Terrible Loss of Life and Property by Flood in China and Japan—The Canadian Steamer Boatwrecked.

CANADIAN.

The Central Fair at Ottawa from Sept. 22 to 27 promises to be largely attended.

At Calumville, on Tuesday, John Williams, a teacher, committed suicide.

The schooner Comrade and eight of her crew are believed to have been lost on Lake Superior.

Lock eighteen, Welland Canal, was disabled yesterday, the headgates being carried away by a steamer.

The Board of the Ontario Creameries Association has decided that the annual meeting shall be held at Berlin about the middle of January.

Mr. Alfred Buckland, who is visiting Ottawa, has received a call from the Church Missionary Society at London, England, to go out to India.

The steamer Olive, while on her trip from Montreal to Ottawa, sank at the St. Anne's (Que.) dock. The crew escaped. The boat is submerged.

Five big real estate sales are announced at Winnipeg, chief among which is the purchase of the Gerrie block, on Princess street, by H. S. Holt for \$40,000.

The steamer Uluda, which went on the Cow Ledges, Bay of Fundy, on the 26th ult., while on the passage from St. John to Halifax, has been beached in Westport harbor. She can be repaired.

While on the passage to the Barcelona (now ashore below Quebec) encountered a terrible hurricane, during which three of her crew were washed overboard. The vessel is undoubtedly a total loss.

The steamer Princess Beatrice, which left Halifax Monday night for Charlottetown, P. E. I., and intermediate ports, was wrecked Tuesday night near New Harbour, Guysboro county, N. S. The passengers and crew were saved.

The asbestos mines at Templeton are giving promise of richness as the development goes on. An American company has commenced active operations there. Four tons have been turned out, worth, it is estimated, no less than \$180 a ton.

On Wednesday at Quebec some 300 citizens, headed by the Mayor and aldermen, proceeded to the citadel and presented Prince George of Wales with a loyal address. Gov. Stanley introduced the delegation to the Prince, who responded to the address, speaking in French.

AMERICAN.

The Boston brokers, Chase & Co., assigned yesterday. Liabilities about \$2,000,000.

The census count in Colorado makes the population 140,975, an increase of 216,648 in the decade.

The United States Tariff Bill will probably be reported by the Conference Committee on Monday.

At Hanford, Cal., on Wednesday, fire destroyed twelve business houses, damaging several others and burning the residence of the Mayor.

The Massachusetts Republican State Convention has renominated Governor Brackett, Lieutenant-Governor Hille and Treasurer Marden.

The eighth annual convention of the New York Wine, Liquor and Beer Dealers' Association is being held at Albany, N. Y. Four hundred delegates representing a total membership of 30,000 are present.

FOREIGN.

It is officially stated that four cardinals will be created at the December consistory, two of whom will be foreigners.

Cholera is prevalent in Shanghai and also in the northern districts of China. Several Europeans have succumbed to it.

Emperor William received Emperor Francis Joseph at Rohatock this evening. They repeatedly embraced and kissed each other.

Yellow River flood and other floods continue to sweep across China.

The London papers unite in denouncing the German slave decree at Bagamoyo as a monstrous perversion of law and stipulations and a sad commentary upon Emperor William's gifts professions of humanity.

Japan advises that 7,000 houses were destroyed and 36 persons drowned by floods in the Fukuoka Prefecture on Aug. 7. Fire at San Joaquin Aug. 21 destroyed 176 houses and four telegraph posts caused the death of seven persons.

The London Daily News dispatch from Erzerum says that the scenes attending the prosecution of the Christians by the Turks at Alashgerd, Armenia, are terrible. Murders are going on continually, and scores of outrages upon women are reported.

Thirty young men at Tiptree, county Essex, Eng., attempted Tuesday night to lynch a man and woman who were accused of maintaining illicit relations. While the mob were attacking the house a neighbor fired upon the mob, wounding five and driving the others away.

What an Abusive Husband Got.

MINDO JUNCTION, Vt., Sept. 18.—Wm. Frazier went home drunk and abused his wife. The woman threw a shovel of hot mortar in her husband's face and completely destroyed his eyesight.

FOUR MURDERERS SENTENCED.

MONTICELLO, Ill., Sept. 18.—The Holden-Russell murder trial ended yesterday, and the jury found the defendants Calvin Holden, Albert Durham, Mrs. Ann Eliza Holden and Edwin Holden guilty of murdering Harley Russell. Calvin Holden and Albert Durham were given the death penalty. Mrs. Holden was sentenced to 25 years in the penitentiary, and Edwin Holden sixteen years.

THIRTY-TWO SPANARDS MASSACRED.

SAN FRANCISCO, Cal., Sept. 18.—L. W. Owens, a merchant of Manila, who arrived here yesterday, says: "A terrible massacre occurred on Aug. 10 in the town of Ponape in the Caroline Islands. The Spanish soldiers were building a fortress on one side of the town, and left in the fort a number of rifles. The natives overpowered the guard, seized the guns and attacked the town. Thirty-two Spaniards were killed. Several Spanish men-of-war were sent from Manila to quell the disturbance."

LAST MOMENT DISPATCHES.

A grain and cotton storehouse at Alexandria, Egypt, has been burned. Loss, \$250,000.

Montreal's population is now estimated at 233,000, and the suburbs added will make it 285,000.

Twenty-one out of 33 deaths recorded last month at Kingston, Ont., were infants of a year and under.

The Austrian war ship Taras, reported to have foundered in the Black Sea, has arrived at Constantinople.

T. C. Carter, city editor of the Kingston (Ont.) Whig, was married to-day to Miss Debbie Snider, of Glenora.

The Cons has given directions for special exemption from conscription of all men who have widowed mothers dependent upon them.

Archbishop Clary, in the presence of many bishops from the States and Canada, will be given the pallium on Oct. 26 in St. Mary's Cathedral, Kingston, Ont.

The Tammany Hall (New York) Executive Committee formally opened the campaign of the fall of 1890 Wednesday by practically deciding upon a "go it alone" policy.

The scheme to construct a canal from Birmingham to the Mersey is being again considered, and it is said that capital is being offered in large amounts for the purpose.

The Russian manœuvre at Volhynia, in which 150,000 men were engaged, are private. No foreigners have been invited to the spectacle, and a strict watch is kept for strangers in disguise.

Rudolph Ranke, who about a month ago was arrested and jailed at Sarina, Ont., on a charge of setting fire to David Hunter's shop at Port Lambton, has been acquitted, having proved an alibi.

The steamships Teutonic and City of New York left New York Wednesday morning for another run across the Atlantic. The latter left at 6 o'clock, half an hour ahead of the former.

The King of Saxony dined with the Emperor at Kronstadt Wednesday evening. The grounds of the castle were illuminated and bonfires were lighted on all the surrounding hills.

It is learned that John Wilkinson, the contractor, whose sudden death near Calumville, Ont. is announced, took "Rough on Rats." He had been unsuccessful in business and became despondent.

President Ezeta, of San Salvador, has granted general amnesty to all political offenders. President Diaz, of Mexico, has sent a long cable to Ezeta congratulating him on the result of the recent election.

Chicago is making a crusade against the smoke nuisance, and a number of wealthy men have been brought to book for disobeying the law, among them the proprietor of the Palmer House, Rand & McNally and others. They were fined \$50 each.

A society wedding of the first order was solemnized Wednesday afternoon in the Church of the Ascension, Hamilton, when Miss Jessie Parker, only daughter of Mr. John E. Parker, James street south, was wedded to Robert S. Morris, of the Bank of Montreal. Mr. Morris, the groom, was assisted by Mr. Maurice Morris, of Toronto, and the bridesmaids were Miss M. Gibson, and Miss A. M. Hendrie. Miss Morris, sister of the groom, acted as maid of honor.

A TERRIBLE TRAGEDY.

Three Persons Shot Dead and Two Fatally Injured.

PORTSMOUTH, N.H., Sept. 18.—A terrible tragedy occurred here last night. Fred H. Hein, aged 45 years, a cooper in the employ of the Eldridge Brewing Company, has a family of three daughters, the eldest, Carrie, aged 15 years, keeping house for him, his wife, who it is said was unfaithful, having left him several months ago. Since she left it is reported that the girl Carrie has become wayward. Hein's trouble preyed upon his mind, and as a result two of his daughters and the mother of himself lie dead in the house, while at the hospital the third daughter lies dying with a bullet in her neck, and Charles W. Taylor, a well-known hardware merchant, whose name has been connected with that of Mrs. Hein, lies with two bullet holes in his back.

The story of the murders is: Chas. W. Taylor while entering his house about 7:30 last night was rushed upon by the murderer, who fired two shots, both of which took effect in his back. He is still alive, but will hardly recover. Shortly before 8 o'clock people in the vicinity of Hein's house heard five pistol shots fired in rapid succession, and Maud, the 13-year-old daughter of Hein, ran out crying with blood on her face, and a short distance when she fell, saying: "Father has shot me." The girl was taken to the hospital, where she now lies in a critical condition. Three shots were fired at her, and she died. The lower part of Hein's house was the scene of the murderer's most horrible work, and it shows evidence of a desperate struggle. The kitchen was covered with blood and everything was in great disorder. Just outside the back door of the house lay two bodies. Carrie, the oldest girl, lay with her face covered with blood, the bullet having entered the left side of her face, passing upward to the brain. Death resulted instantly. Across her prostrate form lay Bertha, the youngest daughter. When found she was unconscious, and expired in fifteen minutes, the bullet that caused her death having entered her head just behind the left ear. In the front chamber was found the dead body of Hein on the floor. A bullet had passed through his head from the revolver which lay by his side.

