypocritical," said Mr. Lodge, "to have such a declaration come from a country which had fought for four years to prevent self-determination. And yet to have one of the states attempted to leave the union. I do not think we should go before the world with a declaration of such a policy."

Senator Reed declared the Irish reservation was "nothing but empty sound," while Senator Townsend, Republican, Michigan, said the reservation was offered for "some other purpose than to benefit Ireland."

Senator Borah, Republican, Idaho, and Gore, Democrat, Oklahoma, spoke in its support.

The text of the reservation follows: "In consenting to the ratification of the treaty with Germany, the United States adheres to the principle of self-determination and to the resolution of sympathy with the aspirations of the Irish people for a government of their own choice, adopted by the senate, June 6, 1919, and declares that when self-government is attained by Ireland, a consummation which it is hoped is at hand, it should promptly be admitted as a member of the league of nations."

An effort by Senator Thomas, Democrat, Colorado, to add a clause expressing hope that the people of Korea soon would be freed from the "tyranny of Japan" was defeated 34 to 45.

The senate also voted down 37 to 42, the motion of Senator Lodge of Massachusetts, the Republican leader, to strike out a general declaration of adherence to the United States to the principle of self-determination. The Republican irreconcilables combined with the Democrats against the proposal.

When the senate defeated his motion to strike out the general declaration of the principle of self-determination, Senator Lodge said he could not vote for the reservations, even in application to Ireland, and Senator Lenroot supported his position.

QUEBEC CHAMPIONS BEATEN NINE GOALS

Varsity Win Allan Cup Round by Margin of Eleven Goals.

Varsity, intercollegiate champions, qualified for the Allan Cup semi-finals by defeating Sons of Ireland, champions of eastern Canada, at the arena last night, 12 to 3. Varsity won 20, Tuesday, 6 to 3, and took the round, 12 to 7.

The Quebec team were outclassed as the score will indicate. The fourth meeting of these two teams provided the tannest hockey yet improved form. Last night Varsity showed improved form. The visitors knew absolutely nothing about proper system of attack, are weak checkers and the O.I. defence opened up whenever Varsity ran down the ice.

Varsity's effort was lively enough, but it did not impress the small crowd, and the students will be far from satisfied for the season. The winner of the Granite-Sudbury round, the Sons had Hammy Laroche, touted as the chief scorer and star man of the team, back in harness. He was a little fair stick-handling ability. He failed to get anywhere when he pumped the big Varsity defence. At that he grabbed two of three goals allotted to the Quebec six.

The Teams: Sons of Ireland Position Varsity LeCombe, Goal, Langtry McDonald, Defence, Ramsay McNaughton, Centre, Gouinlock Hughes, Right, Wright H. Laroche, Left, Carson Desein, Sub, Sullivan Westman Officials—Tom Munro and Percy Le Sueur.

Summary of Varsity scores: 1-Varsity, 7-00; 2-Varsity, 6-00; 3-Varsity, 2-00; 4-Varsity, 3-00; 5-Varsity, 3-00; 6-Varsity, 4-00; 7-S.O.I., 2-00; 8-Varsity, 2-00; 9-Varsity, 2-00; 10-S.O.I., 1-00; 11-Varsity, 1-00; 12-Varsity, 1-00.

It was rumored around the arena yesterday that Alex Rommeril may not be able to start for Granites on Saturday night. The cartilage of Rommeril's knee was swollen when he was examined by Dr. Green. He was given a ten-day rest. Rommeril is a big, powerful forward and is expected to be back in the line-up in the next few days.

O'DOWD ALWAYS WINS. St. Paul, Minn., March 18.—Mike O'Dowd of St. Paul, middleweight champion, defeated Augie Ratter of New York, in a ten-round bout here last night. Ratter fought a defensive battle for eight rounds and mixed matters in the last two rounds when he made a fairly good showing.

DETROIT, March 18.—Mel Coogan of Brooklyn, N.Y., substituting for Johnny Dundee, outboxed Johnny Mandelich of Milwaukee, in a ten-round bout here last night.

OLD COUNTRY FOOTBALL. London, March 18.—(By Canadian Press.)—Second League Association games today resulted as follows: Huddersfield 4, Hull 1. In a Northern Cup replayed Cup game today, Huddersfield defeated St. Helens Recreation by 3 to 0. Huddersfield thus enters semi-final. League games played today resulted as follows: Wigan 11, Rochdale 2. Wigan 10, Oldham 3.

NICK BAWLF BULLETIN. Kingston, Ont., March 18.—Nick Bawlf is the unanimous choice of the Queens hockey team as coach for the next three seasons. Nick leaves tomorrow for Ottawa, where he will take charge of Ottawa University, where he will take charge of the soccer and lacrosse teams for two months. It is understood that steps are being taken to secure him to coach the Queens football team this year.

