**BEAVER BOARD**  
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.  
We carry a large stock in assorted sizes.

**MAIL ORDERS**  
We attend to all orders which require our personal attention. The length of time taken to fill orders is decreased very largely by having us act in the department of our factory in which the particular goods are made. We have exceptional facilities for the speedy turning out of orders. It is important to place orders as far ahead as possible. Orders are filled by us in the order in which they are received, and customers can always depend on our dates every thing is done to give prompt delivery.

**MUSICAL PLAY  
HERE SOON**  
Will Appear at Opera House Jan. 2nd—A Mysterious Company.

A musical play in three acts presented by a mysterious company under the patronage of the Concert Committee of the Soldiers' Memorial Hospital at the Opera House on January 2nd, 1920 at 8:15. Music bright and catchy.

**SPREADING CONTAGION.**  
Smallpox is epidemic in Toronto. In other provinces and cities they are enforcing a strict quarantine against Toronto and other parts of Ontario. What is the N. B. Health Dept. doing in this respect. One of the easiest means of spreading smallpox is by the sending of goods or mail matter, day-to-day we venture to say there are thousands of parcels coming into Campbellton from Toronto departmental stores which may contain smallpox germs. Our citizens are cautioned to be careful in this matter and if possible fumigate all such parcels.

**NO POSTAL ORDERS FOR UNITED STATES.**  
Postmaster Beckwith has received official notification from Post Office Inspector Woods that no money orders payable in the United States are to be issued until further notice. It is believed that the high rate of discount at Campbellton is the cause of this.

**COLD FEET.**  
This morning the thermometer registered from 25 to 40 degrees below zero. This is the coldest we have experienced for some years.

**WORLD HAS NOT  
COME TO AN END**

Notwithstanding the Fears of the Superstitious, Nothing Happened.

NEW YORK, Dec. 17.—Astonishment was expressed by the superstitious when the earth did not come to an end today.

The ominous position of the planets had been well press-agented, and some astrologers and persons versed in witchcraft had maintained that at the precise moment when the solar system formed itself into a straight line, with Neptune, Saturn, Jupiter, Mars, Venus and Mercury in one side of the sun and Uranus on the other, something awful would happen to the earth.

Students in Porto Rico are reported to have been so impressed with their chances for continuing life yesterday, that they asked for a holiday to prepare for the worst. Harold Jessup, professor of astronomy at Columbia, intimated that their action might have been due to the desire of youth everywhere to have a holiday. He said many other scientific institutions had first thinking up to-day's catastrophe.

**PLAYTHINGS A  
GOOD SHOW**

Gladys Klark Co. Draws Big Audience to Casino Theatre.

(St. John Times.)

The Gladys Klark associate players commenced their second week in St. John's under very favorable auspices last evening when the clever drama "Playthings" was presented.

The spacious theatre was crowded to the utmost capacity, not a seat being vacant proving clearly that Gladys Klark is a supreme favorite. "Playthings" was a charming story which has been staged in all the American cities and has met with immense success. All the stock companies include it in their repertoire and it has never failed to draw crowded audiences. It having met with general approval everywhere else, Miss Klark decided wisely in staging it in this city.

The characters are as follows—  
Chaire Morgan Miss Edith Bryan  
Jerry Thompson Mr. Boyd Holloway  
Dan Carter Mr. Arthur Hebert  
John Hayward Mr. B. Rabby  
Marjorie North Miss Gladys Klark  
Gordon Trenwith Mr. Geo. McManus  
Gwendoline Hayward Miss A. White  
Miss Gladys Klark as Marjorie North was the principal character around whom the plot was woven and in stage appearance, voice and action she played the role in a manner which won for her the highest praise of all. Her costumes like those of the other ladies were entirely new and were favorably commented on by the ladies of the audience. Miss Bryant, Miss White, Messrs. Mallory, McManus and in fact all the other members of the company were at home in their parts and faithfully portrayed their characters.

**X'MAS FAIR  
WAS A SUCCESS**

Handsome Sum Realized For New Church Building Fund.

The X'mas Fair held in the Knights of Columbus Hall on Wednesday and Thursday of last week was a decided success. Over one thousand dollars was realized and handed over to the building fund of the new church. Mrs. Auguste Martin, who had the Fair in charge and her band of able assistants deserve great praise over the successful outcome of their efforts.

On Wednesday a chicken supper was served to over three hundred

**MRS. GEO. MORRIS  
LEADS ALL CANADA**

Wife of Pastor of the Queen Square Church Takes Second Prize.

St. John, Dec. 16.—Mrs. George Morris, wife of the pastor of the Queen Square Methodist church, has recently headed the list of all Canadians in a competition for the best musical setting to the words of a Christmas carol written by Dr. Joseph Cook.

