NEW FEATURE OF BOND CASE

Reported Disappearance of Former Cleveland Official

Believed He Has Gone to Europe—Detectives Leave New York for Middle West in Hope of Making Arrests.

New York, May 11.—The disappearance of a former Cleveland official, who is believed to have gone to Europe, was investigated here today in connection with New York's bond thefts, aggregating several million dollars. Saul S. Myers, counsel for surety companies in the bankruptcy proceedings of Jules "Nick" Arnshein, one of the alleged leaders in the bond plot, said he understood the former Cleveland official left there hurriedly after a visit from two men who were under surveillance following Arnshein's disappearance on Feb. 12.

ONE BANDIT IS KILLED AND ONE WOUNDED

Attempt to Rob St. Louis Bank Foiled—Gang of Eight Loot as They Flee

St. Louis, May 11.—A bank bandit, identified by the St. Louis police as James Haywood, a paroled convict, was killed, and another identified as Frank Fainick, a former convict, was wounded and captured last week after they, with six other men, had held up the Drovers National Bank, east of the city.

What Is Meant by Reference to St. John Harbor?

Matter Comes Up in Pictou Harbor Debate—Mr. Copp Asks Question About a Voyage of the Metagama to St. John With Soldiers.

Ottawa, May 11.—Considerable discussion arose in the Commons yesterday on a resolution which seeks to transfer the powers of the harbor commission at Pictou to the government. Hon. C. C. Balfour said that it was merely a matter of time before the government would take over the harbor from the commission to the public works department.

REVOLUTION IN FINAL STAGE

Fall of Carranza; He Is Reported Prisoner

Washington Turns Attention to Political Developments—Not Believed That Usual Counter-Revolution Will Develop.

Washington, May 11.—With practically all of Mexico dominated by revolutionaries and Carranza reported a prisoner, official interest here shifted today to the military phases of the situation to the expected political developments.

Budget Off; Perhaps Until Next Tuesday

Ottawa, May 11.—Authoritative information was given out this morning to the effect that the budget speech will not come down tomorrow afternoon as originally planned. It is expected here that it will not be delivered now until next Tuesday, but Sir Henry Drayton this morning would express no opinion as to when it would be brought down.

As Hiram Sees It

"Hiram" said the Times reporter: "I am thinking of buying a nobby new suit for a hundred dollars. Several fellows have got suits lately and I want to put one over on them. Not one of them has a suit for seventy dollars, and when they see me their noses will be in the air. You seem to be in a sarcastic mood today."

RECOVER NEARLY ALL THE MONEY

Arrest of Two Men in Connection With Nova Scotia Robbery

New Glasgow, May 11.—(Canadian Press)—The men arrested yesterday in connection with a robbery at Thorburn on Saturday when more than \$8,000 pay money for Greenwood Coal Company employees was stolen, was found in cash \$2,988. They say it was all they got in the bag except \$5 they spent, unless they lost some in their runs. Their names are McGillivray and McNeill. They were both bright looking young men and are natives of Antigonish county.

WILSON'S WAR ORDERS OF AUGUST 1917

Washington, May 11.—President Wilson's unpublished war instructions to the officers of the United States Atlantic fleet given in person on the quarter deck of the battleship Pennsylvania on August 11, 1917, were made public here today by Secretary of the Navy Daniels. Mr. Wilson spoke as commander-in-chief of the American navy and at a time when the German submarine menace was unceasing.

Piecing Together of Findings in Arthur Ecrement's Discard Declared by Police to Have Shown Connection with Arnshein.

Chicago, May 11.—After piecing together thousands of scraps of paper from the waste basket of Arthur Ecrement of Montreal, police declared today they had obtained evidence establishing an absolute connection between Ecrement and Arnshein, alleged leader in \$2,500,000 bond thefts in New York.

COUNTER CHARGE MADE AGAINST ADMIRAL SIMS

U. S. Naval Secretary Daniels Before Committee

Says Opposition of Rear Admiral and British Admiralty Delayed North Sea Barrage Six Months—Declares It Was American Idea.

Washington, May 11.—A counter charge that establishment of the North Sea mine barrage was delayed six months because of the opposition of Rear Admiral Sims and the British admiralty, was made before the senate naval investigation committee today by Secretary Daniels in presenting the second part of his reply to the officer's charge that the United States naval department had unacceptably prolonged the war through failure to co-operate fully at first with Allied naval forces.

MYSTERY IN MURDER CASE

Allegation That Ruckert Was Engaged to Marry Two Girls.

Hoboken, N. J., May 11.—An element of mystery was injected yesterday into the murder of Fred Ruckert, vice-president of the White Metal Manufacturing Company, of Hoboken, when a young woman giving the name of "Mae Frank" telephoned the dead man's home yesterday and informed police detectives that she was his fiancée and that they were engaged to be married. A photograph of the girl was found in Ruckert's room in a spot indicated by her over the telephone.

THE PROHIBITION SITUATION HERE UNDER REVIEW

Executive Report to N. B. Temperance Alliance

Proceedings and Vote in Legislature Recalled — Reference to Sending Temperance Legislators to House — Summons for Organization for July Vote.

The following report by the executive of the N. B. Temperance Alliance was submitted at an important meeting of the alliance in Fredericton today:

To the members and friends of the New Brunswick Temperance Alliance, your executive committee would report as follows:

1. The dominion government having repealed the order-in-council under which the importation of liquors into the province had been prohibited, an amendment to the law was made by the dominion parliament providing for a referendum by the people which should enable them to decide for themselves the question of importation into the province. If the referendum is carried, the dominion government would then bring into force the law prohibiting importation into the province and bringing back the advantages prevailing under the order-in-council.

2. Acting under instructions from the alliance, your executive laid before the provincial government the request of the alliance that the government secure the passage of a resolution through the House of Assembly asking the dominion government to hold a referendum on the question of importation of liquors into the province. Your executive laid before the government the necessity for this referendum so as to make the provincial law efficient, pointing out that so long as the importation of liquors into the province continued it made impossible a stringent enforcement of the provincial law. It was also pointed out to the government that if the people voted in favor of stopping the importation into the province it was sufficient evidence that the people did not wish it sold within the province and therefore the referendum on the provincial law would be unnecessary and there would also be a saving to the province of some \$30,000 in making the one referendum answer both purposes.

The government did not see its way clear to grant your request and decided to hold a provincial referendum. Your committee believed the government's course to be unwise and not in the best interests of the province. We agreed, however, to fall in with the plans suggested by the government that the provincial referendum should come first and that it would be convenient for all parties if it should be held some time about the end of June of this year.

3. Arrangements were then made to ask the legislature to pass the necessary resolution asking the dominion government to bring on a referendum later in the year after the provincial referendum had been held, whereas if the resolution was not passed at the coming session of the legislature the present unsatisfactory condition must continue for probably another eighteen months, as no referendum could be taken until after the next session of the local house and a resolution passed by it asking for the same.

4. The Honorable Mr. Tweeddale agreed to move the resolution and Mr. Peck of Albert county to second it, as follows:

"That the following resolutions be passed and sent to the secretary of state of Canada:

RESOLVED, that under the provisions of Part IV. of the Canada Temperance Act as enacted by chapter eight of the statutes passed at the second session of the parliament of Canada held in 1919, this legislative assembly doth request that the votes of the electors in all the electoral districts of this province may be taken for or against the prohibition, that is to say:

"That the importation and bringing of intoxicating liquor into this province for beverage purposes may be forbidden."

5. Your committee interviewed the different members of the legislature and at a meeting of the members held in the House of Assembly, at which all the members were present, the case for the referendum for prohibiting importation was presented by the vice-president and Bishop Richardson on behalf of the alliance and other interests were represented by the Rev. J. S. Sutherland of Fredericton, Rev. Frank Baird of Woodstock, and A. A. McLeod of Moncton.

6. A copy of the following letter enclosing a copy of the resolution was laid on the desk of each member:

Dear Mr.—
The Temperance Alliance of N. B. would respectfully desire to present to you your request for your favorable consideration of the enclosed resolution and your vote in favor of the same, asking the dominion government to bring on a referendum giving to the people an opportunity to express their wishes at the poll in regard to the importation of liquor into this province for beverage purposes.

Yours sincerely,
DONALD FRASER, Pres.
THOS. MARSHALL, Vice-Pres.

8. When the resolution came before the house an amendment was moved by Mr. Michaud of Madawaska county and seconded by Dr. Campbell of St. John, that it was not advisable that the people of the province should express their opinion on the question on inter-provincial trade in liquors until they have pronounced themselves in favor of the retention of the prohibition law. The question being put on the amendment the house divided as follows:

Yeas—Hon. Mr. Foster, Hon. Mr. Smith, Hon. Mr. Veniot, Hon. Mr. Dugal, Mr. Tilly, Mr. Taylor, Mr. Campbell, Mr. Carson, Mr. Magee, Mr. McGrath, Mr. Dysart, Mr. LeBlanc, Mr. Michaud, Mr. Lezer (Gloucester), Mr. Messerou, Mr. Smith (Sunbury), Mr. McLanson, Mr. Berlage, Mr. Robichaud, Mr. Lezer (Westmorland), Mr. Sweeney, Mr. Crockett—22.

Nays—Hon. Mr. Byrne, Hon. Mr. Murray, Hon. Mr. Tweeddale, Hon. Mr. Roberts, Mr. Burchill, Mr. King, Mr. Young, Mr. Baxter, Mr. Potts, Mr. Peck, Mr. Smith (Albert), Mr. Pinder, Mr. Sutton, Mr. Grimmer, Mr. Smith (Char-

lote), Mr. Jones, Mr. Dickson, Mr. Hunter—18.

Hon. Mr. Speaker declared the resolution carried as amended.