Fatal Fire in New York.

NEW YORK, Sept. 18.—A stable and a couple shops on West Forty-first street were burned this morning. Conrad Heebach and Chris Tschaulen were burned to death and two others severely injured. Thirteen horses were cremated.

Mr. Gladstone Booms a Book.

LONDON, Sept. 18.—Mr. Gladstone has made another author happy and probably started another book on the high road of success, as he did in the case of "Robert Elsmere," by giving them the benefit of his special notice. The author this time is Mr. Ball, the Irish astronomer, and the book is called "Starland." Mr. Gladstone writes Mr. Ball a cordial letter of thanks for a copy of his work, with which he declares himself delighted.

Steamers Arrived.

Sept. 17. Reported at From

Egyptian Monarch, New York.....London

Liberalist, New York.....Boston

Baragosa, New York.....London

THE SLAVE TRADE.

A Cargo of Kidnapped Africans Arrive at Cape Town.

The Bagamoyo Proclamation Said To Be a Myth.

British Journals Skeptical Regarding the German Disclaimer.

Effects of the McKinley Bill—Irish Leaders Charged with Conspiracy—Ravages of Cholera in Egypt.

Fifty Deaths Daily.

ROME, Sept. 18.—A sanitary commission has started for Massowah, where the deaths from cholera average 50 daily. Europeans are not affected.

LEBON, Sept. 18.—The city appears as if in a state of siege. The municipal horse and foot guards are on duty night and day in the main streets.

Emir Fashah's Progress.

ZANZIBAR, Sept. 18.—Emir Fashah has hoisted the German flag at Tabora, captured a lot of guns, ivory and cattle from Sultan Siko there and then proceeded to Sukuma.

The Brazil Elections.

RIO JANEIRO, Sept. 18.—It is officially announced that the elections are finished and that the majority secured by the Government proves conclusively that the people favor the maintenance of republican institutions. The Minister of Finance, the Minister of the Interior and many former senators and deputies have been elected.

Decline in the British Coal Trade.

LONDON, Sept. 18.—The imports of English coal into Russia during 1889 amounted in value to \$37,500,000, while this far in 1890 they have amounted only to \$2,000,000. The falling off is attributed partly to labor troubles, partly to hard times in Russia, and partly to the increasing output of Russian mines.

Irish Leaders Arrested.

DUBLIN, Sept. 18.—John Dillon was arrested this morning at his residence near this city and taken on a special train to Tipperary under a large military escort. Wm. O'Brien was arrested at Glengariff and taken to Tipperary. Warrants have been issued for the arrest of Messrs. Sheehy and Condon, members of the House of Commons, Patrick O'Brien and Rev. David Humphreys, of Tipperary. The charges on John Dillon are conspiracy and inciting the tenants on Smith Barry's not to pay their rents.

A Play To Be Avoided.

PARIS, Sept. 18.—Galignani's Messenger publishes an interesting interview with Frank Harris, editor of the "Fortnightly Review," on the "Passion Play." Mr. Harris says:

There is no place Christians should so carefully avoid as the Christman. Irreconcilable to the anachronism that disfigures this beautiful story and in that way lessens its effects on any one who sees it, it gives a blow at the tenderest part of the faith. It is a beyond expression. It certainly is doing violence to the instinctive reverence every Christian possesses to see Jesus in the play shaking his head with his finger, and a Roman soldier in a pantomime dress issuing a spear in a bag of claret that is concealed beneath the flesh-colored shirt of the Christman. The dialogue throughout is commonplace and vulgar, and the whole story has been debased into caricature."

Effects of the McKinley Bill.

LONDON, Sept. 18.—The Chronicle's Vienna correspondent says the prospect arising from the passage of the McKinley Tariff Bill, combined with the fact in gold, has lowered the price of mother of pearl 13 per cent. The mother of pearl manufacturer has closed their factories to avoid working at a loss, and 30,000 persons are thrown out of employment.

A special to the New York Herald from Manchester, Eng., says the rush to get goods over to New York as early as possible to avoid the effects of the McKinley Bill is so great that it is extremely difficult to secure tonnage, all the available space on the liners being engaged.

The City of Chester is full up, and Saturday's steamer cannot carry all the freight her owners have been asked to take. Consignments intended for New York are being sent to Boston at a cost of over 20 per cent more than direct rates. Many firms are working overtime at their mills, that ship may be made at the earliest possible moment.

LONDON, Sept. 18.—The merchants of Belfast are making every endeavor to place as much linen as possible into the United States before the McKinley Tariff Bill goes into effect. The steamer Majestic, which sailed from Liverpool for New York yesterday, has one of the largest cargoes of linen ever known to have been shipped.

The Slave Trade.

CAPE TOWN, Sept. 18.—Great excitement has been caused here by the arrival of a Portuguese steamer loaded with kidnapped natives from Mozambique en route to the west coast. The Tribunal here decided that it was unable to interfere with the steamer, but fourteen natives, in exchange, were declared free and the Tribunal refused to assist in recapturing them. The Government refused the matter to the Government at London. In the meantime the steamer proceeded.

BERLIN, Sept. 18.—The Reichsanzeiger says the principal German official at Zanzibar denies that a proclamation sanctioning the alleged slave trade had been published at Bagamoyo. The false report, he says, was probably circulated by the Arabs. Herr Vosen, for several years German consul at Zanzibar, declares it is impossible that the German slave proclamation, because the martial law only allows the Imperial Commission to act in any case.

The negotiations in regard to the African possessions of England and Germany are proceeding smoothly.

Lieut. Schell has gone to Bagamoyo to inquire into the reports about the alleged slave proclamation.

LONDON, Sept. 18.—The Times is skeptical about the German denial in regard to the alleged slave trade, and thinks Schmidt's inquiry is a very necessary one. The News urges Lord Salisbury to send a vigorous remonstrance to Cape Town with reference to the Portuguese slave steamer, and says he needs to reinforce England's measures for the suppression of slavery.

THE METHODISTS.

The Vote on the Superintendency Question.

Lively Discussion on the Use of Tobacco—Systematic Beneficence—The Tithe System Falls to the Pastor—Recommendations of the Committee on the Tobacco Question—Charges Against Dr. Sutherland.

MONTREAL, Sept. 18.—The General Conference has hardly yet emerged from the preparatory stage of its meeting. A large number of delegates are still present in receipt of notices of motion and distributing raw material to the various committees. The decision to have but one general superintendent for the next quadrennium. The Civil and Religious Liberty Committee spent the morning discussing Mr. Carson's letter to the Protestant Indians of Oka, upon which strong action may be expected. The Temperance Committee will recommend the Conference to send a strong deputation to the leaders of both the Conservative and Liberal parties and press for national prohibition.

The Statistical Committee state that the ministry of the church now numbers 1,763, an increase of 125 over the last quadrennium.

Dr. Withrow reported that a serious error had been made in the returns of the Sunday School Board. The increase of scholars for the quadrennium had been put at 5,778, when it ought to have been 24,768.

Rev. W. S. Laird presented the report of the Committee on Itinerancy, recommending the General Conference to enact such legislation as will permit ministers to remain on their circuit for four years.

Rev. R. Pearce reported for the Church and Parsonage Aid Fund Committee that no more loans be given to the Manitoba and the Northwest without the recommendation of the superintendent of Northwest missions or the chairman of the district.

Among the numerous notices are the following:

Dr. Dewar—to change the name of the church to "Methodist Church of Canada."

Dr. Carson—to have the Methodist Church occupying official positions be reduced to abstain from tobacco.

Senator Sanford—to have stationing purposes the church be divided into three groups: the first of the six eastern conferences, the second of the two western conferences, the third of the two western conferences, the fourth of the two western conferences.

When the report on the general superintendency came up, Dr. Parker moved the appointment of one additional superintendent for four years.

Mr. Warring Kennedy offered an amendment to the amendment declaring for three general superintendents and a superintendent of missions in the Northwest, the superintendent to take charge respectively of the mission, educational and superannuation departments.

Dr. A. Sutherland said that his idea for the past time had been to have the general superintendency be either merged in the office of the general superintendent, or the office of the general superintendent be merged in the office of the general superintendent.

Dr. Pirritte argued in favor of two superintendents.

Dr. D. G. Sutherland wanted to move a substitute, but it was ruled out of order.

The chair called attention to the special order for 4:30 p.m., that time having been taken up by the vote on the report of the Missionary Society.

Mrs. H. E. Ross, daughter of the late Dr. Williams, made an excellent report from the Missionary Society.

The membership had increased from 3,345 to about 8,000, the mission income from \$480 to \$22,000. The amount raised during the quadrennium was \$110,000.

