Germany Stakes All in Hopes of Success in Spring Offensive

FINAL TRIAL OF STRENGTH ON WESTERN FRONT MAY BE EXPECTED TO BEGIN AT ANY MOMENT NOW

RUMORS THAT BOLSHIEVIKI GOVT HAS BEEN OVERTHROWN BY SOCIAL REVOLUTIONISTS

GERMANS RELY ON NEW METHODS TO BREAK THROUGH ALLIED LINES

Tanks, a New "Mysterious Gas" and Surprise Attacks Will be Used—Troops Have Received Special Training—Enemy Officers Hope for Success But Men Are Dubious—Express Desire for Peace by Arrangement

British Army Headquarters in France, Feb. 19.—(By the Associated Press)—The great German offensive in the western front may be expected to begin at any moment now, and as far as the British front is concerned, the main thrust will be made on the sector between Arras and St. Quentin. Tanks and a "new mysterious gas" will be employed by the enemy in the attempt to break through the Allied lines. Other attacks will be delivered farther south. These facts have become known through German prisoners and from information gleaned in other ways.

The plans of the German high command are complete and after many weeks of intensive training of assaulting troops they are ready to make the supreme and final effort which has been averted so widely in the past weeks. Field Marshal Von Hindenburg and Gen. Von Ludendorff appear to have realized that the old methods of attack, in which bombardment alone is employed, are too well known to produce the result desired. Accordingly, the German troops are being told that surprise attacks, such as were used in Galicia last summer, at Riga and again on the Isonzo, are to be tried against the Allies on the western front.

Much stress has been laid on the fact that tanks with a new gas are to be used, leaving the infantry little to do but to walk through the gaps and consolidate the positions captured. German troops have been trained to make long approach marches and then to storm enemy positions after a short gas shell bombardment. Those obstacles which the German artillery fire has not obliterated will be pushed by the troops or ignored.

The German infantry will rely on weight of numbers, masses of machine guns and mobile batteries to finish the work begun by the tanks and the gas. "Word has been passed out by the German high command that few of the 'new troops' will receive the effects of the tanks, the gas and the bombardment, and that fresh German infantry will overcome speedily any resistance offered in captured positions.

WAS BURIED WITH MILITARY HONORS

Impressive Funeral of Cadet Joseph Brosnan of Aviation Corps, Recently Killed in Texas

The realization of the toll that war takes was brought home once more to citizens of St. John this morning as they stood with heads bare and tear-dimmed eyes and watched the body of Joseph Brosnan, the young aviator who was killed in Texas recently, taken to its last resting place on earth.

Shortly before nine o'clock this morning the body was taken to St. Peter's church, where solemn requiem mass was celebrated. Rev. Peter Costello, C. S. R., officiated and was assisted by Rev. J. Coffin, C. S. R., as deacon, and Rev. J. Coffin, C. S. R., as sub-deacon.

The choir was in attendance and sang several hymns. At the conclusion of mass solemn libera was conducted. The ceremony was very impressive and the church was filled to its capacity.

The body was then placed in the hearse and covered with a Union Jack and the funeral cortege swung into line and proceeded to the New Catholic cemetery on Main, Mill and Pond streets to City road. Following a number of coaches, came a baroque laden hearse, surrounded by six pall-bearers from the Knights of Columbus, relatives of the young aviator, officers of the Depot Battalion and others who have returned from the battle fields of France, members of the War Veterans Association, Knights of Columbus, members of St. Peter's Y. M. C. A., members of the St. John Power Boat Club, and citizens in general.

As the procession wended its way along Main street, hundreds of people lined the sidewalks and took one last look at the casket which bore the remains of one who offered the supreme sacrifice in order that democracy might reign and the world be freed from a would-be oppressing nation. As the hand played the dead march many an eye sparkled with the tears that would not stay back and many were the prayers sent from the depths of their hearts.

The funeral cortege disbanded at the corner of Pond and Mill streets, and the relatives, a delegation from the Knights of Columbus and some members of St. Peter's Y. M. C. A. in addition to officers and the soldiers forming the firing squad, proceeded to the cemetery. As the body was gently lowered into the grave the last post was sounded and the farewells salute of three rounds was fired.

First reports from outlying parts of London say that the gun defence never was more effective than Monday night when it prevented German aerial raider from reaching London. The Germans were engaged both by the guns which

CANADIANS IN SUCCESSFUL RAID SOUTH OF LENS

Prisoners Taken and Enemy Loses Many by Casualties AIRPLANES DOWNED

British Aviators Bring Down Ten German Aircraft and Disable Six Others—Activities on American Front

London, Feb. 19.—An extensive raid was carried out by British troops last night on the Flanders front, in the southern section of Houtholst Wood, the war office announced today. There were two other successful raids, one in the region south of Lens, and another by Canadian troops, and the other on the old Arras front, in the neighborhood of Beechy. The Flanders raid was a particularly important affair, resulting in heavy casualties to the Germans.

Ten German airplanes were brought down and six more were disabled by British aircraft today, according to an official statement on aerial activities issued last night. Hundreds of bombs and dropped bombs, but without damage. One hostile machine was driven to earth in a damaged condition by an American aviator.

With the American Army in France, Feb. 18.—(By the Associated Press)—There has been considerable increase in aerial activity in the American sector since last night. Enemy planes again flew over the town where a few days ago an American field hospital was located, and dropped bombs, but without damage. One hostile machine was driven to earth in a damaged condition by an American aviator.