HOCKEY SCORES

Allan Cup Elimination. Varsity 12 Sons of Ireland 3. LOYOLA COLLEGE V. T.C.C. TONIGHT

Loyola College, who will next attempt to lift the O.E.A. Memorial Cup from the Toronto Canon Club tonight, practised at the arena yesterday morning, and favorably impressed the few fans present. The seat sale will open at the arena this morning at 10 o'clock.

SENIOR MEDS WIN THE SIFTON CUP

Defeating Junior Vics for the Varsity Interfaculty Championship.

Sr. Meds by the score of 24 to 14 defeated Junior Vics and thereby secured possession of the Sifton Cup and the championship of the interfaculty basketball series for the present year. The teams lined up as follows: Sr. Meds—Forwards, Dickson, Gill; Centre, McDonald; guards, Cosgrove, Nelson, sub, Smith; defences, Thompson; Centre, Chant; guards, Mullatt, Waddington; sub, Wright.

The stars of the game were McDonald and Dickson for Meds, and Chant and Mullatt for Vics. McDonald was particularly effective with his accurate shooting and close checking. Chant, for the preachers, turned in a very useful game, but was checked closely by McDonald.

DATES ANNOUNCED FOR LADIES' MATCHES

New York, March 18.—The women's golf championship of Great Britain will be held at Newcastle, County Down, Ireland, beginning May 10 and not May 12, as previously stated, according to a cable message received today by W. NEW HYDROPLANE FOR MOTOR BOAT RACES

Toronto is to have a new hydroplane for the 1920 motor boat races. The syndicate that built Miss Toronto for last year's races are proving themselves hard luck of their first effort, have ordered a new boat. Miss Toronto II will be a 22-foot hydroplane designed by the famous Smiths and will be powered with a 400 horsepower Grant motor. She is to be built at F. G. Ericson Marine and Aircraft, Limited, and will be ready for testing in about the end of May. Toronto fans will have all summer to get a real line on what the greatest competitor owners will have ample time to get her tuned up and fit for the hardest struggles, and it is confidently expected that she will break many of the existing records. In addition to her intentions to enter her in the circuit of races to be held under the International Power Boat Union as well as those of the American Power Boat Association; and at the big race meet here, centering around Labor Day, she will have as rivals and Alexandria Bay, as well as the boats returning from England that are entered in the Harmsworth trophy. There will be a new class of speed over forty-five miles per hour, and as they are capable of standing the strain of it day in and day out. There are five of these being built for Toronto men, and one for a Hamilton man, to say nothing of those being built for the American boat men. Two of the Toronto boats will be powered with Liberty motors, and two will have Conversion motors, and one Toronto boat owner has not yet decided what motor will drive the hull that he has ordered. It is expected that there will be a large turnout of the members, as considerable enthusiasm is being shown in the matter of rowing. The coming season will be a good one for rowing, owing to the fact that the C.A.A.O. are making extensive plans for this year's Canadian Henley, and it is probable that crews will be sent from Canada to the 1920 Olympic games.

RUSSIA'S (R)EVOLUTION.

James McArthur Connor is addressing the Social Science Club of the Margaret Eaton School on Monday night, upon conditions in Russia. He will refer to the history of Russia's evolution from a monarchy to a republic, and the forces of democracy in Russia, the Mensheviks and the Bolsheviks, the former representing the majority and the latter the minority. Winnipeg—According to a statement issued by H. Coté, a business agent for the Painters' Union, a new wage scale, effective April 1, demanding an increase from 70 to 80 cents an hour, will be submitted.

EAST RIVERDALE WON WRESTLING HONORS

By One Point Over Osler in City Playgrounds Annual Championships.

There were 51 bouts run off last night in the City Playgrounds annual wrestling championships. East Riverdale won the title with a one-point lead over Osler. Gordon McVicar, in the open class, showed some classy work in all his bouts and won from his clubmate, Insiey, in the final.

Jimmy Willy (Osler) of baseball fame and Guy Pilon (Moss Park) had one of the best bouts of the evening for the 150-pound championship, with Willy getting the decision.

In the 115-pound class, T. Parks (East Riverdale) won from C. Gould (Osler), after a very snappy bout, with both contestants getting well applauded for their work. In one of the preliminary rounds and in the class, W. Johnston (Moss Park) and P. Perryman (McCormick) had to go two extra rounds.

Osler (East Riverdale) won from Leaver of the same playground in the final of the 100-pound class. The 85-pound class furnished some of the scrappiest wrestling of the evening, with W. Radford (McCormick) and H. Howard (East Riverdale) meeting in the final. Radford won, but it took an extra round.

Wills Dowling (East Riverdale) defeated R. Howard (Osler), in the final of the 70-pound class of the evening. Osler had to battle thru a field of 12 contestants. Winners: W. Johnston (Moss Park) defeated S. Leaver (B.R.); Junior, 100 lbs.—J. Osler (B.R.) defeated S. Leaver (B.R.); Juvenile, 85 lbs.—W. Radford (McC.) defeated R. Howard (Osler); Midget, 70 lbs.—W. Dowling (E.R.) defeated S. Cairo (Osler).

