MORE MEETINGS RE IRELAND TODAY

Lloyd George Presides at a Joint Session.

Churchill Defers Commons Report on Progress of Negotiations—Believed Collins and Griffith Have Satisfactorily Explained—More Heavy Fighting.

(Canadian Press Cable) London, May 29.—Following a meeting of the cabinet's Irish committee today a joint session of the British and Irish representatives was called to meet at 3 p. m., with Premier Lloyd George presiding. It had been intended to hold the joint session at noon but during the morning a postponement to 3 p. m. was decided upon.

No date has been fixed for the departure of the Irish delegates, but it is believed that the meeting here will continue for several days.

It was said definitely this morning that Winston Churchill, this afternoon in the House of Commons will deal with the progress of the negotiations.

The cabinet committee met at eleven a. m. at No. 10 Downing street, the premier's official residence. Lloyd George presided, and the others present included Austen Chamberlain, Lord Chancellor, Birkenhead, Colonial Secretary Churchill and Sir Hamar Greenwood, chief secretary for Ireland.

Belfast, May 29.—Crown forces last evening carried out an exhaustive search of houses in streets in the neighborhood of the Falls Road. About twenty men were arrested and some ammunition was seized. The prisoners included an Irish Republican army picket.

Churchill's Statement. London, May 29.—A statement by Colonial Secretary Churchill in the House of Commons regarding the Irish situation was awaited today with unusual anxiety—and anxiety emphasized by the secretiveness of both the Irish and British sides.

Nothing substantial can be learned as to what passed at these meetings, but the political correspondents in morning papers say they have information that Michael Collins and Sir Griffith were able to convince the members of their own party of the Anglo-Irish treaty.

Others, while not going this far, say conversations were such as to promise the treaty would be given a more favorable view of the situation.

A conclusion, however, has not yet been reached, and the conference, which was to be resumed at noon today, may last several hours, so that Secretary Churchill's announcement is not likely to win in any case to be final.

The newspapers again express uneasiness at the whole position, and reiterate their insistence that the treaty must be ratified and observed, and that the agreement between the Collins and De Valera parties must be shown to be innocuous insofar as the treaty is concerned.

Belfast, May 29.—The Cullinstree road police barracks, near Falls Road, were attacked today. Several of the police were wounded, one seriously.

O'Connor Deplores SHOOTING OF SOLDIERS. Dublin, May 29.—There is intention on the part of the Republican forces to accuse the Four Courts Building, it is said at the Republican general headquarters here. The armed guards are being withdrawn from the Kildare street barracks and from Orange hall in Rutland square, and these buildings will be used to house refugees. It is expected that the Masonic headquarters, also recently seized, will be turned back to the owners today, but the dissident faction of the army is not expected to leave the Four Courts Building for some time.

The accomplishment of any unit is anticipated soon, and though this is desirable, it is said it will offer a problem in the relations with the British more serious than the character of the elections now being discussed in London.

The shooting of two British soldiers in Dublin yesterday is regarded as having brought about a serious situation. Regular and irregular army men are operating in an endeavor to bring about the arrest of the perpetrators of the deed. Rory O'Connor, one of the leaders of the irregular army, said: "It was murder, pure and simple. We cannot find words strong enough to condemn it. We hope the citizens will help track the murderers. If they are found they will be suitably punished."

HEAVY FIGHTING IN BELFAST. Belfast, May 29.—Sharp fighting between members of the Irish Republican army and the Ulster special constabulary occurred last night along the boundary between Counties Donegal and Fermanagh, in the Belleek district. Five Republicans are reported to have been killed and several wounded. One constable was killed. The fighting followed action of the Ulster police in taking possession of Belleek village and Magness Castle, nearby.

Special police from the Belleek fort were ambushed and compelled to abandon their motor car, the driver of which was killed during heavy firing.

Both wings of the Irish Republican army, the insurgents and those under the Free State government, are believed to have been represented in the force which the Ulsteries encountered. The southerners attacked in horseshoe formation, the only side open to the police facing on Lough Erne, across which they have been receiving their supplies by boat.

The Republicans' intention to cut this link of communication was foiled by the southerners, who repulsed their assault after a pitched battle.

SIXTY THOUSAND SEE EUCHARISTIC CONGRESS CLOSED

Te Deum at St. Peter's Brings to End Impressive World Assemblage of Catholics.

Rome, May 29.—The Eucharistic Congress was solemnly closed today with a Te Deum sung by the massed choirs of the Vatican in the presence of Pope Pius, the cardinals present and 60,000 pilgrims who had been attending the congress.

The atmosphere was tense with feeling at this crowning ceremonial of the impressive world gathering of Catholics in the holy city. When Pope Pius entered St. Peter's an emotional scene was spread over the vast throng.

The pontiff himself appeared profoundly moved as he lifted his hand to bless the throng, and cried "Long Live the Pope," "Viva Pius," re-echoed throughout the edifice.

Incidentally, Hornsby reached a level which made four errors, but the latter made it 14 just a year ago this afternoon.

Hornsby's two blows, with another by Austin McHenry, beat Pittsburg 4 to 3, giving the Cardinals the deciding game of the series. The home run epidemic also spread to Washington and Brooklyn, Joe Judge's club scored three runs, tied the Yankees and enabled Washington to win out 4 to 3.

Johnson held the Yankees in check, Ryan failing to get a hit out of the infield in five times up.

Wheat rapped out a four base blow which made four errors, but Boston won the Dodgers, 5 to 4.

Frank Frisch had an off day in the fifth and made four errors, but the Giants hit Winters hard with men on base and easily beat Philadelphia, for their fifth win from the boys.

Chicago won a loosely played game from Cincinnati, 5 to 7, after Alexander had been benched from the box.

Scientific fielding and timely hitting, especially by Gerber, enabled St. Louis to defeat the Yankees yesterday bound for Belmont Park, New York.

It was his victory on Saturday at Churchill Downs in the steeplechase, the greatest in the history of the American turf. Carrying 138 pounds the gallant 7-year-old ran the mile and a quarter in 2:04.25. Two weeks ago Horvich, with 126 pounds up, negotiated the same distance in 2:04.45, on a track lightning fast.

His winnings by years follow:—1917—\$1,850; 1918—\$36,147; 1919—\$26,402; 1920—\$22,403; 1921—\$66,827; 1922—\$29,695.

SOLDIER "ARMY" IN OTTAWA FRIDAY

Ottawa, May 29.—"General" McDonald's army of unemployed veterans, expected to arrive in Ottawa on Friday, will march directly to Parliament Hill to interview Premier MacKenzie King, according to members of the advance guard who have arrived in Ottawa. Three veterans comprised this advance guard. They were given lifts along on the road. These men came ahead as they had private business with the department of soldiers' civil re-employment. The men called on Mayor Plant on Saturday and through him were able to secure accommodations at the Union Mission until the rest of the "army" arrived.

The House of Commons that owing to the state of the discussions now proceeding his promised statement regarding Ireland would be deferred until tomorrow. The secretary added in view of the gravity and urgency of the issues already disclosed parliament was entitled to the fullest information available in order that the house might debate the situation before the White-tide recess.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "the purple glory of the rhododendron has been added in the past week to the floral charms of Rockwood Park. We called it honeyuckle when we were boys."

"So did the bees," said Hiram. "But whatever you call it these ain't nothin' makes a hillside look so lovely."

"There is also more of cherry bloom this week," said the reporter, "and more leaves are out on the trees, and the grass and plants of all kinds are thriving. But I want to ask you a question. A week ago and again yesterday I saw a great flock of swallows skimming the surface of one of the artificial lakes. They were doing some sort of bird dance—on Sunday at that—but there was not a swallow over any other of the lakes. Why?"

"They was leavin' Sunday service at that one," said Hiram. "The swallows ain't like human critters—they tend church regular. They was all there at that lake. Was you thinkin' they was puttin' on a show for an old bird like you?"

"Not at all," said the reporter, "but I wondered."

"The more you studdy the works of the 'lords' said Hiram, 'the more you'll see to wonder at. The trouble with most of us is we kin only see the pin-back stuff man makes—By Hen!"

IT IS BODY OF GEORGE SARGENT

St. John Man and Father Make Positive Identification on P. E. Island.

Summerside, P. E. I., May 29.—A body found by fishermen at Frog Pond near St. John's, a few days ago, has been positively identified as that of George Sargent, who was drowned at Esquimaux, where he was shooting wild fowl, in November last. James Sargent of Campbellton, and E. J. Sargent of St. John's, brother and brother-in-law, respectively, were taken today to the body, which had been buried at Tignish, was exhumed on Sunday and was identified by the father and brother.

The body was taken today to New Brunswick. The funeral will be held at Campbellton.

DR. CUTTEN AND COLGATE POST

Says His Going to University in States is Still a Matter to be Considered.

Wolville, N. S., May 29.—"It is a matter for future consideration entirely," was the statement of Dr. G. B. Cutten, president of Acadia University today, when asked concerning the truth of reports that he had accepted the presidency of Colgate University.

FOUR DIE IN A PREMATURE BLAST

Many Tons of Rock Bury Foreman and Three Men at West Nyack, N. Y.

Nyack, N. Y., May 29.—Four men were killed in the stone quarry of the Belmont granite company at West Nyack, when a charge of dynamite prematurely exploded. Fifteen men working at the quarry were injured and were covered and showered with rocks by the force of the explosion. Several received painful cuts and bruises.

The dead are: Luigi Ponz, foreman; Luigi Ramo, Heniamino Nambener and Borgio Shirro. The four were believed to have been killed instantly, as they were standing within a foot of the dynamite. They were buried beneath great masses of rock dislodged by the explosion.

Pont and the three men were tampering the dynamite preparatory to blasting out rock. Fortunately the others in the quarry had been assigned to another section to work while the foreman and his men were placing the charge.

Suddenly there was a heavy explosion and tons of rocks were sent hurtling through the air. Eye witnesses reported that some of the stone ascended to more than 100 feet. Men from other parts of the quarry, as soon as they had recovered from the shock, ran to the spot, but they were unable to render any assistance.

Officers of the company immediately started men to removing the rock to recover the bodies of the four.

MOTOR TRUCK CRUSHES HEAD OF LITTLE ONE

Ottawa, May 29.—Lucien Beauchamp, aged five, was instantly killed at Buckingham on Saturday, when a motor truck driven by Clarence Lavert of Ottawa, passed over the child's head.

3 STORY DROP INTO AWNING AS FIRE GRIPS HOME

Man and Wife and Five Children in Thrilling Rescue—Eighteen Horses Burned to Death.

Holyoke, Mass., May 29.—Two general alarm fires yesterday endangered the lives of several families, resulted in a thrilling rescue of five children and a man and wife, who dropped three stories from a window into an awning, and caused damage estimated at more than \$150,000.

The first fire was in the city stables, which were burning for some time. Twelve horses were burned to death. At the second fire, in Park street, six other horses were burned to death. The blaze in Park street, for a time, covered an entire block.

GERMAN ANSWER IS ON THE WAY

Believed Reparations Demands Met on Condition of International Loan on Reasonable Terms.

Paris, May 29.—A courier bearing the German government's reply to the reparations commission was expected to arrive in Paris today. Unofficial forecasts of the answer were that it would accede to the demands for the reform of Germany's financial affairs.

The demands of the commission are those agreed upon in the recent negotiations between the committee and the German finance minister, Andreas Hoesnes. They include provisions for the virtual abolition of the rent tax, the securing of the urgently needed loan, and that the government's reparations policy would be sustained by the Reichstag.

SIX ARE KILLED WHEN FREIGHTER RAMS VESSEL

Firemen Were Asleep When Welsh Prince Was Struck by Iowan.

Portland, Ore., May 29.—Six firemen along in the foremast of the freighter Prince Line's 2,382-ton cargo steamer Welsh Prince were killed and three injured when the vessel struck the Hawaiian Steamship Co., was sinking slowly, according to last reports.

CRANE STORY IS OFFICIALLY DENIED

Washington, May 29.—Official dispatches from the French foreign office made public yesterday by the French embassy here declared "false and untrue" reports that Charles R. Crane of Chicago, had been tried by a French court martial in Damascus and sentenced to twenty years imprisonment for having attempted to incite anti-French disturbances in Syria.

THREE DEAD FROM EATING TOADSTOOLS

Two Other Members of Family on Farm Reported as Seriously Ill.

Sault Ste. Marie, Ont., May 29.—Three deaths occurred in the family of Mrs. Joseph Lawrence, a farmer, at Gordon Lake, Ont., nine miles north of Deseronto, as a result of taking a quantity of a poisonous species of fungus related to the mushrooms, and the lives of two other members of the family were in danger.

WAR ON OVER LORD'S DAY ACT

Victoria, B. C., May 29.—A concerted move against the rigid enforcement of the Lord's Day Act in Victoria was apparent yesterday when forty storekeepers kept open house and hung out the "business as usual" sign, following a recent plebiscite on Sunday enforcement, when a majority in favor of a liberal interpretation of Sunday laws was obtained.

CAPE BRETON COAL TO BOSTON

Sydney, N. S., May 29.—Approximately 50,000 tons of Cape Breton coal is now being shipped from Sydney to Boston. The coal is for the New York, New Haven and Hartford Railroad and other American concerns.

FOOTBALL CLUB MAY MAKE TOUR OF CANADA

Vancouver, B. C., May 29.—The possibility that the Coronation Football Club will tour Canada this summer was announced in a letter from David Roy, president of the club, to the provincial football association here on Saturday night.

BOTTOMLEY TO PENAL SERVITUDE

Seven Years for Former Publisher of John Bull

Sentenced Today in Connection with Victory Bond Club Finances—Former M. P. Denied That He Had Improperly Taken Money.