The competition was started by "The Christian Guardian," which first offered a prize for the best Christmas carol. Many gems of poetry were submitted and the one selected as the best was that written by Dr. Joseph Cook. The Guardian then published Dr. Cook's carol and opened a competition for the best musical setting for his words. The results of this second competition in which there were many entries of marked merit have just been made known. The winner of the first prize for the music is Mrs. E. L. Ashford of the staff of the Vanderbilt University of Nashville (U. S. A.), who was the composer of the well-known song "My Task." The second prize winner, the first Canadian on the list, is Mrs. George Morris. She is receiving hearty congratulations on her well deserved success.

Mrs. Morris is a musician of high order and this prize winning composition is not the first beautiful piece of music which she has written. She spent five years studying at the Scotch Western School of Music in connection with the University of Edinburgh (U. K.). The first two years were devoted to the study of the teaching of music, the next two, to the artistic training and the last to voice culture and theory. Mrs. Morris showed herself an apt pupil and her remarkable talent was highly developed.

(Mrs. Morris lived here for a few years after the Campbellton fire and many friends here are pleased to learn of her achievement.)

Special attention given to the N. B. Telephone Co.'s line by two separate lines connecting with Atlantic.

**BAGGAGE CAR  
CARRIED BY**

Gladys Klark Company Unable To Open At Opera House Tonight.

Owing to the Gladys Klark Company's Special Baggage Car being carried through by the Railway Company it will be impossible for them to give their engagement at the Opera House tonight as scheduled.

This car contained all the Special scenery, Lighting Equipment, Wardrobe Trunks, and effects, etc. in fact all the paraphernalia necessary to stage and present their various bills.

Arrived at Campbellton with the Company, last evening on the Ocean Limited but owing to a bungle instead of being set off here was carried through with the train, presumably to Montreal.

This mistake was not discovered until this morning, too late to get the car back to Campbellton in time for tonight's performance. This is indeed to be regretted as it will disappoint a large number of patrons—the advance sale having been particularly good and many seats reserved by phone, to say nothing of the numbers who purchase their tickets in the evening.

However the car has been diverted and will be back in plenty of time for tomorrow night's show when the company will open with "The Dragoon" which was to have been presented tonight.

Those who have already purchased tickets for the evening, will have their money refunded at the Box Office or their seats changed for to-morrow night's show.

**DEATH OF JOHN CANTLEY.**

Another of our respected residents has gone to his reward in the person of the late John Cantley, who died on Sunday evening the 14th inst., after a short illness.

Mr. Cantley was in his 80th year and during his long residence in Campbellton made many friends. For a number of years he was an employee of the Intercolonial Railway until advancing years necessitated his retiring on a pension.

Since the death of his wife which occurred some years ago his niece, Mrs. W. A. Trueman has been in charge of his home, but owing to her serious illness, it was found necessary when Mr. Cantley was taken ill two weeks ago to remove him to the home of his nephew Mr. A. A. Andrew. Here he received every attention but his illness was too great a tax on his failing strength, and on Sunday evening he passed peacefully away.

The funeral took place on Tuesday afternoon, the service being conducted by the Rev. Hugh Hillier, assisted by the Rev. Mr. Rowley.

Mr. Cantley was a member of St. Andrew's Presbyterian Church.

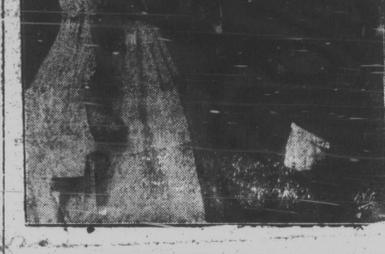

Mrs. W. L. McKensie.

Louise Manderson, wife of Mr. H. H. McKensie, New Richmond, Quebec, died at the home of her sister, Mrs. Hugh McKensie, 790, 16th St. E. on Thursday last, Nov. 15th.

She was here on a visit to her sister, coming three weeks before her death. She was born in Bonaventure, Quebec, 95 years ago and married Mr. McKensie of Maria in 1872 and they have been residents of New Richmond for many years.

Besides the husband, seven children survive: Geo. G., Boston; Herb, and Bertram in New Richmond; Reuben of Young, Sask.; Mrs. Kerr, Saskatoon; Mr. Hicks, Hamilton; and Mrs. Bateman of London. Her daughter, Mrs. Hicks was in Owen Sound for the funeral.

The deceased was a member of the Plymouth Bethel. The late Mrs. McKensie was little known here but those who had the privilege of meeting her were impressed by her quiet demeanor and Christian character. Owen Sound Sun-Times.