PROPOSE TO START LACROSSE EARLIER

Also to Limit Number of Players for Clubs—Some Nominations.

The Empire Hotel has been selected as the headquarters for the delegates attending the O.A.L.A. convention on Friday. Secretary Dundas will be met there from out-of-town. Ernie Doyle, who ran a close second for president's chair last year, has been nominated for the position of second vice-president. He has not yet announced whether he will again announce an interesting race content with a lower office. Dr. Low president of last year, who will this season try to bring down his team to its own in the north-west. Arnold Smith, who has done his share of work for the Western Club for several years, has been proposed as a strong man for the advancement of the game. Of the advancement of the game, the Ontario Lacrosse Association, and Len Robinson of Collingwood, have been nominated for the coming season. There is considerable talk of limiting the number of players to be signed up by any one club. This should result in an interesting discussion at the annual convention. Harry Halpin announces that the Dominion who last season were under the wing of the Dominion Shipbuilding Co. and have been working their own steam three weeks getting a real start together. They will re-enter the past series. It is also proposed to start the playing season not later than May 15. The present constitution states May 27. The earlier date is the most preferable from many standpoints, and will likely carry the day. Woodbridge will likely eventually play senior instead of eventually terminating a game. They no doubt have first game last season, when several of the Excelsior stars lined up against Woodbridge and put a damper on the stars' poor showing against the senior outfit.

CIVIL SERVICE IS RECLASSIFIED

Final Report of Commissioner McCutcheon Presented to Legislature.

Civil Service Commissioner McCutcheon has been engaged on a classification of the Ontario civil service. His final report was presented to the legislature yesterday. The classification presented is in groups with educational and other qualifications, minimum and maximum salaries and so on. The existing salary scale is disregarded and in the main salary increases are provided, a new minimum and maximum scale being drawn.

Hitherto the departments have been conducted as independent units and the survey made by the commissioner discloses many instances where the salary bears little relation to the duties and responsibilities involved. Entire groups appear as underpaid. The salaries of highly qualified officials are in many cases too low. Employees engaged on practically similar work are receiving quite different remuneration.

The tendency is to attach undue weight to length of service. Salaries of many employes have been increased year by year regardless of any substantial change in duty, with the result that some of the older civil servants are now receiving larger salaries than the value of their positions warrants. Several employes in advanced age are drawing substantial salaries, although performing only nominal duties, and a few are on the payroll at full salary while giving practically no service. This is largely due to lack of a retirement system.

Pay for Special Service. The practice of allowing additional pay for special service has been a source of much dissatisfaction and has given rise to further inequalities with regard to effect on the service generally. This can be avoided by standardization of salaries on a proper basis and application of the merit system.

Minimum commodes should be a living wage sufficient to a proper standard of living. There is nothing ideal about the minimum wage. It is an elementary principle of social justice, which should be insisted upon by the state. Equal pay for equal work and responsibility is proposed. In the interest both of the service and of the employes it would be best to adopt a level that does not involve a downward revision upon return to normal conditions. It is recommended that the graded bonus system approved last December be applied with such revision as time may require. Appointments to existing vacancies in any class should receive the minimum for that particular class with increases on the following basis:

Salaries under \$1,000, to get \$75 a year up to the maximum. From \$1,000 to \$2,400, \$100 a year. From \$2,400 to \$3,600, \$150 a year. From \$3,600 to \$4,800, \$200 a year. Over \$4,800, \$300 a year.

It is recommended, however, that merit should be recognized and an intermediate scale provided instead of the minimum. The merit recommendation should come from the deputy heads of departments.

EARLY CLOSING CONVICTED

A fine of \$7, with the option of seven days, was imposed by Magistrate Cohen yesterday on Cestas Apostolous, who conducts the combined business of restaurant, cigar and fruit store, on Front street. He was charged with selling oranges to be carried out after 7 p.m., contrary to the early closing bylaw.

An appeal has been entered, the defence claiming that the bylaw is ambiguous.

DOCTOR LEFT \$5,125.

By the will of the late Dr. Patrick Coleman, his brother, Michael Coleman, inherits his whole estate, which is valued at \$5,125.

REAL ESTATE NEWS

A committee of the Building Owners' and Managers' Association is at work on the task of compiling a table of Toronto office and warehouse rentals to facilitate the leasing of space at a flat rate per month or year, instead of at a rate per foot per annum, as the practice has been in the past. It is felt by the committee that this method will be more satisfactory both to tenant and owner.

The aggregate rental from each building should, it is contended, provide a fair net return on the investment after taking care of depreciation and management. All the buildings in the association will be measured up and the proper portion of rent set against each office or warehouse floor and the renting agent will then be able to quote the monthly or yearly rental for any particular office, instead of a figure per square foot a year.

The owners of about 25 office buildings in the city are already represented in the association. A depreciation rate of three per cent. of the building cost will be fixed. This three per cent. sinking fund, put out at six per cent., will wipe out the cost of the building in about 30 years.

