Spring Millinery Opening This Week at Weaver's

I want you to come and look at my display of new hats for women and children, flowers, wreaths, feathers and ostrich plumes. I am showing a good range of women's untrimmed hats, particularly in black, I feel sure you will be pleased with the many new shapes and colors. Little need be said about prices. You know what big values I gave last season. Prices will be equally as good or better. Come in any day this week and see the new styles.

WEAVER'S

Where you pay Cash and Pay Less
in the Blanchard Building, Webster St.
Kentville Nova Scotia

Mrs. R. S. Miller of Annapolis Royal visited in town last week guest of Mrs. Chas. Silver, American House.

In Halifax in an intercollegiate oratorical contest Mt. Allison defeated Dalhousie. The subject of the debate was: "Resolved that the United States should have entered the present war on the side of the Allies." The victors took the negative side of the question.

For Sale—1 new milch Cow, 5 years old also 1 Farrow Cow, 4 years old, both good milkers. A. Gilbert, Atlanta, Kings Co. 21

HORSES FOR SALE

For Sale a superior driving and working horse, five years old, weight about 1150 also a working horse, no better ever harnessed for truck or team work. Inquire at Advertiser Office. sw

BIG FEATURE PROGRAM AT NICKLET THEATRE TONIGHT

On account of the recent snow blockade, a large amount of film has accumulated and tonight only (Tuesday) the management of the Nicklet Theatre are giving a seven reel programme. The big feature is "Nedra" a Pathe Gold Rooster play in five parts, featuring Fannie Marinoff the eminent actress. To this will be added the 23rd Episode of "Exploits of Elaine," and is undoubtedly the best installment yet shown. Remember tonight only, as these features must be returned to St. John tomorrow.

KENTVILLE NEWS.

Watch for announcement of the big Play-Off Basket Ball game. Kentville vs. Port Williams, this week.

Mrs. J. George Stones will be "At Home" to friends, at the residence of Mrs. S. L. Cross, on Wednesday and Thursday afternoons of this week.

Watch for the announcement of our spring millinery opening early in April.

MISSSES SLOAN & KEARNEY
Miss Mae Tully who has just undergone a very serious surgical operation in the Halifax Infirmary, is progressing favorably. This will be good news for her many friends.

Miss Ethel Roscoe returned Monday from a delightful visit of several weeks at Ottawa where she was the guest of Mr. and Mrs. E. E. Fairweather.

Reduce your Electric Bills by using a Dim-A-Lite. Turn down your Electric Lights. Five changes of light.

T. P. Calkin & Co.

Mrs. Wade accompanied by her daughter, Mrs. E. C. Phinney, wife of Major Phinney of the 85th N. S. H., passed through Kentville Monday enroute to Halifax.

WANTED—From 600 to 800 cords good stove wood, landed at Kingsport Mills. For particulars, Apply to C. E. REDDEN, Kentville.

Mayor A. L. Pelton returned Saturday from a trip to Halifax being one of the passengers on the snow-bound train. Rev. R. B. Layton was also a passenger and both did their bit in helping to shovel away the snow so as to allow the train to proceed on its journey.

KENTVILLE NEWS.

Lieut. E. Howe was in Kentville last week, being one of the storm staid guests at the Aberdeen.

The Band will play at Kentville Arena tonight weather permitting. "Private Night" will be held Friday evening.

Rev. P. Pollitt of Wesleyan Theological College, Montreal has accepted an invitation to the pastorate of St. Stephen's Methodist Church, and begins his work, Easter Sunday, April 23rd.

William Oicle of the staff of the Kentville Post Office, spent most of last week at Canning Post Office, relieving Postmaster Dickie. Mr. Oicle found his duties light as there were no mails for three days owing to snow blockade.

The Grand Spring Announcement of T. P. Calkin & Co., will be found in this issue. This enterprising firm which aims at the best in quality and service is amply able in their splendid new block, to supply all your needs in their line. Read their announcement carefully and see what you are in need of for the coming spring. Real values are offered. Seize the opportunity. It is yours.

New This Week at 5, 10, and 15c Store, Aberdeen St., All the Latest Music.

"Come Back Dixie" (latest by composer of "When You Were a Tulp") "Norway," "Mother," "There's a Broken Heart for every Light on Broadway," "Down Among the Pines," "She was the Image of You," "Siam," 15c each. Sale of good sheet music for 10c each.

KENTVILLE NEWS

Mr. Josiah Smith of Brookfield, Queens Co., is visiting in Kentville guest of his daughter, Mrs. A. L. Hardy.

Messrs J. C. Cunningham, Kentville, Freeman Rogers of Kentville are the latest recruits to sign on at Kentville with the 219th Battalion, N. S. H.

Lost—On my way to Kentville Saturday night, a Street Blanket. Finder please notify Henry Sweet, Billtown.

The funeral of the late Miss Minnie Dickie was postponed until Sunday afternoon, awaiting the arrival of the sister of deceased, Mrs. Foulis of Ottawa, who reached Canning by team from Kentville early Sunday morning.

Master Stephen Moore Best of Coldbrook, presented us on Monday with a beautiful butterfly, measuring about four inches across. This handsome specimen was found last fall in a cocoon and has been kept in the house and just hatched out last week.

Wanted—A capable maid for general house work. Small family, good wages. Apply at Advertiser Office. sw

The girls and boys of the Loyal Temperance Legion gave an enjoyable entertainment Monday evening of last week. The programme consisted of songs, readings, dialogue by four boys and an exercise by twelve girls. Two members of the W. C. T. U., Mrs. Melvie Woodman and Miss Ella Strong, very kindly assisted in training the children, Miss Strong acting as pianist. The Legion has forty-eight members at present and meets the last Friday of each month.

HORTICULTURAL

Prof. W. Saxby Blair, Supt. of the Experimental Station at Kentville, will furnish us with material from week to week bearing on Horticulture. We are confident that our readers will appreciate this valuable information as Prof. Blair is a well known authority, and if his suggestions and advice is followed, success is assured.

