POLICE GUARD CHICAGO COUNCIL

While They Discuss Demands of the Strikers.

BLOODY RIOTING IN STREETS

Constables Were Repeatedly Stoned and Were Driven to Use Clubs and Revolvers.

Chicago, Nov. 24. — With a police guard to preserve peace if disorder should threaten, the aldermen transacted business relating to traction affairs last night with dispatch. This action was taken as the result of the Tattersall meeting of strike sympathizers Sunday and the announcements of several union labor organizations that "mass meetings" would be held in the galleries of the council chambers.

The council proceeded to do a number of things which the labor element has demanded it should not do. A recommendation for the extension of the Chicago city railway franchises until Feb. 29 was reported by the local transportation committee, and will be called up next week.

Petitions against extensions of franchises before the spring election, for the referendum of franchise ordinances, and petitions for immediate municipal ownership, were referred to committees in spite of the demands of their sponsors, for immediate action.

The advertised "meetings" brought only a few score additional people to the galleries, and they were orderly. The mayor quieted the crowd and the policemen were not needed.

Conflicting reports on the probability of immediate peace in the street car strike came from representatives of the Chicago City Street Railway Company, and the striking trainmen, today. It was learned definitely that the railway company had offered to arbitrate the contention of taking back the men employed by the City Railway Company, who went out on sympathetic strikes. The company asserted that these men violated agreements, while the strikers asserted that the agreements were not properly made.

Col. Bliss, attorney for the railway company, said today: "Only one point now is left to be adjusted. The company is willing to arbitrate that."

President Buckley, of the striking division, said at the same hour: "We are nearer a settlement now than we were last night or yesterday."

ODD ACCIDENT TO GALT FAMILY

Mother and Child Under In- fluence of Gas for 2 Days.

FROM FRIDAY UNTIL SUNDAY

Little Girl Was Found Wandering About House in a Semi- Conscious Condition.

Galt, Nov. 23. — Practically asphyxiated from Friday night until Sunday morning is the remarkable experience that Mrs. J. B. McKenzie, Brook street, and her ten-year-old daughter have passed through and live to tell the tale. On Friday a new coal stove was put in the McKenzie home, from which the gas escaped. Mrs. McKenzie and her daughter retired on Friday night, and from then until Sunday morning is a blank in their minds. That they were not asphyxiated beyond resurrection is due to the fact that E. A. Smith, Mrs. McKenzie's brother-in-law, noticed that the little girl was at Sunday school yesterday morning, and thinking someone was ill at the McKenzie home, proceeded there after church. He found the mother unconscious. He immediately had them removed to his home and summoned medical assistance. Today the doctors say they will recover. The local medical men state that such a strange case has never before come under their observation.

PORTE PONDER'S POWERS' DEMANDS

Sultan's Council Divided as to Acceptance or Rejection.

OF MACEDONIAN REFORM SCHEME

Meanwhile There Is No Remission of Severities Practiced on the Unfortunate Christians.

Constantinople, Nov. 24. — The council of ministers deliberated for ten hours on the Macedonian reform scheme yesterday, and resumed its discussion today. It is said that there are pronounced divergencies of opinion among the ministers regarding the reply which should be given to the Austro-Russian note. The ministers are impressed with the gravity attaching to their decision, that they were served with refreshments in the council chamber and sat till 10 o'clock at night.

London, Nov. 24. — The correspondent of the Times at Sofia reports that while negotiations are dragging at Constantinople, there is no remission of the severities practiced upon the unfortunate population of Macedonia, under the guise of a search for arms. "I am informed," adds the correspondent, "that the maltreatment of the peasantry is even worse than it was during the insurrection."

DEATH OF SIR JOHN B. MAPLE

Prominent English Politician and Sportsman.

STARTED WAR OFFICE REFORMS

By Exposure of Remount Scandals— He Gave Large Sums In Benefactions.

London, Nov. 24. — Sir John Blundell Maple, Bart., M. P., died this morning.

Sir John had been for a long time suffering from Bright's disease and heart trouble. His title was a reward for political services to the Unionists. His exposure of the remount scandals in the South African war was one of the earliest movements towards the reform of the war office. He was prominent in the racing world and headed the list of winning owners in 1902, and had the largest racing stud in the United Kingdom; but the aristocratic Jockey Club persistently denied him admittance, until last September, when it was already known that his illness was fatal. Sir John gave large sums in benefactions, notably \$300,000 to the University College Hospital. His only child is the wife of Baron von Eckhardstein, first secretary of the German embassy in London.

BLOODY DRAMA ON HIGH SEAS

German Ship Enters Port With 3 of Crew Reported Dead.

AND THE CAPTAIN IS DYING

Sailors Raid a Cargo of Whisky and Drunk Fight Ensues Round- ing the Horn.

Los Angeles, Cal., Nov. 24. — The German ship Octavia, 143 days out from Antwerp, with cargo of cement and steel rails to Port Los Angeles, has dropped anchor a mile off-shore of the latter port. The captain of the vessel was brought ashore in a dying condition and conveyed to a hospital in this city.

The Octavia arrived in port with the sailmaker in irons, charged with murder, and the vessel log showed three sailors buried at sea.

The story, so far as it can be learned, is that shortly after turning the Horn, the Octavia was attacked by a party of heavily armed and drunken sailors to join him in a raid on the whisky portion of the cargo. In a drunken fight the three sailors assaulted the sailmaker. Subsequently the sailmaker induced the same men to make a second raid on the cargo, and it is said, purposely caused them to drink a carboy of carbolic acid and they died.

It is supposed that the first officer also drank of the poison, and that his present dangerous condition is due to this.

It is impossible, at this time, to give names, inasmuch as the vessel has not been officially declared in port.

The captain, it is understood, has contracted a business with the vice-consul at San Francisco, and with the consignees of the Octavia's cargo.

WHAT BRYAN THINKS

He Tells Londoners That Retaliation Means Fear.

BIG TIMBER PURCHASE

Michigan Concern Buys Big Ontario Limits.

London, Nov. 23. — W. J. Bryan, speaking at the banquet of the National Liberal Club last night, said that from his American experience, protection was wrong and retaliation implied fear. It reminded him of a man who drank whisky to prevent snake bites, but soon had snakes inside of him instead of outside.

The speech was received with frantic applause.

Mr. Bryan, being asked his views by the Canadian press correspondent regarding the coming of Hudson Bay trouble, replied that Canadians need not worry, as arbitration settles everything.

Menominee, Mich., Nov. 24. — Fred and Frank Carney, heavy stockholders of the Witbeck Lumber company, have closed a deal for the purchase of two hundred million feet of pine timber on Spanish River, Ont., from Ferguson Bros. and McFadden. The deal is valued at half a million dollars. The sawmill of the Witbeck company, which is one of the oldest on Menominee River, will be moved next fall to Masses, Ont., where it will cut the timber. The purchase will keep the mill going for nearly twenty years.

WILL BANQUET MR. ROSS

A Popular Demonstration for the Premier in January.

TRAPPED THE POLICEMAN

Mormon Trics Desperate Plan to Esca. e.

