EXPRESS RATES AND NEW BRIDGE OVER THE FALLS

Railway Commission in Session Here This Morning

Business Men Oppose Increase of 40 per cent. for Express Companies—The Bridge Matter Stands for a Short Time; May Be Hearing.

The hearing in the matter of the proposed increase in express rates, amounting to about 40 per cent, was opened before the Canadian Railway Commission here this morning. The board was composed of Hon. F. B. Carvell, K. C., chairman, A. C. Boyce, K. C., commissioner and R. Richardson, assistant secretary.

The express representatives present were—Hon. F. H. Phlippen, general counsel, and C. N. Ham secretary of the Express Traffic Association; John Pullen, president, W. W. Williamson, general auditor, C. H. C. Creighton, superintendent of the Atlantic Division, Canadian Express Co.; T. E. McDonnell, general manager, W. H. Burr, traffic manager, F. W. O'Connell, Asst. Supt. of the Atlantic Division Dominion Express Company.

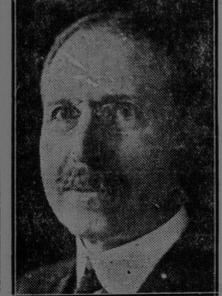

Mr. Crowell said that the application was made by the express companies on the ground that revenues would not meet operating expenses. According to evidence already submitted the Dominion Express Co., expected to have a loss of \$1,800,000 and the Canadian Express Co., would have about the same loss.

R. E. Armstrong, secretary of the board of trade read a letter from the Retail Merchants Association asking that the express distribution rates in the maritime provinces be allowed to stand as far as fruit was concerned.

Messrs. Willett, Estabrooks and Goodwin appeared as representing the wholesale fruit dealers.

In reply to Mr. Carvell, Mr. Hamma said all the fruit to the maritime provinces came in carload lots.

As Hiram Sees It

"I was just thinking last night," said Mr. Hiram Hornbeam to the Times reporter, "what a lot of talk there is about nothing! I've seen 'em get together around an old pine tree afore dark an' make as much noise as a sewin' circle. I s'pose they thought they was sewin' a great time—just like the sewin' circle. I have no doubt," said the reporter, "the younger crows learned a lot from the conversation."

"Well," said Hiram, "you can't say that about a lot of the human chatter you hear nowadays—no sir. I just want to go 'way somewhere an' listen to the wind—or grab a book an' get into a corner. The feller that said silence is golden must be listenin' to a lot of talk that day—By Hen!"

MANSLAUGHTER CHARGE BROUGHT

Dartmouth Motorist Before Judge Foster

Death of Mrs. Muriel Morris, Run Over by Car He Was Driving, Brings Court Case.

(Halifax Echo.) Charence Shortt, Dartmouth, aged about 42 years, was this morning charged with manslaughter and remanded for one week by Judge Foster in the Dartmouth Police Court and was removed to the County Jail in Halifax to await investigation into the death of Mrs. Muriel Morris, wife of John Morris, who was killed almost instantly yesterday afternoon when she was run over by an Oakland car driven by Shortt. When the prisoner was brought into the court this morning, Judge Foster read the report of Medical Examiner Finn on the inquest held last night and in formed him that the charge was that "he did unlawfully kill and slay Muriel Morris, Mrs. Morris was a granddaughter of the late Alexander MacLeod, for many years engineer on the Dartmouth ferry service. She was only twenty years of age and had been married but eighteen months. With her husband Mrs. Morris conducted a restaurant on Ocheletown street. Yesterday her husband determined to put up the stoves for the winter and Mrs. Morris went out to procure the same shortly before 10 o'clock and went to the Windsor Stove Company's store where she made her purchases. She was returning to the restaurant when the fatality occurred, just in front of T. Stewart's blacksmith shop. Shortt conducts a garage on Queen street, and was repairing a car, the property of Mr. MacLeod of Dartmouth. With Arthur Loner he took the car out for a spin and proceeded along Water street northward. When he reached a garage on Church street, saw the car passing and stated at the inquest conducted by Coroner Finn last night that it was moving at an excessive rate of speed. Five minutes later, Mr. Sharpe said, he heard the car returning from the northward. It was coming so fast that he looked out towards the Water street, expecting to see it there. Then he heard the brakes applied. Sharpe said the car was then travelling so fast that he looked out towards the Water street, expecting to see it there. Then he heard the brakes applied. SCIENCE PROVES THE DANGER OF BLEEDING GUMS

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, anemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhoea germs which breed in pockets about the teeth. Four out of five people over forty have Pyorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhoea germs. Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for teeth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhoea—check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

RUNAWAY ENGINE

A C. N. R. locomotive with full head of steam started of its own accord yesterday morning shortly after midnight and ran from Island Yard to Fairville where it was boarded by Herbert McFarlane, a C. P. R. brakeman and brought to a stop. It is supposed that a leaky valve opened the throttle and the iron monster without lights started on his runaway course through the network of tracks in the C. N. R. yards, around the Union Station and up the steep grade to Fairville. While crossing Mill street it narrowly escaped crashing into a motor car. Policemen in the North End recognized the locomotive as a runaway and telephoned Fairville station where Mr. McFarlane ran out and boarded the engine while in full flight and brought it to a standstill. There was no movement of freight at this hour of the morning and no damage was done.

FOOD PRICES DECLINING.

A New York paper says:—"For householders who have noticed an increase in the price of butter and vegetables it is consolatory to read the monthly report on business conditions, made public on November 7 by Archer Wall Douglas, chairman of the committee on statistics of the Chamber of Commerce of the United States. The report states that prices will continue to go down and that there will be no panic. The department of agriculture contributed its quota of encouragement on the following day by announcing that the crops of corn, tobacco, rice, sweet potatoes, and pears are larger than in any year in the country's history, while oats, barley, rye, potatoes, and hay are not far behind."

RISKS HER LIFE TO SAVE CHILDREN

Mother Dashes Into Burning Building and Rescues Little Ones.

New York, Nov. 18.—Breaking away from firemen who sought to restrain her, Mrs. Yetta Arvin, forty-five dashed into a burning tenement in the rear of 78 Lewis street and ran up the smok-filled stairs to her home on the fifth and top story, where her three children were sleeping.

How to Take Corns Out so They Never Come Back.

PATTI AND JENNY LIND.

Paris, Oct. 29.—Associated Press correspondence.—A member of the French Academy of Music recently told the following anecdote concerning the only meeting between Jenny Lind and Adeline Patti. It is timely in connection with celebrations of the 100th anniversary of the birth of the "Swiss nightingale."

AUNT IS CHARGED WITH POISONING THREE CHILDREN

Traces of Arsenic Found in Milk Which Had Been Given to Victims.

Newport, Ky., November 18.—Appearance on the witness stand of Mrs. Chas. Williams, mother of three Williams children who died recently in Newport of arsenical poisoning, and the assurance by the attorney for their aunt, Mrs. Ida Warner, who is under indictment on charges of having administered the poison, that Mrs. Warner would take the witness stand later in her own

behalf, featured the opening of Mrs. Warner's trial in Campbell County Circuit Court.

Mrs. Warner is being tried under the indictment charging her with having administered poison to Stanley Williams four months old, youngest of the three children and the first to die. The other indictments against Mrs. Warner are awaiting trial.

The first day's testimony was confined largely to the evidence of the mother and of the physicians who attended the baby during its illness.

Mrs. Williams was asked several questions both on direct and on cross-examination about a bottle of milk in which traces of arsenic—which had caused the deaths of the children—had been found upon analysis.

Mrs. Williams drank some of the milk from one of the bottles in which the poison was found, and became ill

two days later, "but the doctor said her illness was due to fright," she testified. Mrs. Warner drank some of the milk later in the day, but was not affected by it.

HERE TO DISCUSS COLONIZATION PLAN

Lieutenant-Colonel Charles A. Taylor, London (Eng.), representing the international headquarters of the Salvation Army, is in the city conferring with interested organizations upon the matter of immigration and the scheme of colonization proposed by General Booth, head of the Salvation Army. Lieutenant-Col. Taylor, who is connected with the naval and military department of the army in London, served as a chaplain major with the British army in France during the war and has seen service with the Salvation Army in both Canada and South Africa.

TO ENLARGE RINK.

A meeting of the executive of the South End Improvement League was held last night in the Church of England Institute rooms with the president, C. M. Lingley, in the chair. The treasurer, Alexander Wilson, submitted a statement of the receipts and expenditures for the last season. A great deal of work had been done on the South End playground to improve the grounds and the statement showed that the receipts did not quite equal the expenditures. However, it was decided to go ahead immediately with the preparations for an open air skating rink for this winter.

ENTERTAIN PATIENTS

An entertainment for the patients at the Provincial Hospital was provided last evening through the efforts of Charles Tilley, 201 Lansdowne avenue. A programme, much appreciated by the patients, was given as follows: Piano solo, George Lanyon; song, Miss Morris; variety singing, Messrs. Punter and Carson; club singing, Mr. Cromwell; song, Hazel Fisher, accompanied at the piano by Jean McLaughlin, both of the age ten; songs by Mrs. Carson, Miss McCarty, F. Joyce, Mr. Punter, Mrs. Morris; selection, the Moore quartette; song, Miss McCarty. The programme was closed by the Moore quartette, George Lanyon and Mrs. Moore were accompanied. Refreshments were provided by the matron, Mrs. Hetherington, and a short dance was indulged in.