9. This province now enjoys the unenviable reputation of being the only one in the dominion whose legislature has refused to the people the opportunity to vote upon the question of real prohibition for rich and poor alike. All that the legislature was asked to do was to give the people themselves the opportunity to express their wishes, for there is now no other way to stop the importation of liquors into the province until the house passes the resolution and a referendum vote is taken.

10. Your committee used its best judgment and efforts to secure a favorable vote and whilst we did not succeed we have the satisfaction of knowing that the responsibility for its failure does not rest upon the alliance. The responsibility for all the ills arising from the present condition of things will rest, and not very lightly, upon the shoulders and consciences of the men who refused to the people the right to decide for themselves what they wished.

11. Even the blindest and most obstinate opponent of prohibition knows what the end will be and that it is only a temporary advantage the liquor traffickers have gained. Sooner or later all we are asking for will be obtained.

12. It is for us to learn the lessons the situation should teach us and we need not, in the least, be discouraged. A full house would have given us a majority, the majority against us was not one of the whole house.

13. One lesson we ought to learn very thoroughly and that is if we want temperance legislation we must see to it, irrespective of our political shibboleths that we send temperance legislators to do our legislating.

14. Another is a need for a thorough organization of the whole country to bring out the full vote in favor of prohibition. The last vote in favor of prohibition gave a large majority in its favor and there is little doubt that a large majority will be given in its favor again, especially now since women have an equal vote with the men.

15. The announcement was made on May 7, officially by the premier, that the referendum on the prohibitory law of this province would be taken some time early in July. He also announced that the questions to be submitted had been prepared, but would not be discussed until the date for the vote had been fixed. We have every reason to believe the questions will be satisfactory.

Secretary's Report.

16. It is now our duty to see that a thorough organization of the whole province is made so that in every polling place we have satisfactory arrangements made to bring out the full temperance vote. Considerable progress has been made in this direction as will be seen from the following report of the secretary. The report is in part as follows:

"I began work in July, 1919. The work has been that of education and organization in the interests of prohibition of the liquor traffic in this province, the purpose being to organize every polling district previous to the referendum vote. Meetings have been held as follows and in nearly all cases organization has been completed:

Sunbury county includes Minto (Northfield), Manguerville, Blackville Corner (Sheffield), Russiagornia (Lincoln), Oromocto and Geary (Burton), Patterson Settlement (Blissfield), and Fredericton Junction, Gladstone.

York county—Devon, Kingsley, Nashwaak, Fredericton, Penniac, Mayssville, and other points previously organized.

Queens county—Chipman and Newcastle Bridge.

Charlotte county—Every parish is organized, including St. James, St. Stephen, St. David, Dunbaron, St. George, St. Patrick, Clarendon, Pennfield and Leveson.

Kings county—Hatfield Point, Beulah.

SIR ROBERT BORDEN.

Sir Robert Borden will return to Ottawa tomorrow. The public has no information as to the actual condition of his health or his intentions. This state of uncertainty cannot go on indefinitely.

IMMIGRATION.

The Ottawa correspondent of the Financial Post learns that the immigration and colonization department does not anticipate a large influx of settlers from Great Britain this year, as the partition of the big estates at home offers good opportunities for young men who desire to own land.

EAST AND WEST.

The Montreal Herald, discussing the apparently growing interest in maritime union in these provinces makes the following observations:

"A delicate situation seems to be developing in the relations between the maritime provinces and the Dominion arising out of the demand of the maritime provinces for complete control of their natural resources and a feeling that if this request is granted the federal government should grant compensation to the provinces by the sea.

It will undoubtedly be to the advantage of Canada to have a capable ambassador at Washington. The relations between the two countries are close, and many matters arise that call for prompt adjustment.

A SHORTAGE OF MONEY.

Referring to an apparently growing shortage of money a financial review says:

"It may be that the shortage of money is not quite as acute as many think, and that a speculation has purposely been put upon depreciation, not only in stocks but in commodities, but there does seem to be a genuine shortage which applies to capital requirements urgently needed in different enterprises as well as to speculative demands.

This remedy is not easily applied, because the people do not seem to be impressed by the need. Looking only at the surface of things they see no immediate reasons for a halt in the extravagance which is so marked a feature of life today, and it will probably take a severe jolt to bring them to a full realization of the seriousness of the situation.

Resumption of the Boston steamship service will be hailed with satisfaction throughout the province.

EAST ST. JOHN SCHOOL.

The board of governors of the Boy's Industrial Home, at a meeting in the office of Mayor Schofield yesterday afternoon, considered the application of the trustees of the East St. John school for a grant or lease to a portion of the land occupied by the home.

The Valley Railway should have a suburban service. There are great opportunities for the development of a heavy summer traffic between St. John and Oak Point. It is good business to take full advantage of such an opportunity.

(Copyright by George Matthew Adams.)

BAD LUCK.

It is seldom illis are single; in a regiment they rise, and our scalding teardrops mingle with the tears of other guys. When a blaze calls out the firemen, there'll be seven in a row, while the barbs and kindred lye-men chant the litany of woe.

Domestic Happenings of Other Days

HENRY HUDSON.

When the white men came to the New World first they thought the new land was a narrow strip of land through which a water way might be found to give a short way to the east.

In the days of Champlain, Henry Hudson sailed across the Atlantic in a vessel called the Half Moon to search for a water-way to the east. He sailed into bays and inlets along the coast, but found no passage through the land.

When still a child she created her own little stories, and had her special friends among the imaginary folk. She would wander off all by herself along the seashore and talk to her collection of imaginary people.

She attended the "district school" in Cavendish until she was sixteen years of age, and then she took the course at the Prince of Wales College, Charlottetown, for one year, and later attended for one winter Dalhousie College in Halifax.

Founding her own school and had already begun her literary career. She would rise at 5 o'clock each morning and write for an hour or so before her school.

In the year 1911 she was married in her grandfather's orchard to Rev. Ewan Macdonald, Presbyterian minister of Lunenburg, Ontario.

The admirers of Miss Montgomery are not a bit surprised that she wrote poetry before prose. It isn't strange that any one with such a vivid imagination, such an intimacy with nature and such originality should be a poet.

A drunk, taken to the police station recently, was allowed to sleep off his night and then set free because he gave the night squad the best laugh they've had in a long time.

"How do you happen to be lying there in the gutter?" demanded the sergeant severely.

"Sill right, boss, I jus' happened to walk between two lamp posts and leaned against the wrong one."

A CANADIAN NOVELIST

The Work of Lucie Maud Montgomery of P. E. Island—The "Anne" Books.

Everybody loves the "Anne" books. They are all the more lovable when we realize that the author is a Canadian—require Canadian. She claims Prince Edward Island as her native province.

Lucie Maud Montgomery was born in Clifton, Prince Edward Island, but lived from her infancy on a farm near Cavendish with her grandparents, her mother having died before she was two years old. Cavendish is situated on the north shore of the most picturesque surroundings in the whole province.

She attended the "district school" in Cavendish until she was sixteen years of age, and then she took the course at the Prince of Wales College, Charlottetown, for one year, and later attended for one winter Dalhousie College in Halifax.

Founding her own school and had already begun her literary career. She would rise at 5 o'clock each morning and write for an hour or so before her school.

The Greatest Hardship a man can suffer

is sleeplessness. Any Soldier will tell you it wasn't the shells he minded so much as the ear-splitting noises that robbed him of sleep.

The man who is handicapped by lack of sleep can't be at his best, or accomplish what he should in the world.

Success comes easily to those who can face their jobs with the confidence born of health and good spirits—products of sleep.

Lying awake at night, or drugging yourself to induce slumber, is the surest route to ill-health and reduced efficiency.

The man who really appreciates the vital importance of complete rest at night will learn the conditions that insure a good night's sleep—every night.

These conditions are fully described in "SLEEPING FOR HEALTH" just published. In a very entertaining way, the writer describes the nature of sleep, how essential it is, and how one may acquire and keep the ability to sleep soundly every night.

HERE IS OUR OFFER: Send us \$2.00. "Sleeping for Health" will immediately be mailed to you. If after thirty days you do not consider yourself benefited, return the book, and your money will be refunded at once. We can afford to make such an offer because we KNOW "Sleeping for Health" will help you.

sea, fisherfolk and nature make ideal lyrics. "When the Dark Comes Down" is a rare quality, also "For Little Things," "Old Home Calls," "Sunrise Along the Shore," and, in fact, all of her exquisite poems. There is one, "Off to the Fishing Ground," that expresses beautifully the contentment and happiness of the sturdy, brave fisherman—

"And we envy no landsman his dream and sleep When we're off to the fishing ground! Words cannot be found expressive enough to use in connection with the supreme loveliness of Miss Montgomery's poetry. One must become acquainted with them to appreciate their sterling worth."

"CREATING A PANIC"

in his eightieth year. He is survived by his wife, four sons and two daughters, one of whom is Mrs. Clifford Price of this city.

Mrs. John McCarron died at her home in Springhill yesterday at the age of forty-four years.

The death of Duncan J. Bailey occurred at Newcastle Cape, Queens county, on April 29. One son, one sister and two grandchildren survive. He was in the eighty-third year of his age.

The death of Nathan Steves occurred at Pettaucodoc on May 9, in the seventy-fifth year of his age. He is survived by his wife, one daughter, one brother and one sister.

RECENT DEATHS

Word was received here yesterday of the death of John A. Hughes, well known C. N. R. conductor. Conductor Hughes was a member of Bartlett division No. 214, Order of Railway Conductors. Arrangements were made to hold a funeral service in Moncton, the interment to be made later in Shediac.

