VOL. XXXII—No. 11,748

MERCHANTS ASK ASSESSMENTS REDUCED

Yonge Street Retailers Will Circulate Petition for Presentation to Board of Control and Legislature, Asking for Lower Business Tax and Reductions in Assessment.

A double campaign for the reduction of assessment levied on the retail merchants of Toronto was launched at a meeting of the Toronto Retail Merchants Association, held at their headquarters last night. As a result of this meeting a great protest is to be made to the board of control against the tremendous increase on the property on Yonge street retail merchants this year. The city is also to be asked to cooperate with the Retail Merchants Association in an effort to be put forth by this body before the Ontario Legislature to have the Assessment Act so changed as to allow a reduction of from 15 to 25 per cent. on the business tax at present imposed on retail merchants.

A committee consisting of Messrs. W. Dineen, furrier; A. E. Renfrew, furrier; F. C. Higgins, grocer; J. Coombs, manager Oak Hill Clothing Co.; Ed. Mack, Yonge street; A. M. Hoberlin and E. M. Trower, secretary of the association, was appointed to secure the signatures of the retail merchants on both sides of Yonge street, from King street to Davenport road, protesting against the great increase in the assessment on the Yonge street property. This petition is to be presented to the board of control.

Appeal to Legislature

The same committee will also appear before the board of control to ask the board to secure the city's endorsement of the stand to be taken by the Retail Merchants Association when they appear to the Ontario Legislature for the change in the act allowing a 15 to 25 per cent. reduction in the retail merchants' business tax.

It is claimed by the merchants that under the present act they are paying 50 per cent. higher business tax in proportion than that which is levied on the manufacturers and wholesalers. They declare that the present act, passed about six years ago, was to take the place of the old personal tax and was in the nature of an experiment. They state that it has now proven to be entirely unfair to the interests of the retail merchants, and the change in the act is to be demanded by the retail merchants throughout the whole of Ontario.

WHOLE FAMILY BURIED TODAY

Many Toronto Friends Will Attend Funeral of the McCaffrey Family at Omemee.

In the Village of Omemee, seven miles from Peterboro, the remains of five people who were drowned in "Huron Creek" on Saturday will be buried this afternoon. Rev. F. Wilkinson, rector of St. Peter's Church, Carlton and Blecker streets, where the McCaffrey family worshipped, will assist in the funeral service. A number of friends and members of the church will leave for Omemee in the morning.

Mrs. Seagar, mother of Mrs. Wm. McCaffrey, was reported at 16 Southville last night as progressing favorably under the circumstances. Mrs. Seagar has been suffering from heart trouble for several months, and it was on this account that Mr. McCaffrey did not take his family to his former home during the summer. When Miss Seagar, a trained nurse, and daughter Mrs. Seagar, who is now in attendance upon her mother, was able to come to Toronto, the McCaffrey family were able to go to Omemee.

Hamilton City Council Favors The Exemption of Improvements With Land Taxed on Sale Value

HAMILTON, Sept. 30.—(Special.)—The city council by a vote of 11 to 10 tonight decided to join with other municipalities in petitioning the Ontario Government to give them power to exempt improvement to a certain extent from taxation, and to assess land at its full market value. The vote at first was a tie, and the deadlock was broken by Ald. Bird, who joined the progressives. There was a long argument on the single tax idea.

CHURCH FAVORS LAND TAXATION

After Investigating Single Tax System in West, Controller Recommends Partially Exempting Improvements

After a trip to Western Canada for the purpose of investigating the working of the single tax system Controller Church returned to the city yesterday and stated that both he and Commissioner Forman were of the opinion that a modified form of the single tax principle would greatly benefit Toronto. A report will be submitted to the city council in the near future urging that a system be inaugurated of partially exempting the tax on improvements.

OTTAWA MAYOR DENIES GRAFT

OTTAWA, Sept. 30.—(Can. Press.)—Mayor Hopwood tonight denied emphatically the insinuations that he had been concerned in illegal real estate deals. He asked Judge Gunn to make most searching inquiries and would at any time be prepared to give a full statement of his affairs in court.

City Solicitor McVittie, who is conducting the enquiry for the city, has imputed many cases of doubtful dealings as between the mayor and City Engineer Kerr. The enquiry has become a most acrimonious one, and the city solicitor seems to have a big fight on his hands.

TEDDY SILENCED NOISY HECKLERS

KNOXVILLE, Tenn., Sept. 30.—(Can. Press.)—A tumultuous crowd gave Col. Roosevelt what he describes as a "mildly lively time" here today. Men scattered thru the crowd heckled him as he in Atlantic last Saturday and succeeded in raising an uproar which for a time drowned out any attempt on Col. Roosevelt's part to go on with one speech. He stood his ground and matched one retort with another until he had silenced the dissenters.

On the way to Knoxville Col. Roosevelt made a number of speeches from his train. He assailed Gov. Hooper and Senator Sanders of Tennessee. He also characterized Gov. Thomas R. Marshall of Indiana, Democratic candidate for vice-president, as a representative of the Taggart machine.

When the first cheers which greeted Col. Roosevelt in the auditorium here had died away, a man with a bandana handkerchief leaped from his seat on the stage, waved his hand and shouted in megaphone tones: "Glory Hallelujah." The cheering began. Then the people sang "Onward Christian Soldiers."

Friends of Gov. Hooper created an uproar, but finally Col. Roosevelt was given a good hearing.

Men's Fur-Lined Coats

The Dibleen Company, 40 Yonge street, put into stock Saturday three hundred fur-lined coats for men. These represent the first new arrivals and have been made carefully during the summer months. Lined with selected mink and with the seal's trapping. The coats are being offered at very low prices, considering the excellence of the fur and the workmanship. Prices start at forty-five dollars.

RICHMOND GOES TO PENITENTIARY

"Well-Known Race Track Shark" Blamed for Fall of Arthur Richmond, Who Got Four Years.

Arthur R. Richmond pleaded guilty in the sessions yesterday to the theft of \$28,688.73 from the Bank of Toronto, and was sentenced to four years in Kingston Penitentiary by Judge Denton.

"This young man is the victim of a well-known race track shark," declared Mr. T. C. Robinette, in pleading for mercy on Richmond's behalf. "This man is well known to track followers in all the large cities. He got this young man out to dinner, and by the aid of two fake jockeys, and some fake telegrams from supposed horse owners, inveigled him into stealing this money to play on 'sure things.' Of course, he lost, and he now pleads guilty to the theft."

Richmond is 27 years of age, and the son of a Gaspe clergyman. He is a well-educated young man having spent five years in Bishop's College at Lennoxville, Que. His first job was at the Bank of Toronto's office in Montreal, later at Hastings, Ont., and finally came to the Elm street branch in Toronto, where the theft occurred.

All the money appropriated by Richmond was taken inside of a period covering two weeks, and it all went "on the ponies." "He hasn't one cent of money left at the present time. He hasn't a dollar in the world," declared his counsel. "He has told me that after serving sentence, he will go west and make a new name for himself."

SHIPS TO CARRY MENTO-ULSTER

F. E. Smith, M.P., Tells Big Gathering at Liverpool That Owners Proffer Free Service.

LIVERPOOL, Sept. 30.—(Can. Press.)—A great gathering took place at Shiel Park this afternoon to protest against home rule. The assembly numbered not less than 100,000, who arrived in three processions. The enthusiasm was unbounded and rockets and fireworks of all kinds were discharged.