The artillery action also was lively and a number of casualties are reported. One shell dropped on a cook tent and wounded six men. Three men in the trenches were wounded by shrapnel, including a second lieutenant. Several others were injured when a town was shelled.

San Francisco, Feb. 18.—Twenty-five thousand Filipinos are under arms and are drilling in the hope of being called into the United States army for service in France, according to C. W. O'Brien, who returned today from Manila.

Geneva, Feb. 19.—The ban which several nations have placed upon British, French and Italian newspapers at the German frontier has now been removed. American newspapers are also admitted, but are carefully censored.

Spain's Protest. Madrid, Feb. 19.—Further representations to Germany respecting submarine warfare will be made by Spain in a note which is being prepared by Premier Azaña, upon which the cabinet will pass tomorrow.

London, Feb. 14.—A despatch to the Times from Leon Trotsky, the Bolshevik foreign minister, as declared in his report upon the ending of the negotiations at Brest-Litovsk, that the German terms included the retention of Poland, Lithuania, Riga and Moon Island and an indemnity of 200,000,000, presumably in gold.

Occupy Russian Town. Vienna, Feb. 19, via London.—The German army group under command of General Alexander von Linsingen, according to an official statement issued by the Austrian war office, has occupied the Russian town of Lutsk, in Volhynia, without fighting.

Berlin, via London, Feb. 19.—German forces have entered Dvinsk, it was officially announced today by the German war office.

The Russians unsuccessfully attempted to blow up the bridge across the Dvinsk river.

CONCEDE NEED FOR INCREASED WAGES. Washington, Feb. 19.—The necessity for increased wages for railroad employees was conceded today by representatives of a majority of the railroad of the United States appearing for the first time before the government's railroad commission.

Lenine and Trotzky Said to Have Escaped

Turmoil Continues Throughout Russia—Belated Reports Tell of Massacres in Kiev—Germany and Austria Arrange for Disposition of Troops on Eastern Frontier

London, Feb. 19.—Rumors are current in Vasa that the Bolshevik government in Petrograd has been overthrown by the Social revolutionists under the leadership of M. Tchernoff, according to the correspondent there of the Politiken of Copenhagen, says a despatch to the Exchange Telegraph Company. Nikolai Lenin and Leon Trotzky are said to have escaped to Riga.

Vasa, or Nikolaistadt, is in Finland on the only railway line between Petrograd and Tornea, on the Swedish frontier. M. Tchernoff is the leader of the Social revolutionists and was chairman of the short-lived constituent assembly.

M. Tchernoff admitted recently to the Associated Press that the Russian army probably could not be expected to fight to any great extent, but he declared that Russia could act as a magnet to draw the German forces and prevent their being thrown to the western front, thus helping the Allies.

Petrograd, Feb. 9.—(Delayed)—After the fall of Kiev," says an official report "Ukrainian detachments contained themselves in different parts of the town. Two days later they assembled under Ukrainian officers and the detachments opened fire in all parts of the town during two days of terror four hundred of the "inhabitants" were killed by the senseless fighting.

The massacre reached its climax on Feb. 5, when Ukrainians, under a Cossack general, bombarded the working class quarters. The energetic action of the revolutionary workmen and soldiers finally crushed the uprising and drove the reactionaries out of town.

Protest Repudiated. Petrograd, Feb. 8.—(Delayed)—All the diplomatic representatives of the four allied countries and six neutrals have protested the repudiation by the Bolshevik government of the national debt and also against the decree respecting the confiscation of property. They have declared that these acts have no value so far as their nationals are concerned and they reserve the right to claim damages.

Where They Will Fight. Amsterdam, Feb. 18.—An agreement has been reached between Germany and Austria-Hungary, whereby, in the event of military action being necessary, the German troops will be confined to the frontier of Great Russia, and the Austrians to Ukraine only. This announcement is made in a Vienna despatch.

Russians Quit Hungary. Amsterdam, Feb. 18.—A Budapest despatch to the Voessische Zeitung, Berlin, says that the Russians have evacuated the last section of Hungarian territory which they occupied, in the east corner of Transylvania.

Germany learns from Ukraine that Bolshevik guerrillas are setting fire to the wheat stocks in many sections and are also systematically destroying growing crops by ploughing them out.

For Propaganda. Washington, Feb. 18.—The Prussian budget for 1918 calls for 2,000,000 marks to be devoted to German propaganda in Polish territory, according to an official despatch today from Switzerland. It is reported that the Germans are preparing for an extensive campaign of Prussianism in Silesia, Posen and West Prussia.

Another despatch says Austrian troops recently fired on Poles in Lemberg, who were meeting in support of a united Poland. One man was killed and at the occasion while shops and theatres were closed and university classes suspended.

Wagtail Understanding With U. S. Washington, Feb. 18.—President Wilson's address to Congress last week is interpreted by the Muencher Neueste (Continued on page 2, second column)

FUNERALS. The funeral of Mrs. Henry J. Pratt took place this afternoon from her late residence, 876 Main street. Services were conducted by Rev. N. McLaughlin. Interment was made in Fernhill cemetery. The funeral was largely attended and the floral offerings testified to the esteem in which Mrs. Pratt was held in the city.

