Twenty-chillies is of frost, Fahrenheit (nine degrees above zero) was registered by some of the army thermometers on Sunday night the coldest weather this section of France has known in several years.

HARDEN READY TO CRY OUTS

Thought of a Fight to the Finish

London, Jan. 30.—(New York Times cable)—A Morning Post despatch from Bern, dated yesterday, says: "Maximilian Harden lectured before a large audience in Munich on Friday on war and peace. According to a report published in the Munich Neueste Nachrichten, he said Germany had completely destroyed and the chief powers were not yet vanquished. This the German said because their achievements had been nevertheless very great. The enemy, he said, would perhaps very soon, but anyhow when the weather improved, attempt tremendous attacks with hurricanes of shells but it was equally certain that Germany was fully prepared for them, and also ready to commence a still more intense submarine campaign."

DOG OR SHEEP, WHICH?

This Theme of Discussion by Farmers' and Dairymen's Association

Fredericton, N. B., Jan. 30.—Sheep-raising in New Brunswick was the subject of this morning's session of the Farmers' and Dairymen's Association. E. O'Brien of the federal department spoke on the subject. He said there are 11,000 sheep in the province and there should be five times this number. He outlined a set of conditions and improvements necessary to successful sheep-raising, and dwelt upon the ravages among sheep by dogs. How to combat the dog cur was the keynote of the ensuing discussion, led by M. A. McLeod of Sussex and C. M. Shaw of Hartland.

HAD FIGHT WITH SUBMARINE

Permanubuco, Jan. 30.—Passengers on the British steamer Amazon, which has arrived here from Europe, reports that the ship was attacked by a submarine in the neighborhood of Vigo, Spain. The submarine fired a torpedo, which passed close under the ship's bow. According to the passengers several shots were fired at the submarine by the Amazon and a French steamer which was in the neighborhood. The submarine disappeared and it was not learned whether she had been hit or not.

GERMANS TAKING TROOPS FROM ROUMANIAN FRONT; GREAT LOSSES SUFFERED

London, Jan. 30.—(New York Times cable)—The Times' correspondent with the Roumanian army, telegraphing on January 24, says: "The general situation on this front is a stalemate for the present. All enemy efforts during the last two weeks have been checked with great losses by the Russo-Roumanian armies, which are holding a fixed front on the line of the Trotus and Scereth. The line is at present so strong that the enemy seems unable to strike another blow."

"The enemy realizes that this is the case, and appears to have decided to withdraw part of his forces from this front, where only four or five German divisions remain. The rest of the German forces have been relieved by Turkish and Austrian troops."

"On the front south of Galatz and in the Trotus Valley no Bulgarian unit is left, except some artillery."

Some of the plans are to receive attention, which will be carried out, will be Clifton, Chapel, Duke, Woodville and Sand Cove roads. The Lancaster councillors are endeavoring also to arrange further improvements for the water service on the heights and for additional street lights in the Beaconsfield section. Next winter, it is expected, will see the inauguration of a policy of keeping the county sidewalks clear with the aid of snow ploughs.

MADE RESTITUTION An interesting and highly commendable case of restitution for wrong done came to the attention of a city clergyman this week. A man past thirty years of age called to seek advice. He said that as a youngster he had once taken a small sum of money which was not his own. In later years he sought to devote the money, with interest, to some good cause. The clergyman suggested the Children's Aid Society, and he was given money with request that it be handed to the society. It is but a small amount, yet it represents much.

Says Dominions Are War Weary

German Newspaper Asserts Feeling Toward Motherland Has Altered - Gives Its Views on Conference

London, Jan. 30.—The Cologne Gazette published on Monday from London, an article inviting readers to pay close attention to the meeting of the British Special War Conference which is represented as an effort to overcome the "German war weariness." The writer says it is very important for Germany to keep in view a series of grave domestic questions, the solution of which is under the surface in England, because they may in one form or another influence the course of the war.

The feeling of the colonies towards the mother country has changed visibly since the beginning of the war. Great Britain and the colonies are now showing signs of independence. In Canada, especially in the Pacific coast, recruiting is at a standstill, and Australia has refused compulsory service and is making mild protests against the "radical" "shirker," Mr. Hughes, that colonial "Lloyd George." The war with its constant increase of heavy sacrifices of money and men without any sort of gain appearing in sight, is already somewhat distasteful to those thinly-populated countries. They are demanding that their duty towards the community of the race and empire should be held at least a share in a different and much sharper control over the foreign policy of the mother country. This demand seems to be general.

WALL STREET NOTES (J. M. Robinson & Sons, Private Telegrams) New York, Jan. 30.—President Wilson is to address the United States Chamber of Commerce on next Friday concerning business future of the United States and the belief in Washington is that he will speak in a conciliatory manner. A Berlin despatch says the Kaiser will answer President Wilson's recent speech in the senate. Wall street estimates of United States steel earnings for the last quarter of 1916 range between \$95,000,000 and \$105,000,000 compared with actual earnings of \$81,000,000 in the third quarter of last year.

Prices All Range Higher—"Few Hairs" of Silver Fox Sell for a Dollar

New York, Jan. 30.—High prices continue to rule at the New York fur auction at the Masonic Hall. On the second day of the sale, muskrat was the feature. There were some 600,000 skins of all kinds offered and bidding was so active that prices went up 20 per cent. The attendance was especially good during the sale of muskrat lots.

When the sale opened there remained some silver fox to be cleaned up from the day before. Good prices were realized and among the buyers were Charles McLaughlin, the silver fox specialist from Canada; C. G. Gunther's Sons, Revillon Freres, Bonwill & Co. and Geo. A. Freres of Paris. One silver fox was bought for \$1. It was scarcely a skin, however, and in fact was described by a dealer as "a few hairs." These hairs will probably be used, it was said, by a fur printer in lining up a gaudy pet. I. D. Richardson and Robert Goddard, two buyers from London, bought up the entire offering of 500 skins. It was rumored that these skins would be used in making hats for soldiers.

Milton Schreiber took fully one-half of the muskrat offered in following out instructions from his London branch. The advance on muskrat was credited to the demand which is expected next fall on this skin, which will be used for making women's coats. Dealers explained that the rise in market was very likely due to its popularity as a substitute for sable among women who cannot afford the more costly skin.

A comparison with September prices follows: Silver fox, 20 per cent higher; white fox, 15 per cent higher; mink, 25 per cent higher; ermine, 20 per cent higher; seal, 15 per cent higher; sable, 10 per cent higher; muskrat, 20 per cent higher; ermine, 15 per cent higher; mink, 25 per cent higher; seal, 15 per cent higher; sable, 10 per cent higher.