Cool and Warm Season Vegetables.

Vegetables can be conveniently divided into 2 classes in regard to their temperature requirements. The cabbage, lettuce and onion do not need as high a temperature as tomatoes, squash or melons. It may be desirable therefore to make a division in the centre of the hot-bed with a board thus enabling one to carry the heat loving plants at a higher temperature. It will help materially in starting plants to consider the heat requirements of the plants grown.

Early Cabbage and Cauliflower.

The cabbage and cauliflower for early crop should be started the last of March or early in April. In two weeks time when the first true leaf appears the plants are ready for pricking off into flats, about two inches apart each way, where they remain until set to the field early in May. The cabbage and cauliflower are cool season vegetables and can be set to the open as early as the ground can be worked. There is no great gain however in setting poorly developed plants to the open early, and unless they are well hardened off by allowing the flats to remain in the open for a week before transplanting they will suffer considerable check. It is better therefore to let the plants grow under good conditions and thereby develop better plants for setting out toward the latter part of May. The plants should have five weeks growth at least from seeding before planting out to get thrifty plants.

The Copenhagen Market is hardly as early as the Jersey Wakefield but it is a much better sort and forms a round solid head. Plants from seed started March 28th, and pricked off April 10th, were set to the open ground May 8th, and gave marketable heads July 22nd weighing three pounds each.

Cold weather may come on after the early planting in May and the plants may take on an apparently stunted growth, but during this time the roots are becoming developed in the soil and when more favorable weather approaches they grow rapidly. A frost does not injure the plant if it is established in the soil. For early cabbage therefore let us get the seed started now.

The Cauliflower can be grown in the same way, and if given the same treatment will give fine large heads in July.

The root maggot has caused much disappointment to the grower of early cabbage and cauliflower. About the time the plants are making strong growth in June they commence to wilt and an examination of the roots reveals the cause of the trouble in the form of a white maggot which eats the tissues of the root at the base of the plant. This maggot develops from an egg laid by a small fly the latter part of May or early in June at the surface of the soil around base of the plant. To prevent this tar felt discs are placed snugly around the plants right after they are set. The discs are made out of tar paper about 2 1/2 to 3 inches in diameter and a slit is cut one-half way toward the centre with a cross cut at the centre of one-quarter inch to allow for the plant. The disc is so placed that it forms a collar around the base of the plant with the plant in the centre. This if carefully put around the plant at the surface of the ground keeps the fly from contact with the soil and rather than deposit her eggs on the tar paper she will go to some other plants. If early cab-

bage are hoped for do not neglect the tar felt discs. In only a short job to make them and over 80 per cent of the cabbage can be saved from this troublesome insect by them.

The Eufurt cauliflower, is the best variety to use. Cover the seed about one-quarter inch deep. The plants are a little more delicate than the cabbage and if the plants suffer a check from careless transplanting they may not grow good heads. Examine the roots of the seedlings when pricking them into flats as sometimes the damping off fungus may cause injury to the outer tissue at the base of the plant in which case this part will be black and a poor plant will result.

Early Lettuce.

Early lettuce can be had by starting the plants at the same time as early cabbage. The plants can be set to the ground any time after the first week in May and it requires five weeks to grow good well hardened plants. Like the cabbage the early seeded well developed plants are necessary for early lettuce. It is also desirable that the plants be once transplanted into other flats as is the case with the early cabbage to get a compact root system which will start well under unfavorable soil conditions in the early spring.

Seed of Grand Rapids one of the best open head varieties started in flats March 28th, pricked into other flats April 14 and set to the field May 9th produced heads averaging in weight 1 pound 3 ounces on July 2nd. Whereas seed sown in the open ground May 14th and thinned to 6 inches apart produced heads August 4th weighing 15 ounces.

The All Heart is one of the best cabbage head varieties. The Hanson Improved is also a good one.

The All Heart planted as indicated for Grand Rapids gave heads on June 27th and July 2nd averaging 15 ounces and seed started in the open ground May 14th gave heads weighing 13 ounces July 28th.

Ordering Vegetable Seeds

To decide what varieties of vegetables to order is often very difficult. One can in a measure decide from a seed catalogue but as a rule they are rather confusing and possibly a list of those found to be the most suitable will be helpful. We therefore will submit the following list as being quite suitable:

- Lettuce**—Grand Rapids, Hanson Improved and All Heart.
- Cabbage**—Copenhagen Market and any of the Drumhead sorts for late, and Danish Roundhead for winter storage.
- Celery**—White Plume for very early, Paris Golden for general crops and Winter Queen for late storage.
- Cauliflower**—Early Erfurt.
- Onions**—Globe Danvers, and Prizetaker. For seeding outside—Extra Early Red.
- Tomatoes**—Earliana and Bonny Best.
- Peas**—Thomas Laxton, Gradus for Early and Strategem for late.
- Beans**—Wardwells Wax, Stringless green pod and Refugee or 1000 to 1.
- Cucumbers**—White Spine.
- Carrots**—Chantenay and Danvers.
- Parsnip**—Selected Hollow Crown.
- Spinach**—Bloomdale.
- Radish**—Ne Plus Ultra and Icicle.
- Parsley**—Champion Moss Curled.

- Corn**—Early Malcolm, Early Cory and Golden Bantam.
- Beets**—Selected Globe.
- Squash**—English Vegetable Marrow, Hubbard and Boston Marrow.
- Pumpkin**—Small Sugar
- Tomatoes**

Tomatoes require a high temperature and come into the warm season class of vegetables. It is not possible to plant out to the open ground until the first week in June. Six to eight weeks is required for developing good plants. If plants are carried eight weeks care must be taken to give them ample room and proper attention otherwise they may be drawn or spindling plants of little substance. A short stocky plant kept growing at a moderate temperature and given plenty of room is required. It is better therefore if much space cannot be given to develop the plant in six rather than eight weeks. The plant however two months old at planting time if carried and handled without check will planting will vary therefore from the first to the 2nd week in April.

