A BIG TIME AT THE ISLAND

Holy Trinity Sunday School Has a Joyous Outing at Belle Isle.

A FINANCIAL SUCCESS

When Holy Trinity Sunday school announced their excursion to Belle Isle many of their friends expressed fear for its success owing to the late date, so many being out of the city and so many excursions having already been held to that point. But when the boat left the dock yesterday morning all fears were dispelled, for it had one of the largest excursions of the season, showing the popularity of Belle Isle as a pleasure giver. Before the boat was out of the city those in charge of affairs got down to business. Mr. Harry Northwood and his assistants, Mr. Williamson, Lloyd Hodgins and Stewart Baxter ran the refreshment counter; Mrs. Ross Walker, Mrs. Sayers, Misses Beeston, Eberts, Goodard, Brunker, Manning, Hodgins and Tackaberry, the lunch and ice cream tables, and so well did they do their work that over \$70 were taken for refreshments. To Mrs. Walker a great measure of the success of the excursion is due. She was a most indefatigable worker and so pleasant that everyone wanted to work with her. It was remarked by several that they never saw so many of the leading men of Chatham on a holiday together. Among those who took part were Messrs. Matthew Wilson, K. C., Alderman Sullard, Edwin Bell, J. Sayers and J. W. White, representing the legal profession; N. H. Stevens, W. T. Shannon, P. S. Coate, R. A. Smith, C. D. Williamson, W. R. Baxter, R. O. Knight, W. G. Moore, and many others of Chatham's leading citizens who had laid business aside for the day to have a pleasant time together. The excursion was everywhere looking after the pleasure of his flock and also seeing that the business end was not allowed to flag. The day was an ideal one for an outing and the boat made good time, giving over three and a half hours at the island. A heavy down pour of rain came on just as the boat reached the Rankin dock on the return trip, but even that did not seem to dampen the spirits of the crowd and all scampered for home like a lot of children who knew a good time when they found it.

NOTES OF THE TRIP.
Five lawyers were on the excursion. No wonder some one got soaked before the close.
No doctors were on board and every one ate and drank what they pleased and suffered no bad effects.
Mr. J. W. White, the champion sprinter, ate 17 dishes of ice cream on the return trip and ran the race of his life to get home out of the rain.
Many saw the things they used to dream about in the aquarium.

HAS THE MAYOR STOPPED IMPROVEMENTS TO HOSPITAL ?

It is Said That Marshall will Refuse to Sign Cheques for the Renovation of Isolation Property—A Queer Mix-Up

There is trouble ahead. At least it looks as though somebody intends to make it hot for somebody.
Monday night the City Council passed a motion to the effect that the work of renovating the new isolation hospital be proceeded with, as recommended by the Board of Health, the cost of the renovations to amount to \$10,000. Mayor Marshall, when the matter was taken up, made strong objections to the passing of such a motion, but he said that it was up to the aldermen to do what they thought best. The motion was finally passed, and everyone thought that the strife over the renovation of the hospital was at an end.

But it seems that the matter did not end there. The Mayor, it is understood, took immediate steps to find out whether the expenditure could be prevented in any way. Some say that he hunted up a lawyer the same evening after the Council meeting, and got his opinion as to what could be done. Next morning Contractor Carswell received a letter from the Mayor, in which the First Magistrate notified him not to go on with the work, as he, the Mayor, would be put in adequate shape had for work done on the hospital.

Mayor Marshall is at present in Toronto and The Planet could not verify the report. City Solicitor Wilson is also out of town.
A reporter called at the office of Chairman Charters, of the Board of Health, this afternoon, but the doctor was away on a professional call. Medical Health Officer Hall was asked if he heard anything relative to the matter.

"Up to the present I have heard nothing about it," said Dr. Hall. An endeavor was made to find Contractor Carswell, but that gentleman could not be located in time to ver-

CAUSE OF WRECK

The M. C. R. Conductor Blames Drake For the St. Thomas Collision

St. Thomas, Aug. 8.—The inquest concerning the cause of the recent railroad wreck on the London and Port Stanley Railroad was opened last evening before Coroner Justin. Three witnesses were examined and the inquiry adjourned at 10:30 until Wednesday evening at 7:30.

Conductor Abbot, of the M. C. R., gave evidence, and read orders that his train received at London before starting out. They were to "Meet extra east, engine 38, at Glenworth, and meet No. 40, engine 41, at St. Thomas."

Conductor Abbot said he could not see from the scene of the wreck whether the signals were displayed or not. No. 40 had the right-of-way, and signals should have been displayed. The witness said that if signals had been out, the engineer would not doubt have seen it.

The real cause of the accident to Conductor Abbot's knowledge was the neglect of P. M. Conductor Drake in overlooking his orders or not properly examining the register at the station.

WORE A LARGE SIZE
Yesterday afternoon Mr. Tobey of The Two T's received a 'phone message from the Rankin Hotel asking him to send a large sized man's shirt to that place. Mr. Tobey said: "The largest you've got in your store." The answer came back: "Who is it for?"

"Big Bill Lowry, of Lima, Ohio; he's never been able to find a shirt in the United States or Canada that kept shirts in stock that have been large enough for him."

"All right, we will see what we can do," said Mr. Tobey. The largest sized shirt which could be found in The Two T's was one nineteen inches in the neck-band. The shirt was sent around to the hotel, and it proved to be a fit—the first comfortable fit Mr. Lowry says he has been able to obtain in a ready-to-wear shirt.

Mr. Lowry comes from Lima, O., and has large interests in the oil fields.

WOULD LEAVE THE STAGE

Marie Dressler Advises The Young Girls to Shun The Footlights

DISGUSTED WITH ACTING

Again, Marie Dressler, one of the most famous actresses on the American stage, and a former Chatham girl, known here as Lela Gerber, has been repeating her familiar line. From London it has come to us by way of an interview, says the Matinee Girl in The New York Dramatic Mirror.

"Oh, what a business when one tries so hard to be honorable!" she is quoted as exclaiming. It is Marie's same old distaste against the stage and the conditions that surround it. A little while ago we had her saying: "I hate the business. I have no ambition whatever connected with it except an ambition to get out of it. As a professional I suppose I could, if not engaged, get seats or boxes for any theatre in New York. But I would not go to one of them. I am simply disgusted with it all."

It was four years ago that she put new business into her part as a detractor of the stage. She announced that she was going to retire from it and declared that the sooner she left it the happier she would be. She said: "It cannot be next season, but it will certainly be the season after that that I will retire, never to play again."

But we have her with us still, or rather we will have her again in the autumn, when her summer's diversion of crossing the pond has ended. And again we shall no doubt have her speaking the same old lines.

"I would not advise any girl to go on the stage. People may not take me seriously when they hear that I am disgusted with it, but the future will prove that I am determined to leave it. I never want to see a theatre when I retire."

