THE CANADIAN ATHLETES TALK OF OLYMPIAD

Delighted With Their Trip, Treatment Received And Results

SOME CRITICISMS

Trainer Knox Blamed For Poor Condition of Some of the Men—Howard, Colored Sprinter, Anxious to Try Again

(Canadian Press) Montreal, Aug. 1.—Bronzed with sun and overjoyed with good spirits, the major portion of the Canadian Olympic athletic team arrived in Montreal on the Royal Edward this morning. The city was not broken down to them as they walked through the streets, welcomed by cheering throngs. Louis Rubenstein hustled their baggage through the customs, and they were met on the wharf, representing the M. A. A. A., Messrs. Bowie, Coates and Burchell. All expressed themselves as delighted with their trip, with the games were conducted by the Swedish officials, with the showing they made, with their small number against the greatest athletes in the world, in a competition in which every previous record has been broken. That the athletes had troubles with Coach Knox, was indicated by remarks dropped by some of the returning contingent. The trouble with regard to Knox, of which little has been said up to the present, but of which more, it is said, is likely to be heard, appears to have been that, while admittedly a good all round athlete himself, and probably one of the most experienced men obtainable, he did not know how to handle men nor how to adapt himself to their different needs. "He tried to coach everybody the same way," he is a hard worker himself, and thought he could whip anybody else just as hard," were some of the criticisms. That he did not use the best judgment in the world was indicated in the case of Fabre, who finished eleventh in the Marathon at Stockholm. The unanimous opinion is that Fabre would have done better considering his condition. He was so lame he had been unable to walk a few days before, and he was advised by the doctors not to start, but although he was suffering great pain from the sprained tendon, he ran. Everybody pronounced that he would drop out at the end of a few miles, but to their amazement he finished well up in front. What he would have done had he been in prime condition is difficult to say, but it is believed by many that he would have had a good chance to win. As to reason for his leg being out of shape, it was said that as soon as the boat left Montreal Knox started the men running about the deck. Fabre was then in splendid shape, but had never run on boards before, having always trained on the road. A slight soreness appeared when the boat got to sea the pounding of his feet on the rising and falling deck developed the soreness rapidly. He told Knox about it two or three times, but the trainer told him to go ahead and run. While the members of the team declare that "Arnie" Howard, the big westerner negro sprinter was far too erratic for any trainer to handle, and that Knox got as much out of him as anybody could, the Winnipeg flyer himself declares that he is disgusted with athletics. He says he did not do himself justice, but blames Knox's training methods rather than himself. He declares that he is going to train his own way and endeavor to meet again the men who defeated him and he says he will beat them. Howard admits frankly that in the two hundred metre he "quit" at the 175 metres and says the reason was that his thigh gave out on him. Whatever the reason the other members of the team say he ran a good race to that point and had just collapsed the leaders when he dropped out.

DUKE OF CONNAUGHT VISITS NEW GLASGOW AND TRURO TODAY

(Special to Times) New Glasgow, Aug. 1.—H. R. H. the Duke of Connaught and Princess Patricia arrived this morning from Pictou and were given a warm welcome and the buildings along the route of procession were gaily decorated and in fact the whole town was a blaze with hunting. One hundred men from the 78th Regiment formed the escort for the royal party. Addresses of welcome were presented to the Governor General by the town and court officials, to which His Royal Highness responded. The duke inspected the plant of the Nova Scotia Coal and Steel Company and afterwards left by train for Truro.

MISSIONARY CONVENTION AT SACKVILLE

An undenominational missionary convention was opened this morning in Sackville under the auspices of the missionary education movement committee. Representatives from almost all Protestant denominations in the Maritime Provinces are in attendance. Rev. M. E. Fletcher, field secretary for the Baptists, left yesterday to represent that body at the convention. Rev. W. T. Gunn of Toronto, will be present for the Congregationalists. Rev. A. E. Armstrong, Toronto, for the Presbyterians, and Rev. F. C. Stephenson, Toronto, for the Methodists. Matters of general interest in missionary circles will be dealt with. The convention will last until August 8. Reference will probably be made to the appeal for \$50,000 being made by the United Foreign Baptist Mission Board to aid in completing the purchase of property recently acquired.

RE-SALE OF UNION AND WATERLOO STREET PROPERTY

As an evidence of the stability of the real estate movement here and the continued interest of outside parties, Messrs. Allison & Thomas today announce the re-sale of a parcel in Union street running into Waterloo street. This is the second time this property has been turned over within the past two months. It was originally owned by E. E. Fraser who disposed of it to the Anglo-Canadian Investment Corporation of Montreal; they in turn have now sold to Ontario parties. This property has a frontage of forty feet in Union street and runs through to Waterloo street with a frontage of about seventy feet in the latter street. It adjoins Clinton Brown's drug store in Union street.

NO BUBONIC IN BERMUUDA

Halifax, N. S., Aug. 1.—(Special)—A cable from Bermuda this morning says the report that cases of bubonic plague have been discovered there, is utterly untrue. Messrs. George McEvoy, J. T. Knight and A. W. Adams left last evening for the Bonaventure Fishing Club, Bonaventure, P. Q. An unprecedented run of salmon has been reported and the St. John men are expecting unusually good sport. Barometer readings at noon, (sea level and 52 degrees Fahrenheit, 29.96 inches. Wind at noon: Direction, northeast. Velocity, 8 miles per hour. Rain. Same date last year: Highest temperature, 75 lowest temperature, 62. Cloudy in morning, then fine and clear. D. L. HUTCHINSON, Director.

HARVEST OF GRIM REAPER IN CHATHAM

Death of Mrs. Geo. Goddard, Mrs. Robert Johnson, Miss Laura Adams and Thomas Armstrong

(Special to Times)

Chatham, N. B., Aug. 1.—Mrs. George Goddard died suddenly at her home in Douglastown on Wednesday evening at six o'clock, at the age of fifty. Her death was due to paralysis of the heart. The deceased is survived by her husband, three sons, George, James and Leo, all of Douglastown, one daughter, Mrs. Andrew Curry, of Chatham, and three brothers, John Sullivan, of Rossville; James Sullivan, of Loggieville, and Daniel Sullivan, of Newmarket. The funeral will be held tomorrow afternoon at two o'clock from her late residence. Interment will be in Newcastle Catholic cemetery. The death of Mrs. Robert Johnson occurred at her home on Monday evening and was due to paralysis, from which she had been suffering for about a year. The funeral was held yesterday afternoon at 3.30, from her late residence. Rev. Geo. Wood conducted the funeral service, and interment was in Riverside cemetery. This morning the death of Laura Elizabeth Adams occurred at the home of her grandparents, Mr. and Mrs. Joseph Whalen. The deceased was two years old and had been ill only ten days, and was a bright child and a favorite with all who knew her. She will be much missed. The funeral will be held tomorrow morning at 8.30 o'clock from the home of Mr. Whalen, and interment will be in St. Michael's cemetery. The death of Thomas Armstrong, aged 77, occurred at his home last evening, and was due to gangrene of the foot, from which he had been suffering for several years. The deceased was unmarried and leaves two sisters, Miss Maggie Armstrong and Mrs. Wm. Johnson. The funeral will be held tomorrow afternoon.

PRECAUTIONS TO PREVENT ANOTHER RIOT

Large Forces of Police on London Decks—Several Fights—Unionists Returning to Work

(Canadian Press)

London, Aug. 1.—Elaborate precautions were taken today, to prevent a repetition of yesterday's rioting in the neighborhood of the London docks. Large forces of mounted and foot police were detailed early to occupy strategic points near the dock gates, and all the men entering the docks were searched for weapons before they were allowed to proceed. Several unimportant fights took place between the unionist and the non-unionist laborers and few arrests were made. The unionist laborers are rapidly taking the places of the "Frat" laborers, who worked as "blacklegs" throughout the ten weeks' strike.

TWO AMERICANS WERE HANGED BY MEXICANS

Investigation Ordered—Governor Believes it to be Work of Rebels to Force American Intervention

Mexico City, Aug. 1.—Two Americans were hanged near Cananea Sonora, within the past forty-eight hours, from which they were found yesterday and the incident reported to President Madero last night by the governor of Sonora. The governor has ordered an investigation. He believes the two men were executed by rebels in order to precipitate American intervention.

