KING GEORGE AT WORK FOR PEACE

Important Conference on Home Rule Is Called by Him

SETTLEMENT NOW EXPECTED

Leaders of All Political Parties Assembled—Matter Gives Pleasure to London—Money Sent From States to Redmond

London, July 20.—Late last night leaked through news that the king's intervention in the Irish crisis had resulted in a conference of the party leaders being summoned to meet at Buckingham Palace room at 10 o'clock today.

The king, commenting on the king's application, says that the conference is an application, though in an infinitely more important matter, of the principle so often and happily brought into play by the intervention of a superior independent and disinterested authority.

The news that King George had called a round table conference of the leaders of all the political parties in the United Kingdom to discuss the crisis in Ulster, caused a pleasant surprise today in political circles here.

STATEMENT BY SPEAKER IN HOUSE

London, July 20.—Premier Asquith at the opening of the House of Commons today announced that King George, in view of the grave political situation has considered it right to summon a conference of the representatives of the political parties, both British and Irish, to discuss the outstanding points of the problem of Irish government.

The premier added that the Right Hon. James Lowther, speaker of the House of Commons, would, at 10 o'clock this morning, preside over the conference. In view of this development the situation Premier Asquith had seen Mr. Currier since he left St. John.

The invitations to the conference have been accepted by two representatives each of the regular opposition, of the Ulster Unionists, of the Irish Nationalists and of the government. Premier Asquith said he hoped the meeting of the conference would begin tomorrow.

Andrew Bonar Law, leader of the opposition, on his behalf remarked that it had "loyally accepted the command" of His Majesty, John Redmond, leader of the Irish Nationalists, scarcely appeared to regard the proposed conference as attractive. He said: "My colleagues and myself take no responsibility for the proposal of calling this convention, and I do not prove useful or the contrary. The invitation came to John Dillon and myself in the form of a command from the king, and as such, we at once obeyed it."

New York, July 20.—Ten thousand dollars of a promised fund of \$100,000 was forwarded on Saturday by the United Irish League of America in St. John, N. B., to be used for the nationalist cause in Ireland. In September Mr. Redmond will meet the league at a convention in Philadelphia.

DEATH AGAIN IN COAL MINE TROUBLES

Central City, Ky., July 20.—County Attorney W. H. Gray and a posse left here yesterday for Cleaton, Ky., to investigate a reported attack on the office of the Revier Coal Company Saturday night, in which one striking miner is said to have been killed and five wounded.

J. P. Cox, superintendent of the mine, and a guard, it is reported, fired into a body of about twenty-five strikers who attempted to destroy the office with dynamite.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The weather this morning is fine throughout the domain, except north of Lake Superior, where it is raining. Very high temperatures were recorded yesterday.

Maritime.—Westerly winds, fine and moderately warm today and Tuesday.

Sensational Trial Stirs the French Capital Interest Today

Mme. Caillaux Arraigned for the Shooting of Figaro Editor—Throng Try to Get Into Court Room

Paris, July 20.—The thoughts of all Parisians were occupied today solely by the opening of the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the "Figaro" on March 16th.

The dramatic setting of the affair, involving political intrigues in which the prisoner's husband, a former French premier and minister of finance, was a prominent figure, was just to the taste of the French public. Added to this was the rumored threat of Royalists hot-heads to create a disturbance during the trial, and the extensive precautions taken by the government to prevent an outbreak.

Long before the opening of the Palace of Justice, crowds, defying the drizzling rain, had assembled in the vicinity and special forces of police were called out to keep them in order.

From an early hour, long lines formed in the Place Dauphine and the Boulevard Du Palais, hoping to be lucky enough to secure the few places left for the general public in the court room, which had been for the most part, closed to press representatives and reporters.

Mme. Caillaux had been conducted for the prison of the Conciergerie to the court by secret ways, so that those outside had no opportunity of cheering or hissing her, according to their sympathies. The other prominent figures in the case, however, were the objects of demonstrations. Among them were the procurator general, Jules Herbeux, in charge of the prosecution, and Fernand Labori, a famous advocate, whose face is known to everyone owing to his connection with the Dreyfus trial.

Mr. Brankley's leanings in federal politics. He denied that Mr. Brankley had paid anything to the defendant or to him for the privilege of violating the law prohibiting the exportation of roused pulp wood from crown lands.

The witness could not recollect any of his colleagues leaving behind him if the lumbermen were not paying more than their bonus for the renewal of their licenses.

It had been reported to him that the Bathurst Lumber Company were cutting under-stamped logs and had referred to the matter to Mr. Berry. He denied that he had been given the Dominion Pulp and Paper Company the privilege of cutting logs slightly under size to take a thicker and heavier growth. He did not know until recently that they had continued this year and did not know they were paying more than their bonus for the privilege.

BOY DIES IN SAND HEAP WHILE AT PLAY IN IT

Quebec, July 20.—While playing on Saturday afternoon in a gravel pit, where they had made a house of sand, three boys were buried and one of them Owen Dakyiva, died before help could reach him.

CATTLE POISONED

Four of Shediac Cape Farmer's Herd Dead—Stomachs Sent to St. John For Analysis

Moncton, July 20.—Farmers in the vicinity of Shediac Cape are aroused over the discovery of what is alleged to be a flagrant case of cattle poisoning.

On Friday morning John Murray, a well known resident, found four of his best cattle dead in fields near his house. The stomachs are being sent to M. V. Paddock, St. John, for analysis. It is said there is a suspect.

F. S. Wilkins' home was entered by a burglar on Friday night and \$7 or \$8 and a small quantity of tobacco stolen. On Saturday evening the police arrested George Carman charged with a series of petty thefts.

Chief Ridout has received a letter from U. S. Immigration Agent Miller at St. John stating that Henry and Margaret LeBlanc are in jail at Bangor awaiting a deportation warrant. LeBlanc is alleged to have eloped from Bangor in last April with his sister-in-law, leaving his wife and six small children.

FEDERAL OFFICER ABOARD

Washington, D. C., July 20.—The detention of the Mexican situation apparently taking shape for a peaceful solution, administration officials today took forward to the outcome of a meeting soon to take place at Monterey, between Carranza and the three constitutionalists, from Francisco Caballero, Huerta's successor. They are to discuss conditions for the transfer of the Mexico City administration.

Washington officials were confident that the parties soon would reach an agreement for the establishment of a new government.