Sir Edward Carson and Frederick E. Smith, the Unionist leaders in the movement, made speeches. The latter said that three Liverpool shipowners had promised him the use of free ships to carry 10,000 men from Liverpool to Belfast to help Ulster if "it came to a fight."

ULSTER WOMEN IN REVOLT.

BELFAST, Sept. 30.—(Can. Press.)—The Marchioness of Dufferin presided at a meeting of women in Ulster Hall tonight in opposition to the home rule bill. The hall was crowded, and fiery protests were voiced against the measure.

ACCUSE MOTHER AND DAUGHTERS

Police Arrested Mrs. Fifield on Shoplifting Charge, and Found 193 Articles in Her Home.

Following the arrest of Mrs. Louise Fifield, 45 Prescott street, for shoplifting in Eaton's yesterday afternoon by Acting Detective Wickett, the woman's home was searched. Wickett and Plainclothesman Hess found over 193 articles, said to have been stolen by Mrs. Fifield and her daughters, Ivy and Gwendolyn. When searched after her arrest the police found six bouquets and an umbrella in the mother's possession.

Ivy, aged 15, has been working at 121 Prescott street. From there she is alleged to have stolen 11 neck scarves, 107 neckties, 4 spoons of silk and a spoon of brass wire. The family have been out from the old country nine months.

ST. KITTS A GROWING CITY

ST. CATHARINES, Sept. 30.—(Special.)—A growth of 153 in the population of St. Catharines and an increase of \$2,583.82 in the assessment during the past year, was disclosed by the report of the assessors, presented tonight to the city council. The population now totals 10,474, while the new assessment roll shows a total of \$1,222,750. Over two-thirds of the increase in assessment was made in land values.

A Brilliant Spectacle

The galaxy and sponsor of "The Enchantress," the musical comedy which is at the Princess this week, certainly forms a brilliant spectacle, and Sculptor Rodin was not far astray when he pronounced Klitty Gordon the stage's most beautiful woman.

THIRTY THOUSAND DOLLARS IS NEEDED

Methodist Temperance and Moral Reform Board Need an Additional \$12,000 a Year to Carry on Extensive Work — Field Secretaries Are Given Locations.

Thirty thousand dollars a year is the amount of the campaign fund required by the Methodist Temperance and Moral Reform Board, with its full staff of a general secretary, three field secretaries and office staff. This is equivalent to \$100 for six days every week of the year. The Moral Reform Board considers that the money will be easily forthcoming, as the responses have been spontaneous wherever the present general committee or field secretary has placed the matter before the Methodist congregations. The sum named will mean an increase of \$12,000. This it is expected will be raised without difficulty by the two new field secretaries.

Three New Centres

At present the board works thru a central bureau conducted by Rev. Dr. Moore in the Confederation Life Building. The new field secretaries will have their divisional bureaus. The western may be located at Winnipeg or Vancouver; it is not decided definitely at which city.

Another will be at a city in the maritime provinces, and one at St. John's, Newfoundland.

BALKAN STATES MAY DECLARE WAR ON TURKEY IN 48 HOURS EUROPE FEELS GRAVE ALARM

Greek Forces Mobilizing

ATHENS, Sept. 30.—(Can. Press.)—The Greek Government, in agreement with other Balkan states tonight, ordered the mobilization of her forces by sea and by land. The reason given for this step is apprehension on the part of the Balkan states that the mobilization of the Turkish army and the disquieting internal condition of Turkey might induce the Porte to seek a way out of the difficulty in war.

ALEXANDRIA, Sept. 30.—(Can. Press.)—The officers of the Greek army reserves here have received telegraphic orders to join the colors immediately.

Servia, Backed by Greece, Bulgaria and Montenegro, Demands Quick Settlement of Difficulty Over Passage of Serbian Ammunition Thru Turkish Lines—States Are Feverishly Mobilizing Forces in Expectation of Sudden Outbreak of Hostilities—European Powers See Crisis at Hand.

The Porte has received a communication from Dr. Nenadovitch, Serbian minister, asking that Turkey adopt a definite attitude within 48 hours on the question of whether Serbian ammunition will be allowed to pass thru Turkish lines. If the conditions are not complied with war seems inevitable, as Servian, Bulgarian, Greek and Montenegrin forces have been hastily mobilized in readiness for instant action, despite the threat of European intervention.

LONDON, Sept. 30.—(Can. Press.)—The Balkan difficulties have developed with alarming rapidity to a point where only a spark is needed to set the whole of Southeastern Europe aflame. Three of the Balkan states by common consent have ordered the simultaneous mobilization of their armies and are making every preparation for immediate hostilities.

Two possible explanations are offered, the first, that a coalition of the Balkan states exists for the purpose of demanding from Turkey, before she has time to conclude peace with Italy, the grant of complete autonomy to the Macedonian provinces; the second that, fearing Turkey will seek an issue from her difficulties at home and abroad in war, they are preparing themselves for a possible attack.

Four-Cornered Compact

Everything now seems to depend on whether the great powers will be able to bring sufficient pressure to bear to prevent the outbreak of hostilities and preserve the status quo in the Balkans. Today's developments appear fully to confirm the existence of a military understanding between Bulgaria, Servia, Greece and Montenegro, directed against Turkey.

The approach of winter is held to be a factor in favor of peace, and in the European capitals the hope is still cherished in diplomatic quarters that the efforts of the powers will be successful. The Russian and British representatives at Constantinople are energetically urging upon the Porte the necessity of carrying into execution the promised reforms in Macedonia and are applying pressure to induce Turkey to modify her provocative military preparations in the Adrianople district.

RUSSIA BLAMES BRITAIN FOR CRISIS

Failure to Commit Herself to Definite Program for Adjusting Balkan Difficulties Said to Have Lit Fires in Balkans—Austria and Roumania Main Join in Impending Strife

ST. PETERSBURG, Sept. 30.—(Can. Press.)—The mobilization of the armies of Bulgaria, Servia and Greece will probably mean immediate war, according to the belief held in political circles here. The nature of Turkey's military activity the last few days is taken to mean that she intends to make war in that case the Balkan coalition has naturally forestalled her in her endeavor to profit by the rapid concentration of troops.

The opinion held here is that the action of the Balkan states has resulted from the inability of the powers to deal with the situation. The conversations with the Russian foreign minister, M. Sazonoff, has had in London, apparently have been barren. It is understood that Russia has taken an adequate view of the crisis in the Balkans and has proposed the radical remedy of putting into effect article 23 of the Treaty of Berlin, providing for the introduction in the European provinces of Turkey of a statute giving a measure of self-government under a provincial governor-general, controlled by the powers.

British Non-Commitment

Russia's proposal was communicated to Turkey by M. De Giers, the ambassador to Austria-Hungary. Great Britain showed herself willing to talk reforms in Macedonia in a general way without committing herself to anything definite. France's answer is due tomorrow and her attitude is expected to be still more conservative, being dictated mainly by considerations of finance.

More was expected of Great Britain, where for years sympathetic interest was accorded the Macedonian cause. The principal task of the powers, in case hostilities actually break out, will be to localize their scope, as Italy was forced to localize hers to a limited area. The immediate danger depends upon the possible action of Roumania, insisted by Austria-Hungary. It is worth noting that the king of Roumania was today named as a field marshal of the Russian army, an honor now held only by King Nicholas of Montenegro. The emperor's ukase making this appointment was printed in a special issue of the war office organ, Kuskly Invalid.