The death of John McInerney, a well known resident of Rexton occurred yesterday morning at his home after an illness of about two weeks duration. The late Mr. McInerney was about seventy years of age and until shortly before his death apparently enjoyed the best of health. He was the eldest son of the late Hon. Henry Owen McInerney and was a brother of the late George V. McInerney and the late Dr. J. P. McInerney, both formerly of this city. He leaves to mourn besides his wife, four sons, Thomas and John of Boston, and Daniel C. and Charles at home, also three daughters. Edward McInerney of Richibucto, is a half-brother. The funeral will take place from his late residence to the Catholic cemetery, Rexton.

Mrs. Sarah A. Knowles, widow of Walter Knowles, passed away last evening at her residence, 62 St. Patrick street. Mrs. Knowles had been ill about a year. She was a member of Centenary church and had many friends throughout the city. She is survived by three sons, three daughters, two sisters and a brother. The sons are James, Walter S. and William C. N. R. conductor. Mrs. John W. Mahony and Mrs. R. Dryden, all of St. John. Mrs. Margaret Moore, of Boston and Mrs. George S. Dryden, of Sussex, are sisters, and C. R. Mitchell, of Danvers (Mass.), is a brother. Funeral arrangements have not been perfected.

Charlottetown, P.E.I., May 10.—Mrs. William MacPhail, mother of Sir Andrew MacPhail, died today at the age of eighty-five years. She is survived by five sons and four daughters. In addition to Sir Andrew, the surviving sons are Colonel Alexander MacPhail, C.M.G., D.S.O., Queen's University; J. G. MacPhail, B.A., B.Sc., commissioner of lights, Ottawa and W. M. MacPhail, B.Sc., Winnipeg.

Etienne Bourgeois died yesterday at the home of his son, Councillor Ferdinand Bourgeois, Fox Creek, at the age of eighty-eight years.

William Havelock Densmore of Brownville Junction, Me., passed away on Saturday, May 1. Death was due to general paralysis. He is survived by his widow, one daughter, and one son.

On Friday, May 4, the death of Augustus Dagnino, of Centerville, N.B., occurred. He was a native of Genoa, Italy, and was, at the time of his death,

WORN OUT, BIRD ALIGHTS ON A SHIP 900 MILES OUT AT SEA.

Victoria, B. C., May 11.—Almost exhausted from its long flight, a bird of the plover species picked out the Nipon Yusen Kaisha liner Tajima Maru as a haven of refuge as the big steamship was plowing her way across the Pacific for this port. The liner was about 900 miles out from Victoria when the feathered visitor settled helplessly on the boat deck. Flying aimlessly above the broad expanse of the ship the bird had sought invitation for something to settle upon in order to rest its weary wings and it eagerly accepted the accommodating vessel to save itself from destruction.

The bird was picked up by a member of the ship's crew. It proved very tame and displayed no inclination to resume its flight.

Mr. Asquith's amendment proposing a single parliament for Ireland, was rejected recently in the British house of commons. This affirms the principle of partition which is considered disastrous to the bill.

Has Upward Trend Of Prices Reached Limit?

Wanamaker's Store in New York Cuts 20 Per Cent. Off—A Very Unsettled Situation.

(Financial Post.) Whether the action of the banks in issuing instructions for the curtailment of current loans has been the cause or whether the bankers merely interpreted indications of tightening conditions, the fact remains that the past week has been marked by certain developments which tend to confirm the observations made in this column last week; observations to the effect that the end of the upward movement in prices seemed to last be within sight and that public apprehension was beginning to develop with attendant effect upon buying power. Perhaps no more significant incident

Craftsman Fabrikoid

—the practical upholstery for doctors', lawyers', dentists', and other professional men's offices.

—an upholstery that is sanitary, vermin-proof and dirt-proof, and at the same time possesses that rich attractiveness attributed in the past only to leather.

Have your shabby furniture re-upholstered today. Tell your furniture dealer you want it done in Fabrikoid. There are several shades and several qualities to select from—a range that guarantees something to meet your satisfaction.

And whatever your selection, you will find Fabrikoid superior in every way to any furniture covering you have ever had. It is economical—costs less than other first-class upholsteries, and wears ten times as long—it is absolutely impervious to water, grease, the stains of medicines or drugs. It will not absorb the moisture from the human body as leather or cloth do.

Fabrikoid is the practical upholstery for public offices because it can be cleaned quickly with a damp cloth. This alone commends its use in those places where visitors are of a mixed type.

to emphasize the turn of events could be offered than the announcement of the big Wanamaker store in Philadelphia that all prices would be cut to make an average reduction of twenty per cent. Further it is stated that the store policy will be to make prices more attractive, to judge by the advertising.

In Business and Trade Circles. It appears that clothing and apparel lines are being hardest hit. Whether this is the result of very unfavorable weather or whether the public disapproval of high prices, as evidenced in the overall campaign, is having its effect upon consumption cannot be definitely answered, but perhaps it would be best to say that it is the effect of the combined influences. While there had been no tendency to produce in excess of prospective demand there is no doubt but that such unfavorable weather as we have experienced has tended to bring about an accumulation. Then it is reported that a lot of Japanese silks were dumped into Canada with some effect upon the market for dress goods and linings, and in the clothing trade there was an effort made prior to the last settlement with labor to get considerable stocks ahead to provide an available surplus in the event of tie-ups.

Altogether the situation in the clothing and apparel trades indicates that high prices are having their effect and that people will endeavor to make their clothes wear longer rather than pay higher prices and, as previously stated, it takes but little slackening of demand to result in over-production and that is far from healthy at the present cost levels. In the hat trade, for instance, these tendencies are strongly evidenced. With practically no spring weather until this week the habit of getting the "old one" cleaned and blocked has increased with the result that the average man is going from winter to summer so far as his headgear is concerned. Price and weather have both been factors here also.

In other lines there do not appear to be the same indications of a reaction. True, speculation has been very largely discontinued under the double influence of curtailment of loans by the banks and the growing belief that it is not a time to stock up. In foodstuffs there is no indication of weakening prices nor does it seem likely that there will be any marked change until there is some market increase in supply, for it does not appear likely that consumption can be further reduced to any marked extent.

In the steel and other metal trades the situation is firm. Here the shortage of material is still maintaining prices but there is no tendency to buy stock at present quotations. Steel is being bought for quick consumption on a premium basis and few chances are being taken. In hardware lines there appears to be a fair spring movement and prices are firm to strong.

The general outlook is for higher rates for money. Capital is being demanded

in many directions and interest rates are strengthening. The second decline in Victory bond quotations in a few weeks is an indication of the trend of money values. Bond dealers foresee difficulties in securing funds desired for provincial and municipal purposes at anything like satisfactory rates. Should the dominion government desire to float a loan this fall it is hard to see how this can be done except at rates which will discount previous issues. However, it is more than possible that there is a connection between the government's plans and the course being taken by the banks in putting on the brakes.

Higher rates on mortgage loans appear to be inevitable under such conditions. The general situation in the money market will be reflected here. This promises to add further uncertainty to the building situation. There is little to encourage the speculative builder and much to discourage him. Building will, therefore, be largely confined to those who are making homes for themselves. The solution of the housing problem seems as far off as ever.

The outlook for prices for building materials is very unsettled. Dealers and manufacturers say that they can see no reduction in costs and, therefore, nothing to warrant lower prices. On the other hand, it is understood that the policy of the banks may mean that some dealers will have to dispose of at least a portion of their stocks and this may force supplies onto the market.

Altogether it is a very unsettled situation and one in which the wise business man and investor will watch developments closely. And in sounding this word of caution we would like it to be distinct from pessimism. The position which Canada occupies today in world's relations leaves no room for pessimism. The world is waiting for our goods. If we cannot produce and market at prices to compete with other nations under present conditions then a readjustment is inevitable—and the sooner the better.

The study of beriberi and pellagra led to the discovery of a group of food essentials known as "vitamines." They are necessary to normal nutrition and to normal growth. SIMONDS WANTS TWO CONSTABLES

A meeting of the ratepayers of Simonds was held last evening at Glen Falls. The meeting was called by Councillor J. M. Donovan, who acted as chairman. The matter of police protection was taken up and the various phases of the situation discussed. Some were in favor of securing a policeman, but to do so it would be necessary to hold a plebiscite, and it was thought that this would take too much time and if constables

were employed it would not be necessary to hold a plebiscite. Councillor Donovan thought a constable should be secured for Glen Falls and another for East St. John. He had called the meeting to secure the views of the ratepayers on the question. Nothing definite was decided at the meeting last night. The matter of police protection other than the ratepayers would back up the councillor in any action he saw fit to take on the subject. The question will probably come up at the meeting of the municipal council today.

Why Teeth Glisten

Millions of them—a new method

All statements approved by high dental authorities

You see glistening teeth now wherever you look, for millions clean teeth in a new way. We offer you here a ten-day test, to show the results on your own teeth.

The fight on film

Dental science has found a way to combat film on teeth—the film that dims teeth and destroys them.

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The ordinary tooth paste does not dissolve it, so brushing has left much of it intact. And very few people have escaped its damage.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea, which attacks 95 in 100.

Now, after years of research, a way has been found to combat it. Able authorities have amply proved its efficiency. Leading dentists everywhere now urge its daily use.

And millions of people now employ it, largely by dental advice.

The method is embodied in a dentifrice called Pepsodent. Two other new factors are combined with it. And this tooth paste is inaugurating a new dental era.

Free to all who ask

A ten-day test of Pepsodent is sent to all who ask. Also a book to explain the results. The method quickly proves itself.

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to day by day combat it.

Pepsin long seemed impossible. It must be activated, and the usual agent is an acid harmful to the teeth. But science has found a harmless activating method, so pepsin can be every day applied.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coat disappears.

Do this for your own sake and your family's sake. Nearly everybody suffers from this film. Cut out the coupon so you won't forget.

