

SOUTH AFRICA.

De Wet's Last Gun Taken by the British - Kitchener's Latest Despatches.

LONDON, Ont., Feb. 5.-Chester D. McLaren, aged 22, one of the heroes of Paardeburg, at which he was severely wounded, died today of pneumonia. McLaren never fully recovered from the effects of wounds received in that memorable fight.

LONDON, Feb. 5.-Lord Kitchener has sent the following message from Pretoria: "Major Leader's force surprised De la Rey's command, killing seven and capturing one hundred and thirty-one. The British casualties were slight. No British were killed."

LONDON, Feb. 5.-Major Arthur Lee, member of parliament for the south division of Hampshire, who announced in the house of commons on Monday night that the British army officers purchasing horses in the U. S. could have had the services of the "chief horse expert" of the U. S. army, said to a representative of the Associated Press today that Adj. Gen. Corbin was quite accurate in saying he (Major Lee) never had any communication with the adjutant general's department on the subject of horses. At the same time, said the major, he had nothing to withdraw in his statement, as cabled to the Associated Press.

LONDON, Feb. 5.-The British pursuit of General Dewet has been successful to the extent that his last gun has been captured and Commandant Wessels, one of his principal lieutenants, has been routed. Lord Kitchener says the news in a despatch from Pretoria dated Tuesday, Feb. 4, as follows:

"Byrne's column, while proceeding towards Libenburg, after a night march, attacked and routed a considerable force of the enemy under Commandant Wessels. We captured a fifteen pounder and a pompa, taken from Firmans' column, and also a Boer pompa that was the last gun Dewet had and three wagons of ammunition, 350 horses and 150 mules. The Boer casualties were five men killed, six wounded and 27 men captured."

"Among the killed was Field Cornet Wessels. Among the prisoners is Captain Muehrer, of the Staats artillery. The enemy was scattered. Our casualties were slight."

"The National Scouts, near Middleburg, Cape Colony, captured thirteen prisoners. "Plumer, near Amersfoort, (Transvaal) captured seven prisoners and 500 head of cattle. General Gilbert Hamilton captured 22 prisoners."

THE HAGUE, Feb. 6.-As an outcome of conferences held here, the Boer delegates have issued a communique thanking the Dutch government for its efforts towards bringing about peace in South Africa, and denying the British statement that they have had no instructions from South Africa since March, 1900.

LONDON, Feb. 6.-The war office this evening published a summary of the forces, from death or permanent disability, was 25,005 men. The total of the casualties, including surviving wounded, was 5,240 officers and 100,701 men.

LONDON, Feb. 7.-The Brussels correspondent of the Daily Telegraph declares it to be absolutely certain that, owing to the attitude of the powers and the Boer leaders, the Dutch government is now firmly determined to abandon the Boer cause and any idea of fresh intervention.

LONDON, Feb. 4.-Mr. Chamberlain, the colonial secretary, said today in the commons that if the leaders of the Boer forces proposed to Lord Kitchener negotiations for a settlement, the proposal would be forwarded for the consideration of the government.

OTTAWA NOTES.

OTTAWA, Feb. 4.-The militia department announces that the total strength of the Second Mounted Rifles was 997 officers and men and 942 horses. The regiment sailed 35 over strength.

Hon. Mr. Fitzpatrick is making a big fight for the portfolio of justice, which will be vacant before Saturday, as Hon. Mr. Mills is to be appointed this week.

The smallpox outbreak has cost the city \$49,500.

The department of public works has

been asked to arrange for the installation of a wireless telegraph across the Straits of Northumberland.

A course of instruction in staff duties will take place under the direction of the commandant of the Royal Military College, Kingston, commencing 10th March and terminating on or about 10th June. Among the officers selected to undergo this course are Capt. T. W. Dunning, 62nd regiment, and Capt. T. W. Lawlor, 13th Field Battery. Officers authorized to undergo the staff course will be allowed transport to and from Kingston and a per diem allowance of \$2.50. The long course of instruction will commence at the Royal Military College on the 10th inst. instead of 1st March.

OTTAWA, Feb. 5.-The new militia list for the quarter commencing January 1st was issued today.

An engineering corps, consisting of 50 officers and men, is to be organized in Ottawa.

Ottawa bakers will establish a co-operative bakery in Hull, Quebec, so that they can bake on Sundays and supply fresh bread to the Ottawa customers on Monday mornings. Ontario laws prohibit Sunday work.

OTTAWA, Feb. 5.-In view of many complaints received from different parts of the country with reference to the inadequate electric pressure supplied to incandescent lamps, the department of inland revenue calls the attention of inspectors of electric light to the necessity for more strict compliance, on the part of electric lighting companies with the provisions of Sec. 4 of the Electric Light Inspection Act. Inspectors are requested to make weekly tests of the voltage in different parts of the system in which they reside, and as often as convenient in other parts of districts.

When the variation in voltage is found to exceed the limit allowed by law, inspectors are to notify the contractors in writing of the fact and request that the requirements of the act be complied with. A disregard of these requirements must be followed by imposition of the penalties provided by the act. For these weekly voltage tests plugging in of a voltmeter to the lamp socket at different points of the system will suffice, but when formal demands for voltage tests are made by either of the parties concerned, the instructions given in the regulations must be followed. A report of the weekly voltage tests must accompany the monthly returns.

OTTAWA, Feb. 6.-It is definitely settled that Hon. Charles Fitzpatrick will be the next minister of justice. He will be sworn in before parliament meets. The fact of his taking this position will not necessitate his seeking re-election, as the position of solicitor general was a salaried one. It is with some misgiving that the premier is admitting Mr. Fitzpatrick to the council board, and certain of the ministers would undoubtedly have preferred that some other gentleman had got the portfolio, but the influences brought to bear upon Sir Wilfrid in favor of Mr. Fitzpatrick were so powerful that he could not resist them. Mr. Blair, whose name was mentioned for the portfolio a few days ago, is steadily improving in health, and at the present rate of progress will be enabled to be present at the opening of the house.

The authorities of the Canada Atlantic deny that the purchase money for the line has been paid over by Vanderbilt interests. President Booth remarked today that no communication had been received from Dr. Webb since he left Ottawa.

It is proposed to fumigate the effects of all shipping arriving in Ottawa from the woods.

Lord Minto has issued an invitation to all Canadian officers who served in South Africa to dine with him on the anniversary of Paardeburg.

A delegation of cuttyrman saw the government today on tariff matters.

STORM IN NEWFOUNDLAND.

ST. JOHN'S, Nfld., Feb. 6.-Another severe storm here has tonight blocked the northern coast of the island. The northern coast of the island is blocked with ice and the mail steamer has been unable to make her trips. The revenue cutter Flona is also storm-bound here. The Allan line steamer Gresham, Captain Harrison, from Liverpool Jan. 5, which arrived here today, was detained 36 hours in the fog and ice of the harbor. If any ocean steamers are making the northern passage, there is danger that they will be wrecked, and currents may lure them to shipwreck on Cape Race.

The powers opposing the Manchurian relation that the Chinese plenipotentiaries, that China is making the best terms possible for herself and that, for the equal rights of the other nations in China, and are sitting their protest to Russia as the responsible party. Paul Lesser, the Russian minister here, is endeavoring to maintain the transparent diplomatic relation that the Manchurian treaty and the Russo-Chinese bank agreement are that the Russian government has no official knowledge of the negotiations of the Russo-Chinese bank. The Russian agents are playing their parts with the greatest regard for appearances, while M. Lesser is arranging the treaty with China. The manager of the bank, M. Pocatillo, one of the most able and trusted of the Russian agents in the east, is negotiating the bank agreement with Wang Wen Shou. In the light of the statements of Chinese officials which were repeated yesterday, namely, that Russia insists upon the simultaneous signing of the Manchurian treaty and the bank treaty, the representations of M. Lesser fail to carry weight. The native newspapers are full of denunciations of the Russian agents to gain her ends by offers of heavy bribes.

