MONTREAL STAR HAS STILL ANOTHER PLAN

Disagrees With All Naval
Schemes So Far Presented

Winnipeg Slager Making a Hit in Paris—
Constable Succumbed to City
Temptation.

MONTREAL, Q., Feb. 21.—In the first
of a series of editorials devoted to the
Canadian naval question, the Star to-
day announces not only the policy of
the government but also that of the
opposition as set forth by Messrs. B.
L. Eorden and Monk, in strong lan-
guage the paper asserts that the po-
litical parties are trifling with this ser-
ious subject. It is also asserted that
the solution of the question is as far
as Canada is concerned, is a matter of
life and death, and that the conclu-
sion to be drawn is that the tar it-
self will outline such a policy.

WINNIPEG, Feb. 21.—Miss Dorothea
Toys, mentioned in Paris cables as
having achieved great success with her
voice, is a native of Portage la Prairie,
Man., where she received her early mu-
sical training. Miss Toys's father is a
wealthy contractor now living in
Rouge, Winnipeg. Miss Toys comes of
a musical family, several of her sisters
being well known in the musical world.
HAMILTON, Ont., Feb. 21.—There
was a mad dog scare here Saturday,
when four persons were bitten by an
animal which was chased from one end
of the city to the other. This has
caused the Board of Health to take
decisive action. The board will get an
order from Ottawa, enabling it to pre-
vent dogs being on the street, whether
muzzled or not.

HAMILTON, Ont., Feb. 21.—County
Constable Winter of Springfield is
under arrest here on the charge of
drinking beer. Winter came to the city
for a youth named Moth, charged with
stealing ten dollars from his employer,
in Springfield. The arrest and the
city proved too much for the rural
officer, who was finally arrested and
locked up. Both had shaken off his
handcuffs, but made no effort to
escape.

BRITISH ISLES SWEEP
BY A SEVERE STORM

Immense Damage Done Along the Coast—
Vessels Report Very Heavy
Weather.

LONDON, Feb. 21.—A fierce gale has
swept over the British Isles doing an
immense amount of damage. The
coast is all crowded with shipping
seeking shelter. Incoming vessels re-
port a succession of heavy seas from
Adriatic and the America, which ar-
rived today at Plymouth, experienced
a succession of heavy seas from the
west across the Atlantic. The Mauretania,
after a long delay, succeeded in en-
tering her berth at Queenstown but
was unable to land her pilot, who was
taken to New York. Reports received
tell of the wreck of a large number
of small craft.

PARIS, Feb. 21.—A howling gale in
the English Channel, sweeping the
French coast as far as Finistere, has
driven all shipping to shelter. Wire
communication between England and
France has been cut off. All steamers
have been considerably delayed.

G. P. R. CONDUCTOR
THROWN UNDER WHEELS

George Smith Badly Injured, But Miracul-
ously Escaped Death, at Perth

This Morning.

PERTH JUNCTION, N. B., Feb. 21.—
George Smith, G. P. R. conductor, met
with a serious accident here this
morning, narrowly escaping death. Mr.
Smith had orders to deliver to his en-
gineer, which prevented him from
catching the train until it had gained
considerable headway. He attempted
to climb on a box car but had he done
so he would have been thrown against
the bridge. He then grasped the rail-
ing of the front end of the van. His
hand slipped and he fell across the
rail, his head on one side and his body
on the other. The box struck him be-
fore the wheel reached his body. He
was rolled along under the trucks for
a considerable distance. His head is
cut in four places, one cut nearest the
eye six stitches, and a second four. His
arm and back are also badly injured.
Mr. Smith is a resident of St. Andrews
but cannot be moved there for some
time.

The death took place this morning
of Mrs. Mary McGinn, one of the
oldest residents of the city. The de-
ceased was the widow of the late
Francis McGinn. She had attained
her 90th year. The death took place
at the residence of her son Francis
Millidge avenue. Mrs. McGinn had
resided in St. John for many years.
Three sons survive.

The funeral will be held on Wednes-
day morning at 8:30 o'clock. High
mass will be sung at St. Peter's church.
A meeting of the Ladies' Auxiliary
of the A. O. U. is called for this even-
ing at 8 o'clock.

MR. MATHESON TELLS THE STORY OF HIS FIGHTING, SWEARING, SELLING DAYS, TO A CROWDED HOUSE

RIVAL UNIONS ARE
FIGHTING IN PHILA.

Keystone Men Would Not Go
on Strike

And are Today Operating Tax Cars—No
Serious Disorders Reported
This Morning.

