

# SMART STYLES -- IN -- BOYS' CLOTHES

WE have many strong departments in our big store, but we really think our Boys' Department is the strongest when it comes to getting business for the house. After all is said and done, clothing the boys is just catering to the needs of the little men, before they grow big. Long ago we realized that boys, like men, have their likes and dislikes, and that nifty, smart-cut garments appeal as much to them, if not more so, than to the grown-ups, so that we are careful to see that each season adds several new features specially pleasing to the boys, in Suits, Reefers and Top Coats. My, what a range we have for them this Fall! It's almost beyond the powers of the "ad man" to do full justice in his description of the new fabrics and beautiful garments that we have assembled for our boy friends. We haven't forgotten to mark the prices right either—Suits \$2.75 to \$15.00—Overcoats and Reefers \$3.00 to \$20.00.

So "Come on along," Boys, to

## TRANSPORT MEN QUIT THEIR JOBS

Omnibus Employees of the Tilling Co., London, Go Out on Strike.

LONDON, Sept. 19.—(Can. Press.)—Not a single omnibus or conductor employed by the Tilling Omnibus Co., whose action in refusing to recognize the men's union is likely to bring about a general strike of transport workers in London, went to work this morning and many of the motor bus lines running from the south to the north of London, which are chiefly supplied by the Tilling Company, were entirely suspended, causing great inconvenience.

## Thin People Can Increase Weight

Thin men and women who would like to increase their weight will find it is possible by eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question how you look or feel or what your friends say and think. The scales and story, and most any thin man or woman can easily add from five to eight pounds in the first fourteen days by following this simple direction. And best of all, the new flesh stays put. Sargol does not itself make fat, but mixing with your food, it turns the fat into rich, ripe, fat producing nourishment for the tissues and blood—two things which are essential for the production of new flesh from your body as waste. But Sargol stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop four and a half times as much fat as they do. Sargol is also pleasant, efficient and inexpensive. Druggists sell it in large boxes—four tablets to a package—on a guarantee of weight increase or money back.

were put on the streets for the first time in several years. There was no disturbance of any kind in the vicinity of the motor bus sheds, around which the striking men gathered in groups, determined to hold out and waiting for their comrades employed by the other companies to join them at midnight tonight unless their demands should in the meantime be acceded to by the employers.

Newspapers With Strikers. Several conferences were held in the course of the morning between the omnibus men and the representatives of the employees of the Amalgamated Tube System, at which the action of the latter, in case a general strike should materialize, was discussed. Practically the entire press of London supports the men in their demands, and many of the newspapers declare that the point in regard to the wearing by the men of the badges of their trades unions should never have been raised, and that the Tilling Company has made another blunder.

## KING STREET FIRE WAS HARD TO FIGHT

Two Thousand Dollars Damage Caused When Old Building Was Destroyed.

Damage to the extent of \$2200 was done when fire broke out in the building at 74 West King street yesterday afternoon. The call was rung in at 2:30, and although the department responded in fast time the men experienced considerable difficulty in preventing the blaze from spreading to other buildings. As the fire was in the rear of the building some time was lost before the men could reach a position from which they could fight the flames to advantage. The building is a four-story warehouse, owned by G. O'Brien, the second floor of which is occupied by the firm of Levy & Co., dealers in drug supplies. The other floors were unoccupied. The damage to the building is estimated at \$1200, and to the goods \$1000.

## TO INVESTIGATE BIG TIM'S DEATH

Persistent Rumors Afloat That He Was Struck Down by Footpads.

NEW YORK, Sept. 19.—(Can. Press.)—An investigation into "certain features" of the death of Congressman Timothy D. Sullivan, whose mangled body was recently found at a railroad crossing in the Bronx borough, has been begun by District Attorney Whitman. Mr. Whitman would go no further than to say nothing definite had developed as yet. Since the funeral of "Big Tim" rumors have been persistent that he had not met death accidentally, some versions being that he had been set upon by footpads and left unconscious on the tracks or murdered outright.

## TORONTO HYDRO HAS A SURPLUS

Profit for First Half of Year Over Seventy Thousand.

## COMMERCIAL BUSINESS

Income Derived From That Source Was Gratifying to Commission.

Toronto Hydro system has a profit of \$71,000 for the first half of this year. Chairman Ellis so reported to the commission yesterday. The balance sheet at July 1 shows the assets are \$34,124 more than liabilities.

The chairman submitted the interim accounts of the system for the half year ended June 30, which were adopted by the board.

"That while the income derived from commercial light and power during 1912 fell short of that derived from municipal light and power by nearly \$100,000, the income derived from commercial light and power during the first half of the current year exceeded the amount derived from municipal light and power during the same period by nearly \$70,000."

"That the total income for the quarter ended June last, the smallest quarter in the year, fell short of the income for the March quarter, the second largest quarter in the year, by the amount of less than \$4000, thereby showing a very gratifying increase of business, having regard to the lengthened daylight and the consequent lessened consumption of light pertaining to this quarter."

"That the net surplus for the June quarter, after providing for interest, depreciation and sinking fund, amounted to nearly \$28,500, as against a net surplus for the March quarter of a little over \$48,000, the difference being accounted for by the small falling off in business above mentioned for the June quarter incident to that period of the year and by an increase of a little over two and one-half per cent in the expenses of operation and management, caused principally by extra expense imposed upon the system under the reorganization attendant upon the dismissal of the former acting manager and by the additional expense imposed upon the system by the strike of certain employees immediately thereafter."

"That the net surplus earnings at June 30, after providing fully for the sinking fund instalments accruing thru the purely construction period, amounted to \$34,124.05."

HIGH STANDARD FOR DOMESTICS

Girls from the Old Country Are Always in Demand.

NO MORE ASSISTANCE

Towards Passage Money Until Next Spring, Say Government Officials.

"Why has the Ontario Government stopped advancing passage money for bringing domestics over from the old country?" was a question to which Miss Charlotte Lightbourne, who has charge of the work of bringing domestics from Britain over the Canadian Northern line, desired an answer on her arrival in Toronto yesterday.

The government had for this year ceased to advance further passage money. She claimed that the demand for domestics, always greatly in excess of the supply, was even more keen in the winter than in the summer, and for that reason government support should not be discontinued just at the period of the year when this class were most needed here.

About fifty per cent of the domestics coming over pay their own passage, and the remaining fifty per cent are assisted, she said. For those brought to Toronto the fare amounts to \$40. Of this sum the government has been advancing \$20 and the remaining \$20 was supplied by the young women. The \$20 advanced was paid back by the girl on her arrival in Canada, at the rate of \$5 a month, from her wages. The housekeeper who obtains the girl here, either furnishes the \$20 on receiving the girl or signs an agreement that \$5 a month from the girl's wages will be paid over until the amount is paid off.

A High Standard. Only about twenty-five per cent of the applicants for transport to Canada are successful and this is due to the high standard to which they must come up. Each applicant has to answer 42 questions, send the company one character and two ability references, a medical certificate and her photograph.

In Toronto monthly wages ranged from \$15 for the average domestic to \$25 for the really first-class experienced girl. In England the wages began at \$4.50 per month and went as high as \$15 per month in the case of a titled family or landed gentry. The fact of the higher wage scale prevailing in Canada was becoming better known in England and had resulted in about fifty per cent of an increase this year over last.

A Bad Impression. When told of Miss Lightbourne's comment on the government's action in discontinuing the advance of money, Hugh A. Macdonell, director of colonization for the Ontario Government, stated to The World that the government's action was intended primarily in the case of agricultural laborers. While the demand for these in the summer was far ahead of the supply, in the winter the wages paid by the farmers were hardly sufficient to warrant bringing men from the old country, and the doing of such might create a bad impression in England.

PRESENTATION TO ORGONIST.

T. J. Palmer, who has for some time past been organist at St. Paul's Church, and who is leaving to take a similar position at the Metropolitan, was last night presented with a handsome certificate by the members of his choir in token of their regret at his going. The presentation took place in Wyllie College chapel, about fifty members of the St. Paul's choir being present. Mrs. Palmer remembered thru the gift of a bouquet of flowers.

This Skin Peeler All The Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preserving their complexions. The advent of new soaps, doubtless has been largely responsible for this. The remarkable substance produces complexion so natural in appearance, so magnetically beautiful, artificial complexioners are no longer desired. Instead of "doctoring" an offensive skin, the skin is peeled off. The wax peels the skin so gradually, in such a gentle way, so discomfort is experienced. The freckles, younger skin blemishes, which are visible within a week or two, in white, soft, and smooth. It's not a patch-covered complexion, but a brand new one. The "wax" mercurized wax has become such a rage among society folk. The wax is put on nights like cold cream and washed off mornings. All drugs have it; one since will do.

Another hygienic treatment has much in favor is one to remove wrinkles, made by dissolving in cold cream, and washed off with a pin wash. Used on forehead, nose, and chin.

NURSERY

CONDUCTED BY Elvira Murray

The Saturday Story.

THE CAT AND THE TURTLE

Once upon a time a cat was walking across a bridge, and looking down at the water, she saw a turtle. The cat went down to the edge of the water and asked: "Old Mossback, old Shellback, what are you doing down there in the water?"

The turtle said nothing. The cat asked him again: "Old Mossback, old Shellback, what are you doing down there in the water?"

Again the turtle said nothing. At this the cat got very angry, and screamed out: "Old Mossback, old Shellback, what are you doing down there in the water?"

As she said this she struck at the turtle with her paw and saved her paw no answer, but quickly caught her paw in his mouth and held it tight.

Then the cat began to beg: "Please, Mr. Turtle, let me go my paw."

But the turtle shook his head. Dinner-time came, and the cat begged: "Please, Mr. Turtle, let me go home and get my dinner."

But the turtle shook his head. Supper-time came, and still Mr. Turtle would not let poor kitty go home. He began to get dark, and she was afraid out there by the water, the thought of her nice, warm bed, which Little Girl had made for her in a box on the back porch.

She thought of the nice plate of scraps from the supper-table which was waiting for her, and she could almost hear Little Girl's voice calling everywhere: "Spry-button, Spry-button, come and get your supper!"

Poor kitty began to cry pitifully and plead: "Please, Mr. Turtle, let me go home to my supper and my nice bed, and to see Little Girl. I'm so hungry and so sleepy!"

The turtle only shook his head and held on all the tighter. All night long the little cat cried and lapped water with her tongue. When morning came Mr. Turtle decided that he had been punished enough, and let her pass. How glad kitty was to be free again, and she ran quickly up the bank of the stream. But Mr. Turtle called her back, and said: "Just let me whisper one word in your ear."

"The best to mind your own business, my dear."

"I wish I was a rook a sittin' on a hill I wouldn't eat, I wouldn't sleep, I wouldn't even wash, I'd just sit there a thousand years And rest myself, by gosh!"

All housekeepers who must spend these glorious fall days cleaning houses after departed summer guests, and making ready for winter generally, will feel a huge wave of sympathy sweep over them as they read Mrs. Jick's desire in the lines above.

Irving told about the Dutch housewives of old New York who kept their parlors sacred to nothing but the ceremony of cleaning. Weddings, christenings and funerals were permitted to take place in the beloved apartments, but for the rest of the time the best rooms stood closed, with drawn curtains, and except for the housewife's visits, with broom and feather duster in hand, were unused.