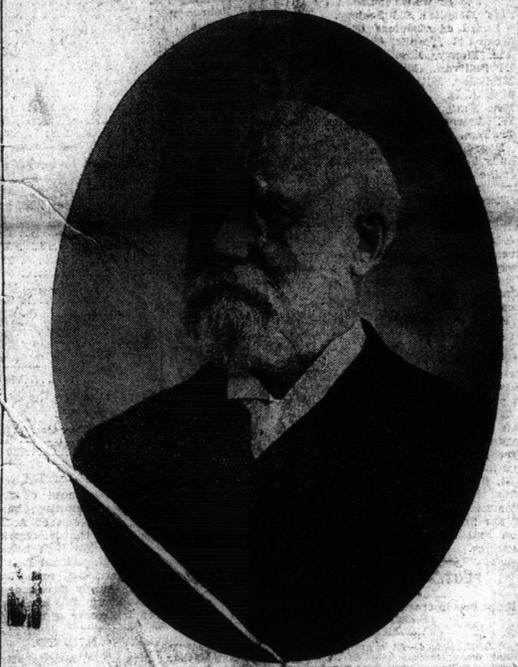

Germany remains a disintegrated spectator in the east. The Japanese minister here has renewed the statements of Chinese officials which were repeated yesterday, namely, that Russia insists upon the simultaneous signing of the Manchurian treaty and the bank treaty, the representations of M. Lesser fail to carry weight. The native newspapers are full of denunciations of the Russian agents to gain her ends by offers of heavy bribes.

The final clause stipulates that the agreement shall in no wise impair the existing rights of other nations, which clause is partially nullified by the preceding conditions.

ROME, Feb. 6.-The death is announced of Cardinal Casca. He was born in 1826, and created cardinal June 15, 1891.

HON. J. E. SNOWBALL

Sworn in Lieutenant Governor of New Brunswick - The Ceremony Was Largely Attended.

LIEUT. GOVERNOR SNOWBALL.

FREDERICTON, N. B., Feb. 5.-Hon. James E. Snowball, arrived by the Canada Eastern Express at 1:30 this afternoon, accompanied by his secretary, Mr. Eddy. He was met on his arrival by Capt. J. J. Wynne and R. S. Barker, A. D. C. and priv. He secretary respectively to Lieut. Governor McClellan, and accompanied by them and his own secretary, was driven to the Queen Hotel.

At 3 o'clock Mr. Snowball proceeded to the assembly chamber of parliament, building, entered the chamber accompanied by J. J. McGe, clerk of the privy council, and was received by Lieut. Governor McClellan, who occupied the speaker's chair, attended by his A. D. C. and private secretary, Chief Justice Tuck, members of the executive council, mayor and aldermen of Fredericton, the sheriff, and other municipal officers, Deputy Provincial Secretary Tibbits and others. Citizens viewed the proceedings from the galleries. Immediately after Mr. Snowball's entry, Mr. McGe handed him his commission, which he in turn passed to Deputy Provincial Secretary Tibbits, who read it. The chief justice then administered the oath of allegiance and oath of office, which were read by Deputy Tibbits. He then subscribed to the oath, whereupon in turn sworn Governor McClellan was the first to congratulate his successor, followed by all others on the floor of the chamber and many others who came from the gallery to extend congratulations. A number of ladies viewed the proceedings from the gallery.

Hon. J. E. Snowball is a son of the late Rev. John Snowball. His family

is of German origin, but was for several generations resident in Yorkshire, England. The new lieutenant governor was born at Lunenburg, Nova Scotia, on September 24, 1837. He was educated at Mount Allison Wesleyan College at Sackville, N. B. He has been twice married; first to Margaret, daughter of John Macdonald, and second, to Maggie, daughter of Rev. Robert A. Schibald, of New Brunswick, Scotland. He has been very largely identified with railway interests in New Brunswick. He was president and in some management of the Canadian Eastern railway. He has exported timber, and owns several fishing boats and tug boats. He has been president of St. George's Society of Fredericton, and is connected with other important enterprises of Northern New Brunswick. He ran for the house of commons in 1878, but was defeated. In 1878 he ran again for that county and defeated Hon. Peter Mitchell. He continued to sit in the house of commons until 1882, when he retired. He was called to the senate by the conservative government in 1891.

Citizens will be pleased to learn that the Fredericton Gleener, that Governor Snowball has decided to make Fredericton his place of residence during the winter months at least. Negotiations have been in progress for either the purchasing or leasing of a property which would be suitable for government house. Friends of the governor have visited and looked over several places, and offers will be made for either Elmwood, the residence of Mrs. Kitchener, or Somersetville, the residence of Miss Fisher.

PERKIN.

British, American and Japanese Ministers Protest.

PERKIN, Feb. 6.-The British, American and Japanese ministers here have renewed their opposition to the Manchurian arrangements between China and Russia. It is probable that this action will result in the postponement of the consummation of this treaty.

The powers opposing the Manchurian relation that the Chinese plenipotentiaries, that China is making the best terms possible for herself and that, for the equal rights of the other nations in China, and are sitting their protest to Russia as the responsible party. Paul Lesser, the Russian minister here, is endeavoring to maintain the transparent diplomatic relation that the Manchurian treaty and the Russo-Chinese bank agreement are that the Russian government has no official knowledge of the negotiations of the Russo-Chinese bank. The Russian agents are playing their parts with the greatest regard for appearances, while M. Lesser is arranging the treaty with China. The manager of the bank, M. Pocatillo, one of the most able and trusted of the Russian agents in the east, is negotiating the bank agreement with Wang Wen Shou. In the light of the statements of Chinese officials which were repeated yesterday, namely, that Russia insists upon the simultaneous signing of the Manchurian treaty and the bank treaty, the representations of M. Lesser fail to carry weight. The native newspapers are full of denunciations of the Russian agents to gain her ends by offers of heavy bribes.

ROME, Feb. 6.-The death is announced of Cardinal Casca. He was born in 1826, and created cardinal June 15, 1891.

BRITAIN'S PREMIER

Spaka Out Plainly on Ireland's Present Attitude.

LONDON, Feb. 6.-Lord Salisbury, the premier, unveiled a life-sized marble statue of the late Queen Victoria at the Junior Constitutional Club tonight. Speaking at a dinner after the unveiling, the premier referred to the recent Dutch note in a tone, for him, unusual flippancy. Lord Salisbury said that doubtless some of his auditors thought it a bit of luck to catch a cabinet minister and extract from him some information concerning that abortive crisis which had lately filled columns in the newspapers. The speaker said he doubted, however, if they would extract much. For himself, he was unable to imagine the object of the Dutch government, for whose friendly feelings he had the greatest admiration, but he could not see the precise object they hoped to gain by this curious step. It was clear that the Dutch, continued Lord Salisbury, had no authorization from our enemies on the continent, since from the moment their action on the part of the Netherlands government was announced, these enemies vied with each other in declaring the Dutch action to be undesired.

There is no longer any question of sentimentality, continued Lord Salisbury. "We have entered upon a matter of business which we must push through. What we are now seeking is security. Any peace which recognizes fully the rights of the sovereign and gives us security for the empire, we should accept, not only with willingness, but with delight."

"It is useless to tell us to behave so as to leave a pleasant recollection in the minds of those with whom we are fighting. The only result that can compensate for the sacrifice of blood and treasure is that, for the future, there shall be security in that part of the empire upon which the ambition of Mr. Kruger has showered this abundance of sorrow and desolation."

Lord Salisbury said he had no misgivings for the future and that he believed the war had made the country more confident in its external policy, more convinced that it would receive due consideration from the committee of nations. But when the present strain had passed away, continued the speaker, there would still remain duties which could not be shirked. The existence of hostile feelings in Ireland was a signal in no degree the glory and continuance of the empire, must not be relaxed. "The maintenance of our position in Ireland is the most vital object the Empire has, and it can only be attained by strenuous exertions," said the premier.

The premier asked if the Irish people loved the government better than they did formerly, and replied himself that they did not. He said the feeling of hostility which had been expressed was more uncompromising than any expressions which had ever issued from the lips of Parnell or O'Connell.

An Irish government, with power to arm and armament, would constitute a more serious threat to the Empire than the present orthodox leader of the party, whose utterances were pledged himself to do. Negotiations have been in progress for either the purchasing or leasing of a property which would be suitable for government house. Friends of the governor have visited and looked over several places, and offers will be made for either Elmwood, the residence of Mrs. Kitchener, or Somersetville, the residence of Miss Fisher.

ST. MARTIN'S.

The Sons of Temperance at their hall gave on the 3rd inst. one of their popular entertainments. A large audience was in attendance, the hall being completely filled. At 8 o'clock Benj. Black, W. P. took the chair, after which the following programme was given: Chorus, Let the Lights be Burning; reading, Wm. Shaaklin; dance, Mrs. A. Barham; vocal duet, Miss Miller; reading, Mrs. Foy; address, Rev. R. Fulton; solo, Miss Bourke; violin solo, Mrs. Fulton; harp, Miss Bourke; address, Rev. S. H. Cornwall; solo, Mrs. Barham; reading, Miss Hoadsby; violin solo, Miss Miller; harp, Mrs. Barham; national anthem.