At the evening session, J. H. Carson declared to have his anti-tobacco resolution referred to a committee, but moved it forthwith.

Rev. Dr. Burns declared that he was astounded at the resolution. He detested tobacco in every form, but thought as a citizen in the Methodist Church that the motion was a hollow mockery.

Rev. Dr. Dewar had always been strongly opposed to tobacco, but felt that there were many good men who could not do without it as a matter of law. He questioned the advisability of legislating in regard to details of conduct.

All. Boustead held that tobacco is an abomination, and as abominable as sin. He feared that the influence of officials of the church in using tobacco was bad on the youth of the land, and he hoped Mr. Carson's resolution would carry. Their greatest obstacle was Sunday school scholars as their excuse, "Mr. So-and-so smokes."

Dr. Burns moved in amendment, seconded by Rev. Dr. Douglas, in which all members, official and otherwise, were "recommended" to abstain from tobacco. Mr. Carson's motion "required" all officials to abstain.

Dr. Wilson classed tobacco with drink, and said that they should fight all these filthy lusts that were against the soul.

Dr. A. Sutherland thought all they could do by moral pressure they should do, but deprecated enacting a law they did not intend to enforce. He did not believe that any minister would be expelled for smoking.

Dr. Williams asked the use of tobacco, claiming that the same standard of purity of habits and morals should be required of both men and women.

Dr. Alexander spoke as a physician, and could not see how a man could use tobacco and be a Christian.

Rev. Dr. Douglas said he never forgot that they were a great legislative body, legislating the quarters of a million. Gravity became them as well as gravity. He excoriated and hated tobacco, and would say to those delegates who drew their pipes from the streets of Montreal that they are a dissonance, a disgrace, and it is not more law than they enforced. Was it not a fact that progressive culture had driven its shaft through the parlors of Toronto and Montreal Methodism, and was it not notorious that members of the church attended operatic and theatrical entertainments? (No, no.) He argued that they appeal to conscience in this matter and use the artillery of the pulpit.

Dr. Ford moved a resolution of Mr. Carson's resolution to a committee composed of Dr. Douglas, Dr. Burns, Dr. Woodbury, J. H. Carson and Dr. Ford.

Dr. Ford said he was taught to smoke by a Methodist minister 40 years ago, but he had long since given it up. He must surrender his religion if he used tobacco.

Dr. Ford's amendment was carried, and Rev. A. M. Phillips, Ald. Boustead, Senator Sanford and J. M. Ferris were added to the committee.

Dr. Platt read the report of the Committee on Systematic Beneficence, declaring that it was in accordance with the moral teaching of the Bible to give a tithe regularly to God's work, and condemning meetings and similar means of raising money. All members were urged to give at least one-tenth of their income.

Rev. Wm. Jackson contended that the percentage of the New Testament was according to each man's ability. The tenth was good, but it was Jewish. Mr. N. Williams held that this was in the line of Gospel teachings. The report was re-committed to the committee.

SPECIAL TO THE ADVERTISER.

MONTREAL, Sept. 15.—The Special Committee on Rev. Mr. Carson's anti-tobacco resolution has agreed on a somewhat milder resolution, emphatically recommending that every church official be urged to abstain from tobacco and especially that none who use it have a place in Sabbath schools or other educational institutions or in the ministry; their influence to have secular teachers abstain from tobacco.

Before the Missions Committee this morning, Rev. Mr. Campbell formulated charges against Missions Secretary Sutherland, comparing figures of salary and traveling expenses, etc., with similar items among the Presbyterians. He complained of the multiplication of officers. Dr. Sutherland replied point by point.

Dr. Potts declared he had heard no grumbling from the largest givers in the church.

Dr. Griffin said the secretary's explanation was satisfactory, but items should not be generalized.

On Dr. MacLaren's motion a small committee was formed to report on the question.

UNDER THE SEMAPHORE.

Sir Henry Tyler Talks to the Stratford.

Trains are crowded with summer tourists homeward bound.

The Lake Shore is relaying the switches in the Buffalo yards.

The Illinois Central is said to have gobbled the Mobile and Ohio.

It is rumored that the Michigan Central will begin their new \$20,000 station in Windsor next spring.

The Chicago and Erie is being thoroughly ballasted. The main line of the Erie is also being put into similar good shape.

An interesting contest is being made for the post of superintendent of the Lackawanna at Elmira. It pays about \$2,000 a year.

The Lake Shore has ordered about 1,200 cars for next summer's delivery. The order is made necessary by the wearing out of the equipment.

All but five of the old conductors of the Grand Rapids and Indiana have been dismissed from the service of the company in the last 30 days.

Trade receipts on the C. P. R. for the week ending Sept. 14 were \$377,000; same week last year, \$369,000. Earnings of New Brunswick Railway are included in both years.

The Lackawanna has issued an order to its conductors that hereafter coupons from the company will not be detached for less than five miles. The order has been in force on the Erie for some time.

A scarcity of competent telegraph operators for railway service is complained of. This is said to be due to the Erie of Railway Telegraph Operators, which insists on competent men being employed in railway telegraph offices.

The official statement of the Northern Pacific Railroad Company for the year ended July 1 shows: Earnings, \$22,610,502; increase, \$2,903,035; expenses, \$13,080,136; increase, \$1,225,595; net, \$9,529,366; increase, \$1,077,440; surplus, \$575,159.

It is asserted that the Pennsylvania Railroad's new train shed in Jersey City will have the largest span in the world. It will be 256 feet long, 17 feet longer than the celebrated St. Pancras Station in London. The building will be 90 feet high in the middle.

The stockholders of the Wahash Railway Company elected the following directors: D. Adams, R. C. Reynolds, George J. Gould, Sydney Dillon, Edgar T. Welch, Thomas T. Hubbard, Henry K. McHarg, John T. Terry, C. J. Lawrence, Jas. J. Joy, James S. Sags, James F. How and Charles M. Hayes.

Mr. C. P. Lamprey, State agent of the West Shore Fast Freight Line at Syracuse, has resigned, and will retire on Oct. 1 to become connected with the New York and England line via Newburg, having charge of Massachusetts and Connecticut, with headquarters at Boston.

W. H. Fisher, president of the Duluth and Winnipeg Railway, at Winnipeg to arrange for the building of the line from Winnipeg to a point on the Minnesota boundary near Lake of the Woods, to connect with the main line to Duluth. If arrangements cannot be made with the Manitoba Southeastern people the Winnipeg and Duluth will build an independent line.

The freight and traffic agents of the C. P. R. and the G. T. R. met at the Grand Trunk office in Toronto Wednesday afternoon. The conference was about matters in which the interests of the trunk lines touch each other. No action of any kind was taken. The winter freight rates will, some of them, come into effect on Nov. 1, and the others on Nov. 15.

Vice-President Felton of the Erie says: "The railroad business of the country, judging from the business, is beyond all previous proportion. The

GENERAL ELECTION PREPARATIONS.

A Maritime Province Tory contemporary

says it has good authority for stating that

there will be no Dominion general election

until after the census is taken in April next,

and when the present Parliament has died

a natural death.

Perhaps so; but we happen to know that

prominent supporters of the Dominion Gov-

ernment have more than hinted that the

question of holding a general election be-

fore another year elapses has been con-

sidered in the inner chambers of the Ot-

tawa wirepullers, and that no settlement

has been arrived at.

The Tory leaders are between his Satanic

Majesty and the deep sea, and they are in

a state of hesitancy as to what they

should do. They know what they

deserve, and they fear the results

flowing from their policy of high taxation,

restrictionism and extravagance. This is

made apparent in the hedging which is now

going on in Government circles. Were

the fact not notorious, it would be hard

to believe that the servants of the combi-

nation were so anxious to have reciprocity,

have reciprocity, have reciprocity, have

reciprocity, have reciprocity, have reciprocity,

have reciprocity, have reciprocity, have

A RECIPROCITY LEAGUE.

The seriousness of the situation between

Canada and the United States is only be-

ginning to be realized, now that the Mc-

Kinley Tariff Bill has passed through the

Senate.

We in Canada had our own tariff bill of

last session, when the duties on many goods

were largely increased. There were many

Canadians who thought that the conduct of

our Government in framing that measure

was exceedingly foolish, as they believed

its effect would be to provoke a retaliatory

measure at Washington. This view of the

situation was forcibly presented to the

Government in and out of Parliament, and

a moderate course was advised. It was

known at that time that a revision of the

United States tariff was contemplated, and

among all who are friendly to the main-

tenance of commercial intercourse between

the two countries it was felt that nothing

should be done by the Canadian Parlia-

ment to give the Congress of the United

States an excuse to make the protective

policy of that country more formidable

than it was.

But our rulers at Ottawa were deaf to

every protest, and with few exceptions

their followers in the House of Commons

voted steadily for the increased duties

which the Foster Bill proposed. And now

we see that what was feared by members of

the Liberal party has come to pass.