The funeral of Mrs. Mary Stanton took place this afternoon from the Mater Misericordiae Home. Services were conducted by Rev. Dr. O'Reilly. Interment was made in the Holy Cross cemetery, Sand Cove.

The funeral of Mrs. Annie G. McLean took place this afternoon from her late residence, 70 Wentworth street, to Trinity church, where burial services were conducted by Rev. Canon Armstrong. Interment was made in Fernhill cemetery.

NEGOTIATIONS WITH ROUMANIA

Amsterdam, Feb. 19.—Peace negotiations with Roumania, a telegram from Berlin says, it is understood, have not yet begun. They probably will commence Friday when Dr. Von Kuehlmann, the foreign secretary, likely will arrive at Ploesti to take charge of the German negotiations.

Peace terms offered Roumania by Germany, the Neueste Nachrichten of Leipzig says, must include the surrender of the Dobruja to Bulgaria. Germany also must demand an indemnity of an economic kind, especially as to raw materials. The newspaper continues: "We allow Roumania to keep the mouth of the Danube, she must pledge herself to support only a central European economic policy. We could not allow her to have a wholly anti-German king, but Ferdinand's influence after the war will be gone altogether."

Trumps Skeptical. Despite these assurances and the intensive training to which they have been put, the German troops are frankly skeptical and are undertaking their task with no enthusiasm, especially as to raw materials. They feel they are going to be thrown into battle and used as cannon fodder and do not wish the prospect.

It is said that Gen. Von Ludendorff recently addressed a body of infantry at Leon and asked how many men were willing to fight to finish. Only five non-commissioned officers and privates stepped forward. The others declared their desire for an early peace by arrangement.

German officers, on the other hand, appear to have the conviction that they will be able to break through by means of their "secret" attacks. Gen. Von Hutier, who is reputed to have laid the plans for the capture of Riga, has come to the western front to assist in the preparations. The lessons of the capture of Riga have been preached religiously to the German troops. It has been pointed out that there a preliminary bombardment of four or five hours to cut the enemy wire and demolish defences was sufficient to give the Germans a firm footing in the Russian positions. The enemy troops have not been too successful in their attack on the Russians at Riga was very low and that the German attack was a complete surprise.

Allied Troops Ready. The Germans will find the Allied morale at the highest pitch on the western front, and their attack will be far from the surprise desired. The Allies are ready for a big blow, and await the next move of the German high command with assurance.

The German attack cannot be delayed much longer. All information points to the fact that both German civilians and soldiers are keyed up to such a high pitch of nervous expectancy that the strain cannot endure for long. They are waiting for the attack with feverish hope that the high command can this time make good its promise. The German troops are expected to fight well.

The coming battle will perhaps be the most sanguinary of the war and they will be the most intense. But they will mark the beginning of the end, for if the Germans do not break clear through until Allied lines—and they cannot—they will be virtually finished. The emperor is putting every ounce of strength into this great gamble and if it fails in the early stages it means the end of Prussian militarism.

The Allied forces have a superiority in numbers, both in men and guns, and no doubt is felt on this front as to the outcome.

VANCOUVER WOMAN SHOOT HER DAUGHTER AND THEN HERSELF. Vancouver, Feb. 18.—After it is alleged, shooting her thirteen year old daughter with a heavy calibre revolver. Mrs. Charles G. Mills, aged about forty-five years, turned the gun on herself and sent a bullet through her body below the heart. Another bullet inflicted a wound on her forehead. She has a fighting chance of recovery. Her husband was formerly a partner in a drug store here, but for the last two or three years has lived in Portland, Oregon, though he supported his family here.

LATEST AIR RAID WAS A FAILURE

London, Feb. 19.—The attempted raid of German aviators last night was a failure.

There were no casualties or damage in last night's air raid," says an official announcement.

First reports from outlying parts of London say that the gun defence never was more effective than Monday night when it prevented German aerial raider from reaching London. The Germans were engaged both by the guns which

**NEW BRUNSWICK'S
PART IN SOLVING WAR
PRODUCTION PROBLEM**

The conference of provincial premiers with the prime minister of Canada at Ottawa gave opportunity for the discussion of many important problems. New Brunswick was represented by Hon. W. E. Foster and Hon. C. W. Robinson. The prime minister was interviewed in respect to railway matters and the situation in New Brunswick was discussed with a view of having it carefully considered when the Dominion railway policy is being determined.

Matters pertaining to additional accommodation being provided at the Jordan Memorial Sanatorium were also gone into. The additions now being made will accommodate thirty soldiers requiring care and treatment for tuberculosis. Half the cost of this addition is being borne by the provincial government.

It was learned that the commission recently appointed to administer the act passed at the last session of parliament which provided for the leasing of \$2,500 to soldiers desiring to purchase and settle upon the land, will be able to define its policy relative to the application of the act in the various provinces during the next two months.

Discussing the matter of production with other provinces it was learned that the province of New Brunswick had made arrangements equal and in many cases in advance of other provinces for the procuring of seeds and fertilizer for the farmers of this province.

Tractors for New Brunswick.
Before the end of the year fifty Ford tractors will be doing fatigue duty on New Brunswick farms, according to the announcement of Premier Foster. The federal government has arranged to purchase 5,000 farm tractors from the Ford company. These machines are being furnished to the government at cost prices and are entered into Canada free of duty.