SPEEDY TRIALS CASES

Before His Honor Judge Armstrong under the speedy trials act yesterday, the case of the King vs. Herbert Dean was heard. The accused pleaded guilty to stealing an automobile, the property of P. E. Ferris, and was remanded for sentence. Chester Graham pleaded guilty to stealing a watch, it being shown that he had already put in a month in detention and restored the watch, and that he had been drinking when the theft occurred, as well as that he was of good character with an overseas record, he was allowed out on suspended sentence. Frank Crozier, charged with collecting money for the Salvation Army and not paying over, was allowed to go on suspended sentence. He pleaded guilty. He had already been detained one month in jail. Salvation Army officials undertook to look after him.

PROBATE COURT

In the probate court, Judge McInerney presiding, letters testamentary have been issued to Rev. George Steele and J. Roy Campbell, K.C., under the will of Louise E. Wilson. Real estate amounted to \$6,962.75, and personally brought the probate value to \$22,962.75. R. A. Davidson was executor. Letters of administration cum testamento annexo were granted to Lillian M. Alexander under the will of Frederick Alexander Weatherhead, who died in last September in Winnipeg and appointed no executor. The estate was valued at \$1,000 realty and \$2,885 personally. K. A. Wilson was proctor. Letters testamentary were issued to Georgia W. Charlton, executrix under the will of William J. Charlton; personally \$700. H. S. Keith was proctor.

AGAIN IN TOILS

Frank Doucette Charged with Attempt to Steal From C. P. R.—The Sandy Point Road Case.

In the police court this morning, Frank Doucette was charged with attempting to steal from the C. P. R. in West St. John. He pleaded guilty and C. P. R. Policeman C. J. Kimmons, who made the arrest, said that the accused was attempting to get some of the contents of a barrel of liquor and had a wrench in his hand to open the barrel and he also had a bottle in which to put the liquor. The accused did not get any. It is said that the man was allowed out of jail on a suspended sentence of five years in April on a charge of stealing four feathers, the property of M. R. A. Ltd., so in view of this the magistrate said he would have to send him to the penitentiary for a term, but did not state how long. The magistrate said that since March 1, 1920 he has sent more men and women to the penitentiary from the police court than during the thirty years time he has been on the bench.

A case against Charles Ritchie, Albert and Thomas Connell, charged with breaking and entering and stealing from the summer home of L. R. Ross, Sandy Point road, to the value of \$100; also doing damage to the property of L. R. Ross, to the amount of \$600; stealing a horse and carriage, valued at \$200, the property of Cornelius Donovan; and also cutting wires and equipment, of the New Brunswick Telephone Company, was taken up.

Albert Connell is also charged with attempting to kill Cornelius Donovan, caretaker of Mr. Ross' residence. They were sent up for trial. Thomas Connell is also charged with attempting to break jail, and on this count he was also sent up for trial. W. R. Scott was for the defence. A case against William J. Pendleton, charged with stealing a check, valued at \$19.50, the property of Isaac Braumen, was resumed and a clerk at the Sugar Refinery told of cashing the check for that amount. The case was further postponed.

Two men charged with drunkenness pleaded guilty and were remanded.

GOT ALL MIXED UP

There has been a comedy of errors in connection with some of the Improvement Leagues in the city. Through a misunderstanding, announcement was made in the churches on Sunday that the annual meeting of the South End Improvement League would be held last evening instead of this evening, and quite a number of people assembled at King Edward school, only to find they were one day ahead of time. This morning by mistake a meeting which is to be held this evening to form a North End Improvement League was announced for tomorrow evening. Then a meeting of the West End Improvement League was called for last evening without a definite announcement of time and place, and only three or four persons turned up. The East End Improvement League was the shining exception. It met last evening and transacted a lot of important business. Tonight the South and North Ends will get together, and Pres. W. E. Scully announces that a meeting will be held in City Hall, West End, tomorrow evening at which all lovers of baseball and athletic sports are urged to be present.

For the first time this session, Hon. G. H. Murray, premier of Nova Scotia, took his seat in the legislature yesterday and was given a warm welcome.

DAYLIGHT TIME DEPENDS UPON MERCHANTS?

Meeting to be Held in Near Future to Decide Issue—Other Institutions Will Likely Follow Suit.

Apparently the "to be or not to be" of daylight saving time in the city this summer hangs on the action of the retail merchants. In conversation with a Times reporter this afternoon, F. A. Dykeman, vice-president of the Retail Merchants' Association, said that up to the present the association had taken no action on the matter, but that a meeting of the executive would be held in the near future to deal with the situation. The railways have announced that their regular trains will be run on standard time, but they are willing to arrange their suburban schedules to conform to whatever action the business people of the city take. In banking circles this morning it was quite generally stated that these institutions could do nothing but fall in line with the scheme if adopted by the merchants. The school board have not yet taken action and are also awaiting the decision. It is said that the majority of the shopkeepers are in favor of the daylight time for the period adopted by the city council to govern the city departments, May 22 to September 11.

THE MAGGIE MILLER

Owners Reply to Statement Given Out by E. S. Carter Yesterday.

To the Editor of The Times:

Sir,—In this evening's issue of the Times at page 8 there appears a long article headed "Matter of Fares on Maggie Miller" which I think does not fairly deal with the situation, and I would like to place my position and the position of those who own the Maggie Miller before the public.

It is true we have a subsidy of \$2,500 and it is also true that we received \$2,000 for carrying bona fide residents from the west side of the river, but this \$2,000, especially the \$2,000, should not be charged to us as of the nature of a grant from the government. This amount was given to the people who must use the Maggie Miller to get to St. John with their teams and farm produce. True, under this arrangement, traffic increased, but not nearly in proportion to the cost of upkeep of the ferry.

After having had a consultation with E. S. Carter in his office, I mailed him, on March 10 last, a statement of the earnings and expenses of the ferry for 1919, which showed a loss of \$1,679.84. Our gross earnings for 1919 were a little more than \$6,500, and our expenses were over that amount. In expenses we included an amount of depreciation and interest on the value of the ferry. Our fuel account was \$2,000, wages for four of a crew, including myself, \$3,000. For myself I received \$800 for my year's work for working nearly night and day seven days a week.

On the 5th of this month I made the following offers to Mr. Carter: 1. We are willing to run as usual with the increase on the transient traffic that you propose in your letter of the 21st ultimo, and the bona fide residents' charges raised to what the transient was last year, namely: Passenger fare to Summerville 10 cents and to Bayswater 12 cents; single team fare to Summerville to be 25 cents and to Bayswater 30 cents; double team fare to Summerville to be 35 cents and to Bayswater 40 cents; teamsters included with team. 2. We will rent the boat to the government to operate for \$3,500 per season. 3. We will sell outright for the sum of \$14,000.

In 1917 the government appraisers valued the Maggie Miller at a little over \$18,000. In 1914 we spent \$12,000 overhauling the ferry and it was on account of us having spent this enormous sum of money that the subsidy was increased to \$2,500.

The only difference between what we are asking and what the government wants to give is five cents on the teams alone and we feel that the government should comply with our wishes. In the whole season it would amount to about \$200—not much money to a government but a whole lot to those who are working night and day, rain or shine, in season and out, not for their own personal gain or enjoyment but to serve a farming community most unadvantageously situated. I have been thirty years serving the public from Millidgeville to Bayswater—ten miles for the round trip making the stops—and I think I may safely say I have given complete satisfaction to the public. The cost of running the ferry has increased tremendously. I have fuelled the boat for \$500 for the season, while last year it cost \$2,000 and in 1918 fuel cost me \$2,500. The boat has never paid a dividend, but year after year we have faithfully served our farmer patrons on the west of the river, and it is through no fault of theirs that the cost of operating has increased. All we want is a chance to exist, and I would like to point out the fact that different governments have built bridges costing hundreds of thousands of dollars to enable farmers to reach St. John from other portions of the province, but the farmer west of the Kennebecasis must depend on the ferry and pay his fare if the government won't do it for him.

We want to be square with the public, but at the same time we must have enough out of our work to live on and I feel this letter will satisfy the public that our case is a deserving one.

Thanking you, Mr. Editor, for your valued space, I remain,

Yours truly,
ROBT. W. WHITE,
Master Maggie Miller,
Millidgeville, N. B., May 10.

A Well Furnished Home Doesn't Mean Large Outlay!

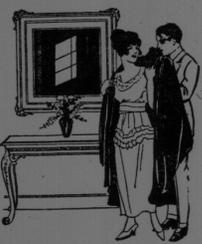

Having a well-furnished home need not mean a large outlay. Quality can take the place of quantity.

For modest outlay, a home atmosphere of quiet refinement can be secured with a few distinctive pieces, judiciously selected to give tone to the hall, library, living room or bedroom. They will be a lasting satisfaction and can be cherished as one of the many permanent things that enter into home making.

Those fortunate folk who best understand the meaning of "home" know that the articles selected must not only be fine furniture, but must also possess PERSONALITY, AND EXPRESS DIGNITY.

Every article—no matter whether it be a fine rug, a charming lamp, over-stuffed chair or a picture—must convey that indescribable characteristic that bespeaks dependability and masterful workmanship.

This has been the achievement of this store and we can assure you that every article selected from our floors will add to the beautification and enrichment of the home.

NEW ARRIVALS AT OAK HALL'S BACK HOME SALE

With the new week Oak Hall has replenished their fast diminishing stock at their Back Home Sale, corner King and German streets, and have also added many new lines at real money-saving prices.

One item worthy of special mention is a new line of neckwear that has been added. A regular \$1.00 line that is being offered while it lasts at 8 for \$1.00, and another \$1.75 line that is being offered at \$1.27. There are other new lines in both clothing and furnishings that represent equally as good savings.

