"Old Men Should Be Hit With Club and Mercifully Killed," Writes Dr. Jewett.

LOS ANGELES, Cal., Aug. 27.—Rev. Dr. Edward H. Jewett, for fifteen years professor of pastoral theology in the General Theological Seminary in New Yerk, committed suicide yesterday by outting his throat.

Dr. Jewett was seventy-eight years

old, and was living with his son-in-law, the Rev. Angus M. Porter, rector of the Episcopal church at Redlands.

The act was committed at Manbat'an Beach, eighteen miles from this city, and was witnessed by a thousand persons many of them obligations. sons, many of them children playing along the beach.

Dr. Jewett was much impressed by the so-called Osler theory and frequent-

ly remarked: "I think that some way should be found out of an unbearable existence for old people who have outlived their usefulness. I think it should be provided that old men should be hit over the head with a club and mercifully killed." He had suffered for several years from chronic rheumatism.

SUNDAY IN MONTREAL

Royals' Franchise May Be Transferred to Hamilton -- Baseball and General Notes.

The Eastern League season will probaply close in Montreal next Sunday, with the appearance of the Toronto Club. Rochester is scheduled to play there Sept. 8, 9 and 10, but it is expected that these games will be transferred to Rochester. With racing in Montreal as opposition, it would be a losing proposition financially for the club to jump back from Toronto for one series, particularly owing to the Royals' low position in the race. Toronto plays in Montreal on Friday, Saturday and Sunday, with double-headers Saturday and Sunday. There is now talk of transferring the Montreal franchise to Hamilton.

Cornwall Are Confident. CORNWALL, Aug. 27.—So far not a word has been heard from the Shamrocks regarding officials for Saturday's game here, but little trouble is expected on this score, as Cornwall is fully as anxious as the visitors can be to have strict and impartial men in control of this very important game. The Cornwalls had over an hour's hard work in the sun this afternoon. A full team was present, and they traveled at a pace that should spell victory on Saturday. The players them-J. McKee... ...12 F. Harness Horse Gossip.

Seyeral horses that raced at the grant circuit meeting in Buffalo jumped back to the Lake Eric circuit last week, over the half-mile track at Bradford.

The ex-puglist, Tom Sharkey, had enough of high society with his trotter Lily Stranger, and started her in the 2.18 trot at Bradford, which she won. Mattle Chimes won the 2.13 pace. Hester Schuyler won a couple of heats and second money in the 2.20 trot.

Hal R., Rey del Diablo and Billy Foster finished first, second and fourth, respectively, in the 2.09 pace. Harness Horse Gossip

by Groves and Ivor of Seaforth, won the 2.13 pace at Bradford, Pa., last week, in straight heats. Time, 2.10%, 2.12, 2.11%. The time of the first heat reduces her record by two seconds.

E. M. Stewart of Guelph has sold the black stallion Owen Gallagher (2:18%), by Simon, to P. J. Brennan of Braddock Pa. Brennan started the horse in the 2:18 class at Utica, N.Y. last week, but ninth in a field of ten was the best he could do.

The bay mare Lil Bars, that had a trotting record of 2.12%, was started against her record by her trainer and driver, Dan McEwen, at Readville, and she succeed in reducing it a full second. She ceeded in reducing it a full second. She is by W. C. Kidd's good sire, Monbars (2.11%).

sire of Gallagher (2.03%), by Royal Rysdyk, sire of Gallagher (2.03%), etc.; started in the Norfolk Pacing Stake at Readville last week, but did not fare as well as the other Canuck pacer, Darkey Hal, who finished third. Sam Rysdyk is in the stable of Fred Tracey of Eganville.

Perfect Manhood

Our "Restorine")
CURES are The TEST. Noate Ray, Osta, July 31st, 1902.

Deer Sir: — Have finshed taking your 30 days treatment, and am in every way improved. I weigh 20 lbs. more, and am much stronger, and my nerves are very snuch better.

Yours sincerely. E. R. Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restortine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine swakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (11)

Drugs destroy, tear down, because they contain poison instead of nourishment. Of course, poison will ease pain. Why? Because it paralyzes the nerves. The nerves are deli-cate wires that enable you to feel pain. If you poison your nerves with drugs you can't feel the pain until the stupor wears off. Then the pain comes back and you have to repeat the dose until Nature removes cause of the pain.

Purse, \$300.

On account of the continued rain early in the morning, the track was not in good shape, as the footing was sucky, making fast time out of the question. However, considering the unfavorable weather, Superintendent James Coulter had the track so that it was fit to race over by 3 o'clock.

Of the several entries, but three started for the \$300 purse, and Burns & Sheppard's good trotter, The General, was an easy winner in straight heats. There was not much to the race, as The General outclassed the other two. Following is the summary:

THE WORLD'S GREATEST ANNUAL FAIR IS IN FULL SWING TO-DAY

Address to Earl Grey

President W. K. George Recapitulates the Growth of the Great Fair and the Attractions it Presents.

It is indeed a pleasure to welcome you all to this the 29th official opening of the Toronto Industrial Exhibition, because altho of late years the exhibition has been known as "The Canadian National Exhibition," yet the legal title of the body corporate which controls the destinies of the exhibition is still the Industrial Exhibition Association of Toronto.