(Canadian Press Cable) London, May 29.—Horatio Bottomley, former publisher of John Bull, was found guilty today by a jury on the charge of misappropriation of funds belonging to the Victory Bond Club.

He was sentenced to seven years' penal servitude.

The Bottomley case has been exciting intense interest in England for several months, since the defendant, a former member of parliament, was charged with fraudulently converting funds of the Victory Bond Club, a war-time organization of which he was the founder and president.

When Bottomley was placed on trial he was specifically accused of misappropriating five thousand pounds, but the prosecution alleged that of £495,000 he was declared to have handled, only £230,000 could be accounted for. Bottomley, however, swore during the trial that he had never made a penny out of his various clubs or improperly taken any amount whatever from the club's funds.

Investors in the Bottomley Clubs were largely of the poorer classes, who invested either out of patriotic motives or in the hope of gaining by winning the prizes offered, drawing for which were advertised at given periods.

Bottomley's publication John Bull was noted for its frequent attacks on the U. S.

LARGE INCREASE IN HAUL OF FISH

April Report from Atlantic and Pacific—Fewer Lobsters Taken.

Ottawa, May 29.—(Canadian Press)—The total quantity of sea fish landed on the Atlantic and Pacific coasts during April was 283,928 cwts., valued at \$1,121,445, compared with 144,433 cwts., valued at \$1,896,672 landed in the same period last year.

The increase in landings was chiefly due to the large catch made by Lunenburg banking fleets.

The catch of cod, haddock, hake and pollock was 159,987 cwts. compared with 36,230 cwts. in April, 1921. The bank fleets returned after their spring trip during the month with one of the best catches in recent years. The catch of cod shows an increase of 115,561 cwts. and haddock an increase of 4,978 cwts. compared with the same period in the preceding year.

The catch of alewives in New Brunswick was 7,250 cwts. compared with 600 cwts. landed in April, 1921.

The catch of lobsters during the month was less than half that of April, 1921, being 12,024 cwts. compared with 48,270 cwts.

Unfavorable weather conditions and scarcity of lobsters would seem responsible for the small catch. Since the opening of the lobster season the total catch has been 34,203 cwts. compared with 15,616 cwts. in the same period in the preceding year. Of the catch this season there were 21,416 cwts. shipped in shell and 6,422 cwts. packed.

Five fishermen on the Atlantic coast lost their lives during the month.

MILLIONS GIVEN AWAY LAST YEAR

Three Canadian Universities in List Assisted by Rockefeller Foundation.

New York, May 29.—Gifts running into millions were presented to various educational institutions here and in Europe by the Rockefeller Foundation during 1921. Enumeration of the amounts was made in the second installment of the president's review of foundation activities made public today.

In Canada, Dalhousie University was given \$50,000, McGill University medical school received \$25,000, and the University of Alberta \$25,000.

GOING TO ENGLAND. Rev. J. Middleton, who has been pastor of the Presbyterian church at Prince William for some years, has tendered his resignation and early next month he and Mrs. Middleton will sail for England, where they will spend some time with their parents, who are well advanced in years. Rev. Mr. Middleton has not decided whether he will remain in England or return to Canada.

IMPORTS STILL EXCEED EXPORTS

Canadian Trade With the United States.

Report for Year which Ended With April—Sending More to Great Britain Than She is Buying There.

(Canadian Press) Ottawa, May 29.—Canada's still importing more from the U. S. than she is exporting to that country and still exporting more to Great Britain than she is importing there, according to the latest trade returns published by the Dominion Bureau of Statistics. These figures cover the twelve months ending with April.

During that period Canada imported from the United Kingdom goods valued at \$294,555,000 to that market, while imports from the United States were \$207,400,000 as compared with exports of \$286,400,000.

As the total foreign trade has been falling rapidly, there is a falling off in all these items, but the export trade to Great Britain is holding up much better than exports to the United States or than imports from either country.

The decline in the exports to the United Kingdom for the twelve months period ending April, as compared with the figure for the year ended with April, 1921, was only about eighteen million dollars, while Canadian exports to the United States fell off more than \$25,000,000 in the same period.

In imports the falling off from the United Kingdom was a little less than \$100,000,000, while from the United States the decline was more than three hundred million.

Australian Trade. Canadian trade with Australia continued to show a heavy balance of exports. The exports to Australia for the twelve months ended April, 1921, were exceptionally heavy, being eighteen million compared with eleven millions for the corresponding period to April, 1921.

Mukden, Manchuria, May 29.—General Chang Tso Lin has been ordered to return to Mukden immediately to restore order in Manchuria. He has been warned that Gen. Wu Pei-Fu's troops are threatening to invade Manchuria and cut government communications in the rear. Unless Gen. Chang returns, it appears, his authority will be jeopardized, as civil strife is developing in Manchuria.

CHANG'S MEN ARE MUTINY

Harbin, May 29.—The soldiers of General Chang Tso Lin along the Chinese eastern railroad have mutinied and declared in favor of Gen. Wu Pei-Fu, who defeated Chang in the recent battles around Peking.

Severe fighting occurred at several stations along the railroad, resulting in the defeat of Chang Tso Lin's officials. The mutiny is spreading among the civil employes.

CARLISTS ARE OVERWHELMED

Monarchists Defeated in the Hungarian Elections—Victory for Government.

Budapest, May 29.—First returns from the Hungarian parliamentary elections indicate an overwhelming victory for the government. The Carlist right wing, or monarchist party, is regarded as crushed on the basis of these results, and it seems probable that the Social Democrats will make a great gain.

CHICAGO GRAIN MARKET

Chicago, May 29.—Opening: Wheat—May, \$1.25 1/4; July, \$1.22 1/2. Corn—May, 60 1/2; July, 62 1/2. Oats—May, 36 1/2; July, 38 1/2.

BURTON WIDOW ASKS DOWER OF ONE MILLION

Sues for One-sixth of Equity in \$10,000,000 Lord & Taylor Property - Cut Off in Husband's Will.

New York, May 29.—Another legal move in the contest over the estate of Frank V. Burton, millionaire merchant and real estate owner, has been started here by his second wife, who claims a dower interest in the property occupied by the Lord & Taylor department store in Fifth avenue, between Thirty-eighth and Thirty-ninth streets. She states in her complaint that the property is worth about \$10,000,000, and that her share, one-sixth of the equity, is \$1,666,666. She asks that sufficient of the property be sold to satisfy this claim, and that the proceeds either be invested or turned over to her in a lump sum.

The basis of her claim is the allegation that about six months after their marriage in 1919, her husband, without her consent or knowledge, executed a deed transferring his half-interest in the Lord & Taylor property to his children by a former marriage, who are named as defendants in the action. According to her complaint, this deed was executed on March 23, 1920, but was not recorded until Oct. 10, 1921. She says that she did not learn of the transfer until after the death of her husband last March. Mrs. Clara Louise Burton has another suit pending in the Surrogate's Court in Orange County, in which she contests the will leaving an estate of about \$1,300,000 to the five children by Mr. Burton's first marriage. The second Mrs. Burton was cut off in the will without a cent.

In the Orange County case, the executor in his answer to the action contended that the second Mrs. Burton was not a proper person to be appointed a temporary administrator of the estate or to be granted any power or control whatsoever in respect of the property and affairs of said decedent. They also attacked the record of Mrs. Burton before her marriage to Mr. Burton on Nov. 25, 1919. It was alleged that she left her in July, 1920. Mr. Burton's will stated that before the marriage ample provision for her support was made, so that no bequest was made in the will. The firm of Lord & Taylor is made a defendant in the new action of Mrs. Burton, who alleges that on May 23, 1920, she made formal demand on the company for her dower right in the property, and that the plea was rejected. The others named in the papers as defendants are children of Mr. Burton by his first marriage—Frank V. Burton Jr., Van Duzer Burton, Mrs. Owen Johnson, wife of a novelist; Mrs. Morgan Wing of Millbrook, N. Y., and Mrs. Walter E. Eaton of Sedburgh, L. I.

Mrs. Burton declares that the property was subject to a mortgage of \$200,000 executed by Burton and his first wife, Katherine Van Duzer Burton; J. Hoves Burton, brother; and Marie Brooks Burton to the Title Guarantee and Trust Company, which mortgage was sold later to the Federal Life and Trust Company, which mortgage she alleges that the amount of the mortgage now is \$4,775,000, due on March 3, 1924, and she asks that Lord & Taylor be required to account for one-third of the annual value of the profits of the property and that the children of Mr. Burton account for the rental. Property Once Burton Farm.

The Fifth avenue property is litigation formerly was a part of a farm owned by Mr. Burton's father. He built the Lord & Taylor Building on the site and it remained for many years under joint ownership with his brother. Mr. Burton amassed a fortune in his real estate deals and in his business a cotton trader and converter under the firm name of Burton Brothers & Company of 267-9 Fifth avenue. The first Mr. Burton died in 1913. His

second marriage was in November, 1919, to Clara Louise Hylsted, whose first husband was Frederick August Hylsted, a Danish musician. She was the daughter of Colonel William Floto, said to have been the adjutant of General Butler at the Battle of New Orleans. Her brother, Otto Floto, was a circus owner.

According to papers filed in the Orange County will contest case, an antenuptial agreement provided Mrs. Burton with \$400,000, and contained this further provision: "Neither of said parties shall by virtue of such marriage acquire any right, title or interest in any real or personal property of the other party. Each of said parties will, upon request, join in the execution of any deeds, contracts or other papers, which shall facilitate the other in dealing with his or her own property as he or she may desire to do. Upon the death of either party, the survivor shall have no right, title or interest in the estate of the deceased."

Each day brings along large shipments of new merchandise for the Bargain Basement Department, that is soon to be opened by Oak Hall, and just as soon as these new arrivals can be opened up and marked, Oak Hall will open their new department. When the Bargain Basement is opened, the quality of the new merchandise at the extremely low prices at which they will be offered, will be a revelation to the buying public, and will undoubtedly be snapped up very quickly. The Bargain Basement Department will be under the direct supervision of S. C. Young, a member of the Oak Hall firm. Mr. Young has had a wide experience in merchandising. He has made a special study of the bargain basement idea in the large Boston and New York stores, and feels confident that he is now bringing to the St. John residents equally as good opportunities for buying quality wearing apparel at unusually low prices, as are the opportunities now enjoyed by those of the larger cities of the continent.

WAGE CUT FOR 400,000 MEN

(Canadian Press Despatch.) Chicago, May 28.—Readjustment of the wages of approximately 400,000 maintenance of way employees of the railways of the country will be effective on July 14 in accordance with decreases in the cost of living and wages in similar outside employment since the decision of the board last July was provided for in a decision by the United States road labor board and made public tonight. The decision is expected to reduce present payrolls of the railroads about \$48,000,000 per year and to reduce the pay of the majority of the maintenance men by one cent an hour, but important classes of the employees were given a smaller cut. Under the majority head were included track laborers and other classes usually designated as "common laborers."

WOMEN MAKE IT DRY, SAYS COPP

(Canadian Press Despatch.) Boston, May 28.—Canada would go dry if prohibition were put to a vote of the people, the Hon. R. C. Copp, secretary of state in the Canadian government, said here yesterday. Mr. Copp is returning from a visit to Washington in the interests of the dominion. "I believe the programme adopted by Canada of giving the provinces the right to determine whether they shall be dry or wet is the best solution of the prohibition problem," Mr. Copp said. In the provinces which have adopted prohibition, at least in New Brunswick and Ontario, it was the result of the women's vote.

MANITOBA'S NEW CHILDREN'S LAW IS WARMLY PRAISED

Rev. Dr. J. G. Shearer, of Toronto, general secretary of the Social Service Council of Canada, delivered two striking sermons in the city churches yesterday. He spoke in the morning at the German street Baptist church and in the evening at St. Andrew's Presbyterian church. The text of his evening sermon was Matthew 6:10: "Thy kingdom come." He spoke of the social significance of the model prayer and said that the Master did not ask His people to pray for the impossible and that the coming of God's kingdom on earth implied, in the social world it implied no profiting, no bantering on the vices of others and the giving of the child its right place. In the political world it implied an abandonment of the belief that politics were the greatest game on earth and a realization that politics were the science of social welfare. He said women were in politics now and they counted. Women and children would have a new opportunity. In the industrial world the coming of God's kingdom implied the making of love and service the basis of all dealings. In connection with the giving of the child its place, Dr. Shearer said that Manitoba had now an act which made permanent provision for those children who re-

SENTENCED TO CHURCH, NINE MUST GO 26 WEEKS

New York, May 29.—Nine young men were ordered to go to church every Sunday morning for six months by Magistrate John Kochendorfer in the Ridge-wood Police Court. They had been arrested after many complaints and were charged with disorderly conduct. Magistrate Kochendorfer cautioned the prisoners against standing on street corners, causing disturbances and insulting young women who passed.

Miss Johnston glad to say Dr. Caldwell's Laxative Syrup Pepsin freed her from constipation. "It is not always easy to find just the right medicine for chronic constipation, but the experience of many thousands of people is that Dr. Caldwell's Laxative Syrup Pepsin is the best remedy to take. Miss A. M. Johnston of Swetsburg, Que., sought relief for years and only found it in Dr. Caldwell's Laxative Syrup Pepsin. So did Mrs. H. Lefever and her little daughter of Medicine Hat, Alta., and Mrs. M. Martin of Mussey, Ont. There are, of course, thousands of others, and they recommend it publicly. There is no need to take harsh physics, cathartic pills, castor oil, calomel or dangerous coal tar medicines. You can get better and quicker results in a mild and gentle way with a teaspoonful of Dr. Caldwell's Laxative Syrup Pepsin, and a dose costs less than a cent. TAR AND FEATHERS; TOWN PARADE; NOTICE TO QUIT

Irwin Taken from Home of Woman Poisoning a Fort-night Ago.

