CHATHAM, JULY 15, 1880.

St. John Trade.
The St. John News is exultant over the fact that the St. John trade for 1880 is shown by the Customs Returns of that port to have been very much larger in volume than that of 1879. It argues from this that the Dominion Government deserves great credit and that the Liberals and the journals supporting that party deserve ridicule and contempt because they have not realized how very flourishing the business of the country is. The News pleases to forget that the poor trade of 1879 was due to the disturbing influences set in motion by the present Government...

The Liverpool Wood Market.
The Timber Trades Journal of 26th ult. says:
The approaching close of the first half of the year has without doubt some effect upon the demand for wood goods of all descriptions, and the end of this month is in no wise different from the usual condition of trade at this period. Buyers are unwilling to enter into transactions at a time when they are looking forward to the closing of books and stocktaking, notwithstanding the tempting prices that may be placed before them, and therefore the consumption in wood still continues on a fair scale, is yet a quiet one, and apparently the outcome of a desire to buy only in small quantities, sufficient for most pressing wants. This amount of caution is no doubt most praiseworthy, for the state of trade in this part of the country is in a very unsettled condition at present, and strikes among the operatives in the cotton manufacturing districts are being threatened in several towns dependent upon this branch of industry.

Another Report.
Here is a sample Ottawa despatch to the press:
It is said on good authority that the Government are making an arrangement with a syndicate of English capitalists to build the whole Canada Pacific Railway, and that to ratify the agreement is the occasion of Sir Charles Tupper's visit to England.
If we remember rightly, Sir John came very near making arrangements with Sir Hugh Allan to build the Canada Pacific; indeed, he had almost "sold the charter," when he suddenly discovered that "his usefulness was gone." Soon after his accession to power he went to Great Britain, where he was attended by some of our other knights, and he suddenly discovered that the whole of the United States were emigrating to the lands lying along the Canada Pacific route. He came home and the "well-informed organs" told us that he had secured an Imperial guarantee for the construction of the road, that the British Government was about to send out Commissioners to conduct the operations connected with construction, and that several bodies of capitalists were springing to build the road for the land subsidy offered by the Government. It turned out, however, according to assurances given by members of the British Government, in reply to parliamentary enquiry, that they were not committed to anything save Beaconsfield's recent statement concerning the exodus of rich American farmers to the Northwest. Now, we have not only Sir Charles, but also Sir John and Hon. Mr. Pope on the cards for a trip to Great Britain in reference to this Pacific Railway business. Let the people of the country think of these Ministers with salaries of \$7,000 and \$8,000 going to Canada at some \$8,000 each to help build the whole of the country with some \$20,000 a year—concoct and concoct more bogus railway ruin than the hope of humbugging this country. The fact is that this reckless Government is running Canada to ruin with its Pacific Railway scheme, by rolling up a debt now large enough, but which is growing by proportions in keeping with the recklessnes of the whole project. The Maritime Provinces are being ground to poverty and business paralysis by the taxation necessary to meet the large current expenditure and debt obligations undertaken by Sir John Macdonald and his political associates. Our resources, which, with prudent administration, are calculated to maintain a fair growth of national prosperity and advancement, are being ground to powder by the demands of our fast-increasing public indebtedness. The Canada Pacific Railway is a mill-stone about the country's neck which no amount of inventions such as that above-quoted will shake off and which can only be lightened by a change of rulers at Ottawa.

Arrested for Forgery.
On Thursday last Mr. John Melick, well known in St. John, a ship-broker and ex-almshouse, was arrested on a charge of having forged the name of his uncle, Henry Melick, as endorsement on a note for \$3,200, which was "discounted at the Bank of New Brunswick about 2nd of March last.
The Sun gives the following account of Melick's arrest:
The Chief of Police received information of the affair from the Bank people, who had been notified by the bank of the forgery. Mr. Melick was arrested at once, and taken to the police station. He was held in custody until he had given a satisfactory explanation of the matter. He was then released on bail.

The Tracadio Lazzarotto.
We understand that the visit of Mr. Tracadio Lazzarotto, which was referred to in our last issue, was to make a report upon its condition, pursuant to a petition of the people interested, asking that the Dominion assume charge of the institution.
It is a gratifying fact, that the Minister of Agriculture appears to be desirous of performing the duty devolving upon him in this matter, and it is only right that he should make all proper enquiries before taking positive action.
We have not as yet ascertained the real object of the members of the Local Government had in accompanying the Deputy Minister to Tracadio. It gives us, nevertheless, pleasure to learn that they expressed themselves most de-

was answered in the affirmative. He was then brought to the city, taken before the Magistrate Lockhart and remanded to jail until Monday next.
It is thought that Melick left the city about 3 o'clock in the afternoon. The detainers started Mr. Melick about 3.30, and from the time he was first heard of until he was arrested, but about two hours and elapsed.
It appears that other forgeries are to be charged against Melick and that the St. John public look for some very interesting criminal developments to come out of the trial.