There is a homely old adage that admonishes us not to quarrel with our bread and butter. There is another concerning the bird that renders its own nest objectionable. I am in a goodly company in being tired of these jeremiads of Marie's. The best trait of the admirable comedienne is that big-hearted generosity which has caused her fellow players to nickname her the Lady Great Heart of the profession. The Torst is persistent, and continuous fault finding with the work she has chosen, and which actions indicate, though words may not, that she does not intend to abandon.

There was a time, too, when the stage did not abandon Marie. The people followed her down into the very Valley of the Shadows and brought her back and set the sun of prosperity shining for her again. Oh, Marie of the brief, brief memory and the atomic gratitude!

MEETING POSTPONED

A meeting of the Public School Board was called for last evening but, owing to the Board's inability to provide a quorum, it did not materialize.

The assembled members fell short of the required number by just one man, and for a full hour they hung about the corridors in the hopes of the missing one turning up. Finally, after an animated informal discussion on public affairs generally, they took up their umbrellas and went out into the rain with the load of their postponed business on their minds.

LURED TO CANADA

Chicago Girls are Being Taken to Prince Albert, Sask.—Authorities Notified.

Chicago, Aug. 8.—Ten young girls from Chicago are on their way to Prince Albert, Canada, in the charge of an unscrupulous woman from the Twenty-second street district. They believe that they are to be entertained by her at her summer home. They suppose that she is a woman of refinement and respectability. Some have been promised employment at extravagant wages.

In reality they are being taken to a Canadian town where the proportion of men to women is 1,000 to 1. The girls, most of whom are in their teens, have been recruited from various parts of the city. Their railroad fare, amounting to \$48, has been paid. Some have even been provided with wardrobes. They have been well supplied with spending money.

Charles R. Svinning, 5844 La Salle street, whose family is acquainted with one of the girls, said that she was entirely unsophisticated and believed that the woman was a real friend, who desired to give her a brief season at a pleasure resort.

Mr. Svinning laid the matter before the Englewood police, who promised to take the matter up. At the same time he sent word to the postmaster at Prince Albert, notifying him of the facts, and asking him to warn the authorities.

SOLD SIX LOTS
Rothwell & Co. sold, yesterday, on their Elms Sub-division, 6 lots, as follows:

NATURAL GAS

At the recent gathering of natural gas men at Kansas City, Mo., J. C. McDowell, general manager of the Kansas Natural Gas Company, furnished a contribution of special interest, from which the following are extracts, and which may prove of interest to Chathamites, now that natural gas is under consideration: "It is twenty-five years this summer since I engaged in the natural gas business, laying the first large line, eight-inch, from near Wilcox, in Elk County, to Bradford, Pa., extended the following year to Olean, N. Y. These cities and Titusville alone were using it for domestic fuel at that time," said Mr. McDowell. "In 1883 the business began in Pittsburgh—we were pioneers in those days, with no appliances or safety devices, and with slight appreciation of the value of the product. It was carelessly handled and wastefully used, wild ideas were entertained as to its future, some insisting that the wells were inexhaustible, others predicting its early failure, but little progress was made in the first decade of its history, and investments in the enterprise were looked upon as doubtful. In fact, owing to the manner of handling it, dividends were of the intermittent type.

"However, in the past ten years, the business has grown to large proportions, until at the close of 1905 it represented an investment of over \$175,000,000, the gross earnings from which was approximately \$50,000,000 in 1905. The investment has more than doubled in the last six years, and in 1905 over \$20,000,000 was invested in it, while 1906 will show a much larger investment than 1905. Natural gas securities are now in good demand. I have never known a natural gas bond to default in either principal or interest, and, with conservative management dividends are regular. Over 5,000,000 people in the United States are now using natural gas exclusively for fuel and light, and more gas was consumed last year than in any previous year for manufacturing purposes.

"These facts are the best possible answer to the question, 'How long will it last?' I hold in my hand the twenty-second annual statement of the Philadelphia company, dated March 31, 1906. This company supplied natural gas to Pittsburgh, Pa., and vicinity. I notice it sold an average of approximately 100,000,000 cubic feet per day during the entire year, an increase of 10,000,000 cubic feet per day over the previous year, the gross earnings from which were \$4,674,851, and the same story is true of every large company in the east.

"Let me say to you the natural gas business is in its infancy at the present time. Its development in the middle west is scarcely begun. It can only be handled safely with large capital. What has already been done in Kansas and Missouri is the result of years of careful planning and of judicious investment. The selection and development of gas territory warranting the investment of millions of dollars necessary to supply a large city with gas is not a matter of days or of months, but of years of painstaking work by skilled men. "I congratulate you on being engaged in a business that is a blessing to your fellow men. I know of no other one thing that has added more to the sum of human happiness than the use of natural gas for domestic fuel. It is a luxury that both rich and poor can enjoy with economy. A perfect fuel carrying itself into the stove of the consumer, requiring only a spark or a flame to ignite it, when it approximates to itself sufficient oxygen for perfect combustion. I am pleased to note the great interest taken in the discussion here and particularly the prevailing sentiment of good service or satisfaction to the consumer. This is the right spirit and should be kept constantly in the foreground. Encourage gas saving appliances; educate the people in its use, particularly its economical use.

"Remember, your consumer must learn to use natural gas; convince him that if it burns more than necessary, he is wasting money. When bills seem unreasonably large, even the intelligent consumers will some-

WORST ECZEMA DOCTORS EVER SAW

Spread Rapidly Over Body—Limbs and Arms Had to Be Bandaged and Scalp Looked Dreadful—Suffered Untold Misery for Three Years—Better in Two Months.

MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadful. I used many kinds of patent medicines before trying the Cuticura Remedies, all to no avail.

"A friend teased me to try Cuticura. At last I consented, when my boy was three years and four months old, having had eczema all that time, and suffering untold misery. I began to use all three of the Cuticura Remedies; the Cuticura Soap helped as well as the Ointment. He was better in two months; in six months he was well; but I gave him the Cuticura Remedies one year, using twelve bottles, I think, and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfectly fair when cured. I give you permission to publish this letter for I am always glad to do good when I can. I think I have told you all there is necessary to tell." Mrs. R. L. Risley, Oct. 24, 1905. Piermont, N. H.

