SOCIETIES ACTIVE AT PARADISE

Crusade Meeting--Women's Institute Meeting--Interesting Social and Personal Notes

The Crusade Meeting of the Women's Missionary Society was held at the parsonage, Wednesday afternoon, November 8th. "Canadian Baptists in Bolivia" was the subject of the program. A paper entitled "Our Stations" was read by Mrs. Harry A. Longley, while the work of the Peniel Hall Farm was given by Mrs. Norman Longley. Twenty-five outstanding facts from Mr. Stillwell's report of this work with its obstacles and opportunities, were presented by other members.

Five new members were received and over thirty dollars taken as a Thank offering. The social hour following the program was one of the best yet. Much credit is due both the programme and standing committee for the success of this meeting.

The Mite Society gave a Thanksgiving supper in the church vestry Monday evening, November 3rd. A social time was enjoyed and nearly thirty-five dollars was realized which will help to increase the church insurance fund.

The yearly business meeting of the Women's Institute will be held Thursday afternoon, Nov. 16th, at the home of Mrs. Fred Bishop. All the members are urged to be present at this very important meeting.

Mr. Max Saunders, Mr. Earl Saunders, Miss Alice Longley, Mr. Chas. Longley, Miss Jessie Bowley and Miss Mabel Elliott were among the students and teachers at home for the vacation.

The Boy Scouts and Camp Fire Girls spent one of their characteristic good time evenings together, Nov. 7th, at the home of Mr. and Mrs. Joseph Longley.

Whooping cough seems now to be an epidemic among the school children of this community. Every precaution is being taken however to control it.

Mr. and Mrs. Harold Bowley and children, motored from Wolfville to spend Thanksgiving day with Mr. and Mrs. Bowley.

Mrs. Edward Woodbury, of Albany,

ROUND HILL

Miss Phyllis Stevens arrived on Thursday, 9th, from England, and will remain with her parents, Mr. and Mrs. W. G. Stevens, at Ampror farm.

Master Jack Stevens, of (Collegiate School) Windsor, spent Thanksgiving with his parents, Mr. and Mrs. W. G. Stevens at (Ampror farm).

Congratulations to Mr. and Mrs. Charles B. Whitman on the arrival of a son, November 5th (Robert Hugh).

On Tuesday afternoon Mrs. H. B. Whitman entertained in honor of Mrs. Peter Innes a wist party.

is now a much appreciated member of the home of Mr. and Mrs. Chas. Covert.

The Misses Lola and Elizabeth Banks spent Thanksgiving with their brother, Mr. Floyd Banks, at Aylesford.

Miss Ethel Schurman, of Acadia, was the guest of Miss Alice Longley during the Thanksgiving vacation.

We are glad to report that Mrs. Charles Durling is now convalescing after a recent illness.

Mr. C. F. Ruggles spent the week-end with his mother, Mrs. J. C. Phinney.

Mrs. Covert's health is slightly improved.

ARMISTICE DAY AT LAWRENCETOWN

Occasion Fittingly Remembered--Program at Demonstration Building--Personals

Friday afternoon the school children, with the teachers, marched to the Demonstration Building to remember the ending of the World War.

The children had flags which they waved with great vigor and enjoyment. A fair number of town people gathered in the hall, although this notice of the meeting was very short many did not know about it at all.

Rev. Mr. Morris, of Middleton, gave a very suitable address. He presented two scenes that will not soon be forgotten. He told of the dreadful thunder of the guns along miles of battle front--then the strange, awful silence on Armistice day, when the firing stopped. The statement "No victory, no peace, anything worth while, was only obtained by sacrifice".

The Rev. gentleman spoke strongly on the soldiers' pension question, as the men offered their lives for us, we should do all in our power to make them safe and comfortable at home.

Dr. Morse also spoke, his address being practical and interesting. Mr. T. Bishop spoke briefly. He congratulated teachers and pupils on the good work being done and cautiously hinted about a new school building in the future.

Principal Banks spoke kindly to the children, his remarks were bright and happy. Mr. Elliott, of Paradise, also gave some wise and kindly advice. Great praise is due Rev. Mr. Rackham, for his faithful help in every department of the celebration. Mrs. Corkum and Miss Troop also did their part drilling the children in the singing of the patriotic hymns and songs. Dr. J. H. Hall, as usual, when anything can be done in the interest of education, or for the good of the community, was in the chair, and presided in his very happy manner. Mrs. R. Shaffer presided at the piano. Meeting closed by singing the National Anthem.

Mr. Porter, who has opened the new Drug Store, or rather has taken the one owned by Dr. R. Morse, has expressed himself much pleased with Lawrencetown. This gentleman has taken over the Gem Theatre, has stage painted, and decorated. Other modern improvements in view. Will give a good class of pictures. We hope all will encourage this form of business enterprise.

Miss Elizabeth Morgan spent Wednesday in Middleton. She visited the Common Schools and reports splendid work being done by teachers and pupils.