The fur auction came to its close with total sales estimated at close to \$1,000,000. Prices on the offerings ranged from full September prices to an advance of 50 per cent in Siberian squirrel. Raccoon, under spirited bidding, went up 15 and 20 per cent, over the prices obtained at the last sale. Northern skunk also saw an increase of 20 per cent. Some talk was heard among buyers at the sale regarding the proposed British embargo on the import of furs. It was the opinion of the well-informed that announcement of the embargo might come at any time.

SUFFRAGETTES WORRY THE BRITISH PREMIER

London, Jan. 30.—A delegation of suffragettes camped out on the doorstep of Premier Lloyd George's official residence in Downing street this morning, declaring they would remain there until they received the premier's reply to a request that he receive the delegation.

As the weather grew colder and winter, they accepted an invitation extended by the premier's secretary to wait inside the house.

RUSSIAN BOOTY IS GREATER THAN ANNOUNCED

Petrograd, Jan. 30, via London.—An increase in the number of prisoners taken by the Russians in last Saturday's battle in the Jacobeni region on the northern end of the Rumanian front, is announced by the war office today. Twelve machine guns and four trench mortars were captured in addition to a total of 1,108 officers and men from the Austro-German forces. No important military operations on any of the fronts are reported in the statement.

Conference in Petrograd London, Jan. 30.—Emperor Nicholas tomorrow will receive the delegates to a conference of representatives of three allied powers which will open in Petrograd on Thursday under the presidency of M. Pokrovsky, Russian minister of foreign affairs, says a Reuter despatch from Petrograd today.

The Russian government has announced that the conference will include the ministers of finance and communications and General Sazonov, the newly appointed Russian ambassador to Great Britain.

UNITED STATES TO MAKE OWN SHELLS

Will Equip a Government Plant to Do the Work—No Satisfactory Bids

Washington, Jan. 30.—Secretary of the Navy Daniels yesterday announced plans to meet the British government's refusal to permit Hamilton's Limited, to manufacture projectiles for the American navy, by making ready to equip a government plant to do the work. Daniels said that the plant would be built at the plant in the spring, said Secretary Daniels, "and the machinery will be advertised for soon."

The navy department practically has abandoned hope of getting satisfactory bids from American manufacturers. The search of Puget Sound waters in the vicinity of Everett, thirty-five miles north of here, today, failed to bring any sign on a report that a steamer was on fire.

QUEBEC TOWN SUFFERS SERIOUSLY BY FIRE

Danville, Que., Jan. 30.—Damage to the extent of about \$40,000 was done by fire here last evening. The factory and storerooms of the Danville Chair & Specialty Company were destroyed, and other buildings were damaged. The Danville Manufacturing Company, G. Macracken, flour and feed warehouse, and a dwelling belonging to A. Chagnon, about \$75,000 in insurance was carried. The loss of the chair factory is a serious one, as the town as they had a large payroll and orders for six months ahead.

A Parallel to Wilson Speech

Message on Civil War Sent by Emperor of Brazil to President Lincoln Strangely Like Wilson's Speech

London, Jan. 30.—A hitherto unpublished summons to peace, addressed to President Lincoln during the Civil War by Emperor Pedro of Brazil and closely paralleling President Wilson's speech before the Senate, is published in 'The Morning Post' by Frederick Harrison, founder of the Postivist Society. Mr. Harrison says that he has had access to unpublished documents in the archives of the United States and found among them the Brazilian emperor's communication. 'The Post' heads the article "President Wilson's Peace and gives it the sub-heading "An Interesting Parallel." Mr. Harrison says: "The language used by his majesty so closely resembles the script to the senate just delivered by President Wilson, that one thinks that the president recently looked up the emperor's mandate and his words were echoed in his mind." Mr. Harrison then quotes the following passages from the Brazilian document: "In the name of humanity and the neutrals of South America, whose industry and commerce are seriously affected by this most unaccountable war between the States of North America. The Confederate states assure men they are quite ready to discuss terms of peace. . . . When the aggressive Federalism show the same attitude peace will be made by the Emperor of Brazil could not prevent a renewal of the mighty state of which I am emperor should have no part in that enterprise." "After demanding 'no have a voice in determining the conditions on which a peace shall be made permanent,' because a peace which did not include Brazil could not prevent a renewal of the war, the emperor continued: 'There must be peace, I say, without victory. Both of you want the same object and neither of you can get all you want. The foundation of peace is the equality of states whether they are slave-holding or not, and equality implies freedom.' After defending slave-holding, the emperor concludes: 'If speak for the friends of humanity in every nation. My voice is that of true liberty throughout the world. There are Brazilian principles, Brazilian policies and they are the sacred principles of mankind.' Mr. Harrison adds that the emperor's Lincoln did not reply to the emperor, and is reported to have said to his secretary: "Take no notice of this hypothesis, critical swaggering the devil might well preach a sermon that the only Godly peace was to give men and nations free play to break the dead dogmas."

Raider Nearer? Norfolk, Va., Jan. 29.—Wireless warnings from Entente warships received here tonight told of the presence of a supposed German raider in latitude 40 north, longitude 60 west, which would be 70 miles off New York. The supposed raider was seen in this position Jan. 19. Merchant ships were cautioned against approaching this point. Thomas's Sleighbride Forty-five members of the stores of W. H. Thorne & Co., Ltd., had a feast of pleasure in a merry sleigh ride, a chicken supper, and a dance that followed at the Manor House, all crowded into one evening, between 8 o'clock last night and early this morning. Buoyant youths, breaking the placid severity of a business session, with the discordant notes of Christmas horns, gathered at the store shortly before 8 o'clock. Of course it would not have been much of a party without partners for the dance, jolly companions for the supper, so when the sleigh bells sounded loudly at the entrance to the store, there were as many maidens as youths. The ride was carried then out beyond Ferryburn and back to the Manor House, where the programme was the liveliest. After the supper there was the dance, which was not curtailed by early cars, and it was a third but happy crowd that started cityward soon after midnight. The committee in charge of the event, which has as its aim to be an annual affair, consisted of H. L. Thorne, Ronald H. Bond and Edward W. Baraban. "So Peggy's grown up and got married?" "What a romantic child she was and how she used to talk about marrying a title!" "Well, she did." "You don't mean it? What is she now, a countess or a duchess?" "Neither; she's a coal-baroness."