The building at the southwest corner of Yonge and Elm streets has been leased to Andrews & Morrison, Limited, for ten years at a rental of \$400 a month. The premises front 22 feet on Yonge and are three storeys high.

Mrs. Llewellyn Robertson has sold the residence at 82 Admiral road, to M. C. McLean, barrister. The site is 60 by 165 feet deep. About \$35,000 was paid for the property.

A small factory building at 74 Logan avenue has been sold to the Cameron Co. for \$11,500.

G. J. REILLEY'S ESTATE. The estate of the deceased George J. Reilley, druggist, has been valued for probate at \$11,000 and under his will, his widow, Mrs. Nellie F. Reilley, is named executrix and sole beneficiary.

JAIL FARM FOR THIEF. Sentence of nine months at the jail farm was imposed by Judge Coatsworth yesterday on Arthur J. Dainty for the theft of verandah furnishings.

THE CHEMISE ENVELOPE

BY LILLIAN M. SCOTT.

THE fate of the light frock is often decided by the raiment worn beneath it, and, as the new printed chifon frocks are of an sheerness, the effect depends, in great part, not upon the color of the fabric, but upon the lingerie.

A satin chemise, with a vest of lace and net, which fastens onto the shoulder straps, is a decided asset to the frock that requires the addition of a vest.

As the theatres and shop windows have recently displayed amazingly large quantities of beautiful underthings, the lovers of lingerie have become accustomed to the atmosphere of dainty silks and laces and are rather biased upon the subject, therefore, to live up to modern expectations, silks and ribbons must be skillfully combined—must be dashing in cut and gay in hue to win even a mild feminine applause.

On the nineteenth-twenty underwear we see apples, pears, grapes; in fact, all sorts of fruit embroidered artistically. On the bottom of one of the new under-skirts is an effective design. It was fashioned of soft silk. Around the bottom were scattered embroidered squares in blue and purple. The note was a new and charming one.

MICHAEL CLARK, M.P., AT EMPIRE CLUB

Gives Interesting Address on Conditions Existing in Britain.

Dr. Michael Clark, M.P., is at his best in a fighting speech. Yesterday at the Empire Club he gave an allocation upon the British Empire which greatly pleased the crowded audience and won much praise from Sir Wm. Hearst, who expressed its gratitude. Here are some of his points:

In the 1850's the United Kingdom at thirty million people and now nearly fifty million. Pauperism declined from 100 per 1000 in 1840 to 40 per 1000 in 1870, and 25 per 1000 in 1907. This is the record of an improving people, the secret of whose success was that they always had a purpose, believed in their own destiny and were sincerely religious.

The people in the old country are all politicians and politicians all the time, and do not make fresh election cries every four years. They have a passion for law and good government and justice. The common law of England is the broad common sense of history, and in the United States courts it was impossible to avoid quoting it as it is to ignore the Sermon on the Mount.

The British became the greatest colonizers of all time, because they extended their rule without domination. Britain has not appeared to rule other peoples because she led by practicing the law of liberty.

Empire Will Endure. The empire will endure just as long as the principles and institutions which have distinguished its growth are held sacred by all the people in the scattered nations which have grown from Britain's mighty brood.

Dr. Clark found three great distinctions since the war. The first was the speed with which she put her industries on their former standing, particularly shipping. The second distinction she has relieved the distresses of the women and children of her old foe, Austria—a point which Dr. Clark expected to be applauded more loudly than it was. The third thing that people in Britain, particularly the women, have espoused the cause of the league of nations, which shows that they are for keeping the peace in the future.

BOARD OF HEALTH'S QUICK SESSION

Board of health convene at 3 p.m., adjourn at 3:10 p.m.; reconvene at 3:15 p.m.; readiourn at 3:25 p.m. Finish following a congratulatory address from Ald. Ryding of Ward Seven, recently a guest of the board of health. It was the history of the quickest session of the board of health yet held at the city hall. Ald. Ryding's address of felicitation was practically the only feature of the session. While the alderman congratulated the M.O.H. upon the splendid work accomplished both by him and the board of health in Toronto, and praised the self-sacrificing services of the Toronto nurses, he paid his meed of tribute to Dr. McCullough and the provincial board of health in the form of severe criticism of its personnel. "If Dr. McCullough had on his board of health men with real practical experience, men with knowledge of the rudiments of sanitation, of drainage and of rivers, this province would be better able to cope with emergencies when they arise, instead of referring the cases to Toronto."

BONE DRY STATE FOR THE TEMPLARS

At its biennial session held on Tuesday and Wednesday this week the Royal Templars of Temperance passed a resolution asking the provincial legislature to enact legislation providing safeguards against any revival of the drink evil in Ontario, using all their powers to enforce legislation already in existence, and also asking the Dominion government to deal effectively with this question. This resolution looks to the entire suppression of manufacture, importation and interprovincial trade in liquors throughout Canada. In other words, bone-dry legislation is advocated by this association.