Particular mention should be made of the large showing of men's waterproof coats worth up to \$18, being offered at \$13.46 and the \$12 whipcord rubber lined driving coats at \$7.98.

There are the \$30 topcoats at \$22.65 and the \$36 suits at \$28.98. One could go on listing hundreds of opportunities where real savings can so readily be made, but prices do not tell the whole story, the qualities are truly wonderful and must be seen to be really appreciated.

THE ST. JOHN IS AT RECORD HEIGHT TODAY

Danger of Break at Fredericton Boom—Newcastle Bridge Still Holds.

Fredericton, May 11.—The water in the St. John river here is now fifteen feet eight inches above summer level, the highest pitch reached this year.

Grave fears are expressed as to whether the booms of the St. John River Log Driving Company, both above and below Fredericton can hold.

An exceptionally heavy run of logs has been caused by the sudden return to fresh conditions. The upper sheer boom, which turned the logs into the Sugar Island and Douglas booms, has been left idle because of the fresh height, which means that the full run of logs must now go to Fredericton with the Mitchell boom, six miles below here, counted upon to hold them.

Monday, May 11.—Up to noon today the C. N. R., which was reported endangered by the freshet, was intact.

Many Requests in Mrs. Taylor's Will.—(Halifax Echo). The will of Mrs. Martha Jean Taylor, widow of Capt. John Taylor, dated March 22nd, 1912, was filed today.

\$1000 to the School for Deaf and Dumb.

\$1000 to the School for the Blind.

\$1000 to the Old Ladies Home.

\$1000 to the Association for the Improving the condition of the poor.

\$1000 to the Home for aged men.

\$1000 to the Y. W. C. A.

\$1000 to the Industrial School.

\$1000 to the Children's Hospital.

\$500 each to testatrix's nieces, Mrs. A. W. Cogswell and Annie Lithgow.

The residue is to be divided in four parts, one each to go to testatrix's daughters, Martha J. Sinclair, Helen Crichton Hart and Elizabeth Nugent and the fourth to Violet Campbell and Daisy Lithgow, children of testatrix's deceased son, John. Mr. C. N. S. Strickland, testatrix's nephew, and her grandsons, Stuart and Alex. Curry, are nominated executors.

The estimated value of the estate is \$250,000.

In the council bearing date of March 7th, 1918, the late John Taylor, by the late John Gibson and now represented by 87 shares in the Royal Bank held in trust for her by H. G. Bauld, M.P.P., is to form part of the residue of her estate and disposed of under the residuary clauses.

Fine in Christian Science Case.—Newark, N. J., May 11.—Andrew Walker, a Christian Scientist, convicted on a charge of manslaughter in connection with the death from diphtheria of his nine-year-old daughter, yesterday was fined \$1,000 by Judge Vosborne. Walker's counsel announced that he will appeal.

Sulphur Mine in Crater.—In the crater of a snow-capped volcanic mountain on Unalaska Island, one of the Aleutian group, is a large deposit of sulphur, believed to contain from 10,000 to 15,000 tons, says Popular Mechanics. A claim has been filed for the location, and mining operations probably will start in the near future.

Subterranean heat and a hot vapor, the latter issuing from cracks in the rocks, keep the deposit free from ice and snow, though these permanently cover nearly all the remainder of the peak, which is about 6,000 feet in height.

Another sulphur deposit has been discovered on Akun Island, in the same group, and a third near Stepovak Bay, on the southern shore of the Alaskan Peninsula.

**SCHOOL BOARD
 FACES PROBLEM OF
 NEW BUILDINGS**

An addition to the secretary's staff, an increase of a dollar a night to the male instructors of the evening classes in the city schools, a proposal that the scholars of the Millidgeville school be brought to the city schools and a consideration of the proposed sites of the new schools in Carleton and the North End, were among the matters before the board of school trustees at the regular meeting held last night.

Dr. F. Emery, chairman, presided and there were also present Mrs. E. R. Taylor, Mrs. Richard O'Brien, H. Colby Smith, Thomas Nagle, J. D. P. Lewis, George E. Day, E. H. Ingraham and Michael Coll.

Applications for positions on the local teaching staff were received from Miss Edna D. Shaw, J. B. Carr, Miss E. G. Peterson, Stanley S. Machum and Miss Gertrude Shay. These were received and filed.

An application for a position as janitor was received from William Harris, an original of the 20th Battalion. This was received and filed.

Resignations were accepted from Miss M. Constance Coiter of Albert school; Miss Louella B. Chapman of Victoria Annex and Miss Cora A. Bennett of Albert school.

Notification was received from the D. S. C. R. hospital that D. J. Bond, janitor of the King Edward school, had been admitted on May 4 for treatment. Dr. Bridges reported that the janitor's work and that of a man superintending the heating of the building.

The report of Secretary A. Gordon Leavitt was taken as read.

In taking up the report of the finance committee, which met during the afternoon, the application of Miss Audrey Mullin of Newman street school, for a share of the increase granted the teachers, while she was absent on leave, was not approved.

The recommendation that a stenographer be employed to assist Secretary Leavitt and Miss Reed was left to the chairman and the secretary to report on.

The two teachers of the evening classes, who had not been considered in recent salary increases, were granted \$1 extra a night more; W. S. McDermott and Rex Cormier are the instructors.

Miss Harding, secretary of the Provincial Chapter, O. E. O., wrote that the Brunswick Chapter wished to donate a library to the La Tour school, West St. John on Empire Day, May 23. The matter was left to the visitors to that school and the superintendent.

Dr. Bridges reported on his recent visit with Dr. Emery to the Millidgeville school, finding everything in good condition but the outbuildings. There were fourteen pupils enrolled and ten in attendance, covering all grades from one to seven. Miss Jean McAfee is the teacher. There has been some difficulty in getting the teachers to board in Millidgeville. It has been suggested that the school be closed and the scholars brought to the city.

George E. Day reported progress on the matter of a site for the proposed new Newman street school, but considered the price asked by the landowners as high.

Dr. Emery said he preferred a site in Adelaide street.

The committee working on this matter was authorized to go into the subject further and report at a special meeting of the board in two weeks' time.

Mr. Day reported that it would cost from \$3,000 to \$10,000 to repair the roof and walls of the Winter street school. It was decided to have an architect draw up plans and specifications for all the improvements needed and call for tenders.

The chairman reported that the boys' playground in the High School yard was in very poor condition and would cost \$400 to put it in repair. He asked the members of the board to inspect it.

Mr. Day reported that the Dufferin school, which contains some 1,200 square feet in a proposed exchange of land between the school trustees and Armstrong Bruce. The matter was left to the consideration of the building committee and the visitors to that school.

The visitors to the West End schools were given authority to give opinions on property and lands in the West End, suitable for the erection of a new school building.

The secretary was authorized to notify the common council that there is a vacancy on the board, caused by the death of J. V. Russell, an appointee of the council.

Dominion Raynsters
 "Made-in-Canada" Raincoats

—At Popular Prices
 —For Every Member of a Family

"DOMINION RAYNSTERS" came into being in response to a pressing need.

Men, women and children wanted coats that were absolutely waterproof, and at the same time, cut on graceful lines, well tailored, comfortable and serviceable.

How well "DOMINION RAYNSTERS" have filled this need is shown by the large number of stores carrying these double service coats, as well as the steadily increasing demand for them by every member of the family.

"DOMINION RAYNSTERS" are not merely shower-proof—the cloth is not "treated", but is "rubber lined" and made waterproof. They have the same style and finish as you see in the custom-made top coats.

"DOMINION RAYNSTERS" coats, even to the seams, are absolutely waterproof; and the guarantee label of the Dominion Rubber System is an assurance of quality and service.

Robin Hood Staged and Sung in Excellent Style

Imperial Filled With Enthusiastic Audience to Greet Boston English Opera Co. — Favorites of Last Year and New Members Score Triumph.

Last evening spent with the Boston English Opera Company in the shades of Sherwood Forest with the bold Robin Hood and his bowmen will linger long in memory with St. John music lovers. It marked the triumphant return of this company, which had gained such a hold here on the initial visit last year. And the triumph was won not on former popularity alone but through sterling work. Friends and favorites of 1919 are still on the company's roster and there are new faces and charming personalities both among principals and chorus. There was special interest in the new members and there can be but one verdict, that they greatly strengthen the organization in comparison with last year.

DeKoven's Robin Hood proved a happy choice for the opening night. The Imperial was filled with a splendid audience ready to appreciate and commend the performance. The hearty, sustained applause, the many encores and the several curtain calls told their own story as to that.

Joseph Sheehan was not in the cast

last evening, but his confrere, Ralph Brainerd, sang the title role as Robin Hood. It was his first appearance here and he carried his audience to enthusiasm over his rich tenor voice and his art in both singing and acting. He had several appealing solos and his clear, resonant tones were in happy blending with the other good voices in the many duets, trios, quartettes and choruses of this bright musical gem among operas. Mr. Brainerd scored a decided success throughout.

Bertram Goltra, one of last year's company, sang the part of the Sheriff of Nottingham. He made it a vehicle for capricious comedy work and his mellow bass voice was heard with pleasure in the music of the part. Mr. Goltra's "Sheriff" was the best he has yet given St. John.

A new male principal is Lynn Griffin. He played Sir Guy, the loutish aspirant to the title of Huntingdon, and did it well. He has a pleasing tenor voice and, as well, showed himself a good actor.

One of the big welcomes of the night was that accorded to Stanley Deacon, who won everybody in the previous engagement with his glorious baritone, his engaging manner and his acting capability. It must have pleased him greatly to hear the rousing applause he received. As Little John he sang the music in artistic style and was particularly good in "Brown October Ale." This was given with a swagger and dash that won all.