Mrs. W. McKowen, Mrs. Morse Balcom, and Mrs. Pearl Pigeon, spent Wednesday at the home of Mrs. Saunders, Bridgetown.

Mrs. Corkum, Kindergarten teacher in the Lawrencetown school, spent Thanksgiving out of town.

Mrs. F. B. Bishop, who has been spending some time in Halifax, has returned to Lawrencetown.

Miss McKay, of Annapolis Royal, is visiting at the home of her uncle, Mr. N. T. Jones.

Miss Troop, Vice Principal of the school, also spent the day out of town with friends.

The Embouss Hotel, managed by Mr. and Mrs. Bourke, is deservedly popular.

Mr. Slack, Mr. Parks, and Mr. Phinney, apple inspectors, are at present in town.

Miss Clara Longley spent Thanksgiving day in Paradise.

Miss Patterson, of Santord's store, spent a day in Aylesford.

FALKLAND RIDGE

Those coming home for Thanksgiving were: Reta Marshall, from Paradise; Ralph Marshall, from Wolfville; E. H. and Frank Marshall, from Middleton.

Mrs. Ada Fair, of New Albany, arrived on Thursday and is assisting in the care of her daughter, Mrs. E. G. Mason.

Among the transients over Sunday were: H. Brennan, from Aylesford; Mr. Grant Messinger and father, from Paradise.

Florence Woodbury, of Torbrook, is the guest of her sister, Mrs. J. L. Sproule, returning home Tuesday.

Lester Starratt, who has spent the past week with his parents here, returned to Halifax on Tuesday.

James Sproule left on Tuesday for Halifax, where he is attending a convention of the S. of T.

Alvin Dorey, of New Albany, was the guest of his sister, Mrs. John McMullen, on the 9th.

William Veno, of New Germany, is the guest of his nephew, Emerson Wagner.

George Swallow spent the 5th with his friend, Ernest Kniffin, of New Albany.

Quite a number from here attended Councilor election at Springfield Nov. 7th.

E. G. Mason has an attack of blood poisoning in his hand.

Mrs. E. G. Mason is suffering from an attack of pleurisy.

Cecil Kaubach made a trip to Middleton, the 8th.

WEST PARADISE

Visitors for Thanksgiving at the home of Mr. and Mrs. B. W. Saunders, were: Mr. and Mrs. VanBuskirk, of Wilmot, and Miss Irma Campbell, of Paradise.

Thursday evening a pie social was held in the Hall, at which the sum of \$15 was realized. This defrays the lighting expenses on the Hall.

Miss Louise Morse, who is attending Acadia, spent the Thanksgiving holiday at the home of her parents, Mr. and Mrs. Eugene Morse.

We are glad to welcome to our vicinity, Mr. and Mrs. Ralph Berry, who moved here from Upper Granville.

Mrs. Ethel Shaw spent Thanksgiving with her parents, Mr. and Mrs. Wallace Saunders.

Miss Elsie Sheridan arrived home from a two weeks' visit to Canning, King's County.

Mrs. Harry Abbott recently returned from a month's visit in Boston and vicinity.

Mr. Harcourt Daniels is spending a few days in St. John.

PREPARING FOR HOCKEY SEASON

Club Officers Elected And Other Details Attended To -- General League Meet Shortly

A very well attended meeting of hockey enthusiasts was held in the Board of Trade rooms on Friday evening. Prospects for the season were discussed and opinion favors the entry of Bridgetown team into the hockey league. It is yet too early to predict under just what plans of organization Valley League games will be played. A number of towns at least would favor an Eastern and Western section on arrangements somewhat similar to baseball programmes of the past season. Such an arrangement, if made, would effect an obvious saving in time and expense and the champions of East and West could, at the conclusion of the season, play off for supremacy.

Arrangements were made re membership fees in the local club and these were fixed at \$1.00 per member. Steps will be taken to secure supplies for the team which Bridgetown expects this Winter to put into the Valley League.

Election of officers was proceeded with and resulted as follows:

President--K. E. Ewan, Secty.-Treasurer--Paul Longmire, Executive Committee--K. B. Ewan, F. H. Beattie, and R. W. Donaldson.

The Club have wisely taken time by the forelock and will be pretty well organized before the rink is finished and the season's fun is on.

INGLISVILLE

The Halloween supper held at Mr. R. P. Best's, which was postponed until the following evening on account of the storm, was a decided success. The sum of \$22.50 was realized, proceeds for repairing the shed for horses at the Baptist Church.

We are pleased to report Mrs. Carmen Stoddart has sufficiently recovered from her recent operation at the Memorial Hospital, Middleton, as to be able to return home.

Mrs. L. M. Beals spent a week recently with her cousin, Mrs. A. Nichols, at Kentville, and other relatives at Billtown.

Mrs. Isaac Durling and children have been spending a few days with her mother, Mrs. Amanda Beals.

Mrs. Ada Balcom, from Lawrencetown, has been spending a few weeks with Mr. and Mrs. Henry Beals.

Mr. B. Leonard, from Kingston, spent a few days with his son and wife, Mr. and Mrs. Avaris Leonard.