Modern housekeepers use their best for their own families and share generously with chance guests. The vacuum cleaner and polishing cloth have pushed old-fashioned back-breaking methods of cleaning aside. Homes are now kept so clean and sanitary that they do not require to be torn apart and put together again twice a year. But even so, housework is terribly hard and tedious. Often there is no come-stable help, and just now children must be made ready for school; there are late fruits and vegetables to be cared for, and then, when you are worn to a frazzle, company comes.

When it is all over, the matting turned and refitted, the rugs cleaned and in place, pictures rearranged, windows washed and curtains hung, and all in spotless order, the family smilingly quote "Cleanliness is next to Godliness," and their feelings explode in tears of poetry.

One of the cleanest and neatest women I ever knew carried that motto in her mind, yet her home was the antithesis of heaven. She was disagreeable, had tempered and tyrannical. Her family had to stay in the kitchen, the stable, and around the corner grocery lest they disturb her orderly house.

When I think of her hard, cold face and her cruel, upending cleanliness, I shiver and hope there are few homes where the scrub brush reigns in the place of mother love.

Next to the hard work of housecleaning stands the thankless task of entertaining selfish guests. This topic is as threadbare as the dining room rug you've just turned, but only a few women have the wholesome independence to refuse to wear out their minds and bodies to please stranger guests.

At company time and during housecleaning days, we one and all allow ourselves to get so tired and worn that, like Mrs. Jick, we only long to sit, like a rook on a hill, a doin' nothin' but just a sittin' still.

ATHLETIC MEET TODAY

Demonstration of Scout Work Will Be Given This Afternoon.

All who visit the Boys' Fall Fair, in progress at the Boardview branch of the Y.M.C.A., must be pleased and many doubtless surprised at the number and variety of the exhibits shown. This is the twelfth annual exhibition, and the combination of electrical apparatus, aeroplanes, slides, dog houses, basket work, mission furniture, cabinets, long rows of penants, collection of stamps, buttons, coins, shells, stuffed birds, curios of many sorts, Haris is a smooth slice of ivory sawn from an elephant's tusk and a small plate of papier-mache made from compressed old United States bank notes that once had a face value of three thousand dollars.

In the main building a fine collection of the blue deer to the heart and ready to the hand of boyhood is displayed. Models of all kinds of ships, electrical apparatus, aeroplanes, slides, dog houses, basket work, mission furniture, cabinets, long rows of penants, collection of stamps, buttons, coins, shells, stuffed birds, curios of many sorts, Haris is a smooth slice of ivory sawn from an elephant's tusk and a small plate of papier-mache made from compressed old United States bank notes that once had a face value of three thousand dollars.

Beyond in tent are the dogs, pretty spaniels, spotted terriers, collies, hounds, pointers, sheep dogs and one or two big fellows for which no class had been opened.

And such beautiful rabbits, white, soft Himalayan, the Dutch black and white, the sleek English type, mother rabbits with their litters. Then guinea pigs, squirrels, mice, white rats, canaries and two goats. Pigeons are shown in very large numbers and many varieties. The boys about will tell you their names—Jacobin, homer, tumbler, tipter, pouter and the rest. There are over two hundred entries in the poultry, embracing leghorns, Plymouth rock, wyandottes, bantam and other varieties.

Tonight there will be a demonstration in boy scout work and a concert in the evening. The boys' athletic meet takes place in the afternoon. The only prize-winners so far listed are those in domestic science, the awards being in order given: Layer cakes—K. McVicar, H. Muir, H. Armstrong, Cakes not loaf—H. Muir, K. McVicar, H. H. R. HARRIS WINS SUIT OVER WILL

Barrister Struck Out as Executor and Beneficiary by Judge Winchester.

After hearing all the evidence and the arguments of counsel for both parties in the case of John T. Loftus, barrister, and Robert Harris, surviving husband of the deceased Mrs. Harris, Judge Winchester refused to probate any part of the will which gave a benefit to Mr. Loftus. He also struck off Mr. Loftus as executor and appointed a trust company to administer the estate.

In the last will of Mrs. Harris, Mr. Loftus is the principal beneficiary, and Harris deputed the validity of the will, alleging undue influence. The evidence of the various witnesses disclosed the fact that Mrs. Harris' principal reason for failing to leave her property to her husband was because he had failed to be as lavish with his money as she had.

According to the testimony of Mr. Harris, one of the inducements his late wife had offered him to marry her was, that if he would come to her and care for her until her death, he would be left all her property. He denied the allegations that he had been cruel to his wife and stated that he had been absolutely faithful to her. The judge then gave judgment in favor of the husband.

# AT THE THEATRES

## New Dramatic Instructor.

The need of a practical instructor in the field of dramatic art has often been sorely felt in Toronto, especially in the production of plays of more than ordinary importance where the absence of an artist versed in the technique of the stage has militated very largely against the success of the undertaking. It will be all the more interesting to all interested in the drama and platform, therefore, to learn that this want has been filled in an admirable manner by the acceptance of a position on the staff of the Canadian Academy of Music by Mr. Walter Howe, an actor and stage manager of long experience and training under the most eminent figures on the stage. Mr. Howe was stage manager and produced for six years at the Shaftesbury and Yauco-Theatres, London, Eng., and has had engagements as leading man with Mrs. Patrick Campbell, Margaret Anglin, Lewis Waller and Richard Mansfield. He also spent seven years in Australia playing leading parts and founded there the Dramatic Society of Sydney, which is still being conducted by his colleagues on the original plan of tuition, the same as will be adopted in Toronto. Of late Mr. Howe has been giving recitals at the principal American colleges of Hamlet, Richard III, etc., and has received the warmest encomiums for his work. As an introduction to the art world of Toronto, Mr. Howe will give a recital of Hamlet at the academy on Oct. 7, for which invitations will be issued later on.

## "Snow White."

What is likely to prove one of the most interesting theatrical events Toronto has ever known will be the engagement at the Alexandra Theatre next week of Winthrop Ames' superb production of "Snow White and the Seven Dwarfs." Readers of magazines and periodicals with an intimate acquaintance with the big things of the stage will remember that this dramatization of the fairy tale written by the Brothers Grimm and probably the most widely read of their sweet stories, "Once-Upon-A-Time." Mr. Ames originally gave the stage to this country his production of Masterlinck's singularly appealing story, "The Blue Bird," which enjoyed a vogue hardly approached by anything of the contemporary stage has known. Probably enough, Mr. Ames had in mind presenting this work at the New Theatre in New York, no thought of

what its appeal might be to children. The play was so remarkably successful wherever it was produced—its four comprehended visitations of the principal cities of the continent from coast to coast—that Mr. Ames decided to produce a play with the primary intention of interesting children. He engaged the services of Jessie Bramham White to make a dramatization of the story originally printed as "Schneewitchen," familiarly known by buyers of "fairy stories" at book stalls as "Snow Drop." It was originally revealed in dramatic form at the Little Theatre in West Forty-Fourth street, New York, being presented at afternoon performances only, until within a few days its strangely different effect upon playgoers of Manhattan was so pronounced that Mr. Ames decided upon a series of morning performances to augment those of the afternoons in order to accommodate the rapidly increasing patronage. Insistent demands for the play, and one of the most insistent was Mr. Solman, who saw it in New York, decided Mr. Ames to send the work on tour to cover the principal cities. The elaborate nature of the production is such that it was originally intended to have the opening performance in Toronto on Tuesday afternoon. However, Mr. Ames' representative, in advance, after realizing the completeness of the stage equipment of the Alexandra Theatre and the competency of the stage attaches, agreed with Mr. Solman that it would be unwise to defer the opening of "Snow White" beyond Monday night in order that children of the schools in Toronto might be able to attend the afternoon performance, which will be given every day after Monday. The curtain will rise at 2:30 o'clock and at the night performance will rise at the usual schedule hour, 8:15 o'clock.

It is hardly likely that any performance will be given in Toronto this season more singularly different from usual productions of the stage than this remarkably elaborate production of a fairy tale play. Mr. Ames has made his selection of players carefully and among those who are especially well known in this city are Miss Juliette Day, who impersonates the name part; Ada Deaves, Olive Temple, Roy Cochrane, John M. Waller, Guy Cunningham and Sol Solomon, who impersonates "Fiddler," the cat attendant upon the witch. Last season during its long run at the Little Theatre in New York, no thought of

Theatre the seven dwarfs were impersonated by children, but since the laws of some municipalities which are to be visited during the tour of the play this season do not admit of the appearance upon the stage of children under the age of sixteen years, Mr. Ames decided to engage seven real dwarfs to interpret the little men of the mountain who in the story took such good care of little Snow White. A largely augmented orchestra will give value to the incidental music of the production, which is the work of Mr. Edmont Rickett.

**Fiske O'Hara in "In Old Dublin."**  
The most popular of all the young romantic Irish actors of the present day, Fiske O'Hara, will be the attraction at the Grand next week in Augustus Picou's production of "In Old Dublin," which is winning high honors and incidentally golden rewards for its owners. It is a tale of love and intrigue in the Emerald Isle in the beginning of the last century and tells how Neil Fiske, a young marine architect, and Rose Stratton of New York, meet and fall in love. Neil is building a yacht for a Dublin banker, who, however, causes work to be stopped on the half-finished boat at the behest of his wife. The latter has been warned that if her husband finances the building of a boat to compete with that of the lord lieutenant in the great race for the Queen's Cup her chances of entering Dublin Castle society will be small. Thru her guardian Rose secretly furnishes the funds for the completion of the boat and Neil wins the coveted trophy with his fleet "Irish Rose." He then, having won fame and opened the way to fortune, asks for the hand of the plucky girl who came to his rescue and all ends happily.