PHILADELPHIA, Feb. 21.—In spite
of yesterday's severe rioting the Phila-
delphia Rapid Transit Company started
their morning schedule today with-
out apparent interruption by the
strikers or their sympathizers. The
first cars left the barns in different
sections of the city at 5 a. m., twelve
hours after the service had been dis-
continued. Refreshed by their rest the
motormen and conductors who had
slept in the barns on cold provided by
the company, manned the cars pro-
tected by policemen on both the front
and rear platforms. Not a missile was
thrown, however, on the early morning
trips and the cars were not as well
filled with passengers. Persons willing
to ride were deterred from doing so
from fear of injuries. The strike lead-
ers, wearied by yesterday's strenuous
work, rested until late this morning,
and no further statements were given
out at Union headquarters. Beyond the
statement that "All lines are in opera-
tion with the full quota of cars," the
officials of the rapid transit company
also declined to comment on the situa-
tion.

Conspicuous on the lapsels of the
working motormen and conductors was
the rival of the Amalgamated Associa-
tion of which the strikers are members.
The former union was formed by men
who remained loyal to the company
during the last year's struggle and is
not affiliated with any other body. The
present trouble began when the officials
of the company treated with the
members of the Keystone Union against
the wishes of the members of the
Amalgamated Assn. The latter
body made the request of the rapid
transit officials that no other union be
recognized. The recognition of this
union was one of the main points of
dispute between the strikers and the
company.

One thousand men on the eligible list
for policemen and firemen were sworn
in at the city hall this morning and
there was great activity among the po-
lice officials who were preparing to
swear-in 3,000 additional men at the
first sign of further lawlessness. The
officials of the company started their
operations today with a grim determi-
nation to break the ranks of our veterans.
The company admitted today that
about 4,000 men refused to take out
their permits yesterday. This statement is
disputed by the strike leaders who
declared that more than 4,000 are on
the list. However, many of the trol-
ley-men who want to continue work did
not report for fear of being injured.

It was estimated today that 100 per-
sons were injured yesterday chiefly by
stones or other missiles. Fewer than
were seriously hurt. A little girl who
was shot while watching boys attack
a car will probably recover.

A statement issued by the company
says that in all 27 cars were damaged
during yesterday's disorders, two cars
were burned and one partly burned
and 288 car windows were broken. The
company expects to keep in operation
today 1,200 cars, six hundred less than
the regular schedule.

MILITARY TRAINING FOR
NEW BRUNSWICK SCHOOLS

Board of Education Decides to Adopt the
Strathcona Scheme.

FREDERICTON, N. B., Feb. 21.—The
committee of the Board of Education
consisting of the Premier, Solicitor
General and the Chief Superintendent
of Education, held a session this morn-
ing with Mr. R. A. Borden. It was
decided that the province would adopt
the Strathcona plan, that physical cul-
ture would be adopted and also mili-
tary training, the latter being made
optional with the school districts. The
teachers are given four years in which
to qualify.

Hon. Mr. Maxwell reached Frederic-
ton this morning and received a hearty
welcome from the members of the
Legislature.

Mr. and Mrs. S. D. Scott spent Sun-
day in the city, the guests of Chief
Superintendent and Mrs. Carter.

ALLEGED BAWDY HOUSE
IN MONCTON RAIDED

Anonymous St. John Woman Sends Money
to Desolate Family---Crimean Veteran
for the Poorhouse.

MONCTON, N. B., Feb. 21.—Deter-
mined to break up the houses,
the police have raided Hughie Sulli-
van's house last night and papers will
probably be served charging him with
keeping a bawdy place. A similar case
against Adolph Dryden came up be-
fore the court this morning and was
adjourned till Friday afternoon.

A veteran of the Crimean war is to
enter his days in the poor house. Such
is the case of eighty year old Daniel
Clair, who came to Moncton Thuro-
day night and has been making his
home at the police station. He said
he worked in Moncton years ago when
the I. C. R. first started.

Scottie of St. John, is evidently
disposed to help more poorer people
out. A year ago she wrote the police
here enclosing two dollars to be given
to a woman whose husband deserted her
and Saturday the chief received a let-
ter from the same woman asking it to be
given to Joe Bailey who is in the
hospital suffering from frozen feet
and hands. Bailey walked from Bus-
set to Moncton a week ago and was
in such condition he had to be taken
to the hospital.

MANY NEW ARRIVALS
ARE BEING DETAINED

Some are Not in Good Health---Others are
Short of the Necessary Cash.