LOCAL NEWS The officials of the Western Union Telegraph Company were the guests of the manager, G. S. Robertson, at the Dufferin Hotel last evening. Harry Armstrong of the Third Division Signalling Corps and Sergeant Thomas Mehan, formerly of the 28th Battalion, were both elected to membership at a meeting of the European War Veterans' Association in their rooms in Charlotte street last evening. Egbert Robertson, a returned soldier who has seen much service at the front and who has been severely wounded, has recovered sufficiently to take over the duties of provincial organizer for the Naval Recruiting Committee. He will report today to Captain Mulcahy, secretary of the committee. F. L. Potts addressed some seventy odd members of the Conservative Club in their rooms in the market building last evening on taxation. He said that the tax should be put on land values, business licenses and poll tax and one-half the present tax taken off real improvements and still raise the \$1,010,000 needed for civic purposes. Williams Bradley, aged 18, and William Kingston, aged 17, were committed for trial yesterday in the Fairville court by Magistrate Allingham, after a preliminary hearing by the judge, entering Ready's Brewery early yesterday morning. A third man, sought by the police, is alleged to have been with the other two at the time of the break.

MORE MONEY IS SORELY NEEDED Mr. Hoover of Belgian Relief Commission Returns Home on Mission Herbert C. Hoover, chairman of the American Commission in Belgium, arrived in New York a few days ago from Liverpool to make plans for raising money for the relief of the Belgians in Belgium and 2,000 in France, who are on the verge of starvation. Conditions in Belgium are worse than in France, he said, because of the German lines, he said, were worse than they had ever been since the beginning of the war, as the people had steadily degenerated. To take care of the destitute this year, he said, would cost between \$15,000,000 and \$20,000,000. "We have managed to provide an extra daily meal for bread and bread," Mr. Hoover said, "for the 1,200,000 children, which has aided in rebuilding their strength and incidentally has increased the attendance at school. The conditions in Bruges, Ghent and the surrounding districts are worse than in any other part of Belgium. There is no business in Antwerp or Brussels. Everything is dead. The street cars are running in Brussels, but the company's receipts showed a falling off of 55 per cent last year. The railroad trains are operated chiefly for military purposes. The Belgians do not travel. "There is no social life in Belgium, no theatres, and no amusement of any kind. The fairs, which have been held in the country for centuries, have been abolished. "When questioned about the deportations, Mr. Hoover said: "That is too dangerous a subject to talk about." It was said by friends of Mr. Hoover that he would devote most of his efforts here to raising funds to be devoted especially to the amelioration of conditions affecting the 1,200,000 children who are destitute in Belgium and France. George Barr Baker, a member of the relief commission, who was at the pier to meet Mr. Hoover, explained when he returned recently from Europe that \$8,000,000 had been collected altogether in the United States for the destitute in Belgium and France and that England was giving \$5,000,000 a month; France, \$4,000,000 and \$500,000 a month was collected from other countries in Europe. This was not sufficient, Mr. Baker added, and more money would have to be raised to save the destitute from starving.

Why Hospital Caught Fire Big Kitchen Range Placed on Wooden Floor; Will Have New Concrete Base Some interesting conditions were revealed at the inquiry into the recent fire at the St. John County Hospital for Tubercular Patients, which was held on Monday afternoon. It was shown that the big double kitchen range had been placed directly on the wooden floor. To protect the floor from fire, a mat, supplied by the manufacturers, had been placed under it, inside the stove walls. The directions had called for the filling of this with sand and as an additional protection, a layer of bricks had been placed in the bottom of the pan. In spite of this, the heat from the stove had charred the timbers underneath until they finally burst into flames. In summing up the evidence, Warden McLellan, who conducted the inquiry, said that he was not convinced that the manufacturers had not intended that a brick hearth should have been placed under the stove, and he thought it was up to the local firm that installed the range and the architect to settle this. It was announced that plans have been drawn for a solid concrete base for the stove for future protection. Incidentally, the inquiry revealed a great shortage of water at the hospital, the institution having been without water for period of twenty-four hours at a stretch four times during the last month. Efforts are being made to remedy this condition also. The inquiry was held by the buildings committee of the municipal council. Warden McLellan presided, and conducted the inquiry, and Councillors Hayes, Fisher, O'Brien and Howland, and the county secretary assisted. H. B. Schofield, chairman, and Mrs. A. H. Frink and Mrs. E. A. Smith, members of the hospital board, were present. Evidence was given by H. B. Schofield, chairman of the board; R. B. En-

BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT They're Fine! Liven Your Liver and Bowels and Clear Your Head No Headache, Sour Stomach, Bad Cold or Constipation By Morning Get a 10-cent box. Cold whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets work while you sleep; they cleanse and regulate the stomach, remove the sour, undigested food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

IN THE DEAD OF NIGHT In the dead of night, when pain was severe and doctors distant, when some loved one seemed to be threatened with serious consequences, have you ever caught up, with a sob of thankfulness, a bottle of your favorite family remedy? We don't know what you consider your favorite family remedy, but if you had a confidence inspired by the knowledge that it had been successfully serving humanity for more than 100 years, then it must be Johnson's Anodyne Linctament. And you were doubtfully fortified, for you had, in Johnson's Anodyne Linctament, a preparation not only powerful and penetrating in cases of bad sprains, strains, muscular rheumatism, any ache, pain or soreness, but also one you could safely and unhesitatingly administer inwardly for sore throat, coughs, colds, croup, whooping cough, and influenza, when necessary to have its wonderful healing and soothing qualities go direct to the seat of the trouble. It is, as you rightly termed "an angel in disguise."

Everything in stock.—Ideal Shoe Store, 101 Union Street, W. E. \$30.00 For Repairs The board of school trustees, sitting as a committee of the whole, last night passed estimates totalling \$18,820 for repairs on the public schools of St. John. The estimate includes new sanitary plumbing for the Victoria and Centennial schools, and painting of all the fire escapes on every building. Many of the visitors here were urging the installation of new lavatories and laundry equipment in both the schools mentioned, and the city health officials have recommended that the work be undertaken until summer or late in the spring. Aside from this, the committee transacted no other business.

Doctor Tells How To Strengthen Eyesight 50 per Cent In One Week's Time In Many Instances A Free Prescription You Can Have Filled and Use at Home. Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes cleared through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel like all the time. It was like a miracle to me." A lady who used it says: "I had to wear glasses, but after using this prescription, I am now able to see without glasses, but after using this prescription, I am now able to see without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and in a few days the irritation will disappear. If your eyes are bothering you, even a little, take steps to have them cleared up before it is too late. Many hopelessly blind men have been cured. If they had cared for their eyes in time. After another patient writes to whom the above article was quoted, he says: "I have reasonable eye spectacles and water presented by them. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and in a few days the irritation will disappear. If your eyes are bothering you, even a little, take steps to have them cleared up before it is too late. Many hopelessly blind men have been cured. If they had cared for their eyes in time. After another patient writes to whom the above article was quoted, he says: "I have reasonable eye spectacles and water presented by them. The manufacturer exercises it to strengthen itself to see one eye detached from any good eyes or behind the mirror. It can be removed. THE NEED OF LEADERSHIP

The patriotic Canadian cannot regard with satisfaction the present state of affairs in this country. The lack of efficient leadership, painfully apparent soon after the war began, has grown to be well-nigh intolerable. Canada ought to be united as one man in this crisis, and should be putting forth every atom of her strength to help win the war.