Several of the pieces were heartily enjoyed, Miss Bourke's solo and Mrs. Fulton's violin solo being again called for. The addresses were of a high order. Some of the clergymen offered in opinion with regard to the prohibition question, this adding spice to the remarks.

Rev. Mr. Barham (Episcopal) took the opportunity to pay a glowing tribute to the work and citizenship of Rev. Mr. Cornwall, who took leave of St. Martin's. A collection amounting to \$19 was taken to assist in repairs upon the hall.

The effects of Sunday's storm are noticeable in small bits of destruction, such as uprooted trees and breaking glass, notable among these being a large pane of glass completely wrecked in the Mission School.

In the early spring J. B. McLean of Hampton will move his family to St. Martin's. Dr. Wilson (dentist) of St. John will open an office here in May.

HOME FOR INCURABLES. The February meeting of the Home for Incurables was held yesterday afternoon. Orders were passed for the admission of three applicants, and a fourth will probably be admitted in a few days. A strong new application was one from a lady of ninety-seven years of age. There are now fifteen patients in the home. A number of donations were received in January. This happens every month, showing that the patients in the institution are always remembered by the public.

WASHINGTON, Feb. 4.-A premature explosion of nitro-glycerine at the Cerberus Mfg. Co.'s plant at Ardwick, Md., this morning killed Richard J. Martin, the superintendent, and slightly injured two workmen.

LONDON CABLE.

Dealing With Colonial Matters in General and Canadian Questions in Particular.

MONTREAL, Feb. 6.-The Star's London cable says: The Australasia ministers clearly mean business at the coronation conference regarding trade. Mr. Wise, the attorney general of New South Wales, suggests an Australian rebate of customs duties on all goods, British and foreign, imported in British bottoms. The idea of including foreign goods in the preference is to avoid the contravention of the most favored nations clause. Mr. Barton, federal premier of Australia, approves this suggestion, and Mr. Seddon, premier of New Zealand, is willing to give a customs rebate on British and not on foreign goods imported to New Zealand in British bottoms.

It is thought that these early colonial advances are made in the hope of strengthening that section of the British cabinet which would welcome some measure of British reciprocity with the colonies, as part of the forthcoming British budget. In budget matters, however, Sir Michael Hicks-Beach has hitherto been supreme, and he has always favored the preferential idea.

Though the Canadian government is not known in the best informed circles here to be taking any fresh step in regard to the fast mail service, the subject was much discussed at last night's dinner of the Canada Club. The impression seemed to prevail that nothing adequate or effective can be done until the Canadian Pacific Railway is invited by the Canadian government to undertake the project, with an increase of subsidy beyond the \$500 already expected by the Canadian parliament. No doubt is felt that the British government would assent to co-operate in any increased subsidy if the Canadian Pacific Railway were directly concerned. Sydney has suggested that financial friends lately at the terminal port. Its adoption in place of Quebec would necessitate only three instead of four steamers. It is suggested that the Intercolonial Railway would possibly be transferred to the Canadian Pacific Railway as part of the deal.

ASSASSINATION AND SUICIDE. SOFIA, Bulgaria, Feb. 6.-M. Kamitcheff, the minister of public instruction, was assassinated today in his study by a Macedonian who pretended he wanted to present a petition. The assassin subsequently committed suicide by shooting himself.

SOFIA, Bulgaria, Feb. 6.-M. Kamitcheff's assassin, who had been a student at the University of Sofia, was appointed to a professorship in a provincial town. Disappointed at not being assigned to a position of honor, he had threatened to murder Kamitcheff. The police knew of the man's threats and were also aware that there was no doubt as to his sanity, but they allowed him to secure a private audience of M. Kamitcheff and the murder followed.

ENGLAND AND RUSSIA. LONDON, Feb. 6.-The correspondent of the Daily Mail at St. Petersburg says in a despatch he believes that important developments are pending in Northern China, that Great Britain has taken a strong line with respect to the Manchurian convention and that Russia and Great Britain are likely to arrive at a sort of self-denying ordinance to foster the commerce of Northern China to the exclusion of a ruinous military rivalry. Nothing is yet definitely decided, says this correspondent, but it is known that Great Britain intends strong efforts to foster and protect her Chinese trade.

AN OLD VIOLIN. SULLIVAN, Ind., Feb. 6.-A genuine Stradivari violin was found today at the Sullivan County Commissioner Wm. Gamble, who has the name of Stradivari and the date 1727 burned on its interior. Mr. Gamble found it in an attic at a farm house in Southern Illinois, and purchased it for a small sum. He did not know its value at the time.

ROBB ENGINEERING CO. HALIFAX, Feb. 6.-John F. Stairs and M. C. Grant of the city have been added to the directorate of the Robb Engineering Co. The company are now issuing the balance of the debentures and stock remaining in the treasury. That is to say, \$70,000 debentures and \$30,000 stock.

KINGSTON, Ja., Feb. 4.-At the opening of the colonial legislature, the governor of Jamaica, Sir Augustus Hemming announced, for the first time in many years, a slight surplus in the transactions of the year. The improvement is due, in a great measure, to the growth of the fruit trade between Jamaica and the United States and England.

A CHANCE TO MAKE MONEY

We are desirous of appointing a few more good reliable men to handle our goods in the Maritime Provinces. Large commission paid and exclusive territory given. Our lines of Teas, Soap, Stationery, &c., are articles that meet with a ready sale and representatives working for us at the present time are meeting with good success. We do not offer \$2,000 a year to start with, &c., but we will guarantee that any good live man can make a good salary representing us. Address today.

Imperial Supply Co., ST. JOHN, N. B.

SKATES!

Starr Mic-Mac, Starr Hockey, Starr Chebueto, Whelpley's Long Reach, Starr Acme, Starr Ladies Beaver, Starr Skeleton Tubulars.

If your dealer cannot supply you write us direct.

W. H. THORNE & CO. LTD., ST. JOHN, N. B.

A. W. CHASE'S 25c. BARRH CURE... 25c. Is sent direct to the diseased parts by the Improved Blower. It reaches the sinuses, cleans the passages, stops droppings in the throat and immediately relieves. It is a safe and sure cure. All dealers, or Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

A MEMORIAL.

The Old Chipman Homestead at St. Stephen Dedicated.

Addresses by Lady Tilley, Premier Tweedie, J. D. Chipman, G. W. Ganong M. P., Judge Stevens and the Mayors of St. Stephen and Milltown

"The Chipman Memorial Hospital is given by the children in loving memory of their father and mother, also the dear ones of the family who have entered into rest."

A marble tablet bearing the above inscription, and resting on the wall of the large hallway of the old Chipman homestead at St. Stephen, was unveiled by Lady Tilley Tuesday afternoon in the presence of one of the most notable companies that was ever gathered together under its hospitable roof.

Prior to the official opening of the hospital, Lady Tilley and her brother, J. D. Chipman, entertained at dinner at the Windsor hotel a number of ladies and gentlemen from St. John and elsewhere who had been invited to attend the formal opening.

Warmer the welcome after parting tears: The farewell that we breathe uplifts the prayer: That soon shall dawn for us, God's golden year.

A trio was sung by Mrs. Clarke, Mrs. F. J. Muir and Miss Halliday. Premier Tweedie was then called on, and delivered an appropriate and excellent address.

On behalf of my brother and sisters, who I should like to see, dear friends, a heartfelt welcome, especially to those who have come from a distance, and will endeavor to tell you something of the work that has been done during the last three months.

The planning of this hospital has been full both of sad and sweet memories, is full of thoughts that are dear to the hearts of those who have come from a distance, and will endeavor to tell you something of the work that has been done during the last three months.

On coming here from time to time the thought would arise how I wish that something might be done in this my native town, and visions of the possibilities of the old home being something used for that purpose would at times cross my mind, but it was not until the summer of 1917 that the time came early enough to us all, for in the last summer my dear loved mother was called to her rest, and we laid her in the beautiful cemetery, where the fine trees shelter their requiem over the quiet grave.

During the summer I came here asking a number of ladies to meet me, some of them being friends of other years. We discussed what could be done to raise a certain amount towards furnishing it, which they most kindly assented to, offering to do their best to assist in any way possible.

cannot be with us, having been called away through urgent business. The name of the benefactor is B. G. Russell, manager of the International railway and whose home was in the county of Charlotte. Many kind offers were made to assist in any way, and here I may thank Edward Maxwell, the architect, for plans which later on will be invaluable if ever the time comes, as I feel it surely will, to enlarge this building. Dr. Harbo, an eminent physician of Philadelphia, is also indebted to for many useful suggestions.

