

A TRIBUTE FROM ALL THE MARYS TO QUEEN MARY OF GREAT BRITAIN

Mrs. Bulyea, of Government House, Acting as Lady Grey's Request, Will Organize the Marys of the Province for the Securing of Contributions for a Coronation Gift From the Marys of Canada to Queen Mary

A coronation gift to Her Majesty Queen Mary from the thousands of Marys throughout the British Empire is the unique tribute which will be paid to the Queen in London at the time of her coronation. The idea of the gift which originated in England has been followed into a practical plan by an English committee, and has been disseminated throughout the mother country and all the colonies. The plan is briefly this: All those who bear the name of Mary or one of its variants, as May, Maria, Marion, Marie, are asked to contribute to a fund to be known as Queen Mary's Coronation Gift. The donations may range from five cents to five dollars; and in order to simplify for Canadian Marys, the sending of the contributions, Lady Grey, who has the matter in hand for Canada, has asked the assistance of the wives of the lieutenant governors. In Alberta, Mrs. Bulyea, acting as Lady Grey's request, has appointed a committee of six women from the six Alberta chapters of the patriotic society, the Daughters of the Empire, who will receive contributions from any Mary, Mrs. Maria, Marian, Marjorie or Marie. The committee is as follows: Mrs. J. D. McCutcheon, 901 4th avenue west, Calgary; Mrs. Barmes, 146 17th street, Edmonton; Mrs. J. D. Hyndman, 487 7th street, Edmonton; Mrs. Hishop, 514 4th street, Edmonton; Mrs. Edwards, 1st avenue, north, Strathcona; Mrs. J. D. Hinson, 1st street, Edmonton. Contributions may be sent to any of this committee or to Mrs. Bulyea direct, at Government house, Edmonton, not later than April 14.

Although for the sake of avoiding confusion, the committee is limited to representatives of the Daughters of the Empire, other organized societies of women, such as the Women's Can-

STORMY SCENES IN BRITISH HOUSE

A WEEK THAT GAVE PROMISE OF PEACE CLOSED IN STORM

London, March 11.—(By T. P. O'Connor)—This was expected to be a week off in parliament, the week had been postponed and all the excitement which it creates for the moment was suspended. The ministry in addition, was compelled to call a halt by the necessity of getting a vote on the budget and the appropriations. Every member of parliament was quiet during the week, they could safely visit their homes or the seaside, but an intense passion which now stirs England everywhere to its depths made all of these calculations miscarry.

Exciting sittings.

The week wound up with one of the most prolonged and excited sittings for the last two years. The Tories, however, never forgot the vote bill, and played for time every moment of the session. They have organized a filibustering campaign against all of the Government business and the vote of every penny of public money to involving the House. The Government is the most trivial proposal to pass unchallenged, in order to further exasperate the opposition and waste time. The speakers throng across the floor of the House of Commons epithets of insult to the minister and all his opponents.

The absence of Premier Asquith, who has gone to visit his sick daughter, and the fact that Lloyd George is compelled to take a further vacation because of the obstinacy of the majority in his throat, threw the leadership of the Liberals in the commons into the hands of Winston Churchill. This helped to bring the extraordinary scene in which the week culminated. The young, audacious, and aggressive Churchill drove the Tories to fury and insisted on applying the most drastic form of closure and demanded that the budget bill should be pushed through by any means and at any hour.

Scenes of Great Violence.

This resulted in scenes of great violence and in a sitting which was gripping about three on one afternoon did not end till 10.30 the next day. There were moments when passion ran so high as to culminate in outbreaks of physical violence between the members of the different parties but the characteristic English self-restraint and love of fun and the absence of vindictiveness came to the rescue and the sitting passed off without any violence except in speeches.

The leaders of the Irish party, even the oldest among them, sat through the night, and the Tories, even the Tories, were totally destroyed by the Liberal ranks and thus saved the Liberal several times from defeat or amounts almost to defeat.

Majority 60 to 70.

The ministerial majority was from 60 to 70 throughout the night, but without the Irish members this majority would have descended six or seven, which, if such a critical and passionate night might have culminated in a disastrous blow to the ministerial prestige and the great calamity against the House of Commons. The Tories in season and out of season, make violent remarks on Ireland and the Irish members in pursuance of their settled policy of attacking the Tories and the veto bill and on the Home Rule question.

A DEADLOCK IN THE SASK. HOUSE

AFTER 24 HOURS' ARGUMENTS COMES AUTOMATICALLY ON SUNDAY

Regina, March 12.—At midnight on Saturday, the Saskatchewan legislature concluded a sixty-one hour sitting. The sitting commenced at 11 o'clock Thursday morning and owing to the policy of obstruction on the part of the Opposition and the Government's policy of siting broke all records of long sittings in this province. The Opposition want an assurance that there will be no election until the voters' lists are revised.

On Saturday morning Premier Scott, addressing the House, said that in the event of a continuance of the present deadlock, there would be only two courses open to the Government, (1) bring down a bill providing for an amendment to the rules of the House which was impracticable because it could be discussed until Christmas if necessary and nothing would be accomplished or, (2) dissolution.

The only course that would be open to the Government if the Opposition continued to refuse to vote supply would be the dissolution of the legislature, that might not come that day. Getting in committee of supply on Sunday or to the end of the coming week. They certainly could not wait until next Christmas as the Opposition would be in a position to do so even until next July. It would be a serious condition of things if they had to wait until the end of the month.

Mr. Haultain in a lengthy reply contended that all constitutional precedents were against dissolution and that such conditions as prevail in the present instance, if they were to be applied to the House, would be a disgrace to the House. He contended that the first item in the list of the educational department which happens to be the salary of the deputy minister of education, which when sitting ended last night might be far from being voted upon as ever.

BURIED BENEATH BIG LAND SLIDE

Thirty Men Entombed Beneath 500,000 TONS OF EARTH AND ICE

Virginia, Minnesota, March 12.—Deaths in the form of 500,000 tons of iron ore, rock, earth, ice and snow shot down upon thirty tracklayers working in the Norman open-pit mine here, just before six o'clock last night. Only four, armed and availed, and three of these are in a hospital suffering from injuries that are likely to prove fatal. Rolling over the avalanche of earth and rock brought some of the bodies to the surface. Ole Johnson, foreman of one of the three changes of men that were caught by the vast mass is the only one of the four whose injuries are not dangerous. He was taken to the hospital suffering from severe contusions of the head. The place which was an open pit in the afternoon was last night choked full of rock and ore and here and there parts of bodies in sight or a head sticking out of the mass. Arms and legs could be made out at various points as the great interner of the steam shovel swung over the pit.

Army of Men at Work.

An army of men with shovels set to work desperately to recover the bodies. The work was pursued under extreme difficulties. The men pressed for the daylight to dig them out. Many of the crowd on the embankment overlooking the site of the catastrophe strove to help the men come, for it would show them broken and maimed bodies the sight of which would change the solid grief to hysterical lamentations. Wives and children of the buried men watch the work of the rescuers, sobbing and wringing their hands. Only four men near the outer edge had a chance to run, so far as can be ascertained all the men caught in the slide were killed and mutilated.

There is much confusion and the mine officials are maintaining a strict silence that the name of but one could be learned. He is Paul Paulson, a widower, who leaves seven children. His wife died a month ago. The little boy, whose death has happened to their father and they form a sad group near the scene of the disaster.

Pit Was 125 Feet Deep.

The pit was 125 feet deep and 75 feet wide and the rock and ore and earth piled this high to the depth of 100 feet and shot out in 150 feet.

The forces of the Oliver Iron Mining Company were amply able to take care of the situation from the standpoint of preventing any further catastrophe. The women and children who have been robbed of their husbands and fathers, talking in their native tongue to the men shovelling.

The Norman employs about one thousand men when running to capacity. Just at this time, however, several hundred are employed working in the night and day shift.