THE SUBMARINE PERIL

The most interesting news of the day is the rumor that Britain is preparing to make a supreme effort to defeat Germany at sea. No definite information is given, but the tenor of last night's London cables gives the impression that a counter stroke, to offset the activity of German submarines, which are now destroying merchant tonnage faster than it is being replaced, is soon to be delivered.

SOCIAL PROBLEMS

In the Children's Home in Elliott Row are two children so mentally defective that efforts to teach them bring no satisfactory result. Obviously they cannot be placed in foster homes, for they are not normal children. They cannot be kept indefinitely in the Home. The only other institution in which they might be placed is the Municipal Home, but it is not specially equipped for the care of such cases.

REASONS FOR HIS FAME

Of the late Sir Joseph Becham the obituary notices say that he rose from a farmer's boy to become a knight and a baronet and the third richest man in England by manufacturing pills. But that is only half the exemplary story, and the smaller half. He rose to wealth and honors by advertising the pills—The Providence Journal.

THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-lives" Again Proves Its Extraordinary Powers

Rochon, Que., March 2, 1915. "I have received the most wonderful benefit from taking 'Fruit-a-lives'. I suffered for years from rheumatism and change of life, and I took every remedy obtainable without results. I tried 'Fruit-a-lives' and it was the only medicine that really did me good. Now I am entirely well—the rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-lives'."

A Message to Thin Weak Scrawny Folks An Easy Way to Gain 10 to 20 Pounds Of Solid, Healthy Permanent Flesh.

"Thin, nervous, undeveloped men and women everywhere are led to say, 'I can't understand why I do not get fat. I eat plenty of good nourishing food.' The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

THE FOLLY OF TAKING DIGESTIVE PILLS A Warning to Dyspeptics. The habit of taking digestive pills after meals makes chronic dyspepsia of many thousands of men and women because artificial digestives, drugs and medicines have practically no influence upon the excessively acid condition of the stomach contents which is the cause of most forms of indigestion and dyspepsia.

CONDITIONS IN ENGLAND "Everything in woollens has gone sky high in price and even at the very difficult to secure them," said A. Kirkpatrick of Vassie & Co., who arrived in the city yesterday after a business visit to England.

At the present time and the government has demanded that the mills attend to their military and domestic orders before taking on any additional work for export purposes. From this it will be seen that the amount of woollen manufactured goods for export is very small. "In purchasing woollens in England at the present time one must go from one place to another, picking up here a small amount and there a small amount, and so fill the demand of the overseas trade," said Mr. Kirkpatrick.

SOCIAL SERVICE RESOLUTIONS

Series Adopted by Congress in Halifax Covering Matters of Importance

The following series of resolutions were adopted by the Social Service Congress in Halifax last week:

Amendments to Criminal Code

This Nova Scotia Social Service Congress earnestly calls upon the Dominion government to introduce legislation at this session of parliament amending the criminal code:

(1) Making adultery a crime.

(2) Raising the age of consent in sections 301 and 211 from fourteen to eighteen and sixteen to twenty-one respectively.

(3) Removing the limitation to "shops, stores, mills and factories" in the section protecting women employees against seduction by employers.

(4) Providing for adequate penalties against any stepfather who seduces or seduces a step-daughter.

(5) Making the business of race-track betting or gambling criminal without limitation or exception.

Women's Rights

This congress expresses its gratification that the four far western provinces have given the franchise to women on the same terms as to men; urges the government of Nova Scotia to do likewise without delay, and also recognizes the right of the Dominion government of Canada to give the federal franchise to women in all provinces that have given them the provincial franchise.

Federal Board of Health

That it is our very strong conviction that a dominant board of health should be immediately organized by the federal authorities, with power to co-operate with provincial boards of health in their work, including the dealing with venereal and other social diseases.

Women's Work

That legislation should be enacted by the provincial legislature that will ensure to women a living wage and sanitary conditions in the places where they labor. We further express our conviction that female workers should receive equal remuneration with male workers for equal service.

Sex Education

Recognizing the supreme importance of training our youth in regard to sex relation, the social evil and diseases pertaining to the same, and also recognizing the inability and unwillingness of many parents to give this training, this congress recommends that the council of public instruction take steps to have the same teaching given in the public schools either by men or women appointed by the board, as is done in Ontario, or by whatever methods is deemed most advisable.

Child Welfare

This social service congress recognizing the vital importance of child welfare in all its aspects, resolves:

"That the provincial government be and is hereby urged to:

(a) To increase the per capita grant for delinquent and neglected children to at least \$4 per week.

(b) To enter into conference with the governments of the other maritime provinces with a view to making adequate and immediate provision for the care of the feeble-minded, especially of feeble-minded females of the child-bearing age.

(c) To provide the superintendent of neglected and delinquent children with a staff sufficient to properly supervise the work of his department, including inspection and probation work.

(d) To arrange for the bringing of the juvenile delinquents' act into force throughout the province and make provision for the necessary houses and probation officers.

Conservation and Development of Water Power

This congress urges the provincial government to appoint a commissioner to investigate the possibilities for the economic and social benefit of the whole people of Nova Scotia of the harnessing for the generation of electric energy for light, power and transportation purposes in rural as well as urban communities, of all the water powers of the province as has already been done in other provinces.

Welfare of Soldiers

This congress urgently appeals to the imperial government on behalf of the men who have offered themselves for the service of king and country, that they

DON'T YOU KNOW

that Zam-Buk cures when other ointments fail? There is a reason. It is because the Zam-Buk method of healing—unlike that of any other ointment—

Ordinary ointments, which are composed of such coarse ingredients as animal fats and mineral drugs, never get beneath the surface skin. Zam-Buk, on the contrary, being composed entirely of herbal essences and vegetable extracts, is so refined that it has marvelous powers of penetration. This combined with its strong germ-killing properties, makes it possible for Zam-Buk to reach and destroy all the germs in the underlying tissues, which is where skin diseases have their roots. Until this is done a cure cannot be effected.

When the germs have been destroyed and the diseased patch thoroughly cleaned, the healing herbal essences acting upon the tissues promote the growth of new flesh. As the healthy tissue develops it builds itself up to the surface skin and complete and permanent cure is effected.