A Serious Charge.
The following telegram appeared in the papers of 9th inst.:
NEW YORK, July 7.—Police Inspector Byrnes to-night arrested Lawrence R. Jerome, Jr., son of the well known banker and sporting man, and Edward M. Patchell, manager of the banking house of Guy, Bevan & Co., on a charge of conspiracy to defraud the stockholders of the Ives & Co., was sent out last Saturday to deliver stocks valued at \$87,200. He returned, saying he had not the package of stocks, which he had hidden in the office of the Stock Exchange, reported the loss to the Police. After a long search, the securities were traced to the possession of the prisoners. Both are unmarried young men, and familiar with the ways of Wall Street. Jerome being engaged in the Stock business, and Patchell in the office of Messrs. Guy, Bevan & Co., lumber shippers, and a short time ago was sent to New York to take charge of the office there. While in St. John, Mr. Patchell was quite a popular young man, and there is a general feeling of surprise that he should be concerned in such an affair as is reported in the telegram. He was on a visit to this city a few weeks ago.

Justice Duffy (interrupting)—They may not have seen the advertisement.
The envelope in which the securities had been contained)—They saw that.
The envelope has printed on it in large letters the following, the parts in brackets being written:

Account of William Wood Constable for \$24 for taking prisoners to St. John. The Committee recommended that he be paid a balance of \$2.00 on the same. Passed accordingly.
A charge made by Ralph Fayle, Esq., J. P. which was before the Committee in January last, for preparing legal papers. The Committee recommended that the amount of \$2.00 be paid, and the same recommendation extended to a similar account.
Some discussion ensued, in which the Secy-Treas. stated that such fees were not allowed by law.

Account of W. S. Brown thought if they refused to take any action in the matter; it might be thought by the Dominion Officials that they did not want them to pay local taxes, and he had heard it said that some were only assessed on a part of their income, and there were many persons hired with private individuals who did not get the whole amount of their salaries and had to pay their taxes, he would move to forward a petition to Ottawa of similar nature to the Fredericton one.

THE ALMOUSHOUSE.
Councillor Betts suggested that the Committee appointed to visit the Almshouse report.
Councillor Bamford reported that the Committee appointed, had visited the rooms of the Almshouse and also the cellar, barn, and storeroom, and were well satisfied with the order and cleanliness which prevailed, which reflected great credit on those in charge. The persons of the inmates also appeared clean and tidy.

Coun. Bamford suggested that in the absence of other business, the Councillors might prepare their bills for mileage.

RENT OF CHATHAM LOCKUP.
It was moved by Coun. Lawlor and seconded; that the Secy-Treasurer be ordered to pay the sum of \$82 to the Chatham Lockup House Committee, for rent due up to July 15th inst. Carried.
AN EARLY CLOSET FOR THE JAIL.
Coun. Freeze moved that the Jail Committee be requested to put an earth closet in the Jail.
Coun. Betts said it would be well to see what had already been done by the Jail Committee.
Coun. Freeze said that in winter there was a fearful stench, and he did not know how it was this hot weather. There had moreover been a deal of sickness and the cost would only be \$25.

DOMINION OFFICIALS AND THEIR TAXES.
The Warden read a petition from the Mayor and Aldermen of the City of Fredericton to the Governor General in Council, stating that, whereas doubts had been raised as to the liability of Dominion Officials to local assessments, the power to levy the same had been referred to the Dominion Officials to such local assessments.
The petition, therefore, prayed that an act might be passed subjecting the Dominion Officials to such local assessments.
This petition had been forwarded both to Chatham and Newswale, and co-operation was asked in the matter, by similar petitions.
Coun. James Brown said the Dominion Officials in Newcastle always paid their taxes.
Coun. Lawlor said there were quite a number of Dominion Officials in Chatham, and if they were refusing to pay their taxes it would be very well to assist in the matter, but he never heard of them doing so.

Account of W. S. Brown thought if they refused to take any action in the matter; it might be thought by the Dominion Officials that they did not want them to pay local taxes, and he had heard it said that some were only assessed on a part of their income, and there were many persons hired with private individuals who did not get the whole amount of their salaries and had to pay their taxes, he would move to forward a petition to Ottawa of similar nature to the Fredericton one.

Miramichi and the North Shore, etc.

PERSONAL.—Hon. Peter Mitchell was among the visitors to Chatham this week.

THE LADIES OF THE CHATHAM METHODIST Church intend holding a Raspberry Festival on the 24th inst.

ONE HORSE.—We observe that the Department making an arrangement with the mail contractor between Newcastle and Fredericton for a one-horse service.