Apprehension over reports that the followers of Zapata, a southern rebel, were dangerously near the capital, was somewhat relieved by dispatches from Mexico City. It was declared there was a sufficient force of soldiers and volunteers to repulse Zapata, if he should attempt to advance on the capital. Envoys from Carranza now are in touch with the southern rebel. They seek to turn his sympathies toward the Constitutional cause.

Another demonstration of the attitude assumed by Carranza in his role of provisional president, was seen in the announcement of a Federal communique above Vera Cruz, to the effect that the new administration does not recognize the existence of a revolution, and considers all Mexicans loyal subjects of the nation.

The commander, General Caballero, declared a proclamation had been issued in Mexico City granting so-called revolutionists permission to pass through Federal lines if they did not carry arms.

Mexico City, July 20.—There is concern over Villa and it is thought that months will pass before peace through the hands of the rich classes by accepting the government on terms which will prevent the peons from getting the lands of the millionaires which Villa has fought to attain for them, it is probable that he will proclaim an independent republic in northern Mexico.

Chihuahua, July 20.—The extradition of Huerta and other members of his government, from whatever country they seek refuge in will be asked by the Constitutional government so that they may be tried on charges of murdering President Madero and Vice-president Suarez.

STATUE OF NORDICA FOR NEW YORK; ONLY ONE OF WOMAN

New York, July 20.—Friends of the late Madame Nordica have enlisted the aid of prominent musicians and music lovers in a plan to erect a heroic statue of the diva in Central Park.

Should a statue be erected it will be the only one of a woman in New York, and one of three of women in the United States. Mrs. Harry Payne Whitney, it is understood, will be asked to design the statue.

THE PULL OF ADVERTISING

Advertising does not jerk—"IT PULLS," says John Wansmaker. Illustrating this remark the observations of a large roofing manufacturer are interesting. He makes a branded article and advertises it exclusively in the newspapers the world over.

"If it is an advertisement of our company the reader encounters it gradually, and subconsciously the thought filters through his mind that this roofing is the best purchasable roofing."

"A year or so later, when the occasion demands that he buy roofing, he thinks of this kind of roofing and asks for it."

"If he talks about the contemplated purchase of roofing with the members of the family, they too have read the daily papers, and say, 'Why don't you buy roofing?' They do this because they believe they know something about this kind of roofing, and they DO know about it."

Two Attempts Frustrated—Annie Bell Makes Another Outrageous Scene in Court

London, July 20.—It has been found out this time that the few months the militant terrors of England turned their attention to Sir Thomas Blount, a militant suffragette, as he committed her for trial today on the double charge of attempting to destroy the Metropolitan Labor Temple in South London and the Old Church of St. John Evangelist.

She evaded the sitting of the court by singing the "Marseillaise" and shouting and struggling with the court attendants. She chafed the magistrate on the facility of sending her to prison, saying—"I have been there ten times. I have never yet served my sentence."

She added—"The blowing up of a church does not count, not even if it is blown out of creation."

SECOND CHAIN GANG IF GUARDS PROVIDED

Commissioner May Lay Matter For County Council Tomorrow

Provision for a second chain gang is an idea which Commissioner Potts may lay before the county council tomorrow. He said this morning that there is frequently material for two and some times three gangs in the county jail and he thinks it would be better to have the men at work than losing in the cells.

Sixteen men is as large a number as can be reasonably entrusted to two guards, and until the number of guards is increased, the county cannot take advantage of the labor of the rest of the prisoners. The commissioner would like to see funds provided to employ extra guards were needed.

If the guards were available another gang would be put to work at the public playgrounds in Rockwood Park to help for the drainage from the grounds, but he believes that the drain should be extended farther to take the overflow water from the park at the foot of the hill. If this were done and he had the men he could go ahead with the filling.

LIKELY GET MOST OF THE LOGS BUT AT COST OF MUCH MONEY

All the men available were put to work this morning by Jones Bros., of Apohaqui in picking up the logs sent astrift by Saturday's cloud burst. Mr. Jones, in conversation with the Times this afternoon, said that about 6,000 pieces were scattered about the Passaic meadows, while the balance was kept in the boom at Hampton or at some point between Apohaqui and Hampton.

The booms at Apohaqui for the logs were being renewed, and preparations made to get the business going again. Mr. Jones said that he did not expect that there would be any great loss of logs, but the time consumed in picking up those that got astrift would mean a great deal of money.

At the entrance to the English Channel the royal yacht dropped anchor and the ships, in line abreast, passed in review before His Majesty while a fleet of sea planes from the Cal

FLEMMING ON STAND AGAIN

(Continued from page 1)

The premier would not fix the date of his meeting with Messrs. Brankley, Berry and Peck, but said it would be before June 6.

Reverting to the roared pulp matter, he volunteered the explanation that when a company held both crown and free hold lands, they simply insisted that the proportion of logs manufactured in the province be equal to the total cut on their crown lands.

In reply to Mr. Carvell he quoted the various sources of revenue of the province, including a balance of \$20,000 from the issuing of liquor licenses. He said he had had nothing to do personally with issuing any liquor licenses.

Mr. Teed objected to the line of questions but the objection was not sustained.

The witness told of renewing angling licenses in 1913 but denied that holders of these licenses had contributed to party funds. He made the same denial regarding holders of liquor licenses and Mr. Carvell explained that he wanted to show that the lumbermen were the only license holders to contribute in this way.

The witness refused to assume that the lumbermen regarded their limits as worth slightly more than \$100 a mile. He could not say that they would be willing to pay \$115 a mile.

SYRIAN BOY ARRESTED

Alexander George, a Syrian, fifteen years old, was arrested this afternoon on suspicion of cutting and assaulting Robert Crawford. Crawford went to the police station and said the other lad had been quarreling with him and that George had thrown a knife at him.

M. A. Johnson, of Rockland, Me., has a pair of rubber boots which he bought in 1883. The boots were worn on a farm at intervals for six years, and have since been worn on many hunting and fishing trips. They are still sound and dry.

Impostor Working in Aroostook and Washington Counties Waterville Office Says.

Waterville, July 20.—The State Young Men's Christian Association office here is at work trying to locate an impostor, who has been soliciting funds for the state association in Washington and Aroostook counties. The fellow claims that he has attended the boys' conference, but he has evidently been doing this under an assumed name, as he cannot be located among the state office records.

He has recently been working in Houlton and Littleton. This specialty seems to be collecting money for churches, missionary work and Young Men's Christian Association. In connection with his recent visit to Houlton he claimed to be working under Jeff Smith. He was immediately arrested, but while the sheriff was talking with another man, the impostor took leg bail, slipped through a window and as yet has not been secured. He is reported now to be in Canada.