No less than twenty-four immigrants
from the C. P. R. steamer Empress of
Ireland were detained by the immi-
gration authorities on Saturday. These
persons have been placed in the immi-
gration sheds at Sand Point. Four of
the immigrants were held up by the
Canadian officials under civil regula-
tions and one for medical purposes.
The remaining nineteen were detained
by the American authorities. An op-
portunity will be given these persons
to secure the necessary funds.

There are now about thirty persons
in the detention house, while there is
also a large number in the hospital.
An arrival on the Allan Limer Sar-
dian on Sunday who created much
interest was an aged astronomer, who
is proceeding to Ottawa. The man
wore heavy white whiskers and had
long grey hair.

Allan Limer Corsican called from
Liverpool on Friday last, the steamer
is bringing several hundred passen-
gers.

There were busy times at Sand
Point this morning. All the sheds were
being worked. The Manchester Im-
porter lies at No. 2 berth. She will sail
tomorrow.

Trade with France shows a large in-
crease due chiefly to the French-Can-
adian treaty, which has recently been
enacted. The Allan liners are now car-
rying larger cargoes than ever before.
The merchants are endeavoring to make
further shipments. Have is the chief
port to which the goods are consigned.

HUSTLING WORK ON THE
HAMILTON FACTORY

Dryhouse About Finished---Factory Frame
Going Up---Hope to Start Work
Next Week.

No time is being lost in rebuilding
the Hamilton factory on Erin street,
which was recently destroyed by fire.
Although Mr. Hamilton's loss was con-
siderable he has gathered his work-
men about him, and from the ruins is
fast springing another and much more
to date factory.

On next Saturday, which will be just
twenty-one days from the contra-
ction, it is intended to have the factory
started again. There are about forty
men employed about the site, clearing
away the debris and rebuilding.

Already the frame work of the first
story is in place and work on the up-
per part of the building will be in
progress this week. The dry room has
been almost completed and the steam
pipes used for drying the lumber are
being installed. The boiler was not
damaged, and a new engine has been
installed. New machines are being
placed on the ground floor and by Sat-
urday or the first of next week these
will be in operation. The work is being
rushed along and the factory employes
are as anxious as the owners to get
the plant in operation.

The new machines that are being
placed on the ground floor are a plan-
er, a matcher, a rotary saw and a rip
saw.

REDMOND MAKES ANOTHER
DEMAND FOR FUNDS

"Give Us Money---We Need It---and We
Will Fight for Ireland,"
He Says.

LONDON, Feb. 21.—A meeting of all
the Irish Nationalists in the new
House of Commons was held this morn-
ing to determine the party's atti-
tude toward the Government's pro-
gramme. John Redmond, leader of the
Irish parliamentary party, presided and
that he is in a mood to fight unless
Premier Asquith clears the way for
Irish aspirations, may be gathered
from his appeal to the people of Ire-
land for party funds this morning.

"This appeal," said Mr. Redmond, "is
vitally urgent by reason of the strong
probability that another dissolution of
Parliament will be upon us immedi-
ately, perhaps before Easter."

Today's meeting authorized Mr. Red-
mond to voice the already expressed
opinion of the party regarding the pol-
icy that should be pursued, but sus-
pended direction on the final action to
be taken until the King's speech had
been read and the position of the Gov-
ernment more fully disclosed.

A smallpox epidemic exists in Nova
Scotia. According to Mr. Hartman of
the Colonial Stock Company hundreds
of cases have come to the notice of the
authorities. Windsor, Yarmouth, Lun-
enburg and Sydney are affected by the
disease. New cases are being reported
almost daily.

MANY ARE ANXIOUS TO LEAVE WINNIPEG

Average of One Violent Death
Every Day

Floor Collapsed During Funeral---Child
Saved From Fire---Mako Conductors
Liable to Arrest.

WINNIPEG, Feb. 21.—Last year
Winnipeg averaged a tragic death a
day and the record has been kept up
this year so far. Two suicides and
an attempt at self destruction were
added to the record yesterday.

George Ladoux, 33 years of age, who
came from Paris last November shot
himself through the head, dying in-
stantly.

Twenty minutes later H. Swinsek
hanged himself in a lonely shack on
Higgins avenue. He was a Galician
aged 45 years and had been in Cana-
da a considerable time.

A third man, Roberey, a German, cut
his throat with a razor but may re-
cover.

WINDSOR, Ont., Feb. 21.—While
funeral services over the remains of
Gladys Pennington was in progress at
the young woman's late home yester-
day the entire lower floor gave way,
under pressure of the large crowd pre-
sent, and sank two feet. A small
panic followed but nobody was in-
jured although several women fainted.
Service was concluded outside of the
house.

