DRAM CL
**GIVE SUCCESS-
FUL**
Crowded House Greet Amateur
Players.

Campbellton Dramatic Club
scored a brilliant success in their
presentation on Monday evening
of the moving drama "Lone Tree
Mine," the proceeds of which will
tend to swell considerably the
coffers of the Hospital the play
being staged for the benefit of that
institution.

The cast of characters was a
very strong one and each was more
successful than another in their
interpretation of their various
parts.

To Miss Marie Roy and Miss
Kate McArthur the greatest praise

LITTLE LILY ROY
as "Irene"

is due for sustaining heavy roles
and doing the bulk of the work. Miss
Roy in the dual part of Anna
Shortwell and Nancy Brady giv-
ing a pleasing rendering of both
but was best in the latter act as the
reconciled wife. Miss McArthur
gave of her best and her acting
was far above an amateur's plane.

Miss McArthur as Mountain
Rose acted splendidly all through
the play, although her voice tired
just a little in her songs. To sus-
tain such an exacting part, being
scarcely ever off the stage she did
wonders, and deserves all the
credit received from the audience.
Little Miss Lily Roy as Irene was
very sweet and simple in her child-
part. The full cast is as follows:
R. D. Young as Mattie, Shortwell,
S. Keays as Hiram Mathew, H. A.
Daley as Doc Brady, P. Hall as
Eugene Lacey, Mont. Cantwell as
Pat Murphy, Miss Marie Roy as
Anna Shortwell, and Nancy Brady;
S. Daley, Jas. Cantwell, G. Wall as
Miners; L. F. Wallace as Chinese
Servant; Lily Roy as Little Irene;
Miss K. McArthur as Mountain
Rose.

During the acts which were
rather lengthy owing to the lack
of room on the stage the special-
ties by Lahey and others were
put on. The house was kept in
one continual roar while Lahey
held the stage and some of the
jokes cracked were highly relished
by the audience, the one of hand-
ling the girl over to a prominent
townsman being received with
screams of delight. Miss Lydia
Boudreau presided at the piano,
and Messrs. Francis Pinette, Chas.
Robbins and R. Legouff looked
after the stage management with
Mr. Lahey directing. Mrs. Henry
Murray and Mrs. L. F. Wallace
assisted on the stage and acted as
chaperones.

Mrs. Scott Moffat spent Thursday
in Dalhousie.

**ANNUAL BAPTIST
DISTRICT MEETING**
Condemn Ne Temere Degree and Advocate Higher Sal-
aries for Ministers

The annual meeting of the 10th
Baptist District was held in New-
castle, June 16th, afternoon and
evening. In the absence of the
President, Rev. J. G. A. Belyea of
Doaktown, who was detained at
home by the illness of his wife,
the chair was occupied by Rev.
Dr. W. E. McIntyre of St. John,
secretary of the Foreign Mission
Society and member also of the
Home Mission Board.

The following churches were
represented:
Newcastle—Rev. Dr. H. T.
Cousins, Deacon Jared Tozer, C. C.
Hayward, E. A. O'Donnell.
Lower Derby—James Lyon,
Malcolm Amos.
Campbellton—Licentiate C. A.
Britten.
Whiteville—Rev. and Mrs.
H. D. Worden, Hiram Whitney,
Miss Agatha E. Forsythe.
Little South West—Deacon
Edward Tozer.
Underhill—George Stephens.
Upper Blackville—Rev. F. N.
Atkinson.
Grangeville—Mrs. J. Jones,
Havelock Smith, Pharez Jonah.

On motion all brethren present
belonging to the 10th District
were invited to take part in the
proceedings.

Mr. W. E. McIntyre and Rev.
Dr. Archibald of Horton Academy,
were also present and invited to
seats.

Following officers were elected
for ensuing year:
President—C. C. Hayward.
Secretary-treasurer—Rev. Dr.
Cousins.

Encouraging reports were read
from Campbellton, Ludlow, Doak-
town, New Salem, Upper Black-
ville, Underhill, Whiteville,
Little South West, Newcastle and
Grangeville churches.

Re non-resident members it was
suggested that a drop list be kept
in reserve in case any should turn
up again after a number of years.

It was decided to recommend
the holding of annual roll-call in
each church.

Rev. F. N. Atkinson read re-
port from Grey Rapids, where the
Baptist church has been dormant
several years and the church
building is falling into decay. Dr.
McIntyre thought it ought to be
completed and a pastor put into
the field.

It was resolved that this Dis-
trict meeting commend the work
in Grey Rapids to the sympathy
of the Denomination and would
suggest that the pastor stationed
in the field visit the other churches
in behalf of funds to complete the
same.

Assessments were made on the
different churches.

Re deficit of \$60.00 each church
was asked to send in special con-
tribution.

Re grouping of Bloomfield,
Boiestown and Ludlow churches,
it was decided to make no change
at present.