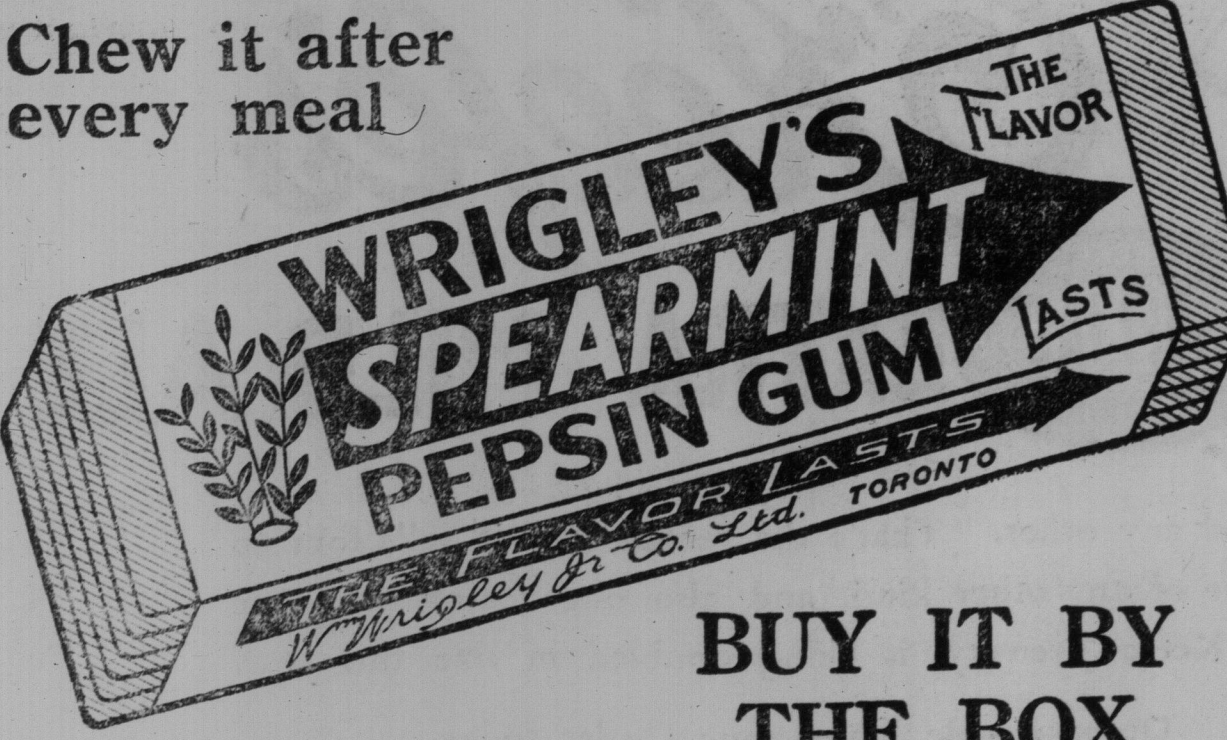

There are many cleverly worked out situations in the play, which is constructed by a master of dramatic literature and well drawn character work. The atmosphere of the piece is fascinating as the story is laid among the madcap gentry of the early part of the last century and there is plenty of dash, life and fun in it. Mr. O'Hara introduces a number of splendid songs which he sings with all the feeling and art that characterizes his work, and there is an added musical feature in the performance of instrumental solos and duets between the acts by members of the company. Manager Picou has provided a wealth of beautiful scenery and costumes to enhance the attractiveness of the play and last but not least, an excellent supporting company in which are such clever players as Madge Tyrone, Gertrude Mallard, Marie Quinn, Rose Watson, Lou Ripley, Emma Taylor, Elizabeth page, J. P. Sullivan, Eugene Frazier,

**Wrigley's Spearmint Gum**

Next week at Shea's Theatre the attraction will be Miner's "Big Frolic," an offering that the press agent claims is one of the best ever seen in the burlesque houses. The cast includes several clever performers who have established reputations as entertainers of merit.

The chorus contains some voices that will be a surprise to the patrons of the Richmond street house, and appear to good advantage in the musical comedy, "Mixed Pickles."

**Goldin at Shea's.**  
Next week at Shea's Theatre the headliner will be Goldin, the illusionist. Goldin appeared in New York a few weeks ago and was one of the biggest sensations of the year. This is his first appearance in America for several seasons. He has just arrived with his big company after winning new laurels in the hippodromes of Saint Petersburg, Paris and Berlin. Goldin carries a company of 30 and presents his offering in three series. The first, a revue of conjuring, from the fifteenth to the twentieth centuries, in which the illusionist provides a blend of magic and protean art, impersonating the following conjurers: Dakota, Anton Blitz, Robert Hudin, Fool-You-Are-a-Hiermann. The second series is Goldin's original twentieth century miracles, performed with the celerity and precision that have caused Goldin to be known as the whirlwind illusionist. The third series is Goldin's latest and greatest creation and pantomimic spectacle, The Tiger God, A Moorish Mystery. This weird and awe-inspiring story of eastern mystery ends with the illusion of the living tiger. It is presented in a scene of oriental splendor.

As a special attraction of the bill for the week Manager Shea has secured Miss Mable Berra, the complete prima donna, former star of "Little Nemo" and the "Enchantress," who will be in the week's bill. Miss Berra is a pretty girl and has a soprano voice of wonderful purity and range. Billy Gould and Belle Ashlyn are also features of the week's bill. This is Mr. Gould's first appearance here in many seasons and he is capably assisted by Miss Ashlyn. Bert Levy, the artistic entertainer, is a character of country-wide fame. Bert Levy's pictures are always pleasing to the eye and he whistles as he draws. The Rolandow Brothers, European acrobats, will be seen here for the first time. Frank Tirenay and Mary Sabott have an artistic dancing act. Betts and Childrow are English song and dance artists who are meeting with great success.

Augustus Nauman, musical director of Shea's Theatre orchestra, has prepared a special program which will be played before each performance next week.

**The Quaker Girl.**  
The story of "The Quaker Girl," which is a F. Woodbridge arrangement with Henry B. Harris Estate, is presented at the Princess Theatre all next week. It is built around the experience of a Quaker girl in Paris, where she goes off after being cast off by her own people. An exiled Bonapartist princess is attracted by the girl's beauty and helps her to secure a position as a model in Madam Blum's dressmaking establishment in Paris. There she learns the art of wearing beautiful gowns that increase one's natural loveliness, and when she meets Tony Clute (Victor Morley) he establishes himself as her instructor in the art of dancing and love-making. In the dressmaking salon in the second act there is a gorgeous display of gowns, a display which is as good as a trip to Paris for the advanced ideas it gives of current and coming styles in feminine attire. In the last act, also, there are many beautiful gowns, for the scene depicts a fancy ball and the spectacle is beyond description. The array of beautiful women dancing in these lovely costumes and jewels is a sight seldom offered on any stage, and is one of the features of the production. During the riotous merriment of the grand ball two English sisters give one of the dances for which they are famous in London, and which are seen for the first time in this country in this production. They are the younger sisters of the Florence Wilson, who recently married an English nobleman and they are every bit as dainty and charming as their older and titled sister. The music of the piece is simple and melodic and the lyrics are of the catchy sort, that sets the whole town whistling and humming after the first performance. The great waltz song, "Come to the Ball," which has become so popular all over London, Paris and New York, where the play has had record-breaking runs, is one of the big hits of this musical comedy. There are twenty new songs in the piece, and each one is a valued and necessary part of the whole. The play is conceded on all hands to be the most stupendous production of its kind in America.

**The Garden of Allah.**  
"The Garden of Allah" will be the attraction at the Princess Theatre week after next. The play is a dramatization of the novel of that name by Robert Hichens. Mary Anderson Navarro is co-author of the play. As everybody knows, "Our Mary" has been from childhood a devout member of the Roman Catholic Church, and it is a better bet that Hichens' great story, "The Garden of Allah," contained a powerful argument for the sacredness of monastic vows and their ringing call to the soul to leave the joys of the flesh and return to the cloistered spiritual solitude of the monastery and that after nine years of thoughtful work, "The Garden of Allah" was placed upon the stage. Mr. George C. Tyler, general manager of the Lisher Company enterprises, added his entreaties for a dramatization of the novel, and finally Mr. Hichens had no choice but to request Mme. de Navarro to make a scenario for the play, in the writing and staging of which she has largely assisted.

**Another Novelty Coming.**  
Announced for the Alexandra Theatre for one week, beginning Monday, Sept. 29, with matinees Thursday and Saturday, is the musical farce, "Oh, I Say," which in its original form, without much change, has been the vogue of Paris and London for two seasons. The piece is by Keroul and Barre, the authors of the original play and has been adapted by Sidney Blow and Douglas Moore with music by Jerome D. Kern. The cast will include Walter Jones, who assisted in making "Baby Mine" so well known, Alice Paris, a Toronto girl who appeared in this city last in "The Chocolate Soldier," Bert Clarke and Mabel Hamilton, the well-known English team engaged for this presentation. Joseph Phillips and Clara Palmer, formerly of the "Havana 40," Tyler Brothers, who starred George Cowley last in "The Merry Widow," and Phil in

Albert West, Jefferson Hall, P. C. Foy and William Lowman.

**"Mischievous Makers."**  
The "Mischievous Makers" an entirely new show playing the Progressive Circuit, will be the attraction next week at the Star Theatre. It is one of Jean Burritt English's comedies, headed by (Senator) Francis Murphy, the German senator, and is assisted by the following artists: Chas. A. Morgan, Jimmy Cooper, comedian; Jean Bedini, the Bru Brommell; Tommy Carter, Lillian Bradley, the singing Venus; Tance Burrill, English comedian; Sally Fields, comedienne; Helen E. Stanley, soubrette; Helen Lorraine, the girl with the nimble feet; Conboy, and as an added attraction, "My Lady's Fan," an illusion act that will cause the audience to wonder in amazement.

**"Big Frolic."**  
The attraction at the Graysey Theatre next week will be Miner's "Big Frolic," an offering that the press agent claims is one of the best ever seen in the burlesque houses. The cast includes several clever performers who have established reputations as entertainers of merit.

The chorus contains some voices that will be a surprise to the patrons of the Richmond street house, and appear to good advantage in the musical comedy, "Mixed Pickles."

SATURDAY MORNING, SEPT. 20

THE PRESS ON THE PREMIER.

Press comment upon the prime minister's speech at Halifax shows divergent lines of interpretation. More attention seems to have been given by some of the newspapers to what the prime minister had to say respecting the naval policy of the government; while others seized upon that portion of the speech dealing with coming constitutional changes in the British Empire.

The Toronto Mail and Empire reviews the premier's speech in an editorial, but makes no reference to that part of it which deals with the naval issue. The Toronto News, while not claiming that the permanent policy of the government upon the naval question is forecasted in the Halifax speech, declares the speech to be an argument against a local or Canadian navy.

The Toronto Globe addresses its criticism of the speech at that portion of it dealing with the naval issue. It suggests that Mr. Borden is talking vaguely because he is not clear in his own mind, either as to what he wants to do, or what he intends to do. "His language," says The Globe, "is a series of high sounding phrases is all well enough, but any critical examination of it, any straight question as to what it really means, reveals the fact that it means anything here, that meaning is contradicted there."

Commenting upon the excerpt from the premier's speech which we have quoted above, The Globe says: "Absolutely unfettered." And yet those ships were to be sent to the admiralty unarmanned and without provision for their maintenance. Whosever that is, he is unfitting and their upkeep would have a say in their disposition and control. On that point there need be no doubt. To talk about ships under such conditions being "absolutely unfettered" is to talk nonsense.

The Toronto Star, on the other hand, ignores that part of the speech dealing with the naval policy of the government, and examines critically that portion devoted to the development of the empire and the future of Canada as a constituent state of that empire. It sarcastically enquires whom we are to govern, when Canadians obtain political equality as citizens of the empire with the people of Britain, and we read:

"The most interesting portion of his address was his declaration of faith in imperial federation: "A British subject living in this Dominion must ultimately have as potent a voice in the government and guidance of this world-wide empire as a British subject living in the United Kingdom."

This sounds well, but the practical difficulty has never been solved. In what manner is Canada to help to govern portions of the empire outside Canada? The United Kingdom governs itself. It is not suggested that we shall help to govern it. Australia, New Zealand and South Africa have almost complete self-government.

The Montreal Star is sagacious enough to observe that the premier's views on imperial federation and imperial defense are inextricably interlarded. It believes that a great deal may be learned of both from the Halifax speech. "May we not hope," says The Star, "from these twin shafts of light cast ahead by the prime minister, that the future policy of his government will be 'One Navy under 'One Control' and that 'One Control' a body representing the whole empire?"