On Thursday evening last week, the pupils of St. Mary's Academy, Newcastle gave one of their attractive Musical and Literary Entertainments in Masonic Hall of that town.

A LEAP IN THE DARK.—On Monday night last a five-year-old daughter of Dr. McCurdy, Chatham, imagined in her sleep that there was "a man in the house."

NEWCASTLE.—Patrick Hayes, 80, James McKeown, 75, and William Lawlor, 120.

THE LAND COMMITTEE.—Coun. W. S. Brown said that he should not feel justified in recommending that the committee do not bring in a report.

Coun. James Brown said that the committee appointed at last session with reference to this matter could not agree.

IN ANSWER to an enquiry as to what pieces of land were under consideration he might state there was a small piece of a road, part of which is occupied by Judge Williston, another piece, which now was nothing but an eye sore, Bishop Rogers had declined to acquire, there were also two other pieces, one occupied by A. A. Davidson Esq., and the other by Mr. Ramsay.

Coun. W. S. Brown moved, seconded by Coun. Johnson, that these parties be offered the land in question on the same terms as had been offered other parties.

IT WAS MOVED and seconded in amendment, that the Secretary be instructed to take possession of the piece of land held by A. A. Davidson Esq. Carried.

W. S. Brown then withdrew his original motion, saying that all the parties should be treated alike.

Coun. W. S. Brown asked the Sec. Treas. if the Auctioneers had paid their fees.

The Sec. Treas. said there were some of them in arrears, but the matter would be dealt with.

Coun. Johnson reminded the Secretary of the failure on the part of the Justices to make returns according to law.

The Sec. Treas. promised that the law should be complied with.

Coun. Betts moved that a committee of five be appointed to report on County lands at next January Session.

The following Committee were then appointed viz, Coun. Betts, Loggie, Cameron, Freese and Robinson.

An account of Mr. W. Watt which was given on the 10th inst. was handed by the Sec. Treas. to the chairman of the County Accounts Committee stating that the account was not paid last January because it was not sworn to.

IT WAS MOVED and seconded that the account be paid with the same reduction on it as last year. Carried.

NOTE OF THANKS TO THE WARDEN. Officers of Coun. W. S. Brown, Coun. Johnson took the chair, which was vacated by the Warden.

IT WAS THEN MOVED and seconded that a vote of thanks be tendered to the Warden for the able and impartial manner in which he had discharged his duties during the Session.

A number of Councillors expressed themselves highly pleased with the Warden's conduct in the Chair, and some even intimated their hope of seeing him in the new Parliamentary buildings, now being erected in Fredericton.

Coun. Johnson, Chairman, pro tem, duly tendered to the Warden a vote of thanks, referring to the ability and impartiality of the Warden, and stating that he had heard it on good authority that he was aspiring to the Local House, and he, Coun. Johnson, had no doubt, in that case, that every Councillor would support him, in his parish, (Cries of hear! hear!)

The Warden on receiving the chair thanked the Council for the courtesy with which he had been treated, and expressed himself well satisfied with the manner in which the business had been conducted, and he thought much benefited by the action of the Council during the last two years. He never had so little trouble in presiding over any body. In conclusion he thanked the Council for the harmony which had characterized their proceedings. In his allusion to what had been said about his aspiring to the Local House, the Warden neither seemed to affirm or deny the soft impeachment.

The Council then adjourned sine die.

Target Practice Regulations. The following regulations governing Target practice at annual drill of Active Militia corps for 1880-81 have been issued:—

Too much care and attention cannot be devoted to the musketry training of soldiers.

Target practice affords proof of the attention bestowed on preliminary drills.

In carrying out the annual target practice of the Active Militia, every soldier will fire five rounds at 200 yards, standing ten rounds at 400 yards kneeling and five rounds at 600 yards, any military position.

At the conclusion of the individual firing, a classification is to be made, when those soldiers who have obtained 40 points will be classified as first class, those obtaining 30, but failing to obtain 40, as second class shots; and those failing to obtain 30, as third class shots.

Value of points: over black die or flag 2; centre black and white die or flag 3; bullseye white die or flag 4. The signal for danger or cease firing is all cases to be a red flag; on account is a shot to be fired when the danger flag is up at the mark; "Stand," "ceasing," and "firing done," as defined in the position drill, are the recognized military positions.

No man is ever to load until all is clear for him to fire, and if it becomes necessary for any purpose to cease firing, any man who is loaded will at once unload, remaining unloaded until the order is given to resume the practice.

