

ITALIAN GARDEN MAGIC

To Find Its Secret, Study the Garden in Relation to the House.

Some of those who have fallen under the spell are inclined to ascribe the Italian garden-magic to the effect of time; but, wonder-working as this undoubtedly is, it leaves many beautiful unaccounted for. To seek the answer one must go deeper; the garden must be studied in relation to the house, and both in relation to the landscape.

The recognition of this fact was the first step in the development of the great garden-art of the Renaissance. The next was the architect's discovery of the means by which nature and art might be fused in his picture. He had now three problems to deal with: his garden must be adapted to the architectural lines of the house it adjoined; it must be adapted to the requirements of the inmates of the house, in the sense of providing shady walks, sunny bowing-green, patios, and lawns, all conveniently accessible; and, lastly, it must be adapted to the landscape around it.

Coughing is the outward sign of inward disease. Cure the disease with Shiloh's Consumption Cure.

Shiloh's Consumption Cure. The Lung Tonic and the cough will stop. Try it to-night. If it doesn't benefit you we'll give you your money back.

MORE WORK FOR COMMISSIONERS.

Alaskan Tribunal Has Not Finished.

A Stretch of 148 Miles to be Settled.

Senator Turner Says Award Was Just.

Washington, Nov. 9.—An important fact in connection with the recent deliberations of the Alaskan Boundary Tribunal appeared to-day when it became known that a stretch of territory 140 miles in length, and of uncertain width, is still in dispute, and is likely to remain for some time.

The significance of this was not appreciated by the President or State until within the last two or three days, owing to an error in the transmission of the summary of the tribunal's award as cabled from London.

A close reading of this summary made it appear that the members of the tribunal were unable to determine, on account of the lack of data, the exact course the boundary should take along the short distance between Kate's Needle and Devil's Paw, mountain peaks belonging to the main range between British Columbia and Alaska.

As it happened the territory in question is a region of the widest character, absolutely destitute of valuable resources, so far as known, and covered by perpetual ice and snow.

The members of the tribunal were unable to determine precisely what course the line should take between these monster peaks, for the charts showing the international provisional survey of 1895 failed to give any data as to the summit of the mountain, and went to the White House to pay his respects to the President.

Former Senator George Turner, of Washington, one of the American commissioners, arrived in Washington to-day, and through the White House to pay his respects to the President. In regard to the London award Senator Turner said: "It was a just and an honorable verdict, one that accorded with the rights of both countries. As to the Portland Canal, that is a matter commented on a great deal, and not yet understood. I prefer not to talk much upon the subject because of my position as a member of the tribunal. However, you may quote me thus far, the result attained on the Portland Canal, particularly that portion which divides the four islands between the two countries, has been treated by the Canadian press as if it were a compromise. That view is not correct. The result was attained by strictly judicial processes. When better understood it will be seen to be well founded in law."

ONE WIRE FOR BOTH.

A Telegraph and Telephone Experiment of the C. P. R.

Montreal, Nov. 9.—The despatching of trains by telephone and of telegraph all over the Canadian Pacific system is one of the possibilities of the future, if the experiment at present being tried by the company proves successful. The experiment is utilizing telegraph wires for both telegraphic and telephonic services. At present the system is working between Montreal and Ottawa, there being one phone in the Canadian Pacific office in Ottawa, one in the office of Superintendent Osborne, of the eastern division, at the Windsor street depot, and one at the office of Mr. Kent, manager of the C. P. R. Telegraph Company. These instruments were installed two days ago, and an American patented device being used to make the necessary connections. The telephone instrument is larger than in general use, as it holds a telegraph instrument as well. The wire used for the connection with Ottawa is technically known as No. 12 wire, of the ordinary kind, and runs from Montreal to Toronto.

There is little vibration on the wire, in spite of the fact of its double use, and the telephonic attachment does not interfere in the least with its use for telegraphic purposes.

50,000 CROSSED BORDER.

Domestic Immigration Commissioner's Estimate of Influx.

Montreal, Nov. 9.—In regard to the tide of immigration to this country during the past season it is to be noted that various numbers are given. The Northwest from the Western States who were not Americans. The common impression was that these people were Americans, who were coming in here to Americanize our population. Mr. W. D. Scott, the Dominion Immigration Commissioner, who was at the C. P. R. office to-day, dispels that idea. These people were for the most part composed of Swedes and Germans, who convinced of the superiority of the Northwest, determined to try it for themselves.

Mr. Scott is confident that next season will witness a great influx, now that Canada has come so prominently to the front and that inducements to farmers are so much better than any other country in the world can offer.

EMIGRANTS FOR CANADA.

Government's Efforts to Get Farm Hands.

Ottawa, Nov. 9.—The Canadian Government has decided to renew for ten years the four per cent. loan of \$2,500,000, which expired on the first of November. This loan had run for twenty years. The interest will be three and a half per cent. for the new decade. Nearly all of this loan is held in Canada.

There has been an immigration into Canada, of 121,115 souls during the last ten months, up to the end of October. Of these 47,541 were from the Old Country; 39,046 from the States and 34,528 from various countries of Europe. In October alone the movement of settlers into Canada numbered 7,392. The department is laying out, however, for even a more vigorous campaign next season in the British Isles, and getting out special literature to assist in a new work in France and Belgium, whence it is expected to draw a considerable number of the most desirable class for farm work in Canada.

At the dairy conference in progress here, Prof. Dean, of Guelph, urged this morning that none but pure air be employed in the aeration of dairy products. The dairymen working an average farm dairy make this process useless.

Dr. Connell, of Kingston, scored the dairymen for not giving more attention to sanitation, and declared that sixty per cent. of the factories in Eastern Ontario were unsanitary in their condition, faulty drainage, bad flooring, bad water, bad whips, and all these defects should be remedied. Water from shallow wells often proved the source of contagion.

IN THE FAR NORTH.

Mounted Police Establish a Post to Watch U. S. Whalers.