Complete External and Internal Treatment for every humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, Ointment, and Pills, (each in form of Chocolate Coated Pills in stat of 60, may be had of all druggists.) A single set of Cuticura Remedies, when all other remedies fail, will cure the most distressing cases, when all other remedies fail, and even the best physicians fail. Write for a free trial of Cuticura Soap, Ointment, and Pills, to Dr. J. C. Cuticura, Boston, Mass., U. S. A.

and "All About the Skin, Scalp, Hair, and Hands."

times insist that the gas be diluted with air, and I have known city councils in preparing franchises to struggle over the insertion of a clause to prevent the possibility of such dilution, overlooking the fact that the simple words natural gas are the best possible safeguard against such dilution, even if such a thing was practicable. The Great Chemist prepared natural gas in nature's laboratory; man has not been able to make even a near approach to a similar product. It is of such a nature that it cannot be mixed with air and conveyed. The difference in the density and gravity alone tends to separation, so that while it may by care be mixed with a few inches of the point of combustion, so that it will burn well, it cannot be mixed in a tank or in a pipe line and conveyed any distance without the gas and the air being so separated or stratified that its use would be impossible. The talk about pumping air through pipe lines is too absurd to be considered seriously by any intelligent person. The danger incurred by anyone who would undertake it is sure prevention of its being undertaken. All gas engineers are very careful in case of a break to blow out all the air that may have accumulated in the line by reason of the break before reconnecting the line. I now recall a very serious explosion in a large mill in Pittsburgh, splitting the pipes throughout the mill and for a full square in the street outside by a neglect of this precaution. About ten or twelve parts of air to one of natural gas thoroughly mixed within a few inches of the combustion point are essential to the use of natural gas; a very little less or a very little more air or an imperfect mixture and the gas will not burn with a steady flame or at all satisfactory."

2 in 1 SHOE POLISH

Black and White

Now, there's the difference. "2 in 1" shines instantly, is a true leather food and does not injure the finest ladies' shoes. There is no other shoe polish in the world like it.

Black in 10c. and 25c. tins.

White in 15c. glass.

JUST A LITTLE BIT OFF THE TOP

Mr. W. E. McKough says that this is not hot weather. No, not at all, but we notice that the genial ex-Mayor has a tendency to keep to the shady side of the street the same as the rest of us.

The Council is about to consider matters pertaining to the production of natural gas. It would not be surprising if the subject under discussion caused a conscious blush or two.

Just now the magazines are making a special endeavor to supply their readers with what is termed as light summer reading. Some of it is so very, very light that it might quite aptly be advertised as a bal-briggan variety.

The Russian situation has taken a vacation. And for that harried nation The rest will be all right. But just a little later 'twill come back even greater.

As hot as the equator.

And loaded for a fight.

—Toronto Star.

A PERSISTENT BACKACHE.
 Can have but one cause—diseased kidneys, which must be strengthened before backache can be cured. Why not use Dr. Hamilton's Pills? They cure the kidneys quick, make them strong and able to filter disease—breeding poisons from the blood. At once you feel better, stronger and brighter. Kidney health is guaranteed to every user of Dr. Hamilton's Pills. Get a 25c. box from your druggist, and refuse substitutes.

FASHION HINTS

FOR WEDNESDAY'S DAILY LADIES' WAIST.

P. C. Fox, of Rathven, spent yesterday in Chatham.

Thomas N. Wells, of the Dresden Times, is in the city to-day.

Mrs. Wm. Anderson, Grant St., is spending a few days at the Eau.

Miss Cecile Burns, of Detroit, is the guest of Miss Hattie Mount, of this city.

Mrs. Weir, Grant St., has returned from a holiday visit at the Eau. She was away for a week.

Mrs. (Dr.) W. R. Hall and daughter and Miss Mary Shannon are expected home from Muskoka Saturday.

Mrs. W. Heddie, Prince street, left this morning on a visit to friends in Detroit and Port Huron.

Mrs. A. T. McDonald, of Louisville, Ky., is visiting her mother, Mrs. Blight, Wellington street.

Miss Rose Couzens, Colborne St., left this morning for Rossland, B. C., where she will visit her sister.

Bert Reid returned to his home in Cleveland this morning after visiting his relatives on Stanley avenue.

Mrs. J. A. Queller and daughters, Minta and Myrtle, of Detroit, are visiting Mrs. James Rankin, of Joseph St.

For sale, brand new up-to-date Ford automobile at a bargain; good reason for selling. Apply Planet Office.

Mr. and Mrs. Charles Kellar, William street, have left on a two-weeks trip through Montreal, Quebec and Portland, Maine.

Miss Fannie Barfoot, Dufferin avenue, left to-day for Pincher Creek, Alb., where she will spend several weeks with relatives.

Miss E. M. Blake, Queen street, left this morning for Toledo, Ohio, where she will spend several weeks with relatives and friends.

Mrs. (Dr.) Radley is reported to be improving nicely. The recent operation was performed successfully, and hopes are now entertained for her recovery.

A despatch from Dresden says a special meeting of the ratepayers and citizens was called on Saturday evening to consider a proposition from the Keystone Sugar Company of Toronto. After some consultation a bonus of \$25,000 was asked for and a by-law will be submitted at once.

OIL IS NOT IN IT.

The oil business is all right and Chatham is in line to be one of the finest cities in the West on account of the famous Tilbury discoveries. But after all is said and done, the wonderful LOT SALE now going on of first-class building lots in our

ELMS SUB-DIVISION

is creating a GREAT SENSATION. One purchaser of a Lot 10 days ago at \$450 refused \$75 advance yesterday. You can't make money easier. Come out any evening this week between 6.30 and 8.30 p.m. and look us over.

STRONG MEN STRIKE WOMEN IN THE FIGHT FOR LIFE BELTS

Survivors Of The Sirio Wreck Tell A Tale Of Almost Incredible Cowardice On The Part Of Boat Officials — Illegal Work

Madrid, Aug. 8.—According to the statements of some of the survivors of the wrecked Italian steamer, Sirio, the captain of the vessel came from his cabin immediately following the first shock, hesitated whether to go to the bow or stern, or mount the bridge, and then turned and jumped into a lifeboat, crying "Everyone for himself!"

Thereupon began a terrible struggle among the passengers for possession of the boats and lifebelts. The crew, with knives between their teeth, and officers, with revolvers in their hands, saved themselves.

Engaged In Illegal Work.

The Espana Neuva yesterday morning publishes a startling statement to account for the wreck of the Sirio. In this communication it is asserted that the Italian steamer was engaged in the clandestine embarkation of Spanish emigrants along the coast, and that large sums of money were paid for this work. This is said to explain why the vessel followed a course never taken by ships of equal draught.

Took Life-Belts From Women.

Cartagena, Aug. 8.—One of the survivors of the wrecked steamer Sirio, who is said to be a godson of Queen Margherita of Italy, says, "An enormous crowd of women rushed forward and struggled fiercely and desperately to obtain possession of life-belts. Frantic men approached and felled the women senseless on deck, where they were drowned. On the other hand, one man refused to be saved until all the women had been rescued. His refusal cost him his life, for he went down with the ship. The horrible confusion and the fierce fighting of those few moments almost beggar description.

Wild Shrieks of Despair.

The passengers dashed hither and thither, uttering wild shrieks of despair and even destroying the life-belts in their made and hopeless frenzy. The only boat launched from the Sirio had scarcely touched the water before it was overcrowded and swamped. It was later found on shore, bottom up.