Officers in command are reminded that it is to be understood that each man is to be under proper supervision—that of the senior company officer present at target practice, the number of rounds of ball ammunition authorized for that purpose, and no man is to use more than his share of the Government allowance, viz, twenty rounds.

made ready to leave her as she was soon to sink. Mr. Rees placed a considerable sum of money and some other valuable property in one of the boats and returned again on board—the sea being comparatively smooth. Before he could get back the boat was accompanied by James O. Fish, Esq., a bridesman. The very impressive marriage service of the Church of England was conducted by the Rev. Herbert H. Barber in a manner befitting the important occasion. R. B. Halliday, Esq., called upon the bride and groom, and the front seats were reserved for the relatives of the bride and distinguished guests. The dresses of the ladies, some of which were very elegant and striking, added much to the brilliancy of the scene. The rest of the church was crowded to its utmost capacity by spectators. As the happy couple left the church, the bells pealed forth a merry chime and Mendelssohn's Wedding March rolled forth from the organ. The guests repaired to the residence of the bride's father, and by the midnight train Mr. Mappin and bride left for an extended tour through the Maritime Provinces.

St. Mary's Entertainment last week. On Thursday evening last week, the pupils of St. Mary's Academy, Newcastle gave one of their attractive Musical and Literary Entertainments in Masonic Hall of that town. The programme was made up of Piano, Organ and Vocal Music. Among those who took prominent parts were Misses Ellen and Mary Ann Hall, Della Dixon, Mary Ann Quigley, Mary Buckley, Ellen Wheeler, G. Overton, Cecelia Keating, Mary Wheeler, Mary White, Miss Adams, Maggie Carter, Minnie McDougall (Oak Point), Mary Hallahan, Maggie Cullen, Minnie Holt. The principal pieces were the Fairy Opera "Lalla" in which Misses Adams and Mary White were well supported by the concert pupils and the comic sketch, "An Aight Mistake." The piano music reflected great credit on the young ladies who performed, as well as their excellent teachers, while the vocal music evinced much careful and correct training.

His Lordship, Bishop Rogers, spoke a few words of congratulation at the close, everyone seeming much pleased with the evening's programme throughout.

Chatham Grammar and High School. The midsummer examination of the Chatham Grammar and High School took place on Friday last in presence of a fair attendance of visitors. Mr. Thos. Crimmen, Trustee, being also present.

Let. Senior French Class was examined and criticised by John Brown, Esq., of Chatham, who offers excellent chances to farmers to secure cloths, flannels or blankets in exchange for wool. Gentlemen desiring cloth for business suits also should examine Mr. Brown's stock and samples. As he is the manufacturer's agent, his prices are very low considering the quality of the stock.

THE NEW R. C. CHURCH BISHOP.—The consecration of Bishop Wilson, the newly elected Bishop of the Reform Episcopal Church of Canada, took place in the Second Reform Episcopal Church, Philadelphia, Thursday evening July 1st.

For his first Episcopate visit he has made the following appointments: Hamilton, 11th July; St. Thomas, 18th; Toronto, 25th; Digby, N. S., 1st and 8th August; St. John, N. B., 15th August; Sussex, N. B., 22nd August; Moncton, N. B., 29th August; Chatham, N. B., 5th and 12th September; Ottawa, 19th September, where he will reside as Rector of Emmanuel Church.

THE LEWIS-POTOKY DRAMATIC COMPANY, who appeared in Chatham during the present week, belong to a class of artists much above the average of travelling organizations. They appeared in an excellent bill on Monday night, the leading feature of which was "Our Folks." On Tuesday night "Dan Druce" was presented. The pieces are splendid and require a high order of talent. It was played every night, notwithstanding the annoyances to which we refer elsewhere, and could not fail to absorb the attention of those capable of appreciating genuine acting. Such companies deserve the encouragement and patronage of respectable people.

THE RULES.—Lists are open at the Drug Store of Messrs. MacKenzie & Co. and at the office of the Bookbinders for a Raffle Match which is to take place on Thursday 22nd inst. at the Chatham Range, Wellington Road. It is to be open to all riflemen who sign the roll at either of the places named, and pay a fee of 50 cents by eight o'clock on Wednesday morning. The ranges will be 400, 500, and 600 yds. 5 rounds at each, one sighting shot to be allowed on payment of a five cent fee—the match to begin at nine o'clock a. m. The amount and number of prizes will depend on the result. All our marksmen should take part in the proposed Match. Major McCulley will have charge of the Range.

POLICE.—The Town of Chatham is without a police force at present and there is a general feeling of annoyance resulting from the want of a police force. As the members of the Police Committee are taking so much time to make choice of men, it is to be hoped that an efficient service will be the result. Men who will not go to bed when ordinary citizens do—who will not go out into the middle of the street in order that they may not disturb the squads of loafers who block up the sidewalks—who will not fear to arrest intoxicated persons—who will leave the business of "crimping" sailors to the ship-riggers and boarding masters—who will be a source of protection to the place, its good order and good name—are required. It will be a new thing to have such a force, but our Councillors need not hesitate about introducing the innovation. The following details of the day during the past few days show that vigorous treatment of a large number of our roughs will have a beneficial effect.