The movers of the resolution, in a long preamble, have pointed out that the past decade has witnessed a succession of victories for the cause "in every province unparalleled in the history of the Dominion."

DRUNK AUTOIST JAILED. Sentence of one week in jail was imposed yesterday on Carl Covlin, who pleaded guilty to being in charge of a motor car while drunk.

BENCH WARRANTS ISSUED. Judge Coatsworth yesterday issued bench warrants for Fanny Fink and Anna Brinkman, who were to appear on a charge of arson.

CONSIDER THE LILIES. Highway robbery is shore old stuff, alright. Why, there's a bunch of lifters loose just now that's got the old system backed right out of existence, and all you need is a few ideas and a lotta nerve. Do you get me? Then get this:

Like every other dame, I guess I gotta lotta frens I ain't real crazy about, and when I turned my lamps on Lily White gettin' on the trailer this mornin' sportin' one of them new leather hats. I was so at with jealousy I felt like grabbin' her round the tonsils and makin' her spill me the dope as to where she hauled the change for such a fine chapeau, but belin' a lady, of course, I had to purr, "Hello, dearie," and lotta bunk like that, and all the time I felt cheap like a bit o' mud (which I hadn't ought to, knowin' as I did that even the her hat was made of leather, her boots was not, and mine was, for which reason I kept them in a jewel case tonight).

But, any way, when I got back to our diggin' tonight I had put Lily White's hat out of my mind and would shore never have given it another thought if Hil hadn't been all for throwin' a fit.

"What's the chatter?" says, sportin' an extra World she was rolled in. "Lily White's a 'rent of yourn ain't she?" she piped.

"Shore!" I says, "I ain't got nothin' against Lil' cept the pound of sugar she borrowed. Why?"

"Well, Lil's been pinched, took right off the trailer and hauled to the lock-up for stealin' the other off of the back of one of the seats at a movin' picture theatre. She must be balmy, I guess."

"Not on your life, she ain't balmy, I'm gonna tell you that that leather made some classy lid. They'd better watch that dame or she'll be pinchin' a cop's tunic for a spring suit. The kid's clever. It's a gift!"

FIREMEN EFFECT DARING RESCUE

Chief Corbett and His Men Rescue 120 Horses Thru Dense Smoke.

Fighting their way foot by foot thru dense smoke along the corridors of the first and second storeys of the three-storey building occupied at 10 Windsor street by the Henry Cartage Company, fire fighters last night under District Chief Corbett rescued 120 horses from the scene of a fire which was noteworthy for its density rather than for any other spectacular effects. The cause was unknown. Ten reels responded and some remarkable scenes featured the fight, many of the horses frightened, straining their ropes so taut that in some cases they were rescued only after the hardest struggle.

The damage occasioned was small, smoke being responsible for most of it. The building suited to the extent of \$400 and contents to the extent of \$1,000. Several tons of hay were badly damaged by smoke and water.

HETTY

The simplest little name of Hetty, suggestive of pleasant, homely domesticity, has a lofty significance. It is translated to mean "to star." Perhaps, after all, the steady, bright insistence of the stars may have some psychic reference to the generally accepted conception of the Hetty's of the world.

Hetty is in reality the endearing diminutive given to the more dignified Hester, but so coldly austere is the latter name that Hetty has come to be bestowed in baptism with complete disregard for its proper predecessor.

Hetty came into existence by a rather complicated evolution thru several languages. The fair daughter of the tribe of Benjamin, whose royalty insured her people's safety, was called Atossa. Her name in the Persian language—quite unpronounceable—was combined with the Latin word for star "stella," and from the union came the modern estrella. In the Septuagint, the Romans make this word Hester, or Esther.

In England, the "a" was dropped, and Hester and Esther were bestowed as feminine names. The latter became Essie when the inevitable diminutive was forthcoming, and Hester soon gave place to Hetty, the original form was usually preserved on the church registers. It was for America, gaily discard the proper appellation and substitute Hetty for all occasions.

Hetty's talismanic stone is the turquoise, which promises her steadfast friends, true love, and freedom from danger. If she sees the new moon reflected in the lake, she will have rare good luck. Saturday is her lucky day and five her lucky number. (Copyright, 1920, by The Wheeler Syndicate, Inc.)

MISSIONS IN INDIA.

Returned Chaplain Gives Interesting Lecture Before Zenana Bible and Medical Society.

A drawing room meeting was held yesterday afternoon at the home of Mrs. H. D. Warren, the guests being members of the Zenana Bible and Medical Mission, Rev. Dr. John Nell presiding. The speaker was Dr. Carter, an overseas chaplain, now in Canada in the interests of the mission in India. Dr. Carter pointed out the burden which the depreciation of the rupee had occasioned the work in India. There are 315,000,000 people in the eastern empire, of whom 150,000,000 are women and of these more than 40,000,000 are secluded. Education is very limited. There are some 400 workers in the Zenana Mission, all women, the medical department being carried on in a number of well equipped hospitals and dispensaries. Inpatients and out-patients are treated annually.