Watching Austria and Roumania

Upon Russia virtually devolves the burden of keeping Austria and Roumania outside the ropes. Confidence prevails that the condition of the Russian armaments is now such that Russia will be able to fulfill her mission. Upon this belief the action of the Balkan states is doubtless based. It is further expected that Russia will neutralize the Black Sea basin, thereby preventing the Turks from carrying out landing operations on the Bulgarian coast, or from cutting its communication with Russia by sea.

The crisis finds the emperor and empress at Bielowitzh, near the Austrian frontier. The minister of war, Gen. Soukhomlinoff, is passing the season in Crimea, while Premier Kokovloff will leave the capital tomorrow for a fortnight's absence.

POINDRON ENDS LIFE IN PARIS

Former Commercial Agent of Government Was Financial Foe of Hon. Rodolphe Forget.

MONTREAL, Sept. 30.—(Special.)—The news today from Paris saying that Anatole Poindron, formerly commercial agent of the Canadian Government in France, had committed suicide by blowing out his brains, following the death of his wife, was all the more interesting because Poindron was alleged to be the moving spirit in the opposition which has been waged against Sir Rodolphe Forget in Paris during the last few months.

Mons. Poindron could be seen here during the months of July and August standing on Notre Dame street, opposite Forget's office, for hours at a time.

TIGHTEN GRIP ON STACEY.

ST. LOUIS, Sept. 30.—(Can. Press.)—To prevent the possible release of Jas. W. Stacey, alias Frank West, alias "Doc" Danzell, on a writ of habeas corpus, the police here today applied for a fugitive warrant charging the man wanted in connection with the \$271,900 Canadian bank robbery case with attacking Police Lieut. B. J. Burns in Chicago two weeks ago.

The discovery of a memorandum book in the room formerly occupied by the suspect, and Jeannette Little, the woman arrested at Edwardsville, Ill., will, it is believed, in capturing other members of the gang.

"BIG CHARLIE" ROBBER CHIEF

Chicago Police Hope Soon to Arrest Leader of Safe-Blowers' Gang.

"Big Charlie," described by James Sidlas and by Jeannette Little as the leading figure in the negotiations for the exchange of the stolen bills, is now believed by the police to be the real leader of the gang of safeblowers, and the police also believe he soon will be in custody.

At Montreal

MONTREAL, Sept. 30.—(Special.)—The customs returns for the month of September reached the sum of \$2,218,168, against \$1,735,915 for the same month last year, or an increase of \$482,253.

ASKS FOR COST OF CUMBER SCHEME

Ald. May Wants Report Made by First of December—Ald. Dunn Asks for Examination of Sick Employes, and Ald. O'Neill is Opposed to Street Bridge.

The following motions were moved in council yesterday, all of which were either carried or referred back for further information.

Ald. May moved that the commissioner of works and the assessment commissioner report on or before Dec. 1 on the probable cost of the improvement and expropriations required, if the city should accept the Humber Valley Park and boulevard scheme as proposed by R. Home Smith. The motion carried.

Ald. Dunn moved that the medical health officer make arrangements to have all civic employes who were sick examined and a report made upon their illness. The motion was referred to the board of control.

Ald. Rawlinson moved that a site in the Trinity Commons property be laid aside as a civic home.

Wants No Bridge.

Ald. O'Neill moved that the permit granted the T. Eaton Co. to construct a bridge across Albert street be rescinded. The motion was sent to the committee on works.

Ald. Yeomans moved that reports be secured regarding the advisability of installing mechanical filtration plants at the East and West Toronto pumping stations.

See Filtration Plants.

Controller Hocken moved that the commissioner of works be permitted to visit filtration plants in different cities in order to determine what style would best suit the needs of Toronto.

Controller McCarthy moved that Ald. Yeomans be sent as the council's representative to Dominion Highways convention in Winnipeg, Oct. 9. A protest was made that one of the engineers of the works department should be sent, and after some decision it was decided to leave the matter to Commissioner Harris.

BATTLE OF "WITS" NEAR AT HAND

Continued From Page 1.

larly, you should do so at once as the first proverb picture edition of The World will, no doubt, be quickly sold out, and there may be delay in securing back copies.

The Toronto World is going to make it easy for all to enter this great and entertaining contest. Everyone will have an equal chance to share in the distribution of more than \$5000 worth of attractive and valuable prizes.

Hereafter is an opportunity to secure an automobile of your own absolute choice. The number of prizes is 1000, five passenger, Jackson Touring Car, complete with all latest attachments and fully equipped, a machine that bids fair to hold the world's record for speed, power, durability and economy of upkeep; easy to operate, easy riding, roomy and comfortable; a dependable car that would cost you \$2500 spot cash—but it is yours absolutely free if you want it and will strive to correct your errors enough of the proverb illustrations to stand first among the list of winners.

If you don't care for the automobile, there is a beautiful \$750 double note Blundell Player Piano; a sweet, deep, rich-toned instrument of rare musical qualities, artistically finished in full mahogany case of Louis XV. style.

There is also a fine \$300 R. F. Wilks Piano; a superb instrument manufactured expressly under the direction of Mr. R. F. Wilks, who is an expert on piano tone and action.

The fourth grand prize is a handsome \$300 Burnell Piggin in full mahogany case; a piano of excellent tone and quality, superb in finish and design.

Then there is a fine \$285 single cylinder, 4 horse-power Indian motor-cycle; a beautiful nine piece \$200 dining room suite in turned oak; a \$265 single cylinder Excelsior auto-cycle; a handsome \$225 six piece bedroom suite in full mahogany; a \$150 genuine solitaire diamond ring and many other valuable and attractive rewards—a large number of which are now being arranged for and which will be announced shortly.

Elsewhere in this edition there is published an announcement listing and describing these capital or grand prizes, together with a sample proverb illustration which is intended to give everyone a clear idea of the character of the official proverb pictures that will be published every day for seventy-five days—the first of which will appear Thursday, Oct. 3.

Each picture will represent a well-known "English Proverb" that you have no doubt heard many times, or that you are at least familiar with to some extent.

The idea is to name, correctly, the proverb these pictures will represent, and if you send in all or nearest all of the series of seventy-five correctly, you will win the first grand prize.

There is absolutely no bar to anyone except employes of The Daily and Sunday World and members of their families, and it is an opportunity that you should not miss, as it may never occur again.

A good plan would be to subscribe for the paper or tell your newsdealer to begin serving you at once, with a copy of The Toronto Daily and Sunday World, every day, from now on. In that way you will not miss any chances.

STREET EXTENSION IS OPPOSED ST. CLAIR AVENUE SHOULD BE PAVED

W. Vaughan of 582 Indian road headed a deputation which appeared before the city council yesterday afternoon to protest against the opening and extending of Central avenue, as proposed by the commissioner of works. The district would not be benefited, he claimed, yet it would be called upon to pay the \$2350 necessary to complete the work. Mr. Vaughan also complained that the ravine at the corner of Indian road and Barrett avenue was in a most unsanitary condition. Both matters were referred to the committee on works, and the deputation were asked to be present at the meeting to be held next Friday.

A letter from the British Imperial Association of Earlscourt was read to the council, asking that the work of paving St. Clair avenue be commenced at once. Many of the residents of the district, it was claimed, found it impossible to secure their winter's coal, because the dealers would not permit their horses to travel on the roads in the condition they were in at present. Milk dealers, it was stated, often found it impossible to cover their routes owing to the muddy streets.