Toronto, Nov. 24. — The No. 8 Liberal Club held their opening meeting for the season in St. George's Hall last night, and transacted a considerable amount of business. The speaker was their honorary president, Hon. George W. Ross, in January next. The occasion will be in the nature of a popular demonstration, the tickets will be at the low price of \$1, and addresses will also be given by Sir William Mulock and other cabinet ministers.

Salt Lake, Utah, Nov. 24. — Jedd Grant, a nephew of Apostle Heber J. Grant, the fugitive polygamist, was arrested late last night on a charge of passing counterfeit money.

Grant almost sacrificed the lives of three women in a desperate attempt to escape. Grant was found in a carriage with three girls. When arrested he invited the policeman to enter the carriage, promising to drive to the police station. When the policeman stepped into the cased carriage Grant jumped out, slammed the door and jerked the reins out of the driver's hands. He threw the reins over the animal's heads and started them at breakneck speed by a vicious slap with a whip.

In the runaway the carriage was wrecked and the girls and later Grant were captured.

RODE OUT THREE STORMS

The "Magdalena," Much Battered, Reaches Port After 147 Days.

San Francisco, Nov. 24. — The German ship Magdalena, from Newcastle, England, made this port Sunday night after 147 days of desperate battling with the elements. The ship encountered three hurricanes, and Capt. Brunings declares that he never before met with such terrific winds and seas.

In the first storm the ship was thrown upon her beam ends, a suit of sails was lost, her decks were swept, the cabin flooded and all movable gear went overboard.

The Magdalena weathered the first hurricane, only to meet another on Aug. 30. This gale gave the ship a terrible drubbing. No one could stay on deck, and sailors were washed about. L. Johnson, caught by a wave curling over the bows, was hurled against the cabin and his leg was broken.

The third storm caught the ship on Nov. 21, and drove her to 38° south latitude. She was eight days rounding the Horn.

ADMIT THE BAI ES

Former Grand Rapids Aldermen Flake Confession.

Grand Rapids, Mich., Nov. 23. — Ex-Alderman Adrian Schriver has pleaded guilty to the charge of having received \$25 as a bribe from Former City Attorney Lant K. Salsbury for his assistance in pushing the water deal. Schriver was arraigned in the afternoon court today, and after pleading guilty, was remanded for sentence. It is expected Schriver will be a witness for the prosecution in the trial of Salsbury, who has received \$125,000 cash, which the deal was put through, and that he was to have been given \$100,000 in bonds of the water company that was to have been formed.

Ex-Mayor George L. Ferry, charged with having received a bribe of \$3,325 in connection with the deal, pleaded examination in the afternoon court today, and was bound over to the superior court for trial. He furnished bail to the amount of \$5,000.

WRECK OF THE FRANCOIS COPPEE

Eleven Men Lost in Foundering of French Bark on the Pacific.

San Francisco, Nov. 24. — The exact location of the wreck of the French bark Francois Coppee has not yet been defined, although it is known to have occurred on a reef some eleven or twelve miles north of Point Reyes, near the entrance to Tomales Bay. It is generally believed that the bark has some to pieces. Two more bodies are reported washed ashore at Bodega Bay, in addition to the two already swept from Point Reyes.

All the statements of survivors show that the best of order prevailed on board after the vessel struck, and that Captain Bruye was the last man to take to the boats. He is still numbered among the missing, the boat he was in having foundered.

Out of a crew of 24 men only 13 are so far reported saved.

In addition to Captain Bruye there are nine men unaccounted for and believed to have been lost.

Queen Li's Claims.

Washington, Nov. 24. — Former Queen Liliuokalani, of Hawaii, has returned to Washington to press her claim for compensation for the crown lands of Hawaii.

Roxburghes in Paris.

London, Nov. 24. — The Duke and Duchess of Roxburgh have gone to Paris to await the arrival of Mrs. Golet before proceeding to Kelsow, where the Duchess of Roxburgh has arrived, and is preparing a home-coming for the young couple. The duke and duchess had a pleasant voyage and kept themselves secluded as far as possible.

UNIQUE RITE AT INDIAN FUNERAL

Iroquois Chiefs Pay Last Honors to the Late Mrs. Converse.

New York, Nov. 24. — In the presence of many representatives of the people to whom she had devoted her life, the last rites were performed today over the body of Mrs. Harriet Maxwell Converse, "the great white mother" of the Six Nations of the Great Iroquois confederacy. Eulogies were pronounced by the dead woman's pastor and by the chiefs of the various clans of the Seneca nation, by whom Mrs. Converse was adopted when but a little girl, and one of the chiefs performed the ancient rite of "the passing of the horns," which consisted of taking the strings of sacred wampum beads, the insignia of office, from the lid of the casket and presenting them to Joseph Keppler, long associated with Mrs. Converse in her work among the Indians, by which act Mr. Keppler was nominated by the chiefs present as the successor of the dead woman. Mr. Keppler was adopted by the Seneca name of Gy-on-the-Ka, or the Planter.

In addition to the delegates from the Six Nations, there were present representatives of the Hurons, Sioux, Algonkian, Algonquian, Arctics, of Mexico, and several other tribes.

Blundell Maple Dead.

London, Nov. 24. — Sir John Blundell Maple, Bart., M. P., is dead. He was born in 1816.

New London Throughfare.

London, Nov. 24. — A new main thoroughfare, six miles and three-quarters long, from the Strand through South London to the Crystal Palace, is projected by the London City Council. It will cost sixty million dollars. It is calculated that the profits from betwixtment would recoup 40 per cent of the outlay.

LOOKS LIKE WAR IN THE FAR EAST

Jap Squadron Sails to Head Off Russian Ships.

ACCORDING TO GOOD AUTHORITY

Both Powers Give Wales a Hurry- Up Order for Coal—Corea the Trouble.

London, Nov. 24. — The Daily Mail's Tokyo correspondent says that the Russian minister at Seoul has addressed another note to the Korean Government, declaring that if Corea should ignore all warnings and persist in opening Yonampo to foreign trade, Russia will take active steps to deal with the situation. The Korean Government has replied, strongly objecting to Russia's interference as a violation of Corea's sovereign rights. A communication to the same effect, according to the correspondent, was sent to the Japanese minister at Seoul. The questions arising from the affray between Japan and Russia at Chemulpo have not yet been settled, adds the correspondent.

The Tokyo correspondent of the Daily Mail, cabling under yesterday's date, says: "It is reported that Baron de Rosen, Russian minister to Japan received yesterday an urgent telegram from the foreign office at St. Petersburg, and that immediately thereafter the minister's secretary was dispatched to the Japanese foreign minister. It is believed that a conference will be held in St. Petersburg, when Japan's reply will be given."

The semi-official Russian agency at St. Petersburg has received from Tokyo a report to the effect that Japanese warships have been dispatched to prevent the Russian war vessels Tsarevitch and Bayan, reaching Port Arthur to join the Russian squadron there.