McKinley has followed the example set

by Foster, and improved upon it. The

provisions of his bill in so far as relates to

agricultural products are bound to be

severely felt by the Canadian farmer, es-

pecially in such articles as barley, oats,

peas, beans, hay, potatoes, horses, cattle,

sheep and eggs, almost all of which are well

prohibited. It is no doubt true that in the

case of some of those articles a portion

at least of the duties will be paid by the con-

sumers; but the natural effect of the tariff

will be to restrict trade, and instead of send-

ing 10,000,000 bushels of barley to the

United States under a toll of 10 cents per

bushel, it is almost certain that we shall

not send 1,000,000 bushels under a toll of

30 cents. And so with everything else

which has heretofore found a market in that

country; the tariff wall will shut out a very

large proportion of what under the old

rates found a natural market there, and it

does not appear that openings are readily to

be found elsewhere.

The two countries have been led by the

natural jealousy to believe that they can

grow in strength and vigor by the childish

and foolish resort of thumping heads, and

like foolish boys they will be provoked to

keep on thumping heads until both are

sore and men can influence them to adopt a

sane policy. It is hard to believe that the

70,000,000 people inhabiting the United

States and Canada are simple enough to be

tricked into doing each other grievous

wrong under the guidance of two such men

as McKinley and Foster, neither of whom

appears to know the A, B, C of inter-

national commerce.

There are signs already visible of a

strong reaction against the policy of non-

intercourse, and if some recent suggestions

are followed up we need not fear that the

restrictionists can do. One of the best of

these suggestions has come from Mr. John

Hallam, of Toronto, a gentleman who until

recently viewed with disfavor such a scheme

of reciprocity as has been proposed by Sir

Richard Cartwright in the Canadian Parlia-

ment. Mr. Hallam sees clearly the gravity

of the situation, and he not only favors a

policy of reciprocity now, but he strongly

advises the formation of a reciprocity

league for the express purpose of educating

the citizens of both countries into the

acceptance of free trade between them.

The suggestion is an excellent one,

and if, as Mr. Hallam proposes, a fund of

\$100,000 be raised to employ lecturers and

print and distribute literature, we feel con-

fident that in so far as Canada is concerned

a favorable decision will speedily be ob-

tained. The idea is not novel, and the

scheme is eminently proper. The Free

Trade League of England is a worthy

precedent for us to follow, and if success is

to be attained and the policy of restriction

overturned we should not hesitate to adopt

reasonable methods for the shaping of pub-

lic opinion.

A war of tariffs, such as Foster and Mc-

Kinley have urged their utmost to declare,

means industrial disaster in which both

sides must suffer. Let us avoid it if yet

possible, and let us organize a Reciprocity

League to send the schoolmaster abroad.

We want free trade with the United States,

the Central American States and all the

States of South America.

PERSONAL AND GENERAL.

—Fruit growers are always ready to blame

the weather when any shortage of yield is

experienced, but a veteran peach grower

asserts that climatic drawbacks are not

alone responsible for the troubles that have

of late years been so frequent. Proprietors

of orchards, he says, are too apt to starve

the soil, just as wheat growers in many of

the older settled regions have done, and the

result is certain: crops will fail or greatly

diminish in yield. The earth must be

liberally replenished, or it cannot supply

the necessary nourishment for fruit trees,

or for anything else.

—The arguments in favor of vegetarian-

ism as set forth in the Canada Health Jour-

nal are briefly stated, that it is cheaper

than a mixed diet (a given acreage of wheat

supporting ten times as many men as the

and increase the number of vegetable

potatoes, and vegetable beans, as well as

fruit apples, fruit pears, and fruit grapes.

Better health would be the result, and also

more wealth, for we could then export our

superfluous cattle and hogs to other

countries.

—Hon. G. W. Ross was unable to be

present at the annual reception of the To-

ronto Gaelic Society, but he sent the fol-

lowing letter:

What is Scrofula

It is that impurity in the blood, which accumulates in the glands of the neck, produces unsightly tumors or swellings; which cause painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cure it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

Hood's Sarsaparilla
Sold by all druggists. Price, 25c. Prepared only by C. L. HOOD & CO., Apolonia, Lowell, Mass.

THE KENNEL.

CANADIAN KENNEL CLUB MEETING.
TORONTO, Sept. 18.—The annual meeting of the Canadian Kennel Club was held last evening in the superintendent's office in the bench show building at the exhibition. Dr. J. Wesley Mills, of Montreal, one of the vice-presidents, occupied the chair.

Mr. Glass presented the treasurer's report, showing receipts amounting to \$174.75, and a balance on hand of \$95.17. The club is in a prosperous condition, and the number of dogs now registered reaches over 1,700, though the registration fee has been doubled.

The working amendments to the rules made by the Executive Committee since the last meeting were endorsed by the club. An amendment to the rules to the effect that no dog qualified for the challenge class shall be allowed to compete in the open class, where no challenge class is provided, was adopted. It was decided that the list of gentlemen recommended as judges should be decided by the annual meeting, and that the list be selected by ballot.

The Kennel Gazette, of Toronto, was decided on as the official organ of the club. In future a mail vote of the Executive Committee can be taken for the Gazette, and a distance cannot attend the place of meeting. Officers were elected as follows:

Honorary president—Richard Gibson, Delaware.
President—J. Lorne Campbell, Simcoe.
Vice-presidents—Dr. J. Wesley Mills, Montreal; Geo. C. Taylor, Toronto; Thos. Johnson, Winnipeg.
Secretary—R. P. Glass, London.
Executive Committee—Dr. J. S. Niven, London; C. A. Stone, Toronto; H. B. Denovon, Toronto; A. W. Palmer, Woodstock; H. Bedington, Hamilton; H. Corbett, Kingston; P. G. Keyes, Ottawa; J. G. Mitchell, Toronto.

THE TURF.

Long Shot ran third to Bargain and Jasper in a six-furlong race at Chicago yesterday.

The Chicago Horseman says if Roy Wilkes and Hal Pointer are matched for \$5,000 a side, the race will probably take place at the Detroit track.

WINDSOR RACES.

WINDSOR, Sept. 18.—The races yesterday resulted as follows:

3-minute trot and pace, 6 heats, for \$250:
Phil. W. 2 3 3 1 1
From Ohio 1 2 1 3 2
Time—2:26, 2:27, 2:28, 2:29, 2:30 (unfinished).
2:27 trot, purse \$250, 5 heats:
May Mitchell 1 2 2 2 1
Tom Hall 2 3 3 1 1
Slick 3 1 1 2 2
Major A. 2 3 1 1 2
Roadmaster 2 3 1 1 2
Time—2:31, 2:30, 2:29, 2:31, 2:35 (unfinished).

BASEBALL.

National League—At Cleveland (first game), Pittsburgh 4, Cleveland 17 (second game), Pittsburgh 3, Cleveland 6. Chicago 6, Cincinnati 6 called at end of 12th, darkness. The New York-Pittsburgh and New York-Boston games were postponed on account of rain.

American Association—At Columbus (first game), Columbus 5, St. Louis 6 (second game), Columbus 6, St. Louis 10. Rochester 10, Syracuse 13. Louisville 13.

Players' League—At Chicago (first game), Chicago 11, Buffalo 6 (second game), Chicago 3, Buffalo 1. Philadelphia 6, Boston 4. Cleveland 6, Pittsburgh 1. The New York-Brooklyn game was postponed on account of rain.

Handle Richardson leads the Players' League as a home run in other cities. Yesterday the Syracuse Stars failed to make a single hit off Titcomb yesterday.

Anson's climbers are only six points behind Philadelphia for third place.

The Boston League Club has signed all but three of its players for next season.

Manager Burnham has signed a number of the New Haven team for next season.

Coniskey offered to manage the Philadelphia team next season. He valued his services at \$10,000.

The Imperials and G. T. R. will give a benefit on Saturday afternoon to Flayer, who broke his arm in a recent game.

Nagle and Kittridge, of Chicago, it is said, will leave Anson's team at the end of this season to join the Players' League.

Larouque played a great game at second, and accepted every one of the ten chances offered him. He is putting up a great game at present.—(Cleveland Leader).

THE RING.

The Metropolitan Club, New Orleans, offers a purse of \$5,000 for a fight between Dempsey and Fitzsimmons.

The lightweight battle between Andy Bowen, a New Orleans aspirant for light-

weight championship honors, and Johnny Carroll, of San Francisco, was fought in the gymnasium of the Olympic Club, at Montague, La., on Tuesday. The fight was for a purse of \$5,000, \$2,500 to the winner and \$2,500 to the loser. About 5,000 people paid \$5 or \$3 each to see the mill. Bowen weighed 130½ pounds and Carroll 123½. Bowen lost in the 21st round. He was terribly punished but had no complaint to make. Carroll was unhurt save a swollen upper lip. Time of fight, 1 hour and 24 minutes.

SWIMMING.

Chris Holderman, the one-legged swimmer, who took first prize at the Bon-southwest handicap races on Saturday, lost his limb in a most curious manner. He was a newboy, and while idling away his time on a dock one sunny morning dashed his leg between two spiles. A puffing tug trying to effect a landing crashed up against the side of the pier with such force as to drive Bowen's leg was cleanly crushed off. Despite his misfortune he is a lively young man and a swimmer of no mean ability.—New York Sun.

FOOTBALL.