The Star is certain that the permanent policy of the government is to be a policy of contribution, as contrasted with the policy of a Canadian navy. It observes:

significant comment which cast a revealing light upon policies yet to come. The first was what we take to be a hint to those poor-spirited people who are always mumbling that in the end Mr. Borden will abandon his magnificent dream of a great imperial navy under truly imperial control—a navy as Canadian as it will be English, and as English as it will be Canadian, but always British and always one-hundred per cent. effective—and creep in by a side-door to the narrow-visioned, ineffective and "separate" liberal policy of a local fleet, tied to our unmenaced coasts in ignominious ease while danger stalks on the other side of the world. We have never believed this of Mr. Borden. We have always believed that he said so roundly when in England—that he stood for "one fleet, one flag, one throne."

The Montreal Herald can find no justification for the inferences of The Star. It quotes from Mr. Borden's speech to prove that the premier was careful not to foreshadow in the slightest degree his permanent policy. The Herald finds that he laid stress upon the fact that Canada would own the three Dreadnaughts provided for by the bill of last session, so we do that the problem before him for use in a local fleet or Canadian navy, and add:

The Herald is anxious for Mr. Borden to declare his permanent policy. As we have already said we believe it to be the earliest possible moment in order that the Canadian people may have adequate time in which to judge it before giving their verdict at the polls. But we are content to await the premier's pleasure, and as we are that he is giving this great question his most serious thought and realizing as we do that the problem before him is one of surpassing difficulty. For purposes of its own The Star is reading into Mr. Borden's speech something which the speaker did not put there. Its endeavors to stampede him are not likely to succeed.

Mr. Bourassa in Le Devoir, finds nothing of new value in the Halifax speech, which he characterizes as timid and colorless. Mr. Borden, he says, cannot tell what his policy is to be until he receives fresh instructions from London. There is to be a defence conference at the capital of the empire soon, called at the request of Australia. The British Government, Mr. Bourassa thinks, will approve of Australia's plan of a home made navy for Australia, and will bring pressure upon Canada and New Zealand to fall into line. The imperial authorities, it is said, have oscillated violently during the past fifteen years, between colonial contributions and local navies. It is suggested that they may ask Mr. Borden to "fraternally embrace" Sir Wilfrid Laurier, and proceed to build up a local fleet for Canada. In Mr. Bourassa's opinion there is no real light over principle between the two great political parties on the naval question, and the present government could therefore declare for a Canadian navy as its permanent policy, without sacrifice of principle or loss of dignity.

WHY SUCH ARRESTS. The Star rightly condemns the practice of haling presumably innocent citizens to police stations and incarcerating them on frivolous charges. For this the constables are not to blame, for it is the fault of an improper system. Why not adopt here the rule in Germany where individuals accused of minor infractions of the law simply give their address and evidence to establish their identity and are then allowed to go, to be later summoned to court. Surely so reasonable a regulation ought not to be beyond the competence of a Toronto policeman.

Nothing is more surprising in both sections of English-speaking America than the readiness to issue warrants not only for the pettiest of offences, but even in the case of disputes that are really of a civil character. In the case cited by The Star a citizen who differed with a restaurant keeper over the amount of a bill, was arrested and spent the night in a cell only to be discharged in the morning because nobody appeared to prosecute the charge. No justification can be offered for conduct so contrary to the British maxim which presumes every man to be innocent until his guilt is proved.

TORONTO'S LIVE STOCK TRADE. Ten years ago in the last week of July the Union Stock Yards of West Toronto were opened for the cattle trade. That week a total of 265 cars reached the new market; at the city market there were 155 cars of live stock; a grand total for the week of 360 cars. To obtain a closer comparison the receipts of the week commencing Sept. 14, 1903, are set forth. At the Union Stock Yards there arrived 160 cars of live stock and at the city market 192 cars of live stock; a grand total of 352 cars. The number of cattle in these cars numbered 5387 head.

This week the receipts at the two markets on Tuesday amounted to 362 cars of live stock, the number of cattle totalling 7400 head. A day's trade now dwarfs a week's trade ten years ago! It is a pleasant reminiscence to The World's steadfastness of purpose to promote the best interests of the live stock industry of the Dominion. The World devoted much time and space in urging the city council to establish a larger market, with equal facilities to all the railways, foretelling that the day would arrive when greater acreage would be required to properly handle the live stock. The council at

that time, supported by all the Toronto dailies and a weekly paper that presumed to espouse farmers' interests, adopted a costly tinkering game at the best of the then cattle market commissioner. There was a notable exception with one or more whose business interests were allied to the live stock industry, and who spoke manfully for due consideration of it; they are still in the council, but most of the pliable ones have fallen by the way. There is far more at stake then the people of Toronto are aware of in the careful management of the live stock industry.

On the Tuesday of this week more than half a million dollars was paid out in this city for live stock on the hoof. We ought to defend Toronto's live stock industry at all hazards. THE HIGHEST PAID SALESMAN IN THE WORLD. Among the later business specializations that of advertising perhaps takes prominent place. From a haphazard proposition, dependent on more or less accurate information, modified by the whims and fancies of the individual, the science and art of impressing the public with the word and value of what is offered to them has developed into a highly organized department of business service. Careful examination of district conditions, knowledge of the circles to which periodicals appeal, realization of the holding power of skillfully framed and illustrated campaigns of publicity have all entered into the sphere of the expert adviser who undertakes to place his clients on the high road to success.

There are some of the points that occur on glancing over the very attractive booklet issued by J. J. Gibbons, Limited, of Toronto, Montreal and Winnipeg. Here is presented in epitome the organization of a company that has proved of incalculable advantage to its many clients, who in the aggregate represent a capital investment of over \$500,000,000. Its activities cover a wide field and include every branch of advertising, the best of counsel and advice, and full attention to all business details. Gibbons, Limited, is a private enterprise comes from consultation and its executives and heads of departments unite in factory efficiency service has proved of the greatest possible value and its lists of clients and their appreciation are public services in which the people are vitally concerned.

CONCERNING AMERICAN RAILROADS. Among the leading countries of the world the United Kingdom and the United States are almost alone in sanctioning the private ownership and operation of railways. Among the overseas British Dominions Canada also stands apart for that reason. And whereas there is a private enterprise there is also a vast amount of public dissatisfaction. That much in the earliest history of the railway in these countries cannot be justified is now generally admitted and no doubt can exist that the severest criticism which they have been lately subjected has ample grounds. Today they are on the defensive. Those who control them no longer have unlimited opportunity to utilize them for exploitation purposes and have commenced to realize that railways are public services in which the people are vitally concerned.

Great efforts are being made to stem and turn the tide of popular sentiment. Among the latest is a publication issued by The Railway Association of New Canada. "Sayings and Writings About the Railways by Those Who Have Managed Them and Who Have Managed Them," is the title. Its purpose, as explained in the prefatory note, is to assemble for easy reading and ready reference, views and suggestions of men experienced in the management of railroads or who have given attention to these problems. Ample evidence is realized that if they are not met, a new crisis in their development and the railroad interests are, of course, entitled to be met. The extracts cover all branches of the transportation question, have been carefully selected and their sources noted.

The Philosopher of Folly By Sternwood Hart THE MAN FOR THE TIMES. I read the "Daily Howl" and find the country's on the friz; I see our statesman all are blind or woolly in the wite; I find our judges all are bought, our magistrates are sold—that no one does the things he ought—in the days of old I note that truth is on the rocks and virtue is decayed, that Honor in her ebon box is in the churchyard laid; I read that grafters now infest the woods from sea to sea, that north and south and east and west is woe and misery; it tells me that on every hand the spoliators rob and steal, that vice is rampant in the land and justice under heel—that on our country's mad career the angry heavens scold. Would that the land would wake and hear the man who runs the "Howl"; I judge that he refers to the pest our troubles soon would cease, and happiness would fill each breast, and we would dwell in peace. He'd rid our land of wrong and crime and evil, and if they the Man were needing for the Times is on the "Daily Howl!"

A wonderful panorama greets the traveler approaching Hongkong. Situated on the slope of a mountain, this "London of the East" with its teeming cosmopolitan population, climbs terrace by terrace to the superb "Peak" on a once burned slope, which under English rule now appears garbed in exquisite green, known only to the majestic pine. Across on the mainland is a fine century old, interesting temples, flower parks and historical associations. The new white palatial "Emperors" of the Canadian Pacific Railway, now open to within 15 days. For information see M. G. Murphy, district passenger agent, Toronto.

GALT IS FEELING LABOR DEPRESSION. Municipal Works Are at a Standstill and Unskilled Men Plaintful. GALT, Sept. 18.—(Special.)—From early spring all third summer labor in Galt, skilled and common, was at a premium. Recently a reaction has set in, and in foundries, factories and machine shops can now easily get all the men they want and at normal wages, while unskilled labor is overplentiful, many newcomers being out of work.

ACTRESS WAS ROBBED. Virginia Bray Lost Money and Valuable Jewelry. When Miss Virginia Bray, an actress who is playing one of the minor roles in "Kingdom" at the Grand this week, awoke in the Lamb hotel, yesterday morning, she discovered that her purse containing \$75 and jewelry, worth over \$1,000, had disappeared from beneath her pillow. She found the purse in the bathroom a few minutes later, rifled of its contents. Miss Bray had no idea as to who had committed the robbery, as she had taken the precaution of locking her room door before retiring.

NO INDEMNITY FOR REFUGEES

Washington Turns Deaf Ear to Plaint of Discontented Americans.

WASHINGTON, Sept. 19.—(Can. Press)—State department officials said today that lack of funds that both be applied legally to such a purpose made it imperative that the department decline to defray the expense of returning to Yantou Valley, Sonora, the American refugees who recently arrived at Los Angeles with complaints that they had been scared away from their homes and property by President Wilson's warning to Americans to leave Mexico.

It was pointed out that the money recently appropriated by congress was for the express purpose of bringing refugees out of Mexico, and could not be diverted to send malcontents back.

Further, the opinion was expressed that the petition asking that the refugees be returned represented only a minority of the refugees already in the United States, while others in indigent circumstances are accepting relief from the Red Cross agent at San Diego.

The consul at Juarez reported to the department today that John Brookshire, an American who was imprisoned there, had been released on parole.

THIS IS THE DAY FOR PANAMA BOOKS

Certificates Mature Today and the Volumes Will Be Given Out to All Clippers.

This is the day the Panama certificates mature, and readers who present six of them and the small expense fee will be entitled to a copy of "Panama and the Canal in Picture and Prose," as previously announced in these columns.

Considering the large number of inquiries already received from those interested it is believed that there will be a great demand for these books, and readers are urged to present their certificates as early as possible.

The present supply of books is thought to be sufficient to fill all demands under normal conditions, but the offer is so unusual and the books are so attractive that some readers may be disappointed if they do not present their certificates at once.

Everybody that sees this wonderful book wants it. It is difficult to describe such a volume in cold type, and for the benefit of readers, as hereafter announced, it has arranged for a great distribution, which begins today.

Hereafter, until further notice, a Panama certificate will be printed daily. Six of these certificates have already appeared in these columns, and they will be exchanged for books when accompanied by the expense amount named therein.