The alarming report from Tokyo that Japanese war vessels have been dispatched to prevent two Russian warships reaching Port Arthur to join the squadron there, cannot be confined there. It is possible that this report is connected with the statement of the Japanese Journal, Nagasaki Shimpou, which, as announced in these dispatches yesterday, was to the effect that the Japanese squadron of twelve vessels had left Yajima for an unknown destination. The fact that such a statement should be issued by a Russian semi-official agency is, however, regarded as a sign of "curiousness" enough by the Russian newspaper Svet, a few days ago expressed the belief that communications between Port Arthur and Japan had been already interrupted. In Cardiff yesterday renewed activity was reported on the part of Russian and Japanese agents with a view to securing further shipments of coal.

Yokohama, Nov. 24. — No reply has been received from St. Petersburg on the subject of the Japanese overtures, and there are many indications that the delay in the negotiations is embarrassing Japanese foreign trade and raising impatience in Japanese popular circles, as shown by public meetings at Tokyo, Yokohama and Osaka, protesting against the ministerial inactivity.

FATAL FLOODS IN HINDUSTAN

Half of Vanizambadi City Swept Away—Two Hundred Per- sons Drowned.

London, Nov. 24. — A telegram has been received at the Indian office from the viceroy of India, Lord Curzon, saying that, according to reports received from Madras, a recent flood in the Palar River destroyed half of the town of Vanizambadi. Two hundred persons were drowned.

RECIPROCITY COMING

According to the Belief of a Michigan Clergyman.

Detroit, Nov. 24. — That reciprocity with Canada is bound to come and that in the near future, is the view held by Congressman Alfred Lucking, who declares that sentiment in favor of such a move is gaining strength daily. Mr. Lucking, a native of Michigan, is expected to spend Thanksgiving with his family, yesterday expressed the belief that the day is not far distant when trade conditions between the two countries will be revolutionized as a result of the adoption of a reciprocal tariff.

BONES OF PAUL JONES

An Attempt Being Made to Bring Them to America.

Washington, Nov. 24. — Representative Rainey, of Illinois, has introduced a bill to locate, disinter and bring to the United States for burial, the bones of John Paul Jones, the naval hero. The bill provides that the remains shall be buried in Arlington Cemetery with appropriate ceremonies when the bill is passed. The bill is introduced by Rainey, who is supposed to have been buried in the old Protestant Cemetery in Paris, France. Ten thousand dollars is appropriated for this purpose.

The cemetery in which the naval hero is supposed to have been buried has been built up and now covered by residences and stores. In the event that the remains cannot be located Mr. Rainey wants the Secretary of State instructed to obtain options on one of the property and submit the same to Congress in order that an appropriation may be made to buy and remove the buildings and appropriately mark the spot.

LUNATIC TRIES TO KILL BANKER

Mr. Graham, Secretary of the Bank of England, Object of a Murderous Attack.

London, Nov. 24. — A murderous attack with a revolver was made today on Mr. Graham, the secretary of the Bank of England. Four shots were fired in rapid succession, but Mr. Graham was not hurt. Considerable difficulty was experienced in securing the would-be assassin. A fire hose had to be used before he could be disarmed and taken to the police station.

The would-be assassin is a Londoner from the east end. The doctors certified that he is a lunatic.

DOGS HELP HIGHWAYMEN

Late Wayfarers Attacked by Mastiffs Belonging to Bandits.

South Orange, N. J., Nov. 23. — Another daring attempt was added last night to the list of highway robberies, which have been committed on the Hill-ton flats, in South Orange township, within two months. Henry Lewis, of the firm of Lewis & Co., of Newark, was the victim this time. He was driving home from Summit with a friend when the highway occurred. The robbers are committed by two masked men, who work with two mastiffs. The dogs are apparently trained to spring out on horses or pedestrians, so that the highwaymen may get folks at a disadvantage.

Lewis and his companion had no warning last night. The two dogs sprang out on their horse, and while Lewis was trying to beat them off with a whip, the masked men approached and called upon the pair to throw up their hands. Lewis struck the horse a sharp blow with the whip. The animal bolted and carried the men to safety.

THEY HAD MONEY YET STARVED

Ignorant as to How to Draw \$500 from Bank, Family Goes Hungry.

Grand Rapids, Mich., Nov. 24. — William Sapwell, his wife and 17-year-old son George were found in their room this morning in a pitiable state by Supervisor E. C. Woodward. The family lives on a farm in Solon township and has nearly \$500 in a local bank. Every member of the family is mentally incompetent, and not one of them knew they could draw the money out of the bank. They were in a frozen and starving condition when discovered.

ANOTHER SAXONY SCANDAL

Princess Alice Elopes With Coach- man, It Is Said.

Berlin, Nov. 24. — Die Morgen Post prints a rumor from Dresden, that the Princess Alice, wife of Prince Frederic of Schoenberg-Waldenburg, disappeared two weeks ago and that her coachman disappeared at the same time. The people of Dresden, Die Morgen Post says, believe that the princess and the coachman have eloped. Inquiries at the residence of the princess elicit the answer that she is traveling and that her present whereabouts is unknown.

Crowded Before Train.

Chicago, Nov. 24. — In sight of scores of persons, a man supposed to be D. L. Buckner, of Macedonia, Iowa, last night, was crowded from the platform of the Forty-third street station of the south side elevated railroad, and was crushed to death by a passing train. In a pocketbook was found a blank book showing deposits of \$5.00, receipts for cattle sold and other papers.

RISKED HIS LIFE TO EASE DYING

Surgeon Crawls Under Overturned Car to Administer an Opiate.

New York, Nov. 24.—Out from under a tilted car at Third avenue and One Hundred and Twenty-second street last night Dr. Henry Krauskopf, a Harlem Hospital ambulance surgeon, crawled on his hands and knees, his white duck coat with its Red Cross chevron was soiled and torn. While he rose from his feet cheer on cheer went up from a big crowd. The young surgeon had done a brave thing. The car had struck a man. His body was so tightly wedged under the wheels that it could not be dragged out. The poor fellow's shrieks of pain rent the air when the ambulance arrived. A policeman told the surgeon they had tried hard but could not lift the car and get the man out. The surgeon quickly produced a glistering light instrument—a hypodermic syringe. He charged it with a strong dose of opiate, then he crawled under the car.

He could not tell whether what he was to do would save the man's life. But he did know that he could stop the frightful agony. Under the tangled machinery he made his way to the man. A swift motion of his hand and the soothing opiate shot through the man's body. His groans ceased. The surgeon had brought him merciful unconsciousness.

The car moved slightly. The policeman sprang on the ground, calling: "Doctor, come out now. You've done your best. I'm afraid the car will settle at any minute. You'll be crushed to death. Here, take my hand and I'll help you."

"I belong right here where I am," replied the surgeon. "Please get me a lamp and tell the driver to push my instrument case under the car to clear the lamp and case were thrust under the car, and the surgeon worked with swift, skillful hands bandaging the almost unconscious man. He bandaged the crushed head, too, and otherwise stopped the flow of blood from the worst wounds. Then the wrecking wagon came and the car was lifted clear of the wounded man and the surgeon.

"Hurry, old man!" the doctor shouted to the driver after the injured man was placed in the ambulance. The driver drove off amid the cheers of the spectators.

The injured man died at the hospital two hours later. He was not identified.

