FOR THE GOOD OF THE CITY.

The common council will never have  
a better opportunity to strike a blow  
for St. John's present and future bene-  
fit than the one brought to their at-  
tention by the action of the safety  
board when, yesterday afternoon, it  
appointed a strong committee to con-  
sult with the Carleton Electric Light  
and Power Company regarding the  
purchase by the city of the company's  
plant and equipment. The proposition  
is not by any means a new one but  
never, during its previous discussions, did  
circumstances so combine to urge its  
immediate adoption as they now do.

When the matter was last before the  
council it fell through on account of  
inability to agree upon terms. The  
company had agreed to sell at \$21,000,  
but a committee appointed by the coun-  
cil to value the property named an-  
other figure and after long wrangling in  
the council matters were dropped. In  
spite of the fact that the Carleton  
plant has been considerably improved  
since that time, there are reasons to  
believe that the company today may be  
more inclined to dicker than they were  
three years ago. It has no exclusive  
privileges, and the gradual approach of  
the wealthy St. John Street Railway  
Company towards Carleton must have  
aroused thoughts of probable competi-  
tion and possible swamping, which  
thoughts should prepare it to listen  
more favorably to the city's offer.

And the approach of the Street Rail-  
way which may render the Carleton  
Company more pliable is also one of  
the urgent reasons why the city should  
act quickly. An act passed through the  
Legislature in 1901 giving the city au-  
thority to purchase the property of the  
Carleton Company, also granted the  
city in the event of such purchase, ex-  
clusive rights for supplying electric  
light, heat and power for public and  
private purposes in west St. John, with  
competitive privileges in Lancaster and  
east St. John. These privileges, more  
valuable now than the plant which is  
the nominal thing to be bought, will be  
priceless in the future. But if advan-  
tage is not taken of the present oppor-  
tunity, there is in the approach of the  
Street Railway Company, grave danger  
of the formation of a monopoly in the  
presence of which the act referred to  
would be of no use and, considering  
the wealth and influence of which, it  
would be foolish to expect the N. B.  
Legislature to pass another such act.

Ignoring this future good and look-  
ing only at immediate benefits, there  
is also everything to be gained by the  
advance in municipal ownership. The  
municipally owned North End electric  
light system costs the city about \$75 for  
each light; we pay the Carleton Com-  
pany \$105. With proper management,  
which the city can buy as well as a  
company, we should make a handsome  
interest on our investment in this ser-  
vice alone. Then the Carleton service,  
run in the interest of a few individuals,  
has been notoriously inadequate. A  
city service would be run in the interest  
of the citizens.

Also it should not be ignored that if  
this venture proved a success the coun-  
cil would be encouraged to take steps  
to free the rest of the city from the  
grasp of the octopus which is at present  
routinely overcharging the people for  
electric light and miserable gas and  
taking advantage of its freely granted  
franchise to inflict upon the city a  
railway service which, if it was a munici-  
pal institution, would guarantee the  
defeat of every alderman and the dis-  
charge of every civic official connected  
with it.

From every point of view the propo-  
sition discussed yesterday by the safety  
board looks favorable to the interests  
of the citizens of St. John in whose be-  
half it is hoped that the committee ap-  
pointed will lose no time and spare no  
effort.

"You have got both hands on the  
Union Jack, and if any man tries to  
cut your hands away the militia of  
Canada will stand by you," said Lord  
Dundonald at Montreal last night. The  
machine papers promptly interpret that  
as a fling at the government. It is a  
painfully significant condition of af-  
airs when the mention of the British  
flag or any reference to loyalty, even in  
a general way, is taken by every ap-  
parent member of the government as a personal  
affront. When Lord Dundonald speaks  
of anyone trying to cut Canadian hands  
away from the Union Jack, why does  
the government wince?

If they have any idea of calling the  
elections this fall, it would be an act  
of foresight for Sir Wilfrid and his  
colleagues, before parliament prorogues  
next week, to pick themselves nice  
soft seats on the other side of the  
house. And their farewell to their sup-  
porters in the house should be very af-  
fecting, for with a great many of them  
they will never meet again.

