are slightly, strong, permanent. Concrete is, in many localities, cheaper than wood, for fence posts, and more durable than stone, brick or iron. Our book,

**"What The Farmer Can Do With Concrete" is sent FREE.**

It tells how to make, not only fence posts, but walks, curbs, horse blocks, barn foundations, feeding floors, well curbs, drinking troughs, silos, dairies, and many other farm utilities where cleanliness, strength and durability are required. Many of these things are simple and inexpensive to make, and may easily be put together in

your spare time. The book carefully and simply tells all. The regular price of the book is 50c. We are distributing free, a limited number, however, and charging you the cost to advertising. That's why you get your copy free, if you sign the coupon and send it to-day. Do it now.

## SAY RECIPROCITY SPELLS RUIN TO CAPE BRETON MINES

Public Meeting at Sydney Last Week Feared That American Coal Operators Invasion Would Loosen Their Grip on the Canadian Consumer.

Sydney, Nov. 10.—Cape Breton tonight protested emphatically against reciprocity in coal with the United States, when at a large public meeting held in the Sydney Lyceum, under the auspices of the Country Club, resolutions, expressing the opinion that the removal of the coal duties would be ruinous to this county, were unanimously adopted.

Mayor Gunn of Sydney presided at the meeting, and addresses were delivered by the wardens of Cape Breton county and the mayors of five other Cape Breton towns. M. J. Butler, general manager of the Dominion Coal Company, represented the coal operators, and a delegation comprising representatives of the lodges of the Provincial Association was present to support the movement.

There was a thorough unanimity of opinion. All the speakers agreed that the present time was a crisis in the affairs of Cape Breton, and that with American coal making the inroads into the Canadian markets, that it is now doing, it would be nothing short of the ruin of Nova Scotia if the protection of the federal tariff was removed.

"Reciprocity in coal would have been a disaster in 1897, but now it

would be nothing short of a national calamity," said Ex-Mayor Crowe, of Sydney, in speaking to the resolution, and this was the general keynote of the meeting.

Nearly all of the speakers touched on the conditions prevailing when reciprocity was in force with the United States in 1885 and showed how they had now changed. "In those days," said Mayor Kelly, of North Sydney, "Cape Breton supplied most of the New England market, for the American mines and systems of transportation were not developed. Now American producers can not only take care of their own markets, but are selling a million tons of coal in Italy each year, taking it right past the doors of Britain and other European coal-producing centres. If the Americans can undersell European prices in their own markets, what will they do to Canadian operators if the tariff barriers, which alone keep them out of our markets now are removed."

## PORTUGAL RECOGNIZED BY NEW NATIONS

Lisbon Nov. 11.—The diplomatic representatives of the United States Germany Russia Sweden and Norway today notified the foreign office that they were authorized to resume negotiations with the Portuguese government on current affairs. ## GOOD NEWS FOR CONSUMPTIVES

Mrs. J. C. Jordan has offered her beautiful summer residence at River Glade, Westmorland Co., to the local government as a site for the proposed provincial sanatorium for the prevention of tuberculosis. Dr. R. L. Botsford, of Moncton, and Dr. McAvenny of St. John, members of the tuberculosis commission, have visited "The Glades," and will submit a report to the government as to the desirability of the location.

## IS MRS. CRIPPEN STILL ALIVE?

Alix, Alta., Nov. 12.—Great excitement has been caused here by a report that a woman who arrived in town on Wednesday is none other than Belle Ellmore, Dr. Crippen's wife. The report started from the fact that the woman faints when Crippen's name was mentioned in her presence, and again faints when she read in a newspaper that Crippen had been sentenced to hang.

The woman answers in some degree to the portraits of the missing woman. It is said here that the police are watching her movements.

## TOWN COUNCIL HOLDS MEETING

Town Committee and Councillors Confer on Civic Matters—Committee Reports.

A meeting of the town council was held in the treasurer's office Tuesday evening. There were present His Worship Mayor Murray and Couns. McDonald, Mowat, McLennan, White, Moores, Alexander. The resignation of B. B. Lutz as assessor for the town of Campbellton was read and accepted.

A communication from the Canadian Fire Insurance Co., asking if saw mills were to be erected in the town, and if so what precautions are being taken to prevent fires. The clerk was authorized to answer said letter.

Coun Alexander asked if the Shives Co., had submitted any plans or specifications of proposed mill. Had they obtained a permit?

His Worship—He was not aware of any such steps being taken.

A communication from Peter Clinch in insurance matters was read and laid on the table.