The seed should be started in flats, and when two to three weeks old are set to other flats 4 to 6 inches apart. It is better to give 6 inches, putting 6 plants in a 12 by 18 inch flat. Strawberry boxes are good for this work placing one plant in a box. Put a piece of birch bark or something similar in the corner of the box to prevent the soil from washing out thus making it difficult to water the soil in which the plant is growing. When ready to plant out the box is cut and the plant does not suffer a check from the soil having been disturbed. Aim to keep the plant in a vigorous healthy condition by giving plenty of ventilation and do not force growth too much but rather develop a sturdy plant which will stand upright when set out. In many cases transplanted plants are not satisfactory because they have been grown under high temperature conditions and when placed in the open suffer a decided check. See that the plants are well hardened, by leaving them in the open during the last week particularly during the day. It will be seen therefore that to handle plants in this way for more time than usually given for their development is necessary. If space is lacking the plants may be first transplanted three inches apart and later set to the greater distance. The transplanting gives a more compact root system and the plant will as a result do better when set out.

The Earliana is without doubt the earliest variety. The Bonny Best is a little smoother and a little later. The Early Jewel is a good later sort.

W. S. BLAIR.

 Sale positive. If not fine will be held on next fine day at same hour. 2 o x
Raph Cain.

Prohibition for Nova Scotia Considered.

Not to Come into Effect Until June 30th.

Bill No. 10 for the suppression of the bar in Halifax was considered in a committee of the whole house at Halifax on Wednesday afternoon and the time taken was about two and a half hours and R. E. Finn, member for Halifax and a strong advocate of the liquor interests occupied nearly all the time and moved five amendments which were all voted down only the three Halifax members supporting them.

Mr. Finn's 6th amendment was that the time allowed to the liquor dealers be extended to July 1st and this appeared as if it would meet the same fate of the other amendments when Mr. Murray rose and moved an amendment that the Bill not come into effect until June 30th, one day earlier than Mr. Finn's amendment. Mr. Finn graciously withdrew his amendment seeing that he had now powerful assistance in granting an extension of time to the liquor interests.

TO PUT SOLDIERS ON NEW FARMS

Lord Shaughnessy's Plan for Meeting Some After-War Conditions—Scheme Has Been Tried.

While much discussion has recently been carried on at Ottawa and elsewhere on the best method of dealing with the soldiers who return after the war—both our own Canadian soldiers and the British veterans who, according to general opinion, are not unlikely to come here in considerable numbers—few practical suggestions have been made.

With the object of finding whether the Canadian Pacific Railway had any proposal under consideration, a representative of a Montreal paper approached Lord Shaughnessy. The visit was evidently opportune.

"As a matter of fact," said the C. P. R. President, "we have been giving this question the most careful consideration, and have just decided on a comprehensive plan of colonization, which will be the largest of its kind in the history of the Canadian Pacific Railway, and, as you know, we have done more colonization work probably than any other transportation or other corporation in the world. The details of this colonization plan are being worked out just now, and when I tell you that it involves the preparation of perhaps as many as a thousand farms in Western Canada for occupation next spring, you may realize the size of our undertaking. Our duty, however, demands that this great problem be met with the energy that it deserves. One of the most serious problems facing Canada today is the matter of handling the hundreds of thousands returned soldiers after the close of the war. Their military service will have unsettled and unfitted many of them for a return to ordinary clerical and sedentary life, and something will have to be done to enable them to obtain outside employment. The problem is further complicated by the fact that, without doubt, a very large number of men, who will be mustered out from the British army, will want to emigrate to the overseas Dominions, and provision must be made to properly take care of them and colonize them in suitable employment. The problem is one of such magnitude that it must be faced and solved by the Dominion Government, but the Provincial Governments, and the large Canadian Corporations must also do their part.

"Realizing that the necessity must be met, and desiring to take its share of the burden of trying to solve this problem and assist the men who have fought the battles of the Empire, the Canadian Pacific Railway Company has decided to establish in Western Canada colonies, which for the moment we are calling Returned Veterans' Colonies, where men who wish to go in for farming can obtain improved farms on terms which will, in time, enable them to become land owners and create homes for themselves and their families. These colonies will be given distinctive names, probably with military associations, and will contain a sufficient number of families in each to ensure social, school and church facilities, and in each case will include a central, instructive farm, under a competent agriculturist, so that advice and instruction may be available for the colonists.
 "Our experience in connection with the Ready-Made Farms has been invaluable, and will enable us to avoid mistakes which are inevitable to new undertakings. The burden, which we propose to carry will be no light one, as human nature is such that there are always fault finders, always square pegs which will not fit into round holes. We have had such cases in connection with our Ready-Made Farms, but, on the whole, the colonies established under the Ready-Made Farm scheme have been highly successful for instance, Sedgewick, which has a group of settlers of which Eastern Canada may well be proud. But we are prepared to face all the troubles, all the petty annoyances, which may occur in connection with this still greater scheme, realizing that it is our duty towards the Empire to which we are proud to belong."

Recruiting For Week in Nova Scotia.

Halifax, March 23—Recruiting for the Nova Scotia Highlandland battalions keeps up remarkably well in Nova Scotia, the past week ending Tuesday exceeding the most sanguine expectations.

The number of recruits enlisted during that period totalled 1,267, with one county yet to hear from. When the returns of Colchester are received the number recruited during the past week will exceed those for the previous week which totalled 1,270. Prince Edward Island held a most successful recruiting rally during the past week, 107 men being enlisted for the 105th battalion.

The number of recruits enlisted in Halifax and each town in Nova Scotia during the past week are given in the following table.

Halifax	216
Guysboro	6
Pictou	280
Colchester	No report
Cumberland	173
Hants	37
Kings	102
Annapolis	20
Digby	8
Yarmouth	50
Shelburne	4
Queens	15
Lunenburg	40
Inverness	35
Victoria	0
Cape Breton	242
Antigonish	2

Cape Breton again leads the list for the number of recruits enlisted during the past week Halifax made a good showing.