From letters found on his person, it is evident he has carried on similar frauds in Cambridge and Malden, Mass., and in St. John, N. B.

ROTHESAY WEDDING.

This afternoon in St. Paul's church, Rothsay, Rev. A. W. Daniel united in marriage Miss Edith Kennedy, daughter of Mr. and Mrs. Joseph Kennedy and R. M. Steele, of Hamilton, Ontario. They were attended by Mr. and Mrs. Steele, a well known member of the local staff of the Bank of Montreal and Miss Kennedy, who has many friends in Rothsay and the city.

The expression of his has already taken the form of a large number of betrothal presents. The bride and groom, who are both well known in Rothsay, returned on their honeymoon trip through the province.

His Little Mistake.

The distinguished visitor was being shown round the large hotel. Passing through the accident ward he exchanged words of sympathy with some of the patients. "My wife has been married to one man, whose head was swathed in bandages, 'you are knocked about, but' he added quickly, 'you must cheer up if you want to get better.'"

"I've done cheering up," the patient sadly murmured.

"Nonsense," replied the visitor. "There ain't any nonsense about it, answered the patient, "it was through cheering up that I'm here. I happened to cheer the wrong team."

Smiles at the Funeral.

A travelling salesman died suddenly and was taken to his home. His relatives telephoned to the nearest florist, some miles distant, to make a wreath; the florist was to be extra wide, with the inscription "Rest in Peace" on both sides, and if there was room, "We Shall Meet in Heaven." The florist was away and his new assistant handled the job. It was a startling floral piece which turned up at the funeral. The ribbon was extra wide and bore the inscription "Rest in Peace on Both Sides and if there is Room We Shall Meet in Heaven."

WILL OF HENRY K. BARNES

(Halifax Recorder)

Geo. E. Book received a letter yesterday morning from Boston announcing the death of Henry K. Barnes of that city. Mr. Barnes, well known in Halifax, having visited the city almost annually the last thirty years. His will has been published in Boston papers. It shows what a big heart Mr. Barnes possessed.

Mr. Barnes was a bachelor, and lived at Young's for forty years. His private bequests amount to \$80,000.

Loyal H. Abbott, Charles A. Ridout, Walter M. Ray and Elizabeth E. Ray, clerks in the office of H. K. Barnes & Co., are given respectively \$5,000, \$5,000, \$2,000 and \$5,000. Other clerks and former employes are remembered with smaller amounts, and all persons who on November 12, 1912, were in the employ of the company are to receive \$50 each.

Young's hotel employes are to receive the following legacies—Sam (or Slim) Banks, waiter; William Mayor, waiter; and Julius Ruddick, \$50 each; Eva Day, housekeeper; Margaret Kennison and Grace Myrick, telephone operators, \$200 each; Miss Worcester, Edith Leary and Mary Leary, telephone operators; Elizabeth Tomney and Elizabeth Ferry, employed at the restaurant; Adelaide Bresnahan, telegrapher; Leonard W. Cook, William W. Follanville, George W. Williams, George Betts, head-waiter; Patrick McMahon, barber, and Catherine Sullivan, night telephone operator, \$100 each.

The Boston Floating Hospital, Children's Hospital to the Children of the Destitute, Newbury's Reading Room Association and the Salvation Army, for charity work in Boston and Salem, are bequeathed \$1,000 each.

To his physician, Dr. O. G. Cilley, Mr. Barnes leaves \$5,000, and to Dr. Cilley's daughter, Dorothy, \$2,000.

The residue of the estate is divided into three parts, of which Elizabeth Perry of Hyde Park, Susan Lyon Hunt and Emma Leach Hunt get two parts each, and Margaret C. Colgate the remaining third.

Under the will, which is dated Feb. 15, 1913, Oliver H. Perry of Lowell is to receive \$10,000 for his services as executor.

REPORTS FROM CANADA, ENGLAND AND UNITED STATES

Spokane, Wash., July 20.—That a good apple crop in the United States will exceed the record of 1912, according to a survey of the North Pacific Fruit Distributors, a co-operative selling agency which handles 85 per cent of the Pacific northwest's commercial shipments.

Reports issued by the head offices in Spokane, indicate that apple shipments from Washington, Oregon, Idaho, and Montana will amount to about 16,000 cars, a smaller total than estimated earlier in the season. However, this figure is not final. Each district will furnish a definite estimate to be reported at a meeting here on July 25.

Conflicting reports of California's apple crop have been received. Colorado, it is reported, will have the largest crop in its history, totaling between 8,000 and 8,500 cars. Utah and New Mexico will show increases.

"Practically all states will have apples," the summary continues. It is declared that "New York's crop will be the largest since 1886. There may be a falling off in Indiana, Wisconsin and Minnesota, but these states are unimportant in point of production. Iowa is still uncertain. There will be large gains in all other New England, southern and middle western states, particularly in the well known apple producing districts."

Canada's apple crop will be very satisfactory, according to its department of agriculture. England will have only a 6 per cent crop, its apples having been damaged by a May frost.

A reporter was interviewing Edison. "And you, sir," he said to the inventor, "made the first talking machine?" "No," Mr. Edison replied, "the first one was made long before my time—out of a tin can."

Hostess, somewhat alarmed (to a small guest who has been stuffing himself with the matter, Bobby?) "Aren't you well?" Bobby (faintly) "Not very, but (reluctantly) I'll have to be a lot worse before I'll give up."

LET THE PEOPLE SPEAK

The Toronto Globe says the people of New Brunswick must choose a new political head. The St. John Globe, which has been one of Premier Fleming's strongest supporters, and which has been very reluctant to believe that anything reflecting upon him as the leader of the government would be revealed by the inquiry, feels itself constrained now to say that "it must be apparent to Hon. Mr. Fleming himself, as well as to his party, that his usefulness as a political leader is gone," and it adds that, "if he has not already tendered his resignation the lieutenant-governor should insist that he do so at once."

The Standard this morning made the following observations on the political situation:—OOO; also, OOO.

"Exit Huerta" is the heading of an editorial in today's Standard. Its readers had hoped to find an article dealing with the prospect for the exit of Mr. Fleming and his colleagues. Their turn is coming.

The Standard this morning has an interesting article on "Radium as a Fertilizer." This is not as interesting as an article on "Fleming as a Reformer," but perhaps the Standard will get around to that tomorrow.