On motion of Revs. Atkinson
and Worden the following passed:
"Whereas a communication has
been received from Rev. Dr. J. W.
Brown with reference to the im-
portance of some systematic effort
to raise the salaries of our minis-
ters to the minimum sum of \$800
and a parsonage, therefore
"Resolved that the members of
this tenth district hereby declare
themselves to be heartily in favor
of the principle of the proposal
and suggest that it be given care-
ful consideration by the N. B.
Association and the Maritime
United Baptist convention, and it

is further suggested that in the
proposed scheme \$5.20 per year,
or 10 cents a week, per member
should be held up before our
people as the minimum contribu-
tion for the various branches of
denominational work other than
local expenses."

The following resolution re the Ne Temere
degree passed:
"Resolved that this United
Baptist District meeting, in annual
session assembled, put itself on
record as opposed to the spirit of
the Ne Temere degree of the
church of Rome and also to enter
its protest against this and similar
encroachments upon the rights
and liberties of our people." Moved
by Dr. Cousins and seconded by
Hiram Whitney.

EVENING MEETING
A very largely attended and
interesting meeting at 7.30 p. m.
was presided over by Rev. Dr.
Cousins.

Addresses were given by the
chairman, Rev. Dr. Archibald,
Principal of Horton Academy;
Licentiate Britten of Campbellton,
Rev. Dr. McIntyre, and by Rev. F.
N. Atkinson in moving votes of
thanks to the local congregation.

Music was given by the choir.
Duetts by the Misses Mather and
Mrs. and Miss O'Donnell were
very beautifully rendered.
Adjourned.

**RACING AT
NEW RICHMOND**
Cheap Fares Per S. S. Canada,
on Saturday Next

On Saturday next a number of
horse racing and other races will
be held at New Richmond. Purses
of considerable value are put up
for the four classes and a good
days sport is assured.

An extra tit bit is the fact that
Mr. John Hall Kelly M. P. P. will
deliver a special address before the
races, and at the close the Hon.
Charles Macil will make an
appropriate speech.

The owners of the R. M. S.
Canada for the benefit of intend-
ing trippers are offering a special
reduced fare of \$2.00 for the re-
turn journey, leaving Saturday
morning at 11 a. m. and returning
Monday morning.

Other information may be had
at the Agent's office on the wharf
by any who wish to take advantage
of this trip.

A Vancouver exchange says:—
The feast of Pentecost was celebrated in
St. Patrick's church, Mount Pleasant,
Father Campbell sang the High Mass
and preached an appropriate sermon
on the Epistle of the Feast—the de-
scent of the Holy Ghost on the
Apostles. The choir rendered special
music for the occasion under the lead-
ership of Mrs. Mooney. The altar
at the morning and evening services
was most beautifully decorated. Much
credit is due to the new officers of the
Altar Society, whom Father Camp-
bell appointed the Sunday previous.
At the evening service Father Camp-
bell again preached an able sermon
on the Gospel of the day.

Wilfrid L. Devereaux, C. A. Blake-
ney and Mr. Delehaunt, delegates of
the International Association of Ma-
chinists, left Tuesday to attend the
Machinists' Convention at Winnipeg.
They will be gone about three weeks.

**THE PANAMA
GOES TO
LAVOIE**

Lavoie Scores the First Home Run—
Monday's League Game Finished
in Darkness.

The game on Monday evening
between the I. R. C. and the I. N.
R. teams was brimful of excite-
ment. The Colonial boys started
off at a great rate, scoring the
runs in the first innings but when
the I. N. R. evened the score
in the second the fans got started
and Lavoie went into the box. In
the fourth at Slipp's first offering
Lavoie shammed the first home
run thereby winning the \$20
Panama hat and then we got
going again. Gradually the I. R.
C. extended the lead until at the
end of the sixth they were four
ahead. The game ought to have
been called off then for it was
now too dark for ball, but the
players insisted with the result
that the Nationals brought off
four runs by simple easy hits. All
over it was a very unsatisfactory
game, and the teams will require to
be on the grounds sharp to time in
order to get the games finished
before darkness. The committee
might also see that the small boys
are kept out from among the
players as it is most distracting to
have these youngsters running
about in front of the stand ob-
structing the view to the home
plate.

The festivities at Campbellton
which were of a very mild nature
were attended with beautiful
weather. Large numbers took
advantage of the I. N. R. Pilgrim-
age special, sixteen cars being
required on the train to accommo-
date the passengers, who arrived
in Campbellton prompt to time
and were met by the Campbellton
Bass Band. Most of the visitors
were here to take part in the
ceremony of blessing the new R.
C. church bell, but not a few pre-
ferred to go up to the ball grounds,
where Van Burin were to play
Campbellton. That game was
continued on page 2.

SHELDON GETS FIVE YEARS

Schemer Started His Game by Luring to Y. M. C. A. Members
—His Receipts from Dupes in One Day Were Over \$300,000

Montreal, June 16—The culmination in the great Sheldon drama was reached this morning in the Court of Special Sessions, when Justice Langelier meted out a five year sentence to Charles D. Sheldon, the man whose financial exploits have dazzled all Canada. The charge upon which he was sentenced was theft of \$15,000. Other charges of securing money under false pretences will be held in abeyance.

Justice Langelier, in announcing his decision, said that he found Sheldon guilty under a section of the criminal code which provided a penalty for unlawful failure to account and unlawful conversion.