Minnard's Liniment Cures Dandruff.

Parliament at Ottawa to Prorogue About April 15th.

Ottawa, March 22—Indication of the approaching end of the session is given in a notice of motion by the prime minister for morning sittings of the house beginning on Monday next. The motion also provides that starting with next week government orders shall have precedence every day. Prorogation is expected April 15, giving the members ample time to get home for Easter.

HAWKING MACHINES

Catarrah sufferers Are Nothing But Hawking, Spitting and Blowing Machines, Says an Authority

It is impossible that in these days when cleanliness and sanitary reform is being preached in the churches, schools and at public gatherings, that thousands of people will continue to suffer from catarrah when there is an absolutely certain remedy always on hand.

Hyomei (pronounced High-ome) is a pleasant, medicated and antiseptic air. Breathe it in and it will cure catarrah. It will stop foul breath, watery eyes, and crusts in the nose in a few days.

Mr. H. W. Wilson, of Johnson St., Wallaceburg, Ont., says: "Yes, we are great friends of Hyomei for the reason that Mr. Wilson has had catarrah for several years and tried several remedies and doctors but nothing has relieved the trouble like Hyomei. His trouble is from pains across the eyes and a burning or huskiness in his throat. Sometimes much difficulty in breathing, the glands in his eyes and nose swollen and the disease made him literally sick all over. He cannot say enough in praise of Hyomei and there is nothing that can give better relief to catarrah than this remedy which we heartily recommend."

A complete Hyomei outfit, consisting of a strong, hard rubber pocket inhaler and a bottle of Hyomei, costs only \$1.00, and extra bottles, if afterwards needed, cost only 50 cents each. J. D. Clark sells it and guarantees it to do exactly as advertised.
 Hyomei also cures Asthma, Bronchitis, Coughs, Colds and Infant's Croup.

Severe Storm Predicted for First Week in April.

Washington weather experts predict that one of the most severe storms of the spring months will occur during the first week in April. Among its features will be heavy rains followed by a cold wave that will carry frosts as far south as Northern Texas, Middle Arkansas, Western Tennessee, Northern Alabama and Middle North Carolina.

BIG 1916 SNOW STORM.

The big snow blockade which lasted for three days is being effectively cleared away and the trains are again running on schedule time. This was the worst storm in eleven years and tied up traffic in every direction. Snow-bound passengers have returned to their homes after a somewhat rare experience. The D. A. R. put forth extraordinary efforts, the men working with untiring energy to clear the tracks, and after much hard labor succeeded. The mails have been very heavy the last few days. The streets are in very bad condition, but the snow is rapidly disappearing, and fine spring weather is eagerly looked for.

ASSAULT AND ATTEMPTED BURGLARY

On Sunday night after Mrs. Annie Kinsman had retired, at her home Upper Canard, she heard a noise in her room. She lighted a lamp to find herself confronted by a large dark man who demanded her money. Mrs. Kinsman screamed and the burglar at once laid violent hands on her to stop the alarm and put out the light. Mrs. Farnham hearing her sister's voice rushed into the room. By sounding a horn Dr. J. S. Rockwell and Rev. J. U. Bell came to the rescue but the culprit had hurriedly made his escape without the money he seemed so anxious to obtain. It is very likely the man's identity will be made known.

Six Lives Lost in Big Fire at Halifax

One of the worst fires as regards loss of life that has occurred in Halifax for years took place early Sunday morning, when a wooden building at Freshwater, in which sixty-two workmen who had at one time been engaged in harbor works and other occupations, was destroyed and six men lost their lives.

One also is missing and half a dozen others are injured. The building was constructed for the Canadian Bioscope Company, a few years ago, and was owned by A. B. Crosby, ex-M.P., who rented it to Mesak Domobalgian. The lessee of the building took in lodgers, who procured their own food and the place where the fire broke out was crowded.

The spread of the flames was very rapid, and the scenes after the fire broke out were thrilling and terrible. The flames shot up like lightning, catching the sleeping men as it were in a deadly trap. How the fire started is a mystery.

The lodgers in this fatal building were chiefly Italians and Russians and there were a number of Bulgarians, who occupied different compartments each nationality by itself. The list of dead numbers four Italians, two Russians and the missing man is also an Italian. The injured people are one Russian, an Italian woman, an Italian man, and two Halifax people who assisted in the rescue.

LATE NEWS FROM WAR CENTRES

Two Steamers Torpedoed.

With 386 passengers, some of them probably Americans, and a crew of about fifty on board, the cross channel steamer Sussex, plying between Folkestone, England, and Dieppe, France, is in distress in the English Channel off Dieppe. Unofficial reports say that the vessel was torpedoed. At last reports rescue boats were standing by.

The British steamer Englishman, a vessel of 5,257 tons, which plies between Portland, Maine, and Avonmouth, has been sunk, but whether by a mine or a torpedo has not been stated. Sixty-eight persons on board were rescued. Whether this number constituted the entire ship's company is not known.

It is still in the French and Russian war theatres that the heaviest battles are in progress, but fighting also is continuing in the Austro-Italian zone, in Serbia, near the Greek frontier, and in Asiatic Turkey.

The French are keeping up their vigorous bombardment of the woods of Malancourt and Avoncourt northwest of Verdun, which are held by the Germans, and also are hammering away with their guns at German lines of communication in the eastern fringes of the Argonne forest.

The only infantry encounter along the western front took place in the Argonne forest, where the Germans gained a portion of a French first line trench, but were expelled from it by a counter-attack and lost some thirty men, taken prisoners.

All along the Russian front from the region of Friedrichstadt to the district around Vilna, the Russians and Germans are hard at grips. Petrograd says that near Widsy, between Dvinsk and Vilna, the Russians forced all the German lines and barricades and repulsed a vigorous German counter-attack. Berlin, however, says that here the Russian attacks failed, with heavy losses, before the German entanglements.