Warm up that favorite corner

---cosy comfort wherever you wish

PERFECTION Oil Heaters. WHAT good is that favorite bay or sun parlor window when cold winds drive through? But it's the best spot in the whole house for reading when you have a Perfection Oil Heater to warm up those treacherous air currents that seep through the window sashes. When you try to heat the whole house by the furnace, some rooms are bound to get too warm. Better keep only a low fire for general warmth. That cuts the coal bill, too. Then use a Perfection Oil Heater for comfort heat. On Fall evenings, too, don't put on the furnace—light your Perfection Oil Heater. It will quickly give all the warmth you want—ten hours of it for every gallon of coal. There are 4,000,000 in use. Sold everywhere at the leading hardware, housefurnishing and departmental stores, where you can also buy the popular New Perfection Oil Cookstoves and Perfection Water Heaters. Get a copy of our new Perfection Heater folder.

A GRAVE WARNING. Sir Auckland Geddes, British Ambassador to the United States, told the Canadian Club of New York last week that civilization was on the verge of collapse when the great war ended.

In 1918 and 1919 there was no certainty which of the battered ships of state would float or sink. The whole armada of European civilization was driving towards the jagged rocks, and some of the crews were mutinous and some were spent, and not caring whether their nation was to be numbered among the saved or lost.

Sir Auckland Geddes loses no opportunity to interpret British feeling to the operation in world affairs. Every such plea is also an indirect appeal to the United States to join the League of Nations, since in no other way can co-operation with the British Empire be assured.

THE IMMIGRATION PROBLEM. Commenting on the fear expressed at Washington that undesirable immigrants may pass through Canada into the United States, it is pointed out at Ottawa that all but British immigrants must have passports and that those from late enemy countries are barred; while all who come must be examined as to their physical and mental fitness.

AMERICAN ENGLISH AND BRITISH ENGLISH. (Brander Matthews in Scribner's Magazine). I have read somewhere that not long after we had proclaimed our independence of the English crown a perfectly patriotic member of the Continental Congress moved that we renounce the English tongue and devise a new language of our own.

PUT ARSENIC IN PUDDING. Widower's Error Cost Him His Life. Renfrew, Ont., November 18.—George Slaters, aged 65, owner of a small fruit farm a mile from town, died in Victoria Hospital from effect of poison mistakenly administered by himself.

UNEXPLAINED. A man with sideburns may be wise, a shining light to other guys, but ten men out of nine or eight will view him with a deathless hate, and wonder why he'll thus behave when twenty cents will buy a shave.

CANADA—EAST AND WEST

DOMINION HAPPENINGS OF OTHER DAYS

DEFAUDING THE KING.

In the French days in America a very profitable business was carried on by most of the rulers sent out from France in defrauding the king. Little information had the monarch of the real conditions prevailing in the land that had been found across the sea for the officers he sent to represent him there.

BOOKS ET VERITAS.

SENDS GREETINGS.

Washington, Nov. 17.—President Wilson, in a message sent today to Paul Hymans, president of the league of nations assembly at Geneva, Switzerland, extended his personal greetings to the assembly and expressed the "hope and belief that his labors will be of immense value to the whole civilized world."

GROCERY STORE RUN BY SIGHTLESS GIRL.

Lincoln, Neb., Nov. 18.—Miss Edna Koutz, blind since she was four years old, is conducting with a good measure of success a grocery store in this city.

FEAR VESSEL LOST ON LAKE ONTARIO.

Kingston, Ont., Nov. 18.—It is feared that the steamer John Randall, commanded by Captain Randall, and used in trade on the Rideau Canal, has been lost on Lake Ontario on a voyage from Oswego to Belleville, Ont., with coal.

WANTS AMERICAN CAPITAL.

Berlin, Nov. 18.—Deputy Scyllite banker, a member of the economic commission of the Bavarian Diet, suggests that participation of American capital in the Ruhr district should be invited in order to circumvent any French attempt at occupying this region.

THE NEW POLAND.

Berlin, Nov. 18.—Poland, by virtue of the peace treaty with Russia is enlarged by the addition of 52,000 English square miles with 4,000,000 inhabitants, according to the estimate of the Polish delegation. According to the peace treaty of Versailles, Poland measured 86,500 English square miles and had a population of 24,000,000.

AN APPOINTMENT.

Ottawa, Nov. 17.—D. J. Murphy, of Kenville (N. S.), a returned soldier, has been appointed emigration agent for the department of immigration and colonization by the civil service commission.

ACTORS AND IMMORALITY.

(New York Evening Post). It was pointed out in the Evening Post the other day that the failure of Edwin Booth to be elected recently to the Hall of Fame was chiefly due to the adverse vote of the academic element, historians, and professors of history. It is customary to contrast the fate of actors and singers with that of other artists to the disadvantage of the former.

VILLAGE OF CHESS PLAYERS.

In a plain of the Harz Mountains, a few miles from the town of Halberstadt, Germany, lies the village of Strobeck. The history of Strobeck and its people has for hundreds of years been associated with the game of chess. It is a veritable chess village, a nursery garden for that ancient game.

REPORT ON ROOT CROP OF CANADA.

Ottawa, Ont., Nov. 18.—(Canadian Press)—The total yield of turnips and other roots in Canada is estimated by the bureau of census and statistics at 114,081,000 bushels from 290,286 acres in 1920, as compared with 112,288,600 bushels from 317,295 acres in 1919.

OXFORD CONFERS DEGREES ON WOMEN FOR FIRST TIME IN 900 YEARS.

Oxford, Eng., Oct. 31.—(A. P. Correspondence)—For the first time in its history of 900 years, Oxford university has conferred degrees on women. The women graduates wear the same hoods as the men, but the classical mortarboard cap has been ruled out in their case and a new cap, shaped something like a bishop's mitre, has been specially designed for them.

SMUGGLERS USE COFFIN TO HIDE THEIR VICTIM.

Geneva, Oct. 31.—(Associated Press Correspondence)—An increasing number of funeral processions going across the border into Germany recently aroused the suspicions of customs officials who halted one of them that proved to be a smuggler's parade. The casket was a false-bottomed affair and a figure in the coffin was stuffed with gold, silver and other contraband.

LICENSE IS REVOKED.

Province, R. I., Nov. 17.—Captain Harry A. Higgins, master of the concrete steamer Cape Fear which was sunk off Newport, October 23 with a loss of seven lives in a collision with the Savannah liner City of Atlanta, was found guilty of violating pilot rules, unskillfulness and criminal neglect by the local board of the United States Steamboat Inspection Service.

ADVISED TO HOUSEWIVES.

Chicago, November 18.—Chicago bakers were summoned to the city hall by Russell Poole, secretary of the council's high cost of living committee, and urged to reduce the price of bread from 15 cents for a pound loaf to 10 cents.

## TAMMANY SEES STRENGTH VANISH

Waning Power as the Saloons Are Closed

Women's Part in Politics Speeds It—Foley Last of Old Leaders and Society's Clientele is Changed.

(New York Evening Post.)  
"The girls will get us," said a veteran Tammany leader rather ruefully when man suffrage came into effect in New York State.  
His vision of a waning power did not when, on top of woman suffrage came prohibition and the loss of thriving Tammany centres, saloons, were many a political battle was planned and won in a back room whose printing press was almost black from the soot of many a good Democratic pie. Here suggestions were given a strategic edge through "another round in," and whole blocks of sure supporters were tabulated on the right side of the ledger.  
When opponents of Tammany have led to raise an apathetic opposition, they have always used the phrase that Tammany has only to turn on the

button to set its wheels in motion." The magic button connected with hundreds of saloons and clubs, veritable centres of activity, and it galvanized into energy one proprietor, one bar-tender, a bouncer, other employees and a score or more hangers-on. With a saloon on almost every corner, there was a nucleus in each district that never failed to become an overwhelming majority at registration, primary, or polling time.

And all these workers had "friends" and "friends of friends." Every saloon was a lookout, and every night brought around men who must be set to working and were.

It can't be done now. Lunch-rooms, soda fountains and mayhap a children's nursery, substitutes for saloons, thrive on something other than politics and political patronage. The clans have strayed, some in search of employment, some to a Cuban or Canadian oblivion, and don't respond as they did in former years to the call to glory and profit.

Even of summer evenings in the years ago, when elections were months distant, Tammany "runners" visited the saloons in each district on every corner. They came well heeled with money which

Tammany allowed for "entertainment." The loiterers in the saloons could look forward to plenty of drinks and smoke and lunches as a result of the generosity of these Tammany "runners."

There was nothing illegal in this. The "runners" did not buy votes. They merely won the gratitude of a grateful clientele. Each "runner" came to know his men by name and face, and eventually the whole block assigned to him. The people in it, as well as their peculiarities, were known to him better than to those who compile the city directory. Long days and nights of study and liquid propaganda enabled each "runner" to deliver his district and its ballots to Tammany.

Never a death, birth, marriage or untoward incident occurred in those blocks that the Tammany "runner" did not know of it, its whys and wherefores. And often in the wake of hard times to individuals or to whole blocks came a Tammany chieftain, bearing a pair of shoes, a basket of food, a good sized bill for the doctor or butcher or undertaker. Tammany took care of its own, and at one time almost justified the claim that it was the largest charitable institution in the world. And even if the beneficiaries did look into the teeth of the gift found nothing alarming or distasteful there.