INCREASED INLAND REVENUE RECEIPTS

The inland revenue receipts for the month of July were as follows:— 1912. Spirits \$12,778.77 \$15,250.11 Tobacco 627.70 820.00 Cigars 233.40 441.50 Raw Leaf 37.98 44.50 Bonded Mfrs 2,174.43 1,202.15 Other Receipts 1,153.58 1,117.73 Increase for 1912, \$4,913.75.

SYNOUD COMMITTEES

The education committee of the Church of England met this morning and discussed matters pertaining to the educational department of the church. Reports from the Robtsey school were presented showing an encouraging condition of affairs and a bright season is looked forward to. The financial showing was better than ever before in the history of the college, while the attendance figures were most satisfactory. It was also gratifying to note that out of five boys at McGill from Robtsey three had passed in first class and had 70 or more of an average. Twelve new boys had applied for membership in September. The board of church literature also met this morning and transacted matters of interest in that branch, while the mission committee will meet tonight. This afternoon the committee on the chapel, the Cathedral will convene together with the ordination of candidates committee.

CLAIMS CANCER CURE WITHOUT OPERATION

New York, Aug. 1.—Doctor Adolphe Zeller, a prominent Berlin physician, has presented the conference of German physicians forty-four patients whom he declares he has entirely cured of cancer without operation.

DOCK STRIKE SETTLED

A private cable to a local business man this morning announced that the London dock strike has been settled.

INVESTIGATION HERE

An investigation is to be commenced tomorrow into the civil service departments in this city by D. N. Ducharme, of the Public Service Commission, who is expected to arrive tonight. The nature of the investigation is not definitely announced other than to say it is an enquiry into the service of the general for the "purpose of economy efficiency." Mr. Lake, the other member of the commission, is at present in the west on similar duties, while Mr. Ducharme has been in Halifax and Charlottetown during the last few days conducting the enquiry.

THE SIMMS FACTORY.

Despite the wet weather, construction work on the Simms' factory at Fairville has proceeded rapidly and the builders are not many days behind their schedule. The roof should be on by the middle of August, or a few days later, and T. S. Simms & Co. hope to move in before the end of October. The speed with which this big contract is being carried out is a revelation to local builders.

STRUCK CARRIEN LOG.

The steamer Victoria struck a sunken log on her way down river today and was delayed for a few moments. The accident was trifling. A board or two from the paddle wheel was broken.

AT THE HOSPITAL.

Florence Casey, daughter of John Casey of Carleton, was operated on for appendicitis at the General Hospital yesterday. She was reported as resting quite comfortably today.

NAVAL DEFENCE

Conference at London Was Resumed Today

CONTINUE AT OTTAWA

If Viewed With Favor Official Invitation Will be Extended—May Provide Ministers With Warship for Return Voyage

(Canadian Press)

London, Aug. 1.—Naval defence negotiations will be resumed today with the Canadian ministers, and will probably be the last meeting until after the parliamentary recess, which begins on Tuesday. It is not improbable, says the Morning Post, that negotiations may be continued at Ottawa next month, unofficial representations having been made to Mr. Asquith and Mr. Churchill to this effect, and if Mr. Borden, it adds, is assured that the proposal will be viewed with favor an official invitation will be extended. The Canadian ministers are experiencing difficulty in securing accommodation for the return journey owing to the rush of passengers, and the admiralty may solve the difficulty by placing a warship at their disposal. Responding to the toast to the Worshipful Company of Leather-Sellers, who entertained Mr. Borden and his colleagues at dinner last night, the premier, apropos of naval negotiations, declared the conference had been conducted in the best spirit of good will. The government had received them most cordially, and the result of their negotiations would be found to be of advantage, not only to Canada, but also to the whole empire.

BERESFORD ALARMED

By Report of Germany's Secret Preparations ENGLAND'S LACK

Needs Not Only More Ships, But Men to Man Existing Fleet

(Canadian Press)

New York, Aug. 1.—A London cable says: The article printed in the London Daily Express yesterday, affirming that Germany is secretly building nine new battleships is regarded seriously by Admiral Lord Charles Beresford, a distinguished naval officer and the editor of that paper printed this morning. He says: "Our position in the navy is precarious. The first Lord's statements on the subject are incoherent with one another. On June 11 last he informed me in answer to a question that there was a deficiency in the navy's personnel on March 31 of 2400 men. On July 22 following he told the House of Commons that we started 5,000 men this year. It is exceedingly doubtful if he can get them, but if he does and if he was speaking the truth on July 22 and another thing on June 11, the actual increase would be only 3,000 and these cannot be sent to the fleet until they are trained. "It is useless to build ships without training men, but that is exactly what has been done for the past seven years. The recruits are a colossal expenditure, a large collection of empty ships and the immediate menace of great and increasing danger."

RECIPROcity APPROVED IN TRINIDAD

Port of Spain, Trinidad, Aug. 1.—The first reciprocity agreement with Canada was carried today in the legislative council by 15 votes against 5, and in the chamber of commerce by a majority of one vote. The opponents of the agreement argued that it would be of no benefit to the colony outside of the sugar industry and would probably be harmful to the cocoa and coconut industry. The supporters of the agreement urged that its acceptance would show the imperial sentiments of Trinidad and that it would be the first step toward general trade within the British Empire.

NEW YORK POLICE LIEUTENANT INDICTED ON MURDER CHARGE HAS HAD STORMY CAREER

New York, Aug. 1.—Police Lieutenant Charles A. Becker, indicted for murder in connection with the killing of Rosenthal, the gambler, had a stormy career since he was appointed to the police force November 1, 1888. When he was an ordinary policeman in uniform patrolling the streets he shot and killed a plaintiff's helper, John Fay. Becker was charged with going berserk, and Fay was an innocent bystander. Fay was "identified" by the police as John O'Brien, a burglar, until the young gambler's helper was identified. Becker received much applause after that he was suspended and an investigation was held. But nothing happened. Policemen who have known "Charlie" Becker for a long time chiefly remember the occasion when he received a medal for saving the life of a man. On a July morning one James Butler, tumbled into the water at West Tenth street. Becker said to have gone after him and rescued him in the nick of time. He wore his medal for two years, and then Butler made an affidavit that he was an expert swimmer and had gone overboard at the request of Becker and a promise that he would receive \$100. Becker never paid the money, Butler said, and so he called Becker a "fake hero." He added that Becker would have gone after him if he had pulled him out. Becker was arrested while on duty at a station in the Bronx. He objected to being photographed. The smaller picture shows how he covered his face with his hat when an attempt was made to get a picture of him by flashlight.

REMARKABLE OPERATION ON HIS HEART

New York, Aug. 1.—An operation on the heart was performed yesterday in Bellevue Hospital by Dr. Wm. G. Lusk, in which thirty-six feet of gold wire was wrapped around the aorta, the great artery leading from the heart, and a current of electricity sent through the wire, which reduced the swelling of the artery sufficient to allow it to perform its natural functions. No anesthetic was used during the operation, but the incision, which was made in the back of the patient, between the fifth and sixth ribs, was sprayed with cocaine. At the close of the operation, which lasted about four hours, Dr. Lusk expressed himself as satisfied, and while the operation is not expected to prolong his life, the patient who underwent the operation was Oscar Nelson, 59 years old, a cabinet maker, whose case had been pronounced hopeless.

MARRIAGE OF MONCTON MAN IN MONTREAL

Montreal, Aug. 1.—A romance, which began in the provinces by the sea, will have its culmination here this afternoon in the marriage of Mrs. Esther A. McLeod, daughter of Mr. and Mrs. C. N. McLeod, to Charles Peters, son of Joshua Peters, of Moncton, N. B. The service will be taken by Rev. J. Cooper Antill. The bride will be given away by her father, and will wear a white satin crepe merino gown trimmed with silk shadow lace. Miss Marjorie Anderson, of Winthrop, Mass., will act as flower girl. Both bride and groom formerly lived in Moncton.

MATT McGRATH BREAKS RECORD FOR 56 LB. WEIGHT

Dublin, Aug. 1.—Matt McGrath, New York C. C. and a member of the American Olympic team, in the grams here yesterday, threw the 56 pound weight from a nine foot circle, 41 feet, 7 1/2 inches. This establishes a new record under the conditions.

GUNBOAT SMITH SCORES KNOCKOUT IN NEW YORK

New York, Aug. 1.—Gunboat Smith, the Colville heavyweight, knocked out Andy Morris, of Boston, in the second round of what was scheduled to be ten round bout, last night.

