AN OPEN BIBLE.

Is The First Principle of Orangeism.

Rev. W. J. Rutledge of Woodstock, preached a special sermon for the Hartland Lodge of Orangemen, last Sunday morning.

The members of the lodge, numbering about 60, including representatives from Simonds, Victoria and Waterville, formed in a procession at the Orange Hall, and, headed by the band, marched to the church. The theme Mr. Rutledge spoke on was "The Gospel of Christ, the Hope of our Country."—the open Bible and the right of all to read it. The text is found in John 8:32.

Said the preacher: "Every Canadian looks to the success of the Dominion. It must come to Canada if Christ is believed in. But by the immigration of all classes of people from all countries, heterodoxy will spring up, and it will cost us some concern to unify this heterodoxy to a common belief. A simple watch word will not do it—we must strike home to the heart. The doctrine of Christ is in chief the "Brotherhood of Man" in which race distinction cannot exist, caste cannot live. In the fold of Christ there is no distinction between Jew or Greek, English or Irish, French or Italian, Bound or Free. The "Son of Man" is different from any other reformer, inasmuch as this religion is as much for one nation as for another, while Judaism was very narrow and could not see beyond the border of little Palestine.

The Loyal Orange Association stands for the unification of the Gospel of Christ, and Principles can only become operative as they are believed in by the people. All knowledge comes of God—there is none other. God is everywhere and in everything. God is in the landscape; What is history but the story of God's dealings with man? What is science but God's operations? We want to make our efforts tell for the very best good of our country." Concluding the speaker urged his hearers to the consideration of the Plebiscite.

The choir was comprised of Mesdames Curtis, Taylor, Misses Kelley, McAdam, Hay, Campbell, VanWart, Long, Messrs Alexander, Blakeslee, Campbell, Morgan.

Woodstock News.

Woodstock is anticipating two good days' sport on the 10th and 11th of August. The races on the first were so well conducted that new interest has revived in Carleton county's favorite sport, horse racing. Gallagher Bros. intend giving purses aggregating \$72 on the days mentioned. The classes will be 2.20, 2.24, 2.28 and 2.32. A purse for prizes for features in polymorphian and trades processions is also being worked up. A regular gala time may be looked for. Excursions will be run from various points.

ROCKLAND WEDDING.

Estabrooks—Barnes.

The marriage of Miss L. Frank Barnes and Mr. Arthur S. Estabrooks, of Rockland, took place, as was announced in the ADVERTISER last week, on Tuesday, July 19th, at 2 o'clock p. m., in the Free Baptist church at Rockland. The ceremony was performed before a large assembly by the bride's father, Rev. J. J. Barnes, assisted by Revds. J. B. Daggett and A. H. Hayward.

At the hour appointed the bridal party entered the church and to inspiring music made their way to the altar. Miss Barnes leaning on her father's arm followed by her little brother, Gayton, who acted as page, going up one aisle while the groom went up the other.

The bride looked very pretty dressed in a light brown cloth travelling suit trimmed with braid and wearing white roses. She wore a hat matching her suit. The little page was cutely dressed in a sailor suit of white duck trimmed with light blue and he attended to his duties very gracefully.

The church was very nicely decorated for the occasion. Over the front of the pulpit was erected an arch of evergreens and flowers from which a floral bell was suspended. The back of the pulpit was a perfect bank of flowers and the organ could scarcely be seen for them.

Immediately after the ceremony and the congratulations of their friends Mr. and Mrs. Estabrooks left the church to the strains of Mendelsohn's Wedding march, and drove to Hartland accompanied by the parents and brothers of the bride and a number of friends, where amid showers of rice and many congratulations they took the 4:30 express for St. John.

Mr. and Mrs. Estabrooks will receive their friends after the 24th July at the residence of Mr. and Mrs. C. H. Taylor, Hartland, where they will reside during the summer.

The wedding march was played by Miss Alveretta Estabrooks, sister of the groom.

The Commercial

The Commercial Hotel at Hartland, is now one of the best fitted up hotels north of Woodstock. The house has been renovated inside and out. The sanitary arrangements are perfect, with hot and cold water baths, cuisine the best that can be procured, good sample rooms and livery stables in connection make it a first class hotel for commercial men to stop at.—Railway News.

AGONIZING PAINS.

Endured by Those who Suffer from Sciatica—A Victim Tells How to Obtain Relief.