It may be hoped that the earnest and very general discussion in the pulp of social problems in this city, and the need of reform, will so influence the people that organizations endeavoring to improve social conditions will receive more vigorous and general support than ever before.

The conversion of the large area at the entrance to Rockwood Park into a great recreation field would help to answer the question "what shall we do with the boys between twelve and sixteen years of age?" The summer is passing, and if anything is to be done this year to put that playground into condition, beginning should be made without further delay.

King George has called a conference of political leaders to discuss the Home Rule situation. As all of them must realize the supreme gravity of that situation it is possible they may arrange a compromise; although it is obvious that the government cannot recede very far from its position, even to avert an outbreak in Ulster.

Another daring attempt at burglary was made in the city on Saturday night. The city is making a very unenviable record. A recent coroner's jury expressed the opinion that too much leniency in the courts had something to do with the growing prevalence of crime. An underrmanned police force may also have something to do with it.

The farmers of Maine are beginning to organize for selling purposes. There was organized at Winn this week the North Penobscot Shippers' Association, composed of the farmers' unions of nine different townships. The association proposes to have a selling agent to give his whole time to the work. The various farmers' unions have created or will create potato houses, and it is anticipated that by co-operative selling they will get much more satisfactory results.

The Bangor Commercial says:—The speakers at the convention of the National Educational Association at St. Paul have spoken a good word for the moving accelerators of education and state that the use of films will convey more knowledge and understanding to the child in a few minutes than could be acquired in days of study. We have long believed that the use of picture films is certain to become more and more common in the schools particularly in the teaching of such branches as history, geography and the sciences.

The Times recently referred to an effort in Halifax to organize among the women a Householders' League. Such a league has been organized and it is hoped to have eventually a thousand members who will be interested in more profitable buying, food inspection, sanitary shops and markets, and improved conditions generally in regard to problems of the household. It is worthy of note also that a meeting of representatives of the provincial government, the board of health, the board of control and other organizations was held this week and discussed a town-planning scheme, with the result that a joint committee of two representatives each from the government, the board of control, and the civic improvement league with the provincial health officer, city health officer and city engineer, was appointed to go thoroughly into the whole question. Halifax people are showing a very commendable interest in matters which are of prime importance.

I AM NOW in a position to build these beautiful Summer and Winter Cottages at a very low price. Why should you spend your summer months in a smoky room when you can have a beautiful Summer or Winter Cottage just outside the city limits? Here is a chance of a lifetime. I have a beautiful Winter Cottage, just being built, for sale. It is a six room cottage, finished in first class shape at a very low price. The lot is 20 x 100. It is on the Red Head Road, just alongside the new Methodist Church that I have built. The street cars are going within one hundred yards of the place. I have lots for sale. FOR BETTER HOUSING Whatever you are trying to accomplish for the benefit of the poorer classes leads you, by one path and another, to the housing problem. The place in which a man or woman dwells is vital to the character of the man or woman. These are the words of the Rt. Hon. James Bruce, spoken at a meeting of the National Housing Association of the United States. In St. John today we are faced with conditions which will not be met by the effort on the part of the people to improve housing conditions for men of small income. The most practical course to pursue appears to be to take action under the new provincial housing law. Under this law it is necessary to form a company, and it should be composed of leading citizens, preferably representatives of the more important organizations of the city, who would be willing to go into the enterprise not in order to make large profits, but, as is being done by the Toronto Housing Company and by similar organizations in other cities, to improve housing conditions and make the city a more desirable place in which to live. Under the act such a company could not declare a dividend of more than six per cent, and one of its directors would be either a member of the city council or one nominated by the council, and not necessarily a stockholder in the company. After such a company had been formed and had made its plans, a plebiscite would be taken to decide whether the city council would guarantee its bonds to the extent of eighty-five per cent, the other fifteen per cent. having been already subscribed. This is the manner in which action can be taken under the housing law. It is the method adopted in Toronto, where a million dollars is being spent to provide homes for six hundred families or more. The present act, however, requires an amendment. It only provides for the construction of houses for rental. A clause should be inserted which would provide for sale, so that the man who desired to secure a home of his own on easy terms of payment would be given the opportunity. It is quite clear that the citizens would not endorse any ill-matured plan. Under this housing law the city council must approve of the location and also the plans of buildings. With the right men as members of the housing company, and such supervision as the city council would be enabled to exercise, this plan ought to work out admirably; but it must be taken up in earnest, and with as little delay as possible, if we are to have a group of new buildings for workmen under construction early next year. Old settlers along the Kennecobecis used to tell of a flood that swept down the valley carrying out a mill, and barns with cattle in them. There has been nothing, however, in the lifetime of two generations to compare with the cloud-burst which did such damage on the Millstream on Saturday night.

Let's see how it was not at the Jones' garden party? He—"I don't say on account of a personal matter." "May I ask what it was?" "Will you promise to keep it secret?" "Yes." "Well, they failed to send me an invitation."

A lady accosted a little girl who was entering one of the fashionable New York flats where she knew the rules were exceedingly strict, and after some little conversation, said: "How is it you live in these flats? I thought they would not take children in how did you get in?" "Why," replied the child, "I was born in."

A New Yorker was spending a night at a "hotel" in a southern town, and when going to his room for the night, he told the colored porter that he wanted to be called early in the morning. The porter replied: "Say, boss, Ah reckon yo' ain't familiar with these high modern inventions. When yo' wants to be called in de mawnin' al' yo' has to do is jest to press de button at de head of yo' bed. Den we comes up and calls yo'."

A young fellow, the son of a wealthy man, was engaged in some clerical capacity by a friend of his father in order to try to make something of him. He was, however, shiftless to the last degree, and nothing he said could be relied upon.

One day his employer called him into his private office and gave him a sound lecture. He dwelt chiefly on his prevarication and wound up by saying, "You know, James, that you are always lying."

"Sir," said James, "I would have you remember that I am a gentleman!" "There you go again," said his employer.

Where Shall I Invest My Money? This is a question that often bothers us when we have any surplus money. Some people are born rich and do not have to provide for independence, others are looking for investments that will bring them in good dividends. The Silver Black Fox Industry in P. E. Island has made thousands of investors wealthy. In 1913 alone, 30 companies paid to their shareholders an average cash dividend of 105 p. c. Is there any other industry that would do this? 1914 dividends will be even greater than before. Now is the time to invest. Send in your application today to the St. Lawrence Silver Black Fox Co., Ltd. Head Office—Charlottetown, P. E. Island

Foxes Capitalized at \$17,000,000 This capitalization included all the breeding stock for the first year up to September 1, 1913. In other words, the breeding stock will be ranch, cared for, fed and all expenses paid for the first year without any cost whatever to the shareholders. Instead of paying the 10 per cent to the 1-4 per cent. increase charge paid to most ranches this money will go directly into the pocket of the investor.