BATTLE OF INKPOTS

Row Between Italian Counsel Starts a Fustilage.

Rome, Nov. 24.—A suit brought by former Minister Bettolo against Deputy Ferri, editor of the Avanti (Socialist), who accused the minister of using his influence to obtain large orders for a firm in which he is interested, and thus provoking Signor Bettolo's fall from power, has been in progress here for a week past, and is now attracting even more interest than before.

Signor Ferri is assisted by leading lawyers, who are also members of the Chamber of Deputies. Signor Bettolo is assisted by Signor Ferri's lawyer, who is also a member of the Chamber of Deputies. The case is now in the hands of the court.

Signor Ferri protested indignantly, whereupon Signor Bettolo, one of the "rascals." Another deputy, Signor Comandini, one of the counsel, retorted, the sage best of the proceeding is the lawyers "crowding" whereupon Bettolo threw an inkstand in the face of Comandini, covering him with ink and breaking one of his teeth.

This was the signal for a general fight. The members of the Chamber of Deputies were used in the Carabiniers on order, and he was compelled to postpone the sitting until Monday.

Has Hubbard Perished?
St. John's Nfld., Nov. 24.—The last mail steamer to return from the coast of Labrador brings no report of the party headed by Leonard Hubbard, who was reported to have been killed from Rigolet, Labrador, on Aug. 1, last, to explore the interior of Labrador.

The coast is blocked by ice floes, and the snowstorms have covered the country with snow to a depth of fifteen feet. It is the opinion of the authorities that the Hubbard party have perished.

EASIER TO GET A WIFE

Than Domestic Farm Help These Days in Ontario.

Toronto, Nov. 23.—Correspondents of the department of agriculture are agreed as to the great scarcity of farm labor, but they are much divided as to how to meet the difficulty.

The exodus to the Northwest and north still continues, which means the loss in the province of so many of its most stalwart and experienced young men, and their places here are being taken by old country youths, who suffer in comparison, although some of them give satisfaction. The scarcity of rural labor is so greatly felt in some quarters that several correspondents seriously advocate the bringing in of the country of Chinese and Japanese to supply the deficiency. Domestic servants on the farm are exceedingly hard to procure. A number of correspondents assert that it is easier to get a wife than it is to find a female servant for a farmhouse.

Census returns show that 846 men and 1,424 unmarried and 946 married women or widows work in glove factories in Somerset, and 38 men and 1,602 women make gloves at their homes. In ten years the numbers have decreased by nearly one-fifth.

ONTARIO'S CROPS SATISFACTORY

Though Not So Large as Last Year's Yield.

SOME GOVERNMENT STATISTICS

Largely Increased Area of Wheat-Sown Land—Damage By Hessian Fly.

Toronto, Nov. 23.—The last crop report for the Province of Ontario for the year 1903 has been issued by the department of agriculture. The year has been on the whole a satisfactory one. There has been great advancement in every line of farm improvements. The final estimates have been compiled from the actual yield made by the threshers, and the extra 2,665,965 acres of wheat, 2,485,818 acres of corn, 4,949,233 bushels, or 19.9 bushels per acre. Barley, 709,839 acres, 24,733,311 bushels, or 34.3 bushels per acre. Hay, 465 acres, 110,228,102 bushels, or 41.7 bushels per acre. Rye, 170,277 acres, 2,970,768 bushels, or 17.5 bushels per acre. Spring wheat, 2,485,818 acres, 4,949,233 bushels, or 19.9 bushels per acre. Buckwheat, 95,487 acres, 2,049,109 bushels, or 21.5 bushels per acre. Beans, 53,639 acres, 975,216 bushels, or 18.4 bushels per acre. Potatoes, 139,011 acres, 16,675,447 bushels, or 120 bushels per acre. Corn for husking, 15,440,400 tons or 12.23 tons per acre. Hay and clover, 4,733,565 acres, 4,336,562 tons, or 156 tons per acre. Apples, 43,659,413 bushels, or 6.15 bushels per tree of bearing age. Tobacco, 2,438,021 pounds.

There has been a greatly increased area of wheat sown this fall, more particularly in the Lake Erie division and other localities where the Hessian fly did so much injury during the previous three or four years. The seed was generally reported as being in good condition, which gave the crop a good start, and at the end of October the young wheat was presenting a fine appearance in most places, although some fields were showing need of rain. Some injury from the Hessian fly was reported, but not as much as in the previous three or four years. Forty varieties of fall wheat are sown in Ontario. Dawson's Golden Chaff being the most popular, and Red Clawson coming next.

Sat Up Two Summers

Dodd's Kidney Pills Cured Mrs. Kinsella and Now She Can Go to Bed and Sleep.

St. Malachie, Dorchester County, Que., Nov. 23.—Mrs. James Kinsella, of this place, who for two summers was obliged to pass her nights sitting in a chair, is a well woman again. She cured her kidneys by taking Dodd's Kidney Pills, her health returned and she now takes her rest in the natural way. Speaking of her case, Mrs. Kinsella says:

"I had a pain in my right hip and in my back and was swollen all down the right side of the abdomen. I could not sleep at nights and was obliged to sit up in a chair for two summers. The first box of Dodd's Kidney Pills gave me such relief that I continued to use them. They did me a world of good and now I can go to bed like other people."

EMPEROR TO GO SOUTH

To Escape From Rigid Climate of Germany.

Berlin, Nov. 24.—Emperor William may spend a portion of the winter in a southern climate. The Potsdam agency which gathers the court news says his majesty's general health "seems to require his escape during January and February from the unfavorable German winter," and that the projected trip, if taken, has nothing to do with the recent operation.

It is added that the healing of the wound is now nearly complete, and that it takes the normal course.

Precisely where the Emperor is thinking of going is not determined.

The Human Dread of Heart Failure

Symptoms of Which Cause Constant Alarm Soon Disappear With the Use of

DR. CHASE'S NERVE FOOD

With a liberal supply of rich, red, life-sustaining blood the heart pulsates with ceaseless energy, forcing the blood through the body and patiently renewing its own waste, but just as soon as the blood gets thin, weak or watery, the symptoms of heart weakness appear and hold the victim in constant terror. Because of its extraordinary blood-building action, Dr. Chase's Nerve Food thoroughly removes these symptoms and not only insures regular and healthy heart action, but the same time restores strength and vigor to the whole system.

Mr. J. B. Lee, 129 Sydenham street, London, Ont., states: "Last spring I had a severe illness which laid me up for several months and left me in a very weak and run-down condition. I also suffered from palpitation of the heart. Since using Dr. Chase's Nerve Food I have not had a single attack of heart trouble. I was soon able to turn to work, feeling strong and healthy and also gained considerable weight. I think that this is sufficient evidence of the virtue of Dr. Chase's Nerve Food as a builder up of the system."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers or Edmonson, Bates & Co., Toronto.

To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

THE LABOR CONGRESS

Jurisdiction of International Bodies Debated.

Boston, Nov. 24.—Efforts of delegates to adjourn the convention on Saturday having failed, the representatives of the various unions affiliated with the American Federation of Labor again assembled in the United States of the famous union charge of the Light Brigade at Balaklava, died at his home in this city Sunday night, aged 84. Wilkinson was the possessor of a Victorian medal, presented to him personally by Queen Victoria.