Orangeville, Ont., May 29.—A crowd of men last night took Sidney Irwin out of the residence of Mrs. Archie Nesbitt and, after applying a coat of tar and feathers to his body, paraded him up and down the streets. When the men assembled they were held off for some time by Mrs. Nesbitt, who pointed a gun at them. They eventually entered and found Irwin hiding in the attic. After the parade, Irwin was warned to leave town.

GIRL SLAPS POLICEMAN AND PAYS \$5 FINE

Traffic Officer Burns Also Complains That Miss Weinstein Called Him "Irish Pig."

New York, May 29.—"That was a pretty woman and sure punch your," declared Magistrate Gelsman, in the Coney Island Court, when he fined Selma Weinstein, a nineteen-year-old stenographer, of 1,660 Southern Boulevard, the Bronx, \$5 for disorderly conduct. "I trust that in the future you will be a little more circumspect in the manner in which you address and handle our policemen," added the magistrate. "She called me an 'Irish pig,' your Honor, and then slapped me in the face," declared Traffic Officer James Burns, who made the complaint. Miss Weinstein was in an automobile driven by Meyer Kolesky, 32 of New Haven, Conn. Another man and a young woman were also in the car when Police Officer Burns stopped them in Surf avenue for a traffic violation at 2 o'clock in the morning. He ordered the driver to proceed to the station when, he says, Miss Weinstein began her abuse. He told the magistrate she continued her abuse until they reached the station and finally struck him in the face.

SOME DEFINITIONS.

To the Editor of The Times:—As there seems to be some confusion and misunderstanding in general of the language that deals with mental conditions, that is, of the so-called "nervousness" and "nervous breakdown," has become such a common phenomenon, perhaps it would help a little in this important work if some of these were defined briefly.

Psychology is the science of the study of human behavior, both normal and abnormal, and the why individuals act and why they act in certain ways, why certain circumstances seem to call for a certain mode of action by one person and a different mode of action by another, or the same circumstances call for a different mode of action at different times; why we are not able to do at all times just as we intended to do, would like to do as we feel we should do; why we are governed by impulses

Penniless Old Men

YOU know many of them—men who in their prime made plenty of money, but who spent as freely as they earned. Old age finds them in a sorry plight. You don't expect to be without means of support when you grow old, do you? Neither did they. But you can escape their bitter experience if you will and that quite easily. A few dollars saved each year—now, when you can spare the money—and invested in an Imperial Endowment Policy will provide the means to keep you in comfort and independence in your old age. Or it will take care of your family should death call you early. Fill out and return the coupon below and we'll send you full information free.

and compulsions in spite of our better desires and knowledge or fears. In fact, why do we worry, why are we over-anxious, why are we nervous? Why under-like circumstances does one person have a "nervous breakdown," while another is able to fight the thing through, and win out? Why does the person who has been assured by good authority that there is nothing the matter still suffer all kinds of beliefs and fears and worries, etc.? There are many ways that can be answered by, and only by, a psychological study of the case.

Mental hygiene is but one of the medical branches of psychology, and, as physical hygiene is a branch of preventive medicine, so mental hygiene is the physiological branch of preventive medicine, and a necessary and very important factor in the great question of public health, and includes the study and care of all normal and abnormal mental phenomena. As the physical hygiene movement has found and is correcting many mistakes of the past that were interfering with public health, so the mental hygiene movement has for its aims to discover and correct the mistakes of the past that are of vital importance to public health. Its two great purposes are to bring to the consideration of the people and their governments the all important need of realizing that human brains are our greatest resource, and therefore demand our first consideration both as to their conservation and their improvement.

Environment is both physical and mental, and is all that which is other than ourselves, that in which we live, and move, and have our being. We are all well acquainted with the physical aspects of our environment, but the mental environment is not so well understood, or the mental effects of the physical elements of our every-day environment. Mental environment elements are necessarily, social elements, using the word social in its broadest construction, and all abnormal behavior is but the failure of the individual in his endeavor to adjust or readjust himself to his social environment.

One of the most commonly and frequently misunderstood results of this is known as "nervousness" and "nervous breakdown." It is the prevention of these conditions in their varied forms that is the chief aim of mental hygiene, and we believe that by the application of these principles of mental hygiene a large number, and probably all such conditions would be prevented.

While many of these cases can be and are being cured, still, as in physical disease, the great aim is prevention. The best way, in fact the only way, to prevent any abnormal conditions is by education of the public mind to understand

these things and their causes. Therefore the present educational movement that is being carried out by our national committee of mental hygiene in the dominion. Captain (sharply)—"Button up that coat." Married Recruit (absently)—"Yes, my dear." S. STANLEY KING.

TWO EX-OFFICE BOYS AND EX-DAY LABORER RISE TO DIRECTORATE

Chicago, May 28.—The Standard Oil Company of Indiana has announced the appointment of three new directors, one of whom takes the place of H. S. Morton, who recently resigned as a vice-president. The new directors are Robert H. McElroy, who is traffic manager of the company; Edward J. Bullock, director of purchases, and Thomas J. Thompson, general manager of the sales department.

Mr. Thompson succeeded to the place made vacant by the resignation last week of Vice President Morton. He is general manager of the sales department.

Thomas J. Thompson began with the company thirty-five years ago as a young laborer, doing the most menial tasks. Edward J. Bullock began as an office boy. The third, Robert H. McElroy, has been with the company for fifteen years. According to reports in LaSalle street, the salary of each is more than \$80,000 a year.

Mr. Thompson succeeds to the place made vacant by the resignation last week of Vice President Morton. He is general manager of the sales department.

Mr. Thompson's climb was not an easy one. He began his work for the Standard Oil Company of Indiana by driving a dray in Grand Rapids. He was ambitious and the foreman at the end of the year advanced him to the position of tank-wagon driver.

There were 23,000 jobs in the Standard Oil Company, which is another way of saying that I had opportunity multiplied by 23,000," he said.

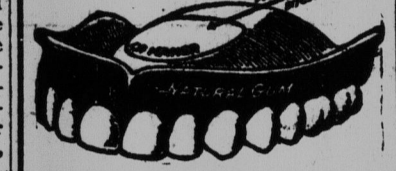

Mr. Thompson started with the company in 1883. Six years later a small office boy with a small piping voice and large ambitions got a job in the Milwaukee division office. He now sits beside Mr. Thompson as Mr. Bullock, director of purchases.

His rise, too, was steady. From office boy he progressed to clerk, and on up the ladder until he was sent to Chicago in 1904 as assistant manager in the lubricating oil sales division. When the oil products purchasing department was created in 1919, he was placed at its head. On his shoulders now rests the responsibility of keeping all the refineries supplied with crude oil, which he must buy and ship at the closest possible margin.

Mr. McElroy is another former office boy. He began by running errands in the Chicago, Milwaukee & St. Paul Railway offices, and was graduated, step by step, until he was placed at the head of the road's rate department. His next step was to leave the railroad to accept the position of assistant traffic manager of the oil company. That was in 1906. The next year he became head of the department, and as such was appointed director in charge of traffic.

PULPIT EXCHANGES.
The Methodist ministers in the city observed their usual pulpit exchange yesterday morning. Rev. H. E. Thomas, of Exmouth street church, exchanged with Rev. Neil MacLaughlan, of Queen square; Rev. J. K. King, of Zion church, with Rev. J. Heaney, of the Carleton church; Rev. R. G. Fulton, of Centenary church, with Rev. H. B. Clarke, of the Portland church, and Rev. E. E. Styles, of the Carmarthen street church, with Rev. J. Rice, of the Fairville church. A special feature of the evening service in the Carleton Methodist church was the annual roll call and distribution of membership cards by the minister, Rev. J. Heaney. Rev. Dr. W. C. Kierstead, of Fredericton, conducted the services in the Ludlow street Baptist church.

TEA PRICES RISING WITH INCREASED DEMAND

The shortage of the supply of tea available for consumption, due to the 20 per cent. reduction in production in the gardens of Ceylon and India, during 1921, has, as might be expected, pushed the price of the tea offered on the market today, up and up. At the same time the use of tea has been gaining in popularity, and the reduction of fourpence a pound duty on tea entering England will further stimulate the demand. Those in touch with the situation admit that as higher prices are inevitable.

Price Is Entirely Relative

Get this fact and let it seep in— "It isn't so much what you PAY as what you RECEIVE."

You may pay an exceedingly low price for clothes, and yet be quite extravagant.

On the contrary, if you pay a larger amount and buy clothes that are worth while, you have really effected a substantial economy.

Don't be influenced by the attraction of an apparently low price—the real test of clothing is in the results obtained, and it is folly to pay too little.

Our prices for Spring and Summer Suits are 25 and upward—at \$30 to \$45 we show particularly strong values.

BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

WOE AND LAMENTATION.

The following is among the reasons given to the Standard by an unidentified citizen for handing over the Musquash power to the New Brunswick Power Company:—
"I'd go to the Power Company and say, 'Look here, fellows, you've been sticking this city long enough.'
Here are other reasons set forth by the same unknown authority:—
"Unfortunately for St. John it is on the very edge of the world. We are too far away from the centre of the business life of the country, and it costs too much to get things to and from here to other parts, and I see no way of remedying matters very much—to say nothing of a 30 tax rate when you get here. I don't like to talk like this, but it is no use shutting your eyes to actual conditions. We have nothing but our harbor to look to, and that is only used five months in the year, and we've got to share the business with Halifax even at that."
Under such conditions what could any progressive citizen ask but that we go on paying tribute to the New Brunswick Power Company? Being a people without hope—why try to be hopeful? Here is no future—why look forward? Let us at least give the New Brunswick Power Company a chance to flourish amid the ruin and decay that are our portion.

Despite this jerminal, however, the people of St. John are not prepared to give up that for which they voted by an overwhelming majority in the civic elections. Nothing has changed since then except the prospects of the power company. The power is at Musquash and the existing rates for light and power in this city can be cut in half, with still further reductions as time goes on. The thing to do is to get on with the people's business and get rid of the monopoly that "has been sticking this city long enough."

A BANKER'S VIEWS.

In the opinion of President Howland, of the Imperial Bank of Canada, the farmer's prospects are better this year than last. He sees encouraging signs in other directions, but doubts if business generally this year will yield an adequate return, since the cost of manufacturing and distributing goods is still out of line with the purchasing power of the country. He says regarding the farmer:—
"The farmer, too, I am glad to say, has better prospects than a year ago. His seedling has been done under fair conditions; he is economizing, getting his labor cheaper, doing his work cheaper and producing cheaper in practically all respects than last year, and notwithstanding the restrictions on his markets is getting remunerative prices for his crops, in some cases for cattle, and his hogs, in some cases for lambs. He would seem then to have a good chance of coming out with his accounts on the right side; if he does, it will help us all mightily."
President Howland finds further that the outlook in some branches of mining, in lumbering and in some of the textile industries is improved, and that the improvement in the steel trade in the United States will be reflected here. There is also more activity in building. The real needs of the time are thus stated:—
"A prosperous Europe, a freer market to the south of us, a policy tending to less restrictions and toward making this country a cheaper country to live and produce in, and thereby fill up our northwest, is what will help us."

THE U. S. COAL SITUATION.

The people of the United States are taking a little more interest in the coal strike. The visible supply of coal is being reduced toward the point where there would be danger of a real scarcity. The New York Evening Post says:—
"Public apathy with regard to the coal strike is likely to be dissipated with a jolt. When the miners quit the country had a coal pile of more than 60,000,000 tons, and it is agreed that the reserve cannot drop below 20,000,000 tons without danger of a panic. At the beginning of this month the Geological Survey estimated that the stored supply was being used up at the rate of 4,000,000 tons weekly, while the United States Chamber of Commerce estimated the depletion at 4,600,000 tons. Unless production increases, a ten-week strike would wipe out the margin. But it is obvious that the shortage must appear sooner in some regions and industries than in others. Certainly there is no general shortage yet; but the Coal Age of May 4 stated that 'there are numerous instances of consumers with little coal on hand' and that other consumers 'are becoming a little anxious.' This early appearance of shortage in scattered spots is natural and has been a feature of every other great coal strike. As the nation's coal pile dwindles, prices show an inevitable tendency to rise. A certain strengthening of the market may be proper for the heavy stocks on April 1 had unduly weakened it. But the recent increases in certain districts are

of a kind to worry not only the government but honest operators and dealers. The government, recognizing the growing seriousness of the situation, has called upon the railways and public utilities to co-ordinate their buying under purchasing committees instead of bidding against each other, but there is still the danger of profiteering. It is said that jobbers have already begun their speculative activities, and Secretary Hoover has called a general conference of the bituminous coal operators to consider the situation. A Washington despatch says:—
"The recommendation for a general conference of operators now producing coal was drawn up by an informal committee of the fifty-odd operators who met with Secretary Hoover in a preliminary conference and gave their approval to a plan under which prices would be kept at a reasonable level by placing distribution under the supervision of a clearing house committee in each producing coal district. The committee would be made up of operators, consumers' representatives, and a government agent, and a general committee in Washington would maintain co-ordination between the district committees. It is this plan which the operators producing the bulk of the coal now being mined, having agreed to, want to lay before the 1,500 other operators of producing mines, whose co-operation is essential to its success and to obtain which forms the chief task involved."
In the meantime the coal operators and miners appear to be as far apart as ever. Because they are, and because the available coal supply is steadily going down, there is universal demand that congress give some attention to the dispute.
Discussing the question at issue between the anthracite miners and operators the New York Evening Post describes the anthracite miners as saying:—"Your profits are so fat that you can give us 20 per cent. more wages without raising prices a cent. Come across," and the operators with replying:—"Your wages are excessive; you must take a cut of 21 per cent. so that we can reduce prices to the consumer." The Post agrees that wages are high, being 180 per cent. of the 1920 cost of living, while the cost of living has since been reduced. But if wages should not be raised, or even if they should be cut, there is another consideration, which is thus stated:—
"On the other hand, the consumer will suspect the miners to be right in what they say of the fat profits; for it is impossible to pay \$18.50 and \$14 a ton without falling into a suspicious frame of mind. No one can speak by the card on this subject, for the operators, while giving some figures to the public upon costs, have not revealed the deeper secrets of their books. This is a situation which clearly demands an expert, impartial, fact-finding agency to give us the truth about hard coal cost all along the line from the untouched seam to the apartment house and suburban cellar. We need figures about wages upon which we can rely more securely than we can on those from workers or employers. The anthracite industry is not sick with the disorganization and over-development which all the bituminous industry. But the prices now charged the public are certainly abnormal. In their leisurely negotiations the operators and miners intend to look out for their own interests. It is time we had an agency looking after those citizens who pay the \$18.50 per ton."