Circumstances arose which made it necessary to delay operations. We all wanted to spend one more summer together in the old home. During that time the original plan of simply giving the house and grounds was altered. We thought it better to equip it as well, making the memorial more complete.

When it became necessary to call the committee together, telling them about the ladies having already collected the amount, they wished to give it to some special object and decided to do the operating room instead of endowing a bed, as they had the option given them. They kindly placed the money in the bank by the name of giving me liberty to use it as I thought best.

Some of the ladies of St. John, who were invited to attend the formal opening, were Miss Herryman, of St. John; Mrs. W. D. Forster, of St. Andrews; Hon. L. J. Tweedie, Hon. Geo. F. Hill, Jas. O'Brien, M. P., of St. George; W. D. Forster, R. E. Armstrong and William Whitlock of St. Andrews; Dr. Sprague of Woodstock, Rev. J. Langford and H. C. Tilley, L. P. D. Tilley, R. O'Brien and A. M. Belding of St. John.

The formal opening of the hospital took place at 3 o'clock, and by that time the lower rooms were filled with invited guests.

Rev. O. S. Newnam opened the formal exercises by reading the 81st Psalm, after which a solemn dedicatory prayer was offered by Rev. Dr. Read, the assembly joining in the Lord's Prayer at the close. Mrs. Geo. J. Clarke sang with fine expression a solo appropriate to the occasion, the organ accompaniment being played by Mrs. Dr. Swan.

Lady Tilley then read the following address: On behalf of my brother and sisters, who I should like to see, dear friends, a heartfelt welcome, especially to those who have come from a distance, and will endeavor to tell you something of the work that has been done during the last three months.

The planning of this hospital has been full both of sad and sweet memories, is full of thoughts that are dear to the hearts of those who have come from a distance, and will endeavor to tell you something of the work that has been done during the last three months.

On coming here from time to time the thought would arise how I wish that something might be done in this my native town, and visions of the possibilities of the old home being something used for that purpose would at times cross my mind, but it was not until the summer of 1917 that the time came early enough to us all, for in the last summer my dear loved mother was called to her rest, and we laid her in the beautiful cemetery, where the fine trees shelter their requiem over the quiet grave.

During the summer I came here asking a number of ladies to meet me, some of them being friends of other years. We discussed what could be done to raise a certain amount towards furnishing it, which they most kindly assented to, offering to do their best to assist in any way possible.

When it became necessary to call the committee together, telling them about the ladies having already collected the amount, they wished to give it to some special object and decided to do the operating room instead of endowing a bed, as they had the option given them. They kindly placed the money in the bank by the name of giving me liberty to use it as I thought best.

Whitlock, the city of Calais, and the people of St. Andrews. Special mention must be made of the Mayovna Russell room, equipped by E. G. Russell of the I. C. R. The people of St. George and Pennfield furnished a private woman's ward. Sixteen beds were provided by the Chipman family. In every particular the house is a model hospital, with exceptionally fine equipment, even to a movable bath tub that can be moved from one ward to another.

It is hoped that the C. P. R. will endow a bed in the hospital for the benefit of their employees. Set well back from the street, and amid splendid trees that in summer are very beautiful, the house is ideally located for hospital purposes.

The operating room is equipped with all modern instruments and appliances and excited the admiration of every visitor. It was furnished by the Ladies' Hospital Aid Society. Board of directors of the Chipman Memorial Hospital—Lady Tilley, Mrs. J. S. Henry, Mrs. Jas. Ganong, Mrs. D. Sullivan, Mrs. O. A. Newnam, Mrs. Jas. Mitchell, Mrs. John Bolton, Mrs. J. D. Chipman, Mrs. S. H. Blair, Mrs. Mungall, Mrs. Lewis Dexter, Mrs. W. Lawson, Mrs. Dr. Deacon, Mrs. Graham, Mrs. Dr. Swan.

Board of trustees—J. D. Chipman, Lady Tilley, Hon. George F. Hill, Hon. Judge Stevens, Gilbert W. Ganong, Irving Todd.

Hospital board of management—Hon. George F. Hill, president; trustees, vice-presidents; and Mayor of St. Stephen, Mayor of Milltown, secretary-treasurer of the county Henry Graham, J. T. Whitlock, J. S. Ganong, George J. Clarke, Philip Breen, Edward Vroom; James Vroom, secretary-treasurer.

Flugs were flying from many stores and residence yesterday in honor of the event of the day. The dinner at the Windsor was a very pleasant affair. The Windsor sets an excellent table and the service is prompt.

Shore Line train made a good run to St. Stephen yesterday, and the return trip last evening was made in three and a half hours, the train arriving in Carleton at 9 p. m.

St. Stephen and the county of Charlotte have reason to congratulate themselves on the acquisition of one of the finest hospitals, so far as the location and equipment go, in the whole province.

PROTESTANTS AWAKE. A Great Demonstration Held in Albert Hall, London.

LONDON, Feb. 4.—At a great United Protestant demonstration held in Albert Hall tonight resolutions were passed against the confessional and the celebration of mass within the Church of England, the growth of which was alleged to be mainly due to the abuse of church patronage by the government and the episcopate. The resolutions adopted at the meeting pledge resistance to attempts to change that portion of the royal declaration in which the sovereign pledges the rejection of the so-called "distinctive errors" of the church of Rome. They also urge the government to enforce the law concerning the exclusion of monks and Jesuits from Great Britain.

DEATHS OF THE YEAR.

There Were Forty Less in 1919 Than The Year Previous.

For the calendar year of 1919 there were 736 deaths in St. John, a decrease of 40 from the number in 1918. The figures given are those compiled at the board of health office and the record by months shows that the mortality was highest in July, when there were 87 deaths. Of the year's total there were 357 males, 379 females. Four were not stated. Total vitality figures show 581 Canadian, 146 foreigners. Nine not stated. A division of the deaths according to ages shows the largest number, 156, to be under one year. Next in order is between 70 and 80 years, 110 deaths.

Table showing deaths by month: January 56, February 51, March 51, April 51, May 52, June 52, July 87, August 58, September 59, October 52, November 66, December 67.

Under one is a division by ages: 1 to 5, 156; 5 to 10, 23; 10 to 15, 9; 15 to 20, 23; 20 to 25, 37; 25 to 30, 32; 30 to 40, 64; 40 to 50, 51; 50 to 60, 68; 60 to 70, 110; 70 to 80, 110; 80 to 90, 45; Not stated, 1.

Total 736. A record of the deaths for the past three years is: 1899, 776; 1900, 756; 1901, 736.

DEATH OF A STUDEHOLM MAN.

News has reached Apohaqui of the death of Alfred Leigh Manning, better known as the eldest son of A. I. Manning, formerly of Smith Creek, Studholm, Kings Co. He left home with his parents in 1877. Alfred Leigh Manning was an electrician, and died of tuberculosis. The family has many relatives and friends in this section, who will share their sincere sympathy.

FATHER RYAN INJURED.

Rev. Father Ryan of St. Mary's was at the Murray Hill hotel, New York, last week, when that building was badly shattered by a dynamite explosion, and sustained quite serious injuries, says the Frederick Herald. He received a scalp wound and one arm was quite badly bruised. Father Ryan reached home Saturday, and to his friends became aware of his misfortune they comforted him in this way.

SALLEM, KINGS CO.

A friendly donation was made to Byatha Thorne on Saturday evening last. Cash and useful articles to the amount of \$10 were taken to him. Mr. Thorne has been suffering from sickness for some considerable time, and when his friends became aware of his misfortune they comforted him in this way.

APOHAQUI NOTES.

Fred M. Sproul will speak in the I. O. F. hall at Apohaqui on Saturday evening. All are invited to be present. Miss Steadman received quite a severe injury by falling on the ice while skating, and has been unable to get out of the house for a few days.

NEW CANAAN, QUEBENS CO.

Special services were held in the Baptist meeting house last week by Pastor Brown. He was accompanied by Deacon Wm. Beckwith of Steeves Settlement. One of the results is that the church hereafter is to sustain a weekly prayer meeting. Miss Lottie Clark is sick with quite a serious illness. Deacon Roland Corey last week sold a fine horse to Freeman Carson of Springfield.

THROUGH THE ICE.

As James Erb of Belleisle was driving to the city Tuesday morning with a load of beef, his horse broke through the ice opposite Braman's Point, and for half an hour was in the water, when James Bates of Springfield, also bound for town, came along, hitched his horse to that of Mr. Erb, safely landing it after some trouble, and but little the worse for its chilly experience.

HAVELOCK JOTTINGS.