The federal government will then sell the machines to the provincial governments at cost price, as many as each respective province may deem expedient to secure. It has been decided that the province of New Brunswick take fifty of these machines according as they are available.

Machines that are not purchased outright will be distributed through the agricultural department to various communities on some basis that will be arranged later.

**DOUBLE CONTROL OF
WOUNDED ABOLISHED**

Ottawa, Feb. 18.—The dual control of the Military Hospital Commission which for the past two years has been partly under civil and partly military administration, is to be ended. A cabinet committee which has been working for some weeks past on a plan of re-organization of the whole system of caring for the returned men, has, it is understood, reached an agreement as to a definite division of administrative responsibility between the militia department and the hospitals commission. The military authorities will assume full charge of the "actual care of all returned men until they are formally discharged from the hospitals. The hospitals commission will assume its supervision of the vocational re-education of the returned men and of the medical care of pensioned men after

discharge. The anomalous conditions of the past with a dove-tailing and overlapping of military and civilian control have led to some friction and delays in providing necessary accommodation for the invalided men and in the general administration of the somewhat vaguely defined work entrusted to the commission.

THREE BRAVE SONS

Hartland Observer: Geo. Adams of Edmonon, Carleton county, who some months ago was crippled for life by an accident, is receiving congratulations upon the heroic work of his three sons who enlisted in this county. Albert Adams is out of the hospital again after having been wounded twice and gassed twice. He has won the honor stripe and the stripe for bravery; he has been over there two years and was only twenty years of age last week. Wellington Adams is also out of the hospital, after having his head fractured and his body paralyzed. Arthur Adams is still fighting in France and his recently been promoted to the rank of sergeant.

**A SLUGGISH LIVER
CAUSES
LOTS OF TROUBLE**

When the liver becomes sluggish it is an indication that the bowels are not working properly, and if they do not more regularly many complications are liable to set in.
Constipation, sick headache, biliousness, headache, jaundice, heartburn, water brash, catarrh of the stomach, etc., all come from a disordered liver.

Milburn's Laxa-Liver Pills are a specific for all diseases of disorders arising from a slow, sluggish, lax or torpid liver, and they have been universally used throughout Canada for over 30 years with the greatest success.
Mrs. W. A. Harrison, 7 Poplar Grove, Halifax, N.S., writes: "I take pleasure in writing you concerning the great good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but after using a couple of vials of your pills, I have not been bothered any more."
Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co. Limited, Toronto, Ont.

**Modern
Methods**

In an endeavor to assist the public to know and see the new American ideas in Spring Footwear, we are having an opening on the 18th, 19th and 20th of February, and we are taking this opportunity to acquaint the public with the new shapes and color combinations.

These three days will be especially devoted to fitting any and all persons who wish to acquaint themselves as to the correct size and width they should wear.

The Walk-Over

representative has placed the new spring models at our disposal for this demonstration.

We invite the ladies and gentlemen to take advantage of this opportunity and have our staff of experienced salesmen demonstrate the size and style they should wear.

We wish you to feel that our services are entirely at your disposal and will consider it a pleasure to show you the new ideas and how they are adapted to your particular case.

**HON. F. B. CARVELL
DISCUSSES NATIONAL
FINANCE MATTERS**

Montreal, Feb. 18.—Hon. Frank B. Carvell, minister of public works, addressing the members of the Montreal Canadian Club today, said that during the coming fiscal year the country had to raise something like \$800,000,000, and while he was not announcing any policy, he declared that if they could not raise the money by way of tariffs there was by asking the men who had the money to contribute a portion of it by way of income tax.

"We have to face the situation," he declared. "We must stand ourselves to face conditions and must realize that the money must be forthcoming. Every dollar has been taken out of the people by way of customs taxation that can be seen as high as anybody can wish to see it, and there is no way of getting the necessary money except by a system of direct taxation, and I want to press that point very strongly. The government would not take up probably \$800,000,000 worth of goods, including munitions, but unfortunately she only imported about \$600,000,000 worth and that left an adverse balance of trade of \$200,000,000 which must be taken care of in some way. The railway problem would take up probably \$38,000,000 or \$40,000,000, cheese partly lost they could. The government had to provide at least \$48,000,000 to pay its debts and carry on the army in Canada. In addition to \$100,000,000 for the army across seas, although this latter sum would not be actually taken care of in some way."

Mr. Carvell referred to the recent victory loan and said he had sufficient faith in the people of Canada that they would next August or September there was a call for another \$400,000,000 the government would get in the shipping program. Mr. Carvell said the government felt it its paramount duty to make a start with \$85,000,000 or \$90,000,000 and he hoped next year it would be taken care of. He stated that the country must have ships. He believed shipbuilding might be a great industry for Canada and hoped the steel manufacturing would have sufficient ability, energy and business acumen to so arrange things that the plates would be rolled in Canada in future and not imported from foreign countries.

MONCTON PERSONALS.

NOTICE TO CUSTOMERS

We wish to notify our many customers that we are again in a position to fill their requirements for bottled Soda Waters. Since the fire which completely destroyed our factory, building and plant, we have accumulated new machinery and apparatus as quickly as mid-winter conditions and freight congestion on the railways would allow, and although the Blue Ribbon Brand beverages have been practically off the market for the past month, we trust our relations will be at once resumed. The same high quality of the goods will be maintained as formerly and in spite of recent sharp advances in materials the price will remain unchanged in the city.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, FEBRUARY 19, 1918

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 19, 1918. The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

FOLLOWING A BAD START.