We wonder who it was advised the  
province of New Brunswick that it  
had a case worthy of appeal to the  
Privy Council. Was it Attorney  
General Fugate? If it was New Brun-  
swick needs another attorney general  
and needs him quickly and badly.—Am-  
herst Telegram.

It is a dull day when Le Soleil or La  
Presse has no fling at the Orange  
lodges. The first mentioned sheet de-  
clared on the 25th that "the order of  
Orangemen was too integral a part of  
the Tory party to allow one to dream  
of separating them."—Sun.

HOLY DAYS.

I hold my holy days—the day we meet  
For the first time and had no fear of  
that.  
Which lay before us; when our strange  
eyes met and, when they met, at  
Met and met, and when they met,  
Would wish to meet again. Then that  
clear day.  
We sat beside the stream, in the first  
dream  
Of loving and of knowing of that love  
And no word spoken. Then the happy  
hour  
You whispered the sweet words that  
make the earth  
A heaven of joy to faithful hearts; and  
then  
The time when trust was shaken, when  
there grew  
Something so small — so great — we  
never knew  
How it had grown; and last—O Love,  
the day  
We heard farewell, nor dreamed how  
lone the way.  
—May Austin Lowe.

BOARD OF WORKS.

At a meeting of the Board of Works  
yesterday the Bank of Commerce peo-  
ple asked permission to place their  
lights in the sidewalk at their new  
bank building. The matter stands  
over.

Coal tenders were accepted: For the  
harbor master's office, for Lehigh, N. J.  
J. S. Gibson & Co., at \$2.50 for dredge  
and scow, run of mine, R. P. & W. F.  
Starr, at \$3.75; rollers and crushers,  
R. P. & W. F. Starr, run of mine, at  
\$3.75. All coal to be weighed on city  
scales, the city to pay half cost.

The sub-committee appointed to  
consider the communication of William  
Thomson & Co., asking that no an-  
chorage fees be charged the S. S. St. John,  
said, reported that they had considered  
the matter referred to them, and re-  
commended that from the last August  
until the first day of April next the  
steamer be relieved of payment of an-  
chorage fees, and that thereafter and  
until the first day of April next the  
Common Council one fee be charged annually  
for anchorage.

Ald. Macdonald wanted the side-  
walks in Stanley ward repaired and  
the director stated that it would take  
all this year's budget to do so. The  
proposition to pay for the repair work  
outlined.

A motion to increase the salary of  
James G. Gordon, of the water depart-  
ment from \$800 to \$900 a year was de-  
feated.

Ald. Maxwell recommended that a  
warehouse about 100 feet long be  
erected on the Pettigrew wharf, to be  
used for the storage of apples and  
also for cold storage purposes. Agreed to.

The director stated in reply to the  
chairman, that no rent had been paid  
to the city for the immigration shed,  
and that no agreement had been made  
with either the C. P. R. or the govern-  
ment.

THE CLAIMS OF KING'S COLLEGE.

Jan C. Hannah, president King's Col-  
lege, Windsor, addressed a representa-  
tive audience in Trinity church school  
room last night, when in an eloquent  
manner he outlined the future of King's  
and explained the course he expects to  
pursue to make that institution one of  
the most thriving in the provinces. The  
chair was occupied by Rev. Canon Ric-  
hardson. At the close of Mr. Han-  
nah's address, Rev. Dr. Raymond moved  
a vote of thanks to the speaker.  
The session was seconded by J. Roy Camp-  
bell.

DIED IN YARMOUTH.

Miss Bertha Lillian Harding, eldest  
daughter of Mr. and Mrs. W. L. Hard-  
ing of Yarmouth, formerly of St. John,  
died at her home yesterday afternoon,  
aged 17 years. Word was received in  
this city by Mrs. Frank Patterson.  
Miss Harding had been ill only one  
week and her death was a sad blow to  
her friends. Mr. Harding has been  
living in Yarmouth some years.

LOCAL NEWS.