The Rovers' Football Club, of Chatham, has elected the following officers: President, E. W. Soane; vice-president, O. L. Lewis; secretary, F. C. Cairns; M. P. C. Lachlan and S. Stone; secretary-treasurer, G. F. H. Ripin. The club has every prospect of a successful season, and is ready to arrange matches with eastern teams.

The Stratford Rugby Football Club is this season officered as follows: T. B. McIntyre, M.P.P., hon. president; James Macfadden and Dr. Ahrens, hon. vice-presidents; K. Eardley-Wilmot, president; W. P. Hubbard, first vice-president; T. Ballantyne, jun., second vice-president; P. C. Womham, secretary-treasurer; J. B. Ewan, captain; committee, Messrs. Hampden, Macfadden, Van Baskirk, Dr. Mawie, D. Smith.

CRICKET.

TORONTO, Sept. 18.—The Rosedale cricketers defeated the gentlemen from New York yesterday by a large majority, making 140 runs for five wickets. Cosmopolitans made 40 runs, breaking down completely and followed on their second inning, making 28 runs for five wickets, when they had to leave, thus giving Rosedale the match by 72 runs.

THE WHEEL.

The Detroit wheelmen have arranged a road race from Pontiac to Detroit, 26 miles, to occur the first week in October. A medal and four other prizes will be given.

The members of the Forest City Bicycle Club propose holding a grand wind-up at Queen's Park after the Fair. Two "unknowns" will compete in a mile dash for glory and something more substantial, while there will be also races for this year's riders, and several other interesting events.

THREE RECORDS LOWERED.

PONTIAC, Sept. 18.—Records still continue to come down on the Pontiac track. Bert Myers made a trial for the five-mile mile's unicycle record on Tuesday, lowering it from 19:55 to 18:56.25. Every mile from the two-mile to the five-mile was below the previous world's record. H. E. Lawrie lowered the one-mile American pneumatic tire safety record from 2:32 to 2:27.15. The first quarter was made in 38.15; half in 1:15.15; three-quarters in 1:51.45; mile in 2:27.15, with an unfavorable wind. Myers and Lawrie lowered the American tandem record for two miles from 3:21 to 3:15.15.

ATHLETICS.

Harry Jewett's record for the running hop, step and jump, which is 44 feet 8½ inches, has been accepted as official by the Athletic Union.

AQUATIC.

Dennis Donohue, of Hamilton, and W. J. Rodgers, of Worcester, Mass., have arranged a sculling match for \$500 a side, to take place at Lake Onondaga, near Syracuse.

SPRINTING.

Messrs. George Birrell and Robert Lind had a friendly 100 yards dash in Tecumseh Park last evening. Lind came off victorious, with a good lead.

THE TORONTO INDUSTRIAL.

Farmers' Day at the Fair—Splendid Attendance—Notable Visitors—From the United States.

TORONTO, Sept. 18.—Yesterday was the farmers' gala day, and never before have agriculturists of the Province thronged in such vast numbers to the Exhibition grounds. The farmers' institute gave their patronage, and the people came in thousands from all parts of the Province. The weather was glorious. Every department of the splendid collection of the agricultural, industrial and mineral products of the Dominion was at its best. The horses were exhibited in the ring, the cattle with their well-earned trophies of the previous day's victory were in the sheds, the sheep were in the pens, and the dogs were in their benches—all inviting inspection, and well the inspection was repaid.

Among the distinguished visitors were the Earl and Countess of Aberdeen, Hon. John Dryden, the newly-appointed Minister of Agriculture, and Hon. Edward Blake. The gentlemen were present at the official luncheon, and made timely speeches. A great feature of attraction for several days has been the flights of carrier pigeons, which have carried messages to and from London, Guelph and other cities. Yesterday one of these winged messengers arrived with a greeting to the Earl of Aberdeen from the Mayor of Guelph. The message was taken from the pigeon in the presence of Lord and Lady Aberdeen, and the bird was christened Gordon by her Ladyship.

In the ring Rosebery and Glenora, the two high jumpers who did such remarkable work on Tuesday, gave exhibitions. They both cleared two five-foot fences eight feet apart, which is an exceedingly clever leap. A special prize of \$50 has been offered by the Exhibition people to Rosebery for a jump to beat his recent British turf record of 7 feet 7 inches. He will be sent for the jump this afternoon, and his owner has little doubt that he will succeed.

The firemen on the grounds are proud of their hitting record. They strung out 350 feet of hose and had a stream flowing in 54 seconds.

The receipts at the Exhibition yesterday were \$15,900.40, and for the corresponding day last year, \$16,051.15.

NOTABLE EXHIBITS.

TORONTO RADIATOR MANUFACTURING COMPANY (LIMITED).

The grandest exhibit of radiators for hot water and steam heating at the Exhibition is that of the above company. Their exhibit is in the stove building, and is composed of all the different sizes and styles which they manufacture. The general expression made by all who have seen the exhibit of radiators is emphatically that the "Safford" patent radiators down all other radiators for efficiency, durability and beauty of finish. These radiators are constructed together with the Safford nipples, doing away with all the unsightly bolts, which have proved to be a failure by all who have used radiators constructed in the backwoods manner. These radiators have no bolts or packing of any kind, and each radiator is tested, before leaving the factory, to 120 pounds pressure,

thus insuring them against all leaks or possibility of giving their users any trouble. This company is composed of some of the best men in Toronto, each stockholder having a thoroughly practical knowledge of the construction of radiators. Their factory is situated on Millaria street, Toronto, and is the largest radiator works in North America. All the large public and private buildings, heated during the past few years by radiators, are supplied with the "Safford Radiator Plant." The latest contracts are for the new Upper Canada College, the School of Practical Science, and the new Board of Trade building.

THE REINHARDT MANUFACTURING COMPANY.

As the holiday season approaches the curiosity of the public to ascertain the latest novelties in fancy goods very naturally increases. This curiosity is more than gratified by a peep at the exhibit of the Reinhardt Manufacturing Company, of Montreal, which is located on the first gallery of the building, near the southern door. Here can be seen a display that is replete with all the colors of the rainbow, and that is beautiful in the arrangement of the goods. It may not be out of place to describe a few of the articles for presents that are here shown. There are dressing cases in plush and satin of all shades and in all descriptions of fancy leather, mantraine cases, workboxes to charm the hearts of the fair sex, all filled in ivory, celluloid ivory, black or oxidized ivory, or cases filled with fine cut glass bottles, jewelry boxes, and with the cutlery of queens, whisks and holders, Indian novelties, jewelers' cases, paper boxes and all kinds of fancy goods and bric-a-brac. The Reinhardt Manufacturing Company sell to the wholesale and retail trade in fancy goods of this description can save enough money to pay their expenses to the exhibit, and to have a chance to win a prize. The goods of this description as can be produced. The oxidized silver goods form a new feature that is rapidly coming into favor, being considered a thing in the United States. The exhibit is in charge of Mr. M. M. Vardon, who will be at 67 Yonge street after the close of the Fair, to sell full line of samples suitable for all comers.

FAMILY KNITTING MACHINES.

Creechman Bros., of Georgetown, Ont., manufacturers and exhibitors of family and steam-power knitting machines, claim to be the pioneers in Canada in manufacturing these useful machines, and take pride in referring to their eighteen years' success and experience as to their many ingenious and practicable inventions in knitting machines, the latest of which must prove a boon to millions of homes now waiting for it. It is a cheap family knitting machine, called the Dollar machine, its real value is in the happy thought of the inventors which cannot fail to make home life easier and happier. The roller maker not only speaks for itself, but every body speaks about it who sees it, or hears of it. It will be found in the main building where they give free the gold and silver dollar advertisement. Get one; it is worth dollars. Look out for this interesting exhibit at London Fair.

J. & J. TAYLOR'S SAFES.

Visitors to the exhibition this year will miss the display of safes by the celebrated safe manufacturers, J. & J. Taylor. The reason that they are not represented at the grounds this year is on account of the immense work entailed in remodeling and extending their factory in Ripa street. That work is now completed, and the establishment is said to be the most complete of its kind on the continent. Messrs. Taylor, to make amends for their non-representation, extend a cordial invitation to all to visit their factory and see how the safes are manufactured. The people have seen their safes, and it is not novel and more interesting now to see how they are made. As kinds, from the smallest to the ponderous bank vaults, are in process of manufacture. The factory is in Eglantine street, east of Jarvis street.

MORSE'S TOILET SOAP MANUFACTURE.

In the northwest portion of the main building there is a burning of machinery and a delightful odor that greets the passer-by. Here is situated the machinery in operation, which shows the various processes of fine toilet soap manufacture. The soap in pure white chips passes through granite rollers, coming out like endless ribbons, and from thence it is placed in another cannon like machine which turns out the soap in hard polished bars, which in due time are cut, pressed and packed in the presence of the curious crowds that press forward to see the interesting exhibit. The delightful perfume from their Persian bouquet (which was in course of manufacture yesterday) was a never-ending charm to the ladies, who were especially pronounced in their admiration of this brand of toilet soap. Messrs. Heliotrope also came in for a good share of appreciation. As the Morse Soap Company (John Taylor & Co., proprietors) are extensive perfumers—a handsome case of which is attached to this exhibit—it is no wonder that their products are found in every house in London. "Morse's Mottled" especially is known from one ocean to the other. Everybody should see this interesting exhibit.