## SKULL THAT OF MISSING SOLDIER

Restigouche Soldier Now Officially Declared to Be Dead.

St. John, Dec. 11.—A court of inquiry was held on Tuesday afternoon for the purpose of investigating the identification of the skull which was found dug up by a dredge some time ago. It was presumed then it was the skull of Private D. J. Pike, who had been missing for more than a year, but no confirmation of this could be obtained as there was no trace of anything except the rifle and the skull to identify by.

At the court yesterday the records of the dental department were produced by Major Megee, and it was established by them that the skull was that of the missing man. This information will no doubt be forwarded to Ottawa, and the late Private Pike will be exonerated for the charge of desertion, which had been preferred against him.

## PROHIBITION FOR GREAT BRITAIN

Measures Will Soon Be Introduced in House of Commons.

London, Dec. 6.—The text of a local Prohibition Bill applying to England and Wales was made public the measure will be introduced in the House as a private bill, whose author states he has the backing of a small coterie of members.

The object of the bill is "To enable parliamentary electors in prescribed areas by direct vote to prohibit the issue within such areas of licenses for the sale of intoxicating liquors, and also the common sale or supply of such liquors in licensed premises, clubs, or elsewhere."

The principal clause provides that during September 1920 and in the same period in subsequent years, one tenth of the parliamentary electors of any parish in a rural district, borough, or ward thereof in any urban district, may address a written requisition to the borough, urban or district council demanding a poll of the electors on the question of the grant or issue of licenses to premises within the area for the sale, wholesale or retail, of intoxicating liquors.

When the poll is decided, for prohibition or against it, another poll may not be taken before the lapse of three years.

The bill is intended to come into operation in 1923.

### SKIRTS AND PRICES TO GO HIGHER

Increased Production Needed to Cheapen Women's Clothes.

CLEVELAND, O., Dec. 6.—The style committee of the National Cloak, Suit and Skirt Manufacturers' Association recommends skirts from three to four inches shorter than at present for the 1920 season in its report today at the closing session of the annual convention here. The committee decreed that skirts next season will be from seven to nine inches from the floor for women and about ten inches for misses, as compared with four to six inches for women and six to eight inches for misses at present.

Skirts the style makers say, will be "frankly short," but without abbreviation. One thing to be avoided, if one wishes to be stylish, is the extreme Tunic and plaited skirts will be worn. Fullness at the hips will be a feature of many of the smart spring suits.

Sleeves will fit snug and close to the tailored suits. The three-quarter length sleeve will be favored on Etons and short, jaunty models. Sport suits for Spring and Summer wear are recommended. Novel belts of leather and metal, and a new type of collar—long, slender and rolling—will be a detail of the suits. The Lordy Byron and Peter Pan designed will be popular.

### WOULD RATHER TAKE CARE OF FAMILY THAN ASPIRE TO POLITICAL HONORS.

London, Dec. 11.—Lady Beaverbrook's reason for refusing to stand in her husband's former Commons seat at Ashton-under-Lyme, Lancashire and made public already is that she has a young family. Her ladyship's refusal is a matter of much interest in the constituency. The vacancy will probably come soon through Sir Albert Stanley's elevation to the peerage.

A CHRISTMAS OFFERING of the harness, whips, robes, blankets, etc., should interest you if you desire to remember some horse owning relative or friend. We are making you take a look at it. It contains gift suggestions of practical value, bound to be appreciated.

### LADY BEAVERBROOK APPROVED BY ALL

Unanimous Choice of the Unionists to Run for Ashton-Under-Lyme.

London, Dec. 6.—Respecting the announcement that Lady Beaverbrook was approved as Standard Bearer of the Unionist Party at a meeting at Ashton-Under-Lyme in Lancashire, Alderman Cooper, the local chairman said: "Lady Beaverbrook will remove the sympathy that is in politics hereabouts and bring back that enthusiasm that I am sorry to say, departed along with Lord Beaverbrook."

The opportunity for another North American woman came as a result of the decision of Sir Arthur Stanley to withdraw from Parliament. From 1910 until 1916, the district, of which the voters are entirely cotton operatives, was represented by Lord Beaverbrook when he was Max Aitken, prior to his elevation to the peerage. His campaigns were run by his wife, who is well-known and loved in that portion of Lancashire. The normal Unionist majority is from 4,000 to 5,000 so the nomination is equivalent to election.

Lady Beaverbrook has not yet given an affirmative answer but all her friends and her husband are urging her to accept. As a Canadian, Lady Beaverbrook will be a fitting associate in Parliament to Lady Astor from Virginia. She is very close to the affairs of her husband who never makes either a business or political decision without consulting her.