Ottawa, Nov. 9.—A report has been received from Superintendent Constantine, who took a party of Mounted Police down the Mackenzie River, and has established a police post at Fort MacPherson, in the delta of the Mackenzie, on the Arctic coast. This is the most northerly white settlement within the British Empire, and will be rather a lonely life for the sergeant and four constables who have been left there. Good shacks have been erected for them, and everything done to make them comfortable. The primary object in establishing the post at this point is to assert Canadian authority in the Mackenzie delta, to prevent lawlessness and the debauching of Eskimo and Indians by American whalers.

DRAMATIC FINISH.

Newspaperman Blows Out His Brains on Day Set for His Wedding.

Philadelphia, Nov. 9.—"Tell Lily she will find my dead body in the bathroom and notify Worthington that he need not send a cab, as there will be no wedding to-night." Having written the above on a piece of paper and placed it under the front door of his newly-furnished house to-day William Warner, aged 45 years, a newspaper man of Chester, went to the bathroom and blew out his brains with a revolver. Warner was to have been married to Miss Lillian Robertson of this city, to-night. The reason for the suicide is not definitely known, but Warner is said to have a wife in England, which country he left seventeen years ago. After his arrival in Chester he married a young woman, who died about three years ago. All preparations had been made for the wedding at Miss Robertson's home. Her brother went to Chester this afternoon to accompany his prospective brother-in-law to this city, but shortly before the time fixed for the arrival at the home of the bride, a telephone message was delivered to her that Warner had committed suicide. She was overcome with grief. The guests were arriving when the news was received.

George McLeod Spottedwood, M. E., a well-known Canadian mining expert, died on Oct. 23, in San Francisco, where he had gone to regain health. He was born in Kingston,

COLORADO MINERS TO STRIKE.

A Supposed Dead Man Stops His Own Wake.

Denver, Col., Nov. 9.—Governor Peabody and Commissioner of Labor Montgomery have practically given up hope of being able to avert a general strike of coal miners in district 15, which includes Colorado, New Mexico, Utah and Wyoming. Mr. Montgomery, speaking of the situation, said: "If the miners persist in calling a strike unless a conference is arranged by Nov. 9th, then I am afraid there will be a strike. We have tried in every way to bring about a conference, and have failed."

It is understood that the Colorado Fuel and Iron Company, and the Victor Fuel Company, which employ the greater portion of the men who will be affected by a strike, have unequivocally refused to treat with any persons except their own employees direct.

Notices have been posted at several of the mines, ordering the men to quit work on Nov. 9th. They are signed by John Mitchell, National President.

Another Man's Corpse.

New York, Nov. 9.—A body supposed to be his lay in a finely upholstered casket bearing his name and about which were gathered his friends preparing for a wake, John Siebert, president of the Paddy's Market Pedlars' Association, walked into his boarding house last night.

About the coffin were his landlady, Mrs. Josephine Baker, and several of his friends. The face of the dead bore a marked resemblance to Siebert. He stood for a

COMING U. S. DEPRESSION.

Will It Injuriouly Affect Trade in Canada? Pointed Out That It Likely Will Not.

Toronto, Nov. 9.—The Globe says that the fears that a period of financial depression, from whatever cause, is approaching in the United States, have turned the thoughts of many Canadians to the possible effect of such a misfortune on Canadian industrial, commercial and financial conditions. The Globe has collected the opinions of many business men in industrial centres in Canada on this point. All unite in admitting the great amount of business being done at present, and the large number of orders to be filled. Many are extending their plants, and the only complaint is the scarcity of labor to carry on their necessary operations. There is nothing in our own country to indicate any misfortune, and the building of the new trans-continental railway and the continued rapid development of the Northwest are pointed to as factors that will make for good times for many years to come.

Canadian agriculture, which is the backbone of the country, is in a position of security such as never before. A long-continued depression in the United States would undoubtedly affect the lumbering industry of Canada, but it must be remembered as an offset to this that the home demand for lumber in recent years has been an exceedingly active one, and that in railway construction work alone within the next five years amounting to quantities of lumber must be used in Canada.

WHERE APPLES ARE SCARCE.

Around Sparta Fruit Growers Have Not the Yield of Last Year.

St. Thomas, Nov. 9.—Apple growers in the Sparta district report a large loss in the amount of fruit suitable for shipment in comparison with last year. One farmer packed but 14 barrels, where last year he shipped over 40. The Greenings, while still plentiful and apparently of good quality, are in many cases on close examination, found to have a small worm hole of decay close to the stem. The farmers of that section have not expected a scarcity of barrels, although the Dexter cooper shop has been rushed for some time filling orders.

The potato crop has been largely a failure. Some fine, large, apparently sound potatoes are all decayed inside, and a kick will smash them like a bad egg, the odor of which they also somewhat resemble. It is not thought, however, by the farmers that apples will be noticeably scarce or higher in price this winter on the local markets. As usual the choicest of the fruit has been exported.

SAM PARKS RESIGNS.

From the Housewives' Union and Urges Arbitration.

New York, Nov. 9.—Sam Parks, from his cell at the Tombs, yesterday announced that he will resign his position as secretary and as a member of the Housewives' and Bridge-men's Union at its meeting Friday night. He says this means that he is out of the labor movement forever.

Parks said he will not appeal from his conviction in the Tiffany case, nor will he try to escape from the Plinty verdict. He is eager to serve his prison term, and is not seeking bail. "I am done," said Parks. "Nothing can save me from Sing Sing. If I did get a new trial I would be convicted as regularly as I came up before a jury. I am not ashamed of my labor career. I thought I was right and followed my best judgment."

PRESERVATION OF PEACE.

Official Definition of the Objects of Quar and Malice.