THE HAPPIEST MAN IN THE CARRIAGE BUILDING.

The happiest man in the carriage building yesterday was Mr. McLaughlin, of the McLaughlin Carriage Works, of Oshawa, Ont. They brought along about fifteen samples of their ladies' cars, Concord buggies, spindle buggies, phaetons, and stables, surreys, etc., and already they have sold twelve. How is that? Simply the superiority of their goods. They put on the market a buggy that is in demand everywhere, and travelers have no difficulty in making sales. The factory, which employs 100 men, is constantly pushed to get out their orders, and enlargements are being made all the time. A very fine view of the immense works gives the visitor some conception of the extent of the company's operations.

QUEST CURTAIN WORKS.

One of the most attractive and prominent exhibits in the main building is that made by Messrs. Samuel Rogers & Co., manufacturers of the "Quest" Machine Oil. This firm have always not only made their exhibit most attractive to the eyes, but have taken pains to show goods of their own manufacture and worthy of their own reputation.

That their goods are of high merit is proved by the fact that they have received twelve gold medals during the last seven years at the long catalogues of Canada. The high character of the firm in integrity and ability is shown in the immense increase of their business. From year to year enlargements of their plant and facilities have been necessary by the constantly increasing demand for their goods, which are now widely known from the Atlantic to the Pacific. In 1877 Mr. Rogers conceived the idea of making Toronto the trade center for lubricating and other oils. He erected a factory and warehouse, and for the purpose of handling oil more cheaply in bulk constructed tank cars and on his premises large underground fireproof tanks. The peculiar construction of these tanks, being entirely surrounded with water, enables the firm to safely store and handle immense quantities of oil without loss and always give their customers the benefit of fresh filled barrels. A large number of their own tank cars are now kept constantly running between the

oil districts and Toronto, Ottawa and other points established as distributing stations by the firm. They also import from the United States about 10,000 barrels annually. Their new factory on Princess street, Toronto, is perfectly adapted to the needs of their large business in the manufacture of the superior lubricating oils and greases of which the firm makes a specialty. The very best appliances for the use of heat, chemical action, etc., a legion of storage tanks, miles of piping, etc., enable the firm to manufacture goods cheaply and of a uniformly high quality. To do this has been their aim from the beginning. Mr. Rogers started out with the belief that business worth doing is worth doing well, and to succeed in these times of close competition one must keep ahead by taking advantage of all inventions and new information in any way useful to the business, and that no pains should be spared to turn out the best goods in the market. The result is as expected. Toronto now stands as the center for the manufacture of fine lubricating oils and greases, and no firm in Canada of any importance now attempts the manufacture and sale of this line without in some way being represented in Toronto. The push and energy and the advertising seal of Messrs. Rogers & Co., coupled with the reliable and high quality of their goods, have largely brought this about. It is not necessary to name their manufactures in detail; their bearings are widely known; cylinder oils, engine oils, fine lubricating greases and burning oils of every description are made by them. In addition to the lubricating and burning oils and greases they manufacture various specialties, such as hoof oil, liniment, glycerine, harness oil, etc., etc., all of which are widely known to the public.

Lost with All Hands.

DULUTH, Sept. 18.—Captain John H. Coulter, of the steamer Louisiana, and Captain J. T. Hutton, of the steamer John, which have arrived here, confirm the loss of the schooner Comrade. Captain Coulter passed through the wreckage of a vessel between Eagle River and the Portage Canal on Sunday afternoon. Captain Hutton stated that at 6:30 Monday morning the same vessel he passed through wreckage consisting of a vessel's forward hull, mizzen mast and yard. The yard was up, side down, and bore the name "Comrade, of Huron." There is no doubt that the hands went down by the capsizing of the yard.

SURVIVOR STE. MARIE, Sept. 18.—

The Windsor reports passing through considerable wreckage, such as bulwarks and hatches, and it is thought that it is from the Comrade. All vessel men here have given up the schooner.

Teeth extracted without pain.

Consciousness retained during the entire operation. Parents should pay strict attention to children's teeth from the age of three years. O. H. ZIMMER, Dentist, 162 Dundas street.

Only 50 cents admission to the Strauss concert.

The Business Outlook—Resignation of Dr. Canniff—John Kent's Will.

TORONTO, Thursday, Sept. 18.—The general trade has been fairly active during the week under review. A large number of people are in the city, being attracted by the Exhibition, and retail as well as wholesale merchants are being benefited more or less. The leading staple goods continue firm in price. The feeling is hopeful, and a profitable summer business is expected. Stocks are within bounds, and a steady advance is fairly satisfactory. Flour and grain dull and featureless. Payments show signs of improvement.

The School opens on Monday, 23rd. The will of the late John Kent was filed for probate yesterday. The estate is valued at \$44,651, of which \$21,600 is real estate and \$23,051 in life insurance. All the rents and income derived from his real and personal estates are bequeathed to Mrs. Kent during her lifetime and widowhood. In lieu of dower Mrs. Kent is left all the proceeds of the entire estate to be sold and the proceeds equally divided among the children, subject to the discretion of the executor.

St. Andrew's market was formally opened yesterday morning by Ald. Frankland, acting-mayor, in the presence of a small gathering of citizens.

Health communication was read from Dr. Canniff, medical health officer, resigning his position on the ground of being unable to perform the duties of the office satisfactorily. The resignation was accepted and it was determined to advertise for a successor. The salary will be \$2,400.

John Elliot, of Sherbrooke, Que., went into a house of questionable repute and lost a roll of bills amounting to \$600.

In the case of the City vs. the Dominion Telegraph Company, to recover amount of a bill for advertising space, the defendants for 1882, 1883 and 1884, defendants were not liable to assessment at \$50,000 under provisions of the Assessment Act, and Judge Falconbridge held that their claim was established, and dismissed the action with costs.

Yesterday a number of the directors of the Y. M. C. A. assembled to welcome Lord Aberdeen, who promised to visit the building. Lord Aberdeen was greatly delighted and interested in all he saw, and congratulated the directors upon having made a fine, attractive resort for young men with such excellent facilities and complete equipment for carrying on a successful work. He also thanked the directors for their kindness in meeting him and giving him the opportunity of seeing what was being done to provide healthful recreation and promote the highest and best interests of the young men of Toronto.

Riding School Notice.—Riding lessons will be resumed on Monday, Sept. 15. For time and terms apply to Fulcher's livery. J. FULCHER, riding master.

If you use ink you should see the bargain offered by Allister, 180 Dundas street.

25-60

Strauss Orchestra to-morrow night, Princess Rink.

TORONTO LETTER.

The Business Outlook—Resignation of Dr. Canniff—John Kent's Will.

TORONTO, Thursday, Sept. 18.—The general trade has been fairly active during the week under review. A large number of people are in the city, being attracted by the Exhibition, and retail as well as wholesale merchants are being benefited more or less. LONDON AND ENVIRONS.

—City Council meets to-night.

—Mr. Oscar Guillemont, of this city, is in Toronto attending the Fair.

—Mr. E. E. Emmett left to-day for Woodstock, where he intends to take a course in college.

—Mr. Phil Powers, the National League umpire, spent a few hours in the city with his family to-day, while en route to Chicago.

—The church wardens of St. Paul's Cathedral is advertising for tenders for the various works required in remodeling that edifice.

—On Sunday, Oct. 19, the consecration of Right Rev. O. O'Connor, as bishop of London, will take place at St. Peter's Cathedral.

—Theodore Degraw, of Strathroy, was charged before Judge Elliot with being dangerously insane. He was remanded for two weeks.

—B. R. Burwell, who has been sentenced to the Central Prison for perjury was taken there this morning by Constable Snider.

—Mrs. Robert Logan, of Thorncliffe, is visiting her son, Mr. R. Logan, of the G. T. R. Mrs. Logan was 90 years of age on Aug. 12, and is still hale and hearty.

—Henry Antoine, a Delaware Indian, is anxious to sell here to-day in default of sureties to keep the peace with some of his neighbors. He has a 30-days' term to put in.

PREPARATION DAY.

The Western Fair and its
Many Attractions.

Commencement of the Best of Cana-
dian Fairs.

Notings Regarding What is to be Seen
and Heard—Thousands of Visitors
Expected.

Ready!
Everybody come.
Let the flags float.
Exhibits are piling in.
Western Ontario's Fair.
Music by six different bands.
Everything is assuming shape.
Saturday will be children's day.
The dog show will be a wonder.
Queen's Park is clean and well kept.
An alligator has been placed in the new
pond.
At noon to-morrow the public will be ad-
mitted.
"Meals at all hours," is the sign on many
houses.
Tuesday the Earl of Aberdeen will be
present.
The scene was a busy one, but it will be
busier still.
Hundreds of strangers have already ar-

At the fourth annual meeting of the Division of the American People in Toronto yesterday, Mr. W. J. McIntosh, of this city, was elected president. Among those present was Squire E. S. Jarvis, of this city.