Survivors assert that passing vessels paid no attention to the Sirio's signals of distress. Several vessels, they declare, even put on full steam and rapidly drew away. No fewer than eight monks were among the drowned. The baby which was discovered alive floating by itself has found new parents by adoption.

The Planet—for your ad.

ENJOYED THEIR TRIP

Ex-Mayor and Mrs. George W. Sulman returned to the city yesterday at noon, after a three months' tour in European cities and places of interest. Both returned in good health and were greatly benefited by their extended trip.

They visited all the capitals of Europe excepting St. Petersburg, and took in all the places most noted in history and fiction. Mr. Sulman was too busily engaged with business affairs to give an interview this morning, but he has very kindly promised to prepare an account of his interesting trip for The Planet. The article will appear in this G. H. J. next Tuesday.

FOR SALE BY TENDER

The undersigned will receive sealed tenders up to the 25th of this month for the sale and removal of the large frame dwelling situated on the east side of William street next to the St. Andrew's church, and now used as a boarding house. Builders and contractors will do well to look this building over, as the same must be removed to clear the land for other purposes. No tenders will be received later than the 25th. For further information apply to

E. E. PARROTT & SON,

Real Estate Dealers,

Seane Block, Chatham.

NOTICE TO CONTRACTORS

Sealed bids or separate tenders will be received up to 7 p.m. Thursday, Aug. 16th, 1906, for the complete renovation of the old market building.

Plans, specifications, etc., can be seen at the offices of the architects after Thursday, Aug. 16th. Lowest or any tender not necessarily accepted.

Mrs. Jason Austin and son, of Hammond, Ind., have returned home after spending three weeks in the city with their parents, Mr. and Mrs. L. Austin.

S. O. E. annual three-day excursion to Niagara Falls Civic Holiday, Aug. 13, 1906; come with the crowd and enjoy an outing. First class coaches have been secured. Adult tickets \$2.45, children's tickets \$1.25.

The annual convention of the Grand Lodge of Ontario, I. O. O. F., opened at Peterboro yesterday. Several hundred delegates were in attendance.

L. Evelyn McCulloch, of Ridgetown, is one of the most successful Public school teachers in the county. She has been, during the last year, in charge of the entrance room and assistant in High school work in Thamesville. She sent up 22 candidates for the entrance this year, 20 of whom were successful.

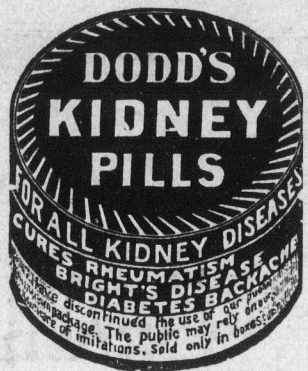

Lost, a gold filled watch and chain on William street or at the Athletic Grounds yesterday afternoon. The watch bears two initials, "E. G." engraved on it, hunting case, and the chain is set with chipped diamonds in the shape of the fleur-de-lis. The finder will be suitably rewarded on returning the same to the G. T. R. depot.

Mr. J. W. Atkin, secretary of the Chatham cricket club, has received a letter from Mr. W. J. Gilmour, of London, secretary of the Woolsey Barracks cricket club, asking for arrangements to be made for a match either in Chatham or London. Arrangements are being made for a match on Tuesday next, August 14, at Chatham.

Captain Stockwell, of the Canadian steamer Premier, which runs between Detroit, Windsor and Canada, arrived at the wharf and Lake Erie, was fined fifty dollars at Toledo on Sunday for failure to notify the customs authorities that he would arrive after hours. The oversight was unintentional on his part. The Premier had been chartered by a party of Ohio oil-men who are interested in the oil fields in the vicinity of Lima and Tiffin, Ont.

Friends of A. H. Clarke, K. C. M. P., of Windsor, are booming him for the vacancy in the Ontario high court, caused by the death of Justice Street. Mr. Clarke was for a number of years crown prosecutor of Essex county, and in addition has enjoyed for many years a practice which demands his constant appearance in the high courts.

Notwithstanding the outlook early in the season that Michigan's peach yield this year would be a bumper one, reports compiled by the Michigan state horticultural society indicate the crop will be only about 40 per cent. of the average. Most, to blame for the reduction is the "Little Peach" disease, which is general throughout the state, and is constantly growing worse.

M. C. Fox, of Kingsville, was a city visitor yesterday.

Mr. and Mrs. W. C. McArthur are spending the day at the Eau.

Miss Effie Eberts, of Winnipeg, is visiting her mother on Barthe street.

George Mitchell, of Toronto, spent Sunday at his home on Park street.

T. P. Warner, of Blenheim, was in Chatham yesterday on business.

Wm. Woodbridge, of Kingsville, was a visitor to the city yesterday.

Good dry hard wood cuttings for sale, \$1.75 per load. Wagon Works.

At the meeting of the Quarterly Board of Victoria avenue church last evening a complimentary resolution has been given to Rev. E. E. Malott, expressing gratification that he was to be pastor of the church for a fourth year. To show their appreciation of his services the Board voted an increase of \$100 in salary. This is the third increase of \$100 that Mr. Malott has received during his present pastorate.

"What are the members of the Council doing about remodelling the old market front?" asked a prominent local gentleman this morning. If anything is to be done it ought to be done at the present time. Later in the season such work would seriously interfere with the market, while just now the farmers are busy and the markets are smaller than usual.

The tourist season is now in full swing, and boats are going out from all Canadian ports well filled. Any person intending to take advantage of any of the summer tourist trips, and there are many advertised by W. E. Rispin, City Passenger & Ticket Agent, Grand Trunk and Wabash Railways, should have their berths secured, as otherwise it is impossible to provide accommodation.

He can give intending tourists choice of summer tours to all the Great Lakes and Rivers by all Steamship Lines, and has some particularly choice trips to Muskoka Lakes, Lake of Bays, Georgian Bay, Lake Superior and River St. Lawrence, and Sea Coasts.

Mr. Noble Ripley, of London, is the guest of his parents, Mr. and Mrs. S. B. Ripley.

Miss Kate Stewart has returned from her visit to Whitby.

Mrs. D. J. Davies is the guest of Mrs. Thos. Davies, West Lorne.

At the social evening of the Epworth League, last night, Mrs. E. Graves and Miss Pearl were made the recipients of handsome presents from the Members of the Methodist Church. They will be leaving in

—When a woman suffers from depressing weakness, she then keenly realizes how helpless—how thoroughly worthless she is. Dr. Shoop has brought relief to thousands of such women. He reaches diseases peculiar to women in two, direct, specific ways—a local treatment known by druggists everywhere as Dr. Shoop's Night Cure, and a constitutional or internal prescription called Dr. Shoop's Restorative. Dr. Shoop's Night Cure is applied locally, and at night. It works while you sleep. It reduces inflammation, it stops discharges, it heals, it soothes, it comforts, it cures.