Sheldon heard the verdict calmly. Before being sentenced he pleaded for clemency on account of his advanced years, asking that the sentence be made as short as possible in order that he might be able to pay back the money he had. "To this purpose," he declared, "I intend to devote the balance of my declining years, and they will be all too few for the purpose."

Y. M. C. A. BOYS DUPED
About three years ago he came to Montreal and started operating in a mild way in a bucket shop. His eloquence started him giving lectures to Y. M. C. A. youths over a St. Catherine street shop. The youths fell for it and entrusted Sheldon with their tens and twenties to "invest."

Sheldon did so well with these sums that more money came rolling in. He set up with desk room in an office on St. Francis Xavier street, and began to advertise in a quiet way. Twenty per cent a month was what he claimed to pay by beating the market.

News-papers began to question Sheldon's profits. Here was where the wizard showed his persuasive powers, and in the face of a better-remembered opposition, he was able to talk his victims round so well that money poured in by the hundreds of thousands.

On one day he took in \$375,597, but on the other hand the public got frightened. After paying out several hundred thousand dollars Sheldon found he could not stem the tide and he disappeared.

On Columbus Day, October 13, 1910, the New York market was also closed. A neat sign on the door said it was closed for Columbus Day and that it would open on the morrow. The morrow found the office left to the mercy of creditors and spiders. On the twenty-fifth of March, 1911, Sheldon was located in Pittsburg under the name of Ross. He had been playing the market again and apparently did not have a cent. He was brought back by Chief McKaskill, arriving in this city on April 1. He elect a summary trial before came judge, and was tried last Thursday, June 8, before Judge Langelier.

Sheldon had operated under different names in several United States cities.

The woman of today, who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

POLICEMAN WAS ELECTROCUTED

Beverly, June 15.—Patrolman Daniel McLeane, 39 years old, who lived with his wife and six young children at 10 Congress street, was electrocuted at 11.45 o'clock last night at the corner of Rantoul street and Railroad avenue, coming in contact with an electric light pole which was charged with electricity.

The body was discovered lying in the gutter under the electric light pole by Albert Lord and J. C. Goodwin, two citizens who were riding by the place in an automobile.

When they saw patrolman McLeane they believed there was life remaining in his body, so they sped on to the police station, which is near the scene of the accident. They told Capt. Otis Burnham that patrolman McLeane was unconscious in the street, and Capt. Burnham and a squad of officers hurried to the scene.

When they arrived McLeane was dead. His body was taken to a local undertakers room nearby, and Medical Examiner George A. Stickney viewed the remains.

A police guard was immediately placed about the scene of the death of the patrolman to prevent further accidents and the electric light company was notified to shut off the current from the poles in the vicinity.

An investigation revealed the fact that Patrolman McLeane had rung in his last duty call at 11.25 o'clock last night from the box at the corner of Rantoul and Wallis streets, not a great distance from the place where he was killed.

The body was found at 11.45 p. m. last evening. Capt. Burnham from his investigations, is inclined to believe that McLeane walked from Wallis and Rantoul streets, after ringing in his duty call, and probably at about 10.30 discovered the electric light on the pole at the corner of Rantoul street and Railway ave, was out. Then, it is believed, he probably kicked the pole, so as to jar the carbon down so that the arc would be completed and the lamp relighted.

It is supposed that the pole was charged with 2400 or more volts of electricity which escaped from the wires and the lamp and was going down into the ground when Patrolman McLeane kicked the iron and that he received the full force of the escaping electricity.

The company shut off the power from all the lights and wires in the neighborhood to prevent further accidents pending an investigation, and there was darkness as a result. Electric lighting experts have been at work endeavoring to ascertain how the accident happened.

Patrolman McLeane was born in this city 39 years ago, and he has long been one of the popular and best known young men of the city. He was first made a policeman 12 years ago, and he has been a regular member of the force for five years. He was appointed to the regular force Nov. 2, 1906, by Mayor Joseph A. Wallis. He travelled the route known as the shoe district, between Pleasant street and Railroad avenue. He was an efficient officer. He was a member of Beverly council, Knights of Columbus.

HYMENEAL

MULLIN—McKENZIE
The marriage of B. C. Mullin of Bathurst, manager of the Carquet and Gulf Shore Railway to Miss Margaret McKendry of Douglastown, will be solemnized at ten this morning in St. Samuel's church, Douglastown. After luncheon the happy couple will take the Limited for Montreal. Many handsome and valuable presents have been received by the popular pair. They will reside in Bathurst.

2 IN 1 SHOE POLISH

is a favorite in distant countries as well as being the most popular Polish in Canada and the United States. Australia alone takes over half a million boxes per year. Superior merit is the reason.

It contains no Turpentine. Try it with a match. It is good for your shoes.

\$3,600
in Cash Prizes for Farmers
Your Photograph May Win a Prize

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, failing this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly. Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Contest Circular and book.

THE SOLID FACTS OF SUMMER TRAVEL

Intercolonial Railway Issues a New Tourist Guide.