Sydney Ogilvie of Kingsport Seriously Wounded.

Among the casualties issued from Ottawa, March 24th are the following members of the famous 25th Battalion: Sydney Ogilvie, Kingsport, Kings Co., N. S., seriously wounded.

Lieut. James A. de Lancy, Middleton, Annap. Co., wounded slightly, on duty again. Frank A. Clarke, Windsor, N. S., dangerously wounded.

Provincial Appointments

To be a Justice of the Peace for Kings Co., Watson W. Neily of Greenwood.

To be a commissioner under Sec. 1, Chap. 35, Revised Statutes, W. M. Black of Wolfville.

To be Commissioner of Sewers for Kings Co., William Tobin of Port Williams.

Mr. Laurence B. Greenwood, begins his evangelistic meetings in the West End Baptist Church, Halifax, this evening. Mr. Greenwood is a "Billy Sunday" preacher, fluent and convincing. He not only preaches the gospel but sings it, and thousands have been inspired by his gospel singing.

The death of Mr. William Brown took place at South Berwick on March 18th aged 86 years.

MILITARY NOTES

Lieut. J. D. Spidell is busily engaged in recruiting for the N. S. Highland Brigade. Meetings are scheduled for about every evening this week.

Major R. Innes, son of Mr. P. Innes, commanding the 106th Battalion, stationed at Truro was in Halifax Friday in connection with regimental matters at Headquarters. He reports the men are in excellent spirits and have all passed the final medical examination. They are making good progress with their drill and are eager to get into the fray. The 106th is now over 1300 strong.

Lieut. Layte of the 85th Battalion, N. S. Highlanders arrived in Kentville Monday. Lieut. Layte will have the general supervision of the detachments of the 219th Battalion, N. S. H. at Kentville, Wolfville and Berwick. About one hundred and twenty-six men are drilling at Wolfville a splendid type of young manhood, thoroughly enthused with the work for the Empire. The detachments at Kentville and Berwick are also steadily growing in numbers and are in fine form.

"The Canadians are the finest fighters of them all," said Lieut. Judson, an American citizen, now of the Canadian Army Service Corps, in addressing the members of the Commercial Club at the weekly luncheon of that organization at the Halifax Hotel Thursday. "Over on the other side of the Atlantic no matter where you go you will find that the Canadian is a privileged person. The others all recognize his splendid fighting qualities."

Another Candidate Mentioned For Kings.

London, March 26—Lieut. A. H. Chute, of Wolfville, N.S., who was for some time at the front, but is temporarily stationed at Shorncliffe, has accepted nomination to stand for Kings Co., in the Legislative elections shortly to be held, and will contest the riding in the Conservative interest. Lieut. Chute has been granted leave to proceed to Canada for the campaign. He is well known in the New York newspaper world.

The above from the Morning Chronicle with a similar notice in the Herald refers to Mr. Arthur H. Chute who campaigned so successfully with Mr. A. deW. Foster in 1911, speaking in all parts of this County. This with the Western Chronicle reference to Lieut. Spidell and other persons, shows that Conservative candidates are becoming numerous, the prospects for success in Kings being so bright.

Kentville Lodge A. F. and A. M. Elects Officers.

At the regular session of Kentville Lodge, A. F. and A. M., R. N. S., held on Monday evening, March 13th, the following were elected as officers for the ensuing year:

- W. M.—T. C. Mellor
S. W.—R. T. Caldwell
J. W.—A. H. Ross
Secy.—A. M. Shaw
Treasurer—W. J. Ross
S. D.—Wm. McBride
J. D.—R. A. Clarke
S. S.—W. E. Porter
J. S.—W. S. Blair
Marshal—H. B. Webster
Chaplain—R. B. Layton
Tyler—C. S. Nixon

Rev. G. P. and Mrs. Raymond of Berwick are receiving congratulations on the birth of a son.

Kings Co. W.C.T.U. Convention

The Kings Co. annual convention of the Women's Christian Temperance Union was held in the Presbyterian church, Kentville, last Wednesday, opening with devotional exercises led by Mrs. Purvis Smith, Wolfville, giving many inspiring thoughts from her subject, "God's Call to us, as women in these 'testing days' which we are passing through."

The morning and afternoon meetings were taken up principally with business, reports from superintendents of departments were given; especially encouraging were the reports on moral education by Mrs. Stackhouse of Wolfville and the "Y" Superintendent's report by Mrs. Weaver of Kentville. The election of officers resulted as follows:

- Pres.—Mrs. Walter Mitchell.
1st Vice Pres.—Mrs. Purvis Smith.
2nd Vice Pres.—Mrs. N. B. Morton.
Rec. Secy.—Mrs. W. O. Taylor
Cor. Secy.—Mrs. T. C. Hutchinson.
Treasurer—Mrs. W. B. Morton.

"Y" Supt.—Mrs. T. Weaver. Auditor—Mrs. S. Rainforth. The "noontide hour of prayer" service was led by Mrs. Carrol of Kentville.

The speaker of the evening meeting was Rev. Mr. Prosser of Canard, who held the intense interest of his hearers, by his humorous and pointed truths in his address on Temperance and Patriotism. Members of the "L. T. L." of Kentville added greatly to the evening's programme by their finely rendered programme of songs and recitations, which was carried out with great credit to themselves and those in charge. Miss Spidell of Kentville was also heard with much pleasure in a solo. Resolutions were passed to extend the thanks and appreciation of the convention to Mr. Corning, M.P.P., of Yarmouth for the able manner in which he presented the "Prohibition Bill" in the House of Assembly at Halifax and his faithful efforts towards placing it on the Statute Books of our Province.

This convention also expressed their disapproval of the numerous liquor advertisements found in many of the newspapers.

Resolutions of thanks were also extended to the "Y's" of Kentville for their kind hospitality, and to the Trustees of the Presbyterian Church, and the choir for their music of the evening.