Berlin, Nov. 9.—The following is the official definition of the significance of the meeting of the Emperor and the Kaiser, printed in the North German Gazette to-night: "To-day a meeting of their Majesties the German Emperor and the Czar of Russia occurs at Wiesbaden. The meeting is another agreeable confirmation of the close and friendly relations between the two monarchs, and reveals that the entire activity of their Majesties is a living pledge that the political significance of their present meeting, seen as well as if the exchange of ideas between Czar and Emperor and the Imperial Chancellor, Count von Bismarck, is directed toward preserving the peace of our continent from ruptures, and toward countering any developments tending towards interrupting peace."

POINTS TO UNION OF CROWNS.

Swedish Prince's Engagement Draws Danish Royalty Nearer.

Stockholm, Nov. 9.—Prince Gustav Adolphus, eldest son of the Crown Prince of Sweden and Norway, is about to become engaged to Princess Cecile Augustine Marie of Mecklenburg-Schwerin, sister of Grand Duke Frederick Francis and also of Princess Alexandrine Augustine, Denmark's future Crown Princess. Princess Cecile is 17 years old, and through her mother, Grand Duchess Anastasia, is related to the Russian Imperial family.

By this engagement the future Kings of Denmark and Sweden and Norway will ultimately become brothers-in-law, while the policy of had advanced from Savanille, to the crown in one person, inaugurated by the Swedish Princess Louise's marriage with the Danish Crown Prince will be continued.

DAIRY EXPERTS.

Conference of Those Men Held To-day at Ottawa.

An Ottawa despatch says—The second annual conference of the dairy experts took place here to-day in the Railway Committee-room of the House of Commons. Mr. A. Riddick, chief of the Dominion dairy division, was elected chairman, and Prof. Dean, of the Guelph College, vice-chairman. Two papers are to be read to-day, one by Prof. Dean, on "How to secure the co-operation of dairy farmers," and the other by Mr. R. M. Ballantyne, Montreal, on "The trade from an exporter's standpoint." Besides representatives from Quebec and Ontario there were Harvey Mitchell, Sussex; L. C. D. Agle, Moncton, and J. F. Tilley, Woodstock, N. B.

CANADA TO KNOW FIRST.

Mr. Clergue's Statement Respecting the Soo Works.

London, Nov. 9.—Mr. F. H. Clergue, the well-known promoter of the Soo Industries, and Senator Dandurand, of Montreal, are stopping at the Grand Hotel, London. They were surrounded to-day by callers. When interviewed Senator Dandurand said he could not speak at present of the object of their visit, which is reported to be negotiations with the Vickers-Maxim and other English firms for the sale of the Soo plants. Mr. Clergue's coming forward, remarked: "There need be no fear for the future of the Soo industries. Plenty of money has been subscribed, and when a definite arrangement is made Canada shall have the first news. Before returning to Canada Mr. Clergue will visit Germany and France. He laughed at the varied American reports regarding the works."

SYMPOSIUM ON KISSING.

Aldermanic Champion of the Habit Flooded With Letters.

Janesville, Wis., Nov. 9.—Edward Connel, the alderman whose championship of public kissing started his fellow members of the City Council, though it was the means of preventing the placing of a ban on "spooning," has received hundreds of letters, both commendatory and denunciatory.

Two were from founding homes—one in Milwaukee and one in Chicago. They did not express either approval or disapproval, but merely asked his aid in the support of the homes. A Milwaukee girl wrote: "I am glad to see a man who will stand up for what he believes is right. I have been there myself, and on church as well as school steps. In lieu of a better place, these will do."

WOULD KILL GREEKS.

Cruel Mutilation of Children for Beggary Enrages Muscovites.

Odessa, Nov. 9.—Revolted discoveries have been made here concerning the practices of a Greek organization which has engaged in the business of importing Greek children, mutilating them and sending them out to beg. Children have been lured in hundreds to north, central and east Russia by promises of remuneration. The tongues, eyes, faces, arms and legs of the victims have been mutilated, and in this condition they have been compelled to seek alms on the pretext that they were sufferers from Turkish barbarities in Macedonia.

NATIVE REVOLT IN AFRICA.

Confirmation of the Attack on German Forces.

Berlin, Nov. 9.—The Governor of German Southwest Africa, has enabled confirmation of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa. The Governor says that a lieutenant and a sergeant of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa. The Governor says that a lieutenant and a sergeant of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa.

INDEPENDENCE OF PANAMA.

Revolution Decided on Some Time Ago.

The Rebels Acted in a Most Deliberate Way.

Provisional Cabinet Formed by the Revolutionists.

Panama, Colombia, Nov. 9.—The revolution which occurred here yesterday, and which resulted in the proclamation of the independence of the Isthmus of Panama, was not unexpected. Since Sunday last all kinds of rumors had been in circulation, but it was not until Tuesday night that the hour so long looked forward to by the inhabitants of Panama had arrived. For two days previously groups of people had been gathering about the town discussing the situation, which caused alarm upon the part of the authorities, for the houses of Dr. Manuel Amador, Jose Arango, and Frederico Boyd and other leaders of the popular movement were watched by the police. But the revolutionists fearlessly went in and out of their residences, issued their orders, and their plans were carried out. It was at first arranged that the revolution should take place at 2 a.m. on Wednesday, but when a telegram was received from Colon announcing that Gen. Tovar, with a detachment of 500 troops, had advanced from Savanille, to the cruiser Cartagena, some of the revolutionists became discouraged, and it seemed likely that the movement would lapse, but the more determined leader called on Dr. Amador, and urged taking immediate action, while others advised postponing the uprising. Dr. Amador was full of enthusiasm, and would not listen to any proposal to postpone the outbreak until later than Tuesday morning.

This was the situation throughout the afternoon of Tuesday, when all the revolutionists were anxiously awaiting orders from Dr. Amador. Gen. Tovar and Gen. Amaya, who arrived here with the former from Colon, the Governor of Panama and others were aware of the situation, and they went to the headquarters of the battalion of Colombia in garrison here, believing they could prevail on the soldiers not to take part in the movement.