Your Investment is Protected Each director is placing practically all his fox investments in this enterprise and the directors have their interests so involved in this ranch that they cannot afford to let their interest and watchful care lapse for a moment. The best breeding stock has been secured and one of the strongest, safest and most convenient ranches yet established is being erected and equipped.

Wm Moran, Secretary-Treasurer St. Lawrence Silver Black Fox Company, Ltd. I hereby make application for shares of the capital stock of the St. Lawrence Silver Black Fox Co. Ltd. (Char. Incorp. in P. E. I.) and enclose a cheque for 25 per cent of total amount and agree to pay the balance on or before the 25th of August, 1914. Should stock not be allotted it is understood that all money paid by me will be returned in full. NAME ADDRESS OCCUPATION

The History of the Industry If you inquire, you will find that the majority of rich men in P. E. Island have made their money in the Fox industry, which, while yet in its infancy, shows the probability of making a great many more rich men. This being the case, you should not let this opportunity of increasing the earning powers of your money pass without giving it your careful consideration.

Directors All Reliable Men This is a most important feature when you consider that these are the men that you must look to for a square deal. Read the list over carefully and you will certainly conclude that an investment here is as safe with better prospects than money in the bank. This Company has only a limited amount of stock for sale. Secure yours today. This is a gilt-edge proposition.

DARING ATTEMPT TO ROB SHORT'S LIVERY STABLE ON SATURDAY NIGHT

A daring attempt to rob the safe in Short's livery stable, Princess street, was made on Saturday night shortly after midnight. The last man to leave the stable happened to pass that way again a little later and saw a light in the office. Listening he heard the sound of some one tampering with the safe and summoned Patrolman James McNamee. They attempted to surprise the burglars but the noise they made in entering alarmed the criminals and they escaped by the way which they had entered, had gained access by climbing the roofs of some outbuildings. There was an accumulation of \$800 in the safe and it is believed that the attempt was made by persons familiar with the fact.

EIGHT THOUSAND AT THIS WEDDING

Remarkable Celebration of Marriage — Festivities Kept Going For Eight Days

Vienna, July 20—A wedding at which the guests numbered more than 8,000 persons and at which feasting continued for eight days, was celebrated recently at Sadagora in Balowia, one of those remote country districts of Austria-Hungary where mammoth wedding festivities on a scale utterly unknown in America or western Europe are the rule. The affair at Sadagora exceeded in magnificence any function on record in that district. It was a Hebrew wedding. Sadagora enjoys a certain fame in Europe as the seat of the renowned rabbinical dynasty known as the Mirasche Rabbis. The bride was the daughter of the grand rabbi of this line, Aron Friedman, and the groom, Salomon Friedman, belongs to a branch of the same rabbinical dynasty at Cortkow. The marriage was arranged by the chiefs of the two families, entirely without the knowledge of the young people. In fact, they met for the first time only the evening before the wedding at a preliminary feast, when they danced together as a sign of their willingness to marry.

The chiefs had taken it for granted that there would be no hitch in their plans, and had invited the rabbinical families of all the Orthodox Jews in Russia, Poland, Rumania, Galicia and Hungary. They came down on Sadagora in thousands. Many were of imposing stature and patriarchal dignity. They wore black silk hats, low shoes and white stockings, while their ladies were attired in a sort of crinolins and adorned with high jewelry. There were some dressed in the latest modes of Paris and Vienna.

The ceremony took place in the gardens of the grand rabbi's palace, guarded by mounted troops. Thousands were unable to hear or see what was going on, so dense was the throng, but all had a part in the feasting which followed.

It cost the grand rabbi at least \$40,000. In addition to this he presented to the bride a palace in Sadagora, completely furnished and equipped with a staff of servants. He will meet the entire cost of the household for a period of six years, when it is assumed that the young bridegroom will have attained a position where he can support his family himself.

MEXICO'S NEW PRESIDENT

Carballo One of Judges Who Declared Huerta's Succession to Power Illegal

Washington, July 20—Francisco Carballo, Mexico's new provisional president, is essentially a jurist and man of law. Born fifty-five years ago, Senor Carballo attended the local parochial schools and later the university in Mexico City. Following his graduation from there he returned to his native state and began the practice of law. Senor Carballo stands about five feet seven inches in height, and weighs in the neighborhood of 160 pounds. He is dark brown, a moustache, which is the color of his hair and eyes, black. It is worn in the Mexican style, long, but not flowing. Until he was past thirty Senator Carballo never entered politics and did not participate in local elections other than to vote. For the last twenty years he has been on the bench, first in the local court in Campeche and then in the Supreme Court of Mexico. A few years ago he was elected chief justice. Judge Carballo was one of the two justices of the Supreme Court of Mexico who refused to sign the decree declaring that Huerta's accession to power following the assassination of Madero was legal. Carballo rendered minority opinion, which held that Lascurain was the constitutional president and that Huerta had no rights to the office of provisional president. He was threatened with imprisonment by Huerta followers, but this failed to intimidate him and he was not molested. Throughout his life he has been regarded as an impartial man. According to reports here, Huerta consulted Carballo about his succeeding him at the time the A B C mediators were considering with the Mexican and American delegates to the Niagara Falls peace parleys the question of a successor to Huerta. Carballo, it is said, told Huerta that he would not be a party to any diplomatic "game," but would attempt to fill the office in the interests of peace and law and order if he was assured of the support of the Huertistas as well as the other factions in Mexico. Huertista agreed to this.

The Best Quality at a Reasonable Price

You Can't Always Tell the Condition of Your Own Eyes

You'd think one would be able to pass judgment on their own eyes. But very often one who thinks he has excellent sight has a defect in refraction which, if not corrected, will cause vision to fail completely or be permanently impaired, when properly fitted glasses would preserve it through life.

It is these unsuspected defects in the eyes that cause the most trouble. They are often responsible for headaches, nervousness and more serious ailments.

You know that having your teeth examined regularly prevents trouble and preserves the teeth.

Having your eyes examined regularly—especially if you are nearing or past middle life—is equally as important and fully as beneficial.