—Mr. George Drifill, lately of Detroit, who has been visiting her friends in this city and Toronto, started yesterday for her new home in Cleveland, Ohio, where she is the proprietor of a large hotel. Mr. ARTHUR establishment—has engaged in business.

—Mr. George Bartley left today for Vancouver, B. C. He was a delegate to the Dominion Trades and Labor Congress at Ottawa, and has been visiting friends at Toronto and London. He formerly resided in this city, having come from the Arizona news room to the Pacific Coast about eighteen months ago.

—John Butson was arraigned before Judge Davis this morning on the charge of conspiracy to defraud the Canadian people, sentenced to one year's imprisonment in the Central Prison. It will be remembered the

The live stock sheds and horse stables are nearly all taken up.

The merry-go-rounds and swings are ready for the children.

Fifty drinking fountains will supply water to the multitude.

Machinery Hall can be seen immediately on entering the grounds.

"Wonderfully busy for an early day," said Vice-President Little.

One hundred electric lights will illuminate the grounds each evening.

Prof. H. W. Henshaw will give fireworks exhibitions on two or three nights.

Superintendent Hook and an army of assistants are kept constantly busy.

Prof. Henshaw will be in the building show more taste than in former years.

The Western Fair offices have been removed from Richmond street to the grounds.

The people will be conducted under the rules of the American Trotting Association.

Every day along a stream of wagons, carts and trees cars has been going towards the Exhibition.

SMITH'S PATENT HYDRANT.

This hydrant is acknowledged by all mechanics to be ahead of all others. Its popularity is shown by its demand; favor it has attained. Public are warned—other dealers who claim to have a hydrant which can compare to a straight-way valve. A straight-way valve has no seat to be subjected to the action of any liquid, therefore a hydrant to be compared to a straight-way valve must have no seat to be subjected to the action of the water, and there is no other hydrant running under Smith's Patent Hydrant without a seat, and it is impossible to have the only straight-hydrant. All other valves are subjected to the action of the water, and the majority of them will have to be changed inside of a year for the same reason, and at extra cost. This new hydrant is designed to guard against. For sale by the patentees; price \$10.

SMITH BROS., Plumbers, 73 King street

The child was found near the Grove Street, London, Ontario, station, where Watson, brother of the child, will be tried at the December sessions.

Strains in Toronto.

The Globe says: "The miscellaneous selections played were very well rendered by the orchestra, and included a grand march of ensemble, and as to gradations of tone power, some splendid crescendos and, more difficult still, some really wonderful diminutions being produced. The effects in this respect are frequently electric in their force; in fact Strains is nothing if not a believer in contrast. But it was in the dance music that both conductor and orchestra shone in their brightest. And it was this that made us yet an elasticity of expression that clearly showed the grounds for the fame and popularity of this world-renowned band. Shading of tone, extreme in its contrary way, leading to the most delicate and subtle effects, combined with a tender and ravishing caress of speed, make the waltzes veritable poems."

There will be balloon races and double parachute drops on Monday, Tuesday and Wednesday.

The grounds of the city are being decorated splendidly, owing to the enterprise of the city merchants.

Broncho John's troupe of Indians and cowboys will be present four afternoons and five evenings.

The W. C. T. U. dining-hall has been considerably increased in size. It has been moved further south.

School children will swarm to the grounds every day. They will be admitted for 5 cents each.

Whitewash has been freely used on the outbuildings and around the ring. Everything looks clean and ready for the rush.

Nothing was bustling at Queen's Park, and the entire Fair will be running by noon tomorrow.

The stands have all been leased and are now being held at a premium. Peanuts, lemonade and ginger pop are being shipped.

The Mail remarks: "The general verdict of the audience of yesterday's recital of the performance was highly favorable one, and Mr. Strauss found his hearers were pleased with his music and delighted with his orchestra. The lightest numbers were especially popular, and the applause and encores were numerous at both concerts. In the rendering of the dance music the orchestra showed to the best advantage."

The Empire says: "The visit of Strauss and his orchestra to the Pavilion for two weeks past, and musical circles have been on the tip-toe of expectation. A thoroughly critical audience visited the Pavilion yesterday afternoon to hear the first concert, and and it is not likely that the same audience will assemble never congregated there. The selection from Carmen and the Moszkowski's serenade showed the orchestra to be perfectly at home in other than dance music, and the latter part of the programme was a charming variation in the programme."

A Scottish concert was held in the evening under the able management of A.

States and the Indians of Ontario will be found in the building formerly used as the daily headquarters of the police, exclusively for the use of the above exhibits.

Machinery of all kinds will be in operation on Saturday. There will be grates, exhibits in painting, modeling, photographic, electrical, and mechanical machinery. There will be four interesting horse racing events, and Prof. Damon (Left-Handed Charley), will give his exhibition of wonderful sleight of hand of the grandstand. The Seventh Band will supply music.

PERTH ASSIZES.

Edward Rumford, Pleads Guilty of Murder.

STUART, Sept. 18.—At the Perthesizes yesterday the grand jury returned a true bill against Edward Rumford for murder, to which the prisoner pleaded guilty. The prisoner and the deceased, Edward Houghton, were quarreling, and Rumford struck Houghton on the head with a handspike, killing him. Sentence was deferred.

Removals of Coxon's Township.

and Taylor vs. Elliot, for the improper construction of a drain, causing water to damage plaintiffs' land, were settled by the defendants paying Coxon \$75 and Taylor \$25. The court made complete a proper order for the drain within a week.

Hossie vs. Kent was an action by plaintiff as assignee of the estate of Thos. Crone against Mr. J. Kent on a chattel mortgage for the sum of \$1,000, paid by landlord and for the sale of a stallion, insolvent under value of a stallion, articles not included in the mortgage. Judgment for defendant as to the sum of \$187.50, and \$21 a reference to the taxmaster as to the bill of defendant.

are contemplating changes of importance. The idea of co-operation at the great English docks, which is now taking practical shape, has earnest advocates among the dock directors themselves, while the union officials are no less anxious to hit on some plan of working which will avert friction between the companies and the men. The editor that has just gone forth from the executive to admit no more new members to the London branches of the Dockers' Union is made in view of the union becoming the great employer of labor at the docks,

Sing a song of sinpence,
The price of "Diamond Dyes;"
The fairest of all colors,
That please the ladies' eyes;
They happy make each mother,
Each wife and daughter true;
And all tell one another,
What "Diamond Dyes" can do
So sing a song of sinpence
For what these dyes have done,
In giving glorious colors,
That hold in rain or sun,

DIED.

McROBERT—On Sept. 15, at the family resi-
 dence, 507 Quincy avenue, Emerson street,
 eldest son of J. J. McRobert, aged 8 years
 and 5 months 5 days.
 Funeral on Friday, the 19th, to Mount
 Pleasant Cemetery, at 4:30 p. m.; services
 the house at 4.

Hamilton vs. Guest was an action for the return of a watch. The defendant John R. Guest charged Matthew Hamilton with being a chicken thief, and published it in the *Marys Argus*. Guest offered no defence and the jury awarded \$100 damages.

In *Lambourne vs. Gibson*, for libel, plaintiff consented to a dismissal of the action with costs.

Zeillax vs. Denny. Postpone to next Chancery Sittings.

Lake vs. Shore. Settled out of court.

It's a poor consolation to a hunchback man's creditors to hear him promise to when he "straightens up."

THE WEATHER PROPHECY.

Toronto, Sept. 17.—A developing depression is hovering to the west over the New England States and another disturbance covers Dakota. Heavy rains have fallen in the Maritime Provinces. Elsewhere, with the exception of a few light showers in the Northwest, the weather has been fine. Minimum and maximum temperatures: Edmonton, 37°-57°; Qu'Appelle, 45°-62°; Winnipeg, 37°-57°; Toronto, 52°-62°; Montreal, 54°-64°; Quebec, 52°-62°; Halifax, 54°-64°. Cautionary signals are displayed in Eastern Canada.
TO-DAY'S PROBABILITIES.
Toronto, Sept. 18.—1 a.m.—The indications for the next 24 hours for the lower lakes region (covering the peninsula and as far east as Belleville) are: moderate to fresh winds; fine; stationary or a little higher temperature.

LONDON AND ENVIRONS.

—Margaret Mather at the Grand this evening.

—Mr. John Walsh, of Pileadilly street, is visiting relatives in Buffalo.

—Status will be at Queen's Avenue Rink with his world-renowned orchestra to-morrow night.

—Rev. R. Quarles has been re-elected secretary of the Amherstburg district of the Colored Baptists.

—Mr. H. E. Nelles and Mr. F. C. Matthews and their families have returned from their summering at New Orchard Beach.

—A large crowd of people attended the band concert by the band of "D.P. Company," I. S. C., at Victoria Park yesterday afternoon.

—Mr. W. M. Bagg, assistant accountant of the Bank of Toronto in Montreal, is the guest of Chairman Davis, of the water commissioners, for a few days.

—Rev. G. W. Henderson, of the Wellington Street Methodist Church, returned yesterday from an enjoyable trip to Quebec, Montreal and Eastern cities.