Clip the certificates and present them any day until further notice.

FORMER ACTOR CRITICALLY ILL

Dr. John C. Dixon Achieved Reputation on Stage in Montreal.

NEW YORK, Sept. 18.—(Can. Press)—Dr. John C. Dixon, dentist and actor, is lying in a critical condition at Bellevue Hospital, suffering from a complication of diseases.

Dixon, previous to settling down as a dentist in this city some years ago, was well known first, as an amateur actor, and later as a professional actor, in the support of Sir Henry Irving. He is a son of Rev. Canon J. H. Dixon, pastor of St. Jude's church, Montreal. He has been ill for some months, but his condition grew so much worse a few days ago that he was removed for treatment to the hospital.

ONTARIO LADIES' COLLEGE.

The following students of the Ontario Ladies' College, Whitby, viz., Misses Daisy Brownell, Constance and Edna Muir, have received this week from the Ontario Royal Life Saving Society certificates and medals for "rescue" in swimming, also for "rescue" release from and resuscitation of the drowning.

This award reflects credit upon the superior facilities that the college offers for the teaching of swimming, etc., and is one of the greatest honors that have ever come to any Canadian institution for this particular accomplishment.

THE AGE OF Specializing

The man who specializes like the merchant who does so, is not only more useful to himself, but to those whom he serves under.

THE SILVER FOR WEDDINGS should be the output of the factory—and the firm—who specializes in these products. If the retailer has sold the silverware, he has sold the factory who specializes could do for him.

So the things we can't make successfully we leave to others—experts in their line—the silverware factory, for instance, for silver. Our annual turnover is so great that we are enabled to obtain price values—products direct from the factory—that make us specialists in the silver wedding gift business.

The "conventional" and the "different" design—whatever is made in silver—may be found here at a little better price advantage than one may hope to find elsewhere.

THOSE WHO WANT WATER GET TIME

Applicants Living Outside the City Have Till Middle of December.

Applicants for city water to be delivered 500 feet beyond the city limits may have up to Dec. 15 next to make their applications.

The plan of subdivision of the Macdonald property, the old bolt works site on the lake shore road at Sunny-side, was offered for approval. It does not provide for the extension of Queen street to Keele street.

Commissioner Forman recommended against the local improvement plan in rounding the corners of Bay and Queen streets and Teraday and Queen streets. He recommended the rounding of those corners and reported that a fund of \$650,000 would be necessary, and the salvage would reduce the cost of the rounding to \$285,000.

MINISTER COULD NOT LIVE ON HIS SALARY

Rev. W. E. S. James Has Resigned to Take Up Other Business.

Rev. W. E. S. James has sent in his resignation as a Methodist minister, to the church authorities because the quarterly boards failed to pay him the salary agreed on. He says that the shortage of applicants for the ministry is because they cannot get a living wage. His last appointments were at Ayr and Holstein.

He was expected to maintain his family on \$825 a year.

WINNIPEG, Sept. 19.—Hamilton Tigers, who are here to make a determined attempt at wresting gridiron honors from Winnipeg and the west in a series of games to be played at Winnipeg, Regina, Moose Jaw and Calgary, were put thru a grilling workout at University grounds this morning, preparatory to the great game to be played against the Winnipeg All-Star team tomorrow, commencing at 2:45.

## Canadian Pros Made Low Scores at Boston

BROOKLINE, Mass., Sept. 19.—(Special.)—Did you ever see the home team win in the last innings on the last ball and find that seemed a hopeless defeat into a glorious victory? Did you ever witness the crowd go wild in their jubilation over the event? Did you? Well, that is what happened at the Country Club here today in the last round of the U. S. open golf championship tournament. The finish of the final round was a three-way tie for first place, with 225 each—Harry Vardon and Edward Ray, the English professionals, and Francis Ouimet, the Massachusetts State amateur champion.

### MUSIC.

A most attractive program has been prepared by Mr. Edward Lankow for the first concert of the Gilmore course, which takes place in Massey Hall on Thursday evening next. This celebrated basso will reveal the beauty of his magnificent voice in his opening number, the aria from Mozart's "Magic Flute." It was in this opera that Mr. Lankow made his first great hit with the Metropolitan Opera Company in New York, he taking the part of Sarastro and surprising the critics with the delicacy and depth of tone he displayed. His second number will include a group of songs as follows:—(a), Rondelet de l'Adieu (L. de Lara); (b), Le Cor. (A. Plogier); (c), Le Pas de Armes (Saint Saens); (d), A Hero Song, in English (Eitelberg Nevin). His concluding appearance will provide another opportunity for displaying his remarkable versatility, as he will sing "Noon and Night," by Hawley, the old Scottish ballad "Loezie Lindsay," by Lawson; "Benedictus Stream," by Alfred Gatty, and "Der Schicksaler Zecher," by Reissiger. The pianist accompanist, Miss Mary Campbell, will open the concert with piano solo, giving the following:—(a), Romance (Schubert); (b), Berceuse (Lynch); (c), Humoresque Op. No. 1 (Grieg). Between Mr. Lankow's appearance, Mr. Joseph Sheard, cellist, will give a solo, including Variations Symphoniques (L. Beethoven); Nocturne (Chopin); To a Water Lily (Macdowell); and Vito (Popper). The plan opens at Massey Hall on Monday morning.

## SENIORS TURN OUT IN GOODLY NUMBERS

Geo. Barber Out With the Argonauts—R. M. C. Star Practices With Varsity.

George Barker, ex-Varsity and Parkdale outside wing, turned out with the Argos' big squad last night at Rosedale. The seniors again took on the intermediates and Manager Ross Binsley was pleased with the work.

Backstop, the crack quarter and captain of the R. M. C. team last year, was out with Jack Maynard's squad last night and put in some hard blocks for the first time out. He will likely be used at centre scrimmage by the Blue and White last night's work at Varsity will meet at the same order as Thursday and after an hour of practicing signals and punting and catching the backs, the practice was over.

Warren Corryell and Hughie Gall had some thirty odd in uniform at the Parkdale practice at Little Vic rink, Moore, the ex-Pennsylvania player was one of the most noticeable at work. He tackled the American style and shows his man down from in front. Zimmerman, the former Ients back, and Bickle, did some pretty looking work. Bear and Henderson were two others there with the high kicks.

Hume Crawford was elected captain of the Varsity seconds yesterday afternoon. The Varsity firsts will have their first line-up Monday or Tuesday when enough of the seconds return to give them a tussle.

Kew Beach Junior and Intermediate City League teams practice in Kew Gardens at 2:30 Saturday afternoon, while the Junior O. R. F. U. team plays High Park an exhibition game at 2 o'clock on Trinity campus. Starting next week the evening practices will be changed to 7:15 o'clock, Tuesdays and Thursdays.

Balm Beach had a big turnout at their practice last night. They had two hours of real hard tackling and signal work.

Balm Beach rugby teams will practice on Saturday afternoon at Ames athletic field at the Scarborough Beach dressing room at 2 p.m. sharp. They will be unable to use the Ames field on account of the city amateur baseball finals being held there. Ames field is a fine one and an excellent field for practice. The Balm Beach team will be out in uniform. The showers and trainer's services will be available at the dressing room at Scarborough Beach after practice.

Balm Beach made a ten strike when they landed Frank Quigley, the sensational quarterback and captain of Pickering College last year. Quigley put in his first appearance last night at Scarborough Beach. He will now go to attend Queen's this year, but will stick with the Balm Beach until Nov. 1. He will line up with the O. R. F. U. team on next Saturday.

Some two weeks ago, when the Alert-Tiger-Garman game of tag was going merrily on, this proposition was made to the Alert-Tiger team. The proposition has been service on the Tiger team, and also on one or two other champion out-lets. Let the entire Alert team join forces with the Tigers. Then form the Alert senior team, the senior O. R. F. U. Not only would this put an end to all the friction and bitterness, but would enable Hamilton to place two senior teams in the field strong enough to land the home honors and between them land the Canadian title. The proposition was made to the Alert-Tiger team by President Tom, with the result that it was not advanced to the Alert-Hamilton Spectator.

Jack Maynard and Pete Campbell sported the new Varsity jerseys at the practice last night. It is a nice little jersey with a red, white and blue and white stripes on the arms.

The Interprovincial officials have changed their minds, and have notified the Alerts that the Junior team will be admitted to the Interprovincial intermediate series, providing they guarantee that none of the Alerts will have to give this assurance, as they are pretty young for so many players without having to make any call on the seniors for assistance. Of course, the Tiger intermediates who are in the same series will have no hesitation in calling upon the Tiger senior squad if help is needed—Hamilton Spectator.

Parkdale will practice at Little Vic this afternoon at 2 o'clock. All intermediate rugby players of the High Park Athletic Club are requested to be at High Park Boulevard Monday evening at 6:30, including the following:—Leicester, B. McLuckie, G. Mitchell, Geo. McSweny, S. Burroughs, F. Garrett, H. Harkins, H. Snow, W. Reid, S. Murray, M. Cameron, K. Wilton, A. Troop, H. LePage, H. Rogers, E. Barry, I. Duthie, L. Smith, J. Lynch, A. Lynch, R. Starfield, E. Simpson, J. Ling, W. Stevenson, and any other players wishing to join a fast intermediate team be on hand or phone N. G. Morrison, P. 259.

The Ottawa Glison says: The Hamilton Tigers will have one of the greatest teams they have ever had. They were poorly handled last season, otherwise they would have been right up at the top. That defeat which the Ottawas handed them at Hamilton on the opening date of last season knocked their plans topsy-turvy, but they finished strong and should have been higher. With Billy Mollett, McKelvey, Manson, Burton and Dixon behind the line, to say nothing of Ross Craig, Art Wilson, Bob Ishler and other veterans, Tigers will make a great fight for the championship. The Hamilton Zoung Club is living in hopes of securing the majority of the Alert players, who appear to have been effectively eliminated by the Toronto "machine," which practically controls football in that part of the Do-Down. The Alerts produced some pretty hefty footballers, making a great showing for so young a club, and it looks to the writer as if they hadn't been treated in a very fair manner by the "powers that be." True, they may have transgressed the amateur laws to a small extent inasmuch as they imported hockey players for the O.H.A., but in these times of a club which can conscientiously show a clean bill of health in that respect.

High Park Rugby Club played the Kew Beach O. R. F. U. team today at 3 p.m. on Trinity College grounds. All Judan A.C. supporters are asked to note the change of grounds for the 21st Patrick-Judan game for the 20th inst., which is the Toronto's senior league game.

**GRAND CIRCUIT CLOSES  
WITH SEVEN EVENTS**

Braden Direct Wins Free-for-All  
in Fast Time—Five Heats  
in Trot.

DETROIT, Sept. 19.—Seven events, in-  
cluding a free-for-all pace, which Braden  
Direct won in straight heats, brought the  
Grand Circuit harness meeting at the  
State Fair to a close today. All of the  
races, except the 2:17 trot, were captured  
in straight heats. That went to the limit,  
furnished some of the most exciting  
struggles of the afternoon, and was final-  
ly won by Dr. Thorne.