The three-masted schooner Havelock,  
Capt. Berry, sailed from this port yes-  
terday in tow for Annapolis, to load  
for the West Indies. A pair of ladies' gloves were found in  
a Union street car yesterday, and a  
bunch of keys were found in a St. Dun-  
street car. Both articles are at the  
police station.

A post-mortem examination to ascer-  
tain the cause of Tomita F.'s death was  
held yesterday afternoon at A. B.  
Elior's farm by Dr. Hall. It was  
found that death was caused from par-  
alysis of the throat, probably the re-  
sult of a chill.—Amherst Telegram.

As the steamer Penobscot docked at  
her berth last night, two little girls  
ran down the gangway. One of them,  
a daughter of Conductor Daley, was  
hit with a baggage truck and pain-  
fully hurt. She was carried on board  
and the matter was found not to be  
seriously injured.

There was a big time at the Salva-  
tion Army barracks, Main street, last  
night. A programme of recitations,  
dialogues, solos, duets and tableaux  
was presented. The tableaux enacted  
were Jacob's Ladder, Flower Girls,  
Rose Girls, and the Boy Who Didn't  
like His Father. This caused great  
laughter. At the close of the concert  
refreshments were served.

The Carleton curlers intend having a  
fair in their rink some time in Aug-  
ust or September and a meeting was  
called last night to enter more fully  
into the matter and make some initial  
arrangements. Owing to the small  
attendance nothing was done and an-  
other meeting will be called for next  
week, probably Wednesday night.

DOMINION PARLIAMENT.

OTTAWA, July 26.—In the com-  
mons this morning Laurier promptly  
refused the request of Dr. Sprague that  
the house adjourn for an extra hour  
tonight to enable members to attend  
the farewell demonstration to Hon-  
able Mr. Laurier. The speaker's reply was ex-  
pected, nevertheless it invoked much  
laughter on both sides of the house  
mingled with cheers from the Quebec  
liberal members.

W. F. MacLean of East York re-  
ceived hearty support in the commons  
this morning regarding his radical  
legislation in amendment to the Rail-  
way Act. His motion to put express  
companies under control of the rail-  
way commission was defeated, 72 to 34.  
His resolution to apply the Michigan  
law of graded passenger rates to Cana-  
dian railways was lost, 88 to 17, and  
the third amendment to limit to the  
actual damages of the intrusion to the  
compensation to be paid to railway  
companies, private municipal tele-  
phone companies, for installing tele-  
phones in railway stations, was killed,  
25 to 25. All these votes were outside  
of party lines and implied no political  
significance.

Borden of Halifax, who voted against  
MacLean's two cent railway rate, did  
so on the ground that the railway com-  
mission had been empowered to respec-  
tively passenger rates, and should there-  
fore not be hampered by parliament-  
ary legislation.

The night sitting of the house was  
occupied by consideration of the es-  
timate in committee of supply. Most  
of the talk was only of a routine char-  
acter. There were rows of empty benches  
owing to the Dundonald farewell cele-  
bration.

The end of the session will be reach-  
ed Thursday or Friday of next week.  
Premier Tupper is here and will  
probably leave on Saturday or  
Sunday next following for Halifax to  
take a ten day tour of the Maritime  
provinces. It is his intention to visit the outlying  
districts of his own riding in company  
of J. C. O'Mullin, his running mate.  
The first week of September  
will tour different Nova Scotia coun-  
ties, and the first week of September  
will go to Ontario to address a series  
of meetings which have been arranged  
for in various parts of that province.

Mr. Winslow and Mr. Murdoch of  
Chatham are here and did parliament  
buildings today, under the guidance of  
Robinson, M. P. for Northumberland.

WON LOTS OF MONEY.