STONES AND RIFLE BUTTS

Another Clash Between Jews and Military in Russia.

St. Petersburg, Nov. 24.—A military order is published here praising the conduct of the troops in what it describes as an attack between the soldiers and a mob at Orsha, in the District of Vilna, Nov. 19. The trouble was the outcome of an attempt by a crowd of Jews to rescue six companions who were being escorted to prison. No details of the attack are given, except that the Jews attacked the soldiers with stones and bludgeons, and that the soldiers defended themselves with the butts of their rifles.

The report that a fresh anti-Semite conflict has occurred at Gomel is denied, but it is stated that vigorous precautionary measures have been adopted in the Province of Vilna. Kovno and Grodno against revolutionary and anti-Semite troubles and strikes which are expected to occur.

A Balaklava Veteran.

Waltham, Mass., Nov. 24.—James Hiram Wilkinson, said to be the last survivor in the United States of the famous charge of the Light Brigade at Balaklava, died at his home in this city Sunday night, aged 84. Wilkinson was the possessor of a Victorian medal, presented to him personally by Queen Victoria.

FATAL CRASH ON ERIE AND HURON

A Freight and Passenger in Collision Near Chatham.

FIREMAN INSTANTLY KILLED

Engineer Was Severely Hurt, But Will Recover—How the Accident Occurred.

Chatham, Ont., Nov. 23.—Fireman Robert Hutchison, of Walkerville, was instantly killed, and Engineer James Flowers severely hurt in a fatal accident on the Erie and Huron division of the Pere Marquette this evening. The collision occurred a mile south of Chatham about 7 o'clock. Brakeman Pensall, of Walkerville, Engineer Wainwright and Fireman Hunter, of Chatham, were also slightly injured.

The special freight train used for hauling sugar beets to the Dresden and Walkerville factories was just preparing to go into the siding near the cemetery limits. The Walkerville local running 40 miles an hour, and hurrying up to get out of the way of the mail train, came around the sharp bend at this point, and crashed into the sugar beet freight, which had just started to back into the siding. It is said that the crew of the sugar beet train failed to put up the yard semaphore. Engineer Flowers reversed his engine and applied the brakes, but he was so close on the other train that he had not time to jump. His fireman, Hutchison, attempted to jump, but his feet caught and he was thrown under the engine. His body was cut in two. Engineer Wainwright and his fireman, Hunter, on the sugar train, jumped and escaped.

The wreck is a sight. The engine on the sugar beet freight was knocked back over 20 feet, and lies a mass of scrap iron, the freight cars being piled upon it. The other engine is as bad as the wrecked one, and is being thrown back under the tender. Engineer Flowers was thrown upon the water tank by the force of the concussion, and he is a heavy man, weighing

CHOSE MARKSMEN TO SHOOT HIM

Condemned Murderer Picks
Out Six Crack Shots.

ONE GUN HAD NO CARTRIDGE

Executioners Flashed and Behind
Screen Send Bullet Straight
to Heart.

Salt Lake City, Nov. 24.—Peter Mortensen was legally shot to death in the jail yard here Friday morning by men he himself had selected to fire the fatal bullets. For weeks applications from crack shots to take part had been pouring in, and the sheriff permitted the condemned man to choose the members of the squad.

With marvelous coolness Mortensen went over the list of applicants, closely questioned the sheriff and others as to their qualifications, and, having finally satisfied himself that no mistake could be made, marked off the names of the men upon whose certain aim depended his instant taking off.

Those men reported for duty Thursday night, coming singly to the jail under cover of darkness, that none might discover their identity. Early this morning the sheriff's assistants drew a screen across the doorway of the blacksmiths shop on the north end of the prison inclosure.

In the screen were six loopholes, two feet apart. The sharpshooters, clad in long linen dusters and wearing masks, filed into the yard, and took up their positions behind the screen.

The sheriff stepped into the screen and handed each man a rifle, which had been carefully selected the night before.

Only one of these rifles was harmless. The rest were loaded with bullet cartridges.

Mortensen was led into the inclosure. He stood quietly while the physician pointed over his heart a small bit of paper with a black "X" marked in his center.

He faced the screen when the blindfold had been placed over his eyes, and for a moment the silence of death fell on the scene.

The sheriff stepped behind the screen and saw six muzzle opposite the loopholes.

"All ready, boys," he said in a low voice. "Steady, and don't make any mistake about it."

Mortensen, at the sound of the sheriff's voice, started slightly and took a step backward.

"Fire!" commanded the sheriff.

A sharp volley followed, and the condemned man fell on his face. Every bullet hit the mark.

YOU CAN LAUGH AT DYSPEPSIA

If You Have a Few of Dodd's Dyspepsia Tablets at Hand—Experience of Hon. Trudel, a Student of Three Rivers.

That nervous, irritable feeling—the feeling that keeps you from settling down to any kind of work—that makes you feel dissatisfied with yourself and worse still that everybody else is dissatisfied with you?

Are you bothered with a feeling of that kind? Here Trudel, a student of Three Rivers, Que., was bothered so badly that he resolved to give up his studies. But he didn't. He used Dodd's Dyspepsia Tablets instead, and was soon feeling as well as ever he did in his life. Mr. Trudel says:

"Dodd's Dyspepsia Tablets brought sunshine into my life. I was troubled with dyspepsia to the point that I was discouraged. I used Dodd's Dyspepsia Tablets, with the result that I have no pain, no headaches, no weariness. I am cured."

Dyspepsia is the comfort killer of the present age. With a few of Dodd's Dyspepsia Tablets in your pocket you can laugh at it.

Cardinal Gotti Warns Officials Against
Giving Out News.

Rome, Nov. 23.—At a meeting of the congregation of the Propaganda today the prefect, Cardinal Gotti, spoke earnestly against the publication of the decisions of the propaganda before apostolic delegates and cardinals abroad had been officially informed of these decisions, and even before the decisions had been ratified by the pontiff. This matter had gone so far, said Cardinal Gotti, that the result of the meetings of the propaganda were known to the public even before meeting of cardinals had been concluded. He cautioned clerics and secretaries and recommended utmost secrecy even to the members of the Sacred College. Several cardinals greeted the speech of the cardinal prefect by saying, "Good, good," while others considered the speech inopportune, and that no harm was done by the publication.

ITALY'S MONARCHS WERE IN PERIL

An Attempt to Wreck the
Royal Train Near
Cherbourg.

London, Nov. 24.—The Cherbourg correspondent of the Daily Mail reports the arrest of one of the soldiers guarding the railway line over which the train bearing the King and Queen of Italy passed.

The soldier is charged with placing an obstruction on the track, with the intention of wrecking the royal train.

The attempt was discovered before the approach of the train.

THE CORSET BARRED

English Women Have Started a
Crusade Against It.