Several moose have been captured in this vicinity. One was shot by one of our boys, Reginald McGill.

Mr. and Mrs. George Connell, from Nictaux, spent a week recently with Mr. and Mrs. Ralph Connell.

Mr. Stanley Hubley spent over Thanksgiving at the home of Mr. and Mrs. R. P. Best.

Mrs. V. D. Beals, who has been visiting relatives in Springfield, has returned home.

Mr. Millege Best, from Wilmot, was a recent guest of his relatives in this place.

The W.M.A.S. convenes this month at the home of Mrs. O. Naugler.

HIGH PRICE OF SCHOOL BOOKS.

The excessive cost of school books in Nova Scotia was the principal subject taken into discussion at the quarterly meeting of the Provincial Chapter I. O. D. E. convening in Amherst last week. Fifteen delegates were in attendance, faces in Nova Scotia. Mrs. J. H. Douglas of Amherst took a leading part in the discussion that ensued over the price of school books, and she pointed out the changes in prices that had occurred in the past two years; books actually trebling in cost. This topic aroused great interest on the part of all delegates to the general meeting, and when it was stated that scores of children in provincial towns were unable to afford the purchase of new books, at existing prices, members of the order waxed indignant. After prolonged discussion, the entire question was left in the hands of the executive. A strong resolution will be framed, and sent to the Department of Provincial Education calling attention to the condition of affairs.

Miss Mary Thomas spent a few days recently, the guest of her friend, Miss Annie M. Bragg.

THE TRAMP NUISANCE

The tramp nuisance has been rather more marked than usual in the Valley this Fall, and while a large proportion of these gentry are more or less harmless indications on the social order. All should be checked up regularly by the authorities whenever found. Only a short time ago one of these hoboes entered a factory in town, took a stick of cordwood for a pillow, and pulling out a revolver, laid down to sleep. In the morning he faded for parts unknown. What this incident may be trifling, it should have been reported to the police. Responsible citizens are not permitted by law to carry revolvers. Why should potential menaces such as tramps have opportunities to enjoy this dangerous privilege. The fact that dark crimes lie still unearched in the Province shows greater need than ever of caution. The record of all suspicious characters should be fully investigated and their movements checked up.

SEE THAT YOU GET PROPER RECEIPTS

Cases have come to our notice of agents travelling the country presumably for some well known magazines and securing payments from honest and confiding people. In some cases receipts were given on scrap paper, the agent alleging that he had run out of official forms just the day before. Needless to say his subscribers are still waiting for their magazines. It is to the interest of all reputable papers and magazines that subscribers insist upon and get proper official receipts. Duly authorized and reputable representatives are always not only willing, but anxious, to give proper receipts, and the public is entitled to receive them in every case.

ANNUAL MEETING CLARENCE WEST AGRICULTURAL SOCIETY

Clarence West Agricultural Society held their annual meeting on Monday evening. The officers and Board of Directors were re-elected and are constituted as follows:

President--J. A. Myers, Vice-President--W. N. Stronach, Secty.-Treasurer--W. R. Miller, Directors--S. L. Marshall, G. A. Chute, Arthur Marshall, E. B. Miller, Judson Chute and J. E. Laurence.

The Society has had a good year and is thoroughly and capably supported in its districts. Some new stock will be obtained during the year. Durhams and Shorthorns are the favorites in breeds of cattle.

MEMORIAL FOR DEAD HEROES

Public of Bridgetown Invited To Discuss Permanent Forms of Remembrance

On Friday evening, November 17th, the public are invited to attend a meeting in the Board of Trade rooms at 8 o'clock to decide what form a permanent memorial will take to be erected to the memory of the men from Bridgetown and vicinity who paid the supreme sacrifice in the Great War. Some funds have already been raised in this connection and it is understood that some tact promises of more have been made. The meeting is to bring matters to a head in some way. Most of the towns of the Province and as many cases some very small country communities have placed permanent memorials for their fallen dead who perished for King and country in a good cause. The war is now long past and a fading memory except to those who lost ones near and dear to them. The public memory throughout the world is short. Whatever is to be done in the way of memorials over Canada and we might say much further must be done shortly or time will lapse and the glorious deeds of past years will fade into an almost forgotten past without sufficient tangible signs to point to future generations the achievements of our glorious dead.

OIL RAPIDLY REPLACING STEAM ON OCEAN STEAMERS

London.—The feature of the new annual report of Lloyd's Register of Shipping was the emphasis laid upon the coming of oil as a power in marine engineering. The report shows the world-wide depression in the shipbuilding industry, continuing throughout the last year, but states that one reaction to this has been the encouragement of the latest ideas in construction. Steam turbines were installed during the year on ninety-eight vessels under Lloyd's supervision. This indicates the passing of the direct turbine drive and the end of a historic phase in marine engineering. The number of vessels built during the year and intended for propulsion by internal combustion engines was fifty-nine, of which twenty-one were ships of large size, all fitted with engines using heavy oil.