Dr. Shoop's Restorative (tablet or liquid form) is a constitutional nerve tonic. It brings renewed strength, lasting ambition and vigor to weak, listless women.

These two remedies, singly, or used together, have an irresistible, positive helpful power. Try them a month and see.

Gets \$3,000,000 For Timber Lands and Has Railway to the Good.

Victoria, B. C., Aug. 6.—It is announced that the Canadian Pacific Railway Co. has sold all its timber lands comprised in the recently acquired Esquimalt and Nanaimo Railway belt on Vancouver Island, to the MacLaren Timber Co., composed of Ottawa and Montreal capitalists chiefly, who already operate large mills on the north arm of the Fraser River, near Vancouver. The price paid is said to have been \$10 an acre, at which the railway company secures upwards of \$3,000,000, or more than they paid the Dunsmuir Co. for the entire land grant and railroad.

Responsible officials of the company decline to affirm or deny the report, stating that any announcement in connection with the deal must come from Montreal.

The transaction is believed to be the largest of the kind ever consummated in British Columbia.

VALUABLE ADVICE TO MOTHERS

If your child comes in from play coughing or showing evidences of a gripper, sore throat, or sickness of any kind, get out your bottle of Nerville Rub the chest and neck with Nerville, and give internal doses of ten drops of Nerville in sweetened water every two hours. This will prevent any serious trouble. No illiment or pain reliever equals Nelson's Nerville, which has been the great family remedy in Canada for the past fifty years. Try a 25c. bottle of Nerville.

Child Burns to Death.

Calgary, Alta., Aug. 7.—The four-year-old daughter of W. S. Clarke of Innisfail, died yesterday morning from burns. She was left in the house while her parents were at work.

Two Killed in Wreck.

Pittsburg, Aug. 7.—The Cincinnati and New York limited, on the Pittsburgh, Chicago and St. Louis Railroad, was wrecked while entering this city late last night. Two persons were killed.

Little Boy Missing.

Toronto, Aug. 7.—Nine-year-old Ronald Morrison of Hayter street went for a swim at Fisherman's Island yesterday morning. He did not come home last night and a policeman after a search having been his clothes. It is surmised he was drowned and a search is proceeding for the body.

RADIANT WOMANHOOD.

The glory and satisfaction of beautiful womanhood can be known only to those possessing the unfading radiance of health. No weak woman can be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves, all tell of a terrible struggle to keep up. What the weak woman needs is Ferrozone. It renews, restores and vivifies instantly—it's a "woman's remedy"—that's why.

Ferrozone makes women strong, plump and healthy because it contains lots of nutriment, the kind that forms muscle, sinew, bone and nerve. It makes the blood rich and the body making delightful color, happy spirit, true womanly strength. Fifty cents buys a box of Ferrozone in any drug store.

There is no difficulty in borrowing trouble when the inclination is in that direction.

A childless home is a cheerless home. The maternal instinct exists in every woman, and when it is ungratified she is deprived of much of the happiness of life. It often happens that childlessness is due to some cause which can be removed, and often is removed by the use of Dr. Pierce's Favorite Prescription. The vigor and vitality which this remedy imparts to the delicate womanly organs, puts them in a condition of normal health, the lack of which is often the sole obstruction to maternity. Every woman should read Dr. Pierce's Common Sense Medical Adviser, a book containing 1008 pages and 700 illustrations. It is sent tentatively free on receipt of stamps to pay expense of mailing and outposts. Send 31 one-cent stamps for the paper bound volume, of 50 stamps for cloth covered. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

Heaven is a place where the pedestrian will have just as many rights as the automobilist.

MAY NOT PROVE MALICE.

Young Wylie Maintains He Did Not Know Gun Was Loaded.

Guelph, Aug. 7.—Peter Wylie, the farm hand who shot little Mary A. Berdina Swackhammer of Erin Township, is now in Guelph jail, having been brought from Acton yesterday by High Constable Merriweather.

An inquest was opened yesterday and adjourned till Wednesday. The funeral of the victim was held yesterday afternoon, and was attended by practically the whole countryside.

Wylie maintains that the shooting was accidental, and seems to realize the gravity of the situation in which he is placed. He says he was not aware that the gun was loaded, but Frank Swackhammer, brother of the dead girl, states he told Wylie on Thursday that it was.

Some of the circumstances appear to favor the boy. He did not leave the scene of the shooting until the girl was dead, and he told her father what he had done. On the way to Acton he told the driver who took him over that he had shot the Swackhammer girl, and that he had a postcard from his father asking him to meet him at Acton.

The case is perplexing the police. It is stated that malice can scarcely be established.

LT.-COL. JAMES BAKER DIES.

Former Representative of East Kootenay in B. C. Legislature.

Victoria, B. C., Aug. 7.—Word has been received here of the death at Parktown, Dorsetshire, Eng., of heart failure, of Lieut.-Col. James Baker, for many years representative of East Kootenay, in the British Columbia Legislature.

Col. Baker was an Indian army and Crimean veteran, a brother of Col. Valentine Baker and of Baker Pasha. He was Provincial Secretary in the Davis, Robson and Turner Government.

Col. Baker was one of the first to realize the possibilities of the Crow's Nest coal fields, and staked every dollar of which he was possessed on their prospective value. His judgment proved sound, and, selling his interest for more than a million and a half, he returned to England to spend the remainder of his days in the home of his childhood.

ONCE A MILLIONAIRE.

Edgar Brown Dies Penniless After Old Friends Refuse Help.

Sault Ste. Marie, Ont., Aug. 7.—Edgar Brown of this place, who died in a hospital at the Michigan Soo yesterday, was once a millionaire, but was "trimmed" by the steel crowd and died penniless.

Brown located the famous Mesaba and Vermillion ranges and developed them until they were worth \$13,000,000. He became entangled financially and was frozen out by John D. Rockefeller.

In his last hours local physicians learned the story and notified a millionaire member of the steel group, whom Brown once nursed through an almost fatal illness years ago. The millionaire wrote back that he had made large investments and was sorry he could not help his old friend. Local friends contributed enough for the funeral expenses.

AGREE TO ARBITRATE.

Pan-American Republican Conference Takes Advanced Ground.

Rio de Janeiro, Aug. 7.—The international American conference at yesterday's session unanimously agreed upon a project providing for the arbitration of disputes between the countries represented.

It ratifies the adherence of the American republics to the principle of arbitration, and recommends that the Pan-American delegates to the peace conference be to be convened at The Hague be instructed to support a general arbitration convention.

The vote on the project will be taken to-day.

Cowle Not to Blame.