Double Drowning Near Sherbrooke—Young Lad Burned to Death When Clothing Caught Fire

(Canadian Press)

Rio Janeiro, Aug. 1.—One hundred persons were killed or injured in collision yesterday, between suburban trains on the Central Brazilian railway. Montreal, Aug. 1.—Dr. Roland S. Devlin was set with a sudden fit of rage in the Turkish bath hotel two weeks ago, died this morning. It was shot through the lungs. Devlin is the second victim of Shepherd's mad fusillade. Fred McKenna, a bartender, having been instantly killed. Sherbrooke, Que., Aug. 1.—A double drowning fatally occurred at Little Lake, Magog, a summer resort about 8 miles from Sherbrooke, last night. Three men, Louis Brousseau, J. Massey and F. Horton, went out in a boat. In changing seats, they upset the craft and the three men went into the water. Brousseau endeavored to save one man, but he afterwards struggled so that he had to give up the attempt. Brousseau hung on to the boat and was rescued. Sherbrooke, Aug. 1.—A young lad named Blais was burned to death last night. He and three other boys had collected potato bugs in a tin can and put coal oil on them, when one of the boys dropped a match in the can with the result that Blais' clothing caught fire.

TO REHABILITATE Waning Industry

Conference Will be Held at Winnipeg to Evolve Means to Encourage Live Stock Business

Ottawa, Aug. 1.—A conference of exceptional importance to western Canada has been called to be held in Winnipeg on July 29. The conference has been summoned to discuss the whole problem of the waning live stock industry of western Canada, and to discuss ways and means of encouraging it. During recent years the quantity of live stock raised in the west has been steadily declining. Not many years ago all Canada was an extensive shipper of cattle to England. Today exportations have practically dropped to nil. The cutting up of the ranges into homesteads has had some influence, but not entirely. Western Canada is not only no longer exporting cattle, but it is actually not raising sufficient for its own needs. During the past couple of years large quantities of beef, pork and mutton have been imported into the west and mutton has even been brought from as far as New Zealand. Hon. Martin Durrell, minister of agriculture, is taking an active interest in the efforts to revive the industry and H. R. Arkell, acting live stock commissioner, leaves tomorrow for Winnipeg to take part in the conference and to lend any assistance he can and offer any advice the Dominion government in any place that may be devised. The railways and packing houses as well as western live stock associations will be represented at the conference.

ROOSEVELT AGAIN HURLS THEFT CHARGE

Nashville, Tenn., Aug. 1.—State Treasurer Taylor, head of the third party in Tennessee, has received a letter from Theodore Roosevelt taking a full out of President Taft and Governor Hooper. The letter follows in part: "I need not say to you how heartily I hope you will nominate a progressive ticket composed of ex-Democrats and ex-Republicans. Governor Hooper, as I understand it, has endorsed the fraudulent Chicago convention, and will support its nominee. In my judgment no honest man, whether Republican or Democrat, can support Mr. Taft and claim any right to the suffrages of other honest men. Stealing is stealing, and to steal a nomination is as bad as to steal a purse."

FINDS SKELETON OF LARGEST DINOSAUR

Sheridan, Wyo., Aug. 1.—The skeleton of what is supposed to be the largest dinosaur is being unearthed at the Jensen quarry near Rock Springs. Already extensive lengths of vertebrae, beginning with five lengths of the neck, and extending far out on to the tail have been uncovered. The animal is thought to have been eighty-five feet long.

BUYS WHOLE HOUSE TO SEE PLAY ALONE

London, Aug. 1.—The Grand Opera House at Scarborough, seating over 1,400, was bought up last night by a wealthy American visitor, who wished to have a performance of one of the Bernard Shaw's plays entirely to himself.

London's Population

London, Aug. 1.—The population of London has decreased, it appears, by 12,936 since 1910. In that year the population of the administrative county was 4,280,275; last year it was 4,267,339. The drop is due to the continued migration of population from the inner circle of the metropolis borough to the outer suburbs.

One Kind of Begging

By RUTH CAMERON

THE similarity of asking for money and asking for the use of time and talents which are worth money to their possessors, is something of which many people do not seem to be cognizant.

Mrs. L. is the fortunate possessor of a very sweet and well-trained voice. Before her marriage she was trained in the use of this talent rather than in the household arts.

For this work she gets from five to ten dollars a night. She is a public property. We would never think of asking the clever dressmaker to give several dollars worth of time toward making a gown to be sold at the Fair for the Benefit of the Children of Somersham and yet Mrs. L. sang twice at that fair, and two other artists who are dependent for their bread and butter on their talents, were held up by friends to give their services.

"But," you say, "just think what a very few minutes it takes Mrs. L. and those others to sing or play. They aren't asking very much, are they?"

So be a little less glib in your assurance to the committee that you are required by even the most skilled performers to prepare an entertainment, and furthermore, they were giving a due share and proportion of the lifetime investment of effort and time and money which they had put into cultivating their talents.

To be sure, there are some artists who like nothing better than the opportunity to appear in public, who ask no other remuneration than a goodly meed of flattery and the joy of being the "centre of neighboring eyes."

But that is another story. Mrs. L. does not belong to this class. Many of the artists who are continually hounded by thoughtless friends do not belong to it.

LA MARQUISE DE FONTENAY

Duc de Lorge Killed by Fall Through Elevator Shaft—English Borough Demands Resignation or Return of Represent.

Native Now in Canada (Copyright, 1912, by the Brentwood Company)

Less fortunate even than the New York wife of Sir Arthur Paget, who was crippled for life through a fall down the elevator shaft of her house, Guy Duc de Lorge, one of the principal gentlemen-in-waiting to the Duke of Orleans, chief of the Royal House of France, has met his death in an almost identical accident while staying with Mr. and Mrs. Arthur James at their home in Kingston street, just off Piccadilly.

He is succeeded in the family honors and estates by the elder of his two sons, Guy, and now twenty-two years of age.

The late duke was a popular member of the Jockey and other leading Parisian clubs, and when participating on the Duke of Orleans, divided his time between his splendid old house of the Rue St. Dominique in the Faubourg St. Germain, and his country seat of Fontainebleau, in the Loiret. His dukedom is one of those which greatly antedate the Revolution, and he is counted among his ancestors that first Duc de Lorges who, a nephew of Louis, was his second-in-command, and won the baton of field marshal of France by his numerous victories, notably the battle of Montmirail, in 1815, when he made a prisoner of the reigning Duke of Wurtemberg.

Another ancestor was that Seigneur de Lorge, who was captain of the Guard of King Francis I, and whose son, known as the Count de Montgomerie, by reason of his purchase of an estate of that name, accidentally killed Henry III, of France in a state tournament. It was a Seigneur de Lorge, too, who at the bidding of the fair door for the duke, he climbed to his

box and drove straight to the nearest police station, where he declared that he had a raving maniac in his vehicle, who had just been indulging in hideous and extravagant contortions.

The duke was "assisted" to alight by four strapping policemen, and after having been put in a strait-jacket, was locked in a cell nor was it until the following morning that he recovered his liberty.

Unfitly for him, the incident was considered so laughable that he received very little sympathy from the Duke of Orleans, or any of his friends, but he was far too witty himself not to see the enormous humor of this really English joke, creating nevertheless, that he never would use pantomime again in un-Latin countries, the language of which he was not wholly familiar with.

The Duc de Lorge's death is a great misfortune for what remains of the real and unadorned aristocracy of France, and his loss will be cruelly felt in that quarter.

Recent legislation providing for the payment from the treasury of a salary of \$2,000 a year to members of the House of Commons, has led to some extraordinary developments, none more amusing than the petition addressed by the electors of the Borough of Southampton to the Master of Elibank, patronage secretary to Dudley Ward, the latter came to Canada about a year ago, and has not been seen in parliament since that time. The petitioners therefore demand that since their views are no longer adequately presented in parliament, Dudley Ward should at once be called upon either to resign his seat, or to return and fulfil the legislative duties for which he is being paid.