The place to buy O-Cedar Mops and Polish, Liquid Veneer and Butchers Floor Wax is at, T. P. Calkin & Co.

**PHINNEY PIANOS
ARE UPRIGHT
IN MORE WAYS THAN ONE**

They are Upright in manufacture—because they are the product of reputable makers who have slowly built their business up by honest methods, through a long course of years. These makers would no more cheapen their product than you would adulterate your children's food.

They are Upright in the Way they are sold—by our one-price system which assures you that you will emphatically not have to pay more than the ally not have to bargain more skillfully. All of our pianos of each make are sold at one price—and that the lowest.

They are Upright in Service—because they are carefully selected and economically bought by a firm that has had forty-five years' experience in judging piano values, and that has immense cash resources.

All this applies as well to our Grand Pianos, our organs, and our talking machines.

A piano purchase is too important a thing to make lightly. Therefore we would willingly spend much time helping you to select. Your choice is widest with us also:

Heitzman, Morris, Weber, Martin-Orme and Worm—with are some pianos we carry. Could you spend an hour with us when we open up this week, or permit us to mail a catalogue.

I Am "Granny" Chamberlain

Everybody's friend when they have coughs and colds and their children have croup and whooping cough.

Most everyone knows me. I have been going from home to home for nearly fifty years—always welcome, too, for I never fail in their hour of need.

I have helped young mothers whose babies were choking with croup, and been the comfort of parents whose children tramp to school through the wet winter weather. Many a cold and attack of bronchitis I have warded off, and thousands I have helped through the anxious moments of whooping cough. I have come to the aid of mothers and fathers when they had colds and influenza, and have been a relief to old folks suffering from bronchitis and asthma.

I have had a most varied experience; I go everywhere—among the rich and the poor, in cities and the country.

Now don't forget "Granny" Chamberlain! You will see me often now, for I am going to tell you of my experience and what can be done in your home with

Chamberlain's Cough Remedy

Yours for Health —Granny Chamberlain

BORN

At Rockland, March 16th, to Mr. and Mrs. J. S. Margeson, a daughter, still born.
At Aylesford, on Thursday, March 9th, to the Rev. G. P. and Mrs. Raymond, a son.

Canada Recruits up to March 15 Total 279,242

Ottawa, March 21—Recruiting throughout Canada is keeping up at a rate that is most satisfactory. Up to Mar. 15, 279,242 men had been enrolled. By divisions the enlistments are as follows:

- No. 1, London, 23,651
- No. 2, Toronto, 64,054.
- No. 3, Kingston-Ottawa, 29,865.
- No. 4, Montreal, 23,697.
- No. 5, Quebec, 5,396.
- No. 6, Maritime Provinces, 26,324.
- No. 10, Manitoba, Saskatchewan, 59,583.
- No. 11, British Columbia, 25,771.
- No. 13, Alberta, 25,871.

It is evident from the figures that Ontario easily leads the list. Divisions in this Province have raised 117,570 men. Quebec has given 29,093, the Maritime Provinces, 26,324, and the Western Provinces as above indicated. Ontario recruiting lately is really better than indicated in the above figures, as Division No. 10, nominally Manitoba and Saskatchewan, really comes as far east as Fort William, Ontario, and several regiments enlisted in that section are credited to Manitoba.

Kidney Troubles Attack Men and Women, both Old and Young

Kidney ills seize young and old. Come quickly with a little warning.

Children suffer in their early years.

Can't control the Kidney secretions.

Girls are languid, nervous, suffer pain.

Women worry, can't do daily work.

Men have lame and aching backs. There's for men, women or child.

It is cure the cause—the kidneys.

Booth's Kidney Pills cure sick kidneys.

Cure all forms of kidney suffering.

Kentville testimony proves it.

W. H. Seaman, of Kentville P. O., Kentville, N. S., says:—"I have suffered for years with a very lame and weak back and a general weakness of my whole system which was so bad at times that I could not get around at all. I had tried all kinds of remedies but it remained for Booth's Kidney Pills to give me the relief I looked for. I procured them at J. D. Clark Pharmacy and after only a short treatment I felt greatly relieved. My back has strengthened and the lameness has left me and my general health has been greatly improved. Being a man well up in years and requiring something to help me I have found Booth's Kidney Pills an excellent remedy." Sold by Dealers. Price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., Sole Canadian agents.

An Object Lesson

New York Press:—Imagine, when it takes a week or so to get part of the military force of the United States—a great deal of it right on the spot—into motion after a horse thief—imagine, we urge upon you, the American people, what it would take to get ready to meet a Jap or a Germany swooping down upon us! It was scarcely more than a month after the outbreak of the war in Europe when the German legions, after rushing to their frontiers, sweeping through Belgium and storming across Northern France, were thundering at the gates of Paris. They had razed many cities and demolished great forts. They had crossed rivers, scaled mountains and traversed hundreds of miles. The trained and prepared military forces of Germany had drawn the map of Europe in a little more than four weeks. In one week the Army of the United States, gathering up munitions, rations, motor cars and wagons, was almost ready to start a wolf hunt.

Mastery of the Air.

London Times—The same command over matter which has made our ships the strongest and the swiftest that sail the seas should make our aircraft the strongest and the swiftest that race through the air. The same qualities of mind and body the coolness, the rapid decision, the discipline, the quickness of eye and hand, the dexterity, and the daring that make our sailors the best in the world have already made our airmen the best in the world. The airman, like the sailor, wants the qualities of the man who rides well to hounds. They are the qualities of our race bred in us and cultivated by our field sports and our out-of-door life through countless generations. We have the best possible materials for an air navy as invincible as our Navy on the seas. What we have to do is to set to work to recruit it in full strength, and above all to provide it at once with an abundant supply of the best machines that British brains can devise and British hands can build. Then "the freedom of the air" will be as safe as is "the freedom of the seas."

Halifax Has Legal Fight on Its Hands.