The Toronto Globe says vegetation in Ontario was as far advanced last week as it usually is near the end of the first week in June, and still further ahead at the point of vitality. Note these enthusiastic remarks:—"The oldest inhabitant cannot recall a year in which, taking the province as a whole, both fall and spring rains gave better promise than they do at present, while the condition of the soil at seed time for hoe crops leaves nothing to be desired. It is, however, in clovers that all records are passed. Never before have appearances in this province justified the expectations of a hay crop equal to that on which the work of harvesting will begin next month. Given a few timely showers, followed by 'hay weather' at cutting, and barns that were well-nigh bare of this invaluable fodder last fall will be choked with this year."

With able candidates of high character, supporting a government whose record is in the most striking contrast to that of its discredited predecessor, the Liberal campaign in Kings and St. John counties goes on with every prospect of success. The opposition has a leader who is not a member of the legislature and it is a party without a policy. The discerning electors will not be deceived by appeals which have nothing behind them but the old bad record of the former government.

Enrollment for the free swimming instruction in the Y. M. C. A. swimming pool during the two weeks, June 5 to 16, is growing apace. This is a yearly opportunity for all non-swimming boys to learn to swim under expert instruction. Tickets are available at the Y. M. C. A. and can be had on request at the desk.

FROM THE GOLDEN BOOKS.

St. Francis Assisi.
(Any Clerk.)
He lingered by a sparrow dead
Outside the city gate;
"Commend me to our Sister Death
And say she tarries late."

"Ah, gentle brother! when her hand
Was kindly on the laid—
He strewed the red leaves once and
twice—
"Perchance thou wast afraid."

He lured and sighed the cross above
The body where it lay;
"Christ keep thee safe, as He has kept
His servant to this day!"

"The birds that haunt with music round
Our mother Mary's throne,
While I go still on pilgrimage,
Receive thee as their own."

He sighed and passed upon his way
With weary feet unshod;
"I'm glad before me with his soul,
Already winged to God."

He Knew How.
A man at a country hotel gave instructions
one night that he wished to be
called early. The next morning he
was disturbed by a loud tattoo upon the
door.
"Well?" he demanded, sharply.
"You got a message for you, sir."
Yawning until he strained his face,
the guest jumped out of bed and un-
locked the door. The page boy handed
him an envelope and then went away
quickly.

The guest opened the envelope and
took out a slip of paper bearing the
words, "It's time to get up!"

A FINE TRIBUTE TO
VICTORIAN ORDER
At a large enthusiastic meeting
of the Halifax Medical Society on Mon-
day evening at the University of Dal-
housie, Dr. M. T. MacEwen, Direc-
tor-General of the Victorian Order of
Nurses for Canada, in a clear cut and
comprehensive address reviewed Public
Health activities in Canada, with special
reference to the various nursing services
now in the field. He explained the
nature of his own work, and the
present year—it being that of a survey
for the Victorian Order of Nurses
to determine what is now being done in
the public health work in the various
portions of the field yet remains to be
covered and what the future permanent
and unresisting field of service for the
Victorian should be in order to meet the
best needs of Canada.

The following resolution was submitted
and passed unanimously. This will
also be presented to other medical soci-
eties:—
Whereas, during the past few years
owing to increased interest in public
health activities in Canada, and the
narrowing agencies having for their ob-
ject the improvement of the public
health, the existing field of service for
the Victorian Order of Nurses has been
enlarged, resulting in the overlapping
of their respective fields of work and
the duplication of effort and in-
creased expense;

Resolved that the Halifax Medical
Society place on file a copy of this
resolution and urge the adoption and
promotion of such public health nursing
policy (as described by M. T. MacEwen,
Director-General of the Victorian Order
of Nurses) as will co-ordinate all public
health nursing activities throughout
Canada under one head.

Further resolved that this society is
of opinion that the Victorian Order
of Nurses, because of its national wide
organization, its firm place in the affection
of the people, through the quarter
century of its existence, and the splendid
quality of its services and work, is the
agency best fitted to co-ordinate and
regulate all public health nursing efforts
throughout the Dominion.

Further that this society pledges its
support and co-operation to the Victori-
an Order of Nurses in the promotion
of one national public health nursing
policy under its leadership.

AUTOMATIC TIP-CART.
The increasing use of tractors for
agricultural work has created a demand
for special accessories, chief among
which is a small cart for the conveyance
of manure or other materials over the
fields. To meet this demand a British
firm has introduced a special type of
automatic tip cart which will carry out
all the work generally done by an ordi-
nary farm cart. It is attached to the
trailer by two short shafts and runs on
castor wheels so that it closely follows
the track of the tractor and is readily
manoeuvred in awkward positions. The
tipping is carried out simply by pull-
ing the brake on the tip cart wheels
and backing the tractor. The body of
the tip cart then swings over the
trailer and the cart is tipped forward to
pull the cart clear of the tipped load,
and when the brakes are once more put
on the cart wheels the body will swing
back until it is again in the travelling
position. The whole operation of tip-
ping and getting the cart back into posi-
tion can be carried out in about five
seconds, and it is done by the driver
without leaving his seat. The capacity
of the cart is about two cubic yards.

MONCTON AND HYDRO

(Moncton Transcript.)
At the regular meeting of the city
council on Tuesday evening the hydro
question, as it affects the city, came up
for some discussion. It was pointed out
that the council await further announce-
ments from the tramways company. The
major expressed himself as favoring a
ten cent "maximum" rate per k. w. h.
and in even a satisfactory agreement,
being reached between the city and
the tramways, respecting distribution,
that the present contract between the
tramways and city be tested in the N. B.
courts.

It was pointed out in an enquiry
pointed out that the council in com-
mittee of the whole met Messrs. Resser
and Cummings of the Moncton Tramway,
Electricity and Gas Co., in an endeavor
to come to satisfactory terms for the
distribution of hydro electric current to
the citizens. A rate could not be agreed
upon and Mr. Resser said he would
use the matter up with his board of
directors on his return to New York.
They had agreed to a ten cent rate per
k. w. h. but the city council insisted that
this rate be shown in the contract as a
maximum rate and replied to Mr. Resser
to that effect. They were now awaiting
his further reply.

Further he pointed out that the present
rate of energy is eleven cents per
k. w. h., less five per cent, and that the
ten cent rate offered by the M. T. E.
and G. Co. for hydro power is only a
fraction of a cent reduction. He believed
that the hydro was developed solely
for the benefit of the taxpayers of the
Province and not to help any private
corporation.

The M. T. E. and G. Co. would be
protected by a 2.28 cent per k. w. h.
maximum rate from the Hydro Commission,
and consequently should also give
the city the protection of a maximum
rate. He explained that the council is
still endeavoring to bring the matter to
an early and satisfactory conclusion.

SUSSEX AND HYDRO.
(Sussex Record.)
At a public meeting held in the Agri-
cultural School Building on Monday
evening, the action of the Town Council
in hydro-electric matters, decided on at
a council meeting held last week, was
approved and endorsed. Mayor McKenna
occupied the chair.

After stating the object of the meeting
to be made between the New
Brunswick Electric Power Commis-
sion and the Town of Sussex. He ex-
plained that it was the same contract
as other towns in New Brunswick, such
as Newcastle, Bathurst, and
Campbellton are going on.
At a Town Council meeting held on
May 16th it was voted by a majority
that the Town of Sussex apply to the
New Brunswick Electric Power and
Energy, for a block of current
to be not less than 300,000 k. w. h.
and to be at the price of taking up to
400,000 k. w. h. if required.

A resolution moved by Alderman
Howard was also unanimously carried,
authorizing the Town of Sussex to
issue bonds for an amount not to exceed
\$50,000 for the purpose of taking up
to distribute electrical energy in the
Town of Sussex.

At the public meeting, when Mayor
McKenna had been thoroughly
discussed, on motion of W. D. Turner,
the public meeting endorsed the action
of the Town Council, and authorized
that body to complete the arrangements
necessary for the supplying of the town
of Sussex with hydro electric energy.

EUROPEAN POPULATION.
(New York Evening Post.)
Censuses of the population of Great
Britain, France and Italy were all taken
in 1921, and the official results for the
last held, the Italian census, have just
been given out in Rome. The population
of Great Britain, excluding Ireland, was
found to have risen in the last decade
from 40,830,000 in 1911 to 42,767,000,
and the addition of Ireland, where no count
was made because of the disturbance during
the conflict with the United States, Brazil,
Argentina, and other parts of the world.
They came to light, and now they are
staying at least temporarily to work.

emigration was largely cut off. But
beyond doubt a very heavy part of the

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, MAY 29, 1922

EMINENT WRITER WELCOMED HERE

Rev. Dr. C. W. Gordon, Moderator of Presbyterian General Assembly, Preaches in Local Churches.

The city is extending a hearty welcome to Rev. Charles W. Gordon, moderator of the General Assembly of the Presbyterian church in Canada, and widely known as "Blair's Canon," the eminent writer. Yesterday he was heard by large congregations when he preached in the morning at St. Andrew's church and in the evening at St. David's church and while in the city he will address the Rotary Club. His intense earnestness and rare power of oratory made a deep and lasting impression on all who heard him yesterday.

He prefaced his sermon in St. Andrew's church with a reference to the fact that he was closing this year of public service as moderator to the congregations and churches. In his year of moderatorship he had visited every province, conferred with many Presbyteries and almost every synod and he would speak of two great impressions he had gleaned. The first was that the Presbyterian church should be very thankful to God for the manhood and womanhood which it found in its churches. There was nothing finer in the whole of Canada in intelligence, strength of character and spiritual power. So much for the rank and file. And for the leadership, the ministers were men of God, courageous and gifted with organizing and preaching ability to a marked degree. He had met with them and conferred with them and the spirit of God was in them.

He was deeply conscious of the grave defects in the Presbyterian church and in all churches in the dominion but there should be gratitude that there was so strong an evidence of God's presence. The second great impression gleaned in his dominion tour, of which the appalling fact that much of the dominion was still un-Christian, but men yielded to God had conquered the world before and they could do it again he declared. In his closing words he spoke of conditions in the homes where young girls were growing up, of conditions in the lives, the business and the men which influenced boys. There was a job, he said, for the church to see that the girls did not grow up amid the conditions that were as the myrtle tree, and that the boys were not caught in the briars but grew up straight and true. "Who wouldn't be a preacher of the gospel," he asked with pride, "who have a great faith and a wonderful God?"

RECENT WEDDINGS

Dowling-Wilson.
Miss Louise Wilson, daughter of Mr. and Mrs. Leo Roy Wilson, of Belmont avenue, Westmount, was married to Guy Q. Dowling, son of Mr. and Mrs. John, in St. Stephen's church, Montreal, on Thursday. Rev. Dr. Frank J. Gordon officiated. The ceremony and Mr. Wilson gave his daughter away. Miss Gladys Dowling, of this city, was one of the bridesmaids. Among the out-of-town guests were Mr. and Mrs. Dowling and Miss Dowling, of Montreal, and Mr. and Mrs. Dowling will reside at Iroquois Falls, Ontario.

RECENT DEATHS

Miss Georgina H. Whelpley.
The death of Georgina Helen, eldest daughter of Mr. and Mrs. A. E. Whelpley, 242 Paradise Row, occurred in this city on Saturday morning, May 27, at the age of twenty-eight years. She is survived by her parents, two sisters, Mrs. C. V. Giguere, of Whitehead, Kings county, and Miss Ettie F., at home, and one brother, J. Reginald, also at home. Interment will be at Long Reach today.

FUNERALS

The funeral of Mrs. Lawrence F. Lambert took place yesterday afternoon from her late residence, 170 Sydney street, with services at the house and at St. James church. The congregation was exceptionally large and many beautiful floral tributes testified to the feeling of love on the part of all who knew the late Mrs. Lambert. Services at the church and grave were conducted by Rev. H. A. Gody. Interment was made in Fernhill cemetery.

Many Women Need More and Better Blood

ALL SEEKING HEALTH SHOULD READ MRS. EPLETT'S LETTER.

It is a fact proven by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to young or older women desiring to be well. The most common ailments of women drain and weaken the system and sometimes result in anemia, nervous weakness, general break-down, and other ailments.

My Weight Ran Down
from 160 to 108 lbs. in two years. I consulted physicians, who treated me without benefit. I was told I had liver troubles, and enlarged spleen.