A second meeting was held in the evening at the home of the honorary treasurer of the Canadian Auxiliary, Mrs. P. D. Richardson.

WANT A NEW HOME.

A large and enthusiastic meeting of members of Rosary Hall Association was held yesterday afternoon, the president, Miss Marie Macdonell, in the chair. The principal matter of business was the discussion of properties and sites, for a new headquarters and the opening of a board-house. It was also decided to continue the project of a refreshment tent at the Exhibition, although owing to the high cost of food and labor it was felt to be an undertaking even more difficult than usual.

WANTS TORONTO TO PAY PIPER

Toronto-Hamilton Highway Commission wants Toronto to pay a larger share of the cost of widening the highway west of the city. Irving S. Fairly, assistant city solicitor, yesterday represented the city before the railway board of appeals. The commission brought this matter up for adjustment. It was pointed out that Toronto's original share of cost in the entire undertaking was assessed at \$150,000, later increased to \$250,000, and that if Toronto bore her fair share she would now have to bear costs totalling about \$321,350. The highway was widened from 18 to 24 feet from the city limits to the O'Connor road.

Mr. Fairly for the city pointed out that the commission had promised an 18 foot concrete highway right up to Hamilton. He further stated that the statements of the commission relative to the matter had not been received early enough to give sufficient time to consider them at the present date. D. M. McIntyre, chairman of the board, suggested an adjournment to permit the various municipalities to clear the statements submitted. Adjournment was finally granted to April 12.

SPECIAL MATINEE OF CLASSICAL NATIONAL DANCES AT MASSEY HALL

Owing to the large demand for seats to see the recital of classical and national dances which Miss Sternberg's pupils are giving at Massey Hall on Friday evening, March 19th, a special matinee has been announced for Saturday, March 20, to accommodate those who are unable to attend the evening performance.

Come and bring the children to see the Lamphades dance in the Hall of the Lamphades, the Hunting Dance, the Wee Ross on a Lattice, the Baby Cupids, the Pastoral Symphony and the pretty and artistic costumes of the performers.

CAUSE OF REVOLT AND ITS COLLAPSE

One of Reasons for Coup Was That Government Suspected Militarist Plot.

REDS' ULTIMATUM

Were Ready to Proclaim a Soviet Republic Under Military Protection.

London, March 18.—German war office advices declare that there have been no disturbances in the occupied territory, where the people were opposed to the Kapp dictatorship.

Official advices report that the Kappist coup was precipitated by several reasons. These were, first, the impression prevailing that the government intended to defend Matthias Erzberger, former finance minister, which was intensified by the verdict favoring Erzberger in his libel suit against Dr. Karl Helfferich; second, that the government was beginning to suspect the existence of a militarist plot and had decided to prosecute its chief; third, the naval brigade resented its reduction in accordance with the terms of the peace treaty; and fourth, the refusal of Gustav Noske, minister of defence, to appoint General Hoffmann to a command occasioned a conflict with General von Luetwitz and the latter's dismissal.