London, Nov. 24.—Perhaps it is too much to say that the "new woman" has inaugurated a campaign against feminine traditions, but it is certain that in London and Birmingham, at least, there have been sounded upon the trumpets of the anti-corset crusade, while in London and the suburbs the new raised skirt, which within the last few months has been seen in large numbers, is already working a reform in teaching women to be careful how they wear their corsets.

Leagues have been formed for the suppression of that first mentioned article, which has so long been regarded as essential to feminine dress and men are being enrolled among the members.

THE KISHINEFF ORPHANS

Forty of Them Will Find Homes in the
Holy Land.

Vienna, Nov. 24.—The first section of 40 orphans whose parents were killed in Kishineff have arrived here on the way to Jaffa, where the Zionists are providing for the education and settlement. Some, even the youngest children, escaped death and bear scars they will carry to their graves.

On Sunday night they attended a funeral service in the Leopoldstadt Synagogue for their parents. The scene was so pathetic that nearly the whole congregation was at one time in tears.

Victor Home Again.

Pisa, Italy, Nov. 24.—King Victor Emmanuel and Queen Helena arrived here yesterday on their return from their visit to King Edward and Queen Alexandra at Windsor Castle, England, and proceeded to the royal residence at Rosarno.

Hall Car Destroyed.

Kansas City, Mo., Nov. 24.—A car on the Missouri Pacific fast mail train from St. Louis caught fire en route and the car and its contents, twenty tons of second and third class mail matter were consumed. The car was detached from the rest of the train, and none of the cars were damaged. No one was hurt. The car contained newspapers, magazines and books from the east.

for a Living.

UNUSUALLY THICK SKULLED

Surgeons Find His Head Full of
Holes—Finally Dies of
Paralysis.

Kansas City, Mo., Nov. 24.—Harry Beno, a showman, known as "Beno, the Wonder," died last week at the city hospital from paralysis, which resulted from his daily performance of the act of sticking awls into his head.

This consisted in driving an awl or other sharp instrument into his skull. For years he performed this daily, and apparently suffered no serious results.

While at a small town in Southern Missouri last summer Beno struck the awl an unusually sharp blow, driving it so far into his head that it penetrated the brain. He was brought to the hospital here, and after a month's treatment it was believed he would recover. But another of Beno's feats was to stick a thick skull with a sharp instrument into his head.

The other accomplishment for which Beno has been paid to this effect, was that of eating strychnine. It was said that in one dose he could eat ten times as much as a normal man.

DR. SHOOP'S RHEUMATIC CURE

Costs Nothing if It Fails.

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had. I discovered a powerful medicine which I named Dr. Shoop's Rheumatic Cure.

I do not mean that Dr. Shoop's Rheumatic Cure can turn bony joints into flesh again. That is impossible. But it does what no other medicine can. It cures the pain and swelling, and then it cures the Rheumatism.

I know the full truth of my Rheumatic Cure on trial. I cannot cure all cases within a month, it would be unreasonable to expect that. But most cases will yield within 30 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a powerful medicine.

My offer is made to convince you of my faith. My faith is not the outcome of experience of actual knowledge. I know what it can do. And I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism. I will then arrange with a druggist in your vicinity so that you can secure six boxes of Dr. Shoop's Rheumatic Cure to make the test. You may take it a full month on trial. If it succeeds, you owe me \$5.00. If it fails, the loss is mine and mine alone. It will be left entirely to you. I mean that exactly. If you say that this is not satisfactory, I don't expect a penny from you.

I have no samples. Any mere samples that can affect chronic Rheumatism must be dropped. The remedy is dangerous. I use no such drugs, for it is dangerous to take them. You must get the disease out of the blood. My remedy does not do that. It is a powerful medicine. It has cured the oldest cases that I ever met, and a full of my experience, in all of my 20 years. I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the book. Try my remedy for a month, or it can't harm you anyway. If it fails, the loss is mine.

Address, Dr. Shoop, Box 41, Racine, Wis.

Mild cases not chronic are often cured by one or two bottles. At all druggists.

WITH CARGO AFIRE

Liner Races Into Port With Big Blaze
In Hold.

New York, Nov. 24.—The Old Dominion liner Monroe raced to port on fire all the way from Atlantic City yesterday. Capt. John G. Hulphers was vice overcome by the smoke. Chief officer Crossley was also overcome, but either was affected seriously. The fire was confined to cotton in No. 1 hold forward. The passengers at first showed excitement bordering on panic, but soon quieted.

The steamer is the latest addition to the Old Dominion Line. It left Norfolk at 7 o'clock on Friday night with about forty-seven passengers, nearly all first-class.

In the United States the distance of the average railway journey is 22 miles; in England it is scarcely 10, while in Germany it is 15 miles, in France 21 and in Russia 65 miles.

ABYSSINIANS TO ATTACK MULLAH

They Will Co-operate With the
British Troops.

A PICKED FORCE TO BE SENT

No Definite Date Fixed for a Forward
Movement of the
British Troops.

London, Nov. 24.—It is understood that some 4,000 Abyssinian troops will co-operate with Gen. Egerton's force in the forthcoming operations against the Mullah.

On this occasion the Abyssinian force will not be composed only of Ras Makuan's army, but will also comprise troops from the Emperor's own regiments, some from the Abyssinian capital and some from the Harar district.

Menelek has himself displayed great interest in the equipment of this force, and the recent reports that the Emperor was mobilizing his army were due to the extensive preparations both at Addis Ababa and at Harar—in the purchase of mules, ponies, etc.—which have been in progress for the dispatch of the army.

According to recent advices the Abyssinian army was to march from Harar towards the end of November, its aim being to prevent the Mullah, who is still supposed to be in the Nogal Valley, from breaking away south across the Webbe Shubole, Capt. A. A. Duff, Gordon Highlanders, vice-consul at Addis Ababa, and Mr. J. L. Baird, second secretary of the British embassy, will by this time have arrived at Harar from London, whence they were specially dispatched in order to meet the Emperor and Major Colbold in accompanying the Abyssinian army.

In well informed quarters a good deal of uncertainty exists as to the exact date for the British advance, while reports via Aden continually give fresh dates for this move. Officers' letters from Somaliland do not mention any definite date, but on the other hand refer to the great difficulties of transport which still exist, and to the mortality among the camels.

Invalued troops who arrived from Somaliland have reported that nothing like a definite date was known generally in Somaliland, and state that the places the route from Beledweh was lined with dead camels.

U. S. BREEDERS AFRAID

Fear Canadian Competition at St. Louis Fair.

Ottawa, Ont., Nov. 24.—It is understood here that the officials of the St. Louis exposition are unwilling to most representatives of the live stock interests of Canada until the latter decide whether or not they will exhibit at St. Louis. This attitude is likely to bring about any change of front on the part of the breeders and stockmen of Canada. In fact, the likelihood is that they will issue an ultimatum refusing to send stock to St. Louis unless there is a decided modification of the regulations under which Canadian animals are admitted to the exposition, as well as of the conditions upon which the prize lists are based.

Breeders in Canada freely express their opinion that the engagement in similar pursuits in the United States is a decided modification of the regulations under which Canadian animals are admitted to the exposition, as well as of the conditions upon which the prize lists are based.

GERONIMO A CHRISTIAN

The Apache Chief Joins the Dutch
Reformed Church.