Just what steps the government will take remains to be seen, since naturally members of parliament placed themselves in the category of salaried servants of the state, and on an entirely different footing from the one they occupied until a year or so ago, when their legislative functions were performed without any remuneration. As Dudley Ward is a Liberal, and as such subject to the discipline of the party whip, namely, the Master of Elibank, the latter has some voice in the matter; while the speaker, too, has certain powers of ancient date, which might be invoked. Not that Dudley Ward needs the \$2,000 salary; for as the favorite grandson of the late Mme. de Falbe, and one of the heirs to her great wealth, he is very well off indeed. He is a son of

THE NEAL THREE-DAY DRINK HABIT CURE

The Neal Treatment consists of the administration of a perfectly harmless and purely vegetable medicine taken internally only and without any hypodermic injections.

The Neal Treatment and the methods of its administration are pronounced and commended by all who have investigated, to be not only ethical and professional, but entirely satisfactory. The evidence and success of the treatment in all cases has been demonstrated and proved by hypodermic injections.

During the past ten years, has successfully cured upwards of five thousand of bad cases of the drink habit without a single failure—each one in just three days' time.

The Neal Treatment is simple yet very effective. Doctor Neal, after many years of the most painstaking, professional and thorough study, experiment and investigation, has found and demonstrated that the drink habit instead of being a disease or an inherited affliction is due to the stored up poison in the system, coming from the continued and excessive use of alcohol.

After making this discovery and demonstration he found the antidote for alcoholic poison. The administration of this antidote results in the neutralization of the poison. This antidote and neutralized the poison is eliminated from the system, and the desire, appetite and craving for drink is at once destroyed or lost.

This is all accomplished in each case in from one to thirty-six hours, depending entirely upon the physical and mental condition of the patient. With this accomplished, nature aided by the recuperative and building-up treatment, soon asserts its power, and at the end of three days the patient returns to his home in a normal and healthy condition.

The Neal Cure is the most effective and safest ever dedicated to the cause of greater human happiness. There is a buoyant air in the "God-bless-you" which daily are showered upon Neal Institutes by men redeemed.

The Neal Institute, 48 Crown St. Cor. King and Crown. Phone 1683. B. L. Stevens, Manager.

THE SARDINE TOWN.

Beacon—On Thursday last, President Johnson, Sir William Van Horne, G. W. Bowditch and Mr. Beaven, of Montreal, members of the directors of the Canadian Sardine Company, paid their first official visit to the new works at Chamcook. They made a thorough inspection of the grounds and buildings and seemed well satisfied with the appearance of things in general.

MRS. VANDERBILT TO FIGHT TUTOR'S SUIT

Newport, R. I., Aug. 1.—When the suit of C. Leroy Grinnell against Mrs. Elise French Vanderbilt came up today for trial before Judge Franklin, Attorney Clark Bardick, who represented Mrs. Vanderbilt, asked to have the case continued until August 6. Attorney Mortimer Sullivan, who appeared in behalf of Grinnell, brought suit to recover \$300 which he claims is due from Mrs. Vanderbilt for services rendered as a tutor to her son William. Bardick announced that Mrs. Vanderbilt intends to contest the suit.

To Investigate Prison Systems.

Ottawa, July 31.—It is stated that Hon. C. J. Doherty, minister of justice, will be returning to Canada investigated the systems in vogue in the prisons of France and England, with a view to applying reforms to the Canadian penitentiary system.

The Evening Times and Star

ST. JOHN, N. B. AUGUST 1, 1912. The St. John Evening Times is printed at 27 and 29 Castor Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

WHY WE ARE CHEERFUL Let us see. There is a prospect that large pulp and paper mills will be erected at Grand Falls within the next two or three years. Premier Fleming expects soon to see pulp and paper mills at Bathurst. The Harrington Pulp & Paper Co. are expected to erect a large paper mill at St. John, and may, after a survey of their timber areas on the Nashwaak, decide to erect a pulp mill there as well.

THE CANADIAN PACIFIC RAILWAY COMPANY has more faith in the future of St. John than some of its own citizens have shown in years not so long past. But the pessimists are a rapidly diminishing quantity.

THE CANADIAN CUSTOMS RECEIPTS for July were the largest on record. The country has an abundance of money to expend on needed public works, and the development of the coast ports is one of the most needed. Hon. Mr. Monk should come east and look over the situation.

Now that there are no political reasons for not telling the truth, there is universal agreement that the roads of this province are, as Mr. Fowler, M. P., has said, "in a disgraceful condition." The like of this summer's roads has not been seen since the days of the corduroy roads of the pioneers.

Mr. W. Burton Stewart says that more British capitalists than have yet visited Canada will come this fall. Let us hope they will come east. The premier of France, declares that his country is much interested in Canada, and a German baron bears similar testimony concerning Germany. Let 'em all come. There is room here for British, French and German capital, and for capital from the United States.

LOOK AT ST. JOHN. The Courtenay Bay works, the west side wharves and C. P. R. elevators; the great new wharf and boom factory; the new warehouses; the new post office; the new armory; the new theatre; the proposed new refinery, automobile factory, lime and cement plant and garage; the new residences at East and West St. John; the street improvement; the proposed new bridge at the falls; the proposed new works at Courtenay Bay and the proposed away Besch. All this means progress of the most substantial character.

COMIC OPERA TORRES The Tory press in London is rapidly making itself ridiculous. The Daily Mail now proposes that Premier Asquith and Mr. Winston Churchill come to Canada in a Dreadnought, as soon as possible after Mr. Borden returns.

Touching the matter of Canada's part in imperial defence, Mr. Harold Spender says in the London Daily News—"It is perfectly natural that Great Britain should rejoice at the willingness of the Dominions to help her both in defence and offence, but it was the dream of the earlier school that the British Empire should be a League of Peace. Sir Wilfrid Laurier, that great man who guided the fortunes of Canada for nearly a generation, always had that end in view, and has ever striven to save his country from the vortex of militarism. Sir Wilfrid has been defeated. Canada has for the moment turned her back on his counsels. But will the present mood always last?"

NEW YORK, Aug. 1.—The price of clothing is going to be advanced next year. This increased tax on the already high cost of living is clearly indicated, merchants say Friday, by the prices named by leading producers of cloth, who have lifted the prices for the spring 1913 season from 7 1/2 to 20 cents a yard higher than those which prevailed last year when the values for the past spring season were announced.

SOCIALISTS LEAD AUSTRALIAN BOYS TO EVADE MILITARY DRILL. Sydney, N. S. W., Aug. 1.—Influenced to a certain extent by the optimistic predictions and discussions of a number of extreme Socialists, who denounce militarism in strong terms, the youthful future leaders of the Commonwealth of Australia are letting a hard problem for the government to solve.

Under the compulsory military training act, every boy must attend a scheduled number of drills per year, and the fact that the government issued last month, 1,721 summonses in this city alone, proves that either there is some flaw in the act, or else the youth of the country is not taking kindly to enforced training.

The summonses issued are for the metropolitan area, and are to follow. These wholesale prosecutions are of boys ranging from 14 to 17 years, and in the majority of cases a fine of \$25 with \$100 costs has been levied, or one month's imprisonment. The lads are given thirty days to pay the fines and are also required to make up for the time they are deficient in their drills.

NELSON PREPARING TO WELCOME NEWSPAPER MEN. Nelson, Aug. 1.—Nelson is prepared to give a right royal welcome to the fifty delegates to the eighth annual convention of the Alberta and Eastern B. C. Press Association, who will reach the city on Thursday night. During the two following days the delegates and their wives will be shown some of the resources of this section of the Kootenay in the big power plants at Bonington Falls, the famous Blue Bell mine at Round and the ranches on the west arm of the Kootenay Lake in the vicinity of the city. LADY CONSTANCE TO DANCE SALOME ON BROADWAY. London, Aug. 1.—Lady Constance Stewart Richardson, daughter of the Earl of Cromartie and kin to many a noble house of England and Scotland, is to dance Salome on Broadway, New York.

This latest plan of the accomplished but most unconventional young woman to startle society, is not a plan to aid charity. She sells in a few weeks to appear as Salome as a strict professional in the production which is staged by Reinhardt, the great German "producer," and which will be offered to the American public at the Victoria Theatre.

New York society has not yet forgotten the surprising appearance of Lady Constance a few years ago in the fashionable entertainments given for charity. Her daring dances in scanty and flimsy garments sent gasps through even the blasé audiences whom she entertained.