The revolutionists finally decided upon 5 p.m. as the hour to proclaim the independence of the Isthmus, and a change occurred in their plans, and word was sent to Santa Ana, where over 2,000 men had congregated, for the revolutionists to disperse until 7 p.m.; but they were already marching towards Plaza Chiriqui, cheering enthusiastically for the independence of the Isthmus.

General and Staff Arrested.

Thereupon a signal was given to Gen. Huertas, of the revolutionary forces, who, in the name of the Republic of Panama, arrested Gen. Tovar and his staff and escorted them to police headquarters amidst wild cheering for the new republic, for Dr. Amador, and for the other leaders of the revolution.

The flag of the Republic of Panama was then formally hoisted. It consists of four squares. The first upper square to the left is blue, the first lower square to the left is white, with a blue star in its centre, the second upper square in white with a red star in its centre, and the second lower square red.

The cause of the revolution may be briefly summed up as being the result of the action of Congress of Colombia at Bogota in rejecting the Hay-Herran Canal Treaty, the Panamanians are almost a man in favor of the construction of the canal by the United States, and it had repeatedly been prophesied before and after the meeting of Congress that Panama would secede if the treaty was rejected, and would probably come to terms with the United States or the building of the great Isthmian waterway.

Provisional Cabinet.

The revolutionary Junta is composed of Dr. Augustin Arango, Frederico Boyd, and Tomas Ariza, who have charge of the Government. Dr. Amador late last night offered to allow Gen. Tovar to return with his troops now at Colon, disarmed, to Cartagena, but Tovar refused.

Began Bombardment.

While Dr. Amador was in conference yesterday with Government generals the officer who is second in command of the Government warship Bogota sent an ultimatum to the revolutionists, giving them three hours in which to restore the Colombian Government, the time to expire at 10 p.m. yesterday, but before receiving an answer the Bogota began a bombardment of Panama. Her fire was answered by the guns of the town forts and by the guns of the tugboat Paullina, which had declared in favor of the revolutionists. Shortly afterwards the Bogota left the bay.

NATIVE REVOLT IN AFRICA.

Confirmation of the Attack on German Forces.

Berlin, Nov. 9.—The Governor of German Southwest Africa, has enabled confirmation of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa. The Governor says that a lieutenant and a sergeant of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa. The Governor says that a lieutenant and a sergeant of the report from Cape Colony that disturbances have broken out in the Warmbad district of German Southwest Africa.

Every one of these preparations is guaranteed and if not fully satisfactory to the purchaser the money will be refunded.

ATHENS 2; LYNDHURST 0

The return match between Lyndhurst and Athens football teams was played on the H. S. grounds here on Saturday afternoon last and resulted in a win for the home team by a score of 2 to nil. The match was fast and clean throughout, there being very little rough play and no player penalized during the entire match.

Table with 2 columns: LYNDHURST and ATHENS. Rows include Danby, Johnston, A. Roddick, Green, G. P. Roddick, Jones, E. Harvey, V. Landon, Referee—George Holmes, Goal, Goal Umpires—London, Lyndhurst; W. Frye, Athens.

Lyndhurst won the toss and elected to kick down the field. They rushed the playing and several shots were tried on Athens goal, but were either stopped or went wide. Athens also made some rushes but seemed content to hold their opponents in check until last half. The score was 0-0 at the end of the first half.

Changing sides the teams went at it fiercer than ever. Athens got in some pretty combination play and rushing down the field passed to Whaley, who scored; time 10 mins. Lyndhurst tried to rush matters, but were forced back and Whaley again did the needful. Time, 9 mins. This ended the scoring, although Lyndhurst did kick a goal from behind Athens' backs, but it was declared offside.

THE REPORTER OFFICE FIRE

Shortly after 5 p.m., on Wednesday last smoke was seen issuing from the roof of the Reporter office, and the fire alarm was sounded. The Reporter for the week had just been printed, and those in the office were unaware of the hot time in progress overhead. The fire had gained but little headway when discovered, being centered in the attic around the smokestack of the engine, but it was difficult to reach, and soon developed into a dangerous blaze. The engine was run to the well at the rear of the office, and soon a good stream of water was at the disposal of the branchmen. It took some time to reach the fire, which was both protected and confined by the iron roof of the building, but finally a hole was chopped through the roof and in a few minutes it was extinguished, after over a half-hour's hard fight.

paired, and this week the Misses Kelley are again in possession of their home and everything is proceeding as usual in the Reporter office.

REV. A. T. WARREN'S FAREWELL

On Sunday afternoon a large congregation heard with sympathetic interest the farewell discourse of Rev. A. T. Warren, pastor of the Holiness Movement in Athens. His text was the final words in Exodus 14: 15—'Go Forward,' and while the speaker at times manifested the regret he felt at parting with those from whom he had received so many kindnesses during the last two years, his address was in large measure a humble acknowledgment of the blessings the people had received from the Giver of All Good and a profession of faith in the power of the Gospel to accomplish yet greater results.

BETTER THAN A PLASTER

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by J. P. Lamb & Son.

ADDITIONAL LOCAL

In the church's field of battle, In the bivouac of life, You will find the average Christian Represented by his wife. Mr. Gordon E. Richards, of the A. H. S. graduating class of '03, is now a student missionary of the Presbyterian church at Star, Alberta.

Miss Stella Scovill, one of the nurses at the Iovation Hospital, Ottawa, and who has resigned, is visiting her parents in Portland.—Recorder. This evening the marriage takes place at the home of the bride's parents, Mr. and Mrs. James Foley, of Hard Island, of their daughter, Miss Minnie, to Mr. Wm. J. Cardiff, of Addison.

The board of management of Athens Public Library are arranging for an entertainment by Frank E. Conklin, to take place on or about December 3rd. Mr. Conklin won high favor in his appearance here last season, and the success of the event is assured.

The small-pox scare has brought up the compulsory vaccination question in Gananogue and the board of education has emphatically ordered all pupils to be vaccinated. Some kept their children away and now want them back to school without compliance with the order.