Lady Beaverbrook was formerly Gladys Drury, second daughter of the late Brigadier-General Charles William Drury, C. B., of Halifax. She is a charming woman, the mother of two sons and one daughter.

### FISH STORIES MAY IMPROVE WITH AGE

It May be Late in the Season but These Are Good Enough for Any Time.

A rather strange manner of catching a salmon is reported to have taken place at Gagetown a few days ago. The ice was forming along the shore and reached only a few feet out into the river. A salmon came in close to the shore, under the ice, and was resting with its back against the ice, which was not very thick. While in this position, an Indian saw the fish and struck at the ice over it with a heavy stick. The blow stunned the salmon and it moved to the edge of the ice, where it jumped out of the water and came down on the ice and picked up the salmon, which weighed 21 pounds.

**TO THE TEACHERS OF RESTIGOUCHE & GLOUCESTER**

All teachers of Restigouche and Gloucester Counties, holding a second or third class diploma, are requested to attend a convention at the Court House, Bathurst, on Tuesday, the 23rd inst. At 2 p. m. there will be a private session, when the by-laws and constitution of the Union will be submitted to the teachers assembled, and delegates will be chosen to represent their respective counties, when general meetings are called by the Union. The purpose of the Convention is to complete the formation of the 2nd and 3rd Class Teachers' Association, the first move of which was made in Moncton last spring. The first convention was a success, but the North Shore was not represented. Therefore it has been decided to organize the Counties two by two, all over the province, and have a complete and strong union ready by Easter.

At 8 p. m. there will be a public meeting where everybody will be welcome. The object of this meeting is to stimulate the sympathy of the public for a cause too long neglected, and call attention of the government to the necessity of reasonably increasing our provincial grants. An interesting program of speeches, recitations, music and singing has been prepared. The best speakers of both counties, including the members of parliament, have promised their cooperation. The ladies of Bathurst will serve refreshments.

Teachers, make it your duty to attend your convention however busy you may be. It is for your own interests. Very important matters will be discussed.

By order of Committee.

**DALHOUSIE.**

Dalhousie, Dec. 16.—The Annual Christmas Fancy Sale of the Presbyterian Church, Dalhousie, N. B., which was held on Thursday evening, Dec. 11th, was well patronized notwithstanding the inclemency of the weather. In a little over an hour's time the ladies realized the handsome sum of \$81. The affair was held in the Basement Hall of the church and all those who attended were delighted. There was some very neat fancy articles sold, which were the work of some of the ladies of the congregation. Jack Frost struck here in earnest today, the thermometer registering 19 below zero. The upper ice is caught and old residents predict that people will be crossing from Fleury's Point, P. Q., on Monday.

After Xmas the office staff of the P. Q. Lumber Co. will be located in what is known as the Chisholm store, located at the corner of William and Brunswick Streets, and now the property of A. & R. Leggie Ltd. The place is being thoroughly renovated and the new company will enjoy comfortable and well lighted offices.

### TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAISIE PETER LAMARRE

Pointe St. Pierre, P. Q.  
"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I got on a box of 'Sootha-Salva' and two boxes of 'Fruit-a-Tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvelous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-Tives'."

"Fruit-a-Tives" cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

### 2 YEARS OF HEALTH; THEN BACK TO POVERTY

The Experience of a German-American.

A painful struggle in abject destitution, two years in a mad whirl of affluence, then once more the black bread of poverty.

This is the story of Adolph Schwarzman, formerly a St. Paul resident, now living in Munich, Bavaria. A few years ago he was a plodder in St. Paul. With a painful effort he barely managed to support his family on the \$12 a week which friends say was his wage.

One day an attorney came and told him that through the death of a relative in Germany he was heir to \$75,000. Sudden possession of so large a sum changed the Schwarzman mode of life.

Memories of a dear, colorless life pressed heavily on him. All his experience had been a succession of suppressed desires and enervating work that seemed to bring not even comfort to him and his family. Then as he saw the bank draft with almost unbelieving eyes he resolved to throw discretion to the winds, live for the day and let fate arrange whatever accounting there was to be.

All America could not confine the possibilities of his wealth, and while the balance still stood largely in his credit he went to Europe. Then came the war.

A letter just received by Mrs. D. M. Furness, No. 229 North Oxford St., from Bella, the eldest of Schwarzman's daughters, says that the day of reckoning has come. Sometimes, the letter says, there are potatoes on the Schwarzman table, often there are not. The family has been living on black bread, and tea made from dried apple leaves.

Now the friends who remember Schwarzman when he drew \$12 on Saturday night are coming to his assistance. Mrs. Furness and others who knew the family are mailing an occasional package.

### TRICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try Tri Hair gets soft, fluffy and beautiful—get a small bottle of Dandruff.

If you care for heavy hair that glitters with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. The destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; the hair falls out fast. Surely get a small bottle of 'Kaspar's' Dandruff from any drug store and just try it.

**The True Spirit of Christmas lies in THE NEW EDISON**

Christmas is for everybody; so is The New Edison.  
Christmas brings happiness to young and old; so does The New Edison.  
Christmas comes but once a year, however, while The New Edison is ready every day—every hour—to charm you, entertain you, uplift you and satisfy your craving for good music.

**The NEW EDISON**  
"The Phonograph with a Soul"

RE-CREATES the entire world of music. It brings to your home all that the most famous singers, instrumentalists and musical organizations could bring, except only their physical presence.

If you have never heard The New Edison, you have never heard RE-CREATED music. An Edison RE-CREATION means something entirely different from talking machines and ordinary phonographic records.

For your pleasure; for the pleasure and education of your children; for the enjoyment of your friends; let The New Edison be your Christmas gift this year.

Come in and examine the beautiful models—hear the art of your favorite singers and instrumentalists RE-CREATED—oh, better yet, let us send The New Edison to your home to test at your leisure. No obligation, of course.

### GET WISE IN TIME.

WHY not get wise in time. "Why wait till it is too late? People all over the country, north, south, east and west, are getting wise to the ruinous results of out-of-town buying. THINKING people are NOW refusing to patronize out-of-town houses. Are WE going to wait until we are knocked down and run over before we "get wise"? Let us spend our time and money in building up something that is OURS. Patronage of home business means the building up of a strong industrial community of our OWN. Neglect of home business interests means the building up of a machine that will one day crush us without mercy. Let us build for ourselves and for our friends and neighbors. Let us get wise before it is TOO LATE.

## COLD TEA AT \$12 PER QUART

City's Thirsty Jolted on Thanksgiving Day—Sold Cold Water.

Cold tea at \$12 a quart was bought by a number of thirsty ones in Biddleford, Me., as an adjunct to their Thanksgiving dinner. Early in the week a pocket peddler who let it be known that he had a "small supply of real liquor" had no difficulty in disposing of four cases of bottles at \$1.50 a piece. Individuals who have been in the habit of taking a nipper just before they sat down to their Thanksgiving dinner thought it a rare opportunity to get an appetizer, even if the cost was high.

Most of the customers put their bottle of appetizer away in the cupboard until Thanksgiving. Others could not wait and opened their bottle of "hot" the same day with the result that they found out earlier than they had been counted.

Those who did not sample their purchase before the holiday were just as nearly heart-broken when they found that it contained nothing but tea.

Water \$100 a Can.

This is not the first time the thirsty ones of Biddleford have been victimized. A smartly dressed man arrived in the city recently and dropped into bowling alleys and poolrooms, where he made friends.

When the time was ripe he represented to a young man that he had a five-gallon keg of fine old Kentucky whiskey he would sell at a bargain. The liquor, he said, he had put away for his personal use when the holiday law went into effect, but being in need of money he would sell the liquor for \$100.

The salesman took the victim to a shed where the contraband liquor was hidden. There was a tap to the keg, and a "sample" was readily drawn, which convinced the man that the liquor was of the brand represented, and he came across with the \$100.

Later in the day he asked an acquaintance to sample the stuff, but when he turned the faucet there was no flow of liquor. Breathing in the night he found nothing but water.

Around the spigot was a small tin can which had contained a couple of drinks of liquor which he and the salesman drank.

"Jakey" Had Many Travels.

Large quantities of Jamaica ginger are said to have been taken to Biddleford for the holiday trade. One story that is going the rounds relates to a ten-gross consignment planted in a tenement house in the residential section, where it could be obtained quickly for customers. The young man who bought the Jamaica paid \$750 for it, but expected to retail it at \$2 for a small bottle. Three men, who knew the location of the "plant," went to the house, it is said, and represented themselves to be deputy sheriffs. The occupant of the tenement, who was not one of the owners of the stock, wilted when the bogus officials appeared and allowed them to transfer it to an automobile without a protest.

### CAMPBELLTON PEOPLE SHOULD EAT PIE DAILY

Pie is wholesome, combining both fruit and grain. Those who have trouble digesting pie should take ONE SPOONFUL simple buckthorn bark, glycerine, etc., as mixed in Adler-Ika. This flushes the ENTIRE bowel tract, removes foul matter which poisons your stomach for months and relieves ANY CASE of sour stomach, gas or constipation and prevents appendicitis. Leaves stomach clean and digestion NOTHING. A. E. K. McDONALD, Druggist.