Since her return from America she has decided to go in for professional dancing and has done a turn at the Palace Theatre, where Miss Maud Allen set the fashion in lack of attire a few years ago. Of course her friends here have long been used to being shocked by the acts of Lady Constance, who is always furnishing new sensations, but this idea of appearing in "Salome" has really taken away what they had left.

"What's the sebra talking about?" asked the head reporter of the messenger. "He's feigning." He's about the only quadruped that hasn't been mentioned as some sort of a political animal.—Washington Star.

Nuns For The West. Montreal, Aug. 1.—There was a crowd of several hundred French-Canadian at the Windsor station today to bid farewell to a party of five nuns of the Carmelite order, who are going to St. Boniface, in the diocese of Bishop Langevin, to establish a new convent. Of the five nuns, one was a daughter of Hon. Charles Marcell, late speaker of the house of commons, who was among the farewell party at the station today.

Health and Beauty Helps BY MRS. MAE MARTY

Mrs. G.: Powder covers up but does not correct complexion faults. Use this simple lotion and your skin will assume its former youthful freshness and take on a charming tint. Dissolve 4 ounces apricot in 1 1/2 pint witch hazel (or hot water) and pour in 2 teaspoonfuls glycerine. Using the spruzum lotion in place of powder overcomes the shabby, city appearance and gives to a coarse, lifeless skin an exquisite fineness and healthy look. Even in hottest weather it is only necessary to apply the spruzum lotion once a day, because perspiration does not spot it, and, too, it is invisible when on.

Mrs. W.: I never advise the electric needle for superfluous growth, because delicate tissue does the work quicker, more thoroughly and is devoid of pain. Mix some powdered delonix with water, then apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This leaves the skin smooth and firm.

V. M.: Soap was never intended for shampooing, because the "free" alkali it contains raises lavoce with the scalp and hair roots. Use castile soap and you will find your dull, straggly, brittle hair will grow bright and even in color and be of a soft, silken texture. A teaspoonful castile dissolved in a cup hot water is ample for a delightful shampoo. This creates a wealth of rich, penetrating leather that thoroughly cleans the hair and scalp of dust, dandruff and excess oil; and after rinsing, the hair dries quickly and takes on its former rich color and gloss.

Mrs. M. W.: Your blotchy, pimply skin proves that the blood is in a very unhealthy state and demands prompt action. Get 12 pint alcohol and in this put 1/2 cupful sugar, 1 ounce kareline and hot water to make a quart. A tablespoonful before each meal is the proper dose. This soon cleanses the blood of impurities and clears the skin of pimples, blotches and sallowness, as well as builds you up and gives you complete health and full strength. For a face lotion, see answer to "Mrs. G."

P. A.: You will find my quinzoin hair and scalp tonic very invigorating for lifeless, itching scalps. To prepare, mix together 12 pint each alcohol and water, then add 1 ounce quinzoin. Rubbing a little at a time well into the scalp banishes itching and strengthens effect on sore, itching or weak eyes. Here is the recipe: Dissolve 1 ounce crystals in a pint cold, pure water. Two or three drops should be put in the eyes each day. Thousands of my readers have used this simple eye-tonic to bring back the sparkle to dull eyes and very frequently people have been able to discard glasses after using it for a time.

P. X.: The fat around your abdomen will soon disappear once parrotis is used. This will also banish your double chin. To make, dissolve 4 ounces parrotis in 1 1/2 pints hot water, and when it cools take a tablespoonful before each meal. Continue treatment until your weight is where you want it, and when you stop the treatment you need have no fear of the fat returning. This method does away with dieting or violent exercise and is the only safe way of which I know to actually reduce weight.

Dorris: Greasy creams do more harm than good, because of their tendency to clog pores. This causes the skin to assume a leaden color and grow oily, and encourages blackheads, blotches and skin pimples. You will find this plain almond cream-jelly just the thing for complexion specks and a permanent aid to real beauty: Stir 2 teaspoonfuls glycerine in 1 1/2 pint cold water, then add 1 ounce almond. When this is dissolved, apply freely to face, neck and arms daily and it will cleanse the skin of impurities and give to it a charm and tint such as every healthy, well-groomed woman has. Use this every morning and your skin will be free from freckles and the sun and wind will not tan it.

NATURAL GAS WILL PROVE GREAT BOON
Great Economy and Greater Convenience is Verdict of Users
WHAT ST. JOHN MAY EXPECT
Solves Problems of Cheap Light, Heat and Power—Using Forty Percent Less Quantity at \$1 Per 1,000 Less Cost

(Moncton Transcript)
The introduction of natural gas for domestic purposes in the City of Moncton is now a reality. It has been talked about for years, but at last the natural gas is coming into fairly general use locally. Up to Saturday night some 20 families have installed natural gas here and the result is without a single exception, so far as reported, absolutely satisfactory. All dirt annoyances from stoves, the heat of roasting coal and getting it into the house; or the purchase of wood and the hunting around all day for a man to cut it up are factors of the past. All the women in the house has to do is to turn the jet and light the gas with a match. In the summer time the thrifty housewife has suddenly discovered that ironing day which was one of the heaviest existences, because the heat remained in the stove for so many hours afterwards is now no longer a bane because the natural gas is turned out the moment the heat ceases to be required. This, of course, is in a household where electric irons are not used. The same conditions of convenience will apply to the winter time as well as to the summer only increasing in value.
There has been considerable talk around the streets because one establishment claimed that the cost of natural gas was greater than the cost of coal and discontinued using the gas. In the economical use of natural gas there is no doubt upon the installation, the type of burners and appliances used and the condition of the boiler.
Other business establishments have found the natural gas economical. Take The Transcript office for example. It has five type setting machines and a melting furnace, all consuming gas. Formerly it used artificial gas and now it is using the natural gas. This office finds that the average consumption of natural gas per day is about 40 per cent, less in quantity, whereas the price charged is thirty per cent less. The actual cost is \$1.33. The reduction in the quantity used is due to the fact that the thermal units or heating power of the natural gas is greater than that of the artificial gas, thus the quantity consumed is reduced materially as well as the price. The actual expense of The Transcript in melting a pot containing about 200 pounds of metal is a reduction of the time required by over 50 p. c. Now, when it is remembered that the melting requires more or less labor in watching, the economy does not begin and end with the consumption of gas or the price. The saving is apparent. Artificial gas is certainly over 50 p. c. in cost for the same service besides increased efficiency.

The Transcript gives its own experience, because it is an independent experience, but like the case of the Moncton Transcript, Electricity and Gas Co. itself. Its average consumption of coal during thirty days for power purposes cost \$1,028.50. This consumption of coal was under boilers used to generate power for the manufacture of electricity. The Transcript has installed a proper system of burners and was enabled to ascertain the actual saving. The consumption of gas during thirty days under boilers totaled 7,351,000 cubic feet of gas, which at fifteen cents per m. makes a charge of \$1,072.50 or a saving to a private firm with the same consumption of gas and coal, compared of \$17.55 per month or about 25 per cent. The saving on the year would be close on to \$6,000, apart altogether from the labor required in shovelling the coal in and taking the ashes away and cleaning. An additional factor which manufacturer and engineer will appreciate is the increased efficiency of the boilers. Neither of the illustrations given here present a saving so great as that claimed by Messrs. Abrams Brothers.
At Hillboro it is understood that the Albert Manufacturing Co. is shut down for the balance of the week to permit the installation of natural gas in its departments of its extensive plant. It will never if it can help it burn wood or coal again.

PAUL GILMORE AT THE OPERA HOUSE TONIGHT
Popular Romantic Actor Returns in Strong Dramatic Offering, "The Havoc"

If he or she possesses a spark of animation or enthusiasm for all that is good in drama and attends the performance of "The Havoc" at the Opera House this evening by the Paul Gilmore Co., and is not carried away by the intensity of the story, the splendid acting, elaborate costumes and magnificent scenic effects to be found in the production, he or she must surely belong to the most hazy class.
Mr. Gilmore will be welcomed back to St. John in no mean manner, and it is pleasing to know that he will be seen in his best character, "The Havoc" enjoyed a very successful run in New York last season and in the hands of Mr. Gilmore and his company critics say it loses none of the interest which made it so renowned a drama by the original cast.
The seats are selling rapidly for the entire engagement, and intending patrons should make their reservations known immediately. A special matinee will be given Saturday.