DEBLY ENTERTAINMENT.—The ladies of the Methodist Church deserve great credit for the manner in which they entertained their friends on Tuesday evening. The Andover carried about 150 excursionists from Chatham, Newcastle and other points, who on their arrival, found a large number assembled from the locality. There was a first-class tea provided in the open air, which was disposed of on the arrival of the boat, and refreshment tables afterwards supplied all who were disposed to patronize them. In the hall there was music by a quartette composed of Misses Allison and L. A. Wilson and Messrs. J. H. Morill and W. Hart; Miss Wilson also sang a solo, "Her bright Smile Haunts me Still," and Mrs. Henry Betts gave a comic Reading. Rev. Messrs. Steele and Lodge delivered addresses—the whole concluding with the National Anthem. The Andover arrived at Chatham about two o'clock, all who went on the excursion having thoroughly enjoyed it.

A Miramichi-bound Ship Lost. A shocking story of heartless loss from St. John, Newfoundland, in reference to the ship Titania. It appears that on Tuesday last week, that vessel left St. John having on board—besides Capt. Lloyd and crew—the owner, Mr. John Rees of Swansea. On Tuesday night the ship struck an iceberg and the boats were

of silk, made en train, draped and looped with white and cardinal; the corage was ornamented with white daisies and white flowers nestled in her raven tresses. The bride was attended to the altar by two beautiful bridesmaids, her sister and niece. The groom was accompanied by James O. Fish, Esq., a bridesman. The very impressive marriage service of the Church of England was conducted by the Rev. Herbert H. Barber in a manner befitting the important occasion. R. B. Halliday, Esq., called upon the bride and groom, and the front seats were reserved for the relatives of the bride and distinguished guests. The dresses of the ladies, some of which were very elegant and striking, added much to the brilliancy of the scene. The rest of the church was crowded to its utmost capacity by spectators. As the happy couple left the church, the bells pealed forth a merry chime and Mendelssohn's Wedding March rolled forth from the organ. The guests repaired to the residence of the bride's father, and by the midnight train Mr. Mappin and bride left for an extended tour through the Maritime Provinces.

Rowdiness Let Loose. The respectable people who attended the performance of "Dan Druce" at the Masonic Hall on Tuesday evening, were very much annoyed by the misconduct of a large number of the young backsliders who appeared—owing to there being no policemen—determined to give rein to their inclinations. They were compelled to the great annoyance and discouragement of the artists and loss of those who had paid for their right to witness the play. It is to be presumed that our Police Committee care little about these things, but they are more the less dignified and respectable people who had the Hall under engagement at the time were entitled to decent protection, but it was withheld from them, and to secure sufficient quiet and order to enable them to present the last act they were compelled to admit the backsliders were carrying on the annoyances on the outside. Mr. Lewis was obliged to come before the curtain twice and ask for his rights, viz, sufficient order to admit of the piece being performed, and sufficient order to receive the credit on his good temper and stamped him as a gentleman, although, in a measure, he "cast pearls before swine." It is not probable that he and his associates—who appear to be a credit to their profession—will even again visit a place where they are so despised and scorned. It is to be hoped that the town laws are strong enough to lead strangers to expect better things of so large a number of its people. A great proportion of the offenders were young lads who ought not to be allowed to go out of their parents' charge, but who seem to be under no parental control, and it is hardly to be wondered at that lax discipline at home should result in such evidences of youthful depravity as that which we refer.

Charge Against Mr. Turgeon. A charge was lately preferred against Mr. O'Brien, Collector of Customs at this port, (Bathurst) signed by four persons in Bathurst and three in the parish of Beresford. The Government sent Inspector Cadlip to investigate the charges. The four persons who signed the charge were the memorial against O'Brien, viz, William Baldwin, James Thompson, John Irvine, and Peter Hachie, were examined under oath, and stated they knew nothing about the charges except what they had learned from the newspaper. Applications were made by the Clerk of the Peace, Mr. Desbrisay, for the original document, and when it received the trial will take place. Mr. Turgeon is the person who has been charged with the offence of having been absent from the presentation of Gloucester. He boasts of having the patronage of Gloucester and ostentatiously displays correspondence from Mr. Tilley to convince persons of the fact.—St. John Globe.