The action taken, and especially the speeches made in the city council chamber yesterday, make it imperative that the citizens look elsewhere for their defence in the affair of the New Brunswick Power Company. The suggestion that an associate counsel be secured to work with the city solicitor will not satisfy the people.

CAMOUFLAGE.

There are no camouflages in the MacIntyre report. There is no politics in the MacIntyre report. It suits the designs of certain gentlemen to charge their critics with personal animus or politics.

SAVE THE CHILDREN.

Some recent observations made by Dr. Hastings, medical health officer of Toronto, emphasize the need of medical inspection in schools, and a provincial health department as would see to it that all children suffering from slight physical defects are treated in childhood.

SOLDIERS AND THE DRAFT.

This is a rather pathetic confession of failure which comes from Ottawa. After three and a half years of war steps are to be taken to protect returning soldiers from improper treatment on shipboard.

LIGHTER VEIN.

He Won't Go There. "When Mrs. Umphs died she told Mr. Umphs she would wait for him in heaven."

Too Nervous To Sleep.

Nerves Wrecked by Accident Was Araid to Go in a Crowd or to Stay Alone—Tells of His Cure.

Advice to Dyspeptics Well Worth Following.

In the case of dyspepsia, the appetite is variable. Sometimes it is ravenous, and at other times it is very poor.

Mother and Children Had Awful Coughs.

WERE CURED BY DR. WOOD'S AWAY PINE SYRUP.

A Fight for Life.

It has been fight or die for many of us in the past and the lucky people who have survived are now well because they heeded nature's warning signal in time to correct their troubles with that wonderful new discovery of Dr. Pierce's, called 'An-uric.'

Conditions in Russia grow daily worse.

The Housewives League would deprive the need of medical inspection in schools, and a provincial health department as would see to it that all children suffering from slight physical defects are treated in childhood.

The strength of democracy, rightly interpreted, has been shown by the capture of Hindoo and African to fight for Britain, and by that of the Filipinos to send an army division to fight with the American troops in France.

The central appeal judge is not disposed to stretch the principle of exemption to an extent that would make the Military Service Act a joke.

Philadelphia Enquirer: It is true, as opponents of changing the clocks to save daylight contend, that the same thing would be accomplished if everybody got up earlier.

Hon. F. B. Carvell informs men of large income that they must do their bit.

General Sir William Robertson has accepted the post offered him by the government.

If the Germans take Petrograd the Bolsheviks will be at last understood who is right and who should be supported in this war.

There is a report from Amsterdam that Turks and Bulgarian soldiers are doing a good deal of criticism.

AN APPEAL FROM HALIFAX

The Young Women's Christian Association, 66 Hollis street, Halifax, issues the following appeal:

"The first great emergency has been met and passed, the city realizes some of its deeper and more permanent needs. Among these, a new and larger building for the Young Women's Christian Association is urgent. This association has done much good work in the past, its present building, old, utterly inadequate and shabby, cannot possibly do the work as it has built upon it since the terrible explosion. The board of directors, ordinarily considered full of sturdy girls, now shatters sixty-six, recently enlarged, is working to limit its strength; there is no space for executive office, recreation, social or gymnasium rooms, and cots are crowded in everywhere. This state of things is not for some days or weeks but must continue for months, as every available house in the city is crowded. Will not numbers come to the rescue, and send large or small amounts of money to the treasurer of the Young Women's Christian Association, 66 Hollis street, Halifax, Nova Scotia? "He who gives quickly, gives twice."

Estate Worth \$72,000.

The inventory of the estate of Mrs. Mary Alice Sheffield, (widow of Dr. M. A. Sheffield, St. John), who died at Southern Pines, North Carolina, has been filed in the probate court at Halifax. The inventory shows the estate to be worth \$72,000.27.

ADAMS BLACK JACK

The Canadians first introduced chewing gum into the trenches and now there's scarcely a soldier on the west front who doesn't consider a good gum like Adams Black Jack a necessity. A stick a day keeps nerves away. Every time you buy it for yourself, buy it for a soldier.

ADAMS Pure Chewing Gum

RECRUITING FOR BRITISH ARMY IN UNITED STATES

Adoption of Reciprocal Draft Means That All Physically Fit Must Serve—19,000 Already Have Volunteered

Chicago, Feb. 12.—More than 19,000 British subjects resident in the United States have enlisted in the fighting forces of Great Britain and Canada, with the probability that the reciprocal draft agreement which has just been reached between the United States, England and Canada will cause these figures to leap upward rapidly, according to a statement made here by the British-Canadian Recruiting Mission. These figures, however, are considered low by members of the Chicago Division headquarters of the mission which announces that there are no less than 80,000 citizens of the British Empire in the United States eligible for service.

British and Canadian subjects in this country cannot possibly escape liability for service, according to General W. A. White, head of the British-Canadian Recruiting Mission. As soon as Congress sets favorably on the reciprocal draft agreement, he stated in a despatch to the Chicago division, the British subject will become "much more liable for service than the American."

With the announcement that the reciprocal draft agreement had been reached, the energies of the Recruiting Mission were redoubled in an effort to get as many men as possible to enlist without awaiting the draft. The commission hopes to double the number of British enlistments in this country before the draft becomes effective.