Probably no trouble that afflicts mankind causes more intense agony than sciatica. Frequently the victim is utterly helpless, the least movement causing the most agonizing pains. Those who are suffering from this malady the following statement from Mr. John Hayes, of Hayesville, York Co., N. B., will point the road to relief and cure. Mr. Hayes says:—"For upward of twenty years I have suffered from weakness and pain in the back. Some four years ago my trouble was intensified by sciatica settling in my right leg. What I suffered seems almost beyond description. I employed three doctors but all to no purpose: I had to give up work entirely, and almost despaired of life. This continued for two years—years filled with misery. At this time I was advised to try Dr. Williams' Pink Pills, and after using six boxes both the sciatica and the weakness in the back which had troubled me so long were gone. I was again a well man and feeling fifteen years younger than before I began the pills. Nearly two years have passed since I discontinued the use of Dr. Williams' Pink Pills, and in that time no symptom of the trouble has shown itself. Under God I thank Dr. Williams' Pink Pills for what they have done for me."

Mr. Hayes voluntarily testifies to the truth of the above statement before Edward Whosead, Esq., J. P. and his statements are further vouched for by Rev. J. N. Barnes, of Stanley, N. B.

It Attracted Attention.

There are queer signs displayed in every city which find their way into print, and Grand Rapids has its share, but the palm is yielded to the following which has drifted in from the far east. Mrs. Marshall, an indigent widow, went into the laundry business on a small scale. She had her sign painted upon the shutters like this.

No. 1
Mrs. Marshall
Laundry
All work punctually
done
Open at 7 o'clock
See specimens in this window.

The next morning when she went out to see what caused the crowd in waiting there, she found that the left hand blind had been blown back by the wind and the sign hardly read as she meant it should, although it accounted for the crowd.

Beneficial Effects of Coffee.

A woman writer who gave up coffee recently found that she was unable to continue her writing with any success until she had restored again to the stimulating beverage. Without it her mind was loggy and heavy. The Medical Times quotes an authority on the subject of prescribing coffee as a medicine in certain states of great ability and adds:

"Tea and coffee seem to be much alike in many respects, but the latter is greatly preferable as to its sustaining power. It would be a great advantage for our

working classes and a great help toward the further development of social sobriety if coffee were to come into greatly increased use and if the ability to make it well could be acquired. As an example of the difference of effect of tea and coffee upon the nerves, the writer notes, what he believes many sportsmen confirm, that it is far better to drink coffee than tea when shooting. Tea, if strong or in any quantity, especially if the individual be not in very robust health, will induce a sort of nervousness which is very prejudicial to steady shooting. Under its influence one is apt to shoot too quickly, whereas coffee steadies the hand and gives quiet nerves."

An Old Party.

On Saturday evening Mr. and Mrs. N. A. Rhodes, of Amherst, entertained eight of the oldest citizens of Amherst, at supper, at Sycamore Lawn. The combined age of the party was 670 years, an average of nearly 84 years. The guests were Messrs. Jas. Layton, 73 years; John Barnes 80; E. Newcomb, 85; John Steele, 88; Cyrus Black 88; Nelson Forest 84; J. W. Smith, 86; John Wood 86. A group photograph of the party was afterwards taken and Amherst can challenge the world to produce a group of such fine looking men, who bear the weight of so many years, as do those who formed the Sycamore Lawn party.—Amherst News.

This Disgusting Malady is at the Throat of Nine Hundred in Every Thousand of Our Country's Population.

This is Not Hearsay, it is Borne Out by Carefully compiled Statistics of Diseases Most Prevalent—its Development is Watched Carefully, Because it's so Sure a Forerunner of that Arch Enemy of Disease—Consumption—if Neglected.

WILL I SUICIDE?

While There's Life and Dr. Chase's Catarrh Cure There's Hope.

I had suffered so many years from catarrh that I don't know that I will ever get it out of my remembrance. One day, when I took one of the endless prescriptions given me by the medical man to a druggist, I asked him bluntly, "Will this cure me, or will it not? Or will it be like the rest?" I was nearly desperate, I can tell you. The druggist said:—"No, nothing can cure catarrh. I have it myself until I often think of suicide. I take opium usually to sleep it off." I took the prescription away unfilled and went home, thinking of what the druggist had said about suicide, and I was utterly disheartened. I have that prescription yet. One day my deliverance came. A lady told me she had suffered just as I had, and was nearly insane, and that a remedy known as Dr. Chase's Catarrh Cure had actually cured her. I had read a lot about Dr. Chase's Catarrh Cure, but I felt toward it as I did toward other medicines; had no faith. I tried it as a last resort. I used two boxes of Dr. Chase's Catarrh Cure, and found it a complete cure.