Halifax, March 19—The court will be called upon to decide the legality of the action of the city council in deciding at a meeting a few nights ago to make a contract with the Halifax Power to light the streets of the city for twenty-five years. The solicitors for the Halifax Tramway Company served a notice on Mayor Martin and the city clerk that application will be made to the courts for an injunction to restrain the city from entering into a contract with the Halifax Power Company for twenty-five years.

One of the grounds on which the company intends to fight the city is based on a section in the city charter which provides that the city shall call for tenders for the lighting of the streets. The solicitors for the company also submit that the city has no power to make a contract for a period longer than one year. The city will probably fight the company to a finish as they have been negotiating for some time to close this. The new company promises to light the streets and give a great deal more lighting at 25 per cent cheaper than the present rates. The city has twenty-one days in which to prepare to meet this move of the Halifax Electric Company.

Sir Sam May Be Made Member of British Cabinet

London March 21—Sir Sam Hughes has had a busy morning among his callers being Sir Geo. Perley and Lord Dundonald, former Commander of the Canadian Militia. The latter's visit lasted over an hour.

Sir Sam has called a conference for next week of the higher Canadian officers with regard to the consolidation of camp arrangements.

It is altogether probable that when the General visits France, he will be accompanied by Premier Hughes of Australia.

The suggestion is also general that he will be made an honorary member of the British Cabinet which he will attend with his Australian namesake.

Huns Again Use Jets of Flame

Paris, March 21—Another powerful German attack this time between Avocourt and Malancourt, west of the Meuse, resulted in heavy losses to the Germans according to the official communication issued by the French war office last night. A fresh division brought up from a distant point was used in these operations which was characterized by the employment of jets of liquid flame. At one point, east of the Malancourt wood the Germans made slight progress.

Premier Asquith Able to Preside at War Council.

London, March 21—Premier Asquith, who has been suffering from bronchial catarrh, has recovered to such an extent that he was able to preside at the War Council this morning. It is doubtful, however, whether he is well enough to attend Parliament this week.

Kentville

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (not sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Acquirer who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The art of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

W. W. COREY, C.M.G.,
Deputy of the Minister of the Interior

NOTICE

All bills due me must be settled by Feb. 1st, 1916. After Dec. 31st, 1915 all blacksmith work will be strictly cash.

S. R. JACKSON,
Canard, N. S.

I'M PROUD TO SAY I'M BRITISH.

In a little country village, on dear old Britain's shore, A mother read a letter as she stood beside her door; 'Twas from her soldier laddie in the trenches far away, And told of death and danger, and his life from day to day. Her eyes grew dim and tender, her prayer in thought went high, For those she loved and cherished, so that none of them might die. A stranger passing near her saw her proudly raise her head, And listened as she sweetly sang: these words he overheard:

Chorus
I'm proud to say I'm British, and my boys are at the front, I'm glad I've lived to see the day they're in the battle's brunt I've seven sons somewhere in France, their father's on the sea, And each is doing his little bit for Britain and for me.

The stranger stood bewildered, as he heard the mother's song, And wondered if he'd heard aright, to him it all seemed wrong; He'd heard that mothers didn't raise their boys for soldiers now, But here was one who proudly showed the fact upon her brow.

He calmly stepped beside her, and raised his hat and said, "You say your boys are all away, why they may all be dead."

The mother looked him up and down, then pointed thru the door, "There's others then will take their place, you see I'm raising more."

Chorus, etc.

The Youth Misunderstood

The girl's father, a gruff, stout old fellow, came into the parlor at 9.30 with his watch in his hand. The young man was standing on a chair straightening a picture that the girl had asked him to fix. As he turned the old gentleman said:

Young man do you know what time it is?
The bashful youth got off the chair nervously.

Yes, sir, he replied. I was just going.
He went into the hall and took his hat and coat. The girl's father followed him. As the caller reached the door the old gentleman again asked him if he knew what time it was.

Yes, sir, was the youth's reply. Goodnight! And he left without waiting to put his coat on.

As the door closed the old gentleman turned in surprise to his daughter.
What's the matter with that young fellow? he asked. I wanted him to tell me the time so I could set my watch.

Minard's Liniment Cures Burns, Etc.

Russians are Still Gaining.

Paris, March 21—Heavy battles have been in progress north and south of Verdun and on the northern part of the Russian front, where the Russians are keeping up their strong offensive against the Germans. In all these zones the losses have been large while the changes in position have been relatively unimportant.

In Galicia the Russians have captured Austrian trenches and a bridge head east of the village of Mikhaltsche. There has also been considerable fighting between the Austrians and Russians along the Dniester and Bessarabian fronts.

The Russians continue their pursuit of the Turks in the Caucasus region and have taken additional prisoners and guns.

An attempt by the Turks to advance in the Black Sea littoral was stopped by Russian naval and land guns.

Minard's Liniment Relieves Neuralgia.

CAMBRIDGE

Capt. Grassie Archibald, who married Miss Caldwell, daughter of Mr. John Coldwell has been promoted to the position of major while serving at the front.

Mrs. George Kinsman of Billtown has been visiting friends here.

Mrs. William Bowles has been quite ill of late.

Our schools are in quite a flourishing condition and received a visit from Inspector Robinson about a week ago.

David Sawyer who has been home on a visit was married at Detroit, Michigan, March 8th to Miss Pearl Chase. They expect to reside at Valparaiso, Sask.

SOMERSET

March 24th.
Rev. W. R. Morse, D. D., Mrs. Morse and daughter who have been in China for 7 years as medical missionaries have arrived in Nova Scotia and are visiting Mrs. P. D. Kinney, mother of Mrs. Morse.

Mrs. Randall B. Illsley and Miss Lillian Illsley were at Halifax last week visiting Mr. L. Illsley.

Mr. and Mrs. Enos Knowlton of Cambridge visited at the home of Mr. and Mrs. W. A. Strong recently.

Halifax Men Lost on Steamer.