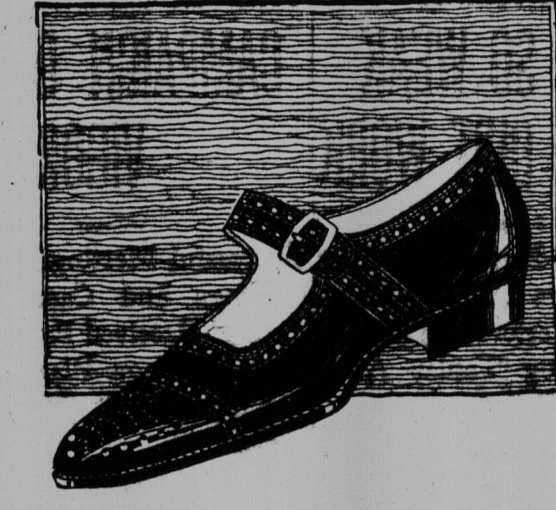

"Something I read about Hood's Sarsaparilla, the straightforward way in which its story was told, induced me to try this medicine. It was evident something must be done to stop the loss of flesh and strength. I could not walk a quarter of a mile nor sweep the floor. After eating I would have palpitation of the heart upon the slightest exertion.

The effect of Hood's Sarsaparilla was soon noticeable, in better appetite, return of strength, and increase in weight, and so I continued to take the medicine about a year.

"At this writing I can do a great deal of work without pain, or exhaustion, and have recovered my weight so that now I tip the scales at 150 lbs.

"The anemic condition which had been so long ago seems to be entirely gone. I know from experience that Hood's Sarsaparilla will do for a weak, run-down woman. I am naturally very grateful for this medicine." Mrs. Susan H. Eplet.

Better get Hood's today.

METAGAMA BRINGS MANY NOTABLES

The Canadian Pacific steamship Metagama from Glasgow docked at Quebec on Saturday. She carried many passengers among whom were several notables. Two prominent ministers of the Presbyterian church of Scotland, Very Rev. Dr. P. Martin and Rev. D. McFarlane, arrived as special delegates to attend the general assembly in Winnipeg. They will spend in various places in Canada before returning to Scotland.

On board the Montreal, another Canadian Pacific liner, which arrived in Quebec on Friday evening was a party of eighty-nine Catholic orphans, seventy-nine boys and ten girls, brought out to Canada under the auspices of the St. George's Catholic Immigration Association of England in charge of Sister Paul Mary. Among the cabin passengers were

William Coote, M.P., Unionist member for County Fermanagh, Ireland, who is en route to Vancouver. He will remain in Canada for three months during which time he will address meetings in the principal centres of the western provinces and Ontario on the Irish question from a northern Irish standpoint.

St. John Man to Have the Body of Unknown Exhumed

James Sargent, of Campbellton, and E. J. Sargent, of St. John, father and brother respectively, of George Sargent, who was presumed to have been drowned while shooting wild fowl at Escuminac on November 21 last, have gone to the city to get in touch with the authorities regarding the unidentified body of a man which was found floating on the water by lobster fishermen a few days ago at Frog Point, near Tignish.

E. J. Sargent read an item in The Telegraph regarding the finding of the body, but it was then too late for the body to be present at the inquest. From the published description he is reasonably certain that the body is that of his missing brother whose disappearance has been considerable of a mystery.

It is expected that the body will be exhumed today.

I. O. E. SCHOLARSHIPS

Vancouver, B. C., May 29.—Satisfactory reports on the various scholarship endowed by the Independent Order of the Daughters of the Empire were submitted by provincial representatives to the war memorial committee of the order at its annual meeting here yesterday. The national convention of the order will open here today.

Miss Constance W. Lang, convenor of the war memorial committee, presided at the meeting. Representatives are present from seven provinces.

RENEW COUNCILLOR DEFEATS HOLD-UP MAN

Renfrew, Ont., May 29.—Rev. Mr. McEwen while returning from council meeting about 11.30 at night, and half a block from his own home, was stopped by a man who appeared from behind the hedge, and ordered to hold his hands.

The footpad was armed with a heavy piece of lead. Rev. Mr. McEwen was too quick for the highwayman, and struck him a heavy blow between the eyes, following up his attack with vigorous kicks. The footpad dropped his bill and disappeared in the neighborhood ravine. The case is now in the hands of the police, but there is no clue, as the man was a stranger to Rev. Mr. McEwen, who was unable to get a good view of him.

THIS ROOSTER'S CROWING SHATTERS POULTRY ETHICS

Montclair, N. J., May 29.—A rooster that has no sense of time is complained about in a communication to Mayor Howard E. McConnell, which was referred to the attention of the police department. The complainant is J. D. Cone of Beverly Road.

"This rooster," said Mr. Cone, "has absolutely no sense of time and is apt to crow any time from 10 p. m. to 10 a. m. with results that not only are unpleasant but are a menace to Mrs. Cone's health in that it frequently not only disturbs but destroys her slumbers."

"I believe that there is now a statute on the books of Montclair to the effect that no one is allowed to keep a noisy rooster. If this is so, will you please apply it to the noisy rooster directly back of my home."

The referred to ordinance was recently enacted to cope with a particularly noisy rooster in another section of Montclair.

MANITOBA ELECTIONS.

Winnipeg, May 29.—Registration in Winnipeg last week for the forthcoming provincial election resulted in 60,556 names being placed on the voters list, according to a statement issued last night by Liberal headquarters. This is 1,899 short of the 1920 total.

MINIMUM WAGES SET FOR ONTARIO

List of Varying Scales is Proposed for Textile Industries.

Toronto, May 29.—Following is a summary of proposed orders respecting female workers in textile factories, as announced by the Minimum Wage Board of which Dr. J. W. Macmillan is chairman. These orders, the board states, are the same as those now in force for a number of other factory trades.

Toronto.—Experienced adults over eighteen years of age, \$12.40 per week; inexperienced adults, over eighteen, six months at \$10 and six months at \$11; young girls, under eighteen, six months at \$8, six months at \$9 and six months at \$10.

Other cities over 30,000 population.—Experienced adults, over eighteen, \$11.50; inexperienced adults, over eighteen, six months at \$9.50 and six months at \$10.50; young girls, under eighteen, six months at \$8, six months at \$9 and six months at \$10.

Cities and towns between 6,000 and 30,000 population.—Experienced adults over eighteen, \$11; inexperienced adults over eighteen, six months at \$9 and six months at \$10; young girls, under eighteen, six months at \$8, six months at \$9 and six months at \$10.

All the rest of the province.—Experienced adults, over eighteen, \$10; inexperienced adults, over eighteen, six months at \$8 and six months at \$9; young girls, under eighteen, six months at \$8, six months at \$9, and six months at \$9.

These rates do not affect office workers. For piece-workers, it is sufficient if 80 per cent receive the minimum; and the wages may be averaged over a period not exceeding three months.

At least half the workers in any factory must be experienced adults, the report declares.

The minimum Wage Board will hold a public hearing in its office, Toronto, on June 1, at 9 p. m. Any comment or criticism may be presented then, or sent to the board before that date, the board points out.

\$10,000 ROBBERY

(Canadian Press Despatch.)

Sydney, N. S., May 29.—Charged by his employer, with the theft of cash, bonds and papers, representing approximately \$10,000, Peter Swansky, clerk in the store of Alex. Martineau, Whitney Pier, has been arrested and released on \$1,000 bail. When Martineau reached his store Friday morning he found the safe open and cash, bonds, deeds and other valuable papers missing. Swansky will get a preliminary hearing next week.

She could eat anything —without indigestion or sleeplessness

For a time she had been troubled with gas after her evening meal. The distress was most painful after eating potatoes or other starchy foods, of which she was very fond.

Then she started taking two cakes of Fieschmann's Yeast every night between her evening meal and bedtime. She poured about a half cup of boiling hot water over the yeast cakes, stirred them thoroughly, added a little cold water and drank.

She found she could eat anything and sleep splendidly afterward.

Thousands of men and women are finding that Fieschmann's Yeast corrects stomach and intestinal troubles. It promotes the flow of bile and pancreatic juices. Appetite is always kept normal and you are protected against indigestion.

Add 2 to 3 cakes of Fieschmann's Yeast to your daily diet. You will find that your whole digestive system is greatly benefited. Be sure it's Fieschmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer for Fieschmann's Yeast.

BAN RUBY LIPS FOR BEDFORD GIRLS

Painted Cheeks and Eyebrows Barred—Moderation With Powder Puff Required—Curl-paper Legislation.

Bedford, N. Y., May 29.—A set of seventeen new rules just issued by Superintendent Amos T. Baker of the State Reformatory for Women forbids the inmates to use the rouge pot, lip stick and eyebrow pencil; calls for moderation with the powder puff, and prescribes the length of skirts, the way to wear stockings and garters and how to wear them, and imposes restrictions in gossip and the use of curl papers. The rules were approved by the board of management.

According to the girls, Rule 17 is the most devastating. It reads:—"The practice of reddenning the lips and cheeks, blackening the eyebrows and eyelashes and of using excessive quantities of powder or other make-up material on the face is prohibited."

Other rules are as follows:—"No girl will be permitted to change the pattern of her dress in any way."—"Waist fronts are not to be rolled back and are always to be worn in a modest manner. Dress skirts are to be worn not more than twelve inches from the ground."

"Khaki suits with bloomers are to be worn only when inmates are engaged in specified rough work. They are not to be worn at school, during recreation time, at singing classes or at any time except as noted above."

"No girl is permitted to come to her meals with her hair in curl papers, or wearing a bouffant cap, or wearing a bouffant cap. Now is any girl to leave her cottage with her hair in curl papers or wearing a bouffant cap, and shakli suits are worn they are to cover the knees, and stockings are always to be above the knees."

"At no time are girls to talk to or from cottage or school windows to other girls."

Other regulations are aimed at slackers and malingers, and attendance at Roman Catholic, Protestant or Jewish services is made compulsory. Violations of the new rules will result in loss of credit marks and lengthen the offender's term in the institution.

Superintendent Baker, when asked by a reporter why the young women in the reformatory go to the pains of dressing and beautifying themselves in Bedford when no men are allowed to see them, replied: "They always like, if they get the chance, to 'doll themselves up.'"

opened the door of her apartment and entered the private hallway. Almost

immediately there was an explosion of gas which had escaped from a jet. Mrs. White's clothing caught fire and she ran into the hallway, screaming for help.

Policeman John Flaherty was passing the house when a shower of glass from three shattered windows of the apartment fell at his feet. As he ran upstairs three excited women met him. "It's an awful explosion," cried one, as the three brushed past him on their way to the street.

Flaherty found Mrs. White, her clothing aflame, on the second floor landing. Ripping up a length of stair carpeting he threw it round the woman. He then pulled off his coat and beat out the fire. At Bellevue Hospital it was found Mrs. White had been burned on the face, hands and body.

Most of the tenants on the four floors in the house fled to the street, where several hundred persons gathered.

NOT LIKELY TO INVITE CANADA

Many, However, Would Like to See Dominion in the Pan American Union.

Washington, May 29.—(By Canadian Press)—While a great deal is being said to Canada to participate in the forthcoming conference of the Pan-American Union at Santiago, there are difficulties in the way of such an invitation, according to high authority here, which may preclude it. So far as the United States is concerned, there is no question it would be glad to see Canada represented at the conference, in fact, in the Pan-American Union itself.

The constitution of the organization, however, limits the membership to the republics of the New World. This has been true since the beginning of the organization. Under this constitution, the officials doubt their authority to extend invitations to countries other than republics.

Moreover, if Canada is concluded, there will arise the delicate question of what to do about some other countries, such as British Guiana, French Guiana and Dutch Guiana. Exactly where to stop if the policy of including republics only in the invitations is abandoned is difficult to say.

Another phase of the matter is that there is some delicacy felt by the Pan-American Union about inviting Canada unless it is done through Great Britain. And here comes up the question as to how the British government would view the association of one of its great dominions with an organization of republics.

In past years, it is learned, the question of inclusion of Canada in the Pan-American Union has been much discussed unofficially by influential men in the organization and outside of it. Officially, however, it never got anywhere for the reasons already indicated.

In view of the growing importance of Canadian trade with Latin America and with the United States, it has to be admitted that the reason for including Canada are stronger now than many years ago, when the union was formed. It would be entirely natural if the question

of taking Canada into the union should arise at Santiago. While officials here do not say this will be done, there are substantial reasons why it should be a proper subject for consideration. Even though no invitation goes to Canada to attend the conference, it would cause no surprise if the conference should discuss the question of extending an invitation to Canada to attend future Pan-American Union gatherings.

ON WESTERN TRIP.

Mr. and Mrs. Jasper H. Cameron of West St. John, will leave this evening for Winnipeg, where Mr. Cameron will attend the general assembly of the Presbyterian Church as delegate. After the meetings Mr. and Mrs. Cameron will journey to Edmonton, where they will visit their two daughters, Mrs. A. Goddard and Miss Beatrice Cameron. They will make the Journey home by way of Chicago and expect to be away about two months.

DEATH OF CHILD.

Friends of Mr. and Mrs. Alonso Tremblin, 74 Moore street, will sympathize with them in the death of their infant daughter, Mabel Kathleen, three and a half months old, which occurred on Saturday night. Besides the parents, the brother Gerald, aged five, survives. The funeral was held this afternoon at 2:30 o'clock from Clayton's undertaking rooms in Princess street where service was conducted by Rev. H. B. Clarke. Interment was at Fernhill.

CARR-TUCKER.