Zam-Buk is equally good for old wounds, ulcers, abscesses, ringworm, blood-poisoning, piles, boils, pimples, cuts, burns, scalds, and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 56c. box, \$2 for 25.

Boy Scout Notes

His Excellency the Duke of Devonshire, as Chief Scout has approved the following awards:

A gilt medal of merit to Scout Camp-warden of Kenora, Ont., who rescued a boy from drowning. Wyntman, thirteen years of age, rescued a lad of nine, who had slipped off some logs into the sea.

A gilt medal of merit to Scout Clifford Upham of Vancouver of the 1st B. C. Sea Scouts, who rescued a boy from drowning. The lad had gone under twice and would surely have been drowned had it not been for quick action on the part of Upham.

A letter of commendation from the chief scout commissioner to Scoutmaster Shiman of Toronto, who brought to shore the body of a little girl who had been drowned, and notified the proper authorities.

A Boy Scout is also taught first aid, stands his practical proficiency badge, and other badges of service are the Scout's badge, which includes the rescue of animals and how to provide ropes and jumping staves.

For the Missioner's badge a scout must have elementary knowledge of sick nursing, invalid cooking, sick room attendance, bed making and ventilation, ability to help the aged and infirm and have a general knowledge of health and sanitation. The Rescuer's badge requires a boy to perform six methods of rescue and three of release in water, the drowning subject in rescue methods must be able to swim at least ten yards. If a sea scout, must be able to wear the rocket apparatus. A badge is also given to a boy who must swim fifty yards with clothes on and be able to undress in the water. Must be able to swim without clothes one hundred yards on the breast stroke and fifty yards on the back with hands either clasped on the arms or folded in front of the body. Must be able to dive from the surface in the water about six feet and pick up small objects from the bottom.

One cannot doubt the service ability of a scout who is proficient in any one of these badges.

Handicrafts for Boy Scouts

"Training them in habits of observation, obedience and self-reliance—teaching them services useful to the public and handicrafts useful to themselves." Such is a portion of the aims of the Boy Scouts Association, as effecting its members, and with such aims in mind the rules and regulations of the association were drafted; with such aims in mind provision was made for the awarding of badges for efficiency in handicrafts. The aim was to make the training complementary outside the school walls to the scholastic training within the school.

Airman Badge

Everything possible is done to stimulate interest in these badges. For instance, in connection with the Airman Badge, the scout is asked to make a working model of an aeroplane or dirigible that will fly at least twenty-five yards. There are in the homes of Canadian scouts many excellent models.

Basket Worker

If it is not an easy matter to weave a basket, but with patience and care Boy Scouts have become quite expert in the manufacture of baskets of every description. Then, too, they have learned to weave cane seats for stools, rush seats for chairs, raffia trays, etc. Their training in this respect goes still further, for they are required to have a general knowledge of the raw material used in the manufacture of each article.

Metal Worker

In qualifying for the Metal Worker's badge the scouts learn a lot that will be

useful to them throughout their lives. Not only must they make themselves familiar with the ordinary workshop practices, but they must learn to make and repair some of the tin and metal-ware articles in common use. They are required to explain the names, uses and construction of metal work tools and apparatus and explain the composition and properties of solders, fluxes and metals.

Leather Worker

A general knowledge of leather and leather goods is necessary before a scout can wear the Leather Worker's badge. The candidate must be able to sole and heel a pair of boots, and generally repair boots and shoes. He must be able to dress a saddle, repair traces, etc., and know the various parts of harness.

"The Wolf Cub"

The Wolf Cub, a bright, snappy sixteen page periodical, founded by Lieut.-Gen. Sir Robert Baden-Powell in the interests of the Wolf Cubs of Great Britain, has made its first appearance. If the first number is any indication of what is to follow the Cubs will look forward eagerly to each issue.

It is full of snappy, interesting and instructive articles and stories. There is a corner where the editor and the Cubs have little chats together. Then there is a page of tips for the guidance of boys who are interesting themselves in handicrafts. Altogether it is a noteworthy magazine.

MONCTON CIVIC ELECTIONS

Moncton, N. B., Jan. 29.—Civic elections were held in Moncton today resulting in Capt. J. E. Masters winning the majority contest, his opponent being Ald. J. B. Toombs.

At a meeting of the council tomorrow morning the new mayor and aldermen will be sworn in.

Flattering to the Original

But Imitations Only Disappoint

There are many imitations of this great treatment for coughs, colds, croup, bronchitis and whooping cough. They usually have some sale on the merits of the original, but it should be remembered that they are like it in name only.

MOTHER'S COUGH! It distresses you as much as her! Why continue to treat it by dosing the stomach (which is not ailing) with cough mixtures, syrups, lozenges, and the like? You will never cure lung troubles by dosing the stomach. The Peps way is entirely different. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These are breathed down direct to the lungs, through the bronchial tubes—not swallowed down to the stomach—which is not ailing.

UNITED LEADERSHIP IS NEED OF CANADA. "Ralph Connor" Makes Stirring Appeal for a National Government.

Must Still Make War—Declares Peace Without a Victory is an Absolute Impossibility—Faith in Quebec. (Toronto Star) "There is no great voice in Canada today calling 'This is the way; follow me.' What Canada needs at this moment is a great man who can lead all the people and point out to them their full duty to this war. The name of such a leader would be forever remembered."

Hope for Quebec. Alluding to the view that Quebec was an obstacle to the success of recruiting in Canada, Major Gordon expressed the belief that some way would be discovered for Quebec to come into this war and do her full duty. Credit should not be withheld from Quebec for what that province had done. Among the deeds of shining glory which would be spoken of after this war is over, would be the gallant work of the 22nd Battalion composed of French-Canadians.

Break the Sword. "If the heart of Germany is bent on war, we must break the sword in Germany's hand so that she will have the power to effect her dream of world dominion, and to again use that deadly instrument against us," said Major Lynds. "Until the sword of war is broken in the hand of Germany, it will not be safe for us to consider the making of peace."

Duffy Lewis a Hold Out. San Francisco, Jan. 29.—Duffy Lewis, outfielder for the Boston Americans, has returned unassigned the contract offered

him by the Boston management. The figures, he said, on Monday, were the same as in the two-year contract which expired at the close of the last season, and he felt he was entitled to an increase.

Fraternity Members Sign. Chicago, Jan. 29.—Pitchers Douglas and Fendergast, both members of the Baseball Players' Fraternity, signed 1917 contracts with the Chicago Cubs today.

Scott Returns Contract. Everett Scott, whose defensive work at shortstop was a feature of the playing of the Boston American League club in winning the league and world championship pennants last season, has returned his 1917 contract unassigned.