Halifax, March 21—The steamer Port Dalhousie, Captain Butler, has been sunk in British waters and some of her crew, including the captain, who is a Halifax man. When she sailed from Pulvie in January for the United Kingdom she had on board as chief engineer one Levi MacMillan, of Isaac's Harbor, N. S., and as far as is known here he was still on the steamer which was engaged in the English trade.

The Port Dalhousie is owned in Kingston, Ont. Her managing owner Mr. McLellan is now in England.

Grand Orange Lodge.

The Right Worshipful Grand Orange Lodge of Nova Scotia met in annual session at Springhill last week. The reports show that the order is in a most flourishing condition, financially and otherwise. Upwards of 35,000 Orangemen have enlisted throughout the Dominion for overseas service and many more are enlisting daily. The society embraces in the services of the King, men of all ranks, from that of private to that of minister of militia. Many worthy objects received financial aid, such as the Red Cross, Patriotic Fund, Protestant Orphanage at Truro, and the Nova Scotia Temperance Alliance.

James Forsythe, Amherst, was elected R. W. Grand Master for the ensuing year.—Ex.

Premier Borden is Going to England.

Ottawa, March 21—Another request for the presence of Sir Robert Borden in England as soon as he can possibly get away arrived today. The Premier had not intended to go to Europe this summer, but the call for his presence especially since the arrival of Premier Hughes, of Australia, has been insistent, and he will cross the Atlantic as soon as he can make arrangements.

The expectation is that the House will prorogue at Easter, and it will take Sir Robert a month to get through the post-session business. He will likely get away at the beginning of June.

Marion Bridge, C. B., May 30, 02 I have handled Minard's Liniment during the past year. It is always the first Liniment asked for here, and unquestionably the best seller of all the different kinds of Liniment I handle.

NEIL FERGUSON.

It was a thrilling and optimistic utterance, which was made by the French Minister of Finance in the Chambers of Deputies last night. "We have reached the decisive hour," he said, "and can say without exaggeration, without illusion and without vain optimism that we now see the end of this horrible war." Let us earnestly hope and pray that it is so.

The Greek Government is approaching a financial crisis and its soldiers and their families are suffering because of arrears in pay. The county is becoming dissatisfied and demonstrations are frequent. Great Britain will not lend the present Greek Government any money and Germany cannot, hence the crisis. It is a case of the silver bullet.

Here is an American woman's tribute to the Union Jack. Arriving at El Paso, Texas, a Detroit woman just escaped from Mexico, says: "I am bitterly ashamed to admit it but when ever trouble started, we began to hunt for a Union Jack. It was the only flag the Mexicans seemed to respect." The Mexicans will also respect the Stars and Stripes when they are taught that Americans are not "too proud to fight."

Church's Cold Water Alabastine

Made in 21 beautiful and unfading tints. It is the most economical and satisfactory of all wall coatings.

CONGOLEUM RUGS

Ideal for the living room

Congoleum Rugs have aided in solving what was a perplexing problem to many housewives—how to make the living room cheerful at moderate cost.

Congoleum Rugs are made by a new and wonderful process. They do not fade in the sun, lie flat without fastening and never "kick up". To clean them, wash them for they are waterproof. Congoleum Rugs are a remarkable value.

In order to appreciate the real value of these goods it is necessary to see them. Call and inspect our full line.

This shows Congoleum Rug No. 22. The colors are Pompeian red with two shades of tan and forest green giving a quiet Oriental effect.

Vitrified Terra-Cotta PIPE FOR Culverts and Drains

Kyanize

YOUR HOME

Whatever work you want done around the House there is a

KYANIZE FINISH FOR IT

- For Floors, Linoleums and Oil Cloths, Use **Kyanize Floor Finish**
- For standing finish and all inside work, Use **Kyanize Interior Finish**
- For outside doors, exposed work, Motor Boat or Canoe, Use **Kyanize Spar Finish**
- For furniture and iron beds, Use **Kyanize White Enamel**

Each the absolute best for the purpose intended. Your money back if Kyanize doesn't do all we claim.

ROOFING

If you believe in quality, if you want the best for your money, if you want durability and satisfaction, you will insist upon having

PAROID ROOFING

and will not take an imitation. Paroid is admittedly the standard roofing of the world. It has taken the makers over 100 years to perfect it. Anyone can lay it in any kind of weather and it "stays put," weather proof, wear proof, contains no tar, made in three colours. Complete roofing kit in each roll. Before you repair or build send for free sample. It will save you money.

NEPONSET WALL BOARD

Wall Board is a tough fibre board over one eighth of an inch in thickness. It takes the place of laths and plaster and is less expensive.

The surface is thoroughly waterproofed to prevent moisture from getting into the material.

We carry in stock two finishes, Cream and Golden Oak. Sold in sheets 7, 8, 9, 10 ft. long and 32 in. and 48 in. wide. Anyone can apply it. Send for booklet with full description and samples.

The Gurney-Oxford Chancellor Range

The Gurney-Oxford Chancellor in your home will mean the best of good things on your table, no domestic difficulties, and a low fuel bill. We can give this splendid range our most unqualified recommendation, and we stand behind it, as do the makers.

The Economizer, Gurney's great controlling device, is placed on every Chancellor without extra charge. This means fuel economy, perfect ease of control, and a well ventilated kitchen.

We have a Chancellor that will just fit your kitchen. All Chancellor ovens are 20 1/2 inches deep by 13 3/4 inches high, and are made in 14, 16, 18 and 20 inch widths, with reservoir on either end, or square, and with high shelf or high closet—as desired—with or without thermometer.

PLUMBING and HEATING

In our Plumbing and Heating Department we are prepared to do Plumbing in all its branches, also Heating by Hot Air, Hot Water and Steam. Estimates cheerfully furnished.

Builders Hardware We carry in stock and are prepared to quote lowest prices on Lime, Canada Cement, Selenite, Plaster, Clay Bricks, Cement Bricks, Plain and Face; Cedar and Spruce Shingles, Nails, Pilkington's Glass, also a very complete line of Door Sets, Hinges, etc., in many designs and finishes.