PROPOSAL TO ANNEX NORTHWEST PROPERTY CAUSED LOTS OF TALK

Scheme is Absurd, Says Alderman McBride, While Controller Foster Thinks it is a Monstrous Proposition—A Special Committee Will Deal with the Question.

To annex to the city all that part of York Township lying west of the city and the Town of North Toronto, and south of a line drawn parallel 200 feet north of Eglinton avenue, except that portion west of Scarlet road and north of Dundas street, was the proposal made by Ald. Anderson at the meeting of the city council yesterday afternoon. After an hour's debate, the question was referred to the special committee appointed to deal with the annexation problem.

In introducing his comprehensive annexation scheme, Ald. Anderson pointed out that it excluded the property owned by the Lambton Golf Club. The western limits were to be extended to the Humber River and hence Swansea and Runnymede were to be a part of the city. With the annexation of North Toronto, he pointed out that the boundaries would be most irregular.

More land was a necessity, according to the alderman, because it would result in the poorer classes obtaining cheaper homes. The experience had been that Toronto was disposed to spread along the lake shore. This could not be helped, but there should be some effort made to insure a development to the north as well.

The territory, he declared, "was now free from debt, but if the annexation were deferred, the step would be made more difficult. The land to the north was certain to be annexed in the future, and it might better be made in now since the people on the sides of the boundary would be benefited."

Hocken is Favorable

Controller Hocken heartily agreed with the proposal. In many progressive American cities, he said, there were large tracts of land within the city limits, which were used as farm lands, and which simply meant that the city would have jurisdiction over territory which would soon be populated. The controller stated that he would like to see the territory to the northeast of the city annexed as well.

"I approve of Ald. Anderson's scheme," said Ald. May, "but I would go further. I would carry the city limits 400 feet west of the Humber River."

Ald. McBride contended that the annexation scheme was absurd. The city could not supply services within its own limits, he declared, and the cost of the annexation would be quite prohibitive. The limit of the district to be annexed should be south of the old limits of West Toronto. The people who are building in the outskirts, really belonged to the city, according to Ald. Graham, who stated that the city had not sufficient jurisdiction over the land contiguous to the limits, and as a result the people suffered.

Finish the Task.

Ald. Maguire said that the city should finish the task which the numerous districts only recently annexed had thrust upon them. If more land were taken in now, the burden would be necessary.

Large Thrust upon the Poor People.

Ald. Maguire moved an amendment that the matter be referred to the special committee appointed to deal with the annexation problem, and this was carried, the division being 12 to 7.

CIVIC BUS LINE

Promoters of Scheme Are Ready to Go Ahead, and Ask Co-operation

A London syndicate, represented by Mr. Gordon Sharp, yesterday made representations to the board of control that it would organize a bus route in Toronto, providing the city promise to keep the roads in suitable repair, and that the suburbs would be of sufficient height to accommodate double deckers. The board was also informed that the firm would make arrangements to transport the traffic for the civic car line terminal.

HOUSE FAMINE IN WINDSOR

WINDSOR, Sept. 30.—(Can. Press).—That the city is losing a considerable portion of its population as the result of an extreme shortage of workmen's homes, is the information forthcoming here from a well-informed source.

Talk of advantage of the congestion in the building, due to the exceptionally rapid growth of the city, few, if any, contractors are putting up houses unless they get an agreement of sale. The situation, it is explained, is actually becoming acute.

CHINA MISSION WORK

Rev. Alex. and Mrs. Saunders Give Addresses on 25 Years' Labors.

The story of the gradual growth of Christianity in China, was told last night at the Bible Training School when Rev. Alex. and Mrs. Saunders, for 25 years missionaries in that foreign country, delivered addresses. The meeting was held in the interest of the China Inland Mission, and the hall was practically filled by interested listeners.

The China Inland Mission, which is interdenominational, was established 47 years ago by Dr. J. Hudson Taylor. It was explained that no appeal was made for financial assistance, the workers seeking everything thru prayer and devotion to God.

In a very interesting address, Rev. Mr. Saunders gave an idea of the marvelous advancement of the Christian belief among the natives. He said that there were now 1015 missionaries of the China Inland Mission in the field who were assisted in their crusade by 2174 converted natives. There are now 1092 stations and outstations in 15 of the 18 provinces. The total number of baptized natives from the commencement was 38,490. Both speakers gave illustrations to show the sincerity of the Chinese Christians.

LAW ENFORCEMENT

Moral Reform Board Discussed Present Situation in Toronto.

A private meeting of the Moral Reform Board was held yesterday to consider the present situation in Toronto. It was decided to have the executive prepare a plan of campaign to secure a more aggressive administration of the police morality department should a conference with the police commissioners by the official representations of the board render such action necessary.

Ward Seven

The first fall meeting of the Ward Seven Ratepayers' Association was held last night in the new Annette Street School. President Laing occupied the chair, and there was a record attendance. The principal business under discussion was the street railway situation in West Toronto. A motion was put by E. B. Rice that the council be requested to purchase the franchise of the Toronto Suburban Railway Company, avenue Mrs. Grogan has reached the remarkable age of 85 and is still healthy and retains the use of all her faculties.

FAVOR PURCHASE OF EAST END PROPERTY

Board of Control Was Instructed to Introduce a Bylaw to Buy Glen Stewart From Senator Cox for \$600,000, and in Meantime Property Will Be Inspected.

Ald. Wanless' motion that the board of control be instructed to introduce a bylaw to authorize the purchase of the Glen Stewart property for the sum of \$600,000 produced a lengthy debate at the meeting of the city council yesterday, but in the end it was carried on the understanding that in the meantime the members should go out and inspect the property.

It was argued that this was a hasty step, but Ald. Wanless declared that the city must act at once to secure the property. The price, he claimed, was a fair one since expert real estate men had placed a valuation on the property of \$750,000. His motion, he said, did not tie the hands of the council. It merely empowered the board to introduce the bylaw and the members might defeat the whole matter at the next meeting.

An Ideal Park.

Ald. Yeomans said the price was only \$8000 an acre, and land one mile outside the city limits had sold for \$10,000 an acre. The property would make an ideal park, and in justice to the residents of the east end who had not received their share of the park area, he contended that the land should be secured.

After considerable further discussion had followed the motion carried practically unanimously.

SAID FAREWELL TO MISSIONARY

Congregation of Trinity Church Held Reception for Rev. L. A. Dixon, Their Rector's Son.

Historic old Trinity parish hall yesterday afternoon witnessed a most enthusiastic assembly that gathered there last night to bid good-bye to their esteemed rector's son, who is leaving for the foreign mission field. Addresses of congratulation and sympathy with the family and the congregation were given by Bishop Sweeney, Bishop Reeve, Canon O'Meara, Rev. A. Abraham of South India and George A. Warburton of the M.C.A. J. Chambers, church-woman president.

An illuminated address and purse of gold from the congregation was presented by Canon O'Meara.

Rev. L. A. Dixon said the call to the foreign field was too insistent to be refused. He said that his acceptance of it to be regarded as an extension of the work of Trinity rather than a severance of its ties.