On Friday evening, May 26, at the home of Mr. and Mrs. Edward Tucker, 16 Clarence street, their eldest daughter, Agnes Vera, was united in marriage to Frank S. Carr. The ceremony was performed by Rev. R. T. McKim of St. Mary's church. The bride looked very pretty in a dress of white voile, with a lace hat and carrying a bouquet of white roses. She was attended by her sister Miss Hazel, who also wore a becoming costume of white voile. The groom was supported by Bert Davidson. They were the recipients of many presents. After a short honeymoon trip Mr. and Mrs. Carr will take up their residence at 18 Clarence street.

A man in New York writes to inquire about the trout fishing in the province. He says he expects to come here in July and wants to fish within fifteen miles of St. John.

The secretary has received a letter from the Ver Bureau of Handelingenlichtingen of Holland, thanking him for a copy of the 1921 report of the St. John board and saying that they will be pleased to see visiting members from this city.

A copy of the annual manual, "Facts about Winnipeg," published by the Board of Trade of that city, has been received here.

MRS. JOHN A. SCOTT.

Mrs. John A. Scott, formerly a resident of New Brunswick, died suddenly on Saturday at her home, 336 Elliot street, Beverly, Mass., at the age of sixty-nine. She leaves to mourn her husband, five sons, Hugh C., of Norton, Mass., William A. of California, John W., of Missoula, Mont., George D., of Lynn, Mass., and Peter H. of Beverly; three daughters, Mrs. Shanks of Beverly, Miss Jean of Boston, and Mrs. D. E. McKim, 119 Britain street, this city; one brother, William Wright of Lynn; three sisters, Mrs. Christina Ferguson of Lynn, Miss Jennie Wright of East Lynn and Mrs. Robert MacDonald of East St. John, and twenty grand-children. Mrs. Scott was born in Aberdeen, Scotland, and came to this country fifty years ago. She resided at Sussex and later moved to Clarendon parish in Charlotte county and about nine or ten years ago left there for Beverly where she had made her home since. She was well known and was highly respected by all those with whom she came in contact, having done many deeds of kindness. Much sympathy is felt for the family in their bereavement. Mrs. McKim will leave tonight for Beverly to attend the funeral services.

ALLIANCE HEARS

REV. DR. GORDON

Resignations of Rev. J. A. McKeigan and Rev. J. C. B. Appel as President and Secretary Regretfully Accepted.

Rev. Charles W. Gordon, D.D., (Ralph Connor) moderator of the general assembly of the Presbyterian Church of Canada, was the guest of honor and the principal speaker at a meeting of the Evangelical Alliance this morning in the Y. M. C. A. Rev. Dr. J. G. Shearer, of Toronto, secretary of the social service council of Canada, also spoke a few words of commendation and the address given by Dr. Gordon. Included in the business transacted was the granting of \$20 by the alliance to help defray the extra cost of the unemployment bureau. The resignation of Rev. J. A. McKeigan, the president of the Alliance was tendered, and the resignation of Rev. J. C. B. Appel, as secretary and as chairman for the Boys' Industrial Home.

The first business taken was the matter of the deficit of \$60 in the accounts of the unemployment bureau. It was reported by the secretary, Rev. Mr. Appel, that the Rotary Club, the Salvation Army and the Evangelical Alliance had each given a grant of \$50 to defray the expense of this work that was found to have been insufficient and that there was now a debt of \$60. The other societies had been spoken to in regard to grants of \$20 each and he would move that the Alliance grant \$20 as their share. This motion was passed.

Rev. Mr. McKeigan then announced that, on account of his leaving for Moose Jaw in a fortnight, he would be forced to hand in his resignation as president of the alliance. He spoke of the regret he felt at leaving a body in which he had formed many pleasant associations but said that he had been called to the west and felt that there was a great need for him there. On motion of Rev. Dr. David Hutchinson and Rev. Jacob Heaney this resignation was regrettably accepted. Rev. H. E. Thomas moved that a committee consisting of the secretary, Rev. Mr. Appel, Rev. Neil Macaulay and Rev. C. F. Clark be appointed to draw up a formal resolution regrettably accepting Mr. McKeigan's resignation. This motion was passed.

Rev. J. C. B. Appel said that he would also be forced to resign his position as secretary because he was to leave in September for California and there would not be another regular meeting until the first Monday in October. Rev. Mr. McKeigan said that this would grieve all those present as they had looked upon Mr. Appel as a sort of anchor for the association and would miss him and his presence at the meeting. Rev. R. S. Cray and Rev. William Lawson, a hearty vote of thanks was tendered to Mr. Appel and his resignation to take effect in September, was regrettably accepted. The matter of the appointment of a new secretary of a chaplain for the Boys' Industrial Home was left in the hands of the executive, until the October meeting.

It was decided to leave the matter of a president for the rest of the season in the hands of the Presbyterians as it was the turn for the Presbyterians to hold this office. Rev. W. H. Townshend was elected to the position and took the chair at the end of the meeting.

Rev. Dr. Gordon.

Rev. Charles Gordon was introduced to the meeting by the president, who spoke of the pleasure they all felt at having the opportunity to hear a man so distinguished as a speaker and as a minister.

Rev. Dr. Gordon said that he was glad to have the opportunity to speak to a group of ministers such as this. He did not agree, he said, with the general view that a group of ministers were the hardest people to address but felt that they would appreciate any truths he could give them. His talk was on the subject "How to win the world" and he gave the solution the words "By means of men and a message." He compared this with the start of Virgil's Aeneid where it says "I sing of arms and a man." In this case it was the message and the man he wished to speak of. He spoke of the need of interesting the laymen of the church in the work of the church and said it was the same as in the war when it was won not by the generals but by the common soldiers. The speaker told of the founding of the church in Antioch in sides times by a layman, Barnabas, and his being assisted when the work became too much for him by another layman, Paul. There was a great need, he said, for educated men but they alone could not win the battle; the rank and file of Christianity must be interested.

Rev. Dr. Gordon touched upon conditions in British Columbia and scolded heavily the liquor traffic and gambling going on there. The only cure for this, he said, was the work of the common men in the church, he said. In Canada, he said, the church had the greatest hold on the people of any country in the world and in Canada they should be best able to stamp out immorality.

PRESENTATION TO REV. J. A. MCKEIGAN

A special meeting of the Presbyterian ministers of the city was held this morning in St. Andrew's church with Rev. P. S. Dowling presiding. On behalf of the ministers, Rev. W. M. Townshend presented to Rev. J. A. McKeigan a handsome set of books as a token of their good wishes for his success in his new field of work at Moose Jaw. He spoke of the regret with which this city would view his leaving but said that he felt sure that Mr. McKeigan would find a broad field for his labours in his new church and that they wished him every success and blessing in his work there. Rev. Mr. McKeigan, who has been pastor of St. David's church for several years, will leave two weeks from today for Moose Jaw to take over St. Andrew's church there.

Mayor Firm Regarding the Terms of Proposed Contract With Tramways Co.

WANTS MAXIMUM TEN CENTS K. W. H.

Says He is in Favor of Testing Present Contract in Courts if Satisfactory Agreement Cannot be Reached—Meeting of Citizens Suggested.

(Moncton Times, May 25.)
As a result of an enquiry from Ald. McKinnon, as to the present position of the Council in the matter, the hydro electric question came up for consideration at the regular semi-monthly session of the City Council on Tuesday night. Mayor Edgett pointed out that the council in committee of the whole had met Messrs. Reser and Cummings of the Moncton Tramways, Elec-

tricity and Gas Co. in an endeavor to come to satisfactory terms for the distribution of the current to the citizens. A rate could not be agreed upon and Mr. Reser said he would take the matter up with his board of directors on his return to New York. A rate of 10 cents per k. w. h. was offered to the city, but the city council insisted that this rate be shown in the contract as a maximum rate and replied to Mr. Reser to that effect. They were now awaiting his further reply. The discussion became quite animated at times and several members of the council condemned the M. T. E. and Gas Company for the stand they had taken in the matter.

Hydro Electric.
Ald. McKinnon asked what position the council was in regarding the hydro electric power, and in reply Mayor Edgett explained that they had met Messrs. Reser and Cummings of the M. T. E. and G. Co. in an endeavor to enter into a contract with that company for the

distribution of the electric energy to the citizens. A rate could not be agreed upon and the council requested Mr. Reser to take the matter up further with the board of directors on his return to New York. A rate of 10 cents per k. w. h. was offered to the city, but the city proposed to make this a maximum rate and this was the clause in the proposed contract the M. T. E. and G. Co. would not agree to.

Mayor Edgett pointed out that the present rate of energy is 11 cents per k. w. h. less five per cent, and that the ten cent rate offered by the M. T. E. and G. Co. for hydro power is only a fraction of a cent reduction. He said that the hydro was developed solely for the benefit of the taxpayers of the province and not to help any private corporation. A large amount of work, he pointed out, would devolve upon the city, as they would be responsible to the Hydro Commission, but this would be done gratis. The M. T. E. and G. Co. would be protected by a 2.25 cent per k. w. h. maxi-

is better than mushy porridges because the tasty crispness of the baked wheat encourages thorough chewing which develops sound teeth. Give the youngsters all they want. It is a real whole wheat food and is ready-cooked and ready-to-eat. So easy to prepare a delicious, nourishing meal in a few minutes.

imum rate from the hydro commission, and consequently should also give the city the protection of a maximum rate. He explained that the council is endeavoring to bring the matter to an early and satisfactory conclusion.

Would Accept the Rate.
Ald. Stewart said he thought it would be in the best interests of the city to accept the rate offered by the M. T. E. and G. Co., even if there was no financial advantage over the present rate, because it would mean more work and consequently it would be more advantageous to the citizens in general.

He quoted the hydro rates in effect in 1920 in several Ontario cities of about the same population as Moncton. He pointed out that the present rates are lower than those quoted. They are as follows:

City	Population	Domestic rate per k. w. h.	Commercial rate per k. w. h.	Rate per k. w. h. to hydro
Brampton	32,000	1.6	1.8	8 to 13
Chatham	18,000	3.7	3	8 to 25
Galt	13,000	2	2	11
Orpington	17,000	2.8	2.2	8 to 25
Kitchener	21,000	2.6	1.7	11 to 25
London	59,000	2.3	1.8	8 to 25
Niagara Falls	14,000	2	1.7	8 to 5
St. Thomas	18,000	2.8	2.2	11
St. Catharines	19,000	1.6	1.4	7

Would Test the Contract.
Mayor Edgett said that the city had put up too long with the class of service given by the M. T. E. and G. Co., and stated that if a satisfactory conclusion cannot be arrived at that the contract with the company should be taken to court and have it properly carried out.

Ald. McKinnon said that the citizens of Moncton had put up with the M. T. E. and G. Co. for a long time, and the hydro power should be given to the citizens as soon as possible. If only to give cheaper power to the railway, as they have to compete with the cheaper power in other shops in the Dominion. He read an extract from the minutes of a previous meeting, at which W. U. Appleton stated that if cheaper power could not be obtained here a large amount of the work might be transferred to other shops. Ald. McKinnon said that the matter must not be allowed to stand, and thought that the contract for power should be made with the hydro commission by the city.

Ald. Marks suggested the calling of a meeting of representative citizens to discuss the matter and thus get the feeling of the citizens.

Mayor Edgett said that if a citizens' meeting were called it should be general. Adjourned.

ANNUAL MEETING OF LUDLOW STREET SUNDAY SCHOOL
The Ludlow street Sunday school's eighty-first annual meeting was held yesterday afternoon with the superintendent, R. H. Parsons, presiding and unanimously Mr. Parsons was re-elected to office. This is the thirteenth time that honor has been conferred on Mr. Parsons. Reports showed that the year had been most successful. The secretary, E. F. Ring, in his report showed 441 enrolled, an increase of fifty-three, an average attendance of 222 and a maximum attendance of 327. During the year seven of the scholars had united with the church by baptism. Miss M. E. Mullin, in her treasurer's statement, showed total receipts of \$1,018.55

and a balance on hand amounting to \$76.61. The greater part of the balance was in reserve for the library fund. The total did not include the sum of \$170.84 which Mrs. George Gibbon, the missionary treasurer, reported had been raised for missions of the amount raised by the Sunshine circle, which will hold its meeting later. The school has twenty-seven teachers, including those in the primary department.

The election of officers resulted as follows: Honorary superintendent, John F. Ring; superintendent, R. H. Parsons, associate superintendents, R. J. Rupert and E. F. Campbell; secretary, E. F. Ring; assistant secretary, Prescott McLean; treasurer, Miss M. E. Mullin; missionary treasurer, Mrs. George Gibbon; assistant missionary treasurer, Miss Saldie Burke; librarian, Mrs. Amos K. Horton; assistant librarian, Miss Saldie Burke; Miss Pearl Crawford; and Donald Cheyne; pianist, Miss M. E. Mullin; assistant pianist, Miss Olive Parsons; primary superintendent, Mrs. Hasen Hamilton; superintendent of cradle roll, Mrs. Frank Cheyne, and guardian, Edmond Wilson.

This is Beaver Board time

Beaver Board is more popular this spring than ever before. Because a lot of long-postponed repairing and remodeling work is being done. And genuine Beaver Board is a wonderfully economical and satisfactory material for this sort of work, as well as for new interior construction.

Not only is Beaver Board exceedingly inexpensive, but the work of application is very simple. At most, there are only three steps to any Beaver Board job: (1) nail the big, flawless panels over old plaster or directly to joists and studding; (2) apply paint, if you want a decorated job; (3) add the finishing wood strips.

Walls and ceilings of Beaver Board cannot crack or fall. Because Beaver Board is real manufactured lumber, made from long, tough, white spruce fibers. Each panel is sized for the patented Sealite process, which provides a perfect surface for painting and decoration.

Ask any carpenter or lumber dealer in town for an estimate on the Beaver Boarding you want to do. You'll be surprised at the low figures.