DETROIT, July 26.—Before 12,000 peo-  
ple at the Grosjean Point track this af-  
ternoon, Stanley Dillon, owned by J.  
H. Brown, of Detroit, and driven by  
Ed. Geers, won in three straight heats  
the classic Merchants and Manufacturers'  
stakes for 224 class trotters, purse,  
\$10,000. Stanley Dillon was not  
driven until he had lost. It was a po-  
pular victory, both because of the lo-  
cal ownership and because driver  
Geers was behind the wheel. He was  
horse and driver were given an ovation  
as Dillon finished more than a  
length ahead in the third and final  
heat. Driver Geers was presented with  
a floral spray when he returned to the  
judges' stand after the third heat. Best  
time was 2:11 1/2.

GOBLER FIGHTS AN EAGLE.

BEHAVIOR, Ill., July 28.—A big  
turkey gobbler, owned by George  
Saams, of Fairfield, held his own in a  
fight with an eagle today. The eagle  
swung down upon Saams' farm yard  
and attacked the gobbler. It started  
to lift the turkey and carry it off, but  
the gobbler balked.

The great American bird was sur-  
prised to have the farm-yard strutter  
attack it, and was so taken up with the  
fight that it did not see Saams, ride in  
hand, approach.

When the farmer saw that his domes-  
tic fowl would get the worst of it in  
the end he killed the eagle. From tip  
to tip it measured eight feet.

ANDALUSIAN BULL TO FIGHT TIGER.

PARIS, July 28.—President Loubet  
leaves July 28 for Drome, where he will  
remain until the opening of the hunt-  
ing season at Rambouillet.

The president will return to Paris in  
September to receive the visit of King  
Alfonso, who is now sojourning at San  
Sebastian.

A despatch from San Sebastian re-  
garding the fight that will occur to-  
morrow between a royal Bengal tiger and  
an Andalusian bull, says the king to-  
day saw the tiger, which is a magnifi-  
cent specimen. Many members of the  
royal family, noblemen and diplomat  
are expected to see the combat.

RESIGNATION ACCEPTED.  
But Carleton Presbyterians Are Sorry  
to Lose Rev. Burgess.

The resignation of Rev. James Bur-  
gess from the pastorate of the Carleton  
Presbyterian church was the sub-  
ject of consideration at a special session last  
night.  
The members of the Presbytery pre-  
sent were: Revs. J. A. McLean, A. H.  
Foster, clerk of Presbytery, David  
Lang, Dr. Fotheringham, Dr. Macrae,  
James Ross, L. A. McLean, J. W. Ni-  
cholson, A. M. Hill, James Burgess  
and Elders Whitaker, Scott and Blew-  
itt. Rev. J. A. McLean was moder-  
ator pro tem.

Those who spoke were: James Wil-  
son, John Sleeth, James Scott, Fred  
Burridge, members of the congrega-  
tion of the Carleton Presbyterian  
church, all regretting the action of  
their pastor; Rev. James Ross, super-  
intendent of missions; Rev. A. M. Hill,  
of Fairville, and Dr. Fotheringham.

Rev. Mr. Burgess, being called upon,  
said that he was resigning from his  
charge because he thought the work of  
the church was not progressing as it  
might reasonably be expected. He  
thought the fault must be with him-  
self, and accordingly resolved to re-  
move the stumbling block in the way  
of the progress of the church. He  
could not think his eleven years of  
service had been futile. He knew  
that not harm but good would result  
from his resignation. It would waken  
up some to a fuller sense of their duty,  
and he was of the opinion that when  
a new pastor had been chosen un-  
doubtedly the same cordiality would be  
extended as had been to himself in the  
past; and in addition new resources  
would be drawn out which he had been  
unable to touch.

The Presbytery on motion decided  
that Rev. Mr. Burgess' resignation be  
allowed to take effect at the end of Aug-  
ust.