Ten Bodies Recovered.

Duluth, March 12.—Ten bodies crushed almost into an unrecognizable mass of flesh and bone had been recovered at 6 o'clock tonight from the Norman open-pit mine at Virginia where a cave-in occurred last evening, burying twenty-six miners. The other sixteen bodies had not been recovered at 3 o'clock tonight. The mine officials are bringing every effort to expedite the work of rescue. A large force of men are working with all their might, but there is no reason to suppose that any of the men will be taken out alive. To still more assist in the work, "claims" have been sent for and these, capable of lifting many tons of ore, will it is thought, bring out the mangled bodies before many hours elapse.

The cause of the disaster is attributable, it is said, to the heavy snows and the boulders and earth and forcing the ore body to slide toward the bottom of the pit.

INTERVENTION BY UNITED STATES WILL BE RESENTED BY MEXICO

Government Declines Its Ability to Protect Not Only Its Own Citizens, But the Lives and Property of Foreign Residents—Revolution Is Not Serious—Germany Has No Intention of Interfering.

Washington, D.C., March 16.—Mexico will resent intervention by the United States or any other country for the purpose of protecting the lives and property of their citizens resident in Mexico. In a statement today, Senor De La Barra, Mexican ambassador in the United States, declared that Mexico believes herself fully competent to protect all interests in the country not only her own, but those of foreigners. The statement made by Ambassador De La Barra was as follows:

"The conditions in Mexico are normal with the exception of a small portion of the state of Chihuahua, where a little body of seditionists are carrying on a guerrilla warfare that I hope will be finished in the near future.

"The Mexican government is fully strong enough to protect the property and lives of its own countrymen and those of persons from foreign countries and to maintain peace and order throughout the country.

In Favor of Peace and Order.

"The best elements of Mexican citizenship are in favor of maintaining peace and order and that explains why the seditionist movement had been reduced to the guerrilla warfare in the northern section of Chihuahua. Reports published about the growth of the seditionist movement have been untrue and exaggerated.

"The constitution forbids officials to permit foreign troops to enter Mexican territory without the consent of the Senate. My government is patriotic and strong, never has and never will entertain such an idea or thought.

Cologne, March 16.—The Cologne

TORONTO POLICE ARE DIRECTLY THREATENED

Anonymous Letters Tell of What Will Happen Unless Police Take Steps to Check Farmers' Bank Cases to the Bottom—Position in Penitentiary Promised Inspector Duncan

Toronto, March 11.—For the past month, anonymous letters have been received by the police threatening dire penalties to the officers who decided in probing to the bottom everything in connection with the men charged in the Farmers' Bank cases. Inspector Duncan was one that received several of these letters, and Colonel Denison, police magistrate, has also been a recipient. Inspector Duncan would not say what was in these letters, but it is understood that he is threatened with a fine of \$1000 if he does not find himself landed in the penitentiary along with Travers.

The letters, the writer is identified as one of the men who are also wanted on warrants issued some time ago are not in abeyance. A circular has been issued soon offering a reward for the arrest of one of these men found.

HE DID NOT ACTUALLY SIGN THE STATEMENT

Jean Baptiste Perron's Appeal Against Conviction for Having Signed Statement in Voting on Formation of Separate School District, is Allowed by Judge Taylor

The appeal of Jean Baptiste Perron, of Port Saskatchewan, from a conviction of Magistrate John Paul for having subscribed to a false statement in voting on the formation of a separate school district, has been allowed by His Honor Judge Taylor, and the conviction quashed without costs.

The Roman Catholic ratepayers of Port Saskatchewan, in February, 1910, took certain steps to form a separate school. A meeting was called in the Roman Catholic church, the priest in charge read over declaration form "A," in the hearing of all. No one signed the declaration, but a poll was taken and Baptiste Perron was not a ratepayer, and not entitled to vote, recorded his vote and signed his name in the poll book. Information was laid against him and March 10, 1910, he was convicted of having subscribed to declaration form "A" in the schedule to the School ordinance of 1910, containing a false statement and was ordered to pay a penalty of \$10 and costs amounting to \$19.95.

From this conviction Baptiste appealed to the District Court. The appeal was heard at Port Saskatchewan, May 13, 1910, and judgment was given in favor of the defendant. His Honor Judge Taylor gave out his decision Saturday quashing the conviction on the ground that the applicant had not actually signed the declaration known as form "A." The decision follows the case of Rex vs. Boucher, heard by His Honor Judge Noel at Brossard last year, where, at an election for the local improvement district an objection to the establishment of a separate school district, the defendant, Baptiste, is not allowed costs. At the hearing of the appeal Louis Madore appeared for the appellant and H. H. Robertson for the respondents.

IMMIGRANT JUMPED FROM MOVING TRAIN

Man Named McGregor, En Route to Edmonton, Disappeared Friday Night from C.N.R. Train No. 1, somewhere this side of Banbury. His wife and daughters came on to Edmonton—Has Not Been Located

While en route to Edmonton from Winnipeg, the matter of an immigrant who jumped from a moving train, was discussed in the House of Commons on Friday night. The man named McGregor, en route to Edmonton, disappeared Friday night from C.N.R. train No. 1, somewhere this side of Banbury. His wife and daughters came on to Edmonton—Has Not Been Located.

THE SENSATIONAL INDEMNITY

Toronto, Ont., March 10.—In the Legislature, Sir James Whitney went over his bill to amend the legislative assembly act, members will be allowed \$20 a day for attendance at any session less than thirty days. As the members will be travelling to the city for each day's absence over 50 days, except if they through illness if any member wishes to draw from his indemnity before the close of the session he will be allowed to draw up to \$20 a day.

BUY 900,000 ACRES OF PEACE RIVER LAND

An American and Two Winnipeg Syndicates Purchase Big Tract from B.C. Government at Cost of Five Million Dollars

Vancouver, March 11.—On behalf of an American and two Winnipeg syndicates, H. B. Carper, of Winnipeg, has closed the purchase of a tract of approximately 900,000 acres of land in the Peace River district of British Columbia. The amount involved in three transactions was five million dollars. One of the Winnipeg syndicates is headed by Edward Grotto, of Winnipeg, who left for home today. Arrangements have been perfected for the placing of a contingent of American farmers on the land.

COMMISSIONER DISGRUNTLED

Reductions in Salary by Manitoba Legislature Causes Resignations.

Winnipeg, March 11.—That the members of the Manitoba Elevator Commission would not be pleased with the sweeping reductions in their salaries proposed in the legislature and accepted by the Government was only to be anticipated. A report has been cut from \$8,000 to \$4,000 has resigned, D. W. McCullagh, the chairman and former president of the Manitoba Grain Growers' Association, is also said to be disgruntled.

THIRD DIVIDEND ANNOUNCED

Crows' Nest Pass Coal Company Declares Another Dividend

Toronto, March 11.—Elias Rogers president, announced at the annual meeting of the Crows' Nest Pass Coal Company, yesterday, a dividend of one per cent, the third since last August. The president stated that when analyzed the report was the best in the history of the company, with an inspiring outlook. The company's pay roll last year aggregated nearly \$2,000,000 expended in wages. The profit for the year was \$24,400.23. The board of directors was elected as follows: Elias Rogers, president; E. C. Wray, Dr. Howland, W. C. Robinson and Colonel Clough.

TO ATTEND CORONATION.

Premier Roblin Has Received and Accepted Invitation.

Winnipeg, Man., March 10.—It is understood that Premier Roblin has received and accepted an invitation to attend the coronation. The question of a delegation from Manitoba came up, and a suggestion that it be composed of the Premier and a member from each side of the House was received with applause.

In the Assiniboia today, the death sentence was pronounced on Michael Belovich, found guilty of the murder of Michael Baby on the night of December 1. In the case of Nikola Hrynczyk, found guilty of manslaughter in the same case, sentence was deferred.