Detroit, Aug. 7.—The United States inspectors of steam vessels find that no blame attaches to the steamer John R. Cowle, which sank the Canadian steamer Erin, with a loss of five lives, in the St. Clair River last spring. A light fog and the fact that another steamer crowded up alongside the Erin forced the Cowle to the choice of a collision with one of the two upbound boats, and that it was believed to be a case of self-preservation was considered a vindication of the Cowle's crew.

Dropped Dead at Work.

Toronto Junction, Aug. 7.—At 9:40 o'clock yesterday morning Wm. H. Dargatz dropped dead while in the act of moving a barrow of brick on Queen street at a house that he was building. The deceased was born at Hounslow, Middlesex, England; was 64 years and 8 months old. He leaves a widow and four children.

County Auditor to Prison.

Buffalo, N. Y., Aug. 7.—Former County Auditor John W. Neff, convicted of grand larceny in connection with the "alleged grave yard scandal," was sentenced at Warsaw yesterday morning to seven years in Auburn prison. Execution of sentence was stayed until Thursday pending appeal.

Oldest Orangeman Dead.

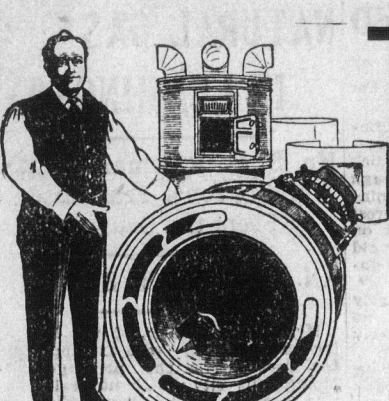

Belleville, Aug. 7.—The oldest native Canadian Orangeman in this county, Daniel Gerow, died Sunday. He was born in Ameliasburg, P. E. County, 93 years ago, and joined Benjamin Lodge of this city over 60 years ago, keeping his connection with the order till his death.

Three Negroes Lynched.

Charlotte, N. C., Aug. 7.—A mob of 3,000 determined men shortly before 11 o'clock last night forcibly entered Rowan County Jail at Salisbury, removed therefrom the three negroes charged with the murder of the Lyerly family at Barber Junction July 13 and lynched them.

Mrs. Armstrong's Suicide.

Hamilton, Aug. 7.—Further enquiries into the case of Mrs. J. J. Armstrong, Toronto, who committed suicide at Kirk's Hotel, Waterdown, show that she was demented. She left a letter for her husband, who keeps the English chop house in Toronto.

Hecla Furnaces are fuel savers.

Because the cast iron combustion chamber is corrugated in such a way as to add about 1/3 to the heating surface, with the result that from the same fire a

"Hecla" will extract a proportionately greater amount of heat than will a furnace built with a smooth combustion chamber.

The corrugations serve another purpose in relieving the strain of expansion and contraction.

Send me a rough plan of your house, and I will make you an estimate of the cost of installing a "Hecla" Furnace. I will also send you the new "Hecla" Catalogue. Write now—while you think of it—to "Clare's Furnace Builder," care of

CLARE BROS. & CO., Limited, - - PRESTON, Ont.

Earthquakes.

Among the many strange relationships which earthquakes hold to various natural phenomena there is possibly one between the times of their occurrence and of irregularities in the revolution of the world. For many years it has been observed that there are slight but irregular changes in latitude, or, in other words, the axis of our earth does not always point in the same direction. The pole wanders about in a mean position, sometimes in a path that is nearly circular, while at others it appears to be exceedingly irregular and even retrograde. The world top is not spinning truly, but it slightly wobbles. When the change in direction of its axis is sharp large earthquakes have been frequent. If a swiftly moving body is, so to speak, compelled to turn a corner, that it should be subjected to strains which might result in yielding is easily conceivable. Regarded from this point of view, the times at which strata in seismic strain give way are to some extent governed by erratic movements in the rotation of our sphere. The earthquake and the wobble may, however, be due to a common cause, and the question therefore is one which requires closer examination.—John Milne in National Review.

A Good Horse's Color.

A good horse cannot be a bad color. It is said. It is certain that Derby winners are not drawn from certain colors. Has a gray ever won the race, or a dun or a skewball or a piebald? Has there ever been a thoroughbred of the latter type? Quite black thoroughbreds are rare, white still more so, gray uncommon even among the less excited of public performers. The "Stud Book" would not bear out these statements where colors uncommon on the race course are described. The explanation is, of course, that the horse is there described as he appeared as a foal. An owner of a bay thoroughbred looked up the "Stud Book" to find his purchase pictured as a chestnut and complained to the men of whom he had bought the horse. The former owner assured him that the description was correct at the time it was entered. Other owners, less certain as to what color may appear when the first coat has been cast, have before now made such singular entries as "gray, roan or chestnut."—St. James Gazette.

The Porcupine's Quills.

The spines are very loosely attached to the porcupine, and they are very sharp as sharp as a needle at the outer end. At almost the slightest touch they penetrate the nose of a dog or the clothing or flesh of a person touching the porcupine and stick there, coming away from the animal without any pull being required. The facility in catching hold with one end and letting go with the other has sometimes caused people to think that the spines had been thrown at them. The outer end of the spines, for some distance down, is covered with small barbs. These barbs cause a spine once imbedded in a living animal to keep working farther in with every movement of the muscles, so that it is not a pleasant thing to get stuck full of them.

A Sad Picture.

At Vargin once, after sitting for some time sunk in profound reflection, Bismarck lamented that he had derived but small pleasure or satisfaction from his political activity, but, on the other hand, much vexation, anxiety and trouble. He had, he said, made no one happy by it, neither himself, his family nor any one else, "but probably," he continued, "many unhappy. Had it not been for me there would have been three great wars the less, the lives of 80,000 men would not have been sacrificed and many parents, brothers, sisters and widows would not now be mourners."—"Bismarck's Table Talk."

Hit by Pitched Ball.

St. Thomas, Aug. 7.—In a game of ball at Pinafore Park between Conneaut and St. Thomas, James Graney of this city was struck by a pitched ball near the right temple and knocked unconscious. At a late hour last night he had not regained consciousness.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Many a husband would lose his job if his wife was a mind reader.

BATH LUXURIES.

Old Recipes For Delightful Aromatic and Cosmetic Baths.

A very old recipe for an aromatic bath, found in an old book dealing with herbs and simples, runs as follows: In a sufficient quantity of soft water boil for the space of two or three minutes one or more of the following aromatic herbs: Anise, clove, July flowers, balm, sweet basil, bastard marjoram, wild thyme, wild mint or any other herbs that have an agreeable scent. Having strained off the liquor from the herbs, add to it a little brandy or camphorated spirits of wine. About half a pint of this liquor added to the bath water will have a delightfully soothing and refreshing effect.