"Summer Fares to Summer Havens" is the title given to a very practical booklet issued by the Intercolonial Railway. As the name would imply it deals with the question of reaching the various summer resorts along the line of the railway, and furnishes the details regarding routes and rates hotels etc. It is a booklet of plain travel facts, just what the practical tourist needs. The pages devoted to side trips will be found interesting by those who do not realize how numerous are the possibilities for delightful holiday excursions at very reasonable expense. This booklet will be mailed free to all who write the Advertising Dept. I. C. R. Montreal, N. B.

THE METRIC SYSTEM

To the Editor of The Union Advocate, 8 Sir.—Allow me a few words on the Metric System, tho it is not my hobby (I haven't any hobbies).

Assuming the Equatorial circumference of the earth to be 25,000 miles, and its very close, and also assuming that the Equatorial and not the Polar Quadrant should have been the basis, the Metre would be 39.6 inches, 3.3 ft., or 1.1 yds long. Five Metres would equal 5 1/2 yds, or 1 rod, the Kilometer would be exactly 5/8 of a mile, and the Myriameter would be exactly 6 1/4 miles.

In square or surface measure, the Sq. m (Centar) would be 10.89 sq. ft., the Ar, rd, be exactly 4 sq. rods, and the Hectar would be exactly 2 1/2 Acres.

In volume had weight, the Liter would be nearly 62.1 cu. m., and the Gramme 15.68 grs, the Cubic Metre rd contain nearly 36 Cu. ft. (35.637), the Kiloliter rd. contain nearly 224 gallons, and the Metric Ton rd weight nearly 2240 lbs, about the same as our present Long Ton

We would then have some equivalents to our present weights and measures, but the Metric System disarranges and confuses all this, giving nothing equivalent, definite or even accurate.

After all it is only a fancy System, based on a mere theory.

Yours very truly,
Michael Whalen,
Renous River, N. B. June, 1911.

Department of Railways and Canals.
Intercolonial Railway.
IMPROVEMENTS AT HALIFAX.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Pier and Sheds," will be received at this office on 2 1/2 o'clock noon of the 24th day of July, 1911, for the construction of a reinforced concrete pier and sheds at the Deep Water Terminals of the Intercolonial Railway, at Halifax.

Plans, Specifications and form of contract to be entered into may be seen and full information obtained on and after the 21st day of June, 1911, at the office of the Chief Engineer, of the Department of Railways and Canals, Ottawa, Ont., and at the office of the Chief Engineer of the Intercolonial Railway at Montreal, N. B., or at the office of the office of the Consulting Engineer, Mr. John Kennedy, Montreal.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labour, which schedule will form part of the contract.

Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and in the case of firms, unless they are attached the actual signature the nature of the occupation, and place of each member of the firm.

An accepted bank cheque for the sum of \$25,000.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted.

The cheque of the successful tenderer will be held as security, and part security, for the due fulfilment of the contract to be entered into.

The lowest or any tender not necessarily accepted.

By order,
L. R. THOMPSON,
Secretary,
Department of Railways and Canals,
Ottawa, June 26th, 1911.

CANADA'S PROSPERITY IS GREAT

Ottawa, June 16—Final figures show Canada's revenue last year ended March 31, to have totalled \$117,780,409, which is the greatest by far the dominion has ever had and is \$16,250, ahead of the preceding year.

This year there is every indication that the revenue will approach \$130,000,000.

In the last fiscal year customs revenue amounted to \$72,965,394; excise, \$16,869,837; postal returns, \$9,146,953; public works and railways, \$10,818,834; miscellaneous, \$7,979,391.

The expenditure on revenue account last year was \$87,773,998, an increase of \$8,250,000.

Expenditure on capital account totalled \$33,096,222, a decrease of \$500,000.

During the first two months of the present fiscal year, ended May 31, Canada's revenue was \$18,573,441.

WHIRLED TO DEATH IN CHATHAM PULP MILL

Henry Dumont, aged about 30, met a frightful death in Chatham, Thursday afternoon, being hurled around in the fly wheel in the Miramichi Rossing mill, and having his brains dashed out. Dumont was in the employ of Wm. Groat, a teamster, and had backed up his team to the door of the mill. As the tail board would not work properly, he went back to fix it, but in some manner fell into the machinery and was caught in the large fly wheel. He was carried around at a terrific rate, finally striking his head on the roof and dashing out his brains. He had been married only a short time.

Dan Connolly, of St. John, and Umpire Doyle, of Calais, have been recommended to fill the position of professional umpires for the N. B. & Maine League.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Pier and Sheds," will be received at this office on 2 1/2 o'clock noon of the 24th day of July, 1911, for the construction of a reinforced concrete pier and sheds at the Deep Water Terminals of the Intercolonial Railway, at Halifax.

Plans, Specifications and form of contract to be entered into may be seen and full information obtained on and after the 21st day of June, 1911, at the office of the Chief Engineer, of the Department of Railways and Canals, Ottawa, Ont., and at the office of the Chief Engineer of the Intercolonial Railway at Montreal, N. CAMPBELLTON, N. B., JUNE 23, 1911.

AGAIN THE STANDARD BEARER

LOGGIE, M. P.

W. F. Loggie, M. P., re-elected to the Liberal interest

The annual meeting of the Northumberland County Liberal Association was held in the Temperance Hall Chatham on Thursday last with a large number of delegates from the various parish associations present.