The Tale of Perfect Time in a Watch From Mainspring to Hairspring, between them lies the secret.

The Mainspring is the power which it transmits to the active parts of the watch. The Hairspring has the control and regulates the motion. The fitting is most delicate; imagine a 100th part of a hair. (Impossible isn't it?) Yet it is most wonderful in its performance, so wonderful is the adjustment. The friction from accumulating dirt, lack of oil, etc., destroys these perfect fittings. Do not let your watch run to ruin from neglect. Remember my business is the care of watches, and my opinion costs nothing.

## LITTLE BRITISH WAR IS ENDED

Two Columns Had Been Sent to Punish Kurds For Murder.

London, Dec. 15.—Another miniature British war has just been concluded with the return of two columns operating to the northeast of Mosul and to the southeast of Amadia, Asiatic Turkey, after successful expeditions against the Kurds, in order, as officially stated, to punish them for murders.

The troops, consisting of four battalions of Indian infantry and a mountain battery, and three companies of Assyrians, met with enormous difficulties in a country almost impassable, but the health of the men remained good throughout and their losses in engagements were slight.

Civil administration has been restored in the district and the troops have been withdrawn.

### FREDERICTON CURLING CLUBS FIRST GAMES.

### Saves Shortening

One of the first things you notice, after "Beaver" Flour comes to your house, is that you are using less shortening than you used with western spring wheat flours.

You also notice that the Pie Crusts, Cookies and Doughnuts are lighter and flakier—that the Bread Rolls and Biscuits have a delicate flavour, a delightful, nut-like, homey flavour that is doubly welcome after the tough, almost tasteless bread you used to make with western spring wheat flours.

## BEAVER FLOUR

Milled of Blended Wheat

is really two flours in one, for two kinds of wheat are used in blending. "Beaver" Flour contains the choicest Ontario winter wheat, strengthened with western spring wheat.

This gives you the finest pastry flour that can be milled—with the right strength to make a good size loaf of bread or a big pan of snowy Rolls.

More than that, everything made of "Beaver" Flour has a deliciously appetizing, nutlike flavour that is entirely lacking in the strong, western spring wheat flours.

Try it yourself—see how you save shortening—see how you come to depend on the even strength and quality of this famous flour—see how everything tastes so much better. Your dealer should have "Beaver" Flour—or will get it for you.

### DALHOUSIE, N. B.

Dalhousie, Dec. 10.—The many friends of Dr. A. G. Ferguson, will be glad to learn that he is able to be about again after several weeks of illness of jaundice.

William McNeish, Point La Nim, who was seriously ill is now convalescent.

The many friends of John Nowlan, Postmaster, Point La Nim, will regret to learn that he is in poor health.

A Xmas Sale under the auspices of the Ladies' Aid Society, is advertised to take place on Thursday evening, Dec. 11th in the basement of St. John's Church, Dalhousie.

Your correspondents congratulate the Carleton and Bay Chaleur people, on the great honor that has been bestowed on them by Rome, in naming Rev. Father Leonard, a native of Carleton, P. Q., Bishop of the Diocese of Rimouski, which comprises about 96 parishes and including the whole of Gaspesia. The distinguished priest, is a cousin of Alfred, Charles and Nelson LaBilliois of Miramichi, P. Q.

W. A. H. Craig, manager of the Royal Bank here, had a narrow escape last week of losing his fine residence "Bonnie Brae" by fire. While he was busy at the Bank, fire broke out in the barn, which is close to the house. In a short space of time the flames burst through the roof and it looked serious. Our fire brigade as usual was soon on their job and mastered the fire which had to be watched for a considerable time after on account of the prevailing high wind. It is thought that the fire originated by the carelessness of a tramp man, to whom Mr. Craig had given employment who smoked in the building. The loss is covered by insurance.

Alex. Mehat, son of Steve Mehat, Dalhousie, is receiving congratulations on the fact that he is the proud possessor of a Military Medal, which he has just received from the Military Department. He was in the woods, when the ceremony for the presentation of Medals took place in St. John.

It was sent to him with best wishes for his welfare.

Louis Boudreau is also in possession of a Military Medal, which was awarded his son, Pte. J. Boudreau, who was killed a few days before the armistice was signed.

Mrs. S. J. Buckingham, President of the Women's Institute of Dalhousie, who intends spending the winter months with relatives of California and British Columbia, made a very interesting report to the Institute here of what took place at the general W. I. Institute, held recently in St. John.

Will the Dalhousie Institute keep up the good work, as is being done at Jacquet River, and other places, is a question that is being asked by many in the shiretown.