For the first time since Monday the  
sun shone. The track was slow, however;  
but, despite this, surprisingly fast time  
was made. Braden Direct won the first  
heat of the free-for-all in 2:03 3/4, and the  
last half-mile was run in 1:04 3/4. Walter  
Cochato was at the black horse's side all  
the way, and they raced neck-and-neck to  
the finish. Pickles finished strongly in  
the second heat, but his winner had too  
much speed in reserve.

Geers, driving Maria Bellini, won the  
third heat of the 2:17 trot. Dr. Thorne  
had taken the first two. Then  
Murphy drove George Lee to victory in the  
fourth heat, but Snow's horse made the  
victory practically certain by finishing  
second. Then he took the final heat by  
inches from the black coat.

Peter Billiken had Maria Prime to con-  
tend with, but won an impressive victory  
in the 2:11 trot. Marietta, a strong favor-  
ite, did not disappoint her backers in the  
1:11 pace. Princess Patch tried hard in  
the second heat, but the black mare out-  
sprung her. Favorites won both the 2:17  
pace and the 2:08 pace. Neither Cuba-  
nois H. nor Marjot Hal was seriously  
threatened in any of the heats. Roy Hol-  
comb was the only starter in the Michi-  
gan Horse-Breeders' Futurity, for three-  
year-old pacers. He raced one heat in  
2:23 1/4, and was awarded the event.

In the first trot of the 2:17 trot, Bar-  
ness Helen, turning onto the stretch,  
slipped and fell. Driver Fleming was  
thrown in the middle of a large field of  
racers, but he and the horse escaped with  
bruises.

**CRICKET SEASON  
WINDS UP TODAY**

Toronto and Grace Church  
Are Playing Off for the  
Championship.

The cricket season closes today in To-  
ronto. Next Saturday Rugby will take  
the stage, the odd game is likely to be  
played by the enthusiasts the next  
fortnight.

Toronto C.C. and Grace Church, the  
sections winners of the City League,  
play off today at Varsity for the cricket  
championship of Toronto, starting at 10:30  
a.m. While Grace Church should make  
a fair showing, it looks as if Toronto  
should prove the winner. The teams:  
Toronto: Dr. W. W. Wright (capt.),  
A. D. Cordner, H. G. Davidson, W. J.  
Dobson, A. H. Gibson, G. E. D. Greene,  
L. M. Rathbun, R. C. Roode, N. Seagram,  
W. Sheather, and T. Usher.  
Grace Church: Paris (capt.), E. G.

**HOMESICKERS' EXCURSIONS TO WESTERN  
CANADA.**

The Grand Trunk Railway System  
saves round trip homesickers' tickets  
at very low rates from stations in  
Canada to points in Manitoba, Sas-  
atchewan and Alberta, each Tuesday  
will October 25th inclusive, via Chi-  
cago, St. Paul and Duluth, or Sarnia  
and Northern Navigation Company,  
and are good returning two months  
from date of issue. Through Pullman  
tourist sleeping cars are operated  
each Tuesday, leaving Toronto 11:35  
p.m. and running thru to Winnipeg  
without change. Reservations in  
tourist cars may be obtained at a  
nominal charge on application to  
Grand Trunk agents. The Grand  
Trunk Pacific Railway is the shortest,  
and quickest route between Winnipeg,  
Saskatoon, and Edmonton, with a  
month roadbed, electric lighted  
sleeping cars, thru the newest, most  
picturesque, and most rapidly de-  
veloping section of Western Canada.  
Fair tickets sold and reservations  
made by all Grand Trunk agents.  
Costs no more than by the other routes.  
Trains now in operation Winnipeg to  
Saskatoon and Regina, Yorkton and  
Carleton Place, Camrose, Mirror and  
Edson, Alberta, also to Jasper and  
Tete Jaune, B.C. Before deciding on  
your trip, contact an agent of the  
Grand Trunk Railway for full particu-  
lars. The Grand Trunk Railway System  
has a special train for the purpose of  
carrying homesickers to their homes  
in the West, and back to Toronto.

**FIVE LACROSSE PLAYERS  
EXPELLED BY O. A. L. A.**

Goderich Club Also Thrown Out  
of Amateur Ranks—Final  
Game on Monday.

The Judicial committee of the Ontario  
A. Lacrosse Association has a meeting yes-  
terday to close up the St. Mary's God-  
erich protest and also complaints against  
some players for misconduct and profane  
language while taking part in association  
matches. The St. Mary's club protested  
the Goderich club for having on its line-  
up in games played at St. Mary's, Sept.  
1 and at Goderich, Sept. 3, three players  
assumed names. These players, namely,  
Holmes and Fink of Clinton, and Van  
Wick of Wingham, were expelled from  
the association, and the three play-  
ers assumed names under assumed names  
were also expelled.

Graham R. Calder of the Durham club  
was also expelled for his actions on the  
field and using abusive and profane  
language in the semi-final juvenile game  
played at Orangeville, Thursday, Sept.  
5. E. Devlin of Hanover was reported to  
the association for his conduct on the  
field in the semi-final game played at  
Hanover, Sept. 13 and for language used  
to players and officials, which re-  
sulted in his expulsion.

**INTERMEDIATE FINAL  
AT BRAMPTON MONDAY**

Wind promises to be the greatest  
amateur lacrosse battle that has taken  
place in Ontario for several years will  
take place at Rosalia grounds, Brampton,  
next Monday when Bracebridge inter-  
mediate winners of northern Ontario,  
will meet St. Mary's, who have captured  
the honors of western Ontario. Brace-  
bridge have had but few games this sea-  
son and have played only one semi-final,  
but in defeating the St. Simons of To-  
ronto in the semi-final, they put out a  
team picked by many to win the inter-  
mediate championship, and since that  
game they have been training hard and  
have had daily practices, under the  
coaching of Jimmie Collins of the Te-  
cumseth, and no doubt will be in the  
pink of condition when they take the  
field Monday. The St. Mary's team have  
now tucked away the championship of  
five districts, and are a strong, well bal-  
anced team. They have succeeded in  
defeating the crack Hanover team by a  
good margin, and have thus proved that  
they are deserving of the final.  
as the Dutchmen had a fast heavy team.  
The St. Mary's club will be accompanied  
by four hundred supporters and the "Kil-  
ties" Band, while Bracebridge also ex-  
pects to have a large following. Deba-  
tious are also coming from Orillia, Brad-  
ford, Newmarket, Aurora, Berks, Oran-  
geville, Guelph and other places, while  
a party of 200 will make the trip from  
Toronto. The probable line-up of the  
two teams will be:

Bracebridge—McDonald, Bellows, A. C.  
Melton, E. H. Baxter, A. Gies-  
toun, F. E. Warriner, J. Jeque, L. C.  
McLeod, E. D. Boyer, H. Boyer, W. Sin-  
clair, T. Jones, J. McLean, H. L. Stewart,  
T. Jones, J. N. Alberta, H. Guthrie,  
P. Marshall, P. Lashbrook, W. J. Hay-  
den, W. J. McConnel, L. Lavelle, F.  
Marshall, J. P. Lashbrook.

G. T. H. train leaves the Union Station  
at 12:45 p.m., and the game will be called  
at 2:00 p.m.

**JOE BARIBEAU EXPLAINS.**

Sporting Editor.—  
On several occasions recently notices  
accounted by cuts of myself have ap-  
peared in Toronto papers, purporting to be  
from me, and I am sorry to find that they  
are not. Mr. Cole is responsible for these  
charges or not, but Cole and every other  
member of the Toronto Motorcycle Club  
knows that I cannot ride against Cole  
under present conditions, and it is time  
that the public understood the situation.  
Personally I am always willing to ride  
against Cole or any other rider who  
is good standing with the Canadian  
Motorcycle Association and its affiliated  
bodies in the States or Great Britain.  
Cole, however has left this body and is  
now riding under sanction of the Cana-  
dian Motorcycle Association, as outside  
body, and as I am not prepared to sever  
my connection with the Canadian Mo-  
torcycle Association, it is impossible for  
me to ride against Cole without becoming  
outlawed myself. As I would require at  
least a year to re-ignite Cole, it will  
be plain to any intelligent person that  
the chances of a race between Cole and

FURTHER FIGURES ON CAR TRAFFIC

Railway Company's Statistics Show Rare Instances of Overcrowding.

ABNORMAL CONDITIONS

Fires or Accidents Given as Reason for Many of the Delays.

The hearing before the Ontario railway board yesterday of the overcrowding of Toronto street cars resolved in its succeeding stages into the enumeration of the number running on the different routes and an exposition of the passage comforts enjoyed at all the periods referred to.

For the second session Lally McCarthy, K.C., appeared for the railway and Mr. Geary for the city, as before.

The records of the street men for the Dupont line were rather enlightening. Cars there had been in great number and with small exception carrying but two-thirds of their capacity load.

On Broadview Avenue. Following the certifying of the accuracy of the counts, the figures for the Broadview route were given, 18 being taken in 1912 and 10 in 1913.

The first day showed that previous to 4 o'clock nearly all eastbound cars held less than 20 and some less than five.

The whole sitting was engaged with the various figures gathered from different lines and that which will be followed today.

THE LIFE OF A MARTYR

Was in Agony For Years And Nothing Gave Him Relief Until He Used 'Fruit-a-tives,' The Famous Medicine Made From Fruit.

ALFRED FERRIS, ESQ.

PENETANGUISHENE, ONT., March 4th, 1913.

"I want to inform you of what your remedy, 'Fruit-a-tives,' did for me. For years I was a martyr to Dyspepsia and Constipation, often having to leave work from the agonizing pains of Acute Indigestion. Doctors treated me continually, but without satisfactory results. It seemed to me that I tried every advertised medicine on the market, and got no relief.

"On one of the days that I was compelled to absent myself from work, a neighbor came to my house to whom I told of my suffering, and he said to me that all I had to do if I had Dyspepsia was to take 'Fruit-a-tives.' They would cure me. He had cured himself. I immediately procured a 25 cent box, and continued taking them until cured. I suppose I took in all about eleven boxes, and I am glad to be able to say that I have been free of indigestion for nearly two years. They cured the Constipation also. They were worth their weight in gold to me, and I will be glad to have you publish this letter, along with my photo, if it will induce another dyspeptic to take the right road to a permanent cure.

"Yours truly, ALFRED FERRIS." "Don't suffer any longer. Today—right now—get 'Fruit-a-tives' and cure yourself. 'Fruit-a-tives' will sweeten the stomach—strengthen the stomach muscles, increase the quantity of digestive juices, regulate kidneys and bowels, and make the digestion as sound as a bell. 'Fruit-a-tives' will positively cure every case of Dyspepsia, Indigestion, Sour Stomach, Belching Gas, Bloating, Peeling after eating, and all other disorders of the Stomach, Liver and Bowels. Fifty cents a box, six for \$2.50, trial size 25 cents. At all dealers or sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

GOOD PROGRESS ON C. N. R. LINES

Sir William Expects Whole System to be Linked Up Next Year.

WINNIPEG, Sept. 19.—(Can. Press.)—Sir William Mackenzie, accompanied by Lady Mackenzie and M. H. Macleod, general manager of the C. N. R., arrived here this morning on his return from a tour of inspection over the system.