Fort Sill, Ok., Nov. 24.—The story circulated several months ago that Geronimo had become a member of a Christian church is true. He did not become a Methodist, as was told, but joined the Dutch Reformed Church, to which President Roosevelt belongs.

The Reverend Frank H. Wright, a Chortaw citizen, and the Reverend Walter C. Roe, missionary at Colony, both ministers of the church to which Geronimo had joined, were present at the ceremony, which was held at the Apache camp near Medicine Bluff and administered baptism to a large number of Apaches.

At one meeting, when the usual invitation was extended to persons who wished to unite with the church, Geronimo was present. He was examined by the two missionaries and Professor J. T. Bergen, of Hope College, at Holland, Mich., and questioned closely as to his understanding of the idea of one God and the atonement of Christ, and was asked if he was willing to abandon all Indian superstitions and evil practices. He was told that the change was not for a short time, but for all his life, and that he no longer could gamble and drink whisky. He said that he understood what was required of him and that he was in earnest.

The Reverend Mr. Roe, said that his answers and promises were such as to forbid their refusing admission. He was baptized by sprinkling. Reports from his village say that he seems really to be trying to lead a better life. He attended a mission among the Comanches after his conversion and sat in the front seat.

A DEMOCRATIC POPE

Plus Has Done Away With Much
Heavy Ceremonial.

Rome, Nov. 24.—A Monsignor who, because of his position, is frequently received in private audience by the Pope, said the other day:

"When I went to the Vatican to see the late Pope, I was obliged to speak with him kneeling, sometimes for more than half an hour. With Pius X. it is different; he excuses you from kneeling, with a smile and a gesture that seem to say: 'Don't; it is not in keeping with the times.' He makes you sit down near him, and not only wants you to have your say, but he even proposes contradiction in order that he may know both sides of the question."

"An audience with the new Pope is a real treat instead of a ceremony, and then, you are not in danger of falling into disgrace for a misplaced phrase or expression."

The several secretaries of the Roman congregations, who have to see the Pope once or twice every week because of their office, are unanimous in praising the new condition of affairs, although a few of the old prelates make a show of being horror-stricken at this invasion of democratic manners into the life of the Pope.

Pius X. does not even ring the electric bell when he is in need of his private secretaries for fear of giving trouble. He simply walks to his secretaries' office, and many a time visitors to these prelates have been greeted by an unexpected visit from the Pope, who never fails to address every one with the utmost affability. It is the simplicity and kindness of the new head of the Church that has made him so popular in ecclesiastical circles.

DISLIKES THE TACTICS

Prominent Conservative Says Party
Does Too Much Abusing.

Peterboro, Nov. 23.—At a banquet tendered to Professor Hutton, principal of Toronto University, on the occasion of his delivering a lecture here on Friday night, Mr. J. Harnden Burnham, in proposing the toast of "The Political Institutions of Canada," spoke to the effect as reported in the Peterboro Review: Mr. Harnden Burnham proposed the toast of the "Political Institutions of Canada," and named as respondents the toast from J. K. Stratton, who, he said, had done much for the town of Peterboro and his constituency. He further said that the constituents of Mr. Stratton felt that it was time the Conservative party brought forward some policy that would be more creditable to it than that of abuse and affidavit-producing, which had recently characterized it.

Apart from the truth of this utterance, its significance largely consists in the fact that the gentleman who spoke this is one of the most prominent of local Conservatives, who has always been politically opposed to Mr. Stratton, having appeared scores of times on platforms, where he is one of the most effective of speakers. Mr. Stratton's candidature at election time. But Mr. Burnham, though he is a Conservative, is evidently a fair-minded man, who cannot approve of unfair tactics against even a political opponent, and is also evidently too good a Conservative to accept with silent complacency the fatuous policy of abuse and mud-slinging which has, on the part of the Conservative Opposition in this province, so long served in lieu of a policy based on the requirements of the province.

MAY BE LIFE PRISONER

Although According to Law He Is
No Criminal.

Providence, Nov. 24.—In enforcing the law imposing a poll tax of \$1 the city of Pawtucket has caused John Barden to be incarcerated in the prison of Howard.

Barden has written to Gov. Garvin, a pathetic plea for release. He recites that he has been held in prison for twenty-three weeks, and adds:

"I ain't got a cent and can't get it." The city is supposed to keep him in prison until he settles not only the tax of \$1, but the costs of commitment and his board bill of \$3 per week, which the city is now paying the state for enforcing a state law.

The Governor cannot pardon the man because he has not been convicted of any crime, and unless the Legislature, which will meet next January, orders his release, he may be kept there indefinitely.

Parisiens, Green Hour.

Paris, Nov. 24.—The Parisian "green hour" is that genial season from 6 to 7 in the evening, when all the side-walks of the cafes of the boulevards and the Latin Quarter are lined with numberless little tables, on which stand green-tinted glasses with a morsel of sugar dripping appetizingly above them from a spoon across the brim. This is the immortal absinthe, known in the rich vernacular of the Parisian as the "petit verre" (petit). A simple pure Parisian hasn't tapered off his day properly if he hasn't spent his "green hour" somewhere on the boulevards.

A Grate Fire. A little fire in the grate of an evening takes the chill off the room, besides so pleasing to look at. A sack of Beaver Brand Charcoal at a cost of 10 cents fills the bill.

LECTURED ON LOVE.

Prof. Alexander gave what many
considered the best lecture of his series
last night, when a very large audience
crowded the Auditorium. The subject
of the lecture was "Love, Courtship and
Marriage," and for three hours, Prof.
Alexander spoke in a most interesting
manner. He described the characteris-
tics necessary for happy mating, claim-
ing that the temperaments should be
considered in relation to each other to
assure a happy married life. He spoke
of marriage failures and gave as the
reason that many men and women were
unsuited to each other. He showed
how marriage failures had brought mis-
ery and condemned the increasing mer-
cenary spirit. In the matter of court-
ship he said there should be no deceit,
but that in all things men and women
should be honest towards one another.
Two ladies and two gentlemen went
to the platform as subjects at the close
of the lecture.

A collection of paintings valued at
more than \$50,000, and a collection of
trinkets and souvenirs gathered dur-
ing a two years' sojourn in the far
east, were destroyed recently by a fire
in the studio of J. Amour Pichard,
an artist of Boston.

dress will be along the lines of the
one he delivered before the Historical
Society a short time ago. It is likely
that officers for the ensuing year will
also be elected at this meeting.

LOT'S BAD CHOICE.

Notwithstanding the unfavorable
condition of the weather, there was
a large congregation at St. George's
Church, West London, last night. Rev.
Arthur Murphy spoke upon "The Life
of Lot," drawing several lessons from
the bad choice made by the Bible char-
acter, and contrasting the effects with
the misadventures made in important de-
cisions in everyday life. Tonight Mr.
Murphy will speak upon "Isaac."

NO SMOKING ON PLATFORMS.