Miss Louise Price, daughter of Squire Price, has gone to the Chipman Memorial Hospital, lately established at St. Stephen, N. B. She enters upon the course of study and training there that fits one to become a nurse. As Ezra Keith was driving his daughter to her school on Canaan Road his horse ran away, throwing him from the carriage and remained unhurt. It seemed almost miraculous that the old man should have escaped injury. All the merchants here, save one, are advertising clearance sales.

EIGHTY-FOUR MILES THE RECORD.

Many of the older citizens with good memories think the wind was higher Sunday night than the Saxby gale, which occurred Oct. 4, 1889. Yesterday the Star made an effort to find a record to learn the wind velocity of the memorable gale, but the figures are not available at the local weather observatory or at the office of the water system superintendent, where many old meteorological statistics are kept. The highest wind of which there is record at the observatory is seventy miles an hour, which was on an occasion still fresh in the minds of the people, Lady-smith Day.

TO ABANDON WEI HAI WEI.

LONDON, Feb. 8.—According to the Calcutta correspondent of the Daily Mail, the British government has decided to abandon its intention of fortifying or garrisoning the colony of Wei Hai Wei, China, will withdraw all its troops from the place, and will transfer its control to the civil authorities. It seems doubtful even, continues the correspondent, if the colony will be retained. Its position is useless from a military view point, except by enormous expenditures, and it is undoubtedly a "white elephant." The Berlin correspondent of the Daily Mail learns that Germany is no way concerned in the reported decision of Great Britain to abandon Wei Hai Wei.

MAGICAL

is the effect produced on a big family wash by a single cake of SURPRISE soap. The housewife's labor is reduced one half; the original snowy whiteness is restored to the linens without boiling or hard rubbing and the disagreeable odors so noticeable with other soaps is done away with entirely. And yet it costs no more than ordinary soaps.

BOYLESS TOWN.

A cross old woman of long ago declared that she hated noise. "The town would be so pleasant, you know, if only there were no boys." She scolded and fretted about it till her eyes grew heavy as lead, and then, of a sudden, the town grew still. For all the boys had fled. And all through the long and dusty street there wasn't a boy in view; they had been sent to school. The grass was growing on every base, and the paths that the runners made; for there wasn't a soul in all the place who knew how the game was played. The cherries rotted and went to waste—there was no one to climb the trees; and nobody had a single taste. Save only the birds and bees. There wasn't a messenger boy—not one—to speed such messages as: "If people wanted their errands done, they sent for a messenger man."

CAMPOBELLO NEWS.

CAMPBELL, Charlotte Co., Feb. 3.—Court Owen, I. O. F., held a social in the hall on Saturday evening. The death is announced here of Hamilton Kuhn at Nassau, where he had gone for his health some time previous. Mr. Kuhn will be remembered as a summer visitor here. He owned a handsome cottage, also a beautiful yacht. Miss Lizzie Malloch and Alden Murray are visitors here.

SOUTH AFRICA.

British Reply to Peace Proposi- tion of the Netherlands.

Startling Revelations in the Com- mons as to the Purchase of Horses —Kipling's Latest Utterances— Salisbury and the War— Death of a Canadian Soldier.

LONDON, Feb. 4.—The text of the reply of the British foreign secretary, Lord Lansdowne, to the communication of Dr. Kuyper, the premier of the Netherlands, is as follows: The Foreign Office, Jan. 28:

Sir—You were good enough to lay before me, January 25, a communication from the Netherlands government, in which it was proposed that, with the object of bringing the war to an end, His Majesty's government might grant a safe conduct to the Boer delegates now in Holland, for the purpose of enabling them to confer with the Boer leaders in South Africa.

It is suggested that after the conference the delegates might return to Europe with power to conclude a treaty of peace with this country, and the Netherlands government intimate that, in this event, they might, at a later stage, be instrumental in placing the Boer plenipotentiaries in relation with plenipotentiaries who might be appointed by His Majesty's government.

The Netherlands government intimate that if this project commends itself to His Majesty's government, they will enquire of the delegates whether they are prepared to make the suggested visit to South Africa. It may, therefore, be inferred that the communication I received was made on the responsibility of the Netherlands government alone, and without authority from the Boer delegates or leaders. His Majesty's government have given their best consideration, and whilst entirely appreciative of the motives of humanity which led the Netherlands government to make this proposal, they feel they must adhere to the position adopted and publicly announced by them some months after the commencement of hostilities by the Boers, that it is not their intention to accept the intervention of any foreign power in the South African war.

Should the Boer delegates themselves desire to lay a request for a safe conduct before His Majesty's government, there is no reason why they should not do so. But His Majesty's government, obviously, are not in a position to express an opinion on any such application until they have received it and are aware of the precise nature and grounds whereon the request is made.

LONDON, Feb. 4.—In the house of commons yesterday evening, Major Arthur Lee (conservative) said Great Britain had been offered the services of the chief horse expert in the United States army as adviser in the purchase of American horses for the British army.

The revelation was made during a heated debate on the remount question, when Major Lee said that, being a military attaché at Washington, he was not informed that there was any intention of buying horses in the United States. He added: "I learned from the American newspapers that British officers had been sent to buy horses, but I was not informed who they were, nor was I asked to give them such assistance as my position implied I was competent to give. At the time I had the opportunity, through the good will of a high official, of getting the services of the chief horse expert of the United States army as legal advisor. I cabled the suggestion to the war office, but I received no reply."

The whole debate on this question in the house of commons causes widespread indignation. The ministerial press vigorously charges the war office with absolute incompetency, if not worse, and demands a searching inquiry.

The Globe suggests that the war secretary, Mr. Brodrick, ascertain the identity of the officials responsible for pigeon-holing and not acknowledging the communications, for the purpose of summarily and ignominiously dismissing them.

The supporters of the government are shocked, not only by the revelations regarding the inefficiency of the war office, but more so by the official tone of Mr. Brodrick's and Mr. Balfour's defenses. The former admitted merit because he did not suppress the investigating committee report altogether.

The Times points out that "it is right and honorable that a minister should defend by all legitimate means the department he represents, but he is carrying chivalry too far when he implies the right to defend it by the suppression of information which deeply concerns parliament and the people to know."

The St. James Gazette, referring to the further investigations proposed, urges the need of fixing the responsibility of individuals, saying: "The nation has been swindled, and it is right that the swindlers, whoever they are, should be brought to book promptly."

OTTAWA, Feb. 4.—The casualty department, Cape Town, cables to Lord Minto that Hadley Adams, one of the South African Constabulary, died from enteric fever at Heidelberg, Transvaal, on Feb. 1. The department asks that B. P. Adams, Ungah, Ont., be informed of this.

LONDON, Feb. 4.—It is now said that the retirement of Lord Salisbury from office will be coincident with the end of the South African war.

The St. James Gazette claims to have the highest authority for saying: "The premier has fixed the restoration of peace in South Africa as the appropriate moment to resign office. If the war is ended, Lord Salisbury will retire at the conclusion of the present parliamentary session, but it is his present intention to retain his post until this is accomplished."

LONDON, Feb. 3.—The Times publishes extracts from a private letter which Sir William Gower has just received from Rudyard Kipling. The letter was written at Cape Town, and is in part as follows: "Things are going forward well in

The man on the stage who does the trick of escaping from firmly tied ropes, submits to the bonds with a smile. He knows he can get out of the ropes that are being knotted. Put the same man in the woods and let Indian captors blind him to a tree for torture and he would struggle to the last against the bonds.

When the stomach is diseased there are bonds being woven every hour about the organs dependent on the stomach—heart, lungs, liver, kidneys, etc. The folly of mankind is to passively submit to the fastening of these bonds with no effort to escape until the pain they cause crosses the fear.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures diseases of heart, liver, lungs, kidneys and other organs, when these diseases, as is often the case, have their origin in the diseased stomach.

"For a long time I was suffering and was hardly able to get about," writes Mr. Andrew J. Jennings of Thomson, Bucks Co., Pa., Dec. 19. "I was bothered with kidney trouble and my whole system was out of order; had no appetite. A friend of mine told me to try Dr. Pierce's Golden Medical Discovery. I did so and the first bottle restored my appetite. I took six bottles of 'Golden Medical Discovery,' and some of the 'Pleasant Pellets' and feel like a new person."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

the country as regards the war. Our only fear is the old one that England at the eleventh hour will decide amnesties for colonial rebels, and thereby let in men who have been shooting, burning and horse stealing for the last eleven or twelve months, to legislate for the loyalists. So far as one can judge from the almost inconceivable levity of Rosebery and Campbell-Bannerman, the liberal party is quite prepared to give that amnesty. One gets so weary, so ashamed of one's motherland, when one leaves it. I do wish you could make some moderately sane politician—I don't say statesman, because they seem as dead as Dodo—to understand that the question of amnesty to the rebels is not only life or death to the colony, but will mean, if persisted in, the severest blow to the colonies' trust in England (I speak, too, of Australia, Canada, etc.) ever administered."