Deaths From Plague and Smallpox.

At Banbury, March 11, there were eight deaths from Bacteraemic plague and eight from smallpox. In this city within the last two weeks.

CITY COMMISSIONERS OF CALGARY CENSURED

Chief of Police Mackie Also Comes In For a Rebuke—Justice Simmons in His Comment on the Fisher Assault Case.

Calgary, Mar. 10.—Finding that both parties in the Fisher assault case were to blame, and commenting unfavorably on the action taken by the city commissioners, which he held was largely responsible for the affair, Mr. Justice Simmons, presiding in the Supreme Court this morning, issued a scathing rebuke to the city commissioners, and to the defendant, and to the plaintiff, and to the defendant.

On Monday next the fate of seven highway callings for an expenditure of nearly a million dollars, will be voted upon by the people of Calgary, included in the improvements are electrical equipment, extension, conduit system, paving, waterworks, fire hall and two incinerators.

San Francisco, March 13.—On information cabled from China, customs inspectors overhauled the steamer Mongolia on her arrival here today and seized 122 tins of opium valued at \$6,000.

MATTERS MUNICIPAL

EDMONTON CITY MARKET

Edmonton, March 14.—There are no changes in the local markets. Wheat continues dull, owing to bad prospects principally. The same is probably to be said of most other things too. Eggs are becoming more plentiful. Milk continues firm, especially creamery; dairy is not so much demanded. Potatoes and all the vegetables are just coming in. There will be green vegetables in market in the next week. Lettuce is already on hand at three cents per 25 cents.

Everything seems to point to the fact that there is an over-supply of hay in the country this year. Mr. H. Burns has stated most emphatically that his firm is not now and has not been shipping hay to the west. The Edmonton market has fully as much as it can handle. Prices of hay, butter, and eggs are good going.

Prices of live poultry, and eggs and beef are quoted from the open market; vegetables, poultry from the retailers; other prices are wholesale.

Following are the prices:

Wheat, 1 Northern	76c
Wheat, 2 Northern	75c
Wheat, 3 Northern	74c
Wheat, 4 Northern	73c
Oats, 1 Northern	48c

Winnipeg Grain Markets

Winnipeg, March 15.—It was a scalping market this morning on the local grain. The market was very active, export bidders getting in on strong bids, a serious desire to put up the bid on recent export cash sales. As a consequence it was reported that export bidding was 1-2 cent higher than yesterday. Some wheat was traded.

Winnipeg May opened 1-2 lower than this morning, but gained strength after the close. It closed 1-2 lower than yesterday. It was reported that the market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

Chicago—The Chicago market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

St. Louis—The St. Louis market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

San Francisco—The San Francisco market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

Portland—The Portland market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

Seattle—The Seattle market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

Portland—The Portland market was 1-2 cent higher than yesterday. It was reported that the market was 1-2 cent higher than yesterday.

PREMIER AVERTED A LENGTHY DEBATE

MINISTER OF THE INTERIOR EXPLAINS ESTIMATES OF HIS DEPARTMENT.

Ottawa, March 13.—Sir Wilfrid Laurier, by raising a point of order which was sustained by the Speaker today, brought to a sudden termination a debate which promised to last all day and which would have no doubt been concluded with a division.

Early in the afternoon, when the House was moved into supply in order that the interior department items might be discussed, P. D. Monk moved an amendment to a motion setting forth that in view of the likelihood of a division of the House following the going into operation of the reciprocity agreement, it is desirable that the construction of the Great Canadian Bay canal should be proceeded with at once.

The motion was an awkward one for the Government because an amendment to the motion to go into supply cannot be further amended and it cannot be accepted as a vote of confidence of motion. The Government was not prepared to accept an amendment containing a declaration that the reciprocity agreement constituted a reason for the immediate construction of the canal and it looked as though the Government supporters would have to vote down a declaration in favor of the construction of the Great Bay because it was coupled with an implied criticism of the reciprocity agreement.

The Premier allowed the debate to run on for an hour and a half and devoted the time to looking up rules and precedents. Then he raised the point that the discussion was out of order, that a private member could not propose a motion which would commit the Government to an expenditure of public money. After some debate the Speaker ruled that the objection was well taken and the debate collapsed.

The remainder of the sitting was occupied with a general discussion of the immigration policy of the interior department.

Hon. Frank Oliver's explanatory speech was interrupted with speeches of Opposition members and requests for more information. The whole question was canvassed in a friendly spirit, the chief critic being Mr. Uriah Wilson, of Lennox, who averred that too much money was being spent by the department for the results secured.

Strathcona's Emphatic Denial.
When the House met, Sir Wilfrid Laurier read the following cable which he had received from Lord Strathcona: "The statement attributed to me by Mr. Goodeve in the House of Commons, Ottawa, on the 9th instant, as reported in today's London Times, by their Ottawa correspondent, that I had said 'that the Canadian minister had been hypnotized by the brilliancy of the American offer and had fallen into a trap, is entirely baseless and without foundation in fact. It is unparaphrased by anything I have ever said in connection with the reciprocity agreement which I have refrained from discussing. Will you kindly make this known in the House.'"

The House then went into supply on the immigration estimates.

Reviews Immigration.
Hon. Mr. Oliver began with a general statement of the immigration of the present fiscal year the immigration was 253,328, whereas the immigration for the twelve months of the previous year was 208,745. So far this year the British immigration is greater than the American.

This year during the nine months, the figures by nationality are: British 18,995; United States 27,702; Continental European 55,528. Last year they were: British 59,790; United States 103,788; Continental European 45,528.

In reply to Mr. Wilson, of Lennox and Addington, Mr. Oliver said immigration from Ireland so far this year was 3,840; last year it was 3,609 for twelve months, and in 1901 only 932.

Cost of Campaign.
Dealing with the question of the cost of the immigration campaign, Mr. Oliver pointed out that in 1897 when 21,716 immigrants were brought into the country the cost to the country was \$261,000. For the current fiscal year the cost would be 960,000, and the number of new arrivals 200,000. Thus, while the expenditure had increased fourfold, the number of the arrivals had increased fourteenfold.

The minister noted that the new arrivals in the country during the past season were of a superior class. They were as a class, physically superior to the arrivals of previous years; they had more means and there was less complaint as to their inability to secure employment.

Mr. Oliver emphasized the point that it was absolutely contrary to the policy of the Government to pay for or to give assistance to the people desiring to come to Canada as done by Australia and other colonies. The policy is one of advertising. In the United States separate agencies are maintained, but the policy is essentially one of advertising in the newspapers.

Some Interruption.
When the minister was explaining that sixty-five land guides are attached to the land offices in the West to assist settlers in locating, Dr. Schaffner, Bouris, interrupted by asking if there had been complaints of some of these agents demanding a fee before they would show settlers best lands.

Mr. Oliver said it was not likely such complaints would reach him because if the commissioner at Winnipeg. The most common cause of indigestion is disorders of the stomach. Chamberlain's Stomach and Bowel Remedy corrects these disorders and enables you to sleep. For sale by Dealers everywhere.

parties would be dismissed instantly. Mr. BROWN REPLIED to make reference to the complaint of E. F. Hutchings to the effect that he had been unable to bring workmen from the Old Country because of the provision that arrivals must have \$25.

Business Men Could Provide.
Mr. Oliver said that there is nothing in the regulations to prevent a business man providing people whom he desires to bring to Canada with the necessary funds. The department, he said, objected to money being given to immigrants at the point of arrival because of the possibility of it being returned as soon as the official was passed.

G. H. Bradbury, Selkirk, thought the regulation would work to the detriment of Canada but the minister said it was necessary in view of particularly in the winter months.