Foley Is Last Leader.  
With the kaleidoscope changes effected in the faces of our streets and in the habits of our voters, both male and female, this system of paternalism has vanished into the mists of history. Tom Foley of the First District is probably the only Tammany leader of the older type, the kind of men who won and held the affection of their districts as a father holds the love of his

## UNCLE SAM HAS HIS OWN TROUBLES

(New York Evening Post)  
Charges of graft have been hurled through the air in all directions. To allegations of wholesale graft and extortion in New York building operations, made before the Lockwood Joint Legislative Committee, have now been added charges of graft in the conduct of the United States Shipping Board and of extortion in the dealings of coal operators. The Lockwood Committee has continued its hearings and added to its revelations during the last week to such an extent that considerable additions to its staff of lawyers have been found necessary. These additions are to take care of the criminal proceedings before the Grand Jury, arising out of the committee's revelations. On Thursday Mayor Hylan testified before the committee and was fain to admit that he had been "fooled" by limestone contractors in the matter of school buildings.

The inquiry into the affairs of the United States Shipping Board was commenced in New York on Thursday by the Congressional Select Committee on United States Shipping Board Operations and other dishonest practices on the part of contractors, the bribing of employees, grafting by ship officers in the purchase of supplies, and corruption of Government officials, in addition to mere negligence, are among the charges set forth in the report to the committee made by J. F. Richardson and A. M. Fisher, Commander Abner B. Clement, Ad-

miral Benson's executive assistant, giving evidence before the committee on Thursday, admitted the substantial correctness of the charges made in the report. The coal industry was attacked in a branch of the business unless prices were voluntarily cut to a reasonable degree by November 6.

children. Instinctive, blind, and unquestioning, thousands and thousands to follow their Tammany leaders wherever they lead.

"Tammany's leaders of today are business men. Their clientele is likely to be that of a business house, which will usually act upon its own intelligence and go to other markets if profit lies there. It is more important because it is out from under the system that ruled in the days of the saloon and the 'runner' and the paternalistic Tammany criterion. Both from a very practical and spiritual standpoint—if that word may be used here—Tammany's old followers and supporters in national, state and city contests have got from under.

As to the "girls" this year's crop of charges of election violations is largely the result of paunting women watchers and workers in polling booths. Making their politics in dummy causes, many women volunteered for this work and saw things that were strange—strange, that is, to newcomers in New York politics. Tammany, in almost every polling place, had from two to six more eyes to take care of, three to five more tongues to silence, and a concentrated female curiosity to suppress. It just couldn't be done!

Unlike men, even those interested in clean elections, the women reported what they say to the newspapers, to the Honest Ballot Association and to the district attorney. There may have been just as many violations in recent years, but the women didn't know about it. When they did, they told the world, as the saying goes. Tammany, by the way, never did appreciate the value of publicity.

"I Told You So," He Says.  
"That's what you get for givin' wimmen the vote," shouted one First District Democratic worker in disgust when the woman watcher sat on a pile of alleged mutilated ballots and refused to move until a deputy attorney general arrived. He is only one of many politicians who are beginning to believe that elections in New York city may be robbed of a certain picturesque and piquancy as a result of the "girls," while the veteran Tammany leader is nodding his white-haired head with a regretful "I told you so" motion.

Times are changed since the day when a Tammany leader summoned his workers before him and ordered them "never let it happen again." He wouldn't have two Republican votes cast in his district! Preposterous! In one Tammany district there are only thirty-five enrolled Republicans—which ipso facto is heresy—but Harding got 218 votes. Although Harding swept the city, although Tammany has lost the desirable ounce of borough president and presidency of the board of aldermen, and although the Manhattan delegation to Albany has a Republican majority, figures in the assembly district contests of the past few years are even more significant.

**Where Tammany Stands Now.**  
In Tom Foley's own First District a Democratic majority of 9,156 in 1918 has been cut down to 5,846 in the assembly fight. The Second shows a reduction over the same period of a 9,216 majority to 1,994, while the Third reveals a majority decrease from 10,927 to 4,926. In the Fourth District Tammany has had to content itself with Samis' "repealing" a fusion candidate for the assembly, fusion being necessary as the result of a Socialist victory in 1918.

In the Fifth District, which had a Democratic majority of 10,249 in 1918, Charles D. Donohue, Democratic candidate for assemblyman, will lead his Republican opponent, John McCann by less than 4,000. Noel Bleecker Fox again successful in the assembly contest, has converted a 1918 majority of 229 for Tammany into a Republican lead of 6,388, although in the old days his opponent's name alone would have proved an insuperable barrier to Republican success. It was Robert Emmet O'Boyle.

The Sixth District, once a Tammany stronghold, had a fusion candidate for the assembly this year in Solomon Ullman, whose lead over his Socialist opponent will be merely nominal, as against a majority of 1,469 in 1918. Such instances may be repeated from the Battery to Harlem, and from the Hudson to the East River. Tammany chieftains have watched this "repealing" and admit that times and customs have changed.

Charlie Murphy may now follow Police Commissioner Enright's example. The Tammany of "Silent Charlie" that had things all its own way has reached the historical stage, to be enfolded in a book and read with care. It ought to have a big sale.

Scott of this city, was united in marriage to Guy L. Mcharg, son of Mr. and Mrs. John Mcharg of West St. John. The ceremony, which took place under a canopy of yellow and white, was performed by Rev. G. D. Hudson, pastor of the Victoria street Baptist church, in the presence of about fifty relatives and friends of the contracting parties. The bride wore a gown of navy blue taffeta with beaded trimmings. She was attended by Miss Addie V. Storey of Moncton, who wore taupe silk. Mathew Mitchell of this city, supported the groom. Many beautiful gifts received testily to the esteem in which the young people are held. The groom was a member of the original 26th Battalion and served four years with His Majesty's forces in the late war. Mr. and Mrs. Mcharg will reside in West St. John. Among the out of town guests were Mrs. A. Hazen Steeves of Moncton, aunt of the bride, and Miss Addie V. Storey, of Moncton.

**HON. MR. VENIOT IN CITY; SPEAKS OF ROAD PLANS**

Hon. Mr. Veniot, minister of public works, was in the city today. He said that his department would proceed with the carrying out of the four-year road programme which was started last year, just as soon as spring opened. He said that as much work would be undertaken as weather conditions would permit. Included in the work planned for next year was the completion of the Westfield and Spruce Lake roads. The road past Spruce Lake would be continued to St. George along the shore route as it serves a greater number of people than the inland road. He did not consider that a scarcity of asphalt would hamper operations as in the few places where the material was required temporary work would be put in for service until sufficient supply of asphalt was available.

**EXPRESS RATES AND NEW BRIDGE OVER THE FALLS**

(Continued from page 1.)

their decisions in regard to some of the labor questions." He said there were few complaints against the companies in pick-up services.

**Wholesalers.**  
A. H. Wetmore, representing the wholesale interests of the board of trade, said that it was felt that the rates given the express companies about a year ago should be considered sufficient until we had passed through the reconstruction period. He said that the profits made when the opportunity presented itself was being absorbed now by losses which were being suffered at present. He said he believed in the doctrine of the millennium in the far distance only. At the present he thought the express companies should bear their share of the burden during the reconstruction period.

Mr. McIntyre, representing M. It. A. Ltd., said that decreases of twenty to thirty per cent. were being made in all market prices; the dealers were carrying the sales tax and if express rates were increased forty per cent. it would mean putting up prices to that extent. He asked that present rates be continued to September, 1921.

William Vassie, of Vassie & Company, thought that, due to the falling prices, the express rates should be decreased instead of increased.

Mr. Roach, of Brock & Paterson, Ltd., spoke along the same lines as Mr. McIntyre and Mr. Vassie.

Mr. Carvell said that so far there had been no attempt to deny the statement that there would be a loss of \$1,800,000 in the operation of the Dominion Express Company this year. There had only been one criticism of the methods of operation and that was that the express companies were paying too much to the railways, but no evidence was submitted.

Mr. Phippen said that the companies were not granted fifty per cent. increase last year. He said the increase averaged only twenty-two per cent. He said also that the payments made by the express companies to the railways were determined by the railway commission and not by the companies themselves. He

DEPREDAATIONS BY BOYS; NONE ARE ARRESTED

Summer Cottages in Sandy Point Road Entered—Shop in Pitt Street Broken Into.

In the police court today five juveniles ages from thirteen to fifteen and one aged seventeen, were charged with breaking and entering the summer residences of Frank Best, L. H. Ross and K. Pederson, Sandy Point Road and stealing from Mr. Best's residence a bicycle valued at \$30. One of the lads was also charged with stealing a revolver, valued at \$45, the property of his employer, S. Hayward and Company, Canterbury street, and also with obtaining under false pretenses from McAvity & Sons, King street, 100 rounds of ammunition, valued at \$5.45. The lads admitted the charges they were implicated in and the magistrate remanded them. Detectives Biddiscomb and Donahue accompanied by the various owners of summer homes on Sandy Point road went out this morning to look over the situation. They report having found eleven cottages entered.