Guelph, Nov. 9.—Hugh Guthrie, M. P., was the unanimous choice of the Liberal convention held here Saturday. Halifax, N. S., Nov. 9.—The Furness Line of Gull of Venice, which sailed for London yesterday, took 20,600 barrels of apples.

Ottawa, Nov. 7.—The thirteenth convention of the Dominion W.C.T.U. met yesterday. A number of reports were presented and considered. Winnipeg, Nov. 6.—A small boy named Stoddard, while on his way to school yesterday morning, was run over and instantly killed in the C.P.R. yards.

CHEESE LAST WEEK

Brookville—9½c offered on the board; sold later at 10½c. Kingston—9½c offered on board; no sales. Peterboro—Sold at 10½ and 10½c. Madoc—10c offered; no sales. Picton—10½c offered; no sales. Woodstock—10½c offered; no sales.

TINY BABY BURNED ALIVE

Sault Ste. Marie, Nov. 9.—A fire occurred in Sault Ste. Marie, a suburb of the Soo, yesterday afternoon at the home of Mr. Stewart, the parents having gone out, leaving two children and an infant in the house. The origin of the fire is unknown. When a neighbor noticed the fire and succeeded in entering the house he found the child almost overcome with smoke, rescued it and gave the alarm. In the meantime trying to revive the rescued child. The town fire brigade responded to the call, but the building was doomed before they arrived at the scene. It was not until after the rescued child revived that the parents were aware of the fact that one child had been burned alive. The parents, on arrival at their former home, were just in time to see the remains of the babe removed from the smoldering ruins.

THE M'BRIDE CABINET

British Columbia Ministry is New Full and Complete. Victoria, B.C., Nov. 6.—Premier McBride completed his Cabinet last evening after a long Executive meeting. McBride resigned the position of Attorney-General, being succeeded by Mr. Charles Wilson, who has been President of the Council. Mr. Wilson is succeeded in the latter office by Mr. F. J. Fulton of Yale. Both were sworn in last evening after a ceremony with the usual pomp and circumstance.

L. C. R. MEN GET INCREASE.

Conductors Got Everything Asked, but Trainmen Had to Compromise. Moncton, N. B., Nov. 7.—A satisfactory basis of settlement was reached yesterday in the case of the increase of pay asked for by the L. C. R. conductors and trainmen. Hon. W. S. Fielding granted practically everything the conductors asked for Thursday night, but there was a hitch over the trainmen's schedule. A compromise was offered the trainmen of fifty cents per day, as the amount asked for all round. It was granted to the conductors, but the offer of forty cents was made to the trainmen. The Quebec men held out for the full amount asked, but finally yielded and accepted ten cents per day less than the schedule allowed.

Soa Canal Traffic.

Sault Ste. Marie, Nov. 7.—The tonnage which passed through Sault Ste. Marie canals during October, according to the traffic statement, was 3,623,304 tons. This is a slight increase over September and a decrease from the same month last year of 142,326 tons. The present year will not lead last year's much, as the increase to date is only 438,572 tons. The number of vessels that passed is 2,260. There were 17,468,763 bushels of grain carried down, nearly two-thirds of which was wheat.

To Call at Halifax.

Portland, Me., Nov. 7.—The Dominion Line passenger steamships in the service between Liverpool and this port will call at Halifax this winter on the westward voyages. This probably will mean that the greatest number of passengers will be landed at Halifax. The ships will not call at Halifax on the eastward passage. The passenger steamships will be Canada, Dominion, Cambrian and Vancouver.

IMMIGRANTS TO CANADA

London, Nov. 7.—During the month of October the emigration to Canada through English ports was as follows: English, 2,971; Irish, 149; Scotch, 762; foreigners, 2,122. The total for ten months are: English, 45,794; Irish, 2,495; Scotch, 10,189; foreigners, 54,544. The total number to Australia and New Zealand for October was 1,657; to South Africa 7,422.

KING'S BIRTHDAY HONORS

The Lists Occasion Some Surprise in Ottawa and Canada.

All Forecasts Were Wrong—Col. Finault and Sculptor Robert Made C.M.G.'s. Imperial Service Descriptions to Canadian Civil Servants and Canal Employees—Vice-Admiral Lord Charles Beresford Has Been Promoted. Ottawa, Nov. 9.—The list of birthday honors was officially announced from Rideau Hall Saturday night. There are no Knighthoods, and no Companions of the Bath. Col. Finault and Mr. Hebert, the sculptor, are made C.M.G., while seven civil servants become Companions of the Imperial Service Order, and eight employes on the Government canals receive the medal of the order. The following is the official list: The King has been graciously pleased to approve the following honors on the occasion of His Majesty's birthday: To be Companions of the most distinguished Order of St. Michael and St. George: Col. Louis Felix Pinault, Deputy Minister of Militia and Defence. Monsieur Louis Philippe Hebert, sculptor. To be Companions of the Imperial Service Order: Robert Bell, M.D., LL.D., Acting Director Geological Survey, Ottawa. Edwin Gilpin, Deputy Commissioner of Public Works, Nova Scotia. John George Hodgins, historiographer of the Government of Ontario. David Ewart, chief architect, Public Works Department, Ottawa.

PACIFIC CABLE SAVED.

Eastern Extension Company Blocked by Commonwealth Senate. Ottawa, Nov. 7.—The agreement between the Government of Australia and the Eastern Extension Company, so obnoxious to Canada, New Zealand and the home Government, as partners in the Pacific cable having been blocked in the Senate of the Commonwealth on Sept. 8 and following days has, it was learned by direct cable yesterday morning, been abandoned by the Government. Thus the honor of Australia has been redeemed by Senators W. G. Higgs of Queensland, Staniforth Smith of Western Australia, Simon Fraser of Victoria and 17 other honorable Senators.

AT THE MAST FOR 48 HOURS.

Captain and Crew of Waterlogged Schooner Reached Safely. New York, Nov. 6.—After being lashed to the stump of a mast for 48 hours and being deprived of fresh water for three days, Capt. Gabrielsen and nine of the crew of the water-logged schooner John W. Linell, have reached New York aboard the Italian ship Gabrielle d'Albi. Notwithstanding their privations, the shipwrecked mariners are not suffering from any serious ill effects.