Under the new reciprocal arrangement Chicago officials of the commission point out that "British subjects, who at first time, are placed on an equal footing with the world over." The same age limits and other conditions affecting British and Canadian subjects in their home countries, will be applied to those in the United States, making all natives of the United Kingdom who are between the ages of twenty and forty years eligible, but subjects to the same exemption rights as men living in England or Canada.

"This is a perfectly fair arrangement," said General White in his telegraphic instructions, "for it compels every man who is physically fit to place himself on practically the same footing as his fellow-countrymen at home."

According to General White, British subjects will be given sixty days after enactment of the reciprocal agreement to join the English forces voluntarily. It is during this period that the mission plans to launch a nation-wide campaign.

To aid in this work an effort is being made to obtain the services of the American "Four-Minute-Men," who are expected to join in a "British Brothers' week" giving the mission the services of 25,000 speakers. In addition patriotic moving pictures will be flashed before 10,000,000 persons daily and members of the mission, aided in many cases by friendly action by state councils of defense, will increase their efforts.

In urging the speeding up of British and Canadian enlistments General White said:

"What we need at present is man power. If the Britisher enlists with us he can get to Europe quickly and be made effective much sooner than if he waits a few weeks longer for the draft."

Branch depots of the mission have been established in every principal centre of the United States, each depot being in charge of an officer who has seen active service. Most of these officers, according to a statement given out at the Chicago office, wear on their sleeves "that badge of suffering, the 'wounded stripes,'" and many of them are doing recruiting duty while on sick leave from the battle lines.

NEW WEST SIDE CLUB.

A new room for the benefit of the soldiers in West St. John has been opened up in the Martello Hotel under the direction of the Red Triangle Club of the Military Y. M. C. A. in conjunction with the canteen already established there by No. 9 Siege battery. Half the funds have been donated by No. 9's canteen and the rest from the Triangle Club for the establishment of the new Red Triangle Club room. New tables, chairs, games, etc., have been installed which will undoubtedly prove an additional bit of enjoyment and comfort for the men quartered there.

At a special meeting of the Municipal Home commissioners, held yesterday afternoon, it was decided to hold an open session in the office of the county secretary next Monday night at 8 o'clock. The commissioner will be prepared to take evidence under oath as to any complaints or charges against commissioners or management of the institution.

RECENT DEATHS

Mrs. John B. Robinson.
St. Stephen, N. B., Feb. 12.—(Special)—Mrs. John B. Robinson, who has been in failing health for some months, passed away this afternoon at her home in Union street. Mrs. Robinson, who was eighty-three years of age, was the widow of John B. Robinson, merchant of this town, for many years. Mrs. Robinson leaves two daughters, Mrs. G. W. Gougeon and Mrs. S. Belyea, of this town, and one son, Edgar M. Robinson, who is engaged in Y. M. C. A. work in New York city. The funeral will probably be held on Wednesday afternoon, and the services will be conducted by Rev. Dr. Goucher, pastor of the Baptist church.

The death occurred last Monday morning at her home in Truro of Mrs. Gates, widow of the late G. O. Gates, aged sixty years. She was a daughter of the late James L. Armstrong, of Wolfville. She leaves two sons, Lester, of New Glasgow, and Arthur, of St. John, also three sisters, Mrs. (Dr.) G. O. Gates of Wolfville, Mrs. Irene Fitch of Wolfville, and Mrs. M. H. Currie, widow of the late George Currie, missionary to the Telegram, Nelson, B. C.

The death of John Franklin Elliott, former resident of Shediac, N. B., occurred on February 2nd, in the Salem, Mass. Hospital. He was fifty-four years of age, and a son of the late John and Caroline Elliott, of Shediac. He is survived by one brother, Arthur A., of the Canadian government railways, Moncton, and one sister, Ida, of Rothesay, N. B.

The death occurred on Saturday of the late Thomas McAleese, of River Herby, Cumberland county. Death took place at the home of his daughter, Mrs. John G. Spear, Moncton. He was eighty years of age and is survived by one son and three daughters. The son is W. T. McAleese of Moncton. The daughters are Agnes, wife of Engineer John G. Spear of Moncton; Mary, wife of Engineer Geo. W. Spear, of St. John, and Margaret, wife of Conductor W. H. Wilbur of Moncton.

Gilbert I. Leveille died at the Hotel Dieu, Campbellton, last Monday afternoon in his 66th year. Mr. Leveille was born in Vercheres, P. Q., and in his early boyhood days removed to Montreal, where he remained several years. Before taking up his residence in Campbellton he spent several years in Moncton and Dalhousie, in the latter place holding the position of superintendent of the Dalhousie Woodworking Co., until fire destroyed the establishment, since which time he and his wife have resided in Campbellton. He was twice married and leaves by his first wife one son and three daughters, all of whom are now residing in the States. His second wife survives him.

The death of Walter Murphy of Lytleton, Northumberland county, occurred Feb. 12. He was the son of the late John Murphy. He leaves a widow and one child, also several brothers and sisters.

Reconstruction Finance.
London, Feb. 12.—A committee of bankers and other prominent financiers has been appointed to consider the problems which will arise in connection with currency and foreign exchange during the period of reconstruction and report on the steps required to bring about the restoration of normal conditions in due course. Lord Curzon represents the Bank of England on this committee.