The long sustained note at the end recalled Martha of last year. Mr. Deacon seems to have the happy faculty of continuing over his work. One could see that he was enjoying it as much as were those beyond the footlights. He was heard with great pleasure in the concerted numbers as well as in his solos.

Harold J. Geis was warmly welcomed again. He played Will Scarlet. To him fell those fine solos "The Armorer's Song" and the "Old Cross Bow" and in each his voice and art were well displayed. They were well sung indeed. His voice is mellow and powerful and was given good opportunity, which was taken advantage of greatly to the pleasure of all.

Wm. B. Northway, another favorite of last year, played "Friar Tuck" and a joyous he was. He gave a light touch to his work and was always popular. St. John greets Alice May Carley with acclaim. A contralto of excellent quality and range, she has added material strength to the musical equipment of the company and her captivating personality and stage presence completed her undoubted success on her initial appearance here. As Alan-bodale, the audience enthused over her singing and acting and "O Promise Me" won an ovation. Her singing of this number was very fine, particularly in the second verse her rich voice and artistic rendering of the solo proved outstanding features of the evening. So, too, in the "Legend of the Chinese." Miss Carley has won St. John's musical people, of that no doubt.

Another new member of the company, Miss Helene Morrill, soprano, was in the cast as Maid Marian. Vivacious in her acting, she carried the part with excellent taste. Her voice is of very fine quality, rich and sweet and of much power. She had a good deal to do, and did it all with grace and charm. Her most taking number was in the forest scene where, to music accompaniment, her clear notes held everyone in tense interest and delight.

Miss Elaine DeSelle was heartily welcomed as Dame Pucelle. She was a favorite of last year and renewed her former success last evening in acting and singing.

Miss Clara Shear, another new member, played her daughter Annabel. She is a charming actress with excellent voice and won her way to the favor of the audience.

In all, the company is stronger than last year. The chorus is large and trained artistically. The balance is excellent, the volume very large and they sing with precision and artistic taste. Robin Hood was splendidly staged, was costumed richly and with a large and very fine orchestra everything went with pleasing swing. It was a most enjoyable evening.

The company will repeat Robin Hood on Thursday evening and at the Saturday matinee. Now that St. John has heard it once, the masses of the downtown is sure, for many more will want to hear it. Tonight will be I Pagliacci and Cavaleria Rusticana, with Mr. Sheehan, Hazel Eden and Mr. Deacon in principal roles.

**EPWORTH LEAGUE
 ELECTS OFFICERS**

The annual meeting of the Epworth League of the Fairville Methodist church was held last night with the honorary president, Rev. Thomas Marshall, in the chair. After the usual reports were received, the balloting for officers and trustees was conducted, resulting in Miss Hazel Kelly being elected president; Miss Edna Shaw, first vice-president; Miss Hazel Hinton, second vice-president; Miss Viola Craft, third vice-president; Miss Vivian McColgan, fourth vice-president; Robert Scott, fifth vice-president; Miss Stella Kirkpatrick, treasurer; Harry Sweet, secretary. Miss Gladys Shaw, the retiring president, addressed the meeting and was later complimented upon the success of her management during the year, the sum of \$128 having been raised and used for various social purposes.

**Australian Restrictions
 on Wool Exports**

Sydney (N.S.W.), May 10—Premier William Hughes has submitted to the Central Wool Committee a scheme providing that the 1920 Australian wool clip shall not be exported prior to October, 1920, and that there shall be no auction sales of Australian wool in London from September, 1920, to May, 1921. He also has proposed that there shall be no auction sales in Australia until next October. The premier explained that the required control of the Australian wool clip could be exercised by retaining the customs regulations prohibiting the export of wool unless approved.

EAST END LEAGUE

The East End Improvement League held a meeting last night in Thorne Lodge, with David Ramsay in the chair. There was a large attendance and a great deal of interest was shown in the work which is being done. It was announced that the St. John Clerical Association had kindly consented to present their minstrel show again for the benefit of the league. The show will be put on in St. Vincent's auditorium towards the last of the month.

Confession of Gluck, Head of Band of New York Messengers

(New York Times.)
 In the most remarkable confession thus far obtained before United States Commissioner Alexander Gilchrist, Jr., in the secret hearings in the Arnstein-Sullivan & Co. bankruptcy proceeding, Joseph Gluck, admitted leader of a band of dishonest messengers in the financial district, who stole more than \$1,400,000 worth of securities from brokerage houses in the last year, told of the organization of his band, the manner in which he delivered \$600,000 worth of the stolen securities to "Nicky" Arnstein and "Nick" Cohen, fugitives from justice, and the case with which the securities were obtained.

He said that out of the \$600,000 worth of securities he turned over to the master crooks, who later disposed of them through loans by banks and other brokerage houses to the brokerage house of David W. Sullivan & Co. of New York and Washington, he received only \$20,000 in cash, and admitted that out of that amount he gave only \$9,000 to the "boys" who actually stole the securities for him.

He said he organized his band of dishonest messengers before he met Arnstein and Cohen a year ago this month, and revealed for the first time that a youth named Harry Wolf had obtained more than \$20,000 worth of stolen securities from him before Cohen was introduced to him by a middle-aged man

Confession of Gluck, Head of Band of New York Messengers.

(New York Times.)

In the most remarkable confession thus far obtained before United States Commissioner Alexander Gilchrist, Jr., in the secret hearings in the Arnstein-Sullivan & Co. bankruptcy proceeding, Joseph Gluck, admitted leader of a band of dishonest messengers in the financial district, who stole more than \$1,400,000 worth of securities from brokerage houses in the last year, told of the organization of his band, the manner in which he delivered \$600,000 worth of the stolen securities to "Nicky" Arnstein and "Nick" Cohen, fugitives from justice, and the case with which the securities were obtained.

He said that out of the \$600,000 worth of securities he turned over to the master crooks, who later disposed of them through loans by banks and other brokerage houses to the brokerage house of David W. Sullivan & Co. of New York and Washington, he received only \$20,000 in cash, and admitted that out of that amount he gave only \$9,000 to the "boys" who actually stole the securities for him.

He said he organized his band of dishonest messengers before he met Arnstein and Cohen a year ago this month, and revealed for the first time that a youth named Harry Wolf had obtained more than \$20,000 worth of stolen securities from him before Cohen was introduced to him by a middle-aged man

named "Bill" Stahl, whose home is in Plainfield avenue, Hoboken.

The witness also told another interesting incident in connection with a charge of extortion lodged against "Big Bill" Furey as the result of a visit Furey and a mysterious "Count Carrigan" made to the store kept by Gluck's father at Second avenue and Fifth street several months ago. Gluck swore before the grand jury that Furey and the "Count" posed as United States marshals at the time, and extorted from him an automobile, valued at \$2,700; a diamond ring valued at \$1,700, and \$20,000 in money, which he drew from the bank.

His confession revealed that the "Count" who is said to be a well known figure in the "white light" district, also got from him about \$85,000 worth of securities, which young Gluck had concealed in his father's store.

It is known that detectives throughout the country have been on the lookout

for the "Count," whom Gluck describes as a man about six feet tall, with a "very dignified appearance." He was frequenter of many of the hotels in the "white light" district, until he learned that Gluck had confessed. Then he disappeared.

CONFESSED TO KILLING.
 New York, May 10—Benjamin Simmer, twenty-one, a telegraph messenger, entered the Bronx detective bureau today and confessed, the police said, to the killing of Patrolman Henry Immer of the Bronx Park station, February 2. The officer was shot five times when he attempted to arrest two men who he discovered robbing a store in the Bronx.

A case of liquor, consigned to a person who is not considered a resident of the city, was seized at the Canadian Express Company's office, King street, by Inspector Kerr yesterday afternoon.

British Merchants Are to
Tour Canada

Are Now in the United States
— Itinerary Does Not In-
clude the Maritime Provin-
ces — Those in the Party.

(Canadian Press.)
New York, May 11.—The official tour
of Canada by twenty representatives of
the Drapers' Chamber of Trade of the
United Kingdom, headed by F. W. Cook,
F. P. O. B. E., chairman, will commence
at Vancouver on June 16, and will be
preceded by a six weeks' tour of the
principal cities of the United States.
The party, which recently arrived in
New York on the steamship Cedric, was
specially entertained by civic authorities,
as well as by the National Dry Goods
Association of America. Lew Hahn,
managing director of the latter organ-
ization, is conducting the tour of the
British visitors, and will accompany
them on the trip. The party leaves for
Boston tomorrow.

Their stay in Canada will be very
brief, and only a short time will be spent
in the cities they have arranged to visit.
They are due to arrive in Winnipeg on
June 19. From the Manitoba capital they
will continue their journey east-
ward to Toronto, where they are ex-
pected to arrive on June 21. On June 23
they will arrive in Ottawa, and after
spending a few hours in the capital will
proceed to Montreal the same day, con-
cluding their round trip in New York
on June 25. It is understood the Cana-
dian Retail Dry Goods Association has
made arrangements for the delegation to
try out as thorough inspection of the
Canadian department stores as the brief
period of time available will permit.
The idea of the trip through Canada
and the United States was first suggest-
ed to the British department store pro-
prietors by Selmon F. Hales, president
of the National Retail Dry Goods Associa-
tion of America, at a dinner given to

**Rosy Cheeks
& Satin Skin**
Because of her rosy cheeks
and satiny skin a woman at-
tracts the admiration of all
men. When the young wo-
man peers in her glass, she
may see pimples and blotches
and she immediately goes
to the drug store for paint,
powders and beauty creams,
when she should go there for
a blood medicine and stom-
ach alterative known as
"Golden Medical Discovery."
This spring tonic and blood alterative clears the skin, beautifies it,
increases the blood supply and the circulation, while pimples, boils
and eruptions vanish quickly. Ask your nearest druggist for
Doctor Pierce's Golden Medical Discovery in tablet or liquid form,
or send 10 cents for trial package of tablets to Doctor Pierce's
Invalids' Hotel and Surgical Institute, Buffalo, N. Y., or branch
Laboratory in Bridgeburg, Ontario.
Here is one of the many thousand grateful letters received
by Doctor Pierce from every state in the Union and from all parts
of Canada:
TILLSONBURG, ONT.—"Ever since I can remember, Doctor Pierce's
medicines were used in our family at home, and they never failed to
give good results. The 'Golden Medical Discovery' was used as a
tonic and blood purifier, and for bronchial trouble, and it proved
excellent. I have personally taken 'Golden Medical Discovery' for
bronchial trouble, and it was very beneficial. Mother always used
Dr. Pierce's Extract of Smart-Weed for pain; it also was very good.
I feel safe in recommending all of Dr. Pierce's medicines, knowing
them to be good."—MRS. CLIFFORD MITCHELL.