N. S. MAYORS.

HALIFAX, N. S., Feb. 4.—Town elections took place in Nova Scotia today. The hottest fight was in Truro, where George W. Stuart was elected for a fifth consecutive term, and with a majority of 80. The chief plank in Stuart's platform is his pledge to make the intercolonial pay a fair price for water supplied to the engines of the railway.

The list of new mayors is as follows: Amherst, Curry; Annapolis, Dr. Augustus Robinson; Antigonish, W. P. Cunningham; Bridgewater, Lewis D. Shadner; Bridgeport, E. D. Davison; Canso, R. C. Whitman; Dartmouth, Fred Scorpe; Digby, O. Sproule; Glace Bay, D. M. Burchell; Hantsport, Wm. S. Whitman; Kentville, Wm. Gould; Liverpool, D. C. Mulhail; Louisbourg, W. W. Lewis; Lunenburg, Allan E. Moresch; North Sydney, D. D. McKenzie; Parrsboro, Harvey MacAloney; Pictou, A. C. MacDonald; Hawkesbury, Farquhar McInnis; Sydney, Walter Crowe; Sydney Mines, John McCormack; Stellarton, R. Keith; Springhill, Wm. Conway; Truro, George W. Stuart; Westville, S. G. Robertson; Windsor, Wm. Black; Wolfville, George Lawson; Yarmouth, Gus W. Johnson.

A LONG RECORD OF SUCCESS in curing cuts, burns and bruises, as well as bowel complaints, is held by Pain-Killer—over 60 years. Avoid substitutes, there is but one Pain-Killer, Perry Davis', 25c. and 50c.

PEORIA, Ill., Feb. 4.—Six boys, coasting down a hill tonight, crashed into an electric car, and a boy was killed, two fatally. The police were guarding the crossing, but owing to the darkness the coasters were not seen in time to prevent the accident.

Only vegetable oils—and no coarse animal fats—are used in making

"Baby's Own Soap"

Pure, Fragrant, Cleansing. Doctors recommend it for Nursery and Toilet use. Beware of Imitations. Albert Toilet Soap, Mfrs., Montreal.

The D.P. Emulsion of Cod Liver Oil. For Lung Troubles, Severe Coughs, Colds, Emaciation, &c., &c. Few systems can assimilate pure Oil, but as combined in "The D. & L.," it is pleasant and digestible. Will build you up; will solid pounds of flesh; will bring you back to health. 50c. and \$1.00 bottles. DAVIS & LAWRENCE CO., Limited.

NO. 3. CENSUS BULLETIN.

Rural and Urban Population of Maritime Provinces.

OTTAWA, Feb. 3.—Census Bulletin No. 3 was issued today. It contains the population of the provinces of New Brunswick, Nova Scotia, Prince Edward Island and Quebec by census districts, as enumerated last year, classed as rural and urban, and compared with the census of 1891. It contains also the population of the several incorporated cities, towns and villages of the four provinces for each of the years, grouped by census districts, together with the total population of any city, town or village which for electoral purposes lies partly in two or more census districts.

Table with columns for Province, Population 1901, and Population 1891. Rows include New Brunswick, Nova Scotia, Prince Edward Island, and Quebec.

Table with columns for County, Population 1901, and Population 1891. Rows include various counties in Nova Scotia and Prince Edward Island.

Table with columns for City/Town/Village, Population 1901, and Population 1891. Rows include various urban centers in the Maritime Provinces.

BABY'S OWN TABLETS

The prudent mother watches her baby with a very anxious eye and at the first symptom of disorder of any character takes the proper steps to ward off more serious illness and afford prompt relief to the little one. For this reason every mother should keep Baby's Own Tablets in the house and use them as her standard household remedy.

simple fevers, constipation, diarrhoea, disordered stomach, irritation when teething, indigestion and all similar difficulties Baby's Own Tablets are the ideal remedy. Dissolved in water, they can be given to the smallest infant.

They are purely vegetable, containing no narcotics or other harmful drugs. Give them a trial. They have no equal.

All druggists sell them or they will be sent postpaid for 25 cents a box by THE DR. WILLIAMS MEDICINE CO., BROCKVILLE, ONT.

CHICAGO. A Destructive Explosion of Illuminating Gas.

The flames caught the weather-worn timbers and in an instant the flames had enveloped the structure. With a roar the building collapsed, and the occupants, with one exception, were carried with it to the basement.

Eleven Persons Killed and Buildings Torn Into Fragments.

CHICAGO, Feb. 5.—By an explosion of sewer gas in the basement of a two story frame building at 376 Twenty-second street this evening, a number of people, the total said to be eleven, lost their lives, and the building was blown into kindling-wood.

Long Life is Inherited.

This statement you can prove by investigation. When a person whose ancestors had long lives dies in middle age you can, in nine cases out of ten, trace the cause to disordered kidneys and consequent suffering from Bright's disease, rheumatism, fatty heart or dropsy. Dr. Chase's Kidney-Liver Pills prevent and cure these fatal and painful diseases as no other preparation was ever known to do. One pill a dose, 25 cents a box.

SUNSHINE BY THE POCKETFUL.

A pocket full of sunshine is better far than gold; it drowns the daily sorrows of the young and of the old; it fills the world with pleasure, in field, in lane, and street, and brightens every prospect of the mortal that we meet. A pocket full of sunshine can make the world akin, and lift a load of sorrow from the burdened backs of sin; diffusing light and knowledge through thorny paths of life; it glids with silver lining the storm clouds of strife. —Ladies' Home Journal.

THE SEMI-WEEKLY SUN

ST. JOHN, N. B., FEBRUARY 6, 1902

WORSE THAN USELESS CENSUS STATEMENTS.

The census bulletin professing to show the ten years change in the urban and rural population of Eastern Canada is worse than useless. It is misleading and false.

We have the general statement that in this province the urban population has increased from 48,971 to 77,284, while the rural population has decreased from 272,282 to 243,255.

Dr. Robertson, who is appointed in succession to Senator Prowse of Prince Edward Island, is a worthy gentleman, who has had his share of political fighting, and deserves well of his party.

Mr. Belque, appointed from Quebec, is one of the ablest jurists in Montreal. He will make a strong impression in the senate, as he has elsewhere.

MOST SHABBY OF ALL.

The criminal devices by which Mr. Bergeron was defeated in Montreal have caused a profound impression, and some of the offenders have already been brought to justice.

THE NEW SENATORS.

The seat in the senate made vacant by the advancement of Mr. Snowball has been awarded by Mr. Blair to Mr. Fred. P. Thompson of Fredericton.

FREDERICTON.

FREDERICTON, Feb. 5.—Lt. Gov. Snowball will remain in the city till Friday. A large and fashionable audience at the Opera House this evening was entertained with the entertainment given under the auspices of the students of the U. N. B. Governor Snowball honored the concert with his presence and patronage.

The friends of Miss Wilnot in this city and elsewhere will deeply regret to hear of her death, which occurred at Belmont last evening. During the past few years she has resided at Montreal, but returned home last October, broken down in health, and has been steadily falling ever since.

FREDERICTON, Feb. 5.—The U. N. B. gymnasium building was destroyed by fire this afternoon. The building was insured in the Atlas Co. for \$500.

To cure Headache in ten minutes use KUMFORD Headache Powders. LORD'S DAY ALLIANCE.

At the meeting yesterday of the Lord's Day Alliance of New Brunswick the executive committee presented a report which gave an outline of the work done since the inception of the year.

The officers for the ensuing year were named as follows: President, Rev. J. A. Richardson; vice-presidents, Hon. Senator Wood; Hon. H. P. Emery; Hon. G. F. B. Davidson; Hon. D. Morrison; Hon. T. Curran; Hon. A. White; Hon. J. C. Colburn; Hon. M. Vince; Hon. D. Hutchinson; Hon. J. G. Steel; Hon. J. Parks.

Yesterday the Chipman family handed over to its kindly purpose their beautiful family residence, after having given much time and thought and money toward adapting the building to its future mission.

Lord Salisbury does not take any too seriously his recent visitors from Holland, and for that matter the Dutch premier himself seemed to be rather uncertain what he had to do in England.