The water question is one that the ratepayers of Dalhousie will soon have to grapple with in order to keep abreast with the times. Also the important matter of permanent sidewalks. The many accidents that happened during the past summer, to so defective sidewalks, should be a serious lesson to our town runners.

C. H. LaBilliois returned home on Tuesday from Jacquet River, where he addressed a large meeting, in the parish of Durham, to renew old acquaintances. He was astounded at the number of new buildings erected since he visited the lower end of the county last, and the tasty appearance of the homes of the people. He announced himself as a candidate for the

next provincial elections. He said that after his long political services for his native county, he felt it was his duty to offer his services to the people at the first opportunity.

Unfortunately when the teachers of the province of N. B. of the 2nd and 3rd class met at Moncton in the spring, to form a teachers union, the North Shore was not represented. It is suggested now that every county form a separate organization. That their constitutions be submitted to the teacher's union, and that each union name delegates to attend the general meetings. No doubt the Festigouche teachers will move along progressive lines and be in the race for improved conditions.

Miss Eliza Winchester and Miss Marie Letourneau left recently for Boston, where they have accepted positions.

Mr. Walter Winchester was in Rimouski and Saybec last week, while at Saybec he attended the funeral of the late Miss Rose Parent.

Whether it be a business or pleasure drive, I can furnish you with good horses and comfortable rigs by the day or hour.

Travellers driven to any part of the country. I have purchased a large double driving sleigh suitable for driving parties or weddings.

A trial will convince you my horses cannot be excelled.

Open Day or Night. Courteous treatment to all.

**PLAY HOCKEY**  
All interested in hockey in Campbellton, are invited to attend a meeting at the G. W. V. A. rooms on Monday Dec. 22nd, to discuss hockey matter.

**EXPLANATION RE WATER QUESTION**

During the present water shortage it is necessary to draw from Walker Brook during the night. As the elevation of this brook is not sufficient to supply water on the high levels the people on these levels are deprived of water during the night. A report is in circulation to the effect that the shortage on the levels is caused by the use of water in the rinks for ice making. This report is without foundation as it is impossible for this water to reach higher than the level of the brook and water for making ice is only drawn from this brook, none being taken from the reservoir. Therefore the supply to the rinks in no way interferes with the supply and to shut them off as suggested would do away with the only clean sport at this time of year and could not possibly better the situation.

We take this opportunity of thanking the merchants whose liberal patronage made such an edition possible. We are sorry that we could not supply all the demand for extra copies, as we were entirely sold out Friday.

**WILL CONTINUE THRIFT STAMP SALE**

Ottawa, Dec. 13.—The government has decided to continue the sale of thrift stamps and savings certificates at banks, post offices and other agencies. It is announced by Henry Drayton.

However, as a means of eliminating unnecessary expenditure the national war savings committee and the different paid provincial representatives and head office officials are relieved of their duties from Jan. 1, 1920, and the cost of propaganda will be saved.

Don't fail to call on J. GOLDENBERG & Co. when in need of something as you will save money.

An Advantage.  
The elderly millionaire was seeking advice regarding his love affair from a friend at the club.  
"Would you consider it any harm to deceive her about my age?" he asked.  
"Perhaps not." How would it do to confess to fifty-two?  
"I think your chances with Gladys would be better if you said you were seventy-two!" said the friend cuttingly.

Whelan Smokes During His Rescue At Fore River.

Quincy, Dec. 16—There may be no other men in the employ of the Fore River Shipbuilding Company than Harold Whelan, aged twenty-six, of Dorchester, but he hasn't showed up yet. While young Whelan was waiting for fellow workmen to lift tons of steel plates from off of his legs, which had been actually cut off at the knee by the pile of metal which had toppled over on him, the young man calmly smoked cigarettes for nearly half an hour.

During that time Dr. W. R. Hurley stayed by his side, holding a tourniquet above the knee, and alongside the pile of steel a motor ambulance stood waiting to take Whelan to the hospital the moment he was released. High overhead an electric crane picked the plates one by one from the prostrate man. It was delicate work to fasten the books and chains around the plates without imposing any additional jar on Whelan's legs. More than one workman turned away from the sight with a sinking stomach, but Whelan calmly smoked until the last plate was lifted.

Then willing hands quickly lifted him onto a stretcher and he was placed in the ambulance, losing no time in making the Quincy City Hospital. There the surgeons found that the heavy plates had done their cruel work so thoroughly that the leg had to be amputated, and the lad went to the operating table with the same courage he had exhibited in the yard while awaiting release from his terrible predicament.

There had been a quarrel. Everybody could see that the minute they came into the street car. The woman sat with tightly pressed lips, her hands gripping her umbrella firmly. The man sank down on his spine and glowered at the advertisements. The other passengers got interested.