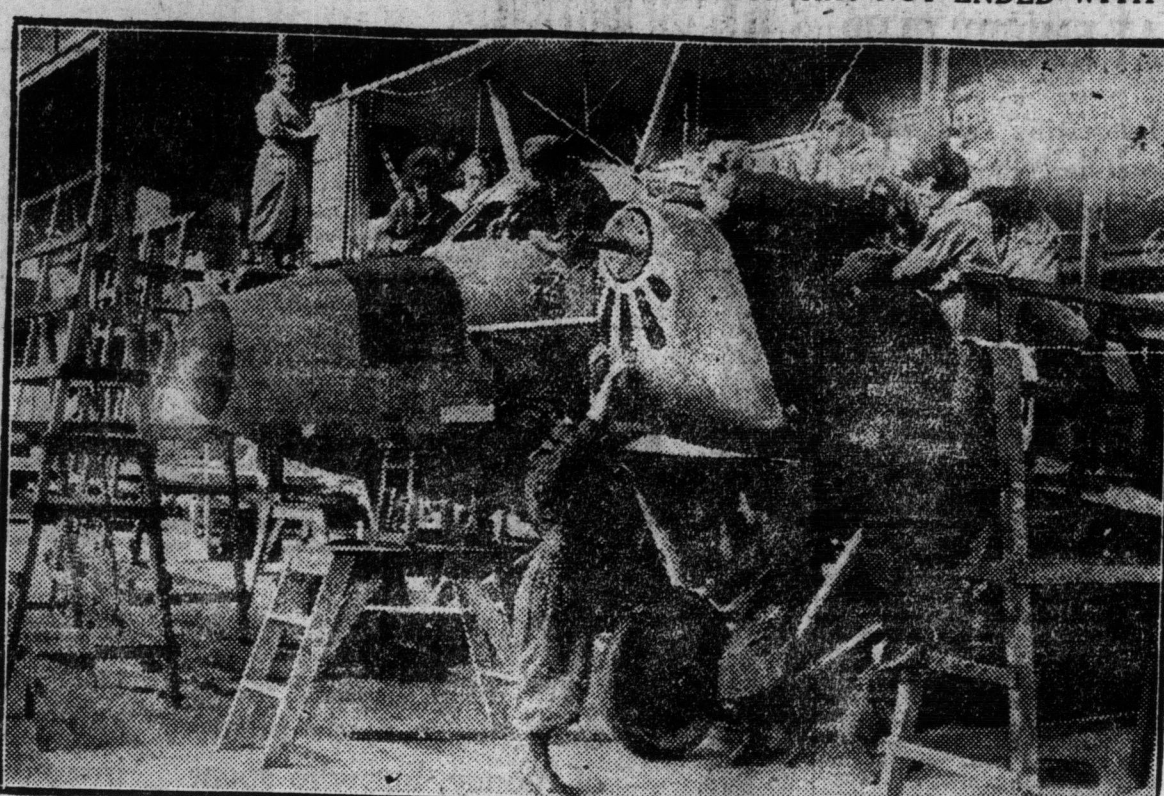

Events which culminated in the downfall of the government of Chancellor Kapp and General von Luetwitz are recounted by the Berlin correspondent of the Exchange Telegraph. Demanded a Conference. "The members of the imperial council and the under secretaries of state of the old government Tuesday night demanded a conference with von Luetwitz, at which he was asked to resign," the correspondent says. "The general made a lengthy speech, indicating that he had been mistaken on many points—for instance, in his belief that the workers would cease resistance as soon as they felt the pinch of hunger."

"Finally he admitted, however, that Dr. Kapp had been unable to find support from any political party—not even from the conservatives on whom he had relied—and that his orders had been those of a military dictatorship and not those of a government. When the latter went to the ministry the employees notified him they would not take his orders."

"The under-secretaries told von Luetwitz that any other minister appointed would meet with the same treatment. The general, however, persisted in holding out. After the arrival of an ultimatum from the Independent and Communist parties, saying that unless the troops immediately left Berlin a soviet republic would be proclaimed, von Luetwitz and the officers of his regiment announced they were willing to fight the Communists under the Bauer government. Negotiations resumed. "Negotiations were resumed yesterday forenoon by a commission on which the national party was represented by former Prussian Finance Minister Hertz, the People's party by Dr. Gustav Stresemann, and the Democrats by Karl Trimborn. The commission was in touch with the majority socialists and Vice-Premier Schiffer was in touch with Stittgart and was well posted on the progress of negotiations."

"At 1 p.m. Kapp resigned, transferring his powers to von Luetwitz, who, becoming more confident, declared that in any event he must keep his troops in Berlin at least a fortnight. His attitude probably was modified by the fact that a section of the soldiers declared against him, and two of his lieutenants informed him the behavior of the Baltic troops had caused quarrels in the army. "During the afternoon's negotiations, von Luetwitz said conferences had taken place between Ernest Daumig and other Communist leaders on one side, and Col. Bauer and General Pabst on the other. Pabst even threatened to join the Independent and Communist parties. Daumig was ready to proclaim a soviet republic under military protection. "At 5.55 o'clock, von Luetwitz expressed willingness to resign. His successor, Von Seeht (Ebert's chief

of staff), will now, at the earliest moment, try to make the iron (Baltic) and marine divisions return to Doberitz, where they will be demobilized. The national assembly probably will return to Berlin in a few days. The old government maintains that reorganization of the cabinet was proceeding before the coup occurred. A radical reorganization will now be effected, the members being chosen more for their knowledge than for party affiliations.

PRESS FOR FINISH OF HUDSON BAY LINE

Western Members of Commons Meet and Form Campaign Organization.

IS A NATIONAL PROJECT

Ottawa, March 18.—(By Canadian Press).—Western members of the house of commons held a meeting today and decided to press for the completion of the Hudson Bay Railway this year. These present formed themselves into an organization which is to carry on propaganda work. It was decided to draw up a resolution which the government to proceed with the work at once. This will mean the matter coming before parliament early next week.

Hon. J. A. Calder, who is confined to his home with a bad cold, could not be present at today's conference, neither could Hon. T. A. Crerar. Both, however, are believed to be willing to support the project. Need Only Ninety Miles. In some quarters there is a feeling that farmers who have been waiting for railways for many months should be given prior consideration to the completion of the road to the bay. On the other hand, it is argued that most of the farmers who have discussed the matter in annual conventions, have strongly supported the completion of the road. Another argument advanced, at today's meeting was that the road, on which approximately \$20,000,000 has already been spent, is going backward instead of forward by being left in an unfinished state. There are only two gaps of any size and 92 miles of steel will complete the whole undertaking. The plan is also put forward that it is a national project and will be of immense benefit to the whole of Canada. It was also announced after the meeting that a large delegation from the Manitoba legislature, which has consistently urged the completion of the road, will be in Ottawa shortly to give its views to the federal government.