An aromatic bath for the feet is as follows: Take pennyroyal, sage and rosemary, four handfuls; angelica, four handfuls; juniper berries, four ounces. Boil these ingredients in a sufficient quantity of water and strain off the liquor for use at the requisite temperature. An emollient bath for the feet may be had from the following prescription: Boil in a sufficient quantity of water a pound of bran with a few handfuls of mallow leaves. Strain and bathe the feet with the liquid.

A cosmetic bath requires the following recipe carefully followed out: Take two pounds of barley or bean flour or meal, eight pounds of bran and a few handfuls of borage leaves. Boil these ingredients in a sufficient quantity of spring water. This bath cleanses and softens the skin in a superior degree.

The bran bath, an exceedingly soothing bath and one which has both an emollient and whitening effect upon the skin, is prepared by placing two pounds of bran in a large muslin bag and allowing it to soak in half a gallon of hot (not boiling) water for three or four hours before the bath is required. Then empty the bran water into the bath. Our grandmothers, who understood the valuable properties of herbs and simples, sometimes enjoyed refreshing, fragrant baths prepared by throwing into the bath water three or four handfuls of cowslips, primroses or other sweet smelling wild flowers. The water became delightfully perfumed, and the flowers were supposed to possess virtues which calmed the nerves and invigorated the skin. Spinach and lime flower baths were supposed to be equally efficacious as nerve sedatives. Perfumed powder for the bath is made as follows: Attar of roses, five drops; oil of bergamot, eight drops; oil of orange, four drops; oil of neroli, three drops; oil of lemon, one and a half drops; oil of bergamot, six drops; California borax powder, eight ounces; white castile soap, powdered, eight ounces. Mix the oils with the powder. Another useful powder for the bath is made of equal parts of fine ground oatmeal and fine almond meal. A few drops of attar of roses may be added.

Homemade Mirror For Traveling.

When traveling it is rather useful to have a tiny mirror in one's handbag. The sketch shows one that is pretty, easily made, and the cost is almost nothing. Any toy shop will supply you with a little round looking glass for a penny

TRAVELING HANDGLASS.

In a tin frame, with stand at the back. The stand is easily wrenched off; you will not want it. The tin back is to be covered with a round piece of material cut a little larger than the mirror, the edge turned over to the front and stuck with glue. Round the front, making a little frame for the glass and hiding the silk edges, is stuck a strip of narrow gimp.

You have now a dear little mirror, but it is more complete with a cover, which is made by covering a circle of cardboard cut to match and gluing another strip of gimp for a finish. Within the circle thus formed a monogram can be embroidered or a little bunch of flowers in ribbon work or paint, according to the taste and skill of the maker.

The cover is joined on with a few strong stitches just in one place, so that it can be pushed back easily.

Work For the Invalid.
An invalid who is an exceedingly neat worker has lately found for herself a most remunerative form of employment in the making of dainty neckwear.

Fashion papers showing what is being worn provide her with new ideas, and she has absolutely no difficulty in disposing of her work at double the cost of materials, as any one who knows what these little dainty neckers cost will readily believe.

For those with taste and ability there is in this direction quite a nice little opportunity for adding to an income.

Knitting Cures Nervousness.
Nothing soothes the nerves and employs the mind pleasantly, yet not fruitfully, like needlework. It takes the person from the restless habit of incessant brooding and worry and acts as an anodyne on tired nerves. Our mothers appreciated this occupation rightly when they made their daughters do a portion of dainty needlework every day, preferably for others.

Bowel Troubles of Childhood

It is impossible to exaggerate the value of FRUIT-A-TIVES as a medicine for children. They contain no alcohol—no morphine or cocaine—no dangerous drugs of any kind.

Fruit-a-tives are fruit juices—concentrated and combined with the most valuable tonics and internal antiseptics known to medicine.

Fruit-a-tives are free of calomel, cascara, senna and the host of violent purgatives that simply act by irritating the bowels. Fruit-a-tives are made from fruit and tonics and are pleasant to take, and so mild in their action that they never gripe or pain.

During the summer, when children are so apt to eat improperly, mothers should have a box of Fruit-a-tives always handy.

At the first sign of Diarrhoea, Indigestion, Headaches, Biliousness, Peevishness, Vomiting—give Fruit-a-tives according to directions. These splendid fruit liver tablets will instantly correct faulty digestion—clean and sweeten the stomach—regulate the bowels, kidneys and skin—and so invigorate and strengthen the whole system, that the little ones can quickly throw off the temporary illness.

Get a box now—today. 50c. a box or 6 for \$2.50. Sent on receipt of price, if your druggist does not handle them.

FRUIT-A-TIVES LIMITED, OTTAWA.

Bank Looted of \$700,000.

Chicago, Aug. 7.—The Milwaukee avenue State Bank, one of the largest banks outside of the downtown district, yesterday closed its doors following a run. Henry W. Hering, cashier of the bank, is missing, and a warrant, charging him with embezzlement, has been sworn out. State Bank Examiner C. C. Jones issued a statement to the effect that the whereabouts of three officers of the bank is unknown to-day, and that the bank is without an official head. The bank had been looted to the extent of \$700,000. The trouble was first revealed by the president of the bank himself, Paul O. Stensland, who is in St. Paul, according to his brother. Polish working people were the patrons of the bank.

Miracle At St. Anne.

Quebec, Aug. 7.—Over 5,000 pilgrims from different parts of Canada, and the United States visited the shrine at Ste. Anne de Beaupre Saturday and Sunday. On Saturday a cripple walked up the aisle of the church aided by crutches. He knelt before the altar in prayer, and in a few minutes walked away perfectly cured, leaving his crutches behind him.

Union Suspended.

Hamilton, Aug. 7.—The Hamilton Typographical Union has been suspended by the International Union because it has refused to pay 10 per cent. of their wages into the International Union for the strike fund for the eight-hour day struggle. The men were willing to pay the ten per cent. but they refused to pay the amount they were in arrears.

Envy perpetuates itself. We envy other people and they envy someone else.

The Secret Is Out

Formula of Mi-o-na Made Public. A Cure For Stomach Troubles.

Our leading druggists are very anxious to have Mi-o-na, a remedy which they sell as a cure for stomach troubles, tested rigidly in every case of heart-burn, acid dyspepsia, wind on the stomach, loss of appetite, annoying dreams, sleeplessness, general weakness and debility, or where the digestive organs do not act as they should.

Mi-o-na is composed of bismuth subnitrate, by all odds the very best medicine known for intestinal diseases. It combines with the free sulphur compounds in the bowels forming a black substance which is passed off from the body without harm. It also has a soothing effect upon the nerve endings in the stomach.

With this is combined cerium oxalate, a standard remedy in the treatment of all irritations of the stomach and digestive organs.

Sodium bicarbonate is then added to overcome the excessive acidity usually present in stomach troubles, and nux vomica for its general tonic and nerve-strengthening powers. This combination of reliable remedies makes Mi-o-na a positive cure for all stomach troubles, and, perhaps the only one that can be sold under a guarantee that it costs nothing unless it cures.