Quebec Farmer Declares He
Was so Weak He Had to
Lay Off From Work —
Tanlac Restores Health.

"I shall never forget my trip to the
States, because it was while there that I
was induced to try Tanlac, the medicine
that restored me to health," declared
Napoleon Therrien, well-known farmer
at St. Leonard, Province of Quebec.
"For about six years I had suffered
with indigestion and stomach trouble.
My food turned sour, and I used to blot
up so with rags that sometimes I thought
it would kill me. It used to aggravate
me to sit down before a real good dinner
and be afraid to touch it because I knew
that if I did I should only suffer for it
afterwards. Then my appetite failed
me and I had no desire to eat at all. I
got so I couldn't sleep and would get up
in the morning as tired as though I had
been up all night. I became so weak at
last that many a day I had to lay off
from work and just let my farming go.
Finally, I decided to take a complete
rest and so went off to Manchester in
New Hampshire to visit some friends.
"Naturally, I told people I met in Man-
chester about my condition, and it seem-
ed that everyone I spoke to would say,
'Why not try Tanlac?' and so I called
in at the drug store and bought a bottle.
Well, do you know, I hadn't taken half
a bottle before I commenced to feel bet-
ter. I seemed to be hungry all the time
and thought I should eat my friends out
of house and home. I can eat things
now that I haven't dared to touch for
years past, and my food agrees with me
perfectly. I never have any signs of gas
on the stomach and I sleep sound the
whole night through. I've gained ten
pounds in weight, and I've come back
to Canada feeling better than I have in
years. In all my sixty years, I've never
come across a medicine equal to Tanlac,
and I'm going to recommend it every-
where I get."
Tanlac is sold in St. John by the Ross
Drug Company and F. W. Munro; by G.
W. McKay, Beaver Harbor; Willard J.
Colwell, Evans; C. V. Pearson, High-
land, and by the leading druggists in
every town.—(Adv.)

The British merchants have indicated
their desire to use the post-war period
of reconstruction for the purpose of gain-
ing a knowledge of the most effective
methods of conducting department store
work and using therein when the time
for a change was most sorely needed.

English store owners have left their orga-

States, and become acquainted with
methods which will be suitable for use
across the Atlantic. Particular interest
has been expressed by them in the man-
ner of giving customers on this continent
extra service and in the welfare work
for the benefit of employees.
The members of the party have dis-
played immense enthusiasm over the idea
of touring the Dominion and the United

trip a memorable one.

QUEER LAW CASE
IN ST. CATHARINES

Involves Question of Two
Convictions for Same Of-
fence.

St. Catharines, Ont., May 11.—An in-
teresting point in law, involving the
question whether a person may be con-
victed twice of the same offence, has
come before Judge Campbell to decide.
Charles Crooks, a farmer west of this
city, was fined \$300 for having an illicit
still on his premises. The conviction
was made by two Grimby magis-
trates.

Afterwards the Revenue Department
at Ottawa proceeded against Crooks for
not paying his license fee of \$250, and
a Beamsville magistrate who heard the
case fined him \$300 for this offence, the
section of the act calling for a penalty
double the amount of the license fee.

An appeal was taken before County
Judge Campbell by A. W. Marquis, of
this city, against the Beamsville con-
viction. Mr. Marquis contended that his
client could not be punished twice for
the same offence, and that in any event
the same magistrates who tried the first
case should have tried the second. He
quoted a similar case in Alberta where
the magistrate's conviction in the second
instance had been quashed.

Crown Attorney Brennan, on the
other hand, said that it had come to his
knowledge that the Full Court in Alberta
had set aside the Appeal Court's judg-
ment and sustained the conviction of the
man by the magistrate. Judge Campbell
said he would adjourn the case to
ascertain if this had actually taken
place.

Crooks, when the seizure was made,
had a revenue officer arrested, charging
him with stealing a piece of pipe which
did not belong to the still. The revenue
officer in question proved that he had
not been present at the raid, and was ac-
quitted, and is now proceeding against
Crooks for false arrest.

MURDER AND SUICIDE

Lethbridge, Alta., May 10.—Murder
and suicide in the most shocking double
tragedy in the history of Cardston, were
committed on Saturday afternoon as a
result of the deranged mental condition
of George Leavitt of that town. Leavitt,
after first hanging his son, Royce, aged
nine, then hanged himself.

THIN PEOPLE
SHOULD TAKE
PHOSPHATE

Nothing Like Plain Bitro-Phosphate to
Put on Firm, Heroic Flesh and
to Increase Strength, Vigor
and Nerve Force.

Judging from the countless prepara-
tions and treatments which are contin-
ually being advertised for the purpose
of making thin people fleshy, developing
their arms, neck and bust, and replacing
wily hollows and angles by the soft
curved lines of health and beauty, there
are evidently thousands of men and
women who keenly feel their excessive
thinness.
Thinness and weakness are often due
to starved nerves. Our bodies need
more phosphate than is contained in
modern foods. Physicians claim there is
nothing that will supply this deficiency
so well as the organic phosphate known
among druggists as bitro-phosphate,
which is inexpensive and is sold by most
all druggists under a guarantee of satis-
faction or money back. By feeding the
nerves directly and by supplying the
body cells with the necessary phosphoric
food elements, bitro-phosphate should
produce a welcome transformation in the
appearance; the increase in weight fre-
quently being astonishing.
Increase in weight also carries with
it a general improvement in the health.
Nervousness, sleeplessness and lack of
energy, which nearly always accompany
excessive thinness, should soon dis-
appear, dull eyes brighten and pale
cheeks glow with the bloom of perfect
health.
CAUTION.—While Bitro-Phosphate
is unsurpassed for the relief of ner-
vousness, general debility, etc., those
taking it who do not desire to put on
flesh should use extra care in avoiding
fat-producing foods.

**NATURE'S WAY
IS THE BEST.**
where the healing of skin diseases and injuries is concerned.
That is what the Roman gladiators proved when they
applied only the essences of roots and herbs to their sores
and wounds.
That is why Zam-Buk is acknowledged so superior to
ordinary ointments to-day, because it is Nature's Skin Healer—
made from roots and herbs like the balms used by the early
Romans, but more scientifically refined, blended and con-
centrated into convenient form for modern use.
When applied to a skin disease or sore, Zam-Buk's unusual power of
penetration enables it to reach the underlying tissues where most of the
disease germs are located. These it destroys, and when the diseased
parts are medicinally cleansed the healing essences contained in Zam-Buk
grow new, healthy tissue which replaces the old and diseased. This is
why Zam-Buk cures are permanent. Zam-Buk cures from the root up,
leaving no trace of hidden disease to break out again.
Zam-Buk is absolutely pure. It is also free from animal fat and
consequently it cannot turn rancid, but will keep for an indefinite
period. This naturally appeals to careful buyers and in combination
with the balm's reliability, explains why Zam-Buk is always found on
the medicine shelf of the good housekeeper.
Those who have used Zam-Buk say nothing can take its place for
eczema, ringworm, salt rheum, boils, pimples, ulcers, abscesses, chronic
sores, blood-poisoning, piles, cuts, burns, scalds and all skin injuries.
50c box, 3 for \$1.25. All dealers, or Zam-Buk Co., Toronto. FREE

Cornwall & York Cotton Mills Co., Ltd. NOTICE
NOTICE IS HEREBY GIVEN THAT the Annual General Meeting of the Shareholders of the Cornwall & York Cotton Mills Company, Limited, for the reception of the Annual Report and the election of Directors and the transaction of general business will be held at the Head Office of the Company, Wall Street, St. John, N. B., Thursday, the 20th Day of May next, at 3 p. m.
By order of the Board, A. BRUCE, Secretary. St. John, May 6th, 1920. 2227-5-14
Capt. Herbert Carey, a Confederate scout played difficult role well, as did Miss Doris Berry in the part of his wife. Others taking part were: Leslie Rogers, Angus De Roche, J. G. Hennessy, J. E. Fitzpatrick, P. Morris, J. Richards, W. McManis, J. J. O'Toole, Arthur Quigg and Miss Hazel Duffy. The orchestra rendered splendid music between the acts, and specialties were introduced. A Highland dance to the music of bagpipes was well done by the Misses Myrtle E. Ross and Bessie J. Wittering. W. H. Ross was the bagpipe soloist. The proceeds are in aid of the school fund.
A step-dance was given by Campbell McHadden. The play will be presented again this evening.