The Hamilton Street Railway Company
has decided to prohibit smoking even on
the platforms of its cars. The Spectator
says: "The management of the Street
Railway Company some time ago asked
an expression of opinion from the men
on the road as to the matter of smoking
by passengers on the car platforms,
especially during the fall and winter
months, when the closed cars are in use.
At a meeting of the men on Saturday
night there was a unanimous vote in
favor of the abolition of this nuisance,
the men asserting that the smoking of
platforms by smokers hampered them
greatly in their work, besides being a
nuisance to lady passengers." This good
Londoner better, as smoking is only
prohibited on the platforms of closed
cars in London.

TO GIVE HELPING HAND

Methodists of London Will Assist
Church in Jamaica.

The Methodist Ministerial Association
met yesterday afternoon at Dundas
Street Central Church, and adopted a resolu-
tion to aid the appeal for help from
Jamaica which is being made in Canada
by Rev. Dr. Charles Murray and Mr. Her-
bert A. Cunha, of Kingston, Jamaica.

Both of these gentlemen occupied pulpits
in the Methodist Churches in the city on
Sunday. The association thought that
the request for help was justified, and
that it would be a great credit to the
churches if they rose to the occasion and
extended a helping hand to their brethren
in Jamaica, who had had everything de-
stroyed by a terrible tornado. Rev. C.
T. Scott was chosen treasurer of the
fund, which will be called "The Fund for
the Relief of the Methodist Church in
Jamaica." Most of the Methodist clergy
of the city were in attendance at the
meeting.

DIPLOMA RECEIVED BY I. C. R.

For Exhibit of Pictures at the To-
ronto Exposition.

A diploma has been received by
General Traffic Manager Tiffin from
the directors of the Dominion Indus-
trial Exposition, recently held in
Toronto, on which appear the words,
"Awarded to the Intercolonial Rail-
way by the Jury of Awards for exhib-
it of pictures, etc." The diploma
is a very fine production of the litho-
graphic art. It will be suitably
framed, and added to the railway's
permanent collection. The exhibit
meriting this award consisted of one
hundred and twenty-seven large
bromide enlargements arranged to il-
lustrate in order the route traversed
by Canada's famous train, the "Mar-
itime Express," mounted Resignouche
salmon, illustrating the rise, strike,
struggle and victory—and moose
heads, the whole exhibit occupying
nearly one thousand square feet.
The many thousands of visitors to
this largest of Canadian exhibitions
were loud in their praise of the beau-
tiful scenery and sporting trophies of
Quebec and the Provinces by the Sea,
and it will no doubt result in many
of our Upper Canadian brothers visit-
ing us next year.

THE OLD RELIABLE

ROYAL BAKING POWDER

THERE IS NO SUBSTITUTE

VERY POOR PRODUCTION

**Weak Company Puts on "In the
Palace of the King."**

**Miss Evesson and Two Others the Only
Capable People in the Cast.**

"In the Palace of the King," a
dramatization of F. Marion Crawford's
book of the same name, and in which
Viola Allen made a tremendous hit,
was put on at the Grand last night by
Miss Isabel Evesson, and a company
of which, probably, it would be charit-
able to say but little. The plays tell
a story of the usual type of Spanish
romances with a puppet king, a prince-
ly hero, and a girl madly in love with
the hero. There is no half fight in
the piece, by rights, but its pro-
duction by Miss Evesson's company last
night almost led to the growth of sus-
picious at times that a ball fight was
about to be pulled off. As for Miss
Evesson herself, the leading lady who
was also seen here in "The Turf," a
few years ago, it can be said that she
is the mistress of not a little historic
art, though she is somewhat beyond
her depth when she essays the role of
"Dolores," which calls for the por-
trayal of all the finer and intense
emotions. She was given fair support
by Miss Anna Laying, as the Princess
of Ebohi, and the work of Mr. Mark
Kent, as the king's fool, was also
good. Mr. Kent will be remembered
as the miser in "The Little Red School-
house," a mediocre production which
was seen here a couple of years ago.

The remainder of the company were
simply ridiculous. Chief among those
who did not know how to act was
Francis Cambello, as Capt. de Men-
leza. His serious periods provoked the
heartiest laughter and his stage move-
ments almost drove the gods into a
frenzy. Running him a close second
for lack of ability was the hero, Mr.
Alfred Hollingsworth, who lacked
everything but audacity to make
the part a success. As for the rest of
the company, they were in a class by
themselves—and that was a poor class.

The scenery was excellent, though
it showed in spots the ravages of age
and the dusting was fine. In con-
clusion it might not be out of
place to remark that it is a mighty
good thing one half the world does not
know what the other half is doing.

Viola Allen might very herself into
an early grave fretting about what
the present company are doing to her
one time favorite play.

FATAL ENGLISH STORM

Victims Hit by Falling Chimneys—
Wreckage On the Coast.

London, Nov. 24. — Heavy gales in
England have caused much damage to
property and a number of deaths in
the streets of Birmingham, Tipton and
Helsburgh, the victims having been
hit by falling walls or chimneys.

Thus far eleven deaths caused in this
manner have been reported.

A quantity of wreckage, including a
small boat, has been swept up on the
coast, leading to the fear that there
have been disasters at sea.

Telegraphic communication with the
continent is partially interrupted.

WAS A SUCCESS

**Concert Given at Chalmers Church
Last Night.**

Chalmers Church has seldom seen so
successful a concert within its walls
as that given last night. The concert
followed a supper in the schoolroom,
and the supper and concert were alike
a credit to the ladies of the church.
The whole affair was given under the
auspices of the Ladies' Aid Society,
who, headed by Mrs. Moffatt, the pas-
tor's wife, worked hard to make it a
success. They handled the large crowd
well. The supper began at 6:30 o'clock
and at the close the concert began in
the church, which was filled.

Rev. Mr. Moffatt occupied the chair
and after a short address introduced
those who contributed to the pro-

gramme. Mr. Alex. Stein opened with
an instrumental selection, which, with
his accompaniments during the even-
ing, was thoroughly appreciated. Miss
Robb sang "Loch Lomond" prettily,
followed by the St. George's quartet,
who sang "Nearer, My God to Thee,"
and later "The Lost Chord."

After an address by Rev. Mr. Clark,
of the Southern Congregational
Church, Mrs. Charles Wheeler sang
"The Highland Mary's" Toast. This
beautiful song was given with Mrs.
Wheeler's usual charm, and on her
next appearance when she rendered
"Auld Lang Syne," Mrs. Wilson and ad-
mirer. She was much the recipient
of a beautiful bouquet of roses.

The Misses Wilson gave two very
pretty duets, which were well received.
Miss Elsie Wilson's rendering of "The
Japanese Love Song" was so delight-
ful that the audience insisted on an
encore.

Rev. Hector Mackay, of London
Union, gave a short address, and a
duet followed by Messrs. Dorman and
Axton. The programme closed with
a pleasing violin interpretation of the
intermezzo of Mascagni's Cavalerio
Rusticana.

THE E. AND H. ACCIDENT

**Engineer Flowers, Formerly Ran On
the L. and P. S. R.**

James Flowers, the engineer who was
injured in the wreck on the Erie and
Huron division of the Pere Marquette,
a short distance south of Chatham, last
evening, was a former Londoner, hav-