A Talk on Insects.

Toronto, Nov. 9.—Dr. L. O. Howard, chief entomologist of the American Bureau of Agriculture, delivered the first of the Sir Sandford Fleming lectures in the new medical building Saturday night on 'Some International Work With Insects.' Dr. Howard will to-day visit Prof. Ramsay Wright's natural history museum for ideas for the new United States National Museum and will leave for Washington at 11 o'clock.

Lumber Fell on Him.

Tilbury, Nov. 9.—W. Henrick, aged about 48 years, a well-off farmer residing about four miles from here, was taking home from Tilbury a load of lumber Saturday evening, and in turning into his residence across a deep ditch one wheel went off the bridge, throwing him out. The lumber fell on him, and when found immediately after life was extinct.

Suicide by Carbolic Acid.

Toronto, Nov. 9.—Jackson Ashbury, 132 First avenue, committed suicide on Saturday afternoon by taking carbolic acid. He was in poor health and despondent. Boys found the body in a field on Carlaw avenue.

After inspecting the Brockville Municipal Training department of the public schools, of which Mr. Andrew Hagerman, of Athens, is principal, Provincial Inspector Leake expressed himself as being delighted with the discipline and told the Times that Brockville school had perhaps the best grasp of the needs of the system of any in Ontario.

On Thursday last Mrs. John Earl died at her home in Athens after an illness of several months, during which she was a great sufferer. During her sickness she had the constant, loving care of her daughters, Mrs. A. Moulton and Mrs. J. Jones, of Hamilton, and they with her husband and a son residing in the West constitute the family left to mourn her loss. The funeral service was conducted in the church on Saturday by Rev. G. N. Simmons, and many of her friends in Athens and Lansdowne attended the obsequies. The family have the heartfelt sympathy of all in their sad bereavement.

Ayer's Cherry Pectoral. Give nature three helps, and nearly every case of consumption will recover. Fresh air, most important of all. Nourishing food comes next. Then, a medicine to control the cough and heal the lungs. Ask any good doctor.

From Neighboring Firesides.

TRAVELVAN

Mr. Dave Leeder, who has been employed on the stone crusher for the past few months, has returned home.

Mr. and Mrs. Frank Slack of Lansdowne, spent Sunday with Mr. and Mrs. Joseph Leeder, Sr., the parents of Mrs. Slack.

Osborne Shaver received a painful injury on the leg from a kick by a bolt, and was compelled to use crutches for a few days.

Mr. and Mrs. Dan Hefferin spent Sunday at the home Mr. Patrick Flood. Owing to their departure from Travelvan Mr. and Mrs. G. Leeder entertained a number of the young people at their home, one evening last week. A pleasant time was spent in dancing and other games.

DAYTOWN

Mrs. Eli Wood has returned from visiting her son Herbert, Rome N. Y. Soper brothers are about done corn cutting and thrashing in this section.

Mr. Leon Wood has returned home to Rome, N. Y., after visiting his grandparents, Mr. and Mrs. Eli Wood. A big rain and snow storm the 5th of November.

Mr. and Mrs. Frank Eaton have returned home from their honeymoon trip, after visiting friends in Rome, N. Y., and other places.

Mr. James Hoffman is delivering wood at the Delta cheese factory.

Leon R. Wood is the boy to hunt the ducks around Upper Delta lake.

Our enterprising dressmaker, Mrs. George Huffman, is doing a rushing business.

FRANKVILLE

Mr. Dennison, organizer for C.O.F., accompanied by his wife, has been spending a few days here. An open court was held on Monday evening at which quite a number of both sexes were represented.

The social at the Methodist parsonage on Wednesday evening was a success in every way. A very enjoyable time was spent.

Mrs. Waters and children, from California, are visiting at Mrs. Soper's this week.

A number from here attended the Commencement Exercises at Athens on Friday evening.

Miss Millie Gallagher, of Smith's Falls, spent Sunday at her home.

The Misses De Wolfe, of Portland, spent Sunday here.

Miss Jessie Kilborn is visiting at Athens this week.

Miss Lulu Munroe has returned home, having spent a few days with friends at Athens.

WAKEFUL CHILDREN

For a long time the two year old child of Mr. P. L. McPherson, 59 N. Tenth St., Harrisburg, Pa., would sleep but two or three hours in the early part of the night, which made it very hard for her parents. Her mother concluded that the child had stomach trouble, and gave her half of one of Chamberlain's Stomach and Liver Tablets, which quieted her stomach and she slept the whole night through. Two boxes of these Tablets have effected a permanent cure and she is now well and strong. For sale by J. P. Lamb & Son.

DECEMBER NUMBER

NEW IDEA WOMAN'S MAGAZINE

Have you ever asked yourself, in your quieter moments, "What was the happiest day of my life?" A group of clever and celebrated women have formed a symposium for the December number of the New Idea Women's Magazine and have given their several experiences during the one happiest day of their lives, and the result is exceedingly interesting. This issue is the Christmas number, and the spirit of the holiday season prevails in its pages. Valuable suggestions for gifts, for feasting and for house decoration are in evidence, and many new ideas are advanced. The number is also exceedingly rich in good fiction and verse, and is entertaining from cover to cover.

Average attendance 40.
L. M. STEVENS, Teacher.

An English Author Wrote

"No shade, no shine, no fruit, no flowers, no leaves,—November!" Many Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption, being one of the wasting diseases. Hood's Sarsaparilla has shown that what is capable of eradicating scrofula, completely cures catarrh and taken in time prevents consumption. We cannot see how any suffer can put off taking this medicine, in view of the widely published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

Trevelyan Honor Roll

Following is the honor roll for October.

First—Ervin Armstrong,* Gracie Dodge,* Charlie Hughes, Leta Dixie, Zeno Leeder, Odra Armstrong*.