HOCKEY

With our new rink in progress of building it is quite natural that our boys are talking hockey these days.

I have talked with a number of gentlemen regarding the outlook for the town to enter a team in the Valley league with our sister towns and all seem to favor the idea.

Hockey is a strenuous game, and the players must be in good physical condition to go the pace and stand the gaff.

Baseball is a game affair when you realize that most men only have to run about thirty yards at a time to reach first base, and the writer not always found this necessary, as the ball fell in the catchers' mitt.

But in hockey you cannot get a rest except goal tender, while you are on the ice.

There is no time for cigarette smoking and no wise manager will tolerate such in hockey as they did in baseball. My advice is for all those who intend to try to get a place on the team is to try and quit them as much as possible and get out and exercise.

Remember what ever method you use, whether it be road work, room exercises, boxing or football, it is the stomach and abdominal muscles that must be strong.

To step on the ice feeling fit is very important, as the season will be short and the first few games count high.

The secret of scoring goals is to mix up your methods of trying to deceive the goal tender—the best scorers are not always the men with the hardest shot, yet all players should possess this.

Some of the amateur teams in the Province last Winter were allowed to carry twelve men on their line up—practically two teams. A player can be relieved at any time during the game, and this does not prevent the same players from helping out during the rest of the game.

Six man hockey is much faster and more of a spectators' game than seven. It also has reduced the checking and made the refereeing more sharp.

The subject of my next article will be "Centre Ice Playing."

BESCO EMPLOYS 23,000 MEN

President Wolvin Enthusiastic Over Company's Operations In Nova Scotia

Montreal—R. M. Wolvin, President of the British Empire Steel Corporation, has returned from his visit to the Company's properties in Nova Scotia.

Mr. Wolvin's comments on inspection of the Company's property in Nova Scotia were encouraging and best evidenced by the statement that the British Empire Steel Corporation is again operating profitably, and in its present activity is furnishing practically full time employment to over 23,000 men.

He stated that the unrest was disappearing, and that labor is more efficient. The number eight blast furnace at Sydney has been re-built since it was last operated and has recently been "blown in."

The Company is now loading the last cargo of steel products this season to reach the head of the Lakes before the close of navigation.

With regard to the notice appearing in local newspapers calling a meeting of the Dominion Iron and Steel Company, Limited, for the 15th November, Mr. Wolvin stated that the increase in capital stock and its disposition was purely an internal matter as between the Dominion Iron and Steel Company, Limited, and the Dominion Steel Corporation, Limited.

ST. JOHN WILL HOLD INTERNATIONAL SKATING TITLE MEET

Montreal—St. John, N. B., backed strongly by Lake Placid, Saranac Lake Association, the Middle Atlantic, New England and other associations, was awarded the international skating meet for 1923 at annual meeting of the International Skating Union of America.

Tightening of the lines which separate amateurism and professionalism by taking a firm stand against recognition of the United States Hockey Association because of its alleged tendencies to professionalism, was one of the outstanding features of the meeting.

THE PASSING OF AUTUMN

The wizard has woven his ancient scheme: A day and a starlit night; And the world is a shadowy-pencilled dream

Like something an angel wrought, maybe, To answer a fairy's whim; A fold of an ancient tapestry, A phantom rare and dim.

Silent and smooth as the crystal stone The river lies serene, And the fading hills are a jewelled throne

For the fall and the mist, his queen, Slim as out of aerial seas, The elms and poplars float like the dainty spirits of trees

In the mellow dreamlike air, Silvery soft by the forest side— Wine-red, yellow, rose— The wizard of Autumn, faint, blue-eyed— Swinging his censers, goes, ARCHBOLD LAMPMAN.

MINERALS AND MINING ON C. N. R.

Minerals and Mining on the Canadian National Railways is the title of an excellent and comprehensive pamphlet issued by the Industrial and Resources Department of the Railways.

It opens up to the general reader a very good idea of the mineral resources of Canada. This is a subject understood only in a very general way and often not fully appreciated in regions where the resources are by no means small.

In directing attention to the matter the Railway Department is making not only a good business move but also a patriotic and national one which should be followed up by all possible means.

The future prosperity of the National Railways and their importance as a going financial concern is wrapped up to a very marked extent with the development of mining industries in Canada and not the interests of the Railway alone, but the interests of all Canada in developing latent resources and by so doing becoming independent of outside sources which now obtain good Canadian money which would be better spent in the increase of our national prosperity at home.

To take a first and outstanding instance, that of coal. The mineable coal reserves in Canada are estimated at 1,234,269,310,000 tons, a tremendous figure, fuel for a very large number of generations yet unborn. Nevertheless Canada buys over half her coal from the United States. There are doubtless economic reasons for some of this purchasing, but not by any means for all. Any disabilities which the industry carries must some time in the future be removed. This is of special importance to Nova Scotia.

Canada supplies over eighty per cent of the world's supply of asbestos found mostly in Quebec.

Arsenic is chiefly derived in Ontario from ores in the Cobalt district and is recovered in the refining works at Deloro, Thorold and Willard.