OTTAWA, Feb. 21.—The bakery of
D. Scarron on Somerset street was
destroyed by fire last evening. Scar-
ron's six children were in bed when
the fire started. They were rescued
through a smashed window. Mrs.
Scarron jumped, but was not injured.
The fire itself did fifteen hundred dol-
lars damage.

TORONTO, Feb. 21.—C. A. Brower,
member for East Elgin, will introduce
a bill in the legislature, one effect of
which is to place railway conductors
and passengers on the same footing.
If a passenger refuses to pay his fare
he can be hauled before a magistrate,
and if the conductor overcharges the
passenger the latter can recover only
through the division court.

EVANGELISTS HELD A
MEETING OF THEIR OWN

Exchanged Ideas and Spoke on the Differ-
ent Phases of Their Work.

Instead of the regular meeting of the
Methodist ministers, all the evangelists
in the city, gospel singers and local
preachers engaged in the work of the
campaign, met in Centenary Church
this morning. The visiting evangelists
spoke. Dr. Winchester was the first
speaker and his subject was "The Ex-
clusive of Christ." He spoke very
eloquently on the subject. Dr. Sykes
followed. He said that at first when
he was called to come to St. John he
thought it would be useless for him
to attempt it, but when the corporate
boards met, together with the sing-
ers, Mr. Allen, gospel singer, led in
singing, and several places were ren-
dered. All the singers present taking
part. Dr. Smith said that he had had
the privilege of attending several evan-
gelistic campaigns, but he never
found it easier to preach the Gospel
than in Wales, Sweden and Aus-
tralia, great work had been done for
God and he believed that great good
would be the outcome of the work in
the City of St. John.

Dr. Ross of
Carleton spoke on the subject, "After
the Campaign, What?" He said a good
thing would be to form a family altar
league in all the churches. Then Mr.
Greenwood from Fairville spoke. He
believed in union, as sin itself is a
solidity. The force of power in the
early church was in union and it was
the same in Old Testament times. Mr.
Ora S. Gray was the next speaker. He
said that the newspapers of the city
made it very easy for men to preach
in St. John, especially in this cam-
paign. Religion must be brought to
bear upon civic affairs and theology
must not be permitted to remain in air.
At the close of the campaign definite
plans should be made by every church
to gather in the people. Mr. Robinson
was the last speaker. He spoke very
interestingly on "The Exclusive Power
of a New Friendship," emphasizing
the name point as Mr. Gray did at the
close of his address, that a great deal
depended upon the follow-up work in
gathering the comrades together and
holding them in the churches. At the
close of the meeting most of the sing-
ers and evangelists went down to the
Unique to hear Mr. Matheson.

CONTRACTED LEPROSY

FROM WEARING "BATS"

ST. LOUIS, Feb. 21.—According to
information received by the Board of
Health that there are two girls in the
city suffering from leprosy caused by
wearing "bats" composed of Asiatic
hair, G. A. Jordan, assistant health
commissioner of St. Louis, announced
that he would commence investigation
into the case.

The girls, according to the informa-
tion, were employed until a few days
ago in a downtown store.

There are rumors of a political upheaval in Alberta, caused primarily by Premier Rutherford's alleged secret policy regarding the Alberta and Waterways Railway, and incidentally by the dissatisfaction of two or three members of the House with things in general.

Teachers' Pension Bill Introduced by Hazen

Uplham Attacks Fleming's Policy—Resolution Endorsing Valley Ry. Scheme

FREDERICTON, Feb. 19.—The Legislative Assembly on Saturday continued the debate on the address from the throne.

Mr. Hazen gave notice of motion for the appointment of a committee of seven members chosen from both sides of the House including the Premier and Leader of the Opposition to be appointed by the Speaker.

In continuing the debate, in reply to the speech from the throne, Hon. Mr. Fleming submitted figures regarding the operation of the school book department. He claimed reductions had been made in the prices of French as well as English books.

Mr. Uplham responded to Mr. Fleming's remarks. He strongly criticized the local government for the delay in the Valley Road scheme. The Premier was not following the policy he had announced.

Mr. Uplham introduced the teachers' pension bill.

The Evening Chit-Chat

By RUTH CAMERON

If all the children of this decade could be thoroughly grounded in the answer to the question, "When is a joke not a joke?" I think that rowdiness and vandalism in the next decade would probably decrease considerably.

There is a certain exasperating class of persons for whom I have been sharpening my pencil—or to speak more modernly—warming up my typewriter, for some time. And this is the people who ask you questions and never wait for an answer.