Apron Fair at Dooktown. Dooktown, July 10th, 1880. DEAR ADVANCE.—The people of our village, being truly loyal, celebrated Dominion Day by holding a Picnic and Apron Fair, proceeds to aid in completing the Presbyterian Church in the place. The morning was bright and clear inspiring all with high spirits and good cheer. Early in the morning our "Avril Artillery" was brought out, several salutes were fired, and flags were displayed from various points, while the Band drawn by four coal black horses, dashing through the village, performed a wonderful piece of music, which fell pleasantly on the ear as the sounds swelled and reached in the distance. A bridge had been prepared leading to the beautifully wooded island near the village, on which all crossed. The fare collected by Messrs. Simms and Donaldson, the night upon arriving on the grounds was, indeed, charming. There were tables capable of seating from eighty to one hundred persons, while side tents were also provided in which the culinary art was displayed by some of the most fashionable to linger and spend their money. Great credit was due to those who had charge of the tables, and it was difficult to determine which was the most beautifully decorated or the most temptingly prepared. Mrs. Saml. Holmes, Mrs. J. L. Murray and Miss Maggie Doak, the committee on tables, seemed to vie with each other in their attention and kindness to all that partook of their refreshments, which left many pleasant and lasting impressions. At a short distance there was erected a stage from which addresses, dialogues and recitations were delivered, an organ being performed on by the Misses Archibald and Haviland. The bagpipes accompanied by fiddles, fife and drum added much to the novelty and vivacity of the occasion. Confectionery was dealt out to the heart's content of the juveniles by Miss M. Swin, Miss Young and Mr. Artrige, who by their genial good humour and pleasant ways were very successful in the pockets of those who came in their way. Mr. Artrige good-naturedly pressed his lemonade, which possessed the wonderful property of causing all who drank to thirst for more. The Apron Fair was presided over by Miss Maggie Doak, Miss Carrie Swin and Mr. Elijah Fowler, who were so irresistible in furthering their sales, that long before the day was passed, the aprons which were many, and of all styles and patterns had disappeared. Swings were provided for the young; a sort of lottery, in which various articles, valuable and useless were drawn on payment of a small sum; the articles drawn sometimes creating much merriment; from a grove in the distance, came forth at intervals, the loud peals of what appeared to be a twelve pound cannon, but on close examination proved to be two barrels charged with powder, sitting one on the other and fired. Mr. John L. Murray, Mr. Harvey Doak, Mr. Samuel Holmes, and Mr. Samuel Freese, were most assiduous in their endeavors to secure the comfort and attend to the wants of all. Many friends were present from Newcastle, Nelson, Blackville and Boistown. We also noticed the Rev. Mr. Johnston, the Rev. Mr. Edwards and the Rev. Mr. Blair. The Committee attribute much of the success of their apron fair to kind friends at a distance, who so liberally contributed thereto. At the close, all united in affirming that they had spent an enjoyable and harmonious time. The sum realized, after paying all expenses, was found to amount to over \$200. A few minutes later, the Committee were called together by the chairman, who cordially thanked them for their hearty co-operation in the work. M. R. S. A.

The Richibucto St. Louis Bazaar and Picnic. As stated last week by the ADVANCE, the amount realized by the Bazaar and Picnic at Richibucto, on the 6th of the St. Louis Convention, realized \$11,150.

The following are the numbers and person winning prizes. Bed Room Set, No. 333, A. McMillan, Richibucto. Field Watch, No. 41, Mrs. J. Jardine, Richibucto. Ornamental Chair, No. 301, W. White, Richibucto. Ornamental Chair, No. 14, Dr. Moody, Richibucto. Sewing Machine, No. 181, Charles Nicholson, Carleton. Dressing Gown, No. 11, Miss Sarah Moffat, No. 26, R. McDonald. Doll and Cradle, No. 84, M. Babineau, St. Louis. Cushion, No. 73, M. Flanagan, Richibucto. Cushion, No. 15, D. Girouard, Richibucto. Cushion, No. 341, E. Harnet, Kingston. White Dog, No. 61, E. McDonald. Mitten, No. 26, R. McDonald. Fancy Tidy, No. 188, Mrs. W. Wheten, Richibucto.

The whole affair proved a complete success and passed off most agreeably. The first evening of the Bazaar, the people of the Convention gave a very interesting entertainment to a crowded Hall at which were present Right Rev. James Rogers, D. D., Bishop of Chatham, Fathers John O'Brien, Rev. H. J. Donnet of Pokemouche, Rev. O'Leary, Deacon, and Rev. M. F. Richard, Pastor and also the most distinguished citizens of Richibucto and surroundings.

At the close, the Bishop addressed the people, and his assistants and paid well deserved compliments to both.

Hon. O. McInerney also spoke a few kind words to those present and was warmly applauded.

The Rev. Mr. Richard then also addressed the people, and his words were applauded as if the manifestation of goodwill came from warm and grateful hearts.