DISARMAMENT.

Put up the sword! The voice of Christ once more
Speaks, in the pauses of the cannon's roar,
O'er fields of corn by fiery sickles reaped
And left dry ashes; over trenches heaped
With nameless dead; o'er cities starving slow
Under a rain of fire; through wards of woe
Down which a groaning diapason runs
From tortured brothers, husbands, lovers, sons
Of desolate women in their far-off homes,
Waiting to hear the step that never comes!
O men and brothers! let that voice be heard,
War fails, try peace; put up the useless sword.

My wife and I at the window one day
Stood watching the organ man's monkey,
When a cart came along in which a boy
Sat driving a long-eared donkey.

Said I to my wife by way of a joke:
"There's your relative in that carriage."
She glanced at the donkey and made reply:
"Ah, yes—we're related by marriage."

Woodstock Notes.

Woodstock, July 18.—The funeral of the late John Stephenson of the parish of Woodstock, who died on Saturday, was held this afternoon, Rev. Mr. Miller, Presbyterian minister of Richmond, officiating. Deceased was the youngest of a family well known in this county. He was about 60 years of age and unmarried. The disease from which he died is said to have been the outcome of a kick from a horse which he suffered some years ago. Three brothers survive him, Andrew, Thomas and Robert. Deceased was an uncle of Helan Stephenson one of the proprietors of the Aberdeen hotel.

James H. Wilbur and Mrs. Wilbur are about starting on quite an extensive driving trip. They go to Bathurst via Fredericton, Doaktown, Blackville and Newcastle. They expect to leave tomorrow, if fine.

Rev. Mr. Marr, the newly appointed minister of the Methodist congregation, officiated for the first time at the services on Sunday.

Haying has commenced in real earnest in this section. The crop is very fine as a general thing. Quite a lot of grass was cut to day, and a good deal is out in the rain, which is beginning to fall this evening.

The case of the Queen vs. Melvin and Chalmers Crabb, charged with burning Sydney Lloyd's house at Centreville, will be tried for the third time on the 20th. An important witness will be secured for the Crown this time in Frank Jones, who is now in the custody of the sheriff.

Word comes from the celebrated Glassville Gore, where the Tuckers and Canovans live, that Mrs. Canovan, who was recently acquitted on the charge of murdering her sister, Minnie Tucker, has lost her child.

Gallagher Bros. are doing everything possible to make the races of the 10th and 11th of August the best of the season.

The question whether Saturday or Sunday is the true "Sabbath" is exercising quite a number of people here, in view of the meetings being held here by the Seventh day Brethren, who have erected a tent in the centre of the town and hold forth extensively every evening. There appears to be the old diversity of opinion on the subject.

SUNDRY NOTES.

HARTLAND, N. B., JULY 23, 1798.

The Free Baptist Church.

The A. C. F. Society in connection with the Free Baptist Church of this place was for some years in a most thrifty state. Nearly a year ago it became dormant. However last Sunday evening a meeting was held at 7 o'clock before the regular preaching service. It was conducted by A. A. Rideout and taken part in by several of those who, in its palmy days of the order, were its chief supporters. It is hoped a renewed interest will be manifest, and that many new members will be acquired.

Rev. J. B. Daggett, of the Free Baptist Church preached a very acceptable sermon last Sunday evening from Mark 14: 3 to 8. In the course of his sermon he told of a conversation between himself and a prominent Woodstock lawyer. Remarking in way of a joke that he could not see how so many lawyers could gain a livelihood, he was told that the fact was that unless something new came up eventually starvation would confront the Woodstock bar, for the simple reason of the great decrease of crime and lawlessness throughout the county. This is a good testimony for the behavior of our people.

Carleton Co's. Contingent.

Fredericton, July 13th.—It is hoped that the writer will be pardoned for giving a word of praise to the boys from Carleton County who took such prominent part in the proceedings of the Orangemen's celebration at the Celestial on the glorious twelfth. The procession marched through the principal streets of the city and was followed by hundreds of curious spectators who were doubtless attracted by the excellent music from the different bands as well as the beautiful appearance which the brightly uniformed Orangemen presented. The writer was asked on several occasions which band it is that is furnishing such fine music and it gave great pleasure to reply, "Why that is the Hartland Band." Too much credit cannot be bestowed upon its members for their efficiency (it being such a short time since their band was organized) to compare so favorably with other noted bands of New Brunswick. After the procession had marched for some two hours through the beautifully shaded streets it disbanded at Parliament Square where thousands of pleasure seekers assembled to listen to speeches from some of the most noted officers of the Orange Order. David Hipwell, G. M. from Woodstock was called upon to give an address and it can truthfully be said that the speaker gave words of great cheer to the members of

the Order and all those who had the pleasure of hearing such forceable remarks upon the grand work that is being accomplished by the Orangemen—Com.