A large box of Mi-o-na tablets is sold for 50 cents. If you cannot obtain Mi-o-na of your druggist, it will be sent by mail, post paid, on receipt of price. Write us for advice on your case from a leading stomach specialist which will be sent free. The R. T. Booth Company, Ithaca, N. Y.

It's an easy matter to find peace, you have to do is let the other fellow have his way.

A DASTARDLY DEED

Kincaidine Citizens Scour Woods For Trio Who Assault Girl.

Kincaidine, Aug. 8.—County Constable Hodgins of this town is at present in pursuit of Neil McLeod, Murdoch McLeod and Samuel Sturgeon through the rough country of the Bruce peninsula, with a warrant for their arrest on the charge of criminal assault on Elizabeth Bradley, the 16-year-old daughter of Joseph Bradley, a well-to-do farmer, of Kincaidine Township.

The alleged criminals are thoroughly acquainted with the country and no doubt will lead the constables a lively chase.

These three men are said to have been connected with some very shady happenings previous to this, and do not bear any too good a character.

The girl is one of the most popular and well-thought-of maidens in the township, and comes of a highly respected family. Public sentiment runs high on the matter, and a reception, that might be too serious for order in the eyes of the law, it is said, awaits the scoundrels should they be captured. The young woman is seriously ill as a result of the attack.

Picton Steamer Disabled.
Ogdensburg, N. Y., Aug. 8.—The steamer Alexandria of Picton, Ont., bound down the St. Lawrence, broke an engine shaft yesterday while passing here. She was caught and towed into Prescott for repairs. Ten minutes later the steamer would have been in the rapids.

Zion's Debts.
Chicago, Aug. 8.—The indebtedness of Zion City amounts to \$5,000,000, and it is proposed to fund for fifteen years, and to issue bonds at 6 per cent. interest.

NATURAL GAS

IN LEAMINGTON

Mr. S. S. Reesman is Applying for a Franchise From the Council

AN IMPORTANT SUBJECT

Mr. S. S. Reesman, of the Leamington syndicate, who are applying to the Council for the privilege of piping this city with natural gas, was a caller at The Planet editorial rooms yesterday afternoon.

The question of natural gas is a live one with Chathamites at the present time, and the facts given out by Mr. Reesman will be of special interest. He says that he and his associates own three wells in Leamington, which will supply 2,000 cubic feet of natural gas per day. These wells have been packed and shut in with a rock pressure of nearly 500 pounds to the square inch. They are now drilling two more wells, and they are keeping two strings of tools at work till they have at least 2,000 cubic feet per day packed and closed in. The company have some 7,000 acres of land to draw from, consisting of 10 miles of lake front. Mr. Reesman says that one well drilled by him is some three or four times over the largest gas well in Ontario.

He says that if his company can once secure the privilege to enter the city that they will commence the work at once. They will not co-operate with any local firm, but will supply the gas direct to the consumer. This gas, he says, can be used for both heating and lighting purposes, and that it will have a greater pressure than the manufactured gas.

Mr. Reesman himself is an experienced man in the gas business. He has been in the oil and gas business for the past eighteen years as contractor and producer. He has made a close study of gas wells all over the continent, and his associates are now seeking a market for their gas, and they expect to go to either Chatham or Windsor.

The question of the natural gas privileges will be considered by the members of the City Council at a special meeting to be held next Thursday evening.

Rise above your conditions and master them.

KILLED BY HEAT

Four Deaths in New York and Many Prostrations.

New York, Aug. 8.—Two persons who were sleeping on fire escapes Monday night fell to the street and were killed. At noon yesterday four deaths, due to the heat, and many prostrations had been reported.

Crazed, it is believed, by the heat, James Dupo, 33 years old, a tailor living in East 12th street, yesterday shot and killed his wife, Agurora, aged 20 years, and then sent a bullet through his own brain.

Too Hot to Work.
Paterson, N. J., Aug. 8.—Owing to the hot weather, a number of factories here have been forced to shut down, and other mills are running on half time. There have been several deaths and many prostrations due to the heat.

Forty-Eight Prostrated.
Philadelphia, Aug. 8.—Two deaths from heat occurred yesterday before 8 o'clock, making a total of nine fatalities since the beginning of the present hot and humid wave. At the various hospitals a total of forty-eight cases of heat prostration were reported.

120 Degrees at Washington.
Washington, Aug. 8.—In some parts of this city yesterday, thermometers registered 120 degrees. There were many prostrations.

POLICE COURT

A man, named Stewart, was found by P. C. Darr on the streets at 2 o'clock this morning in an intoxicated condition and was put in the cells to sober up. He was fined \$1 and costs for his intemperance, amounting in all to \$5.

A printer, named Fortain, who came to Chatham from Quebec a short time ago, is now in the cells charged with stealing a watch from A. Foubert, of the Austin Store.

The two young men roomed together, and on Monday Fortain got drunk and spent all his money.

He came back to the boarding house, and, seeing his room-mate's watch on the bureau, took it out with him and sold it. Foubert laid an information, and this morning P. C. Groves arrested Fortain on the market-place and lodged him in the station.

Great Removal and Clearing Sale

OF

Boots, Shoes, Trunks and Valises

AT

THE BOSTON SHOE STORE

The people shall have Cheap Shoes preached to them! Necessity the Mother of Slaughter Prices! We explain the reason why: — "3 Removals as bad as a Big Fire." The undersigned of the well known and popular Boston Shoe has purchased the large Radley Block, (nearly opposite) in order to accommodate the increased trade and the immense Fall stock now ordered in the United States and Canada. The present stock must go at prices that will fairly remove the corns from your feet. Be sure you are right, look for the name "J. L. Campbell, the Boston Shoe Store." The entire stock to be sold at less than the cost of the raw material. The immense stock consists of high grade Footwear for Men, Women and Children, Trunks, Bags and Suit Cases. Never again will you have such a golden opportunity to dress your feet at such a trifling cost. The sensation of the day, the wonder of the hour. We guarantee to sell precisely as we advertise or pay you for your time and trouble in calling. It may be hard to believe that such a high-grade stock will be sold at such ridiculously low prices, but nevertheless it is the gospel truth, and we merely ask you to come and test our statements. The sale begins **Thursday, August 9th**. This sale will last only a limited length of time and everything will go rapidly. This is the greatest removal sale that has ever occurred in Chatham, and may never occur again, and in order to prove to you what tremendous sacrifices must be made, we mention a few of the extraordinary bargains below that will be offered, and bear in mind that there are hundreds of lines we cannot mention here. Prices reach the lowest limit in this great Removal Sale. Don't miss this Sale, be on time for Cheap Footwear, one of the chances of your life. **\$18,000** of Fine High Grade Footwear slaughtered in price before moving into the new premises in the Radley Block.