Uriah Wilson, Lennox, complained of the lack of facilities for counting the number of arrivals. He said that the amount of money expended as compared with the results secured in 1910, although the figures were fine permanent, forty special, and three thousand booking agents at work, the total number of new arrivals in 1910, although the figures were fine permanent, forty special, and three thousand booking agents at work, the total number of new arrivals was only nine thousand. According to the United States returns, he said, the balance in favor of Canada was only 21,000 for which a sum of \$22,000 had been spent. Since 1897, over nine million dollars had been paid out for immigration without proper results and it was time that the department should call a halt.

Immigration Laws Strict.
Dr. Paquet, L'Islet, pointed out that the immigration laws were very strict and the general effect was that immigration into the province of Quebec was falling off, while the immigration from Quebec was very great.

Hon. Mr. Lemieux said it was very necessary that there should be a strict supervision over the immigrants into Canada. It was especially important now for paupers and criminals to get into the Dominion. In describing the difficulties of the Canadian agents in France, Mr. Lemieux stated that the French government was very hostile to any immigration propaganda in fact, it had the Hectors of Paris had received an official note denouncing the efforts of the Canadian agents in France. With a falling off also in population a large immigration from France was not to be expected. The Canadian agents were absolutely forbidden to accept in Germany at all. He looked for a large immigration, however, from Belgium as a result of the rearmament of Belgium at Brussels where there was an elaborate Canadian exhibit.

The Needs of the West.
Martin Burrill (L'Islet-Caribou) said that agents of the department had practically ignored the existence of British Columbia, where there was needed to meet the demand for labor. He said that many agents in the Old Country were not familiar with the conditions in British Columbia. He asked a fair amount of attention being given to the needs of British Columbia.

Mr. Oliver said it was not easy to secure the attention of settlers to British Columbia because of the influx of free land for settlement in that province. The literature of the department, he said, dealt with all provinces including British Columbia. The province had not fared too badly in connection with general immigration. There were in 1910 thirty thousand immigrants went into British Columbia as the result of the work of the Dominion and provincial governments.

Replying to Dr. Schaffner, the minister said it would cost a considerable sum to count the people leaving Canada for the United States. The census to be taken next summer would tell the tale of the departures, he said.

The reciprocity debate will be continued on Tuesday.

BELEVEDERE.
Bulletin News Service.
On Friday, March 3rd, Mr. and Mrs. J. A. Roberts became the proud parents of a fine daughter.

Messrs. J. Menzies & C. Ritchie, are now going round the district sawing firewood for the bus. Mr. J. Mills as appointed chairman and Mr. C. A. Roberts secretary for the meeting. It was unanimously agreed that this scheme be abandoned and the present rates be used for necessary requirements of the existing school houses and other expenses. The secretary treasurer produced a list of accounts showing the district to be in debt for a fairly large amount.

Belvedere, March 11th.
ANOTHER UNIONIST PROTEST.
Western Countries Tariff Reform Federation Passes Resolution.
Canadian Associated Press.

Bristol, March 14.—At a meeting of the Western Countries Tariff Reform Federation here on Saturday, the following resolution was adopted, "while we strongly deprecate any suggestion of an interference with the internal administration of Canada, we view with alarm the recent proposals for reciprocal tariff arrangements between the Dominion and the United States. We express conviction that the same will seriously affect the trade of Bristol and in view of Sir Wilfrid Laurier's statement we appeal to the premier of Canada to do such measures as will meet our desire."

The thirty-fourth annual statement of the Rimouski Fire Insurance Company shows that the assets of the company amount to \$447,012.88. The capital stock of the company is \$1,000,000, of which \$150,000 has been subscribed. The surplus on last year's operations was \$29,888.02.

U.S. TO STOP THE INSURRECTION

THIS IS THE REASON GIVEN BY TAFT FOR RAPID MOBILIZATION.

Washington, March 9.—That the administration has decided to dispatch tonight to the Mexican border its sudden and unprecedented movement of troops to the Mexican border is indicated by the following dispatch, received tonight from the staff correspondent of the Associated Press, who is accompanying President Taft on his journey to Atlanta. The dispatch dated Charlottesville, Va., through which place the President's train passed tonight at 7:10 o'clock is as follows:

"All doubt as to the purpose of the government in sending 20,000 troops to the Mexican border has at last been swept away. The United States has determined that the revolution in the Republic to the south must end. The American troops have been sent to form a solid military wall along the Rio Grande to stop filibustering and to see that there is no further smuggling of arms and men across the international boundary.

Will Stop Insurrection.
"It is believed that with this source of contraband supplies cut off, the insurrectionary movement which has disturbed conditions generally for a year without accomplishing anything like the formation of a responsible government will speedily come to a close."

President Taft appeared well satisfied with the situation. There is a general belief that the rapid movement of troops into Texas and Southern California will so speedily accomplish its purpose that the net result will be to constitute a valuable lesson in quick mobilization of an effective fighting force that will prove a revelation to the country at large, to the critics of the army in particular, and justification of the diplomatic worded explanations that have been given from official sources in Washington.

Had Foreign Representatives.
There no longer is reason to doubt that the sudden move on the part of the American Government was the result of either unofficial representatives of foreign governments regarding the situation in Mexico or the information that several of the European powers were sounding each other as to the desirability of making representation to the United States at an early date. At any rate, the matter was put up to the administration in such a way as to call for the quickest sort of action. The necessity for this speed of mobilization was seized upon by the war department as a heaven-sent opportunity, to answer the critics both in and out of Congress, and that interpreted the most difficult movement of troops unquestionably disconcerted the most ardent of the officials from President Taft down.

Coal Gas Escaped.
Chatham, Ont., March 14.—Mr. and Mrs. Leak and their son Morvill, who lives in North Chatham, were almost suffocated by gas from the coal stove during the night. Mr. Leak was affected more than the two others and the doctors had to work hard to bring him to consciousness. It is thought, however, he will recover.

Hudson's Bay Co. to Build in Calgary.
Calgary, March 13.—Hudson's Bay Company will commence work within a month on a new building which will cost about a million dollars. The building will be absolutely up-to-date, will be five or six stories at first, four stories heavy concrete, to hold eight or ten stories, according to the limit set by the city by-laws. There will be a frontage of 230 feet and a depth of 150 feet.

"I Suffered Years With My Back."
Backache resulting from weak kidneys, a bad cold or other cause, usually renders the sufferer unfit for work and often results in permanent disability.

I suffered for years with my back, or kidney trouble, and have tried a number of remedies from different physicians. More than a year ago, one of our local druggists induced me to try

Dr. Miles' Anti-Pain Pills and after using them some three months I found a decided improvement in my kidneys, and I am glad to say that I hope soon to be fully restored to health." J. P. ALLEN, Ex-Judge City Court, Glasgow, Ky.

As long as pain is present in any part of the body rest is impossible and the system becoming weakened is exposed to any form of disease to which the sufferer may be inclined.

Dr. Miles' Anti-Pain Pills by steadying the irritated nerve centers, make refreshing sleep possible, thereby enabling the body to recover lost strength. As a remedy for pain of any description Dr. Miles' Anti-Pain Pills are unsurpassed.

Sold by all druggists under a guarantee. The return of the price of the first box if no benefit results. **MILES MEDICAL CO., Toronto, Canada.**

DELICATE BABY'S OWN TABLETS

Mrs. H. L. Boone, Tay Mills, N.B., writes:—"I think Baby's Own Tablets are an excellent remedy to keep in the house and I would not be without them. My baby was not exactly sick but was very delicate and I gave him the Tablets and they have made him strong and healthy." Such is the testimony of thousands of mothers. Baby's Own Tablets always do good. They can be given with absolute safety to the youngest child, as they are guaranteed by a government analysis to contain no harmful drugs. Never give baby "soothing" stuffs—that only dopes him. Give him a medicine that will act right on the root of his trouble. A medicine that will strengthen his stomach; regulate his bowels; sweeten the breath and make him bright, healthy and strong—such a medicine is Baby's Own Tablets. They are sold by all druggists or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CAUGHT THE MAN WHO SHOT AT HER

Plucky Action of Italian Woman in Montreal—Held Assailant For Police

Montreal, March 13.—After she had been shot in the head by a man named Manpe, an Italian, Mrs. Antonio Franco, captured the man who made the attempt on her life, and turned him over to Constable Lacombe, of the Selgrouse Street station. The shooting occurred at 25 St. Francis street, and although there were several men and a couple of women in the house at the time, the police were unable to learn what the trouble was about.