Canon Dixon expressed thanks for the words of sympathy extended to him, and said that his family and the congregation were given by Mrs. Dixon, his wife, and his family in their son's going to the foreign work. He asked for greater co-operation in the work of the parish now that his greatest help was going away. He said that his family and the congregation were given by Mrs. Dixon, his wife, and his family in their son's going to the foreign work.

The young missionary designate shook hands with hundreds of those present after the address.

HOSPITALS MUST HAVE LICENSES

All Private Institutions Now Required to Supply Government With All Information.

A fine of \$25 per day will be the penalty imposed on all private hospitals in the province which have not applications for licenses in the hands of the provincial secretary, Hon. W. J. Hanna, by tonight. Under the new hospital act passed at the last session of the legislature, which comes into force today, applications from each private hospital for a license must contain statutory declarations of every detail in connection with the institution, such as financial conditions, number of patients, fire protection and so forth. No license is granted unless the hospital is approved by a government inspector.

The Electric Percolator provides the experience

You can appreciate just what an Electric Percolator means when you realize that it puts you on equal terms with the practised chef, whose coffee is alike the delight and despair of the housewife. You need envy him his skill no longer, but may make and enjoy coffee every whit as good as his. "The experience is all in the Percolator." Just put in the coffee and water, then turn the button. No eggs or straining of coffee required because the liquid coffee never comes in contact with the grounds.

The Electric Percolator is finished in nickel, copper, silver or gold with monogram, rest or design to suit purchaser. In three sizes. Prices start at \$8.50. Both handsome and practical as wedding or birthday gifts. Come and see the Percolator at our demonstration counter, or phone the Comfort Number.

FAIL TO ENMESH TEDDY IN NET

No Evidence to Show He Solicited Contributions From the Late E. H. Harriman.

WASHINGTON, Sept. 30. (Can. Press.)—All the correspondence between President Roosevelt and the late E. H. Harriman, covering the period from Mr. Roosevelt's succession to the office in 1901 until Mr. Harriman's differences with him in 1908, was placed in evidence today before the senate committee investigating campaign expenditures.

Out of the scores of letters covering every subject from exhibits of Indian pictures to the appointment of federal judges and territorial governors in Arizona, the senate committee was unable to secure little new light bearing upon the subject of campaign contributions or the disputed question of whether or not President Roosevelt had specifically asked Mr. Harriman in 1904 to raise a fund of \$240,000 for the aid of his campaign.

C. C. Taggert, now agent for the Harriman estate, and former private secretary to Mr. Harriman, and Chas. A. Peabody, president of the Mutual Life Insurance Co., and personal attorney for Mrs. Harriman in the administration of the estate, both testified that Mr. Harriman had told them the raising of the big campaign fund had been undertaken at President Roosevelt's request, a statement which Mr. Harriman made before his death, but which was denied by President Roosevelt.

Produced Old Letter.

Aside from the file of letters given the committee, no documentary evidence was offered, however, and out of the many letters, none was produced except that written by Mr. Harriman to Sidney Webster, January 2, 1906, that in any way bore upon the charge that President Roosevelt had asked the railroad man to raise funds.

The Webster letter, made public by Mr. Harriman himself during the controversy with President Roosevelt over the fund, intimated that Mr. Harriman had been asked by the president to raise the fund; and that it had been the understanding among financial men to whom he appealed that Senator Depew was to be given an ambassadorship to France.

Earlier in the day when the committee opened its hearings, Cornelius N. Bliss, jr., produced three letters which he claimed were the only ones bearing on campaign matters that had been left by his father, the late treasurer of the Republican National Committee in 1904. He admitted he had destroyed many of his father's letters, but said they were not connected with campaign affairs.

Toronto "Meds" Go to McGill

MONTREAL, Sept. 30.—The most notable feature about the registration of students for the re-opening of McGill University is the large number of Toronto University men transferring their allegiance to McGill. Already nine students from Varsity have arrived and they are all entering third or fourth year medicine.

The only explanation they give is that they think the course is more thorough than the Toronto course, but the reported trouble in the medical faculty at Toronto last fall, over the question of clinics, for which the students were to be charged extra, is recalled.

The PRIZE WINNER.

The lucky number guessing competition at the exhibit of the Invinible Renovator Manufacturing Co., Limited, at the Canadian National Exhibition was won by Mr. R. J. Kemble, 885 Broadview avenue, Toronto. The lucky number being 88111, his guess was 88-201. The prize was a beautifully finished Invinible 2-stage "Junior" portable electric cleaner, with complete fitting, valued at \$150, manufactured by the Invinible Renovator Manufacturing Company, Limited, of 81 Peter street, Toronto.

ALDERMEN DENY TAKING BRIBES

Seven Members of Detroit City Council Firmly Refute Evidence of Former Clerk Schreiter.

DETROIT, Sept. 30.—(Can. Press.)—Testifying in their own behalf at the preliminary hearing today, seven of the seventeen Detroit aldermen charged with conspiracy, denied the testimony of their co-defendant, Edward Schreiter, former council clerk, that they had accepted or promised to accept bribes from a detective, believing at the time that the money had been offered them as payment for alleged councilmanic favors to be tendered the Washburn Railroad.

Their evidence completed the hearing, Justice Jeffries announced he will make public his decision Friday. The aldermen who took this stand

Illustrated Bible

Our big Bible Shipment has arrived and we are all ready to present to each of our readers one of these handsome Bibles— Illustrated as never before attempted

--in exchange for six free certificates of consecutive dates and the amount expense items as stated under the Illustrated Bible Educational Certificate printed daily on another page.

It is possible to embellish a book without actually illustrating it. This Bible is not merely embellished; it is truly and accurately illustrated. Some Bibles contain pictures; but there is none in which the individual texts are actually illuminated, as though by the touch of inspiration. Comparison is impossible, for our new Bible stands alone—there is no other of its kind. Therefore, praise of this superb new book means no disparagement of the many excellent editions published heretofore.

600 Text Illustrations---16 Colored Plates

This Bible is not a mere picture book. It is a genuine high-art production, worthy of the Twentieth Century. In addition to the world-famed Tissot pictures in color, there are 600 illustrations, all exact copies of original paintings and drawings, which constitute the most wonderful gallery of Scriptural art in existence today. To this branch of the work, and at enormous cost, and to their masterly skill in the portrayal of Bible scenes that the superiority of this Bible over any yet produced is mainly due. Every picture is an eloquent sermon on these everlasting truths.

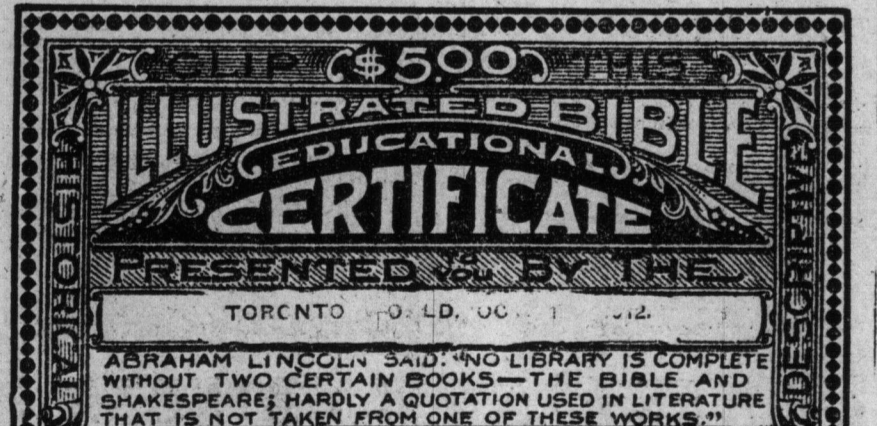

Either of the Bibles Offered Will Be Mailed to Any Address for the 6 Free Certificates, the Amount Set Opposite the Style Selected and 25c Extra for Postage.