These were the cottages of L. R. Ross, Geo. Porter, the one Fred Breen had last year, that of Mrs. H. H. Pickett, occupied last year by Harry Robinson, those owned by John Rusk, Frank Hamm, Frank Best, W. H. Golding, David E. Lynch, Kris Pedersen and David McColgan. It is thought headquarters for camping out was made in the Pedersen place. Some trees there had been cut down to burn.

A gramophone was taken from the Hamm residence and records from the Farmer cottage and the music was being enjoyed when the detectives went out yesterday.

Another case of breaking and entering was before the court when three boys, aged sixteen, were charged with breaking and entering the store of George M. Kincaid, 18 Pitt street, and stealing money, cigars, cigarettes, candy, soap, gum and a McCleaskey system register, valued at \$150. Policemen Young, who found the lads in an alley off St. James street, and held them for investigation. They pleaded guilty to the charge and were remanded.

Herzman Gegg and Helen Gegg his wife, were charged with assaulting Mrs. Gegg's mother, but the case was postponed and the accused remanded.

One man charged with drunkenness pleaded guilty and was remanded.

CELEBRATE THEIR PARADE STREETS AND SING SONGS OF CONSTANTINE

St. John Council, K. of C., Hold Annual Banquet—Some 250 Present.

Some 250 members of St. John Council, Knights of Columbus, were present at a banquet held last evening in their hall in Coburg street in honor of the sixteenth anniversary of the institution of the local council. Following dainty repast, a most interesting programme including toasts and musical selections was carried out.

Four long tables were arranged in the assembly hall with a smaller head table at which were seated E. J. Hanneberry, the grand knight, with His Lordship Bishop LeBlanc at his right and Rev. Wm. M. Duke, the council's chaplain at his left, W. E. Scully, M. P. P., Hon. R. J. Ritchie, M. E. Agar, C. A. Owens and Dr. J. B. Gosnell, the deputy grand knight, who acted as toastmaster. The tables were prettily decorated by the ladies of the Catholic Girls' Guild, who also looked after the serving.

The toast to the King was responded to with musical honors. The toast to the Church was proposed by Louis McDonald and Bishop LeBlanc and Father E. Kane and was responded to by M. E. Agar. Judge H. O. McInerney spoke to the toast to the Ladies.

Among the numbers on the programme were quartette selections by the Moore Brothers, violin solos by Maunsell O'Neill, vocal solos by Michael Howard and M. T. Morris. During the banquet selections were rendered by an orchestra under the direction of Miss Hogan and one of the features of the evening was the chorusing of the song "The Eagle's Son" by the choir.

U. S. COMMITTEE TO IRELAND TO INVESTIGATE

Plans Perfected by the Commission on Inquiry

Invitation from British Labor Leaders, Irish Hierarchy and Persons Prominent in Protestant Sections—Labor Action in England.

Washington, Nov. 18.—The office of the Irish inquiry commission announced last night that plans had been perfected to send a sub-committee to Ireland soon to make a first hand investigation. The personnel of the committee will be announced later. The project resulted, it was said, from invitations to send a commission received by the committee in a round robin signed by British labor party leaders including Arthur Henderson, Robert Smillie, William Anderson and others, and similar proposals from the Irish Catholic hierarchy and numerous persons prominent in Protestant Ireland. Withdrawal of Raymond Robins of Chicago from membership in the inquiry commission, also announced last night. His message to the commission expressed regret that pressing engagements would prevent his participation.

Former Governor Joseph W. Folk, of Missouri, has declined the chairmanship of the inquiry commission and also had withdrawn from membership. His letter, made public last night, said he felt that his connection as "counsel for the 'Eagle's Son'" made it inappropriate for him to serve on the commission in Ireland, the investigation of which should not have "even the appearance of partiality."

Mr. Folk added that he believed the commission was earnestly endeavoring to find a peaceful solution of one of the greatest problems now threatening the peace of the world.

London, Nov. 17.—The executive committee of the parliamentary labor party has issued a manifesto signed by Arthur Henderson, William C. Adamson and John R. Clynes, calling upon the Labor Party throughout the country to take vigorous steps to secure the withdrawal of all the armed forces from Ireland and the election by proportional representation of a constituent assembly whatever constitution the Irish people desire in order to settle their own affairs, provided proper provision is accorded to minorities, and Ireland is saved from becoming a military or naval menace to Great Britain.

The manifesto explained that the action is taken because of the hopelessness of "expecting anything from a parliament dominated by a mechanical government majority."

More Shooting in Cork

Cork, Nov. 18.—Sergeant O'Donoghue of the constabulary, was shot in the chest here last night and killed. His assailant escaped. A civilian was shot dead and another gravely wounded. Both were awarded the Victoria Cross for their gallantry in the street in the centre of the city.

HIGHER SALARY FOR MAYOR OF HAMILTON

Hamilton, Ont., Nov. 18.—Several aldermen are moving to increase the salary of the Mayor of Hamilton from \$3,000 a year to \$3,800 or \$3,900 and the council's salaries from \$1,200 to \$1,600 each.

BONNEY-PATCHELL

In Westminister, B. C., on September 7, Miss Ellen Patchell, L. A. B., L. C. M., and Parker S. Bonney, of Prince George, were married. The bride is a daughter of Mr. and Mrs. Archibald daughton, formerly of Stanley.

Mrs. Bonney was the winner of the silver medal for the best vocal solo performed in the competitions at the New Westminister musical festival in last November. Special certificates were awarded her by the Associated Board of Music, London, Eng., for having passed all her grades in both piano and vocal examinations. Last Christmas she was awarded the A. L. C. M., and in June she was successful in gaining her A. L. B. as a solo performer of concert standing. Mr. and Mrs. Bonney will reside at Fort George.

FIGHT AGAINST WHITE PLAGUE

The Rockefeller Foundation Hands Over Complete Organization to the French Government.

Paris, Oct. 31.—(Associated Press Correspondence)—The Rockefeller Foundation, which has been assisting France in its fight against tuberculosis for the last three years, has turned over to the complete control of France an elaborate anti-tuberculosis organization which has been developed in the department Eure-et-Loire, at a cost of 4,000,000 francs.

The organization, the most complete for twenty-four dispensaries, four complete isolation services, a departmental laboratory and a modern departmental laboratory. In addition to this, the Rockefeller Foundation has started among the children of the department an organization known as the Modern Health Crusaders, a system of child education and having for its object the prevention of tuberculosis by the thorough teaching of hygiene.

Although it will not be possible to duplicate the Eure-et-Loire system, it will be used by the other departments of France as a general model. The Rockefeller Foundation is assisting the French people in their campaign against consumption in thirty-eight of the eighty-seven departments and work probably will continue for the next fifteen months or two years.

PROVINCIAL FUEL ADMINISTRATORS MAY FIX PRICES

Order of Railway Board Confers Power, Subject to Approval of Government of Province, in Case of Need.

(Ottawa Citizen.)

Provincial fuel administrators under the terms of an order of the Railway Board issued today, are given power, subject to the approval of the government of the province, to fix and determine, in case of need, the maximum prices at which any or all classes of grades within municipality. This action has been deemed necessary owing to the coal situation in some communities from which complaints have been received as to the prices charged.

A survey is being made this week of the output points with a view to determining just where there may be a serious shortage. The survey is being made with particular reference to Ontario, but the Maritime Provinces are also being covered. The information secured will be given to the provincial government.

Generally speaking the coal situation is still regarded as being quite satisfactory. The larger cities have all demonstrated an ability to take care of themselves but in a number of smaller places deliveries have not been so successful in securing necessary supplies of fuel.

THE D. J. PURDY IN TROUBLE AT FREDERICTON

A Fredericton despatch says—"The steamer D. J. Purdy, which was scheduled to make her last trip from St. John on Friday is in trouble here on the railway bridge. She anchored last night on account of the draw span being out of order. During the night she dragged anchor and went aground. It is to be sent from St. John to get her off. The Purdy has a heavy freight aboard. The river is open with some ice running and being blown to the southern shore."

THEIR OWN WORST ENEMIES

(Vancouver World.)

"There can be no uplift of the morals of the world unless the capitalist class is abolished," said A. Bartholomew, of Brandon, a member of the Socialist Party of Canada, speaking at the second annual celebration of the Russian Bolshevik revolution, in a Winnipeg theatre yesterday.

Mr. H. G. Wells, the novelist, recently journeyed to Petrograd and Moscow as a guest of the Russian Soviet government. What Mr. Wells says of his trip is less significant that what he does not say. Much has been written and denied of the conditions in Russia. The Bolsheviks who reside in Canada would have us believe that it is merry as a marriage bell in the far east. Mr. Wells gives us an account of conditions which convinces that he is telling the truth. Of the Russian people all those who reside in this city are well acquainted. He says his heart sinks when he contemplates the coming winter. There is little food and less fuel.

But there are class of Russian citizens whose conditions is as it was under the old regime. The peasants are well fed and possess fuel, though they have been charged a convention rate of what they would adopt the Soviet system are invariably city workers. Yet as the system works on in Russia, Mr. Wells falls, they fall with it, for they are part of it. This is a little point of which they seem attached. Or is it that they would play Sanson and gladly perish with the Temple?

RAILWAYMEN AND POLITICS

(Toronto Globe.)