Manpe, when he got inside the door, opened the door to escape from the house, but before he could get out into the street, Mrs. Franco pouncing upon him and pinned him against the side of the door. She then showed him the top of her voice for the police.

Constable Lacombe, who was on duty in West Notre Dame street, was near the corner of Fulford street, and hearing the woman's shouts, he hurriedly ran to the scene. He saw the shooting. Mrs. Franco turned Manpe over to the policeman, accused him of having attempted to murder her, and showed the wound in her head, caused by the bullet.

NORTHERN ALBERTA AFTER WHEAT PRIZE

Wheat Exhibition to Be Held in New York Next December Will Have Competitors From North Country—Two Added Prizes to the \$1,000

Great interest has been aroused in the north country by the announcement of the holding of an exhibition in New York City next December by the American Land and Irrigation Company, where the wheat of the continent is to be shown, and for which Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, has offered a prize of \$1,000 in the gold for the best wheat shown.

The exhibition is to be held at the Albion Landing Board of Trade in New York City. In addition to the prize of \$1,000 for the best wheat is taken by wheat grown in Northern Alberta.

Many of the exhibitors are from the north country, and the exhibition will be a valuable opportunity for the wheat growers of the north to compare their wheat with that of the south.

MANY WERE DROWNED DURING LAST WINTER

Half a Hundred Persons, Most of Them Children, Less than Twelve Years of Age, Met Death by Breaking Through Thin Ice.

Boston, March 12.—Half a hundred persons, a majority of them children under twelve years of age, went through thin ice to their death in the New England states and Maritime provinces during the winter just closing.

There were seven double drownings, many instances of heroic attempts to rescue were recorded, some of which resulted fatally to the would-be rescuers.

DISTRICT NEWS

RED DEER.
Bulletin News Service.
C. J. Rutter, who for some time was manager of the Albert here, has purchased the store of A. Loubelle at \$15,000 and, together with his son, has remodeled the building into a large wing containing 100 rooms.

The C.P. Railway have taken contract for an addition of 1000 of their roundhouse here, to start the first thing in the 1911 residence will also be a Locomotive Forming J. D. an up-to-date bank house, erected for the engineers and thirty freight cars will be here daily. It is expected soon as the spring rush, a large number of additional will be placed here to open lines north of Red Deer. The addition of this building to a great extent the situation in the yard.

The Canadian Northern Company are hiring all available to haul grain, hay, poles to the Rocky Mount for this year's work, a lumber, of this company, is town for several days, stop work, and states that it is the intention of the company to office, owing to the large work they will be doing here.

The Alberta Theatrical calling for tenders for the lot of twenty miles of the track for the steel bridge Red Deer river west has been made. The contract for the steel bridge, let to Messrs. Armstrong, a large gang of teams and work hauling cement and iron from the bridge.

This will, without a doubt, be a big year for Red Deer. The Alberta Theatre has capacity on Friday evening the Ladies' Hospital Aid, a large number of ladies will be invited to the event.

Over eighty firms were invited and gentlemen from all over the province, wholesale houses from all Canada were advertised from the hand of the "south."

It was a grand success. Ladies are to be congratulated for the proceeds of the Memorial Hospital.

Real Estate is moving rapidly.

It is rumored R. C. Br purchased the building at 1000 1/2 street, south, near the Advocate. Frank Harrison has one store of H. G. Munro, of known and is doing good. It is rumored that the who has been C.P. here for some time, into that company and enter into a partnership with W. E. J. Weale and as Toronto men have purchased the land, some of the farm it extensively.

All are pleased to see the new building, an operator at the C.P.R. at her post after a three-month absence.

J. R. Davidson has purchased residence formerly occupied by the corner of the street north and First street, and has been a winter at the coast, returned Sunday.

Mrs. James Mann, accompanied by her children, visited to relatives at Assiniboia, and returned to the city, among them, Mr. Schmitz, of the corner of the street north and First street, and has been a winter at the coast, returned Sunday.

The Messrs. Walker & Fraser, three cars of mail week to supply the spring business.

The Deering Harvesting Co. of the International Co., whose line has been for the past year by the Implement Company, will agents for the McCormick farm machinery, have of independent agency in the Gaetz Block, on Gaetz street, Red Deer, March 11th.

EDSON.
Bulletin News Service.
Congratulations are extended to Mrs. J. Edson on the birth of a son, a business is rushing. Several of the neighbors to the city, among them, Mr. Schmitz, of the corner of the street north and First street, and has been a winter at the coast, returned Sunday.

COLORED REPORTS SENT OUT ON THE RECIPROCITY DEBATE

James Bower, President of the U. F. A., Protests Against the Attempt on the Part of Opposition Newspapers to Manufacture Sentiment Against the Reciprocity Agreement by a Facts.

James Bower, president of the United Farmers of Alberta, and president of the Dominion Council of Agriculture, has issued the following statement dealing with the persistent misrepresentation of the reciprocity agreement by "the interests":

Immigrant jumped

After hearing to the debate on reciprocity in the House of Commons during the last two weeks, and also having read the reports in the various newspapers, I have been impressed with the noticeable persistency on the part of those interested in protection in their efforts to mislead the public. Whether or not they are paying for the newspaper reports and press despatches according to the amount of color they contain I do not know, but I do know that the debate as it progresses in the House is not along the lines that the reports that go out to the public would indicate.

It is very plain to me that a determined effort is being made to manufacture public opinion adverse to reciprocity. Every speech in the House against the agreement, no matter how lame and illogical it may be, is made the most of, is cooked up and exaggerated, while those in favor, while bristling with facts and figures and convincing and powerful in their calm logical reasoning, are almost ignored in the newspaper reports. Sitting in the gallery every day, watching the conduct and hearing the words of the members, the truth is constantly forcing itself on my mind, "What effect would a law allowing of their recall have on these members?"

To me one thing is sure, knowing as I do the present temper and wishes of the farmers of the Dominion as expressed through our British Parliament, a demand for recall would very quickly be made to those who in defiance of their constituents' wishes are answering to the beck and call of the protected interests. It is very evident that these men are depending on being able to divert the people, while they have always done so, on party lines. They do not seem to yet realize that party politics is giving way to practical politics. How far they may be right remains to be seen, but in the meantime the real desires of the people AT THE EMPLOYEES' MEETING, Kennedy and Harvey, entertainers will appear at the Empire tonight.

WOULD AGREE TO TAFT'S PROPOSAL

BRITAIN AND U.S. MAY SETTLE THEIR DISPUTES BY ARBITRATION.

London, March 13.—Sir Edward Grey, the foreign secretary, leading the House of Commons tonight in Premier Asquith's absence, made an important pronouncement on the Government's policy. The Hon. Reginald McKenna, First Lord of the Admiralty, in defense of his estimates against attacks from certain quarters, explained that in 1914 Great Britain would have thirty, and Germany twenty-one Dreadnoughts—not, he said, an unreasonable margin. The size of the British navy, he added, was not the subject of dispute with Germany, and unless some change occurred in the German naval law this year would be the highest water mark in the British estimates.

Sir Edward Grey's speech, Secretary Grey, affirming Mr. McKenna's assertions, emphasized the cordiality of Great Britain's foreign relations and his earnest desire that nothing should disturb these friendly relations, especially with Germany. He then dealt with the difficulties to be encountered in the event of a war, and pointed out that it was the most civilized nations that spent the most on armaments, asserting that unless the mischief was brought home to men's feelings as well as to their minds, the growth of armaments would not be checked by the long run break civilization down.

