WHAT THE INCREASED TAXES MEANS TO CANADA'S FARMERS

Subsidy-Hunting Promoters Are Now Waxing Richer and Stronger than at Any Previous Period in the History of This Country.

The Liberals Have Collected More Taxes By \$14,000,000 A Year Than Ever Before—The Farmers Pay Most of It, Too—Now Is the Time When the Farmer Has the Say.

Events: The farmer is the man who is being played by the politicians these days, and on him the parties depend for support. The Government has a means of reaching the big corporations, and getting them into line by knocking under them. But the farmer is different. He is a sort of free lance, who can not be come at directly. He is reached for a short time before election, and his pockets are picked with all sorts of promises. The Liberals always represented themselves as the farmer's friends. Let us see if this profession has been fulfilled. There is no question of the influence which corporations have over the legislators of Canada. Before the present Government came into power they promised that this influence would end if they were returned to office, but what has the result shown? It shows as the corporations, the subsidy-hunting promoters, who were rich at the public expense, stronger than they ever were in the history of this country. We have the Yukon Railway deal, the Crow's Nest Pass Railway and coal fields and the Drummond County Railway to prove it. The Yukon deal was, fortunately, blocked by the Senate, which body also saved the country at least \$1,000,000 in the Drummond County arrangement; but the Crow's Nest Pass Railway and the people have lost millions by it. The defence of the present Government is that their predecessors did as bad and worse, but is that any answer to the farmers of this country, whose property is laid under a heavy burden of public debt by means of these deals? So far is it from an answer to them that it is an actual insult to the intelligent body of the complete Canadian farmers are. The complete answer to this kind of excuse is that the Conservatives were punished in 1896 for the wrongs they may have done, and it is now the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done. It is not the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done, but it is the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done. It is not the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done, but it is the duty of the independent electors of Canada to punish the Liberals for the wrongs they have done.

King Albert Has Cancer.

Heidelberg, Oct. 19.—It is known that the illness of King Albert of Saxony, which has recently become more acute, is due to a cancerous affection of the bladder, which his medical attendants consider incurable.

THE BREAD-WINNERS' GATEWAY TO GOOD HEALTH

To every man and every woman on whose efforts are dependent the comforts and happiness, as well as the necessities of life, for those around the family circle, health is of paramount importance. With strong vitality pulsating through the body giving energy to thought and action the battle for existence is an easy victory. Health is the very capital of the bread-winner.

It is only when vitality runs low and health gives way to disease that the brain loses its grasp of affairs and the nerves and muscles get tired and ache. Then it is that the bread-winner feels himself failing in the struggle; his capital is fast gliding from his control. There are sleepless nights, headaches, nervous dyspepsia, sciatic pains, not unlike rheumatism, the memory fails and the mind refuses to concentrate in thought. Feelings of languor and depression hold sway; fatigue comes before the day's work is over; all is discouragement and gloom, and the future seems to hold nothing in store but the miseries of a breaking-down system.

It is when the health begins to fail, when the first symptoms of exhaustion show themselves, that the body is most quickly benefited by the use of Dr. Chase's Nerve Food, the great blood builder and nerve restorative. It lifts failing men and women from the border land of nervous prostration, paralysis and locomotor ataxia and refits them for healthful and happy life.

Dr. Chase's Nerve Food is prepared in condensed pill form and contains the elements of nature which go to form rich, red blood, strong nerves and firm healthy muscles. It gives surprising vigor and energy to mind and body and gradually and thoroughly rebuilds and reconstitutes the tissues wasted by over-exertion or disease.

Respectfully, A. J. Chase, M.D.

THE SEAMSTRESS. Mrs. D. W. Connelly, 105 Richmond-street west, Toronto, Ont., states: "My daughter, who sews in a white goods manufactory, got completely run down by the steady continuation and close attention required at her work. Her nerves were so exhausted, and she was so weak and debilitated, that she had to give up work entirely, and was almost a victim of nervous prostration. After using Dr. Chase's Nerve Food, she began to use it, and was benefited from the very first. It proved an excellent remedy in restoring her to health and strength. After having used four boxes she is now at work again, healthy and happy, and attributes her recovery to the use of Dr. Chase's Nerve Food."