Canadian Railway Railway employes who have been dismissed because they chose to run for parliament or a provincial legislature will not easily persuade the public that they have a grievance. In Manitoba a railwayman elected to the legislature claims the privilege of absenting himself from his railway duties during the sessions, and because he has been discharged a convention representative of organized labor in the government of the province lines is to be held to formulate a protest. Some labor leaders profess to see in President Hanna's ruling an infringement of the rights of citizenship. No one suggests that the liberties of members of the civil service have been attacked because they are ineligible for parliament. Employees of a publicly-owned railway have a similar status. The president is a member of parliament, is in harmony with the policy of keeping the National Railways out of party politics. It is entirely in the interest of the public and of the railway system itself.

DERRICK FALLS AGAINST HOUSE

Loosened in Storm Falls in Old Gem Lot and Strikes Paddock Street Residence.

Yesterday's wind storm in the city was the cause of an accident on the site of the old Gem theatre in Waterloo street. A large derrick being used there while construction work was being carried out, was torn loose from its foundation and crashed against the end of a house in the rear of the lot owned by Edward Hogan and occupied by Mrs. Mary E. Finnegan. The heavy upright of the derrick struck the house just outside the pantry, knocking from the shelves a lot of dishes and several jars of preserves and pickles.

Mrs. Finnegan and her sister, Miss McWilliams, were in the house at the time and Miss McWilliams had just left the pantry when the crash came.

RAILWAY STRIKE THREATENS UNLESS ORDER IS REVOKED

Ultimatum Issued to Prime Minister by A. E. Moore—Says Parliament Only Can Decide Upon the Hanna Order.

(Canadian Press Despatch.) Winnipeg, Nov. 17.—"A complete stoppage of all Canadian Government Railways will take place almost immediately and your government will be held by the public morally responsible if President Hanna does not back down upon his order."

The Prime Minister took the attitude that the parliament of Canada alone, and not the government could dictate in this matter to Mr. Hanna. Mr. Moore's statement constituted a dramatic close to a hurried conference with a delegation of the Great War Veterans' Association held with the Premier.

"No," replied Mr. Moore, "but I would tell Hanna to stay his hand until the parliament of Canada has made a decision in this matter."

Interesting News For Working Men

An Article Well Worth Your While to Read

This is a nerve-racking age—not a man in an office or behind the counter, striving hard to get on in the world, that does not feel the strain.

If nerves are in order, a man is strong, alert and sleeps well. Unstrung nerves mean weakness, worry, sleeplessness and a general decay of bodily strength.

Most men are careless of their health. They trust to luck and that kind of thing, instead of taking Ferronone for a few weeks when they feel dull in the morning, or when they sleep poorly or lose appetite.

Ferronone quickly brightens up the mind. It creates an appetite and improves digestion. Ferronone makes blood quiet the nerves, makes muscle like steel, and induces refreshing sleep.

Ferronone is a body builder, thousands have proved it. If you are sick or out of sorts, use Ferronone and enjoy the splendid health it so surely brings.

Permanent in its results, the greatest health-giver in the world is Ferronone. Because nourishing and perfecting the nerves, all can use it, even children. Get Ferronone today, 25c per box, at all dealers or by mail from The Catarhoe Co., Kingston, Ont.

Among the passengers arriving at Montreal by the Cassandra yesterday was Captain Hugh Kane, who has been appointed marine superintendent for the lines operated by McLean, Kennedy, Limited, from Montreal and St. John (N. BRITISH CAPTIVES BADLY TREATED IN PRISON AT BAKU

Told Harrowing Story of Suffering on Arrival at Constantinople.

London, November, 18.—Particulars of terrible treatment meted out to British prisoners in Baku are given by the Evening News H. Charles Woods, cabling from Constantinople, says forty-eight British, most of whom had been confined in a black hole, had arrived there. He continues:

"They were in prison for six and a half months, the first three and a half months being spent in prison cells. The only exercise ground was a yard thirty-five feet square used by hundreds of Russian prisoners. The wife of a British soldier was separately imprisoned and her husband could only see her through a distant window."

"The food supply was one pound of black bread daily. The British were always fed last and often went short. The sanitary arrangements were intolerable, only one wash-tub being available for the whole prison."

"The men were ill-treated by the Russian guards, who stole their money and possessions and by Russian prisoners, who threw vermin through the British windows and tried to prevent food purchased by prisoners reaching them. There was no medical treatment except from a Polish doctor prisoner."

"One man was confined in a dungeon waist-deep in water for twenty-four hours as a result of attempting to escape. One man was confined nine days with eighty-four Russians in a room so small it was impossible to sit down."

"Russian prisoners were shot almost nightly outside their cells."

YESTERDAY'S LUXURY NOW NECESSITY

John G. Lonsdale, president of the National Bank of Commerce, St. Louis, Mo., favors the encouragement of the automobile business as a means of lowering the high cost of living. He sets forth, in a letter to one of his bank's vice-presidents, a financial policy which recognizes the motor vehicle as an economy unit. He recommends the financing of cars on the basis of the business standing of a client.

Mr. Lonsdale's letter to W. M. Chandler, vice-president, follows in part: "This is an age of electricity and gasoline. Distance is annihilated by the telegraph and telephone. Business is transacted not only nationally but internationally by wire. Money is transported by telegraphic transfers of credit. It is a question of hard surfaced roads and automobiles against the country nobody wants to go back to the old days."

"If the high cost of living is a problem and a man's fixed expense is a necessity even for the poor, letting sunshine and happiness flow from without and keeping within the warmth necessary to home comfort. If there is a feeling of unrest it should be corralled and capitalized for good road building and thereby help mankind on his way of progress."

"As to who should buy an automobile, this is an individual question which should be solved by every one, just the same."

CUTICURA HEALS RASH ON CHILD

On Body and Face. Red and Itchy. Cried For Hours. Lasted a Year.

"A rash started all over my little girl's body, and she had some on her face. It started in a pimple thick as full of water, and it got red and itchy. She cried for hours. This trouble lasted a year."

"Then I started with a free sample of Cuticura Soap and Ointment. I bought more, and I used four cakes of soap and three boxes of Ointment which healed her." (Signed) Mrs. Dora Langley, 1332 Gertrude St., Verdun, Que., August 11, 1919.

The Cuticura Toilet Trio Consisting of Soap, Ointment and Talcum is an indispensable adjunct of the daily toilet in maintaining skin purity and skin health.

Same as each man who has joy or sorrow or other of life's problems has to work them out individually. No economist or banker can deal with them by any fixed rules or regulations. A motor boat is a good thing, but for a man to learn to paddle his own canoe it must be self-propelled. On the other hand, a man's wits will not be sharpened by keeping his nose to the grindstone."

A Constipation Cure

LOSES HIS EYE

Sydney, N. S., Nov. 17.—Peter McDonald, of this town, has lost the sight of his right eye as the result of an assault. While collecting money for a city farm he was attacked by two men, one of whom struck him in the face, smashing his spectacles and destroying the sight of one eye. Robbery is believed to have been the motive of the assault.

ROYAL ARMS, I. O. D. E., HOLDS SUCCESSFUL TEA AND SALE

Adverse weather did not dampen the success of the tea and sale held by the Royal Arms Chapter of the I. O. D. E. yesterday afternoon at the residence of the regent, Mrs. T. H. Carter, 28 Queen street.

The regent, Mrs. T. H. Carter, presided at the meeting which was well attended. The most approved treatment consists of a healing vapor resembling the pure air of the Adirondacks.

This soothing vapor is full of germ-destroying substances, and at the same time is a powerful healing agent. It is sent to the bronchial tubes and lungs through a skillfully devised inhaler that can be carried in the vest pocket. Simplicity itself is the keynote of this splendid treatment.

First Steps Towards Modern Abattoir For St. John District

Hon. Dr. W. F. Roberts, minister of public health, gave a hearing at the provincial government rooms yesterday afternoon to wholesale meat men regarding the question of slaughter house fees, regarding which there have been differences. There were formerly two slaughter houses in St. John, but some time ago one was closed, as it was not up to the sanitary requirements. For a while there will be only one slaughter house, but eventually it is hoped that modern abattoir, which New Brunswick needs badly, will be erected in St. John. An abattoir is needed on the Atlantic sea-board and as the winter port is here an effort will be made to have such a plant erected. The butchers are in sympathy with the plan and are willing to subscribe to it, but more money than they can contribute will be needed and it is expected that the province will be asked to take hold of the project.

HARBOR WORKERS FRAME PROPOSAL AT JOINT MEETING

Representatives of the various waterfront organizations, including the longshoremen, freight checkers, caulkers and ship carpenters, met in the waterfront council rooms in Canterbury street, last night, to consider the present wage-schedule and working conditions with the intention of preparing a joint proposal to place before the shipping interests. The improvement of working conditions

DARK TRIANGLE IN OLD EUROPE CALLS FOR AID

Famine and Disease Can be Checked by Responding to Red Cross Appeal.

(Toronto Globe.) A tragic triangle has developed in Central and Eastern Europe. Disease, distress and suffering are sweeping over that part of Europe bounded on the west by a thousand mile line from the Adriatic to the Baltic; on the east side by a thousand mile line from the Baltic to the Black Sea; and with a southern base of over 1,200 miles in length.

At a recent meeting in Ottawa in the interests of the British Empire War Relief Fund, the Duke of Devonshire outlined the origin and object of this fund. In the terrible triangle above defined there were conditions of partial famine for children and widespread disease. Typhus was raging, and the inhabitants of the countries were unable to deal with it without outside help. Obviously, his excellency pointed out at the Ottawa meeting, the greatest sufferers were those incapable of finding support for themselves.