Some thought, the secretary continued, that it would end in war. He thought that likely it would end in armaments and lotions, but with no result—it was only money wasted. The trouble constantly grew worse, and the pains more unbearable. Finally it attacked the other leg, and it was all but helpless and completely discouraged, thinking it would be a sufferer for the rest of his life. At this time I read in our home paper of the trouble had disappeared. It was mysteriously cured by Dr. Williams' Pink Pills and I decided to try them. After using the pills for several weeks I could see that they were helping me, and I continued taking them until I had used nine or ten boxes, when every symptom of the trouble had disappeared, and I could walk as well as ever. I did. Had I known of Dr. Williams' Pink Pills earlier I would have saved myself much suffering and much money spent in other useless treatment as well.

Whether you are illing or not a few boxes of Dr. Williams' Pink Pills will increase your vitality and give you long and healthy life. It is a standing the torrid summer months, when even the strongest feel easily fagged out. You can get the greatest relief from any of the cures or by mail at 50 cents a box or six boxes for \$3.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SPRING REMINDERS OF RHEUMATISM

Raw, Damp Weather Starts the Pain, but the Trouble Lies in the Blood.

Spring weather is bad for rheumatic sufferers. The changes from mild to severe weather, cold, raw, damp winds following mildness start the aches and twinges, or in more extreme cases, the tortures of the rheumatic sufferer. But it must be borne in mind that it is not the weather that causes rheumatism, the trouble is rooted in the blood—the changeable weather merely starts the pains. The only way to reach the trouble and to cure it is through the blood. The poisonous rheumatic acids must be thrown out and driven out. This is a solemn medical truth every rheumatic sufferer should realize. Practically was covered by application may give temporary relief, but they never did and never can cure rheumatism. Any doctor will tell you this is true. The sufferer is only wasting time and money with this kind of treatment, and all the time the trouble is becoming more firmly rooted—and harder to cure. There is just one sure, speedy cure for rheumatism—Dr. Williams' Pink Pills. They act directly on the weak, impure and tainted blood. They purify and strengthen it, thus root out the cause of rheumatism. Here is a bit of proof out of thousands of similar cases that might be sent on an extract from Dr. Williams' Pink Pills. "For almost two years I was a terrible sufferer from rheumatism. My joints were located in the right leg, making work about the house impossible, and walking very difficult. I tried to cure myself by means of all sorts of liniments and lotions, but with no result—it was only money wasted. The trouble constantly grew worse, and the pains more unbearable. Finally it attacked the other leg, and it was all but helpless and completely discouraged, thinking it would be a sufferer for the rest of my life. At this time I read in our home paper of the trouble had disappeared. It was mysteriously cured by Dr. Williams' Pink Pills and I decided to try them. After using the pills for several weeks I could see that they were helping me, and I continued taking them until I had used nine or ten boxes, when every symptom of the trouble had disappeared, and I could walk as well as ever. I did. Had I known of Dr. Williams' Pink Pills earlier I would have saved myself much suffering and much money spent in other useless treatment as well.

JUDGMENT RESERVED IN LIQUOR SELLING CASE

Evidence Submitted by Defense Witness in Case against Windsor Hotel, Strathcona, Directly Contradicts That Offered by Boys Who Claim to Have Secured Drinks at Hotel Bar.

An effort to discredit the evidence of the boys given against George Macdonald and Port Saskatchewan, yesterday, was made by N. D. Mills, defending Maguire in the case brought against him by the Crown, for selling liquor to a minor, contrary to the License Regulations. The evidence of four witnesses, introduced, the bar tender, was produced, to prove that about 9:30 o'clock on the evening of February 17th, while the hockey match between Strathcona and Port Saskatchewan was in progress, James Smith, a companion with a number of boys, one of them probably Wesley Locke, entered the bar-room of the Windsor Hotel, where the wanted boy, Maguire, was sitting. The evidence of John Schmidt and others who were playing pool at the time, corroborated his statement in the evening. A bottle of whiskey was said to have been furnished by the boy, Smith, in the melee and was afterwards broken against the door outside.

Glazier, the bar-tender, also swore positively that he did not sell liquor to Smith on the evening in question. He knew his age and would not have given him any had he asked. He remembered distinctly that no bottles were sold at all that evening, despite the fact that the boys claimed to have purchased a bottle of whiskey at the Windsor bar.

The evidence of the boys, on the other hand, is that they were there some time during the first half of the hockey game about 8:30, that they had a drink at the bar where one or two bottles were also purchased, after which they went quietly away, not returning again that evening. All are emphatic in their denial of being involved in any later disturbance. Corbett, the bar-tender, practically the boys, swore positively, that he was sober throughout the evening, which they went quietly away, not returning again that evening. All are emphatic in their denial of being involved in any later disturbance. Corbett, the bar-tender, practically the boys, swore positively, that he was sober throughout the evening, which they went quietly away, not returning again that evening. All are emphatic in their denial of being involved in any later disturbance.

ARE DETERMINED TO GET BEATTIE NESBITT

\$2,000 Dollars Offered For His Arrest and Detention. Warrant Issued, Charging Him With Forgery. If Caught Extradition Proceedings Will Be Instituted.

Toronto, Ont., March 10.—To the three warrants already out for the arrest of Dr. Beattie Nesbitt in connection with the failure of the Farmers' Bank another was added today, when Inspector Detective Duncan, acting under advice of the attorney-general's department of Ontario, swore out a warrant charging Dr. Beattie Nesbitt with forgery.

"We are very anxious to procure his arrest," said Col. Graess in the circular, "and any assistance you can render will be appreciated."

The circular bears Dr. Beattie's photograph and a fac simile of his signature.

The circular states that if apprehended his extradition will be demanded, and that an officer will be sent for him with proper papers on receipt of notification of his arrest.

"We are very anxious to procure his arrest," said Col. Graess in the circular, "and any assistance you can render will be appreciated."

The circular bears Dr. Beattie's photograph and a fac simile of his signature.

BRITISH MEMBERS INVITE CANADIANS

Eighteen Members of Ottawa House of Commons and the Senate Will be the Guests of British Parliamentarians at the Coronation Ceremonies.

Ottawa, March 15.—Some misapprehension has arisen with respect to the invitation to members of parliament to attend the coronation. No official invitation has been received by the British Government to any members of the Canadian parliament. It is true, however, that a self-constituted committee of the British House of Commons sent a message proffering hospitality to eighteen members of the Canadian parliament. This was not in any sense an official invitation.

An informal selection of eighteen members of the Senate and the House of Commons has been forwarded to the distinction of party and their names have been forwarded to the gentlemen of the British House of Commons who will be the members of the Cabinet, and have received an official invitation.

FORT GEORGE TO BE PUT ON BY PUBLIC AUCTION

Right of Way Purchasing Agent Pope of the Grand Trunk Pacific, Says Fort George Has Not Yet Been Decided on as Division Point—Townsfolk Not Yet Sold.

"The Grand Trunk Pacific has now purchased the Indian reserve at Fort George, which they will subdivide and put on the market by auction," said Mr. Geo. H. Pope, right of way agent for the G. T. P., in the Bulletin yesterday. "The station has also been located and the site for the terminals is being cleared. However, it is not yet definitely known whether the Vancouver line will branch off there or at Tete Jaune. As a matter of fact, it may leave the main line at almost any point. Nor has Fort George been chosen as a division point, that depends entirely on the mileage and how far removed it is from the last division."

Mr. Pope believes that it is the company's intention to push the main line to completion before the Vancouver branch is built. "Of course," said Mr. Pope, "if there is plenty of labor, they may possibly push the two at the same time."

"At any rate, the completion of the main line is of first importance in their eyes and the other line will have to occupy a secondary place until then."