It matters not how many Bibles you may now have, you will also need this ILLUSTRATED BIBLE, which illuminates—i.e., "throws light upon"—the particular text selected for illustration, and is beyond doubt the most beautiful edition of the Bible ever published.

Magnificent Illustrated Edition \$5 of the Bible

Amount Expense Items \$1.18

The \$5 Illustrated Bible is exactly the same as the \$5 book, except in the style of binding, which is in silk cloth; contains all of the illustrations and maps. Six consecutive free certificates and the amount expense items. Also an Edition for Catholics. Through an exclusive arrangement we have been most fortunate in securing the Catholic Bible, Douay Version, endorsed by Cardinal Gibbons and Archbishop (now Cardinal) Foley, as well as by the various Archbishops of the country. The illustrations consist of the full-page plates and maps approved by the Church, without the Tissot and text pictures. It will be distributed in the same bindings as the Protestant books, and at the same Amount Expense Items, with the necessary Free Certificates. Any Book by Mail, 25c Extra for Postage.

The above Certificate with five others of consecutive dates Entitles bearer to this \$5.00 Illustrated Bible

MAGNIFICENT ILLUSTRATED \$5 Edition of the Bible. (like illustration in announcements from day to day) is bound in full flexible limp leather, with overlapping covers and title stamped in gold, with numerous full-page plates in color from the world famous Tissot collection, together with six hundred superb pictures graphically illustrating and making plain the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized edition, is self-pronouncing, with copious marginal references, maps and helps; printed on thin, beautiful paper, flat opening at all pages; beautiful, readable type. Six Consecutive Free Certificates and the amount expense items.

Here to Trace Errant Husbands

OTTAWA, Sept. 30.—Sir George McRae, chairman of the local government board of Scotland, arrived in Ottawa today. He is touring Canada looking into cases where old Canadian men have deserted their wives and come to this country. There are said to be thousands of such cases in the Dominion. He wishes to further an arrangement between Canada and Scotland by which husbands may be deported, or failing that, that they should contribute to the support of their spouses.

Another Improvement in the Grand Trunk Train Service.

To meet the demand of the travelling public for fast service the Grand Trunk Railway has shortened up the schedule of the "International Limited" between Toronto and Detroit by 25 minutes. This train now arrives at Detroit 9:35 p.m. instead of 10:20 p.m., as heretofore. This train carries up-to-date coaches and parlor car Toronto to Detroit, also dining car Toronto to London. Remember the Grand Trunk is the only double track route. Full particulars, tickets, etc., at City Ticket Office, northwest corner King and Yonge streets, Phone Main 4209.

ROOSEVELT IN THE SOUTH

Great consequences may flow from the recent visit of Theodore Roosevelt to the Southern States; indeed, among other possibilities within reach of this wonderful man is the unification of North and South in a new birth of Nationalism.

Mr. Taft declares this way of doing business to be unbusinesslike, and would have congress know what revenues are available and would have expenditures kept within them.

Mr. Taft declares this way of doing business to be unbusinesslike, and would have congress know what revenues are available and would have expenditures kept within them.

True Roosevelt shows himself to be a statesman. He not only points the way to a new south, but also to a new north. Under his leadership and only under his leadership can the United States become in the true sense of the word a nation.

CHINA'S FINANCIAL NEEDS

Altho the public are reported not to have responded fully to the invitation to participate in the independent Chinese loan, the probability is that it will ultimately be absorbed.

CANADA'S BIG TRADE

OTTAWA, Sept. 30.—The first four months of the current fiscal year show an increase of nearly eighty million dollars in Canada's trade.

Government for the protection of prospective purchasers of the bonds. These conditions provided that the purpose of the loan should be stated and approved by the groups; that China should adopt a system of audit securing effective and proper expenditure of the funds and that the salt taxes to be hypothecated in security should be administered under foreign direction.

After protracted discussion, during which the groups advanced about \$9,000,000 to meet the pressing needs of the Chinese Government, it finally declined to accept the conditions of the loan, not on account of the financial terms, but because of the safeguards required to ensure the proper appropriation of the loan funds and of the tax pledged in security.

WANTED, A BUDGET

President Taft has directed the secretary of the treasury to submit to congress at the opening of the session, an estimate of the country's receipts and expenditures for the coming year.

SIR JAMES ONCE MORE DEFENDS LETCH

Once more Sir James Whitney comes to the defence of Chairman Letch of the Ontario Railway and Municipal Board. The premier has further investigated the alleged interview of Mr. Letch to a News reporter, in which it was stated that he said that the cases before the board were none of the public's business.

Mr. Letch, a clean state. The following is his statement: "With reference to the attack on the chairman of the railway commission by a reporter, I have taken the trouble to enquire into the matter. Of course, no person who knows Mr. Letch will believe that he used language such as was imputed to him. I did not intend to take any further notice of this matter, but when the most prominent position in the columns of a reputable journal is used for the purpose of making a wicked attack upon a public official of high standing, I thought it my duty to enquire into it further.

STEEL INDUSTRY FOR WELAND

Tariff Wall Causes Pittsburgh Capitalists to Establish Branch Works on Canadian Soil.

Ontario is to secure another large American industry for which the tariff causing United States firms to locate branch industries in Canada can be given the credit. This will be a large steel works with Pittsburgh capitalists behind it, which is to be located at Welland.

The initial capital to be invested in the works will be about two hundred thousand dollars, and it is the intention of those behind the undertaking to make it one of the greatest of its kind in the Dominion. The men identified with the project are also closely connected with the great iron works at Pittsburg.

ESTATE IS OVER HALF A MILLION

Late R. A. Smith, Financier, Who Was Killed by a Motor Car, Left All to Relatives.

The will of the late Robert A. Smith, financier and member of the House of Commons, who met a tragic death last July in the motor car accident, was returned from Jamaica yesterday afternoon, after being in court for several days, his largest being in common shares in which he had at some time served as a director.

The will is dated July 14, 1906, and appoints as executor his wife, Mrs. Eliza Smith, Mr. F. Gordon Oler, and Henry James Wright.

To each of his sisters, Jeanie, Elsie, Lizzie, Minnie and Joan he bequeaths \$1000, and a like sum to his brothers, David and John. To his sister, Jessie, \$1000 per annum, to his wife's sister, Margaret Thomson, \$1000 per annum during her life, and \$500 per annum to each of his nieces after their deaths.

Provision is made that the sum of \$10,000 be withdrawn from his capital account in the firm of Oler and Hammond, and a further withdrawal a year later of a certain sum after leaving \$15,000 in the business, which amount is to be withdrawn five years later.

All the residue of the estate is to be held by the trustees for the two children and on their attaining their majority, half the sum and benefits allotted them shall be turned over, and the balance carried on until the children are 25 years of age. In the event of either dying, the other receives a double share.

SOCIETY

Cal. the Hon. J. S. Hendrie and Mrs. Hendrie have sailed from Montreal for Glasgow.

A marriage has been arranged between Miss Dorothy Iona Campbell and Mr. Jack Vanderhorst Hurd of Pittsburg, U.S.A.