Those marked with an asterisk have attended every day during the month.

Average attendance 30.
E. DE WOLFE Teacher.

A Timely Suggestion

This is the season of the year when prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. For sale by J. P. Lamb & Son.

Sunday School. Isn't it Worth While

INTERNATIONAL LESSON NO. VII. NOVEMBER 15, 1903.

David's Trust in God.—Psalm 23.

Commentary.—1. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—2. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—3. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—4. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—5. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—6. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

Commentary.—7. The shepherd and his sheep (Ps. 23, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

CEYLON NATURAL GREEN tea when it costs no more than the commonplace Japan and is infinitely superior, being absolutely pure and as delicious as the famous "Salada" black tea.

Sold only in sealed lead packets. By all grocers.

Special honor to David as a mark of special honor and favor, and this, in the presence of his enemies, who looked on but were not invited to partake. This was David's answer to those who, in his affliction, had said, "There is no help for him in God." "God hath forsaken him," Whason. Anointed. The reference is to the anointing which was the regular accompaniment of an oriental banquet, not to the kingly anointing for which a different word is used.—Cam. Bib. Anointing with oil was an emblem of the baptism of the Holy Spirit. Cup runneth over.—The overflowing cup suggests a fullness of blessing. Jehovah is a bountiful provider and is able to abundantly satisfy.

Practical Survey. Soul transformation. "He restoreth my soul." At the very threshold of our study we meet with the doctrine of regeneration. Naturally we are goats (Matt. xxv. 33); and He shall set the sheep on His right hand, but the goats on the left. There are only two classes of characters known to God—the "sheep" and the "goats." We are either sheep, under the tender and constant care of the Divine Shepherd, or hell-deserving, or hell-bound subjects of sin (Rom. viii. 9). Soul rest. "He maketh me to lie down." This is suggestive of rest, and restfulness, which is assuredly what the soul comes to realize as its burden of sin, condemnation, and guilt is lifted, and the peace that passeth all understanding is imparted (Matt. xi. 28; Heb. iv. 3).

Soul satisfaction. "The pastures of the tender grass." The pastures of tender grass suggest a plentiful supply of nutritious food. Green pastures imply an experience in the grace of God which is ever new and hence always fresh. The business of the shepherd is to keep the sheep in the green pastures. In order to do this there must be variety as to scenery and location. This is true of our experience under the great Shepherd. Sometimes to climb the mountain steep, at other times to descend into the valley of seeming gloom may be necessary in order to our being kept in "pastures of tender grass." Our lesson emphasizes another phase, viz., the earnest activity and positive aggressiveness in spiritual life under the unerring leadership of our Divine Guide. Notice, "He leadeth me not into temptation, or into a snare." It requires loving, prompt, earnest and continued obedience to keep close to our Guide in Christian living.

Soul anointing. What oil is as a lubricator to the machine, the Spirit's anointing in its gladdening effect to the soul in its arduous labors for Christ. To be well anointed is to save wear and tear, and prevent cessation of operations. Very many Christian workers break down prematurely because they are without the anointing. Again, oil is used as a polisher. We need it to make our

highest price ever paid for similar rights on any scientific discovery. Before making the purchase we tested the product for years through physicians in the most difficult germ diseases. We proved that Ligozone does what nothing else in the world can accomplish, and that the results are unvarying. A discovery that could command such a price is something you should know, if you need it. We are doing our part by supplying the first bottle free. Will you do your part by requesting it?

Kills With Oxygen. Ligozone is simply liquid oxygen—no drugs, no alcohol in it. It is the discovery of Pauli, the great German chemist, who spent 20 years on it. His object was to get such an excess of oxygen in simple form into the blood that no germ could live in any membrane or tissue. Oxygen is life to an animal—the very source of vitality. It is the essential part of air. Its effects are exhilarating, purifying. It is Nature's greatest tonic. But germs are vegetables, and this excess of oxygen—the very life of an animal—is deadly to vegetable matter. Ligozone charges the blood with such an excess of oxygen that no germ can live where the blood goes. We spend 14 days in making each bottle.

We Paid \$100,000 for the American rights to Ligozone.

The Markets.

The offerings of grain to-day were fairly good, and prices as a rule were steady. Wheat is unchanged, with sales of 200,000 bushels of white at 82c, and 200,000 bushels of red winter at 82c, and 120,000 bushels of soft at 76c. Barley steady, 400,000 bushels selling at 44 to 45c. Oats are unchanged, with sales of 600,000 bushels at 28c to 29c. Dairy produce in good supply, with prices firm. Choice dairy butter, 20 to 25c, and strictly new laid eggs, 30c. Poultry generally firm at quotations.

Enormous Demand for Dr. Chase's Remedies

148,575 Boxes Sold During September in the Dominion of Canada Alone. Making a Grand Total of 1,782,900 Boxes in One Year. Estimating the population of Canada at 5,000,000, and allowing five persons to each family, this figures out more than one and one-half boxes for each household throughout the entire Dominion. There would scarcely need to be better evidence as to the esteem in which these great family medicines are held by the people. And why this wonderful confidence in Dr. Chase?

Because of his extraordinary ability and skill as a practicing physician; because of his integrity and honesty of purpose as a man; because of the reliability of his now world-famous Receipt Book, and because of the proven merit of the great family medicines which he so generously placed at the disposal of his fellow-men, so that all might benefit by his experience and the result of his life work as healer of the sick. The manufacturers of Dr. Chase's remedies have such confidence in these medicines that each one was introduced by means of free samples. Hence the wonderful popularity of Dr. Chase's Kidney-Liver Pills, Ointment, Nerve Food and other preparations.

Effel Tower Out of Favor. Parisians have become tired of the Effel tower, once their pride and the grand attraction of the exposition of 1889, and are clamoring for its removal. Experts have been called upon to say how long the tower, if left to itself, will stand, and with the usual diversity of opinion that characterizes experts in all lines, they fix the time at from fifty to 200 years. In order to gain time and quietude upon this matter the authorities have extended the concession of the company that owns it ten years, or until 1919. The present concession not expiring until 1909.