OVERSEAS DOMINIONS APPRECIATE POSITION

Pall Mall Gazette Says Dominion Realize They Must Assist in Providing Protection for Empire—The Question of Control Can Be Settled Later.

Canadian Associated Press.

London, Mar. 14.—The Pall Mall Gazette says that the people of the Dominion realize that their strength is their own security. They realize that the defence of the whole empire is a burden which Great Britain can no longer bear. The Dominion realizations have arrived at manhood they must do their share to support their own roof tree.

"The Dominion of New Zealand," adds this paper, "is the first candidate to make official announcement from any of the Dominions that they are ready to acknowledge and to discharge to the full extent their moral obligations. But New Zealand sets a precedent which will be followed by a portion of the empire will respond. With the co-operation of the Dominion of the Dominion, they will be a claim for a participation in the control. This is merely a matter of adjustment. The essential problem is to propose to meet some progress towards their realization."

"Nations," he said, "in a grave position, are in bondage to arms and navy expenditures. May the time soon come when they realize that the law is a better remedy than force."

The speech was too late for comment in the morning's newspapers, but it created sensational comment in the lobbies.

LIVE STOCK MEN FAVOR PACT.
Association Approves Agreement by Large Majority.

Calgary, March 12.—The question of the reciprocity agreement between Canada and the United States has been taken up by the directors of the Alberta Live Stock Association. They have been asked to express their opinion in writing and from replies received up to the present time, 31 are of the opinion that the proposed agreement is in the best interests of Canada, and six do not favor the agreement. Acting on this vote, a resolution has been forwarded to the Minister of Finance endorsing the proposed pact.

Purchases Ontario Railway.
Cobalt, March 13.—David Tasken, of Toronto, representing one of the syndicates in which he is interested, has purchased the Nipissing-Central railway for a consideration of \$250,000, and this morning the company's cars run under new management.

If you have trouble in getting rid of your cold you may know that you are not treating it right. The reason why a cold should hang on so long is because Chamberlain's Cough Remedy. For sale by sellers everywhere.

FOUR PRISONERS ESCAPE

Men Convicted of Murder Break Away From Penitentiary.

Lincoln, Nebraska, March 12.—Four prisoners, one convicted of murder, escaped from the Nebraska penitentiary near Lincoln at four o'clock this morning. They have not been captured. The men were helpers in the prison kitchen. Four iron bars sawed from a kitchen window revealed the method of their escape.

Diad at Fort William.
Fort William, March 13.—Taken off a Canadian Pacific train here last Thursday suffering from lung trouble, a man giving the name of J. Raymond died last night. He had been travelling from Vancouver to Montreal. He was well dressed, about fifty years of age, and of medium build. He possessed some money. Nothing is known as to his place of residence or the whereabouts of friends or relatives. The body is being held at Cameron and Co.'s undertaking rooms here.

Democrats Win in Maine.
Portland, Maine, March 15.—Democratic success in Maine was continued at the city elections held today, the majority contest in four of the five cities which voted. At Bangor, Charles W. Mullen, Democrat, was elected by the city government. At Lewiston, the Republican Augustus remains under Democratic control.

SPokane Adopts Civic Commission

Spokane, March 14.—The commission form of government for the City of Spokane was today inaugurated when the first board of five commissioners, elected last Tuesday, assumed control.

Rev. Wm. J. Hindley, a Congregational minister, was elected mayor, and former Comptroller Robt. Fairley was made commissioner of finance; Charles M. Flament, president of the chamber of commerce, will direct utilities and David Coates, formerly governor of Colorado, will be the official editor. The mayor and commissioners will have charge of public works.

Will Not Play for Cup.

Calgary, March 14.—St. Mary's team will not play for the Allan cup this year. Bert Sparrow, captain and star wing man, was attacked with appendicitis Sunday. The St. Mary's had no spare man to take his place, as one of the players turned professional a few weeks ago.

RECIPROcity PACT GROWING IN FAVOR IN EASTERN CANADA

Montreal Campaign Against the Agreement by "Interests" in Montreal and Toronto Will Not Have Desired Effect—Saskatchewan Legislature's Action Has Had Marked Effect—Lord Strathcona Denies Statement Attributed to Him.

Ottawa, March 14.—The Government's reciprocal trade arrangement is steadily growing in popular approval despite the monied campaign being conducted against it by hostile interests in Montreal, Toronto, and other eastern financial centres. The unanimous declaration of the Saskatchewan Legislature has had a marked effect, which today has been supplemented by several significant announcements. In the House of Commons, Sir Wilfrid Laurier read a cablegram from Lord Strathcona in which the latter said the statement attributed to him by A. S. Goodwin, (Conservative, Kootenay) in the House last week, proclaiming his hostility to the arrangement was "entirely baseless and without foundation in fact."

Will Develop the West. "We manufacturers know that the bulk of our business, or is to be done in the West," is his statement. "Free Trade in farm products will develop and benefit the west. Two-thirds of our output goes to the Prairie Provinces and we are looking there for future development." On Saturday the Liberals of West Durham at a mass meeting attended by hundreds, enthusiastically endorsed the reciprocity arrangement and declared the anxiety expressed by an imaginary scare raised by selfish interests. Friends of the beneficial trade expansion are much encouraged over the rapid strides it is making in public favour. These will further increase from day to day as its effect becomes better known.

EDMONTON-BATTLEFORD TOWNS SEE DAYLIGHT TRAIN SERVICE

Strong Movement on Foot to Induce the Canadian Northern to Put on a Fast Daylight Train for By No. 10 Being Accessible in the Daytime by Interconnecting Towns Under 100 Miles.

Bulletin Special. Vermilion, March 13.—The boards of trade of the towns along the C.N.R. have for some time felt the need of better daylight passenger train service between Battleford and Edmonton.

There is still some good unsettled agricultural lands along this line. Settlers who are here are making good progress and the towns are growing. Some of the boards of trade of the C.N.R. towns have been issuing publicity literature. But they now ask the C.N.R. to let the train service be a first-class train between Battleford and Edmonton. A little better than nothing. The mixed train now crawling between the two towns is a first-class train between Battleford and Edmonton. A little better than nothing. The mixed train now crawling between the two towns is a first-class train between Battleford and Edmonton.

Lift the Lid of Darkness. At present travellers, whether by rail or on horseback, pass under a heavy lid of darkness. The C.N.R. to inaugurate an improvement in the night service. But as the towns are hidden with a mantle of darkness, through travel from the boards of trade at every town or hamlet along the line. The C.N.R. to inaugurate an improvement in the night service. But as the towns are hidden with a mantle of darkness, through travel from the boards of trade at every town or hamlet along the line.

AMERICAN FARMERS TO COLONIZE PEACE RIVER DISTRICT OF B. C.

Head of Syndicate Purchasing 800,000 Acres at Cost of \$5,000,000. Predicts From Ten to Twelve Thousand Settlers Will Be Settled on These Lands, Just Within Border of B. C. in Next Two Years—Edmonton on the Point of Departure for Promised Land—Many Well-to-do Montana Farmers in First Contingent.

Vancouver, March 14.—That the next two years will witness the settlement of between ten and twelve thousand people in the Peace River district of British Columbia, as a result of colonization methods, the prediction of H. H. Barber, of Winnipeg, who last week on behalf of an American and two Winnipeg syndicates, closed deals for the purchase of approximately 800,000 acres of land in this district. The amount involved in the three transactions is about \$5,000,000, the vendors being the British-Canadian Securities Company and the Grand Trunk Land Co. of Vancouver.

The new owners intend to engage in colonization work on an extensive scale, adapting methods which have been successful in settling Alberta and Saskatchewan. Going in from Edmonton. Arrangements were perfected some time ago for placing the first contingent of American farmers in the Peace River district within the borders of British Columbia, said Mr. Barber yesterday. "These people are now on their way into the promised land. I have been advised that fifteen carloads of their effects, packed through North Portal on the boundary line. They will go west from Edmonton over the Grand Trunk Pacific as far as Edson, where they will have an overland journey of less than one hundred miles. The building of the railway will greatly facilitate colonization work as it brings the district within reach of the average settler."