Must Give Aid Now. "It is for us now to see by what means we can render assistance," continued the Duke, "in this the greatest catastrophe of all times." And for many reasons we in Canada, I think, will rise to the opportunity which presents itself. This appeal is earnestly supported by the League of Nations and the League of Red Cross Societies. It is emphatically supported by the United States, and we look with confidence to the united efforts bringing about safe conditions in those distressed countries. Canada will again show her sympathy by practical support of this effort for the alleviation of distress and misery in Europe."

In the tragic triangle there is lack of food, clothing, fuel, medical supplies, doctors, nurses and hospital accommodations. Typhus, consumption, smallpox and other diseases are ranging in unchecked violence. Eleven million war orphans in the triangle are the greatest sufferers. The people are so beset with misery that they are helpless.

Appeal to Canadians. Now an urgent appeal is being made

Are you rushing on to disaster?

TRAIN, marine, street car—in fact, all disasters are on the decrease, largely due to educational propaganda preventing carelessness. The toll of human life through ill health and disease is also on the decrease. People of the 20th century are realizing more and more the necessity of keeping themselves fit and well, for without health they can never attain their ambitions.

There are still some, however, who ignore a vital factor in preserving their health and strength. They ignore medical scientists who tell us the necessity of repairing the ravages on the heart and nerve centres. These are the people who fail to wake up one morning; the people who drop dead in the street, in the car or train, and just at a critical time when they are specially needed by friends and dependents.

ARE YOU IN THESE RANKS, inviting disaster? Do you ever feel that your work is proving a slight strain upon you? Would you be able to fill a bigger position to-morrow, make the rapid, clever decisions which bring success? Would your employer choose YOU? You can rest assured he won't if you're not in robust health. He can't take chances with ailing people. But you can obtain the health that will MAKE him choose you by restoring the heart and nerve centres, the vital organs of the entire system. Thousands of people have accomplished this by the use of Milburn's Heart & Nerve Pills.

One simple step: Go to your nearest druggist. He sells and recommends Milburn's Heart & Nerve Pills, and will be pleased to hand you a box; or send 50c. and they will be mailed direct by The T. Milburn Co., Limited, Toronto, Ontario.

BABY IRENE CASE IN THE SUPREME COURT AT TORONTO

Ottawa, Nov. 17.—The famous "baby Ryan-Dolly Matters" case which has figured in the United States and Canadian courts for the last five years and off has finally been decided in favor of Mrs. Margaret Ryan, who is declared by the appellate division of the supreme court of Ontario, to be the mother of "Baby Irene." When the case was tried in Ottawa, Judge Gunn decided in favor

Nothing Like It For Bronchitis And Weak Throat

Doctors now advocate an entirely new method for treating bronchitis and irritable throat. Stomach dosing is no longer necessary.

Stuart's Dyspepsia Tablets after a meal. Sour risings, gasiness, a heavy bloated feeling, such distress due to indigestion or dyspepsia are usually only temporary. And yet they may lead to serious disorder. The regular use of Stuart's Dyspepsia Tablets after meals reflects to a high degree the intelligent selection of preventive measures.

**GIRLS KIDNAPPED  
BY MEN IN AUTO**

Whisked Away Before the Eyes of Grandmother on Sidewalk—Police in Pursuit.

Detroit, Mich., Nov. 18.—Muriel and Gwendolyn Shideler, 8 and 6 years old respectively, daughters of Mrs. Albert Shideler, 238 Hazelwood avenue, were kidnapped on Monday by several men in a touring car at Hamilton Boulevard and Taylor avenue.

Standing at the curb 15 feet away was their grandmother, Mrs. A. E. Deering, who had taken them to the corner and was watching them as they hurried across the street to school. The automobile, according to Mrs. Deering, appeared suddenly, and a man jumped out whisked the children screaming into the car, which drove west in the direction of Lasalle Boulevard. It bore a Michigan license tag.

A flyer carrying detectives arrived upon the scene a few minutes later and trailed the abduction party for several miles. They believe the latter was headed for Toledo.

The two Shideler children have been in Detroit since March, 1919, when a divorce was granted the mother in New York. The father is a business man of that city. Last night, according to Mrs. Deering, a man who said he was an insurance agent, called at the home and made considerable inquiries regarding the children.

The janitor of the Crossman School, who observed one of the men, gave the police a description of the kidnapper,

**DON'T BELIEVE  
REPORT FRENCH  
WILL RETIRE**

Some Names Mentioned in Case of Change in Lord Lieutenantcy in Ireland.

Dublin, Oct. 28.—(Associated Press Correspondence)—The rumors that Lord French is about to retire from the office of Lord Lieutenant because he is dissatisfied with his lack of influence on policy are regarded in usually well-informed circles here as without foundation in fact. His role was definitely settled several months ago when Sir Hamar Greenwood and General Macready came to Ireland and no change has since taken place.

When first appointed Lord French was accompanied by Mr. Shortt as chief secretary and the arrangement was that each should have an equal in the administration. When they differed the difference was referred to the cabinet. Where there was no time to make the reference Lord French's view prevailed. This plan did not work well. Neither party was satisfied. Each minister thought he could do better without the other. Mr. Shortt was sent away to the Home Office and Lord French was allowed to choose a Chief Secretary not as a colleague but as a subordinate and he chose Mr. Macpherson, of whom he had had a favorable experience when Mr. Macpherson was under secretary for war.

Lord French is said to have interfered in all the details of administration. He tired of the job and welcomed the change which brought Sir Hamar Greenwood as a real chief secretary directly representing the cabinet, and General Caecely to control the armed forces. The three men have since got on well together and the victory is understood to be content with a mainly ornamental position which relieves him from much trouble.

The salary attached to his post is £20,000 a year with various allowances and with some concessions in the matter of income tax. Previous viceroys found the sum insufficient and some of them who were wealthy men supplemented it out of the private means. But then there were levees, drawing rooms, dances and entertainments on a large scale in the Castle, all modelled in imitation of the functions of the royal court in London. These have not been resumed since the war which suspended them, and the entertainments are few and on the modest scale possible in the viceregal lodge, which is small house less extensive than many Irish country mansions.

The viceroys is thus now an office of considerable profit, and since in the new conditions it is involving its holder in less labor and anxiety, there is every inducement for him to remain in it.

It is convenient to the government that Lord French should stay. It would not be easy to find a suitable successor. Unless, therefore, Lord French's

**TO THE TRADE ONLY**  
(Associated Press Correspondence)  
London, Oct. 30.—By reason of the temper set up as the result of overtures by Oxford professors to German and Austrian educators to join them in burying the hatchet and return to previous amicable relations, the text of the appeal is attracting widespread interest. The Times denounced the letter urging resumption of friendly relations between German, Austrian and British educators as "ill-advised and inopportune," and called the Oxford men to account for falling to distinguish between animosities created in England by the sinking of hospital ships and bombing of open cities, on the one hand, and the black passions of the wretches who perpetrated those crimes."

The text of the Oxford letter follows: "To the Professors of the Art and Sciences and to members of the Universities and learned societies in Germany and Austria.

health breaks down a change is considered unlikely. Should a complete reversal take place in present methods of Irish administration and a new policy of conciliation be inaugurated, there would be a change in all the Irish offices. Three names are mentioned as possible viceroys in that event. Lord Dees, who married Miss Gould of New York, is constantly spoken of. He is personally very popular with all classes and is a very genial man typically Irish in his ways. He would be an ornamental lord lieutenant of the old spending style. If the lord lieutenant were to have the real as well as the merely nominal power, Lord Northcliffe is mentioned as a possible choice. Another likely man is Lord Shaftesbury, who made an important speech at the Irish Peace Conference and whose role would be, while conciliating Irish feeling generally, to secure the adhesion of Belfast, where he has great interests.  
If, owing to reasons of health, Lord French should go during the continuance of the present regime the most probable successor is believed to be the Marquis of Londonderry.

**GOODWILL BETWEEN BRITAIN AND PORTUGAL**  
Lisbon, Oct. 28.—(Associated Press Correspondence)—Mello Barreto, Portuguese Minister of Foreign Affairs, has returned from London bringing assurances from the British government that the Portuguese republic can count on the goodwill of Great Britain. He said that Premier Lloyd George informed him that he had insisted at Spa conference in July that full justice should be done to Portugal.  
A Lisbon newspaper man who interviewed the foreign minister asked him

whether it was true that America was disposed to annual the war debt England had contracted with her, on condition that England, in turn, charge off the debts due her from small nations and contracted in the war. The minister declined to discuss that subject pointing out that he had nothing to do with financial affairs.

**Our Travelling Salesmen Enjoy  
Selling Red Rose Orange Pekoe Tea**

Travelling salesmen work very hard as a rule. They put in long hours, and the pleasure of travelling is not so great as to those of us who mostly live at home.  
Naturally, therefore, these men must get a great deal of their pleasure and satisfaction from their work—they like to sell the finest of products and represent a good "house".  
Our travelling salesmen are exceedingly critical of the products which they are asked to sell, and when we told them last January that we wanted them to sell a new tea of extra quality—much finer than has usually been sold in Canada—they were keenly interested, put the new tea to many tests amongst their friends, and gave it a lot of time and thought.