Hearn Awarded to Toronto. Toronto, Jan. 27.—Manager McCann of the Bridgeport club of the Eastern League was not satisfied with the ruling given against him by the National Baseball Association regarding Pitcher Dunlop Hearn and took it to the National Commission. The latter body yesterday handed out a decision in which they upheld the ruling of the National Association and awarded that player to the Toronto club.

Manager Larry Lajoie of the Leafs will arrive here tonight on his first visit to Toronto since his appointment. On his arrival the question of players, etc. for next season will be discussed.

Fulton to Meet Weinert. New York, Jan. 29.—Announcement was made here tonight that Charley Weinert, of Newark, N. J., and Fred Fulton, of Rochester, Minn., have signed to meet here Feb. 12 in the first of a series of boxing matches in Madison Square Garden in an elimination contest for the selection of a challenger for the heavy-weight championship of the world.

and the Russians were advancing. They could not advance quickly enough to prevent a great part of the country being overrun. Have they now advanced in sufficient numbers and with sufficient positions, even though from a strategical point of view these positions are equally as between armies of equal power?

Down to Trench Fighting. If the Sereth is to become like the chief eastern and western fronts and trench fighting is to take the place of rapid movements of large bodies of troops, the operations must mark another German failure. At trench warfare the Germans are beaten by all their enemies, but particularly by the French and British, and most particularly, by the Canadians. It was Hindenburg who said some time ago that the war would be lost by the side whose nerves snapped first. If the German nerves have not snapped upon the western front, the German soldiers who have to support it, they are doing no trench raiding. They are not only on the defensive at the western battle line in general is concerned, but upon every section of it.

Big Gains, Small Losses. The wading of trenches, which upon the scale that the Canadians have lately undertaken it, corresponds to a reconnaissance in the future, are two. There is the immediate object of killing or capturing a number of the enemy, and incidentally wearing down his nerves and the object of finding out what he is up to, how strong he is at any particular position. When it is found that German units are in front of any given part of the line, the strength of the line is known, and prisoners taken, so that in this manner information that may prove invaluable to the Headquarters Staff is collected. Of late there have been more prisoners brought in than there have been casualties among the British and Canadian attackers, all the enemy killed or wounded in their trenches being "revel." Thus the process of attrition goes on favorably as far as we are concerned.

Not Made For Germans. Trench warfare, though it may have been foreseen by the Germans, is warfare absolutely contrary to their genius. In masses of infantry the Germans will go against as devastating a fire as any soldiers ever faced. The iron discipline enforced makes obedience a second nature, they might march shoulder to shoulder over Niagara Falls if they were ordered to do so; but cast out singly in the Niagara River, forced to swim for themselves, the Germans would be drowned ten to one compared with the British. Their whole training has tended to make them mere cogs in a wheel. Now cogs in a wheel are not the machinery needed for trench warfare. The men engaged in it have to do their own thinking. In the black night the attackers become separated. Each man's hand has to guard his own head. The fighting becomes an individual venture. British peoples take kindly to it. German peoples do not.

The What of It. Mrs. Newwood—What do you find in that stupid old paper to interest you? Newwood—I was just glancing at the money market. Mrs. N.—Oh, do they have a money market? Are there any bargains?

Germans Lose in Trench Warfare

Will Fail on Sereth if it Comes to This. Their Nerves Badly Frayed.

Continuous Warfare Breaking Their Hearts—Making No Trench Raids But Fighting Only on Defensive on Western Front.

(Toronto Mail & Empire) For the last few weeks the chief events of the war have been happening in Roumania, and unfortunately they have been happening to the Roumanians. It is encouraging to note that for a week past there has been no particular German advance, and that the outstanding event of that period has been the capture of Galatz. This town is not important in itself, but the fact that the Russians and Roumanians were able to deal a counter-stroke is an indication that the Teuton advance is weakening, and gives rise to the hope that along the Sereth the Allies in the east will establish permanent lines that trenches will be dug and the enemy held in the position he now occupies. It must be admitted, however, that so far as we know, the Sereth does not offer any considerable natural advantages for a defence. The winding of the river would seem to afford the Roumanians opportunities to pour an endless stream of reinforcements to the front, and in the opinion of the military expert in the New York Times, "The point is that the Germans may lack the men and the guns to force the river, however, the advantageous their position may be. There is plenty of evidence that the attack is slowing up."

Overturning Roumania. Not even Belgium or Serbia was overrun so rapidly as Roumania. At Liege the Belgians held up the German army for ten days. At no point were the Roumanians able to hold the Germans up until the present positions on the Sereth. Once Falkenhayn burst through the mountain passes, his advance was almost uninterrupted. Until the Bugz line was reached there was not a German advance. Bucharest was abandoned almost without firing a shot, and it soon became plain that what the Roumanians were doing was not to stop the invaders but to destroy stores that were otherwise destined to fall into their hands, and to get the army safely away. The fact that experts were sent from England to destroy Roumanian oil wells at a time when the Germans were far distant from them indicated that the Roumanians realized it was impossible to stem the Teuton advance. In the first few days of the fighting the Roumanian army seemed to be retreating in panic and disorder, but for the past fortnight and more the withdrawal has been orderly and obviously in accord with a preconcerted plan. The Roumanians were falling back so that they could get in touch with the Russians.

PARRELL REPLIES TO DAVID L. FULTZ. Would Give Fraternity a Chance to Operate Minor League Club. Auburn, N. Y., Jan. 26.—Secretary J. H. Farrell of the National Association of Baseball Clubs, in a statement tonight regarding the announcement of President David L. Fultz that Class B and C players would be taken into the Baseball Players' Fraternity, said:

THE CASUALTY LIST. The names of four New Brunswick men appear in the midnight casualty list: Wounded, Corporal R. E. Atkinson, Harcourt; S. Chaisson, Lower-Carnegie; G. C. Morrell, St. John. Previously reported missing, now reported killed in action, Corporal J. W. Lamont, East Galesville.

ST. JOHN MAN RETURNS. Private F. E. Pritchard of this city, who went abroad with the 11th Battalion, has returned to St. John, owing to a serious illness which unitted him for active service, he has received his discharge.

DUSTIN FARNUM IN PRETTY IRISH PLAY. "A Son of Erin" Pleases Imperial Patrons—Picture Trip to Switzerland. A breath of old Ireland seemed to emanate from imperial theatre curtains yesterday when the bright little story, A Son of Erin, was exploited. Dustin Farnum made a most engaging Irish lad and in his New York policeman clothes was manly and protecting. The story has to do with the invading Irish and who is converted into a villain and the pretty Colleen and her noble lover. All through the picture the Irish music played by the orchestra heightened the local color and made the whole programme typically and pleasingly Irish.