Make the start now by consulting our optometrists.

MANY DISASTERS TO SHIPPING REPORTED

Six marine disasters on the maritime coast have been reported as a result of the storm on Saturday.

The Norwegian steamer Ragna, 1052 tons, from Chester, Pa., to St. Ann's, C. B., went ashore at Ballena, C. B. She will be a total loss but her crew escaped safely.

The Cuban steamer, Cienfuegos, 1189 tons, from Mobile with cargo of pine for Montreal, struck at Scatterie, C. B. Her crew was rescued by a life-saving crew but the steamer probably is a total loss.

American three masted schooner Harold C. Beachler, from New York with sand for Sydney, was also wrecked on Scatterie Island. The crew, with the captain's wife, escaped but the vessel is reported to be breaking up.

The Clarence H. Verner, a four masted American schooner, from New York for Halifax with 1200 tons coal, struck off Cape Sable and is reported in a dangerous position.

The Italian bark, King Malcolm, from Portland for Richibucto in ballast, which struck at Short beach, about seven miles from Yarmouth is reported a total loss but an effort will be made to save her.

The Jennie A. Fitches, the Annapolis schooner which struck near Chance Harbor, may prove a total loss. The tug Watson and Neptune attempted to pull her off but without success. Another attempt will be made today.

\$300,000 DAMAGE BY FLOOD AND LIGHTNING IN KINGS COUNTY

Damage to the extent of \$300,000 was done on the Millstream, Kings Co., on Saturday morning by the great electrical storm and downpour which swelled the stream to a flood, carrying away bridges and a portion of Jones Bros' mill, together with 1,200,000 feet of lumber. The mill dam was carried away and much of the hay and grain crops destroyed. Half an acre was torn away from W. H. Colpitts' farm, two barns at Millstream and four dwellings at Collins were struck. Mrs. Charles Ryan, residing near Sussex, was badly shocked by a bolt of lightning and partly paralyzed. Burt Mann, of Mannhurst, lost \$2,000 in the destruction of his barn containing valuable machinery and live stock. The roof was torn from the home of Neomon Hughson, councillor for Havelock. Among the places struck in the city were the homes of Miss Matilda McLellan, Union street, West Side; Albert School, West St. John; residence of Michael Morrissey, Albert street; a

NO PANAMA-MONTE CARLO

Panama, July 20—Officials of the government of Panama have had considerable amusement at the published reports of a proposal, originating in France, to make of Panama a rival of Monte Carlo. It is declared with much positiveness that such a scheme has never been thought of in Panama and that the establishment of a great gambling pavilion here would never be allowed.

According to Ernest T. LeFevre, secretary for foreign affairs, no capitalists of any foreign country have ever asked the Panama government for a concession of this character. He said it would not be possible for such a concession to be granted as constitutional barriers were insurmountable.

On the other hand, Americans who have been long residents on the Isthmus declare that anything is possible in Panama.

"It's Always Fair Weather"

SUMMER is here—I'll save money by cutting out my advertising. Thus a few merchants still delude themselves. They hereby confess themselves beaten by the weather. But most merchants, in these times of keen business, would scorn to make such a move. The more obstacles—whether in the form of weather conditions or other handicaps—the more earnestly they strive for our patronage. For a merchant to cease advertising as soon as the weather is a little warm, is to take his "bark of trade" out of the channel of good business and beach it on the sands of business dullness to await "fair weather." But with the modern type of merchant it is always fair weather. His is an "all-year-round" store—a store ever ready to serve you, and serve you well. He is a believer in all-year-round advertising. He does not take his advertisement out of the newspaper the first day of warm weather. He knows you may be in the market for something he can sell you—in July as well as in January. He invests his money in newspaper space—every week in the year—to let you know he can serve you—and it's safe to assume that he "has the goods" in the fullest sense of the phrase. You can obtain helpful advice on advertising free of cost and without obligation by consulting the Advertising Department of The Telegraph and Times.

FREE OUT SERVICE. With a view to greater co-operation with advertisers a free cut service is maintained in the Advertising Department of The Telegraph and Times. The illustrations from which the cuts are made are the work of the best commercial artists. The subjects covered include all lines of merchandise for retail or general advertising.

LANCASTER SCHOOL DISTRICT ASSESSMENT IS PLACED AT \$6,500

Annual Meeting of Ratepayers Today—The Finances of Last Year

The annual meeting of ratepayers of School District No. 2, Parish of Lancaster, was held this morning at ten o'clock in the schoolhouse, W. J. Linton, presiding.

The report of the secretary, J. E. Bryant, showed receipts for the year \$6661.78 with an expenditure of \$6,247.85, a balance of \$413.93.

At the beginning of the year \$1896.58 was paid on a shortage in the sinking fund to redeem bonds which matured on July 1, 1913.

The bank at present holds two notes of the trustees for \$1,000 and \$700 respectively and bonds on amount to \$8,000.

About two months ago modern plumbing was installed in the upper school as well as up-to-date drinking equipment with running water.

J. J. Hennessy whose term as trustee had expired was re-elected and duly undertook the obligations of his office. T. H. Wilton and James E. Bryant completed the board of trustees.

The assessment for next year was decided upon at \$6,500. The auditor's report was not ready for the meeting but will be presented a week from today.

JULY BRIDES

An interesting event took place at 7:30 o'clock this morning at the home of the bride's parents, Mr. and Mrs. Robert Wisely, 109 Waterloo street, when their daughter, Miss Beattie Teed, was married to Charles Howland of Grandfield, Mass. Rev. W. H. Howland officiated.

The bride was dressed in a white traveling suit with a matching and carried a bouquet of white roses. She was attended by Miss Vivian Armstrong, daughter of Thomas Armour, and Miss Douglas, as flower girl. After the marriage a dainty wedding breakfast was served. Those who assisted were: Miss Elaine Databrow, Miss Alice Wilson, Miss Hazel Campbell and Miss M. Wisely. The bride was formerly a nurse in the Greenfield city hospital. She received many nice presents from her many friends and relatives. Mr. and Mrs. Howland left on the steamer Governor Dingley, and after spending a few days in Foxboro will go to their future home in Greenfield.

Jenkins-Coyte Rev. J. J. Walsh officiated this morning at the wedding of Wm. John Jenkins and Miss Prentice Coyte. The bride wore cream serge with Paris hat, and her bridesmaid, Miss Jennie Garnett, wore blue serge with dark hat. Patrick Harris was groomsmen. Mr. and Mrs. Jenkins received many nice presents.