Having convinced themselves of the extra fine quality of Red Rose Orange Pekoe Tea, they started on their trips full of enthusiasm.  
Their satisfaction, however, has been much greater on their later trips, because of the splendid renewal orders which are following their first sales.  
Like good merchants, our salesmen enjoy selling the very finest tea—Red Rose Orange Pekoe.  
Try the tea which has met with so much success.

Adelaide, Australia, Oct. 20—(As-
sociated Press Correspondence)—Dr. Har-
greaves, a distinguished Australian chem-
ist, declared at a conference of market
bakers here that the nations which eat
white bread were getting close to the
border line of neuritis. He advocated
brown bread, saying that modern science
demanded that wheat should be milled
whole.

THE BUSINESS
COLUMN
EDITED BY MANSFIELD F. HOUSE (Continued)

Why Not Shirts?
Last year Joseph Farman was in the
custom shirt-making business in Los
Angeles. When he watched the mount-
ing prices of shirts and saw that men
were paying as high as \$30 for their
shirts a glance at a local shoe-repairing
shop gave him an idea from which he
has built a business that even in its
first year is pleasing him greatly.
A shoe repair man had taken a room
in one of the best blocks of the city
and was busy in fitting with cobblers.
"if people are spending that it pays to
have their shoes repaired, their hats re-
paired," said Farman, "they ought to be
pleased by the economy of a short
repair system."

Switches Soda Fontains
to Auto Department.
A rapid-fire change from a soda fontain
and lunch counter into an automo-
bile accessories department was the
metamorphosis that occurred in Cohen's
department store, in Jacksonville, Fla., re-
cently. During its unusual change-over
step was made without any difficulty
being experienced whatever. Rather an
increase in sales resulted therefrom.

Children Ruled This
Store for a Full Week
Making the children "boss" for an en-
tire week was a paying move for the
Wetherhead & Metzger shoe store in
Allentown, Pa., during the last month.
Every clerk in the store was in-
structed to arrange stock so that the
shoes best for children could be reached
easily. The window displays were all
made up of footwear for the youngsters.

Frank Clark, Jeweler in Wilkes-
Barre, Pa., has been winning atten-
tion for his store by a novel series of ad-
vertisements he is running in the local
newspapers, by which he is convincing
the average reader that his shop carries
a line of gems, jewelry, silverware,
clocks and clocks that is out of the or-
dinary.

Wetherhead & Metzger put over
a week's business that represented the
capture of considerable new trade and
laid the foundation for a greatly in-
creased business later on.

Is This The Smallest
Store in The World?
The smallest store in Boston, and
possibly in the country, is located
in a stairway. It is a tiny store, but
it has some very stout customers
have to call the proprietor outside to
transact business. The plate glass win-
dow is only a foot wide and the
window is measured but fourteen inches
from knob to the hinge. The shop runs
back for twenty-five feet, but at its
back part it is only four feet from
wall to wall.

Time is the most important thing
in the world, says J. W. Wyman,
proprietor of the smallest store, as he
sets a dollar watch spring in the time-
piece of a money king of State street.

FINANCIAL BOOM
ON THE 'CHANGE

Austrians Call it "Misery
Boom" — An Economic
Phenomenon.
Vienna, Oct. 28—(Associated Press
Correspondence)—One of the financial
paradoxes of Central Europe has been
a boom this autumn on the Vienna stock
exchange. Speculation has been on an
exchange. Speculation and stock prices have
risen by leaps and bounds. Advances
of several hundred points in a single
stock occurred in one day's trading.
Lucky speculators made millions of
kronen from a shoe-string investment.

The boom is an economic phenomenon
which is well worth study, for it ex-
plains much of the paradoxical condition
exists throughout the war-torn coun-
tries of Europe. An Austrian financial
expert, the correspondent of the Lon-
don Financial News, explained it by say-
ing that the sole factor in it was the
exchange rate of the kronen. When the
kronen would ever reach its former stand-
ard of value, the argument was advanced
on the stock exchange had not decreased
and that in the future they would pay
the same dividends as in peace times.

Without it money cannot be made and
without it no happiness can be secured."
Wyman specializes in antique clocks and
also in the repairing of watches and
clocks of all kinds. He says if any one
has a clock, even if only the case is
left, he can make all the inside works
and make it keep time in short order.

Who Said Negative Copy
Was All Wrong?
One of the oldest psychological princi-
ples of the human mind is that if an
one is told not to do anything that
thing immediately becomes the most
sought after object in life—or words to
that effect.

The Andrews Jewelry Co., of Tacoma,
used this same principle in their holiday
advertising and found it worked. When
they were closing out their business last
year they wanted to sell as many men's
watches as possible, but they found
they also had on hand a good number of
wrist watches. Inasmuch as wrist
watches were among the articles they
wanted to sell, too, they hit upon the
plan of telling the public "not to buy so
many wrist watches."

"Can't you persuade folks to buy
something besides bracelet watches?"
was the plaintive request that astonished
Tacoma residents when they picked
up their morning papers shortly before
the holidays. Then followed an appeal
from "Grandpa Green," one of the
store's salesmen who had been on the
job for years.

"Grandpa Green is worried," the ad-
vertiser announced as a starter. "He fears
a shortage of bracelet watches for Christ-
mas." Then the ad went on to say that
right had been sold by ten o'clock one
morning, and that as the store is going
out of business they really don't want
to buy any great quantity again, Con-
sequently they ask people to buy other
watches, but not so many bracelet
watches.

SUFFERED DAY

The Tortures of Dyspepsia
Relieved by "Fruit-a-tives"

Little Bras D'or, C. B.
"I was a terrible sufferer from Dys-
pepsia and Constipation for years. I had
pain after eating, belching gas, constant
headaches and did not sleep well at
night. Finally, a friend told me to try
'Fruit-a-tives.' In a week, the Constipa-
tion was corrected and soon I was free
of pain, headaches and that miserable
feeling that accompanies Dyspepsia. I
continued to take this splendid fruit
medicine and now I am well, strong and
vigorous." ROBERT NEWTON.

DISMAL PICTURE OF CONDITIONS IN STRICKEN CHINA

Cholera Adds to Distress of 25,000,000 Famine-Stricken People.

Peking, Oct. 15.—(Associated Press correspondence)—Cholera is adding to the general distress in the famine-stricken district where from 25,000,000 to 30,000,000 people are facing death by starvation.

The Associated Press correspondents who recently traveled through the heart of the territory most seriously denuded of food, found conditions even more desperate than had been indicated by information previously received here.

In the town of Hwai-an where there were 100 families, thirty persons had died of cholera and similar reports are common from various other districts.

Terrible Conditions.

The picture presented to the eye of the correspondent was a dismal one. The soil barren as in mid-winter, prices soaring, migration of those having more money or enterprise, the people living on a diet of weeds, chaff, thistles and leaves; children, especially little girls, offered for sale at the average price of the small Chinese mite; cholera from underfeeding, suicides of individuals in extreme despair, old women and children gleaming patches of weeds, men with no work to do and clusters of refugees living in the shelter of temples in market towns.

Information obtained by the correspondent indicated that the present suffering is only a forecast of that to come in the course of eight or ten weeks when the real crisis will arrive. Conditions in the belt he traversed in a journey by cart between two railway lines near Tschow are believed to be typical of those generally existing throughout large areas in the provinces of Chihli, Shantung, Honan, and Shansi. He found indescrib-

able misery and stoical facing of starvation by millions of people who already had disposed of everything salable and saw in the future nothing but death. Facing Starvation. When the frost will have killed the unconsumed leaves and weeds there will be literally nothing to eat for at least half the population. One out of ten has already migrated without money and without destination. In the worst spots half the people are already subsisting on the proceeds of the sale of furniture and clothing, which means that those temporarily escaping starvation will ultimately die from cold and exposure.

THROUGH WOMEN TWO OF BANDIT GANG TRAPPED?

Hamilton, London, Guelph and Local Robberies Recalled—Sunday Shooting Sequel.

(Toronto Globe.)

What may be a sequel to the shooting of W. C. Bucke and also to many robberies which have taken place in this city, in Hamilton, Guelph and other nearby cities came with the arrest of Thomas Goddard and William Gardiner by Detectives Levitt, Armstrong, C. Young and Mitchell last night at a garage on Sumach street. Just as Goddard and Gardiner went to open the garage door the detectives pounced on them. The arrest came just a trifle too quickly. Coming after the two who arrived first in their high-powered car were three others in another auto. Seeing what had happened they turned quickly and fled at top speed. Their car, hired at the garage at the same time as the other, was afterwards found abandoned on Spruce street.

Both Goddard and Gardiner are charged with shop-breaking. Goddard gave his home as Detroit, but both men were rooming on Berkeley street. Goddard escaped from Burwash in September, where he was serving a term for robbery, and Gardiner confessed to having just completed a term in the same month at the Jail Farm for a like offense.

About the only confession which the police could extract from Goddard was his escape from Burwash, and he made a strange tale of it. He claims that he had to swim the river near the farm, that pursuit forced him into the woods, and that he was chased by wolves on his way to freedom.

Gang of Ex-convicts?

The police believe that the two are members of a gang of seven ex-convicts who are responsible for most of the robberies within a radius of many miles. It is claimed that stolen high-powered cars, quick work in cleaning out the stores visited and then flight to a cache at some obscure point are the secret of the gang's success.