POMEROY MAY GO TO A DUNGEON. Strikes Against Terms Under Which He Has Been Removed from Solitary. Boston, Jan. 27.—Solitary confinement in a dungeon cell faces Jesse Pomeroiy as he persists in his "strike" against the terms of Governor McCall's commutation of his sentence. Deputy Warden Williams, of the Charlestown State Prison, went into the "lifer's" cell and told him that he had until Monday to decide. The prison authorities have lost patience with the convict on account of his obstinate refusal to accept the liberties accorded him after a light of years waged in his behalf by hundreds of sympathetic citizens. Work, which he says is distasteful to him after his forty-one years of enforced idleness, must be done, they said today, and he will have to obey all the prison regulations.

ST. DAVID'S Y. P. A. Under the auspices of the Young People's Association of St. David's church, an evening of the exposition of art was enjoyed in the Sunday school rooms last night. J. F. Archibald acted as chairman. One of the features of the evening was the illustrated lecture on the Lives, by Mrs. J. M. Lawrence. Other numbers on the programme in addition to the devotional exercises were: Selections by Black's juvenile orchestra; a piano duet by Mrs. Barnes and Mrs. L. F. Archibald, and closing with the National Anthem.

ST. JOHN MAN RETURNS. Private F. E. Pritchard of this city, who went abroad with the 11th Battalion, has returned to St. John, owing to a serious illness which unitted him for active service, he has received his discharge. She—Don't be downhearted, Richard, even if father does say you'll be young enough to marry me years from now. He—Oh, I don't care for me, but how about you?

HALIFAX CUT FROM ST. JOHN BY CHANGES

For the first time in twenty-seven years Halifax is without a direct day train service with St. John. That great transcontinental road the Canadian Pacific railway, has been cut off from the Empire port of Canada by the management of the "People's Railway." A new time-table over the Intercolonial Railway has been announced, and it contains some startling changes, changes which will assuredly cause the traveling public all sorts of inconveniences, and have already aroused the ire of prominent men of this city who dislike to see the trains connecting the Atlantic terminus of the Dominion with the heart of Canada so tampered with.

Police Court

In the police court this morning another disorderly house case occupied attention. Evidence was submitted by Inspector Caples, Sergeant Rankine, Police-men McNamee, McAlister and Biddecombe, all of whom assisted in the raid. The house is in the rear of 17 Brunswick street. The police reported fifty and unhealthy conditions in the house. The magistrate told the proprietor, Edward Ward, that he was the responsible one, as he was harboring people in his house. "You are doing the devil's work," said the magistrate. He told him that he was liable to nine months in jail, six months without a fine and an additional \$50 or three months.

A woman found in the house when visited by the police is an old offender. This morning in certain religious institutions to which it was suggested by the court she was liable to be sent to How-ever the magistrate said that she would go wherever the court saw fit to send her. She and two young men, charged with being inmates, were remanded for further inquiries by the police officials.

HEAVY SNOW FALL

A report received at C. P. R. headquarters this morning from Brownville said that fourteen inches of snow had fallen between there and Megantic and plows were out all night keeping the line clear. The Montreal train was delayed only a short time as a result of the storm, but lost nearly an hour as the result of poor connections and arrived in the city two hours late.

TO HAMPSHIRE FOR BURIAL

The body of Miss Mary Elizabeth Watson was taken to Hampshire this morning for interment. Burial services were conducted last evening at the home of her sister, Mrs. T. C. Ledingham, 79 Elliott row, by Rev. J. A. MacKeigan.

KENNEDY-BLACK

A very happy event occurred last evening at the parsonage of Rev. S. J. McLaughlin, when Sterling E. Kennedy was united in marriage to Miss Nellie Black. Both are of the North End. They were attended by Mr. and Mrs. Herbert Taylor.

EX-GOVERNOR MCGLELAN.

A message from Hopewell Hill to the Times this afternoon brought a real ex-planation that Hon. A. R. McGlelan, ex-governor, is gradually sinking at his home in Riverside. His physicians say that with his strong constitution he may live a day or so, but his recovery is regarded as impossible.

J. F. WALSH DEAD.

Many will hear with regret of the death of J. F. Walsh which took place at the residence of his mother, 377 Douglas avenue, early this morning. Death was due to pneumonia. He leaves his mother, five brothers and four sisters. The brothers are Walter, of East Brookfield, Mass.; Frederick, of Montreal; Donald, now in France; James and William of this city. The sisters are Mrs. James Sullivan, of Melan Junction; Mrs. James Garey of Fairville, Annie and Edna of St. John. The funeral arrangements have not yet been completed.

PROBATE COURT

Estates of Frank C. Smith and Miss Emily Isabelle Kinnear

Letters of administration have been granted in the probate court to the wife of the late Frank C. Smith. There was no real estate and the personal estate is valued at \$10,000, including \$8,000 life insurance. J. C. Helyea was the pro-curator.

The will of Miss Emily Isabelle Kinnear, which has been admitted to probate, shows real estate valued at \$24,000, and personal estate valued at \$21,000, a total of \$45,000. The late Miss Kinnear left \$200 to Mrs. Agnes L. Cyle of Johannesburg, South Africa; \$200 to the latter's sister, Muriel B. Carr; \$200 to Dr. W. C. Adams; \$500 to Dr. W. Franklin Coleman of Chicago and \$1,000 to her niece, the wife of Rev. Edwin Meacham. The income from the remainder of the estate is to go to her Frank, Miss Emily Kinnear during her life, and on her death, the estate is to be divided between the latter's niece, Miss Mary Daniel, and her nephews, Harrison Kinnear, Charles A. Kinnear and Frank A. Kinnear. W. Adams and W. A. Ewing are the executors and Barnhill, Ewing and Sanford the proctors.

FIRST FAIRVILLE MAN TO WIN THE MILITARY CROSS

High Honor Gained in Battle By Sergeant William Ratcliffe

From information received through a letter to Mrs. T. Meacham of Prospect street, Fairville, from Sergeant William Ratcliffe, the latter is the proud winner of the Military Cross for valor on the field of battle. Sergeant Ratcliffe, a native of Glasgow, Scotland, enlisted in St. John as a private in the 26th Battalion. He was employed on one of the scows of the Paragon Pulp and Paper Company. He had been in the country for about seven years and during that time he boarded at Mrs. Meacham's. He is the first Fairville boy to win the Military Cross. Mrs. Meacham's husband is a returned veteran, having crossed with the first contingent. He now has his discharge. The letter which bears the information is as follows:

Somewhere in France, Dec. 23, 1916.