The following evening an Amateur Club from Kingston gave an entertainment "Ten nights in a Bar-room" and they acquitted themselves most admirably. On Tuesday evening the Mayor presided at the memorial against O'Brien, viz, William Baldwin, James Thompson, John Irvine, and Peter Hachie, were examined under oath, and stated they knew nothing about the charges except what they had learned from the newspaper. Applications were made by the Clerk of the Peace, Mr. Desbrisay, for the original document, and when it received the trial will take place. Bathurst Notes. 13th July 1880. COUNTY COURT.—The July Term of the Gloucester County Court opened today. Hon. Edward Williston presided. The first business before the court was a full report of which appear when the court rises. EXAMINATION.—The midsummer written Examination of the Bathurst Grammar School ended on Friday 2nd inst. Grades 7, 8, 9, 10, 11, 12, and 13 were examined orally, as follows, which are a few of the highest general average marks, will show. Grade 9, J. A. Donaldson, 800. Grade 8, Mary Kerr, 775. Laura Eddy, 755. Lizzy Miller, 740. Grade 7, John J. McInerney, 920. Mr. O'Brien, 870. James Wilbur, 800. The school closed for the summer vacation, to resume work in five weeks.

A WANT.—The want of a large private boarding house, which would accommodate families who come here for the summer, is being severely felt this season. The "Wilbur" and "Carter" Houses are both full, and many private houses have taken in ladies with their children for the summer. Mr. Wilbur of the Wilbur House has had to refuse many applications, principally from upper Canadian families, and who consequently have had to go to Point du Chene, Donaldson and elsewhere, although they prefer Bathurst. The building of a large hotel at Nelson Point at the mouth of the Harbor, is strongly advocated by tourists many of whom assert that if the Americans had any idea of the beauties of Bathurst, they would erect summer residences here themselves. There is little doubt but that such a house as indicated, would yield large profits during the summer season, but would not likely pay during the winter.

"ACCIDENTAL DROWNING"—On Monday night, 5th inst., a young man named Boucher mysteriously disappeared from Messrs. Burns Adams & Co's mill. He was last seen sitting on the end of the wharf near the mill about 9 p. m. Not turning up the river was searched, which resulted in finding his body on Thursday last. An Inquest was held by Coroner MacIntosh, and the above verdict returned. It is supposed he had dropped asleep and fallen over and was not able to recover himself. Through the kind efforts of his employers, Messrs. B. A. & Co., a subscription was immediately started among his fellow workmen for his mother, who is a widow and totally dependent on her son's earnings for a living, and the handsome sum of \$80 was raised.

ACCIDENT.—Joseph Adams, a workman in Messrs. Burns Adams & Co's mill, while placing the belting on the grindstone one day last week, had his foot caught between it and the wheel and was carried round by the revolving shaft. His foot and ankle bone were wrenched completely out of place, the ankle bone protruding beyond the skin. He also received minor injuries about the head and shoulders.

P. H. Melvin one of Messrs. Burns Adams & Co's foreman was severely injured by some log rolling over him on a drive in Petit Roche last week.

John F. Carter, while working about his Rotary Steam Mill, near town last evening, was severely scalded by steam and boiling water which suddenly escaped from the boiler near where he was. His injuries are not considered dangerous.

Kent Municipal Council. Tuesday, June 29. The Council met at 11 o'clock a. m., the Mayor, C. Y. Walker, Esq., in the Chair. Three councillors were absent. The minutes of last meeting were read and adopted.

The Secretary was requested to wait on T. W. Bliss, Esq., Stipendiary Magistrate, and request him to furnish a Council with a copy of his account of fines collected in the year 1879, the same not appearing in the late secretary-treasurer's account.

An addition of three councillors was made to the full committee for the purpose of examining the jail, Court House and premises, and to report to the Council not later than Wednesday, 30th inst. as the best means for the sewerage of said premises.

In the afternoon session the secretary reported having had 600 copies of the by-laws printed, viz, 300 in English and 300 in French. It was ordered that the secretary retain 100 copies and distribute the balance pro rata, according to population, and that the committee of the council of the respective parishes.

The report of the public wharf committee was read, and the committee was further instructed to keep the expenditure within the income, making such arrangements as may be necessary to comply with the rules and regulations, was handed in and \$100 was ordered to be paid thereon.

THE SPECIAL AUDITOR'S REPORT on the county accounts occupied a considerable portion of the afternoon session. A letter from C. J. Sayre, Esq., ex-Sec. Treasurer, was handed by Robt. Hutchinson, Esq., read by the Warden and is as follows:—

RICHIBUCTO, June 29, 1880. Gentlemen: Through the kindness of Mr. C. A. I was informed a short time ago that you had appointed me as Special Auditor, at its last session, to audit the accounts of the late Sec. Treasurer, I have the honor to acknowledge the receipt of the accounts of the late Sec. Treasurer, and to advise you that I have had the honor to audit the same, and to report to you the result of my examination. I have the honor to advise you that I have discovered some errors in the accounts, and I called upon him to see what he could do to correct them. He has done so, and I have the honor to advise you that the most important of those errors should ever have occurred; and that they were neither charged by Mr. C. A. I, nor by the auditor, nor the finance committee is certainly astonishing for they are apparent to any one who examines the accounts. I have to inform you that the following sums, which I have now ascertained to be correct, are the amounts which should have been paid to the county treasurer, viz:—