If they are the same who staged the wild-west gun-play on Saturday night, the happening was either a mistake or a celebration of a number of successful crimes which forgot caution for the moment.

The charge upon which the two are held is that of being implicated in a robbery of a clothing store in Hamilton kept by a man named Patrick. The burglars drove off in a motor with about \$5,000 worth of clothing, and much of what is believed to be the missing stock was found in their rooms.

Two Other Arrests.

In addition two men, Bloom and Helblom, were arrested for having in their store on Lapping avenue eighty pairs of trousers believed to have been bought for \$100 from the men arrested.

The clothing which the two wore is thought to have come from Guelph via a burglary and a stolen ride in a stolen car. There are also goods to be accounted for from London and Hamilton which the gang is supposed to have carried off to their hiding place.

Goddard and Gardiner, in company with three other men, visited the garage on Sumach street yesterday and engaged two high-powered cars. In these they are said to have carried away a large quantity of goods to some point near Oakville, for they were observed in that town during the afternoon. The detectives got wind of things and set a trap for them on their return, into which two fell.

Trapped Through Women.

In Louise street two women had been taken in, charged with vagrancy, and a quantity of goods taken from their rooms. One of these women was able to give a description of a man she knew then talking over robberies, the safest place to hide stolen goods and other matters of interest to the burglarizing profession. In this conversation the unmaking into a United Cigar store was mentioned, and also of other places.

Both men refused to talk matters over with the police, and the only information volunteered was the highly-colored account of Goddard's escape from Burwash. Gardiner carries a broken nose, a souvenir given him by Detective Black with a "billy" on Yonge street when Gardiner was arrested for shop-breaking.

The Duboreperes Receive Prize for Rebuilding Home Without Help—16 Children.

Lens, France, Oct. 28.—(Associated Press correspondence)—The Duborepere family of the little village of Metzeu near here has been awarded a prize of 15,000 francs, given by Norman Davis, of Washington, through Madame Jusserand, wife of the French ambassador, for the family which should rebuild its destroyed house in the devastated region without the assistance of carpenters, masons and other expert building workers. The material was furnished by the Davis Fund through the Secours d'Urgence and in three months the house was finished.

The Duborepere family consists of father, mother and sixteen children, all living. Experts say the house is worth more than 50,000 francs. The material cost 15,000.

The town of Metzeu is well known to Canadian troops, some of whom were billeted in the town while engaged in the Ypres and Lens sectors.

#### BASKETBALL

##### City League Opening

The opening of the city basketball league in the Y. M. C. A. gymnasium last evening. The first game was between High School and St. David's in the intermediate league and resulted in a win for the former by a score of thirty-four to four.

In the second game in the League series between the girl team from St. Jude's church, Carleton, and the Fairville Baptist church, a one-sided score was made up by the Fairville young ladies in the course of the game defence of the girls in Carleton. The final score was thirty-five to five.

#### Y. M. C. A. Defeat Y. M. C. I.

The drawing card of the evening was a game between the Y. M. C. I. and Y. M. C. A. senior teams. The final score was eighty-nine to zero in favor of the Y. M. C. A. The game went all the way from first to last but was, nevertheless, an interesting one from the spectator's standpoint. The rapid and dflid combination plays of the Y. M. C. A. team, together with the spirited shot put up by their opponents, made the contest well worth watching and a great success for the brand of basketball to be staged by the league this winter. Following is the line-up of the two teams:

Y. M. C. A.	Y. M. C. I.
Forwards..... Mitchell	Forwards..... Kennedy
.....Kearney	.....Kearney
.....Centre..... Keady	.....Centre..... Keady
.....Brown	.....Brown
.....Spore..... Johnson	.....Spore..... Johnson

Through an error, that portion of the City Basketball League published on its page applied only to the intermediate section of the league. Following is the schedule as arranged for the series of the senior section of the league:

Nov. 20—Y. M. C. I. vs. Y. M. C. A.
Nov. 24—Trojans vs. Alerts.
Nov. 27—Y. M. C. I. vs. Trojans.
Dec. 1—Y. M. C. I. vs. Alerts.
Dec. 4—Y. M. C. A. vs. Trojans.
Dec. 8—Y. M. C. A. vs. Alerts.
Dec. 11—Trojans vs. Y. M. C. I.
Dec. 15—Trojans vs. Y. M. C. A.
Dec. 18—Alerts vs. Y. M. C. I.
Jan. 5—Alerts vs. Trojans.
Jan. 8—Y. M. C. A. vs. Y. M. C. I.

The second series of the senior section of the league starts Jan. 12 and follows the same order as given here.

##### Commercial League

In the Commercial League game on Sept. 15 last night the Sugar Refinery took four points from the Post office team. Tonight the Maritime Nall orks team and the Ford Motors Works will roll their game on the alleys. Last night the scores were:

MRS. NANCY SHARP, of Los Angeles, who says she received one of the greatest surprises of her life when Tanlac completely restored her health after she had almost lost hope of ever getting well. Declares she suffered for twelve long years.

"After seeing the wonderful results my husband obtained from Tanlac I began taking the medicine myself, and now we both agree that it is the greatest medicine on earth," said Mrs. Nancy Sharp, a prominent and highly educated resident of Los Angeles, Calif., living at 921 Camulus street, whose husband is proprietor of the Merchants' Express Co.

"During the twelve years that I suffered with indigestion and stomach trouble I tried nearly every medicine I heard about, but nothing helped me and I lost faith in everything. So my wonderful restoration to health has been one of the greatest surprises of my life. I began to feel an improvement on finishing my second bottle of Tanlac, and now after taking six bottles I am like a new woman. I have a splendid appetite, eat three hearty meals a day, enjoy them thoroughly and am never troubled in the least with indigestion or any other disagreeable after effects. "Before taking Tanlac most everything I ate caused my stomach to rebel and I would suffer for hours afterwards. I was so dreadfully nervous that many nights I never closed my eyes in sleep, but now I am not the least nervous, and I sleep like a child. My strength has been wonderfully increased, and I have much more energy. "I just wish it was so everybody troubled like I was knew about this wonderful medicine." Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by G. W. McKay, Beaver Harbor; Willard J. Colwell, Evans; C. V. Parsons, Highland; John F. Meagher, Debec; O. D. Hanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Adv't.)

### "The Confession"

From that Wonderful Play that Created a Sensation in Canada—  
"To Serve the Cross"  
This is the play which when produced on the legitimate stage set all Canada talking. In picture form it is even bigger and more elaborately produced and contains many thrilling climaxes which were impossible to produce on the stage because of lack of space. It comes direct from Montreal, where it was given an unprecedented run and was shown to capacity houses the entire run. If you are fond of the bigger and better things in the silent drama it will be well worth your time travelling to The Star Theatre to see. "The Confession" can be safely compared with the best masterpieces produced in the past few years, and brings with it an all-star cast of players headed by the master of emotional stars, Henry B. Walthall, whom you will undoubtedly recall from "The Birth of a Nation," in which he played the part of "The Little Colonel. Here is a point for you to remember—"The Confession" is endorsed and recommended to the religion by the Highest Powers.

#### MONUMENT TO AMERICANS KILLED WITH FRENCH ARMY

Paris, Oct. 31.—(Associated Press Correspondence)—General Mangin is organizing the task of obtaining subscriptions for a magnificent monument to the American volunteers who fought with the French army, to be set up in the Place des Etats-Unis. The monument is to be by a well-known French sculptor, Boucher, and will cost \$100,000. No foreign subscriptions will be accepted; all donations must come from French sources.

Once a year a military ceremony will be held before the statue and after a funeral march has been played, the officer in command will read out of a golden book the names of the dead volunteers. To each name the response will be given—"Dead on the field of honor." The Last Post will be sounded and the French soldiers will march past the statue and present arms.

#### IMITATION JEWELS IN BRITISH COLLECTION

London, Oct. 31.—(A. P. Correspondence)—Sir George Young, museum keeper of the Jewel House at the Tower of London, has just revealed the fact that one of the British crown jewels, of which he is custodian is an imitation. The stone was believed to be a magnificent aquamarine, but proved on examination to be only a piece of colored glass. It figured first in the crown of King James II. The mystery of when the imitation was substituted for the real stone has not been solved.

# The Last Days of Oak Hall's Store-Wide Mark-Down Sale

You've wanted lower prices—we've given them to you for the past four weeks. We've sacrificed profits for your benefit. We can't afford to keep this up indefinitely, and so this great Mark-Down Sale ends Saturday.

Don't get carried away with the idea that clothing prices are going to slump to a pre-war level in a hurry—they're not. They're coming down—yes. But they're coming slowly, a little at a time, and it will be some time yet before they reach the low

level that is offered you at this great Mark-Down Sale.

Just bear in mind that this Mark-Down Sale includes everything throughout our entire store—meaning our complete new Fall stocks of wearing apparel for men, for women, for children—greatly reduced from prices that were already conceded to be fair and just for the qualities offered. An opportunity for you that is unexcelled.

But remember, Saturday is the last day. If you haven't already taken full advantage of these lowered prices you'd better make up your mind to do so right away. You've wanted the same qualities at lowered prices. They're here till Saturday. Everything at lowered prices. Better hurry.

Here is some of the many economic opportunities awaiting you. Hundreds more not advertised. Come and look them over.