The residents of a reserved street on Jos. Duncan's property petition that water and sewerage be extended along said street. Referred to water and sewerage committee.

Judge McEachey from the relief committee addressed the council in reference to the amount to be repaid from the Dominion and Local governments. He suggested that an act should be passed so that this money would be set aside for the payment of interest on the bonds only. Some such steps should be taken and Campbellton bonds would again be in the gilt edge list of investments. He also suggested that the local government be interviewed in reference to their share of amount promised toward payment of bond interest.

An informal discussion on the installing of water in the relief cottages was carried on and a basis of agreement arrived at between the council and the relief committee.

The finance committee was authorized to negotiate a temporary loan, not exceeding \$2,000 to meet urgent demands. Carried.

The Town Solicitor submitted the agreement between the town and the Shives Lumber Co., in reference to the proposed mill on the Shives site. This agreement states that the company's property shall be taxed on a nominal valuation and water shall be supplied at a nominal charge of \$125 per year for a term of fifteen years. The amount of taxes agreed to was \$375.00 per year. This mill will have 20 shingle machines and employ about 100 men. Some necessary amendments were discussed and the agreement was held over until next meeting.

Standing committee reports were passed. These dealt largely with accounts.

Council then adjourned.

### Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alterative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J.C. Ayer Co., Lowell, Mass.

What are Ayer's 17th? Liver Pills. How long have they been sold? Nearly sixty years. Do doctors recommend them? Ask your own doctor and find out.

H. B. ANSLOW, EDITOR AND MANAGER.

CAMPBELLTON, N. B., NOVEMBER 18th, 1910.

### THE GOVERNMENT'S GRANT

The Dominion Government has by an order in council, granted \$70,000 towards the town of Campbellton. This amount will be devoted to the paying of interest on the bonds. This amount invested at four per cent. will pay interest to the amount of \$2800 for nearly eleven years, while at three per cent. it will pay, it for ten years and leave a little more than \$2,000 to the good.

This is a generous donation toward the town's finances and if wisely invested will do much to reestablish the town's financial standing.

At a meeting of the Council and Relief Committee Tuesday evening the matter of the disposal of this amount, and the amount promised by the Local Government was discussed. It was the unanimous opinion that the amount should be deposited in a chartered bank and that legislation be secured to safeguard it for the purpose it was voted, the paying of the interest on the town bonds.

Now that the town's finances are again in good shape, and the financial standing of the town back to when it was before the fire, we hope the Council will at once take steps to provide an ample sinking fund to provide for bonds when they mature. The interest on the bonds is provided for for ten years, and during that ten years a substantial sinking fund should be created.

### DESERVING OF REWARD

During the exciting time after the fire, when everyone was, to a greater or lesser degree, thinking of his own future and all were busy, one town official seemed to forget himself and devoted his entire time, night and day working in the interests of the town, and his fellow citizens, and working without hope or thought of remuneration other than the commendation of his fellows. That official was Mayor Murray. With his office in a shack he was busy from early morning until late at night directing the work of various departments and seeing that matters were being properly looked after. During the first six weeks his practise was neglected and virtually lost, but never a word of complaint was heard. He kept at his work until he was able to hand it over to others competent to look after it.

We understand that the matter of presenting some slight token of appreciation to His Worship has been discussed among the members of the Relief Committee and other citizens, and we hope such will be speedily accomplished. Such recognition is merited and should come spontaneously from the Relief Committee and also the citizens of the town at large through the Town Council.

### REV. GEO. STERLING RETIRES

Rev. Geo. Henry Sterling, after an eminently successful career as clergyman in this province and in the United States, has, because of advancing age, resigned the rectorship of Zion church, Morris, N. Y. Mr. Sterling, whose wife was Miss Alice Burchill of Nelson, who is a sister of Hon. J. P. Burchill, was rector of St. Andrew's church in Newcastle for several years beginning in 1870. From 1874 to 1888 he was rector of Christ church, Mangerville, and since 1894 had charge of Zion church, Mr. and Mrs. Sterling will continue to live at Morris.

### ALL MY PIMPLES GONE

Girl Tells How a Blotchy Skin Was Cleansed By a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamashaw. "It was all full of pimples and scars, but after using D. D. D. Prescription I can say that now there is no sign of that Blemish, and that was three years ago."

D. D. D. has become so famous as a cure and instant relief in eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, black-heads, and all other minor forms of skin impurities.

