MISS O'DOWD.

FIRST ANNUAL REPORT.

Immediately on the passage of the Free Library By-law by the citizens of Toronto, on the 1st of January, 1883, the Board was organized in accordance with the Statute.

On taking possession of the building made over for the use of the Public Library by the late Mechanics' Institute, it was found necessary to alter the interior of the building, so as to afford space for the present large and commodious Reading Room, and to erect an additional building sufficiently capacious to hold a library of 150,000 volumes.

To carry out this work, application was made to the Council of the Corporation of the City of Toronto for \$50,000 in debentures, the proceeds of which were placed to the credit of the Board.

In June, 1883, the officers of the Library were appointed, and in September, the Chairman and the Chief Librarian visited London and New York for the purchase of books.

On March 6th, 1884, the Library was formally opened by His Honor the Lieut.-Governor, and the crowded attendance witnessed the interest taken in it by the citizens. The audience was addressed by Dr. Daniel Wilson, President of University College; Hon. G. W. Ross, Minister of Education; Goldwin Smith, Esq., and the Rev. Dr. Withrow.

The Reading Rooms were opened for public use on March 10th, but no books were issued until April 2nd. Since that date the increase in the number of books issued has been so great that your Board have found it necessary to add to the staff, and duplicate and triplicate many of the books.

No less than 179,503 volumes have been issued during the 229 days on which the Library has been open, a daily average of 783.

In February, 1884, Branch Libraries were opened in St. Andrew's Market and St. Paul's Hall, both of which have proved very successful.

The number of visitors to the Reading Rooms has been steadily increasing, and it is estimated that 400,000 persons have made use of the rooms during the past ten months.

A list of newspapers and periodicals which are subscribed for or donated, will be found at the close of the Report.

The catalogue of the Reference Library, which has been in preparation for some time, is approaching completion, so that this portion of the Library, which has been practically closed to the reader, will be shortly brought into full use.

Appended will be found reports of the Receipts and Expenditure to December 31st, together with a statement of Assets and Liabilities.

JOHN HALLAM,
Chairman.

January 30th, 1885.