### FREIGHT RATES.

Shipping rates for the trans-Atlantic trade are lower this year than they have been for fifteen years or more. In the lumber business this party due to the low price of deals and partly owing to the big supply of ships. Eleven years ago freights were also very low, but then an upward movement began which lasted till 1900, the time of the high prices, caused by the Boer war boom. From that date they have steadily gone down. In July of 1900 it cost 55 shillings per standard to send lumber to England. Now the rate is 24. 4d. The following is the average rate for this traffic in the month of July since 1890:

July 1890.....	41 3
July 1891.....	46
July 1892.....	40
July 1893.....	43 9
July 1894.....	38 9
July 1895.....	35
July 1896.....	38
July 1897.....	40
July 1898.....	43 9
July 1899.....	40

### A DRUNKEN HUSBAND.

"I didn't think he could be such a blackguard," bitterly sobbed a poor woman in the Union yesterday afternoon, as she wept over the misdeeds of her drunken husband who had come in from the morning and while in the city the man had paid several visits to the barroom. It was with considerable difficulty that the woman had kept her husband from being run in while on the way to the station, and there his conduct threatened to undo all her work.

The officials were in a quandary. If the man had been alone the matter would have been easily settled, but out of respect to his wife they permitted him to take the train home.

The couple were well dressed and seemed to have been but recently married, and much pity was expressed at the situation into which the woman was forced.

### DEVOURED BY WOLVES.

EDMONTON, N. W. T., July 26.—Sergeant McLeod, from Chippewyan, has arrived here in charge of an Indian prisoner, charged with abandoning his two children, a boy four years old and a girl under two, at Fond du Lac, in the wilds near Lake Athabasca.

The children were missed by neighbors, a search made, and they were found devoured by wolves, only their clothing remaining.

A sentence of two years' imprisonment was passed by the judge, who said had the prisoner been a white man he would have received the full penalty of the law. The inhuman father had left his little ones in the wilds without food or protection, evidently with the intention of getting rid of them.

### COWIE-REID.

At the Church of the Good Shepherd, Fairville, at 4 o'clock yesterday afternoon, Miss Flossie Reid, daughter of George Reid of Main street, Fairville, and Frank Cowie, also of Fairville, were united in marriage by Rev. Le Baron McKel.

The bride wore white, and hat of white and green. Miss Susie Cowie, the bridesmaid, wore a brown silk dress and hat to match. Foster Reid, brother of the bride, acted as best man. After the ceremony, luncheon was served at the bride's home and the young couple took the 6 o'clock train for a three weeks' trip to the United States. On their return they will live at Fairville. Mr. Cowie is an engineer on one of the river steamers.

### DEATH OF ALEX. GRIFFITHS.

Hintze of Winthrop, Meas, and Miss Mavis, now residing with her brother. The funeral will take place on Thursday at 3 p. m. from the residence of his son, Duke street, West End.

### DUNDONALD'S ROUSING FAREWELL.

OTTAWA, July 26.—The farewell demonstration tonight in honor of Dundonald drew out over fifteen thousand people despite every effort of the government intimidators to minimize the demonstration. It was a case where the populace asserted itself with an earnestness that carried a telling rebuke to Laurier, Borden and Fisher and the government press, which acting under instruction, warned all true liberals to stay away. Three military bands took part in the demonstration and in so doing took their lives in their hands.

MONTREAL, July 26.—Lord Dundonald arrived here tonight at 11.55 from Ottawa on a special train and was given a grand reception by the crowd that gathered at the Grand Trunk station. When Lord Dundonald appeared he was greeted with great cheering which lasted for several minutes. He was received officially by President Lyall and a delegation from the Caledonian Society. Then he was lifted on the shoulders of the people and escorted by the pipers.

He was carried to the Windsor hotel, where he was given another good ovation. Lord Dundonald, who was deeply touched, addressed the gathering, said: "I am deeply struck by your kindness. It is more than I expected. It shows what the people think (cheering) and a good deal depends upon what the people think. Of one thing I am certain, you have got both hands on the Union Jack, and if any man tries to cut your hands away the militia of Canada will stand by you (cheering)."

Lord Dundonald retired after another enthusiastic salute.

### GOOD RACING.

ST. STEPHEN, N. B., July 26.—Over a thousand people witnessed great horse trotting at the Calais park this afternoon. The steamer Viking brought a large excursion party from St. George, and the Cornet Band from that town discoursed excellent music at the races.