Then there came a dead silence as the car halted to let off a passenger. Into the silence came the woman's thin, angry voice:  
"If it wasn't for me you'd be the biggest fool in town."  
Then for the first time the man grinned, and the others grinned with him.

After Taking Tanlac He

"For one whole year before I took Tanlac there was hardly a day that I didn't have a severe headache and hardly a night that I got over an hour or two of sleep," said S. S. Adams, when he called at the Owl Drug Store in Vancouver, B. C. Mr. Adams served as Captain in the English Army, and at the time he made this statement he was registered at the St. Francis Hotel, 600 Cordova, West, Vancouver. Mr. Adams further stated that he would leave for the Orient in a few days to accept a commanding position with an English firm in Japan.

### You Need More Than A Laxative

To correct constipation, all organs of digestion and elimination should be helped. Try NR and see how much better you feel.

#### NR Today—Keeps the Doctor Away

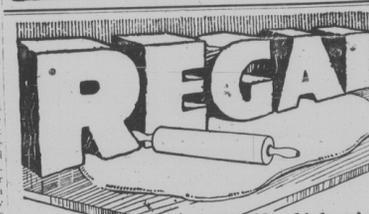

To live and be healthy, your body mechanism must properly digest your food, extract all the nourishment from it and promptly throw off the waste that is left. This is accomplished by the processes of digestion, assimilation and elimination—the work of the stomach, liver, kidneys and bowels.

The failure of any of the vital organs to do its work properly affects the action of all the others. A forced bowel movement does not help constipation; it only relieves for a few hours the congestion that constipation brings about.

Now if you are used to taking so-called laxative pills, oil, purgatives and the like, you know exactly well you've got to be taking them all the time. Moreover, if you stick to any one laxative, you've got to be increasing the dose all the time. That can do you a lot of harm.

### On the Amiable Vanity of Chocolates

A GREAT deal has been written on the food value of Chocolates, or candies (as some people call them). Well, as an emergency ration, a box of Neilson's or any other good Chocolates has a sound food value.

But it is our belief that people buy Neilson's Chocolates because they are luscious to the taste and delightfully satisfy one's craving for something sweet.

Every maiden should know that when her "man" or her "boy friend" (as she may call him) comes bearing a gift of Neilson's he is bringing to her the most delicious Chocolates that money can buy.

#### SCOUT MACHINE OUTFLIES EAGLE

#### King of Birds Loses in Speed Contest with British Airman

London, Dec. 15.—An eagle and a British airman have met in a contest for the supremacy of the upper air.

The encounter occurred high above the Pyrenees in the half light of early morning recently, when a British officer was piloting a single-engine scout machine, from Paris to Madrid. The airman was flying at a rate of about 100 miles an hour when a big eagle soared up to meet him.

"It was as if the eagle had thrown me a challenge," says the airman, "but the laughter died on my lips when I thought that, perchance a lucky dive by the bird, or maybe a collision in mid-air, would send me crashing to the rocks beneath."

"The eagle lumbered around me at about 90 miles per hour, and I throttled down to the same pace while we both stuck of each other. The air was crystal clear, and I could see every feather on him as we circled about, for all the world like two antagonists above the Western front."

"The eagle started to climb, and I went after him, yard by yard. Unable to resist any longer, I opened the throttle, put my nose down and looped right over him. He made one great effort to catch up, and with it his strength failed."

"His wings gave a feeble beat, and with every appearance of a shot plane, he nose-dived to earth. I followed him down a good few hundred feet, and saw him flatten out and land near a village in the foothills, completely exhausted."

#### Worst is Last.

On the assans docks at Bordeaux, France, an old-time sergeant of a negro regiment was having trouble with a detail of men of his own race, who seemed inclined to loaf on their work of loading box cars with provisions for the Army of Occupation. Addressing one negro, who was especially lazy, he exclaimed:

"Shucks, sergeant," replied the lazy one, "Ah listed foh de war, an' hit's over."

"Yo' all's a darn fool," the sergeant yelled. "Yo' listed foh de whin. 'Ya-as-at' Ah' also foh de duration of de war. Now, nigger, de wah hit's over, but de duration, hit's done just begun."—Ernest Hanson on Baxter, Fifty-ninth Artillery, in Judge.

Mr. Hicks was in a bad temper as he sat down to supper.

"I wish I was an ostrich," he exclaimed as he tried to eat one of his wife's cakes, but he couldn't.

"Mrs. Hicks wasn't going to stand this insult to her cooking."

"Yes, I wish you were," she returned. "Perhaps I'd get a few feathers to put on my last year's hat then and make it decent."