Railway Men's Picnic.

Mr. Hallett, the representative of the C. P. R. trainmen, was in Fredericton Saturday completing arrangements for the railway men's picnic on Saturday, 30th instant. It is expected that fully 2,000 people will go to the capital upon the excursion. The C. P. R. company are making an extraordinary rate for their employees, the fare to Fredericton from St. John, St. Stephen and as far away as Brownville Junction being only fifty cents. Scully's Grove has been secured for the use of the picnickers for the day, and in the afternoon a fine programme of sports will be carried out. Fredericton merchants are contributing handsome and valuable prizes for the events.

Walter Hay of Woodstock, met with a most painful accident early Sunday morning. He went to the barn to look after a horse, which was vicious, and kicked him, knocking him down and trampling on him, causing a bad fracture of the leg above the knee.

John Boyd of Ashland, Maine, son of John Boyd of this place, was the victim of a runaway accident a few weeks ago, he now nurses a very badly fractured ankle. On Tuesday he came to Hartland and will remain a short time with friends here.

The young ladies of the "Y" intend holding an ice cream social next Tuesday evening in Burt's Hall. There will be besides ice cream and cake a programme which the young ladies are going to a great deal of pains to prepare. This should be well patronized as it is the first public entertainment this society has given. Admission 10 cents, ice cream and cake 10 cents. This society is doing a good and much needed work, which consists of visiting and carrying to the sick delicacies and flowers, looking after the poor, etc. They also send flowers to the Hospital in St. John.

A Sparrow's Death.

A little English sparrow, very small, but so joyful and energetic, was taking a sun and dust bath yesterday afternoon in front of Hickey's barber shop on Jackson street, while a Journal reporter was being shaved. The little bird had selected a dry spot in the street, an oasis in the surrounding dampness caused shortly before by the spraying hose, where the dust lay thick and warm in the June sunshine, and there it lay, burrowing on its small stomach, fluttering the little wings until the dust flew right and left, occasionally preening the ruffled feathers with its sharp beak and then taking another dip into the warm dust, all the while chirruping blithely and cheerfully and entirely unconscious of impending danger.

Down the street a thick-set, heavy man was wheeling slowly along on his bicycle, every revolution of the rubber tires with their two hundred pounds of weight above bringing them nearer and nearer to the little bird twittering in the dust.

The man was close upon the sparrow before he noticed it, and the little bird with wings outstretched upon the ground had not heard the slowly moving wheel until too late. It gave a startled cry, a shrill half choked little pipe came from the small throat, it attempted to rise and fly, but the noiseless rubber had already pinned the plump body to the ground.

There was a convulsive flutter of the mangled wings, and a moment later the rider looked behind to see a mass of brown feathers dyed with red, beside a crimson stain in the dust. He gave a quick push on his pedals and turned out on the smooth asphalt.

A passerby kicked the little corpse aside, the carriages rolled on, and the sparrow's curious death was forgotten.

But who shall say that "He who marks the sparrow's fall" was unmindful of the little life so quickly crushed out?—*Agusta (Georgia) Herald.*

Congress Adjourns.

Congress adjourned on Friday. The session will occupy a large place in all our future history. It began when the thoughts of the country were turned toward peaceful pursuits with a promise of better times to follow the depression of the last few years. It closed leaving every one intent on the successful prosecution of a foreign war. It was to have been a session urging economy. It proved to be a session appropriating money with a most liberal hand—\$361,788,095 being appropriated for war purposes alone. Among its most important acts are: the annexation of Hawaii; the bankruptcy law; the payment of the English claim for damages, known as the Bering Sea claim; the removal of disabilities under section 3 of the 14th amendment; the ratification of the Daws agreement with the Creeks, Choctaws, Chickasaws and Seminoles; the war revenue bill; the amendments to the Interstate Commerce law, prescribing the manner of settling disputes between common carriers and their employees; and the placing of \$50,000,000 in the hands of the President for the purposes of national defence.