AMATEURS IN WAR-TIME DRAMA

"The Littlest Rebel" Presented by St. Rose's Club at St. Vincent's Auditorium.
The four-act drama "The Littlest Rebel" was presented by the St. Rose's Dramatic Club in St. Vincent's Auditorium last evening. Owing to a number of other attractions in the city the house was not as well filled as it might have been. The play dealt with conditions at the time of the American Civil War, and many incidents brought home to the audience sharp reminders of the fact that there has been a war since then. The part of the "Littlest Rebel" was well interpreted by Miss Agnes Mulroy. J. C. Collins who played the role of Col. Morrison of the U. S. Cavalry, deserves honorable mention for his clever portrayal. J. J. McGrath, as

THE WINNIPEG CASE.

Winnipeg, May 11.—Replying to the minister of justice, who turned down requests that he assist in getting the case of R. B. Russell, convicted strike leader, placed before the privy council, the Winnipeg defence committee disputes the contention that the judicial committee has not jurisdiction in view of the provisions in the Canadian criminal code, and asserts that an imperial act of 1844 prevents the dominion parliament from denying jurisdiction.

SAY NEIS IS MAKING GOOD

Young Westerner With Brooklyn Ball Team

Was Discovered by Brooklyn Scout While Playing With Saskatoon Quakers — Is a Record Sprinter.

(By Canadian Press.)

Brooklyn, N. Y., May 11.—The Saskatoon Club of the Western Canadian League furnished the Brooklyn fans with a first-class ball player when it parted with Outfielder Bernard Edmund (Burnie) Neis last fall, if the general consensus of sporting opinion is of any account. His performances so far this season have confirmed the excellent reports received last year by Manager Wilbert Robinson from Western Canada to the effect that Neis was a good all-around man, and worthy of higher "diamond" society.

When Neis reported to the Dodgers' training camp this spring, Manager Robinson was much impressed by the hitting qualities of this young Western Canadian leaguer. His first step towards enhancing Bernard's playing value was to teach him to bat left-handed. Last summer he used to hit the sphere from the right side of the plate. His proficiency as a left-handed hitter was established—at least the fans thought so—on April 18, when at Ebbett's Field, Brooklyn, against the delivery of "Bald Dick" Rudolph of the Boston Braves, Neis knocked the ball out of the grounds, and made a circuitous tour of the sacks.

Neis is at present twenty-three years of age, and will celebrate his twenty-fourth birthday anniversary on September 26 next. He is five feet seven inches in height, and weighs 160 pounds. Born in Bloomington, Ill., he started his professional baseball career in 1919 with the Peoria, Ill. club, which was then in the Three-Base League. Neis was not in good health then, and his career with the Distillers was brief. He played twelve games before the Three-Base season prematurely closed on July 8, his batting average being .18.

Peoria then went into the Central League, but Neis did not go along. He went back to his home in Chicago, worked in a munitions factory there, and later began playing ball again with the Saskatoon Quakers of the Western Canadian League.

The playing record of Neis while with the Quakers prompted a big league scout to transmit eulogical reports to Manager Robinson which were favorably consid-

ered, and the deal was completed. Neis played in 101 games with Saskatoon, hit .297, stole fifty-six bases, and played third base in about one-third of these games.

Brooklyn fans are anxious to see Neis display his sprinting prowess. When he was in grammar school he held the record for the 50 and 100 yard dashes, said records being 5-4-5 and 10-1-5 seconds. He also captained the championship baseball and basketball teams.

After Neis left school he played on a state championship winning baseball team for three years and also ran for Bossmer Park in Chicago. On this track team he won many medals and cups. Then he ran at picnics for cash prizes, winning what was for him a lot of money.

Last winter Neis started to compete for the Illinois Athletic Club, but after participating in one meet it was discovered that he was a professional. He won the 50-yard dash in 5-2-5 seconds in that meet.

In Western Canada last summer the Saskatoon club held three field days. According to reports he won the 100-yard dash in baseball togs in ten seconds flat, on all three occasions, went to first base in 3-1-5 seconds, and went around the bases in fourteen seconds.

If his present hitting and fielding form continues, it is expected Neis will figure in the Brooklyn line-up for the remainder of the season.

GUIDE INCLUDES GAME IN ST. JOHN

Spalding's Official Canadian Edition, Edited by Joe Page, Comes to Hand.

Spalding's Official Canadian Base Ball Guide, edited by Joe Page, has come to hand. It is one of the best editions ever published in Canada, and contains more than 200 pages of interesting data, pictures of many teams and individuals. It contains records of Canadian teams, the new rules for 1920, with explanations by the editors striking articles on base ball, past, present and future, and particularly pertaining to Canada.

One paragraph appearing in the last mentioned page is a glowing tribute to the game in this city and is as follows: "Some thirty years ago or more, turning back from Ontario, which had clubs such as the Alerts, Maple Leafs, Clippers and Primroses, of London, Guelph, Hamilton and Toronto, respectively, baseball was practically unknown throughout the dominion, with the exception of a very small part of New Brunswick, and this was centered in the old Loyalist city of St. John."

"And I would venture right now to say that with very few exceptions this same city of St. John can show base ball records and scores of old time games that would make many supposedly old American records look recent."

The guide has a picture of St. Peter's team, which won the championship of the maritime provinces, and data regarding the city baseball league. It also has an interesting article on the game in Nova Scotia.

In the front of the book there is a picture of J. W. Spalding, chairman of the board of directors of A. G. Spalding & Bros. There also are pictures of Julian W. Curtiss, president of A. G. Spalding & Bros., Joe Page, editor of the guide, and many other illustrations of interest. The book is sold at 25c. a copy.

WANT SUBURBAN VALLEY SERVICE

A group of citizens who summer along the Beach, between Woodman's Point and Oak Point met in the office of the Canadian Cereal Company yesterday to discuss the question of a suburban service on the Valley Railway between St. John and Oak Point, or at least a service into the city from Fredericton in the morning and out again between five and six in the afternoon. It has been intimated that there may be a daily passenger service between St. John and Fredericton, but the time of arrival and departure from St. John might not meet the needs of suburban traffic. It is confidently asserted that such a service would be well patronized from the start and within a couple of years develop a heavy traffic, because so many people would like to summer on Long Beach. It was decided yesterday to seek further information as to the intentions of the railway authorities and if necessary a general meeting will be held and petitions circulated.

A Splendid Hair Grower and Wonderful Beautifier

Here is good news for all men and women whose hair is faded, dry, streaked and scraggly—is falling out badly and whose scalps are covered with dandruff and itch like mad.

Your druggist can now supply you with the genuine Parisian sage (liquid form), which is guaranteed to quickly and safely abolish every sign of dandruff, stop itching scalp and falling hair and promote a new growth, or money refunded.

Thousands can testify to the excellent results from its use; some who feared becoming hairless now glory in their abundant hair, while others who suffered for years with dandruff and itching head got a clean, healthy scalp after just a few day's use of this simple home treatment.

No matter whether bothered with falling hair, matted, stringy hair, dandruff or itching scalp, try Parisian sage—you will not be disappointed. It's a scientific preparation that supplies hair needs.

The first application should make your hair and scalp look and feel 100 per cent better. If you want thick, lustrous hair and lots of it, by all means use Parisian sage. Don't delay—begin tonight. A little attention now helps insure abundant hair for years to come.

ASKS PAYMENT FOR ARRANGING LOAN IN ENGLAND

Ottawa, May 10.—A claim for \$20,000 for negotiating a loan in London, England, in 1906, for the Central Railway Company of Canada, by Senator James Donville, is being heard in proceedings before Dr. Morse, K.C., referee in the exchequer court of Canada. Senator Donville is making the claim against the assets of the company by privilege. The railway in question, it will be recalled, was to run from Montreal to Midland (Ont.) but its affairs have since fallen into the hands of the receiver. It is said by Senator Donville that he went to England to obtain money for the company and did obtain £40,000 through Harris & Co. of London. When the senator returned to Canada, the directors, he says, suggested paying him \$20,000 and passed a resolution to this effect on January 15, 1907. As soon as this was done, he said, he resigned from the board as he did not wish to "go to the penitentiary." Others followed suit. The case is proceeding. There are likely to be some interesting developments.

BOSTON BOAT ON IN A FORTNIGHT

It was announced officially yesterday by the Eastern Steamship Lines, Inc. that sailings to this port will be resumed on Monday, May 24. On that day the steamer Governor Dingley will leave Boston for this city, calling at Lubec and Eastport and will arrive here on the afternoon of May 23. The Dingley will leave St. John on Wednesday mornings, via the Maine ports named, arriving Thursday afternoons. She will sail from Boston Fridays, via Lubec and Eastport, arriving here Saturdays. She will leave St. John Saturday evenings for Boston without calling at either Lubec or Eastport and will reach Boston soon after noon on Sundays.

The Friendly Smoke

THERE is something mighty comforting and satisfying about "OLD CHUM" Tobacco; a sort of soothing restfulness that pipe smokers have come to associate with this friendly smoke.

"OLD CHUM" is an old, old chum with all pipe smokers. It has the perfect tobacco taste—the mellow richness—and men know that they can be chummy with "OLD CHUM" all day long and that the "good night pipeful" will be as sweet and cool as the one enjoyed just after breakfast.

For years and years "OLD CHUM" has been Canada's favourite pipe tobacco and today is more popular than ever.

Canada To Have A Plenipotentiary In The United States Will Take Full Charge in Absence of British Ambassador; Those Prominently Mentioned for Appointment

Washington, May 10—A Canadian minister to the United States will soon be appointed. Formal announcement of the purpose of the British government to place her Canadian relations with the United States completely in the hands of Canada, was made today in a statement read in the Canadian parliament at Ottawa by direction of the governor-general and the British parliament at London, and made public here through the British embassy.

Canada's new minister will take charge of the whole embassy and of the representation of imperial as well as Canadian interests. He will be accredited by His Majesty to the president with the necessary powers for the purpose. This new arrangement will not denote any departure either on the part of the British government or the Canadian government from the principle of the diplomatic unity of the British Empire.