WHEAT BOARD MEETS.

Montreal, March 18.—A meeting of the Canadian wheat board was held today at the board of trade here. The meeting was private and no statement was issued. There will be a further meeting of the board tomorrow.

FIGHT THE BATTLES OF RETURNED MEN

(Continued from Page 1.)

take the house into his confidence about the matter. Premier Doherty replied that the subject under discussion was the employment of returned men. Any information desired will be afforded. Doherty Explains. Hon. Manning Doherty rose to make explanation of his remarks the day before at the meeting of the House. He said: "I wish to state with reference to my remarks that it was farthest from my mind to cast any aspersion upon Rev. Dr. Cody. What I did say was misunderstood, but only brings home to me the realization that as a humorist I am a failure." (Laughter, and hear, hear.)

Brig-General Ross (Kingston), resuming the debate on the condition of returned men, declared that the return of these men to the country is a national project. He said that the government had decided to support legislation to help these men. He mentioned that the government had decided to support legislation to help these men. He mentioned that the government had decided to support legislation to help these men.

Major M. M. MacBride, county councillor, paid a tribute to the name of the late Allan Standalone, labor in Ontario and Canada was in the war. The labor movement has learned in the first session of the present government that it is not the labor movement that cannot be translated into legislation. He said that the government had decided to support legislation to help these men.

Brig-General Ross said his own name had been mentioned in connection with the position of minister of health. He desired, however, to say he had never stood out for any position, and was quite independent and disinterested when declaring the necessity for a ministry. He mentioned that the government had decided to support legislation to help these men.

was a direct attack on the clergy of this country. (Applause and U.F.O. cries of "No, no.") Brig-General Ross: If it referred to one clergyman, it was an attack upon all implying that they would exploit the funds of the church. (Applause and U.F.O. dissent.) Brig-General Ross named several clergymen of all religious denominations, among them Major Toomey, member of parliament, and several Catholic priests, who were the conduct on the field was well known. Yet Mr. Doherty had held up his hands in an appeal for tolerance. "He is an educated man. He knew what he was saying. I think it will be admitted that he was the one who made the mistake." (Applause.)

Brig-General Ross quoted Premier Doherty's references to temperance and prohibition and then in contrast with the action of the government in opening up fourteen liquor warehouses in the province. What was the object of these booze-selling establishments if the government desired prohibition? He next quoted reflections of government supporters upon politicians as a class. He resorted with the names of Macdonald, Blake, Laurier, Baldwin, Mevart, Whitney, and said: "We are proud as politicians of all these men, whether Grit or Tory. This is a galaxy of names any country can be proud of. Canada who will stand up and say these gentlemen made use of their positions to make themselves rich." (Loud applause.)

Brig-General Ross in conclusion paid a tribute to both political parties in the Ontario legislature as numbering the men who at all times are prepared to support legislation honestly believed to be in the public interest. (Applause.)

Speaking of the proposal for the abolition of property qualification for public office he repeated the well-known phrase about the promised bill that will make brains and the qualification for public office in Ontario. Speaking on the temperance question, he said the referendum ballot paper was a masterpiece as a Chinese puzzle. Labor has made progress for itself and for public welfare since the curse of strong drink was removed. Referring to ex-Premier Hearst's announcement of his intention to stand for election as how he proposed to vote, Mr. MacBride said he was away from the day of the individual and did not care how one man or another may vote. We are collectivists and all legislation in this house should express the collective judgment of the people. Mr. MacBride said he was not in the habit of giving opinions of his own. He spoke in appreciation of certain stands and said the Hydro enterprise stands for the whole principle of public ownership in Ontario. He concluded H. Dewar as an optimist who might well make lemonade out of the lemons of the other fellows.

In view of the acknowledged worth and virtue of the great leaders of the Conservative and Liberal parties, he asked why was it necessary to have a union of farmer and labor now? He placed the blame at the door of the union government, not one member of which had ever been known to wear the union label before. Union government was a horrible tale of sordid profiteering. That was the reason and necessity for the new political movement. Vulgar Displays of Wealth. He expressed himself as disgusted with vulgar display of wealth at the opening of the legislative assembly. The lieutenant-governor of Ontario and the Prince of Wales in their own persons afford the best examples of democracy and no fault was found with ceremonial connected with the British constitution. Mr. MacBride also said he was not ashamed to be in the legislature as a representative of labor. The laborer has not sold his liberty and will not sell out to any party. He mentioned that the government had decided to support legislation to help these men.

Brig-General Ross went on to say he had seen the civil service make many failures in appointments. The government declared it had done away with patronage for the first office falling vacant in the eastern Ontario. He mentioned that the government had decided to support legislation to help these men.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nine-tenths of the world's population.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetic acid of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."