A NEW BRUNSWICK WAR RECORD. The committee entrusted with the administration of the South African contingent fund has published a report which is both a memorial volume and a financial statement.

INDIA FAMINE THREATENED.

LONDON, Feb. 7.—From Calcutta the correspondent of the Daily Mail in a despatch says there is little doubt but that India is threatened with another severe famine. This is the more to be dreaded because the area affected is practically the same which has been ravaged during the past two years.

SLANDERING THE SEX.

When a woman gets a fur cloak, and her friends see her in it, passing, she knows it is not affection that prompts it; they want to know if it is genuine or imitation—Atchison Globe.

LIKE A CRAZY MAN.

A Hamilton Carpenter is Driven Nearly to Desperation by Biliousness and Sour Stomach—An extremely bad case.

HOPEWELL HILL.

HOPEWELL HILL, Feb. 5.—The news of the death at Fresno, Cal., of Chas. W. Cutten, which appeared in today's papers, caused much regret here, where the deceased was well known.

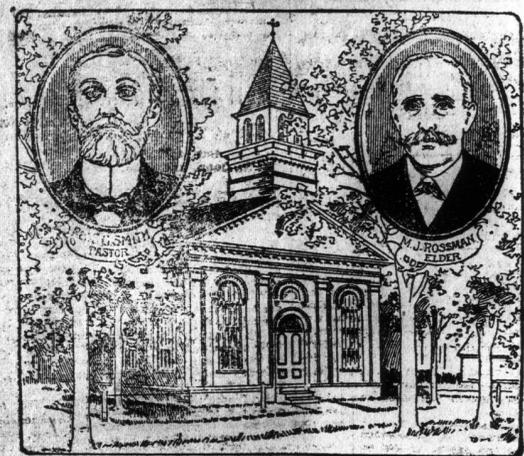

TRURO ELECTIONS.

TRURO, N. S., Feb. 5.—The warmly contested election yesterday of a mayor for Truro resulted in the re-election of the former mayor for four past years, George W. Stuart, by a majority of 80 votes over his opponent, J. E. Kent.

Children Cry for CASTORIA.

LIVERPOOL, Feb. 4.—Advice received here today says that the British steamer King of Conquerors, which was wrecked at Japan, will probably become a total loss.

PRESBYTERIAN PASTOR PRAISES PE-RU-NA.

First Presbyterian Church of Greensboro, Ga., and its Pastor and Elder.

THE day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peru-na has become so justly famous, its merits are known to so many people of high and low stations, that no one hesitates to see his name in print recommending Peru-na.

Rev. E. G. Smith, pastor of the Presbyterian church of Greensboro, Ga., writes: "Having used Peru-na in my family for some time it gives me pleasure to testify to its true worth. My little boy seven years of age has been suffering for some time with catarrh of the lower bowels. Other remedies had failed, but after taking two bottles of Peru-na the trouble almost entirely disappeared. For this special malady I consider it well nigh a specific. As a tonic for weak and worn out people it has few or no equals."

Peru-na can be obtained for \$1.00 a bottle at all first-class drug stores in Canada. "The Life of Life," which can be secured at all up-to-date drug stores, and upon request is sent free of all, gives a short description of all catarrhal diseases.

INDIA FAMINE THREATENED. LONDON, Feb. 7.—From Calcutta the correspondent of the Daily Mail in a despatch says there is little doubt but that India is threatened with another severe famine.

SLANDERING THE SEX. When a woman gets a fur cloak, and her friends see her in it, passing, she knows it is not affection that prompts it; they want to know if it is genuine or imitation—Atchison Globe.

THE BIDDLES' CASKETS

Covered With Flowers Sent by Women Admirers.

Pitiful Plendings of the Jailor's Wife Who Set the Brigands Free and Aways With Them.

PITTSBURG, Pa., Feb. 4.—On the caskets of the Biddles were sprigs of fern and white carnations sent for the purpose by some women whose identity is unknown.

The mob about the Behlauer undertaking establishment became so great that the doors were closed by the police on account of the crush.

Butler, Pa., Feb. 4.—Realizing that she has ruined her husband, Mrs. Sofel does not wish to bring further disgrace and humiliation upon him.

Mrs. Sofel told the attorney that she was not a bad woman. She said that while she knew that she had been charged with a crime against the state, she had never sinned.

Despatches from Butler report Mrs. Sofel steadily improving.

The indictment against Mrs. Sofel may not be acted on by the present grand jury.

There is much uncertainty as to when she will be brought to St. John.

IN THE CENTRE OF AFRICA the fame of Pain-Killer has spread.

The natives use it to cure cuts, wounds and sprains, as well as bowel complaints.

Of the Stranding of the Ora and the Clarence A. Shafner.

The Sun's Digby correspondent, writing under date of the 4th of February, says: Particulars have reached here relative to the stranding of the brigantine Ora, and the schooner Clarence A. Shafner, in the big storm.

The Ora went ashore on the spot where the steamer Pilot, commonly called Condon's Point, was wrecked some years ago, and it is the only spot for a long distance where life or property could be saved, by extraordinary exertion.

The master, M. O'Hara, and crew, deserve great credit for saving their lives and what is left of the ship.

The Clarence A. Shafner was floated this morning, pulled off by the sea and brought over to Digby, where she is docked at Turnbull's wharf.

Surveys are called and will be held tomorrow, when an insurance underwriter will be here from Montreal.

There is good sleighing now, but although the storm was lengthy, not much snow fell, and no inconvenient drifts.

Two of the crew of the Ora have arrived in St. John. They are at the Seamen's Mission.

No Argument Needed

Every sufferer from Catarrh Knows that Salves, Lotions, Sprays and Douches Do Not Cure.

Powders, lotions, salves, sprays and douches cannot really cure Catarrh, because this disease is a blood disease.

and local applications, if they accomplish anything at all, simply give transient relief.

The catarrhal poison is in the blood and the mucous membrane of the nose, throat and the trachea tries to relieve the system by secreting large quantities of mucous, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guaiacol, Sanguiaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result.

Mr. C. R. Rembrandt of Rochester, N. Y., says: "I know of no people who have suffered as much as I from Catarrh of the head, throat and stomach."

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh cure.

JACOBSON-JACOBSON. The Jewish Synagogue, Carleton street, was the scene of a very pleasant wedding last Tuesday when Miss Bessie Jacobson, only daughter of J. Jacobson of 155 Mill street, was united in marriage to Israel Jacobson.

The ceremony was performed by Rabbi Welenski in the presence of a large number of friends of both contracting parties. The bride was attended by Miss Rosa Selick and Miss Rosa Jacobson, who were attired in white silk. The groom was supported by Israel Goldberg and Morris Jacobson. The bride wore an elegant gown of broad-cloth white silk with pearls.

The presents were numerous and valuable, that of the bride's father being a cheque for one thousand dollars. The bride's three brothers also gave presents to the value of one thousand dollars, while the gifts from other relatives and friends were very considerable. One of the latter included magnificent silver candlesticks valued at fifty dollars.

After the ceremony the bridal couple and friends drove to Union hall, where a most pleasant reception was held.

Mr. and Mrs. Jacobson will reside at 155 Mill street.

Why Catarrh Cures Catarrh. It goes to every affected part and kills the germs that keep up the diseased condition. Catarrh never irritates, but stimulates the mucous lining of the nose, throat and lungs to normal action, and keeps the nasal passages free from offensive discharges.

Catarrh contains no dangerous drugs or opiates, and is delightfully pleasant and simple to use. Catarrh is an absolutely certain cure for any form of Catarrh and sells for dollar at druggists, small size 25c. By mail from Polson & Co., Kingston, Ont.

The Maoris of New Zealand cook their potatoes and other vegetables in volcanic heat. There are a few volcanoes in New Zealand, and some of the Maoris live up in the mountains near them. They make the volcanoes do several useful things for them, but the queerest is the cooking.

BOARD OF TRADE.

Members Strongly Favor Establishment of C. P. R. Car Works Here.

At the regular meeting of the St. John Board of Trade last evening the members present placed themselves strongly on record as in favor of the acquiring if possible by St. John of the new C. P. R. car and locomotive works and of the city putting forth great effort to obtain the establishment of the industry.

President W. M. Jarvis was in the chair, and were present: Alderman Macrae, Geo. Robertson, M. P. P., T. S. Somerville, W. H. Thorne, W. F. Hatheway, D. J. McLaughlin, Thos. Dean, J. Hunter White, F. A. Dyke, T. H. Estabrooks, John Seely, C. F. Kinnear, C. S. Phillips, H. A. Austin, A. C. Currie, O. H. Warwick.