The chair was occupied by the president the Hon. J. P. Burchill of Nelson, who, in opening the proceedings extended a cordial welcome to the delegates and expressed his pleasure at seeing so many present. In addition to the ordinary business which usually came up at those meetings, they would have to consider the matter of nominating a candidate for the next election.

There might be an election before their next annual meeting and there might not but in any event it would do no harm to be prepared for it, and then they would not be caught napping. He was glad to be able to say that from a Liberal standpoint matters in the county were in a very satisfactory condition, and he did not know of any complaints in any quarter. It was with extreme regret that he had to remind them since their last meeting they had lost one of their most valued members, the late Warren C. Windlow, a man who commanded the respect of all men. Liberals and Conservatives alike, a man who was always ready to do all in his power to help on the good of his party. He (the speaker) thought it would be well to frame a resolution by which they could place themselves on record as appreciating all that the late Mr. Windlow had done for the good of Liberalism, and also as a mark of respect for the man himself.

After some discussion a nominating committee was appointed by the chairman, consisting of two delegates from each parish to make the selection. This committee reported that the only nominations received were: For President, Hon. J. P. Burchill; for treasurer, Patrick Hennessy; and for secretary, W. F. Cassidy. On motion the report was unanimously adopted.

J. W. Vanderbeck wanted to know if Mr. Loggie would guarantee that the government would not close the Blackville-Chatham Junction section of the Canada Eastern. If he could not do so, he would not have his (Vanderbeck's) support.

Mr. Loggie said he had been speaking to the Railway Commissioners about railway matters the previous evening, and the closing of the road had never been mentioned.

Mr. Williston of Bay du Vin said he was as staunch a Liberal as any one present, and he did not intend to support any man who would not promise to get them a railway down to Escuminac.

The next business was the nomination of a candidate to contest the county at the next election. Some

discussion ensued as to the mode of selection, when W. B. Snowball said that as far as he could ascertain there was only one name ever mentioned in connection with the nomination, that of W. S. Loggie, and that if he was in order, and to simplify matters, he would move that Mr. Loggie be asked to stand as candidate.

Mr. Vanderbeck wanted to know if W. B. Snowball's name was not going to be put before the meeting as he had heard that that gentleman was willing to stand.

Mr. Snowball said that he was not. Mr. Loggie's name was then put to the meeting and carried by a standing vote.

Mr. Burchill, in tendering the nomination to Mr. Loggie, humorously remarked that the meeting had decided to condone his past offences and give him another chance, and notwithstanding his bias of omission and commission, they still had some confidence in him and hoped he would do better in future. (Much laughter.)

Mr. Loggie, in returning thanks said that sometimes words failed to adequately express a person's real feelings, and that was his position then; but, notwithstanding the chairman's little lecture, he felt very deeply the kind manner in which they had received his name and offered him the nomination. He had tried in the past to do his duty as their member and he felt that the county had received its full share of public works. They would no doubt expect him to say something about the issues of the present day.

As they were all probably aware, Sir Wilfrid Laurier was at the present time in England attending the imperial conference, and they had no doubt read his speeches with much interest, and they would see that he expressed his surprise to find talk of disloyalty in Canada, when it did not exist except in the imagination of certain politicians, and that only for party purposes.

The great question before the country at the present time was that of reciprocal trade relations with the United States. In 1893 he (Loggie) was one of the party who went from this county to Ottawa to help to frame a platform upon which the Liberal party, then led by Sir Wilfrid Laurier, could go to the country. The two chief planks in that platform were tariff for revenue and reciprocal trade with the United States. That platform was acceptable to the people and when the Liberals came into power in 1896, they at once put it in force. The first step was the British preference, which they successfully inaugurated. They next sent delegates to Washington to try and bring about reciprocal trade, but they were not well received, and came back having accomplished nothing.

PATRICK HENNESSY Re-elected Treasurer of Northumberland Liberal Association

Sir Wilfrid then said they would wait for our neighbors to make the first move, so that in the elections of 1904 and 1908 reciprocity had not been an issue, because there had been no overtures from the United States, since then there had been these overtures, and the government was willing to consider them. The policy of the Liberal party was to reduce taxation. When they came into power duties were about 19 per cent, now they were 16 per cent only, and reciprocity carried it would make a further reduction of about 3 per cent. The Conservative party said the government had no mandate for reciprocity. Why it had been the policy of the government ever since it first came into power.

Reciprocity would not injure vested interest in the least degree. It would reduce taxation on natural products and the necessities of life, but it hardly affected manufactured articles at all. A small reduction in the amount of duty on agricultural implements was all that was proposed. Typewriting machines were put on the freelist; it was said that packing houses in Canada would be heavily handicapped, but the fact really was that they would be able to get cattle and hogs for their business from the states at 3.4 of a cent less duty than they paid at present. In many respects, the treaty would be of incalculable value to Canada, because there were many commodities produced in this country that there was no other market for except the United States, and if the duty on these commodities was remitted that would mean so much more for the Canadian producer. To the Miramichi alone, it would mean \$36,000 a year extra in the fishermen's pockets. Canadian producers would get the benefit of American reductions in duty, and Canadian consumers would get it by the Canadian remissions.