But insist upon having genuine Beaver Board with the Beaver Quality trade-mark on the back of every panel. That's the only way to be sure of the result.

**GIRL'S LETTERS
TRAP FUGITIVE**

Hoboken Police Watch Post Office Six Weeks and Capture Alleged Jewel Robber—Faces Cincinnati Charge.

New York, May 29—After watching the Hoboken Post Office for six weeks, detectives succeeded in arresting Barney Haberman, 24, wanted by the police of Cincinnati in connection with a \$60,000 jewelry store hold-up there on March 23. At 7.30 in the evening the prisoner was attacked with acute appendicitis, and was hurried to St. Mary's Hospital, Hoboken, for an operation.

Ward's arrest was made possible by letters of a woman friend to relatives in Detroit. The police gave the woman's name as "Mac Le Marc," admitting this was fictitious. They said she was a member of a prominent family in Detroit and disappeared soon after the hold-up in Cincinnati. Haberman, who described himself after his arrest as a dentist, said he had been living at 28 West twenty-third street, Manhattan.

On March 23 the jewelry store of Samuel Savin, 86 East Sixth street, Cincinnati, was held up by five men, the leader of whom, the police charges, was Haberman. While the proprietor and five clerks were held in a rear room, the robbers rifled two safes. Subsequently two men alleged to have participated in the hold-up were arrested. A reward of \$2,500 was offered for Haberman's arrest.

Relatives of the "Le Marc" girl in Detroit received a letter from her a short time after the hold-up, advising them to forward mail to Hoboken, general delivery. Chief of Police Hayes of Hoboken was notified, and assigned detectives to watch the post office.

A young woman, whom the police described as unusually attractive, called at the post office for letters addressed to "Mac Helma." As she left the building Detectives Fullam and Cornell followed. At First and Madison streets they saw her give the letters to a man.

They seized the man. Advised by the Cincinnati authorities to take no chances they pinned the prisoner's hands behind him and handcuffed him, although he was unarmed. He wore a diamond stick pin and two diamond rings, which the police declare were a part of the loot from the Cincinnati robbery.

The prisoner admitted his identity but denied having participated in the hold-up. The young woman was not arrested.

YEAR IN JAIL FOR DRIVER OF TRUCK

Man who Injured Two Children Given Term with Hard Labor.

"The rights of pedestrians must be protected, and I hope that the sentence I am about to impose will serve as a deterrent to others. One year in jail at hard labor."

In these words Chief Judge Decarie, sitting in the Court of Special Sessions, Montreal, disposed of the case of Arthur Laviolette, who was arrested on April 18 last, on a charge of injuring two children by wantonly driving a Ford truck at a furious speed in St. Lawrence street. In passing sentence on Laviolette, Judge Decarie denounced the carelessness of motorists who disregard the speed laws in the city streets, exposing innocent passersby and children to loss of life or limb. He hoped that the case in point would serve as a lesson for the speed demons of the city.

KILL ROBBER, SAVE \$16,000 IN CAR CHASE

Bridgeport, Conn., Police and Firemen Capture Three New Yorkers After Pistol Battle.

Bridgeport, Conn., May 29—One bandit was killed and three others, one wounded, were captured after they had stolen the \$16,000 payroll of the Connecticut Company. The money was recovered after a running automobile pistol fight between policemen and five men and the fugitives.

The dead robber and his companions were New Yorkers. The dead man was Louis Stone of Brooklyn. His captured companions were Edward Kiviat, nineteen years old, of 22 Pike street; Max Becker, twenty-one, of 821 Clinton street; and Herman Kraut, twenty-four, of Willett street, New York.

As Sidney Tibbals, paymaster of the Connecticut Company, left an automobile in front of the Connecticut Company's office and started to carry the car bars, an automobile halted beside them. It held four men. Two jumped out, called Tibbals and Tibbals with blackjacks, seized the payroll box and leaped back into their car. One fired before the car sped away.

Before the robber car had got out of shot range, Dunn, only slightly stunned, had got to his feet and began firing at the fugitives. One of his shots pierced the heart of Stone, who was in the rear seat of the fleeing car. As the robbers kept on, with the dead man slumped beside them, they fired at the policemen who were pursuing them in cars. Firemen, hearing the shooting as pursued and pursuers passed the station, jumped into one of their fast cars and with revolvers at work joined in the chase.

The fugitive car doubled back and forth through side streets with police and firemen in pursuit. The bandit car at last succeeded in getting outside the city limits. On Barnum Terrace, in the town of Stratford, three miles from the scene of the hold-up, the car drove up to a house and two of the robbers got out, placed the money box on the step of a house which resembled one where the hold-up, the police say, was perfected last night. But the robbers made a mistake in the house.

Kiviat and Becker left the money on the sloop, telling a woman in the house they would be back for it later. They then sought to escape by way of the New Haven Road tracks. They were captured five miles from the scene of the hold-up by Captain Wain and Sergeant Arnoldsky of the Bridgeport force. As soon as the car stopped on Barnum Terrace to let Kiviat and Becker get out with the money, Kraut, the chauffeur, stepped on the gas and sped up a side street, Broad Bridge, where he abandoned the car with the dead man in it, intending to return to the house on Barnum Terrace to join his two companions. He was captured by Motorcycle Policeman Holmes of Stratford.

Two young farmers, John McQuillen and Louis Buerle, looked up from their work in an onion patch to see Kraut decline from the car containing the dead man, and telephoned a police station.

The three men, now held for trial here, made signed confessions to the police giving the details of how the hold-up had been planned and how they tried to carry it out.

LAUNCH VETERANS' POLITICAL PARTY

Members Pledged to Support Candidates Acceptable to Returned Men.

Toronto, May 29—"Canada Ever First" is the motto of the Veterans' Political Party of Canada, which has been formed. A meeting of the Toronto section of the new party was held at Occident Hall, when the objects and platform of organization were explained.

Following are the officers of the organization: President, F. O. G. Wood; Toronto, vice-president, Thomas Brown and H. Y. Cox; secretary, George Seymour; treasurer, A. S. Lucas. The preamble of the party sets forth that it will be the duty of the members to pledge themselves to their utmost in assisting to administer the affairs of the dominion in a way which will prove a real benefit to the people as a whole and to see that these principles are upheld and advanced.

Under the constitution it is provided that the members will recognize their duty as electors, and the necessity of each and every one studying and voting on all matters, local, provincial and federal; and further, "To give our whole-hearted co-operation and support to every public officer, servant of candidate, platform or party, who, or which, meets with the approval of this party, and to place candidates in the field in such electoral districts as appear to this party to be inadequately represented."

Plaintiff Shows Hairdresser to Refund Fee.

New York, May 29—The purely feminine question as to how long a "permanent wave" in a lady's hair should last to deserve the adjective permanent was presented for adjudication to Justice John G. McTigue in the Fourth District Municipal Court. Miss Elsie Knox, a youthful clerk in a New York publishing house, appeared before him to demand the repayment of \$20 by Paul Lay Rousseau, proprietor of a hair-dressing shop at 6 East Forty-sixth street.

"I went to the shop last month to have a permanent wave put in my hair,"

PLAINTIFF SHOWS HAIRDRESSER TO REFUND FEE

The court smiled, the court attendants grinned and the audience snickered. Mr. Rousseau, who had been subpoenaed, took the witness stand to declare that Miss Knox must have put something on her hair to remove the permanent wave. The young woman denied it, and a friend of hers, Miss Hoadley, told Justice McTigue that she herself had had seven permanent waves put in her own hair in the past, none of which had ever faded out in less than six months. Miss Knox took off her hat and showed the court a set of blonde locks innocent of so much as a ripple.

"Judgment for the plaintiff," said the court, and Mr. Rousseau handed Miss Knox \$20 and departed.

Don't Rub—Just Soak Your Clothes Clean

RINSO is fine granules of soap essence, scientifically and completely different from ordinary soap, flakes or washing powder. It should be used differently too—for instance, to get the best results, do not pour the Rinso granules into the tub from the package.

Make the wonderful Rinso liquid first—take half a package of Rinso for each tub of clothes—stir it into a cream in a little cool water, add two quarts of boiling water, stir vigorously and put into the tub of cool or lukewarm water.

Put your clothes to soak for one hour, two hours, overnight, or as long as convenient in this rich Rinso suds, then just rinse thoroughly and the dirt runs away. Your clothes are ready for the line—snowy-white, clean and fresh.

If You Use a Washing Machine—follow the regular directions on the Rinso package and soak the clothes. Then before operating the machine, add fresh Rinso solution and proceed. No other preparation is needed when Rinso is used.

but because of the destruction by fire of the house on that property, which was one of the largest and finest in York county, there is some possibility of his changing arrangements. Mr. Dobie some months ago made an offer of \$25,000 to the New Brunswick and British Company for their fruit farm at Springhill, but it was then held at a somewhat higher figure and has since been sold to Frank Noble.

Jesse W. Murray of F. E. I. has purchased the Burt Manor property in South Devon, on the Marysville road, and is also purchasing thirty acres of interval land. Mr. Murray sold his farm in Prince Edward Island to come here to engage in market gardening and has paid about \$4,000 for his new properties. Mr. Murray's father, an octogenarian, and mother will reside at South Devon with their son and his family.

Mr. Dobie purchased a farm property, which replaces three families of thirty-five people who have removed from Prince Edward Island to take up farms in York county.

CO-OPERATION TRIUMPH.

Industrial Object-lesson Given at Nottingham.

Nottingham, England, May 8.—(By Mail).—A remarkable object-lesson in the triumph of co-operation between employers and employed over economic difficulties was described by Sir Harold Bowen, the chairman of the Raleigh Cycles Company, at the opening today of the extensive works by the company to be built during the post-war "boom" and when the "slump" set in the company, said Sir Harold, wished they had never undertaken them.

A year ago the directors found that while Raleigh cycles could not be

Belyea Second in the American Henley Race

Single Sculls Championship Won by Paul V. Costello of Philadelphia

RUSSELL CODMAN, JR., OF BOSTON IS THIRD

Performance of St. John Man Considered Good in View of Rough Water — Hilton Gains a Half Length Near Finish.

Philadelphia, May 28.—Spontaneous cheers from the throats of 10,000 leather-lunged rowing fans greeted Hilton Belyea, Canadian rowing champion, when the St. John boy characteristically upheld the traditions of Canadian sportsmanship yesterday afternoon at the finish of the first single sculls race for the Farragut challenge cup, the preliminary to the Philadelphia gold challenge cup race for the world's championship to be held here next Saturday by congratulating his successful rival, Paul V. Costello, the local champion, on his victory in the Schuylkill river. Belyea was beaten by a length and a half in time seven and one-fifth seconds slower than the second of Jack Kelly, Costello's Vesper Olympic doubles champion partner. Costello's time was seven minutes, fifty-nine and three-fifths seconds. But as a matter of fact time cut little yesterday as a slashing wind ripped, tore and churned the American Henley course furiously, presenting a pretty problem to the single scullers. Surface conditions were so bad, in fact, that the start of the afternoon's sport was delayed for half an hour and lowering clouds reduced the expected large turnout to barely 10,000 spectators.

Eyes on Belyea. It is doubtful if the Canadian champion extended himself, Costello enthusiasts kept their eyes anxiously on Belyea as he got away to a flying start in front of the local champion. The St. John man held the west shore position, while Russell Codman, Jr., of Boston, hugged the eastern bank. The latter made a poor showing and was beaten by ten lengths. Belyea maintained his starting lead a quarter of a boat length for half a length of a mile and extended this to half a length at the half mile, where Costello by a vigorous spurt passed him. At the three-quarter mile Costello worked into another spurt, pulling rapid strokes and was able to increase his lead to a length. In these relative positions they approached the finish. Both men pulled a powerful pair of blades throughout every minute witnessed a strenuous battle for victory and for conquest over the spluttering, choppy water. Costello Gains.

Costello, however, seemed to be slowing in gaining an inch or so with each concluding stroke. He dug in for a final spurt and momentarily increased his lead to two lengths. Then he let up and Belyea cut this down to a length and a half. Both men finished easily and in good shape taking water conditions into consideration. It was too rough at the end to attempt a spectacular finish. At the conclusion of the race the two gold cup challengers met in the middle of the river where the Canadian champion congratulated Costello. Belyea could not have found a better opportunity to try out the course under the most adverse conditions.

Wind and current were with the oarsmen during the race, yet the elements were things to contend against rather than to help them along. By winning the Farragut cup race Costello becomes the local favorite for next Saturday's race for the world's championship. But in addition to Belyea he will have another formidable adversary in the person of Walter Hoover of Duluth, present holder of the national championship. The Durans Arrive.

Philadelphia, May 28.—Eddie H. Duran, of the Argonaut Rowing Club, Toronto, arrived here today to compete in the preliminary race on Thursday for the Philadelphia Challenge Cup emblematic of the sculling championship of the world. He was accompanied by his father, who is professional sculling champion of the United States and Canada. Late in the afternoon Duran took a practice row over the mile and a quarter course in the Schuylkill river. Duran's opponents in the qualifying event will be Tom Rooney and J. E. Garrett Gilmore, both of Philadelphia. The winner will compete in the challenge race on June 3 against Paul Costello, Philadelphia; Hilton Belyea, St. John (N. B.); Canadian sculling champion, and Walter Hoover, of Duluth, national champion.

The Challenge cup is of solid gold and is valued at \$2,000. It was presented by members of the Schuylkill leavy to Jack Kelly in recognition of his Olympic victory at Antwerp in 1920. Kelly has retired from competitive rowing and will not defend his title.

Omnibus Politicians.