CROWDED CHURCHES IN ALL PARTS OF THE CITY

Yesterday Remarkable One in the History of the Churches of St. John--Meetings for Men, Women and Children Held in Different Sections of the City--A Song Service

If church attendance produces any radical effect in the lives of men, then yesterday was a remarkable day for St. John.

At the 2:45 service for boys and young men, he spoke from the text, "Glorify God in your bodies," exhorting them to lead clean lives.

At St. Andrew's Church there were three services on Sunday. At 4 p.m. there was a singing for men only, and at 8:15 the regular service was held.

COUGH

THERE IS NOTHING that strikes terror to the hearts of parents more than to be awakened in the night by the ringing cough which accompanies an attack of croup.

CHAMBERLAIN'S COUGH REMEDY

that has been in use for nearly forty years and never known to fail.

Mr. Homer Krohn, of Lisbon, Me., writes in a letter to the manufacturer of Chamberlain's Cough Remedy: "I have used this medicine for my children with croup. It has not only cured them, but it has saved me from a doctor's bill."

Attacks of croup are most likely to occur during the early winter months, and every family with young children should be prepared for it.

A BURNER HOSPITAL.

A Small Army of "Doctors" and "Nurses" Labor Night and Day to Ensure Her Being Quickly Discharged as "Cured."

(Caswell's Journal) Battered by the gales of Feb. the world; smacked and tortured by racing seas; fouled and made sordid by the swift-growing vegetation of tropical ports; weary, unshiny, wheezy at heart, uncertain of helm, with strange mistakes in the usually steadfast beat of her great propellers, the steamer reached her home port at last.

YESTERDAY AND TODAY There is nothing poetical, nothing artistic, and but little of the romantic about a modern dry dock. It is an engineering work that has grown with the needs of ships, two centuries ago worthy mariners, and to them the dock was with the vessel as the land was with the sea.

A DIFFICULT TASK

The dock is full of water to tide-level when the steamer casts off, waves under the ruffing escort of fussy tug-boats to her allotted place. She has no steam in her own bow, for the rate of a ship in dry dock. And, too, advantage is being taken of the tide.

Now begins a work that is trying to those engaged. The bottom of the dock is to be raised by some twenty feet of water; but along that bottom is a line of stout blocks, to receive the keel; and these blocks must be raised as to allow for the keel; higher up, the keel is to be raised, and so that each part of the ship shall be in its allotted position.

COUGHED ALL NIGHT.

TILL THIS REMEDY WAS TRIED. CURE FOLLOWED IN 3 HOURS. A prominent medical man, who suffered with a severe cough and cold on the lungs, often being kept awake all night, and weakened by loss of sleep, finally discovered a simple formula which will cure any cough in five hours by the clock.

WORKING LIKE MADMEN.

There is still much work to be done by those on board, for as the water lowers, the breast ropes slacken, and there is always a chance of the ship swinging to one side or the other. It is absolutely necessary that she should stand perfectly upright; and perhaps at the last minute, an engineer may be compelled to pump out one or more ballast tanks to effect this purpose.

Mr. and Mrs. Wm. Rafferty Celebrate Golden Wedding

Aged Couple Still in Good Health—Family Gathering and Presentation Mark Occasion.

Mr. and Mrs. William Rafferty of the Marsh Road celebrated their golden anniversary yesterday, having attained their fiftieth year of wedded life. The day was marked by a family reunion at the home of the aged couple. Both Mr. and Mrs. Rafferty are in good health and were the most interested persons at the family gathering. Mr. Rafferty will be 52 years old in May, and his wife is in her 75th year.

Several of the children and immediate friends of the family were present throughout the day. In the afternoon presentations of gold were made to Mr. and Mrs. Rafferty and happy remarks were made by several of those present. SEVERAL HOCKEY GAMES PLANNED FOR THIS WEEK

Moncton and Yarmouth Teams to be Seen Here—Other Local Comings Later.

Arrangements have been made for a fine hockey programme for this week. Manager Hal Clawson of the All-St. John septette, said this afternoon that the Moncton team would cross sticks with the local "champs" on Wednesday evening at the Queens Rink.

The railway boys are travelling fast and can be counted to give the locals a hard run. For Friday night arrangements have been made with the Yarmouth team for a match with the locals here. It is quite probable that the Amateur Rinkers' match with the locals will be postponed from Saturday to next week.

The Montreal A. A. hockey team will shortly make a tour of the provinces. This is a septette which is one of the fastest in Upper Canadian amateur circles. Manager Clawson is in communication with the management of the team. He hopes to announce in a few days that he has completed arrangements with the team for a match with the locals in this city.