The agreement when it was made would be binding just as long as both parties pleased, and could be abrogated at any time by either. In conclusion, he begged his hearers not to take for granted all they heard about reciprocity, but to look into the facts for themselves.

In response to calls W. B. Snowball said that he had been asked to allow his name to be put in nomination, but he could not well devote the time to the duties of the position, but if on a future occasion the nomination was offered him, he might feel it his duty to accept it. On the present occasion he should give his whole-hearted support to Mr. Loggie, who had made the county a most efficient representative.

FOR BALD HEADS

A Treatment that Costs a Blif if It Fails.

We want you to try three large bottles of Rexal's "98" Hair Tonic on your bald heads, and we have the right to assume that what it has done for thousands of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50c. and \$1.00. Remember, you can obtain Rexal Remedies in this community only at our store—The Rexal Store, —Thomas Wain.

HYMENEAL

FIRLOTTE-NICOLLE

A very pretty event took place in the R. C. church at Campbellton, June 6th, 1911, when Mr. Edmond N. Firlotte of Jaquet River and Miss Bertine J. daughter of Albert Nicolle of Glen Levit, were united in the holy bonds of matrimony at 7 a. m. Rev. Father Wallace officiated. The bride looked charming in a costume of blue worsting, while Mr. Willie Nicolle, brother of the bride, supported the groom. Immediately after mass the couple drove to the home of the bride, where dinner and supper were served. The day and evening was spent in dancing and various amusements. The bride received many valuable and useful gifts which showed that she was much esteemed by her many friends. On the following Thursday the happy couple left for their future home in Jaquet River, followed by the good wishes of their many friends and relatives.

CANADIAN HOME JOURNAL

Two new serial novels start in June number of Canadian Home Journal, "The House of Windows" by Mrs. Isabelle Ecclestone MacKay and "A Honeymoon in Hiding" the joyous adventure of two new weds who discover after starting on the honeymoon that all their money has been stolen. "The House of Windows" is the first novel written by Mrs. MacKay one of the most brilliant of Canada's short writers, whose work is noted for the originality of plot and expression. The scene of the first installment is laid in a big department store at the time of the annual ribbon sale. A most surprise man is Mr. Flynn, the floor walker and Miss Twiss, head sales woman, when a deserted go-cart containing a baby is found hidden by the broad counters. These first chapters lay the foundation for a most interesting and thrilling story. The serials with several fine short stories make it an excellent fiction number.

Wedding features have a prominent place in June. Suggestions for the bride's bouquet, flower baskets for flower girls, bouquet for the matron of honor, are written by an experienced florist and are most attractively illustrated. What to get and what not to get for wedding presents will make many a reader's selection a more suitable one. With the society reporter when on the hunt for wedding news is one of those sketches that all of us enjoy we all want to get "behind the curtain".

An attractive new feature started in the Journal is the luncheon page with excellent menus and recipes for all of the dishes. The way of serving the different courses and arrangement of the table are splendidly illustrated, pictured they are most dainty and appetizing dishes, this promises to be a most helpful and attractive series.

Every month seems to find the Journal with better material, better illustrated, more attractive and it deserves a welcome in every Canadian household.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

AT DEATH'S DOOR FROM KIDNEY DISEASE

SAVED ONLY BY "FRUIT-A-TIVES"

CLANBRASSIE, ONT.
"Two years ago, the doctor made forty-four calls on me, and then said he had done all he could for me. I was suffering with intense Kidney Trouble and Inflammation had set in. Two other doctors were consulted and agreed that nothing could be done to help me. On the recommendation of a neighbor, I took "Fruit-a-tives" and they cured me. To-day, I take "Fruit-a-tives" as my only medicine. I am in excellent health, and "Fruit-a-tives" is the medicine that cured me after I had been at Death's Door for months. I can go to his side to give you this assurance. **FRUIT-A-TIVES** cures kidney troubles, restores vitality, and cures every trace of Kidney Trouble. "Fruit-a-tives" is the only medicine in the world made of fruit. 50c. a box, 6 for \$2.50, trial size, 25c. Address, or from Fruit-a-tives Limited, Ottawa.

A. C. BELLE-ISLE

SHOT BECAUSE SHE WOULD NOT ELOPE

Twenty-year-old Girl Killed by Father of Six Children.

New York, June 14.—Because Mrs. Carmella De Gracia, twenty years old, refused to elope with him, John Omega walked into the restaurant where she was employed today, pushed aside the infant she held, and shot her through the heart. Covering the proprietor of the restaurant with his revolver, Omega escaped. He is said to be the father of six children.

FORGED CAR TICKETS

Chicago, June 15.—The arrest of John E. Farris, a conductor on the Illinois Central Railroad, and later his brother William L. Farris, revealed what United States secret service men said to-day was a nation wide plan to swindle the transportation companies in the big cities by counterfeit tickets. From Farris' home a complete outfit for printing street car tickets was seized. John Farris is said to have admitted the charge against him and declared that there has been a systematic counterfeiting of transportation tickets for years. The men will be taken to Cleveland for trial.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physician as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

A STRANGE STORY

The Boston Journal says: A hundred miles from shore a Plymouth Rock rooster last Tuesday fluttered down upon the lumber schooner B. J. Hardwick, bound to Boston, from Annapolis, N. S., and feebly fell to the deck. Capt. Berry took the half frozen rooster to the galley and fed him with some corn mush, afterward imprisoning him in an impromptu cage on the upper deck until he was served up as an addition to the menu Saturday night. The incident occurred in a dense fog. Capt. Berry is at a loss to account for the arrival of his welcome visitor.