Mrs. Ogden Jones of Carlton street is giving a dance on Nov. 3 to introduce her daughter.

A delightful entertainment was given last night in honor of Miss Kitty Gordon by Dr. L. F. Fartin, who at the same time presented Miss Gordon with a handsome necklace, pendant and brooch of selected Persian turquoise in antique setting, and enclosed in a plush case bearing her monogram in gold on the cover. Box party took place at the Princess, followed by supper at the Prince George, where the table was centered with a mirror, plateau and basket of roses and gladioli with smaller vases of the same flowers, each lady present receiving a bouquet of roses, lily of the valley and violets, the menu being in booklet form, bearing a copy of Miss Gordon's latest photograph. Miss Gordon was looking radiant in a gown especially designed for her by "Lacile", composed of smoke gray chiffon, touched with green and gold, some magnificent diamonds and a diamond band set surrounded by a black opal. Over the gown the wrap of oriental blue and white, lined with flame-color d satin and embroidered in gold. The guests at the party were Mrs. Archibald Buesford, Mr. and Mrs. Archibald Buesford, Miss Gladys Huesford, Dr. and Mrs. G. A. Elliott, Mr. and Mrs. Coombs of New York, Miss Marjorie Dore of London, Eng., Mrs. Burritt, Mr. and Mrs. B. H. Hax, Miss Madeline Barber, Mr. and Mrs. C. White, Mr. B. J. Bartram, Mr. E. P. The Nursery

Doing Things for Children

A great deal is being said and written just now about doing too much for children, both at home and at school. The cry now is that children are being made helpless and dependent because adults are taking upon themselves the burden that should fall to the shares of children. Evidently the reason why our public schools are not the success they should be, is because so much is done for the child that he is quite unable to think or decide for himself. Consequently he becomes a weakling in character, or one who works against a handicap of late development.

There is not an hour of the day when the mother of small and often big-children does not have numberless requests made of her by the little folks. Some of the requests are reasonable and properly timed; others are not at all reasonable and are most inopportune. Some of the requests may find the mother able to grant them, others cannot be granted at all, or perhaps not at that particular time. If it is not best for the child or contrary to his best interests, there should be granted, make the child understand the situation. If you are too busy at the time to explain the explanation, give an answer as possible, and both mother and child will be happier. It is a deplorable fact that many boys feel that "mother or dad always refuses them things just because." There are selfish children who think that their affairs come first, and these can be very troublesome with their incessant asking. They are children who have not been trained in the matter of asking things to be done for them. Children can be made to see that they should not interrupt heedlessly, that others have rights, and that everything cannot be stopped in order to satisfy their demands. If a child is taught consideration by his mother, and if the mother is considerate and reasonable in all things, the foundation is laid for consideration on the child's part that will give a note to its entire life.

Seasonable Recipes

Fried Green Tomatoes. Slice two or three green tomatoes very thin and salt with water half an hour. Drain, and dip each slice in egg, then in flour. Fry crisp and brown in equal parts of lard and butter. Salt and pepper to taste, and serve on hot plate.

Beef Loaf With Tomato-Celery Sauce. Three pounds of beef from jaw or round and a piece of suet, the size of a lemon, ground twice; 2 small onions chopped fine, 2 tablespoonsful of parsley chopped fine, 24 cupful of milk, 4 eggs, 8 soda crackers rolled into fine crumbs, 1 tablespoonful of salt, cayenne to taste.

Mix all ingredients well together and pack firmly into a greased, square bread-pan. Turn upside down into a greased baking or roasting pan and bake in a moderately quick oven one hour. By leaving it in the square tin, the meat retains all its moisture and the loaf avoids having a thick crust. Cut in thin slices and serve with tomato-celery sauce.

For the sauce, take 12 large ripe tomatoes; 4 ripe or 3 green peppers; 2 onions; 3 large heads of celery; 2 tablespoonsful of salt; 2 tablespoonsful of sugar and 2 cupfuls of vinegar. Peel the tomatoes and onions and chop separately very fine. Add other ingredients and boil one and one-half hours. If you like it hotter, add cayenne, or one or two hot peppers, according to taste. Put away in relish-bottles or jars well sealed.

CELEBRATED HER NINETY-THIRD BIRTHDAY. GALT, Sept. 30.—On the last lap toward the century mark on life's highway, Mrs. Andrew Elliott, West Main street, south, reached the 93rd milestone and joyfully celebrated the event by holding a reception for a number of intimate friends. Mrs. Elliott, one of the oldest residents, is still well in body and mind, has a clear understanding and keeps up a lively interest in events of the day. She is a native of the County, Londonderry, Ireland.

IF THIS IS YOUR BIRTHDAY. You may be tempted to waste time and money in foolish ways, but at this time especially you should act with a view to saving. If you are a saver, you will not be overlooked. You will have too many friends for their ultimate good. They are capable of high attainment if guided, and to some extent controlled by those of a more practical mind.

BISPHAM SINGS THURSDAY NIGHT

Popular Baritone Will Be Heard in Excellent Program at Massey Hall Day After Tomorrow.

Few artists before the public today enjoy the popularity of David Bispham, who sings in Massey Hall Thursday night. He made his debut in the role of "Wolfram" in the Royal English Opera in 1881, and since that time has been kept constantly before the public through his achievements. Covent Garden and the Metropolitan Opera House have alike been the scenes of his triumphs, which have been repeated in concert. The opera founded on Goldsmith's "Vicar of Wakefield" was written for him. "A smile like the sunshine and a wholesome handshake" most impressed a Chicago reporter, who interviewed

AT THE THEATRES

"The Enchantress" Interesting Play At the Alexandra

Beautiful Kitty Gordon at the Princess in a Gorgeous Production. A Success.

Kitty Gordon, the handsomest woman on the American stage, as leading lady in Victor Herbert's comic opera, "The Enchantress," opened a week's engagement at the Princess Theatre last night and scored another triumph before a capacity house. "The Enchantress" with the same Kitty Gordon has been here before, but judging by the appreciation last night has lost none of its old-time charm or favor. Probably no other production on the stage represents such an enormous expenditure. The scenery alone is magnificent, especially in the first act, where the royal palace of Zerkova is produced. And the costumes worn by every female member of the cast and chorus are simply gorgeous. On the whole the aesthetic side has received greater attention than usual in productions put on at local houses. Kitty Gordon wears magnificent gowns and a fortune in jewels, and such that the stage's most beautiful actress, were certainly a synonym for all eyes from curtain to curtain. Kitty Gordon is a great display, and practically all the members of a well-balanced company. Ralph Riggs and William H. Hays, who are well known by their acrobatic dancing, they fitted about the stage with the grace and agility of gazelles.