RIGHTEOUS INDIGNATION
Little Ruth was the youngest daughter in a very strict Presbyterian family that especially abhorred profanity.
One day little Ruth became exceedingly exasperated with one of her dolls. In her baby vocabulary she could find no words to express adequately her disapproval of doll's conduct.
Finally, throwing the offending doll across the room, she cried feelingly: "My rascals! I wish I belonged to a family that swore!"

PRESBYTERIANS TO RAISE MORE THAN MILLION DOLLARS

Big Budget For Next Year—Rev. D. C. MacGregor Will Help to Raise the Amount Needed

Toronto, Aug. 1.—It has been definitely decided by the executive committee of the Presbyterian Board of Social Service and Evangelism to appoint Rev. D. C. MacGregor as the temporary secretary of the Finance Board. Mr. MacGregor, who is associate secretary of the Board of Social Service and Evangelism, is a man of high executive ability, and as secretary of a finance board he will have large responsibilities.
His duties will be to act as the central secretary of the board and to cooperate with the committees of the various synods in raising the revenue of the church for this year. The task will be a heavy one, as this is the year of the million dollar budget.
It was stated last night that no radical change with regard to the raising of funds was at present being contemplated, the intention of the board being to carry on the work in much the same manner as last year, but on a larger scale. Mr. MacGregor will, of course, act in conjunction with the executive of the finance board.
He was appointed at the request of the executive, whom, after holding several meetings, no decision with regard to appointing a permanent secretary was reached, and will hold the position until December 1st. It is expected that by this time a permanent official will have been appointed and Mr. MacGregor will resume his sociological work. He will probably take up his duties at once, but this will be definitely decided today by the executive of the finance board.

AMBITION TO POSE AS HERO COSTS POLICEMAN HIS JOB

Providence, R. I., Aug. 1.—The desire to become a hero and gain a little newspaper notoriety caused the downfall of Patrolman Charles H. Gay of the Knight street station this morning, and he was dishonorably discharged by the board of police commissioners.
Patrolman Gay patrolled a post on Broadway and on the morning of July 29 at 2:15 o'clock he began firing his revolver in the air. When reinforcements from the station arrived in answer to a telephone message stating that an officer was having a desperate battle in a yard on Broadway he told the lieutenant that he caught two men in the act of trying to force an entrance into the house at 459 Broadway and when they found they had been discovered they attacked him. He said he fired five shots at them and they returned the volley. He also claimed he was painfully injured and was taken to the Rhode Island Hospital.

Eminent Canadian Clergyman

Prominent Divine Endorses This Wonderful Treatment

DRINKERS HE KNEW WHO WERE CURED

St. Andrew's Manse, Perth, Ont., Dec. 3rd, 1911. "Probably those lines that I am now writing may influence many— have reluctance about writing testimonials, for they are often too easily obtained; frequently they are unreliable, and people generally have more or less suspicion about them. For a time I, myself, refused to give credence to reports that were made to me concerning cures that were effected in the case of men who had been treated by the Neal Treatment.

"But now, to say nothing of a number of outside instances, I have around me, in my own town, four men who for years have done dishonor to themselves, their families, to their community and to their Maker, through strong drink, who are now temperate men, and are living a new kind of life altogether. These men were treated at the Neal Institute. I am not writing about the cure or the prices or other details. But I find the attention of these men turned God-ward, and each one of the four bears witness that the desire for liquor is with him no longer. Concerning emancipation from a vice that makes way for vice, I cheerfully bear their testimony.

"A. H. SCOTT, M.A." You will note how very guarded the Rev. Mr. Scott was in making the above statement, because of the position he occupies and his relation to the public. Yet this cultured and refined gentleman is very frank in bearing his testimony to the effectiveness of the Neal Treatment, for it came within purview of his personal observation.

The Neal is an internal treatment, without hypodermic injections, and is completed in three days. This is why it appeals especially to business and professional men and to all others whose time is valuable. It takes away all inclination to drink, all craving, desire and appetite for liquor, making the former drinker a sober and respected citizen thereafter. The cost of the treatment places it easily within the reach of every drinking man who seriously and earnestly wants to quit drink.

The Neal Institute, 46 Crown Street, corner King, affords its patients the comforts of a refined home while undergoing treatment. Their meals are served in the privacy of their rooms. They are constantly attended by physician and nurse, and the stay of only three days is such a short absence from business or home as to occasion no public curiosity. If you have a relative, friend, acquaintance or anyone in whom you are interested, do not delay having him take this treatment. For full particulars call on, write, or phone

PROPOSE \$100,000 FOR EXPENSES OF AMERICAN PEACE COMMITTEE

Washington, July 31—The movement to celebrate the 100th anniversary of the treaty of Ghent was advanced today by the senate foreign relations committee, which agreed to favorably report Senator Root's bill to authorize the president to appoint a peace centennial committee of State of Maine.

WEDDINGS

At the residence of Rev. R. A. Armstrong yesterday afternoon, Miss Emily Agnes Dallas was united in marriage to William Albert Edgett, of St. Martin's. They were unattended. Mr. and Mrs. Edgett left for their future home in the afternoon.

DEADLOCK OVER PANAMA CANAL

Congress Unwilling for Its Operation Till Tolls Question is Settled.

Washington, July 31—Unless congress takes action to provide for the operation of the Panama canal at the present session, President Taft and Secretary of War Stimson believe that it will be practically impossible for the army engineers to keep their promise and open the big ditch to the ships of the world next year.

According to the information brought to the White House today the prospect of action by congress on canal legislation at this session is growing dimmer.

Stimson was understood to believe that there is little contention over the proposed administration and operation of the canal but the question of tolls and railroad-owned steamships have stirred up controversy in both houses and today neither the president nor his secretary of war was hopeful of settling it.

The Panama bill was put aside again in the senate today after Senator Brandegee, who is guiding it, stated that adjournment probably would be hastened if it were considered in the senate while the post office bill was in conference, but the only ray of comfort that filtered through to the White House was the news that Representative Adamson, of Georgia, chairman of the house committee on interstate commerce, was considering the introduction of a joint resolution providing for the machinery of administration and operation of the canal. Mr. Adamson was understood to be ready to bring in such a motion whenever it became apparent that there is no chance of a compromise and the two houses become deadlocked over the other question.

President Taft was much concerned today over the prospect of a delay in the opening of the canal. When he broke ground at San Francisco last October for the Panama-Pacific Exposition he practically promised the people of the hope country to have the canal ready next year.

SITUATION OF GRAND FALLS POWER PROJECT

H. A. Powell, K. C., left by the Boston express last evening for New York on business connected with the amalgamation of the Grand Falls companies and the building of the proposed new pulp and paper mill there, referred to in The Telegraph yesterday. Beyond saying that his trip to New York had to do with these matters, Mr. Powell declined to make any statement. He intimated, however, that the amalgamation was not yet completed, though there was no doubt as to it.

While on route home from New York, Mr. Powell will make a stay in Montreal to confer with James Dewey and Joseph Mr. Casgrain, of the International Waterways Commission, on matters connected with the Railway River and Lake of the Woods situation.

The Fredrickton Cleaner, in connection with these matters speaks of an interview given by Sir William Van Horne some years ago, in which he stated there would be an investment of \$6,000,000 at Grand Falls. The paper adds:

"The financing of such a large proposition, as Sir William remarked when in Fredrickton, is a big undertaking, but it is understood that the capital has been applied in England and that a market has been arranged there for the product of the company's paper plant.

The financing of such a large proposition, as Sir William remarked when in Fredrickton, is a big undertaking, but it is understood that the capital has been applied in England and that a market has been arranged there for the product of the company's paper plant.

"If an now assured that every one of the forty-eight states in the union will be represented with a large delegation of both delegates and friends of the movement," said Senator Dixon.

"There will be more than 1,000 legally selected delegates seated in the Coliseum when the convention is formally called to order. In addition there will be present thousands of well-wishers from every section of the country. This convention is going to exceed the dreams of the most optimistic of our leaders."

Senator Dixon also announced that Miss Jane Adams, of Hull House, Chicago, and Mrs. H. M. Wilmarth, president of the Women's City Club, Chicago, would be delegates to the Illinois state progressive convention Saturday and possibly might be named as delegates to the national convention.

Oyster Bay, July 31—A movement is on foot with the National Progressive party to name a Democrat from the south, as his running mate. Colonel Roosevelt said today, if an available man can be agreed upon. The colonel said that a number of the leaders of the new party had made this suggestion to him and that he favored the plan. He added that such a selection would emphasize the non-sectional character of the movement.