NOTICE

PUBLIC NOTICE is hereby given that a Bill will be presented for enactment at the next session of the Provincial Legislature, the object of which is to provide that the Common Council of the City of Saint John, when issuing Debentures under Sections 28 and 29 of the Act of Assembly, 22 Vic. Cap 27, may fix the rate of interest at such rate as may seem desirable, provided the same does not exceed six per centum per annum; also to make valid any Debentures which may have been issued by the said City during the present year bearing interest at the rate of six per cent per annum.

Dated at the City of Saint John, N. B., the fifth day of February, A.D. 1913.
HERBERT E. WARDROPER,
Common Clerk.

Annual Meeting of Society For Prevention of Cruelty

Reports Show That Much Valuable Work Has Been Accomplished With Limited Resources—President Frink Urges Appointment of Provincial Inspector

The annual meeting of the Society for the Prevention of Cruelty was held at 8 o'clock this afternoon in the provincial government rooms, the president, R. W. Frink, occupying the chair.

In a previous report I referred to the desirability of the appointment by the government of this province of an officer whose duty it would be to visit systematic visits and inspections of the farming districts so that prompt and authoritative action would be taken in a direction that would at once be beneficial not only to the farmer but to the province as well.

LOCAL NEWS

THE INCOME WAR TAX.
 Arthur W. Sharpe has received the forms for the income war tax, and these can be secured from him at the Dominion Savings Bank.

HIS FATHER ILL.
 Commissioner R. W. Wignome received a telegram last night that his father was seriously ill at his home in Windsor, N. S., and made immediate preparations to hasten to his bed side.

NO COUNCIL TODAY.
 There was no meeting of the common council this afternoon as Commissioner Wignome was absent from the city and one of the other commissioners was unable to be present. The meeting will be held tomorrow morning. At the meeting two tenders for 275 tons of asphalt will be opened.

NO NOTIFIABLE DISEASE.
 That not a single notifiable disease was posted in the whole of St. John city and immediate vicinity was the statement made by the local board of health this morning. The last case was finally pronounced safe in the late week, and St. John is now free from contagious epidemics.

POLICE OFFICIATED.
 A torn and bleeding feline, the victim of some one of the city's vagrant dogs, was brought in to the central police station at noon today by a lady with the plea that the poor animal be put out of its misery. Serg. O'Neill was called on to do the deed, and taking "poor pussy" downstairs he sent her gently and painlessly to that "Happy Hunting Ground" of cats, where dogs are not allowed.

PASTEURIZATION PLANS.
 In regard to the proposed pasteurization of milk in the city, the local dealers have been got in touch with and many have replied to the board, giving their opinions as to the best means of carrying it out. It will probably be decided at the next meeting of the board when the dealers will be present to confer on the matter.

PETTINGELL WHARF.
 It was learned this morning that soundings have been taken at Pettingell Wharf and a report will be submitted to Ottawa. At the bottom of the wharf there is a ledge which protrudes out several feet and it is understood that this blasted away so that it will not interfere with the docking of any ocean going liner loading cargo of grain from the new government grain elevator.

DISCUSSED COUNSEL.
 A private meeting was held in Mayor Hayes' office this morning, at which Commissioners McLellan, Russell and Fisher were present. A discussion took place regarding the appointment of an assessor to Hon. J. B. M. Baxter, city solicitor, to prepare for and represent the city at the coming meeting of the legislature. When asked what business had been transacted or what action was taken, Mayor Hayes said there was nothing for publication.

SALT IN STREETS WATER IN STOCKS

Count-Room Remarks On The N. B. Power Company In Hearing of Cruelty Case—Lemon Extract Brings Another To Court

Although there were not many cases on this morning's police sheet, the police court session was a lively one. The first part of the morning was taken up in the hearing of a charge against Francis Cole, of crossing in his horse while delivering coal in Mill Street. Testimony was given by Officer Gosline, Sergeant O'Neill and S. M. Wetmore, of the S. P. C. A. The effect of this was that Cole had driven a horse very much overloaded and in a poor condition. On the point of the right shoulder an old sore had cracked and was very painful. The belly-band had been drawn too tight and was chafing on another old sore, the leather being covered with the blood of the animal. The case was postponed until tomorrow morning. According to the testimony, a bag of coal fell on the street and the driver refused to pick it up, even when ordered to do so by an officer. He said that "no one would want to burn water and slush."

B. L. Grow appeared for the prosecution and questioned the witness as to the truth of this, eliciting the information that the ground at this point was bare.

Mr. Grow—"What made it bare?"
 Witness—"The New Brunswick Power Company threw salt on the crossing."
 Magistrate—"I thought that it was water they threw on it."
 Mr. Grow—"No, they only threw water on their stock; they threw salt on crossing."

Magistrate Ritchie then addressed the prisoner: "Young man, listen to me—this applies also to every driver in the city—if your boss sends you out with a horse in bad condition or with an overload, you should say to him: 'I'm not going to run the risk of a \$40 fine by taking out this horse.' You should make him see that everything is all right first. The case will be postponed until tomorrow morning."