The dramatic development of the main theme with the aid of four principal figures—Robert Stafford, a self-made millionaire, Virginia Blaine, who earns \$10 a week as a telephone girl and with whom he is in love, her sister Fanny, and James Gilley, a shipping clerk, with a weekly wage of \$14 and Fanny's fiancé. The keynote is struck in the opening scene, when Stafford, who is a well-to-do Virginia, her sister and Gilley. There is nothing sentimental about Stafford's wooing. He is forty-seven years old and not romantic, but he wants to be near her, to be tender to her, to look after and guard her and shield her from trouble and harm. If that is love, then he is in love. Virginia is under no illusion—she does not love him, although she loves no other man and at last accepts. In the second act, third acts two years have elapsed. Virginia is married and her sister and brother-in-law have risen with her. He is now a millionaire, and she is a well-to-do woman from kindness than desert. But Stafford has provided his wife, who now loves him, with her marital problems. Occasionally he drinks too much whiskey, as she confides to her sister. Soon afterwards he enters the boudoir of one of these perverse moods, insults his brother-in-law, and when his wife refuses to drink champagne with him, first tolerates and then repulses his caresses and finally runs off bolting her head against the door. Her sister, who remains behind her, breaks the door open, opens the door and follows her. Next morning she is resolved to leave him unless he promises that he will never drink again and she will retain her self-respect. He refuses to do so, and she finds out what he really has in mind. Three months have passed when the last act opens. Gilley has lost his post and regretting this takes it upon himself to restore his fortunes by telephoning to his brother-in-law, who wants him to come for her. Before Stafford arrives Virginia confesses that she has been sorely tempted to send for her husband, but she has not sacrificed what she holds to be her principles. Not knowing the call of Gilley she joyfully welcomes what she thinks is Stafford's surrender, but she soon finds out what he really has in mind. Three months have passed when the last act opens. Billy B. Van Scores In "A Lucky Hoodoo"

Clever Little Comedian and Big Company of Fun Makers at the Grand.

Billy B. Van, the clever little comedian, opened at the Grand last night in his laughable musical comedy, "A Lucky Hoodoo," and was greeted by a large audience, who by the enthusiastic manner in which the several musical numbers were received, thoroughly enjoyed the performance. Everybody who retained their seats for the first act, opened the door and follows her. Next morning she is resolved to leave him unless he promises that he will never drink again and she will retain her self-respect. He refuses to do so, and she finds out what he really has in mind. Al Reeves Returns With Beauty Show

Old Toronto Boy and Good Company Warmly Welcomed at the Gaiety.

"Give me credit, boys," has again appeared in Toronto with his Beauty Show. Those who are new converts to the Gaiety probably do not know that the old Toronto boy, Al Reeves, is the man who has made burlesque famous with his songs. Not so many years ago Al perched with a fine production, upon the "gods" at the local houses. But now for several seasons past he has appeared with a fine production, at the Gaiety Theatre. For this show none but comely girls have been selected, and Al sings his song, "The Right Idea," and as usual brings down the house. Andy Lewis is still the chief funmaker. He is there forty ways and then some. The four dancing girls are fine, with a fine production, handles the "forties" to great advantage, so that the audience asks for more ragtime on the piano.

Zallah's Company Gives Good Show

Star Theatre Patrons Are Given Excellent Burlesque This Week.

Any patron of burlesque who does not attend the Star Theatre this week misses something. That something is Zallah's Own Company. It represents the highest quality of burlesque; it is indicative of the class of entertainment that the management of the Star has spent so much money on to bring to a Toronto audience. When the theatrical season first opened, or to be more explicit, when the Star Stock Company concluded its long run, the owners announced that the show staged during the season would be the last word in good clean burlesque. And they filled this promise. To those who have attended week after week, there is no doubt that they have. Of course some of the shows have not been as good as others, but that could not be helped. Taken on the average the professional sense seen thus far at the Star have been excellent by any standard. That is why the patron can count on getting his money's worth at this theatre. Zallah's Own Company is well worth seeing.

WOMEN TEACHERS OPPOSE SUFFRAGE

LONDON, Sept. 30.—A referendum of the London Teachers' Association, regarding women's suffrage, shows two thousand for, ten thousand against the suffrage. Another militant campaign is threatened here.

There is nothing new in the plot, it being the usual love story, where the romantic or athletic hero is usually prepared to renounce his right to his throne in order to facilitate his marriage with a beautiful singer, but the first act of the play is a gem.

IMMIGRATION AT HIGH TIDE

In Five Months, 242,000 Arrived, Including 79,000 From U. S. — Gain 14 Per Cent.

OTTAWA, Sept. 30.—(Can. Press).—During the five months, April 1 to Sept. 1 of the current fiscal year, 242,000 immigrants arrived in Canada. Of this number, 183,000 arrived at ocean ports and 59,000 from the United States. These figures show an increase of 14 per cent as compared with the number of arrivals for the corresponding months of last fiscal year, which were 141,921 at ocean ports and 71,883 from the United States, making a total for the five months, April 1 to Sept. 1, 1911, of 213,804 persons. During the month of August this year there were 23,871 arrivals, 13,111 of them having been at ocean ports and 10,760 from the United States, as against 30,115 for August last year, 18,095 of whom were at ocean ports and 12,020 from the States. The magnitude of immigration to this country may perhaps be better realized by saying that for the five months mentioned the figures approximately correspond with the united populations of Winnipeg and Vancouver, according to last year's census, gives a total of 236,458.

FIGHTING HARD TO DEFEAT DIX

Democratic State Convention at Syracuse Will Be Lively

Both Forces Active.

SYRACUSE, N.Y., Sept. 30.—(Can. Press).—The night before the Democratic state convention found a sharply divided issue over the renomination of Gov. Dix. All day long the opponents of the governor massed their forces behind the renomination of Leader Charles F. Murphy of Tampany to urge him to withdraw his support from the governor. When night came they claimed to have won a victory. They asserted that the victory would not be renominated, and that the availability of other candidates was being considered. Justice William C. Dowling of New York and Congressman Wm. Sulzer were said to be the leading candidates in opposition to Dix. The forces fighting for Gov. Dix were making no less active than the forces making the struggle against him. Leaders of the Dix movement laid among arriving delegates and urged their support of the governor. Nominations for the state ticket are not expected until Thursday.

RADIAL TO USE HYDRO

Receiver of Grand Valley Line Announces New Policy.

BRANTFORD, Ont., Sept. 30.—(Can. Press).—Announcement was made here by the receiver of the Grand Valley Railway Co., E. B. Stockdale, that the company will start immediately a night freight service between Galt, Paris and Brantford, with cars especially adapted to such use. Hydro-electric power will be used as soon as the arrangements can be made for the same at the Galt end. It is also announced that the Brantford system will be improved in its track bed and equipment.

VARSITY REGISTRATION

President Falconer Will Speak to Students This Afternoon.

Today is the grand opening of the academic year at the University of Toronto. President Dr. R. A. Falconer will deliver his address to the body of students at 8 o'clock. Today is also the last chance students have for enrollment, those failing to do so having to make application to the council of their faculty for permission to register. For several hours yesterday the corridors leading to the registration booth were crowded with students, many of whom are experiencing their first thrill of university life. The number of students this year will be larger than on previous terms. Every department has an increase in enrollment, except medicine, there having been a falling off on account of the inauguration of the five year term.

The Warning of Winter's Coming

The tang of Autumn sends the blood coursing more warmly through your veins, and sunny days dispel the chill of the waning year, but the call for heavier clothing is just as possible as if snow were falling. The weeks before Winter sets in are few, and going fast. We have been preparing liberally for Fall business by securing splendid English and Scotch cloths, as well as a host of splendid Suits and Overcoats that we can sell at prices far lower than the qualities would seem to warrant.

The \$15.00 Fall Suits For Men

Fifteen Dollars is a Popular Price With Men for a Fall Suit, hence our stock at that price supplies every color and design that you could desire; plain blue, plain black, fancy new worsteds and tweeds, fancy brown worsted and tweed, with excellent linings and tailoring by experts. Price 15.00