Sir William has seen over the new portion of the main line and has had an opportunity of visiting several of the important points on the system.

Sir William said that the steel on the Port Arthur to Sudbury line will be complete before Christmas, and thus the new C. N. R. route to the east from the City of Winnipeg will be complete.

On the subject of the main line construction, the work is proceeding rapidly and the line will, he confidently expects, be joined up before the end of 1914.

Sir William is optimistic as regards the financial situation generally, regarding which he says, there are indications of a change for the better. Money may become a little easier in the near future.

TWO EX-DRAGONS MUST STAND TRIAL

Evidence in Kingston Arson Case Showed Dictagraph Used for First Time.

KINGSTON, Sept. 19.—(Special.)—Frederick Gabriel and Alexander C. Malna, former members of the Royal Canadian Dragoons, will stand trial before a jury on the charge of arson. The preliminary hearing in the case was conducted this morning at the police court before Magistrate Farrell.

The evidence showed that the dictagraph, one of the very latest inventions for detective work, had been used in Kingston for the first time. Detective George Dwyer of the Third Agency, who made the arrests, stating under oath that he had used the instrument at the British American Hotel in order to secure the conversation between the two men accused.

# The Crown of Riverdale

## STUDY THIS MAP-- THINK!

Will an opportunity like this ever present itself to you again? Think what will happen to Rivercourt when the Harbor Development is completed. Toronto will have the greatest inland harbor on the American continent.

### THE HARBOR

The Toronto Harbor Industrial District will comprise an area of 646 acres of land for factory sites, 235 acres occupied by streets and railroad reservations, and 130 acres of waterways. The district will be served by 30 miles of railway tracks connecting with all three railroads which at present enter Toronto. A ship channel will be constructed into a district for a distance of 6,800 feet, terminating in a turning basin 1,000 feet square, and will have nearly four miles of dockage accommodation. This channel will allow a vessel of the largest freight type to pass safely through it between two vessels of equal size tied up at each side.

Extract from Toronto Harbor Commissioners' Report.

### A FORECAST

It is estimated that Toronto's Industrial Establishments will be doubled when the above work is completed. That will mean that immediately south of Rivercourt \$175,000,000.00 will be invested in industries which will likely employ in the neighborhood of 70,000 men, turning out products worth \$180,000,000.00. We do not give these figures with any authority, but they are absolutely true of Toronto to-day, and with the improved facilities and business administration of our great new harbor and industrial area these figures we think are conservative.

## RIVERCOURT AND ITS PROSPECTS

Is at the head of the three main arteries leading out of this great live of industry. It is practically the only available tract of land in that district. Truly the only subdivision. By the time this great harbor scheme is finished the district will be built up solidly to Rivercourt.

## RIVERCOURT ITS DEVELOPMENT AND RESTRICTIONS

We are creating "Rosedale" in the East. The restrictions will assure a high-class bungalow and suburban type of house locality. The lots are all fifty feet by a great depth. The development scheme covers a period of three years. We are laying permanent roadways and sidewalks and installing conveniences. It is expected a number of 37,000 houses will be erected this fall. The plans of these bungalows are in our office.

### SATURDAY REVIEW DAY

Our great scheme of development is now under way. We want your suggestions, your co-operation, we want the people as partners in our effort to build up in Riverdale a really high-class residential section worthy of the great development on the industrial area to the south.

### BROADVIEW CARS

Will take you to Danforth and Broadview, and our motors will take you the remaining short distance. Come on out and see the great Danforth Highway and Rivercourt.

Phone Adelaide 42 or 43, or mail this coupon, and we will be glad to call for you.

## REAL ESTATE NEWS

### TO START WORK ON ST. HELEN'S SCHOOL

Architect is Completing Plans for Eighty Thousand Dollar Structure.

Plans are now being prepared by Charles J. Reed, the architect, for the new St. Helen's Separate School, which will cost \$80,000. The site on which this magnificent structure will be built is the northwest corner of College street and Brock avenue. The frontage on College street is 245 feet 10 inches, and takes in the property to within 20 feet of Margaret street. On Brock avenue the frontage is 81 feet 2 inches. The new school will be three stories and will contain twelve classrooms. All the floors and stairways will be of reinforced concrete, making the building a near fireproof as possible.

Tenders are now being called for the demolition of several old houses and buildings on the site, so that construction work may be commenced once. No decision has yet been reached as to what will be done with the old school and church on the corner of Lansdowne avenue and Dundas street. By a papal decree all property which has been used for church purposes may not be sold for a factory site.

### LAWRENCE FARM ON YONGE STREET SOLD

Two Hundred Acres Changes Hands at Seventy Dollars an Acre.

The Lawrence farm, which lies about one and a quarter miles south of Aurora, on Yonge street, has been purchased by Rieley, Trimble Limited, whose clients will hold the property as an investment. There are 200 acres in the farm, with a frontage on Yonge street of 80 rods. The farm is known as Lot 73, in Whitchurch. The price paid was at the rate of \$70 an acre. Part of Lot No. 74, which adjoins the Lawrence farm, has been sold, but the names of the purchasers have not been divulged. It is understood that a sand and brick company will locate there. The sale was at the rate of \$200 an acre.

### MUST BE READY WITH ALL DATA

Ontario West Shore Electric Railway Case to Be Probed.

### SOME BOOKS DISAPPEAR

But Data Must Be on Hand for Resumption Next Month.

The Ontario West Shore Electric Railway case still hangs fire before the Ontario Railway Board. The enquiry into the financial management of this enterprise was touched upon the floor of the house during the last session and the adjourned hearing was held yesterday. Little satisfaction followed, however, because of the absence of President J. W. Moyes in Chicago and the disappearance of several important account books. The case involves the flotation of an electric road scheme, as the Lake Huron shore and the sun, raising of a large proportion of the bonds by interested municipalities. The bonds were certified and the work commenced. Today, however, it lies at a standstill and practically abandoned. The residents of the towns and counties who stood behind now seek knowledge of the disposal of the money, part of which they consider unaccounted for. Kincaid, Gorderich and Ashfield Townships sent representatives yesterday, William Proudfoot of Ashfield conducting the questioning.

T. E. Robins of the Toronto General Trust Co. in the box stated that his company had been interested in the bonds of the railway. He had in all things acted in a manner becoming the trustee of such a mortgage. The bond issue had been restricted to \$16,000 per single track and \$600,000 on the whole. Out of this amount the municipalities stood for bonds of \$400,000. "What were the proceeds of the sale?" he was asked. "Three hundred and eighty-four thousand dollars," was the reply. He had no statement of the account in his keeping, however. The township bonds had netted \$7 and the towns \$5, he thought. The chairman asked the disposal of the \$290,000 worth of unsecured bonds. Witness said the president had received them and after that he knew nothing. Engineer Robertson when called had no books to rely on, and the chairman adjourned the sitting with the instruction that on Oct. 2 data must be on hand for resumption.

### NORTH RIVERDALE'S PROGRESS REVIEWED

"Review days" are a new idea in real estate. They were created in a semi-weekly interest in property to see what was going on in neighborhood developments. W. N. McEachren & Sons inaugurated the first in this town and today are holding one on Rivercourt, their high-class addition on the Don with road. Special arrangements have been made to take visitors there, although it is only a short distance from the Broadview and Danforth car terminus. Maximal attention will be given the plan of improvement on the property and the really remarkable results of the residential district to the north of Danforth avenue. People who have not recently visited North Riverdale will hardly recognize it. The "Don" district has sprung

### ST. CATHARINES FINANCIER DEAD

C. M. Arnold, Town Clerk, Sixty Years of Age, and Late Banker, Passes Away.

ST. CATHARINES, Sept. 19.—(Can. Press)—Charles M. Arnold, a familiar and prominent figure in St. Catharines for nearly three-quarters of a century, died today in his 60th year. He was the first town clerk of St. Catharines over sixty years ago and was previously clerk of the board of police which governed the then village. He was manager of the Old Niagara District Bank later and for several years was manager of the St. Catharines branch of the Imperial Bank. He was engaged in the banking business for 52 years, retiring 13 years ago. Mr. Arnold was twice married and leaves one daughter and three sons; Mrs. G. Mortimore Neeson of Toronto; Claude, Chicago; Eric and Walter of this city. Capt. H. M. Arnold of Winnipeg, who was killed in the South African war, was the eldest son of the deceased.

### GARBAGE REMOVAL

"Those who have a larger amount of garbage and other refuse to be removed than can be taken in the regular calls of the civic carts can go to the treasury department and buy tickets which provide for the cartage of extra loads at 50 cents a load," said Commissioner Wilson. "The cost of taking these extra loads is \$1 each, and I have recommended that the tickets be advanced to \$1. Some of the larger concerns have their own carts and clean up as the extra loads accumulate. Others who have extra loads will now have the option of paying \$1 a load to the street cleaning department or engaging transportation elsewhere."

## SALE OF LOTS AT PRINCE GEORGE BRITISH COLUMBIA

SITUATED at the confluence of the Fraser and Nechaco Rivers in Central British Columbia, 450 miles north-east of Vancouver, B.C., and 467 miles east of Prince Rupert, B.C., or midway between Prince Rupert and Edmonton, Alta., on the main line of the Grand Trunk Pacific Railway.

By reason of its central location, Prince George will be the natural distributing point for the extensive territory comprised in the Pacific Province of the Dominion, and it has therefore long been the expectation of the general public that upon the completion of the Grand Trunk Pacific Railway, Prince George will early become a large and important centre.

Having purchased what was known as the Fort George Indian Reserve No. 1 for the purpose of locating a townsite thereon, the Grand Trunk Pacific Development Company Limited has caused the same to be surveyed and platted and will offer lots in this townsite for sale by public auction at Vancouver, British Columbia, Wednesday September 17th, 1913, and at Edmonton, Alberta, Wednesday, September 24th, 1913.

The terms of this sale will be one-quarter cash and the balance payable in one, two and three years with six per cent interest. For further particulars and plans apply to:

LIBERAL MEMBER GETS "BLACK HAND"

Sir John Bethel Threatened, Supposedly for Connection With Painters' Strike.

NEW YORK, Sept. 19.—(Can. Press).—A London cable says: A black hand message, signed "Painter" has been received by Sir John Henry Bethel, Bart., M.P. for the Romford division of Essex and a prominent director of the London and Southwestern Bank, at his home, Park House, Blakehall road, Winstead, demanding that a sum of £100 be placed under the steps of Winstead old church at 6 o'clock on morning of Sept. 20. The letter is written in a very hand and threatens death if the command is not obeyed and dire disaster if the communication is sent to Scotland Yard. Sir John nevertheless turned the letter over to Scotland Yard and detectives will be on hand to watch developments when a dummy package is planted in the hope of catching the blackhand.

CANADIAN WHEAT MARKET BOGEY

Chicago Traders Look for Removal of Duty and Prices Decline.

CHICAGO, Sept. 19.—Notwithstanding assertions that the present Canadian administration cannot afford to reverse its anti-reciprocity policy, the wheat market today showed heaviness on account of the apparently certain removal of Washington obstacles to the Canadian shipments of wheat to the United States.

Wheat traders evinced unmistakable nervousness regarding Washington reports that the free listing of wheat could now be considered as virtually accomplished.