A prisoner was arrested on Carmarthen street last night by Policeman Hopkins and pleaded guilty to a charge of drunkenness. "It isn't six very long since you were here before, young man," said the magistrate; "do you work now?" "Not lately, sir," was the answer. "Well, why do you drink rum? There is too much of this drunkenness in the city. The town is a drier place than it was before prohibition. You're liable to \$200 or eight months in jail. You can't drink without having liquor in your hands and that assists you liable to \$200. If you tell us where you got the liquor someone else will be liable to \$200 as well. Go home."

"Your Honor" was the reply, "I didn't have any liquor at all. It was lemon extract."

"Did you have it out of a bottle or in a pie?" You'd have to take a lot of lemon to get drunk on lemon extract, you know. I met a stranger, Your Honor, and he gave me a bottle."

"What was his name?"
 "I never saw him before."
 "Oh-ho-ho-ho!" That's a cock and bull story! Do you mean to say that you'd drink something out of any old bottle handed you by a man you never saw before? Why it might have been vodka or strychnine! That's too thin a story. Get to the lower regions out of this!"

Y.W.C.A. EXTENDS ITS ACTIVITIES

The monthly meeting of the board of directors of the Y. W. C. A., which convened on Monday afternoon, was well attended. The committee's reports proved that the basis of work is being strengthened as time goes on.

The president's report recorded special lines work, which had developed during the month. Among the helpful activities of the association, through its committees, should be mentioned the splendid endeavor of the Traveler's Aid Department.

The Y. W. C. A. is making not only a christian contribution to the city, but being improvements, such as recreation and individualized instruction for the girls who will come to the rooms, thus making it an educational contribution to the community.

By the character of its work, the Y. W. C. A. must demonstrate the reason for its existence. There is no question of the worthy use of the money in the Union street. Covering a period of several months, a thousand women and girls have found shelter and help within the confines of the Y. W. C. A. Transient Home, taxing to the limit the capacity of the rooms. The Y. W. C. A. therefore has filled an actual need.

It was the unanimous opinion of the board that the lower floor of the building, which is the present headquarters of the Y. W. C. A., be taken over and fitted up so that the work, which has been carried on along real lines prescribed for Young Women's Christian Associations.

The installation of typewriter, piano and vocational training—domestic science for instance, were among the recommendations for the new rooms. A promise of hope for future good work of the organization is a Y. W. C. A. trained general secretary.

There is a rooming directory in connection with the Y. W. C. A. This is an important part of the Traveler's Aid work and was adopted to supplement the already crowded transient home.

The Y. W. C. A. counts on benevolent householders who have a room or rooms to spare to communicate with the Y. W. C. A. and help support an enterprise which already has unlimited opportunities for special service to young women.

One of the aims of the Y. W. C. A. is that when the men return from the war they may find the women preserved in spirit as well as in strength and ready for real participation in the work of reconstruction.

For the present the Y. W. C. A., though seemingly in a trying position for lack of funds, is confident that the work entrusted to its keeping will have the hearty co-operation and financial support of the citizens of Saint John.

VACCINATION AND SMALLPOX

As there seems to be a considerably widespread opinion abroad that the object of vaccination is to modify an attack of smallpox when contracted, and that it will do little to prevent the disease, the chief health officer wishes to draw attention to the very misleading and dangerous nature of this belief.

The primary and chief aim of vaccination is to prevent the contraction of smallpox altogether. That smallpox if contracted will be rendered far less severe by a former vaccination is true, but it is not because of this that vaccination is advocated and practised.

A few figures from the United States public health service report will illustrate and prove the efficacy of vaccination in preventing smallpox.

In the state of Kansas during the month of December, 1917, there were reported 319 new cases of smallpox. Of these only two had been vaccinated within seven years.

In Michigan during the same time 688 new cases were reported. Of these not one had been vaccinated within seven years.

In Minnesota in the same month there were 344 new cases, and of these only four had been vaccinated within seven years.

In Ohio, 1,099 new cases were reported, and not one of these had been vaccinated within seven years.

In all these four states, out of 2,620 new cases of smallpox reported in December last, only six cases had been vaccinated within seven years.

REQUIRE MASS FOR LATE CAPTAIN DALTON

A solemn requiem mass was celebrated this morning at the church of the Assumption, West St. John, by Rev. J. J. O'Donovan, for the late Captain William J. Dalton of the government steamer Simcoe, which foundered off Magdalen Islands in December, 1917. A large number of friends and relatives attended the service.

You can save 15 to 25 cents on every dollar's worth you buy on that day in our stores, so it will pay to read the advertisement.

Tomorrow (Wednesday), we continue our great Black Silk Sale. We had a big sale on Monday of these wonderful Black Dress and Waist Silks at \$1.25 a yard, 36 inches wide. No better finished Pure Black Silks in Canada at or near the price we name.

MACAULAY BROTHERS & CO.

Stove Repairing

If your Range needs repairs, Phone us. We carry linings and grates for all makes of stoves and ranges. We can put your old range in good repair at a small cost.

If you intend purchasing a new range, we will make a liberal allowance on the old one.

For Dollar Day

We have gathered together a great assortment of Pictures of all styles and various subjects, and have divided them into two groups.

On this big Bargain Day we will offer your choice of one lot for \$1.00, and of the other for 25c. Many of the pictures sell ordinarily at three times these prices, and all are splendid value at such ridiculously low figures; but we want to make this a day to be remembered by our customers, and so are putting them in regardless of cost.

Remember the Day, Thursday February 21.