Secretary Allison read the proceedings of the Council during the month, stating among other things that Thos. Gorman, E. C. Eilkin, George Robertson, H. A. Drury, F. A. Dyke and W. H. Barnaby had been appointed additional members of the council.

A petition had been sent by the direction of the council to the dominion government, asking that an appropriation may be made for the construction of a steam whistle or fog alarm at or before Negro Head, and also for the placing of the Beacon and Beacon light in St. John harbor by a better and more modern structure.

The council are advised by the marine department that these matters will be favorably considered. A petition was also sent to the government asking that the work of dredging the entrance to the harbor of St. John may be proceeded with without delay.

At the request of the council, the president has extended an invitation to the Canadian Manufacturers' Association to hold their next annual meeting in St. John, and the invitation had been supplemented by his worship the mayor on behalf of the city.

The council has received that the matter will be decided by parliament. The Canadian Manufacturers' Association.

The common council had been requested to appoint a commission to inquire into the whole question of taxation in the city of St. John as provided for by Act 12 Edward VII, cap. 1.

The council had received from the Halifax board of trade a copy of resolutions from the board regarding its proposed transfer of the management of the Intercolonial railway to the Canadian Pacific Railway Co.

Do You See It?

Look carefully at this little picture. There's a great deal to it. There's a lamp, that makes the heat. Right over it is the vaporizer that holds the Vapo-Cresole.

This Cresole is a wonderful medicine. It kills most kinds of disease germs, and is a most remarkable healing agent. You simply breathe in the vapor of it, that's all; it goes all through your bronchial tubes, curing asthma, croup, coughs, catarrh, whooping-cough.

Vapo-Cresole is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Cresole complete, 80c. extra supplies of Cresole 25 cents and 50c. centimials free upon request. Vapo-Cresole Co., 120 Nassau St., New York, U.S.A.

A dainty form, a winsome face, A sprightly step with subtle grace, A wealth of rinds crown'd with beauty, That keeps my heart in sweetest thrall, And brings me happiness almost divine— My Valentine.

A burly form, a sun-bronzed face, A soldier's step (more force than grace), A mass of curls—no crown at all, And that—'t is said—shall not be holed— And yet—she knows she holds this heart of mine— My Valentine.

A cosy room, with open fire, Whose name like love, leap high and higher; A question asked, an answer looked, And then—but that shall not be booked— We took (as you not read between the lines) Our Valentines.

THE BARK KELVERDALE. VICTORIA, Feb. 4.—News has been received of the safety of the overdue British bark Keverdale, which is 63 days out from Manila, Royal Roads.

She was sighted on Saturday by the steamer Glenora of Cape May.

The Keverdale was reinsured at three per cent, her owners fearing for her on account of the typhoon which raged in eastern seas soon after the bark sailed from the Philippines in ballast.

The Keverdale, which is the ship of Wm. Thomson, O's fleet was not overboard, nor was there any anxiety about her.

The Danger of Low Vitality. Severe Colds, Pneumonia, Consumption, Find Easy Victims in Persons Whose Health is in Poor Condition—Dr. Chase's Nerve Food.

At no season of the year is a low condition of health more likely to lead to serious results than at the present time. With vitality running low, the blood thin and nerves exhausted, one is made susceptible to colds and catarrhs on the slightest exposure.

Gradually a persistent cough, hawking and spitting, is established, and each severe cold is accompanied by chills, fever, pains in the chest, and sometimes spitting of blood.

This is the short and deadly road that leads to pneumonia, consumption and other deadly lung troubles, and the only sure method of avoiding them is to keep the general health in as good a condition as possible all the time.

Dr. Chase's Nerve Food is a scientific and reliable medicine, which has been found to be of great benefit in all cases of low vitality and raising the standard of health.

There is no lesson which experience more strongly emphasizes than the importance of keeping the body well filled with health-giving vitality. When a weakened, run-down system is attacked by pneumonia, consumption, or even a heavy cold, there is small chance of ever shaking it off.

WOODSTOCK.

First Meeting of the New Town Council.

Inaugural Address of Mayor Selva—The Scott Act a Burning Question—To Bonus Manufacturing.

WOODSTOCK, Feb. 6.—The first meeting of the new town council was held this evening, and as it was known that several matters of interest would come up, there was quite a large attendance of ratepayers.

The board is made up of the following, all of whom served at the last board excepting the last named, who was elected unopposed to take the place of Coun. James Carr, resigned: Mayor Selva, Couns. Dibblee, R. B. Jones, George Belmain, J. A. Lindsay, A. E. Jones and H. B. Burt.

The mayor delivered his inaugural. He expressed his pleasure at seeing so many of the old board associated with him, and his thanks to the ratepayers on his unopposed election. He did not see that there was any service requiring any very heavy expenditure during the coming year. It would be well this year to aim at paying off the bank balance on which was paid annual interest of \$300. He spoke of the advisability of the sewers being more generally used. In many cases entrance was not effected where it should be. He advised the appointment of fire wardens and the improvement of the fire system. Respecting the electric light, he favored the adoption of the incandescent system, the present system being out of date and inefficient.

The following committees were named: Finance—R. B. Jones, Belmain, Dibblee. Fire—Belmain, Lindsay, A. E. Jones. Light—Burt, Dibblee, Lindsay. Sewers—R. B. Jones, A. E. Jones, J. T. A. Dibblee.

Street—Lindsay, Dibblee, Burt. Scales—Lindsay. Hall and Police—Lindsay, Belmain, Burt. Water Committee—Dibblee, A. E. Jones, Burt. Poor—A. E. Jones, Belmain, R. B. Jones. Scott Act—Lindsay, R. J. Jones, Burt. Legislation—Lindsay, Dibblee, Belmain.

The following officers were elected without opposition: Town Clerk—Chippman Hartley. Treasurer—Justin T. Garder.

Coun. Dibblee proposed J. C. Gibson as town marshal. The motion was seconded by Coun. Belmain.

Coun. A. E. Jones moved, seconded by R. B. Jones, that Jas. Harvey be re-appointed marshal. The amendment was defeated by a vote of 2 to 4, and the original motion carried by the same vote reversed.

Owen Kelly was elected night watch, a motion by A. E. Jones that Thos. McCarron be appointed to that place being defeated by the casting vote of the mayor.

R. B. Jones said that at the time of the recent fire in the Lindsay building, although the street was full of smoke, had it not been for the Salvation Army captain, who happened to be on hand, the fire would not have been discovered. Many citizens thought it strange that the night watch was not around on the occasion in question.

On motion of Coun. Lindsay it was decided to investigate any charges that might be preferred against the night watch as to his duty.

Coun. R. B. Jones moved that B. B. Colpitta be Scott Act inspector at the same salary as last year, \$200. Coun. Burt seconded the motion.

Coun. Lindsay moved that his salary be \$100. Coun. Belmain seconded the motion.

Coun. R. B. Jones thought this was monkeying with the act. It was no salary to pay the inspector, and the council would find themselves in a hole if they voted such a small salary.

Coun. Dibblee said that Mr. Colpitta was inspector for the county and got \$300. Why should not \$100 be fair pay for doing the work in the town? There were no good Scott act men on the side of the board, and there was no intention of monkeying with the act. (Applause.)

Coun. Belmain said that if Mr. Colpitta did not think the salary sufficient let him resign. From that point on, Mr. Colpitta got a good deal of "pickings" besides his salary.

Coun. Lindsay thought the council was rapidly coining new words. This year they invented "monkeying." Last year one councillor invented the word "hi-andi-dank."

Coun. A. E. Jones said Mr. Colpitta was expected to get his salary out of the inspectorship. He must have enough work on.

Coun. Burt said he did not see why we should cut down Mr. Colpitta's salary. Rather than cut him down we should say we do not want him.

Coun. R. B. Jones—it is like starving him out.

The mayor—I want to show my colors. The Scott Act is a burning question. It comes up whenever some people think Mr. Colpitta is going to be starved out. For several years Mr. Colpitta did the work for town and county for \$400. He would have exactly the same salary now. If he was able to live on that salary, then why not now? He would support the amendment.

The amendment was carried. Yeas: Coun. Lindsay, Dibblee, Belmain, Nays: A. E. Jones, R. B. Jones, Burt. The mayor gave his casting vote for the amendment.

Donald Munro was appointed superintendent of the water works. John Gantner was appointed engineer of the water works.

An invitation was extended to the mayor and councillors to meet the town physicians tomorrow afternoon to discuss the question of starting a hospital within the town.

Coun. Dibblee moved, and it was carried, that legislation be sought allowing the town to vote bonuses to any desirable manufacturing interests