Prospects that the winter crop acreage will be fully up to normal was a further handicap to bulls. There was also gossip that flour mills were unable to sell further ahead than 60 or 90 days.

Northwest receipts. Receipts of wheat in car lots at the northwest primary points, with comparisons, are as follows:

Argentine shipments. This week. L.A. W.L. 17.77. Wheat. 920,000. 1,120,000. Corn. 4,821,000. 6,103,000. 5,237,000.

Lower Liverpool prices. Wheat futures closed at Liverpool today 1/4 lower; Corn, 1/4 lower.

St. Lawrence market. Receipts of farm produce were 800 bushels of grain, and 25 loads of hay.

Winnipeg grain exchange. Open. High. Low. Close. Prev. Wheat. 88 1/2 88 3/4 87 3/4 88 1/2

Liverpool market. Liverpool, Sept. 19.—Close.—Wheat—Spot, steady; No. 1 Manitoba, 7s 7/2; No. 2 Manitoba, 7s 6d; No. 3 Manitoba, 7s 4d.

Duluth grain market. Duluth, Sept. 19.—Close.—Wheat—No. 1 hard, 88c; No. 2 northern, 86c; No. 3, 84c.

Minneapolis grain market. Minneapolis, Sept. 19.—Close.—Wheat—No. 1 hard, 88c; No. 2, 86c; No. 3, 84c.

Winnipeg grain market. Winnipeg, Sept. 19.—Prices on the grain market were lower today, the closing bids showing a decline of 1/4 to 3/8.

Farm produce, wholesale. May. No. 1, car lots. \$13.00 to \$13.50. Straw, car lots, 9.00 to 10.00.

Hides and skins. Prices revised daily by E. T. Carter & Co., 55 East Front street.

TORONTO SUGAR MARKET.

Sugars are quoted in Toronto, in bags per cwt., as follows:

Grain and produce. Local grain dealers' quotations are as follows:

Ontario oats—New, white, 35c to 36c outside; 35c to 36c track, Toronto.

Manitoba flour—Quotations at Toronto are: First patents, 45.50, in cotton 10c more; second patents, 45, in cotton 10c more; strong bakers', 44.50, in cotton 10c more.

HEAVY INCREASE IN WHEAT EXPORT

Trade With Great Britain During August Shows Big Expansion for This Staple.

LONDON, Sept. 19.—(C. A. P.)—The following are official figures of the trade between Great Britain and Canada during August:

From Canada—1912. 1913. Wheat. 2,896,857. 2,368,255. Flour. 217,944. 144,329.

At the City Yards there was an increase of 377 cars, 143 sheep, 2083 sheep and lambs, 1073 calves, and 3 horses, compared with the corresponding week of 1912.

At the Union Yards there was an increase of 3 cars, 266 cattle, 143 sheep and 63 calves, but a decrease of 511 hogs, compared with the same week of 1912.

Entire Block in the Business Section a Mass of Smoldering Ruins.

BROOKS, Alberta, Sept. 19.—(Can. Press.)—With an entire block in the business section in smoldering ruins, over which the male population of the town are still standing in order to prevent a further outbreak, the town of Brooks, on the main line of the C.P.R. east of Calgary, narrowly escaped being totally destroyed early this morning.

Myron Stern and C. Trowbridge, of the Reliable Adjustment Agency, appeared in the criminal court before Judge Morgan, yesterday afternoon, on a charge of procuring \$900 from Bert Cullen & Co., of Galt, by fraudulent means.

Some time ago the plaintiff's store in Galt was burned, and the defendants secured a contract to adjust his losses. The agents were to recoup him 7 1/2 per cent of the money collected. As time went on and the money had not yet been paid and as the prospects for its being paid looked poor, as the fire was thought to have been of an incendiary nature, the defendants secured the signature of Mrs. Cullen, granting them 75 per cent of the money collected.

When Trowbridge was placed on the stand, he read the agreement granting them 75 per cent, had been secured in a fair manner. After his evidence had been taken, the case was adjourned until Monday morning, the defendants being allowed out on bail, which was fixed at \$1,000 apiece.

FARMER'S HEAVY LOSS. Barns and Season's Crops of J. Pettam of Elizabethtown Destroyed.

BROCKVILLE, Sept. 19.—(Special.)—The barns and outbuildings of John Pettam, a farmer living near Brockville, in the Township of Elizabethtown, were destroyed by a fire, the origin of which is unknown. Pettam also lost the season's crops, his farm implements and other accessories, entailing a loss of \$2,500, against which there is only \$950 insurance.

MINING PROPERTY FOR SALE BY TENDER. Pursuant to the authority vested in them by order of the District of 27th day of November, 1912, the undersigned offer for sale by tender the following property, namely:

Mining locations Y2 and Y4 on White River, southwesterly from the Township of Fairbairn in the District of Thunder Bay as shown on plan of survey by P. L. S. Charles Rankin, dated September, 1912, on record in the Crown Lands Department, containing about 240 acres, with a reservation of five per cent by the Crown for roads.

The said lands are offered for sale by tender on the following terms, namely: One-tenth of the purchase money to be paid on acceptance of the tender, and the balance of the purchase money in cash at the expiration of thirty days therefrom.

Tenders to be addressed to A. R. Rowell, Parliament Buildings, Toronto, on or before the 1st day of November next. The purchaser to have ten days from acceptance of tender to search title and make regulations, if any.

DOUBLE AMPUTATION. Dredge Worker Loses Arm and Leg Thru Being Drawn Into Gearing.

CORNWALL, Sept. 19.—(Special.)—Frank Ryan was brought to the Hotel Dieu Hospital here today from Missena, having been badly injured while working on a dredge in the power canal there. Ryan had gone to some oiling while the dredge was stopped working for a few minutes. While standing on the gear the machinery was started up and his left foot and left arm were drawn into the gearing and terribly mangled. The injuries were attended to temporarily, and he was hurried to Cornwall, where it was found necessary to amputate the arm near the shoulder and the leg at the ankle.

CANADIAN CLUB PRESIDENT. KINGSTON, Sept. 19.—(Special.)—John L. Whiting, R.C., was elected president of the Kingston Canadian Club, to fill the vacancy caused by the lamented death of the late Dean W. S. Ellis. Arrangements have been made for addresses from a number of prominent Canadians during the year.

RAILWAYS WOULD STILL DELIVER

Cartage Service Will Be Continued if Rates Are Increased.

Provided the commission will sanction the increase in rates, the railways are willing to continue their cartage service in those places which they have heretofore served, at least until the end of the current year.

Notwithstanding this effect has been received by the traffic department of the Toronto board of trade, from the Canadian Freight Association.

The increase referred to amounted to one-half cent per hundred pounds, with a minimum charge of twenty cents. The rate is at present two and one-half cents per hundred pounds, with a minimum of fifteen cents. With the permission of the commission, the companies will charge the new rate of three cents per hundred pounds, after October 1.

The boards of trade of the cities of both eastern and western Canada are taking great interest in this matter, as it will greatly affect the manufacturers and merchants, and cause them considerable extra expense, if they are obliged to do their own carting to and from the railways.

NOTICE OF DIVIDEND. MCKINLEY-DARRAGH-SAVAGE MINES OF COBALT, LIMITED.

Notice is hereby given that the Board of Directors of this Company, at a meeting held on the 23rd day of August, 1913, declared its regular quarterly dividend of three per cent, and that a distribution of the accumulative proceeds from the operation of the Mines, equal to three per cent of the outstanding capital stock of the Company, be also paid, making a total of six per cent, payable on the first day of October, 1913, to stockholders of record at the close of business on the 13th day of September, 1913.

Myron Stern and C. Trowbridge, of the Reliable Adjustment Agency, appeared in the criminal court before Judge Morgan, yesterday afternoon, on a charge of procuring \$900 from Bert Cullen & Co., of Galt, by fraudulent means.

Some time ago the plaintiff's store in Galt was burned, and the defendants secured a contract to adjust his losses. The agents were to recoup him 7 1/2 per cent of the money collected. As time went on and the money had not yet been paid and as the prospects for its being paid looked poor, as the fire was thought to have been of an incendiary nature, the defendants secured the signature of Mrs. Cullen, granting them 75 per cent of the money collected.

When Trowbridge was placed on the stand, he read the agreement granting them 75 per cent, had been secured in a fair manner. After his evidence had been taken, the case was adjourned until Monday morning, the defendants being allowed out on bail, which was fixed at \$1,000 apiece.

FARMER'S HEAVY LOSS. Barns and Season's Crops of J. Pettam of Elizabethtown Destroyed.

BROCKVILLE, Sept. 19.—(Special.)—The barns and outbuildings of John Pettam, a farmer living near Brockville, in the Township of Elizabethtown, were destroyed by a fire, the origin of which is unknown. Pettam also lost the season's crops, his farm implements and other accessories, entailing a loss of \$2,500, against which there is only \$950 insurance.

MINING PROPERTY FOR SALE BY TENDER. Pursuant to the authority vested in them by order of the District of 27th day of November, 1912, the undersigned offer for sale by tender the following property, namely:

Mining locations Y2 and Y4 on White River, southwesterly from the Township of Fairbairn in the District of Thunder Bay as shown on plan of survey by P. L. S. Charles Rankin, dated September, 1912, on record in the Crown Lands Department, containing about 240 acres, with a reservation of five per cent by the Crown for roads.

The said lands are offered for sale by tender on the following terms, namely: One-tenth of the purchase money to be paid on acceptance of the tender, and the balance of the purchase money in cash at the expiration of thirty days therefrom.

Tenders to be addressed to A. R. Rowell, Parliament Buildings, Toronto, on or before the 1st day of November next. The purchaser to have ten days from acceptance of tender to search title and make regulations, if any.

DOUBLE AMPUTATION. Dredge Worker Loses Arm and Leg Thru Being Drawn Into Gearing.

CORNWALL, Sept. 19.—(Special.)—Frank Ryan was brought to the Hotel Dieu Hospital here today from Missena, having been badly injured while working on a dredge in the power canal there. Ryan had gone to some oiling while the dredge was stopped working for a few minutes. While standing on the gear the machinery was started up and his left foot and left arm were drawn into the gearing and terribly mangled. The injuries were attended to temporarily, and he was hurried to Cornwall, where it was found necessary to amputate the arm near the shoulder and the leg at the ankle.

CANADIAN CLUB PRESIDENT. KINGSTON, Sept. 19.—(Special.)—John L. Whiting, R.C., was elected president of the Kingston Canadian Club, to fill the vacancy caused by the lamented death of the late Dean W. S. Ellis. Arrangements have been made for addresses from a number of prominent Canadians during the year.

THE CANADIAN BANK OF COMMERCE

Paid-Up Capital \$15,000,000. Rest \$12,500,000.

Drafts on Foreign Countries. Every Branch of the Canadian Bank of Commerce is equipped to issue, on application, drafts on the principal cities and towns of the world, drawn in the currency of the country in which the drafts are payable.

This Bank has unexcelled facilities for handling every description of banking business throughout the world.

SCALPERS SELL OUT. Good buying of Peterson Lake yesterday carried the price to 24 1/2. The sales were made by scalpers, who are more concerned in making a one point turn than in holding for a time and making many times that profit.