HARBOR TO BE DREDGED AT COURTENAY BAY

St. John East to be Fitted for Biggest Ships and Made a Great Port.

Tenders are called for construction of a Breakwater, Wharves, for the Dredging of a channel and basin and for the Filling shown on plan and also for the Construction of a Dry Dock and Ship Repairing Plant of the First Class under the Dry Dock Subsidies Act of 1910, at Courtenay Bay St. John.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for the sum of five hundred thousand dollars (\$500,000).

A great harbor is to be constructed at Courtenay Bay, that will cost millions, and make St. John a great port.

Whooping cough is not dangerous when the cough is kept loose and expectoration easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by dealers.

SUNBURN. BLISTERS. SORE FEET.

IMPORTED HORSES

John D. Buckley and Frank MacKie of Rogersville returned on the 13th from F. E. L., bringing three fine horses, the third for Hugh Cameron, proprietor of Hotel Winsor.

DR. HETHERINGTON DEAD

Dr. Geo. A. Hetherington of St. John fell in the dark down an elevator shaft in the St. John Opera House Wednesday night, and died next day as a result of his injuries.

MOOSE ABUNDANT AT GRANGEVILLE

Four great moose were recently seen near the school house, two more on Mr. Smith's farm, six or eight have passed Mr. Jonah's, and a herd of 13 was seen early one morning near the crossing.

MILL BURNED

The W. S. Loggie Co., Ltd., have received word that their mill at Pokemouche was totally destroyed by fire on Saturday 10th instant, together with a small quantity of lumber. The loss is partly covered by insurance.

DOAKTOWN GIRL GRADUATES AS NURSE

Miss B. J. Wair, of Doaktown (N. B.), was one of the class of graduates who received diplomas on Thursday from the training school for nurses in connection with the general hospital of Toronto.

WANT EXTENSION TO DOAKTOWN

On Wednesday Mr. Brady, Mr. Price and other I. C. R. officials were here on a tour of inspection of the railway, especially of the Indian town branch. They were approached by the Board of Trade, who strongly urged the extension of this branch to Doaktown.

NEW COMPANIES

The incorporation has been granted to Samuel Freeze and Isabella A. Freeze, of Doaktown, Mathew Lodge and Arthur Williams, of Moncton, to conduct a general mining business under the name of the "Acacia Tungsten Mines, Ltd.," with a capital stock of \$90,000.

There is one medicine that every family should be provided with and especially during the summer months; viz. Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

PRaise FOR DOUGLASTOWN PASTOR

Rev. F. C. Simpson, of Douglastown, N. B., has been in Bridgeport, C. B., for two or three weeks. He came on the invitation of Evangelist Kenyon, who has just concluded a highly successful campaign in Chamberlain's Church. Mr. Simpson's musical gifts and his competence in conducting choirs are well known by his many friends, and one could not help thinking that too little use has been made of him in a sphere where he has few equals in the Canadian church. In solo work and in leadership he is equally at home, and he greatly enhanced his high reputation in this campaign. Mr. Kenyon paid a high compliment to the choir in the presence of a crowded congregation drawn from the entire mining region on Sunday night.—Presbyterian Witness.

MURRAY GOVERNMENT WINS IN NOVA SCOTIA

Holds Twenty-Seven Out of Thirty-Eight Seats.

Halifax, June 14.—The elections resulted in a victory for the liberal government, who carried 27 of the 38 seats in the province. Cape Breton elected two conservatives. A feature of the election is the defeat of three members of the government: Hon. Christopher Chisholm, commissioner of works and mines; Hon. F. Pearson in Colchester and Hon. Dr. LeBlanc in Yarmouth.

SPORTS

Graverston, Estelle and Meloney of the Marathons, have been released. No. 1 because he was too high salaried a man for a fielder, No. 2 because he was not good enough for what he was up against, and No. 3 because he was unable to get his arm into shape. All three left for Boston on Monday.

Winnipeg, Man., June 17.—Sam Langford and Tony Caponi, of Chicago, fought a ten round draw last night. In four rounds Langford plied with Caponi in the seventh, the negro had Caponi in such a shape that the police stopped the fight for a time. The bout finally was allowed to go the full ten rounds. Both the fighters were on their feet at the finish.

Moncton and Halifax split even in Saturday's baseball games. The visitors out-classed and out-played the Socials in the first game winning 11 to 3. The contest was very uninteresting. The second contest was a surprise, all-Halifax trimming the New Brunswickers 5 to 1. This game was one of the best and most interesting games ever played in Halifax.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound for years and never found any medicine to compare with it. I had ulcers and falling of the uterus, and doctors did me no good. I suffered dreadfully until I began taking your medicine. It has also helped other women to whom I have recommended it."—Mrs. HENRY CLARK, Glanford Station, Ontario.