Building stone of all kinds, large deposits of the finest kinds of marble exist, yet the greater part used for monumental and decorative purposes comes from the United States.

It might be mentioned just here that splendid granite and building stone in large quantities is found at Nictaux and development work has been and is being carried on to some extent. At Bronson in Ontario is found the finest body of marble on the Continent of America. China clay of high quality is found near Huberdeau in Quebec Province.

An important potential source of potash is found in feldspar deposits showing 12% to 14%. Attempts to extract it are yet experimental, but doubtless ultimate success will come.

Gold mining has languished in Nova Scotia, but the great cheapening of modes of extraction are directing attention again to this industry.

Hullinger Mine in Porcupine is perhaps today the greatest operating

gold mine in the world. Canada is the world's third largest producer of gypsum, yet the imports of a large amount of finished product from the United States. The quality of gypsum found in Canada is very high grade and it occurs very largely in Nova Scotia, Peninsula and in Cape Breton.

Regarding iron, one of our most important minerals. It may be said that the further development of this industry is of the utmost importance and will become more so, for it is computed at the present rate of consumption the Lake Superior region of the U. S. will be nearing exhaustion in twenty-five years.

It has been pointed out that "the expenditure on labor and supplies necessary for the production of the ore and the profits to be derived from its transportation would repay the country many times, whatever the form of assistance given entailed."

Ontario and New Caledonia supply the world's demand for nickel.

The salt industry is being developed at Malagash in Nova Scotia and has flourished for many years in Ontario.

Silver production is most important in British Columbia and in Ontario. Tungsten is found in quantities in Nova Scotia.

CANCER PREVENTION

The public gathering this evening at Primrose Theatre will, it is hoped, be well attended. The speakers are all authorities on the various subjects treated and the campaign week on Cancer Control is timely and necessary.

Great progress has been made in the control and treatment of tuberculosis and while Nova Scotia still has an unenviable record in this disease, recent statistics show a marked lessening of this scourge of civilization. This must be attributed to the work of the public health department and the general awakening of the public on matters of this kind.

Cancer, however, is on the increase in the Province. Medical science has demonstrated the fact that both consumption and cancer can be cured in the early stages of the diseases. Public awakening to these facts should lead to the same results in cancer treatment that are now attending efforts to control and lessen consumption. The safe plan when symptoms are discovered is to see your physician. Nowhere can the old adage a stitch in time saves nine be better applied than to the control of deadly diseases. The work of the Red Cross will also form subjects of address. Its splendid efforts through physicians and public health nurses are appreciated by many and the more information as to their work the greater the measure of public approval and support.

CLEMENTSPORT

"THE QUEEN OF THE BASIN"

The Municipal Election is over and Capt. Elias Rawding again takes his seat at the Council table. We congratulate him on the wonderful opportunities that lie before him. He represents a district of coming great developments. The tourist Paradise of Deep Brook and the Queen of the Basin, and he represents the whole district, those who voted against him as well as those who put him in power. This is both the beauty and the irony of it. The work of the contest was exacting and exciting, but it is nothing to be compared to the work that lies in the immediate future if the Council is to do his duty. Urgent are the demands. Here are a few: Our bridges in the village are half repaired and need immediate attention; our roads are insufficiently protected in dangerous spots with no rails, or rotten ones; the Highway Board will not post danger red lights where the law demands. Get after them Mr. Councillor, in the name of the community you represent. Our assessment should have immediate attention. If a man wants to borrow \$100 at 6% and give real estate security, at least \$200 value is demanded. Do you know that Clark Bros. Pulp Mill plant is assessed \$15,000, while they are raising \$600,000 prior lien bonds on their holdings. See to it that your assessors get busy and assess \$500,000. Let the company protest if they desire and things will get finally straightened out. If the total assessment is higher the rate of taxation will be lower, and that is the one way to do it. There is lots of work for you, Sir, and we will back you in it, and always remember this district is important and its interests should not be sidetracked for any cause whatsoever without a protest from you. We wish you a prosperous, active and fruitful term of office.

Armistice day was kept largely on Sunday, the 11th inst. Throughout St. Clement's Parish, in the Anglican Church the memory of "those who died that we might live" was honored. In the morning at St. John's Church in the greatest memorial service in the world held in loving obedience to Him who said "This do in remembrance of Me". The boys who sleep in Flanders field we included in the "communion of Saints". At the services at St. Matthew's and St. Edward's they were brought to remembrance in the sermons. The red poppies were extensively worn both on Saturday and Sunday. While the "Angels" was well kept by the thoughtful throughout the land. Flags were floating in the breeze, and every where there was evidence of thankful and reverent remembrance of those who so bravely fought and nobly died.—R. I. P.

Mrs. Colin LeCain is seriously ill at her daughter's, Mrs. Willard Henshaw, Deep Brook. She was stricken with severe pain on Tuesday night, November 7th, and has suffered ever since. Some months ago she underwent an operation in the hospital at Halifax, and was feeling quite recovered, when she was taken suddenly down this time. Her many friends trust she may soon regain her health and strength.