Helpless as a Baby.—South American Rheumatic Cures strikes the root of the ailment and strikes it quick. R. W. Wright, 10 Daniel street, Brockville, Ont., for twelve years a great sufferer from rheumatism, could wash himself, feed himself or dress himself. After using six bottles was able to go to work, and says: "I think pain has left me forever."—26

A GLOOMY PICTURE.

Whiskey Drinking and the Unwelcome Allen in England. Among the many evils of modern life demanding the attention of physicians and legislators alike, says the Medical Press, a few are of such far-reaching importance to the welfare of the race as the growing habit of indulgence in alcoholic liquors by young married women. Idleness and grief are named as the two predisposing causes. "The richer classes, or that section of them which use nothing to do, find amusement in giving way to secret drinking, and even private counters of innocent-looking confectioners' shops for the purpose of indulging in alcoholic beverages. At the same time, the social scale it is sometimes difficult to be seen at when one thinks of the misery and want endured by the poor, that temporary relief is found in the spirit bottle." "The signs of the unwelcome visitor are overflowing into the district," says the Rector of Bernersay, in a report on the social condition of the borough. Altogether he draws a gloomy picture. He declares that more women frequent the public-houses than men, that gambling is very prevalent, and that "casuals" are swelling the population. In a general summary he writes that "the social outlook is depressing."

A New Bon Con Man. One of the most interesting of the bon-bon men is in the form of a carrot, this vegetable, long and slender, forming both body and head, the foliage serving as a headpiece. There are long, slender arms and legs, and between these the carrot man swings on a pivot, and can be made to bow forward, to back, or take a variety of attitudes.

BLONDES ARE DECREASING.

At the Same Time the Demand for Blond Hair is Increasing.

The present duty on human hair imported into the United States is 20 per cent. ad valorem, if manufactured, that is, in the form of wigs or wigs, the duty is 35 per cent. The United States imports a very year a considerable amount of human hair, the countries which are the chief sources of supply being Germany and Sweden. For some reason, about which hair-dressers are not agreed, there is a much larger demand for blond hair for dark hair, and for many years Swedish girls, who have usually very thick blond hair, have in the past supplied the world's market with that shade of hair. The Swedish blond hair is thicker and lighter than the German hair, and for that reason is more easily dyed to a satisfactory shade.

In all countries from which there are reports, the number of blondes is decreasing, while the number of brunettes correspondingly increases. As the popularity of purchasers runs largely from Britain, where blondes predominate, Norman and Breton girls are usually blondes and are especially Sicily, is another. Spain yields little. Spanish girls, who are proud of their hair, will not sell it for less than \$25 to \$30.

The hair of commerce from France, which manufactures fifty tons of human hair a year, equivalent to 100,000 wigs or wigs, comes largely from Brittany, where blondes predominate. Norman and Breton girls are usually blondes and are especially Sicily, is another. Spain yields little. Spanish girls, who are proud of their hair, will not sell it for less than \$25 to \$30.

England is now importing human hair, manufactured, from France to the value of \$500,000 a year. The United States imports human hair to the value of \$250,000 a year, chiefly from Germany.

The trade in hair has for many years been a largely monopolized in France by reason of the general acceptance of French hair-dressing as the standard of fashion.

The Tricky Brain Cell.

The anatomy of the nervous system, and consequently its physiology, was regarded in the past as very simple. Dr. Joseph Walsh in his "Book of the Brain" Magazine, Cayal showed that the specific brain cell is an independent unit provided with multiple processes, by means of which it is capable of acting not through one nerve alone, but several. This independent brain unit or cell is called a neuron. A simple illustration of how the neuron acts is furnished by our not infrequent hunt for a name or idea which we know we possess. We feel that the name is there, but we cannot recall it. We get various names near it, beginning even with the same letter or the same vowel sound, yet only after minutes or even hours does it actually occur to us. What is supposed to happen is that the particular cell of intelligence which we are using throws out its process among the cells of memory for names, and though this process is brought in connection with cells containing similar names, it is only after a more or less prolonged search that it hits on the right one.

The Classic.

In response to J. B.'s request for the words of an old Irish ballad describing the finding of Moses by Pharaoh's daughter, a number of friends have kindly come to our assistance. Most of the versions sent are taken from old scrap books of two or three years ago, and are not two are exactly the same. One correspondent says the author was Michael Moran, one of the last of the street minstrels of Dublin, another alludes to him simply as an old character in Dublin over fifty years ago, who composed other quaint and amusing lines. Here is what seems to be the best version: "On Egypt's banks, contiguous to the Nolle, King Pharaoh's daughter went to bathe in stoye. She had but little to eat in her own hand, And to dry her royal pelt she ran along the strand. Tripped by a bulrush, lookin' down she saw A smilin' 'babby' on a wad of straw. Thin to her royal maids she cried in accents wild, 'Tare an' ages, girls—which of yez owns the child?'"

The Italian's Breakfast.

"I noticed a few days ago in the waiting room of the Pennsylvania station in Washington about 1000 Italian immigrants. It was about 7 o'clock a.m., and the Italians were eating their breakfasts out of baskets carried by the women of the party. I made a scrutiny of the menu and found it consisted of a single item—bread. Not a solitary morsel did they have except these brown loaves, and they cut off huge chunks, as big as a man's wrist, and devoured them with as much relish as though they were making a most elaborate meal. Here was an object lesson in sociology. No group of American workmen would ever be satisfied with such scanty rations. The swarthy Latins who came here to work on our railroads are content with the simplest and cheapest fare. They had but little to eat in their own land, and little will suffice them as long as they remain in America. As unskilled laborers, I do not believe we have any class in this country who can compete with them."—Washington Post.

One of the Delights.

Chicago Post. "Why does she go to Europe so often?" "The joy of trying to bring things back free of duty."