J. J. McCaffrey, proprietor of the Queen Hotel, Fredericton, is in the city. He is stopping at the Royal. Miss Grace Morton and Miss Emma Wilson, of St. John West, went to Boston per steamer last Friday night.

POLICE COURT

Six prisoners in the police court this morning charged with drunkenness. All pleaded guilty and were sentenced by Acting Magistrate George Henderson to \$8 each or thirty days in jail, as they were all old offenders.

William Madison, charged with stealing a pair of shoes from the store of S. Jacobson about a month ago, pleaded guilty and was sentenced to one month in jail.

A case against Clarence McCarthy, charged with throwing stones and striking John Fitzgerald, was postponed until this afternoon for witnesses. A case against Thomas Perry, charged with assaulting his wife, was also postponed until this afternoon as the defendant wished to secure a lawyer. The work of the court was disposed of in about ten minutes. Mr. Henderson will act until the magistrate is able to return to his duties.

LEAVES \$50 TO THE SUNDAY SCHOOL HE ATTENDED AS YOUTH

In the probate court today the will of I. Milton Beattie, clerk, was proved. It was executed in the General Public Hospital. He directs his executor to donate a tombstone in memory of his wife and himself in Cedar Hill. He then gives \$50 to the United States Sunday school, St. Stephen, N. B., being the Sunday school which he attended in his youth. The rest of his estate he gives to his nephew, David Wallace, of Boston and he nominates Kenneth J. MacKac, barrister-at-law, executor. He accordingly swears in as such. There is no real estate, personally owned \$800. MacRae, Sinclair & MacKac are executors.

The will of William Rogers, sexton of St. John's (Stone) church, was proved. He directs that his property be divided among his six children, William, John, Charles, Frederick and George Rogers, and Jane Mowbray, wife of John C. Mowbray, and the children of a deceased daughter, Grace Maxwell, and he nominates Charles, Frederick and John executors. The last named renouncing the will. There is no real estate, personally under \$8000. John Willet, K. C., is proctor.

WORD FROM WRECKED VESSEL NOT CHEERING

L. G. Crosby, of the Crosby Molassee Co., drove by auto this morning to Chatham Harbor and returned about noon. He said on his return that the schooner Jennie A. Pickles, which was piled on the rocks on Saturday morning, was still hard and fast, although two tugs pulled at her for nearly an hour without success. The tugs Betty D. and Wason went to the scene of the wreck yesterday, and at high tide this morning pulled for nearly an hour without getting the vessel to give an inch.

As the vessel is stranded on a submerged shoal, it was impossible to ascertain to what extent she is damaged. The only means by which her owners can hope to save her is by lighting the cargo.

Mr. Crosby said that the schooner was awash at high tide, and that the cargo would be a total loss. Capt. A. J. Mulcahy, port warden of St. John, is on the scene superintending the salvage work.

BOARD OF TRADE MATTERS

The Board of Trade on Saturday received an enquiry from Cambridge, Mass., as to the condition of the roads for auto purposes between St. Stephen and St. John, and St. John and Dalhousie. The secretary was informed by an official of the N. B. Automobile Association that with the exception of a three mile area between Lepreau and Musquash, which is undergoing repairs, the road from St. Stephen to St. John is fairly good and can be covered, barring accidents, in five hours. From St. John to Moncton the roads were reported to be fairly good. Beyond that they were thought to be fair. On Saturday next the Automobile Association is to have a road-bush cutting day on a portion west of the city.

The Board of Trade has received an enquiry from the Canadian West India League, Montreal, with respect to supplying cheap knock-down houses for the West Indies. Such buildings can be manufactured here.

HOUSES FOR THE WORKING MEN

Work of Community Council and Board of Trade

A CASE IN POINT

Housing Problem, Writes Board of Trade Secretary, is Not a Fad, it is a Necessity and Demands Early Solution

To the Editor of the Times— Sir—It is a matter for regret that pressure of other matters prevented the newspapers from giving full reports of the addresses delivered by the labor representatives at the Community Council on Thursday evening last.

While, perhaps, no resolution presented by the labor representative was not as well considered as it should have been, and while it may have gone a little farther than the council was prepared to go at the moment, yet it was a fair expression of the great necessity that exists for a better housing of our laboring people, and as such is entitled to consideration.

If we would have industries here, we must provide comfortable and sanitary dwellings for workmen at a cheap rental, and if we would have a contented working population we must make the surroundings of those dwellings as cheerful and as attractive as possible. A good environment is a necessity for the workman himself, but it is even greater necessity for his family. Just how much environment has to do with the youthful depositary that has been so noticeably lately would be difficult to say, but it undoubtedly does exert a very great influence.

While on this point, I might mention one incident which a large employer of labor brought to my notice in connection with the housing problem. He stated that a class ago he was approached by one of his oldest and best workmen, who told him that he was afraid he would have to give up his job and go elsewhere. Enquiring into the cause, he learned that the poor man was a victim of high rents. After paying the high rent that was demanded of him and meeting his other obligations he found that at the end of each week he was left with nothing. Some weeks, when unexpected demands were made on his little store, he was unable to meet them. His employer promised to look into the matter of providing him with a cheaper dwelling. His case is doubtless repeated in scores of other instances.

To conclude, some effort is being made to meet the housing demands of the middle classes—if I may be permitted to use the term—but little has been done to alleviate the condition of the laborer, whose wages are low, and who of necessity must have a cheap rental. The members of the Community Council and of the board of trade, who have been trying to direct the public to the necessity of an improvement in this respect, and to seek a solution for this important problem, should be encouraged to proceed with their researches. The housing problem is not a fad, it is a necessity that must be solved with as little delay as possible.

Sincerely yours, H. E. ARMSTRONG.

NEW METROPOLE TO BE READY BY WINTER

Adjutant Cummings Gets Word From Headquarters—Plans Lost in Embarrassment

Adjutant Cummings of the Salvation Army received this morning a communication setting out that Canadian headquarters at Toronto matters for the new metropole were not yet fully decided on, but assuring him that the property secretary had been instructed to call for tenders with a view to proceeding with matters here, and that the new building would probably be ready before winter.

Embarrassment of Ireland disaster was the cause of the delay, as the plans, which were in possession of some of the officers, were lost. The information required has been gathered again since the disaster and all the facts are in London and as they are endorsed there, work will be pushed ahead as rapidly as possible.