The veteran Capt. Amos Burns tells us that he regards the following as an excellent example of quick despatch:—The schooner Bertha M., Capt. Gardener, arrived in Clementsport at 9 a.m., the 3rd inst., took in part cargo of apples and produce and proceeded to Deep Brook at noon of following day, completed cargo and proceeded to sea on same tide for Clark's Harbor.

The Canadian Order of Foresters, with the courts from Smith's Cove and Clementsvale, will hold a parade service to the Methodist Church at 3 p.m. Sunday, November 19th. The Rev. Mr. McIntosh will hold the service and give the address.

The energy of the moose hunters does not seem to wane and probably will only cease with the termination of the season. Mr. L. V. Shaw, Mr. Owen Balcom, and Mr. Lee Long went into the Big Lake district on Thursday evening, Nov. 9th. We are expecting great things from them this time.

The body of Mrs. Burrill, mother of Mrs. Levina Barns, of Clementsport, was brought from the United States on the noon train on Thursday, November 9th, and was interred in the cemetery at Clementsvale, the Rev. I. J. Little officiating.

Miss Margaret Roop, of Halifax, spent Thanksgiving day with her parents, Mr. and Mrs. Joseph Roop. She returned on Tuesday, 7th inst., accompanied by Miss Grace Burns, who is going to make a visit to the Capital City.

Capt. John Roop, of the steamer "Canadian Planter", has been home for a few days, after a trip to Australia, lasting several months. He was up on Sunday, 5th inst., to see his aged father, Joseph Roop.

Mr. Ainsie Brown, who is working at Lawrence town, was home seeing his father and sister, on Friday, 10th inst., returning on the 11th inst.

Miss Hattie Hoyt, of Bridgetown, who has been visiting Mrs. W. H. Horstall, Upper Clements, is now with her sister, Mrs. W. S. Abbott.

Miss LeCain, Round Hill, and Mrs. Layton, Annapolis Royal, spent the week-end with their sister, Mrs. Stewart Roop.

We regret to learn that Mr. Joseph Roop is on the sick list. Trust he may soon recover.

The schooner "Eskimo", Capt. Wm. Burrill, arrived in Lynn on Saturday, 11th inst.

Miss Hanes, of Boston, is visiting Mr. and Mrs. Herbert Hicks.

NORTH RANGE
The Methodist Church has been improved very much inside by new paint, carpets and etc. Mr. Young preached to a very attentive and appreciative audience on Sunday evening. Several from Plympton and Barton were noticed in the audience.

Miss Mary A. Thomas, Miss Annie M. Bragg spent Thanksgiving very pleasantly with Miss Phyllis Mallette at her home in South Range. Miss Mallette returned to her school in Aylesford Tuesday.

What might have been a very serious accident occurred near the R. R. crossing Wednesday night, when Mrs. H. Marr was thrown from a wagon on her way from the social at Mr. Ed. Bragg.

Am glad to report Mr. Charles Andrews much improved in health. His sister, Mrs. Jerry VanBoskirk, who was with Mrs. Andrews, has returned to her home in Bloomfield.

A social was held at the home of Mr. Edward Bragg on Wednesday evening, November 8th. The sum of \$20.05 was realized, proceeds to go towards abingling church.

Mr. Arnold Height who is employed in Sydney, returned home last week to secure men for the lumber woods. Quite a number returned to Sydney with him on Friday the 10th.

Mr. and Mrs. John Balser and family, from Digby, were the Sunday guests of Mr. W. J. Andrews.

Miss Belva R. Height spent a few days recently with friends in Bear River.

Inspector M. C. Foster called on the N. R. school Nov. 8th.

DRASTIC REMEDIES FOR SICK MEN
New prohibition regulations which restrict a ship's liquor to medicinal purposes only, appear to be causing serious epidemics on trans-Atlantic liners. The President Van Buren of the United States Line, on her last westward voyage, brought to New York 100 passengers, all of them first class, and, according to the ship's surgeon, nearly every one of the 100 afflicted at some time on the trip with colds, chills, flu, la grippe, ague or some other allied ailment until it became known definitely that a passenger must be near death before liquor enters into medicinal treatment. Then the health of the passengers showed a surprising improvement.

DALHOUSIE WEST

Mr. George H. Robertson, of Barrington Passage, an aged soldier, has returned to his home after spending a month visiting at the home of his nephew, Freeman Shipp, and other friends. Mr. Robertson is a splendid specimen of manhood at the age of eighty-eight. He left his home at Barrington Passage, travelling alone about one hundred and seventy-five miles and finds as much pleasure calling around among his many friends as when he was young. His many kind acts insures him a welcome when ever he feels like coming to our homes again.

Mr. Erwin Lackenbauer made a business trip to St. John's on Monday, returning home Thursday. We are sorry to add that he had the misfortune of breaking his right arm a few weeks previous, but it does not daunt his courage in the least, as his continual alertness in business shows. We wish him success.