I trust, however, that you will agree with me in thinking that the board did wisely, in adopting, for general use, an appellation of the broader significance and less local character, when you consider how widely representative of Canada's splendid proable possibilities, this exhibition has

of late years become.

I trust that you will further agree with me in thinking that the pride which the directors have in opening to your inspection the present exhibition is of a pardonable nature.
Situated in beautiful grounds, with

a location unsurpassed, I believe, by any place in the world for exhibition purposes, on the shores of blue Ontario, we now have to present to you a concourse of splendid buildings, vicing in character and in the exhibits which they contain with many of the great world's fairs.

Excelsior, your excellency, has truly been the motto of the board, and each and every year of late has wited a marked advance over its

While the exhibition is, your excellency, so far as its development and maintenance go, a purely Toronto un-dertaking, yet the aim of the directors has ever been to make it in its scope and in its representative character broadly Canadian, and every phrase of Canadian life, whether agricultural, industrial, or artistic, is catered to. Here the agriculturist can learn much which will be of inestimable value to him; here the artisan can see what is being produced, not only in his own, but in other lines, and drawn together from the leading gal-leries of Great Britain and Canada some of the most beautiful produc-tions of some of our greatest modern painters, as well as a splendid collection of historical portraits of great interest to Canadians.

We have brought to the very doors of citizens of Toronto, at least, and within easy reach of many other Canadians, a collection of beautiful pictures such as under ordinary circumstances they would have to travel thousands of miles to enjoy thousands of miles to enjoy.

And just here I would like, on behalf of our association, to express our deep sense of gratitude to the galleries and private owners who have been so good as to loan us these valu-

works of art. And I would like, at the same time to publicly express our thanks to Mr. A. G. Temple of the Guild Hall, London, England, for the great trouble which he takes on our behalf in selecting and forwarding to us the pictures from Great Britain.

To sum it all up, we believe that this year we can offer to our visitors beautiful grounds, splendid buildings. attractive exhibits, and amusement of a clean and entertaining charac-

As an annual institution this exhibition was founded in the year 1878, opening ceremonies of which the then governor-general, the everkindly-remembered Marquis of Dufferin, performed the duties which your to perform. As an evidence of the growth of the exhibition we might state that in the year above mentioned the attendance was in the neighborhood of 120,000. You have, also, by your confidence end trust in our people, and by your en-thusiastic belief in the future of our country, endeared yourself to all Canadians to a marked degree. In return, your excellency, we can but render to you, and to your gracious consort, Her Excellency Lady Grey, and to all the members of your family our sincerest good wishes, coupled with the fervent hope that you may long be spared to them and to furserve as one of the chiefs in the great squadron of state.

On the contrary, the governor added greatly to his popularity by mak-

blended together. You would take to him as a sturdy, cultured and

sincere gentleman and statesman. He is tall and spare, quite fresh,

and of a cheerful countenance. He speaks well, and when fully pre-

FARMERS PLOW UP GOAL BUT WHY IS IT THERE?

Mystery in the Presence of a "Bed" of Anthracite, Near Pontypool.

For years some farmers in the vicinity of Pontypool, 70 miles east of Toronto, have been plowing up coal, of a good hard variety.

Believing that this indicated a valuable

Believing that this indicated a valuable deposit, J. H. Duthie of this city was invited to go down and investigate.

The result has been to dissipate the cherished illusion of a coal mine, but a mystery has taken its place. How did the coal get there?

The coal is spread over an area of more than an acre, but does not go down more than two feet. Mr. Duthie's experienced eye judges that it has been regularly mined and passed thru a coal breaker. The locality is on the height of land 15 miles from the lake and, any theory of a shipwrecked collier cannot be deemed a possible explanation.

It is said that the coal has been known of for at least 30 years, and residents have used it at times for fuel.

"But I am convinced that there are coal deposits in Eastern Ontario," says Mr. Duthie, who contends that the presence of from, which is found in quantities, is a certain indication of coal to be found some day.

Tuesday Evening, Aug. 27. Except in the Montreal market, there is no present manipulation for a rise in Canadian securities. The pools in the foreign specialties are endeavoring to arouse enthusiasm, both at Toronto and Montreal, and seem to be fairly successful with Sao Paulo and Rio. The syndicate running the Dominion Steel stocks is endeavoring to work the Montreal market by handing out such information as the sale of 1,-000,000 tons of iron ore. This is too puerile to appeal to anyone capable of being at large without an escort, but it goes to show to what extremities the market for these shares has reached. Purely domestic issues at the local exchange are wanted at the bid prices, but are not forthcoming. A few shares of certain issues are put thru occasionally to indicate that transactions are really being made, but there is not the slightest evidence that holders are releasing stocks that are paid for. Insiders are taking all the current liquidation, and are unhampered because of the timidity and apathy of such as will purchase when the market shows a bolder front and confidence has been restored.

THE season of cool evenings calls for a September, October, November and sometimes December overcoat. We speak of the "topper" --- the ideal coat for a young man. It's equally good as a Merch, April and May coat. You will find all the men about town wearing them before very long. You speak first and you can have one in time for Exhibition at about half what they would cost regularly.