ALLEGED SLAYER OF MAINE GIRL CAPTURED

Bangor, July 30—Sheriff White received a telephone message at midnight from Deputy Sheriff W. O. Estes, of Brooks, saying that he had arrested a man who has been positively identified as a Sherman Gray, wanted in connection with the murder of Naomi Mitchell at North Carleton last Wednesday night.

The arrested man admits his identity, acknowledges he was in the grocery store when the Mitchell girl came for supplies, but he denies killing her.

KILLS WOMAN SHE BLAMED FOR WINNING HER HUSBAND AWAY

Paris, July 31—Mrs. Bloch, a story writer and contributor to children's papers, today proceeded to the home of Mrs. Bridgeman, the wife of James E. Bridgeman, an employe of the Paris agency of the New York Life Insurance Company, and shot her dead.

Mrs. Bridgeman, who was separated from her husband, resided in an apartment in the Rue Vignon under the name of Bernard, her maiden name. She was the daughter of Henry Bernard, of Milwaukee.

The tragedy was the outcome of an attachment between Mrs. Bloch's husband and Mrs. Bridgeman. Mrs. Bloch, who remained quite cool and composed, after the shooting, seemed to be well satisfied with what she had done. She told the police that Mrs. Bridgeman had made her life almost unbearable for two years. Before she killed her, Mrs. Bloch read letters which her husband had written to her indicating that he still had affection for her.

But Mrs. Bridgeman, she said, laughed in her face. It was then that she drew a revolver from her hand bag and shot the woman down.

Interrogated by the examining magistrate, Mrs. Bloch said defiantly: "I am at last avenged. My husband deserted his home to follow his mistress. I have no regret for an act of vengeance which cuts the knot."

Mr. Bridgeman is not an American. It is understood that he came here from England. He began suit for divorce six months ago.

DETERMINED TO LEARN WHO ARE MEN HIGHER UP

New York, July 31—Police Lieutenant Charles Becker, head of the "Strong-Arm squad" of gambling raiders, who is charged with investigating the murder of Herman Rosenthal, was tonight further implicated in the plot to get rid of the gambler, when "Bald Jack" Rose and "Digger" Weber added another chapter to their already amazing allegations.

The public prosecutor has arranged to keep the grand jury in session all summer to investigate the relations between the gamblers and the police, which, in the opinion of District Attorney Whitman, a matter of great public importance than the Rosenthal case.

The arrest of Becker and the confessions of Rose, Vallon and Weber have completely demoralized the gamblers and pool rooms and gambling houses are shut up tight. The gamblers say they don't know when they will be able to open again.

New York, July 31—Mayor Gaynor this afternoon issued a call for a special meeting of the board of aldermen on Monday next for the purpose of authorizing a committee to investigate police conditions in the city. The committee will be empowered to investigate the department in all its ramifications.

C. B. Pidgeon's Grand Clearance Sale Now In Full Blast

That this is the most successful and most sweeping sales event we ever attempted in our career has been most splendidly evidenced by the crowds and throngs that gathered here on the opening day of this Grand Bargain Feast.

Hundreds of eager buyers thronged this store from the opening hour until the very last minute watching their chance to be waited upon to share in the liberal bargains so generously offered throughout every department of the store.

No idea did we have of such a tremendous rush of trade, but there is only one reason to attribute to the remarkable success of this mighty sale and that is the genuineness of the store's offerings, for when C. B. Pidgeon advertises a bargain, the people believe it and they also know that no matter how little they pay at the North End Store, Corner Main and Bridge Streets, must be exactly as represented or they can come back and get their money back without any questions being asked.

REMEMBER—This sale continues for 10 days—free boat rides to all out of town customers.

SETTLERS FROM CANADA AND U. S. WANTED BY AUSTRALIANS

Sydney, Australia, July 31—N. R. W. Nielsen, formerly minister for lands, who represented the New South Wales government at the Chicago irrigation congress, and afterwards conducted an investigation into the irrigation methods of the United States, has issued a report in which he says that the eastern coast of Australia can be made quite as productive as any similar area in any part of the United States or Canada.

He recommends the government to undertake extensive irrigation works, declaring that the cost of those would be amply repaid.

Mr. Nielsen also recommends the organization of a general scheme of immigration from the United States and Canada, the New South Wales government undertaking to pay a proportion of the fares of those persons possessing a certain amount of capital.

Another scheme proposed by Mr. Nielsen is the establishment of a permanent commercial commissioners office on the west coast of America for the promotion of trade with Australia, for which, he declares, there is an almost unlimited scope.

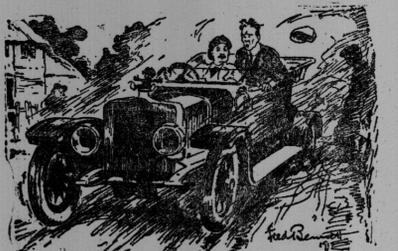

INCREASING BECAUSE THEIR RELIGION BARS RACE SUICIDE

London, Aug. 1—Because their religion forbids race suicide and their children are consequently much more numerous than in Protestant families, Roman Catholics are gradually making a Catholic country of the United States, Dr. F. L. Hoffman, of Newark, told the International Eugenics congress. The doctor also quoted statistics showing a far higher birth rate for foreign born than for native parents in America.

OLYMPIC STRUGGLES OF YORE

Some Similarities to and Many Differences From the Modern Games—Honors for Victors

In view of the approaching return of the Canadian Olympic team, it will be interesting to read that the high honors which victorious athletes were held by the ancient Greeks are abundantly testified by their literature and their history.

The Olympic games, which were held at intervals of four years from 776 B. C. to 393 A. D.—a period of eleven and a half centuries—were inseparably bound up with the national life and spirit.

With the Greeks sport was much more than a mere contest between individuals. It was regarded as a discipline for the attainment of a great ideal.

The Greeks believed that the body of man deserved admiration and praise as well as his intellect, and that it was by the equal and harmonious development of both that Zeus would best be honored.

Nothing But a Wreath. The Greek athlete could not look for a substantial prize as the immediate result of his prowess.

Nevertheless the Olympic champion esteemed himself and was esteemed by others the happiest of men.

Games Were Throughed. From all parts of Greece and from her most distant colonies on the Mediterranean the people thronged every four years to Olympia in the fertile plain of Elis.

When the Royal Edward arrived there was a rush made by local sporting men for the deck to greet the athletic representatives of Canada.

The Canadian athletes seemed to be much satisfied with their reception. When we said we were Canadians there was nothing too good for us.

LOCAL NEWS

THE POLICE COURT
Two prisoners, charged with drunkenness, were arraigned in the police court this morning. Both were remanded to jail. One of them was a woman, who is quite prominent in police circles.

MARITIME GOLF CHAMPIONSHIPS
The Maritime Gold Championships will be held on the golf grounds here during the first week in September. A large number of entries are expected.

AT THE HOSPITAL
The condition of Charles Crosby, who was injured while boating on the river on Sunday last was unchanged at the hospital today.

GOLF TEA
Mrs. Franklin Stetson and Mrs. Percy Thomson will have charge of the tea to be held at the Golf links this afternoon. If the weather is fine tea will be served from 4 to 5:30 o'clock.

HOME FOR BURIAL
S. B. Esposito received word this morning that the body of his sister, Mrs. L. M. Northrup, who died this week in Vancouver, B. C., would reach Sussex on Tuesday next and burial would take place on Wednesday. It is being accompanied by Mrs. Vittoria Noble of Vancouver.

CIGAR BUSINESS SOLD
Sydney Lessee has sold his cigar and tobacco business in Union street to Harold I. Bullis, who will carry on the business as heretofore. Notice is given to remove to Montreal to reside, and will continue his Mill street business under the management of E. B. Trevelyan.

HERE ON VISIT
W. H. B. Fowler is in the city this week from San Francisco, where he is now automobile editor of the Chronicle, a newspaper published in that city. Mr. Fowler formerly belonged to Lakeside, Kings county, and was well known here many years ago. This is his first visit to New Brunswick in nearly twenty years.

MARITIME PRESS ASSOCIATION
The annual meeting of the Maritime Press Association will be held in New Glasgow on Wednesday, the 4th day of September next. This meeting promises to be most interesting. Notice is given that it is proposed to change the constitution and by-laws of this association for the purpose of affiliation with the Canadian Press Association.