The enterprising sewing circle of this place met and spent a very enjoyable afternoon Wednesday at the home of Mrs. Manley Brooks. Our next meeting will be in three weeks time at Mrs. David Shipp's. We are very proud of the interest shown and the work accomplished.

Again we herald the good news: Mr. Paul Longmire, of Bridgetown, with Freeman Shipp as guide, shot a very nice moose on the first of November. Our hunting grounds in this locality is splendid.

Mr. Hartley Marshall, with Mr. Manley Brooks as guide, captured a fine moose on Oct 30th. Congratulations.

We are glad to welcome Mrs. Sam. Swift among us again with her health very much improved.

A WOMAN'S WORK IS NEVER DONE

It Seems So in Many Cases and Good Health is Always Necessary

Viscount, Saskatchewan—"I took Lydia E. Pinkham's Vegetable Compound for weakness of the female organs. I had pains in the back and bearing-down pains in the abdomen and was in a general run-down condition. I could not sleep, rest or work and was quite unable to do even slight household tasks. A friend told me about your Vegetable Compound and I in my turn truly recommened it, as my severe symptoms vanished and I am better in every way. I do my own work, look after my children and see to chickens, cow and my garden. I also recommend it for young girls who are weak and run down, as my 15-year-old daughter has taken it and is quite her own gay self again."—Mrs. FRED. WILEY, Viscount, Saskatchewan.

I Live On A Farm

Upper New Horton, N. B.—"I have taken Lydia E. Pinkham's medicine and they have done me a world of good. Since then I have been able to do my housework and I have a lot of work to do as I live on a farm. Seeing your advertisement in the papers was what made me think of writing to you. I hope this will help someone else."—Mrs. WM. B. KEVIZ, Upper New Horton, New Brunswick.

Miller-Fulmer Nuptials

A very pretty and interesting wedding took place at the home of Mr. and Mrs. J. M. Fulmer, School Street, on Wednesday, November 8th, 1922, when their third daughter, Edna Burrell, was united in marriage to Mr. Shirley Hall Miller, of Clarence. The ceremony was performed by the Rev. J. H. Preston, of Gordon-Providence United Church, in the presence of immediate friends and relatives of the bride and groom; the double ring service being used.

The room was very prettily decorated for the occasion, the color scheme being green and white.

The bride was charmingly attired in white crepe meteor, with crystal trimmings and over draperies, adorned with shower bouquets. She wore the conventional veil, caught up with orange blossoms and carried a beautiful bouquet of brides' roses, in white and pink.

The presents were both numerous and valuable, including gold, silver, cut glass, china, etc., showing the esteem in which the bride was held.

Lohengrin's wedding march was rendered by Mrs. A. R. Bishop, organist of Gordon-Providence United Church. Following the ceremony, breakfast was served, after which the bride and groom left on the East bound train, for a trip in the Eastern part of the Province. Her going away suit, was of brown broad-cloth with hat to match.

Among the out of town guests were Mr. and Mrs. G. B. Dakin and Miss Barbara Harrison, of Halifax.

The previous week, a shower was tendered the bride, at the home of Mr. and Mrs. G. O. Thies, Granville Street West, when she was the recipient of many useful and beautiful gifts.

On their return the wedded couple will reside in Clarence, where a cosy new bungalow awaits them on one of the finest and most fruitful farms in the Annapolis Valley.

CANCER CURABLE IN EARLY STAGES

Dr. Woodbury gave a brief talk to the Progressive Club on public health work and the important part played in that work by the Red Cross, concluding with a request for the support of every member in the coming drive to be staged by the Red Cross for funds to carry on this important work. Dr. Woodbury cited the case of cancer as a public menace which was yet to be conquered, stating that if people would report to a physician when they found a lump or tumor on them the danger would be averted, as in its early localized stage cancer was curable. There were benign tumors that were not dangerous but often the smallest lump might be cancerous and as such should be removed before it continued its work of building up cells, where cells were not required, and thus causing the damage that a continually growing brick would do in a building if it pushed its way into places where concrete should be. Cancer, he said, was about the only disease that was not on the decrease in Nova Scotia and at present claimed about six per cent of the deaths in this country, whereas ten years ago it only claimed about four per cent. In the period from 1909-13 the death rate from cancer was 73 per 100,000; in 1913-15 it was 77 per 100,000, and in 1919-21 it was 85 per 100,000. Cancer claimed 500 deaths, and tuberculosis 700 annually.

Dr. Woodbury went on to say that as far as was known cancer was not contagious, for if it were most physicians would have it, nor was it a blood disease. Timely treatment would cure it, and the fight against it was one of the things the Red Cross aimed at in their public health programme.—(Halifax Chronicle.)

Some evilly disposed parties on Halloween night broke four panes of glass and also a number of lights in the Church of St. Alphonsus. Some quiet investigation has been since carried on, and guilty parties are recommended to make good the damage before proceedings are taken.

Mr. George Dixon was among the successful hunters last week and secured a fine moose in the vicinity of Long Lake, according to local sports. Mr. Dixon never fails to get his moose each year, nor does he forget that the press enjoys a juicy steak from the monarch of the woods.