The fact is, that while D. D. D. is so penetrating that it strikes to the very root of eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble. D. D. D. is pleasant to use, perfectly harmless to the most delicate skin, and absolutely reliable. Write the Laboratories, Dept. C. D., 40 Colborne St., Toronto, for a free trial, bottle, and prove its wonderful effectiveness. For sale by all druggists.

### CANADA CEMENT COMPANY REDUCES PRICES.

The price of Cement has been lowered. This announcement may come as a surprise to many—for when Merger's merge, the opposite tendency is usually looked for, but this time the unexpected has happened.

About a year ago most of the largest cement interests joined hands and formed one company, known as The Canada Cement Company, Limited. It was predicted, in many quarters, that prices would be advanced, that on account of the big Merger the consumer would have to pay dear for his cement in future. The promoters of the Company, on the other hand, stoutly contested this theory, pointing out that owing to reduction of expenses and increased efficiency, they hoped to be able to give even cheaper cement than ever before.

The first move on the part of the Cement Company was to regulate the price of its product, and it was an agreeable surprise to everyone when it was learned that in making the adjustment prices were not unduly advanced. That was last year.

On the 1st of November, this year a circular was sent out by the Canada Cement Company, further reducing the price of its product throughout the entire Dominion on an average of about 10c per barrel.

This reduction means a whole lot, and proves beyond doubt the sincerity of the statements made by the promoters, when the Company was yet in embryo.

### WANT FOREIGNERS

### DISARMED

At the fall sitting of the Circuit Court at Bathurst, the other day, the Grand Jury drew up a presentment to the presiding judge, Hon. H. F. McLatchy, asking for an enforcement of the law against the carrying of dangerous weapons, the resolution being chiefly aimed at foreigners working at the Drummond mines.

## WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Granville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."

—Mrs. CHAS. BARCLAY, R.F.D., Granville, Vt.

No other medicine for women's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weakness, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

REV. I. N. PARKER

Rev. I. N. Parker, a well known Methodist clergyman, died in St. John on Tuesday. He had lately fared well from Sussex charge on account of ill health and was about to remove to Boston to live with his son. Deceased was born in Wilnot, Annapolis, Co. N. S., and entered the ministry in 1862, and became a superintendent in 1907. Rev. Mr. Parker was twice married. His first wife was Miss Maggie McMillan of Boiestown, and they had three children. His second wife, who survives, Miss Dora Williams, of Gagetown, is also the mother of three children. The members of his family surviving are: Mrs. C. W. Price, Moncton; Mrs. Geo. H. Davidson, Hampton, and Miss Bessie, at home, and W. I. Parker, in Boston. The deceased was seventy-three years of age. The remains were interred beside those of his first wife, in Chatham on Wednesday. Rev. Mr. Dawson conducting services.

ROBBERY WITH VIOLENCE

Frank O'Connell, who hails from New York, says Patrick Anderson took him by the throat, bent him over a boat on the Muirhead wharf, and took \$85 out of his pocket. Anderson was arrested and denied the charge. At the Police Court, this morning Anderson was before the Magistrate, and was remanded.—Saturday World.

## Now—and Then

YEARS ago when none of us knew better we took our wheat to the village mill and our good friend the miller ground it for us the best he could.

It wasn't his fault if our wheat was mostly grits or if it was frosted or smutty. He did the best he could with the materials we gave him and the facilities he had for grinding.

The making of flour to-day is not a mere grinding process. The great Ogilvie Flour Mills of to-day are a vast commercial enterprise extending from ocean to ocean.

## Royal Household Flour

is a world product. It is well known in Africa as well as in Canada. It is as much appreciated in the poorest household at home as it is in the Royal Household abroad. To make Royal Household Flour the product it is, involves vast capital and resources. Every advanced process, every modern device that can in any way improve the quality of Royal Household Flour is immediately adopted regardless of expense.

If the production of ROYAL HOUSEHOLD FLOUR was purely a milling process it would not be better than any good flour. But it is not the milling alone that

makes it the finest flour in the world. It is the all embracing system of care and watchfulness and scientific knowledge that surround it at every stage from wheat field to kitchen.

Canadians may well be proud of Royal Household Flour. It is no small thing to have it to say that the world's most perfect flour is made in Canada from Canadian wheat and has become a world-wide factor through Canadian skill and capital.

"Royal Household" is head and shoulders above ordinary flour in quality.

The best flour for Bread and Pastry is "ROYAL HOUSEHOLD". To try it is to prove it.