Although the House adjourned in a

turmoil, and apparently with the most bitter feelings on account of party disagreements, the gavel fell indicating the close of the session, there was a tremendous outburst of patriotism such as has rarely been seen before. Forty or fifty members started to sing "America," and before half the first verse was finished everybody joined in and there rolled through the hall a volume of sound that was an inspiration. Rousing cheers were given for the President, the Speaker, and Gen. Wheeler. Other patriotic songs followed, and the scene was one never to be forgotten.—*Zion's Herald.*

Toronto Fireman Testify.

M. McCartney, Lombard Street Fire Hall, Toronto, dated March 4th, 1897, states:—"Am subject to very painful conditions of costiveness and other troubles resulting therefrom, but I am glad to say that I have found a perfect remedy in Dr. Chase's Kidney-Liver Pills. I trust this may be of benefit to others."

Health And Hygiene.

Most cases of phthisis begin in the apex of the lungs.

Exercise should not make us breathe much more rapidly than we do normally but deeper.

Most of us are too lazy with our lungs not knowing how to fill them evenly, smoothly and fully.

The blood of a person getting a sufficiency of pure air tingles to the tips of the fingers and toes, and the elimination of waste matter in the food is much nearer perfection.

One should breathe deeply and fully otherwise the lungs' apex imprisons a stagnant pool of air, soon filled with dust and organisms of all kinds and forms an excellent germ breeder.

Most people have hollows above their collar bones, which is wrong. The apex of the lungs should project up into that space and fill it pretty full, making an almost even surface with the neck.

A man using his muscles demands more food than an inactive one, but, owing to the increased circulation of the blood through the muscles and to the increased supply of oxygen, there will be better manufacture of gastric and other digestive juices and other digestion, absorption and assimilation.

Be Content.

If the sun shines now, be grateful and contented. Suppose it did rain yesterday or suppose we are to have a blizzard tomorrow! You have got beyond the rain on the one hand, and on the other the time has not come to meet the blizzard. It is foolish to make yourself miserable now because you were miserable a few days ago or because you may be miserable a few days hence. One duty, one labor, at a time is quite enough. If there is any enjoyment to be had, take it with an eager grasp, for if you sit in the warm sunshine for only five minutes it helps you to bear the cold of the next five min-

utes. It is poor policy to spoil those first five minutes by worrying about the other five minutes.—*Rev. George H. Hepworth*

For Heavy Goods, such as Flour, Sugar, Molasses, Lime, Brick, Tobique Plaster &c &c go to Carr's.

If it were left to us to nominate three American Commissioners to settle our difficulty with Spain, we would nominate Cardinal Gibbons, Dwight L. Moody and Clara Barton.—*Geo. T. Angell.*

For Bargains in Dress Goods, Prints, Flannelettes, and all Cotton Goods, go to Carr's.

It is Extreme Folly.

To use medicine to cure effects instead of using Paine's Celery Compound to get rid of the cause, Paine's Celery Compound will make you well and strong. All the while you are using it the nerves gain in power and strength, the digestive organs are fully toned, and lost health is rapidly returning.

It is extreme folly to neglect the insignificant ills, aches, pains and tired feelings that some people look upon as mere trifles. You should remember that the hot summer weather aggravates the little ills of life, and those little ills frequently develop serious disturbances and deadly diseases. Paine's Celery Compound should be used at once to brace up the diseased nerves, purify the blood and fortify the system. Weak children, frail and weary women, and tired and broken-down men find a new existence in Paine's Celery Compound, nature's true life-giver.

Hojsting Old Glory.

SANTIAGO DE CUBA, July 17.—Amid impressive ceremonies the Spanish troops laid down their arms between the lines of the Spanish and American forces at 9 o'clock this morning. General Shafter and the American division and brigade commanders and their staffs were escorted by a troop of cavalry, and General Toral and his staff by one hundred picked men, Trumpeters on both sides saluted with flourishes.

General Shafter returned to General Toral the latter's sword after it had been handed to the American commander. The American troops lined up at the trenches, were eye witnesses of the ceremony. General Shafter and his escort accompanied by General Toral, rode through the city, taking formal possession.

The city had been sacked by the Spaniards before the Americans arrived.

At the palace elaborate ceremonies took place. Exactly at noon the American flag was hoisted over the palace and was saluted by twenty-one guns by Captain Capron's battery. At the same time all the regimental bands played The Star Spangled Banner, after which President McKinley's congratulatory telegram was read to each regiment. The 13th and 9th regiments will remain in the city to enforce order and exercise municipal authority. The Spanish forces are to encamp outside of the American lines.

Foolish Questions.