The travelling public will be glad to learn that the S. S. "Empress" resumed service between St. John and Digby, on Monday, November 6th, on same schedule as previously in effect, viz. Leave St. John 7:30 a.m., arrive Digby 10:30 a.m.; Leave Digby 2:45 p.m., arrive St. John 5:45 p.m.

Professor A. G. Nichols, M.D., of the Provincial Pathological Laboratory, will speak on Cancer Control at the public meeting this evening in Primrose Theatre at 8 o'clock. County Health Officer Dr. M. E. Armstrong and others will speak on public health and Red Cross work. The public is cordially invited and no admission charged.

Mr. H. F. Sanford, Lawrencetown, who has given the public such an excellent line of pictures at the Gem has retired from theatre operation. Very recently he enlarged the floor space in his store, doubling its former capacity, and will devote his full attention to increasing business in his renovated and well appointed business establishment.

The Archbishop of Nova Scotia—Dr. Worrall, will visit the parish of Bridgetown to administer the Apostolic Rite of Confirmation on Tuesday next. A service for this purpose will be held in St. Peter's-by-the-Sea, Young's Cove, at half past three o'clock in the afternoon, and in the parish church (St. James', Bridgetown) at eight o'clock in the evening.

The schooner Levuka, Capt. Wm. Tupper, of Round Hill, has loaded a cargo of apples here from 1900 to 1200 barrels secured by Mr. Lansdale Pigot to be shipped to the Willett Fruit Company's branch at Moncton. The Levuka is the first schooner to take a cargo of apples from here this season. She sailed for Moncton on Tuesday morning.

Mr. Watson F. Porter has leased the Gem Theatre, so successfully conducted by Mr. H. F. Sanford at Lawrencetown for some years back. The theatre will now be known as the Imperial. Mr. Sanford has given the public excellent pictures for their money, and Mr. Porter designs to give patrons the very best that patronage can guarantee. Attention is called to his adv. in another column.

On Friday evening last the C.G.I.T. and the Tuxis boys of Gordon-Provident United Church enjoyed a social evening together in the church vestry. The C.G.I.T. put on some diverting stunts and a pleasing duet "Star of the Sea" was rendered by Mr. Lester Carpenter (violin) and Miss Ruth Connell (piano). Refreshments were served and the evening spent to the enjoyment of all present.

An enjoyable time was spent at a dance held in the hall at Moschelle on Friday evening last. A number from Bridgetown and vicinity were in attendance, and the hall was well filled. Cunningham's orchestra furnished the music, which was greatly enjoyed by all present. Refreshments were served by the ladies of Moschelle. "I WONDER HOW SHE DOES IT"

"Her husband makes no more money than mine, but her children are always better dressed and every time we meet she seems to have something different on, while I have to keep wearing the same old thing.

And here's the whole explanation: the woman with such a plentiful supply of pretty clothes made them herself—with little effort, at small expense.

You see she had mastered by mail in her spare time the Dressmaking Course issued by the N. S. Technical College. And so she is not only able to make her clothes money so twice as far, she is ready, if necessary, to make a splendid living for herself.

INVALID DOCTOR BURNED TO DEATH

Charlottetown, P.E.I.—Dr. Ernest Holland, of St. Eleanor's, met death under tragic circumstances. He was an invalid and occupied a sitting bed room in the house of his brother. The doctor, who was alone in his room at the time, accidentally overturned the oilstove. The table cloth and curtains caught fire and the flames spread through the room, burning Holland so badly that he died four hours later. His sister-in-law, hearing his cries, tried to rescue him, but as he was a very heavy man she could not get him from the room and she ran for help. When it arrived the room was ablaze and the doctor was fatally burned before he could be removed.

NOTES AND NEWS OF LAWRENCETOWN

Cancer Control Meeting --- Sewing Circles Busy---Social and Personal Items

Rev. W. H. Rackham preached very interesting and instructive sermon on Sunday, Nov. 12th. He gave a picture of an old Testament worthy Moses, as an author lawgiver, patriot and above all, the friend of God.

Rev. A. H. Whitman preached the Baptist Church, an earnest sermon, one not soon to be forgotten.

Canon Morris, of Middleton, the usual vesper service in the Anglican Church. Lawrencetown highly favored in having such wonderful spiritual guides.

Monday, 13th, a good number expressed themselves well pleased with the pictures at the Imp Theatre—Cape Breton, and secured fishing life.

Tuesday evening the meeting discussed the cause, and if possible the cure, of the dread disease cancer, was held in the town. Speakers were Dr. R. Morse, of Bridgetown; Dr. Armstrong, of Bridgetown; Rev. A. H. Whitman.

Dr. Morse spoke of the need of early treatment and watchful of any symptoms of the disease.

Dr. Armstrong treated of sanitation, care of patient, place attention to sanitary laws in respect.

Rev. A. H. Whitman spoke of value of Red Cross work.

These lectures are of great value to the public generally.