Amount received from John Curran, collector of rates Ward No. 2245 \$245 00
Amount paid Richard Irving, twice on 1877, twice on 1878 16 00
Amount paid J. L. Herbert, twice on 1877, twice on 1878 13 40
Also, County clerk's half year's salary in 1877, twice charged 25 00

I am unfortunately confined to the house with a sore foot, and cannot move out, otherwise I should ask the privilege of being heard in explanation of these things, before the Council. I have no other business to attend to, and I desire to examine them further. And I presume the Council will give me an opportunity of doing so.

Your obedient servant, (Signed) CHAS. J. SAYRE, To the Warden and Council of the Municipality of Kent County.

WEDNESDAY, June 30. The account of D. G. Smith, for printing, was presented and a payment of \$25 thereon was ordered.

The special auditor resumed the reading of his report. On concluding several councillors asked explanations of various portions, when it was upon motion resolved that Mr. Sayre, late secretary treasurer, be heard in explanation, whereupon Mr. Sayre addressed the Council as follows:—

On motion of Coun. Livingston, it was resolved (after a lively discussion) that the special auditor's report be referred to a committee of three, to be appointed by the Council, and to report at the next meeting (special or otherwise) of the Municipality, the late treasurer now to pay over amount he admits to be due by him.

A committee consisting of Councillors Livingston, Gratton and J. L. Richard was appointed for this purpose.

A yearly rental of \$5 was ordered to be charged each person occupying or holding building lots on the public grounds.

THE COUNTY SURETY. The secretary was instructed to take possession of the county safe, now in the office of his predecessor.

It was ordered that a fine of \$4 be imposed on any person riding or driving faster than a walk over Kingston bridge.

At the afternoon session the secretary was directed to be paid to the special auditor.

The petitions of Robert McClelland and W. R. Black, for remission of taxes, were complied with.

The petition of Robert Doherty was received and granted.

The sheriff's account for \$313,70 was read and adopted.

It was ordered that the names of all persons to whom licenses are granted for the sale of spirituous liquors be published in the Montreal Acadia, and Miramichi Advance, two weeks each.

And this prince was really only Mr. Hubert Davenport, the son of a wealthy New York merchant, who was spending the summer with his uncle, Judge Davenport, at Oakland, a little village on the Hudson...

"Father was right," she said, as if speaking to some one beside her. "Hubert Davenport was but playing with me, and I believe him so good, and true, and noble! But all is not lost. Life is still before me, thank heaven, and this night—this very night—I'll fix my fate for weal or woe, and bid them all—father, mother, friends and home—good-by!"

She had won another triumph, brilliant as the most ambitious could wish, but she was heard to say by her that she wanted to get a glimpse of her at the stage-door, as she passed to her carriage: "Drive fast, David! I am tired—so tired!"

When she reached the gate, she stopped in the shadow of the maples, and looked back at the dear old home she was leaving—it might be forever. A great rustling among the gooseberry bushes announced the approach of some one. Rosalia stood perfectly still and listened.

Adelaide had not refused him her friendship—an honor very few could boast of; but she was too full of love and concern, and took no notice of his tender overtures whatever. Her studied indifference neither hurt a little, and one evening he rather abruptly brought matters to a crisis, by remarking, with an earnestness that left no room for doubt:

And she was so lovely, this young, willful, impulsive daughter of Deacon Snowden's, that one could but tremble when they looked into her dark, lustrous eyes, and read there the latent power and ambition that filled her awakening soul.

Rosalia had many things yet to learn, many difficulties to overcome, and many temptations to resist; but she had entered upon her career. "You know that I did! But that time is past, and you are less than nothing to me now. Least than nothing! but you do love me still. You have had your revenge, and you ought to be satisfied with that. Shall I go or stay, Rosalia?"

And before she could utter a word of remonstrance he was gone. A lady, in a handsome travelling dress and wearing a thick brown veil, stepped from the train at Oakland, one evening in June, and, without speaking to or being recognized by any one, slowly walked up the village street, in the direction of Deacon Snowden's.

"Oh, it's all such a wearisome, wearisome life!" she thought; "a task that is never finished, a headache that never ends, praisings that are but hollow nothings, love that is only a name for nothing, and triumphs that die with the nothings. Oh, my mother, if I were only with you again, and the old, old happy life were once more mine! I wonder if they have forgotten me! Eight years change one so. Eight years! Can it be so long ago since the something happened that made me what I am?"