An extraordinary fat woman, laden upon her countenance the look of one who is used to speaking her mind, was trying to mount the steps of a London motor bus. Helplessly looking on stood the conductor, a diminutive bantam of a person. The large female, having reached the second step, with a glance of withering scorn said: "If yer was 'arf a man, yer 'elp me up." The unimpaired miniature calmly replied: "If ye were 'arf a woman, I would."

MEMBERS OF TEAMS IN TWO-TEAM LEAGUE PROFESSIONALIZED

The members of the St. Peter's and Garrison baseball teams have been professionalized by an official bulletin which was issued by the M. P. B. A. U. of C. on Saturday through its regular channels. The cause of the action of the amateur body is given and this clearly announces that the action was brought about by the teams playing in the same game with a professional. It is probable that this player is Eddie Ramsey, although no player's name is mentioned in the official communication. This bulletin reads as follows:

OFFICIAL BULLETIN. "Notice is hereby given that the following baseball players have been professionalized from this date, May 27, 1922, for playing with or against a professional: Joseph Dever, Ray Haines, Lloyd King, George Lawlor, Gerald McGovern, Bernard Money, Richard O'Hagan, Edward Gibbons, Harold Doherty, William Riley, W. L. Bonnell, Joseph Milan, Frederick Killen, Walter Kirkpatrick, George Beatty, Harold Clarke, Frank Lenihan, John McGowan, John Sterling, Lawrence Garnett, Holly Case and Frederick Marshall. All registered athletes are warned not to compete with or against the above mentioned athletes.

HIGH SCHOOL WINS IN DUAL MEET

High School's squad of track athletes piled up fifty-three points in the first track meet of the season on the Y. M. C. A. grounds on Saturday afternoon, while the highest game Business Boys could win was twenty-three. The losers put up a strenuous argument and, considering the handicap under which they played, their showing is excellent and encouraging to them and to their trainer. The feature of the meet was a mile and extended this to half a length at the half mile, where Costello by a vigorous spurt passed him. At the three-quarter mile Costello worked into another spurt, pulling rapid strokes and was able to increase his lead to a length. In these relative positions they approached the finish. Both men pulled a powerful pair of blades throughout every minute witnessed a strenuous battle for victory and for conquest over the spluttering, choppy water.

the association has, is considered among the best in the district, and it was hoped that the summer might see many oarsmen come up to topnotch mark training at Renforth. The club had more than 200 members last year, and financially it broke even. F. J. Nisbet, who presided, was re-elected as president, and the other officers were elected as follows: Vice-presidents, first, W. C. Clarke; second, B. A. Donahue; third, H. S. Morton; treasurer, Paul Cross; secretary, R. D. Fudge; executive committee, A. P. Patterson, L. V. Peter, J. H. Prichard, F. J. Garnett, R. Ingletton, F. W. Coombs, L. C. Armstrong, Arthur Walker, E. ROTHESAY BOYS IN CLASSIC PLAY

The boys of Rothessay school gave a most successful presentation of the classic play, "The Romans," in the gymnasium on Saturday night and greatly pleased a capacity audience. The boys had been trained by W. A. Haines, one of the masters, and they exhibited considerable aptitude in handling this most difficult play that has yet been undertaken in the yearly school dramatic events. They made the scenery also and the garden setting was effective and well done. Those who took part were as follows: Sylvette, H. Nasc; Percin, R. Snow; Stradford, J. Peris; Burgundy, R. Parks; Pasquino, C. Scott; Blaise, P. Beaton; two negroes, S. Dunham and J. Thornton; Mask, M. Carter. Some excellent musical numbers were given between the acts. An instrumental quartette was taken part in by R. Kitchin, B. Hart, C. Dennis and F. Colter and B. Hart, with Mr. Haines as accompanist, sang two solos. A welcome sum was raised for the memorial building fund. The Memorial Building, which is to consist of a dining hall with a chapel above it, is hoped, will be commenced this summer. The board of education has made grant for this purpose and it has been considerably augmented by the proceeds of the entertainments given by the boys and by subscriptions.

LOSS OF EYE NOW TOTAL DISABILITY

Toronto, May 28.—An important step was taken by the Brotherhood of Railway Trainmen here on Saturday when for the first time in the history of the brotherhood it decided to pay total and permanent disability for the loss by one of the members of the organization of a single eye. Hitherto total disability has only been paid in the case of the loss of a hand above the wrist, the loss of a foot above the ankle, or the permanent loss of both eyes.

RENFORTH CLUB TO ENCOURAGE ROWING AGAIN THIS YEAR

The annual meeting of the Renforth Athletic and Outing Association was held on Saturday night at the clubhouse at Renforth and was an enthusiastic gathering. Arrangements were made for opening the season with a dance, and it was decided to make a specialty of rowing during the summer. The accommodation for scullers, which

A price is never cheap unless backed by quality and service. Fit-Reform Spring Suits and Overcoats have the first and give the second.

LEAVE TONIGHT FOR THE CONFERENCE

The special committee of the local Board of Trade to confer, on vitally important subjects concerning the maritime provinces, with the Halifax board's committee, will leave for Halifax on the late Halifax express this evening, headed by the president, W. F. Burditt. The other members of the committee are: L. W. Simms, M. E. Agar and G. E. Barbour. An elaborate programme for the two-day session has been arranged, including entertainment of the visiting delegation. These meetings will be regarded only in the nature of a preliminary to definite action on the resolutions passed at the conference by the various boards of trade in the Atlantic provinces. It is hoped that the results of this conference, the maritime provinces

WATERLOO STREET

The advisory board of the Waterloo street Baptist church met in the vestry of that church on Saturday night in first meeting of the new church year. There was a good representation of the members of the board in attendance and several new members were appointed to it. The new members were: Thomas Griffith, William Griffith, George Nelson and James Mott. Gordon Lawson was appointed secretary for the year. Plans were made for covering the expenses of the church during the summer months. The Sunday services were well attended. In the afternoon the landing of the ships

Jobs for Boys with Bicycles

"Look at the number of factories and offices that need messenger boys with bicycles. And the druggists and confectioners, and fruit stores and hardware, and grocers and heaps of other stores that want boys with bicycles to do light delivering."
"Why, Jerry, there are 'Want Ads' in the paper most every day for boys with bicycles."
"You go and get a job, and then hike down to the C. C. M. dealer's. He will likely let you have a bike by paying so much a week or month."
"Boys are paid pretty high wages now, and it won't take you long to pay for it."
"Ge! You fellows don't know what you're missing, doing without a bike. And specially this one with the Triplex Crank Hanger."
"What's the Triplex, Frank?"

SIXTH BATTERY'S UNIQUE RECORD

The only military unit of the Canadian expeditionary forces, so far as is known to the Sixth Siege men, which has made provision for keeping its former members in touch with one another at regular intervals, is the Sixth Siege Battery itself which held its fourth annual banquet on Saturday afternoon at the Ben Lomond house. Thirty-five of the former members, including several from outside points, were in attendance. Friendships formed in the battery are kept bright in a unique way. While the boys were on the Rhine they took a peep into the future and thought what a fine thing it would be if "après la guerre" they would not entirely lose touch with one another, and so they formed the Sixth Siege Battery fraternal organization. There is a secretary of the association for every province in the dominion whose business it is to keep in touch with the members of the battery in his territory. A booklet giving a bit of information about each fellow, showing changes of addresses, and so forth, is issued every year and mailed to the former members of the unit.

Major L. T. Allen, president and original O. C. of the battery, presided at Saturday's banquet and acted as toastmaster. After the toast to the king had been honored in the usual manner, the gathering sang "O Canada." A silent toast was offered for the fallen. The third New Brunswick regiment was proposed by D. L. MacLaren and responded to by Sgt.-Major Griffin. The Sixth Siege Battery, C.E.F., was proposed by J. S. Henderson and responded to by Major L. T. Allen, original O. C. of the unit. Letters and telegrams were read from all parts of the dominion and several from the United States expressing regret at the senders' not being able to be present, but wishing all members of the battery a very pleasant reunion. The following officers were elected for the ensuing year—President, Major L. T. Allen; vice-president, D. L. MacLaren; secretary-treasurer, R. G. Day.

WATERLOO STREET

The advisory board of the Waterloo street Baptist church met in the vestry of that church on Saturday night in first meeting of the new church year. There was a good representation of the members of the board in attendance and several new members were appointed to it. The new members were: Thomas Griffith, William Griffith, George Nelson and James Mott. Gordon Lawson was appointed secretary for the year. Plans were made for covering the expenses of the church during the summer months. The Sunday services were well attended. In the afternoon the landing of the ships

SPORT NEWS OF A DAY; HOME AND ABROAD

St. Louis, May 28.—Rogers Hornsby, second baseman of the local Nationals and last year's batting champion of the National League, today took the lead among the home run sluggers of the two major leagues by slugging out two circuit drives in the game against Pittsburg, bringing his total to thirteen. The two home runs by Hornsby and one by McHenry enabled the local Nationals to defeat Pittsburg, 4 to 3, and take the odd contest of the five-game series.

Amateur Schedule. The schedule for the City Amateur League for this week is as follows: Monday, Commercial vs. Wolves. Tuesday, Wolves vs. St. George's. Thursday, St. George's vs. Commercial.

Friday, St. George's vs. Wolves. (W. E.) The games for the holiday on June 3 will be announced later. This evening, the senior St. George's will practice on the Queen Square diamond and on Tuesday evening, the juniors will hold their practice. The intermediates will practice the following night. Any team desiring the use of Queen Square diamond may make application for same.

Babe Ruth who got into hot water again as the result of throwing sand in an umpire's face at a game in New York, and getting after a jeering fan. He was fined \$200 and lost the captaincy of the team.

RING. Coogan and Welling Tonight. Indianapolis, May 28.—Mel Coogan of the Woodbine spring meeting, which closed on Saturday and in a ten round bout tonight. Charlie White Wins.

Charlie White, of Chicago, won on points from Jole Ray, of Pittsburg in a ten round bout in Pittsburg on Saturday.

Frank Goddard Puts Out Wells. London, May 28.—Frank Goddard, heavyweight boxer, knocked out Bombardier Wells in the sixth round of their bout at the Crystal Palace last night. Wells was down six seconds in the third round and nine seconds in the fifth.

TURE. Big Slice From Woodbine. Toronto, May 29.—The provincial treasurer, Hon. Peter Smith has been figuring his income under the new five per cent. tax on wagers from the Woodbine spring meeting, which closed on Saturday and he is counting on drawing down nearly half a million dollars. He is understood to have arrived at this conclusion from the amounts turned out by the Ontario Jockey Club as the proceeds of the tax for the first five days of the meeting, during which about \$7,000,000 is said to have been wagered, and \$247,000 paid into court. This estimate, however, is characterized by Secretary W. F. Fraser, of the Ontario Jockey Club, as "absurd." Mr. Fraser said that not more than \$4,000,000 was wagered at the Woodbine in the seven days of the meet and the government wagers would not total more than \$200,000.

TURE. Mad Matter Won Metropolitan. Running the best race of his brilliant career, Harry F. Sinclair's Mad Matter won the Metropolitan Handicap at Belmont Park on Thursday afternoon. He was a veritable steam engine and covered the one mile course in 1:36.8, the fastest time ever made in the stakes.

Walter J. Salmon's renowned racing mare Careful finished second, half a length in front of finished Waterbury at Belmont Park.

GOLF. Holderness is Champion. Prestwick, Scotland, May 28.—Great Britain's new amateur golf champion is Ernest W. Holderness, an Englishman. His runner-up, John Cavanna, young Scotchman, stuck to him like a burr throughout the final round of the tournament this afternoon, the match producing one of the most sensational and interesting tilts in golfing history. Holderness won on the 18th hole.

GARRISON TEAM DEFEATS ST. PETERS Wins Game Replete With Sensational Plays, Heavy Hitting and Loose Fielding.

The Garrison team defeated St. Peter's by a score of 9 to 6 off St. Peter's Park, Saturday afternoon, in a game replete with sensational plays, heavy hitting and loose fielding. The result was always in doubt and the uncertainty kept the fans in a state of excitement throughout.

Kirkpatrick and Lawlor started, but both retired as a result of sore arms and they were relieved by Beattie and King. The box and summary follows: Garrison.

Every one was unanimous in saying that it would be a catastrophe to count down and shelve a play of this type, said Eric Schuler, Secretary of the Author's League of America, Inc. who has served as spokesman for the Joint Committee Opposed to Political Censorship of the Theatre. "The statement which is to be prepared for the voluntary jurors will set forth that the artistic value and the social value of all plays in question must be considered, otherwise the purpose of the voluntary jury system will be defeated."

DAUGHTER NEAR DEATH AS GAS KILLS MOTHER Younger Woman Forgets Her Own Danger in Trying to Give First Aid. New York, May 29.—Anna Butler nearly lost her life in a vain attempt to save her mother, forgetting the danger to herself, in their gas-filled kitchen at 58 Edgecombe Avenue, as she worked over her mother's unconscious body on the floor. Finally Anna also collapsed and but for the first aid of a patrolman she probably would have died.

THREE YEARS FOR CARRYING GUNS. Brantford, Ont., May 29.—Four prisoners, gassed in police court when Magistrate Blake sentenced Frank Hicks, James Cunningham, Earl Smith and Sidney Holley of Montreal to three years in jail for vagrancy and carrying revolvers, the sentences to run concurrently with any other imposed by a higher court for shooting. The quartette had pleaded guilty to the charges. Then W. S. Brewster, acting for the quartette, asked that, as the pleas had been entered on the case, it be withdrawn. This was done and they were committed for trial. The evidence of Mrs. Mary Williams and her son, Charles, was taken to show that the prisoners, alleged to be the bandits who robbed McDonald's garage at Mt. Vernon, had fired on them. Commitment followed.