Formerly the man who had his eye on that region had to consider the task of travelling 300 miles across the country from Edmonton to Alberta government is now building a road.

When you have rheumatism in your foot or other joints Chamberlain's Liniment and you will get quick relief. It cures but a quarter. Why suffer? For sale by Dealers everywhere.

EDMONTON BOARD FOR RECIPROcity

BUSINESS MEN BY ALMOST UNANIMOUS VOTE PRODUCE FOR AGREEMENT

At the regular monthly meeting of the Board of Trade, held in the board room yesterday afternoon the motion of ex-Pres. James McGeorge was unanimously passed, that the Edmonton board should withdraw from the Association of Boards of Trade of Western Canada. This motion was announced two months ago by Mr. McGeorge, but owing to the small attendance at last month's meeting it was thought wise to postpone the discussion till a fuller meeting was held. Coming from an ex-president who had the confidence of the meeting, everyone felt that the step was well advised and it met with the hearty approval of the members. The reasons advanced by Mr. McGeorge, which had affiliation with the organization was an expensive luxury from which the local received no benefits, that the objects of many other boards in Western Canada, such as the Manitoba and British Columbia were not likely to coincide with those of Edmonton and that a number of other boards had been formed with more uniform interests, there was nothing to be gained by membership in the larger organization.

Edmondson Reciprocity. Other matters proposed were: The endorsement of reciprocity with only three opposing; the decision to leave in the hands of the President the appointment of the fifteen representatives of Edmonton on the Board of the Central Alberta Development League, the motion of a motion of the fact that the Central Alberta Development League had been formed with more uniform interests, there was nothing to be gained by membership in the larger organization.

At his farewell reception at the Carr's Lane Chapel at Birmingham last night, the Rev. J. P. Jewett, who has been called to the First Avenue Presbyterian Church of New York, referred to Sir Edward Gray's House and said he hoped he might be able to visit him in the future. The Rev. Mr. Jewett, who has been called to the First Avenue Presbyterian Church of New York, referred to Sir Edward Gray's House and said he hoped he might be able to visit him in the future.

AGGRAVATED ASSULT ON HIS MOTHER-IN-LAW

In Charge Which Will Result, Farmer North of Vermilion, Places—In Alleged He Hit Her With Club When She Refused Him Money. Person Well Thought of.

Vermilion, Mar. 13.—About 25 miles north of Vermilion in the Sandovian district, William Ballas, with his wife and three children, have resided for about three years. But Ballas is now in the Guard Room at Fort Saskatchewan, where he is held on the charge of aggravated assault on his mother-in-law, Mrs. Duediche, who lived with the Ballas family till last date, when she was assaulted. It is alleged Ballas had during the past three years repeatedly received money from his mother-in-law, and on the night in question asked her for some more money. But she refused to give him any more. He hit her with a club and she fell. The woman crawled on the floor for three quarters of a mile to the home of the nearest neighbour, John Barry, a blacksmith. The two grandsons, aged 20 and 16, and the granddaughter, were witnesses of the alleged assault, but were too frightened to testify. Mrs. Ballas was also afraid of her husband.

Upon word of the affair reaching the attention of Constable McPhail, R. N. W. M. P., lost no time in investigation. The case and arresting Ballas and his wife. The prisoner was arrested before P. H. Barber, J.P., on the charge of criminal assault. He pleaded not guilty, and was committed to the jail on March 13th, at the same time as the wife. The prisoner is as yet unrepresented.

Ballas has been in the country for three years and is well spoken of as a hard-working industrious man. Mrs. Duediche, upon whom the alleged assault was made, is a grand old lady, and is said to be in the habit of giving money to the poor. She is said to be in the habit of giving money to the poor. She is said to be in the habit of giving money to the poor.

ATHABASCA LANDING. A very enjoyable "sit-down" was held at the residence of R. C. Farrell on Tuesday evening last, by the ladies of the district. Quite a number of friends were present and a most pleasant evening and increased the funds of the aid. James McGeorge, local postmaster, was the guest of honor. The evening was most enjoyable and increased the funds of the aid.

Wagon With Gun Drives Workmen From Coal Cuts. Windsor, Ontario, March 12.—A wagon loaded with dynamite and threatening to kill the first man who interfered with him, Andrew Leach, a colored man, drove off the workmen at the Grand Trunk Coal mines today, and held unimpeded possession until officers arrested him. Leach is thought to be mentally unbalanced. His sanity will be ascertained into the law.

Wolcott Matched With Jack White. Their three daughters, who were matched to Jack White, were matched to Jack White. Their three daughters, who were matched to Jack White, were matched to Jack White.

ARE ALL HOPEFUL OF ARBITRATION

AROUSES WIDESPREAD INTEREST IN EUROPE

London, March 14.—Sir Edward Gray's speech-making speech, as every Liberal can see, has aroused enormous interest throughout Europe and was again the absorbing topic in the parliamentary lobbies yesterday. By universal consent, it is the most important pronouncement made in parliament in many years, and it is some Conservative morning papers, talking the ground that the foreign secretary's ideal is almost impossible of attainment, comment somewhat coldly and point to the difficulties in its path. The Liberal organs hail it with unbounded enthusiasm, and are preparing resolutely to meet the coming remarks heard from the Conservative benches while Sir Edward was speaking last week. "What about Mexico," and similar interjections of offensive to the Liberals.

Hit to a Star. "The wags of the English speaking people are now hit to a star," said Sir Henry Norman. "The real cause of the war is the tariff. It will come and it will date from 1911." Sir Henry Norman's opinion was expressed by the most progressive members of the House of Commons. Indeed many members connected with the arbitration movement found it difficult to believe that Sir Edward had made any of his ground with regard to the negotiations with the United States. "Gray is going so far in a public utterance."

Lord Reay, the British delegate to the Hague Conference of 1907, in an interview, warmly welcomed the idea, and thinks that a general arbitration treaty between Great Britain and the United States might be the occasion for the establishment of a permanent arbitration tribunal, and that Great Britain would thus be in a position to share in the benefits of the Hague Convention. "The Nationalist party, in the House of Commons discussing the matter, are frank in declaring that it would be quite impossible to secure acceptance of the treaty until Home Rule has been granted Ireland."

Some of the morning papers point out that Great Britain is equally ready to accept Great Britain's foreign alliances. The Daily News remarks that, included in the treaty, it is a British foreign secretary has recognized the right of parliament to share in the treaty. "The Times, editorially, declares that Great Britain is equally ready to accept Great Britain's foreign alliances. The Daily News remarks that, included in the treaty, it is a British foreign secretary has recognized the right of parliament to share in the treaty."

May Affect Canada. Canadian Associated Press. London, March 14.—Sir Edward Gray's speech has caused much talk in Canada. H. Staveley Hill, Unionist, said he was unable to give any information as to the intentions of the Government in introducing a bill extending the three mile territorial water zone to twelve miles. He said he was sure that the Government would not do so. He said he was sure that the Government would not do so.

Bill Before Doona. The question and answer regarding the extension of the three mile territorial water line entry with other in the Pacific. His Majesty's Government was communicating with the Canadian Government as to the question of accepting this invitation. The question and answer regarding the extension of the three mile territorial water line entry with other in the Pacific.

A SUCCESSFUL COMPANY. In another column will be found the annual financial statement of the Mutual Life of Canada. At the annual meeting of the policy holders of this company recently held, a most gratifying report was presented by the directors. The company's assurance in force has reached about \$5,000,000, and there has, during the past year, been an increase in the assets of one and three-quarter million. The new business written during the year amounted to nearly nine and one-half million, showing a very substantial increase over the previous years.