ACCIDENT AT HARTLAND
According to a report received from Hartland this morning Charles Stevens of that place was seriously injured while working near the station there yesterday afternoon. It is understood that he was loading some machinery on a wagon when a heavy plank fell on him and injured him quite severely.

JUNIOR BASEBALL
The Young Pond Street Stars were defeated in a five inning game this morning by the Young Athletics, the score being 6 to 5. Smith and A. Dritz were the battery for the losers and Bremer and Dritz for the Athletics. The feature of today's game was an unassisted double play by Friedman. Ump. Boyaner looked after the game.

TOURIST PARTY
The following Gellispie & Kingsport excursion party arrived at noon and are at the Royal: J. G. Zorn and wife, Miss C. Dekatel, Miss E. L. Dekatel, Miss E. Dinsley, Miss M. E. Brown, Miss E. A. Healy, Mrs. M. D. Johnston, Miss R. M. Sidwell, Mrs. E. J. Jones, Mrs. W. Renie, Miss Louise Krammen and W. W. W. 22. The party will be here for a few days before touring the provinces.

BURIED TODAY
The funeral of James Hunter took place this afternoon at 2:30 o'clock from his late home in Queen street. Funeral services were conducted by Rev. J. A. MacKeigan and interment was in Fernhill cemetery. The members of the New Brunswick Military Veterans Association and also the St. Andrew's Society members attended the funeral.

TROPHIES OF THE CHASE
Although the Public Gardens at Rockwood Park are not generally recognized as a game resort, the gardener, A. L. H. Stevens, has been doing a bit of shooting lately. He secured one pelt last week and another similar trophy this morning. The sport, although somewhat interesting, could hardly be described as thrilling. In fact the killings could have been made with club instead of a gun, but Mr. Stevens did not care to try, as the game he was after is liable to prove unpleasant at close range. They were skunks, which have been doing considerable damage on the lawns in the garden lately.

SUB-CONTRACTS FOR DREDGING IN COURTNEY BAY

The sub-contracts for the dredging in Courtney Bay will be let during the next week. This announcement was made this morning by W. Burton Stewart, vice-president and general manager Norton Griffiths & Co.

Several contractors from outside points have been in the city for some days in connection with these contracts, and it is understood that local firms are also among the bidders.

Mr. Stewart said that other than the sub-contracts referred to, none would be let for the present. He leaves for Montreal tomorrow or Saturday.

NEW COMPANIES

The Royal Gazette this week contains two applications for the incorporation of new companies. John W. Miller, Newcastle; Christie Miller, Derby; Vivian Burrill, Shawinigan, Que.; James McKechnie, Montreal, and Edward P. Williston, Newcastle, are applying for incorporation as a company to be known as The Miller Extract Company, Limited. The capital stock of the proposed company is to be \$25,000 and the chief place of business at Millerton, Northumberland county, where they will take over the extract works.

An application is made for incorporation of a company to be known as "L. Assumption, Limited," by the following persons—Messrs. D. Cormier, J. A. Ratte, Pio H. Laporte, Levite J. Cyr, Albert M. Sormany, Jos. Michaud, Plus Michaud, L. Gagne, Levite A. Gagnon, and L. A. Dugal, all of Edmonston. The capital stock of the proposed company is \$10,000. The company propose to build a hall at Edmonston.

MAY ARRANGE DOUBLE HEADER HERE TOMORROW

Marathons Off to Woodstock Today—No Word of Ayres, But Management Has Line on Other Pitcher

The Marathons left for Woodstock this morning and will meet the Colls there this afternoon if the weather is fine. Winter will probably do the pitching for the Colls and Whitney will be guest for the Colls. The Houston Reds will be here tomorrow and it is possible that a double header may be arranged, the first game to start about two o'clock. The double header on Tuesday last with Fredericton was largely attended and two very good games were played. The Reds will also be the attraction here on Saturday.

The Marathons management have had no further word from Pitcher Ayres who was supposed to report here, and it is now thought that he will remain with the leaguers. The Colls, however, have a line on one or two other good writers and it is possible that they may be here next week.

DRUMMONDS AND THE PROPOSED STEEL INDUSTRY

Mr. Stewart Admits Their Interest in Project—Site Needed Yet—The Reclamation Scheme

That the Drummonds are interested in the proposal to establish a big steel plant here, was not denied by W. Burton Stewart, Vice-president of the Norton Griffiths Co., when the question was directly put to him by a Times reporter this morning. "I hope so," was the way Mr. Stewart put it, and added, "you know I cannot discuss the Drummonds' business."

Mr. Stewart said that he had no doubt but that Mr. Drummond would make an announcement in due time. A site, however, had to be secured, Mr. Stewart said. Discussing the big reclamation scheme for industrial sites for St. John, Mr. Stewart said that in his opinion the city should undertake the work, but in case they did not, he felt certain that private interests would take it up.

NON-SUIT ENTERED IN STILES VS. PORTER

Action on Promissory Note Arising in Hopewell—Busy Day in Probate Court

In the review case of Newton Stiles vs. Alpha Porter, Mr. Justice McKeown ordered a non-suit to be entered. This was an action on a promissory note tried before the police magistrate of Hopewell, who gave a verdict for the plaintiff for \$22. The question in dispute was whether or not the note was presented for payment. At the hearing on review W. B. Stewart of Sussex appeared as witness for the plaintiff and M. B. Dickson of Riverside, Albert County, for the defendant.

In the matter of the Estate of James Minahan, retired meat dealer, Henry O. McKeown, barrister-at-law, the executor, presented his accounts as such and asks to have same passed and allow and order for distribution made. Citation issued returnable on Monday, 24th September next at 11 a. m. J. MacMillan Treuman, proctor.

Estate of William McKelvey, yeoman, deceased died intestate without leaving a will, never having married. He had one brother, named Samuel, believed to be dead, and two cousins, Hannah Patterson of Brooklyn, New York, wife of Joseph Patterson, and Elizabeth Kee, of St. John, widow. Administration was granted to William G. Kee, a son of Elizabeth Kee, who has since died without having fully administered the estate, and Elizabeth Kee having also died administration de bonis non is now granted to John C. Kee, railway mail clerk, on the petition of himself and his brother, Frederick J. Kee, of St. John, commercial traveller. The personal estate is of nominal value only. The real estate consists of two lots on Sherbrooke street, which are placed for the present at the value of \$800. The object of taking out administration being to obtain leave to sell the real estate to pay the debts. J. J. Porter, proctor.

Estate of James R. Hoey, hotel proprietor, deceased died intestate, leaving a widow, Hester A. Hoey, and one infant son, James Ritchie Hoey. On the petition of the widow she is appointed administratrix. No real estate. Personal estate consists of \$1,000 life insurance. Burton L. Gerow, proctor.

In the matter of James Ritchie Hoey, an infant. On the application of Hester A. Hoey the mother with the necessary proof as to fitness, she is appointed guardian of the estate of the infant which estate consists of the infant's interest in \$1,000 insurance on his father's life. Burton L. Gerow, proctor.

Estate of Marianna L. Fowler. Deceased was the widow of Monmouth Hart Fowler, both formerly of the Parish of Hampton, Kings County, but latterly of the City of San Francisco, in the State of California. Their children are—one son, W. H. Begbie Fowler, of San Francisco, editor, and four daughters, Lillie Perrie, Jessie Levy, Emelita Lorenz and Matilda de Lerna Bourne. The latter has since died without leaving issue. The husband of deceased left all his property to his wife in trust to pay off the mortgages thereon. She applied a portion of the estate in payment of a mortgage given by her husband to one Robert Metros, but through inadvertence it is thought the mortgage was assigned to her instead of being cancelled. On the application of the above, W. H. Begbie Fowler, he is appointed administrator for the purpose of discharging a such mortgage. H. H. Pickett, proctor.

Estate of George Shanks of Lorneville, personal estate. Let will proved. Let whereby deceased gave all his estate to his wife, Eliza Ann Shanks, and nominate her as executrix, who is accordingly sworn in as such. Deceased left four sons and five daughters, some of them being of age. Real estate \$400, personal estate \$50. H. H. Pickett, proctor.

Store closes evenings 6 p. m. Saturdays 11 p. m.