THE FACTORY GIRL. Mrs. M. McLaughlin, 95 Parliament-street, Toronto, states: "My daughter was pale, weak, languid and very nervous, her appetite was poor and changeable, she could scarcely drag herself out of bed in the morning, and her nerves were completely unstrung. She could not sleep for more than half an hour at a time without starting up and crying out in excitement. As she was growing weaker and weaker, I became alarmed, and got a box of Dr. Chase's Nerve Food. She used this treatment for some weeks, and from the first we noticed a decided improvement. Her appetite became better, she gained in weight, the color returned to her face and she gradually became strong and well. I cannot say too much in favor of this wonderful treatment since it has proven such a blessing to my daughter."

THE RAILROAD MAN. Mr. A. T. P. Lalane, railway agent at Clarenceville, Que., writes: "For twelve years I have been run down with nervous prostration, I suffered much, and consulted doctors and used medicines in vain. Some months ago I heard of Dr. Chase's Nerve Food, used two boxes, and my health improved so rapidly that I ordered twelve more. I can truly say that this treatment has no equal in the medical world. While using Dr. Chase's Nerve Food I could feel my system being built up, until now I am strong and healthy. I cannot recommend it too highly for weak, nervous people."

\$500.00 Dr. Chase's family remedies are endorsed and recommended by physicians, ministers, business and professional men and the best people in every walk of life. Every testimonial is duly signed by the party giving it and is on file at these offices. We offer \$500.00 reward to anyone proving that any of these testimonials are not genuine. Investigate these cases and find how grateful these people are to the benefits derived from the use of Dr. Chase's Nerve Food.

THE BUSINESS MAN. Mr. Joseph Geroux, 22 Metcalfe-street, Ottawa, Ont., writes: "I was nervous, had headache and brain fog. I was restless at night and could not sleep. My appetite was poor, and I suffered from nervous dyspepsia. Little business cases worried and irritated me. After having used Dr. Chase's Nerve Food for about two months, I can frankly say that I feel like a new man. My appetite is good, I rest and sleep well, and this treatment has strengthened me wonderfully. Dr. Chase's Nerve Food Pills are certainly the best I ever used, and I say so because I want to give full credit where it is due."

THE BUSY HOUSEWIFE. Mrs. Charles Keating, Sen. Owen Sound, Ont., writes: "It is a pleasure to tell what great benefits I have derived from the use of Dr. Chase's Nerve Food. I am 55 years of age, and for about five years my life was one of great suffering from nervousness, weakness and extreme physical exhaustion. I could not sleep, and my husband would pass through my body from feet to head. I consulted our family physician and two other doctors, but they told me that about my time of life I was likely to be troubled in this way. I continually grew weaker and despaired of ever being cured. Dr. Chase's Nerve Food came to my notice, and as we have Dr. Chase's Recipe Book I had confidence in the doctor. I was surprised at the help I received from the first box that I bought three more. They built me right up and made me feel healthy and young again. They have proven a great blessing to me and I hope that this testimonial will be of help to some weak, nervous woman suffering as I did."

HEALTH FOR OLD AGE. Mrs. Margaret Iron, Tower Hill, N. B., writes: "Dr. Chase's Nerve Food has done me a world of good. I was so weak that I could not walk twice the length of the house. My hands trembled so that I could not carry a pint of water. I was too nervous to sleep, and unable to do work of any kind. Since using Dr. Chase's Nerve Food I have been completely restored. I can walk a mile without any inconvenience. Though 76 years old and quite feeble, I do my own household work, and considerable sewing, knitting and reading. Dr. Chase's Nerve Food has proved of inestimable value to me."

WARNING. This large cut of Dr. Chase's Nerve Food is given in order that you may not be deceived by imitations and substitutions. The portrait and signature of Dr. A. W. Chase are on every box and imitations do not dare to reproduce these. Dr. Chase's Nerve Food, 50c a box at all dealers, or by mail postpaid on receipt of price by Edmanon, Bates & Co., Toronto.

BENEFIT OF ADVERTISING.

Canadian Farmer Got a Bride From Ohio in Answer to an Advertisement.

Kington, Ont., Oct. 19.—An advertisement in a United States paper, proposing matrimony, has given a bride to a farmer at Kington, Ont., on the line of the K. & P. Railway. Miss Hattie Berry, living in the southern part of Ohio, was the advertiser. She was 22 years of age, and had a good education. She had been married once before, but was a widow again. She had a good income, and was a very attractive woman. She had been advertised for several months, and had received many proposals. She had finally decided to accept the offer of a Canadian farmer, who had written her a long and interesting letter. She had been married to him for a few days, and was very happy.