The judges were Hugh Love of St. Stephen, G. M. Hatch of Boston and Thom. McAlon of Bangor. Timers, J. H. McMann and H. S. Murchie of Calais, E. LeRoy Willis of Sydney, C. S. Douthy of Boston was the very efficient starter, and Geo. McAlain clerk.

### THE CHURCH AND THE STAGE.

(Music and Drama.)  
It is told of a well-known fact that, upon the occasion of his first meeting with Bishop Potter at the time when Mrs. James Brown-Potter first came on the stage, he was challenged by the eminent ecclesiastic to give some proof of his reputed liveliness. The humorist was equal to the occasion.

"Well, bishop," he responded, "I may remark to you, as more or less appropriate to the case, that actresses will happen in the best-regulated families."

### BASE BALL.

A good crowd was in attendance last evening at the Shamrock grounds to see the game between the league leaders, and in spite of the excessive number of errors it was good ball. Titus for the Portlands pitched his usual steady game, and the Franklins tried in vain to put him up in the air. The crowd showed its appreciation of his good work in the second inning, when with one out and the bases full he struck out the next two men and blanked the Franklins for that inning. The field work of the Portlands was poor.

Nesbit at times pitched good ball, but the support given him by his team was indifferent. Mills held him well and was in the game every minute. One thing that needs attention is the grass on the grounds. When a grounder passes the limits of the diamond no base ball force can send it through the long grass. This spoiled the play on several occasions.

**American League.**  
BOSTON, July 26.—The champions had today's game well in hand until in the ninth when with two men out Ferris kicked Dundonald's grounder in to left field and Dundonald scored from first. BOSTON, July 26.—A handful of people saw an old fashioned free hitting game today, Philadelphia winning 8 to 7. Duggieby was retired in the fourth inning. ### A SURPRISE VISIT.

(New York World.)  
A Pittsburg man told H. C. Frick the other day that on his vacation he and his entire family would surprise a brother in St. John City with a two weeks' visit.

"Don't do it," said Mr. Frick. "Send your brother word first. 'These surprises are not always welcome. I remember a West Overton man who planned just such a surprise as you are contemplating, and the result left him pretty dubious."

"This man sent his three children on a surprise visit to a cousin in Altoona. The children stayed a week instead of the month that had been counted on. On their return their father said to them:

"Well, were Cousin Harold and his wife glad to see you?"  
"Rather!" replied the oldest boy. "They asked why didn't we bring you and mother and the cook and the dog and the canary bird, too?"

The bark, which belongs here and is managed by Troop & Son, left this port about a year ago in charge of Captain Hatfield. Both sailors shipped for 18 months, in accordance with the provisions of the Merchant Shipping Act, seamen are entitled to their discharge and payment of their wages if their vessel return to her port of departure within the time during which the seamen signed. As the vessel has returned within the eighteen months for which the sailors signed, acting under the legal advice of D. Mullin, K. C., they demanded their discharge, which was refused. ## THEY HATE THE NOISE.

Even Men o' War Find Battle Roar Annoying.

"Men-o'-war's men in action are more concerned over the noise of the ship's guns than over the danger of being hit by missiles from the guns of the enemy," remarked an officer of the navy who has snelled powder in actual naval warfare. "They can, in a measure, get away from the thought of being hit, because they are too busy at the stations to consider that chance. But there is no getting away from the noise of your own guns. That can't be forgot or ward off. Then men are, in fact, so absorbed in waiting for the barbarous detonations from their own huge batteries, and in trying to neutralize the effect of the concussion, that they hardly think of the projectiles from the guns of the enemy."

"That it is the noise of their own guns that they abhor, and that only is shown by the fact that men-o'-war's men do not dread a battle more than they dread target practice with the big guns. They are proud of their proficiency with the gigantic shooting iron, and keen is the ship and fleet competition at the business of shooting at the anchored mark. But the keenest among them hates and abominates the noise. The men simply can't help making wry faces over the announcement of ship or fleet target practice."

Mr. and Mrs. Campbell left today in Mr. Campbell's private car for their Arizona home.