If you send in your name and address, also the name of your dealer, "Ogilvie's Book for a Cook" containing 125 pages of excellent Recipes will be sent free of charge. Ogilvie Flour Mills Co. Limited. 31

## The perfect sound-reproduction

which established the supremacy of the Edison Phonograph lies in the point of contact between the Phonograph and the Record—the sapphire reproducing point. This is the point that conveys the sound from the Record to the audience. And right here is the secret, the perfect lifelike tone of the Edison instead of a metallic, nasal tone.

## SUFFERED FOR YEARS WITH STOMACH TROUBLE

### "Fruit-a-tives" Promptly Cured Him

DANIEL SAUNDERS, ESQ.

Mr. Daniel Saunders, of Shoal Lake, Manitoba, is one of the best known gentlemen in Canada's great wheat country. He lived for years in the West—made a success of his farming—and has now retired from active business life to enjoy the fruits of his work.

When a man of such financial and social standing voluntarily testifies to the great benefits he has received from taking "Fruit-a-tives" there can be no doubt but that "Fruit-a-tives" deserves the confidence of every reader of this paper.

SHOAL LAKE, MAN.,  
JUNE 11th, 1910.

"For years, I was bothered with persistent Dyspepsia and Indigestion, having severe pains after meal time. I tried everything that I could get but the pain in my stomach became no better. "Fruit-a-tives" is the only medicine in the world made of pure fruit juices, and will always cure Indigestion, Dyspepsia, Sour Stomach, Biliousness, Constipation and any other disease that comes from disordered Stomach, Bowels, Kidneys or Skin. 50c. a box. 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

## BAD WRECK AT ANDREW ST.

Accommodation Ran Into  
Freight Special Badly  
Wrecking Engine  
and Van.

**NO ONE INJURED**

Wednesday evening a serious accident took place just west of Andrew street crossing in the rock cut, which blocked traffic for a time, but fortunately no one was injured.

Dickie's freight special was just pulling into the depot here, when she was overtaken by number 35, the local from east. The special had not reported so the semaphore was showing clear when the local came along, running at her usual lively clip. In the rear of the special van was a box car which obscured the lights and it was not until the headlight of No. 35 showed the car on the track did the engineer realize that he was in danger. The emergency brakes were put on but the engine struck the car, lifting it and the van clear of the track. The car mounted the engine. Both crews stuck to their posts and fortunately escaped injury. A breakman was on the box car with a lantern, but he escaped in a most marvellous manner. Con. Dickie was in the van getting up his way bills when the crash came. He had to crawl out a window.

Passengers got a severe shaking up, but none were injured.

## WILL MAKE A NEW ASSESSMENT

Council Decides to Raise \$12,000  
to Meet Departmental Expenses  
of Town.

At a recent meeting of the Town Council it was decided to assess \$12,000 for this year apportioned as follows:  
Public Properties & Streets 2,600  
Street Lighting 500  
Schools 1,200  
Relief of Poor 400  
Board of Health 200  
Police Force 1,200  
Salaries and Contingencies 3,030

Assessor B. B. Lutz has resigned and as soon as another can be found to undertake the task the assessors will get to work and no doubt the tax bills will be out before the 15th of Dec.

## CANADA'S NET DEBT IS \$336,268,546

Ottawa, Nov. 10.—According to the public accounts volume published today the funded debt of Canada payable in London was 52,900,902 pounds at the end of the last fiscal year. The net debt of the Dominion was \$336,268,546, an increase of \$12,338,267. Accounts show consolidated fund receipts of \$101,503,710; expenditure \$79,411,574, leaving a surplus on this account of \$22,091,963. In addition to this, however, there was a total capital or special expenditure of \$35,971,911, of which \$19,968,064 was on the National Transcontinental Railway, and \$2,414,171 on bounties.

## WOMEN LEFT EMPTY FLASKS

Toronto, Nov. 11.—Dr. Orr, manager of the Canadian National exhibition in reply to the W. C. T. U., which complained of the amount of drunkenness at the exhibition, makes the unexpected statement that there were as many empty flasks found in the women's building as in the quarters for the men.

## Stealing Brains And Stealing Money

Some people are honest in theory and dishonest in practice.

They steal brains where they might not steal money.

"PROGRESSO" and "DUPLEX" Overcoats are the products of brains—of creative genius—of experience.

Yet there are those who are trying to steal the money value of these two "Progress Brand" Overcoats.

There are several imitations of both these Overcoats on the market—but, like all imitations, they lack the essential features that make the originals famous.

Do not countenance dishonesty—especially when it works to your disadvantage.

When you buy, get the genuine "PROGRESSO" or "DUPLEX" Overcoat, bearing this label.