I saw a sweet young mother with
Her first born at her breast.
"And what's the baby's name?" I asked
Of her so richly blessed.
She looked at me with pity as
She proudly poised her head.
"We call him Dewey, sir, of course,"
In tender tones she said.

I met a dainty little girl
Who led a kitten by a string,
And as I stroked her head I asked,
"What do you call the pretty thing?"
She looked at me with wide blue eyes
And as she went her way,
"I call my kitten Dewey, sir,"
I heard her sweetly say.

I met a curly headed boy
Who had a brindle pup,
"And what's your doggy's name?" I asked
As I held the creature up.
He gazed at me in wonder, and
He proudly cocked his head.
"I call him Dewey, sir, of course!"
He pityingly said.

I stopped beside a rustic stile
And heard a milkmaid sing a song.
"And what's your bossy's name?" I asked
The lassie as she came along.
She looked at me in mild surprise,
And as she strode away,
"Why, Dewey is her name, of course!"
I heard the maiden say.

Exhibition Notes.

A large and varied exhibit of Natural History Collections is assured for the St. John Exhibition. The New Brunswick Government, The Dept. of Marine & Fisheries, The University of N. B., The St. John Natral History Society, and many private collectors will contribute.

Collectors everywhere are invited to send in their collections. \$150.00 is offered in prizes, and glass cases will be provided for all perishable specimens.

No expense will be spared in making this department of the Exhibition one of the best of such exhibitions ever held.

It will afford a chance for all lovers of nature study to learn all about the appearance and occurrence of the animals, birds, fishes, insects, plants and fungi natural to this country. A great special feature will be the fish exhibit.

The magnificent collection of this department of Marine & Fisheries, Ottawa, will be shown and the chief game commissioner of New Brunswick will have an exhibit of live fish in tanks, and be on hand to give full details of all that goes to make the sportsman happy in this country of forest, lake and stream.

Every one who has a collection of stuffed animals, birds, fishes or mounted insects, plants, fungi or minerals, is invited to send them to the St. John Exhibition, where they will be shown and protected by glass cases.

Intending Collectors should send for prizes offered and giving full directions how to make and mount collections. Address, C. A. Everett, Secretary Exhibition Association, St. John, N. B.

The Amusements at the International Exhibition, St. John, N. B. will this year be of an especially entertaining character.

The out-door attractions will include wonderful feats in slack wire balancing, man fired from a cannon and high diving. There will be a high class double Vaudeville performance, twice daily in Amusement Hall.

There will be seven nights of Pyrotechnic display with many new features showing the blowing up of battle ships and assaults on fortresses. Everyone should take in the great New Brunswick holiday.

Twelve prizes for grains and four fruit prizes for fruits, will go to each County, making over 200 prizes in all. This will give every exhibitor several chances for a prize. Entries should be sent in before August 29th. Prize lists can be obtained from Chas. A. Everett, Manager & Secretary, St. John, N. B.

These hot days you should have an oil stove to save heating up your whole house. We have them in one, two and three burners at 85 cts., \$1.50 and \$2.25 respectively. And to keep cool you want an ice cream freezer. Get them from Shaw & Dibblee.

Cutting and Curing Hay.

In handling hay the first thing is to get the tools in order before the time comes to start the mower.

Some like a five foot mower bar; others prefer a seven. Some like the side delivery rake and follow that with team and loader; others think it best to leave the grass in the swath until ready to load.

If left in the swath, the hay will endure quite a shower without injury, but if raked up a rain spoils it, particularly if the hay be clover.

Put clover hay into the mow green, scarcely cured at all. If packed down solid and the doors are closed and kept closed until after the hay passes through the sweat, there will be no dust in the hay.

Clover cut in this first bloom should be feed to cows; that cut at the last of the season when the second blossoms were nearly gone could be fed to horses.

A hay loader will pay for itself in two seasons on 60 acres of hay.

If it is necessary to put clover hay into the mow with any dew on it, cover it with slough hay or straw, says the New England Homestead, the source of these timely and pertinent items.

For anything in stoves or tinware or other kitchen furnishings, go straight to the Hartland Hardware Store. They carry everything in the hardware line, and are always glad to show goods, and give time to good men.

Well, That's Cool

Is what everyone says when they get a glass of Soda from Thistle & Co's new fountain. "How refreshing!" are other expressions. The new fountain, which is a picture to look at, produces many different flavored Sodas, including Cream Soda and Orange Phosphate. Call and get a drink. A no more refreshing nectar flows in Carleton Co. This warm weather is fatiguing, don't suffer with the heat, cool yourself at Thistle's fountain.