Another Cure
Harvey Bank, N. B.—"I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me."—Mrs. DRYDEN BALDWIN.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without trying Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ill, such as inflammation, ulceration, displacement, fibroid tumors, irregularities, periodic pains, backaches, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

PANAMA GOES TO LAVOIE
From First Page

some ball game believe us, (as the Star says). What with the heat of the sun and the excitement our respected heads of families and suffragettes went mad with excitement, and in the cool of the evening were a bit ashamed of their tricks in the afternoon. One respected citizen insisted on the boys sitting down in front, grabbing one lad by the collar and dumping him down, but unconsciously standing up all the time himself. Umpire O'Keefe called the game about three p. m. and the Van Burin got first knock.

Temperance in Ireland.
Remarkable figures regarding the strength of the temperance movement in Ireland, were given in the report of the Temperance Committee recently submitted to the General Assembly of the Presbyterian Church of Ireland in Belfast. The report shows that members of Bands of Hope and temperance societies connected with this denominational body, an increase of 11,000 during the year. The progress of the Total Abstinence Union, better known as "Catch-my-pay" movement, was so rapid that there was scarcely a town of any importance in six of the counties of Ulster which had not been revolutionized in its relation to this branch of the cause.

NOTICE OF SALE
To, Marie Louise Magee of the Town of Dalhousie, in the County of Restigouche, and Province of New Brunswick, wife of J. Valentine Magee of the same place, Clerk, and to the said Marie Louise Magee.
NOTICE is hereby given that under and by virtue of a power of sale contained in an Indenture of Mortgage, dated the Third day of October, A. D. 1910, made between the Marie Louise Magee of the first part, and the undersigned Myra O'Leary, wife of Frederick O'Leary, both lately of the said Town of Dalhousie, but now residing in the Town of Campbellton, in the said County and Province, of the second part, and duly registered in the Office of the Registrar of Deeds in and for the said County, by the number 11,946 on the Twenty-Seventh day of February, A. D. 1911 for the purpose of satisfying the money secured by the said Mortgage, default having been made in the payment thereof, and in pursuance of the said power of sale, there will be sold at Public Auction in front of the Court House in the said Town of Dalhousie, on Thursday the Thirtieth day of August next, at two o'clock in the afternoon, the lands and premises mentioned and described in said mortgage as follows:—All and singular that following lot of land and premises situate, "lying and being in the town plot of Dalhousie, aforesaid, and bounded as follows, beginning at a point on the North-west side of Adelaide Street, at its western junction with Brunswick Street, and running west along northern side of Adelaide street one hundred feet, thence northerly at right angles to Adelaide street fifty feet, thence parallel with Adelaide street one hundred feet, or until it strikes Brunswick Street, and thence south along the western side of Brunswick Street fifty feet to the place of beginning, together with all the buildings, and improvements thereon, and the rights and appurtenances to the said lands and premises belonging and appurtenant. Province of New Brunswick, ss. County of Restigouche.

NATION IN HIS DEBT
DR. WILLIAM SAUNDERS HAS DONE MUCH FOR CANADA.
Director of Experimental Farms Has Spent the Last Twenty-Three Years Laboring Untiringly For the Prosperity of the Farmers of the Dominion—Many Fruits and Grains Have Been Imported.
Canada's system of experimental farms is one of the most interesting and perhaps the most original feature of the Dominion Government. To the experimental farm, without doubt, more than to any other factor, is due the splendid development of the northwest Dominion to-day. Through 23 years, Dr. William Saunders, the head of the system, has worked untiringly and the results have been great. His first connection with the service was in 1885, when he was a business man making a hobby of horticulture. At that time he was sent abroad to study agricultural work in other nations, and upon his return he was made director of five experimental farms about to be organized. Since then, under his guidance, the work has progressed by leaps and bounds. The potential yield of every acre of Canadian farm land has been increased; fruit has been successfully raised on the north plains, and besides this, there has been established a great educational extension service for the training of the young Canadian farmer.

DR. WILLIAM SAUNDERS HAS DONE MUCH FOR CANADA.

Canada's system of experimental farms is one of the most interesting and perhaps the most original feature of the Dominion Government. To the experimental farm, without doubt, more than to any other factor, is due the splendid development of the northwest Dominion to-day. Through 23 years, Dr. William Saunders, the head of the system, has worked untiringly and the results have been great. His first connection with the service was in 1885, when he was a business man making a hobby of horticulture. At that time he was sent abroad to study agricultural work in other nations, and upon his return he was made director of five experimental farms about to be organized. Since then, under his guidance, the work has progressed by leaps and bounds. The potential yield of every acre of Canadian farm land has been increased; fruit has been successfully raised on the north plains, and besides this, there has been established a great educational extension service for the training of the young Canadian farmer.

Another attempt is to be made to swim the English Channel this summer. The new aspirant is the famous Australian swimmer, Frank Beauregard. He is a magnificent swimmer, and as a swimmer he is something of a phenomenon. Since 1908, when he swam the 100 yards championship at his school in Melbourne, he has been first in over fifty championships.