Dear Mrs. Meacham:

Just a few lines to let you know that I have not forgotten you entirely. I have been so busy that I really have not had time to do all the writing I would like to. I have a lot of extra duties now. I am platoon sergeant of 14 platoon and you can bet am busy at times. I have been home on my second leave. I will tell you how it came about. I was over in a raid one night and of course we visited the enemy trenches. I was recommended for pass and also recommended for the Military Medal, which I have got.

I had a great time while I was home. My coming was a complete surprise to everyone at home. And wasn't I muddy? However, with the help of my mother I soon got cleaned up and settled down to enjoy myself. My brother was also home, but left for the front a few days before me. He is in the 1st Cameron. My leave ended all too quickly and here I am once again in the service. We are out in rest billets at present and will be out for Christmas. We intend to make it as merry as we can under the circumstances. Anyway, it will be different from last year for we had Christmas dinner in the trenches. Everything is quiet out here now, but the weather is not too good.

I have not heard anything more of Frank Linton, Harry Magee or Fred Whalen. I feel very bad about it, but he and I were so chummy all through. I heard he was never seen after a big shell burst near him. I tried to find him, but he was never seen. There are so few of the old boys left that you would scarcely know a battalion that left St. John. We got a draft from a St. John battalion and I know quite a lot of the boys. Alfred Goldie and Con. Gillies are out here and I was talking to both of them. Stafford is still in England. Holman is still on pass to Blighty.

How is everything in Fairville? I suppose Tommy still in St. John. This time two years ago I was inoculated and home in Fairville for my Christmas dinner. I would like to be home there now and especially at this time of the year. Here is hoping that the next one will be spent in a more congenial atmosphere. Well, My Dear Friends, I hope this letter finds you all well. Give my love to the children and my regards to Tommy and you all and wishing you and yours all health, prosperity in the coming year and expecting to hear from you soon.

I am, yours sincerely,
WILLIAM RATCLIFFE.

GETS HIS COMMISSION

In the case of William Lawton vs. Callinan et al., His Honor Judge Chandler gave judgment this morning in favor of the plaintiff. Lawton, who is a real estate agent doing business in this city, brought suit for commission on a sale of property made by the defendants. The evidence was to the effect that, after the plaintiff had negotiated the sale, the defendants refused to confirm it. Lawton claimed \$225, and was given judgment for that and costs. Kelley & Ross appeared for the plaintiff, and J. P. D. Lewin for the defendant.

TO HOLD INQUEST

Coroner W. P. Roberts has empaneled the following jury to inquire into the circumstances surrounding the death of Fred Light who passed away in the General Public Hospital yesterday following injuries received at Sand Point on Saturday night. The jury consists of: Walter Chase, J. D. Mitchell, J. Corkery, W. J. Harrington, C. A. Donald and R. W. Sawyer. The coroner viewed the body in the hospital this morning and adjourned until next Tuesday evening at 8 o'clock in the court-house.

The funeral will be held tomorrow afternoon at 2:30 o'clock from his late residence in Fairville.

GOGUEN-WHITE

The wedding of Miss Angela White, daughter of Caliste and the late Philomena White of Newfoundland, and Private Theophile Goguen of the 168th Battalion, took place in St. John the Baptist church yesterday morning at 8 o'clock. Rev. Father Gaudet, chaplain of the battalion, performed the ceremony with nuptial mass. The bride was attended by Miss Lillian Gordon, while Private Fabian Boudreau, a fellow soldier of the groom, acted as best man. Following the wedding service, all drove to the home of Mrs. Robert Connell, in Short street, where a wedding breakfast was served.

DEATH OF PATRICK MCGOWAN

Word of the death of Patrick McGowan, which took place at his home in Port Arthur, Texas, has been received. He is survived by one brother John, executive officer of the police department, and one sister, Mrs. Sarah Doherty, also of this city. Mr. McGowan left St. John some twenty years ago and went to New York. He remained there for a short time and then went south where he remained ever since. He was a contracting mason and builder and had met with success. In his St. John days he was well known in business circles, prominent in Catholic societies, one time being president of St. Aloysius Society, and also took part in theatrical productions. He is held in kindly remembrance by many friends who will regret to hear of his death.

FOR SOCIAL SERVICE

Addressing the Epworth League of Centenary church last evening, Rev. Mr. Barracough dealt with social problems in St. John, and spoke of recent revelations of slum conditions. He then dwelt upon the opportunity of the young people to take their responsibility, even if they did not yet have the voting power, to exert their influence in every way to do all they could to create an atmosphere of reform along social lines, and so contribute to the common good.

There was a large attendance. This talk supplemented a very impressive address by the pastor of Centenary on Sunday evening, in which he dwelt upon the social service work now being done, and the far greater work awaiting the people of St. John.

CHATHAM HEARS THE RUMOR OF PROVINCIAL ELECTION

Chatham World:—The word by wireless from Fredericton is that R. A. Lawlor has been offered the portfolio of land and mines in the local government, and that the House will be dissolved at once and an election be held within four weeks. Mr. Lawlor, when spoken to on the subject by our reporter did not deny the truth of the report, and it is probably correct.

CHARGE OF NEGLIGENCE

A man recently moved to the city from Kings county with his wife and two children. Since coming here, it is said, he has been neglecting his family, and they are now said to be in want, with no fuel and even without the necessities of life. This morning the police through Rev. W. R. Robinson, secretary of the Children's Aid Society to the Home in Elliott row, as the father is confined to the hospital through illness, was remanded for sentence.

A SOLDIER'S WILL

Among the wills recently admitted to probate in the St. John probate court, one of the most interesting, because of the circumstances surrounding it, is that of Alfred John Keith D'Arcy, formerly a clerk in the Bank of British North America here, who enlisted and went overseas with the Canadian Expeditionary force and who was killed in action on April 16, 1916.

This is the second will of a soldier which has been filed in the local court since the war began. Mr. D'Arcy did not take advantage of the latitude allowed in soldiers' wills, but had the instrument drawn in the usual way before leaving England for the front. His estate consisted of small interests in real property in King street, Wellington row and Mount Allison and Hawthorne avenues. His total probate value being \$36.00. He left \$14 to each of his two sisters and the balance to his wife, Fanny D'Arcy, now residing in England. His wife is the executor, the other executor, Dr. Stacey, a son of the late Mr. D'Arcy, residing in Richmond, Surrey, England, having renounced. Barnhill, Ewing & Sanford were the proctors.

REMANDED FOR SENTENCE

A C. P. R. employee named Downey was before His Honor Judge Downey was before the Specially Trials Act this morning on the charge of carrying a bottle of liquor from one of the warehouses on the West Side. The prisoner, through his counsel, U. J. Sawyer, entered a plea of guilty to the charge and was remanded for sentence.