NOT A "SPOTTER"

C. T. Hanson Says He is Not Working For St. John Railway Co.

C. T. Hanson, of 80 Middle street, West St. John, called on the Times today to say that a report was current about the west side that during the last week he had been acting as a "spotter" for the St. John Railway Co. Mr. Hanson said that this rumor was started by men working on the street cars. He said: "They blame it on me, but I wish to say that I am not working for the St. John Railway Co. at all, and therefore the report that I am a spotter for the company is a false one; and furthermore, if any man makes the statement that I was a spotter for the company, I shall take legal action against him."

Crowds of Men Attending Oak Hall's Great Mid-Summer Reduction Sale Last week on the opening days they came in generous numbers! But, on Friday they thronged our two big spacious floors. A hearty response due to— 1. The wide-spread, and spreading appreciation of Oak Hall clothes. 2. The well-known fact that the reductions are from the original actual selling prices! Great as this Annual Clearance event at Oak Hall has come to be, the hundreds of men and boys who await it every summer have found it greater than ever this year, greater business—we have more goods to sell and bargains are better. What greater endorsement for square dealing and lowest value giving could any business have than the throngs which crowded our store last Thursday and Friday, the opening days of this annual event? At times it was simply impossible to give the personal attention to each customer that we should have wished, so great was the rush. We hope to do better this week, having made arrangements for further additions to our selling force. YOU'LL MAKE IT MUTUALLY SATISFACTORY IF YOU WILL COME IN THE MORNING! AQUATIC
Canadian Challenger Beaten
New York, July 18.—For the second time in two years Canada today failed to lift the trophy emblematic of the International sailing canoe title. Leo Friede of the Manhattan Boat Club, of this city, defended the cup, twice defeating the challenger, Ralph Britton, of the Gananoque Canoe and Motor Boat Club, of Gananoque, Ontario. Britton was the challenger last year and Friede the defender.

chances of lifting the America's Cup. Underwriters at Lloyds are not so optimistic as Mr. Nicholson concerning Shamrock IV's chances. Their estimate is roughly 8 to 1 against the challenger. In other words, they are issuing policies at a premium of 82 per cent to pay the total loss if Shamrock IV should prove successful.

TWO MONTHS AWAY FROM THE PENNANTS
New York, July 20.—With the close of the professional baseball season less than two months away the pennant races in both major and minor leagues are tightening up in a remarkable manner when the scores of associations are considered as a whole. With a few exceptions here and there the struggles for first place are far closer than has been the rule for several years. If the claim that this is a poor financial season in baseball is correct it is certain that the charge cannot be laid to one-sided flag races. In the major leagues at least six clubs have pennant chances, Philadelphia, Detroit and Washington are all in the American League race and the first four clubs in the National organization all figure as possible winners. The same situation exists in the Federal and International leagues.

The race in the Class A organizations is also close. The Southern Association pennant struggle is one of the most interesting in years, fewer than one hundred points separating the first six clubs. In the Western League, Denver, St. Joseph, Lincoln and Sioux City are all bunched and as the season does not close until September 27 any one of these clubs may prove the flag winner. Among the Class B leagues the average is not so close, New London has a good lead in the Eastern Association; Dayton in the Central League; Wilkes-Barre in the New York State League, and Davenport in the Three I League. In the Texas League Beaumont, Houston and Waco are all in the race while Worcester, Portland, Lawrence and Lynn have a pennant chance in the New England league. The Class C races are also proving of much interest to the baseball fans of the

respective league territories, Charleston leads the South-Atlantic race with Albany having a fair chance if the leaders slow up for any reason. The Virginia contest is far closer for Norfolk, Newport News and Richmond are closely grouped. Farther north in the Wisconsin-Illinois League five clubs are in the flag race, there being hardly 100 points between the first and fifth teams. Bay City appears to have a safe lead in the South Michigan league while Winnipeg, Grand Forks and Virginia all have a chance to win before the season closes on Labor Day. The same can be said of Fall River, New Bedford and Pawtucket in the Colonial League while London and Ottawa are leaders in the Canadian League.

A CASE IN POINT

Housing Problem, Writes Board of Trade Secretary, is Not a Fad, it is a Necessity and Demands Early Solution

To the Editor of the Times—

Sir—It is a matter for regret that pressure of other matters prevented the newspapers from giving full reports of the addresses delivered by the labor representatives at the Community Council on Thursday evening last.

While, perhaps, the resolution presented by the labor representative was not as well considered as it should have been, and while it may have gone a little farther than the council was prepared to go at the moment, yet it is a good environment. It is a necessity that exists for a better housing of our laboring people, and as such is entitled to consideration.

If we would have industries here, we must provide comfortable and sanitary dwellings for workmen at a cheap rental, and if we would have a contented and happy population we must make the surroundings of those dwellings as cheerful and as attractive as possible. A good environment is a necessity for the workman himself, but it is even a greater necessity for his family. Just now much attention has to do with the youthful depravity that has been so noticeable lately would be difficult to say, but it undoubtedly does exert a very great influence.

While on this point, I might mention that the city officials received their semi-monthly pay envelopes today. The amounts charged to the various departments are as follows:

WORLD FROM WRECKED VESSEL NOT CHEERING

L. G. Crosby, of the Crosby Molasses Co., drove by auto this morning to Chance Harbor and returned about noon. He reported in his return that the vessel, the Jeanie A. Pickles, which was piled on the rocks on Saturday morning, was still hard and fast, although two tugs pulled at her for nearly an hour this morning.

Crowds of Men Attending Oak Hall's Great Mid-Summer Reduction Sale

Last week on the opening days they came in generous numbers!

But, on Friday they thronged our two big spacious floors.

A hearty response due to—

- 1. The wide-spread, and spreading appreciation of Oak Hall clothes.
- 2. The well-known fact that the reductions are from the original actual selling prices!

Great as this Annual Clearance event at Oak Hall has come to be, the hundreds of men and boys who await it every summer have found it greater than ever this year, greater business—we have more goods to sell and bargains are better. What greater endorsement for square dealing and lowest value giving could any business have than the throngs which crowded our store last Thursday and Friday, the opening days of this annual event! At times it was simply impossible to give the personal attention to each customer that we should have wished, so great was the rush. We hope to do better this week, having made arrangements for further additions to our selling force.

YOU'LL MAKE IT COMPLETELY SATISFACTORY IF YOU WILL COME IN THE MORNING! WE DO THE BEST WE CAN IN THE AFTERNOONS, THOUGH WE'RE SORRY TO KEEP MEN WAITING!