—Mr. Sifton, governor of the Brandon reformatory, formerly of London township, who was reported dangerously ill the other day, is improving in health.

—A Bright correspondent says: Mr. E. Wilson goes to London on Oct. 1 to charge of the city agency of the Confederation Life Assurance Company, of Toronto.

—F. C. Freeland, formerly of London, has accepted the position of manager here for F. J. Fralick, the clothier. Mr. Freeland has been engaged as bass soloist Centenary Church choir.—[Hamilton Herald.]

—Mr. Will White, for a long time G.T.R. operator here, and now train dispatcher at London, was in the city to-day before starting a vacation trip to New York, Philadelphia and Washington.—[St. Thomas Times.]

—Mr. George Dostio, of this city,

officiated as best man at the wedding of Mr. Frank Galbraith and Miss Susie McKee, which took place yesterday morning at the residence of the bride's father, St. Thomas.

—Kate Purcell, who is a beautiful and talented actress, will occupy the boards at the Grand Opera House on Monday and two following nights. A feature will be the introduction of the wonderful Arabian horse, Fire Fly.

—Hugh Cameron and William Robinson appeared in pretty shape in the Police Court case this morning after a debauch. They were both discharged, with the Magistrate's recommendation that they see a doctor to straighten them up.

—Wm. A. Bagg was charged with a breach of the Liquor License Act at the Police Court this morning. His counsel, Mr. Love, stated the liquor had been procured by the lodgers. The Magistrate dismissed the offence, after intimating that it was a very close call.

—The Grand Opera House will be opened for the season this evening by the renowned Miss Margaret Mather in "The Honey-moon." She is supported by an excellent company and will no doubt have a bumper house. To-morrow night "Romeo and Juliet" will be an equally fine attraction.

—County Constables Graham and Ward arrested I. Dowling, of W. Westminister, Tuesday on a charge of insanity. While in the cell the prisoner divested himself of his clothing and striking an imposing attitude, remained as fixed as a statue during the greater part of the night. He will be sent to the asylum.

—Mr. R. J. Webb's name decorated the Police Court blotter this morning, registered against a charge of riding a bicycle on the sidewalk. Mr. Webb pleaded in mitigation that the offence occurred at midnight in the outskirts of the city, and with only one man in sight dressed in plain clothes, but whom he afterwards discovered to be a "one dollar" on his book.

—Last evening R. W. Bro. A. B. Munson, D.D.G.M., commenced his official duties, the lodge visited by the Solons. Mr. Webb pleaded in mitigation that the offence occurred at midnight in the outskirts of the city, and with only one man in sight dressed in plain clothes, but whom he afterwards discovered to be a "one dollar" on his book.

—At Osgoode Hall, Toronto, yesterday, were the following cases:
Stevens vs. Gilbert.—Moss, Q.C., and Washington (Hamilton) for the appellants, Oiler, Q.C., for the respondents. The respondents' argument of appeal concluded from yesterday. Judgment reserved.

Burns vs. Davidson.—Aylesworth, Q.C., for the plaintiff, moved for leave to set aside the verdict of the present sitting, and to have an early day fixed for the hearing. Purdon (London) for the defendant, contra. Leave given to set down the case on the foot of the list for the present sittings.

A Pleasant Evening in South London.

A very sociable time was spent at the Emery Street mission last evening, when a concert was given under the auspices of the Wellington Street Methodist Church, which the mission is connected. A pleasing programme, consisting of solos, readings, recitations and duets was rendered by the Misses Dool, A. Jones and Misses Raymond, Law and Allen, with Mrs. W. H. McCutcheon as accompanist. During the intermission Mr. John Law exhibited his skill as an electrician and entertained the audience with the aid of a battery. Mr. W. Crook also had his telescope on hand to delight many with a splendid view of Jupiter and other planets. The address on the evening was by Rev. C. W. Henderson was a feature of the evening, and was listened to with marked interest. A handsome collection was taken up in aid of the funds.

The Alleged Train-Wreckers.

TORONTO, N. Y., Sept. 17.—It is stated that the confessions of John Reed, Thomas Cain and Arthur Buett, three of the men supposed to have been engaged in wrecking the Montreal express on Tuesday Sept. 4, have been placed in the hands of counsel for the prosecution and that beside these three men the statements implicate John Cordell and John Kiernan. It is said that the details of the plot are given, and that the confessions will be presented to the grand jury in session. Mr. Ludlow, grand juror in session, said he had conversed with the prisoners and they denied making any confession.

Ontario Undertakers.

TORONTO, Sept. 17.—At the annual meeting of the Ontario Undertakers' Association held here, the secretary reported 424 members in good standing; receipts for year, \$1,144; disbursements, \$933. A Provincial Association was organized for the establishment of a college of embalming and organic chemistry with the view of improving the business. The election of officers resulted as follows: President, F. W. Turner, Toronto; vice-president, A. Ford, Blenheim; second vice-president, J. Baird, Plattville; third vice-president, J. H. Millard, Newmarket; fourth vice-president, John Nutt, Port Perry; fifth vice-president, M. Morse, Drummondville; secretary, W. H. Howie, Cannington (re-elected); treasurer, Mayor McIntyre, St. Catharines (re-elected).

Money is saved by buying parlor suites, mattresses, easy chairs, lounges, feather pillows, and all kinds of furniture; get your furniture repaired at W. J. BAYANTON'S, 123 King street. Telephone 479.

Sing Their Own Praises.

There are few, if any, in the great army of smokers who have not been, by experience, placed in a position to judge as to the merits of the "Norma" 10-cent cigar manufactured by H. McKay & Co., of London. In almost every cigar store and hotel in Canada this lot of all-favored 10-cent goods has found its way, and is finding rapid and constantly increased sale. Unlike other similar goods, its fame is not of a transient nature. The "Norma" contains all the merits of the imported cigar, and has in many cases supplanted its more expensive rivals, and each successive season but adds to its host of admiring consumers. The large establishment of H. McKay & Co. is kept continually engaged in supplying the demands made upon them for the "Norma."

Strauss plays the Blue Danube Waltz for an encore.

SCIENTIFIC LONDON.

This City the Center of an Important Institution.

Something About the Entomological Society of Ontario—A Visit to Their Apartments—The Handsome Library and Collection.

The majority of the people in the city are ignorant of the fact that London is the headquarters of one of the most important scientific institutions in Canada, embracing the whole Province in its operation, and the only society in the country having for its object the study and encouragement of that branch of natural science to which it is devoted. The Provincial Entomological Society—founded in 1878—has been incorporated for over twenty years. Ontario is divided into several sections, from each of which a representative is selected, and also a member from the Montreal division, which is affiliated with the Provincial society. Although independent in its affairs, it is to a certain extent under the patronage of the Provincial Legislature, from whom it receives an annual grant, and to whom a yearly report is made. The society was originated in connection with the Provincial Exhibition and the annual meetings had to be held wherever that Fair happened to be; but since that restriction has been done away with, London has been chosen as the permanent center, where every year the representatives meet for the transaction of business and to discuss matters of scientific interest, with the mutual advantages to be derived from an interchange of ideas.

At the last annual meeting, Mr. J. A. Moffat, of Hamilton, a gentleman thoroughly versed in the departments of natural science, was appointed resident curator and librarian, and has therefore taken up his permanent abode in the city. Prompted by curiosity an ADVERTISER reporter paid a visit to the rooms of the society in Victoria Hall yesterday afternoon, and was courteously received by Mr. Moffat, who expressed himself as pleased to give his visitor any information. The apartment is well suited for the purpose and calculated to gratify the senses and delight the eye of the lover of natural science, with its extensive library and magnificent collection—the only one, by the way, of any importance in Canada. On one side is to be found the only collection of native insects in the Dominion, which is contained in five cabinet cases, with twenty drawers in each. The foreign collection is most complete, comprising specimens from North and South America, Europe, Asia, Africa, Australia and all other parts of the world. These are being constantly added to as a result of discovery and extended research, it being the design of the society to make the collection a representative one, so that any person in the Province sending insects here may obtain names for them.

The library of the Provincial Entomological Society has been described as the most complete scientific library of any public institution in Canada. It contains an immense amount of information in 1,074 volumes of every branch of science, handsomely bound and arranged in cases. Although a person of a scientific turn of mind would be more at home with the collection, yet it cannot fail to be of interest to the uninitiated who can there realize the vast field for study which nature affords, and one can spend many a pleasant hour inspecting the various tribes of insects with their truly beautiful blending of colors.

These rooms are open to the general public, and the obliging curator, Mr. Moffat, is always glad to show visitors the collection and converse on the subject of which he is so fond.

Boys, for the cheapest livery in London try W. Lindsay, Dundas street, London West.

Teas and coffees—For genuine value go to Wm. Gilmore, Market Lane.

DRESS-MAKING

—AT—
POWELL'S

Miss Loane, of Toronto, will for the future conduct our Dress-making business.

We can say to the ladies of London they will find her a most finished artist in dressmaking. The highest class of work produced at the lowest possible charges. As we have furnished the best dressmakers to the ladies of London in the past, we can now promise with certainty that Miss Loane cannot be excelled by any.
